The SDN Column

The weather was neither good nor bad — it could have been much worse — but the factor that most impressed Bill Hartsfield at the Canyon Reef Relays was the heavy turnout of volunteer workers for the big track and field meet.

The Snyder track coach said that workers were plentiful, on both Friday and Saturday, and consequently the meet moved smoothly, despite some uncomfortable winds on Saturday afternoon.

Hartsfield said he wanted to express his appreciation to the volunteer workers, but would not attempt to name them. "There were so many that I'm sure I would leave out some if I tried to tell you who they were," he said.

The Class AAA division's results offered food for speculation. The strength of District 3-3A was not surprising, but the Reef meet indicated much more balance in the league than had been expected.

★ ★ ★

Rep. Renal Rosson was home for a brief visit over the weekend and promptly took note of the reference in this column Sunday to Daylight Saving Time.

Rosson said a bill is already in the "hopper" at Austin and that he will support Standard time over Daylight time.

"I voted for Standard time two years ago, and I will vote for it again," he declared. "I was for leaving the clocks like they were all along."

Rosson said it was uncertain when the bill would come up for a vote.

Daylight Saving Time has come to be something of a controversial issue. It is new to this area, but has been observed for many years in other regions. And sentiment for Standard Time here is by no means unanimous. There are those who for various reason favor Daylight Saving time. One is Sterling Parker who said he planned to advise Rep. Rosson of his sentiments on the subject. Parker said he would favor DST the year round, preferring consistency, but would take it as is rather than do away with it.

Today In History

By THE ASSOCIATED PRESS

Today is Tuesday, March 4, the 63rd day of 1969. There are 302 days left in the year.

Today's highlight in history:

On this date in 1789, the first U. S. Congress convened, in Federal Hall in New York City. The Congress had to adjourn because a quorum was not present.

On this date:

In 1681, England's King Charles II granted William Penn a charter for what is now Pennsylvania.

In 1791, Vermont became the 14th state.

In 1829, the White House was mobbed by an unruly crowd at the inauguration of President Andrew Jackson.

In 1917, Republican Rep. Jeannette Rankin of Montana became the first woman to serve in Congress.

In 1943, American forces defeated the Japanese in the Pacific war Battle of the Bismarck Sea.

In 1945, Soviet troops reached the Baltic Sea in their drive across Germany's province of Pomerania.

Ten years ago — Soviet Premier Nikita Khruschev threatened that the U.S.S.R. might sign a separate peace treaty with East Germany.

Five years ago — A federal jury in Chattanooga, Tenn., convicted James R. Hoffa, president of the Teamsters Union, of trying to tamper with a jury in a previous trial.

One year ago — U. S. forces in South Vietnam reported killing nearly 300 North Vietnamese in bombardments in the North of South Vietnam.

THE WEATHER

SNYDER TEMPERATURES: High Monday, 44 degrees, low, 28 degrees; reading at 7 a.m. today, 32 degrees.

Northwest Texas: Travelers warning in central and north parts. Snow developing along western border this afternoon, spreading eastward tonight and continuing Wednesday will cause hazardous driving conditions in central and north parts. Continued cold. Low tonight 24 to 32. High Wednesday 32 to 38.

North Central Texas: Rain beginning late tonight and continuing Wednesday. Rain changing to snow in northwest. Low tonight 29 in northwest to 40 in southeast. High Wednesday 36 to 46.

Southwest Texas: Considerable cloudiness tonight and Wednesday with rain and possibly a few thundershowers, ending Wednesday afternoon. Snow likely mixed with rain in extreme north. Rather cold in most sections Wednesday. Low tonight 32 in north to 50 in south. High Wednesday 40 in north to 60 in south.

South Central Texas: Increasing cloudiness with occasional rain tonight and Wednesday and possibly a few thundershowers Wednesday. A little warmer tonight, cooler in most sections Wednesday. Low tonight 45 to 55. High Wednesday 55 to 65

SECOND BY A NOSE — Vice President Spiro Agnew wears a bandage on his nose as he and President Nixon move through the crowd at Andrews Air Forse Base in Washington. It was Nixon's return from Europe and Agnew was helping review the honor guard when the vice president slipped on some ice, fell and cut his nose. (AP Wirephoto)

Peking Stages New Protests

TOKYO (AP) — Peking whipped up more and bigger demonstrations today against the Soviet Union in the wake of their newest border clash and charged the Russians "dream of an armed occupation of Chinese territory."

Red China also accused the Soviet Union of "joining with the United States in attempting to encircle China."

Radio Peking reported that "tens of millions" of Chinese demonstrated through the night in all parts of the mainland. The broadcast said 450,000 Red Guards and workers massed around the Soviet Embassy in Peking, waving placards with demands to "hang" Soviet Premier Alexei N. Kosygin and "fry" Soviet Communist party boss Leonid I. Brezhnev.

Chinese and Soviet troops clashed Sunday on an island in the frozen Ussuri River which separates Manchuria from the Soviet Union's maritime provinces. The island, named Chenpao by the Chinese and Damansky by the Soviets, is 200 miles north of Vladivostok and both countries claim it.

Moscow and Peking swapped protest notes Monday, each accusing the other of "provocative armed intrusion" that resulted in "many killed and wounded." Each side demanded compensation and punishment of those responsible and warned "resolute counterblows" would be dealt future "violations."

Peking followed up with another warning today, an editorial in the official Peking People's Daily and in the Liberation Army Daily. Titled "Down with Tsars," it accused the Russians of 'premeditated military provocation" and warned "anti-China intrigues on the part of the rebel Soviet revisionist group will come to no good end."

"The rebel Soviet revisionist group is resorting to tsarist colonialist-imperialism in attempting to suppress savagely and ruthlessly the people of Eastern Europe," the editorial said.

"They have turned the People's Republic of Mongolia into their own colony to materialize gradually their dream of an armed occupation of Chinese territory."

Snow Due In Panhandle

BY THE ASSOCIATED PRESS

Frosty weather gripped Texas today but a kindly bank of clouds moved protectively over the sensitive lower Rio Grande Valley and prevented weather damage there.

Meanwhile, heavy snow warnings were issued for tonight for the Panhandle-Plains country.

The Weather Bureau in the Valley had issued a frost warning and said the temperature would go as low as 29.

But with the cloud bank, the lowest recording at major reporting stations in the Valley was 34 at Rio Grande City.

Frost can occur at 34 only if conditions are perfect and ideal frost-making conditions were not present.

Particularly vulnerable to frost at this time in the Valley are young lettuce and cantaloupe plants.

A high pressure ridge brought clearing skies to most of Texas but a new Pacific cold front is expected to strike the Panhandle-Plains tonight. The Weather Bureau predicted heavy snow and hazardous road conditions.

High cloudiness began spreading over Southwest and South Texas in advance of the new cold front.

Pilot Radios In With Bear Emergency

DALLAS (AP) — A pilot radioed Love Field for emergency landing clearance Monday because of trouble with his cargo. A large bear that had broken out of a cage.

Airport employes and sheriff's deputies spent the next 90 minutes getting the beast to a zoo. Nobody was injured.

Apollo Carries LEM To New, Higher Orbit

By JOHN BARBOUR
AP Sckence Writer

SPACE CENTER, Houston (AP) — Linked nose-to-nose with their awkward moon cab, the Apollo 9 astronauts rocketed higher today to make the spaceship easier to handle if rescue is necessary in risky maneuvers ahead.

Air Force Cols. James A. McDavitt and David L. Scott and civilian Russell L. Schweickart fired their rocket engine for nearly two minutes at 9:12 a.m. EST.

Then in cheerful voices, they described the scene in their crowded space cabin.

"Hey Smokey," McDivitt asked Apollo communicator Stuart Roosa, "have you ever been attacked by a band of wild elephants?"

"Negative, Roosa replied.

"You ought to see what it looks like in here with these six big black hoses" that feed oxygen to the space suits, McDivitt replied. Roosa laughed.

"Did you ever dream about octopuses?" Scott asked from Apollo 9.

The spacecraft engine, delivering the power of a jet fighter plane, boosted the high point of Apollo 9's orbit to about 221 miles, with a low point of 123 miles.

"That's pretty good," the astronauts reported when Mission Control told them the figures of the new orbit. "Looked pretty smooth, Apollo 9," Mission Control replied.

One of the aims of the planned rocket firing was to reduce the weight of the Apollo 9 by 7,355 pounds. This makes the ship easier to maneuver with less fuel, and backs up its ability to rescue the untested moon cab if necessary in days ahead.

It also checks out how well the autopilot handles the expected wobble of the combined spacecraft in rapid boosts of power.

The Apollo 9 astronauts said they did not get as much wobble as they had expected on this rocket firing.

The scene was set for the first rocketing maneuver of the day when McDivitt reported from space: "An interesting sidelight here, Houston." He told the earth that when they accelerate their combined vehicles they get a lot of wobbly flight. He said he expected the rocket firing "may be fairly exciting."

The astronauts were awakened shortly after 5:30 a.m., reluctant to rise but brighter voiced and obviously more rested on their second day in space.

When ground communicator Ron Evans, an astronaut himself, awakened them, one of the Apollo 9 space pilots whose drowsy voice was unidentifiable murmured, "I guess we have to wake up now, huh?"

"Yeah, it's about that time,' responded Evans.

All the ensuing conversation from space sounded brisk and alert, however, as the astronauts proceeded to jot down an updated flight plan and other technical data preliminary to powering up for the days labors.

After that the next order of business was breakfast. The menu consisted of Canadian bacon, apple sauce, corn flakes, brownies and fruit drinks.

The Apollo 9 voyagers were flying nose-to-nose with their buglike lunar module—a combination dubbed "gumdrop and spider" by Mission Control—at the end of a first day which often found them too busy to talk.

Court Limits Texas Claims To Tidelands

WASHINGTON (AP) — The Supreme Court has told Texas that it must limit its tidelands control to nine miles from the present coast — although the state has lost thousands of acres from erosion of its beaches since 1845.

Texas maintained that the coastline—and the nine miles of tidelands it controls for oil drilling and other purposes—should be determined from the line at the time the state entered the union in 1845.

The ruling Monday in effect overturned a 1967 decision that the coastline should be based on 1845 conditions.

Involved are 17,000 to 35,000 acres of tidelands and their oil potential.

The court Monday said that if the coast recedes in the future, the three league (nine miles) limit is measured from the receding point. If by rebuilding itself or artificial construction the coastline should exceed by more than six miles its 1845 line, Texas would obtain more of the tidelands.

The court said any change in its decision must come from Congress. The decision on Texas was 6-1 with Justice Black dissenting.

The Supreme Court also ruled for the federal government and against Louisiana.

The 5-2 decision did not finally settle, however, the fight over where Louisiana's rights and those of the federal government begin. A special master will be appointed to make further findings on the precise boundaries of the Louisiana submerged lands.

WEEP FOR THE DEAD — Friends of Dolly Harrison weep at Covington, Ga. after learning Dolly was killed along with 10 others when a drag racer went out of control at Yellow River Racing Strip. Scores of other spectators were injured when the racer hurtled into the crowd. (AP Wirephoto)

Governor's Plan Is Ruled Illegal

AUSTIN (AP) — Atty. Gen. Crawford Martin ruled today that a $71.6 million phase of Gov Preston Smith's new tax and revenue program would be illegal if enacted into law.

The attorney general's ruling, asked by Rep. W. S. Heatly of Paducah, chairman of the House Appropriations Committee, said the so-called Cavness plan to transfer oil and gas lease income from the permanent to the available school fund would violate three sections of the state constitution.

Smith said the opinion means "one of two things. Either a new source of revenue must be found or we will have to cut back on proposed expenditures."

"It is somewhat of a disappointment because the plan had been proposed as a potential source of about $72 million in revenue to help finance the programs which I have recommended in my message to the legislature," Smith said soon as Martin's opinion was disclosed.

"However, I feel it is clearly my constitutional responsibility to make other suggestions, and you may be sure I will fulfill that responsibility."

Smith said last week that if he made other new revenue recommendations it likely would be in another speech to the legislatur.

The revenue-raising program, introduced by Rep. Don Cavness of Austin, would provide that all mineral leases rentals and bonuses on public school lands and 72.5 per cent of all oil and gas royalties on such lands be deposited to the available school fund.

This transfer would relieve the general revenue fund of a $71.6 million need for public school operations in 1970-71 and in effect make more money available for other purposes.

"If enacted," Martin's opinion said, "(HB 232) would be in violation of Sections 2, 4 and 5 of Article VII of the Constitution of Texas for the reason that the same constitutes a sale of part of the corpus, and, as such, the proceeds are required to be placed in the permanent school funds, rather than the available school fund."

The portion of the Constitution cited by Martin contains the provision written in the 1876 document that certain state-owned lands in Texas were dedicated to establishment of a permanent school fund "and all sums of money that may come to the state from the sale of any portion of the same, shall constitute a perpetual public school fund."

Martin said his decision was based on a 1926 Texas Supreme Court case involving a similar attempt to divert royalty income from the permanent university fund. The court held that the owner of an oil or gas lease actually becomes owner of the minerals involved for the contract period involved and any bonus, rentals or royalties are actually a part of the sale of land.

Judge Pickett To Speak In Schools

Perry Pickett, judge of the 142nd district court in Midland since 1954, will speak in three schools here Wednesday as a highlight of the annual local observance of Texas Public Schools Week.

He will speak at 8:30 a.m. tomorrow at Lamar Junior High School, at 10:30 a.m. at Snyder High School, and at 1 p.m. at Travis Junior High School. The public is invited to attend one or more of the sessions. Judge Pickett's appearance here is sponsored by Masonic Lodge No. 706. Chairman of the committee arranging for his appearance is John Boren.

Judge Pickett is a graduate of Masonic Home High School in Ft. Worth. Chosen outstanding senior, he was captain of one of the outstanding "Mighty Mites" football teams. He worked summers in the West Texas oilfields and worked on campus at the University of Texas where he attended college.

A major in the Army Air Corps during World War II, Judge Pickett saw action as a pilot in the Mediterranean area of operations. He was imprisoned by the Germans when his airplane was shot down. He attempted to escape twice.

Pickett completed his Law School studies after the war and began practice in Midland in 1949. He was elected Mayor of Midland in 1951 and was appointed District Judge in 1954. He is a former President of the Buffalo Trail Council, Boy Scouts of America, and a former director of West Texas Boys' Ranch. Married and the father of two sons, he is a Lay Reader in the Trinity Episcopal Church.

The Public Schools Week observance here began Monday with the public encouraged to visit the schools.

Parents of children in the first and fourth grades visited the elementary schools yesterday. Second and fifth grade visits were planned for today with third and sixth grade visits scheduled for tomorrow.

Meals for adults are priced at 65 cent each in the school cafeterias during the visitation period. Regular price for adult meals is $1.

Friday, March 7, will be a school holiday as faculty members and administrators attend the annual convention of District XIV, Texas State Teachers Association, at Abilene.

Repair Contracts Are Let By City

The Snyder City Council last night approved two contracts for repair work to city property and passed on second and final reading an amendment to the city's plumbing ordinance.

Water Tank Service Co. of Dallas was awarded a contract for maintenance and repair work on the half-million-gallon elevated water storage tank located at Fortieth Street and Midland Avenue. The Dallas firm's bid was $8,900, compared to $8,800 by Texas Tank Maintenance Co. of Austin. However, the Dallas firm offered a guarantee for 20 years, while the Austin firm offered a five-year guarantee.

T. E. Shelburne and Sons were awarded a contract to repair the roof overhang on the city hall. The successful bid was $2,043 to remove plaster, install new lath and new plaster, one of two alternatives. Another bid of $3,300 was submitted by Clark Lumber Co.

The amentments to the plumbing ordinance were proposed by a special committee that worked on the project for several months, and the ordinance came up for final reading last night.

Action was delayed on appointing a board of tax equalization. A committee named earlier to make nominations said that it would submit names at the next meeting.

The council authorized the city manager to seek bids for codifying city ordinances, and additional study on the city's continuing under the workmen's compensation insurance program was asked, with a view toward possibly establishing a self-insuring program.

Karl Mawhorter, Chamber of Commerce manager, advised the council that Christmas lighting decorations for the downtown area are in need of extensive repair or replacement and that chamber officials will confer within a few days with a representative of a supplier. He asked that the city consider participation in the financing of such a project. Councilmen expressed interest in the project, although it was noted that the city likely would not assume more than a third of the financial responsibility. The city manager was instructed to work with the chamber manager on a definite proposal.

Demolition orders for five substandard buildings were approved after Fire Chief Alfred Kohl advised that legal requirements had been completed.

By ABIGAIL VAN BUREN

DEAR ABBY: We have a 15-year-old daughter I'll call "Mary, who has always given us a lot of trouble. I won't go into the sordid details, but take my word for it, she is a HANDFUL!

Her mother found proof that she was going the limit with a long list of boys, and Mary admitted it. She said it was her life, and she didn't see anything wrong with it, and if WE did, that was our "hang up."

We finally sat her down and told her that if she was going to behave that way, we INSISTED she take birth control pills, not so much to protect HER — but out of consideration for any unwanted child she might bring into the world. (We got the pills thru our family doctor.) Mary now informs us that she is flushing the pills down the toilet and doesn't care what happens to her. All right, Abby, if Mary were YOUR daughter — what would you do?

MARY'S FATHER

DEAR FATHER: I would ask my family doctor to recommend an expect for young people with emotional problems. Mary is seething with hostility, and she's determined to punish YOU regardless of the price she herself must pay to do it. Admit your share of the "blame" for the communication failure between you, and offer her "help" to discover the real reasons why she wants to destroy herself, and embarrass you.

• • •

DEAR ABBY: When we eat out, even in real high - class restaurants, my mother scrapes everybody's dishes and stacks them one on top of the other — to help the waitress. (She used to be a waitress.) She says she knows this isn't considered etiquet, but she doesn't care. People look at us like we just came off the boat, and my brother and I want to crawl under the table.

Daddy just laughs. He says it's good for Mom because she just gave up smoking and it gives her something to do with her hands.

Any suggestions?

ANNIE (I am 12)

DEAR ANNIE: Yes, laugh, too.

• • •

DEAR ABBY: Yesterday my husband and I had our millionth fight, and it's always over the same thing. HIS RELATIVES!

He must think I'm running a hotel here. Just before Christmas I got the flu and was sicker than a dog. I was up all night coughing and was so weak I could barely drag myself out of bed. Then my kids caught it and I was run crazy nursing THEM. But do you think my husband would call his sister and tell her to stay home? O', No! She and her husband had planned to spend Christmas with us (they live in Texas) and by gosh, they were coming, hell or high water!

Not only that, they always bring their mouthy kids with them. They don't get along with my kids, and the fighting and commotion around here would wake the dead.

Believe me, if I had invited any of MY relatives here with this place in the mess it was, he'd have called them up and told them to stay home so fast they wouldn't know what hit them.

And, O yes, after his sister and her gang went home (January 4) his mother called and said she was SENDING her widowed sister and a NEIGHBOR of hers to visit us for "a few days,' as they needed a rest. They came in on a bus that got here at 4 in the morning and theyre still here. Can you beat that?

I could go on and on, but what's the use? I really don't expect you to do anything about this problem, but I feel better already just getting it off my chest. Thanks for listening.

ALMA

Legislators Seek Change In Measure

AUSTIN (AP) — House committee members argued Monday that a bill making it a felony to interfere with a peace officer in lawful discharge of his duties should specify that the officer must be performing emergency duty.

"The way the bill is now, any policeman in lawful discharge of his duties could slap a felony on you even if he's just delivering a subpoena," Rep. Bob Thomas, Waco, told the House Criminal Jurisprudence Committee.

Nola White, first assistant attorney general, said the bill was the result of a study by eight district attorneys and other law enforcement officials.

Committee Chairman Felix McDonald, Edinburg, automatically referred the bill to subcommittee. He also sent to subcommittee a bill which would make it illegal to display certain prohibited weapons by persons engaged in selling, buying or renting such weapons.

The bill would allow display of such weapons inside but not in a showcase where they could be viewed from a sidewalk.

Rep. Ray Lemmon, Houston, was the only witness before the committee on his bill allowing a criminal defendant to go free by posting 10 per cent of his bond with the court.

"I guess if I had any witnesses to present they probably would be in jail because they were unable to make bond," Lemmon said.

Spokesmen for bail bondsmen and at least one county opposed the bill, which was sent to a subcommittee

Danny The Red To Visit America?

FRANKFURT, Germany (AP) — Daniel Cohn-Bendit, the leftist student leader barred from France last year for his role in student rioting, has applied for a visa to visit the United States.

A spokesman for the U.S. Consulate said today the application has been sent to Washington for consideration because Cohn-Bendit, known also as "Danny the Red," "has had some legal difficulties both in France and Germany.

The red-haired, German-born Cohn-Bendit describes himself as an anarchist.

Female Bootblack

NEW YORK (AP) — Miss Nina Giuliano took a job as a bootblack in the men's hair salon of a department store although, she said, she is a qualified hair stylist. Miss Giuliano, "about 30," said she couldn't get a barber's job because the owners of men's hair-dressing parlors feared a woman barber would make the customers nervous.

Calm Sirhan Admits To Assassination

By HARRY F. ROSENTHAL
Associated Press Writer

LOS ANGELES (AP) — In a tone of voice that was almost casual, Sirhan Bishara Sirhan said on the witness stand that he took the life of Sen. Robert F. Kennedy.

The 24-year-old Jordanian had admitted before that he was the senator's assassin, but that was in stormy sessions out of the hearing of the jury. By contrast he was composed and polite Monday as he faced the eight men and four women who could sentence him to death.

He smiled often and grinned broadly at times.

"It is alleged that on the 5th day of June, 1968, you killed and murdered Sen. Robert Francis Kennedy, a human being," began Grant B. Cooper, the leading member of the defense legal team. "Did you . . . shoot Sen. Kennedy?"

"Yes sir," said Sirhan.

The white haired lawyer then went down the list of five others wounded in the wild fusillade that felled the senator.

Q. Did you shoot Paul Schrade?

A. That is what the indictment reads. I might have.

Q. You heard the testimony here?

A. Yes.

Q. Were you aware of the fact that you shot Mr. Schrade?

A. I was not aware of anything.

The answer was in line with the defense contention that Sirhan was in a trance and out of contact with reality when he shot Kennedy.

Bussing Bill Is Argued

AUSTIN (AP)—A resolution by Rep. Bill Archer of Houston, asking the Texas Legislature to go on record as opposing forced bussing of school children away from their neighborhood schools was sent to a house subcommittee Monday night.

The only witness, Robert Eckels of the Houston Board of Education, told the House State Affairs Committee the federal government has "sneaky" ways of requiring bussing even though federal law does not permit it.

"I resent someone calling the federal government sneaky," said Rep. Arthur Vance of Pasadena.

Archer's resolution said there is a "concerted effort" to force the Houston Independent School District to begin compulsory bussing of children for distances of up to 13 miles from their neighborhoods.

He said cost estimates range up to $4 million, and the "safety and well being of small children" would be "severely jeopardized" in emergencies if children were moved far from their homes.

Humble Ups Crude Prices

HOUSTON (AP) — Humble Oil & Refining Co. has joined several other major oil companies that have increased the price of crude oil and condensates.

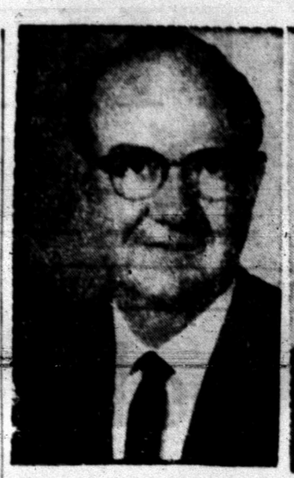

Humble announced a 5-cent per barrel increase Monday for fields in South Louisiana, West Texas, South Texas, the Elk Basin in Wyoming and Loudon Pool in Illinois.

The price hike, effect March 1, covered 736,000 barrels per day.

Humble said the South Louisiana increase covers all fields. The Elk Basin hike has raised the price per barrel to $3.10.

The price of West Texas Sour crude climbed to $3.05 a barrel and $3.25 in the Loudon Pool. Price increases per barrel in South Texas ranged from $3.05 to $3.40.

L. M. DUGAN

R. N. WHITE

Witness Assembly Speakers Arrive

The two main speakers for the Watchtower Convention arrived here today to assume the responsibilities for the 3-day assembly scheduled this weekend in the High School Auditorium.

L. M. Dugar, traveling representative from New York, who supervises a 6-state area, arrived in Snyder, along with his wife. He will direct the program activities this week as well as giving several talks. His first appearance before the Snyder congregation is tonight at 7:30 when he will give a Bible talk and outline the schedule for this week for the local group.

Dugan is a district minister for the Watchtower Society and is a widely traveled Bible lecturer. In addition, he has managed several larger District conventions of Jehovah's Witnesses as well as being one of the officials for international gatherings held in previous years.

"Conventions are planned for Jehovah's Witnesses," Dugan said, "for the purpose of providing upbuilding spiritual talks and discussions based entirely on the Bible. In addition, an opportunity is presented for those who have recently made a dedication of their lives to serve their Creator to symbolize it by public baptism."

Explaining that the meeting in Snyder is not a revival, Dugan commented on the Scriptural attitude of the Witnesses by saying that, "the Bible shows at Hebrews 10:24, 25 that Christians are not to forsake the gathering of ourselves together, as some have the custom, but encouraging one another, and all the more so as you behold the day drawing near!"

"That 'day' of God's judgment and of blessing his faithful people is indeed drawing very near, according to our understanding of the Bible," Dugan added, "so Jehovah's Witnesses feel like we're harmonizing our activities with the Holy Scriptures."

In addition to Dugan, the arrival of R. N. White, was announced by the Witnesses. White is the circuit supervisor who visits Snyder every four months, and he will be the other main speaker for the Christian gathering that is expected to attract a peak of 500 delegates.

White will supervise the 22 convention departments that will be operating during the assembly to provide for the comfort of the delegates.

Both ministers and their wives will join local members of the Snyder congregation in calling on the homes of residents here in what they call their 'door-to-door' work of sharing a Bible message with interested persons. Dugan described it as helping householders to view world conditions from the Bible's viewpoint along with leaving an encouraging thought relating to the prophecies that comment on the happy future of people who are willing to learn what the Bible teaches and then live by its requirements." Their 'door-step' ministry will begin tomorrow morning.

All meetings this week as well as the assembly sessions are open to the public with no collections to be taken nor will there be any charge for admission, according to Dugan.

Harassment Continues

BERLIN (AP) — East Germany impeded traffic on the main Berlin autobahn again today as West German Chancellor Kurt Georg Kiesinger flew to West Berlin to take part in the election of a new West German president. The Communists object to the election being held in West Berlin.

West German customs officials at Helmstedt, on the western end of the autobahn, reported that, though eastbound cars kept moving, traffic headed to West Germany from West Berlin was halted for two hours inside East Germany.

Travelers reported observing heavy Soviet and East German troop convoys along the autobahn at the time—between about 11 a.m. and 1 p.m. Warsaw Pact maneuvers are under way in the area.

Three Vehicles Are In Collision Here

A three - vehicle collision on Thirty - seventh at Austin at 8:12 a.m. yesterday resulted in considerable damage.

Involved were the 1954 Model Chevrolet of Rebecca Lynn Austin, Route 2; the 1968 Model Chevrolet of Jimmie Gordon Cornett, 2406 Fortieth Street; and, the 1963 Model Ford pickup of Arvill Frank Cox, Route 2.

Damage to the later model car was estimated at $1,200. Damage to the other car was placed at $50, and damage to the pickup was set at $10. The pickup was the only one of the three vehicles that was moving prior to the mishap.

Ike's Intravenous Feeding Discontinued

WASHINGTON (AP) — Army doctors reported today that former President Dwight D. Eisenhower continues to show such favorable progress that they discontinued all intravenous feedings and medications this morning.

He has no fever and his heart action remains unchanged, said the announcement from Walter Reed Army Hospital.

BRIDE HONORED — Mrs. Shelly Jones Jr., was honored recently with a bridal shower at the West Texas State Bank community room. The honoree's chosen colors of yellow and white were carried out in the table and room decor. Hostesses for the event were Mmes. W. D. Breckeen, Burt Runnels, Melvin Davenport, Billie McDorman, Austin Davis, J. D. Williamson, Pearl Claxton and Joean Gunn. Pictured above from left, Mrs. D. E. Casey, mother of the recent bride, the honoree, and Mrs. Shelly Jones Sr., mother of the groom.

Hermleigh News

By MRS. O. W. RICHBURG

The 2nd Thursday of each Feb. the pioneers of the old Zellner School District, which was located about ten or 12 miles south west of Hermleigh meet for their annual reunion at the Loraine Lions Den. This year Feb. 13 was the date of this event. The supper hour was at 7 p.m. where each family brings a covered dish. Invocation was given by a visitor, Mr. Thomas Riden. After the supper hour a quartet rendered some special music in song, accompanied by Mrs. Moody Richardson at the piano. A short devotional was brought by a retired Methodist pastor, Rev. Ray Copeland of Loraine, and after a brief business session, the entire group spent an hour or more singing gospel songs. Those attending were Mr. and Mrs. O. W. Richburg of Hermleigh, Mr. and Mrs. Tom Reeves, Colorado City, Mr. and Mrs. Howard Keys, Roscoe, Mr. and Mrs. Gray Taylor of Brownfield, Mr. and Mrs. Homer Richburg, Roscoe; Mr. and Mrs. N. J. Richburg, Colorado City; and Mr. and Mrs. Dexter Taylor, Mrs. Vanda Martin, Mr. and Mrs. Judge Jeans, Mr. and Mrs. Cline Taylor, Mr. and Mrs. Charlie Hamilton, Mr. and Mrs. Moody Richardson, Mr. and Mrs. Willie Taylor, Mr. and Mrs. Everitt Henderson, Rev. and Mrs. R. C. Copeland, Mr. and Mrs. James Bennett, Mr. and Mrs. Buck Taylor, Rev. and Mrs. Clarance Mentor, David and Cathy, Mr. and Mrs. Clifton Henderson, Mrs. W. H. Long, Mr. and Mrs. Alvin Bennett and Frankie of Loraine; Mr. and Mrs. C. W. Grooms of Abilene; Mrs. Eathel Meares, Mrs. Effie Watkins, Mrs. Cora Johnson, Mr. Ottis Munns, Mr. and Mrs. Herman Miles, Mr. and Mrs. Bennett Blair, Mrs. Julie Williams and Mrs. Verna Mae Alkins of Lorraine. Mrs. Cora Johnson was the only ex teacher present.

Feb. the 13th was the date also for a celebration in Hermleigh when Mr. Wynn Lee passed another "mile stone." His sister, Mrs. C. L. McQuaid and his niece, Mrs. Herman Richburg prepared a turkey dinner and trimmings plus the traditional cake and presents in honor of his 80th birthday. Mr. Lee is a native of Arkadelphia, Arkansas, having moved to Texas in 1905. He married Miss Vertna Hudson in Jan. 1923. They became parents of two sons, Robert Hudson and Billie Wynn Lee. Billie Wynn passed away several years ago and Robert Hudson and family live in Waco. Mr. Lee retired a few years ago. He was employed by the Scurry Co. Commissioner in precinct 4 for many years. He also was sub-mail carrier on Rt. 2 out of Hermleigh a number of years. Despite the fact they have gone through tragedies galore he is still facing each day with a great sense of humor.

Mrs. Jim Wright who was a patient at Johnson's hospital in Loraine for several days returned home Saturday.

Danny Peterson left Monday for the Naval Base. He is the son of Mr. and Mrs. Max Peterson.

Mr. and Mrs. Jess Holderidge, Janet and Raymond visited Wednesday night with her sister, Mr. and Mrs. Johnie Starnes and family in Snyder.

Little Morris Ray Sturdivant Jr. of Lubbock, who has been recovering from chicken pox at the home of his grandparents, Mr. and Mrs. H. E. Robbins returned home last week.

Sorority Has Unusual Fun Party

Members of Lamda Kappa Chapter of Beta Sigma Phi were hostesses for a "hippie protest" party Saturday evening. The members and their guests came in their hippie attire and carrying protest signs to demonstrate (peacefully and in good fun) at the "Daisy" (Union community center), where a "psychedelic" theme was carried out in the decorations.

The group awarded Wanda Early the prize for being the best dressed hippie. Lily Raschke was runner-up.

Gifts at the party went to Mona Bryant, Sue Cummins and Betty Palmer for games led by the Mystic Guru (Carla Barnes).

Mary Lou Scott and Carrol Cornelius provided musical entertainment, singing "hippie" mursery rhymes and giving an interpretation of Tiny Tim's "Tip Toe Through the Tulips."

Refreshments of sandwiches, soft drinks, chips and dips were served on low tables as the group sat casually on cushions on the floor.

Guests were Wanda Early, Sue Cummins, Mona Bryant, Donna House, Karen Pevehouse, Virginia Colvin, Lily Raschke, Barbara McClanahan, Efie White and Carol Mitchell.

Members present were Letha Kelly, Bonnie Young, Norma Lloyd, Carolyn Limmer, Peggy Koonsman, Nelda Baze, Betty Clayton, Lenita Cox, Carla Barnes, Geneva Burleson, Carol Cornelius, Helen Hall, Carolyn Martin, Pam Mengwasser, Betty Palmer, Mary Lou Scott and Marianne Seitz.

ARE GOALS THREATENED?

Manpower Shortage Coming

By JOHN CUNNIFF
AP business Analyst

NEW YORK (AP) — After more than 30 years of persistent national efforts to reduce unemployment, this nation now may have to deal with the opposite face of the problem for years to come. It's a seller's market for workers.

The present low rate of unemployment, about 3.3 per cent of the work force, proves that great advances have been made in finding jobs, even though many individuals and groups and geographical areas still suffer inequities.

But after so many years of dealing with a problem of too many workers and too few jobs, a tendency has developed among Americans to overlook the problems of a labor shortage. This shortage could be disruptive.

A study just released by the National Planning Association suggests that during the next decade a manpower shortage may actually prevent the nation from achieving widely accepted goals in housing, health and social welfare.

It offers these examples:

—During the 1970s some 18,000 doctors will be needed each year, but American medical schools are expected to graduate only 8,500. Some 5,000 new dentists a year will be needed; only 3,200 a year were graduated from dental schools in the 1960s.

—Social welfare goals call for an average annual growth of nearly 20,000 social workers, but increases in recent years have been at a rate of only 5,000 a year.

—Urban development and housing goals would necessitate a yearly increase of 7,000 carpenters. But in the period 1957-1965 the number of carpenters declined by 50,000.

The association, a nonprofit, nonpolitical group that made the study for the U.S. labor Department, summarized the problem by estimating that about 101 million workers will be needed by 1975, or 10 million more than projected.

From the report it is possible to draw some likely consequences:

—Federal administrations will need more than ever to establish priorities.

—The labor and brains of nonwhites may be utilized to a much greater extent than at present. Unemployment will be more a problem of individuals rather than masses.

—Married women may find it more profitable to return to work. The elderly, or those who retired at 65, might find themselves called upon as consultants.

—More manpower training programs may be needed and changes in education curriculums will be required to provide the job market with the new skills required.

—Rigid work requirements—as to minimum age and educational achievement, for example—may have to be waived.

Regarding the last point, sociologists Peter Drucker made these observations in a recent article in the mazazine Daedalus:

"There is no reason in the work itself why a 14-year-old girl was old enough to sell behind a counter in 1914 and why today the salesgirl has to have a high school degree (and preferably a year or two of college)."

There is nothing to being a typist or a file clerk, he continued, that requires a high school or college education or even a high degree of maturity. Instead, the clerk could enter the work force years earlier.

An automobile assembly plant foreman's job, said Drucker, hasn't changed in 40 years, but the educational requirements have been raised from completion of high school to a minimum of two years of college.

A college student probably discovered the variety of uses for an electric corn popper. This appliance may be used to heat soups and other canned foods, to reheat cooked foods and even to warm rolls. To crisp foods, such as potato chips or crackers, turn on the corn popper for only three to five minutes. Rolls may be heated the same way. When you do use the appliance for its main purpose, be sure to wash away all salt residue to avoid pitting.

These Things Make Life Worthwhile

By HAL BOYLE

NEW YORK (AP) — Things that make life worth living:

Breaking a path in new-fallen snow and looking back and seeing that nothing is following but your own footprints . . . The placid resignation of an old woman's hands, folded in her lap at a symphony concert . . . the sound of valley bells heard on a high hill at twilight.

Walking across the Brooklyn Bridge on a misty day when the towers of Manhattan loom like the spires of Camelot...A dog wigwagging his tail to show his eager willingnss to share a crumb of your gladness or sadness...A little girl holding a yellow dandelion under her small boyfriend's chin to see if he likes butter.

Watching a bunch of bums eating Christmas turkey at a Bowery mission. . .Having someone run to meet you with open arms...The bend in a river, a sea...The hearty taste of homemade beef stew on a wintry day.

The swirling white clouds of an old-fashioned steam locomotive, huffing and chuffing like a metal dragon impatient to be gone... Telling a child to wish upon a falling star, and wondering what that silent wish might be...Looking for four-leaf clovers on a fine summer afternoon, and being the first to find one.

Opening a telegram from a loved one, knowing for sure the news it brings will be good-...Throwing a winning ringer in a game of horseshoes against a better player...Standing by as a mare gives birth to her first shaky-legged colt...Two old men playing checkers on a bench outside the county courthouse, each trying to talk the other into making a mistake...Teaching a youngster how to tie his shoes.

The smell of a fresh-baked pie being taken from a hot oven-...Hearing the welcome sound of footsteps outside, waiting for the door to open...The comforting feel of putting on a worn sport coat your wife has been trying for years to get you to throw away... making friends with some park squirrels at the going price—peanuts.

Getting a letter from your son at college asking for advice instead of money...Attending a high school graduation and becoming suddenly aware that your daughter is by far the prettiest girl in the class.

Finding, when no plumber can be reached, that after all you have the know-how to fix a leaky faucet yourself...The tangy taste of strawberries picked from your own garden...The redolence of anything made of leather...The gleam of antique silver or timeworn brass...Lighting up dinner table candles for someone cooking in the kitchen whom you hold dear.

Going to a family reunion and standing around a piano, arm in arm, singing old sweet songs that even Lawrence Welk has forgotten...Pausing in a woodland stroll to watch a robin feed her young...Paying off a mortgage you felt might hang over your head forever.

Sitting in a rocking chair on your front porch with your shoes off, at peace with God and man, and knowing that there is nothing else on earth for the moment that you have to do except rock back and forth and enjoy yourself. That is living.

Junior Editors Quiz on KNITTING

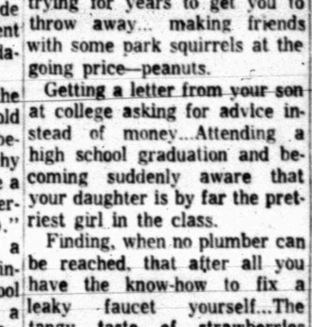

Question: How did knitting begin?

Answer: Knitting is known to have been practiced from very early times, as suggested by the old Anglo Saxon word *cnyttan*, meaning to knot or tie. Early peoples are thought to have worked out the idea by tying grasses and weeds into various useful objects, such as fishnets and mats. Sailors like to tie ropes into attractive designs, using a pointed tool called a marlinspike; such tools may have inspired the idea of knitting needles. When production of woolen yarn began, knitting became very popular, especially in damp, windy Scotland. Is there anything cozier than a good woolen sweater in nasty weather? Besides giving warmth, knitted fabrics can stretch and then spring back to shape—as when you pull a sweater over your head. For these reasons knitting will probably never go out of fashion. You can easily learn to knit by hand and make attractive and useful gifts for your friends. Knitting styles are now dashing and bold. Sometimes huge needles are used, making very large stitches.

• • •

(Marcia Busenitz of Benton, Kans., wins a prize for this question. You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize. 3-4

Public Notice

PUBLIC NOTICE
OF THE REQUIREMENT FOR RECORDATION AND LIMITATION OF CERTAIN CLAIMS OF WATER RIGHTS.

Notice is here given as required by Section 4 of the Water Rights Adjudication Act of 1967 (Article 7542a, Vernon's Civil Statutes) that all claims of riparian water rights, all claims under (Article 7500a, Revised Civil Statutes of Texas, 1925, to impound, divert or use public waters for other than domestic and livestock purposes for which no permit has been issued, all claims of water rights under the Irrigation Acts of 1889 and 1895 which were not filed with the State Board of Water Engineers in accordance with the Irrigation Act of 1913, as amended, and all other claims of water rights other than claims under permits and certified filings, must be recorded with the Texas Water Rights Commission, Section 4 does not apply to use of water for domestic and livestock purposes as the same is defined by Commission Rules.

On or before September 1, 1969, every person claiming any water right to which Section 4 applies shall file with the Commission a sworn statement setting forth the nature of the claim of water right. Claims to which the Section applies shall be recognized only if valid under existing law and only to the extent of actual application of water to beneficial use without waste during any calendar year from 1963 to 1967, inclusive. However, in any case where any claimant of a riparian right has prior to August 28, 1967, commenced or completed the construction of works designed to apply a greater quantity of water to beneficial use, such right shall be recognized to the extent of the maximum amount of water actually applied to beneficial use without waste during any calendar year from 1963 to 1970, inclusive; provided an additional sworn statement is filed on or before July 1, 1971. Failure to file the sworn statement or statements in substantial compliance with Section 4 shall extinguish and bar any claim of water right to which the Section applies.

Instructions and forms for recording claims may be obtained without cost from the Texas Water Rights Commission, P.O. Box 12396, Capitol Station, Austin, Texas 78711.

Coast-to-Coast NEWSPAPERS SELL THE MOST!

INTERESTED OBSERVERS — From left, Carl Kentling of the San Francisco Giants, Hershel Martin of the New York Mets, Wog Rice of the Boston Red Sox and Pat Patterson of the Montreal Expos were interested observers during the 10-inning Snyder-Big Spring baseball clash here yesterday. Martin is a former manager at Albuquerque. The marathon was finally called due to cold and darkness with the score knotted, 5-5. The big league scouts previously had been in El Paso and Odessa. They drove over here together from Odessa and returned last night.

Tigers Tie Steers 5-5

It was cold enough for ice hockey, and it was close enough for a championship game here yesterday when Snyder's Tigers and Big Spring's Steers hooked up in a 10-inning marathon in Towle Park. The game was called on account of the cold and impending darkness with the score deadlocked at 5-5.

The tilt scheduled for 4 p.m. today at Odessa Permian also was threatened by the cold.

Big Spring scored first, pushing across four runs in the opening frame on a walk, an error and singles by Newman, Wilson, Martinez and Jones.

Snyder cut the margin to 4-1 in the 3rd on a single by Richie Thompson, a double by Randy Levens, and a sacrifice by Ronnie Lewis.

The Steers upped the count to 5-1 in the top of the 5th, getting a run on a single by Martinez, a fielder's choice, and another one-base-hit by Wilson.

The Tigers pulled within one run with a three-run outburst in the bottom half of the 5th. Successive singles by Milton Cates, Richie Thompson and Lewis following a walk to Jodi Williamson accounted for the tallies.

Snyder evened the count in the 6th when Williamson singled, stole second, and scored on a single by Cates.

Coach Speedy Moffett's boys got on base in each of the last five frames, but just couldn't get in the winning run. Threats in the 7th and 10th innings were serious, but each time Ham, reliefer for Farris in the 6th, worked out of the jam.

In the 7th, the Tigers put two men on base, but an attempted squeeze play backfired. The hosts loaded the sacks in the 10th after there were two outs. But, Ham bore down and came up with a strike out for the third out.

Jim Patrick went the distance on the hill for the Bengals, and he scattered seven hits in the 10 innings. He aso rapped a double in the third, but his mates couldn't bring him in. Jim fanned nine, and, after a shaky start, gave up only three hits in the last 9 innings.

Bengal batters collected 13 hits. Other extra base smashes included a double by Levens and a triple by Merce Hernandez.

After a shutout sweep at Brownfield last Saturday, the Tigers are still undefeated.

HE'S OUT — Big Spring's Joe Martinez was thrown out at first when he bunted in the first inning of the contest held in Towle Park yesterday. Snyder's David McGinnis (14) is about to catch the ball, thrown by pitcher Jim Patrick, who appears in background along with catcher Milton Cates.

Philadelphia Rips Bucks, 143-132

BY THE ASSOCIATED PRESS

The Philadelphia 76ers have completed a six-game sweep of Milwaukee's young National Basketball Association club—with sharpshooters Chet Walker and Hal Greer applying the coup de grace.

Walker hit for a career high of 37 points and Greer scored 33 Monday night as the 76ers bombed the Bucks 143-132 in their final meeting of the season.

Cincinnati trimmed Seattle 113-107 in the only other NBA game.

Louie Dampier and Darel Carrier combined for 68 points, including eight three-point baskets, in leading the Kentucky Colonels past the Houston Mavericks 127-118 in the night's lone American Basketball Association contest.

Walker scored 16 points and Greer put in 10 as Philadelphia pulled away from Milwaukee in the final quarter after leading 98-97 at the end of three. Flynn Robinson was high for the Bucks with 34 points.

Jerry Lucas tallied 13 of his game-high 34 points in the last quarter, leading the Royals past Seattle. Bob Rule put in 32 for the SuperSonics.

A driving lay-up by Tom Van Arsdale with 23 seconds left put the Royals safely in front 111-105. Oscar Robertson of Cincinnati handed out 17 assists to set a Seattle Coliseum record.

Dampier poured in 36 points and Carrier, connecting on five of seven three-point field goal attempts, added 32 for the Colonels who overcame a 69-63 halftime deficit. Stew Johnson's 31 points topped the Mavericks.

West Texas Grid Practice Begins

CANYON, Tex. (AP) — The West Texas State Buffaloes, with help hopefully coming from the junior college ranks, scheduled the opening of spring football practice today.

West Texas, which compiled an impressive 8-2 record last autumn, loses numerous experienced players, including running back Eugene Morris, who was named to several All-American teams.

Coach Joe Kerbel has recruited 12 junior college prospects. West Texas opens its 1969 season with a home game against Northern Arizona Sept. 20.

Jim Stefanich of Joliet, Ill., is the only bowler ever to win four different ABC titles.

Bruins Grab Another National Cage Crown

By BEN OLAN
Associated Press Sports Writer

For the third time in six years, UCLA has finished on top in The Associated Press' final major college basketball poll. The Bruins overwhelmed runner-up LaSalle in the balloting although the streaking Explorers from Philadelphia managed a single first-place vote.

Just as had been predicted in the AP's preseason poll, the Bruins have swept toward an unbeaten campaign, scoring 24 victories although their most recent one last Saturday was in overtime against California.

UCLA also wound up in the No. 1 position in the final polls of 1964 and 1967. Last season, the Bruins placed second to Houston after the Cougars upset them in midseason. The Cougars this year managed only a 16-10 mark without star Elvin Hayes and did not place among the first 20.

UCLA collected 44 first-place votes in the final 1968-69 poll of 45 sports writers and broadcasters. LaSalle, third a week ago, climbed one notch to second with one vote for the top spot. In points, UCLA led 898 to 724. La Salle wound up with a 23-1 record.

Santa Clara, 24-1, advanced one place to a final No. 3 while North Carolina, beaten last week by Duke, skipped to fourth.

Davidson held fifth position. Rounding out the Top Ten were Purdue, Kentucky, St. John's, N.Y., Duquesne and Villanova. Pennsylvania thus placed three teams among the first 10—LaSalle, Duquesne and Villanova.

Purdue, a winner over Michigan State and Iowa, climbed three places to sixth on the last ballot. Kentucky, a loser to Vanderbilt last week, slipped from sixth to seventh while St. John's upset by Notre Dame in overtime, also fell a notch to eighth.

Duquesne moved up from 10th to ninth and Villanova from 12th to 10th. South Carolina dropped out of the Top Ten, slipping from eighth to 13th after losing to North Carolina and North Carolina State.

Drake, unranked last week, soared to 11th place on a 21-4 record and a share of the Missouri Valley Conference lead. New Mexico State advanced from 16th to a final 12th place. Marquette also climbed four positions, from 18th to 14th.

Louisville, in 15th place, is followed in order by Boston College, up four positions, Notre Dame, Colorado, Kansas and Illinois. Notre Dame and Colorado also were not ranked a week ago.

Ohio State, Tennessee and Tulsa slipped out of the ratings. Each was defeated last week, the Buckeyes twice and the other two once each.

The final Top 20 with first place votes, season records through Saturday, March 1 and total points for the first 15 choices on a basis of 20-18-16-14-12-9-8-etc. basis:

1. UCLA (44)	24-0	898
2. LaSalle (1)	23-1	724
3. Santa Clara	26-1	650
4. North Carolina	22-3	606
5. Davidson	25-2	573
6. Purdue	18-4	665
7. Kentucky	20-4	386
8. St. John's, N.Y.	22-4	335
9. Duquesne	19-3	292
10. Villanova	21-4	203
11. Drake	21-4	159
12. New Mexico State	23-2	154
13. South Carolina	19-5	122
14. Marquette	21-4	119
15. Louisville	18-4	102
16. Boston College	20-3	85
17. Notre Dame	20-5	61
18. Colorado	19-6	46
19. Kansas	20-5	38
20. Illinois	17-5	27

Elvin Is Best Shooter

NEW YORK (AP) — Elvin Hayes of San Diego has a lock on the National Basketball Association scoring championship but quite a scramble has developed for the runner-up spot.

Official NBA statistics released today show Hayes, a rookie, with exactly 2,000 points scored for the season—249 better than the No. 2 man Bob Rule of Seattle.

Rule, at 1,751 points, is only 11 ahead of Philadelphia's Bill Cunningham, who has 1,760. Earl Monroe of Baltimore is running fourth with 1,714 and Cincinnati's Oscar Robertson at 1,696 and Elgin Baylor of Los Angeles at 1,677 are also within reach of Rule.

WINS TOP AWARDS — Ken Sehested, who played junior high football at Travis High here, has been named recipient of the top award presented by the Terrebone Quarterback Club in Houma, La. Sehested recently signed a letter of intent to play football at Baylor University, where he plans to study for the ministry.

Rutgers, S. Ill. Invited

NEW YORK (AP) — Rutgers and Southern Illinois celebrated their entrance into the National Invitation Tournament with victories Monday night as they closed out their regular season schedules.

Rutgers, 20-3, made it 15 straight wins by thumping Gettysburg 92-77. Southern Illinois, which won the NIT two years ago, wound up 16-7 with a 75-69 triumph over Indiana State.

They were among four teams named to the NIT Monday. The others were Temple, 18-8, which lost a playoff to St. Joseph's, Pa., for the Middle Atlantic Conference title, and West Texas State, 18-7, featuring high-scoring Simmie Hill.

Named earlier was Boston College, 20-3. Eleven teams still remain to be chosen for the tournament, which runs from March 13-22.

Possibilities include Tennessee, Florida, North Carolina, South Carolina, North Carolina State, Wake Forest, Drake, Louisville, Tulsa, Cincinnati, Murray State, Morehead State, Western Kentucky, Kansas, Colorado.

Can't Cut Joe's Knee

NEW YORK (AP) — Joe Namath, quarterback of the world champion New York Jets, has been told that surgery on his left knee might jeopardize his American Football League career.

Dr. James A. Nicholas, the Jets' orthopedic specialist, examined Namath Monday. He recommended that surgery was not abvisable.

Namath already has had three operations on his knees, one on the left and two on the right. He has an inflamed tendon in his left knee and he has said several weeks ago another operation might be necessary.

"There has been no change in his condition since last fall," Dr. Nicholas said. "Surgery is not contemplated for fear of jeopardizing his well being."

A Delightful Decision.

A specially-equipped Buick Skylark Custom Sport Coupe at special savings.

Five popular 1969 Buick Skylark models are now specially equipped with a lot of extra things. Things like door guards, remote control outside mirrors, convenience groups, vinyl tops, whitewall tires, deluxe wheel covers and belt reveal moldings. And they're offered to you now at special savings, too. The reason? Simple. We want to make your buying a Buick right now a delightful decision. Your Buick dealer is waiting.

It's Delightful Decision time at your Buick Dealers' now.
