THURSDAY AT SILVERTON, BRISCOE COUNTY, TEXAS

THURSDAY, NOVEMBER 5, 1959

Lions To Entertain District Governor

Former Rock Creek Resident Dies In California

Mrs. Mary Nelson died Sunday, October 25, in San Bernardino, California. Funeral services were conducted on Wednesday, October 28.

She is survived by one son, L. L. Nelson, of Tulsa, and one daughter, Mrs. Loyd Cordell of San Bernardino, California.

Attending the funeral from Tulsa were Mr. and Mrs. L. L. Nelson, and two of their sons, Don and Darrell.

The Silvertown Lions Club will be host at their regular meeting, November 5, to Don Zimmerman, governor of Lions District 2 T-1. The district includes 60 clubs in the Texas Panhandle, running west from Childress and north from Springlake.

Zimmerman, a Lion since 1946, is in the hardware business in Hereford. He graduated from Pampa High School in 1929, and took a Bachelor of Arts degree

from the University of Oklahoma in 1933. He was retired from the Army Reserve Corps in 1956 with the rank of Lt. Colonel.

In addition to holding all offices in the Hereford Lions Club, he has served the district as Zone Chairman (1957) and as Deputy District Governor in 1958. He is also active in community affairs, having served on the school board, city commission, was a deacon in the First Presbyterian Church, and in 1958 was awarded the coveted plaque as "Hereford's Man of the Year," a selection made annually by the combined civic clubs of the community.

Zimmerman is considered an interesting public speaker who "always has an important message" for his listeners. Much of his ability along this line he acquired while serving as companion and personal friend of Josh Lee during the Senator's lecture tours while Zimmerman was attending the University of Oklahoma.

He married Ernestine Tripp of Norman, Oklahoma, in 1933, and, as he puts it, "We started fighting the depression in LeFors, Texas." The Zimmermans have three sons—all Eagle Scouts—and all currently going to college.

"Naturally, I am enjoying this Lions Club travel a lot," says Zimmerman, who plans to visit each of the 60 clubs during his year in office, "but I have to admit that it takes a lot of time—and it isn't too good for the hardware business."

DR. EARL H. COLLISTER

Assume Duties At High Plains Research Foundation

Dr. Earl H. Collister, expert in plant breeding and genetics, will assume duties as chief agronomist and assistant director at the High Plains Research Foundation at Halfway.

Dr. Collister was born and reared on a farm in Central Illinois. He attended Purdue University and received a B.S. degree in 1947 and a Ph. D. in 1950.

He comes to the foundation after nine years with the Texas Research Foundation at Renner, Texas. When he first joined the Texas Research Foundation staff in 1950, he was placed in charge of oilseed research, consisting of plant breeding and cultural studies with sesame, sunflower and soybeans.

A year later he was appointed chairman of the field crops department, which included similar work with oilseed crops, popcorn and white and yellow field corn.

In 1956 he became chairman of the plant science department, which included the responsibility for breeding, testing and cultural studies with all crops under investigation by the Texas Research Foundation, such as sunflowers, sesame, soybeans, white and yellow field corn, grain sorghum, small grains, castor beans, guar, grasses, legumes and pasture studies with beef cattle.

He was responsible for planning and supervising the crops research program at three field stations at Henderson, Abilene and Corpus Christi.

He developed three varieties of sesame (Renner's No. 1, Renner's No. 2, and Renner's Combine sesame No. 15). He has also authored various magazine articles, research reports and research bulletins.

"Dr. Collister is no stranger to the people and problems of West Texas and we feel that he will be a tremendous asset to our program of investigating the agricultural problems which the people of West Texas have asked us to study," Dr. T. C. Longenecker, foundation director, said in announcing the addition of Dr. Collister to the staff.

Meeting Held In Seaney Home

The regular meeting of Zeta Lambda took place in the home of Agnes Seaney on November 3, 1959.

Sue Fowler, president, gave an informative report on the District Meeting held in Borger on October 25.

Ways and means of furthering the sales of Christmas cards, the club's annual project, was discussed. The proceeds of this project go to polio and cancer research.

The following members were present: Sue Fowler, Lorena Hamilton, Melva Martin, Durene Nance, Lillie Mercer and the hostess, Agnes Seaney.

Cypress Trees Show Good Growth

by Joe Harris

We have recently observed several farmstead wind breaks of Arizona Cypress that were established last spring. Nearly 100% of the trees lived and most of them made excellent growth. Mr. Tom Barbee north east of Quitaque set fifty Arizona Cypress worth and west of his farmstead and received assistance through the Great Plains Program. I believe all of Tom's trees lived and are now about five times larger than they were when set.

Roy Beasley in the San Jacinto community north west of Silvertown also established an extensive farmstead wind break of Arizona Cypress this spring. Nearly all of his trees lived and also made excellent growth.

Another planting showing good results is that of Mrs. Bernie May five miles west of Silvertown on the Tulsa highway. These trees are hardy, fast growing and make very attractive addition to our plains scenery. The local office of the S.C.S. can assist anyone in ordering these trees and in planning their windbreaks.

Mrs. Charlie Schmidt and Patti, of Albuquerque, New Mexico, arrived here on Wednesday of last week for a visit with Mrs. W. Allard and other relatives. Mrs. Schmidt, nee Ray Allard formerly lived here with her grandmother.

Pictured are King Thomas, of the House of Self and Queen Lanette, of the House of Martin, First Grade students who will reign as the 1959-60 Grade School royalty. These students from Mrs. Elms' section of the First Grade earned their money by selling chances on a baby doll and doll wardrobe. Also pictured are Nicky Long and Teri Tate, the septor and crown bearers for the royal couple.

YOUTH NET \$70 FOR C R O P

After the Sunday evening service, several of the Young People of the Methodist Church made a "Trick or Treat" campaign for about forty minutes collecting funds for the CROP work among the needy refugee children around the world.

After the tour, refreshments were served at the Parsonage to Mrs. Hugh Nance and Mrs. Eva Lee McWilliams, who are sponsoring the Youth Division, and about fifteen young people.

A very generous offering was given. The needy people, the Youth Division and their sponsors say a hearty "thank you" for the \$70.00 you gave.

Fireman Sponsoring MD Campaign

The Silvertown Fire Department, along with fire departments in 26 adjoining counties, is sponsoring the Muscular Dystrophy campaign this year.

Muscular Dystrophy has been around for many years and most of us are familiar with the special equipment needed to treat this disease. Some of the special equipment needed is: wheel chairs, braces, walkers, lifts, hospital beds and the various therapy treatments.

The Muscular Dystrophy drive will be held during our busiest season of the year and like every other one the members of the Fire Department will be busy also. We will not be able to devote a lot of time to this drive, so urge everyone to remember the canisters on your merchants' counters, says Kenneth Tate, local fire chief.

MOVE INTO NEW FARM HOME

Mr. and Mrs. H. C. Mercer have recently moved into their new farm home southwest of town. The home is of frame construction with asphalt siding; it has three bedrooms, living room, den and kitchen combination, a utility and two bathrooms and an attached garage. Mrs. Mercer says she can now take care of all the children who want to come and visit at one time. Both Mr. and Mrs. Mercer are happy to be back on the farm after having lived in town a few years.

KING THOMAS AND QUEEN LANETTE REIGN OVER 1959-60 SCHOOL YEAR

Much to the regret of all concerned, an error was made in the Coronation of the Grade School King and Queen last Saturday night. The money had been reported correctly and it was understood that Mrs. Elms' First Grade candidates.

The error was not brought to the proper attention until the Coronation was over and the candidates had gone home.

To Debby Bomar and Terry Bomar, apologies are extended for the disappointment you are experiencing. To Queen Lanette Martin and King Thomas Self, sincerest wishes for a successful reign are extended. Although you have been deprived of a great moment in your lives, you are asked to accept the apologies offered. It sometimes seems a small thing to say "I am sorry," but in this case not much more than that can be done.

Queen Lanette has received her crown and King Thomas his septor. Pictures were made in the proper setting and due recognition will be given in the 1959-60 Silvertown Owlett.

A number of truckloads and carloads being shipped from Texas to Western states have been denied entry after a few cottonseeds were found mixed with the grain.

Shippers are being required to fumigate these contaminated shipments—at a cost varying from \$50 to \$100 a load—before crossing the state line, reports D. M. McEachern of the Bureau of Plant Pest Control at San Antonio.

The states have regulations affecting import of cottonseed and other agricultural products.

Indications are that the grain sorghum possibly was contaminated while still on the farm, due mainly to use of the same vehicles for hauling both cotton and grain sorghum.

County Agent Ledbetter also cautions all local elevators and truckers about the accidental or otherwise mixing of the above mentioned two seeds.

Mr. and Mrs. Willie Winn, of Brownfield, spent Sunday night of last week with Mr. and Mrs. Eugene Long. The entire party spent Monday in Canyon making contacts with former school mates of Mr. Long and Mrs. Winn. They spent Monday night in Amarillo, guests of Mr. and Mrs. C. E. Nance. Both Mr. Long and Mrs. Winn learned enough about old friends on Monday to furnish happy thoughts for many days to come and learned that many things had come to pass that they had not dreamed could happen when they were children together long ago. The day was saddened in the learning that some of the former friends had died.

Buffaloes Overpower Owls 38-20

Last Friday night's conference tilt with the Petersburg Buffaloes got off to a fast start with Petersburg moving the ball from the fifty yard line to the fifteen the first time they had their hands on the pig-hide. Two plays later, they made the touchdown and ran for two extra points to move ahead in the opening seconds, 8-0 over the hosting Owls.

The Owls, having a little trouble getting started, were unable to retain control of the ball on their next try, and Petersburg took over on the forty yard line. James Roy Brown intercepted a Buffalo pass and carried to the twenty yard line, but again the Owls were unable to keep the ball and about four plays later the Buffaloes tramped over for eight more points.

Brown took the Buff's kick to the twenty-five yard line and as the second quarter dawned, passed to Larry West who raced for about sixty yards before he was brought down. Bobby Crass drove for nine yards and two plays later James Roy Brown was over for the Silvertown touchdown. The Owls were unable to make the try count for extra points, but moved into the short end of the score, 16-6.

The Buffaloes came thundering back with their reply, but Estes, Patton, Breedlove and others of the Owl line threw them back, and Petersburg was forced to kick. On the first play after that, Brown dropped back deep to pass. He was surrounded by buffaloes and was unable to spot a receiver, so he ran with it—and ran—and ran—and stopped only after he had crossed the double stripe! This left the Owls trailing by only 16-12.

Again the Petersburg eleven came racing back into Owl territory, this time passing for the touchdown points and running for the two extra points. The score at halftime read, 24-12 favoring the Buffs.

On the kick after the half, Patton took the ball for a nice run back, but on the next play Petersburg intercepted an Owl pass and romped through two first downs into pay dirt again, to ride the 30-12 score.

Silvertown was unable to take advantage of having the ball and were forced to give it over on downs. The Petersburg drive carried over from the third into the fourth quarter, but very shortly thereafter they were able to raise the score to 38-12.

The Owls came fighting back with passes complete to Patton and Stafford, each good for more than enough for a first down. Then in the fading seconds of the game Larry West raced over for the final tally of the game, leaving the score at 38-20, favoring the Buffaloes.

Statistics indicate that Petersburg received six penalties for a total of forty yards and Silvertown received three for thirty-five yards.

Petersburg attempted five passes, completed two and had one intercepted. The Owls attempted fourteen, completed five and had one interception.

The Buffaloes racked up a total of thirteen first downs as compared to the Owls' seven.

This week we travel to Idalou for our next to the last game of the season. The Idalou team has had a fine season and will be expecting an easy win. We think everyone was proud of the Owls for their fine performance last Friday night. In the opinion of most, it was about their best game of the season, against tough competition. We will be looking for the Owls to go into this game and do their best again. WATCH OUT FOR US, IDALOU.

All Around the Town

by Mary Ann Sarchet

WANTED: Energetic young doctor, preferably with RN for wife, willing to work thirty hours per week in inadequate hospital and clinic. Also, should be available for house calls, day or night, seven days per week. Should not expect long list of patients for the next two or three years, as residents are about equally divided among about four or five hospitals and probably twice that many doctors. However, the near hospital and doctor are twenty miles away, and we surely would like to have you here in Silvertown.

Seriously speaking, an attempt being made by several members of our community to secure the services of a doctor. It is our understanding that Dr. Nichols has offered to help in any way he can and if we should be able to get a doctor, he is willing to substitute for him an afternoon a week or a weekend occasionally so that he can have some time off. This would mean a great deal to doctor living in a small 'one-doctor' town.

Credit where credit is due: Not that we think he is awfully upset about it, but we would like to correct an error made in last week's paper. Credit for the touchdown pass receipt rightfully belongs to Jerry Patton, instead of Bobby Crass. Guess we misread the number or something, anyway, we're sorry we goofed and we'll try to do better. We are believers in giving credit where credit is due. Not that Bobby Crass doesn't deserve a lot of credit for his football abilities, though, we thought he played a fine game last Friday night. He defended Silvertown successfully against many of the Petersburg end runs by refusing to be blocked and drawing the ball carrier through a hole and into a Silvertown trap. Both the boys, as well as an unmentionable host of other Owls played fine all against Petersburg, in what we considered one of the best games they've played this year.

We were very pleased with several things about the game at which we threw onions last week. There was much better spirit among the fans and ball club. The cheer leaders and twirlers were more enthusiastic. No gripes this week. Oh, but it's a long way to Idalou!

One of the toughest situations in life has arisen out of last Saturday night's coronation ceremony. You might call little Terry and Debbie Bomar the "King and Queen for a Day," because bright and early Monday morning in another ceremony, Lanette Martin and Thomas Self were crowned as the reigning couple for the year 1959-60 over the Grade School. Luckily the girls are both First Grade students and in a sense weren't rivals at all, just representing different sections of the grade. Next year all this will be forgotten, when likely as not all our will find themselves in the same section supporting the same candidates for king and queen.

Just think how lucky Lanette and Thomas are to be queen and king! And think how lucky Debbie and Terry were too. There are many millions of us who will never even be "King or Queen for a Day!"

We received an interesting and informative letter from Jack Burson who is with the San Francisco Chronicle, who wrote in part: "I read your paper—just as soon as my poor old gray-haired mother ends it to me (accept that literature)." CONTINUED ON PAGE TWO

AROUND THE TOWN

STARTED RIGHT WHERE IN SILVERTOWN.
Another letter has fallen into our possession. It is addressed to the chamber of commerce here in Silvertown, and since we do not have a C of C, Doc Minyard fell heir to it and has passed it to us. It reads:
Please send me information on Silvertown and Briscoe County. Here is what I would like to know about Silvertown and Briscoe County:

ty: Population ... names of schools ... names of churches ... agriculture or industry ... civic organizations ... utilities ... hotels or motels and recreation, if any.

It is signed by Fred Smith, P. O. Box 846, Bishop, California. Judging from this letter, we would guess that this is a pre-high school boy who may be writing for a school project. If our memory serves us right, we recall having done some similar thing in years past. It is our suggestion that maybe some of the young scholars of Silvertown would like to write this boy and tell him all about our town.

Some of the grade school classes have been studying words, the high school students are always studying words, Dooya writes about them and this week Toni writes about them, so band wagon, here we come!

Suppose you try making a list of the ten words in the English language that you think are the most beautiful. Wilfred J. Funk, poet and dictionary publisher recently did this—words "beautiful in meaning and in the musical arrangement of their letters."

He thoroughly sifted thousands of words before he reached a conclusion. "Beauty of sound is not enough," declares Mr. Funk. "Mush" is a word pleasant to the ear, but its suggestion is an ugly one. Beauty of meaning is not sufficient. "Mother" is one of our most loved words, but it lacks euphony.

So Mr. Funk compiled these ten words as the most beautiful in the English language:
Dawn, hush, lullaby, murmuring, tranquil, mist, luminous, chimes, golden and melody.

When is a sheep not a sheep? When it's dead; then it's mutton. So a pig is pork, a calf is veal, a steer is beef, a deer becomes venison, when they are on the table to eat.

To force opinion is like pushing the magnetized needle round until it points to where we wish the North Star stood.

Mrs. Ted Reid, of Canyon, spent a few days early this week in the home of her son and family, Mr. and Mrs. J. W. Reid. Monday morning she visited Mrs. U. D. Brown and Mrs. P. D. Jasper; the ladies were neighbors many years ago when all lived on the farm.

here and there by Dooya Read

Life can be full of joy. At times I have doubted that, haven't you? Norman Vincent Peale seems to have the most joyful philosophy of life of anyone that I know. He says to be joyful, a person must think joyful thoughts, speak joyful words and most important of all, give joy to other people. Then in reverse, if it is impossible to think joyfully, say cheerful words anyway. Then it will not be long until your thoughts will match your words, and you will be thinking cheerful thoughts, and unconsciously you will begin to bring joy into other lives. Doing so unconsciously is not enough; begin

definitely and explicitly to look for opportunities to help others. You can find them! Peale says: "In exact proportion as you give joy you will receive joy. It is a law of exact reciprocity. Joy increases as you give it, and diminishes as you try to keep it for yourself. Actually, unless you give it you will ultimately lose it. In giving happiness to others you will accumulate a deposit of joy greater than you ever believed possible."

Most of us do not realize the power of our emotions. When we control them great benefits result; when our emotions control us, the results are often disastrous.

Mrs. Joel Nance, of Lone Star, spent Friday and Saturday in the Lockney hospital having the cast on her leg changed; she fell and injured the limb some time ago and the bones have been slow in healing. She was brought to her home on Saturday and now sits in a wheel chair much of her time. Hugh Nance was at the hospital with his parents on Friday. Mrs. Hugh Nance spent Monday morning at the Joel Nance home in Lone Star. Mrs. P. D. Jasper planned to go Tuesday to spend a few days with her sister and family, Mr. and Mrs. Joel Nance and J. D.

Mr. and Mrs. Clifton McCain and of Amarillo, spent the week end with Mr. and Mrs. E. W. Yancy and family. Mrs. McCain, the former Novie Teague, is a cousin to Mr. Yancy. Mr. and Mrs. McCain grew up here.

Mrs. Nora Livingston, of Vernon, returned home on Tuesday after a weeks visit with friends here. She formerly lived here. Mrs. E. C. Newman, Mrs. T. G. Olive and Betty met her in Floydada and took her back to catch the bus for home. She visited Mrs. W. H. Newman, Mr. and Mrs. L. C. Yates, Mr. and Mrs. Henry McWaters and other friends while here.

of Silvertown, and H. B. McClendon were Quikute visitors Monday. Mr. and Mrs. Bill Watters and daughters, Iva Lena and Willie May were Sunday visitors in the Ennis Walker home. Mr. and Mrs. Alvin Redin and son, Harley, motored to Canyon Sunday.

Mrs. John Devenport of Wellington, and Mrs. W. H. Newman visited Mr. and Mrs. Clarence Devenport in House, New Mexico, last week. Mrs. W. H. Newman is a sister to Clarence Devenport and the late John Devenport.

'Like Apples of Gold'

by Glenna Wilson

When I was a child,
I would gaze at the moon,
On the eve of Hallowe'en —
Then, to my friends, I would declare,
A witch on a broom I'd seen.

But, you, little child,
As you gazed at the moon,
This last eve of Hallowe'en —
No doubt, you looked for a satellite,
And a missile's fiery gleam.

Now an apple of gold from God's pictures of silver:
"And God made two great lights: the greater light to rule the day, and the lesser light to rule the night: He made the stars also."
—Genesis 1:16

Thinking Back

TWENTY YEARS AGO ... Miss Dean Griffith became the bride of Johnny Burson in Hollis-Oklahoma. Little Miss Dora Ann Anson entertained a group of her little friends with a Halloween party Tuesday evening. Those attending were Mary Tom Bomar, Dan and Joe Lee Bomar, Gloria June Stevenson, Nelda King, Pat Patton, Mrs. R. C. Vinson and two children, Mr. and Mrs. T. C. Bomar, Mother Bomar, Mrs. A. G. Stevenson, Mrs. Pearl Simpson, Mrs. James Patton, Mrs. Cowart and Mr. and Mrs. Noah Amason and Dora Ann. A Hallowe'en party for

the BTU of the Calvary Baptist Church was enjoyed in the Lightsey home. Among the guests were five distinguished ladies of New York, made up of five men of the church, Maggie and Jiggs, Mr. and Mrs. Quack and son of Ignorant Hill. Queen Victoria told fortunes in a dimly lighted room with a crystal ball. Between 95 and 100 people enjoyed the evening.

A wedding which came as a surprise to many friends of the couple was that of Miss Margaret Bess Webb and Mr. Dee McWilliams. The wedding was solemnized in the home of the Rev. and Mrs. Carmical of Claude. They were accompanied by Mr. and Mrs. Ware Fogerson. From the school news: Pauline: "You can't guess what sister said about you." O.C.: "I haven't an idea in the world." Pauline: "That's right, you guessed it the first time." W. L.: "Why does Roberta wear so many kinds of perfume?" Dorothy: "I guess she wants to smell like thirty cents." Prizes offered by merchants to the football players: Bowling Alley-Free game for each intercepted pass; Briscoe County News-Free \$2.00 school annual for the man making the most touchdowns this game and next; Quality Cleaners-Suit cleaned and pressed for best lineman; Silverton Bakery-50c in merchandise for player getting the most tackles; Whiteside & Co.-\$1.00 tie for best 11 around player; Wood Drug-Treats to the team, if you win; Palace Theatre-A week's free pass to every player and every sub if you win; Peggy's Beauty Shop-Free hair set for best blocking back; Bain's Cafe-Free lunch for each player making a touchdown; Roy Teeter-One theatre pass for each touchdown and each blocked kick; Jake Honea-\$2.00 cash for each intercepted pass for a touchdown; Kirk's Cafe-Free lunch for best lineman and best backfield player; City Tailors-Suit cleaned and pressed as consolation prize for unluckiest player; Bill Williams-50c cash for player gaining most yards from scrimmage; Cranberry Allred-50c for last blocked kick of the game; Paul S. Rogers-Treats for the team if penalties are less than Flomots.

THIRTY YEARS AGO ... The opening of an exclusive farm implement house, handling only the lines and accessories of the International Harvester Co., is announced by M. C. Tull and T. T. Crass. Honor roll for elementary grades: First Grade: Katherine Baker, Mary Sue Stone, Faye Blocker, Wilmoth King, Doris Lee Freeman, Barbara Fowler, Doris Ruth McCain and Dora Ellen Dobbs; Second Grade: Minyard Long, Beryl Long, Roy Thomas, Jozelle Hodges, Norma Alexander, Daphne Fern Blackwell and Rose Morgan; Third Grade: Ray Summers, Lillian McCain, Buster Allard, Howard Castleberry, Len Lee, Anna Mae Busby, Ona Blocker, Helen Cain, Glendell Dobbs, and James Long; Fourth Grade: Bertie Castleberry, Nora Mae Thompson, Jean Alexander, Woodrow Cox, Alma Ruth Thompson, Joe Kline Burson, Hudson Garrison, Ruth McGavock, Florene Grimland, Elmo Walling, Hattie Standifer, Jim Tom Nichols, Lowelle Montague, Geo. Bain, Arnold Brown and Marvin McCain; Fifth Grade: Norma Jo Meredith, Mary Eva Allard, Wilma Dickenson, Annis Fowler, Worth Alexander, Gaynelle Douglas, Pauline Searey, and Wynonia Bomar. Miss Teresa Bomar received friends in the home of Mrs. John Bain for a bridge party. Luree, daughter of Mr. and Mrs. J. H. Burson, has been ill in Clarendon where she is attending school, but is reported to be on the mend this week. Mrs. Bob McDaniel is back home after a month's visit with her daughter in Amarillo. Mrs. J. H. McClendon, Mrs. E. C. Fowler,

Get ready for the Freezin' Season!

To get your car ready for winter, Phillips 66 Dealers offer guaranteed anti-freeze service. It works like this:

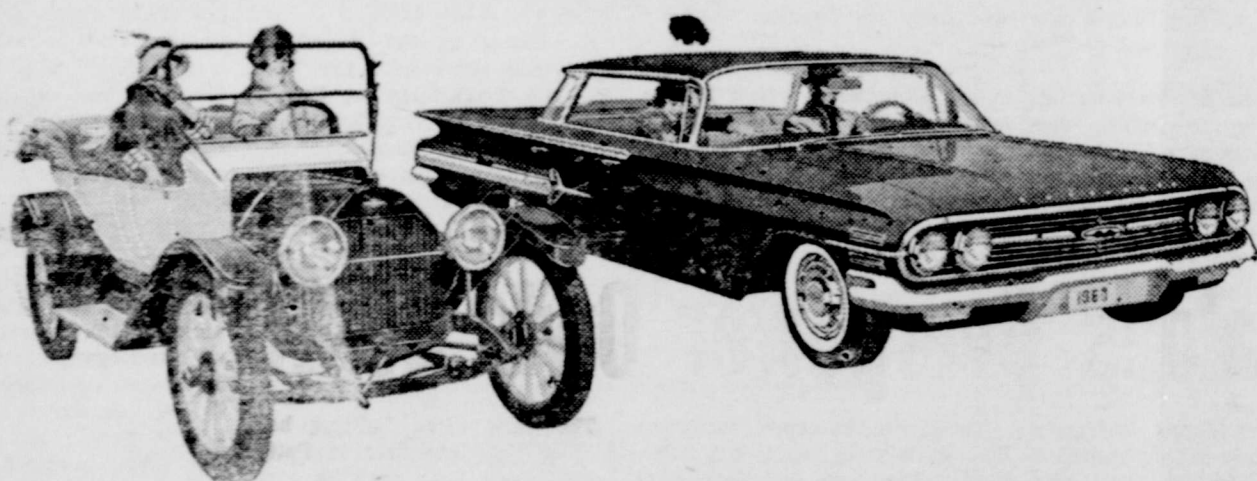

Tell your Phillips 66 Dealer the degree of protection you want (even down to 50 below) and he'll put in the proper amount of Phillips 66 Anti-Freeze—permanent type. Then if at any time this winter you need more anti-freeze to maintain this level of protection, your Phillips 66 Dealer will add it with no additional charge.

Sounds like a fair proposition, doesn't it? Come to your Phillips 66 Dealer for guaranteed anti-freeze service.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by building the kinds of products you want fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver. Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

FOGERSON LUMBER & SUPPLY
SILVERTOWN, TEXAS

Local News

reported by
MRS. CARL CROW

Mr. and Mrs. J. W. Reid, Mr. and Mrs. Joe Montague, and Mr. and Mrs. C. L. McWilliams, enjoyed a weekend vacation in El Paso.

Mr. and Mrs. Paul Ledbetter and Ronald and Mr. and Mrs. Irving McJimsey and George visited Mr. and Mrs. H. P. Ledbetter, Sr. in Amarillo on Saturday. The senior Ledbetters are parents of Mrs. McJimsey and Paul Ledbetter.

Funeral services for Mrs. Alec

Luster of Plainview, were held there in the Presbyterian Church at 3:00 p.m. Wednesday. Mrs. Luster died suddenly and unexpectedly at her home late Monday. She formerly lived here and was a niece to Ed Vaughan and Mrs. W. A. Stephens.

Mr. and Mrs. P. H. Ledbetter, Jr. and Dwayne of Amarillo, were week end guests of Mr. and Mrs. Paul Ledbetter and Ronald. Mr. and Mrs. Irving McJimsey and George and Frankie Lou Hunt were also Sunday dinner guests in the Paul Ledbetter home. The Messrs. Ledbetter are brothers to Mrs. McJimsey.

Mr. and Mrs. Fulton Gregg returned home on Monday after having enjoyed a vacation in Estes Park, Colorado. They were guests of their grandson and family, Mr. and Mrs. Robert Isbell and daughters. Mr. Gregg bagged and brought home an elk.

Rev. and Mrs. Frank Story attended a meeting of the Ministers and the Ministers' wives at Plainview Monday of this week. The ministers met at the St. John's Methodist Church and the wives met at the District Parsonage. A very helpful and inspirational program was offered at each session.

ATTEND HOMECOMING
AT A. C. C.

Mr. and Mrs. Hubert Hall and Linda, of Memphis, and Mr. and Mrs. Berton Hughes, Robert and Randy attended the Homecoming festivities at Abilene Christian College, on Saturday and Sunday. Carolyn Hall, daughter of the Hubert Halls and niece of Mrs. Hughes, attends A. C. C. The entire group attended the A. C. C.-Trenton football game Saturday afternoon. In the evening they attended "The Student Prince", an opera, presented by the A. C. C. Alumni Association. Linda Gilliam of Denison a cousin to Mesdames Hall and Hughes, sang in the chorus.

Mrs. Bill Rucker, of Quitaque, Mrs. Glenn Jones and Mrs. Bill Verden were in Amarillo on Thursday of last week. Mrs. Jones went for a check up on recent surgery and was advised that she was doing fine.

Mr. and Mrs. Earl Jones, of

Vows Exchanged
In Single
Ring Ceremony

MRS. EDWARD SIMPSON

Mr. and Mrs. Frank Gamble of Silverton announce the marriage of their daughter, Norma Sue, to Edward Simpson, son of Mr. and Mrs. Cecil Simpson of Tulia.

The single-ring service was read on Saturday, October 31, in the home of the Rev. A. C. Hamilton, pastor of the Baptist Church in Hereford.

The bride was attired in a two-piece blue dress with black accessories. She wore a corsage of white carnations.

Mrs. Simpson is a 1959 graduate of Silverton High School. The groom attended school in Tulia. He has been employed in Silverton by Stidham Farm Store, but the couple plans to live in Tulia where he has accepted a position with Taylor-Evans Farm Store.

Amarillo, and Mr. and Mrs. Ben Dobbs, of Tulia, were luncheon guests of Mr. and Mrs. Glenn Jones on Saturday. The entire party visited Mrs. Jay Jones, a patient in the Plainview Hospital, in the afternoon. The Messrs. Jones are brothers and are nephews of Mrs. Jay Jones. Mesdames Glenn Jones and Dobbs are sisters.

UNDERGOES SPINAL SURGERY
AT SANTE FE HOSPITAL

Larkin Vardell, of Slaton, son of Mr. and Mrs. J. J. Vardell, who grew up here, underwent spinal surgery at the Santa Fe Hospital in Temple on Tuesday of last week. Willard Vardell and R. E. Sweek were in Temple for the operation. Mrs. R. E. Sweek is staying in Slaton with the Larkin Vardell children while their parents are at the hospital.

Mrs. Kitty Lawler, of Canyon, and Mrs. O. C. Watson, of Colorado Springs, Colorado, came Sunday afternoon and took Mrs. Charlie Schmidt and Pandi to Canyon for a visit. Mrs. Lawler is the family formerly lived here.

Mrs. J. E. Vaughan is spending this week in Amarillo with her son and family, Mr. and Mrs. Denzil Vaughan.

Messrs. R. E. (Runt) Swinney and Wayne (Bud) Vaughan transacted business in Amarillo on Tuesday.

Mr. and Mrs. Jake Spencer and Zona Gale of Amarillo; Mr. and Mrs. W. R. Kendall of Lockney, and Mr. and Mrs. Edwin Crass visited Mr. and Mrs. Frank Fisch Sunday afternoon.

There has not been too much change in the condition of Mrs. Fisch who has been ill for some time. She was brought home from the hospital several days ago.

Mrs. W. L. McMinn was taken from the Methodist Hospital in Dallas to the home of her daughter, Mrs. Howard Riddle in Grand Prairie on Thursday of last week. She is thought to be doing satisfactorily. Her right arm had been broken on October 24. Both bones were shattered and broken just above the wrist.

Mr. and Mrs. Bill Hardin and Mr. and Mrs. E. Posey spent Sunday in Rotan. The Hardins spent the day with his mother, Mrs. Mabel Hardin, who is a patient in the hospital there. The Poseys visited his brothers and families, Mr. and Mrs. Fant Posey and Mr. and Mrs. Dave Posey. Fant Posey, who has been seriously ill, is improving.

ODDS 'N ENDS

by Charles

This column is being created as a place for you to read small news items of BIG interest, gathered on my trips around town.

The Silverton Cub Scout Pack meeting will be tonight at 7:30 at the Scout Hall. Any and every boy who is interested in Cub Scouting and is between the ages of 8-11 is invited to be present, according to Eddie Edwards, cub scoutmaster. The charter and registration papers will be completed at this meeting; there will be a film shown on scouting and it is hoped that a district representative will be here to talk to the scouts.

Don't forget the Lions Club is selling brooms and supplies for the Caravan for the Blind today.

WARNING:

The Methodist Men will meet next Tuesday morning at 6:30 a.m. Cooks for the breakfast will be Bro. Story and yours truly, so be SURE TO COME.

Rainfall in Silverton last Thursday night measured 1.04. That received on Tuesday of this week amounted to .19.

The March of Time Study Club will meet today with Mrs. Roy Mayfield as hostess. Mrs. Clarence Anderson, Mrs. T. T. Crass and Mrs. Troy Burson will present the program, "Portraits of the Madonnas."

The Century of Progress Study Club met last week for their tenth anniversary celebration. Speaker for the meeting was Mrs. J. O. Bass, Jr., of Kress.

We were glad to note a good time was held by the kids on Halloween and we're glad we do not have to report any more destruction than soaped windows, etc.

LEGAL NOTICE!

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY AND TO ISSUE TIME WARRANTS TO ENFORCE THE INDEBTEDNESS TO BE CREATED THEREFOR

SEALED PROPOSALS addressed to J. W. Lyon, Jr., County Judge of Briscoe County, Texas, at Silverton, Texas, will be received at the Office of the County Judge until 10:00 o'clock a.m., on the 23rd day of November, 1959, for the purchase of the following road machinery for the maintenance and improvement of the roads in and for said County,

Mr. and Mrs. Jack Harris and Riley were Sunday dinner guests of Mr. and Mrs. E. R. Harris in Lockney. The E. R. Harris' are parents of Jack.

Mr. and Mrs. W. D. Peugh and family enjoyed a long week end visit with her sister and family, Mr. and Mrs. Ben Smith, in Odessa. They drove to the top of the

Fort Davis Mountains, 6800 feet above sea level. They went to the McDonald Observatory on Sunday, but found it closed. Misty weather marred the usually long

to wit:

Two motor graders with the following specifications: heavy duty Tandem drive powered with diesel engine of not less than 115 HP; standard moldboard with slide shift; cab, heater, hour meter, lights, and power steering, equipped with 1300x24-12 ply tires.

BIDDERS shall consider the following described machinery now owned by Briscoe County, to wit:

One Allis Chalmers motor grader Model AD-40, and One Gallion motor grader Model 118;

for trade-in allowance in connection with their proposals for sale of the above described tractor. SUCH PROPOSALS will at said time be publicly opened and read before the Commissioners' Court.

A CERTIFIED CHECK, or CASHIER'S CHECK in the amount of five per cent (5%) of the amount of the bid, must accompany each bid.

IT IS THE INTENTION of the Commissioners' Court to pay all or a portion of the purchase price of such road machinery by the issuance of and delivery to the proper contractor or contractors, the legally issued time warrants of said County, bearing interest at a rate not to exceed four per cent (4%) per annum, payable annually or semi-annually, which said warrants shall not exceed the principal sum of FIVE THOUSAND DOLLARS (\$5,000.00), and the principal of said warrants shall be payable serially, the maximum maturity date to be not later than November 1, 1961. The County guarantees that the contractor or contractors will receive face value for such warrants when and as the same are issued and delivered.

THE RIGHT is reserved by Briscoe County to reject any and all proposals and to waive all technicalities.

ALL BIDS will be retained by the County and will not be returned to the bidders.

J. W. LYON, JR.
County Judge
Briscoe County, Texas.

distance view from the mountains.

Mrs. W. H. Tension and James and Linda and Joe Mercer visited Mr. Tension at Northwest

Texas Hospital in Amarillo on Sunday afternoon. Mr. Tension has been a patient there since October 19, and is improving and has gained a few pounds. Mrs. Tension, James, Linda and Joe were supper guests of Mr. and Mrs. Richard Shaw in Amarillo.

Mr. and Mrs. Garry Huffines left for Henrietta on Tuesday after having been here the past month while he was acting depot agent for the Fort Worth and Denver Railway Company. They came here from Weinert, W. C. Hirth, of Texline, came Tuesday to take over the depot agent's duties for the time being. C. R. Vinson, the actual depot agent, is recuperating from a serious illness at his home in Childress. Mrs. Vinson says he hopes to be able to resume his duties by December 1.

Roy Armbrister, nephew of W. A. Holt, Mrs. Elbert Dickerson,

and Mrs. Winston Hamilton, accidentally killed on Wednesday of last week at Madisonville while working on a truck tire. Funeral services were held there Friday. Roy was born in this vicinity and spent most of his early life here.

Jackie Sue Miller has recently fallen off a horse and broken her leg. She is the daughter of Mr. and Mrs. Clinton Miller, of Canyon, formerly of Silverton. The Millers lived here, Jackie Sue fell off a horse and broke her arm.

Mrs. Virgil Baldwin underwent surgery in the Tulia hospital Saturday of last week. She was doing satisfactorily early in the week.

Mrs. W. A. Rowell, Mrs. Aud Rowell and Mrs. Joe Brannon visited Mrs. Baldwin and Mrs. W. Martin at the Tulia home Monday afternoon.

GE FILTER-FLO Washer
General Electric Quality at a Budget Price

MODEL WA-450S

Flexible control provides a choice of 1 to 15 minutes wash time. Washer automatically washes, rinses, damp dries the clothes and turns itself off.

Lint is caught in the filter—not on your clothes. Filter is easy to remove and clean—no jamming or clogging. Filter also serves as handy detergent dispenser.

Having trouble with English, especially with your spelling? Since we do live in an English speaking country, it is important that we improve in our English usage. This will take more study, because linguists tell us the English language is the most difficult to speak, read and write, because of its irregularities.

The way we spell some words has nothing to do with the way they sound. Consider the letters 'ough'. They stand for six different sounds; rough, through, cough, though, bough, and hiccough.

One student in Junior Scholastic magazine viewed this "oughful" state of affairs with the following poem.

The wind was rough
And cold and "blough";
She kept her hands inside her "mough".

It chilled her through,
Her nose turned "blough",
And still the squall the faster "fough".

And yet although
There was no "snough",
The weather was a cruel "fough".

It made her cough
(Please do not "scough",
She coughed until her hat "blough ough".

MATH

Department News

by C. P. Hidalgo

Why should we spend a lot of time and money trying to get to the moon? What will we find when we get there? These questions are becoming more and more frequent, or have we already constructed vehicles that travel through space at extremely high velocities. It is not very likely that we will find rich treasures on the moon. The surface of the moon has no atmosphere and no water. The gravitational pull of an object being proportional to its mass, tells us that the gravity on the moon is approximately six times less on the moon than it is on earth. Too little to attract air particles to its surface or to attract oceans of water to its sides. The moon is barren except for its great craters. Without atmosphere to burn up the meteors attracted to the moon they strike in full force causing giant craters. Reaching the moon will be a military victory. The nation that is first to place a man on the moon will have gone a long way toward controlling outer space. Would it not be correct in assuming that the nation that controls space will control the world?

Freshmen at the Silvertown High School will get an objective insight into their scholastic development by participating in the National Education Development Tests. Mr. O. C. Rampley, principal, said today. The tests will be given at 9 a.m. Tuesday, March 8, 1969 (or Saturday, March 19, 1969) — at the same time the National Merit Scholarship Qualifying Test will be written by juniors.

Last year almost 218,000 students in 3,215 schools throughout the nation took the tests.

Prepared and administered by Science Research Associates of Chicago, the annual three-hour NEDT examination provides scores in English, social studies, mathematics, natural sciences and word usage. The NEDT fee is \$1 for each student, payable at testing time.

Each participating student may plot his scores on a Student Profile Leaflet, to learn how he compares with other students at his grade level in the country.

This evaluation of educational strengths and weaknesses helps students plan their high school and college courses and make career decisions. The tests also enable teachers to spot talented students, so that they may receive realistic guidance and motivation early in their educational careers.

In recognition of their ability, the top-ranking 25 per cent of test participants in the state will receive "Certificates of Educational Development."

PEEPIN'

Poor ole Tom! He can't understand why people get so upset over his column. So far as he has been able to determine, he has never printed anything malicious; just plain facts—as he sees them. In the past, several students have threatened different people with their very lives because of things that have appeared in the column. Tom says "If you don't like 'em—then don't do 'em."

If Tom "quit" every time he was criticized, then he would have lasted only one issue. But as you can see, he "takes his medicine" and comes back again the next week.

In fact, he did some peepin' in the seventh grade after Miss Slavic came to school last Friday with "her hair down." The kids were very pleased with her appearance and 97.8723% of them voted that she wear it that way all of the time because she looks "less like a teacher that way."

Mrs. Rhode helped the Juniors at the carnival last Saturday night. She walked up to Carolyn Frizzell and asked "How much?" She thought she was paying 25c entrance fee, but Carolyn was taking money for the cake walk. Carolyn wondered why she didn't stay and walk!

Robert Bomar and Dwight Rampley were recalling events of the past and wondered if Mrs. Wilmett remembers when they were in her Third Grade room. They think they will never forget the time she walked into the room and was seated — on the floor. It seems that someone had moved her chair. Tom couldn't find out who was guilty.

Tom has been wondering if Mr. Moreland has learned which teachers teach the Third and Fourth grades. He seems to have had some trouble introducing them to the Lions Club on Ladies' Night.

Someone has reported that Mr. Mayfield's tires are getting a little thin, due to the distance to Abilene and back.

Through the years, many students have commented about Mr. Wilmett's typing ability. Perhaps if they knew he types by the "Columbus Method" — SEARCH and then LAND on the keys! Columbus didn't know where he landed and neither does Mr. W.

While on the subject of typing, there is also the "Biblical Method" — SEEK AND THOU SHALT FIND. Tom suspects that Mr. Moreland uses this one.

Someone told Tom that the reason that Mrs. Redin does not do her homework every night is because she sometimes forgets what the assignment was.

Now Tom is really in trouble! If the teachers react in the same manner as the students, then he will surely make nothing but F's for the rest of the year!

ENGLISH

Department News

"The Search for Safer Cigarettes", an article in the November READER'S DIGEST has aroused some interesting discussions. The article explains why the tobacco industry will not admit that any health problem exists, and at the same time it is urgently trying to make cigarettes safer.

A number of states and communities are considering programs which will teach school children the facts about tobacco and health. New York City is about ready to launch on such a program. These programs will not be one-sided propaganda; they will present the evidence pro and con and leave decisions up to the individuals.

One doctor who smokes said, "Perhaps smoking is like playing

Class News

Senior

As usual, the Senior Class has been extremely busy. Several days this past week they shocked feed after school. All seniors have been measured for their graduation caps and gowns.

We should like to take this opportunity to thank everyone who came to our food booth at the Hallowe'en Carnival.

— SHS —

David: "I think I've seen your face somewhere else."
Sue: "No sir. It's always been here on me."

— SHS —

Junior

The Junior Class is really elated this week! As most of you already know, our Queen Reba Maples and King John Burson won the contest at the Hallowe'en Carnival this year. We are very proud of them and feel that they will represent Silvertown High School in a fine manner.

The whole class deserves some recognition for this honor because it was through the united efforts of all the members that our contestants won.

We would like to say a great big "Thank you" to all individuals outside the school who helped support Reba and John.

— SHS —

Charles: "Since I met you I can't eat, I can't sleep, I can't drink."
LaQuan: "Why not?"
Charles: "I'm broke!"

— SHS —

Sophomore

The Sophomores held their regular class meeting to discuss the results of the bake sale that was held last Saturday and the Hallowe'en Carnival.

The following is a report on that meeting which may or may not interest you.

Our bake sale was a roaring success that got off to a squeaky start. It seems that no one had spoken to Mr. Tate about using the Southwestern Public Service building Saturday. A rather ticklish situation developed when some Sophomore boys and girls, armed with cardtables and cakes, burst into the SWPS building Saturday morning much to the surprise of its management. All's a marvelous returns that netted the class a little less than we had at first expected — due to the fact that we had 8 cakes and 2 pies to sell.

The class was undaunted by the somewhat less than profitable bake sale and went on to make plans for our Hallowe'en carnival booth. When the president started to appoint a building committee for the booths, it seems that Saturday must be a very busy day, because everyone was either too busy to build a booth, or they were going to be out of town. It all boiled down to a building committee composed of Larry May and the Sophomore girls. This proved satisfactory for all concerned, especially Larry May.

The rest of the period was spent discussing the game Monday night. A rousing cheer went up from the boys when Mrs. Redin announced that the Sophomore boys were going to escort the Flying Queens from the gym to the lunchroom after the game.

I think the Chinese philosopher Confucius has a proverb which makes a suitable ending for this paradox of confusion. "Silo mi fon wing, inxny!" or "When you can't think of a corny ending, quit!"

— SHS —

Mrs. Turner: "Johnny, why are you late this morning?"
Johnny: "Every step I took, I Mrs. Turner: "At that rate you wouldn't be here now."
Johnny: "Oh, I turned around and walked the other way."

— SHS —

Russian roulette. There may always be the chance that the bullet-loaded chamber is meant for you."

The men in the tobacco industry are not being fooled. They know they must get the gun "unloaded" before a new generation of customers decide the game is silly, the stakes too high.

Many methods of lowering the tar content of cigarettes are now being used, and more effective methods of producing "safe" cigarettes are likely to be developed in the future.

Homemaker's Scrapbook

Mrs. Buster Miller

We have a correction on the chocolate tart recipe given on Oct. 8. The item omitted was 3 T. butter or margarine, which should be melted with the unsweetened chocolate. This is the fine Dutch Style Cake.

A glue bottle with a rubber tip, once it's empty and cleaned and filled with water, makes a fine moistener for stamps and envelope flaps.

Make a note on your datebook or calendar the next time you give yourself a manicure, wash or cut your hair. This is an excellent reminder to start taking more pains — more often — with your looks.

If a doll in your collection has faded cheeks, dab three dots of lipstick on each cheek and rub in with tissue.

Give small wooden salad bowls an individual touch and use them for party snacks. With brightly-colored nail polish, print on the inside bottoms of the bowls such messages as "All Gone" or "That's All." Let polish dry thoroughly and wax.

PIZZA BURGERS

- 4 small hamburger buns
- ¾ cup chili sauce
- 1 lb. ground beef
- 1 T. minced onion
- 1 T. chopped parsley
- 1 t. salt
- ½ t. oregano
- ¼ t. Italian pepper seeds (optional)
- 4 slices Provolone (or American) cheese, cut in 16 strips

Spread each bun with chili sauce, using about ½ cup. Mix beef with onion, parsley, salt, oregano and pepper seeds. Divide in 8 portions; spread on buns (the meat). Place on chrome rack of broiler pan and place top of food 3 inches from broiler unit. Broil for 5 minutes. Top each with 2 strips of cheese criss-cross. Return to broiler and broil 2 minutes longer, until cheese has melted.

Mrs. Galie Ward from Southwestern Public Service prepared this meal for the home economics class last Thursday. All the girls enjoyed it very much.

HOW TO

BAKE STIFF DOUGH COOKIES
Refrigerator cookies were so named because the dough must be chilled in the refrigerator before cooking.

Press and mold dough with hands into smooth long roll; wrap in waxed paper. Chill until firm enough to slice easily. Slice with thin, sharp knife to insure neat edges.

The cookies will be lightly browned when baked correctly. Wrap and return unused dough to the refrigerator to keep it stiff. The dough stores well for a week or more, to be sliced and baked as needed.

For variety in design, make two rolls of dough of contrasting colors: one plain refrigerator, one chocolate. Or make plain refrigerator dough; divide it in two and tint half a different color. Striped Fancies: After chilling, cut rolls in half lengthwise. Press together cut surfaces of contrasting halves. Wrap and re-chill, slice and bake.

PINWHEELS: Roll out the 2 rolls of dough of contrasting colors to the same size. Lay one roll on top of the other; roll the double layer of dough gently until about ¼" thick. Roll up tightly, beginning at wide side, into a roll 12" long and 2" in diameter. Chill, slice and bake.

Trim your cookies for a party by coating the roll of dough before baking with chocolate shot, grated semi-sweet chocolate, chopped nuts, flaked coconut or non pareils.

Lines From the Librarian

by Glenna Wilson

As I read THE OPEN DOOR by Helen Keller, I tried to imagine living in a world of silence and darkness... it isn't easy to do... How much harder would it be in reality...? Everyone should read Mrs. Keller's books; especially the pessimist.

I have an honor system, here in the library, and it's working wonderfully well. There is nothing wrong with the youth of today, except that some have been misguided... some neglected... some, unloved, and unwanted. I

THE REWARD FOR A JOB WELL DONE was received by the Junior Class at the coronation of the Silvertown High School Queen after the Hallowe'en Carnival on October 31. The Juniors who had undertaken every money-making project available in the past few weeks, soared to victory over the other classes by a wide margin. Pictured above is Reba Maples seated on the throne beside her escort, John Howard Burson, who holds the royal scepter. Also pictured are Rhonda Dickerson and Gene Whitfill, the crown and scepter bearers for the high school. In the background are Toni Rhode and Bobby Stafford, the president of the student body who had the pleasure of crowning the Queen.

Grade School News

FIRST GRADE

Mrs. Elms

We are very happy to receive the number books and writing books. Now we can all have a book which we do not have to share with our neighbor. Also the new extra chairs add much to our comfort.

The baby doll which is to be given away at the Hallowe'en Carnival has accumulated such a nice wardrobe all of us would like to be the lucky one. The doll and wardrobe can be seen in the window at Salem's.

Rhonda Dickerson and Gene Whitfill will be crown bearers at the Queen's coronation.

— SGS —

THIRD GRADE

Mrs. Wilmett

Johnny Campos joined our forces this week making our number 28.

Another rainy day confines us within our four walls, but we don't mind. It is a welcome change from bat and ball to our indoor games.

— SGS —

FOURTH GRADE

Mrs. Alexander

We made a lot of things for Hallowe'en. We have some fall leaves. We are studying about the Navajo Indians. We are learning how to print with water colors.

— SGS —

FOURTH GRADE

Mrs. Childress

We are very anxious for Hallowe'en night. We have our room decorated with witches and owls. We had our Achievement Tests yesterday. We are wondering about the results.

We have also been busy making salt maps of Africa.

— SGS —

FIFTH GRADE

Mrs. Rhode

Welcome to Fifth Grade, Susie Campos. She comes to us from our neighboring school, San Jacinto. We have been observing people and things with critical eyes lately since we discovered that everything is animal, vegetable or mineral.

We have just finished Daniel Defoe's great classic, Robinson Crusoe, which our teacher read aloud to the class.

— SGS —

"Ann, give me your two big wishes."

"I wish for a husband."

"That's only one."

"I'll save the other 'til I see how he turns out."

— SHS —

SIXTH GRADE

Mrs. Turner

The sixth grade science class has been conducting an experiment to prove the value of our topsoil. Two flower pots of the same size were used. One was filled with topsoil and the other with subsoil. Seeds were planted in both. For a short time the plants in both pots appeared to be growing at the same rate. At the present time those in the topsoil are still growing, while those in the subsoil have stopped growing and are beginning to die.

Dale Minyard's birthday was October 28. His name was omitted from the birthday calendar last week.

— SGS —

SEVENTH GRADE

Miss Slavik

This week Jeanne Davis has been out of school three days due to illness and Susan Laney has also been absent due to an illness. This week we finished our Texas history book and after our exam on Monday, we'll begin a study of Texas government. It seems that some of us are having a little trouble realizing that the Texans lost the battle of the Alamo.

— SGS —

EIGHTH GRADE

Mr. Wilmett

Gloria Wallace and Riley Harris have been absent this week.

For the carnival the 8th grade had pony rides, penny drop and dart throw. The eighth grade helped the janitors pull the stage off the old ag building and made a walk out of it. That's what they say? But the girls think it's just an excuse to get out of class. They say that Mr. Moreland told them to. I wonder!!

Funny what intense interest some eighth grade girls have in high school. I wonder what it's all about.

— SGS —

Most girls are interested in taring their boyfriends.

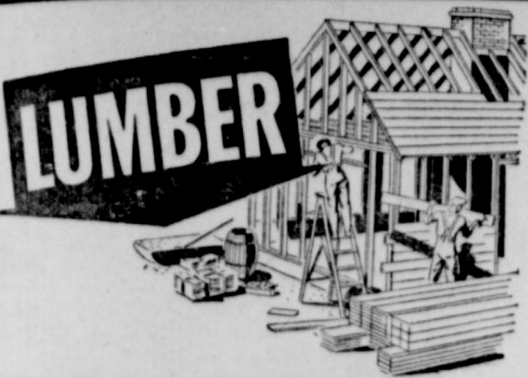

— SHS —

FLIGHT INSTRUCTION BEING GIVEN AT TEXAS TECH

"Wild blue yonder" is becoming familiar territory for 25 Air Force ROTC senior cadets at Texas Tech. These cadets are learning to fly under a program made possible through a government contract between the Air Force and the college.

Better known as the "Flight Instruction Program," the plan provides a total of 36½ hours of dual and solo flight training for the AF ROTC pilot trainee.

Taking part in this program is J. K. Whitfield, an accounting major, and the son of Mr. and Mrs. James Whitfield, of Silvertown.

WHO ARE ALIEN SINNERS?

There are two groups of sinners. One includes all children of God who sin and the other includes all other sinners. The second group is made up of "alien" sinners since they are sinners who have not become citizens of Christ's kingdom. See Ephesians 2:11 for "alien".

God's children may sin (Acts 8:13-22). God pardons His children when they repent and ask forgiveness (Acts 8:22). When God's children sin they do not have to become children of God over again. They are sinners but not alien sinners.

Alien sinners must obey the gospel to be pardoned of past sins and to become children of God. Believing God's word they must repent (Acts 2:38), confess their faith (Romans 10:10; Acts 8:37), and be BAPTIZED INTO Christ (Gal. 3:27). Having done this they are no longer aliens but citizens of Christ's spiritual kingdom.

Who are alien sinners? They are not unaccountable souls as are infants. No one inherits guilt from his parents for which he must give account in the judgment. No one is lost for another's sins (Ezek. 18:20). Infants are incapable of sinning or obeying. They have done nothing for which to repent. They are incapable of obeying from the heart (Romans 6:17). They are safe. No one can be saved until he is first lost. Obviously, some will reach accountability sooner than others and some may never reach it.

Only accountable souls become sinners. Any act of disobedience on the part of an accountable soul makes him a sinner (Ezek. 18:29). A disbelief in Christ condemns (John 3:18). Disbelieving he becomes an alien sinner. He needs Christ and must obey the gospel (2 Thess. 7-9). Upon obedience he is pardoned through Christ's blood. He has become a child of God, a citizen of the kingdom. It is his then to live a faithful life.

The Silvertown Church of Christ extends to you a cordial invitation to attend all the services of the church.

L. L. Thornton, Minister

CHURCH OF CHRIST
SILVERTON, TEXAS

John Deere New 4-H Awards Donor

The 4-H Recreation program is not new, but the donor of some 12,000 incentive awards is. Next year John Deere of Moline, Illinois, takes over the role of national sponsor of awards in this popular activity. The announcement was made by the National Committee on Boys and Girls Club Work.

During a recent meeting at the committee's headquarters in Chicago, Bruce Lourie (left) vice president of John Deere, and 4-H recreation specialist Arden M. Peterson of Michigan State University, discussed the program's objectives as set forth in the official leaflet that will soon be in the hands of state and volunteer local club leaders.

"Every 4-H boy and girl can participate in a recreation activity," Mr. Peterson said. "When young people learn to plan their own fun and entertain themselves as this program encourages them to do, they are improving their club, while they also develop their own abilities."

The best part is that while having fun, club members may win a \$400 college scholarship, an all-expense trip to the National 4-H Club Congress in Chicago, or a distinctive gold-filled medal of honor.

At the close of the club year, members enrolled in the recreation program submit their 4-H records for consideration for one or more of these awards. Winners are named by the Cooperative Extension Service which conducts the program.

Boys and girls between the ages of 10 and 21 are eligible to join a 4-H Club. Additional information can be obtained from the state or county Extension office.

Brucellosis, A Serious Threat To Livestock

An all out effort for the eradication of brucellosis is now underway throughout the United States. Twenty-one states and more than one-half the nation's counties are now modified certified free. Of the 254 counties in Texas, only three—Jeff Davis, Brewster and Presidio are modified certified areas, says Dr. C. M. Patterson, extension veterinarian.

Cattle infected with brucellosis suffer a 20 percent reduction in milk production. They calve on the average every one and one-half years rather than yearly. In addition, notes Patterson, the resulting abortions, sterility and difficult breeders increase replacement needs by 30 percent. A beef cow that loses 20 percent of her milk production will wean a calf 10 percent lighter than normal, a substantial loss in these days of high beef prices.

Swine producers also lose from this disease. Infected sows abort or give birth to weak litters. Sows frequently become sterile following abortion. The disease damages the bones of the spine, with resulting paralysis in up to 20 percent of infected animals.

Brucellosis is the most common cause of fistula of the withers in horses. It frequently is responsible for waterbags forming on knees of both horses and cattle. In humans brucellosis is a lingering disease of the bloodstream, caused by handling livestock or though seldom fatal, it causes feebleness, nervous disorders and other physical disturbances.

Less tangible losses occur in addition to the ones listed. Loss of markets for Texas breeding and stocker cattle has become a serious problem. The shortage of healthy replacement stock is commanding attention, emphasized the veterinarian. There is a constant threat of this disease becoming established in the sheep and goat flocks of Texas.

Patterson has written a leaflet which discusses the two programs which can be used for brucellosis eradication. County Agent Ledbetter will be glad to secure copies for you.

Irrigation Continues To Increase in Texas

A survey just completed by the Texas Agricultural Extension Service shows a continued increase in irrigated acreage in Texas. The irrigated area in June 1959 was 7,140,443 acres. Similar surveys in 1957 and 1955 showed an irrigated area of 6,962,234 and 6,208,022 acres respectively. The data in each survey was compiled from information furnished by county agents from each Texas county, according to Wayne Keese, extension agricultural engineer-irrigation.

Reports from the counties show that some irrigation is practiced in 239 of the State's 254 counties. An estimated 6,445,155 acres are irrigated by surface methods and 695,288 by sprinkler systems. Irrigation is used on 48,110 farms and ground water supplies obtained from 60,708 wells are used on 5,914,753 acres, noted Keese.

Keese added that the growth of irrigation not only indicates the farmer's continuing effort to increase his production efficiency, but also demands continued emphasis on conservation and efficient use of one of our greatest natural resources—water.

DER BATTLE

Note: This is the fourth of articles outlining the boundary conflicts dating to 1716, pointing out facts which shaped the Republic of Texas wanted in 1837 but was rejected.

General Will Wilson, of Houston, points out that the Republic of Texas was stoked the fire of jealousy by ignoring the United States and France and England, and to want Texas inde-

vision of a large com- between the U.S. caused Washington to followed, resulting in War with Mexico in Western one third of United States was ac- the war, Gen. Steph- led U.S. troops over- Dodge City, Kansas, to Santa Fe and remain in Benton in Congress im- put the Santa Fe ter- a boiling caldron of slavery by demanding sion of Santa Fe not

"Texas sent a county judge to take possession of Santa Fe but the U.S. colonel kicked him out," Will Wilson said.

be delivered to Texas because Texas was a slave state. A full dress rehearsal of the coming tragedy of civil war began. Texas sent spruce M. Baird as county judge to take possession of Santa Fe, but Colonel John M. Washington kicked him out. Texas also sent Robert S. Neighbors as county judge of El Paso. Since there were no federal troops in El Paso Judge Neighbors successfully established a beachhead and took possession of Texas.

Governor Bell of Texas called a special session of the legislature to organize 2,000 mounted volunteers to capture Santa Fe from the federal troops. The legislature gave Bell an out by providing that the troops be used only if the United States refused to buy the disputed territory.

This brought on another bitter division and debate in our national congress, compromised by fixing the present boundary between Texas and New Mexico and paying Texas ten million dollars for surrendered territory. Texas kept El Paso because she had possession, but Texas lost most of what is now New Mexico.

Historian Will Wilson says Texas got short changed again. Texas had money in her treasury but her northern and western boundary had been pushed down more than 100,000 square miles. "The United States bought that real estate for 15 cents an acre!"

ill in a Vernon rest home; he is now thought to be improving.

SMITHEE FAMILY REUNION HELD

A Smith family reunion was held in the home of Mrs. Scott Smith on Sunday. A sumptuous dinner was enjoyed and pictures of the group were taken. Those attending were Mrs. Lloyd Meeker, of Medford, Oregon, Dr. and Mrs. W. A. Sedwick, Mrs. Cora Donnell, Mr. and Mrs. Ed McMurtry and Merle, Mr. and Mrs. Bob Dickerson and Mr. and Mrs. Will Smith. Mmes Meeker, Dickerson, McMurtry, Donnell and Sedwick are sisters to Will Smith and the late Scott Smith.

Mr. and Mrs. Ray Hyatt and baby, of Levelland, and Mr. and Mrs. W. J. Hyatt, Jr. and children, of Plainview, spent Sunday here, guests of the men's parents, Mr. and Mrs. W. J. Hyatt, Sr.

Mr. and Mrs. Lester Hamilton, of San Antonio, Mrs. A. D. Riddle and Mrs. Odie Honea returned home on Tuesday of last week after a 10 day trip to California where they were guests in the home of Mrs. Henry Watson. Mrs. Ernest Coleman, of San Francisco, and Mr. and Mrs. Uriah Scarborough, of near Portersville, and Jack Thompson, of Oxnard, California, were also visitors in the Watson home. Mesdames Riddle, Honea, Watson and Coleman are sisters to Mr. Scarborough; Mr. Thompson is their half brother. Mrs. Riddle says they had a wonderful time and enjoyed much beautiful scenery. She thinks she enjoyed the large trees as much as anything she saw.

Mr. and Mrs. S. R. Turner were in Lockney to consult a doctor on Thursday of last week. Mrs. O'Neal Watson, of Amarillo, and Arnold Turner accompanied their parents to Lockney. Both Mr. and Mrs. Turner were told that they were doing very well.

Mr. and Mrs. Leland Norris have recently moved to Quitaque.

Mr. and Mrs. Luke Thompson transacted business in Lubbock Saturday morning.

Mrs. Jay Jones, who had surgery in the Plainview hospital on Tuesday of last week, came home on Monday and is doing fine. She is spending a few days in the home of her nephew and wife, Mr. and Mrs. Glenn Jones.

Rev. and Mrs. Edgar Hubbard of White Deer and daughter-in-law Mrs. Roland Hubbard visited with Dr. and Mrs. W. A. Sedwick last week. Rev. Roland Hubbard is pastor of the Presbyterian church of Pampa, Texas. Rev. Edgar Hubbard is pastor of the White Deer Church and was the Sedwick's pastor in San Antonio for many years.

Old time friends of Dr. and Mrs. W. A. Sedwick, Mr. and Mrs. L. C. Fawcett of San Antonio visited with them last week. They were accompanied by daughter and husband, Mr. and Mrs. August Benner of Lubbock. Mr. Benner is a District Boy Scout manager.

Mrs. K. M. Fleming and Mrs. Doodle Zachry and Ken spent Sunday in Friona with Mr. and Mrs. G. W. Fleming.

Mr. and Mrs. Kenneth Bean, and daughters, of South Plains, were supper guests of Mr. and Mrs. Ray Teeple and children Sunday evening.

Rev. and Mrs. Don H. Ledbetter of Mill Valley, California, are the

parents of a baby daughter, Donna Lynn, weight 6 pounds and 3 ounces, born there on October 31. Grandparents are Mr. and Mrs. W. C. Miller, of Brownwood, and Mr. and Mrs. Paul Ledbetter. Great grandparents are Mr. and Mrs. H. P. Ledbetter, Sr., of Amarillo; Mrs. Claudia Hodges, of Grapevine; and Mr. Jameson, of Coleman.

Mrs. Ed Slaughter, of Trinidad, has been here several days visiting relatives. Bill, Anne and Nell Bryant planned to take their sister home on Tuesday. Mrs. Dan Montague, in whose home Mrs. Slaughter had been a guest, was unable to make the trip with her brother and sisters.

Rev. and Mrs. G. A. Elrod left Sunday afternoon for Abilene, where they spent the night with their daughter and family, Mr. and Mrs. C. R. Lindsey and daughters. They went to Corpus Christi on Monday where they are attending the Texas Baptist General Conven-

tion this week.

Mrs. Clifton Stodghill came home from the Tulia hospital on Thursday of last week and is thought to be recuperating satisfactorily from recent surgery. H. E. Bothe, of Denison, and Mr. and Mrs. Herman Gloyna of Kress, are among the many visitors of Mrs. Stodghill at the hospital. Mrs. Gloyna is her paternal aunt and Mr. Bothe is her maternal grandfa-

Mrs. T. W. Mallow, of Plainview, spent most of last week here with her son and family, Mr. and Mrs. Albert Mallow and Becky.

Mr. and Mrs. Tommy Williams and sons, of Turkey, were Sunday dinner guests of Mr. and Mrs. Lee Deavenport. Mrs. W. R. Kendall, of Lockney, the former Lonis Thomas, sister to Mrs. Deavenport, came in the afternoon. Mr. Williams, Minister of the Church of Christ, preaches at Rock Creek Church of Christ on first Sundays of each month.

SCAL AND AREA NEWS BITS

Mrs. Oda Maples is spending a visit with her daughter and family, Mr. and Mrs. Carl Yocom, in Amarillo.

Mr. and Mrs. John Boyles spent the week end in Paducah with his sister and husband, Mr. and Mrs. C. D. McBride.

Mr. and Mrs. Rayburn Morgan and Leslie Gail, of Seminole, and Mrs. Morgan's sister, Jan Turnaman, of Lubbock, were recent week end guests of Mr. Rayburn's mother, Mrs. John Boyles, and Mr. Boyles. Sunday afternoon visitors in the Boyles home included Mr. and Mrs. J. T. Rogers, Jr. and daughters, of Quitaque, Mr. and Mrs. James Haples and children and Mr. and Mrs. Curtis Monk and children. Mesdames and Maples are daughters of Mr. Boyles and Mrs. Monk is his niece. Late Sunday afternoon Mr. and Mrs. Griff Boyles, of Sudan, and Mrs. Lee Gregg, of Lovington, N. M. came by the John Boyles home as they were enroute to Quitaque for a few days stay with Mrs. Lola Kimbell. Mrs. Kimbell accompanied the visitors here Tuesday evening for a longer visit in the John Boyles home. The Messrs. Boyles are brothers to Mesdames Gregg and Kimbell.

Mrs. Gaines Neil, of Dimmitt, and her cousin, W. J. Hyatt, Sr., have recently visited their uncle, Arthur Hyatt, who was critically

All Around the Town

by Mary Ann Sarchet

WANTED: Energetic young doctor, preferably with RN for wife, willing to work thirty hours per week in inadequate hospital and clinic. Also, should be available for house calls, day or night, seven days per week. Should not expect long list of patients for the first two or three years, as residents are about equally divided among about four or five hospitals and probably twice that many doctors. However, the nearest hospital and doctor are twenty miles away, and we surely would like to have you here in Silvertown.

Seriously speaking, an attempt being made by several members of our community to secure the services of a doctor. It is our understanding that Dr. Nichols has offered to help in any way he can and if we should be able to get a doctor, he is willing to substitute for him an afternoon a week or a weekend occasionally so that he can have some time off. This would mean a great deal to a doctor living in a small 'one-doc' town.

Credit where credit is due: Not that we think he is awfully upset about it, but we would like to correct an error made in last week's paper. Credit for the township pass receipt rightfully belongs to Jerry Patton, instead of Bobby Crass. Guess we misread the number or something, anyway. We're sorry we goofed and we'll try to do better. We are believers in giving credit where credit is due. Not that Bobby Crass doesn't deserve a lot of credit for his abilities, though, we thought he played a fine game last Friday night. He defended Silvertown successfully against many of the Petersburg end runs by refusing to be blocked and drawing the ball carrier through a hole and into a Silvertown trap. Both the boys, as well as an unmentionable host of other Owls played fine ball against Petersburg, in what we considered one of the best games they've played this year.

We were very pleased with several things about the game at which we threw onions last week. There was much better spirit among the fans and ball club. The other leaders and twirlers were more enthusiastic. No gripes this week. Oh, but it's a long way to Idalou!

One of the toughest situations in life has arisen out of last Saturday night's coronation ceremony. You might call little Terry and Debbie Bomar the "King and Queen for a Day," because bright and early Monday morning in another ceremony, Lanette Martin and Thomas Self were crowned as the reigning couple for the year 1959-60 over the Grade School. Luckily the girls are both First Grade students and in a sense aren't rivals at all, just representing different sections of the grade. Next year all this will be forgotten, when likely as not all four will find themselves in the same section supporting the same candidates for king and queen.

Just think how lucky Lanette and Thomas are to be queen and king! And think how lucky Debbie and Terry were too. There are many millions of us who will never even be "King or Queen for a Day!"

We received an interesting and informative letter from Jack Burson who is with the San Francisco Chronicle, who wrote in part: "I read your paper—just as soon as my poor old gray-haired mother reads it to me (accept that literal translation)." We are glad to hear that.

Pictured are King Thomas, of the House of Self and Queen Lanette, of the House of Martin, First Grade students who will reign as the 1959-60 Grade School royalty. These students from Mrs. Elms' section of the First Grade earned their money by selling chances on a baby doll and doll wardrobe. Also pictured are Nicky Long and Teri Tate, the septor and crown bearers for the royal couple.

YOUTH NET \$70 FOR CROP

After the Sunday evening service, several of the Young People of the Methodist Church made a "Trick or Treat" campaign for about forty minutes collecting funds for the CROP work among the needy refugee children around the world.

After the tour, refreshments were served at the Parsonage to Mrs. Hugh Nance and Mrs. Eva Lee McWilliams, who are sponsoring the Youth Division, and about fifteen young people.

A very generous offering was given. The needy people, the Youth Division and their sponsors say a hearty "thank you" for the \$70.00 you gave.

Fireman Sponsoring MD Campaign

The Silvertown Fire Department, along with fire departments in 26 adjoining counties, is sponsoring the Muscular Dystrophy campaign this year.

Muscular Dystrophy has been around for many years and most of us are familiar with the special equipment needed to treat this disease. Some of the special equipment needed is: wheel chairs, braces, walkers, lifts, hospital beds and the various therapy treatments.

The Muscular Dystrophy drive will be held during our busiest season of the year and like every one else the members of the Fire Department will be busy also. We will not be able to devote a lot of time to this drive, so urge everyone to remember the canisters on your merchants' counters, says Kenneth Tate, local fire chief.

MOVE INTO NEW FARM HOME

Mr. and Mrs. H. C. Mercer have recently moved into their new farm home southwest of town. The home is of frame construction with asphalt siding; it has three bedrooms, living room, den and kitchen combination, a utility and two bathrooms and an attached garage. Mrs. Mercer says she can now take care of all the children who want to come and visit at one time. Both Mr. and Mrs. Mercer are happy to be back on the farm after having lived in town a few years.

KING THOMAS AND QUEEN LANETTE REIGN OVER 1959-60 SCHOOL YEAR

Much to the regret of all concerned, an error was made in the Coronation of the Grade School King and Queen last Saturday night. The money had been reported correctly and it was understood that Mrs. Elms' First Grade had won the contest. However, in the excitement of the occasion, the names of Mrs. Trout's First Grade candidates were erroneously recorded in the place of Mrs. Elms' First Grade candidates.

The error was not brought to the proper attention until the Coronation was over and the candidates had gone home.

To Debby Bomar and Terry Bomar, apologies are extended for the disappointment you are experiencing. To Queen Lanette Martin and King Thomas Self, sincere wishes for a successful reign are extended. Although you have been deprived of a great moment in your lives, you are asked to accept the apologies offered. It sometimes seems a small thing to say "I am sorry," but in this case not much more than that can be done.

Queen Lanette has received her crown and King Thomas his septor. Pictures were made in the proper setting and due recognition will be given in the 1959-60 Silvertown Owlet.

A number of truckloads and carloads being shipped from Texas to Western states have been denied entry after a few cottonseeds were found mixed with the grain.

Shippers are being required to fumigate these contaminated shipments—at a cost varying from \$50 to \$100 a load—before crossing the state line, reports D. M. McEachern of the Bureau of Plant Pest Control at San Antonio.

The states have regulations affecting import of cottonseed and other agricultural products.

Indications are that the grain sorghum possibly was contaminated while still on the farm, due mainly to use of the same vehicles for hauling both cotton and grain sorghum.

County Agent Ledbetter also cautions all local elevators and truckers about the accidental or otherwise mixing of the above mentioned two seeds.

Mr. and Mrs. Willie Winn, of Brownfield, spent Sunday night of last week with Mr. and Mrs. Eugene Long. The entire party spent Monday in Canyon making contacts with former school mates of Mr. Long and Mrs. Winn. They spent Monday night in Amarillo, guests of Mr. and Mrs. C. E. Nance. Both Mr. Long and Mrs. Winn learned enough about old friends on Monday to furnish happy thoughts for many days to come and learned that many things had come to pass that they had not dreamed could happen when they were children together long ago. The day was saddened in the learning that some of the former friends had died.

Lions To Entertain District Governor

Former Rock Creek Resident Dies In California

Mrs. Mary Nelson died Sunday, October 25, in San Bernardino, California. Funeral services were conducted on Wednesday, October 28.

She is survived by one son, L. L. Nelson, of Tulsa, and one daughter, Mrs. Loyd Cordell of San Bernardino, California.

Attending the funeral from Tulsa were Mr. and Mrs. L. L. Nelson, and two of their sons, Don and Darrell.

Cypress Trees Show Good Growth

by Joe Harris

We have recently observed several farmstead wind breaks of Arizona Cypress that were established last spring. Nearly 100% of the trees lived and most of them made excellent growth. Mr. Tom Barbee north east of Quitaque set fifty Arizona Cypress worth and west of his farmstead and received assistance through the Great Plains Program. I believe all of Tom's trees lived and are now about five times larger than they were when set.

Roy Beasley in the San Jacinto community north west of Silvertown also established an extensive farmstead wind break of Arizona Cypress this spring. Nearly all of his trees lived and also made excellent growth.

Another planning showing good results is that of Mrs. Bernie May five miles west of Silvertown on the Tulsa highway. These trees are hardy, fast growing and make very attractive addition to our plains scenery. The local office of the S.C.S. can assist anyone in ordering these trees and in planning their windbreaks.

Mrs. Charlie Schmidt and Pandi, of Albuquerque, New Mexico, arrived here on Wednesday of last week for a visit with Mrs. W. Allard and other relatives. Mrs. Schmidt, nee Ray Allard formerly lived here with her grandmother.

The Silvertown Lions Club will be host at their regular meeting, November 5, to Don Zimmerman, governor of Lions District 2 T-1. The district includes 60 clubs in the Texas Panhandle, running west from Childress and north from Springlake.

Zimmerman, a Lion since 1946, is in the hardware business in Hereford. He graduated from Pampa High School in 1929, and took a Bachelor of Arts degree

DR. EARL H. COLLISTER

Assume Duties At High Plains Research Foundation

Dr. Earl H. Collister, expert in plant breeding and genetics, will assume duties as chief agronomist and assistant director at the High Plains Research Foundation at Halfway.

Dr. Collister was born and reared on a farm in Central Illinois. He attended Purdue University and received a B.S. degree in 1947 and a Ph. D. in 1950.

He comes to the foundation after nine years with the Texas Research Foundation at Renner, Texas. When he first joined the Texas Research Foundation staff in 1950, he was placed in charge of oilseed research, consisting of plant breeding and cultural studies.

He developed three varieties of sesame (Renner's No. 1, Renner's No. 2, and Renner's Combine sesame No. 15). He has also authored various magazine articles, research reports and research bulletins.

"Dr. Collister is no stranger to the people and problems of West Texas and we feel that he will be a tremendous asset to our program of investigating the agricultural problems which the people of West Texas have asked us to study," Dr. T. C. Longnecker, foundation director, said in announcing the addition of Dr. Collister to the staff.

Statistics indicate that Petersburg received six penalties for a total of forty yards and Silvertown received three for thirty-five yards.

Petersburg attempted five passes, completed two and had one intercepted. The Owls attempted fourteen, completed five and had one interception.

The Buffaloes racked up a total of thirteen first downs as compared to the Owls' seven.

This week we travel to Idalou for our next to the last game of the season. The Idalou team has had a fine season and will be expecting an easy win. We think everyone was proud of the Owls for their fine performance last Friday night. In the opinion of most, it was about their best game of the season, against tough competition. We will be looking for the Owls to go into this game and do their best again. WATCH OUT FOR US, IDALOU.

from the University of Oklahoma in 1933. He was retired from the Army Reserve Corps in 1956 with the rank of Lt. Colonel.

In addition to holding all offices in the Hereford Lions Club, he has served the district as Zone Chairman (1957) and as Deputy District Governor in 1958. He is also active in community affairs, having served on the school board, city commission, was a deacon in the First Presbyterian Church, and in 1958 was awarded the coveted plaque as "Hereford's Man of the Year," a selection made annually by the combined civic clubs of the community.

Zimmerman is considered an interesting public speaker who "always has an important message" for his listeners. Much of his ability along this line he acquired while serving as companion and personal friend of Josh Lee during the Senator's lecture tours while Zimmerman was attending the University of Oklahoma.

He married Ernestine Tripp of Norman, Oklahoma, in 1933, and, as he puts it, "We started fighting the depression in LeFors, Texas." The Zimmermans have three sons—all Eagle Scouts—and all currently going to college.

"Naturally, I am enjoying this Lions Club travel a lot," says Zimmerman, who plans to visit each of the 60 clubs during his year in office, "but I have to admit that it takes a lot of time—and it isn't too good for the hardware business."

dies with sesame, sunflower and soybeans.

A year later he was appointed chairman of the field crops department, which included similar work with oilseed crops, popcorn and white and yellow field corn.

In 1956 he became chairman of the plant science department, which included the responsibility for breeding, testing and cultural studies with all crops under investigation by the Texas Research Foundation, such as sunflowers, sesame, soybeans, white and yellow field corn, grain sorghum, small grains, castor beans, guar, grasses, legumes and pasture studies with beef cattle.

He was responsible for planning and supervising the crops research program at three field stations at Henderson, Abilene and Corpus Christi.

He developed three varieties of sesame (Renner's No. 1, Renner's No. 2, and Renner's Combine sesame No. 15). He has also authored various magazine articles, research reports and research bulletins.

"Dr. Collister is no stranger to the people and problems of West Texas and we feel that he will be a tremendous asset to our program of investigating the agricultural problems which the people of West Texas have asked us to study," Dr. T. C. Longnecker, foundation director, said in announcing the addition of Dr. Collister to the staff.

Meeting Held In Seaneys Home

The regular meeting of Zeta Lambda took place in the home of Agnes Seaney on November 3, 1959.

Sue Fowler, president, gave an informative report on the District Meeting held in Borger on October 25.

Ways and means of furthering the sales of Christmas cards, the club's annual project, was discussed. The proceeds of this project go to polio and cancer research.

The following members were present: Sue Fowler, Lorena Hamilton, Melva Martin, Dorena Nance, Lillie Mercer and the hostess, Agnes Seaney.

Buffaloes Overpower Owls 38-20

Last Friday night's conference tilt with the Petersburg Buffaloes got off to a fast start with Petersburg moving the ball from the fifty yard line to the fifteen the first time they had their hands on the pig-hide. Two plays later, they made the touchdown and ran for two extra points to move ahead in the opening seconds, 8-0 over the hosting Owls.

The Owls, having a little trouble getting started, were unable to retain control of the ball on their next try, and Petersburg took over on the forty yard line. James Roy Brown intercepted a Buffalo pass and carried to the twenty yard line, but again the Owls were unable to keep the ball and about four plays later the Buffaloes tramped over for eight more points.

Brown took the Buff's kick to the twenty-five yard line and as the second quarter dawned, passed to Larry West who raced for about sixty yards before he was brought down. Bobby Crass drove for nine yards and two plays later James Roy Brown was over for the Silvertown touchdown. The Owls were unable to make the try count for extra points, but moved into the short end of the score, 16-8.

The Buffaloes came thundering back with their reply, but Estes, Patton, Breedlove and others of the Owl line threw them back, and Petersburg was forced to kick. On the first play after that, Brown dropped back deep to pass. He was surrounded by buffaloes and was unable to spot a receiver, so he ran with it—and ran—and ran—and stopped only after he had crossed the double stripe! This left the Owls trailing by only 16-12.

Again the Petersburg eleven came racing back into Owl territory, this time passing for the touchdown points and running for the two extra points. The score at halftime read, 24-12 favoring the Buffs.

On the kick after the half, Patton took the ball for a nice run back, but on the next play Petersburg intercepted an Owl pass and ramped it through two first downs into pay dirt again, to ride the 30-12 score.

Silvertown was unable to take advantage of having the ball and were forced to give it over on downs. The Petersburg drive carried over from the third into the fourth quarter, but very shortly thereafter they were able to raise the score to 38-12.

The Owls came fighting back with passes complete to Patton and Stafford, each good for more than enough for a first down. Then in the fading seconds of the game Larry West raced over for the final tally of the game, leaving the score at 38-20, favoring the Buffaloes.

Statistics indicate that Petersburg received six penalties for a total of forty yards and Silvertown received three for thirty-five yards.

Petersburg attempted five passes, completed two and had one intercepted. The Owls attempted fourteen, completed five and had one interception.

The Buffaloes racked up a total of thirteen first downs as compared to the Owls' seven.

This week we travel to Idalou for our next to the last game of the season. The Idalou team has had a fine season and will be expecting an easy win. We think everyone was proud of the Owls for their fine performance last Friday night. In the opinion of most, it was about their best game of the season, against tough competition. We will be looking for the Owls to go into this game and do their best again. WATCH OUT FOR US, IDALOU.

AROUND THE TOWN

Continued from page one
...because I love her very dear. It would be impossible for me to part with all my friends, Connie, Edna, Ed, Arnold, J. Reid — I wouldn't name them all. Then there are the relatives, only they don't know whom they are. I follow their lives with endeavor. I can't keep up. I have worked for years to coast and I consider myself a tramp printer, and it all

started right there in Silverton."

Another letter has fallen into our possession. It is addressed to the chambers of commerce here in Silverton, and since we do not have a C. C. Doe Minyard fell heir to it and has passed it to us. It reads:

Please send me information on Silverton and Briscoe County. Here is what I would like to know about Silverton and Briscoe County:

ty: Population ... names of schools ... names of churches ... agriculture or industry ... civic organizations ... utilities ... hotels or motels and recreation, if any.

It is signed by Fred Smith, P. O. Box 846, Bishop, California. Judging from this letter, we would guess that this is a pre-high school boy who may be writing for a school project. If our memory serves us right, we recall having done some similar thing in years past. It is our suggestion that maybe some of the young scholars of Silverton would like to write this boy and tell him all about our town.

Some of the grade school classes have been studying words, the high school students are always studying words. Dooya writes about them and this week Toni writes about them, so band wagon, here we come!

Suppose you try making a list of the ten words in the English language that you think are the most beautiful. Wilfred J. Funk, poet and dictionary publisher recently did this—words "beautiful in meaning and in the musical arrangement of their letters."

He thoroughly sifted thousands of words before he reached a conclusion. "Beauty of sound is not enough," declares Mr. Funk; "Mush" is a word pleasant to the ear, but its suggestion is an ugly one. Beauty of meaning is not sufficient. "Mother" is one of our most loved words, but it lacks euphony."

So Mr. Funk compiled these ten words as the most beautiful in the English language:

Dawn, hush, lullaby, murmuring, tranquil, mist, luminous, chimes, golden and melody.

When is a sheep not a sheep? When it's dead; then it's mutton. So a pig is pork, a calf is veal, a steer is beef, a deer becomes venison, when they are on the table to eat.

To force opinion is like pushing the magnetized needle round until it points to where we wish the North Star stood.

Mrs. Ted Reid, of Canyon, spent a few days early this week in the home of her son and family. Mr. and Mrs. J. W. Reid. Monday morning she visited Mrs. U. D. Brown and Mrs. P. D. Jasper; the ladies were neighbors many years ago when all lived on the farm.

here and there by Dooya Read

Life can be full of joy. At times I have doubted that, haven't you? Norman Vincent Peale seems to have the most joyful philosophy of life of anyone that I know. He says to be joyful, a person must think joyful thoughts, speak joyful words and most important of all, give joy to other people. Then in reverse, if it is impossible to think joyfully, say cheerful words anyway. Then it will not be long until your thoughts will match your words, and you will be thinking cheerful thoughts, and unconsciously you will begin to bring joy into other lives. Doing so unconsciously is not enough; begin

'Like Apples of Gold'

by Glenna Wilson

When I was a child, I would gaze at the moon, On the eve of Hallowe'en — Then, to my friends, I would declare, A witch on a broom I'd seen.

But, you, little child, As you gazed at the moon, This last eve of Hallowe'en — No doubt, you looked for a satellite, And a missile's fiery gleam.

Now an apple of gold from God's pictures of silver:

"And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: He made the stars also." —Genesis 1:16

Thinking Back

TWENTY YEARS AGO . . . Miss Dean Griffith became the bride of Johnny Burson in Hollis-Oklahoma . . . Little Miss Dora Ann Anason entertained a group of her little friends with a Halloween party Tuesday evening. Those attending were Mary Tom Bomar, Dan and Joe Lee Bomar, Gloria June Stevenson, Nelda King, Pat Patton, Mrs. R. C. Vinson and two children, Mr. and Mrs. T. C. Bomar, Mother Bomar, Mrs. A. G. Stevenson, Mrs. Pearl Simpson, Mrs. James Patton, Mrs. Cowart and Mr. and Mrs. Noah Amason and Dora Ann. . . A Hallowe'en party for

Mrs. Joel Nance, of Lone Star, spent Friday and Saturday in the Lockney hospital having the cast on her leg changed; she fell and injured the limb some time ago and the bones have been slow in healing. She was brought to her home on Saturday and now sits in a wheel chair much of her time. Hugh Nance was at the hospital with his parents on Friday. Mrs. Hugh Nance spent Monday morning at the Joel Nance home in Lone Star. Mrs. P. D. Jasper planned to go Tuesday to spend a few days with her sister and family. Mr. and Mrs. Joel Nance and J. D.

of Silverton, and H. B. McClendon were Quiteque visitors Monday. . . Mr. and Mrs. Bill Watters and daughters, Iva Lena and Willie May were Sunday visitors in the Ennis Walker home. . . Mr. and Mrs. Alvin Redin and son, Harley, motored to Canyon Sunday. . . Mrs. John Devenport of Wellington, and Mrs. W. H. Newman visited Mr. and Mrs. Clarence Devenport in House, New Mexico, last week. Mrs. W. H. Newman is a sister to Clarence Devenport and the late John Devenport.

Get ready for the Freezin' Season!

To get your car ready for winter, Phillips 66 Dealers offer guaranteed anti-freeze service. It works like this:

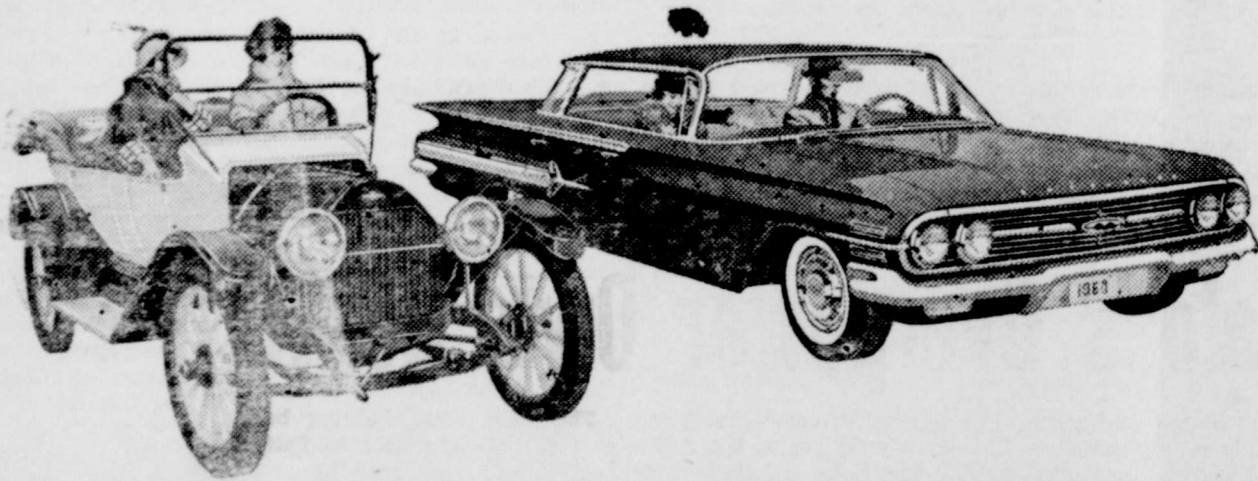

Tell your Phillips 66 Dealer the degree of protection you want (even down to 50 below) and he'll put in the proper amount of Phillips 66 Anti-Freeze—permanent type. Then if at any time this winter you need more anti-freeze to maintain this level of protection, your Phillips 66 Dealer will add it with no additional charge.

Sounds like a fair proposition, doesn't it? Come to your Phillips 66 Dealer for guaranteed anti-freeze service.

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we: Conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

FOGERSON LUMBER & SUPPLY
SILVERTON, TEXAS

Local News

reported by
MRS. CARL CROW

Mr. and Mrs. J. W. Reid, Mr. and Mrs. Joe Montague, and Mr. and Mrs. C. L. McWilliams, enjoyed a weekend vacation in El Paso.

Mr. and Mrs. Paul Ledbetter and Ronald and Mr. and Mrs. Irving McJimsey and George visited Mr. and Mrs. H. P. Ledbetter, Sr. in Amarillo on Saturday. The senior Ledbetters are parents of Mrs. McJimsey and Paul Ledbetter.

Funeral services for Mrs. Alec

Luster of Plainview, were held there in the Presbyterian Church at 3:00 p.m. Wednesday. Mrs. Luster died suddenly and unexpectedly at her home late Monday. She formerly lived here and was a niece to Ed Vaughan and Mrs. W. A. Stephens.

Mr. and Mrs. P. H. Ledbetter, Jr. and Dwayne of Amarillo, were week end guests of Mr. and Mrs. Paul Ledbetter and Ronald. Mr. and Mrs. Irving McJimsey and George and Frankie Lou Hunt were also Sunday dinner guests in the Paul Ledbetter home. The Messrs. Ledbetter are brothers to Mrs. McJimsey.

Mr. and Mrs. Fulton Gregg returned home on Monday after having enjoyed a vacation in Estes Park, Colorado. They were guests of their grandson and family, Mr. and Mrs. Robert Isbell and daughters. Mr. Gregg bagged and brought home an elk.

Rev. and Mrs. Frank Story attended a meeting of the Ministers and the Ministers' wives at Plainview Monday of this week. The ministers met at the St. John's Methodist Church and the wives met at the District Parsonage. A very helpful and inspirational program was offered at each session.

ATTEND HOMECOMING AT A. C. C.

Mr. and Mrs. Hubert Hall and Linda, of Memphis, and Mr. and Mrs. Berton Hughes, Robert and Randy attended the Homecoming festivities at Abilene Christian College, on Saturday and Sunday. Carolyn Hall, daughter of the Hubert Halls and niece of Mrs. Hughes, attends A. C. C. The entire group attended the A. C. C.-Trenton football game Saturday afternoon. In the evening they attended "The Student Prince", an operetta, presented by the A. C. C. Alumni Association. Linda Gilliam of Denison is a cousin to Mesdames Hall and Hughes, sang in the chorus.

Mrs. Bill Rucker, of Quitaque, Mrs. Glenn Jones and Mrs. Bill Verden were in Amarillo on Thursday of last week. Mrs. Jones went for a check up on recent surgery and was advised that she was doing fine.

Mr. and Mrs. Earl Jones, of

Vows Exchanged
In Single
Ring Ceremony

MRS. EDWARD SIMPSON

Mr. and Mrs. Frank Gamble of Silverton announce the marriage of their daughter, Norma Sue, to Edward Simpson, son of Mr. and Mrs. Cecil Simpson of Tulia.

The single-ring service was read on Saturday, October 31, in the home of the Rev. A. C. Hamilton, pastor of the Baptist Church in Hereford.

The bride was attired in a two-piece blue dress with black accessories. She wore a corsage of white carnations.

Mrs. Simpson is a 1959 graduate of Silverton High School. The groom attended school in Tulia. He has been employed in Silverton by Stidham Farm Store, but the couple plans to live in Tulia where he has accepted a position with Taylor-Evans Farm Store.

Amarillo, and Mr. and Mrs. Ben Dobbs, of Tulia, were luncheon guests of Mr. and Mrs. Glenn Jones on Saturday. The entire party visited Mrs. Jay Jones, a patient in the Plainview Hospital, in the afternoon. The Messrs. Jones are brothers and are nephews of Mrs. Jay Jones. Mesdames Glenn Jones and Dobbs are sisters.

UNDERGOES SPINAL SURGERY AT SANTE FE HOSPITAL

Larkin Vardell, of Slaton, son of Mr. and Mrs. J. J. Vardell, who grew up here, underwent spinal surgery at the Santa Fe Hospital in Temple on Tuesday of last week. Willard Vardell and R. E. Sweek were in Temple for the operation. Mrs. R. E. Sweek is staying in Slaton with the Larkin Vardell children while their parents are at the hospital.

Mrs. Kitty Lawler, of Canyon, and Mrs. O. C. Watson, of Colorado Springs, Colorado, came Sunday afternoon and took Mrs. Charlie Schmidt and Pandi to Canyon for a visit. Mrs. Lawler is the family formerly lived here.

Mrs. J. E. Vaughan is spending this week in Amarillo with her son and family, Mr. and Mrs. Deniz Vaughan.

Messrs. R. E. (Runt) Swinney and Wayne (Bud) Vaughan transacted business in Amarillo on Tuesday.

Mr. and Mrs. Jake Spencer and Zona Gale of Amarillo; Mr. and Mrs. W. R. Kendall of Lockney, and Mr. and Mrs. Edwin Crass visited Mr. and Mrs. Frank Fisch Sunday afternoon.

There has not been too much change in the condition of Mrs. Fisch who has been ill for some time. She was brought home from the hospital several days ago.

Mrs. W. L. McMinn was taken from the Methodist Hospital in Dallas to the home of her daughter, Mrs. Howard Riddle in Grand Prairie on Thursday of last week. She is thought to be doing satisfactorily. Her right arm had been broken on October 24. Both bones were shattered and broken just above the wrist.

Mr. and Mrs. Bill Hardin and Mr. and Mrs. E. Posey spent Sunday in Rotan. The Hardis spent the day with his mother, Mrs. Mabel Hardin, who is a patient in the hospital there. The Poseys visited his brothers and families, Mr. and Mrs. Fant Posey and Mr. and Mrs. Dave Posey, Fant Posey, who has been seriously ill, is improving.

ODDS 'N ENDS

by Charles

This column is being created as a place for you to read small news items of BIG interest, gathered on my trips around town.

The Silverton Cub Scout Pack meeting will be tonight at 7:30 at the Scout Hall. Any and every boy who is interested in Cub Scouting and is between the ages of 8-11 is invited to be present, according to Eddie Edwards, cub scoutmaster. The charter and registration papers will be completed at this meeting; there will be a film shown on scouting and it is hoped that a district representative will be here to talk to the scouts.

Don't forget the Lions Club is selling brooms and supplies for the Caravan for the Blind today.

WARNING:

The Methodist Men will meet next Tuesday morning at 6:30 a.m. Cooks for the breakfast will be Bro. Story and yours truly, so be SURE TO COME.

Rainfall in Silverton last Thursday night measured 1.04. That received on Tuesday of this week amounted to .19.

The March of Time Study Club will meet today with Mrs. Roy Mayfield as hostess. Mrs. Clarence Anderson, Mrs. T. T. Crass and Mrs. Troy Burson will present the program, "Portraits of the Madonnas."

The Century of Progress Study Club met last week for their tenth anniversary celebration. Speaker for the meeting was Mrs. J. O. Bass, Jr., of Kress.

We were glad to note a good time was held by the kids on Halloween and we're glad we do not have to report any more destruction than soaped windows, etc.

LEGAL NOTICE!

NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY AND TO ISSUE TIME WARRANTS TO ENFORCE THE INDEBTEDNESS TO BE CREATED THEREFOR

SEALED PROPOSALS addressed to J. W. Lyon, Jr., County Judge of Briscoe County, Texas, at Silverton, Texas, will be received at the Office of the County Judge until 10:00 o'clock a.m., on the 23rd day of November, 1959, for the purchase of the following road machinery for the maintenance and improvement of the roads in and for said County,

Mr. and Mrs. Jack Harris and Riley were Sunday dinner guests of Mr. and Mrs. E. R. Harris in Lockney. The E. R. Harris' are parents of Jack.

Mr. and Mrs. W. D. Peugh and family enjoyed a long week end visit with her sister and family, Mr. and Mrs. Ben Smith, in Odessa. They drove to the top of the

Fort Davis Mountains, 6800 feet above sea level. They went to the McDonald Observatory on Sunday, but found it closed. Misty weather marred the usually long

to wit:

Two motor graders with the following specifications; heavy duty Tandem drive powered with diesel engine of not less than 115 HP; standard moldboard with slide shift; cab, heater, hour meter, lights, and power steering, equipped with 1300x24-12 ply tires.

BIDDERS shall consider the following described machinery now owned by Briscoe County, to wit:

One Allis Chalmers motor grader Model AD-40, and One Galion motor grader Model 118;

for trade-in allowance in connection with their proposals for sale of the above described tractor. SUCH PROPOSALS will at said time be publicly opened and read before the Commissioners' Court.

A CERTIFIED CHECK, or CASHIER'S CHECK in the amount of five per cent (5%) of the amount of the bid, must accompany each bid.

IT IS THE INTENTION of the Commissioners' Court to pay all or a portion of the purchase price of such road machinery by the issuance of and delivery to the proper contractor or contractors, the legally issued time warrants of said County, bearing interest at a rate not to exceed four per cent (4%) per annum, payable annually or semi-annually, which said warrants shall not exceed the principal sum of FIVE THOUSAND DOLLARS (\$5,000.00), and the principal of said warrants shall be payable serially, the maximum maturity date to be not later than November 1, 1961. The County guarantees that the contractor or contractors will receive face value for such warrants when and as the same are issued and delivered.

THE RIGHT is reserved by Briscoe County to reject any and all proposals and to waive all technicalities.

ALL BIDS will be retained by the County and will not be returned to the bidders.

J. W. LYON, JR.
County Judge
Briscoe County, Texas.

distance view from the mountains.

Mrs. W. H. Tennison and James and Linda and Joe Mercer visited Mr. Tennison at Northwest Texas Hospital in Amarillo on Sunday afternoon. Mr. Tennison has been a patient there since October 19, and is improving and has gained a few pounds. Mrs. Tennison, James, Linda and Joe were supper guests of Mr. and Mrs. Richard Shaw in Amarillo.

Mr. and Mrs. Garry Huffines left for Henrietta on Tuesday after having been here the past month while he was acting depot agent for the Fort Worth and Denver Railway Company. They came here from Weinert, W. C. Hirth, of Texline, came Tuesday to take over the depot agent's duties for the time being. C. R. Vinson, the actual depot agent, is recuperating from a serious illness at his home in Childress. Mrs. Vinson says he hopes to be able to resume his duties by December 1.

Roy Aschbacher, nephew of W. A. Holt, Mrs. Elbert Dickerson,

and Mrs. Winston Hamilton, accidentally killed on Wednesday of last week at Madisonville while working on a truck tire. Funeral services were held there on Friday. Roy was born in this vicinity and spent most of his early life here.

Jackie Sue Miller has recently fallen off a horse and broken her leg. She is the daughter of Mr. and Mrs. Clinton Miller, of Canyon, formerly of Silverton. While the Millers lived here, Jackie Sue fell off a horse and broke her arm.

Mrs. Virgil Baldwin underwent surgery in the Tulia hospital Saturday of last week. She was doing satisfactorily early in the week.

Mrs. W. A. Rowell, Mrs. Aubrey Rowell and Mrs. Joe Brannon visited Mrs. Baldwin and Mrs. W. Martin at the Tulia hospital Monday afternoon.

... is best for every car in all kinds of weather

HERE'S WHY

- * It's highest-quality SAE 10W-30 HD MOTOR OIL made for year-round use... Blended to be better.
- * Stops power-robbing ping and knock... Corrects sticking valve lifters.
- * Protects engine from rust, corrosion, sludge, and varnish deposits.
- * Longer lasting in hot weather... makes quicker starting possible in cold weather.

Editorial Rhoads

with Toni

Having trouble with English, especially with your spelling? Since we do live in an English speaking country, it is important that we improve in our English usage. This will take more study, because linguists tell us the English language is the most difficult to speak, read and write, because of its irregularities.

The way we spell some words has nothing to do with the way they sound. Consider the letters 'ough'. They stand for six different sounds: rough, through, cough, though, bough, and hiccough.

One student in Junior Scholastic magazine viewed this "oughful" state of affairs with the following poem.

The wind was rough
And cold and "blough";
She kept her hands inside her "mough".

It chilled her through.
Her nose turned "blough."
And still the squall the faster "fough".

And yet although
There was no "snough,"
The weather was a cruel "fough".

It made her cough
(Please do not "scough")
She coughed until her hat "blough ough".

MATH

Department News

by C. P. Hidalgo

Why should we spend a lot of time and money trying to get to the moon? What will we find when we get there? These questions are becoming more and more frequent, or have we already constructed vehicles that travel through space at extremely high velocities. It is not very likely that we will find rich treasures on the moon. The surface of the moon has no atmosphere and no water. The gravitational pull of an object being proportional to its mass, tells us that the gravity on the moon is approximately six times less on the moon than it is on earth. Too little to attract air particles to its surface or to attract oceans of water to its sides. The moon is barren except for its great craters. Without atmosphere to burn up the meteors attracted to the moon they strike in full force causing giant craters. Reaching the moon will be a military victory. The nation that is first to place a man on the moon will have gone a long way toward controlling outer space. Would it not be correct in assuming that the nation that controls space will control the world?

Mrs. O. C. Rampley

Office News

Freshmen at the Silverton High School will get an objective insight into their scholastic development by participating in the National Education Development Tests. Mr. O. C. Rampley, principal, said today. The tests will be given at 9 a.m. Tuesday, March 8, 1969 (or Saturday, March 19, 1969) — at the same time the National Merit Scholarship Qualifying Test will be written by juniors.

Last year almost 218,000 students in 3,215 schools throughout the nation took the tests.

Prepared and administered by Science Research Associates of Chicago, the annual three-hour NEDT examination provides scores in English, social studies, mathematics, natural sciences and word usage. The NEDT fee is \$1 for each student, payable at testing time.

Each participating student may plot his scores on a Student Profile Leaflet, to learn how he compares with other students at his grade level in the country.

This evaluation of educational strengths and weaknesses helps students plan their high school and college courses and make career decisions. The tests also enable teachers to spot talented students, so that they may receive realistic guidance and motivation early in their educational careers. In recognition of their ability, the top-ranking 25 per cent of test participants in the state will receive "Certificates of Educational Development."

PEEPIN' TOM

Poor ole Tom! He can't understand why people get so upset over his column. So far as he has been able to determine, he has never printed anything malicious; just plain facts—as he sees them. In the past, several students have threatened different people with their very lives because of things that have appeared in the column. Tom says "If you don't like 'em—then don't do 'em."

If Tom "quit" every time he was criticized, then he would have lasted only one issue. But as you can see, he "takes his medicine" and comes back again the next week.

In fact, he did some peepin' in the seventh grade after Miss Slavic came to school last Friday with "her hair down." The kids were very pleased with her appearance and 97.8723% of them voted that she wear it that way all of the time because she looks "less like a teacher that way."

Mrs. Rhoads helped the Juniors at the carnival last Saturday night. She walked up to Carolyn Frizzell and asked "How much?" She thought she was paying 25c entrance fee, but Carolyn was taking money for the cake walk. Carolyn wondered why she didn't stay and walk!

Robert Bomar and Dwight Rampley were recalling events of the past and wondered if Mrs. Wilmett remembers when they were in her Third Grade room. They think they will never forget the time she walked into the room and was seated — on the floor. It seems that someone had moved her chair. Tom couldn't find out who was guilty.

Tom has been wondering if Mr. Moreland has learned which teachers teach the Third and Fourth grades. He seems to have had some trouble introducing them to the Lions Club on Ladies' Night.

Someone has reported that Mr. Mayfield's tires are getting a little thin, due to the distance to Abilene and back.

Through the years, many students have commented about Mr. Wilmett's typing ability. Perhaps they would be more understanding if they knew he types by the "Columbus Method" — SEARCH and then LAND on the keys! Columbus didn't know where he landed and neither does Mr. W.

While on the subject of typing, there is also the "Biblical Method" — SEEK AND THOU SHALT FIND. Tom suspects that Mr. Moreland uses this one.

Someone told Tom that the reason that Mrs. Redin does not do her homework every night is because she sometimes forgets what the assignment was.

Now Tom is really in trouble! If the teachers react in the same manner as the students, then he will surely make nothing but F's for the rest of the year!

ENGLISH

Department News

"The Search for Safer Cigarettes", an article in the November READER'S DIGEST has aroused some interesting discussions. The article explains why the tobacco industry will not admit that any health problem exists, and at the same time it is urgently trying to make cigarettes safer.

A number of states and communities are considering programs which will teach school children the facts about tobacco and health. New York City is about ready to launch on such a program. These programs will not be one-sided propaganda; they will present the evidence pro and con and leave decisions up to the individuals.

One doctor who smokes said, "Perhaps smoking is like playing

Class News

Senior

As usual, the Senior Class has been extremely busy. Several days this past week they shocked feed after school. All seniors have been measured for their graduation caps and gowns.

We should like to take this opportunity to thank everyone who came to our food booth at the Hallowe'en Carnival.

— SHS —

David: "I think I've seen your face somewhere else."
Sue: "No sir. It's always been here on me."

— SHS —

Junior

The Junior Class is really elated this week! As most of you already know, our Queen Reba Maples and King John Burson won the contest at the Hallowe'en Carnival this year. We are very proud of them and feel that they will represent Silverton High School in a fine manner.

The whole class deserves some recognition for this honor because it was through the united efforts of all the members that our contestants won.

We would like to say a great big "Thank you" to all individuals outside the school who helped support Reba and John.

— SHS —

Charles: "Since I met you I can't eat, I can't sleep, I can't drink."
LaGuan: "Why not?"
Charles: "I'm broke!"

— SHS —

Sophomore

The Sophomores held their regular class meeting to discuss the results of the bake sale that was held last Saturday and the Hallowe'en Carnival.

The following is a report on that meeting which may or may not interest you.

Our bake sale was a roaring success that got off to a squeaky start. It seems that no one had spoken to Mr. Tate about using the Southwestern Public Service building Saturday. A rather ticklish situation developed when some Sophomore boys and girls, armed with cardtables and cakes, burst into the SWPS building Saturday morning much to the surprise of its management. All's a marvelous returns that netted the class a little less than we had at first expected — due to the fact that we had 8 cakes and 2 pies to sell.

The class was undaunted by the somewhat less than profitable bake sale and went on to make plans for our Hallowe'en carnival booth. When the president started to appoint a building committee for the booths, it seems that Saturday must be a very busy day, because everyone was either too busy to build a booth, or they were going to be out of town. It all boiled down to a building committee composed of Larry May and the Sophomore girls. This proved satisfactory for all concerned, especially Larry May.

The rest of the period was spent discussing the game Monday night. A rousing cheer went up from the boys when Mrs. Redin announced that the Sophomore boys were going to escort the Flying Queens from the gym to the lunchroom after the game.

I think the Chinese philosopher Confucius has a proverb which makes a suitable ending for this paradox of confusion. "Silo mi fon wing, ixnay!" or "When you can't think of a corny ending, quit!"

— SHS —

Mrs. Turner: "Johnny, why are you late this morning?"
Johnny: "Every step I took, I Mrs. Turner: "At that rate you slipped back two."
Johnny: "Oh, I turned around and walked the other way."

— SHS —

Russian roulette. There may always be the chance that the bullet-loaded chamber is meant for you."

The men in the tobacco industry are not being fooled. They know they must get the gun "unloaded" before a new generation of customers decide the game is silly, the stakes too high.

Many methods of lowering the tar content of cigarettes are now being used, and more effective methods of producing "safe" cigarettes are likely to be developed in the future.

Homemaker's Scrapbook

Mrs. Buster Miller

We have a correction on the chocolate tart recipe given on Oct. 8. The item omitted was 3 T. butter or margarine, which should be melted with the unsweetened chocolate. This is the fine Dutch Style Cake.

A glue bottle with a rubber tip, once it's empty and cleaned and filled with water, makes a fine moistener for stamps and envelope flaps.

Make a note on your datebook or calendar the next time you give yours: If a manicure, wash or cut your hair. This is an excellent reminder to start taking more pains — more often — with your looks.

If a doll in your collection has faded cheeks, dab three dots of lipstick on each cheek and rub in with tissue.

Give small wooden salad bowls an individual touch and use them for party snacks. With brightly-colored nail polish, print on the inside bottoms of the bowls such messages as "All Gone" or "That's All." Let polish dry thoroughly and wax.

PIZZA BURGERS

- 4 small hamburger buns
- 1/2 cup chili sauce
- 1 lb. ground beef
- 1 T. minced onion
- 1 T. chopped parsley
- 1 t. salt
- 1/2 t. oregano
- 1/4 t. Italian pepper seeds (optional)

4 slices Provolone (or American) cheese, cut in 16 strips
Spread each bun with chili sauce, using about 1/2 cup. Mix beef with onion, parsley, salt, oregano and pepper seeds. Divide in 8 portions; spread on buns (the meat). Place on chrome rack of broiler pan and place top of food 3 inches from broiler unit. Broil for 5 minutes. Top each with 2 strips of cheese criss-cross. Return to broiler and broil 2 minutes longer, until cheese has melted.

Mrs. Galie Ward from Southwestern Public Service prepared this meal for the home economics class last Thursday. All the girls enjoyed it very much.

HOW TO

BAKE STIFF DOUGH COOKIES
Refrigerator cookies were so named because the dough must be chilled in the refrigerator before cooking.

Press and mold dough with hands into smooth long roll; wrap in waxed paper. Chill until firm enough to slice easily. Slice with thin, sharp knife to insure neat edges.

The cookies will be lightly browned when baked correctly. Wrap and return unused dough to the refrigerator to keep it stiff. The dough stores well for a week or more, to be sliced and baked as needed.

For variety in design, make two rolls of dough of contrasting colors: one plain refrigerator, one chocolate. Or make plain refrigerator dough; divide it in two and tint half a different color. Striped Fancies: After chilling, cut rolls in half lengthwise. Press together cut surfaces of contrasting halves. Wrap and re-chill, slice and bake.

PINWHEELS: Roll out the 2 rolls of dough of contrasting colors to the same size. Lay one roll on top of the other; roll the double layer of dough gently until about 1/4" thick. Roll up tightly, beginning at wide side, into a roll 12" long and 2" in diameter. Chill, slice and bake.

Trim your cookies for a party by coating the roll of dough before baking with chocolate shot, grated semi-sweet chocolate, chopped nuts, flaked coconut or non pareils.

Lines From the Librarian

by Glenna Wilson

As I read THE OPEN DOOR by Helen Keller, I tried to imagine living in a world of silence and darkness... it isn't easy to do... How much harder would it be in reality...? Everyone should read Miss Keller's books; especially the pessimist.

I have an honor system, here in the library, and it's working wonderfully well. There is nothing wrong with the youth of today, except that some have been misguided... some neglected... some, unloved, and unwanted. I

THE REWARD FOR A JOB WELL DONE was received by the Junior Class at the coronation of the Silverton High School Queen after the Hallowe'en Carnival on October 31. The Juniors who had undertaken every money-making project available in the past few weeks, soared to victory over the other classes by a wide margin. Pictured above is Reba Maples seated on the throne beside her escort, John Howard Burson, who holds the royal scepter. Also pictured are Rhonda Dickerson and Gene Whitfill, the crown and scepter bearers for the high school. In the background are Toni Rhoads and Bobby Stafford, the president of the student body who had the pleasure of crowning the Queen.

Grade School News

FIRST GRADE

Mrs. Elms

We are very happy to receive the number books and writing books. Now we can all have a book which we do not have to share with our neighbor. Also the new extra chairs add much to our comfort.

The baby doll which is to be given away at the Hallowe'en Carnival has accumulated such a nice wardrobe all of us would like to be the lucky one. The doll and wardrobe can be seen in the window at Salem's.

Rhonda Dickerson and Gene Whitfill will be crown bearers at the Queen's coronation.

— SGS —

THIRD GRADE

Mrs. Wilmett

Johnny Campos joined our forces this week making our number 28.

Another rainy day confines us within our four walls, but we don't mind. It is a welcome change from bat and ball to our indoor games.

— SGS —

FOURTH GRADE

Mrs. Alexander

We made a lot of things for Hallowe'en. We have some fall leaves. We are studying about the Navajo Indians. We are learning how to print with water colors.

— SGS —

FOURTH GRADE

Mrs. Childress

We are very anxious for Hallowe'en night. We have our room decorated with witches and owls. We had our Achievement Tests yesterday. We are wondering about the results.

We have also been busy making salt maps of Africa.

— SGS —

FIFTH GRADE

Mrs. Rhoads

Welcome to Fifth Grade, Susie Campos. She comes to us from our neighboring school, San Jacinto.

We have been observing people and things with critical eyes lately since we discovered that everything is animal, vegetable or mineral.

We have just finished Daniel Defoe's great classic, Robinson Crusoe, which our teacher read aloud to the class.

— SGS —

"Ann, give me your two big wishes."
"I wish for a husband."
"That's only one."
"I'll save the other 'til I see how he turns out."

have found the majority of students in this school to be above average in honesty and integrity, friendliness and consideration. I believe their parents and teachers should be commended.

SIXTH GRADE

Mrs. Turner

The sixth grade science class has been conducting an experiment to prove the value of topsoil. Two flower pots of the same size were used. One was filled with topsoil and the other with subsoil. Seeds were planted in both. For a short time the plants in both pots appeared to be growing at the same rate. At the present time those in the topsoil are still growing, while those in the subsoil have stopped growing and are beginning to die.

Dale Minyard's birthday was October 28. His name was omitted from the birthday calendar last week.

— SGS —

SEVENTH GRADE

Miss Slavik

This week Jeanne Davis has been out of school three days due to illness and Susan Laney has also been absent due to illness. This week we finished our Texas history book and after exam on Monday, we'll begin a study of Texas government. It seems that some of us are having a little trouble realizing that the Texans lost the battle of the Alamo.

— SGS —

EIGHTH GRADE

Mr. Wilmett

Gloria Wallace and Riley Harris have been absent this week.

For the carnival the 8th grade had pony rides, penny drop and dart throw. The eighth grade boys helped the janitors pull the stove off the old ag building and made a walk out of it. That's what they say? But the girls think it's just an excuse to get out of class. They say that Mr. Moreland told them to. I wonder!!!

Funny what intense interest some eighth grade girls have in high school. I wonder what it's all about.

— SGS —

Most girls are interested in taring their boyfriends.

— SHS —

FLIGHT INSTRUCTION BEING GIVEN AT TEXAS TECH

"Wild blue yonder" is becoming familiar territory for 25 Air Force ROTC senior cadets at Texas Tech. These cadets are learning to fly under a program made possible through a government contract between the Air Force and the college.

Better known as the "Flight Instruction Program," the plan provides a total of 36 1/2 hours of dual and solo flight training for the AF ROTC pilot trainee.

Taking part in this program is J. K. Whitfield, an accounting major, and the son of Mr. and Mrs. James Whitfield, of Silverton.

John Deere New 4-H Awards Donor

The 4-H Recreation program is not new, but the donor of some 12,000 incentive awards is. Next year John Deere of Moline, Illinois, takes over the role of national sponsor of awards in this popular activity. The announcement was made by the National Committee on Boys and Girls Club Work.

During a recent meeting at the committee's headquarters in Chicago, Bruce Lourie (left) vice president of John Deere, and 4-H recreation specialist Arden M. Peterson of Michigan State University, discussed the program's objectives as set forth in the official leaflet that will soon be in the hands of state and volunteer local club leaders.

"Every 4-H boy and girl can participate in a recreation activity," Mr. Peterson said. "When young people learn to plan their own fun and entertain themselves as this program encourages them to do, they are improving their club, while they also develop their own abilities."

The best part is that while having fun, club members may win a \$400 college scholarship, an all-expense trip to the National 4-H Club Congress in Chicago, or a distinctive gold-filled medal of honor.

At the close of the club year, members enrolled in the recreation program submit their 4-H records for consideration for one or more of these awards. Winners are named by the Cooperative Extension Service which conducts the program.

Boys and girls between the ages of 10 and 21 are eligible to join a 4-H Club. Additional information can be obtained from the state or county Extension office.

Brucellosis, A Serious Threat To Livestock

An all out effort for the eradication of brucellosis is now underway throughout the United States. Twenty-one states and more than one-half the nation's counties are now modified certified free. Of the 254 counties in Texas, only three—Jeff Davis, Brewster and Presidio are modified certified areas, says Dr. C. M. Patterson, extension veterinarian.

Cattle infected with brucellosis suffer a 20 percent reduction in milk production. They calve on the average every one and one-half years rather than yearly. In addition, notes Patterson, the resulting abortions, sterility and difficult breeders increase replacement needs by 30 percent. A beef cow that loses 20 percent of her milk production will wean a calf 10 percent lighter than normal, a substantial loss in these days of high beef prices.

Swine producers also lose from this disease. Infected sows abort or give birth to weak litters. Sows frequently become sterile following abortion. The disease damages the bones of the spine, with resulting paralysis in up to 20 percent of infected animals.

Brucellosis is the most common cause of fistula of the withers in horses. It frequently is responsible for waterbags forming on knees of both horses and cattle. In humans brucellosis is a lingering disease of the bloodstream, caused by handling livestock or though seldom fatal, it causes feebleness, nervous disorders and other physical disturbances.

Less tangible losses occur in addition to the ones listed. Loss of markets for Texas breeding and stocker cattle has become a serious problem. The shortage of healthy replacement stock is commanding attention, emphasized the veterinarian. There is a constant threat of this disease becoming established in the sheep and goat flocks of Texas.

Patterson has written a leaflet which discusses the two programs which can be used for brucellosis eradication. County Agent Ledbetter will be glad to secure copies for you.

Irrigation Continues To Increase in Texas

A survey just completed by the Texas Agricultural Extension Service shows a continued increase in irrigated acreage in Texas. The irrigated area in June 1959 was 7,140,443 acres. Similar surveys in 1957 and 1955 showed an irrigated area of 6,962,234 and 6,208,022 acres respectively. The data in each survey was compiled from information furnished by county agents from each Texas county, according to Wayne Keese, extension agricultural engineer-irrigation.

Reports from the counties show that some irrigation is practiced in 239 of the State's 254 counties. An estimated 6,445,155 acres are irrigated by surface methods and 695,288 by sprinkler systems. Irrigation is used on 48,110 farms and ground water supplies obtained from 60,708 wells are used on 5,914,753 acres, noted Keese.

Keese added that the growth of irrigation not only indicates the farmer's continuing effort to increase his production efficiency, but also demands continued emphasis on conservation and efficient use of one of our greatest natural resources—water.

ORDER BATTLE

Note: This is the fourth of articles outlining the boundary conflicts dating to 1716, pointing up facts which shaped the Republic of Texas wanted in 1837 but was rejected.

Houston withdrew the offer of a new republic westward from Texas including the northwestern Mexican states, plus New Mexico, Arizona and California.

General Will Wilson, former of Houston, points out that the United States, by its failure to take possession of Santa Fe, has caused Washington to follow, resulting in the Mexican War with Mexico in 1846. Western one third of the United States was acquired by the war. Gen. Stephen W. Kearney led U.S. troops over the Santa Fe and remain in the region.

"Texas sent a county judge to take possession of Santa Fe but the U.S. colonel kicked him out," Will Wilson said.

be delivered to Texas because Texas was a slave state. A full dress rehearsal of the coming tragedy of civil war began. Texas sent Spruce M. Baird as county judge to take possession of Santa Fe, but Colonel John M. Washington kicked him out. Texas also sent Robert S. Neighbors as county judge of El Paso.

Governor Bell of Texas called a special session of the legislature to organize 3,000 mounted volunteers to capture Santa Fe from the federal troops. The legislature gave Bell an out by providing that the troops be used only if the United States refused to buy the disputed territory.

This brought on another bitter division and debate in our national congress, compromised by fixing the boundary between Texas and New Mexico and paying Texas ten million dollars for surrendered territory. Texas kept El Paso because she had possession, but Texas lost most of what is now New Mexico.

Historian Will Wilson says Texas got short changed again. Texas had money in her treasury but her northern and western boundary had been pushed down more than 100,000 square miles. "The United States bought that real estate for 15 cents an acre!"

ill in a Vernon rest home; he is now thought to be improving.

SMITHEE FAMILY REUNION HELD

A Smithee family reunion was held in the home of Mrs. Scott Smithee on Sunday. A sumptuous dinner was enjoyed and pictures of the group were taken. Those attending were Mrs. Lloyd Meeker, of Medford, Oregon, Dr. and Mrs. W. A. Sedwick, Mrs. Cora Donnell, Mr. and Mrs. Ed McMurtry and Merle, Mr. and Mrs. Bob Dickerson and Mr. and Mrs. Will Smithee. Mesdames Meeker, Dickerson, McMurtry, Donnell and Sedwick are sisters to Will Smithee and the late Scott Smithee.

Mr. and Mrs. Ray Hyatt and baby, of Levelland, and Mr. and Mrs. W. J. Hyatt, Jr. and children, of Plainview, spent Sunday here, guests of the men's parents, Mr. and Mrs. W. J. Hyatt, Sr.

Mr. and Mrs. Lester Hamilton, of San Antonio, Mrs. A. D. Riddle and Mrs. Odis Honea returned home on Tuesday of last week after a 10 day trip to California where they were guests in the home of Mrs. Henry Watson. Mrs. Ernest Coleman, of San Francisco, and Mr. and Mrs. Uriah Scarborough, of near Portersville, and Jack Thompson, of Oxnard, California, were also visitors in the Watson home. Mesdames Riddle, Honea, Watson and Coleman are sisters to Mr. Scarborough; Mr. Thompson is their half brother. Mrs. Riddle says they had a wonderful time and enjoyed much beautiful scenery. She thinks she enjoyed the large trees as much as anything she saw.

Mr. and Mrs. S. R. Turner were in Lockney to consult a doctor on Thursday of last week. Mrs. O'Neal Watson, of Amarillo, and Arnold Turner accompanied their parents to Lockney. Both Mr. and Mrs. Turner were told that they were doing very well.

Mr. and Mrs. Leland Norris have recently moved to Quitaque.

Mr. and Mrs. Luke Thompson transacted business in Lubbock Saturday morning.

Mrs. Jay Jones, who had surgery in the Plainview hospital on Tuesday of last week, came home on Monday and is doing fine. She is spending a few days in the home of her nephew and wife, Mr. and Mrs. Glenn Jones.

Rev. and Mrs. Edgar Hubbard of White Deer and daughter-in-law Mrs. Roland Hubbard visited with Dr. and Mrs. W. A. Sedgwick last week. Rev. Roland Hubbard is pastor of the Presbyterian church of Pampa, Texas. Rev. Edgar Hubbard is pastor of the White Deer Church and was the Sedgwick's pastor in San Antonio for many years.

Old time friends of Dr. and Mrs. W. A. Sedgwick, Mr. and Mrs. L. C. Fawcett of San Antonio visited with them last week. They were accompanied by daughter and husband, Mr. and Mrs. August Benner of Lubbock. Mr. Benner is a District Boy Scout manager.

Mrs. K. M. Fleming and Mrs. Doodle Zachry and Ken spent Sunday in Friona with Mr. and Mrs. G. W. Fleming.

Mr. and Mrs. Kenneth Bean, and daughters, of South Plains, were supper guests of Mr. and Mrs. Ray Teeple and children Sunday evening.

Rev. and Mrs. Don H. Ledbetter of Mill Valley, California, are the

parents of a baby daughter, Donna Lynn, weight 6 pounds and 3 ounces, born there on October 31. Grandparents are Mr. and Mrs. W. C. Miller, of Brownwood, and Mr. and Mrs. Paul Ledbetter. Great grandparents are Mr. and Mrs. H. P. Ledbetter, Sr., of Amarillo; Mrs. Claudia Hodges, of Grapevine; and Mr. Jameson, of Coleman.

Mrs. Ed Slaughter, of Trinidad, has been here several days visiting relatives. Bill, Anne and Nell Bryant planned to take their sister home on Tuesday. Mrs. Dan Montague, in whose home Mrs. Slaughter had been a guest, was unable to make the trip with her brother and sisters.

Rev. and Mrs. G. A. Elrod left Sunday afternoon for Abilene, where they spent the night with their daughter and family, Mr. and Mrs. C. R. Lindsey and daughters. They went to Corpus Christi on Monday where they are attending the Texas Baptist General Conven-

tion this week.

Mrs. Clifton Stodghill came home from the Tulia hospital on Thursday of last week and is thought to be recuperating satisfactorily from recent surgery. H. E. Bothe, of Denison, and Mr. and Mrs. Herman Gloyna of Kress, are among the many visitors of Mrs. Stodghill at the hospital. Mrs. Gloyna is her paternal aunt and Mr. Bothe is her maternal grandfather.

Mrs. T. W. Mallow, of Plainview, spent most of last week here with her son and family, Mr. and Mrs. Albert Mallow and Becky.

Mr. and Mrs. Tommy Williams and sons, of Turkey, were Sunday dinner guests of Mr. and Mrs. Lee Deavenport. Mrs. W. R. Kendall, of Lockney, the former Lonis Thomas, sister to Mrs. Deavenport, came in the afternoon. Mr. Williams, Minister of the Church of Christ, preaches at Rock Creek Church of Christ on first Sundays of each month.
