Tell Jimmy About It If You're Hot Or Cold

What's your thermostat setting on?

When President Jimmy Carter returns to Washington from Camp David, he will bring with him a piece of legislation already approved by the House of Representatives and Senate.

This legislation, if the president signs it, provides for a civil penalty of \$5,000 for each violation and gives the Department of Energy author-

ity to compromise, settle and collect civil penalties.

Under certain circumstances, criminal penalties may be cited and a fine of \$10,000 for each violation set.

These fines may be levied for failure of a business or individual to maintain proper temperature settings, 78 degrees in summer months, 65 degrees in winter months and 105 degrees on water heaters.

The plan places temporary (Nine months) emergency restrictions on thermostat settings in commercial, industrial and other non-residential buildings.

Exempt from adhering to this regulation are buildings such as residential buildings, hotels, health care facilities, hospitals and elementary schools. Alternative methods of compliance are provided for buildings which do not have centralized temperature control capabilities.

No exemptions, based solely on personal comfort, are included. The legislation sets out procedures for Federal enforcement of mandatory temperature restrictions.

Specific regulations are detailed for the varied cooling and heating systems utilized across the country and includes buildings without capability for simultaneous heating and cooling.

The legislation prohibits operation of the heating or cooling systems in an unoccupied building, if the outside

air temperature is greater than 50 degrees.

If the temperature is less than 50 degrees, See HEAT Page 5

Hoppers In County

Grasshoppers have become a major problem in some areas of Mitchell County, according to County Extension Entomologist Bill Jany.

Grasshoppers have been causing damage to cotton fields northwest of Westbrook. Most damage is occurring in fields adjacent to or within rangelands.

The damage to cotton fields is occurring around border areas of fields, causing cotton plants to be completely defoliated, commented Jany.

Grasshoppers have been building up in numbers in rangelands and now that these areas are drying out, grasshoppers are moving into cotton fields. Cotton plants which are less than 10" tall are most susceptible.

Many species of grasshoppers have been observed in cotton fields this week, Jany said, however, the "Jumbo" or "lubber nymph" has been the most damaging species on cotton.

Grasshoppers can be controlled by applying an insecticide around the field margins and bordering pasture areas, Jany said. The insecticide used must be applied at a rate high enough to kill grasshoppers 1 1/2-2 inches long.

It must also have a long effective residue period so grasshoppers migrating into fields, after it has been sprayed, will also be controlled, he said.

"Because of the size of the cotton in most fields, at this time, and the ability of this plant to withstand defoliators, the decision to treat for grasshoppers should be made only when large numbers of "Jumbo"

hoppers are observed or severe damage is noted in the bordering areas," Jany noted.

Anyone having questions concerning whether or not to treat for grasshoppers or about insecticides may call Jany at 728-5973.

City Awards Reily Contract

American Securities Insurance Company, represented by agent Bob Reily, has been awarded a year contract to furnish health insurance to city employees.

In Thursday afternoon's called meeting of the city council, bids were reviewed for the council by members of the insurance committee.

The committee, Elmer Martin, chairman, Marion Bassham, Macca Findley and Ray Mason, had met in several sessions since bids were requested and opened, June 12, to study program benefits and costs.

A meeting with city employees and department heads was held to get opinions and preferences from the individuals involved.

"We wanted to consider anyone having a special problem as well as those continually having small problems," Bassham said.

"We also had to take into consideration the financial situation of the city," she stated.

Currently, the city is insured by Blue Cross-Blue Shield. The policy has a \$50 a year, deductible clause on doctor and medicine bills. It

pays 100 percent of hospital bills. A \$1,000 life insurance policy is included and chiropractic care is not covered.

The Blue Cross Plan costs the city \$40.16 per person monthly. If the employee insures his family, under the plan, it costs him \$65.90 a month more.

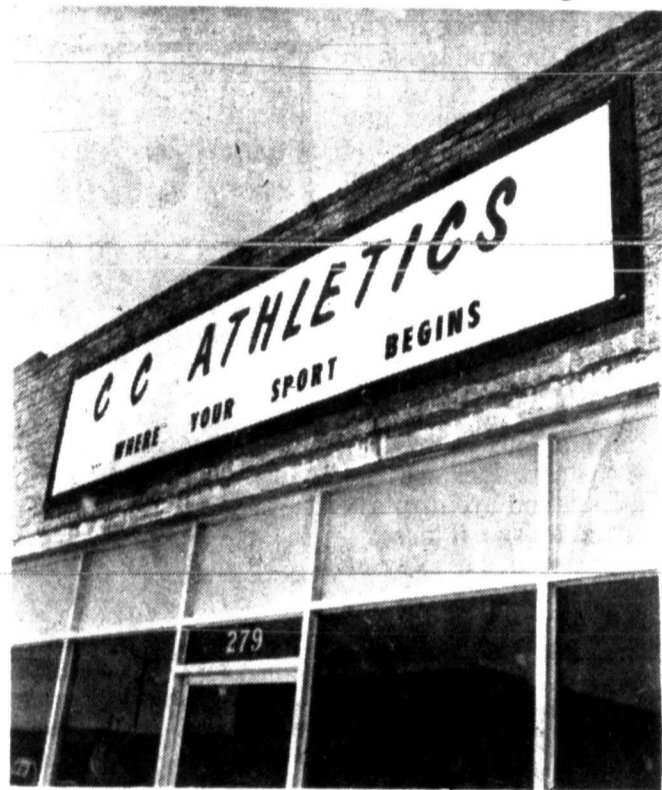

The total cost, a year, to the city for the 45 employees covered is \$21,686.40. Of the 45 employees, 22 are currently insuring their families for \$790.80 a year.

American Security Insurance Plan will automatically cover all previously covered employees. They will be required to satisfy deductibles.

The new policy has \$100 a year deductible, per person for the first three members of a family and pays 80 percent of all medical, including chiropractic care, until the first \$2,500. After that, the policy carries 100 percent coverage.

It will pay up to \$90 a day for hospital room and up to \$300 for emergency accident with no deductible. The policy includes \$5,000 life insurance, accidental

See BID Page 5

C.C. ATHLETICS Owned by Carol Dakan will be opening sometime in the next few weeks. Orders of stock are being received and brands such as A.M.F., Wilson, Kramer and converse will be carried. The store will also have a heat transfer machine to print names or pictures on items.

C.C. Athletics To Open Soon

Basic athletic supplies will be the line of merchandise carried by a new business in town.

C. C. Athletics, owned by Carol Sue Dakan, is located at 279 Elm St. Though not officially open orders are being taken.

"My stock is just beginning to come in. I hope to be open before school begins," Dakan commented.

She said items were arriving everyday but a large shipment to be sent United Parcels, may be delayed due to the gas shortage.

"The delivery man told me, if the company didn't get more gas, it may be two weeks before he makes another

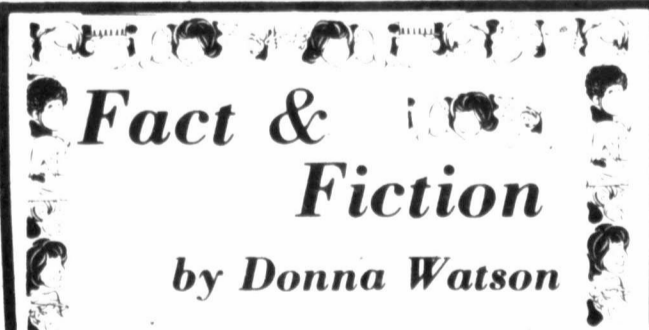

delivery here," she said.

She is just beginning to put out stock. Such brand names as A. M. F. and Wilson, Kramer, Nike and Converse are among the many established brands of sporting goods she is carrying.

Store hours will be from 9-11:30 a.m. and 1-5 p.m.

Currently items already in stock can be purchased, but, she emphasized, she only has about one-third of the anticipated stock.

Special items will be football jerseys. Dakan noted she has a heat transfer machine to print names or pictures on items.

Each time I attend a County Commissioners' Court I come away inspired.

With all the disillusionment I feel for today's authority figures and governing bodies, I find it very rewarding to sit with a group of elected officials who genuinely care for the persons they represent.

This five man team "sweats blood" trying to control a situation with so many variables it defies all logic.

The current deficit spending budget is one situation they must fight continually. They not only spend hours going over every cent spent by county employees to make certain the funds are being spent honestly, wisely and to the best advantage, but they are also ever watchful for areas where expenses can be cut or saved completely.

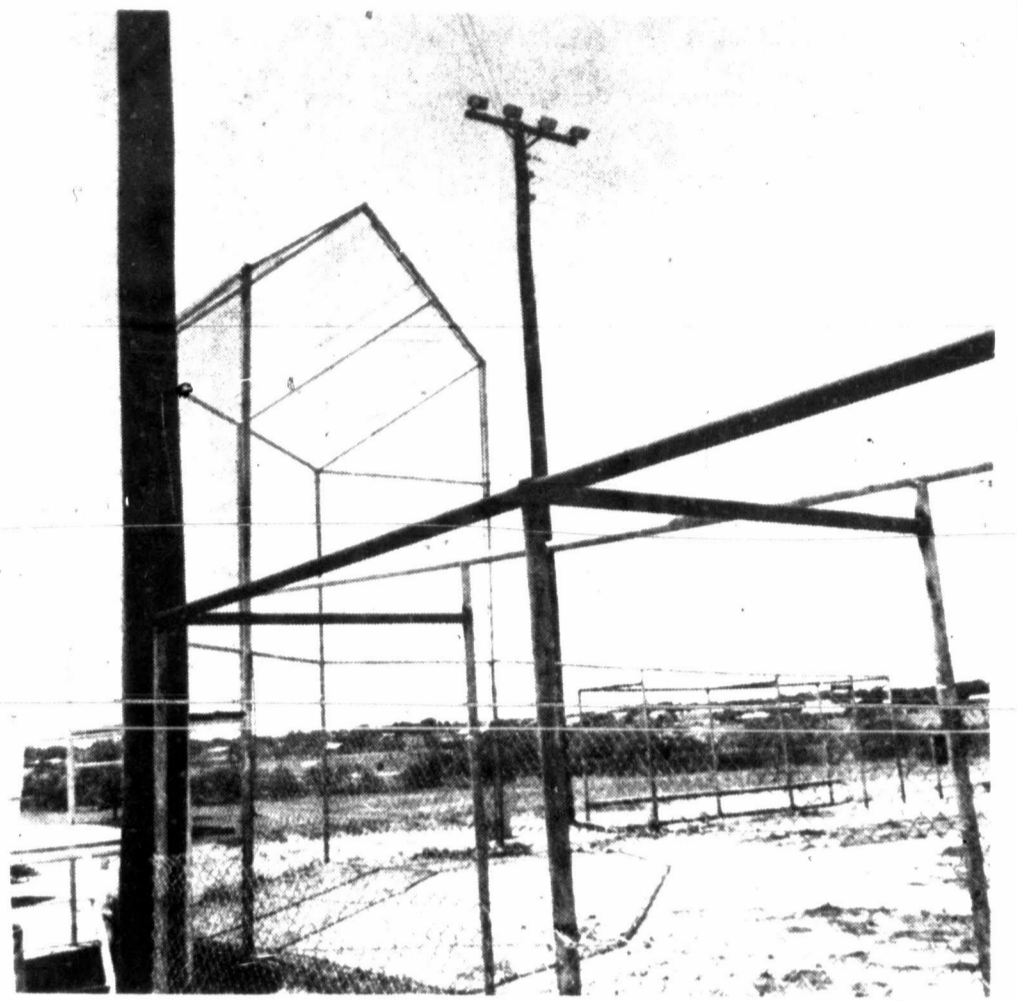

To a man, they believe the county MUST operate within its means.

The current problem has been fought hard. The county has kept taxes to a minimum and still provided a full compliment of services.

Now because inflation is spiraling upward and property valuation has finally begun to stabilize, there is a gap between the cost of operating and the amount of monies collectable.

The county is still in a good stable financial position. The commissioners are working hard to

See FACT Page 12

LIGHTS have been installed at the girls' softball field in Ruddick Park. The lighting is being used by the all-star teams as they begin practice in preparation for the all-star tournament in Abilene beginning Aug. 2. President of the girls league is Brenda Tarter.

County Property To Get Tax Relief

Implementation of the "Tax Relief" law requires re-appraisal of all properties in Mitchell County. This re-appraisal will cost about \$120,000 and is required once every five years stated County Tax Assessor - Collector Mike Burt.

Under the new system, the school districts, the City of Loraine and Westbrook will function under the auspices of one central tax appraisal district.

The county and the City of Colorado City are exempt, if they choose, and will continue to function as separate taxing entities.

A county wide re-appraisal must be accomplished and the program implemented in 1982, Burt said.

Rios Given Probated Sentence

Mrs. Otilia Rios, charged with criminal negligent homicide in a 1976 accident in which Tammy Proctor of Colorado City was killed, plead guilty before Mitchell County Judge Bill Carter Friday and received a one year probated sentence. The charge against her was a class "A" misdemeanor.

Mrs. Rios, now of San Angelo but a resident of Loraine at the time of the accident, was driving a 1969 Dodge Polara on Dec. 4, 1976 when the accident occurred in the 200 block of West Second Street in front of the Stereo Corral.

She was attempting to park the car when her brakes failed and the vehicle jumped the curb striking the girl who died soon after being taken to Root Memorial Hospital.

The "Negligent Homicide," charge arose from the fact that Mrs. Rios had been driving the car with deficient brakes for some time according to the charges filed against her.

The purpose of the operation is to have one appraisal on all taxable property in the county at 100 percent of market value.

These appraisals will be furnished to each taxing unit for collection of tax.

State funds will be furnished to assist in operation until 1982. At that time no state funds will be available.

This central district will handle all assessing, appraising, equalizing exemptions, and notices for taxing units, leaving them only to collect taxes.

A review board will be appointed by board of directors of the district. They will serve two year terms with per diem compensation.

They will examine all appraisal records, hear all taxpayer's protests and have subpoena power among other duties.

Under the new regulations, assessment ratios are eliminated.

There will be 100 percent assessments for all taxing units, including the county, in 1981 according to the property tax code.

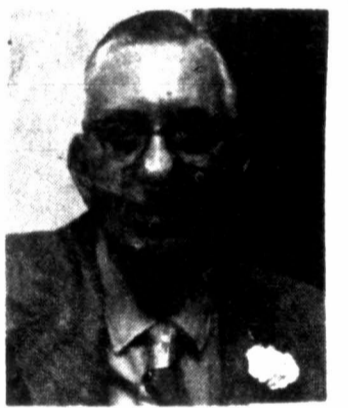

Exemptions are specified as intangibles, cash, stocks and bonds.

Automobiles are exempt (unless taxing unit orders them to be taxed) as are home-steads - schools only \$5,000 and an additional \$10,000 for persons over 65.

By September 15, 1979, the county commissioners must decide and advise the county clerk if they intend to join the appraisal district. The county tax assessor-collector must approve.

The county clerk must calculate and certify, the number of votes each taxing unit is entitled to have by October 1. Only towns, cities and school districts are entitled to vote, unless the county commissioners, with the approval of the county tax assessor-collector, opts to come in the district.

Burt used an example if the county received See TAXES Page 12

Harold Maniss

Maniss Services Held

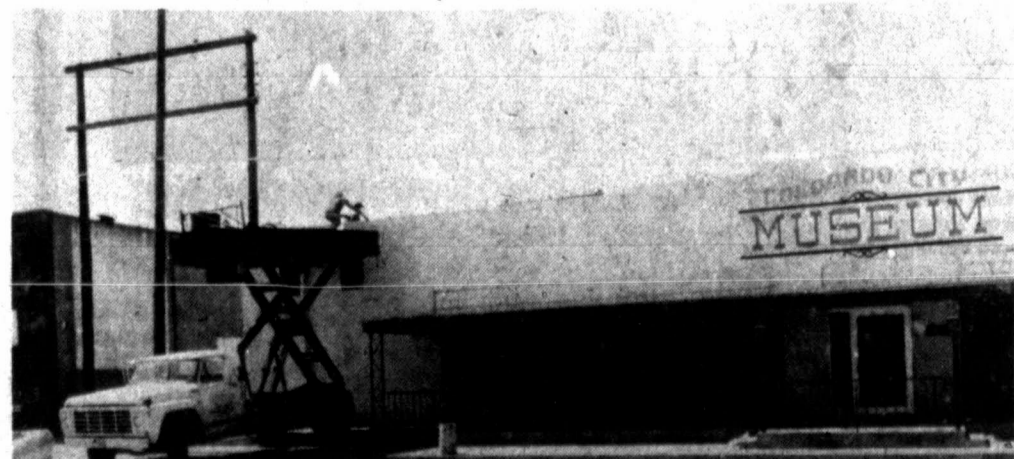

Harold Edwin Maniss, 71, died at 1 p.m. Thursday in Root Memorial Hospital. Services were held at 10:30 a.m. Saturday in the First United Methodist Church.

The Rev. Ron Hamby, pastor, officiated. Burial was in the Colorado City Cemetery under the direction of Kiker-Seale Funeral Home.

Born May 8, 1908, in Pauls Valley, Okla., he married Vera Maude Wollard Dec. 25, 1929, in Hillsboro. He was a variety store owner for many years, later working for the post office. Since the early 1950's he was self-employed in the photography, printing and office supply business here owning and operating Maniss Supply Co. He had lived here since 1937. He was a member of the First United Methodist Church. He was a Lion and a Mason.

Survivors include his wife; a son, Dr. Robert E. Maniss of Abilene; two brothers, Ralph and Bovell, both of Greenville; two granddaughters, Lynette of Abilene and Mrs. Berkley Craig of El Reno, Okla., three nieces and two nephews.

Pallbearers were Edwin Cox, Ben Porter, Bill Denson, H. L. Crout, T. J. Goss and W. B. Crockett.

THE COLORADO CITY MUSEUM is well on its way to having a new roof as evidenced by the above photo. A fund drive led by Jake Merritt was undertaken earlier in the year to raise money for the project and about \$5,000 was donated by local and area citizens.

J. W. Hicklin Family In Religious Pageant

The J. W. Hicklin family of Colorado City, are currently members of the cast presenting The Kendrick Religious Pageant, "The Life of Christ", in its fifteenth year of production.
The pageant is presented on the Kendrick farm halfway between Cisco and Eastland on U. S. Highway 80.
It is presented each Thursday and Friday from June 14 thru August 17. The play begins just after dusk about 9 p.m.

"We have been indirectly involved in the production for 12 years," Jean Hicklin stated.

"Suzie, Holly, (the Hicklin daughters) J. W. and I are each playing several parts. J. W. is John the Baptist, Pilat and Herod," she said.

Jean acts the parts of Elizabeth, mother of John; Mary, mother of Jesus and Martha, sister of Lazarus, among other parts.

Holly is a trumpeter. Susie is an angel. A friend Charlotte Brown is an angel also.

The Hicklins began going to the Easter Pageant over 12 years ago. They met and talked with the creator, J. H. Kendrick, and were persuaded to become involved in the production.

Kendrick began the play 16 years ago. It was first performed on his front porch. As interest grew in the production, the pageant was expanded.

Today the performance takes place on a hillside covered with several buildings, a large stage area, underground lighting and sound systems.

Mrs. Kendrick accompanies the production on an organ.

Spectators can camp overnight on the grounds. The production is presented amphitheater style with observers seated on metal folding chairs, in automobiles or any other comfortable means.

Kendrick has expanded the pageant to include a museum. Most of the costumes are authentic and are displayed on life size figures.

"There is a display of the last supper in the museum. As you walk among them, the eyes seem to follow you," Mrs. Hicklin commented.

"If any group desires reservations contact Mrs. Jean Hicklin at 728-3809. Entrance fee is \$3 and all monies are used to expand and support the pageant," she stated.

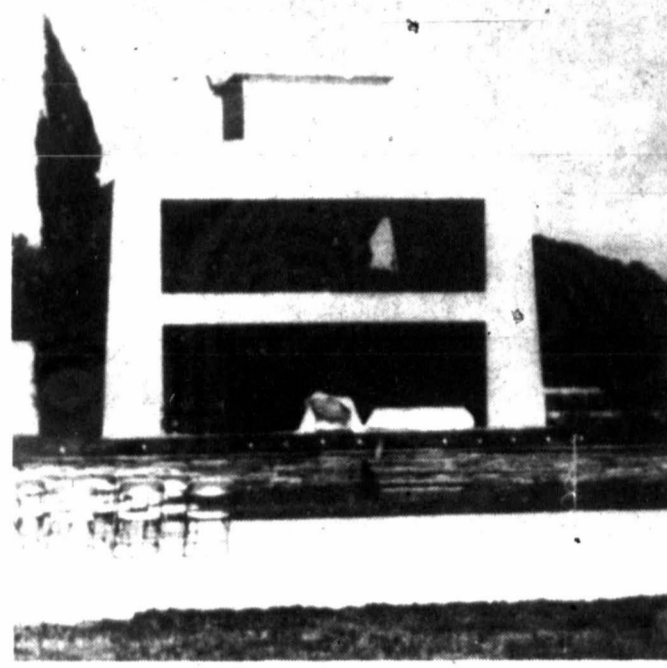

Among the many varied animals used in the pageant is a camel. This camel was purchased for the wise man scene, when it was a baby.

Kendrick displays the camel in parades or special events. Sugar, the camel, appeared in the Colorado City Fly-In Rodeo Parade and was a spectator at the Rodeo each evening.

The museum (Diorama) is open seven days a week, year around from 10 a.m. till 5 p.m. After hour tours may be arranged with advance reservations for groups.

This Diorama has 16 scenes from the New Testament, set as realistic as possible, with over 100 live sized figures, narration and soft organ background music for each scene. Admission to the museum is \$1 for children ages 6-12 and \$1.50 for adults. Admission to the production is \$3 per person, parking and overnight camping on grounds is free. Restrooms and a concession stand are available.

The entire Life of Christ from birth through resurrection is portrayed in sixty scenes, by a cast of Christian people of all walks of life and religious denominations.

THE KENDRICK RELIGIOUS PAGEANT, "The Life of Christ" is in its fifteenth year of production located between Cisco and Eastland. The J. W. Hicklin family are currently members of the cast. The pageant is presented each Thursday and Friday from June 14 thru August 17. The play begins just after dusk about 9 p.m. The picture above shows the Diorama.

Pesticide Program Monday

A program designed to offer the opportunity to Mitchell County producers to obtain a certification as private applicators of restricted-use pesticides will be offered Monday afternoon.

County Extension Agent Bob Benson said the program, to be held in the C. C. Thompson Room at 1:30 p.m., will include a discussion of laws, labels and labeling, pesticides safety, mixing and calibration, as well as pest and pest damage identification.

Prepared by the Texas Agricultural Extension Service, the program lasts about 3 1/2 hours.

Photo by Danborah Studio.

His Name Is Jesus & He Is Lord!

Rev. Bobby Chaney
Pastor
Christian Fellowship

In Exodus the sixth chapter, verse one through eight, God said to Moses, "I AM THE LORD!" In fact, He makes that statement four times in those eight verses and I get the impression God wants it known that He is Lord. And he still has the desire to be known as Lord. The third verse states, "And I appeared unto Abraham, unto Isaac, and unto Jacob, by the name of God Almighty, but my name Jehovah (Lord) was I not known. (Reference verses Genesis 17:1; Genesis 28:3; Genesis 35:11). The people in those days knew God was all powerful, omnipotent God, but had not recognized Him as Lord. There are scores of people today that are in the same boat. You ask people today about God and you will get all kinds of answers. People will say God is all powerful. God has made all creation. God is everywhere. No matter where I go God is there. God is the all powerful being off on a throne somewhere. But, He never plays an important part in their life, except when problems arise. And then they wonder why God never answers them. Why things happen to them or they get mad at God for not coming right away to solve every cry or whimper. He is known only to them as the man upstairs, or some other odd thing. It is amazing at the number of people that cannot speak the name of Jesus, except it be used in vain. We need to come face to face with the reality that God calls us to know Him as Lord. God speaks to Moses in Exodus 6:6-7 "I am the Lord, and I will bring you out from under the burdens of the Egyptians, and I will rid you of their bondage, and I will redeem you with a stretched out arm, with great judgement (discernment); and I will take you to me for a people, and I will be to you a God, and you shall know that I am the Lord your God. These verses give us a real picture of the Lordship of God, and He is still expressing Himself in the same manner today. He is expressing Himself through Jesus Christ His son. What does it mean for Jesus to be the Lord of your life? It should mean a great deal to us as Christians to recognize Jesus is Lord. Many times, though, in the realm of the church, denominationalism, charismatic life there is a failing to make Jesus the complete Lord that he desires to be. First, we must realize that the Lordship of Jesus is to see Him as our deliverer. He has delivered us. He is delivering us. He will deliver us. He brought deliverance to us as he went to the cross and shed his blood. He has delivered us from the bondage of sin and death. If Jesus had not done this, we would still be struggling in our sins. Just like God spoke in Exodus concerning delivering the children of Isarel from Egypt, Jesus has delivered us from sin sickness. If we belong to Jesus, sin is no longer ruling our lives. We are free from the law of sin and death, and Jesus has taken his rightful place as Lord through obedience in the shedding of his blood on the cross (without shedding of blood is no remission). If Jesus had not died for you and I, we would be doomed.

Second, Jesus is Lord by our admittance. We must accept His Lordship. We must desire and walk in it. In Exodus the same chapter, verse six, the statement is made: "I will redeem you with a stretched out arm! The out stretched arm means by his strength and his embracing. The arm from the shoulder down to the elbow represent Gods strength, and from the curve in the arm down represent Gods embracing. God comes in his strength and power and we recognize him in that manner as Lord; but he desires to come to us and embrace us in a loving way. Gods strength and might is seen in the cross. The overcoming power operating in Jesus as he gives himself totally to the cross. Now, He wants you to relax in His arms and be totally His. This calls for total trust, total surrender, an acceptance of Jesus (beyond just a mental concept), and a coming to know him that results in His being the Lord of our life. We will know what it means for him to be Lord as we allow him to embrace us and take charge of our life. You must let him embrace you. Read Matthew 23:37-39.

Third, Jesus is seen as Lord by our obedience to His will. People all around us will see and know he is our Lord as we learn and walk in obedience. Search the scripture, for in them, you will find that God requires obedience.

Fourth, The Holy Spirit will let you know Jesus is Lord. 1 Corinthians 12:3 "Wherefore I give you to understand, that no man speaking by the Spirit of God calleth Jesus accursed: and that no man can say that Jesus is Lord, but by the Holy Ghost.

Won't you allow Jesus to be Lord of your life?

Break-In At Kent Station

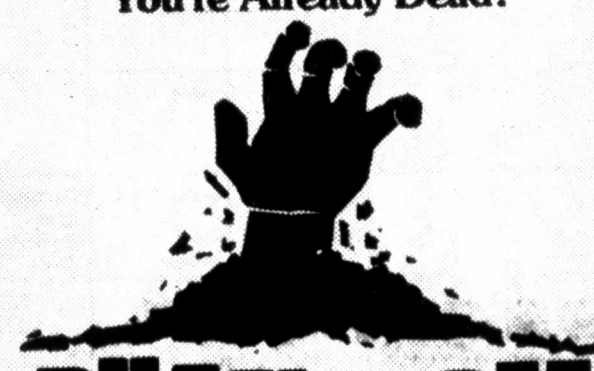

The Colorado City Police Department is investigating an early Friday morning break-in at the Kent Oil Service Station on West Highway 80.

The call was received at 7:10 a.m. and upon arriving at the scene, officers found that a side window had been broken.

Investigation revealed that about \$150 worth of merchandise had been taken in the burglary. Except for the window, there was no other damage to the station.

July 12

Muril H. Rhodes, City, medical; Robert Chambers, City, medical; Cloyce Brubaker, City, medical; Mrs. Nell Shackelford, City, medical; Audie Matlock, City, surgical.

Contacting your post office about holding or forwarding mail before leaving on vacation will turn out to be time well spent, Postmaster Arlene Morris, reminded residents of Colorado City today.

"Letting mail or newspapers overflow a mailbox literally advertises that a house or apartment is empty and unguarded," Morris said, "and amounts to an open invitation to burglars."

The Postmaster suggests that householders ask a friend or neighbor

Postmaster Has Reminders For Residents

to empty their mailbox daily when they're going to be gone for a relatively short time, have the post office hold the mail as long as 30 days, or have it forwarded to a vacation address.

The Postmaster also offered some other tips for vacationers:

—Buy enough stamps or post cards and other correspondence before leaving on vacation.

—Remember to use the right amount of postage—ten cents for post cards and 15 cents for

letters that weigh one ounce or less. For letters that weigh more than one ounce the additional postage is 13 cents an ounce.

—Make sure that you deposit mail where it is most frequently picked up; when possible, at post offices or in downtown, business district collection boxes.

—Take along an address book that includes ZIP Codes of those you plan to correspond with.

Morris also says taking the time to write legibly will help immen-

sely in getting cards and letters to their destinations more quickly.

July 15 is the deadline mailers have to use up small undersized envelopes and cards, Morris reminds customers.

Starting that date, the Postal Service makes its new size standards effective. Cards and envelopes measuring less than 3½ inches high or 5 inches long no longer will be available and will be returned to sender.

Extra large First-Class envelopes—more than 6½ by 11½ inches—

will incur a 7-cent surcharge if they weigh an ounce or less.

Morris advises these oversized pieces will be returned to the sender if they do not carry the 7-cent surcharge but can be remailed if the surcharge postage then is affixed. However, delays for these pieces can be avoided if mailers make sure that sufficient postage has been applied.

The new regulation also will prohibit thin or flimsy cards. After July 15, the cards must be at least seven thousandths

(.007) of an inch thick.

"Small envelopes and flimsy cards tend to jam mail processing equipment and cause damage to other mail as well," explained Morris. "The surcharge on oversized or odd-shaped pieces is intended to cover the added cost of handling such pieces which must be processed manually," he said. "These standards have been established to allow the Postal Service to process mail more efficiently and this will mean better service for customers."

Letters To The Editor

Dear Editor:

I would like to extend my sincere appreciation to the people of Mitchell County for their support and friendship during the past six years. My transfer from the highway patrol service to license and weight service was effective May 1st of this year and my family and I will be moving to Howard County in the next few days.

It has been a pleasure working with the Mitchell County officials. The Sheriff, County Judge, Commissioners Court, City Police, and all the Peace Justices are very supportive of law enforcement and are fine people in general.

Most of all, I will miss the fine people of this county. You have shared with me your happiness and also grief. I hope that I have performed my duties in such a manner to bring credit to this community. I have sincerely enjoyed serving in Mitchell County.

Sincerely,
Marvin L. Keenan
Trooper II
Texas Department of Public Safety

Dear Editor:
Colorado City, after many years, is finally going to have a shopping center. Certainly, this will be an improvement to our town. Not only will this center be a convenience for the people in Colorado City, it also will help the economy.

Much to my amazement, there are people in Colorado City against having this shopping center. It is hard for me to believe that anyone would be against any progress in Colorado City.

If there are people really against Colorado City growing and prospering, then Colorado City is not the town I thought it to be.
Brad Rose

Society To Meet

Mitchell County Historical Society will meet at 3 p.m., Wednesday in the Mitchell County Library.

Events scheduled include, regular business meeting, tour of three local historical sites and refreshments at the home of Bobbie Steakley.

Members and interested persons are invited to attend.

Debra Shoemaker, Steven Graham to wed Shoemaker, Graham Set August Wedding

Mr. and Mrs. James Shoemaker of Colorado City announce the engagement and forthcoming marriage of their daughter, Debra Lynn, to Steven Joe Graham, son of Mr. and Mrs. Joe Graham of

studying cosmetology at Western Texas College in Snyder. Graham is a graduate of Lorraine High School and is employed by the Texas Highway Department in Snyder.

The bride-elect is a graduate of Colorado High School and is presently

The couple will exchange vows on August 18 at 7:30 p.m. in the Calvary Baptist Church.

Circle Hosts Meeting

The Agape Circle of the First United Methodist Church met Tuesday evening for a salad supper and social hour.

They met with the Night Circle of the First Baptist Church.

After the salad supper Ethel Hardegree read a story from the Guide Post magazine entitled "If You Want To Brighten Your Day, Laugh Along With God."

Marie Helm sang "One Day At A Time" accompanying herself.

Guests present were Rev. Ron Hamby, Marie Helm, Sallie Rogers, Dona Reed, Erdine Morgan, Frances Myers, Bonnie Brown, Sybil Walding and Judy Cain.

Members attending were Della Fox, Ethel Hardegree, Phyllis Glover, Myrtle Womack, Louise Harvard, Mye Dozier, Betsy Davis, Elizabeth Elliott, Rochelle Smith, Juanita Coker, Lucretia Small, Billie Martin and Wilma Reynolds.

Hostesses were Nelda Garrett and Mildred Morgan.

Kristi Lee Manor

The musical was enjoyed Friday night. There were many visitors present. The lodge would like to thank those that participated in bringing the music.

Visiting Delia Smith and Nettie Smith from Odessa was Delia's daughter Beatrice.

Willie Moody is welcomed back to the lodge.

New resident to the lodge is Dola Fowler.

Director of Nurse's, Aneta Wright, is a new grandmother. The lodge employees and residents would like to congratulate her.

Lester Jarrett had as his visitors his sister and husband, Mr. and Mrs. Crownover of Lorraine.

Rev. Monte Wike preached the Sunday afternoon service. Everyone enjoyed it.

B&PW Has Meeting At Spanish Inn In Snyder

The members of the Colorado City Business and Professional Women's Club journeyed to Snyder to the Spanish Inn Tuesday evening for their regular dinner and business meeting.

Newly installed president, Margaret Ann Conaway, called the meeting to order. Minutes of the previous meeting were read and approved and the treasurer's report was given.

A report on the bar-b-que dinner held at the Kelley Elementary School and sponsored by the club as a money making project, was given. A report was also given on the AJRA Queen Contest sponsored by the club.

The club delegates who attended the State convention in Lubbock recently, gave reports on the sessions they attended. Annie Dixon and Juanita Schafer attended the convention along with Margaret Ann Conaway who was a delegate. The theme for this year, according to the State President, is "Together We Learn".

The club decided that the August social would be Aug. 23 in the back

yard of Shirley Delaney's home. It will be a family picnic with each member bringing a picnic lunch.

Committee members were named by the secretary.

Members were urged to attend all meetings if possible and also to take part in all club activities.

Margaret Oyler dismissed the meeting with prayer.

Members attending included Margaret Ann Conaway, Mildred Boyd, Ola Mae Johnson,

Margaret Oyler, Adele Morgan, Erdine Morgan, Nelda Garrett, Ida Miles, Wilma Womack, Sallie Rogers, Judy Winkle, Annie Dixon, Lona Pritchett, Molly Bruce, Ann Gregory, Louise Johnston, Rochelle Smith, Ida Kirschbaum, Mildred Free, Juanita Schafer and Mary Hickman.

Guest attending were Louis Schafer, Byron Bruce, Arnel Smith and grandson Kevin, Pam Johnson and Dan Houston Morgan, son of Adele Morgan.

Firemen To Meet

Colorado City Volunteer Fire Department will hold its regularly scheduled monthly meeting at 7:30 p.m. Monday in the fire station.

Members of the department will participate in practical fire fighting methods and training.

VFW Ladies Have Meeting

The Ladies Auxiliary of the VFW Post 9178 met recently with Mrs. Dorothy Clark, president, presiding.

Refreshments were taken to the McDonald home on July 5th.

The local post will have the Fall Convention scheduled on October 26 through the 28th. This is for District VIII of the VFW.

There will be a called meeting Sunday (today) for District VIII in Abilene at Post 2012. The post will open at 1 p.m. and the business meeting will begin at 2:30 p.m. The purpose of the meeting is to set the quota and to present awards and certificates. The local Colorado City Post will be a recipient for an award.

Those present at the meeting were Mmes. Mae Page, Tom Jackson, Dee Hardin, Jessie Lee Wilson, Vivian Hill, Jesse Bunch, Molly Moxley, Audrey Wilson, Jim Hearin and Clark.

Smith To Conduct Program

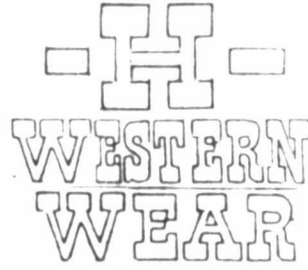

Mrs. Penny Willhite, Chairman of the West Texas Chapter of the Arthritis Foundation, announces that Mrs. Fred Smith, has agreed to conduct a Special Event in Colorado City to raise funds for the West Texas Chapter of the Arthritis Foundation.

Mrs. Willhite said that funds raised from this event will help to support services for Arthritis and their families in this area and to advance the National Foundation's research programs that are directed at finding the cause and cure to Arthritis.

More than 31,000,000 Americans are afflicted with Arthritis serious enough to require medical care, 722 right here in Mitchell County. Arthritis, the Nation's number 1 Crippler, costs the National Economy a staggering \$13 billion annually in lost wages and medical care bills. The cost in human suffering, in pain and disability, is beyond measure.

Fred W. Nall Is Named Chief

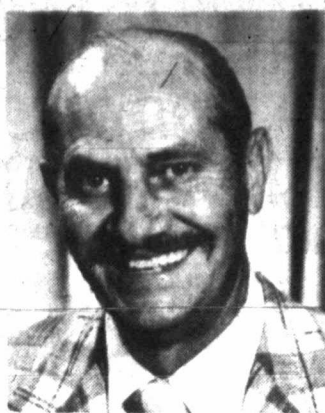

Fred W. Nall has been named Chief, Design Branch, for the Fort Worth District, U. S. Army Corps of Engineers. He reported for duty June 18, succeeding Paul P. Schwartz, who has retired.

He is a native of Colorado City and graduated from high school here. He received a B. S. in civil engineering from Texas Tech in 1959. Upon graduation, he accepted employment with the Highway De-

partment at Monahan's.

In 1962, he joined the Corps of Engineers, Fort Worth District and was assigned to the Hydrology Branch. He transferred to the Corps' Alaska District and was stationed in Anchorage, where he became Chief of the Design Branch.

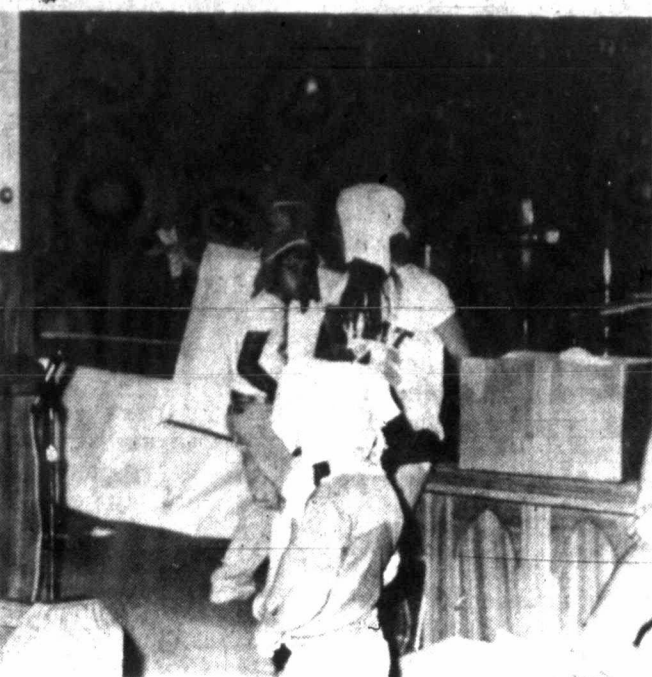

From April 1976 to his assignment in Fort Worth, he was with the Corps' Galveston District as Chief of Hydrology and Hydraulics Branch.

Fred W. Nall

He is married to the former Jackie Lowe, daughter of Mrs. D. L. Lowe of Colorado City. They have four children.

Mr. and Mrs. Nall reside at 1303 Mildred in Benbrook.

CLIMAXING THIS WEEK OF Vacation Bible School at the First Methodist will be "David And The Giants". These boys and girls are busy with rehearsal.

THE CHEERLEADERS AND FLAG CORPS are hard at work on their car wash held Tuesday at the Mobil Station on I-20. The girls are raising money to go to camp in the near future. The cheerleaders will go to Austin and the flag corps will go to Brownwood.

Win Shopping Spree

The Colorado City United Girls Softball League All-Stars have started a fund drive to get funds to send three all-star teams to a tournament in Abilene Aug. 2, 3 and 4.

The fund drive consists of taking \$1 donations toward a 5-minute shopping spree, at E-Z

Way Superette for the winner of a drawing.

The drawing will be held at 8 a.m. July 25 at E-Z Way and the winner will be notified. You do not have to be present to win.

The shopping spree will be held on that same day and the only limitation is two meat items.

Page's Win Suit

A January Mitchell County Court decision by Judge Bill Carter involving a landlord and a dissatisfied tenant was affirmed in the Court of Civil Appeals in Eastland Thursday.

On Jan. 22, Carter, acting in the case of Marvin and Beverly Page vs. Bob Tammen, ruled that Tammen had acted in bad faith in withholding \$25 of the security deposit paid by the Pages when they rented his property.

The Pages were represented in the case by County Attorney Pat Barber and the Tammens were represented by Attorney Tom Rees.

Tammen was directed by Carter to pay a penalty of \$100 plus three times the security deposit amount she had withheld which totaled to \$75.

He also was directed to pay attorney's fees of \$350 and other court costs of \$941.

Extra Editions Available

EXTRA - EXTRA, read all about it. Copies of the "extra edition" of the Colorado City Record, distributed during the Frontier Day's Parade by Editor Mac McKinnon, are available in the Record Office at no charge.

Anyone desiring souvenir copies, featuring photographs of the rodeo queen contestants, may come by the office during business hours to pick them up.

Zoning Board

To Meet

The Planning and Zoning Board of Colorado City will meet in City Hall Monday at 7 p.m.

The session will be held to consider re-zoning the 13.33 acre plot across from the high school which has been designated as site of a newly proposed shopping center.

This is a public hearing and property owners within a 200 foot radius have been sent notices by the city to appear before the board if they have any comments or questions on the re-zoning.

The Colorado City Council will hold a public hearing at 4 p.m. Tuesday in City Hall.

The purpose of this meeting is to consider uses for the Urban Development Action Grant for which City Manager Ray Mason submitted application.

The use of the grant, according to Mason, is to extend utilities and streets to the proposed site of the new shopping center.

You're invited to attend a free

Farmers Urged To Request Priority

Producers and farmers, who use natural gas, are advised to submit a written priority request with their supplier, no later than July 15, if they desire protection against natural gas curtailments.

Curtis Latimer, chairperson of the County Agricultural Stabilization and Conservation

Committee stated, due to late notification of producers in Mitchell County, they should go ahead and file after the final date in order to protect their supply.

The request should include information shown on attached application, Latimer stated. Agricultural users served by interstate nat-

ural gas suppliers who make proper requests are assigned a priority 2 status. This means only residential, small commercial establishments and essential services are accorded a higher level of priority.

Requests should be filed with the direct supplier, which may be a local distribution company or interstate pipeline company, Latimer said.

Each applicant should examine actual use for most recent 12 months, as a starting point to calculating natural gas volumes.

If this volume is insufficient, the anticipated needs should be cited and the reasons for the increase explained, he noted.

Farmers are reminded not to forget to sign the request for priority.

Intrastate natural gas suppliers are not covered by this priority, Latimer said.

He advised "check with the local utility if in doubt."

Scuba Course Offered

Sign up now for courses in Scuba Diving or Junior and Senior Life Saving Courses.

Scuba courses begin Monday evening and last for seven weeks at a cost of \$75. Air and tanks will be supplied by course instructor, Bobby Lee. All other equipment, fins, mask and snorkel must be supplied by the individual.

Life saving courses will begin Tuesday and run for three weeks at a cost of \$20. This charge is for an optional book, \$2.25, an optional patch, 50c and pool use fees of \$17.50. Instruction is free.

Any interested person should contact Lee at 728-8155 or 728-8284 as soon as possible, since classes will be limited to 10 persons each.

Lee indicated the pool will close for the summer on August 26.

Church News

CHURCH OF CHRIST
The Summer Lecture-ship is scheduled Monday through Friday of this week beginning each day at 8 p.m. at the Lightfoot Church of Christ in Loraine. The theme will be "Marriage and Family Relationships".

We would like to express our thanks to James Parker for the use of his Mobil Station during our car wash, we also extend our thanks to Rusty Prescott for helping out. Thanks to our customers, also, for supporting our organizations.

Sincerely,
CHS Flag Corps and Cheerleaders

Juveniles Go On Burglary Spree

Six Colorado City teenagers were released to their parents Thursday after being questioned by the police concerning several local burglaries that have taken place in the past few weeks.

According to Assistant Police Chief Jerry Cowin, the questioning of the teenagers, 12-16, cleared up at least four recent burglaries. Among those brought to light were a July 3 burglary of Paris Yarbrough's Fina Station in which \$15 was taken and a July 6 burglary, at the same place, \$260 worth of merchandise was stolen.

Two other incidents were cleared up during questioning. One occurred on July 5 involving a stolen bicycle valued at \$100. The other occurred June 3 at the little league field in Ruddick Park, about \$80 was taken.

"DAVID AND THE GIANTS" will be presented at the First United Methodist Church Sunday (today) at 6 p.m. in the church sanctuary. Shown above are the youngsters in rehearsal for the production.

AUDIT REPORT

City Of Colorado City Mitchell County, Texas

For The Fiscal Year Ended April 30, 1979

The Honorable Mayor and Members of the City Council
The City of Colorado City
Colorado City, TX 79512

Gentlemen:

We have examined the balance sheets of the several funds of the City of Colorado City, Texas, as of April 30, 1979, and the related statements of revenues, expenditures, and surplus for the year then ended. Our examination was made in accordance with generally accepted auditing standards and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

See "Notes to Financial Statements" for comments and accounting policies.

In our opinion, subject to the explanations on accounting policies as stated in Note II, the accompanying balance sheets and related statements of revenue, expenditures, and fund balance present fairly the financial position of the various funds of the City of Colorado City, Texas, as of April 30, 1979, and the results of their operations for the year then ended, in conformity with generally accepted accounting principles applied on the basis consistent with that of the preceding year.

Respectfully submitted,
Joe H. Morren
Certified Public Accountant

★ TAXES, From Page 1

Burt used an example of the county received \$721,340.56; Colorado City, \$213,294.15; Loraine School District, \$190,634.88; Westbrook, \$2,478.06; Westbrook School District, \$383,580.85; Colorado School District, \$1,635,558.68, and Loraine, \$33,423.98 in taxes, a formula prescribed by the legislation would authorize how many votes each entity is allowed.

The county would have one vote, using the above figures. Colorado City would have 25.8 percent of a vote, Loraine ISD, 23.1 percent of a vote, Westbrook, four percent of a vote, WISD, 46.5 percent of a vote, CISD, three votes and Loraine 4.2 percent of a vote.

Currently the court, is operating under 1962 values using 25 percent of the value. CISD is operating under 1965 values using 67 percent of value.

The position of chief

appraiser will be created. A registered assessor may qualify.

Currently, Burt is going to school and must take his final examination to qualify. CISD tax assessor Jay Craddock has the necessary schooling and need only take the test Burt Stated.

Each taxing unit may elect as many as five representatives to the district board of directors.

This will be done to allow cumulative voting, a method commonly used in corporations, insuring minority representation.

Also included in the new legislation is a formula for appraising agricultural land.

The term agricultural use, as defined by the bill, includes, but is not limited to, the following activities: cultivating the soil, producing crops for human food, animal feed, planting seed, and for the production of

fibers, floriculture, viticulture and horticulture.

Also included is the raising or keeping of livestock and planting cover crops or leaving land idle for the purpose of participating in any governmental program or normal crop of livestock rotation procedure.

In Mitchell County there are two categories of land.

The term categories means, the value classification of land in each taxing unit, considering the agricultural use to which the land is principally devoted. Determining the categories of land will be obtained from Soil Conservation Service.

Also included in the formula is net land value. This means the new value derived from the

★ FACT, From Page 1

keep it there and still provide the public with the best services available.

It will shortly be at the point where they can no longer afford to provide these services on the sum that has been allotted to it.

Compare their situation to that of the household budget.

A family can eat a good wage and live in a life style accordingly.

Then, the price of food goes up, so they cut back a little on entertainment to compensate.

Then, the car goes on the blink, and it's necessary to buy another, so, entertainment is cut completely and they eat less meat.

Then, insurance goes up, along with rent and utilities, so more has to work for that second income.

Then, little Charlie graduates and wants to go to college.

What can they do if the income is at maximum and it just won't cover the expense, there's just no place left to sacrifice.

So, Charlie goes to work if he can find a job, and hopes for an education later.

This is the county situation now. They have had the best services, minimum taxes at tax and county offices, little waiting time to have necessary legal work done, easy access to judicial and law enforcement agencies, good roads, well maintained, weeds and brush cut back on right of ways, a readily available public library and good emergency assistance.

Now, it's time to cut back on services to stay within the budget. Retiring persons will not be replaced, leaving work that must be set aside and done according to priority.

One political party is that inflation will continue. How we, as a community, handle the gap will determine, to a great extent, how our taxes will increase.

So many of the services we have come to expect will have to once again become our own personal responsibility if taxes are to be kept down.

A good instance was brought to my attention during a discussion with the commissioners.

Due to a faction of the public's concept that a county road makes an ideal dump ground, many man hours, which could be better spent in other duties, go to gathering litter from bar ditches and roads.

The public could save itself tax dollars by carrying the trash to the dump grounds at the edge of the city rather than the bar ditch. Or a citizen with knowledge of such littering could save tax dollars by reporting the incident so a citation can be issued to help offset in part the cost of cleaning up the mess.

Or, how about a rancher who could use the Johnson grass and fodder beside the county roads, cutting and baling it for cattle feed. He is helping both the county and himself!

More and more, as a community we are going to have to depend upon ourselves and our neighbors, rather than government, if we as a nation are not to become socialized.

In my opinion, it will be one of the greatest things to happen this century if we, once again, are forced to become self sufficient and return the government's "Pacifier" to it.

use of the open-space land that would have been earned by the owner over a five year period. This includes livestock produced, farm crops, and hunting or recreation leases.

The valuation of agricultural land for ad valorem tax purposes shall be determined on the basis of category, using accepted income capitalization methods applied to average net land.

Income capitalization is a term used meaning process of dividing net to land by the capitalization rate in order to determine the value.

This system of taxation will be implemented by 1980 according to Burt.

The value may not exceed the fair market value derived from the

State Water Heaters Installed at almost Do-It-Yourself Prices

Be a plumber helper and save

This is what you do. Drain your old water heater before we arrive. Dispose of your old water heater after we leave.

We handle the hard part—the actual installation. And with all the thoroughness and skill you'd expect from licensed professional plumbers. Because that's what we are.
