Band Parents Slate Performance

Band Parents are accepting entries in the annual Talent Show to be held Friday, March 20 at 7:30 p.m. in the grade school gym. Anyone interested in participating should contact Mrs. Weldon Davis, 938-2433, or Mrs. Thomas Lee Brooks, 938-2420.

Admission will be $2 for adults; $1 for students. All persons purchasing admission tickets will be eligible for door prize drawings to be given away that night. Prizes donated include $25 merchandise, The Company Store; $25 groceries, Pay-n-Save and tank of gasoline, Jim Black Oil Company.

A painting will also be given away during the show. Donated to Band Boosters by Monty Upton, the oil painting is on display at Farmers State Bank. Band members are accepting donations of $1 for this project. Tickets will also be available at the door. Winner need not be present.

All persons in the community are asked to mark this date on their calendars and make plans to attend.

Apologies

Last week's Hart Beat was plagued with errors - both typographical and human. Our apologies for each and every one.

Farmers Grain furnished labor for the erection of the cemetery sign.

Volleyball Tourney Set 12-14

Chi Psi sorority is still accepting entries in a volleyball tournament to be played March 12-14. Entry deadline is Saturday, March 7.

Entry fee is $20. For information, call 938-2572 or 938-2664.

Men's and women's teams are competing in the event which will be held in the high school gym.

'Most Beautiful Place'

"New Zealand must be the most beautiful place in the world," says Mrs. Wamon Foster enthusiastically. This week she recalled, for this Hart Beat editor, a "fabulous trip" she and her husband made from Jan. 31 until Feb. 14.

First phase of the tour was the week's stay in New Zealand and on for a week in Australia. Squeezed into the trip also was a two-day visit in Tahiti.

Just eight days prior to their scheduled departure, Mary had an accident that almost threatened to force a cancellation of their trip. Watering a hanging plant from a glass jar, Mary fell from the chair on which she was standing and suffered a nasty cut on her right hand. She underwent surgery on the hand, spent four days in the hospital and returned home with a full cast on her arm and the advice of her doctor to go ahead with the trip.

"He said I'd feel as good on the trip as I would at home fretting because I couldn't do anything. And it almost turned out to be a good thing for everyone would talk to me so I got to learn a lot."

Twenty-three persons made up the tour group the Hart couple were with plus their tour guide and driver. The guide, a native-born Australian, admitted to the group that becoming a naturalized citizen of the United States was the "best move I ever made in my life."

"With her faults, America is still the best place in the world to live," Mary adds.

Mary and Wamon were impressed with the beautiful, clean appearance everywhere they went in New Zealand.

"The flowers were gorgeous - they yards were so beautiful - we didn't see a single unmowed yard," says Mary.

"The people work a 40-hour week with no overtime for extra money. They envy Americans but they could have it if they wanted - it's just they've chosen not to."

Mary said there were no slums but neither were there millionaires.

A different beauty of New Zealand was found in the area about Rotura where geysers surpassed those of Yellowstone Park.

Remembering their meals on the tour, Mary says, "No one gets served water unless they ask for it and then, grudingly, they get it. Wamon asked for iced tea one day and you'd have through he'd sprouted horns -- they all drink hot tea."

The tour included visits to three of Australia's largest cities - Melbourne, Sydney and Canberra, the capitol. Thanks to a strike by radar workers, the group had to be bused from Canberra to Sydney.

Mary said the five hour trip gave them opportunity to visit with native Australians. Since the same company which owned the air line also owned the bus lines, the seats not all taken by the tour group were filled with other passengers from the plane.

Especially memorable to Mary was the bus visit with a couple who were preparing to leave for a trip to the Orient.

"He had been a prisoner of war and they were going there for a reunion of fellow prisoners. He was one of the prisoners who escaped the River Kwai bombing."

From the wife, Mary learned of a book written by Clay and Joan Blair, "Return From the River Kwai." Not knowing if the book is available in the States, Mary bought a copy there and is eager to read the first person account of the tragic war event.

Remembering her childhood when "kids" shepherded the sheep rather than sheep dogs, Mary admitted the Tralee Sheep Station was an interesting place to visit.

They saw a demonstration in shearing with the wool coming off in one piece. They also say "Cindy," a nine-year-old sheep dog, follow instructions and show her ability to make the sheep do just what she wanted.

It was at the sheep station that Mary found one of her special souvenirs of the trip - a musical figurine of an Australian "swagman." Swag is another word for bedroll and is used in

City, School Races Are Uncontested

Very few hours remained before deadline Wednesday when an after-lunch check revealed that city and school elections appeared to be no-contest races.

Two board members are to be elected at school with terms of office expiring for Neoma Wall and Harold Bob Bennett. Both have filed for re-election and, at presstime, had no opponents.

In the city race, terms were expiring for Mayor Frank Barnes and Commissioner Bill Ritter. Barnes elected not to run again. Ritter filed his candidacy of the mayor's post. Ritter's seat on the commission is being sought by Jerri Horton.

Lions Seeking 'Hunting Ground'

Land owners and operators are invited to participate in a pheasant contract hunting project sponsored by Hart Lions Club. Those interested in the project or wishing to obtain additional information are asked to contact project chairman Wade Mills.

Projects similar to the one proposed by Hart Lions are sponsored annually in surrounding communities and have proved to be good projects for the organizations sponsoring the events as well as serving as a control measure for hunters' abuse or unapproved hunting.

MRS. MILES COX

Storm Signals Are Described

Approach of spring also brings the likelihood of stormy weather so a reminder is issued of the city's storm warning signals. Residents are asked to clip this item and place it in a conspicious spot for future reference.

Small children should be given instructions in the signal meanings, also.

One long blast on the siren indicates a **tornado is approaching** and persons should seek a safe shelter. Three blasts warn a tornado alert has been issued with the **possibility of a tornado.**

Two blasts call volunteer firemen to practice. Four or more signal a fire.

Services Conducted For Mrs. Miles Cox

Services were held Saturday afternoon in First Baptist Church for Mrs. Miles Cox, longtime resident.

Officiating were the Rev. Jack Lee, pastor; the Rev. Don Blackman of O'Donnell, former pastor; and the Rev. Lanny Wheeler, pastor of First United Methodist Church. Interment was in Hart Cemetery under the direction of Parsons Funeral Home of Dimmitt.

Mrs. Cox died Thursday in Central Plains General Hospital after being admitted there Monday.

A native of Lipan, the former Opha Oree "Ted" Newman was born July 13, 1911. She married Miles Cox Jan. 30, 1934 in Lipan. They moved to Hart in O October 1952. She was a member of First Baptist Church.

Survivors include her husband, Miles; a half-brother, Hubert Newman; a half-sister, Bessie Mae Cox; and several nieces and nephews.

Pallbearers were Bill Rich, Lyndall Warren, Luie Cross, Jack George, Calvin Alexander, T.R. Warren, Perry Barham and James Jackson.

MRS. TIM WALKER

Cook Of The Week

A dual role of teacher and student keeps Mrs. Tim Walker very busy.

Cynthia is in her second year as CVAE homemaking teacher for Hart schools. In addition, she is a commuting student at West Texas State University and will receive her master's degree in August and complete work for a counseling certificate in December.

Tim, too, is attending WTSU. He will receive his degree in industrial education and P.E. in December.

The young Walkers grew up in Littlefield. Cynthia attended West Texas State two years before transferring to Texas Tech University. She received her bachelor's degree in home economics education. She went back to school for two summer workshops to become certified for CVAE.

Cynthia's students took over the responsibility of cooking for Hart Lions Club at their bi-monthly luncheon meetings when that group's regular cook resigned in January. The recipe Cynthia shares for fried pies is one the girls received compliments for when they served them to the Lions.

Collecting music boxes and cup and saucer sets are favorite pastimes for Cynthia. She also enjoys sewing, likes to play golf and enjoys what little time and opportunity she has for bowling.

Cynthia attends First United Methodist Church.

GROUND BEEF STROGANOFF

1 can mushrooms, stems & pieces
1 lb lean ground beef
⅓ c chopped onion
2 T shortening
2 T flour
1 t salt
1 c water
⅓-½ c Heinz 57 sauce
¼ c minced parsley
½ c sour cream

the colloquial description of hobo.

Revolving as it plays one of Australia's national songs, "Waltzing Matilda," the little figurine is complete in its representation of the catchy song. Tiny corks hang from strings attached to the swagman's hat - just as the real swagman has on his hat to keep away flies from his face.

The figurine carries a tiny tin bucket - the Australian's "billy" in which he boils his water. About his neck is tied a "tucker bag" in which he carries his food.

All these are sung about in "Waltzing Matilda."

Mary found Sydney as very pretty place. Known as the "Town of Red Roofs," Sydney's buildings are predominently roofed with native red tile. Flying over the city, the view of red abundance makes for colorful beauty.

"Polynesian Paralysis" hit Mary in Tahiti. Cautioned they might suffer from the tropical island's heat and humidity, Mary says, "I had it."

The combination of 90 degrees temperature and 90 percent humidity made Mary decline some of the sightseeing that Wamon and others in their group enjoyed. They took a boat tour around the island, seeing much of its lush beauty.

Wamon had a little "side trip" when he had to take the native transportation, "Le Truck," (an open truck-bus) to see a doctor for a terrible cold he'd been fighting.

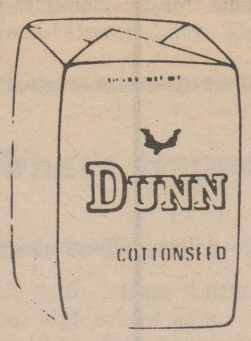

Mary says she made the tour with an empty suitcase which filled along the way with souvenirs they bought for themselves and for family and friends. Treasured with those souvenirs are the many pretty colored photos that will let them return at will to an unforgettable tour.

Barbeque Dinner Set March 15

Seniors of 1981 will serve a bar-b-que dinner Sunday, March 15 in the school cafeteria. Serving hours are 11:30 a.m. to 1 p.m.

Cost of the meal is $3.50 for adults; $1.50 for children in sixth grade and younger.

During the day, the class will give away a ceiling fan and light. Donations of $1 are being accepted for that project.

100 GOOD REAON FOR IN$TALLING GA$ AIR CONDITIONING . . . NOW!

A $100 FACTORY REBATE

Install Gas Air Conditioning now, and you'll not only be cool the first day this spring . . . you'll save a cool $100! Buy before May 1st and you'll receive a $100 rebate direct from the factory . . . plus you can defer monthly payments until May, too. But $100 and deferred payments are not the only reasons for installing Gas Air Conditioning.

Gas Air Conditioning Systems are very energy efficient. They now use less gas energy because the constantly burning gas pilot has been replaced with a new pilotless ignition system. Pilotless ignition saves gas, and saving gas will save you money.

Gas Air Conditioning is also very dependable. It's built to last and last with no loss of cooling capacity. Hand-crafted of sturdy stainless steel components, Gas Air Conditioning has fewer moving parts and no compressor to wear out or break down. That means less wear and lower maintenance costs. And to prove its dependability, Gas Air Conditioning gives you the longest warranty — the 10-year "No Sweat" limited warranty** — **twice as long as all others.**

Gas Air Conditioning. It's **energy efficient.** It's designed to **lower maintenance costs**, to **lower operating costs**. Gas Air Conditioning will **save energy** and that will **save you money.** And when you combine Gas Air Conditioning with adequate conservation measures, like caulking, insulation, storm doors and windows, **you'll save even more.**

But don't wait too long. The $100 rebate ends May 1, 1981. Call now for a free home cooling survey and cost estimate. There's no obligation.

**Manufacturer's limited warranty covers all defects in material and workmanship on the sealed refrigeration unit for ten years from date of installation of the air conditioner when it is installed in a single-family residence. All other parts are warranted for one year from date of installation.

IN HOSPITAL

Mrs. Miles Cox was admitted Monday to Central Plains Regional Hospital in Plainview, suffering from pneumonia.

Notice is hereby given that Swisher Electric Cooperative, Inc. [The Utility] intends to change two of its service rules and regulations including the rates for collection of a bill and reconnection of service. The new rates will be effective April 10, 1981, or or as soon as may be permitted by law. The changes are applicable to all areas to which the utility provides electric utility service. All class of customers are affected by the proposed changes. The proposed changes may effect a small increase in the operating revenues of the utility amounting to less than 1% annually.

Implementation of the proposed changes is subject to approval by the appropriate regulatory authority. A statement of intent including the proposed revisions of tariff and schedules is on file with the public utility commission of Texas. The statement of intent is available for inspection at the general office of the utility located at 401 S.W. 2nd Street, Tulia, Texas 79088.
