West Texas Old Timers Meet Again

Six Thousand Gathered At Thirteenth Annual Re-Union Last Week

The trails where ox teams and fiery saddle ponies once trod, making their way to the outposts of civilization were trodden again Thursday and Friday when approximately six thousand old and new pioneers entered the gates to the Hank Smith Memorial park to celebrate the old settlers reunion. The celebration was in commemoration of the birthday anniversary of Hank Smith.

Two full days of entertainment were climaxed each day with a chuck wagon dinner consisting of barbecued beef cooked the old fashioned underground way and served with all the trimmings.

The entertainment consisted of speaking, singing, dancing and amateur features.

Officers Are Elected

Officers elected to serve the organization for the following year are: John Kerlin, Ralls, president; W. I. Cannaday, Floydada, vice-president; Mrs. Evelyn Smith Lowrie, Crosbyton, secretary-treasurer; re-elected; R. B. Smith, Crosbyton, business manager; Thomas Montgomery was unanimously elected honorary president.

The board of directors were re-elected for another year, as follows: Geo. L. Fawver, N. Y. Bicknell, J. J. Spikes, Geo. W. and R. B. Smith, Mrs. Belle Smyers and J. B. Jenkins.

President Glad Snodgrass of Floydada gave the welcome with responses from George Oberhuls, of Amarillo, Mrs. A. B. Duncan of Floydada, and Alvin Allison, of Levelland.

Judge Bonham spoke in behalf of Jerry Sadler, candidate for railroad commissioner.

Other speakers were Jim Williams, candidate who won the nomination for sheriff of Crosby county, and C. C. Hale of Afton.

Mrs. J. J. Spikes, past secretary of the organization, gave greetings and tribute to the old timers. In her discourse she explained the haze that is always seen hovering over the canyon and the plains. "That," she said, "is the smoke (See OLD TIMERS, back page.)"

Lon Davis Re-Elected President So. Plains Ginners On Saturday

Local Gin Men Attend Fifteenth Annual Meeting of Regional Organization

Lon M. Davis was re-elected president of the South Plains ginners in their fifteenth annual meeting held in Lubbock Saturday.

Three hundred and fifty ginners from over the district were in attendance at the meeting. Five directors were selected to serve for another year. R. D. Holmes of Lubbock was named vice president, and H. H. Hawkins, of Plainview, was elected secretary and ex-officio director. Others named were G. A. Simmons of Lubbock, J. W. McDonald of Lamesa and R. E. Patterson, Lockney.

The ginners in a resolution approved a domestic allotment cotton plan, and went on record as favoring better cottonseed and better ginning methods. A number of state guests appeared on the program as guests speakers.

Others from here attending the meeting were Mr. and Mrs. Bill Scott, Mr. and Mrs. J. W. Lanier, Mr. and Mrs. J. E. Newton and Charlie Nickles.

Two Floyd County Schools Enter On 1938-39 Schedule

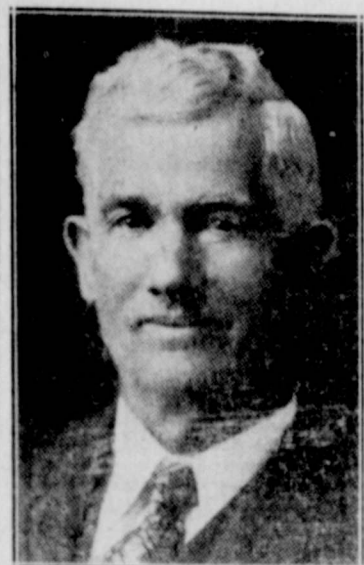

Two Floyd county schools, Edgin and Fairview, have begun their 1938-39 schedule of work, and the third is to start on Monday of next week.

Forecasting the probability that school work will have to be halted in the fall while crop gathering is at its height, these schools are planning to get in several weeks of work for their scholastic to avoid a late closing next spring and at the same time afford as many months of training as possible.

Sand Hill school district, which opens Monday morning of next week, also is arranging to follow the same plan, if need be, this fall and winter.

These opening will be followed during the next two to three weeks by others, and by the first Monday in September it is anticipated that every school in the country will be teaching, including Floydada and Lockney independent school districts.

Cannery Project Re-opened Last Week at Lockney when Suitable Building Provided

Mrs. Fred Taylor Continued As Supervisor Of Food Saving Project

The Floyd county cannery project, invaluable the past three years in conserving the resources of summer production for winter consumption, is operating full blast at Lockney this week following its removal from Floydada last week.

Inability to obtain suitable quarters here for the cannery, was forecast two weeks ago when Mrs. Fred Taylor, supervisor, said some action would have to be taken quickly or the cannery closed. At that time many orders were outstanding for canning.

Following action taken by the commissioners court last Monday of last week, Commissioner Harris and a crew of men were busy on the scene getting the plant removed to a good building in Lockney, and set up for work. Mrs. Taylor meanwhile was named by the court to continue as supervisor, her salary being set at \$50 per month in cash and \$10 in canned products.

Scores of irrigation farms which the cannery will serve at this time are put closer to the plant by the change, members of the court said. An arrangement that is satisfactory both to the county and the producer of garden products has been worked out from experience of the past three years.

Elected President of the West Texas Old Settlers Association last week, Jno. P. Kerlin, above, lives at Ralls. He was one of the first trustees of the Farmer school in the northwest part of Crosby county. 50 years ago he out-fought a bear in Ceta canyon.

Association Move Opposes Slate Of Democrat Nominee

Action Saturday Follows Declaration He Has Betrayed The People

The Old Age Good Government association of Floyd county does not favor and will vote against all the candidates endorsed last week by W. Lee O'Daniel, nominee of the Democratic party for governor.

Formal vote to this effect was taken at the Saturday afternoon meeting of the association in the county court house, following a discussion of the nominee's endorsement of 6 candidates for state office, two of whom are candidates for judgeships.

"Mr. O'Daniel promised us he was going down to Austin and clean out all the old politicians, but one of his first acts is a betrayal of the people on this promise," W. W. Payne, president of the association told the members in their meeting. With 23 members present, 9 voted favoring action to oppose every candidate endorsed by Mr. O'Daniel, none opposed, and 14 refused to vote one way or the other.

Nominee O'Daniel, who won the nomination for governor in the first primary on a \$30-a-month pension promise to all 65-year-olds in the state and a campaign against the professional politicians, last week endorsed Coke R. Stevenson for lieutenant-governor, Bascom Giles for attorney-general, and Walter Woodul for attorney-general. C. V. Terrell for railroad commissioner, Richard Critz for associate justice of the supreme court, and Harry N. Graves for judge of the court of criminal appeals, unexpired term.

Mrs. Barbara Smith At State Convention Of Tex. Postmasters

Mrs. Barbara H. Smith, is in Galveston today where she is attending the opening session of the Texas Postmasters Association, which continues through tomorrow and Saturday.

Mrs. Smith left Tuesday. She was accompanied by her daughter, Emma Louise, and enroute at El Paso, was also joined by her sister, Mrs. D. R. Preston.

At Houston Mrs. Preston and Emma Louise are visiting in the home of a sister of Mrs. Preston and Mrs. Smith, Mrs. J. V. Booth.

Strong Teams Enter Lockney Tournament

The baseball tournament beginning at Lockney next Monday and continuing through August 28 with a double header daily, yesterday already has 8 strong teams assured to enter and probably that others will come in.

Drawing will be held tonight in Lockney for first-round opponents. Two-game elimination will be the rule. Teams already entered yesterday were Roaring Springs, Parnell (Hall county league winner), Goutaue, Barwise, Gasoline, Lockney, Amherst and Sudan.

Games will be played at City Park field.

Daughter Of Robert Abernathy Succumbed Thursday Afternoon

Funeral Rites Friday For 22-Year-Old Resident Held From First Baptist Church

Roberta Abernathy, lacking a few days of 22, daughter of Mr. and Mrs. Robert Abernathy, 802 South Wall street, died at the parental home Thursday afternoon at 1:30 following an illness of some five hours duration, and interment of the remains was made in Floydada cemetery late Friday afternoon following funeral rites held from the First Baptist church at 3 o'clock.

Born at Cedar Bluff, Alabama September 8, 1916, the deceased came to Floydada 11 years ago with her parents and had made her home here since. Besides the father and mother two sisters, Mildred and Chloilde, and a brother, Judson, all of Floydada, survive.

Rev. Vernon Shaw, pastor of the Baptist church, officiated at the service held for the deceased and Harmon Funeral home had charge of arrangements. Pallbearers were W. C. Cates, W. U. White, Dr. I. W. Hicks, J. D. McBrien, W. N. Paschall, Marvin English, T. W. Quirk and H. C. Stanley. Mrs. Harry Inman of Canyon, Mrs. Porter Finley of Lockney, Mrs. Collis Roland, Mary Louise Thurmond, Gloria Hammonds, Robertine McIntyre, Evelyn Hicks, Faye Newell, and Misses Bonnie and Roby Adams of Lorenzo, served as flower girls.

Judge Graves Visits Floydada On Travel Tour For Court Job

Judge Harry N. Graves, of Williamson county, a candidate for a judgeship on the Court of Criminal Appeals, was in Floydada yesterday enroute east after spending two days on the plains urging his candidacy for the office he seeks. He is the present incumbent.

In company with Judge Graves was North Bigbee, a nephew and former news workers with the Dallas Morning News.

Details Of Storage Plan To Be Talked At Lakeview Fri. Night

Details of the plans and the possibilities of a cold storage and lock-up system for farmers of this trade area will be discussed at a meeting Friday night of this week, August 19, at Lakeview, it was announced yesterday by D. F. Bredthauer, county agent.

A moving picture showing how the system works will be used at the meeting and refreshments will be served.

County Board Meets In Special Session

The county board of trustees in special session Monday afternoon in the county superintendent's office unanimously accepted the resignation of Earl Edwards as trustee of Lakeview school.

The board also passed a motion to withhold 3 transfers of Starkey and 5 of McCoy.

Members of the board are J. W. Howard, president, J. T. McLain, Earl Edwards, J. F. Dollar, E. C. Durham.

Four Teams Headed For Semi-Final

Floydada And Lorenzo Are Assured Of Place In Semi-Finals

Floydada Odens and Lorenzo clinched their place in the semi-final round of softball tournament play Tuesday afternoon. Floydada defeated Ralls in their second round game 4 to 2 and Lorenzo defeated Spur 11 to 6 in their second round game.

Plainview Cloverlake played Estelina last night for the chance in the semi-final round and Childress tangled with Girard for their chance in the semi-finals.

Word was received Tuesday night from Sweetwater where Homer Williams, regional director of the AASA is watching the play-off in the newly organized district headed by Walter Collins.

Williams said that the Floydada district tourney was one of the most

SEMI-FINAL GAMES

Tonight at 8 o'clock Floydada will meet Plainview Cloverlake in the first game of the semi-finals and Lorenzo will play Girard in the second game.

Girard defeated Childress last night 7 to 5, getting 6 hits from an array of Childress pitchers while the Childress boys were collecting 4 hits from Girard's pitcher, Woody.

Cloverlake defeated Estelina 7 to 4 in the second game, collecting 9 hits while Estelina was getting 10.

The finals will begin Friday night at 8 o'clock. Admission is 25 cents for the double headers.

Successful in the entire region from any standpoint. Twice as many teams have been entered here as in any other tourney in the region and the interest and teams entered have been even more encouraging.

Tuesday night a crowd estimated near 800 persons was present for the two game night series and all seemed pleased the way the teams performed and the action that was shown on the field.

The umpiring has been generally satisfactory with the visiting and home teams with very few decisions questioned and no disturbing disagreements at all. Officials and spectators have been greatly pleased with the fine sportsmanship shown by the teams entered in the tourney.

Four Teams To Go

It is believed that four teams from this tourney will be eligible to enter the Sweetwater tourney which will begin Monday morning. In case the final games of this tourney are rained out it can be arranged for Floydada district teams to be placed in a lower bracket in order that the tourney may be finished early next week.

M. M. GRIGGS TO PREACH AT SOUTH SIDE BAPTIST CHURCH SUNDAY AFTERNOON

M. M. Griggs, of Crane, is scheduled to preach at the South Side Baptist church Sunday afternoon at 3 o'clock.

Rev. Griggs was called two weeks ago by the church to accept as pastor here. His decision will be announced Sunday.

The church announces a revival to start the first Sunday in September, Homer Sims said. The public is asked to keep this date in mind and come help in the services, he said.

Eudaly, Dairy Specialist, Will Fill Three Speaking Dates In County Next Week

Aiken, Sand Hill, South Plains On Schedule Of A. & M. Specialist

Three dairy meeting dates have been allotted to Floyd county next week upon the occasion of the visit of E. R. Eudaly, dairy specialist of A. & M. college to West Texas.

One each of the meetings will go to Sand Hill, Aiken, and South Plains on the following dates:

Aiken school house Wednesday night, August 24, 8 p. m.;

Sand Hill school house Thursday morning, August 25, 10 a. m.;

South Plains school house Thursday afternoon 2 o'clock, August 25.

Announcement that the Extension Service and West Texas Cream Improvement association had planned to sponsor the meetings in this county was made this week by D. F. Bredthauer, who will have charge in co-operation with Armour & Company, of which E. L. Angus is manager Floydada plant.

The West Texas Cream Improvement association has made arrangements to have men at these meetings who will contribute to the program from a standpoint of quality dairy products and the buyer. It is also thought that a discussion will be held on feed conservation as it is of maximum importance in dairy production. Dairying in Floyd county is playing a very important part in helping to balance the family budget.

Education on the need of a quality product to meet a constantly increasing demand of the market is one of the aims of these meetings. Some time will be given to the feeding and care of the dairy cow to obtain the results desired.

Another point which will be up for discussion is the dairy herd improvement association plan. Some very creditable work is being done in Hale, Swisher and Briscoe counties in this connection and it is hoped to bring the plan closer to Floyd county herds.

"Everyone interested in the production of dairy products is urged to attend one of these meetings," said D. F. Bredthauer, county agricultural agent. "They are planned to engage personal interest, are highly educational and entertaining as well."

Arrangements have been made through the West Texas Cream Improvement association, to serve refreshments at each of these meetings.

Clifford Tubbs Has Charge Of Rotary Program Wednesday

Clifford Tubbs had charge of the program presented to the Rotary Club at its luncheon Wednesday. As a part of the program the Misses Feagan presented two violin solos for the group.

Homer McDonald told the club of the district governors meeting held last week in Plainview. V. Williams gave a detailed account of the softball season from the financial angles.

James Willson described the South Plains Council Boy Scout tour to Yellowstone National Park which was held in July.

Hester West To Sail For China August 20

Hester D. West left Monday for Vancouver, B. C., from which place she will sail August 20 for Shanghai, China, to return to the mission field.

She has spent the past year on a vacation here with her parents, Mr. and Mrs. J. L. West and other relatives. She goes from the mission board for a six year period before returning home again.

Miss West has been honored with a number of socials and showers recently. Mr. and Mrs. Murrette Dorsey presented her with a portable victrola just before she left so she could have music while in the foreign fields. The Chinese have had all the hospitals, schools and homes which had been established by the missionaries, destroyed since Miss West left there on her vacation.

TOM TERRY IN VETERANS HOSPITAL AT ALBUQUERQUE

Tom Terry, son of Mrs. J. R. Terry, is in a veteran's hospital at Albuquerque, New Mexico, recuperating from an appendicitis operation he underwent Monday.

Tom made the trip to Albuquerque August 9.

MRS. ARMSTRONG HOME

Mrs. N. A. Armstrong was brought home Saturday from a Plainview hospital where she had been for the past sixty days for treatment and convalescing from a compound fracture of the ankle received in a fall while on a picnic at Roaring Springs.

She is reported as improving satisfactorily.

Final Date Nears For Applications On Crop Insurance

Warning from the county agricultural agent's office that the final date for accepting crop insurance applications is only a few days away, has been given.

August 31 is the date and wheat producers who are interested should take steps at once to obtain their rates and individual farms from the crop insurance supervisor.

"Each farm figures on its own rates," said County Agent Bredthauer. "And it is necessary that producers call in person so that the premium rate and amount of insurance can be figured accurately for the 1939 crop coverage."

A large number of producers have taken advantage of this form of insurance. Mr. Bredthauer's statement said. These who have already gotten their figures will avoid the rush on the last day. Others who come in late to make their applications may not be so fortunate as to find the supervisor ready to serve them immediately. It takes about 30 minutes to figure an application accurately.

Movie Contest to Close Saturday At Local Theatre

Local Boy And Girl To Get Chance In Feature Length Picture

Winners of the local movie star popularity contest will be named in Floydada Saturday night at the Palace and Ritz theatres. Jack Deakins, manager of the show said yesterday. The girl and the boy receiving the biggest vote will be announced. At the same time shows in 17 other south plains cities and towns will name winners.

According to the plans made Tuesday, Wednesday and Thursday night of next week winning couples from all the towns will be guests of J. L. Thompson. During that time each will be given a screen test and will be engaged in a round of activities, with a moving picture ball Thursday night when the final castings for the feature picture will be announced. Every local winner is assured of a bit part in the picture Mr. Deakins said.

For the ball, to be held at the Hilton Hotel, Deakins said Billy Nations will present a floor show of variety acts and Nations also will have charge of dance routines in the picture.

Five leading young women in the contest here are Sappho Ward, Juanita Rushing, Beth Newton, Martha Lee McCleskey, Bobbie McIntyre in the order named. Five young men with the highest vote are Woody Guthrie, Frances Wester, Reid Strickland, Phil Merry, Jr., and Lewis Hollingsworth.

"Anything could happen to this standing," said Deakins yesterday when the count was given out. "Any of these favorites could easily be the winner."

When the feature length picture is completed and finally approved, it will be put into production and the local theatre management expects to show it within a few weeks.

County Council Meeting Saturday Shows Busy Month

Miss Helen H. Swift, rural sociologist for women's organizations, and Miss Lida Cooper, district home demonstration agent were present at the meeting of the county council of the home demonstration clubs Saturday when chairmen and officers of the clubs of the county met in the county court room.

Miss Swift gave valuable instructions to officers of the council and members present. She concluded her remarks by saying, "Parliamentary laws are to clubs what Emily Post is to society."

Mrs. Raymond Williams, director of the county chorus announced that the new sheet music has arrived and will be available for the meeting August 20, 2:30 p. m. to be held at the high school building. She urges all members of the chorus to be present.

Mrs. P. P. Bertrand, chairman calls for a meeting of all reporters of clubs to meet with her at the county court room September 10, at 2:30 p. m.

Visitors from Lockney announced the organization of a home demonstration club there.

Finest Rain Makes Good Crops Sure

Only Few Areas Which Do Not Have Heavy Rainfall Tuesday Night

The finest rain that many Floyd county farms have had this year fell Tuesday night over a wide area of the central and east plains and lower panhandle to assure good crops of cotton and feed.

Reports from all areas indicate that crops of all kinds are much benefitted and in most instances ample moisture given to start volunteer wheat and give ample time for preparation of wheat land for fall planting.

Heaviest fall appears to have been in the east part of the county. Four inches fell at Flomont and 2 inches at Whiteflat, Ralph Stapleton said, and up on the plains the Dougherty area had from 4 inches around O. G. Glassmeyer to 1 inch around Antelope. Around Lakeview C. N. Battey and others in his neighborhood had about 3/4 of an inch, at Lakeview store about a half-inch and northeastward heavier fell. In Floydada 1.5 inches of rain fell. Starkey had about one-half inch of rain, McCoy about an inch and one report from Harmony put the fall there at about 1/2 inch. Frank Probasco northwest of Barwise estimated the fall at his place at 1.25 and at Sand Hill it was 1.5. At Lockney 1.25 inches was recorded. A good rain fell on north far into Briscoe and Swisher counties, an area north of Sterley and South Plains that has been dry getting good moisture along with other areas of the county. At the J. A. Dunlap place south of Cedar the rain amounted to about 2 inches and a good rain fell all the way to Silveston on the highway. East of Lockney about 2 1/2 inches of rain fell.

Both cotton and feed had begun to show need of moisture when the rains came.

Poultry Specialist, Poultry Breeders In Enthusiastic Meeting

An enthusiastic group of poultry and turkey breeders met Tuesday afternoon in the district court room at Floydada to discuss poultry management, having as their principal discussion leader, Geo. P. McCarthy, poultry specialist of A. & M. college. County Agricultural Agent D. F. Bredthauer got the group together.

Poultry is regarded as one of the side lines for furnishing meat and eggs for home consumption and also can be regarded as and made a profitable side line for more revenue from the farm.

A motion picture lecture was given in managing a farm size poultry flock and Mr. McCarthy gave a talk on successful brooding, feeding, housing, and marketing of quality eggs. The meeting was so well received by the breeders present that they requested County Agricultural Agent D. F. Bredthauer to arrange for a meeting of this kind every month throughout the fall and winter.

J. T. Hatch of the Plainview, Texas, discussed the possibility of an organized egg circle being formed in this county for the purpose of distributing eggs to New Mexico and Arizona at which points a much higher price is available throughout the year provided quality products are furnished.

Demonstrators present in the meeting were as follows: Herman P. King; Albert King; W. A. King; Ralph Howe, county agent, Crosby county; D. W. Sherrill; Oliver Aiken; F. E. Fuqua; Chas. B. Smith, Mrs. Chas. B. Smith; E. W. Walls, L. B. Fawver, M. E. Latham; Mrs. O. S. Miller, Mrs. Harry Morckel, Harry Morckel, E. C. Hayden, C. B. Carmack and Elbert Parks.

Ruth Jenkins New Leader for Women In Area Projects

Ruth Jenkins, who has been director of the Works Progress Administration housekeeping aid project at Floydada for the past year and a half is the newly-named area supervisor of the divisional women's professional projects and has been transferred to district headquarters in Lubbock.

Miss Jenkins already has assumed her duties in the new location.

Succeeding her in the housekeeping aid project here is Mrs. Wilda Cagle, who has been supervising the sewing room-WPA project also—since November of last year.

No assignment had been made as late as last night to fill the vacancy created in the sewing room.

Editorial

STILL AN INTERESTING MAN

The nominee-elect of the democratic party in Texas for governor has not lost any of his color since he was successful in his first primary race. He is still doing things.

Among other activities of the past week is the announcement that he favors certain candidates in the run-off against others on the ground that they will be more helpful to him in handling the state's affairs the next two years.

Mr. O'Daniel is a business man, he says, not a politician. He assumes there will be much criticism of his announced stand. He is right. Also there is much praise for his action. It appears sentiment is widely divided.

The only thing The Hesperian sees wrong with the governor expressing himself any more than any other citizen doing so is in the violation of the proprieties, especially as regards the judgeships which are to be decided. We doubt very much the governor displayed wisdom in this particular.

But anyway you look at it Mr. O'Daniel is still an interesting man and continues to do breath-taking things.

AGAINST THE SALES TAX

One thing the governor-elect has done that we consider fortunate is his announcement that so far as he is concerned the sales tax is out of the picture in Texas.

The sales tax, in the manner it is operated in most states, is a source of great annoyance to business. Customers and dealers alike find it quite vexatious. New Mexico, where the sales tax is financing about everything from teachers' salaries to road building, is the only state we know of where the complaint is not general and loud and long. In that state they collect millions off of tourists they would not get without the sales tax.

But generally speaking all the different methods of taxing sales that we know of are popular about like the smallpox.

Texas certainly should try to get along awhile longer without the sales tax.

SENATOR GEORGE IN GEORGIA

It is to be hoped that the president's flat-footed declaration against the re-election of Senator George in Georgia does not take the fight out of the senator and that he will continue to present his candidacy with all vigor.

The president may be right in his views on national affairs. The senator may be right. But it is doubtful if the president, right or wrong, is exercising his leadership of the party with propriety in this instance. There's some fine point in ethics or good sportsmanship that the president has flunked that we can not exactly express, something akin to a senior jumping on a freshman, or a big dog jumping on a little one. In things of that kind our sympathies are always with the little dog. We don't expect him to win but we'd like to see him nip back as long as he can.

MR. BOYCE HOUSE

Boyce House is a newspaper trained publicity man who has had the good fortune to sell some yarns to the Saturday Evening Post. Two years ago he publicized the Wm. H. McDonald campaign and surprised himself and Mr. McDonald by electing the latter, almost against all the rules, to the office of commissioner of the general land office.

Boyce is a native Texan and a former West

Texas newspaperman. He worked for the Fort Worth Star-Telegram awhile. He gets a leave of absence about every so often to do something special that appeals to him.

It doesn't do any harm that he has aligned himself with the "Mann's the Man" effort to elect Gerald C. Mann, footballer and all-round nice fellow in an independent sort of way, to the attorney general's office. Most everybody will applaud. Mr. Woodul is a fine man, but Texans have honored him a great deal. Mann would be a good selection for attorney general, and Mr. Boyce's advent into his fold is a good augury.

A MUCH NEEDED HIGHWAY

By way of the Chamber of Commerce comes the news that towns and counties south of Floyd, particularly Garza, Gail and Borden are now interested in getting an extension of Highway 207 south to the international border. Heretofore, there has been lethargy in that section similar to the lethargy which has been evident north of Briscoe county.

It is said that these counties now are willing to guarantee right-of-way and joined in a conference with the state highway commission recently at San Antonio. Much-needed and intensely practical from the motorists' point of view, it is to be hoped that the highway can be made an accomplishment at an early date. As for travel north from Floydada, an improved highway to the oil fields, although a costly one, would repay its building cost within two years in savings on gas and distillate hauling alone.

HOLD FREIGHT COSTS DOWN

It is encouraging to see the West Texas Chamber of Commerce take up the fight against increased freight rates in West Texas. Long convinced that the differentials in this territory are economically wrong, the regional organization will undertake to keep additional burdens in rail freight rates from being added.

Recognizing the great need for railways in this section and keenly cognizant of their value to our various communities, the West Texas Chamber of Commerce feels, as most all of us do, that what the railroads need worse than anything else is to cut the red tape, be rid of every possible differential and generally point their efforts toward reduced rates to meet competitive conditions.

The railroad folks may be right in their contentions but none of their customers, neighbors and friends can see it.

AN UNUSUAL FEATURE

One of the most pleasant experiences of a long country newspaper career is that of presenting weekly to our readers a column from Mrs. Nellie Witt Spikes, "As a Farm Woman Thinks."

We believe this column has outstanding interest. It appeals to us. Every so often, it has a gem of the purest ray serene. Mrs. Spikes, who writes it, ought to have some recognition, more than we can give her with a circulation of some 2,100. Many writers, whose efforts are not so able and read and quoted in magazines and newspapers with circulations reputedly in the millions. That's what we think.

Do you agree with us? Are we "taken in" by occasional references to those good old days now gone, or does Mrs. Spikes have the divine spark? We suspect the latter.

LET'S GO DOWN THIS HILL IN HIGH!

As A Farm Woman Thinks

Nellie Witt Spikes

Another reunion of old timers has come and gone, added to the happy time of the past. What a nice time we had. Once again we were Mattie and Maggie and Nellie. Della was there too. Sweet friend of our happy girlhood days. The Jones girls were all pretty, such smooth pink cheeks, beautiful hair and soft brown eyes. We went to school and played together. Maggie and Lena Martin could make prettier valentines than Della and I. All we girls idolized their older brother, Ted. How lovely their older sister, Lillie looked in her soft white wedding dress. Della is now Mrs. J. A. Land and lives in Pond Creek, Oklahoma. She still looks like a girl, even if she did have a fine son and two pretty daughters with her.

All the crowd enjoyed hearing the girls beautiful voices as the old time hymns were sung.

Mrs. Hathaway and Mrs. Frank McDermott were there, and we talked over old times. We had a nice visit with Mrs. Parrish and her daughter and Mrs. Efford Parrish. Mrs. Lee who we once knew as Kizie Permenter was there and we had a pleasant time.

Weaver Howard invited us to visit them in Pueblo, Colorado, and as my brother, Jim lives there also, we hope to accept the invitation sometime.

Made a new friend, Mrs. Bob Henry. Was glad to see Mrs. Hale and Mrs. Snodgrass of Harmony. Mrs. West made a good talk. Another new friend, Bud Jones. Who is a brother of Mrs. Parrish. Some time soon I shall write of the time he came to the plains to hunt mustangs. Mr. Jones eyes are still as blue as the lakes he scared the mustangs from so long ago. His voice is as gentle and clear as the prairie breezes that wafted the fragrance of white blossoming plums on the air. His memory of those days is as clear as the water that flowed from the springs in the canyons. We are very glad to have met you Mr. Jones.

A car drove up the other night. What a nice surprise when my aunt, Mrs. G. D. Jones, her son G. D. and her son Rene's wife Virginia and my mother got out. Only for an hour or two were they here, but what a good time we had. Mother told about the time that her nephew Lester Jones, was getting ready to go see his girl. He washed out his underwear and put them on the stove in a large stew pan to boil. Now Aunt Ella had some fruit juice on the stove in another large pan. She told one of the little girls to put sugar in the juice. Not noticing the careless child put the sugar in the wrong pan. When Lester came to get his things he found them candied.

When my uncle George brought his bride Kate to Emma, they lived awhile with us. I admired and loved my new aunt dearly. She had the prettiest dresses, her black hair was worn over her white forehead in a soft pompadour. She could tie ribbon in the loveliest bows and knots. I tried to sing along because she did. No one could make prettier embroidery. My regret is that I have had to live all these years so far from her.

The pile of lumber and bundles of shingles are disappearing from the lawn. Walls of new rooms are rising, new pine floors are being laid. Perhaps I shall never see the spicy smelling red cedars of Washington, but red shingles, cut from their stout hearts, will shelter me from the heat and the cold. I may not hear the wind sighing in the tall pine trees, but yellow planks made from them will make my house tight and warm.

Mr. Spikes cousin, Mrs. Olga Gray from Rochester, Texas, is visiting in our home. She and my husband are talking over old days as I write. They tell of this cousin that uncle and that aunt. Reliving old days when they were young telling of old sweethearts and good times. My husband is telling about he and his girl standing at the foot of the class. She was tall and slim, so was he. But she married some one else and Jeff came west and gave his heart to a little short girl, the very opposite to his first girl.

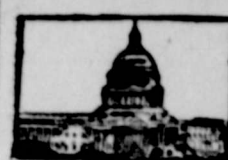

As my husband never reads this column, I can tell off on him.

I did not intend to get into any of the work of building, but my husband suggested that I help him pull out nails. Then there were the old shingles to pick up that had fallen in the house. Then he needed some one to pull the flooring up close to nail. I have an easier time when he goes to the field to plow.

This morning my neighbors, Mr. and Mrs. T. J. Davis and their son, Kermit, left for Iuka, Mississippi. As they will go through Memphis, I could hardly resist their kind invitation to go with them, but the house has to be finished, and I can not be spared. But oh how I wanted to go and see my children.

Mr. and Mrs. T. J. Salter and son, Troy, of Phillips were guests over the week end of her parents, Mr. and Mrs. S. P. Conner.

Mr. and Mrs. Jim Hardgroves and daughter, Bettie Gene, left Friday for Clovis, New Mexico, where they will make their home.

Pennsylvania Highway Will Fulfill Century-Old Dream

Route of the 162-mile Harrisburg-Pittsburgh Super Highway, to rival European super-roads such as the new Frankfort Highway in Germany, top, is shown in the map.

AMERICANS of a former generation laid the foundation for Pennsylvania's "Dream Highway"—a 162-mile super-road that will thread and pierce the dangerous Alleghenies from Harrisburg to Pittsburgh, to become an important link in America's transcontinental highway system.

Financing completed, workmen soon will start building the \$68,000,000 all-weather toll turnpike—to find that much of their work was completed a half century ago. Using a route determined by surveys dating back as far as 1837, Col. William H. Vanderbilt, in the '80s, decided to build a railroad to provide an outlet for Carnegie steel at Pittsburgh, and to avenge himself on a rival railroad magnate who had "muscle in" on his territory.

After a 208-mile route for the line had been laid out, and thousands of laborers had invaded the rugged country to drive tunnels through the mountains, fill in gullies, and build piers for bridges, Vanderbilt and his rival settled their differences, and the project was abandoned after it had been 65 per cent completed at great cost.

Much of this work will be salvaged for the super highway. Nine nearly completed tunnels, and almost all the grading and embankment work, will be utilized.

When completed, the Pennsylvania highway is expected to rival the best super-roads in Germany and other European countries. The parkway through the Alleghenies will have nowhere more than a 3 per cent grade. It will have fast lanes and slow lanes, with 24-foot east and west traffic lanes divided by 10-foot landscaped areas.

There will be no intersections at grade, exit and entrance of vehicles being by the familiar clover leaf arrangement.

The new road will wind through dense forest areas and bridge deep ravines. It will cut through mountains in seven miles of tunnels, all lighted day and night, and equipped with modern ventilation, protected walks, and portals providing travelers with scenic parking spaces.

And, in a region where thick mountain fogs and steep, often slick, gradients make driving precarious, safety is stressed in plans for the road. Wide curves, slight grades, a parked car to obviate head-on collisions, huge warning signs, special turnpike police—by these and other means planners hope to forestall tragedies, make the project really a "Dream Highway."

Dog Changes Disposition With Rabies

Friendly Dog Sometimes Gets Mean; Mean Dog May Become Friendly

AUSTIN, Texas.—The mean dog that suddenly becomes friendly may transmit hydrophobia or rabies, states Dr. Geo. W. Cox, state health officer in refuting the time-worn belief that rabies must be spread by a frothing "mad dog."

"In the first stage of rabies," Dr. Cox states, "the disposition of the dog changes entirely. A happy, playful dog becomes dejected, creeps away and hides. An ordinarily vicious dog may become friendly. If he licks his master's hand, he may spread rabies through cuts and abrasions on the skin. The dog may be mean at times, and at other times apparently normal."

According to Dr. Cox, the phrase "mad dog" is associated with the second stage of rabies. This is the irritable period in which the dog becomes restless, sometimes running away and returning hours later, worn out from fighting other dogs. Rabies may be suspected, especially if the dog was not formerly in the habit of leaving home. Because of irritation the dog may snap at everything it approaches and will

run around in crowds, often biting people. The dog's bark changes to a throaty howl in this, the most dangerous stage.

Rabies, according to many authorities, has a 100 per cent mortality in man unless Pasteur treatment is instituted. Pasteur treatment, however, is nearly 100 per cent effective in saving lives when properly administered. Rabies must be considered with every dog bite and the history of the dog should be studied to determine the possibility of rabies infection. The dog which bites a person must be caught and confined for ten days observation. If the dog develops hydrophobia it should be killed and the dog's head sent by express, packed in ice, for a laboratory examination. See your family doctor immediately after any dog bite.

The State Health department maintains the Pasteur Institute in Austin where the heads of dogs suspected of rabies are examined. Your family doctor will immediately avail himself of this service if he has reason to suspect the dog was rabid. Treatment for hydrophobia is supplied by the Pasteur Institute.

L. G. Wither's Cafe Installs Conditioning Unit To Whip Heat

L. G. Wither last week installed a new air conditioning unit in his cafe, located next door to Sam's Body and Fender Works.

Mr. Wither said that all during the summer his business has been troubled with excessive heat and that finally after a trial he found the small conditioning unit would reduce the temperature in his cafe almost 10 degrees below the outside temperature.

"I have always tried to keep my cafe equipment modern and up to date in every respect and I figured air conditioning was the next step, so there it is," Wither said.

Withers has been in the cafe business in Floydada for almost 14 years, coming here in 1924. He closed shop three years ago but couldn't resist the urge to return to his business here so he reopened his cafe something like a year ago.

"I appreciate my customers patronage and do my best to make each person I feed a return customer," Wither said, "and to do that I have to keep up the quality of my food, my service, and the equipment in my cafe."

Jack Co. Reunion To Be Held At Lubbock On Friday, August 26

The annual Jack county reunion is scheduled to be held at the McKinney park at Lubbock, August 26, according to an announcement made by Judge J. W. Howard who received notice last week from Mrs. J. K. Wester, secretary of Lubbock.

The program for the day had not been completed when the announcement was made, other than to emphasize a basket dinner.

Last year approximately 600 people were present for the occasion. The program consisted of a "prettiest girl" contest, and several speakers, two being Mayor Don Hatchett, Lubbock and Pink L. Parrish, a number of families from Floyd county attended.

Marshall Rhodes is president, Sterling Parrish, vice-president and Mrs. Wester secretary of the organization.

A MOTHER'S GODLINESS

Golden Text:—Her children rise up and call her blessed. Proverbs 31:28.

Lesson Text:—I Samuel 1:1-2; 10:1-5.

9 Hannah rose up after they had eaten in Shiloh, and after they had drunk. Now Eli the priest sat upon a seat by a post of the temple of the Lord.

10 And she was in bitterness of soul, and prayed unto the Lord, and wept sore.

11 And she vowed a vow, and said, O Lord of hosts, if thou wilt indeed look on the affliction of thine handmaid, and remember me, and not forget thine handmaid, but wilt give unto thine handmaid a man child, then I will give him unto the Lord all the days of his life, and there shall no razor come upon his head.

12 And it came to pass, as she continued praying before the Lord, that Eli marked her mouth.

13 Now Hannah, she spake in her heart; only her lips moved, but her voice was not heard: therefore Eli thought she had been drunken.

14 And Eli said unto her, How long wilt thou be drunken? put away thy wine from thee.

15 And Hannah answered and said, No, my lord, I am a woman of a sorrowful spirit: I have drunk neither wine nor strong drink, but have poured out my soul before the Lord.

16 Count not thine handmaid for a daughter of Belial: for out of the abundance of my complaint and grief have I spoken hitherto.

17 Then Eli answered and said, Go in peace: and the God of Israel grant thee thy petition that thou hast asked of him.

18 And she said, Let thine handmaid find grace in thy sight. So the woman went her way, and did eat, and her countenance was no more sad.

And Hannah prayed, and said, My heart rejoiceth in the Lord, mine horn is exalted in the Lord; my mouth is enlarged over mine enemies; because I rejoice in thy salvation.

2 There is none holy as the Lord: for there is none beside thee: neither is there any rock like our God.

3 Talk no more so exceeding proudly; let not arrogancy come out of your mouth: for the Lord is a God of knowledge, and by him actions are weighed.

Stewart's Cleaners Add New Equipment To Their Cleaning Shop

New equipment, valued beyond \$1,000, has been added to Stewart's Cleaning shop, located just south of Arwine Drug Company. The new equipment will make the shop one of the finest in West Texas and the best equipped in Floyd County, Mr. Stewart said.

A new drying tumbler, washer, and pressure filter has already been installed and new hat blocking equipment is due this week, Stewart said. In obtaining the new equipment Stewart also received his license as a Super Hi-Tone cleaner.

The new pressure filter is the only one in Floyd County and is the heart of the new cleaning system. Every drop of naptha used in the washer is circulated at the rate of 750 gallons per hour through the filter, Stewart explained.

The filter removes all foreign matter and keeps the naptha clear as spring water, insuring extra cleaning power and speedier work. The new washer and drying tumbler are the latest models, obtainable and are correspondingly more efficient than older models.

Stewart invited the public to see his newly equipped plant and also asked them to try his new Super Hi-Tone service.

are girded with strength.

5 They that were full have hired out themselves for bread: and they that were hungry ceased: so that the barren hath born seven; and she that hath many children is waxed feeble.

Time and Place: The events of this lesson probably took place between 1170 and 1140 B. C. Ramathaim-zophim was situated in Benjamin. Shiloh was a city in Ephraim, north of Bethel.

A splendid example of the godly mother was Hannah, the woman who yearned for a son and, when her prayer was answered, devoted every energy toward consecrating that son to the highest purposes, and training him for those duties.

Eli, the high priest, had observed Hannah sitting by the door-post of the temple, praying in bitterness of soul and weeping sorely in her anxiety to have a child. Eli mistakenly supposed, as he saw her lips moving but did not hear her voice, that she was drunk, and he reproved her—but it must have been with stateliness and impressive sincerity that she replied, "No, my lord, I am a woman of a sorrowful spirit: I have drunk neither wine nor strong drink, but I poured out my soul to Jehovah."

The son that came to Hannah through her prayers was Samuel, who was to be Eli's successor and a great leader in the life of Israel.

Men and women are wont to pray zealously for what they want, and when they receive it, forget their vows and devotion—but Hannah fulfilled her part. She had promised to give her child to the service of Jehovah and she did not waver. It must have involved considerable sacrifice on her part to dedicate him to the sanctuary and have him brought up there under the guidance of Eli, when she must have had so much of a mother's longing to keep him to herself. Yet, how much greater this man Samuel was in service to God and man because of his mother's love and sacrifice!

We have here in our lesson the record of Hannah's prayer which reveals her greatness of soul. Like Mary of Bethlehem, who was to become the mother of one greater than Samuel, her thought was all of salvation, and she lived in the atmosphere of divine plans and purposes.

How much it means to have such a wonderful environment as that! It has glorified common men and women. It has enlarged the area of heart and home; and the devotion of a household, the love of a mother's heart, has become so enlarged as to extend to the very ends of the earth and to the limits of mankind.

I have read of a Scottish mother of your mouth: for the Lord is a God of knowledge, and by him actions are weighed. Every one of them became a man of distinction in some field of service into which he entered—the ministry.

This ONE Machine Does EVERYTHING But Harvest the Crop

DEMPESTER TILLING, DAMMING and DEEP FURROW SEEDING MACHINE

YOU need only this one machine to do every job from one wheat harvest to the next... and to follow the new system of farming that greatly decreases the weather gamble. Think of the money you save not having to buy several machines... of the time, labor and fuel saved by doing several jobs in one operation.

HERE'S WHAT IT DOES—With machine as shown above you go into the stubble field immediately after harvest—cultivating, forming furrows and damming in one operation so that ground is ready to catch and hold moisture. Later you can level ridges and prepare excellent seed bed with trash on top to prevent soil-blowing. Then with machine as shown below you do an ideal job of seeding, depositing seed in wide, 6-in. moist seed bed, covering seed uniformly with moist soil.

The DEMPESTER is ideal for summer tillage for seeding row crop—for spring wheat planting. The only machine of its kind with independent bottoms making it ideal for contour farming.

medicine, government, and similar fields. They went out from Scotland to serve other lands. The mother was comparatively unknown, but think of a humble Scottish mother whose life was magnified seven-fold and many times more in the service of her sons!

We are far from Mother's Day, as we study this lesson in August, but here are thoughts for Mother's Day and for every day—as Mother's Day ought to be.

Samuel was the man of achievement, and the savior of Israel in a time of great crisis. In the story of every great man, his mother's part in making him what he was is not so evident as in the case of Samuel.

Would that every Hannah—and their name is legion—might have an inspired biographer like the mother of Samuel!

City Officials, Highway Engineer Confer On Local Road Matters

Working agreement between city authorities and the State Highway Department were worked out in a conference Tuesday morning of last week at Lubbock when Mayor Glad Snodgrass and Councilmen R. E. Fry and W. U. White talked with District Engineer G. M. Garrett concerning local highway problems, particularly as to the city's obligations on the route north on Highway 207. Construction on this work will begin where the city's present paving ends, it is understood.

Councilmen who met with the highway engineer by arrangement,

expressed appreciation for the location of district maintenance offices here and offered their cooperation in any way to make relations mutually agreeable. An effort is to be made to get better drainage at intersections of some local streets and Highway 28 through the city and the councilmen also hope to get some kind of an arrangement worked out whereby a preservative topping can be put on the highway routings through the city limits before the winter months.

Mr. and Mrs. E. S. Smith and family of Lorenzo were guests Sunday of Mr. and Mrs. Cecil Hagood. Edward Smith remained to spend the week with Kelly Hagood.

Miss Mary Lou Scoggin of Lubbock is here on a visit with her aunt, Mrs. A. J. Welch.

"I'll vote for electric cookery."

- Before Mother got her Westinghouse range, I could almost yell my head off and she would never come to my distress. Always said she was too busy cooking. She was fussy and grumpy, too—all because of that hot kitchen of ours.
- But now, I just barely whimper and I get all the attention I want. Our meals are cooked automatically... and that gives Mother time to take me out for the afternoon. Foods taste better too... because the wholesome flavors are sealed in.

GARDEN CLUB SPONSORS BULB PLANTING PROGRAM

Floydada Garden club is making plans to beautify the city by sponsoring a bulb planting program this fall for early spring blooming.

Citizens of the town are being asked to co-operate with the club members in planting a number of Narcissus bulbs which the club plans to order if a sufficient number are sold to justify ordering.

In order that they may get the order in time to get the bulbs out for the early spring blooming those who care to take advantage of the low price will be asked to call Mrs. B. K. Barker, telephone 262, or Mrs. O. P. Rutledge, telephone 114, not later than the middle of next week.

These bulbs will produce a hardy plant, they being of the Monster variety, which will continue to produce each year.

Mrs. Fannie Montague spent Monday and Tuesday in Lubbock on business.

Louise Conner, popular daughter of Mr. and Mrs. S. F. Conner, whose wedding to O. B. Haight of Lubbock, was solemnized Sunday morning at the Conner home on West Houston street.

Louise Conner O. B. Haight Wed Sunday

Miss Louise Conner became the bride of O. B. Haight of Lubbock Sunday morning at 8 o'clock in a double ring ceremony read at the home of her parents, Mr. and Mrs. S. F. Conner, 126 West Houston street.

Rev. J. L. Henson of Lockney officiated before an improvised altar banked with daisies, gladioli and greenery over white satin. White tapers in triple blue holders stood on each side of the bible. The chosen flowers with greenery were placed over the double windows as a background.

Mrs. S. W. Ross and Miss Mary Anna sang, "O Promise Me," as a prelude accompanied by Miss Pauline Turlington of Lubbock at the piano, who played the bridal chorus, "from 'Lohengrin'" as the bride party entered. She played, "Ah Sweet Mystery of Life," softly during the ceremony.

The bride was dressed in a teal blue crepe dress with black accessories. She wore a black hat with waist length veil and carried a bouquet of orchid and white gladioli with white satin and orchid machine.

Miss Lola Mae Grundy of Lubbock, brides maid was dressed in black matelase crepe with corresponding accessories. Her corsage was of pink carnations.

Morris Casey of Lubbock served as best man.

Mrs. Haight has lived in this city for the past fifteen years. She received her education in the local schools graduating with the class of 1932, attended Texas Tech at Lubbock and taught for three terms at Fairview. She is now employed with a ready to wear shop in Lubbock where she will continue her work and also attend Tech the first semester this fall to complete work for her A. B. degree.

Mr. Haight is the son of Mr. and Mrs. F. C. Haight of Shallowater. He graduated from Tech with the class of 1936 and is now employed with Olen-Stewart wholesale grocery company at Lubbock.

A three tiered wedding cake, topped with a miniature bride and groom, was served with coffee following the ceremony. The bride cut the cake which was served by her sister, Mrs. T. J. Salter of Phillips. The serving table was laid with a lace cloth with bowls of orchid crepe myrtle placed at each end.

Guests attending the wedding were Mr. and Mrs. F. C. Haight of Shallowater and Berlin Haight, a brother of the bridegroom, Mr. and Mrs. C. C. Potter, grandparents of the bride, Mrs. N. R. Honea, aunt of the bride of Silverton; Mr. and Mrs. G. B. Hefner and sons, Neil and Dean of Crosbyton, Lyle Hardgrave of Lubbock, Mr. and Mrs. Billie Grundy of Dalhart, Mr. and Mrs. T. J. Salter and Troy of Phillips, Mr. and Mrs. S. W. Ross, Misses Alice Fry, Mary Anna Ross and Juanita Rushing.

After a wedding trip to Galveston and points on the coast the young people will be at home at 1608½ Broadway, Lubbock.

SUNNY SIDE H. D. CLUB HOSTS TO MCCOY CLUB

Sunny Side Home Demonstration club entertained the McCoy home demonstration club last Wednesday in an all day social at the home of Mrs. W. C. Sims.

After a bountiful dinner served cafeteria style the afternoon was spent playing games and other amusements.

Registering in the guest book were Mesdames Robert Smith, Culpepper, John Shipley, W. H. Brock, George Smith, Harry N. Jones, Misses Clara Smith, Elaine Culpepper, Wynona Smith and Billie Mae Shipley of McCoy; Mrs. C. E. Bartlett of Dougherty, Mrs. Otho Sanders, Martha Lee Sanders, Mrs. G. N. Shirey, Mrs. S. J. Latta, Mrs. C. B. Sims, Mrs. Glen Holland, Mrs. R. B. Calhoun, Mrs. C. M. Strubling, Mrs. C. O. Wise, Mrs. W. A. Lovell, Mrs. R. M. McCauley, Mrs. W. H. Britton, Mrs. Dean Hill of the Sunny Side club. Special guests for the noon hour were Miss Helen Swift of College Station, Miss Ruth Grimes, county agent and Miss Ina Sims.

Mrs. S. L. Rushing and daughter, Mrs. Billie Rushing Jones, who are on a cruise that will take them into many Mediterranean ports before their return, have sent a brief letter from their boat enroute. The following written while on the high seas, was posted by Mrs. Jones at Marseilles.—Ed Note.)

At Sea, July 21, 1938

We had such a lovely stop in New York. We saw Rockefeller Center which is one of the largest successful undertakings of one man. He spent \$250,000,000. The largest building in that place was seventy stories tall. The place we enjoyed most in Rockefeller Center was Radio City music hall.

We took a sight seeing tour over a part of New York. We saw the Riverside Baptist church. Rockefeller also made it possible for the Baptists to have this church. The congregation is so large you have to be admitted by card when they have services.

We saw Grant's vault where he and Mrs. Grant were laid to rest.

The trip on the boat is very interesting. It is a small boat, only has a capacity of 134 passengers. This is more expensive traveling but really more fun—especially for small town people like us. You get to know everyone and what they are interested in.

Neither mother nor myself have been seasick. However these old seamen on board say this is the roughest trip they have made yet. There are 102 ladies and only 23 men passengers on board. Most of the ladies are going for the boat ride. Some are going on the entire cruise.

We are the only two Texans aboard. A man from the press came aboard just a short time before we sailed and took our pictures for the Dallas Times-Herald.

Mother had a telegram from Lee just before we sailed saying you folks had a two-inch rain Sunday night, which made her very happy. I think mother is enjoying herself very much and I am very glad.

We will dock in Gibraltar one week from today only for a three and one-half hour stop. That will be our tenth day out. We go from there to Marseilles.

Will try and write you again before we return.

Mrs. O. B. Haight, nee Louise Conner was the honoree at a lovely pre-nuptial shower Wednesday evening of last week on the lawn at the home of Mrs. S. W. Ross.

Other hostesses assisting Mrs. Ross were Mesdames E. F. Stovall, Lee Rushing, Homer Steen, E. P. Nelson, J. I. Hammonds, Glad Snodgrass, Edd Johnson, Misses Mary Anna Ross, Alice Pyffe and Juanita Rushing.

As the guests arrived they were directed to the out door reception room by a winding path marked with blue, the bride's chosen color.

The blue punch bowl was placed on a table, covered with a Normandy lace cloth, banked with white clematis. Fiesta cookie plates were used. The refreshment table was presided over by Misses Alice Pyffe, Mary Anna Ross and Juanita Rushing.

Guests registered in the bride-elect's burnt wood back "Scrap book", which was used for all the social affairs given honoring her. Miss Virginia Stovall presided over the register.

Navajo blankets and scarfs of fiesta colors were placed on the tables and draped about over the yard at intervals. Vases of flowers were an added attraction also.

The bride-elect was directed to the blue wishing well, which was covered with grape vines and golden-glow, and escorted to her seat by Sappho Ward, who threw white pixoi in her path. Misses Gloria Hammonds, Sappho Ward and Dorothy Dell Stovall made a wish in the well then sang, "I'm Wishing", with blue birds warbling in the background. Miss Marquerite Leonard accompanied the trio on the accordion.

Mrs. Lon V. Smith gave a short synopsis of the love affair of the bride and bridegroom concluding by giving the honoree a large mirror and asking her to look over her left shoulder into the well and make a wish for the thing she wanted most. At this time a large Mexican basket filled with lovely gifts was drawn from the well and presented the honoree.

The guest list included Mesdames W. H. Hilton, G. R. May, I. W. Hicks, Bob Smith, Gene Collins, N. W. Williams, A. B. Keim, B. P. Woody, J. G. Martin, R. A. Garrett, J. H. Green, H. M. McDonald, Jack Deakins, Jack Henry, W. Luther Fry, Joe Parrish, Lon V. Smith, L. V. Shurbit;

Mesdames Creed Parrish, J. U. Borum, Lowell Gambin, J. B. Jenkins, Wilson Kimble, George V. Smith, W. M. Cauley, D. W. Pyffe, W. M. Houghton, J. M. Willson, Claude Hammonds, Bert Holt, E. L. Angus, T. J. Salter of Phillips, S. F. Conner, O. B. Hefner of Crosbyton, Allie M. Dyer of Lubbock;

Mesdames A. J. Welch, Lula Slaughter, Clinton Pyffe, Lewis Norman, Virgie Shaw, W. C. Barnett of Lubbock, J. H. Scroggins of Lubbock, O. P. Rutledge, C. M. Parrish, Richard Stovall, E. J. Barker, D. Mesdames F. O. Conner, Frazier of Lubbock, E. C. Henry, L. T. Bishop, R. C. Patton, Aubrey Stewart, Douglas Hollums, L. G. Mathews Lindsey Graham;

Misses Mary Wilson, Lellafaye and Evelyn Hicks, Emma Louise Smith, Maxine and Marilyn Fry, Ruth Jenkins, Bonnie Pyffe, Mary Louise Thurmon, Virginia Stovall, Gloria Hammonds, Sappho Ward, Dorothy Dell Stovall, Marquerite Leonard, Lola Mae Grundy of Lubbock;

Misses Edna Robinson, Hazel Shinkle of Lubbock, Bert Jones Smith, Sibyl Taylor, Dorothy Barnett, Mary Anne Kimble, Selma Lader and Margaret Smith.

Homebuilders club met August 12 in the home of Mrs. Ben Johnston. Mrs. Raymond Teeple, president, presided over the meeting.

Mrs. D. D. Shipley gave a short recreational program and Mrs. P. F. Bertrand gave the council report.

Mrs. Ruth Grimes held a cooker clinic and several cooker games were tested. She gave up to date methods in canning green and yellow vegetables. These bulletins may be obtained by writing to A and M College Station for bulletin No. B-85.

Miss Helen Swift, of College Station, gave an interesting talk on rural social work and insisted that each club member help those that were hindered from attending the club meeting.

The club will entertain their families with a picnic at Roaring Springs August 26. Each family will take a picnic lunch. They are to meet at the Blue Goose filling station at 6 o'clock in the afternoon.

Refreshments were served to fourteen members and four visitors.

MCCOY H. D. CLUB HOSTS TO THE STARKEY CLUB

McCoy Home Demonstration club entertained the Starkey Home Demonstration club Friday afternoon on the lawn at the home of Mrs. E. R. Griggs.

Outdoor games were enjoyed and refreshments served to twenty present.

Visitors at the social were Mrs. T. E. Asister, Mrs. L. A. Sargent, Mrs. M. A. Woods, Mrs. Nolan Rucker, Mrs. G. E. Asister, Misses Pauline Woods and Wanda Sargent.

Bride-Elect Complimented With Pre-Nuptial Shower

Mrs. O. B. Haight, nee Louise Conner was the honoree at a lovely pre-nuptial shower Wednesday evening of last week on the lawn at the home of Mrs. S. W. Ross.

Other hostesses assisting Mrs. Ross were Mesdames E. F. Stovall, Lee Rushing, Homer Steen, E. P. Nelson, J. I. Hammonds, Glad Snodgrass, Edd Johnson, Misses Mary Anna Ross, Alice Pyffe and Juanita Rushing.

Two Floyd County Teams Eliminated in First Round

Sluggers Show in First Round Games By Heavy Scores

Lorenzo Pulls Upset in First Round; Beat Silverton Easily 11 To 1

Monday alone began to give ample proof of what was coming in Floydada's first AASA district tourney when two Floyd county teams were eliminated and one favorite, Silverton, fell victim, to a slugging spree by Lorenzo to lose 11 to 1. Other teams eliminated Monday were Dickens, Cone, Piggy-Wiggly-Penny, Pleasant Hill, and Matador.

LORENZO SMASHES OUT WIN OVER SILVERTON

Lorenzo came to the tourney figured to drop their first round game to Silverton, who was figured to be something of a hot-shot at softball. Figures held true for five innings as Silverton's pitcher, Crow, gave up no hits and no runs. But the storm signals were flying, Silverton had collected one lone tally on a Lorenzo error in the third inning to lead 1 to 0 going into the sixth.

Combining two hits with two errors and two walks Lorenzo scored five tallies across the plate. Lorenzo's elbow, Pace, set Silverton down in order. In the seventh Lorenzo picked up where they left off, taking two walks, three singles and a home run by Underwood to score six runs on four hits. In the last half of the seventh Silverton collected their lone hit off Pace, a single by third baseman Mercer.

Score by innings:
Lorenzo: 0 0 0 0 5 6-11
Silverton: 0 0 1 0 0 0-1

FLOYDADA ODENS SLAP MATADOR OUT 22-10

With their meal ticket pitcher, Long John Smith, resting with a sore arm, Floydada (All-Stars) Oden called on dependable Jack Stansell to do their elbowing against the Matadors from Matador. Jack gave up nine hits and 10 runs but his mates collected 19 hits and 22 runs from the offerings of Edmondson to win.

The Matadors collected three homers and Floydada collected two but plenty of singles by Oden aided by a goodly sprinkling of Matador miscues was all that was needed to ice away the game. Stansell collected four hits, two singles, a double and a triple, out of four trips.

Score by innings:
Floydada: 1 7 7 5 0 2 0-22
Matador: 0 2 0 3 0 1 2-10

PIGGY-WIGGLY-PENNY LOSSES TO GIRARD

Girard had one big inning and collected enough tallies to win from Piggy-Wiggly-Penny without doing much else, in fact after the big first, Girard, didn't do much more damage.

Woody, Girard's flinger, gave up six hits over the route, with never more than one in each inning, and allowed three runs. Kropp was belted from the box in the first inning, allowing seven hits and seven tallies. Bob Bradford took over and pitched the remaining six innings, allowing two hits and two runs.

Score by innings:
Piggy-Wig-Pen: 1 2 0 0 0 0-3
Girard: 7 0 0 1 1 0 x-9

RAILS FLOGS PLEASANT HILL 15 TO 4

Rails took a lesson from Girard and duplicated the first inning powerhouse attack by jumping onto Cardinal for nine hits and 11 runs in the first stanza to get a comfortable lead.

Rails collected five circuit clouts during the session. Pleasant Hill managed for six hits and four runs against Ralls 14 hits and 15 runs. Pleasant Hill's miscues in the first inning did almost as much damage as Ralls bat power but two homers in a row by Ralls didn't help any.

Score by innings:
Rails: 1 1 2 0 0 1-15
Pleasant Hill: 1 0 0 1 2 0-4

SPUR BOUNCES DICKENS FROM TOURNEY

Behind the mound work of Parnell, Spur rode to an easy victory over their neighbor, Dickens, Monday night. Parnell fanned 10 men allowing three hits and one run. The box tally was a homer by Good of Dickens.

Spur peeked at the offerings of Dobbs until they had piled up 14 hits and eight runs for a safe lead. Spur was at no time in great danger because Dickens couldn't get a bat on the offerings of Parnell, and when you can't see 'em you can't hit 'em.

Score by innings:
Spur: 1 0 5 0 2 0-8
Dickens: 0 0 1 0 0 0-1

PLAINVIEW CLOVERLAKE OUSTS PETERSBURG

Playing heads-up, errorless ball for full seven innings Plainview Cloverlake shut out Petersburg 7 to 0. Neely gave Petersburg four scattered hits but he and his mates choked off all scoring threats.

Saffel allowed only seven hits to Cloverlake but these were bunched just enough to produce the seven runs. Garner of Plainview collected the lone homer of the game.

Score by innings:
Petersburg: 0 0 0 0 0 0-0
Plainview: 2 4 0 1 0 0 x-7

FLOYDADA ODENS STAY IN OVER RAILS

The big bat of Burl Holt, Floydada first baseman, was the difference between Floydada and Ralls Tuesday afternoon. Holt was responsible to a degree for every run Oden scored.

Ralls collected a run in each of the third and fourth innings to hold a 2 to 0 lead over Long John Smith and his mates going into the fifth. Holt, first man up in the fifth, smashed out his first four bagger for the lone tally of that inning. Ralls did nothing in their half of the sixth so Floydada took over again.

Smith popped out, Chapman got on by a Ralls error, Finley got a base on ball as Chapman advanced to second. Daily flew out and Burl came to bat again.

With instructions to walk Holt, Little, Ralls pitcher, started to do that in a big way but one of his offerings came too close to the plate and it was on its way out of the park for a home run, scoring three runs and making the game as Ralls failed to do damage in their end of the seventh.

Long John gave up five hits and two runs. Little gave up three hits and three runs.

Score by innings:
Rails: 0 0 0 1 1 0 0-2
Floydada: 0 0 0 0 1 3 x-4

ESTELLINE CHASES THE PLAINVIEW LIONS

Tourney favorites didn't mean a thing to the Estelline team Tuesday night as they swung their bats against the Plainview Lions, and their six Miller brothers act. Estelline's pitcher, Gresham, and his "tossing hay to a cow" delivery kept the Lions crossed up for the afternoon and the best they could do was collect three hits and two runs.

Estelline swung on the pitches of Carter for eight hits and seven runs. The boys from below the Caprock didn't waste any time showing their platform. Hinton led off with a single and Coppidge swung on the next for a home run to tally two runs for that inning. Heavy long range hitting was the big reason for Estelline's win.

Score by innings:
Plainview: 1 0 0 1 0 0 0-2
Estelline: 2 0 2 0 2 1 x-7

LORENZO LAKEUPS OUT WIN OVER SPUR

Lorenzo continued their giant killing act by lapping out a win over Spur Tuesday night. Facing

Spur's pitcher, Parnell, who struck out 10 Dickens players Monday night, didn't face the Lorenzo boys at all. They pounded out 14 hits for 11 runs, and not a home run in the bunch.

Spur collected three hits and combined those with errors to get their six tallies. Bingham collected one homer in the second inning.

Lorenzo showed all manner of bat power but at times their fielding threatened to fall apart on them but each time they pulled the loose ends together and choked off the Spur players.

Score by innings:
Lorenzo: 2 3 0 2 0 0 4-11
Spur: 0 2 0 4 0 0 0-6

CHILDRESS WALKS IN OVER CONE 15-4

Cone was helpless before the bat power and strategy of Childress in the final game Monday night. Mixing good bunting with good hitting along with Cone's errors gave Childress 15 runs from 12 hits.

Cone got dizzy in the first few innings from chasing bunts and looking for high flies but Childress wore themselves down on the base lines circling the bases. Cone managed four runs from seven hits. Everything that Cone's pitchers tossed up came right back at them with a vim.

Score by innings:
Cone: 0 0 2 0 2 0 0-4
Childress: 6 0 8 1 0 0 x-15

Center Community In Need Of Rain

CENTER, August 15—Center community is watching the clouds that are floating over these days and wishing that they would form a good cloud and give a general rain. The crops are needing it badly and a rain now would almost insure a good feed and cotton crop.

Mr. and Mrs. H. B. Mankins spent Sunday with Mrs. Mankins' brother, D. W. Burke, and family of Sand Hill.

Mr. and Mrs. O. G. Mayfield are leaving Tuesday for Lubbock and Littlefield where they will visit relatives.

Mrs. C. A. Cumbe and sons, Drue and Weldon, Mrs. Truman Cumbe, and daughter, Reba Ann had Sunday dinner with Mrs. Montgomery and Floyd.

Mrs. A. W. Anderson and baby left Friday night for Red River County where they will visit Mrs. Anderson's parents and other relatives her oldest son Floyd accompanied her. They will return the last of this week.

Mr. and Mrs. Fred Cone and children spent the week end with Mr. and Mrs. Leo Frizzell and Claud Carpenter families.

Mrs. E. M. Weathers is visiting with her parents, Mr. and Mrs. E. W. Lightfoot, while the Rev. Weathers assists in a meeting near Abilene.

Mr. and Mrs. W. B. Harris spent the week end visiting in the Jordan home. Mr. Harris will teach at Muncy this school term.

W. B. Jordan and family attended the workers conference at Fomot last Tuesday. They were accompanied by Misses Belmont Boulden and Navetta Farnsworth who were on their way to Canyon to continue their school work the remaining weeks of the summer session.

Mr. and Mrs. J. E. Green and family took Sunday dinner with Mr. and Mrs. Henry Brewer.

The revival services will begin Sunday with Rev. Martin preaching at both Sunday services and Rev. Tennyson coming for Monday's services.

The next meeting will be held with Mrs. O. G. Mayfield, Sept. 13.

Crystmasse, Crestenmas, Kysromas, Xtemas, and Chrystmas are early spellings of Christmas.

Center Home Dem. Club MAKES ITS REPORT

"Canning green and yellow vegetables" was the subject given by Miss Ruth Grimes at the Center Home Demonstration Club which met August 15 at the home of Mrs. W. B. Mankins.

Cooker guages and gardens were also discussed by Mrs. Grimes. She gave a detailed lecture on a method of storing vegetables for winter.

Mrs. J. E. Green was elected assistant secretary - treasurer. Seven members were present for the meeting with two visitors, Mrs. Graham and Mrs. Ford, from the Liberty Club.

The next meeting will be held with Mrs. O. G. Mayfield, Sept. 13.

Crystmasse, Crestenmas, Kysromas, Xtemas, and Chrystmas are early spellings of Christmas.

Hesperian Rooting For Newspaperman To Show the Farmer

J. L. Suits, publisher of The Lockney Beacon, has been giving farmers advice about how to farm every since he was a young fellow. He's getting gray now. That is how long he has been in the newspaper business.

Since he could get nobody to take his advice Suits decided a year or so ago to go to farming himself so he could show the boys. Now, it appears he is going to have the first bale of cotton in the whole county. At least he has bolls, great big ones, already cracking in the hot sun's rays of this week, and that's by far the best that has come to our attention. The cotton was planted April 24.

Rooting for the Lockney publisher, Homer Steen, editor of The Hesperian, this week promised Suits to head the list and make up a liberal premium if he will market the first bale that comes to Floydada.

"I never have seen a newspaperman show a farmer anything yet, although I've seen where many a printer has told the farmer how it ought to be done," Steen said this week. "And if old Suits gets the job done I'm going to go right down the line for him and hit up every outfit in town for a good, liberal donation. I think it will be worth the money."

Suits has an irrigated farm near Lockney which he operates on the side and makes his home.

HIGH SCHOOL DIRECTOR OF BAND MUSIC ARRIVES WITH WIFE AND PARENTS

M. T. Camp, director of music in Floydada High School, who has been absent from Floydada the past two weeks, returned home Monday night. After a brief visit at Texhoma, where he and Mrs. Camp formerly made their home, they journeyed on to Shattuck and Arnett, Oklahoma, to spend several days with relatives. Mrs. Camp, who has been with the utilities company at Texhoma, has resigned her place there to come to Floydada with her husband.

This week Mr. and Mrs. Camp have as their guests Mr. Camp's parents, Rev. and Mrs. P. D. Camp, of Arnett, who accompanied the couple to Floydada Monday.

Mr. and Mrs. J. A. Arwine and son, Joe, spent from Sunday through Tuesday in Ft. Worth visiting with her sister, Mrs. John Reynolds and brother, Dr. Herman J. Thomas. Their son, Gene, who has been visiting there the past three weeks returned home with them.

Mr. and Mrs. Lindsey Graham left Tuesday for Hot Springs, New Mexico, on the first leg of a vacation trip, during which they will also visit at Santa Fe and other northern New Mexico points.

Mrs. E. W. Terry and daughters left Sunday for their home at Heath after a month's visit with her mother, Mrs. C. F. Lincoln and sister Mrs. W. D. Newell and family.

Mr. and Mrs. C. M. Martin and son, Jack, left Wednesday of last week for the Gulf coast, planning to spend a vacation at Corpus Christi and other points.

Mr. and Mrs. B. K. Barker and sons, B. K. and Addison, made a business trip to Dallas last Friday and Saturday.

Frank L. Moore spent the earlier part of the week at Littlefield on business.

Flomot Footballers To Train At Leuders For Coming Football Wars

Coach Leo Jackson has plans for his Flomot footballers as the training season draws ever nearer. The Longhorns, last year actual winners of District 4-B football but ruled out in the final go-round on an ineligible player, are looking forward toward another successful season in spite of losses by graduation.

The Longhorns and their coaches will leave Saturday for Leuders, on the Brazos, for a two weeks training camp. There they will get in shape for the forthcoming football wars in District 4-B. About 40 boys are expected to go on the campment and work for positions on the 1938 Longhorn team.

Coach Jackson said that a number of other teams would be training there and that ample opportunity would be had for heavy scrimmage before they return home in September.

BROTHER OF J. E. APPLING IS BURIED AT STAMFORD

Funeral services for Euclid Davis Appling, 73, of Stamford, brother of J. E. Appling, city, were held last Thursday afternoon following death Wednesday night from a stroke of paralysis.

Survivors are the widow; a daughter, Mrs. Earl Osment, and a son, Cricket Appling, the brother and four sisters.

J. E. Appling with his son, S. G. Appling and Mrs. Appling went to Stamford Thursday returning home Saturday.

Miss Daurice Anderson, of Olney visited for several days last week with her friend, Miss Virginia Stovall. The girls were club sisters at Tech. Mrs. Stovall and Dorothy Dell took them to Lubbock Thursday where Virginia returned to her work after a three weeks vacation spent at home.

Mr. and Mrs. W. U. White and son, Bob, will return home the last of the week from a vacation trip to Santa Fe and Taos, New Mexico, and other points in the mountains.

Mr. and Mrs. J. A. Parks of Clayton were guests Sunday of Mr. and Mrs. Edd Johnson.

News Review Of The Week

Tuesday, August 9

WASHINGTON—The ability of Roosevelt administration leaders to sway Democratic voters in their choice of senatorial candidates will be tested anew in some of the primary contests to be settled today. Citizens of Ohio, Idaho, Arkansas, and Nebraska will select their party tickets for the fall elections.

SOUTH PARIS, Me.—Paul (Bud) Dwyer pleaded guilty to a murder he did not commit because his life and mother's life were threatened, Dwyer's former counsel testified yesterday at the murder trial of Frances M. Carroll.

Siberian Front Quiet

MOSCOW—Foreign military observers were watching closely here yesterday for further developments since Foreign Commissar Maxim Litvinoff's revelation of a new border clash 250 miles north of the recent border trouble where Russia and Japan have been skirmishing since July 29.

WASHINGTON—The Navy department announced today that the possible depth to which deep sea divers can descend safely has been extended to 500 feet by the use of synthetic air. The record depth in an ordinary rubber suit before the use of the new mixture was 306 feet.

Wednesday, August 10

NEW YORK—Twenty business executives in diversified lines in various cities reported a general feeling of business betterment now and hope for further improvement this fall in a survey made public today by George A. Sloan, chairman of the Consumers Goods Industries committee.

AMARILLO—Hugh E. Eum of Amarillo yesterday declined to be the Republican nominee for governor of Texas. He had been chosen for that post by the nominations committee of the Republican state convention.

Army Defends Coast

FORT SAM HOUSTON—Two thousand cavalrymen were prepared today for their part in sham battles of the Third Army maneuvers over the rugged terrain of nearby Camp Bullis.

NEW YORK'S—Father Devine's "angels' expeditionary force" embarked to the strains of swing music yesterday for their Krum Elbow "promised land" across the Hudson river from the ancestral home of President Roosevelt.

Thursday, August 11

ON THE WORLD'S BATTLE FRONTS—Siberia: Soviet artillery and planes attack Japs on four mile front in most intensive firing in border incident to date. China: Jap troops struck at Yangtze river lines of Chinese in swift attacks to find a weak spot for advance on Hankow. Spain: Reds and rebels locked in fierce struggles on three fronts as each side throws finest troops and best equipment into

fighting.

WASHINGTON—The Agriculture department forecast today a 1938 corn crop of 2,556,221,000 bushels and a combined wheat crop of 955,989,000 bushels. The wheat estimate was drastically cut from the early spring estimates but now the crop is in the hands of the speculator and the wheat farmer cannot take advantage of a price rise.

Third Army Busy

THIRD ARMY HEADQUARTERS, DeSota National Forest, Miss.—Official critics of the Third Army maneuvers, concluded here Monday, declared in a critique held last night that the United States army stood ready to meet any emergency that might arise from a foreign coalition.

NEW YORK—Back from the "promised land" today rode Father Devine, Harlem evangelist, and 2,000 staunch disciples, eyes still shining with the wonder of their new paradise on the Hudson.

Friday, August 12

ATLANTA, Ga.—President Roosevelt for the first time called vigorously yesterday for the defeat of a Democratic senator he feels does not meet the tests of liberalism. Mr. Roosevelt told cheering thousands that he felt Sen. Walter F. George should not be returned to congress.

FORT WORTH—In what he described as his "first important move" W. Lee O'Daniel, Democratic nominee for governor, tonight in a radio talk gave his unqualified endorsement to six candidates for legislative, administrative and judicial offices in the run-off primary election to be held August 27. The move shocked some staid political hounds but the action gave evidence that O'Daniel is not "sitting on the fence" and that the people of Texas can be assured he is not afraid to speak out and act which is more than most other politicians can say.

SOUTH PARIS, Me.—The defense yesterday completed the case upon which it hopes to win acquittal for Frances M. Carroll, former deputy sheriff, charged with the brutal strangulation of elderly Dr. James G. Littlefield, a crime for which Paul N. Dwyer now is serving a life term in prison.

WASHINGTON—Secretary of Agriculture Henry A. Wallace urged AAA state committeemen to defend the farm act against its enemies. The committeemen came here to assist in planning the 1939 AAA program.

Saturday, August 13

FORT WORTH—Every politician and observer is up in the air or jubilant over the square stand taken by W. Lee O'Daniel, Democratic nominee for governor, by endorsing six candidates in the run-off primary August 27. The stand seemingly deserves praise because of the fact that it is something the usual politician would hesitate to do.

SOUTH PARIS, Me.—Frances M. Carroll, former deputy sheriff, last night was convicted of first degree murder in the brutal "death tour" garroting of elderly Dr. James G. Littlefield.

WASHINGTON—The medical

Texas
at her finger tips
...ready
for your call

AT the finger tips of your telephone operator stands many million dollars' worth of equipment in Texas... buildings, switchboards in 315 offices; two and a half million miles of wire... ready day and night to carry your voice the length and breadth of Texas, and beyond.

Last year it took more than 23 million dollars to operate this system for you. Part of this was for materials and supplies. More than four million dollars went for local, state, and federal taxes, to help pay for your roads, schools, police protection, and so on. More than 11 million dollars for wages, to nearly 9,000 workers who are your neighbors in Texas, and who spent that 11 million dollars in this state... no small item in keeping Texas business moving.

The telephone company, like the men and women who operate it, is a part of Texas. Its investment here has been made to meet this state's need for friendly, dependable telephone service. It serves its own interests best by giving you the service you want, at reasonable cost to you.

BUILDING, REMODELING CONTINUES OVER FLOYD CO

Yards Busy As Building Continues

Federal Housing Projects And Building Arrangement Has Helped

One of the busiest springs and summers in a number of years from the building standpoint has been recorded by the Floydada lumber yards. Ever since early spring homes have sprung up in town and in the outlying communities.

The first spurge of building began when the Federal Housing administration announced its "build a home and pay for it like rent" plan. Many persons had been waiting for the chance and took advantage of the opportunity as soon as the details were worked out.

The housing situation in Floydada six months ago might have been termed "acute," as there was a serious lack of apartments and rent houses to care for those who needed them. An extra demand came for houses and apartments upon the arrival of the oil crews connected with the drilling of the Blanco test.

The oil scare, as it might be called, subsided some weeks ago and the crews are gone. The apartments used by them have generally been filled with new tenants.

Reports from the various yards located here listed a goodly number of homes being built or remodeled at this time.

Marvin English has bought the home vacated last week by Walton Hale at 620 West Missouri from Marvin Shurbet. The new owner began extensive repairs this week in which new paper, painting of wood work and a coat of paint for the outside is making the home modern.

Another repair job under way at present is the R. P. Jackson home on West Virginia street in which weather strips are being put in and the house stuccoed. New shingles are being put on the roof.

Rev. Sidney Johnston of McCoy community is building a new five room house. The new home is near completion and will be a stucco structure when completed.

In the Blanco community W. C. Cates is having a new five room home hearing completion. The outside will be stucco when completed.

L. H. Randolph has his new cobblestone residence located near Cedar Hill almost completed. The structure is one of the finest rural

residences in the county.

A new six room residence is being constructed by B. C. Cates who lives near Baker community. Work has just started on the house which will be of stucco finish.

Gus Hammons has begun a new five room residence which will be located near Hillcrest.

In the Wake community John Callahan has a new six room residence nearing completion. Flooring and shingles are being put in this week.

Dosier Dillard of Cedar has a six room structure under construction the roof and floor are under construction this week.

E. C. Hayden of Campbell recently had his five room home completed and is now occupying it.

A. S. Mine is also the owner of a new residence.

J. A. Arwine has plans drawn for a new residence to be located on West Kentucky. Construction has not yet been started.

C. C. Huckabee is having his home in town remodeled.

A remodeling and building job is being performed on the Fred Battey home located south of Floydada.

Claud Langford has a residence under construction on West Jackson.

W. A. Shaw is having the roof and front of his residence on West Virginia remodeled and rebuilt.

C. B. Carmack is having a new brooder house and garage built on North Fourteenth street.

J. J. Spikes of McCoy has remodeled and rebuilt his home. In the Lakeview community T. F. Anderson is having a remodel job done on his home.

Permits Issued

According to records in the city hall, building permits amounting to a total of \$24,050 have been issued for building or repairs within Floydada proper.

The figures shown gave \$12,650 of this amount to new buildings constructed or under construction and \$4,400 of the amount for repairs or remodeling.

Figures for out-of-town building and remodeling are not available since permits are not required.

SISTERS OF MRS. ELLA JOHNSON HERE LAST WEEK

Mrs. Ebbie Cothern of Eunice, Louisiana, and Mrs. J. E. Tippett of Tull, Texas, were guests of their sister Mrs. Ella Johnson last week from Tuesday until Thursday.

Mrs. Tippett was accompanied by her son John Tippett and his daughter Mrs. Lonnie Garrison and little son Lonnie D. also of Tull, who were guests of Mrs. Johnson.

Mr. and Mrs. Felix Jarrett returned home Sunday night from Carlsbad, New Mexico, and the Davis Mountains of Texas where they spent a week on a vacation trip.

Neighbors Meet Again After Period Of Many Years At Mount Blanco

Community Cements Of The Eighties And Nineties Explained By Pioneer Of Crosby

Fifty-seven years ago two young girls met and became fast friends and neighbors. Many years have passed and they met again at the Hank Smith reunion for the first time in forty-five years.

The neighbors spoken of are Mrs. Van Leonard and Mrs. Joe Sherman. Girl friends both born near Sandusky, Ohio on Lake Erie, fate decreed a pioneer life for them and Mrs. Sherman, who was Miss Lina Underhill, came west with her parents in the year 1881.

Mrs. Van Leonard who was then Miss Emma Mitchell, came for a visit with her uncle, Hank Smith, in 1887 and while here she met and married Mr. Leonard. Twenty years passed before she returned to her home in Ohio for a visit.

The Leonard and Shermans were married by the same preacher, Rev. Anson Cox, a Quaker pioneer. Mr. Sherman was the wagon boss for the square and compass ranch. He was also the deputy sheriff of Crosby county. He with his family left Crosby county in 1893 and he died at his home in Gaines county in 1917.

Community Cow-Pens

Mrs. Sherman, who is now a resident of Seminole, in her conversation said in her journey to the reunion she saw the exact spot of the old community cow-pen located where now is a lake one and one half miles south of the Estacado townsite. She said she had to explain to her son what she meant by the expression community cow-pen. She said:

"A small herd of cows were penned for the community's milk supply. The women did the milking which was no easy job as the hind foot of the cow had to be roped and tied to keep the cow from kicking."

Mrs. George Smith, of Crosbyton, also remembers the community cow pen and said she has milked many cows in that manner. One year the cows were furnished by Sam Gholsen, she said.

Mrs. Sherman and daughter, Miss Olive, and son Roy, of Seminole, and another son P. L. and his wife of Roswell, New Mexico, made the trip to Crosbyton for the old settler's reunion.

REV. G. W. TUBBS IN A REVIVAL AT FAIRMOUNT BEGINNING SAT. NIGHT

Rev. G. W. Tubbs announced this week that he will be in a revival meeting at Fairmount, beginning Saturday night. The meeting to continue probably ten days.

COL. TILSON SAYS VOTE AGAINST CANDIDATES WHO GOT O'DANIEL BLESSING

Plainview, Texas, Aug. 15, 1938. I am an original O'Daniel man and did all I could for his election making a number of speeches in his interest, but, I, like thousands of others who voted for him, on listening to his recent declaration as to the duty of the people of Texas to turn the professional politicians out. Instead of getting rid of the professional politicians he has converted himself into one and plunged into the cesspool of professional politics, and endorsed some of the rankest, most tenacious, and almost life long politicians known to the catalogue of politicians. And this, too, when there was no earthly necessity for it.

It is to be hoped that the people of Texas will go to the polls on August 27th, to vote solidly against every man that Mr. O'Daniel has attempted to ram down the throats of the voters of Texas. In my opinion Mr. O'Daniel should have some of the egotism jerked out of him and I think he will get it on the 27th of August. The people of Texas are in no mood to be dictated to by either a state or national dictator.

T. J. Tilson.

Birthday Supper Saturday For S. W. Ewing's Birthday

McCOY, August 17. — Saturday was a very enjoyable day in the S. W. Ewing home. A reunion of all the children and the celebration of the recovery of Mrs. Ewing, together with the seventieth birthday of Mr. Ewing made the occasion three-fold.

**"I'M TOUGH!
I EAT QUAKER OATS
EVERY DAY!"**

WHY is it you so often find the sturdiest, healthiest youngsters and grownups have been "brought up" on Quaker Oats? Because oatmeal is the richest of all whole grain foods in strength-giving proteins. Proteins, you know, are the vital food elements best for building muscle, firm flesh, and lasting strength. It's richer than other thrifty cereals too in phosphorus for teeth and bones, in iron, and in important Vitamin B₁, the nerve-digestive-appetite vitamin which children and everybody need supplied to them every day! So serve delicious Quaker Oats often to help fill out your growing boy or girl with the sturdy "tough" kind of muscular flesh and improve your own general well-being. Quaker Oats saves money, too... often cuts breakfast costs to half of more expensive foods... and you can have it ready in only 2½ minutes! Get a package of Quaker Oats at your grocer's today!
