Senate Panels Approve War Power For President

Woman Killed In Collision At Hermleigh

Mrs. Ivey Sturdivant of Hermleigh, believed to be about 34 years old, died about 2 o'clock this afternoon of injuries suffered in a traffic accident near Hermleigh this morning.

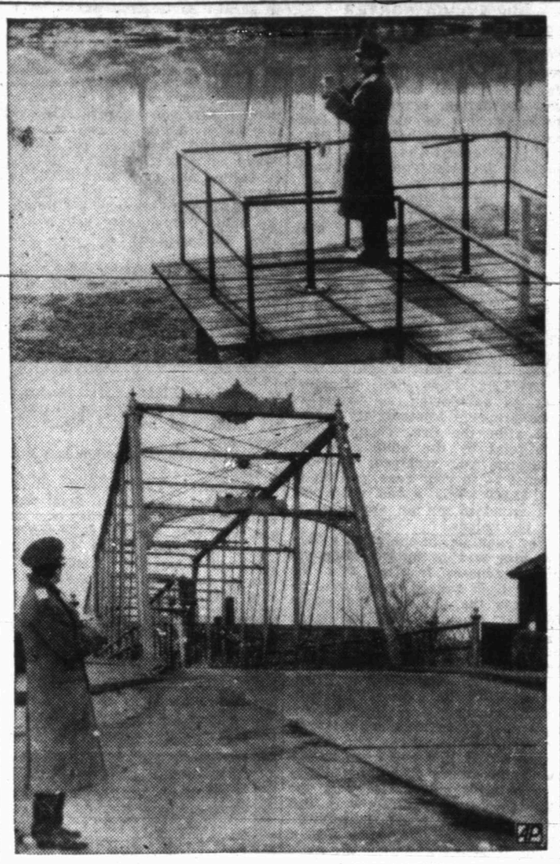
She was taken to Battenfield-Jones Clinic-Hospital by ambulance and was under treatment for serious head injuries and a broken leg.

The wreck occurred about 11:30 o'clock this morning at the intersection of a rural road and Farm Road 644 approximately two miles north of Hermleigh. The farm road is a shortcut between Hermleigh and U. S. Highway 180 east of Snyder.

E. W. Green, highway patrolman who investigated the accident, said that the car Mrs. Sturdivant was driving, a 1952 Pontiac coach, was apparently traveling east on the dirt road and had entered the intersection. There were no visible skid marks made by the Pontiac prior to the collision.

The 1954 Chevrolet pickup of Iverson Supply Co., driven by Fred Williams, 22, Snyder, was traveling north. It skidded about 40 feet before the collision and came to a stop about 40 feet north of the point of impact.

The Pontiac struck a utility pole at the northeast corner of the intersection, the pole crushing the top of the car to within a very few inches of the bottom cushion of the front seat. The car was demolished, the right side having been mostly torn away. Pieces of debris from both vehicles were found more than 40 feet away.



PROVES BANS INEFFECTIVE

Normand Poirier, a reporter for the Pottstown, Pa., Mercury, dressed in a rented Russian colonel's uniform, snaps photos of the Pottstown waterworks and a critical bridge during an uninterrupted tour of defense areas in this section. The stunt was designed to show that off-limit restrictions placed on Russians traveling in various defense areas was not effective. Poirier presumably put "poison" pills in the water supply, snapped photos and "blew" a bridge during his tour.

Three Homes Under Guard

SAN ANTONIO (AP)—Police guarded today three homes where threatening calls were received in connection with the bombing early Sunday of the home of William Hart, vice principal of Alamo Heights High School.

Three pupils have been named in felony charges in the bombing. Four, including the three charged, will be expelled, school authorities said.

Police said the guards were stationed Tuesday night at the homes of Hart, Mrs. E. R. Perry, and Carl Crow, 18.

Mrs. Perry's daughter, an Alamo Heights High pupil, had made a speech before the school student body deploring the bombing. Crow, also a student, made a similar talk.

Hart's living room was shattered by an aerial fireworks bomb which crashed through a picture window. No one was injured but more than $1,000 damage was done.

Principal Virgil Currin, said 11 pupils had been suspended for two weeks. He said all admitted membership in a secret society known as "The Angels."

The three accused pupils were released from the jail on bonds of $1,500. They are Tommy Kretziger, 17; Marvin Valentine, 18, and Bobby Crim, 17.

Currin said the boys told him their activities as "Angels" had been confined to painting signs on water towers and fences, and indulging in "hot rod" activities.

Only 98 Pay Poll Tax Here During Full Day

Only 98 persons obtained poll tax receipts and exemption certificates from noon yesterday until noon today, bringing the total of both issued since Oct. 1 to 2,523.

Poll taxes account for 1,923 of this number, and exemption certificates total 600.

Deadline for paying poll tax is midnight next monday.

School Bonds Sell For 2.39

The school district's board of trustees last night accepted the lowest of six bids to purchase bonds to be issued for a total of $2-million. The bond issue is for the building program approved in a recent election.

The board then approved plans for a portion of the building program and set a date for opening bids for construction of the phase approved.

Three groups of bond investment and other financial firms submitted the six bids, each bidding on $2-million and also submitting alternate bids on $1-million. Thirty-two firms were bidding in the three groups.

The bid accepted was for bonds maturing from 1955 through 1958 at two and a half per cent, those maturing from 1959 through 1966 at two and one-fourth per cent, and those maturing from 1967 through 1969 at two and a half per cent. The gross interest cost figured $435,337.50, less a refund premium of $137.50, leaving a net interest cost of $455,200 over the entire 15-year period. This brought the effective interest rate for the total period on the total issue to 2.39264 per cent.

Companies joined in this bid were First Southwest Co., Dallas; Central Investment Co., Dallas; Moroney, Beissner & Co., Houston; F. S. Smithers & Co., New York; Rauscher-Pierce & Co., Dallas; and Fridley & Hess, Houston.

This group's bid on the $1-million alternate was two and a half per cent on maturities of 1955 through 1959, two and a quarter from 1960 through 1966, and two and a half from 1967 through 1969, making a gross interest cost of $228,525 and a net interest of $228,113.89 after the premium refund of $411.11, and leaving an effective interest rate of 2.3999.

The second lowest bids were submitted by West Texas State Bank of Snyder, joined in a group of 15 firms. The $2-million bid was for maturities of 1955 for one and a quarter per cent and for those of 1956 through 1969 for two and a half per cent. The gross interest cost was figured at $474,875, a premium of $7,000 reducing this to a net interest of $467,875, making an effective interest rate of 2.4592 per cent.

The $1-million bid by this group was for like percentages on similar maturities, making the gross interest $236,875. The premium offered was $2,500, bringing the net interest to $234,375, which made an effective interest rate of 2.4658.

The highest bids were jointly by Columbian Securities Corp. of Texas; Dittmar & Co.; Rowles, Winston & Co.; Texas Bank & Trust Co., Dallas; Moreland & Co.; Muir Investment Co.; Commerce Trust Co.; Lucas, Eisen & Waeckerle; William N. Edwards & Co.; Abercrombie & Co.; and Keith Reed & Co. Maturities 1955 through 1956 were at two per cent, 1957 at two and a quarter, and the rest at two and a half in the $2-million bid with gross interest cost $473,937.50, the refund premium $160, the net interest $473,937.50, and the effective rate 2.49028.

On the $1-million bid, a straight rate of two and a half per cent on all maturities was offered with

Military Adequate, Wilson Tells Solons

By RUSSELL BRINES

WASHINGTON (AP)—Secretary of Defense Wilson told a concerned Congress today he sees no need for any "important changes" in United States armed forces "short of war."

Wilson, appearing before the House Armed Services Committee to report on American military strength, made no mention in prepared remarks of the mounting tension over Red Chinese threats to Formosa. But the Formosa situation loomed large in the background. Also scheduled to brief the lawmakers was Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff.

The House yesterday approved, 409-3, a resolution endorsing acts of war, if President Eisenhower thinks them necessary, to defend the Chinese Nationalist island stronghold from the Reds. The Senate was expected to follow suit in a day or so. Eisenhower asked Congress for the authority in a special message Monday.

Chairman Vinson (D-Ga) of the Armed Services Committee told newsmen the briefing by Wilson and Radford had been scheduled some time ago and was not specifically prompted by the Formosa problem.

In his statement, Wilson said, "We must be prepared, in line with our collective security responsibilities, to come rapidly and effectively to their (Allied nations') assistance . . . in the event of aggression short of general war."

Wilson said he did not expect Russia "to take action during the next few years that would deliberately precipitate another world conflict." But Communist aims are unchanged, he said, and a "conflict might arise through miscalculation on their part."

"I cannot at this time," he added, "foresee any important reduction in the military establishment nor in the total annual military expenditures of the Department of Defense below the present levels, nor do I see any need for any important increases short of war."

The defense secretary discussed the general administration programs which he said would put American armed forces in a "qualitatively improved state of readiness for an indefinite period of time."

Wilson said continental defense and "effective retaliatory power" have been given "high priority."

Next year's program, he said, "lays particular stress on the utilization of nuclear energy in military operations . . . and (in) the development of operational guided missiles to meet the urgent requirements of our air defense and retaliatory forces."

The continental defense program, Wilson said, is being "pushed with all practical speed" and he predicted early development of improved radar, piloted and pilotless planes of all ranges and better antisubmarine devices.

Adm. Arthurd Radford, chairman of the joint chiefs of staff, removes a document from a full briefcase in Washington as he prepares to report to senators on the Formosa situation. Behind him is a map of the China-Formosa area, with Formosa indicated under its old name of Taiwan. Radford gave his information to members of the senate foreign relations and armed services committee behind closed doors.

Full Debate Due Thursday

WASHINGTON (AP) — The Senate Foreign Relations and Armed Services Committees today approved 26-2 a resolution giving President Eisenhower full war powers to defend Formosa and its outposts.

Sens. Langer (R-ND) and Morse (Ind-Ore) voted against the resolution which was recommended to the Senate in exactly the form it passed the House yesterday by a 409-3 vote.

There was some doubt whether the Senate would begin debate today.

Unless there is unanimous consent for immediate consideration, any measure must under Senate rules "lay over" for one day after it is reported by a committee.

Some individual senators indicated they held doubts and apprehensions about the wisdom of the resolution in its present form. Sen. Keaufver (D-Tenn), for one was talking about offering a substitute although he said he did not know whether he would.

Kefauver would not go into details as to what changes he had in mind. He did say that if he offered a substitute it would involve the United Nations far more specifically than does the present resolution.

Sen. Knowland (Calif) the Republican leader, said "time is important."

Sen. George (D-Ga), chairman of the Foreign Relations Committee, said it was doubtful if the Senate could take up the resolution today. The resolution is now being considered jointly by the Foreign Relations and Armed Services Committees.

Even if the committees do complete work on it and report it to the Senate, George said, the objection of only one senator would stall formal debate until tomorrow. Unanimous consent is required for the Senate to consider a matter before it has "lain over" for one day.

The 409-3 House vote yesterday came within 27 hours after the President had made his request for a resolution giving advance approval for any military action Eisenhower holds necessary to keep Formosa, the Pescadores and other unnamed areas out of Chinese Communist hands. Formosa is the seat of Chiang Kai-shek's Chinese Nationalist government.

"A remarkable unity. . . in the interest of the nation's security," the President said of the House action. His comment was relayed through White House press secretary James C. Hagerty.

In the Senate, approval of the resolution by the Foreign Relations and Armed Services committees was required before it could act officially.

Chairman George (D-Ga) of the Foreign Relations Committee predicted the resolution would clear that group during the day. He said he expected overwhelming Senate approval this week.

Sen. Russell (D-Ga), chairman of the Armed Services Committee, joined in predicting committee approval today.

There were signs of uneasiness on the part of some senators, however, over aspects of the closed-door testimony by members of the Joint Chiefs of Staff.

Sen. Sparkman (D-Ala), for example, said that as he interpreted the testimony, Army Gen. Matthew B. Ridgway approved of the objectives in the President's request "but he apparently doesn't want Quemoy included" in any Formosa defense ring.

"He doesn't want to put manpower on the continent of Asia," Sparkman told a newsman in reference to Ridgway's position. "He regards Quemoy as the same thing." Quemoy, about three miles from the mainland, lies off the big port of Amoy.

While the resolution does not name any offshore islands which this country would fight to defend, Eisenhower in his message called Quemoy "one of the natural approaches to Formosa."

George said Ridgway contended U. S. ground troops should not become involved on the Chinese

Hopes Fade For Release Of Prisoners

UNITED NATIONS, N.Y. (AP)—This week's developments regarding Formosa have dealt a blow to hopes at the United Nations for the early release of 17 Americans held in Red China.

They also have lessened chances that the Security Council can act effectively to bring about a cease-fire order in the Formosa area, or that the 60-nation General Assembly might act in the dispute.

This appraisal came today from fully informed quarters who, declining to be identified, made no secret of their discouragement. They said the tasks of obtaining release of the prisoners and of trying to get a cease-fire have been made more difficult by both the United States and Red China.

Stumbling blocks were mentioned as including President Eisenhower's message, congressional action and Premier Chou En-lai's unyielding statement Monday in relation to Formosa.

At the direction of the U.N. Assembly, Secretary General Dag Hammarskjold flew to Peiping in an effort to obtain release of the Korean War prisoners. On his return he reported a successful first step toward freeing the men, all associated with U.S. armed services. Henry Cabot Lodge Jr., U.S. delegate, expressed confidence they would be released.

As of today, however, the view here is that the situation has hardened considerably.

Despite these doubts, New Zealand is reported preparing to bring the cease-fire question before the Security Council.

Membership Drive Starts

The annual membership drive of the Scurry County Junior Livestock Association will get underway tomorrow when officials of the association begin contacting local businessmen.

Membership in the club, says Max West, secretary - treasurer, costs $5. The funds raised in the membership drive go into financing the annual Junior Livestock Show, which is set this year for March 3-5.

About 200 persons were members of the association last year. The organization was formed during World War II principally for sponsoring a show each year for project animals of 4-H Club and FFA members.

Hugh Taylor is president of the association. On March 4, the organization will hold its annual barbecue and meeting for members and boys of 4-H and FFA in the county.

Directors of the association are Taylor, West, J. L. Browning, Holmon Odom, and Bill Eiland. Working with them are Oscar Fowler, county agent and 4-H supervisor; Billy Bob McMullan and Kenneth Goforth, Snyder FFA supervisors; L. M. Dawson, Ira FFA instructor; and Jake Greene, Hermleigh FFA supervisor.

Overnight Low Is 41

The overnight low of 41 degrees seemed summer-ish in contrast with recent cold temperatures here. By 7:30, the temperature had reached 42 degrees. Yesterday's maximum temperature was 65 degrees.

WEATHER

NORTH CENTRAL TEXAS: Partly cloudy, warmer this afternoon, turning colder late tonight and Thursday.

WEST TEXAS: Partly cloudy through Thursday, turning colder Thursday. Lowest 30-30 in Panhandle and 25-35 in the South Plains and El Paso area tonight.

EAST and SOUTH CENTRAL TEXAS: Increasing cloudiness this afternoon and tonight, warmer this afternoon. Thursday mostly cloudy with widely scattered showers, turning colder in interior. Moderate to fresh southerly winds on the coast, shifting to north late Thursday.

Tech Students Die In Crash

FORT WORTH (AP)—Phil McGee, 22, of Fort Worth and Miss Edith Aldridge of Tahoka were killed early today in a car-truck collision seven miles southeast of Jacksboro.

The two students at Texas Tech at Lubbock were traveling here to visit McGee's parents, Detective and Mrs. Sam McGee.

Miss Aldridge, about 18, daughter of Mr. and Mrs. Hubert Aldridge, died in Jacksboro at 3 a.m. McGee died an hour later in the same hospital.

The truck driver, Fay Killian of Munday, told Detective McGee the hardtop convertible belonging to Miss Aldridge and driven by McGee struck the truck from behind.

Young McGee was a lieutenant colonel in the Texas Tech ROTC and received the school's Gold Medal last April for being the outstanding senior Army ROTC electronics major. He would have graduated in May. He was recently elected president of the Pi Kappa Alpha fraternity.

Miss Aldridge was recently named ROTC beauty at Tech.

Corn Acreage To Be Hiked

WASHINGTON (AP)—Secretary of Agriculture Benson will announce this week a 1955 production control program increasing corn planting allotments several million acres over the 1954 goal.

The allotments for the commercial corn area—comprising nearly 850 major corn producing counties in the Midwest, East and Southeast—are expected to be between 50 and 52 million acres. Allotments last year totaled 46,995,000 acres.

About 60 per cent of the producers of this major livestock feed grain ignored the control program last year and planted more than their allotments. Officials expect the same thing this year.

Farm law requires the secretary to set up allotments, except in times of emergency, for six designated basic crops: Corn, wheat, cotton, tobacco, rice and peanuts.

The acreage allotments are voluntary. The penalty for non-compliance is denial of government price supports on the affected crop.

Sweetwater Man Killed

SWEETWATER (AP)—A Sweetwater Cotton Oil Co. employe, J. R. Monks, was killed in the crash of his car and a Santa Fe switch engine at a crossing yesterday. Monks, 62, a native of Bonham, had lived here since 1945.

Chiang Forces To Abandon Tachens

By SPENCER MOOSA

TAIPEH, Formosa (AP)—Although Nationalist Chinese officials won't say so, there is no question but that Chiang Kai-shek's forces will abandon the Tachen Islands.

Reliable sources said today the many problems involved have been worked out at conferences between Nationalist and American officers. Planning has reached the stage where the operation can begin whenever the signal is given.

Formal announcement appears to await only congressional approval of President Eisenhower's recommendations.

The sources said the evacuation would be a joint operation, under the over-all command of Vice Adm. Alfred M. Pride, commander of the U.S. 7th Fleet. His flagship, the cruiser Helena, is now at the north Formosa port of Keelung.

The English-language China News reported that some 300 planes of the 7th Fleet conducted maneuvers north of Formosa yesterday.

The newspaper, quoting what it called reliable sources, said the air show was considered here to be a "show of strength to tell off the Reds."

There was no immediate comment from the 7th Fleet.

Nationalist four-engine bombers attacked Yikiangshan Island through a curtain of antiaircraft fire in the predawn darkness today and caused extensive damage, official reports said.

A Defense Ministry communique said the warship was the target of eight 500-pound bombs "most of which hit their mark." Pilots reported heavy explosions and big fires after the bombs hit.

The ministry also reported a flicker of activity in the Quemoy area—notable only for the fact it was the first action there in a week. The ministry said Red artillery on Tateng "blindly fired" three shells at Quemoy but caused no damage. Tateng is a tiny island between Quemoy and the Red mainland.

A "comfort mission" back from a visit to Matsu Island, off the Fukien coast, said the defenders there were "ready to give the Chinese Reds a good thrashing if they attacked." Matsu, like Quemoy, is believed to be one of the islands the United Nations would like to see the Nationalists hold.

Other bombers ranging more than 30 miles northeast in the Yushan Island area sank a 1,500-ton Chinese Red warship, the reports said.

The official Central News Agency said the total lack of Communist activity yesterday might mean the Reds are preparing for a large-scale attack on one or more of the Nationalist's island outposts.

The agency said there was no indication yet that the Reds would be deterred by President Eisenhower asking congressional authority to secure and protect Formosa, the Pescadores and "related positions and territories."

While the Nationalist warplanes were raiding the newly captured Communist outpost on Yikiangshan, President Chiang Kai-shek's government debated abandonment of the invasion-threatened Tachen Islands 200 miles north of Formosa.

Two small Tachen islands lie within artillery range of Yikiangshan. Sources said the newest air strike against Yikiangshan presumably was intended to suppress Communist guns which might hinder evacuation of the Tachens.

Panhandle Due Freezing Rain

By The Associated Press

That brisk weather you've been enjoying may turn bad Thursday. Freezing rain and snow may hit the upper Texas Panhandle.

Stiffening southerly winds are due to push clouds and moisture northward over the state and a new surge of cold air is expected to start moving southward into the Panhandle Wednesday night.

Skies were generally fair Tuesday. By nightfall, however, showers were expected in some parts of South Texas.

Temperatures generally were above freezing for most of Texas Tuesday. Dalhart had the overnight low of 24. Galveston, Brownsville and Corpus Christi reported 53.

Communists Barred

CHEYENNE, Wyo. (AP)—The Wyoming Senate approved yesterday a bill which would bar Communists from holding public office.

Session Slated To Plan MOD Drive

The annual March of Dimes drive is to be planned in a special meeting of all interested persons at 7:30 o'clock next Tuesday night at the junior high school cafeteria, Forrest Beavers, head of the Scurry-Borden County chapter of the National Foundation for Infantile Paralysis, announced today.

Herman Trigg, junior high school principal, has been named chairman of the drive. He and Beavers urged all persons interested in helping to make the drive successful to attend the meeting Tuesday night.

At present, the local chapter of NFIP owes more than $8,000 in hospital and other medical bills for patients of this area treated for polio, and the chapter spent more than $27,000 for polio treatment during 1954 alone. In addition to expending all funds of the local chapter, the chapter spent $14,000 sent here as a supplement from the national organization. The $8,000 still owed is in addition to those amounts.

Some work toward the annual drive has already been planned, although no regular solicitation has been started.

Dairy Mart Stores, a chain of ice cream and other milk product houses which has its district office in Lubbock, has pledged all proceeds of next Saturday to the March of Dimes.

The district office sent a letter to Beavers explaining the plan, which also includes the Dairy Mart in Snyder at 509 East Highway, which is operated by Mr. and Mrs. J. J. Williams. The firm is a drive-in just east of the signal light at Avenue F and East Highway.

A letter of commendation to the chain from Gov. Allan Shivers was also sent the store here and to Beavers.

The Downtown Lions Club yesterday held its annual "white elephant sale" and raised $513 for the March of Dimes drive. Harold Bennett was auctioneer.

Plans have tentatively been made for one of the home demonstration clubs here to sponsor a bake sale to be held Saturday on the premises of the Dairy Mart drive-in, with all proceeds going to the March of Dimes.

"Even if you've never worked before in any charitable drive, we would appreciate your help in the coming campaign," Beavers said. "There will be a place of service made for everyone willing to help, and we are sure everyone will agree that there is not better way to show our consideration for humanity."

Of the huge sums spent by the local chapter during 1954, all of which was spent on polio patients of this community, more than $20,000 was spent only on those who became ill during 1954. Several thousand dollars was spent also for continued medical bills of others still under treatment, having contracted the dread disease prior to 1954.

For an example of the cost of polio, the local chapter spent $20,100.50 on nine of last year's 13 patients during only 11 months. Some bills have not yet come in. Insurance policies covered two cases up to $5,000 each, which is not included in this figure. This is an average of $2,233 per patient. Most of these had bills totaling much more, but the average bill was brought lower by reason that a few were very mild cases, requiring relatively little expense. The bill on one of these patients was more than $4,600, and she became ill in July.

Sadler Proposes Increase On Beer Tax; Raps Gasoline Levy

By MAC ROY RASOR

AUSTIN (AP)—Rep. Jerry Sadler introduced a bill today to tax beer an added $3.30 per barrel and promised "a fight to the finish" against a proposed two cents a gallon increase in gasoline tax.

Sadler, a former railroad commissioner from Hickory Grove in East Texas, said his beer tax would yield 14 million dollars a year.

"That would average an extra penny a bottle on the amount of beer we're selling," he said. "We just rank 41st in state per capita revenue from alcoholic beverages.

"I will not cast a vote for a two cent increase on gasoline as long as Texas beer tax revenue is below the national average."

Sadler referred to the two cent gasoline tax increase recommended by Gov. Shivers and sponsored in a bill by Rep. Charles Murphy of Houston.

A new state tax was sought in a bill filed by Rep. Jack Bryan of Buffalo. He proposed a 3 per cent levy on gross receipts of the business or storing or parking motor vehicles.

The first action had been taken today on insurance reform proposals—one of the big jobs of the Legislature.

A Senate committee yesterday ordered a 2-week subcommittee study for a measure to boost capital stock fequirements of Texas life insurance companes.

A House committee heard Insurance Commission Chairman Garland A. Smith disclaim any responsibility, however, for regulatory bills already introduced.

He said the commission would make its recommendations for changes in insurance laws within the next few days.

A flurry of such bills have already hit both House and Senate as an outgrowth of recent criticism of Texas insurance laws and casualty company failures.

Besides the Senate bill given a public hearing yesterday, three others have been set for hearing early next month. A bill to license agents will be heard on Feb. 1. Bills tightening examinations of insurance companies and increasing capital stock requirements for casualty companies are set for hearings Feb. 8.

Smith's appearance before the House Insurance Committee was at the committee's invitation, an attempt to get an overall picture.

He outlined major recommendations which he said the commission considers essential.

Among these was a proposal to increase financial requirements for organizing all companies except full capital life firms.

His exception smacked broadside against the bill the Senate committee was considering across the capitol. By Sen. Searcy Bracewell, Houston, the Senate measure proposes to raise requirements for all legal reserve life firms to $250,000 capital and $125,000 surplus. At present $100,000 capital is required for full life companies and $25,000 for limited capital stock companies.

Opponents of the measure at the Senate hearing charged it was backed by the big companies at the expense of the little companies.

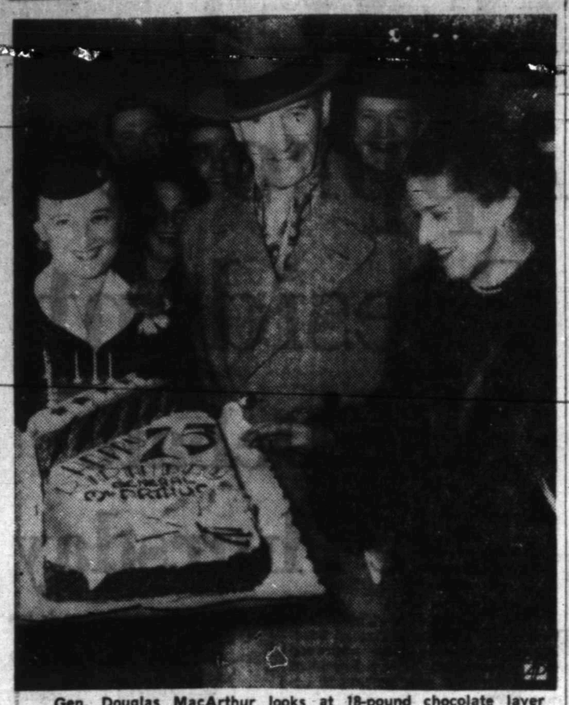
They said the bill requirement was higher than any other state excepting New York and Connecticut, and that its limitations on investments tied small companies to low-return securities.

Bracewell said he knew the bill was "rough and tough." He said he thought that is the way the public wants it.

He asked that the committee report the bill to the Senate favorably but the committee balked, 7-5, and sent it to a friendly subcommittee for a 2-week study.

Introduced in the Senate yesterday was a bill expected to bring another controversy before the legislature. The measure, by Gus Strauss, Hallettsville, proposes state licensing of both new and used car dealers, prohibiting sales by either of cars not covered by their license.

Strauss said it would prohibit a used car dealer from selling any car that has not been registered at least once, and that such registration would prevent the car being offered as a "new" car.



Gen. Douglas MacArthur looks at 18-pound chocolate layer birthday cake presented to him by stewardess Martha Krischuk of New York prior to the general's departure for Los Angeles from Idlewild Airport in New York. At right is Mrs. MacArthur who accompanied her husband to the West Coast city where his 75th birthday will be celebrated.

'Old Soldier' Applauded On His Birthday

By BILL BECKER

LOS ANGELES (AP)—General of the Army Douglas MacArthur prepared to receive new accolades today, his 75th birthday.

Not even the season's heaviest fog could dim the enthusiasm of the welcome for the hero of the Pacific last night. A crowd of 1,500 waited two hours for his delayed arrival at Los Angeles International Airport. Many more cheering thousands lined the route to his hotel.

Today the general speaks at the unveiling of a bronze statue of himself in the first public showing of the monument in MacArthur Park.

At a luncheon given by the Episcopal diocese of Los Angeles, he will receive an award of extraordinary merit from the Rt. Rev. Francis Eric Bloy, bishop of the diocese. He is expected to make a short, informal address to 1,100 persons in Biltmore Bowl.

His major address was scheduled for tonight at an American Legion dinner before more than 1,000 in the Ambassador Hotel's Embassy Room. Here, he will receive a four-foot birthday cake decorated with 75 red, white and blue candles and topped with five gold stars—and perhaps a surprise or two.

As he stepped from the plane last night, accompanied by his smiling wife and three aides from New York, MacArthur said:

"I come not as a stranger, but as one who has known your wonderful city for more than 50 years."

The welcoming committee included Mayor Norris Poulson, Consul Pedro G. Ramirez of the Phillippines, an old acquaintance, and Consuls Pil Shik Chin of Korea and Shinsaku Hogen, Japan.

Hundreds of persons jammed the Statler Hotel lobby and shouted "Happy birthday" as the general entered doffing his homburg and giving his famed wave.

High School Youth Faces Rape Charge

AMARILLO (AP)—Donald Ellis, 17, a high school boy, has been charged with raping a mother of two small children.

The woman, 30, told officers yesterday a youth pushed his way into her home in the western edge of town about 1:15 p.m. She said the youth put her children in the bathroom and shut the door, then ripped off her clothes and attacked her.

The woman said she got the license number of his car. Ellis was arrested minutes later.

AREA OIL ROUNDUP

Borden Wildcat Flows On Test

Magnolia Petroleum Co. No. 1-B Jess L. York, east Borden County wildcat, has shown possibilities of being a discovery from the Clear Fork of the Permian.

The prospector flowed oil and salt water in a drillstem test at 4,066-102 feet. The tester was open three hours and 45 minutes.

Gas surfaced in 29 minutes, drilling mud came to the top in 52 minutes and the fluid was run to pits to clean for one hour and 53 minutes.

The section was then flowed to tanks for one hour and during that period it produced one barrel of oil and one barrel of salt water. Gas-oil ratio was 248-1. Gravity of the oil was 35.6 degrees.

After the tool was closed operator reversed out eight barrels of additional oil and 16 barrels of salt water. Recovery below the circulating sub was 30 feet of free oil and 240 feet of salt water. Flowing pressure was between 250 pounds and 1,670 pounds. Shutin bottom hole pressure after 15 minutes was 1,720 pounds.

A core at 4,102-112 feet recovered 10 feet of lime with poor shows of oil and with signs of water. The prospector is now making hole below 4,216 feet.

This wildcat is 13 miles east of Gail. It is contracted to 9,000 feet or for a test of the Ellenburger at a lesser depth. The locaton is 660 feet from south and east lines of 279-97-H&TC. There is now nearby production from the Clear Fork.

AMENDED APPLICATION

Ada Oil Co. of Midland has filed an amended drilling application to change location on the No. 1 R. H. Odom, scheduled 7,900-foot wildcat six miles northeast of Snyder.

The new location is 330 feet from south and 1,980 feet from west lines of 234-2-H&TC. The original location was 660 feet from south and west lines of the section. No reason for the change was given.

BORDEN LOCATION

Blanco Oil Co. and others of San Antonio have filed application to drill the No. 1-11 W. L. Miller and others in the Jo Mill-Spraberry field of southeast Borden County.

The drillsite is 660 feet from south and east lines of the north half of section 11, township 4 north, T&P survey. The block number was omitted from the application. The location is about 15 miles southwest of Gail. Contract depth is 7,800 feet, with operations to start at once.

SHARON RIDGE WELL

French M. Robertson of Abilene has reported completion of the No. 1 First National Bank of Snyder in the Sharon Ridge 2400 field.

The well pumped 117 barrels of oil in 24 hours from perforations at 2,410-360 feet, top of the pay was at 2,360 feet. The production was natural. Drillsite is 330 feet from north and east lines of 129-97-H&TC.

RECOVERS OIL

Drillstem test of a sand zone, possible the Tannehill, from 3,183-203 feet showed gas at the surface and recovered oil and salt water at Anderson & Word No. 1 Frank Poore, one and three - quarters miles southeast of the recently opened Berta — Winter Bond conglomerate field of north Stonewall County.

Gas surfaced in 56 minutes and recovery was 60 feet of oil and gas-cut mud, 895 feet of oil, 155 feet of salty mud and 90 feet of salt water. Drilling continued below 3,310 feet in shale and lime.

Site is 660 feet from north and east lines of 176-D-H&TC, nine miles north of Aspermont.

DRILLING REPORT

Sun Oil No. 1 Hudnall, East Scurry wildcat, is drilling in shale and lime below 5,736 feet.

Texas Crude and Lamar Moore Drilling No. 1 Lena M. Green, Fisher wildcat, is drilling in lime and shale below 5,815 feet. Union Oil and Great Western Drilling No. 1 C. B. Johnson is drilling below 5,015 feet.

Hunt Oil and Gulf Oil No. 47 Elsinor Royalty Co., deepest oil exploration project ever drilled in Texas, is bottomed at 18,763 feet in Ellenburger dolomite. Operators have reported no shows of oil or gas in cores taken in the Ellenburger. A drillstem test attempted at total depth was unsuccessful when packers failed.

Profit Prospects Bright This Year

By SAM DAWSON

NEW YORK (AP)—Profit prospects are bright for business today as industrial and trade activity quickens in the first month of the new year.

First corporations reporting earnings in 1954 show an average very close to the profit level of 1953. Profits were increasing as the new year started.

Cash dividends in 1954 ran ahead of 1953 — accounting for much of the bullish enthusiasm in the stock market.

The first reports also emphasize the difference in the profit pictures for many big corporations, compared with their smaller rivals.

Many large corporations were able to show better net profits after taxes last year than in booming 1953 — thanks, in most cases, to the ending of the excess profits tax, which had dragged hardest on the giants. The gains by the big ones offset in large degree the decrease in earnings by many smaller businesses.

Eighty corporations have reported so far on their 1954 fiscal year. There is only one giant in the list, American Telephone & Telegraph. Leave AT&T out, and the 79 smaller ones have combined net income of $471,079,352 in fiscal 1954, compared with $475,829,299 for the same companies in 1953. This is a decline of only 0.9 per cent.

But add AT&T with its sizable increase in earnings last year, and the 80 have a combined 1954 net profit of $1,015,755,352, or a gain of 7.2 per cent over the $946,915,914 they reported in 1953.

Of the 80, there were 44 showing increased income last year and 36 reporting declines. Of the latter five operated in the red.

The favorable picture for the year was colored by a good comeback in the final three months of 1954, after a sinking spell in the summer months. The income picture last year declined rather steadily until the end of September. The fall pickup in business for many firms offsets the earlier slump.

Eighty firms — with only one really big baby among them are too few to give more than an indication. The big flood of annual reports will come next month and it will be almost summer before all of the nation's corporations report on their 1954 fiscal affairs.

The President's economic advisers, however, have made an estimate to go along with his economic message to Congress. They expect total 1954 corporate profits to be around $17,800,000,000, a drop of 2.7 per cent from the $18,300,000,000 of 1953.

Cannon Plan For Lineup Due Showdown

WASHINGTON (AP) —Democrats on the House Appropriations Committee called a party meeting today for a showdown on Chairman Cannon's (D-Mo) "scientific realignment" of subcommittees.

If as many as 6 or 7 of the 30 Democrats disapprove of Cannon's new arrangement, the chairman may be upset by the full committee at its next session.

All or most of the 20 Republicans want to reject Cannon's proposed subcommittee reshuffling, which he announced several weeks ago without prior discussion with Rep. Taber of New York, the committee's senior Republican.

The few Democrats opposing him, Cannon said, certainly wouldn't vote with Republicans on a matter "which their own party members so overwhelmingly favor."

Rep. Thomas (D-Tex), who stands to lose most from the realignment, said he expected as many as 10 Democrats to join him in opposition. Thomas said he has a substitute which he hopes to persuade the entire committee to approve.

Thomas would head a new subcommittee under the Cannon plan. This new group would not have jurisdiction over funds for many major agencies as did the Texan's old Independent Offices subcommittee. No longer would Thomas' subcommittee have control over the budgets of the Tennessee Valley Authority and the Atomic Energy Commission.

Cannon's proposed reshuffling would put AEC and TVA appropriations under a new Public Works subcommittee headed by Cannon. Also in the jurisdiction of this new subcommittee would be funds for the Army Engineers, the Reclamation Bureau, and the Southeastern and Southwestern Power Administrations. In short, all government power programs would be handled by Cannon's own subcommittee.

Ben Ramsey's Plea To Halt Depositions Is Granted By Court

AUSTIN (AP)—The Supreme Court granted Lt. Gov. Ben Ramsey's plea today for an order temporarily halting the taking of depositions in what was described as an "anticipated" suit by C. T. Johnson against Ramsey.

Johnson, an Austin real estate man, lost to Ramsey for lieutenant governor in last summer's primary.

Johnson is seeking in 53d District Court to obtain statements from Vernon Sanford, executive secretary of the Texas Press Assn., bearing on campaign spending.

Ramsey said Johnson's action is a "fishin expedition," that it is "vague and indefinite," and that he has the right to "have the basis of the anticipated controversy and law suit and need for perpetuation of testimony in advance of a law suit specified by proper pleadings."

Ramsey said any suit touching on "campaign expenditures if any" would have to be filed in his home county, San Augustine.

Fireman Resigns Post As Truck Operator

Joe Bunt, city fireman for about two years, resigned from the paid staff of the fire department Monday, Ivan Gatlin, fire marshal, said.

Bunt has been employed as a fire truck operator at the substation in east Snyder.

Gatlin said that Bunt has not been replaced yet.

Children in ancient Rome shot marbles, played jackstones and a form of hopscotch.

SENATE

Continued From Page 1

mainland, and the senator added in an interview:

"I don't think there is any anticipation of using American land forces. Make no mistake, the resoluton embraces the use of any of the armed forces but none of the joint chiefs seemed to think that employment of the ground forces was implicit in it."

Unlike the House, which acted under a rule of preventing the offering of any amendments, the resolution will be wide open to possible changes when it comes before the Senate. George said he did not think any would be made.

The House shoved the measure through with only Reps. Siler (R-Ky), Barden (D-NC) and Sheehan (R-Ill) voting "no."

Barden said he regarded the resolution as a type of "future declaration of war." Sheehan told the House the measure should "designate Russia as our real enemy." Siler said he criticized former President Truman for intervening in Korea in 1950 and said "this is the same thing."

BONDS

Continued From Page 1

a gross interest cost of $237,625 and a net of $237,565 after the $60 premium, leaving the effective rate at 2.49936.

Investment firm representatives present agreed after the meeting that all bids would probably have been slightly lower prior to a week ago but that the rates submitted last night were still low and very satisfactory. They also opined that the bond market in the future would not be as pleasing, due to the Far Eastern situation.

The board voted to make Snyder National Bank and First National Bank of Dallas joint paying agents on the bonds, which are to be paid by the Dallas firm through the Snyder bank.

The board authorized Fred Buford of Dallas, architect, to call for bids on enlargement of the West Elementary School, these to be opened at the high school cafeteria at 2:30 o'clock the afternoon of Feb. 24.

Damaged Boats Leave

TAMPICO (AP)—Four Texas fishing boats which took refuge during a Gulf storm leave today for Brownsville after damages were repaired. They are the Valley Royal, Valley Prince, Mustang, and Buddy Boy.

ICT Pupils Planning For District Meet

Members of the local high school industrial cooperative training program are now making plans for a district meeting of ICT clubs to be held here March 5.

J. C. Jackson, ICT co-ordinator here, said the meeting will include contests connected with students' industrial work. Representatives will be here from clubs at Big Spring, Sweetwater, Merkel, Odessa, Lamesa, El Paso, and McCamey.

The ICT program is broken into two branches, with vocations divided as to day trades and metal trades. Each of those have many divisions, or fields of work.

Contests to be held will be in all the areas offered in the Snyder ICT program, plus any other areas which have as many as three participants entered. Most of the contests will involve competition on speed and skill in the students' line of work. About 20 different occupations are included in the Snyder program, so there will be 20 or more contests. The contests will be held in the business houses in which Snyder students work.

First, second, and third place contestants in each of the contests will be eligible to enter the state ICT contests April 21-22. Last year the local program had five students in the state contests, and all five placed.

The meeting will include a business session, in which a district president will be elected. The local club president, Garland DeLoach, will be a candidate, and all club presidents are eligible for candidacy. Other district officers are elected at the fall district meeting.

HOSPITAL NOTES

The following admissions and dismissals at the two Snyder hospitals are only those whose names have been released by the hospitals.

BATTENFIELD-JONES

Admissions: Mrs. Fritz R. Smith, 2308 Thirty-second Street; Mrs. J. C. Kerr, Snyder.

Dismissals: John Walter Shipley, Snyder; Wally B. Shaw, 2911 Avenue J; Mrs. N. W. Harris, 3212 Avenue I; Mrs. H. E. Hickman, 3797 Avenue V; Mrs. Joe Brown, 1611 Twenty-eighth Street; Barbara Nibblett, route 3.

COGDELL MEMORIAL

Admissions: Mrs. J. D. Henderson, 1007 Twenty-eighth Street; Margaret Haney, 2805 Avenue F.

Dismissals: Mrs. Clyde Smith, Snyder ; Mrs. Robert Eugene Smith, 1803½ Thirty-ninth Street.

State's Draft Quota For March Is Down

AUSTIN (AP)—Texas' draft quota for March calls for 548 men, Brig. Gen. Paul Wakefield, state director, said today.

Local board quotas will be mailed by Feb. 1, Wakefield said. The national quota is 11,000 men.

The Texas call compares with a February quota of 597 and January's 1,249.

No men will be called up for pre-induction mental and physical examinations in March or February, Wakefield said. Except for volunteers, the March quota will be filled with men who on March 1 are at least 20 years and one month old.

Wheat Prospects Dim

TOPEKA, Kan. (AP) — Prospects for early spring wheat in major producing areas of Kansas are dim unless substantial moisture is received soon.

HOW TO SAVE MONEY ON YOUR INCOME TAX

By SYLVIA PORTER

Throughout the East last year, tens of millions of dollars in property values were destroyed by Hurricanes Carol, Edna, Hazel. All over the nation, families were hit by cruel acts of nature or suffered because of thefts and fires.

If your family was among those battered by this type of catastrophe, there may be at least one bright aspect: your losses well may be deductions on your income tax return — and you well may be able to offset a good part of your loss by saving tax dollars. For instance:

• • •

QUESTION: Our home was partially destroyed by fire last year. The fire insurance company gave us $5,000, but I know our loss was $8,000. What can we do?

ANSWER: First, find your actual loss by comparing the value of your property immediately before and after the fire. Then, reduce this total by the amount of the insurance you received. The difference — in your case, you claim it's $3,000 — is a tax reduction. It's sound to get an appraiser to set the values.

For example, in one case, a $30,000 loss was permitted after expert witnesses testified that the loss of trees caused by a hurricane decrease the value of the estate by that amount. And the large loss was allowed even though a house which was planned had not yet been built.

QUESTION: Our home in Providence, Rhode Island, was hit hard by Hurricane Carol last August. How do I prove a casualty actually occurred?

ANSWER: You will have no difficulty proving a casualty if it was nationally reported — and the 1954 hurricanes certainly were. But you still must prove it affected your property. Photographs of your property before and after the damage will be helpful; so will newspaper stories and pictures placing the damage in your neighborhood; so will police, fire or other municipal department records of the casualty.

QUESTION: In our case, the hurrican destroyed our trees. What should we do?

ANSWER: Damage to your trees or shrubs or tropical plants as a result of this unusual act of nature is a deductible loss. This also applies to damage to your trees by severe winter blizzard or by drought, extreme dry waves or thaws. This also covers damage to your home or grounds caused by tornado, lightning or floods, heavy rains or freezing — all the casualties due to a sudden act of nature.

QUESTION: How can I estimate the value immediately before and after the casualty for tax purposes?

ANSWER: Appraisals by a competent expert are important. Get the appraisals in writing — in the form of an affidavit, deposition, estimates, etc. The expert — an appraiser, engineer, architect — should be qualified to judge local values. If you have any records of offers to buy your property either before or after the casualty, these can be of considerable help to you.

QUESTION: How much loss can I claim?

ANSWER: You cannot claim sentimental values; you must deal with cost or market values of what has been lost. You do not have to repair or clean up the debris to get your deduction. Your deduction is good only in the year of your loss. Of course, it can't be more than the cost of your property. And insurance proceeds or other recoveries cut the deduction you can take.

QUESTION: I was in a bad automobile collision last year and my car was smashed. Can I get any deduction?

ANSWER: Yes—and most people forget this loss at tax-filing time. Damage to your car because of an accident is a loss you can deduct unless the damage was caused by your wiliful negligence (drunken driving, for instance).

This covers only your property damage; you can't take a deduction for money you may have paid for damages to another's property because of your negligence. If you hurt yourself, you may have a medical deduction.

• • •

Tomorrow: More tax - saving hints.

They are, left to right, Mrs. B. V. Gillean, Mrs. W. F. Loveless of Roscoe, Mrs. Jim Young of Roscoe, Mrs. Corbet Amburn, Roscoe, president of the club; Mrs. Sikes and Mrs. S. C. Lipscomb, Jr. (Lee Watson photograph)

WOMEN

It's Easy To See Why Myrna Still Has A Movie Contract

By BOB THOMAS

HOLLYWOOD (AP)—Myrna Hansen is the only Miss Universe contest winner who still has a movie contract, and anyone can see why.

Wow! She's a dish, all right. She's a lithe 125 pounds, 5 feet 7, with measurements of 37, 25 and 35 inches. She's got brown eyes that could melt a mortgage holder's heart, a straight nose with a cute uptilt, a broad forehead, and silky brown hair highlighted with blonde.

Among things learned in an interview:

1. She doesn't date. Not at all, she says. Too busy with studies. Goes to U-I's talent school from 9 to 6 daily, half day on Saturday. Stays home at night with her tape recorder, practicing dialogue. Love comes later, she says. Her career is all-important now.

2. She's 20. Lives alone. Likes it.

3. She almost made a career of animal husbandry.

Yes, Myrna might have gone in for horse raising instead of horse operas. Born and reared in Chicago, she developed a fondness for horses and rode whenever possible.

"I decided after I graduated from high school, I would take two years of dramatics in college," she said. "If that didn't pan out, I was going to study animal husbandry."

But fate came between her and the veterinary life. She had her picture in the papers for a high school honor and someone suggested entering her in the contest for Miss Photoflash of 1953, chosen by the Chicago press photographers. She won.

The prizes included being shipped to Hollywood for an appearance in "The All American" with Tony Curtis. She did her brief stint and returned home.

The Hansen story might have ended there, except that judges chose her to represent Illinois in the 1953 Miss Universe contest. Back she went to California, expecting a 10-day vacation. She's still here.

Myrna won the Miss U.S.A. title and a Universal-International contract. Two dozen other beauties have been signed by the studio since it started participating in the Miss Universe contest in 1952. All have snce flown on to husbands or oblivion. Only Myrna keeps busy with pictures like "So This Is Paris," "Man Without a Star" and "The Purple Mask."

Oklahoman Is A Mere Boy At Age Of 75

FROGVILLE, Okla. (AP) — S. E. Grant, pioneer resident of this Choctaw County community, has just turned 75, but he still considers himself a mere boy.

"I'll be a boy as long as my father lives," he said.

He still makes his home with his father James W. Grant, who celebrated his 102nd birthday last month.

EASY-TO-SEW

New Social Club Holds Meeting

The Orange Disc Club, a recently organized social organization, met last night with Mrs. J. C. Sikes at 411 Thirty-first Street. Members are wives of employees of the Gulf Oil Company Pipeline Division from Roscoe, Colorado City and Snyder.

Officers are Mrs. Corbet Amburn of Roscoe, president; Mrs. G. V. Voss, vice-president; Mrs. J. A. Young of Roscoe, secretary; Mrs. W. F. Loveless of Roscoe, treasurer. Snyder members are Mrs. Sikes, Mrs. S. C. Lipscomb, Jr., Mrs. Ralph Parrott, Mrs. B. V. Gillean and Mrs. B. M. Medley.

George Killam, attorney, was guest speaker. His speech was entitled "Communism." Mrs. Chester J. St. Romain of Roscoe spoke on "Jewelry At Christmastime."

Refreshments of sandwiches, pie and coffee were served to 14 members and Mr. Killam.

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

There's always a table laden with tasty dishes in the dining room of Southern plantation homes because cooks of the deep South have a special way with food. Their Plantation Supper is a fine example of an old-fashioned Dixieland treat. Try it, it's different.

PLANTATION SUPPER

1¼ cups sifted flour
¾ cup yellow corn meal
2 tablespoons sugar
4½ teaspoons baking powder
1 teaspoon salt
1 egg
2-3 cup milk
1-3 cup melted margarine
1 pound bulk pork sausage
2 pounds fresh asparagus or 1 package frozen asparagus spears
2 cups medium white sauce
6 pimiento strips, if desired

Make corn bread as follows: Into mixing bowl, sift together flour, corn meal, sugar, baking powder and salt. Beat egg, add milk and melted margarine. Mix well and pour all at one time into dry ingredients. Stir only until flour and meal are well moistened. Batter will still be a bit lumpy. Spread into well greased pan, 8x8-inches. Bake in moderately hot (425 degrees) oven 25 to 30 minutes or until golden brown. While corn bread bakes, prepare other parts of dish.

Fry sausage in skillet over low heat, stirring with fork to break up larger pieces. Cook over low heat until done, seasoning with salt and pepper as desire. Cook asparagus in boiling salted water until just tender. Make cream sauce as follows: Melt 5 tablespoons margarine in saucepan; stir in 5 tablespoons flour, mixing until smooth. Gradually add 2 cups milk, stirring constantly until sauce boils and is thickened. Season to taste with salt and pepper.

When corn bread is done, cut it into squares. Split each square and place lower half on hot plate. Cover with cooked sausage then with top of corn bread square. Arrange three or four stalks of asparagus on top of corn bread and pour cream sauce over. If desired, garnish each serving with a strip of pimiento or a dash of paprika. Serve hot.

Marylan Moore Is Ira FFA Sweetheart

IRA — Marylan Moore, the daughter of Mr. and Mrs. Grady Moore, has been elected sweetheart of the Ira High School Future Farmers of America chapter.

Miss Moore, a junior student, was also chosen Halloween Queen at the school's carnival last fall. She is one of five cheerleaders for the school, a member of the annual staff and an officer in the Future Homemakers of America chapter.

Every try adding both Swiss and Parmesan cheese to a cream sauce for fish, poultry or vegetables? It's a fine flavor combination.

CANYON NEWS

By MRS. MARGARET RILEY

Mrs. Myrtle Burrow visited Mr. and Mrs. Thurman Leech and family in Hermleigh Sunday.

Guests in the home of Mr. and Mrs. L. F. Sterling Sunday were Mr. and Mrs. Marvin Sorrells of Ira.

Mr. and Mrs. Robert McCoy and Linda went to Anson Monday to return Mrs. McCoy's mother to her home there.

Mr. and Mrs. Nathan Shepherd and sons spent Sunday with Mr. and Mrs. Joe Reep in Sweetwater.

Mr. and Mrs. Grady Moore visited Mrs. Mattie Fisher in Snyder Sunday. They also visited Sonny Thomason in Cogdell Memorial Hospital.

Visiting Mr. and Mrs. Bill Labenske and Debby over the weekend were Mr. and Mrs. Wesley Labenske of Bronte.

Mrs. Alton Sumruld, Mrs. Margaret Riley, Mrs. Bruce Kerley, Mrs. J. S. Golden, Mrs. Orville Taylor, Mrs. Ed Taylor, Mrs. Myrtle Burrow and Mrs. Nathan Shepherd attended a bridal shower Friday honoring Mrs. Raymond Ridley. She is the former Billye Layne, the daughter of Mr. and Mrs. Henry Layne.

Mrs. J. S. Golden, Mrs. Margaret Riley and Kenny, Roald McGaha and Mr. and Mrs. Bill Labenske and Debby attended the revival meeting held in Snyder Monday night. The Rev. Carl Rea of Sweetwater is the preacher.

Mr. and Mrs. R. E. Adams visited Sunday with Mr. and Mrs. Wayne Rogers in Hermleigh.

Guests of Mr. and Mrs. Ed Taylor Sunday were Mr. and Mrs. Sterling Taylor of Snyder. The Sterling Taylors also attended church services here.

Roald McGaha will preach at the Canyon Baptist Church Sunday in the absnence of the pastor, the Rev. Jimmie Rogers.

WOMEN'S CALENDAR

THURSDAY

Snyder Garden Club, meeting, 9:30 a.m., at the Village.

Good Neighbor's Club, meeting, 2:30 p.m., with Mrs. Jewel Moffett, 411 Twenty-sixth Street.

Eastern Star, study club, 7:30 p. m., with Mrs. C. T. Couch, 2912 Avenue F.

Pleasant Hill Home Demonstration Club, meeting, 2 p.m., with Mrs. Albert Bills in the Pleasant Hill community.

FRIDAY

Ladies' Day, 9:30 a.m., Mrs. M. L. Broman, hostess, at the Country Club.

Bake sale sponsored by North Elementary PTA, 9 a.m., at Everybody's.

Altrurian Club, meeting, 3 p.m., with Mrs. C. C. Miller, hostess, at the home of Mrs. Hugh Boren, Twenty-ninth Street.

SATURDAY

Benefit bridge, 2 p.m., the Hilander. Sponsored by the Howco Club for the March of Dimes.

Mrs. Kubala Heads Group

Mrs. E. L. Kubala was elected president of the Snyder chapter of the Texas Music Teachers Association at an organizational meeting Friday night. Other officers of the chapter are Robert Clinton, vice president, and Mrs. Billie Youree, secretary-treasurer.

Dr. Roy Johnson of Austin, state president of the association, met with the group. He explained the aims and principles of the organization. Dr. Johnson outlined the advantages of the association, where music teachers can work together on their mutual problems and where public school and private music teachers can plan coordination between their teaching programs for the benefit of their students.

Mrs. Cecile C. Meskimen of Lubbock, a member of the state board of the TMTA, assisted in the organizational work. Mrs. Kubala and Mrs. Novis Rodgers are also members of the Lubbock chapter.

Others present for the meeting included Jack Youree, Mrs. Robert Clinton, Mrs. R. L. Gray, Ralph Wesson, and Mrs. Doris Martin from Loraine.

The next meeting of the Snyder chapter is planned early in February, Mrs. Kubala said. Public school music teachers are especially asked to attend.

NEWS FROM IRA

By MARY NELL MOSLEY

Mr. and Mrs. L. C. Lankford and daughter of Sweetwater have been visiting her parents, Mr. and Mrs. Edgar Eades.

Among those attending a quilting at the Knapp Baptist Church were Mrs. L. B. Balcom, Mrs. J. U. Van Norman, Mrs. Richard Johnson and Mrs. Pat Moore.

The Rev. Richard Johnson attended a convention in Lubbock Thursday and Friday.

Mr. and Mrs. John Mayes and Larry have returned from Comanche, Okla., where they attended funeral services for his mother.

Mr. and Mrs. Ben Mosley and daughters have returned from East Texas where they visited his mother. She is recovering from a stroke.

Mrs. E. D. Holdren and Eula V. Holdren visited relatives, Mr. and Mrs. J. W. Holdren and family, in Monahans recently.

Mr. and Mrs. E. E. Grant and Mrs. J. L. Byars attended funeral services for Jack Davis in Snyder Sunday.

E. H. Grant visited J. L. Byars Sunday morning. Joy Sterling of Canyon spent Friday and Saturday with Jean Byars.

Mr. and Mrs. Weldon Watson and family of Big Spring visited Mr. and Mrs. Pat Moran Sunday.

Mrs. Rob Flowers has returned home from a Colorado City hospital.

Mrs. Jim Minor is home after being hospitalized in Big Spring.

Mrs. Jack Lightfoot and Mrs. Robert Erwin and children of Midland visited Mrs. Robert Lomax in the home of Mrs. Marie Kruse recently. Mr. Lomax visited his wife Friday. She has been in a Colorado City hospital.

Hubert Carnes made a business trip to Mineral Wells and Dallas last weekend.

Mrs. Nettie Webb spent the weekend in Snyder with Mrs. B. N. Stone and Mrs. Adna Yandell.

Mrs. Virginia Johnston and Becky of Snyder visited in the home of Mrs. Marie Kruse Friday.

Mrs. T. E. Gideon and L. J. Carnes of Snyder visited Mrs. Marie Kruse and family Sunday.

Mrs. J. W. Nettles and son, Eddie, of Snyder visited friends here last week.

Mr. and Mrs. Harold Gene Kruse and baby of Snyder visited with Mr. and Mrs. Corky Kruse Friday evening.

Mr. and Mrs. Frank Roberson and children of Snyder visited Mrs. Marie Kruse Sunday.

A mission study for the YWA was held Monday in the home of Mrs. Rea Falls. Mrs. C. J. Smith of Knapp and Mrs. Richard Johnson were the teachers. Supper was served to the YWA members and several guests at the conclusion of the program.

Hollie Brooks of Lebanon, Ore., visited his brother, Algie Brooks, and family recently.

The Ira High School basketball team, which has a good season record, has home games scheduled Thursday and Friday nights.

New Hotel's Name Is Changed Third Time

DALLAS (AP)—A 22-story, 1,000-room hotel in downtown Dallas will open late this year as the Statler-Hilton—the third name it's had since plans were announced for its construction.

Sales Manager Max Peck said the name is a combination of the original title, Dallas Statler, and the Conrad Hilton, which the financier gave the structure after purchasing the Statler chain.

Like mocha flavor? Put a teaspoon of instant coffee and a teaspoon of instant cocoa into a cup. Fill with boiling water and add cream and sugar to taste.

Mix cream cheese with mayonnaise, grated onion, garlic powder and minced parsley. Serve as a dunk with corn chips. Makes a nice first course for company when served with a tomato juice cocktail.

WHAT'S GOING ON

Mr. and Mrs. John Baker and daughter of Sweetwater were supper guests of Mr. and Mrs. G. W. Parks, Jr., 2100 Avenue M, last night.

Mrs. Nolen Beauchamp, 2807 Avenue Q, visited Monday in San Angelo with Mr. and Mrs. L. G. Doss and daughters, Regina and Sherry, and with Mr. and Mrs. C. W. Beauchamp in Colorado City. Visitors yesterday in the Beauchamp home were Mr. and Mrs. Carl Maxwell of Colorado City.

Visiting last week end with Mrs. F. F. Kincaid, 1310 Twenty-second Street, were her daugher and son-in-law, Mr. and Mrs. King Green of Monahans. Mrs. Kincaid recently returned from a visit with another daughter and her family, Mr. and Mrs. Brandt Griffith in Perryton.

Sandra Cooper, daughter of Mr. and Mrs. Charles Cooper, 3007 Avenue S, is spending the mid-semester holidays with her parents. She is a student at Texas Tech.

Mrs. Marvin Hanback, 2408 Twenty-ninth Street, was taken to Root Memorial Hospital in Colorado City by Bolger ambulance this morning.

Scout Pack 36 Slates Banquet

Cub Scout Pack 36 met Monday night in the East Elementary cafeteria. Plans for a train trip members will take Saturday morning were completed. They will join other scouts from this area at Colorado City to board a train bound for Sweetwater. They will return Saturday afternoon.

The annual Blue and Gold Banquet to be held by the pack on February 28 was discussed.

Leaders of the pack are Buck Perine, pack master; Bill Wise, assistant pack master; T. S. Thomas, secretary-treasurer; James Aldridge, reporter. Den assistants are Mr. and Mrs. Charlie Morrow, Mr. and Mrs. L. V. Crenshaw, Mr. and Mrs. Jim Wilson and Mr. and Mrs. J. P. Ward.

Marriage Is Announced

Nora Jo Brock became the bride of Richard Wayne Derrick in a ceremony performed Saturday morning in Lovington, N.M. H. M. Lomax, step-father of the bride, accompanied the couple.

The bride is the daughter of Mrs. H. M. Lomax of Hermleigh and Louie Brock of Fort Worth. Cpl. Derrick is the grandson of Mr. and Mrs. E. M. Davis, 2101 Avenue R.

Cpl. Derrick left Monday to report to his station at Fort Riley, Kans. Mrs. Derrick plans to join him soon.

Atheneum Club Elects Officers

Officers were elected at a meeting of Atheneum Study Club yesterday afternoon. Those who will begin their official duties next September are Mrs. Fickas Bell, president; Mrs. Wilson Howell, first vice-president; Mrs. J. C. Swanson, second vice-president; Mrs. Gene Richardson, recording secretary; Mrs. Harold Parsons, treasurer.

Mrs. M. R. Houpt was introduced as a new member of the club.

Mrs. B. J. Weaver introduced a guest speaker, Mrs. Renal Rosson, who spoke about Mexico to club members. Mr. and Mrs. Rosson toured Mexico a few years ago and shot moving pictures of many of the sights. Following a descriptive review of the scenery, people, towns and cities they saw, Mrs. Rosson showed the movies.

It was announced that, due to the loss of the location of the club's Clothing Center, the charitable project was to be temporarily discontinued.

A report of the plans for the club's participation in arrangements for the convention of federated women's clubs to be held here in April was given by Mrs. Richardson.

Mrs. Weaver was hostess at her home, 2306 Thirtieth Street. A dessert plate was served to sixteen members and two guests, Mrs. Rosson and Mrs. Max West.

Sheppy's Special: When you have stayed out shopping longer than you planned to, here's a quick supper dish you can get. Drain a can of tuna and separate with a fork into rather large chunks. Do this in a baking dish. Add a couple of cans of macaroni in cheese sauce and a little grated onion; mix gently but well. Top with grated cheddar cheese. Bake in a hot oven until bubbly.

Bridge Club Meets

Mrs. Bill Sealy won high score prize at the Hi-Travelers Bridge Club when it met Monday night with Mrs. Charles Bowen, 2705 Avenue H. Traveling prize went to Jimmie Barrett, and bingo prize to Jean Ann Carrell.

Braising pork chops? Top them with green pepper and onion rings for delicious flavor. Canned cream of mushroom sauce, with a little soy sauce added, makes an excellent braising liquid.

S Tigers Down Ponies In Last 10 Seconds

The Snyder Tigers took the Sweetwater Mustangs by two points in the last 10 seconds of a district cage game last night to stay in second place in standings of District 3A-1. The score was 66-64.

Plainview, the district's leading team with only one loss on its record, stayed on top last night by downing Levelland 65-49. Lamesa, which was tied with Big Spring and Snyder for second place, knocked Big Spring out of the tie 63-54. Also in a district tilt, Vernon took Breckenridge 65-34.

A field goal by Milton Ham in the last 10 seconds of last night's game put the Tigers out front. Jimmy Bennett had just sacked up one to tie the score. The Tigers played a terrific catch-up game in the final quarter, moving along calmly to get out of the hole after trailing by 11 points, 53-44, going into that period. Sweetwater made a desperate attempt to score after Ham put in his last goal, but Ham grabbed a deflected pass and needed to keep it in the hands of the Tiger team only seconds to the final horn.

Bennett led Snyder scoring in the game with 17 points, while Jerry Taylor hit 14 and Alan Snead 10. Jack Spikes and Ham each got eight. Tall Dale McKeehan gave the Tigers the most trouble. However, they held him to 23 points, far below his average. Bubba Meyer and Thomas Womack each tallied 13 for the Mustangs. All the Tigers were playing well during the night. Don McNew was leading rebounder, while all other team members showed up well on rebounds. Bennett was top in efficiency at stealing the ball.

After a brief exchange in the first period, Sweetwater grabbed the lead and was holding it, 15-11, at the end of that quarter. The Mustangs managed to stay about that much ahead through the second period and had the Tigers 34-28 at halftime. At one time during the third, Sweetwater led the Tigers by 14 points.

The Tigers, now holding a 5-2 district record, will be looking for any change to move up to the top. Friday night, they will break the tie with Lamesa, one way or the other. Lamesa is coming here for the game. On Saturday night, they will host Big Spring.

Sweetwater took the B game 61-58. The two B teams kept the game close all the way, each taking the lead occasionally. At the end of the first period, the score was tied up 13-13. Sweetwater led at halftime 31-26 and at the end of the third period 46-41.

During the fourth, Snyder took the lead twice, but Sweetwater held it during the last few minutes, getting seven points ahead at one time. Snyder closed it up to three points by the end of the game.

Powell Berry led Snyder scoring in that game with 16 points, followed by Tommy Pritchard with 12 and Robert Dabbs with 10. Pritchard appeared the most improved member of the team.

Hobbs Teams Take Wins

Hobbs basketball teams won games last night, the boys taking Blackwell 57-37 and the girls winning over their Blackwell opponents 41-34.

Henry Madronna led the boys team to the win with 16 points, followed by Bernon Etheredge with 15. Byrd was top Blackwell scorer with 20.

This gave the team a 3-3 district record. Trent and Highland are leading the district, each undefeated in five games. The two teams have not yet met. Hobbs is scheduled to go to Trent Friday night.

In the girls game, Delphene South was leading Hobbs scorer with 22, while Anna Rogers had 14. Bonnie Sanders and Nell Cook led Blackwell with 12 each.

The Hobbs girls have a 6-0 district mark.

Gregory Is Hired As McNeese Coach

LAKE CHARLES, La. (AP)—John Gregory, 28-year-old assistant football coach at Trinity University in San Antonio, Tex., became head coach at McNeese State College today.

The University of Idaho alumnus, who coached in Mississippi and Idaho high schools and at Copiah-Lincoln Junior College in Mississippi, conferred with college officials last night and agreed to take the post.

Gregory succeeds Albert Ratcliff who is retiring to become acting athletic director at McNeese.

Gregory is a native of Louisville, Miss., and coached at Twin Falls, Idaho, High School before serving as head coach at Brookhaven, Miss., High School.

Pros Readying For Thunderbird Event

PALM SPRINGS, Calif. (AP)—Forty-two selected professionals tuned up today for the $15,000 Thunderbird Invitational Golf Tournament, a 72-hole event that gets under way tomorrow.

The leading money winners of 1954, plus a few specially-invited players, are included in the field.

Missing because of prior commitments are National Open champion Ed Furgol and Bob Toski, the No. 1 prize winner last year.

The 1954 winner, Fred Haas Jr., who came with a rush in the final round to capture the event, is here.

ABOVE THE BLEACHERS

By DALE WALTON

Seems that as years go by, officiating in basketball games gets worse.

That at the Snyder-Sweetwater game last night wasn't the best we had ever seen. It didn't favor one team over the other, it's just that the officials did not call some of the roughneck fouling which could be seen from almost any point in the gymnasium.

Neglecting to call such fouls as those which could easily result in fights and probably do result in bad feeling between schools is not good. Snyder and Sweetwater schools could do more to promote better relations, and they have even had envoys from one school to the other in the interest of the two getting along together.

We saw flagrant fouls last night by both teams, those which should have been called but were neglected by officials. They called many of them, all right, but there could have been more.

While we're on the subject: noisemaking is okay. We like to see students take their competition seriously, but it's not considered the best in sportsmanship to yell just when a boy is attempting a free throw. Possibly those fans who did so at last night's games didn't think about it, but in a free throw the important thing is whether the boy can make it under his own steam or miss it because of himself. He should never miss one because his opposing fans can yell the loudest just as he is preparing to toss.

* * *

Plainview will probably be very cautious all the way through the remainder of district play. One loss by the Bulldogs might ruin their chances.

Right now Snyder or Lamesa could jump into the lead in one night's play, should Plainview get beat. There's no danger in that Friday night, since Plainview will be playing at Breckenridge. Saturday night, though, the Bulldogs will go to Vernon. Vernon lost to the Bulldogs by only one point in the final seconds of their previous game. This time the Lions have Plainview on the Vernon court.

* * *

The city cage league got off to a roaring start last night, and competition in the loop promises to be good this year. Fouls were fairly heavy last night, but they always are when teams are just getting started.

Basketball fans can see the league in action Thursday night when more games will be played in the junior high gym. There will be no high school games, so the crowd should be sizeable. The league does not charge for admission.

Frosh Take Big Spring

Snyder High School's freshman cagers took a win by one point yesterday afternoon over a team which had defeated the Snyder squad by 20 points earlier this year.

The frosh won over the Big Spring freshmen 25-24 in a game which Big Spring led most of the way. The score remained close. Big Spring led 14-12 at halftime. During the final 15 seconds, the Snyder team got its last goal for the winning margin.

Bud Morgan paced the team with 11 points, while Bill Jennings had six, Israel Hinojos four, and John Ward and Dwaine Merrit two each.

Hal Battle, team coach, said the squad is scheduled to meet Roscoe but does not yet have a date set for the match. The team will enter the Big Spring tournament Feb. 11-12.

The team's record is 6-3.

Gator Payoff Runs Second To Record

JACKSONVILLE, Fla. (AP)—The Gator Bowl football game paid off $51,250 each to Baylor and Auburn.

The payoff, announced last night at the annual meeting here of the Gator Bowl Assn., was the second biggest in the 10-year history of the classic.

The game was played last Dec. 31.

Baylor Spring Drills

WACO (AP)—About 80 candidates started spring football training at Baylor University yesterday.

Spring training ends with a squad game on Feb. 19.

Jim Owens Is Just Like Robin Roberts

By JOE REICHLER

NEW YORK (AP)—If you believe the ivory hunters, the Philadelphia Phillies will have two Robin Roberts at spring training.

One is the real Roberts, of course. The other is a righthander who is built like the Phillie ace and is supposed to pitch like him. He is Jim Owens, 20, who was with Syracuse in 1954.

More than one scout tabbed him as the best pitcher in the minor leagues last year, and they know all about Cleveland's Herbie Score, too. These same scouts rate Jack Meyer, another righthander coming up with Owens, as not far behind.

Owens won 17 and lost 9 with the Chiefs. He led the International League with a 2.87 earned run average and five shutouts. Meyer had a 15-11 record with the same team. He paced all pitchers with 173 strikeouts.

Owens has the best curve ball in baseball," said Roy Hamey, Phillies' general manager recently. "The boy is ready for the big leagues right now. If Owens and Meyer fulfill the promise they have shown in the minors, this pair will help give us the strongest hurling staff in baseball."

Two other highly prized newcomers are first basemen Marv Blaylock and Jimmy Westlake, brother of Cleveland's Wally Westlake. They are expected to engage veteran Earl Torgeson in a three-cornered battle for the first base job. Blaylock was bought from Syracuse and Weslake from San Francisco.

Louis Ortiz, 31, Cuban purchased from Rochester, may be the answer to the Phillies' quest for a second baseman. Ortiz batted .225 but is regarded as one of the best defensive infielders and one of the finest double play makers in the business.

Hamey and Manager Mayo Smith will pay attention to Bob Bowman, Stan Palys and Larry Novak, all outfielders. One might fill the weak right field post. Palys batted .316 at Schenectady; Novak .311 at Terre Haute; and Bowman .282 at Syracuse.

Joe Lonnett, a hard - hitting catcher who hit .268 at Syracuse, has an outside chance to win a second string assignment behind the bat. Bob Micelotta, a hustling shortstop noted for his defensive ability and second baseman Ben Thompkins, another defensive standout, will get thorough trials.

Pitchers Tom Casagrande, Paul Penson and Lynn Lovenguth will vie for a spot.

No One Likes New Rule On Catcher Box

By ED CORRIGAN

NEW YORK (AP)—There appeared to be only one thing certain today in the new baseball rule which sets the catcher's box as a rectangle measuring 43 inches in width—no one liked it.

Four receivers on the New York clubs had unkind words for it and Carl Hubbell, farm director of the New York Giants and a great left-handed pitcher in his prime, not only doubted that the rulemakers could make the rule work but also came to the defense of the intentional pass.

"This rule won't serve any purpose at all except to give the catcher more work," said Hubbell. "He'll have to time his jump out of that box to get the wide pitch and maybe for a time we'll see some wild pitches.

"But it won't eliminate the intentional pass and why should it? The intentional pass is a strategic part of the game, a calculated risk by any manager."

The new rule was announced in Chicago Monday. Apparently there is no limit on the depth of the catcher's box. But if he crosses either line before the ball leaves the pitcher's hand, it's a balk.

"I think they'll have to do some clarifying before we can fully understand it," said the Brooks' Roy Campanella. "As for cutting down the intentional pass, I don't think this can figure."

Said the New York Yankees' Yogi Berra:

"I read about it last night but I haven't been able to figure it out yet. But I can't see it stopping the intentional pass."

West Westrum of the New York Giants, said:

"I can only see it making things tougher for the catcher. It won't stop the intentional pass and it will make it more difficult for us to handle the pitch-out, which is a fast fall.

Brooks, NG Lead Off In City League

Brooks Oil Well Service and National Guard got off to good starts in the first games of the city basketball league last night.

The Brooks team ran over Cluck Wagon 63-32, while the National Guard squad took D & H Super Market 52-43.

Play will continue tomorrow night, when Hermleigh meets Brooks at 6:45 o'clock and Sunray and D & H clash in the second game. The games are played in the junior high gymansium.

Bobby Shipley led the Brooks team with 21 points, followed by Bobby Zetzman with 16. Top scorer for Chuck Wagon was Joe Burney with 13, followed by Oliver Burnham with eight.

Pacing National Guard was Wendell Autry with 19 points and George Richardson with 17. Max Coffee sacked up 13. Royce Burrows led D & H with 16 points, while Landis Lee had nine and Tom Fulton eight.

8th Wins, 7th Loses

Snyder's junior high basketball teams won one and lost one yesterday.

The eighth grade took its win over Big Spring 31-20. It led at half-time 21-8.

The win gave the team a 6-1 season record. Scorers were Gale Courtney with 10, Jimmy Allen with eight, Mickey McGrew with six, Terry Lee with three, and Richard Mahan and Dale Cates with two each.

The seventh took its second loss of the season against five wins. The Big Spring team downed the Snyder seventh 23-13 after Snyder had led 9-0 at the end of the first period and 9-8 at halftime.

Not scoring any points in the second quarter, the Snyder team took two points in each of the last two periods. Dick Hayes made six points, Barry Walker five, and Alex Cross two.

The teams will go to Hamlin for games tomorrow.

COMEBACK BATTLE

Beau Jack, left, former lightweight champion boxer of the world, fades away a blow by Eddie Green in the sixth round of a 10-round bout at Columbia, S.C. Beau Jack won a decision over Green in his first fight in several months.

Big 10 Having Its Tightest Cage Race

By JOE MOOSHIL

CHICAGO (AP) — Harry Combes, University of Illinois basketball coach, says, "Either there isn't a great team in this conference or they're all good."

Combes was referring to what is becoming one of the tightest races in Big Ten basketball history.

No team has fewer than two losses and most haven't reached the halfway mark of 12 games. It is quite possible the champion will have four losses or maybe several teams will share the title with a record of five defeats.

Whatever the final standings, a sharp look in won and lost columns shows Big Ten teams don't stack up too well nationally even though they have a record of 49 victories and 25 defeats against nonconference teams.

That there is balance in the conference is indicated further by the records which show that the four top teams have nine of the nonleague losses as against 11 by the bottom four teams.

Most of the teams beaten by the Big Ten are not ranked in this week's Associated Press poll. In fact, only three schools which have played Western Conference foes are among the top 20.

They are North Carolina State (3), Marquette (11) and Missouri (12). Against these three, the Big Ten has two victories and five losses.

North Carolina State beat Minnesota, currently tied for the conference lead; Marquette lost to Michigan State but defeated Michigan; and Missouri knocked off Indiana, Iowa and Wisconsin after losing to Illinois.

The team that has been the toughest for the Big Ten is Penn. The unranked Quakers have whipped Iowa, tied with Minnesota for the league lead, Purdue and Michigan State.

Andros Visits Hogs

LITTLE ROCK (AP)—Gus Andros, who played college football with Arkansas' new Coach Jack Mitchell, may come here to help coach the Razorbacks.

The Arkansas Gazette said last night that Andros, presently an assistant at Texas Tech, was en route back to Lubbock after a visit on the University of Arkansas campus.

6-Foot-7 Burrow Is Kentucky Pacer

The Associated Press

The University of Kentucky, currently ranked No. 1 among the nation's basketball powers by a poll of Associated Press members, is right proud of a young fellow from Texas.

He's the mainspring of the red-hot Kentucky quintet and the folks in the Bluegrass Country around Lexington value every inch of his lank 6-foot, 7-inch frame.

His name is Bob Burrow and he jumped from junior college basketball at Lon Morris Junior College in Jacksonville, Tex., to a first string job at Kentucky.

And midway through Kentucky's 24-game schedule, the Texas hot-shot—and that's no misnomer—is leading the club in virtually every statistical phase.

Burrow poses no immediate threat to the records of his predecessor, All-America Cliff Hagan. But his rebounding and accuracy from the field surpass the marks Hagan had at the same time last season.

Burrow is averaging 17.8 points a game for the team.

Burrow's line reads like this: Goals, 85 of 209 attempts for .407; free throws, 42 of 66 for .636; rebounds, 208; personal fouls, 34, and total points 214.

He trails a teammate only in the percentage of foul shots made and in fouls committed.

Burrow in two seasons at Lon Morris tabbed 2,191 points in 84 games or 26 points an outing.

Displaying a variety of shots, good rebounding skill and capable defensive work, Burrow fit solidly into Kentucky's rebuilding plan.

He packs sufficient heft—better than 200 pounds—to maneuver under the boards and his rebounding, in the opinion of Coach Adolph Rupp, is his strongest point.

Burrow's best was his 34 rebounds against Temple.

Bud, adds Rupp, the big center is a "very fine" defensive man, too. He is, Rupp says, an intelligent fellow who learns rapidly, is easy to coach and puts forth a good effort at all times.

And the question his old friends in Texas are asking sounds something like:

"Can you keep a guy like that off the All-America long?"

Burrow probably will answer for himself, his admirers say.

Ira Is Edged By Westbrook

The Ira Bulldogs were edged by Westbrook 42-41 last night in a close district game.

The two teams exchanged leads several times during the game. Ira was leading 21-18 at halftime. During the third period, Westbrook moved out to a six-point lead, but Ira got ahead again. Westbrook got its final lead with a lay-up shot in the last 30 seconds of the game.

John Mengwasser led Ira scoring with 17 points, while Leon Ford, much improved, did a good job on rebounding. Self was Westbrook's high scorer with 14.

Westbrook and Loraine rank just below Hermleigh in district standings, while Ira is fourth with a 2-3 record.

The Ira girls, who had previously lost only two games all season, lost to the Westbrook girls last night 44-37. This was Ira's first district loss in the girls division, and it tied the two teams for top place in the district.

Ira led this game 10-6 at the end of the first quarter, while Westbrook was ahead 20-18 at halftime. At the end of the third period, the score was tied 30-30.

Baleria Eubank was leading Ira scorer with 32 points, while Dorn led Westbrook with 23.

Three Sign Letters Of Intent For SW

HOUSTON (AP)—Three mid-term high school graduates have signed letters of intent to enter Southwest Conference schools.

Bill Brock, Lamar football end, and Fred Schumann, John Reagan track man, will enter the University of Texas Saturday. Gene Prater, John Reagan basketball star, will enroll at Rice Institute.

Ray Hamil, Jeff Davis football and baseball player, will go to the University of Houston. Houston also got a Del Mar Junior College football player, Jimmy Neese.

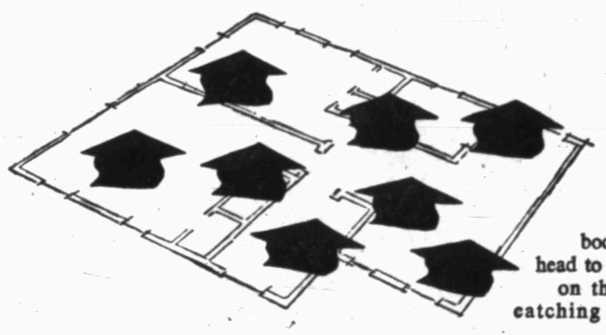
DOES YOUR HOME HAVE WARM FLOORS?



COMFORT DEMANDS IT. Your body should be evenly warmed from head to toe. Children should be able to play on the floor without added danger of catching colds. Drafts should never form!

Ever visit in a "toe-tucker's" home? These people can't enjoy true comfort heating. Cold floors keep their feet chilly. (Chances are, their cat sleeps up on the sofa.)

Automatic flue-vented perimeter gas heating systems actually put heat *in the floors* . . . maintain only a slight difference in room air temperature from floor to ceiling! You enjoy an environment comparable to a balmy, 72-degree summer morning!

IS YOUR HEATING SYSTEM FLUE-VENTED?

Flue-venting is standard with modern heating systems. Air from the combustion chamber is carried through a vent to out-of-doors. Indoor air stays fresh, more healthful, more pleasant. Window sweating is reduced. Be sure your system is *flue-vented*.

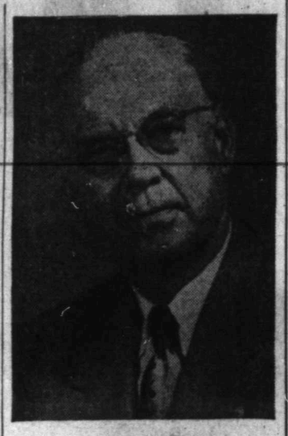
Telephone Man Sets Attendence Record

It's a good bet that W. L. Blakney, district manager for Southwestern Bell Telephone Company, will be on the job tomorrow.

If he failed to show up for work tomorrow morning, he'd break an enviable record.

He hasn't missed a day on the job in more than 34 years. Blakney was honored for his achievement by telephone officials at a luncheon in Abilene this week. In presenting Blakney a special pencil award, J. H. Chowning, division commercial superintendent for the company's Northwest Texas division, remarked that he knew of "no better attendance record among the 26,000 telephone employees in Texas."



W. L. BLAKNEY

Blakney began his outstanding attendance record the day he went to work for the telephone company back in 1920. He started his long career as a cashier in Marshall, and later was promoted to manager and district manager in that city.

In 1932, he assumed his present position as head of the telephone company's commercial department in the Abilene district, which includes Snyder, Sweetwater, Colorado City, Roby, Rotan, Anson, Hamlin, Roscoe and Stamford.

Blakney, who is well - known through this part of West Texas, takes an active part in civic and community affairs. As a Rotarian, he has a perfect attendance record with that organization for the 23 years he has lived in Abilene.

In addition to his work on the Inter-City Relations Committee of the Rotary, he serves on the membership committees of the Abilene and West Texas Chambers of Commerce. A captain of the Texas State Guard, Blakney also is a member of the executive committee of the American Legion and a director of the West Texas Fair.

His other activities include memberships in the Abilene Club, West Texas Central Oil and Gas Association, Shrine Club, and the Telephone Pioneers. He serves on committees in both the Community Chest and the Red Cross.

Blakney and his wife are members of the First Christian Church in Abilene. They have one son, now in the Navy, and a married daughter, who lives in Seminole.

Raid Brings Divorce To Cotton Broker Wade

NEW YORK (AP)—A raid on golfer Bob Sweeney's hotel suite, in which socially prominent Mrs. Pamela Curran Wade was allegedly caught nude, has brought a divorce to cotton broker Joseph Austin Wade, 40.

A private detective testified in court yesterday that the 24-year-old Mrs. Wade, mother of two, was wearing "no clothes at all" and Sweeney was in pajamas when a raiding party burst in on them last July 10.

The detective, Joseph Barrett, said those with him were Wade and his sister Mrs. John Hearst, and Mrs. Elsie Berry, a private detective.

Mrs. Wade did not contest the divorce. She got custody of one son, William, 3, and Wade was given custody of the other, 2-year-old Joseph Austin Wade III.

Formosa Fall Could Isolate East Asia

By JAMES MARLOW
Associated Press News nalyst

WASHINGTON (AP) — If the Red Chinese captured Formosa they would not only break the American defense line in the far Pacific but might go on eventually to isolate all eastern Asia and drive American forces back to Hawaii.

The Chinese Communists' capture of Formosa would not endanger the United States in the sense that, once there, they could launch an attack on this country. The danger to the United States would be long range.

There are three reasons—military, political and psychological—for the Eisenhower administration to announce American determination to defend Formosa from attack by the Chinese Communists.

The American defense line—intended to keep the Russian and Chinese Communists from grabbing another inch of Pacific territory—now runs down the east coast of Asia this way:

From the Aleutians through Japan, then to Okinawa where this country has a big air base, on to Formosa and then to the Philippines. This country has close ties with Japan, with Chiang Kai-shek's Nationalists on Formosa, and with the Philippines.

Below the Philippines, and lying off the southeast coast of Asia, are the big but scattered islands of Indonesia, where the Communists have been seeking power, so far unsuccessfully.

When the Japanese made war on this country, they struck south at the Philippines from Formosa, which they then held, and moved down on down to Indonesia.

Formosa is about 220 miles from the Philippines, about 350 from Okinawa, and about 700 from Japan. If the Red Chinese got Formosa, jet bombers would menace America's defenses and its allies north and south.

The Reds might not have to make a military attack on the Philippines or on Japan. Their prestige in Asia would soar. The will of the Japanese and the Filipinos to resist Red Chinese pressure from within and without might weaken, if not at once, then later.

The Communists in Indonesia would also be strengthened. Unless the United States carried through on its pledge to defend Formosa against the Chinese Communists, it could hardly maintain in the eyes of Asians its present position of Western leadership.

And if Japan, Formosa, the Philippines and Indonesia should fall to the Communists, this country's defense line in the Pacific would be forced back to Hawaii. All eastern Asia would be under Red control.

Adenauer Skeptical Of Red Declaration

By BRACK CURRY

BONN, Germany (AP)—Chancellor Konrad Adenauer's government said today the Soviet declaration ending Russia's state of war with Germany will produce practical progress toward normal relations only if Moscow accepts free elections and a peace treaty for all Germany.

The government made this statement following a Cabinet meeting to consider the significance of the Russian announcement yesterday.

"The Soviet declaration," the statement said, "means practical progress toward the reestablishment of normal relations between the Soviet Union and Germany only if the Soviet Union agrees to genuine free elections for the whole of Germany and to a peace treaty concluded in full freedom between an all-German government and the former war enemies of Germany and if the Soviet Union takes all measures to attain this aim."

The question: "What does it mean? A lot or nothing?" overshadowed the Cabinet's routine business in Bonn's first official step to evaluate the latest Russan move. The Western Allies took the same step in 1951.

Allied and German officials agreed that the Russian statement was another shot in its vigorous campaign to prevent West German ratificaton of the Paris agreements with the Western Allies to rearm the Bonn republic.

Officials in Washington and Paris took the same view.

But it was not yet clear what practical effects the Soviet declaration would have. Speculation in German and Allied circles ranged from the possibility of a new Berlin blockade to a Russian retreat from Germany.

It raised anxious hope among West Germans that tens of thousands of Germans reported still held prisoner in Russia might now be sent home.

Allied officials in Bonn and Berlin were still busy trying to figure out what comes next. They drew attention to the "significant" reservation in the Russia decree that the Soviet would keep the "right and obligation" under four-power agreement regarding Germany as a whole.

The officials believed that gave the Russians plenty of room to retain any hold they want on East Germany.

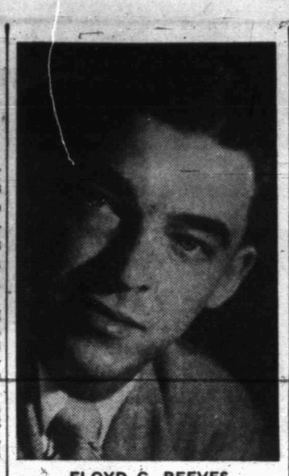
Crosby Runs Business Affairs From Hospital

SANTA MONICA, Calif. (AP) — Bing Crosby, recuperating from removal of a kidney stone, is handling his business affairs from his room in St. John's Hospital.

Attendants, who say he is making satisfactory progress, reported today that he will remain in the hospital for another week, then will spend a month at home convalescing. He underwent surgery last week.

Agencies Ordered To Examine All Activities

WASHINGTON (AP) — Government departments and agencies have been ordered to examine all their activities that compete with private enterprise and decide which can be "reasonably ended." Budget Director Rowland R. Hughes, in a memo made public last night, urged that all federal business activities be ended unless "it would not be in the public interest."



FLOYD C. REEVES

Floyd C. Reeves Back Here After Receiving Air Force Discharge

Floyd C. Reeves, the son of Mr. and Mrs. B. F. Reeves, has returned here after receiving his discharge from the Air Force.

Reeves served four years in the Air Force, 30 months of which he was stationed in Fuouoke, Japan. His last assignment was with the 43rd Communications Squadron at Hamilton Air Force Base near San Francisco, Calif. While at Hamilton, he was also manager of the Lonesome Four Ranch, a resort ranch for military personnel owned by Judge George C. Faulkner of Oakland. Reeves is now operating the Snyder Vending Service, and will also b associated with Holt Music Company. He plans to enroll in the New York Institute of Photography for further study in portraiture and commercial work in April.

Relatives May Not Get Passports For Visits

WASHINGTON (AP) — The State Department, because of the tense Formosan situation, is reported unlikely to grant passports to relatives who want to visit Americans imprisoned in Red China.

An informed source said yesterday he doubted the department would permit travel to Red China as long as Nationalists and Communists are trading shots along the Chinese coast.

Relatives of 15 airmen and two civilian Army employes recently were invited by Red China's Premier Chou En-lai to visit their kin held in China—illegally, this country contends.

The first European settler on the site of Boston, the Shawnut Peninsula between Charles River and South Bay, was William Blackstone, an English clergyman.

As early as 1867, J. C. Maxwell of Edinburg introduced a theory of ethereal waves.

Parents Face Twin Puzzle

LUBBOCK, Tex. (AP)—The parents of the Wood twins have about decided on a footprint test to find out which is Charles and which is Robert.

Mrs. Douglas R. Wood thinks she can tell them apart but she isn't sure.

Capt. Wood said yesterday it may take a "footprint expert" at Reese Air Force Base, where the boys were born Nov. 24, to figure it out.

A baby sitter thought she got the twins mixed up Saturday night.

After they cried all night, Mrs. Wood thought they might be in the wrong cribs. She switched them and they went to sleep.

Knowing that Charles was allergic to orange juice, Mrs. Wood then gave both babies generous drinks of it.

One of them broke out into a rash.

"I knew I had it whipped then," the mother said.

Then the other boy broke out into a rash.

She decided she just gave them both too much juice.

"People must think we are terrible parents not knowing our own children," she said.

Capt. Wood, who is wing adjutant at Reese, said he never did know. Their other children are Douglas, 5, and Debbie, 3.

Man Is Charged With Cruelty To Children

GRAND RAPIDS, Mich. (AP)—A man accused of using a shoemaker's needle and an ice cube anesthetic to close a gash in a boy's head faced court action today on a charge of cruelty to children.

He is Howard C. Dale, 47, who was named in a second warrant with Eleanore J. Billeter, 33, on a morals charge.

Police said Dale dipped a needle in alcohol and sewed up a gaping head wound on Mrs. Billeter's 10-year-old son last month after the boy fell on ice. They said Dale also had mistreated the boy in other ways in recent months.

Britain And France Deny Soviet Charges

MOSCOW (AP)—Britain and France today delivered a note to the Soviet Union denying Soviet charges that the rearming of West Germany would break their treaty obligations to Russia.

The Soviet Union notified France Dec. 16 and Britain Dec. 20 that it would cancel its wartime mutual aid treaties with those countries if the Paris agreement for West German rearmament in the North Atlantic Treaty Organization were ratified.

Today's notes from Britain and France denied that the Paris agreements violated the earlier pacts with the Soviet Union in any way.

De Gaulle Supporter Is Named To Assembly

PARIS (AP) — Premier Pierre Mendes-France's government today named one of Gen. Charles de Gaulle's leading supporters in the National Assembly, Jacques Soustelle, to be governor general of Algeria.

The surprise appointment appeared designed, at least in part, to rally support for the government in the Assembly debate on North African policy beginning next week.

Soustelle replaces Roger Leonard, whose two years in the office have been marred by terrorist outbreaks in the past three months.

MORE for your Grocery $ $ $

• BEST WAY to shop for groceries—to get MORE for every food dollar you spend—is to keep your eye on the advertising pages of this newspaper. Here you'll find wider selections and greater values—a host of timely bargains and special sales to save you a tidy sum each time you shop.

And, you enjoy these welcome shopping savings—as well as all the news, pictures, features and comics—for the small sum you pay your carrier-boy each collection day. No one else brings you so much for so little as he does!

Structure Of Stock Market Today Different From 1929

By RELMAN MORIN

NEW YORK (AP)—The stock market crash of 1929 was an economic Pearl Harbor.

It killed some people, the men who committed suicide, or died of heart attacks beside the tickers. It struck down the hopes of many others. And ultimately, through the great depression that swiftly followed, it hit the life of every American.

Nobody ever will be able to wholly assess the effects of those tragic years. How much did they set back the economic growth of America? How deep is a sense of insecurity did they leave?

Harry D. Comer, partner-analyst in a major New York brokers firm, recently wrote:

"1954 may well be considered by future generations as a turning point in our history . . . Certainly, it will long be remembered as the year when America conquered the depression phobia."

Long books have analyzed the 1929 catastrophe. They show speculation, rigging and other sharp practices. Such was the fever of the times that people bought a stock without knowing what that company produced—or if it produced anything.

Things are different today because of regulations that did not exist then.

Did the stock market crash cause the great depression of the 1930s?

Comer prefers to say it "triggered" the slump. Other factors existed. It dramatized and aggravated them.

Moreover, it set in motion a chain reaction of contractions.

People cut back on buying and spending. They were scared. Sales dropped. Production slowed. Unemployment set in. The banks were scared too. Some had failed. They called in notes. Everybody lost confidence.

And confidence is like the film of oil that supports tons of machinery. To a considerable degree, the whole, towering American economy rides on it.

Today, the economy is expanding rapidly. The population is rising. More people need more, want more, produce more, earn more, save more.

And today, the stock market is near peak points in simple statistical comparison with 1929 figures. Some observers believe it is too high. Others say it bears little resemblance to the situation of that day.

They point out the differences between the periods. In 1929 the population was 122 million, of which 48 million were employed. In 1954 the population had grown to 163 million, of which 62 million were employed.

The difference in billions of dollars was:

	1929	1954
Personal income	88	286.2
Savings	4	19.6
x-Gross product	104	350
Listed stock value	85	169
Stock exchange credit	8.5	1.9

x-Estimated total value of all goods and services produced.

The stock exchange credit figures show the money borrowed from vaults and other sources as reported by the New York Stock Exchange. Thus, in 1929, the credit in the market was equal to about 10 per cent of the total value of all the stocks. Today, it works out to about 1.134 per cent.

Moreover, the dollar in 1929 was probably worth double what it is today. Adjust today's stock prices and credit total to that fact, the analysts say, and today's market is nowhere near the 1929 levels.

They say, also, that the market now is an "investor's market," not speculative, backed by billions of dollars of holdings bought by huge trusts, pension funds and insurance companies not likely to unload giant blocks of stock on the market.

Still, the haunting fear of 1929 persists. Dr. John K. Galbraith, Harvard economics professor, recently wrote:

"The question inevitably arises whether a similar cycle of speculation and collapse could again occur. The simple answer is 'Of course.'"

But would a crushing depression follow again?

Legislation exists today, the so-called "built-in controls," designed to check any wild surges of speculation, and to operate against the forces that usually break loose in a chain-reacting slump.

It may be that the United States already has halted two potential depressions since the end of World War II. Your children may never see another economic disaster on the size and scale that you witnessed.

Como Relaxes By Spurning Fortune

By HAL BOYLE

NEW YORK (AP)—Do you think it would help you to relax if you had a chance to earn $250,000 this year above your regular income—and you turned it down?

Well, Perry Como turns down that kind of extra money every year. It is one of the ways he avoids tension.

"Money is important only to a point," he said somberly. "Then you have to work for other things."

Perry gave up a $125 a week income as a barber shop proprietor for a $28 a week job with a band because he wanted to sing. Today his vocal chords bring him some $900,000 a year. He makes this sum from his CBS TV and radio shows and his recordings.

He takes eight weeks off each year. By working four of those weeks in top drawing movie houses in New York and Chicago he could pick up a guaranteed $250,000 more. Each year Como rejects the offer.

"You can only wear one suit at a time," he says.

Millions of Americans envy his talent or income less than they do his air of utter relaxation. But behind his easy going manner lies an aptitude for hard work.

"We do a lot of rehea...ng," he remarked. "When you know where you're going and why, you can afford to feel relaxed.

Como is both one of the simplest and most complex figures in show business. He has a strong religious nature and his friends say he attends church almost daily. He draws a pretty rigid line between his public life and his home life.

His wife, Roselle, and his three children have never become watchfobs to his success.

"There's nothing wrong with show business," he said, "but I want to keep my kids normal kids. I don't want to subject them to a lot of commotion. I want to keep them apart from it. They've got their school work to do. That's the most important thing for them right now."

"Some times I still give the kids a haircut," he said, "but not very often. They're not very good tippers."

In the last 10 years Como has turned out eight records that sold more than a million apiece, a mark exceeded only by Bing Crosby, who has been in the big time twice as long.

Because of his solid success and his happy home life Perry is something of an idol to young singers who find themselves popular overnight. They bring their personal problems to him.

"But what can I do for them except maybe given them a haircut or buy them a cup of coffee," Como said. "You can't solve another person's problems for him. He has to work them out for himself.

"You can't blame a kid too much at 25 or 26 if he wakes up one morning and suddenly finds the world at his feet—and flips his wig. Unless he has his wits about him, he has a hard time to keep from getting lost the first week they hand him a $5,000 paycheck.

"A boy should have learned the value of a buck the hard way before he gets that kind of money."

The reason the young ones come to Perry for advice is he has never let money confuse him. He never got lost.

"I was lucky," he said. "I had a good wife to keep me stable. If a man doesn't have that, success doesn't mean a thing."

War Hero Is Shedding Bars

NEW YORK (AP)—Jake William Lindsey, whose heroism in World War II won him a Medal of Honor, is a master sergeant again after wearing a second lieutenant's bars for more than two years.

The 33-year-old soldier gave up his commission when he returned from Germany last week and was discharged. He was sworn back into the service as a master sergeant yesterday.

"I'm just a sergeant at heart," he commented.

"I just think I can do a better job in the Army as a sergeant. I talk like a sergeant. If you are an officer, that kind of talk don't go with recruits in the new Army."

Lindsey, who commanded an infantry platoon in Germany, said he hopes to get back with the paratroopers. He served with them in Korea before being commissioned at Ft. Benning, Ga., in 1952.

Except for a year and a half after World War II and the five days between his discharge and yesterday's re-enlistment when he signed up at his home town of Shubuta, Miss., Lindsey has been in the Army since 1940.

A routine physical examination turned up the possibility that Lindsey might have diabetes and almost wrecked his re-enlistment plans. Authorities, however, soon decided this would not apply to a Medal of Honor winner.

Noel Receives Bronze Star

WASHINGTON (AP) — Associated Press photographer Frank (Pappy) Noel receives the Bronze Star today for bravery under fire and for standing up to the Communists during more than 32 months as a war prisoner in Korea.

Secretary of the Navy Charles S. Thomas arranged to present the award in a Pentagon ceremony.

Noel was cited for bravery on the night of Nov. 29-30, 1950, when the Marine Corps convoy in which he was riding during the fighting withdrawal from the Chosin Reservoir was attacked by the enemy.

The Navy citation said Noel "fearlessly exposed himself to intense enemy fire to remove wounded Marines to safe positions and to procure urgently needed ammunition."

After the photographer was captured, the Navy said, he displayed "indomitable courage and resourcefulness in maintaining a high state of morale among the prisoners and in indicating a proper mode of conduct for other captives in the face of the pressures exerted by the enemy to turn the prisoners against their countries."

Expert Says Sheppard Case Not Closed

CLEVELAND (AP) — Dr. Paul L. Kirk, University of California criminologist, declared, "The Sheppard case is not closed," as he prepared to return to the West Coast today after spending three days investigating the July 4 murder of Marilyn Sheppard.

He said his private investigation was "going along satisfactorily," and added:

"I found a few things."

Dr. Kirk, who declined to elaborate, was hired by defense attorneys to make the investigation. He spent an hour yesterday at county jail with Dr. Samuel H. Sheppard, convicted of second-degree murder and sentenced to life in prison.

Dr. Kirk said he had conducted extensive scientific tests in the comfortable lakefront home where the 31-year-old pregnant woman was clubbed to death. Much of his work, he said, was in the Bay Village socialite's blood-spattered second-floor bedroom.

He said he was taking some physical evidence—presumably material found at the house—with him to Berkeley, Calif., where he will make laboratory tests. He had been denied permission to take along any items introduced as evidence in Sheppard's 10-week trial and now held by the county prosecutor.

He called the Sheppard family "forthright" in answering his questions, and added:

"They did not hold back anything; they told me things they had not discussed among themselves."

In his interview with the 31-year-old convicted osteopath, Dr. Kirk said Sheppard "suggested things to look into in making the investigation."

Sheppard, who maintains an intruder killed his wife, is appealing his second-degree murder conviction.

Old Pictures Banned

HARRISBURG, Pa. (AP)—A bill introduced in the Pennsylvania State Legislature would prohibit candidates for public office from using during their campaigns old photographs of themselves in younger years.

Bus Employe Faces Charge

WORCESTER, Mass. (AP) — A trusted employe today was charged with the larceny of $100,000 from the Worcester Bus Co., which reported a net profit of only $1,414 for the first three quarters of last year.

Walter B. Hoyle, 44, father of two, was ordered held yesterday in $100,000 bail after he admitted, police said, taking the money during the past 22 months.

Authorities said Hoyle had access to money boxes turned in by drivers in his capacity as a $4,000-a-year revenue agent. He had been employed by the company for 16 years and was named revenue agent two years ago.

Deputy Police Chief P. Frank Carroll quoted Hoyle as saying he took "at least $300 to $500 a week," but didn't know the exact total.

Carroll said investigators found $20,000 in bills and coins in Hoyle's fashionable home and in his garage and that another $10,000 was found in a safe deposit box.

Ike Skips Conference

WASHINGTON (AP) — President Eisenhower decided to skip his regular Wednesday news conference this week because he "does not want to have anything more to say" on his Formosa defense policy while it is pending in Congress.

What's new with Chevrolet...

everything!

Here are sixty ways of saying that the 1955 Chevrolet is utterly new from road to roof, from grille to taillights. But the total of these changes is the significant thing, for they add up to a *kind* of car that has never existed in the world before. It is a low-cost car, with low-cost gasoline economy and low-cost maintenance. But in everything else it rivals the finest of high-priced cars—in scintillating styling, in silken ease of handling, in thistledown riding comfort, in blazing acceleration, in the full luxurious range of power assists and drive options. You can look at it and tell it is a precedent-shattering car. You can check the features and appreciate the brilliant advances in engineering. But you can't possibly know how astonishing it really is until you drive it . . . and that is what we sincerely ask you to do.

8

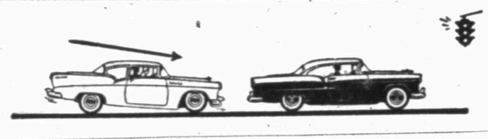
New 162-h.p. "Turbo-Fire V8" engine has ultra-short stroke, 8 to 1 compression ratio.

Sweep-Sight windshield gives safer wide-angle view.

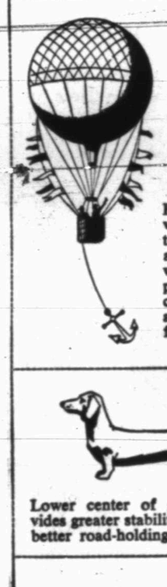
Tubeless tires are standard on all models, offer more protection against blowouts.

6

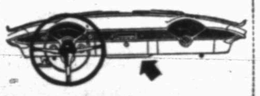
New "Blue-Flame 123" engine has six-cylinder economy, better cooling and lubrication.



Anti-Dive braking control checks tendency of front end to nose-down during fast stops, keeps car "heads up."

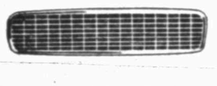


High-level ventilation intake at base of windshield picks up cleaner air above road fumes.



Central glove compartment is handier for the driver.

Full-Fold rear seat in station wagons gives nearly 11 inches longer cargo deck—because seat cushion folds flat too!



European-styled grille presents the most distinctive "face" of any car on the American road.

Air Conditioning unit (optional at extra cost) fits under hood of V8 models, steals no space from trunk.

Powerglide† automatic transmission now offers smoother shifts, has more durability.

Swing-type brake and clutch pedals permit draft-free sealing of passenger compartment.

Curved glass rear-quarter windows on station wagons give maximum visibility—and add a striking new style note.

New interior fabrics in two-tone combinations harmonize with exterior colors.

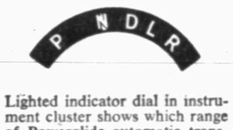
Improved Power Brakes† require less pedal pressure during power-off conditions.

Lower center of gravity provides greater stability on curves, better road-holding.

Over-all height is cut as much as 6 inches without any sacrifice of headroom for passengers.

ALL 4

All 4 fenders are visible to the driver for use as guides in parking, traffic driving.



Lighted indicator dial in instrument cluster shows which range of Powerglide automatic transmission is engaged.

*

6

New "Blue-Flame 136" engine teams with Powerglide† automatic transmission.

-12

Now there are only 4 lubrication fittings in front—instead of 16 for easier maintenance.

Larger fan pulls more air but turns nearly one-third slower for reduced engine noise level.

Rear leaf springs are 9 inches longer, provide softer cushioning against stresses.

Red tell-tale lights flash warning when oil pressure or generator charge drops too low.

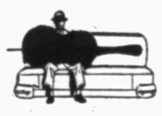
HOTCHKISS DRIVE

HOTCHKISS DRIVE lets rear springs absorb acceleration and braking thrusts and lowers the center of gravity.

Four live-rubber mountings cradle Chevrolet engines in a naturally balanced position.

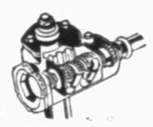
Glass area is up to 18 per cent greater so *all* passengers get a broader panorama.

New "Touch-Down" Overdrive† transmission reduces engine speed 22 per cent.



Bodies are wider inside, with more room for hips, hats and shoulders, both front and rear.

Glide-Ride front suspension with spherical joints gives softer flexing over bumps.



Ball-Race steering is smoother, takes less muscle to turn.

"Outrigger" rear springs are set wider apart to resist body-roll, permits lower frame.

Headlights have a separate wiring circuit for greater protection against "shorts."

35 COLORS and COMBINATIONS

35 colors and combinations. A rainbow full of 14 solid colors and 21 two-tone combinations.

Hoods are 3½ inches lower to give drivers a better, closer look at the road ahead—and rear decks are lower, too.

Front tread is broader for greater stability on the road.

New linkage-type Power Steering (extra-cost option) is applied directly to steering linkage for more positive action.

Brake cylinders on front wheel spindles cut unsprung weight.

12 VOLTS

12-volt electrical system gives easier winter starting, higher voltage for all speeds.

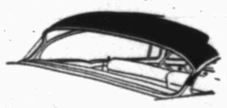
Floating oil pump intake in crankcase picks up cleaner oil from sediment-free level.

motoramic Chevrolet

more than a new car . . .

A NEW CONCEPT OF LOW-COST MOTORING

Low-level luggage compartment has sill almost flush with the floor for easy loading.



Rear window corners are squared to give broader, safer view.

Fender crowns extend in peaks over the headlights, give the cars a greater length of line.

*This is the only way we can show the *silence* of the new Body by Fisher . . . how rubber mountings insulate closed bodies from the frame to blot out the rumble of road noise and dampen "drumming."

†Optional at extra cost.
