Men 25 Get First Draft Call

Truman Accused

Impeachment Action Urged

CAMDEN, S. C., July 27 (U.P.)—Impeachment of President Truman was urged today in letters sent members of the South Carolina congressional delegation by State Sen. R. M. Kennedy.

Kennedy suggested that impeachment be the first action taken at the special session which convened yesterday.

"This is no wild and radical idea," he wrote, "but the result of sober consideration of the circumstances which surround the summoning of this special session by the President.

"At a time when our international situation is precarious as can be imagined, the action of the chief executive in summoning Congress for the avowed purpose of playing petty politics is criminal . . . any man who would deliberately create such a situation would go even further and also deliberately throw us into another war in order to save himself from defeat."

Heavy Armor Is Brought Up In Maneuvers

New Warnings To Western Allies Also Are Given

(By The Associated Press)

BERLIN, July 27 — German press reports today said the Russians are increasing substantially the number of fighter planes, including jets, stationed in their zone of Germany, around Berlin.

These reports appeared as the Americans strengthened their combat plane forces at bases in western Germany. The most recent U S. addition were 16 jet fighters which reached Fuerstenfeldbruck Sunday.

Maneuvers Launched

German reports also said large Soviet summer army maneuvers are taking place in the Russian zone, from the Baltic south to Thuringia. The reports said much armor is involved, including big "Joseph Stalin III" tanks, and strong air support. The tanks were described as 62-ton monsters, perhaps the heavies in the world.

American Air Force officials here said the Russians have posted new warnings of maneuvers by their fighters in the air corridors traversed by British and American transports flying over the Russian land blockade. The Americans said some Russian jets have been seen in these corridors, but that most fighters sighted were the more conventional Yaks.

Reports In Newspapers

The reports of the increasing Russian fighter strength and of the Soviet army maneuvers appeared today in the British-licensed newspaper Telegraf and in British military government's official German language newspaper, Die Welt. Allied authorities had no comment.

The official Soviet newspaper, Taegliche Rundschau, sought today to discredit the British-American blockade-busting air shuttle by a new tactic.

Say Lives Endangered

Seizing upon the weekend crash of a food-laden American C-47 in Berlin, the paper declared the lives of Berliners are being endangered by "careless American flying." It claimed "numerous Germans were injured when the C-47 struck a house.

The Russian censor slipped, however, for all other Russian-controlled papers printed what other German papers have said is the truth — that no Germans living in the street where the crash occurred were hurt, except for one woman who got a slight cut.

Texas Segregation Law Gets New Test

Houston White Man Seeks Entrance Into Negro University; Legal Opinion Asked

(By The Associated Press)

AUSTIN, July 27—Texas laws providing separate schools for white and negro students face a test from a new angle today.

A white man, Jack Coffman of Houston, has applied for entrance into the Texas university for negroes at Houston, according to information received by Attorney General Price Daniel.

Officials of the negro university have asked the attorney general for a legal opinion on the question.

Coffman, according to information furnished the attorney general, demands entrance into the negro university which was established by the 50th legislature. Coffman says he is graduate of Penn college, Oscaloosa, Iowa, and is fully qualified for courses applied for.

Daniel said he and executive assistant Joe R. Greenhill will work on the requested opinion. They tried the Heman Sweatt case, in which the Houston negro postal employee sought admission to the University of Texas law school.

Sweatt's application for entry was denied by university officials but the case is still pending in the courts. The attorney general's office indicated that it is likely the same rule will apply to the white student's application to enter the Texas state university for negroes.

Other Groups To Be Chosen As Registered

Five Million Will Be Processed In First Six Months

(By The Associated Press)

WASHINGTON, July 27—Selective Service Director Lewis B. Hershey announced today that 25-year-old men will be drafted first. Other age groups will be taken in order of their registration, he said.

Hershey made the announcement after an hour conference with members of the Senate and House armed services committees.

Later he told newsmen that approximately 5,000,000 men will be processed in the first six months of the program, beginning with the 25-year-olds and working down through those in the 22-year-age brackets.

System Called Fair

Chairman Gurney (R-SD) of Senate armed services committee said that the system established by the selective servic board for the selection of draftees is fair and in accordance with the act." Chairman Andrews (R-NY) of the House group concurred.

Out of the 5,000,000 men to be processed in age groups 22-25 inclusive, Hershev estimated that only about 70,000 would be actually subject to peacetime service of 21 months. He called attention to the fact that deferments for various reasons would cut down the number of men available.

No Word From Army

The draft director said he has not yet received word from the Army as to when or how many men they will require. He told a news conference last week that the first call probably will not be issued before October 1

Today Hershey said that if the Army should ask for 30,000 men on the first call, selective service probably would have to dip down into 23-year-olds to get that many He said he doubts that more than 8,000 25-year-olds are available for service.

Registration of the 25-year-olds starts August 30. Succeeding age groups will register in September ending with the 18-year-olds on September 18.

Hershey stressed that all men

Excess Profits Tax And Power To Hold Wages In Line As Bar To Another Depression Sought

Six Other Proposed Brakes On Spending Offered; Standby Rationing Also Urged

(By The Associated Press)

WASHINGTON, July 27—President Truman today demanded limited price control and an excess profits tax to help check the rising cost of living and avert "another great depression."

A depression, he said, would scuttle "the world's hope for a lasting peace."

The President coupled a reiterated plea for power to hold wages in line with his price control recommendation. And he personally confronted the politically hostile 80th Congress with six other proposed brakes on spending—among them a return to credit restrictions and standby rationing authority.

"The Communists, both here and abroad, are counting on our present prosperity turning into a depression," the chief executive declared.

"They do not believe that we can—or will—put the brakes on high prices. They are counting on an economic collapse in this country."

That, he said, "would cut the ground from under the free nations of Europe."

Mr. Truman addressed a joint meeting ot the Senate and House on the second day of the special session he called in the heat of a presidential campaign year.

But his language was far more restrained than it was on his western tour, or in his acceptance speech to the Democratic national convention. Then he referred repeatedly to the Republican-controlled 80th Congress as one of the worst in the nation's history.

The President did not spell out the details of his price control program. He left that a question to be answered by an administration bill promised later this week — perhaps tomorrow.

But he did say the controls should be authorized for "scarce commodities which basically affect essential industrial production or the cost of living." That would seem to mean things like steel and meat.

Cheaper Housing Needed

The chief executive hit hardest at the rising cost of living. But he led off by saying that another crying need is for more and cheaper housing.

So he called again for passage of the Taft-Ellender-Wagner bill to meet the "acute" housing shortage.

In addition to selective price-wage controls and a return to the wartime excess profits tax at a rate he did not disclose, the President asked Congress to:

1. Restore consumer credit controls—such as those which specified down payments and the time in which installment purchases had to be paid off.

2. Arm the Federal Reserve Board with more power to regulate "inflationary bank credit."

3. Grant him power to regulate

Progressives Favor March Upon Capital

PHILADELPHIA, July 27 (AP)—The newly organized Young Progressives of American approved a resolution calling for a March on Washington today as a prelude to a "mass pressure" movement on Congress by the Progressive party.

Rep. Leo Isacson (Alp-NY) told the teen-age group, also known as the "Youth for Wallace" yesterday, "we are going to join in a fight against adjournment of the special session of Congress before it has enacted the reforms it professes to support."

No Danger Of War

The New Yorker told young delegates from 44 states and Puerto Rico, "as for myself and those few who represent us, we are going to propose the immediate repeal of the peace-time draft. There is no danger of war except for that danger fostered by the Fascists in our midst."

The youth group adjourned their founding conventon yesterday without adopting a platform because they had been granted the use of convention hall without pay only until 5 p. m. (EST).

After that deadline the hall would have cost them $1,140 an hour, or $12 an hour for each of the 95 maintenance employes.

In the last five minutes of the five-hour session, the Young Progressives dropped their unadopted platform and resolutions into the lap of their national committee.

The unadopted platform echoed the goals of the YPA's parent organization, the Progressive party whose founding convention ended here on Sunday after nominating Henry A. Wallace for the presidency and Senator Glen Taylor of Idaho as his running mate.

The platform's preamble criticized the "two old parties" for:

A bi-partisan coalition for war

A false economy, created by the ever-expanding program of militarization.

The platform also urged repeal of the draft and "opposition to any program of universal military training."

Truman Hits Twin Blow On Civil Rights

WASHINGTON, July 27. (AP)—President Truman took part of the civil rights crusade into his own hands today by ordering an "FEPC" for federal workers and an anti-discrimination drive in the armed forces.

Senator Russell of Georgia, leader of a formally organized bloc of southern senators, cried out a quick Dixie protest.

He called the twin actions an "unconditional surrender" by the President to the Henry A. Wallace Progressive party convention and to the threatened civil disobedience campaign of some negro leaders.

Thus the chief executive and rebellious Dixie Democrats faced each other across even more sharply drawn battlelines.

Cabinet Gets Order

Republican leaders maneuvered for position to join the fight once Mr. Truman lays his promised new demand for anti-lynch, anti-poll tax and other anti-discrimination laws before the reconvened Congress.

The President set the tone for the civil rights portion of his message late yesterday by issuing two unheralded executive orders.

The first directed his cabinet officers to see that there is no discrimination within the federal family because of race, color, religion or national origin. It also created a seven-man fair employment board in the Civil Service Commission.

The second order set up a committee on "equality of treatment and opportunity" in the armed services—this policy to be put into effect as soon as possible "without impairing efficiency or morale."

Politics Charged

The two orders followed shortly the Dixie organization meeting attended by 19 senators from 11 states. They picked Russell—the southern candidate for President at the recent Democratic national convention—to lead them.

So it was Russell who whipped out the Dixie reply to the executive orders.

The Georgian said the one to "set up an FEPC in government is nothing but a political sop because negroes already have 10 per cent of the federal jobs."

Eisenhower Quoted

And as for the "equality of treatment and opportunity" order, Russell said Mr. Truman had ignored a statement by Gen. Dwight D. Eisenhower that "separate units for the races were better for the efficiency of the armed services as well as for both races."

Russell earlier had told a news conference that the southern Dem-

Text Of Allied Reply To Reds Now Complete

LONDON, July 27 (U.P.) — The United States, Great Britain and France today completed the text of their reply to Russia on Berlin and reached an agreement on long range strategy for dealing with Soviet political aggression.

The three-power conference on the Berlin crisis was finished this morning. The special American envoys prepared to depart, the first of them late today.

Require Final Approval

The agreements reached here still required the final formal approval of the respective governments. But that was expected to be a mere formality unless the new French government failed to fall in line.

The official version of the western reply to Russia's refusal to lift the Berlin blockade — probably a verbal protest to Soviet Foreign Minister V. M. Molotov—will not be known for several days. And it may be several months before the full range of the long-term strategy toward Russia unfolds.

High diplomatic conferees here were understood to have reached an at least tentative agreement on what steps they will take whether Russia says yes or no to the next western move.

States' Rights Demos To Gather In Texas

COLUMBIA, S.C., July 27 (AP)—Gov. J. Strom Thurmand said today he would officially accept the states' rights presidential nomination at Houston, August 11.

The occasion, he added, will be a Texas rally of States' Rights Democrats.

Thurmond also told a news conference that President Truman and Gov. Thomas E. Dewey of New York are losing ground.

He explained that he had received offers of support from Dutchess county, New York, Dewey's home, and from Kansas City, Mo., the President's home county.

Three Youths Are Arrested

Three Michigan youths—two are 18 and one 19—were transferred by arresting police to the sheriff's department this morning for investigation Wednesday of federal officials.

They are informally accused of Dyer act violation, police said.

Police arrested them early today on suspicion when they found the suspects sleeping in an out-of-state automobile. Investigators said they also will be questioned in connection with a Mt. Clemens, Mich., burglary and several thefts between Michigan and Lubbock.

Money Is Taken

Police said an undetermined amount of money had been taken from candy and coke dispensers, by someone who pried sheet iron off Clary Poultry and Egg Co., at 2424 Ave. G. and entered.

Police also arrested a 22-year-old negro for investigation into a June 21 burglary of another negro's house.

Three boys, one a juvenile, were arrested late Monday night by police for investigation into misdemeanor theft. A rim, a hub cap and parts of an automobile horn were found in the car they were driving, officials said.

AREA-WIDE MEET SET THURSDAY

Crop Insurance To Be Discussed Here

Several high officials of the federal Crop Insurance Corporation, including Gus Geissler, manager, and two others from the Washington office, are to be here Thursday for an area-wide meeting at Hotel Lubbock when the 1949 wheat and cotton insurance program will be discussed.

County Triple A committees and administrative officers from eleven West Texas and at least three New Mexico counties, are to attend, along with anyone else in the area interested in the government Crop Insurance program, it was anounced by Walter Y. Wells, county administrator here.

In addition to Geissler, others from the Washington office of the FCIC expected to be here are Earll Nikkels, sales director and Joe McWilliams, chief auditor.

Others Will Attend

Others to attend include, O. B. Briggs of College Station, director for Texas and New Mexico; Nelson V. Little and Geo. Eisenhauer, district supervisors; John Gamble, PMA (Production and Marketing Administration) field man; and personnel of the state PMA committee, including Howard Kingsbery, W. L. David, J. R. Adams, V. L. Cade, and B. F. Vance.

The corporation is seeking solution of the crop production insurance problem, and it was anticipated that the new experimental wheat crop insurance plan for the 1949 crop will be discussed, along with plans for producer protection on the 1949 cotton crop.

The experimental wheat insurance program was explained here yesterday by District Supervisor Little, who said that nine West Texas counties are among the 13 counties in Texas to be used in the "guinea pig" insurance plan. A total of 200 counties in the nation are involved in the experiment.

Counties Are Listed

West Texas counties in the program are Deaf Smith, Castro, Swisher, Hale, Floyd, Knox, Jones, Taylor and Runnels. New Mexico counties where the insurance is available are Quay and Curry.

Bandit Is Sought In $3,000 Bank Robbery

SHREVEPORT, La., July 27 (AP) — A swampy area north of here was searched last night for bandit who robbed the cotton Valley, La., bank and escaped with about $3,000.

The man escaped in a taxi which he had stolen earlier in Minden. Shortly after the robbery, the machine was found between Cotton Valley and Plain Dealing.

The bank is a branch of the Peoples Bank and Trust company of Minden.

Hot Weather To Continue

(By The Associated Press)

Sweltering Texans got no good news from the weather bureau today.

A warm air mass has shoved out from Mississippi all the way to California—embracing all of Texas on the way.

Any points which escaped 100-degree readings yesterday had temperatures in the high 90's, and the outlook for today and tomorrow was the same.

Few Scattered Showers

The only relief was a few scattered thundershowers, which are expected to continue through tomorrow. For the 24 hours ending at 6:30 a. m. today, precipitation included Texarkana .60 of an inch, Wink .24, Salt Flats .07, Fort Worth .04 and Dallas .03.

Yesterday's high reading was 106 at Presidio, followed by 105 at Laredo and Wink, 104 at Crystal City, 102 at San Antonio, 101 at Dallas and Fort Worth, and 100 at several points, including Waco.

150 Die On Texas Roads During June

AUSTIN, July 27. (U.P.)—During the month of June, 150 persons died on Texas' roads and highways and another 1,658 were injured, the State Department of Public Safety reported today.

In all, there were 3,503 traffic accidents.

The death toll was slightly under June of 1947 when 152 persons were killed. However, the injured figure jumped from 1,263 and the total number of accidents from 2,459.

So far this year, the department reported, 888 persons have died in traffic accidents in Texas.

Maybe Draft Will Help Housing Too

ERIE, Pa., July 27. (AP)—Master Sgt. Vincent Petroski, father of three children, needed a house.

The sergeant, who is recruiting for the army, started to "sell" Earl Easton, 23, on the army. Easton mentioned he had a five-room house. Petroski really poured on the steam.

Now Easton is in the army, And Piroski has his house.

Sheppard Field Will Be Open In August

SAN ANTONIO, July 27. (AP)—Sheppard field wartime basic training center near Wichita Falls, is expected to be reactivated at the end of August, Maj. Gen. Robert W. Douglass, Jr., commander of the indoctrination divisions, Air Training Command, at Lackland Air Base here, announced today.

The initial strength of the Sheppard base is expected to include 4,000 permanent party personnel, 600 civilians, and 8,000 basic trainees.

Within a few months the field's strength is expected to incude 5,700 permanent party personnel, 650 civilians and 18,000 trainees.

Col. Samuel C. Gurney, of Lackland Air Force Base, has been named temporary commanding officer of the installation, it was anounced.

Joe Tinker, Famous Cub Shortstop, Dies

ORLANDO, Fla., July 27 (AP)—Joe Tinker of the double-play Tinker-to-Evers-to-Chance baseball fame, died in a hospital today of respiratory trouble.

Today was the 68th birthday of the famous old Chicago Cub shortstop. Physicians only a few hours before had remarked how well he was. He died at 10:15 a. m. CST.

He was in a hospital here for a checkup on his diet and for treatment of a respiratory ailment.

At Least 56 New Faces To Be Found In Texas Legislature

AUSTIN, July 27 (AP) — At least 56 new faces will be in the makeup of the 51st Texas legislature when it convenes next January, reports from last Saturday's first Democratic primary reaching the Texas legislative service disclosed today.

Two new state senators were nominated and six incumbents renominated. There were run-offs in six other races and in three of them no incumbent senators were involved.

In the House of Representatives, 87 members were re-nominated, as were 37 new legislators. Runoffs on Aug. 28 were yet to decide the outcome of 25 races, 12 of which involve present members.

The race for the speakership of the House to convene next January was not disturbed as the three main contestants—Reps. Durwood Manford of Smiley Joe Kilgore of McAllen and Doyle Willis of Fort Worth—all won renomination.

New Senate Faces

The two new faces in the state Senate as determined in Saturday's primary are Ottis E. Lock, Lufkin, now a member of the House, and W. A. (Son) Shofner of Temple.

One surprise marked state senate races in the victory of Pat Bullock of Colorado City by a sizeable majority over Rep. Harley Sadler, who was expected to wage a strong race.

The Texas legislative service listed one Senate race as undecided, with a run-off indicated. One, in district 29, involves Henry A. Coffield, Marfa; Maurice T. Bobbitt, El Paso; and Hill D. Hudson, Pecos.

In district 30, a runoff was expected between State Sen. Sterling J. Parrish of Lubbock and Kilmer B. Corbin of Lamesa.

Senators Renominated

State senators renominated for new four-year terms were:

District 1, Howard A. Carney, Atlanta; 8, A. M. Aiken, jr., Paris; 18, John J. Bell, Cuero; 24, Pat Bullock, Colorado City; 26, Walter Tynan, San Antonio; and 31, Grady Hazlewood, Amarillo.

The Texas legislative service showed these runoff races:

District 5, State Sen. Roger A. Knight, Madisonville, and Mrs. Neville Colson, Navasota, now a state representative; 7, Warren McDonald of Tyler and Tom P. Cooper, Lindale; 12, Crawford C. Martin of Hillsboro and Jesse Cariker, Waxahachie; 13, Sen. Kyle Vick, Waco, and Rep. Sam C Sellers, Waco; Sen. J. Alton York, Bryan, and Rep. William T. Moore, Bryan.

In the House, these new members will be present next year as a result of Saturday's primary election:

District 1, Jim T. Lindsey, Boston; 5, Walter Caven, Marshall; 14, Bill Daniel, Liberty; 18, Dudley W. Peterson, Galveston; 20, James B. Pattison, Pattison; 21, Franklin Perry, Angleton; 22, Lloyd G. Rust, jr., Wharton; 23, Fred Niemann, Yoakum; 27F, G. P. Pearson, jr., Navasota; 30, C. W. Woods, Crockett; 33F, Tom Whiteside, Tyler; 34, C. P. McKnight, jr., Quitman.

District 38f, L. P. Caston, Leonard; 39, Claude H. McCorkle, Sulphur Springs; 40, Byron R. Tinsley, Greenville; 42f, William A. Swindell, Commerce; 44, Place 2, Joe D. Carter, Sherman; 54, Jack Y. Hardee, Chandler; 55, John B. McDonald, Neches; 56, Jack C. Bryan, Buffalo; 72, Menton J. Murray, Harlingen; 77, Dolph Briscoe, Jr., Uvalde; 86 Callan Graham, Junction.

District 87, Tom H. Stovall, Alpine; 90f, Louis Louis J. Ivey, El Paso; 101, Place 4, H. A. (Salty) Hull, Fort Worth; 102f, Joe Shannon, Fort Worth; 103, Floyd Bradshaw, Weatherford; 104, J. R. Eanes, Comanche; 107f, Billie M. Jobe, Putnam; 111, Place 1, Deno A. Tufares, Wichita Falls; 113, Clyde Whiteside, Seymour; 114, John E. Morrison, Chillicothe; 117, Hiram Childress, Sweetwater; 121, A. J. Rogers, Childress; 122, Grainger W. McIlhany, Wheeler; and 125, W. R. Chambers, May.

One race for the House was undecided, the Texas legislative service said, as many votes were yet uncounted. The race was between A. J. Vale of Rio Grande City and John M. Stafford of Kingsville in district 74.

Runoffs Necessary

Runoffs will be necessary in these 25 races, the legislative service reported:

District 2, Russell N. Cash, Bivins, and Floyd D. D. Young, Linden; 9, James L. Norton, jr., Nacogdoches and N. C Garrison, Garrison; 10, Morris Samford, Tenaha, and Milton Wilkinson, Patroon; 12, Eddie McFarland, Lufkin and Raymond Tatum, Huntington; 19, Place 1, F. F. Wood, Houston and Bob Casey, Houston.

Arkansas Will Ballot Today

LITTLE ROCK, July 27. (AP)—Few more than half of Arkansas' 450,000 eligible voters were expected to cast ballots in today's Democratic preferential primary, despite a heated race for governor and the fact that three congresional seats and various other major state ofices were involved.

Offices on the ballot today were those sought by three or more candidates. Any candidate receiving a majority will be the Democratic nominee, which is equivalent to being elected in one-party Arkansas.

In races where no candidate receives a majority, the two high men will go into a runoff in the regular primary Aug. 10.

Four Try For Governor

Principal interest was in the gubernatorial scrap. Four candidates figured prominently in preelection speculation in this race:

Sid McMath of Hot Springs, who led a group of former servicemen to victory over the Garland county political forces of former Hot Springs Mayor Leo P. McLaughlin two years ago; Jack Holt of Little Rock, former state attorney general; Horace E. Thompson of Little Rock, former federal tax collector; and James MacKrell, radio showman and an ordained Baptist minister.

Also seeking the governor's office are Charles A. Fleming of Forest City, self-styled "poor man's friend"; John Lonsdale, Jr., of Lonsdale, and W. T. Jennings of Texarkana.

Candidates Listed

In the First congressional district, Rep. E. . Gathings was opposed by T. E. Haley and James E. McDaniel.

Rep. Oren Harris also had two opponents in the Seventh district —Vernon Whitten and Henry B. Whitley.

A new congressman is assured in the Fourth district, where Rep. Fadjo Cravens is not seeking reelection. Aspirants are Lee Whittaker, George F. Edwards, John E. Harris, Boyd Tackett, Russell Turnipseed and Ray Blair.

Says Man Has Strange Powers That Work While He Sleeps

A strange man in Los Angeles, known as "The Voice of Two Worlds," reveals the story of a remarkable system that often leads to improvement in power of mind, achievement of brilliant business and professional success and new happiness. Many report improvement in health. Others tell of increased bodily strength, magnetic personality, courage and poise.

The man, a well-known explorer and geographer, tells how he found these strange methods in far-off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. He discloses how he learned rare wisdom and long hidden practices, closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. He maintains that these immense powers are latent in all of us, and that methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

He maintains that man, instead of being limited by a one-man power-mind, has within him the mind-power of a thousand men or more as well as the energy-power of the universe which can be used in his daily affairs. He states that this sleeping giant of mind-power, when awakened, can make man capable of surprising accomplishments, from the prolonging of youth to success in many fields. Strangely, he says that this power works best while we sleep, when proper methods are used.

The author states the time has come for this long-hidden system to be disclosed to the Western world, and offers to send his amazing 9000-word treatise which reveals many startling results—to readers of this paper, free of cost or obligation. For your free copy, address the Institute of Mentalphysics, 213 South Hobart Blvd. Dept. 513-G, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free treatises have been printed. Adv.

Peacetime Experiment In UMT Will Be Halted Temporarily

FORT KNOX, Ky., July 27 (AP) This nation's first peacetime experience in universal military training is being discontinued temporarily by the Army.

Officers reported today, however, that many of the "new and different" training methods developed at the UMT experimental unit here will be spread through the expanding Army as it is built with new draftees.

The UMT unit is being discontinued, the Army said, because its facilities and personnel are needed for training inductees under the new draft law. It added that the unit would resume operation about Nov. 1.

Training Began Last Year

The unit started training its first group of teen-agers, enlistees in the regular Army who volunteered for the experiment, in January, 1947. Since then, three training cycles of six months each have been held. About 650 men were trained in each period.

The announcement came as Gen. Omar Bradley, Army Chief of Staff, and a group of officers arrived here for a three-day conference on training teen-age draftees. The group of about 50 officers included 15 generals, among them Lt. Gen. Jacob L. Devers, Chief of the Army's ground forces; Maj. Gen. Harold Bull, Chief of Army chaplains, and Maj Gen. Bryant Moore, Chief Public Information officer.

Halt Is Temporary

Making the announcement, Lt. Gen. Leonard T. Gerow, Second army commander, said the UMT unit's operations would be halted only temporarily. He declared that "UMT is definitely necessary as a basic, long-range step toward national security."

Two thousand enlisted men have arrived here for three-year army "hitches" to begin basic training, UMT style, and about 1,000 more are due soon.

Steps are underway to adapt the unit's training methods for regular army outfits. Many of its procedures have been put into use in the Third armored training division here, which will be studied by the conferees.

Post officials disclosed at least six UMT developments would become army-wide:

Developments Listed

1. The religious program.
2. The trainee court, in which the men themselves judge and mete out punishment for minor infractions of regulations. A demerit system for infractions is included.
3. Prohibition of profanity during training periods.
4. Compulsory citizenship and morality lectures by chaplains and others.
5. Leadership-trainee program with its special student-instructor relationship aimed at eliminating browbeating.
6. A special citizens' advisory committee to cooperate with army officials on problems of soldiers visiting nearby towns.

WEEK-END HAZARDOUS

MADISON, Wis. (U.P.) — Your chances of getting killed in an auto accident are greatest on a week-end. The Wisconsin motor vehicle department says Sunday is the worst day for accidents. Its figures show that 50 per cent of the state's fatal traffic accidents last year occurred on Friday, Saturday and Sunday.

GOT QUICK RHEUMATIC RELIEF WITH MERTOX

"For the past 15 years I have been bothered with frequent rheumatic pains in my left shoulder. This trouble later spread to my right shoulder also," writes Mr. J. C. Kirkland of Dallas. In my work I have to use my arms a lot, and my shoulders were beginning to stiffen up. After taking Mertox Compound for a short time this condition was quickly corrected, so that now I am free from rheumatic trouble and free of the aches and pains. I was also troubled with gas and bloat, which were very painful. I felt tired and rundown; just seemed to have no life or pep at all. Had severe headaches, too. The gas would seem to press against my heart and lungs and make it hard to breathe. Now I can eat anything, even meat, which was impossible before taking this splendid medicine. My bowels are now regular and I do not have to get up at night as I did before."

You can get Mertox Compound from any Texas druggist at the new REDUCED price

Jackie Lewis Is To Marry

Announcement of the engagement and approaching marriage of Miss Jackie Lewis, daughter of Rev. and Mrs. J. M. Lewis, 1310 Ave. N, to Bob Click of Henderson was made during a social hour which followed a regular 3:30 p.m. meeting of the First Presbyterian Women of the Church held Monday in Fellowship hall.

Miss Lewis attended the meeting at which Rev. William F. Rogan spoke on "Keeping a Proper Balance in the Home". Miss Martha Bucy, also a guest for the afternoon, sang "I Love You Truly".

The formal wedding of the pastors daughter will take place on August 27, at 8 p.m. in the First Presbyterian church. The couple wishes to announce that no formal wedding invitations will be sent out, but that all of their college, town and church friends are invited to attend both the wedding and the reception to follow.

Both the bride-elect and the bridegroom-to-be graduated from Texas Tech in June, and after a wedding trip they will continue work there on their M. A. degrees. Miss Lewis is a history major, and Mr. Click is a chemical engineer. Both plan to teach courses at the college next Fall.

At Tech Miss Lewis has been secretary of her freshman class, secretary of the Presbyterian Students of Texas in 1947, treasurer of Forum, president of the Association of Women students and senior class favorite, and a member of Freshman Honor society, Junior council, Who's Who In American Colleges and Universities, Ko Sharj and Alpha Chi.

Mr. Click was president of his junior class, vice-president of his senior class and a member of Alpha Phi Omega, Socii, American Chemical society, Who's Who In American Colleges and Universities and Saddle Tramps.

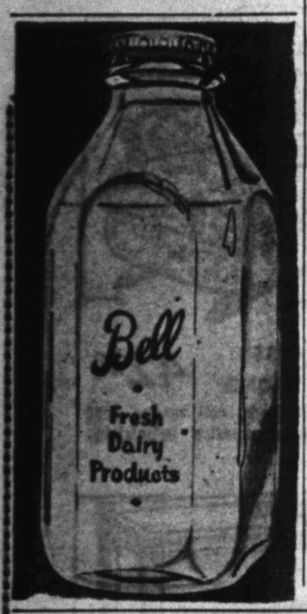

Strawberries, apricots, apples, rasberries, peaches and cherries, are all members of the rose family according to the World Book Encyclopedia.

Bible And Missions Studied By Church Women's Groups

Hundreds of women attended meetings of church societies Monday afternoon.

"Needs of Rural Churches in the South" was the subject of the Royal Service program given by the First Baptist WMS at their meeting Monday afternoon at the church.

Mrs. W. M. Peticolas taught the lesson, and Miss June Chapman, an intermediate GA, brought a flannel graph devotional on "The Two Ways". "How Long Do We Have To Wait" was sung in duet by Mesdames H. E. Bowden and Roy Bass, accompanied at the piano by Mrs. J. Ralph Grant. Mrs. George McCleskey was program chairman.

Mrs. A. E. Cook presided at the business meeting which preceded the Royal Service program. Attending were 35 persons.

MRS. C. D. CAMPBELL GIVES DEVOTIONAL

A devotional from Ruth was given by Mrs. C. D. Campbell, when Pioneer Memorial Methodist WSCS met at the church Monday at 2 p.m. A business meeting followed the program, and reports were given by officers of the group.

CALVARY BAPTIST WMS HAS ALL-DAY SESSION

Calvary Baptist WMS had an all-day meeting at the church Monday beginning at 10 a.m. with 15 members present. At noon a covered dish luncheon was served.

Mrs. James Williams was in charge of a book review of "Book On Prayer." Reviewers and divisions of the book which they discussed were: Mrs. Walter Wells, "What Prayer Is"; Miss Mae Horn, "Difficulties in Prayer"; Mrs. Earl Allen, "Prayer at Work"; Mrs. James Williams, "Problems of Prayer"; and Mrs. Bill Diggs, "School of Prayer". Mrs. Selena Martin led a prayer.

"Jesus Calls Us" was sung by the group, and Mrs. Earl Allen, president of the society, conducted a short business meeting. The gathering was dismissed with a prayer by Mrs. T. J. Dunlap.

MRS. AMERAL PAYNE DIRECTS PROGRAM

"Faith Triumphant", (Episode in the life of Paul), a film, was shown at the Monday afternoon meeting of First Methodist WSCS which was held in the church parlor with Mrs. Ameral Payne directing the program.

A hymn was sung and The Lord's Prayer and Psalm 23 were said in unison by the group. The program was followed by a business session.

MRS. C. A. BICKLEY IS HOSTESS MONDAY

Mrs. C. A. Bickley was hostess to Asbury Methodist WSCS Monday at 3 p.m. in the church parsonage, 1917 Twentieth, with 30 persons attending.

"Let Your Light So Shine" was the discussion topic of Mrs. N. S. McBride, who also read Matthew 5:16. Mrs. N. M. Lowrey presided at a business meeting at which it was decided that the group would have a booth at the South Plains fair.

Mrs. J. O. Haymes, wife of the district superintendent, was a guest.

CHINESE STUDENT IS GUEST SPEAKER

College Avenue Baptist WMS met Monday at 3 p. m. at the church with Mrs. R. J. Ledbetter presiding for the opening of a mission study meeting.

Mrs. Loyd Ricketts, mission study chairman, introduced the guest speaker, Miss Lucy Zia, a Chinese student from Wayland college, who spoke on Baptist mission work in Eastern China and her plans to return to that country as a missionary. Miss Billie Nunley, also a student at Wayland college, sang "The Name of Jesus" as a special musical number.

Visitors were present from the Southside Baptist and Arnett-Benson Baptist churches, and 20 members of the College Avenue Baptist group attended.

A social hour followed the program.

NAZARENE WMS HAS OFFICER ELECTION

Nazarene WMS met at the church Monday at 2:30 p. m. for election of new officers for 1948-9. Mrs. T. P. Gibson, who has served as president of the organization for the past three years, did not accept the office again. New officers elected were:

Mesdames A. L. Lang, president; Sylvan S. Newsom, first vice-president; Irene Knight, second vice-president; Laura Cook, treasurer; T. P. Gibson, secretary: A. W. McEachern, superintendent of study; and L. L. Rowell, publicity chairman. Mesdames Cook and J. B. Stephenson were elected as delegates to the Women's Missionary convention of the Nazarene church to be held in Plainview on August 17. Alternate delegates selected were Mesdames Rowell and McEachern.

The meeting closed with a prayer.

BIBLE QUIZ STAGED BY BAPTIST WOMEN

Central Baptist WMS met Monday afternoon at 4 o'clock at the church for a business meeting and Bible quiz. Attending were 21 members.

MISS PEGGY WEISS TEACHES LESSON

Women of the Westminster Presbyterian church met with Mrs. W. L. Hester, 1918 Twenty-eighth.

Miss Peggy Weiss taught the lesson and refreshments were served to 23 members and two guests.

'THESE MEN KNEW GOD' IS CIRCLE LESSON

Mrs. W. A. Marquis, jr., taught a lesson from the book "These Men Knew God" at a meeting of the First Christian church WSCS Circle Number 1, held Monday morning at 9:30 o'clock in the home of Mrs. William C Howe, 2827 Twenty-third. Attending were 25 members.

A devotional was presented by Mrs. Homer L. Pharr, and Mrs D. E. Ing, accompanied by Mrs. Don Mitchell, sang "Go Down Moses."

Increase In Pipe Line Cost Okayed

WASHINGTON, July 27 (U.P.) — The Tennessee Gas Transmission Co. of Houston, Tex., today was authorized by the Federal Power commission to increase the cost of expanding its pipe line system in order to begin construction immediately.

In another ruling, the commission set Aug. 23 for the start of hearings on construction applications of the El Paso, Tex., Natural Gas Co., the Southern California Gas Co. and the Southern Counties Gas Co. of California.

Larger Pipe Substituted

The Tennessee company may spend an additional $3,935,000 for 30 and 31-inch diameter pipe line as a substitute for 26-inch pipe that now is unavaliable, the commission ruled.

El Paso proposes to increase its pipe line capacity by 180,000,000 cubic feet of gas a day from the Texas Panhandle to Blythe, Cal. of this, 100,000,000 cubic feet is to be sold to the other two companies who proposed to expand their pipe line capacity from Blythe to the Los Angeles area.

El Paso's additional 80,000,000 cubic feet would go to Arizona, New Mexico and Texas.

Contacts And Job Placements Decline

Total number of contacts and job placements at the Lubbock office of the Texas Employment Commission showed what was described as a seasonal decline this month, but contacts at the office averaged 113 daily during the month, according to the monthly report issued yesterday by James E. Marshall, manager.

Contacts during the month numbered 2,930, compared with 3,391 in June, and July job placements totaled 3,290, which included 2,640 seasonal hoe hands who went to cotton fields in the area.

A total of 3,570 referrals to jobs were made during the month, the report shows, while total job openings recorded during July numbered 3,502.

New applicants for jobs also showed a decline, dropping from 743 in June to 555 in July. The decrease was attributed by Marshall to a smaller number of students seeking summer employment.

At end of the July period the agency's records showed 868 active applicants for work on file, and job openings numbered 119.

Value Of Recreation Shown At Lions Meet

Recreation and its value to a community, depicted in word and film, highlighted the luncheon session of the Lions club today at the Hilton Hotel.

Preceeded by brief remarks by A. C. (Stumpy) Hamilton, director of the city recreation department, the color film "Playtown U. S. A." was shown. The program was arranged and directed by J. Wm. Davis.

Two telegrams from members attending the convention of Lions International at New York City were head by Dr. Sam Hitch, vice president who was in the chair in absence of President Wayne Henly at the convention. One telegram was from Henly and the other from "the bunch on the bus."

Invocation was by Rev. Travis A. White.

Showers, Wind Are Predicted

The temperature had climbed to 83 degrees by 9:30 o'clock this morning, which with 56 per cent humidiaty caused heat to seem more pronounced than the temperature indicated.

The reading was two degrees higher than at the same time Monday, but humidity was two per cent lower.

Humidity was much higher than normally on the Plains, the U. S. Weather bureau reported. Ordinarily the humidity hangs around 20 to 30 per cent.

The forecast called for partly cloudy skies and a few scattered thundershowers accompanied by gusty winds during the afternoon and evening.

Thunderstorm activity was reported west, southwest and south of Lubbock Monday afternoon and night, but there were no reports of rain.

A Latin-American farm worker was killed by a bolt of lightning late Monday afternoon while he was working in a field near Lamesa. Electrical disturbances also were reported in the Brownfield and Seagraves area, and Levelland and Morton were on the edge of the thunderstorm "belt."

Overton Methodist Revival To Start

Overton Methodist church in the Suburban Homes addition will begin its summer revival Wednesday night, with Rev. Wilbur F. Gaede, who was appointed pastor at the Northwest Texas conference meeting in May, preaching.

The revival will continue through Aug. 8.

The board of stewards, meeting with the pastor to plan the revival shortly after his arrival, asked him to preach during the revival. Preliminary services have been held by the pastor and laiety in the last few days.

Services will be held at 8 p. m., daily this week, beginning Wednesday, and next week two services will be held daily, at 10 a. m. and 8 p. m. E. L. Campbell will direct singing.

Airline Fliers Claim Craft Two Decker

Mystery Rocket Ship Not An Illusion, Pilots Maintain

(By The United Press)

HOUSTON, July 27—That strange, jet-propelled rocket ship sighted by two Eastern Air Lines pilots near Montgomery, Ala., last Saturday morning was definitely not an illusion, they declared here today.

Captain C. S. Chiles, questioned carefully, gave as many details as his 10-second glance at the "monstrosity" would permit. His co-captain, John Whitted, stuck right with Chiles.

They both claimed they had seen a new space ship during their flight from Houston to Atlanta, not very unlike some Buck Rogers creation, and very possibly from "another planet." It was also plausible, the airmen said, that the craft was atomic-powered.

"It was about 2:45 in the morning when it happened," Captain Chiles said. "We were flying at about 5,000 feet and were watching faint flashes of lightning ahead of us."

Their eyes were focused on the point from which the lightning came when the big "rocket-like" ship came into view to the right and slightly above the EAL plane.

Chiles said it grew larger and larger and finally pulled up alongside. "It appeared to be about 100 feet long, with a fuselage, probably three times as large as that of a B-29."

The ship had two rows of windows, and Chiles and Whitted both believed it was a two-decker.

"The lights from inside were a ghastly white, like the glow of a gas light—the whitest we'd ever seen," Chiles said.

The white glare and a cherry-red flame belched from the rear of the craft convinced the pilots it was a rlocket ship. Both men agreed it "was like nothing we'd ever seen before. It was too close to us and too clear in detail to be anything but a man-made ship."

Although Chiles and Whitted considered the possibility that it was a ship from another planet, they prefer to believe it is a new United States weapon — a military secret.

Socialist Labor Ticket Fourth Political Party In Campaign

PITTSBURGH, July 27. (AP)—With all the fuss over the Republicans, Democrats, Dixiecrats and Wallace third party, Edward A. Teichart is just about the forgotten man of politics.

Teichart is running for president, too—on the Socialist labor ticket.

That is, it's the Socialist labor ticket everywhere except in the presidential candidate's home state of Pennsylvania. Here it will appear on the ballot as the Industrial Government party because the better known Socialist party of Norman Thomas got the ballot first.

Collective Ownership Favored

Teichart, who, when he isn't running for president, works as an assistant foreman in a Greensburg, Pa., electric equipment plant, claims his party dates back to 1876.

The 44-year-old candidate also ran for president in 1944 and collected a total of 49,000 votes while appearing on the ballots in 16 states. This time, he hopes his party will appear on the ballots of 28 states.

The Socialist labor party advocates the elimination of capitalism, collective ownership of all industry and distribution systems, employe election of management, and a national congress composed of industrial representatives rather than political delegates.

Wallace Party Attacked

Teichart says his party follows the Marxian line but differs from Communism in the Soviet Union which he describes as "really a reactionary state run by a political bureaucracy."

The Socialist laborites, he explained, "adhere to the true sense of Marxism with the workers not the bureaucrats, running things."

In a radio broadcast last night, candidate Teichart took a few swings at Henry Wallace, declaring the Progressive party nominee was raising "false hopes" among the nation's workers.

He said the Progressives still "belong bracketed with the Republicans and Democrats as a party of capitalism."

Teichart's running mate is Stephen Emery, a New York subway dispatcher who is campaigning with him for vice president.

At the moment Teichart is on a five month's leave from his job at the Railway Industrial Engineering Co., to enable him to conduct his campaign.

By the time of the Declaration of Independence, the American colonies already had 10 colleges, according to the Encyclopedia Britannica.

NO GRASS GROWS UNDER HIS FEET—Little Danny Lee Stratton, 2, is one of those boys who likes to help grandpa mow the lawn, but often gets too close to the sharp blades. So Joe Vickers Sr., of Ponca City, Okla., built a little seat for Danny atop the lawn mower. Now Danny really helps, but runs no risk of getting mowed himself.

Notice Of Congress Session To Be Asked

WASHINGTON, July 27. (AP)—Rep. Jack Z. Anderson (R-Calif) wants the special session to pass a law requiring special notice to congressmen when Congress is called into special session.

Anderson told a reporter he will put in the bill himself.

He wants to make the President responsible for getting official word to each of the 435 House members and 96 senators when the White House calls a special session of Congress, and congressional leaders responsible when they call one.

All the President has to do now is issue a proclamation, and the only place it has to be published officially is in the federal register, a dreary document of fancy words and fine print.

One hundred twenty one House members and 31 senators failed to answer the opening roll calls yesterday. But no one—not even Anderson—suggested the absentees didn't know about the session.

Amateur Thieves Outdo Professionals

Many Ordinary Citizens Are Not Honest, Professor Says

By MICHAEL O'NEILL, JR.
United Press Staff Writer

CHICAGO, July 27. (U.P.)—Many "ordinary citizens" are so dishonest they make professional criminals look like amateurs, a sociologist said today.

"This is one of the painful facts of our time," said Prof. Joseph Lohman.

Deep down everybody has a touch of larceny in him, Lohman said. It shows among even the most "respectable" people, he said.

Lohman, who teaches at the University of Chicago, cited surveys to show that amateur lawbreakers carry off more loot every year than all the nation's professionals.

Department Stores Report

Department stores report that their customers and clerks are so dishonest they have to make price adjustments to allow for the thousands of dollars they lose annually.

It is common knowledge, Lohman said, that housewives sometimes turn to slipping quarter pounds of butter into their purses to avoid paying high prices.

Many people no longer are surprised if they are cheated in a business deal, he said. They have come to expect it and often blame themselves for "being a sucker" rather than accuse the chiseler.

Americans look on professional criminals as a special class as responsible for all the crime in the country, Lohman said. They don't believe that some of the things they do would merit prosecution if they were caught.

"As a matter of fact," he said, "some of the biggest racketeers in the country have taken their cues from John Q. Public. For instance, they never went into gasoline coupon racket during the war until ordinary citizens had been cheating on their rations for some time."

He said you can't tell a dishonest person by the way he looks, but that usually there are more dishonest persons in cities than in the country. The reason is that people still hesitate to cheat their friends and rural residents have to deal mostly with friends.

"You still can trust most people most of the time," he said. "But don't push it too far. You might lose your shirt."

WATCH CALORIES

CHAMPAIGN, Ill., (U.P.) — The cause of being overweight is always too many calories, according to Miss Harriet Barto, associate professor of diatetics at the University of Illinois. She said it is now believed that people grow stouter with increasing age because they have more leisure time and eat extra, richer food.

The red-shafted woodpecker, or flicker, is considered a game bird in some sections of the United States.

Band Leader Wins First Court Round For Custody Of Two Sons

OKLAHOMA CITY, July 27 (AP) —Hollywood band leader Don Kaye had his two young sons and his personal liberty today — at least for the time being.

He won them here in a bitter court battle yesterday against his own mother, who charged him with criminal child theft under Indiana law.

Kaye and his second wife dodged an Indiana trial when District Judge Albert C. Hunt granted them a writ of habeas corpus and refused to honor Indiana's extradition request. Kaye was arrested in Tulsa last month.

Willing To Drop Charge

Judge Hunt said the charge — carrying two to 14 years in prison on conviction — was not made in good faith.

His reason was that Kaye's mother, Mrs. Irvin J. Metzgar, 60, Angola, Ind., testified here she was willing to drop the criminal case if she could have the children back.

The youngsters are Freddie, 10, and Phillip, 5, born to Kaye and his first wife, who died five years ago.

Mrs. Metzgar, a mail clerk's widow, has had the children since then.

Kaye recently married the daughter of George E. Berger, a Tulsa oil man, and went to visit his mother.

A family fight developed, Kaye said in court, and his mother served an eviction notice on him. He went to court to gain custody of his boys, but they were awarded to his mother.

Father Admits Acts

"The next day he broke down my door, cut my telephone wires, and took the boys away," Mrs. Metzgar told Judge Hunt, quivering with anger.

"Little Phillip was hiding behind the door and when his father took them out of the house he was crying, 'no, daddy, no'."

Kaye made no bones about it in court.

"They are my sons and I made up my mind I was going to have them," he said.

When the hearing ended, Mrs. Metzgar walked over to her daughter-in-law. Mrs. Kaye jumped away and snapped, "I don't even want to talk to you."

"No, and I don't either," Kaye said.

A moment later in the corridor, Kaye told his mother flatly he didn't want her to see the boys.

"Well, they want to see me," she said with tears in her eyes and her voice breaking. "I know they do."

Kaye, who plans to return to his band at the Mocombo night club in Los Angeles in a few days, said he will appeal the Indiana custody case.

Labor Camp Plans Discussed At Meet

Pursuant to making final plans for establishment of an itinerant Mexican labor camp here, two committees were appointed in a meeting Monday afternoon at the chamber of commerce offices to confer with city and county commissioners regarding location of such a camp in Lubbock.

Hop Halsey was named chairman of a committee to confer with county commissioners and Preston Smith, chairman of a group to confer with city commissioners. O. A. Terry and L. L. Garrett are members of Halsey's group and Raymond Burford and C. W. Ratliff of Smith's committee.

Tentative plans for the camp call for construction of a concrete block structure at some advantageous location to provide temporary 48-hour shelter for approximately 175 Mexican laborers so that they may be contacted by farmers for cotton and other crop harvesting work.

W. C. Wood was chairman of Monday's meeting.

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS

and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite Underweight, Dizzy Spells.

Drugless Health

REGARDLESS of how long you have been a sufferer, and how many medicines you have tried before, you can new hope for relief if you try GEO-MINERAL, the wonderful mineral aid. Feel and enjoy the results one week after you start taking it. GEO-MINERAL comes from the earth — Nature's laboratory. Contains NO alcohol, NO preservatives, NO oil. NO harmful drugs, NO dope — is NOT habit forming. Contains ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments — highly recommended by the medical profession.

FOR THOUSANDS of years ever since Hipocrates was the father of medicine, minerals and other natural medicines were a reliable remedy for most of our common ailments. GEO-MINERAL will enrich your blood, help to make you strong, full of pep, life and energy. If you suffer from nutritional anemia, nervousness, lack of vitality and energy see what GEO-MINERAL will do for you.

Amazing Results

MEDICAL records show 65% of men and women over 35 suffer from nutritional mineral-iron anemia. When you feel nervous, dull, tired, lazy, have dizzy spells, no ambition to work or play, a poor appetite, when your eyes lack that bright spark, and your mind brilliance, when headaches get the best of you, and you feel old before your time, and life seems not worth living, with worry wearing you down—it may be simply lack of minerals in your blood. GEO-MINERAL is then what you need.

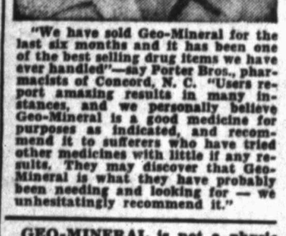

Wonder Minerals

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ills. People, on the advice of their doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there twice a year.

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wondrous springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend, Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

Read What They Say!

"We have sold Geo-Mineral for the last six months and it has been one of the best selling drug items we have ever handled"—say Porter Bros., pharmacists of Concord, N. C. "Users report amazing results in many instances, and we personally believe Geo-Mineral is a good medicine for purposes as indicated, and recommend it to sufferers who have tried other medicines with little if any results. They may discover that Geo-Mineral is what they have probably been needing and looking for — we unhesitatingly recommend it."

GEO-MINERAL is not a physic and does not interfere with the foods in the stomach. It cleans and purifies the intestines, thoroughly relieving gas, toxins, acids, and bloating. After these poisons are out of the system and the kidneys purified, we begin to feel the arthritis and rheumatism leaving, and Nature starting to complete the recovery.

100% Guaranteed!

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now Get one bottle. Use it one week. If you are not 100 per cent satisfied we will refund your money.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before GEO-MINERAL may be the remedy you need!

TRY it today! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

— By JOE KELLY —

When Jack Alderson was chosen junior ambassador from Texas for the national baseball office's little "World Series" in Van Buren and Little Rock, Ark., recently, few Lubbock persons thought that it would be the beginning of possible great things for his city. But Jack, being an alert lad, discovered that the NBO wanted to bring their tournament to Texas next year and learned still further that Lubbock was being considered as the site. All this was to the good and when A. B. Davis of the Chamber of Commerce heard of it, he immediately got in touch with Joseph Tomlin, the NBO director.

• • •

Tomlin said Lubbock might get it, providing they could make a better showing than some of the other Texas cities under consideration. He checked it strictly up to Lubbock with a challenge that no energetic C of C, or proud city dwellers could afford to ignore. If Lubbock wants it, they will have to prove they do, were the words Tomlin used, or words to that effect. That was enough of a challenge for the American Legion and the civic clubs.

• • •

Further work has been done on the situation and it now amounts to this: Lubbock will be host to the American Legion Regional baseball tournament August 5, 6 and 7. The Lubbock Legion nine will be one of the teams in the tourney, meeting teams from Wichita Falls, El Paso, Lamesa and other West Texas cities. Now if enough fans turn out for the games to pretty well fill the grandstand and bleachers, Lubbock will get not only the NBO tournament, it also will get the 1949 American Legion State Tournament.

• • •

Those are two pretty good plums at which we can shoot. This writer hasn't been on the scene long, but he understands that no state tournament has ever been run in our fair city, football, basketball, baseball, track or otherwise. Now then, it's up to us. We've heard a lot of resentment of the fact that no state meet of any kind came to Lubbock. Here's our chance. If we make this Regional Legion tourney a success, we'll have the State Legion tournament in 1949. Also, we'll have a week-long festival sponsored by the NBO the same year.

• • •

Legion baseball, as everyone should know, is better than high school baseball. It's a fast, clean game with some of the most promising ball players in the nation participating. We've run figures here before to show how many American and National league players got their start in the Legion program. If they were good enough to make it, maybe one, or more, of the boys playing here also is good enough. We've heard from baseball men in and around Lubbock that the Legion's games with Altus, Okla., and one or two in the tournament immediately prior to that, were better played than the majority of Hubber games. We've also heard that they were more interesting from a spectator standpoint.

• • •

That being the case, the public shouldn't have to be sold on the quality of the ball, but if they do, they could learn firsthand for themselves by attending the games on August 5, 6 and 7. We'd like to see the stand filled to overflowing for the Regional tournament. We'd like to see that local baseball fans realized that these are the kids of today who make the players of tomorrow. Unless they receive support now, they can become discouraged and go into some other form of work. No president of a concern started at the top; he had to start lower down and work up. So it is with these boys. We need kid baseball to keep the 58, or so, leagues in this country operating.

• • •

The merchant down "Main Street" knows that any influx of tourists, sightseers, convention persons, or similar crowds means money being spent. Strictly from a dollar and cents philosophy, it is good busines to attract people to your city. A State Legion baseball tournament undoubtedly would attract a large number of persons. So would a tournament that brings boys from all 48 states here to play a team composed of Texas boys. But better than spending a dollar to see these regional games, and not going, it would be better to spend 50 cents and go. The Legion isn't concerned about the financial end, nor is the Chamber of Commerce, nor the civic clubs. They are willing to sponsor the program; they want you at the ball park.

• • •

We hope Lubbock accepts the challenge in the spirit with which these local organizations fling it out. This is your city. The more National attention it gets, the more favorable people will think of Lubbock, the more readily available will be entrance to the world. No one living in a city can do so without some pride over its position, its achievements. But better than letting it be done by a few, here is a chance for everyone to take part. It's our city; let's make it a good one, let's go overboard to make the Regional tourney a success.

LOSE TO ABILENE AGAIN, 7-2

Hubbers And Gold Sox Here Tonight

We hope the Lubbock Hubbers have been alerted for danger. Tonight they open a three-game series with Belting Bob Crues and Company, the company being the second-place Amarillo Gold Sox, and anything is liable to happen at Rosenthal Field.

After dropping three straight to Abilene's in-and-out Blue Sox, the Hubbers return from the snake pit to the lions den. One thing is certain, the Gold Sox will be out to turn the tables on the Hubbers, one of the few teams that holds the upper hand in number of games won this season.

Drop 7-2 Game

Last night the Hubbers prepared to return home by dropping a rain-shortened 7-2 game to Abilene, while Amarillo fell victim of Clovis' Pioneers, 7-5. Albuquerque continued merrily on its way to what appears to be a pennant, beating Borger's stubborn Gassers, 13-11, while Pampa went back into stride with a 9-4 triumph over Lamesa.

Crues didn't hit another homer last night, which means that when the Gold Sox and Hubbers open their trio of games here tonight, Crues will be six short of tying Bill Serena's record of 57 last year. There is a bare possibility that the slugging ex-pitcher might at least equal Serena's mark before he and the Gold Sox leave town.

His Record Here

But the record this year doesn't bear out this possibility. Crues has been to bat 20 times here in five games and has gotten only seven hits. Of these blows, four have been singles, one has been a triple and two have been home runs. He has been hitless in one game here, has gotten only one hit in each of two contests, two hits in one and three in another. He has scored seven runs in this same period.

At any rate, the faithful will be out to view with interest the potential in the big bat of the slugging outfielder. It should be a good crowd and the Hubbers might turnabout and win.

Abilene certainly wasn't cordial to Fred Groth, the new lefthander, and he wasn't particularly impressive in his first start for Lubbock. He walked five, hit two batters, chucked two wild pitches and gave up five hits good for seven runs in two and two-third innings. Moreover, six of those runs came in the third frame and clinched the shortened contest. Groth also commited one error.

Only Three Hits

Meanwhile John Kelly was holding the Hubbers to three hits, one of which was a double by Jackie Sullivan. But it was a single by Gene Hixson that scored the Hubbers' only two runs in the second and gave them a short-lived lead.

Anton High School Needs More Games

ANTON, July 27 (Special) — Coach R. F. Hollingsworth announced Monday that Anton high school needs two more games to complete its 1948 football schedule.

Coach Hollingsworth said that the school's eleven wants games with class A or class B teams for September 10 and 17 and that the school would prefer to have one at home and one away from home.

The teams' conference games already have been scheduled. They will include Hale Center, Petersburg, Olton, Springlake, Dimmitt, Amherst, Witharral and Friona.

DEEP SPOT

The ocean near Mindanao, Philippines, is so deep that if Mount Everest could be dropped into the sink, its peak would be more than a mile below the surface.

An optical radar for surveying earth surfaces has been developed. It sends out pulses of light which are reflected back from the point whose position is to be determined, and the distance is measured by the time the light takes to travel forward and back.

Legion "A" Wins Bi-District Title; Beat Clarendon, 23-0

PLAINVIEW, July 27 (Special) — Lubbock's smooth-working American Legion "A" nine added a bi-district diamond championship to the District 2 title by drubbing Clarendon, 23-0, here Monday afternoon in the second game of a playoff series.

The impressive triumph, following the 8-2 victory in the initial playoff tussle Thursday night at Memphis, also gave the Lubbock "A" team the right to compete against three other West Texas bi-district champions in the Area 1 tournament at Lubbock Aug 5-7. Winner of the area meet will battle for the state crown at Paris later in the month.

Despite the high score and numerous Clarendon errors late in the game, the Hub city boys turned in their best performance of the season in notching the win. Five Lubbock hurlers, headed by starter Hulen Fowler, pitched near-perfect ball in blanking the Panhandle squad and the Lubbock fielding left nothing to be desired.

Got 15 Safeties

The Lubbock nine unleashed one of its most powerful hit barrages at the plate, blasting out 15 safeties—including three home runs and a triple. Bob Brown, flashy shortstop, slammed out a homer and two singles to pace the sluggers, although Catcher Jack Cook pressed him for spotlight honors with three bingles in three official times at bat. Jack Whitehead, who was recently shifted to the "hot corner," connected for two singles and veteran Dorrance Guy smashed out a homer and a triple.

Brown, Lubbock lead-off batter, wasted little time in putting the South Plains crew into the lead. Brown looked at the first pitch in the bottom half of the first inning, then clouted the second offering sharply down the first base line and back of the right fielder. While the fielder was chasing the ball far out into the "rough" — there were no retaining fences—Brown circled the bases and went home standing up.

Ten Runs In Fourth

The Lubbock nine pushed two more tallies across in the second frame, as Fowler singled home Cook and Jimmy Richards, then added two more runs in the third. Charles Galey opened the third stanza offensive with a walk, Whitehead drew a free pass and both scored on Cook's second bingle.

A 10-run Lubbock barrage in the fourth clinched the important triumph. Big Jim Wilson, who had relieved Fowler on the mound, led off with a single, then Brown drew a base on balls. Jesse Fullerton, first-sacker who swings from the southpaw side of the plate, lifted a four-baser into deep center, then Guy blasted a long homer deep into left. Galey grounded out, but Whitehead walked, Garnett Reeves singled and Cook and Richards drew bases on balls to set the stage for another onslaught.

Eight Runs In Sixth

Wilson was given a walk in his second time up in the inning to force in a run, then Brown successfully sacrificed to put across another tally. Fullerton grounded out to first, but Guy cleared the base paths with a triple.

Lubbock exploded for eight runs in the sixth to turn the setto into a rout.

The game was the last of the season for the Lubbock youngsters under the direction of Coach Fred Taylor, since the Lubbock High mentor will leave within a few days for the annual coaching school at Abilene. Fall grid training will be started just a week after the close of the school.

Regional Tourney Set Aug. 5 To 7

The American Legion regional tournament, scheduled for Rosenthal Field August 5, 6 and 7, will bring some of the best boy baseball teams in West Texas to this city to vie with the Lubbock Legion nine for the right to go to the state tournament.

A meeting yesterday afternoon in the American Legion hall set semi-final plans for the tournament, with greatest emphasis on bringing out crowds to watch these youngsters perform.

Various plans were discussed, with Joe Holmes suggesting awards for several different events to be staged. The Legion committee, working with representatives of Lubbock's civic clubs, approved the plan and announcement will be made tomorrow.

Ticket sales for the tournament will be handled by the Legion members, with additional support from the civic clubs. Adults will be admitted to single day games for fifty cents, with children allowed in for nine cents. A tournament ticket, covering three days, will sell for $1.50.

Elmer Tarbox, chairman of the Legion baseball committee, presided and asked for additions to plans already made. John Wilson, Lubbock Boys club director, offered some advice from his association with boys.

Black Hubbers Win From Austin, 9-8

Lubbock's Black Hubbers edged by the Austin Black Pioneers, 9-8, Monday night at Rosenthal field as Amos Sedberry's eighth-inning single scored Gene Lawson from second with the winning run.

The Black Hubbers trailed going into the eighth, 7-4, but doubles by Alexander Johns and Jack Brown tied the count and set up Sedberry's game-winning bingle.

Legion B Nine To Tackle Plainview

Next to last home game of the season for the Lubbock American Legion "B" team will be unreeled at 3 o'clock this afternoon at the Chapman field diamond, when the dangerous Plainview junior baseball nine invades the Hub city for an exhibition clash.

The Lubbock team finished the regular season at the top of the North half, District 2 title chase, but was not allowed to compete in the district tourney since the boys were not certified to state Legion officials.

Either Mack Taylor or Morris (Moe) Turner will start on the mound for Lubbock, with Jackie Howton hurling for the Plainview team.

Lesnevich Out Of Heavy List

NEW YORK, July 27 (AP)—The jigsaw puzzle that is the heavyweight boxing division was scrambled again today and one of the missing pieces was Gus Lesnevich, former light heavyweight champion of the world.

Lesnevich's defeat in London last night at the hands of Britain's Freddie Mills jarred the ring world and sent promoters scraping around for new talent to toss into the wrangle for Joe Louis' vacated crown.

Only last week there was excited talk that the Brown Bomber would come out of retirement to meet Lesnevich. This now has been punctured for good.

Four Fighters Listed

Mike Jacobs' Twentieth Century sporting club disclosed tentative plans for a heavyweight tournament.

Four names were mentioned, but not that of Lesnevich, who earlier had been rated a leading contender.

The Twentieth Century listed Ezzard Charles, the busy light heavyweight; Jersey Joe Walcott, the old campaigner, and those two veterans, Joe Baksi and Lee Savold.

Meanwhile, Jake Mintz, comanager of the highly regarded Ezzard Charles said the 175-pound title had no more appeal for his protege.

"Now that Mills has beaten Lesnevich, Charles feels that the light heavyweight division is no longer interesting," said Mintz.

"They can keep the crown in England. We're going after the heavyweight title and Charles is willing to meet anybody who stands in the way."

Pee Wee Loop Yanks Whip Tigers, 16-4

The Pee Wee League Yankees trampled the Tigers, 16 to 4 Monday afternoon at the Lubbock Boys Club, while in the Junior Loop, the Jaycees eaked out an 8 to 7 win over the Exchange Club nine.

Glen Davis hit a single to left-field in the first inning to start the ball game off for the winners. For the Tigers, Charles Moore smashed out two singles in four and hurled for the losers for five innings. He struck out 13 men while on the mound.

Carroll Walker paced the Jaycees, allowing 15 hits, and striking out ten men. Morgan Hall batted in the winning tally in the seventh, when the Jaycee nine scored six of their runs. Duane Ramphy batted out two doubles and a triple in four times up to pace the losing Exchange Club squad. Bobby Craig helped the losers some with his two singles and a double in four times at bat.

Tuesday afternoon, the Cardinals will tangle with the Dodgers in the Pee Wee League and the ABC's will meet the Junior League's Methodist Men in the second tilt.

One pound of chromated zinc chloride, dissolved in one-half gallon of water will treat one cubic foot of wood, or one sapling that measures four inches at the base and is about 30 feet tall.

SWEET REVENGE FOR "THE LIP"

Leo's Giants Drub Dodgers, 13 To 4

By JOE REICHLER
Associated Press Sports Writer

Lippy Leo Durocher rode triumphantly into the Polo grounds today in his home debut as manager of the New York Giants with all the pomp and glory of a conquering hero.

No matter what Durocher does from now on, Giant followers will never forget what he did last night. Neither will the Flatbush faithful. In a setting knee deep in drama, the former pilot of the Brooklyn Dodgers returned to his old stamping grounds last night and watched his Giants club his former hirelings into almost total submission. The New Yorkers massacred their inter-borough rivals, 13-4.

It was sweet revenge for Giant fans who had seen their favorites humbled 32 times in 39 clashes at Ebbets field over the last four years. It also was sweet revenge for Durocher, who was shipped across the river to the Giants only ten days ago.

In all the Giants collected 17 base hits against five Dodger pitchers.

Durocher took an unmerciful booing before the start of the game. Rarely has a manager or player been forced to accept such a shower of verbal abuse. It started the minute he poked his head out of the Giant dugout and lasted until the game got under way.

Cries of "kill the quitter," and "send the bum back to New York," were hurled at him.

Leo Had The Laugh

The partial Dodger crowd of 33,932, all that could get into the park, didn't know it then, but that was the last chance it had to jeer Durocher and the Giants. Once the game got under way, it was Leo who had the laugh.

The Giants opened up on starter Preacher Roe as if he was the instigator of the booing. Before the game was ten minutes old, Roe was en route to the showers and the Giants had a 5-0 first inning lead on six hits.

The victory, only the fifth in 13 meetings with the Dodgers this year, left the Giants still in fifth place, a half game behind the Pittsburgh Pirates. In losing, the Dodgers dropped a notch into the third place, a half game behind the St. Louis Cardinals and 5½ back of the league leading Boston Braves.

That was the only game played in the majors yesterday.

Tulsa Pitcher Close To 20-Game Victory

By WILBUR MARTIN
Associated Press Staff Writer

Harry Perkowski is only two games away from being the Texas league's first 20-game winner this year. The lanky Tulsa southpaw insured his 18th victory last night with some hefty stickwork.

Perkowski set Beaumont down with six hits, hit a grand-slam home run and started another scoring spree in the Oilers' 8-3 win with a triple.

Two other pitchers took the spotlight last night. Ray Shore lost a two hit, 2-1 decision to Fort Worth when Dee Fondy's triple erased a San Antonio lead. Len Gilmore held Shreveport to two hits as Oklahoma City won, 2-0.

Houston swept the short series with Dallas, 7-1, by coming from behind again.

Perkowski has been beaten only four times this year and with better than a month to go, seems assured of nearing the 30-victory mark.

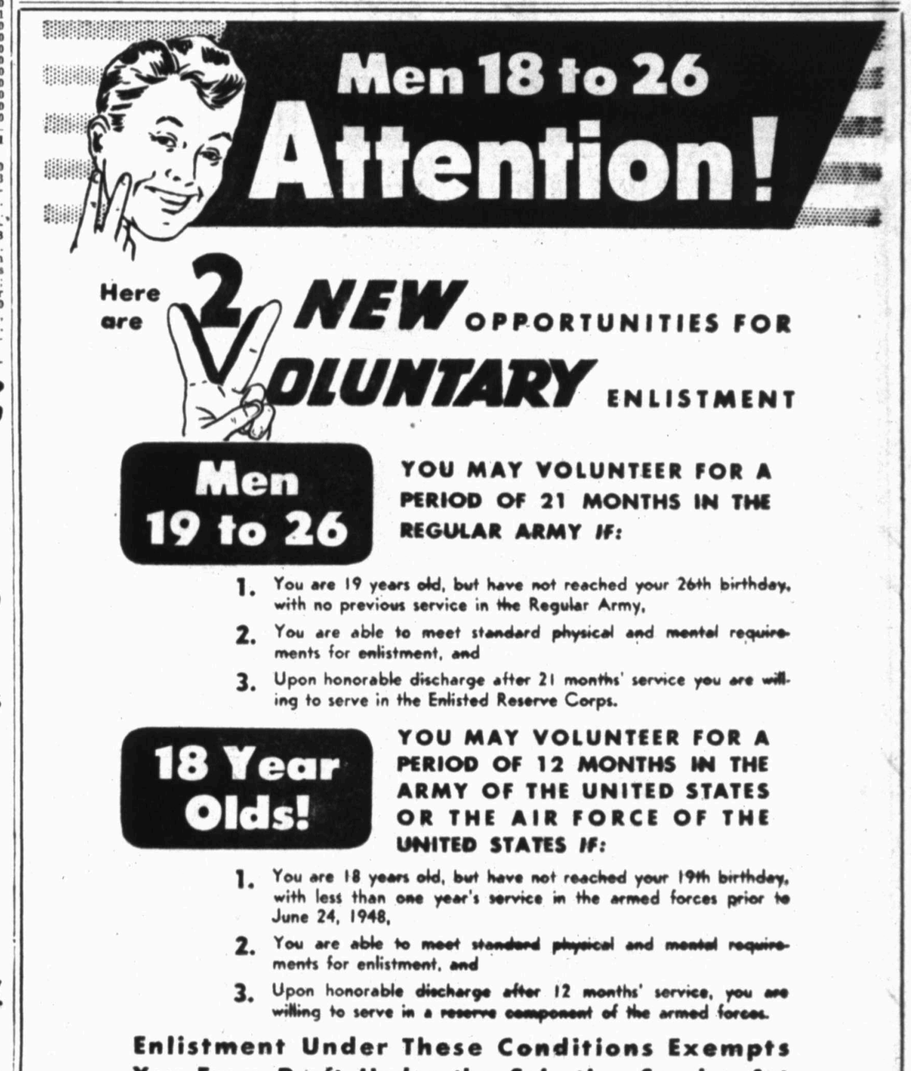

Sunbeamers Offer To Quit Playoffs

The Sunbeamers softball team, winners of the recent A. S. A. softball tournament and certain of first place in the Texas Softball League, have volunteered to withdraw from the Shaughnessy playoffs in the South Plains League.

The Sunbeamers are certain of going to the state softball tournament and their gesture makes it possible for the remaining four teams in the league to fight it out for the title.

Baldridge Bakery, Cloverlake Dairy, Golden Light Coffee and Thomas Jewelers, therefore, will open the playoffs the middle of next week, probably on Wednesday, for the championship of the South Plains loop.

Club Linksmen Cop Victories

Six of Lubbock's links aces chalked up victories in third round matches of the annual Director's Cup tournament at Lubbock Country club, pro Herb Schroeder reported Monday night, to gain places in the fourth series of elimination tussles.

George Carter nosed by O. A. Terry, one-up, in one of the feature third round settos, Schroeder said, as Bedford Raley entered the winners' ranks with a one-up margin over Newt Walton.

J. B. McCauley defeated E. H. Armstrong, 2 and 1; J. A. Raley dropped C. C. Caldwell, 3 and 2; Kay Bradshaw eliminated Dr. J. H. Stiles, 4 and 3; and Armond Samson defeated Leete Jackson, 5 and 4, in other matches.

Qualifying for the Young Men's championship tourney has also been completed at the club, Schroeder announced, with youthful Ross Mitchell taking medalist honors with an under-par 69.

Pairings for the first round play in the meet include:

Mitchell, bye; George Canon vs. Edward Bean; Johnny Trout vs. Stoney Wall, jr.; Bill Tatum vs. Bedford Raley; Bob Smith vs. bye; Ted Forsythe vs. Hooper Stiles; Chick Trout, jr., bye; and John Raley, jr., vs. B. F. Hutson.

Two matches will be played in the tourney each week.

Two of the young golfers, Tatum and Mitchell, will shoot qualifying rounds for the National Junior championships today at the Dallas Country club, Schroeder said. The Dallas club is the approved sit for all contestants from this district.

Sunbeamers Take Softball Tourney

★ ★ ★

The A. S. A. softball tournament, sponsored by the Lubbock Junior Chamber of Commerce, ran true to form last night and the strong Thomas-Sunbeamers nine walked off with the championship on a 6-1 victory over the Baldridge Bakery team.

It was the 11th straight win for the reinforced Sunbeamer nine over the Bakers, with whom they are quasi-friends in the Texas Softball league. Jackie Neel earned credit for the victory with a three-hitter.

Plainview Defeated

Baldridge had entered the finals by beating the Cinderella team, Culligan's Soft Water of Plainview, in a not-too-close duel in the night's opening contest, 7-1. The local nine had no trouble with the visitors after they had played one inning deadlocked at 1-all.

Immediately after the championship game, Jaycee Barney Stagner, tourney director, presented Baldridge Manager Earl Ince with the runner-up trophy and individual silver softball trophies to each member of the team. The championship trophy was presented to Manager Blackie Hilliard and individual gold softball tropies to each member of the winning nine.

Won Opener In Second

Baldridge won the opener from Culligan in the second inning, after each team had scored once in the first, Bob Bogle's homer for Culligans offsetting two singles and an error good for one run by Baldridge.

Joe Overbeck led off the second with a single to left, but Victor Ray fanned. Darrell Highley jammed a ball through the second baseman that sent Overbeck to third and he and Highley scored on Hubbard's double to center.

Culligans was able to pick up only one hit off Hubbard after the first, while the Lubbock nine scored runs in the fourth, fifth and sixth to clinch the contest.

Second Game Different

The second game was a different story, with Thomas-Sunbeamers going into a 2-0 lead in the first inning. James Abbott walked and went to second on Charley Reynolds' attempted sacrifice on which the first baseman's error gave him life. Both men scored when Roy Butler clouted a triple into deep leftfield.

Baldridge came back with a single run in the second on two hits, a single by Jimmy Joe Rieger starting the frame. He went to second on an error by the shortstop and scored on Overbeck's single to center. After that it was all over but the shouting.

The line scores:

BALDRIDGE	1	2	0	—	7	8	1
CULLIGANS	0	0	0	—	1	3	3

Hubbard and Ray; McKnight, Holder and Atkins.

BALDRIDGE	0	1	0	0	0	—	1	2	7
SUNBEAMERS	2	0	1	0	2	—	6	8	2

Kiser and Higley; Neel and James.

Local Players On All-Tourney Team

An all-tournament team was announced immediately after the game, with five local players named to the starting nine.

The team, picked by Joe Kelly, sports editor of the Avalanche-Journal at the request of the Jaycees, was chosen on the basis of play during the tournament.

Members of the all-star roster will receive individual awards from the Jaycees, similar to the championship trophies each member of the winning team won.

The all-star roster included Lupey Meador, Plainview, first base; A. J. Collier, Cloverlake, second base; Lester Pyle, Seminole, third base; Jack Garrett, Baker-Fleming, shortstop; Jack Bond, Plainview; Roy Butler, Sunbeamers, and J. R. Callahan, Golden Light Coffee, outfielders; Jim Barnett, Tahoka, catcher; and Jackie Neel, Sunbeamers, Loy Hubbard, Baldridge, and Willie Holder, Plainview, pitchers. Utility infielder on the team is Lindsey Telford, Baldridge, and utility outfielder is Jimmy Joe Reiger, Baldridge.

Words Of Caution Are Offered On Buying Land At Top Prices

WASHINGTON, July 27. (AP)—The Agriculture department has some words of caution for the man who is thinking of buying farm land at current prices.

In more than half the states, farm land values now top the boom time peaks of 1920 and are the highest on record. For all states, they average around 1920 levels.

These factors should lead prospective farm buyers to "take a second look" before buying, says Harald C. Larsen of the Bureau of Agricultural Economics in an analysis of land prices.

Formula Is Offered

In fact, Larsen offers a formula for that "second look." It is a means of measuring whether a man can really afford to buy farm land in spite of high prices.

Here's how it works:

If a man has money to invest, he should first figure what rate of interest he would want in the event he put it to some other use than land investment. For example, he might loan the money to a farmer on a farm mortgage at five per cent interest.

But buying a farm is riskier than lending on a mortgage, which usually represents only about 50 percent of the value of the mortgaged property. Thus the farm buyer might want another one per cent interest on his money.

Get About 6 Percent

If no additional risks were in the picture, the prospective buyer could therefore figure he ought to get about a six percent return on his investment in farm land.

Next the man must estimate as accurately as possible what future net income he may expect from the land he wants to buy. He may guess that crop prospects and market prices indicate a net return of $10 an acre.

If $10 is the income per acre he can expect, and he wants six per cent on his money, then the $10 is six per cent of the value or price he can afford for farm land. In this case, it would be $166 an acre.

Should the buyer want seven per cent, he could afford to pay only $143 an acre.

Larsen cautions that in periods of inflation buyers of land usually are unduly optimistic in guessing future income trends.

Warnings Sounded

Using an interest rate just one per cent above average mortgage rates, net income from land for the next 10 years would have to stay at 1946 levels—three times higher than the 1935-39 average—to justify current land values.

Warns Larsen:

"In the past, farm costs have tended to catch up with farm income during periods of inflation and net incomes were reduced even though prices received for farm commodities stayed high. Many farmers are already experiencing some diffficulties from this squeeze.

"When the downturn comes, furthermore, costs are likely to drop more slowly than the prices of farm products. Under such conditions, farmers' net incomes are likely to shrink faster than their gros receipts.

"Obviously, the closer we come to the time when incomes will decline, the less favorable it becomes to buy land."

Crop Insurance

and rates under the plan are radically different from any offered by the government in the past as the corporation seeks to solve the knotty crop insurance problem.

He said the plan is an investment insurance covering the "out of pocket" costs for seeding land. Some of the principal provisions of the plan are:

Premium rates are greatly reduced because the new policy covers only the investment in the crop, being about one-third of the premium in the past. Rates in the counties named range from 70 cents to $1.15 per acre in all counties except Taylor and Runnels where a diferent type insurance is in effect.

Policy Can Be Cancelled

The new policy is not for three years as in the past, but can be cancelled after one year if producer desires.

An insured producer is given an automatic deduction of one per cent in premium for each 50 acres planted, and another deduction of five per cent if he turns in his acerage by Dec. 31 and pays his premium by Feb. 28, 1949. Premium does not come due until June 15, however. In this way farmers can insure against hazards and not pay until crop is harvested.

Under the program, deadline for applications has been set under the law as Aug. 31, this year. Farmers in the counties involved in the experimental program are asked to contact their local Triple A office for details, except in Floyd, Hale, Jones and Runnels counties, where the insurance is handled through the corporation's own offices.

Daily Markets

Stock Market

ADVANCE IS SLOW

NEW YORK, July 27 (AP) — A slow and limited advance in prices developed in the stock market today following delivery of the President's message to Congress.

Final quotations were ahead fractions to nearly 2 points a share, a little under the best levels reached during the day.

The market had inclined a little higher prior to the President's message. After he spoke, prices responded more decisively to only limited demand.

The rate for the full day was around 900,000 shares.

The financial district had known pretty well the general tenor of the President's proposals and nobody got excited over the terms themselves.

Wright Aeronautical Corp. was one of the few issues to show any life. The company's stock, a great majority of which is owned by Curtiss-Wright, jumped around 14 points at one time following news that directors had voted two dividends of $5 a share each.

U. S. Steel was a strong spot.

Also marked up were Bethlehem Steel, General Motors, Studebaker, Montgomery Ward, J. I. Case, Schenley, Consolidated Edison, Kennecott Copper, American Can, Dow Chemical, International Paper, Santa Fe, N. Y. Central, Southern Pacific, Union Pacific, Mission Corp. and Standard Oil (NJ).

Cotton Market

NEW YORK REPORT

NEW YORK, July 27 (AP) — Cotton futures turned steady following early losses today.

The presidential message to Congress had little effect marketwise.

The government weekly weather report was generally excellent, except for parts of Oklahoma, southern Missouri, and Arkansas where there was too much rain which favored weevil activity.

Futures closed 35 to 95 cents a bale higher than the previous close.

Grain Market

CHICAGO REPORT

CHICAGO, July 27 (AP) — Oats futures were firm on the board of trade today, but corn and wheat prices generally were unable to make any headway.

Only September corn was firm on short covering.

Hedge selling caused an early slump in the wheat market. Prices recovered somewhat at times, and then slipped again.

Trading generally was quiet and trade authorities discounted President Truman's speech as an influence on prices.

Wheat closed ½ to 1⅛ cent lower, September $2.29-2.29⅛, corn was 1⅛ cent lower to ⅛ higher, September $1.72½-¾, oats were up ⅛ to 1⅜, September 74¾-⅞.

Civil Rights

ocrats are ready to "fight to the limit of our abilities" against civil rights measures and legislation tending to "create a national police state."

And although he carefully avoided using the word, Russell left no doubt that the southerners are set to filibuster against any of the three.

A HOWL OF PROTEST—Teen-agers send up a howl of protest after their spokesman was refused recognition by the chair at the Youth for Wallace meeting which followed adjournment of the third party convention at Philadelphia. The noisy demonstration was quelled only when someone turned out the lights.

Truman Speaks

speculation on the commodity exchanges.

4. Grant him power to impose allocation and inventory control over "scarce commodities which basically affect essential production or the cost of living," the same term he used for his price control proposal.

5. Strengthen controls over rent with adequate appropriations for enforcement to prevent "further unwarranted rent increases."

6. Give him standby power to ration "those few products in short supply which vitally affect the health and welfare." He said that unless further shortages occur, this authority "might not have to be used at all."

Would Make Exception

The President asked authority to limit wage increases only where they would "force a break in a price ceiling." Even in this instance an exception would be made if the increases were "essential to remedy hardship, to correct inequities or to prevent an actual lowering of living standards."

Contending that industry has boosted prices in many recent cases where profit margins were "adequate" to absorb the increased labor cost, the President added:

"Rising wages and rising standards of living, based on increasing productivity and a fair distribution of income is the American way. Noninflationary wage increases can and should continue to be made by free collective bargaining."

No Direct Reference

Aside from his reference to Communists here and abroad counting on an American depression, Mr. Truman made no direct reference to this country's strained relations with Russia.

The President devoted only a single paragraph in his 3,000-word address to "urge upon Congress" the controversial civil rights program he sent to Capitol Hill last February.

The civil rights proposals, Mr. Truman said, "are necessary to carry out the American ideals of liberty and justice for all."

As he said he would, the chief executive also asked the special session for:

Would Admit Refugees

1. A new displaced persons bill to provide for the admission of some 400,000 of Europe's war refugees into this country during the next four years, instead of 202,000 in two years as provided in a bill passed at the last session. He asked that Congress wipe out "discriminations" in the current law. He has said it would operate unfairly against Jewish and Catholic displaced persons.

2. A federal-aid-to education bill to provide $300,000,000 annually to states for education.

3. Approval of a $65,000,000 loan for the construction of a permanent United Nations headquarters in New York City.

4. Senate ratification of the international wheat agreement He said this "would guarantee American farmers an annual export market of 185,000,000 bushels of wheat at a fair price (a maximum of $2 a bushel) during the next five years.

Minimum Wage Boost

5. Restoration of $56,000,000 trimmed from proposed appropriations at the last session for power and reclamation projects, including a Tennessee Valley Authority steam generating plant at New Johnsonville, Tenn.

6. A "more equitable and realistic" pay bill for federal employes.

7. A bill raising the present 40-cent minimum wage to "at least 75 cents an hour."

8. Legislation increasing "by at least 50 percent" the benefits under the old-age retirement provisions of the social security law He said the age at which women can receive benefits should be lowered from 65 to 60 years, and he again asked extension of coverage to groups not now included.

Dallas Capitalist Will Back Johnson

DALLAS, July 27. (UP)—Carr P. Collins, Dallas capitalist and active in Democratic political circles in Texas, said today he would back Lyndon Johnson in the U. S. senatorial campaign run-off. Collins had backed George Peddy of Houston in the first primary.

Collins said he had decided to support Johnson "because he is very capable and can best serve the interests of the people of Texas."

Amarillo Man Must Face Federal Count

AMARILLO, July 27 (AP) — Federal District Judge Joe B. Dooley today ordered that Louis B. Conley be returned to Massachusetts to face a federal charge of illegal flight to avoid prosecution.

The judge ruled that Jack Raymond and T. H. Hall, Amarillo police officers, had sufficiently identified the Amarillo man, charged by his Brockton, Mass., ex-wife with being in arrears in support money and assault and kidnap.

Previously Conley's attorneys had won a postponement on grounds his pretty brunette ex-wife, who flew here to testify, could not properly testify against her ex-husband, and therefore Conley could not properly be identified as the defedant.

Mrs. Conley charges that her husband forcibly took their daughter, Lynette, from her in Brockton and brought the child here. Judge Dooley said bond for Conley will be made returnable in the Massachusetts district at the next regular term of federal district court, which will convene Sept. 14.

Lightning Kills Man Working At Lamesa

LAMESA, July 27 (Special)—A Latin-American identified this morning as Faustino Beltran, 19, of Sterling City, was killed by lightning near here at 5 o'clock Monday afternoon.

The youth was chopping cotton on the Rudolph Middleton farm, about 15 miles north of Lamesa, along with 15 or 20 other laborers. The bolt of electricity knocked down four others, but did not injure them seriously, and none was hospitalized.

Young Beltran was struck in the back of the head by the lightning, which tore his shoes and clothing from his body. Dr. J. E. Johnson, Lamesa physician, pronounced him dead at the scene.

The body was identified by Betra Beltran, 25, a sister, of Sterling City. The youth is also survived by his father, Jesus Beltran, of Robert Lee.

The body will be taken by Higginbotham Funeral home here to Sterling City for funeral services scheduled at 4 o'clock Wednesday afternoon in the Latin American Baptist church there. Interment will be at Sterling City.

Examinations have been announced by the Civil Service commission to fill posts of zone deputy collector and office auditor with the internal revenue department in various offices in Texas.

The announcement was made by Louis B. Barkley, division chief of the revenue department here, from a memorandum out of the Dallas office.

Starting salary for either post is $2,974.80 a year, and dealine for applications for the examination is August 16.

Application forms and information are available at the postoffice here or at Plainview, or from the regional director of the civil service commission at 210 South Harwood, Dallas.

Mixed Labels Create Danger

WASHINGTON, July 27. (UP)—The Food and Drug Administration warned today that small bottles labeled "Nasco Brand Castor Oil" may contain turpentine which could be fatal if administered to infants.

The castor oil may be in the hands of wholesale houses, druggists, grocers, variety stores or consumers in 17 central and southeastern states, the Food and Drug Administration said.

The product is packaged by the National Specialty Co., Nashville, Tenn. The agency's investigation in the company's labeling department has disclosed a castor oil label among a group of labels for spirits of turpentine.

Young Woman Injured

The agency said that its investigation started with an injury to a young woman in Louisiana. She drank from a bottle labelled castor oil. She became ill and suffered a burned throat. A health officer found a similarly mislabeled bottle at the store from which she had purchased the castor oil, the agency said.

"Physicians state that the administration of turpentine to an infant in the dosage used for castor oil might cause death," the Food and Drug Administration said.

The agency said that since the bottle which caused the illness had been shipped last October, all shipments from the National Specialty Co., during the past 10 months are under suspicion.

Shipments were made to towns in these states: Alabama, Arkansas, Georgia, Illinois, Indiana, Kansas, Kentucky, Louisiana, Mississippi, Missouri, North Carolina, Ohio, South Carolina, Tennessee, Texas, Virginia, and West Virginia.

First Draft

in the 18-25 brackets must register, unless they are on active duty in the armed services. Veterans and members of the National Guard and other reserve units are required to register, he said. He added that selective service has not yet written regulations to govern deferments.

"But we are reasonably firm now on how we will proceed with selection," he said.

Hershey asked for the conference with the congressional committeemen. The meeting was attended by the men who worked ou the differences between the Senate and House versions of the selective service act.

Gurney said the Senate and House armed services committees "will follow closely the operations under the act."

Meeting Is Unofficial

Both Gurney and Andrews stressed that today's meeting was unofficial and the conferees had acted "purely in an advisory capacity."

The administration of the act, Andrews emphasized, is up to General Hershey.

Hershey said details of the selection system were not available at this time.

Although there have been mounting complaints that thousands of 18-year-olds are being squeezed out of a chance to volunteer for one year's service. Gurney said he sees little chance to expand the 161,000 ceiling. The teen-agers have been flocking to recruiting offices to sign up and thus escape a later draft call for 21 months duty.

"We can't put any more in that group unless we vote more funds," Gurney said.

Greek Forces Battle For Strategic Peak

ATHENS, July 27 (AP) — Dogged army forces are battling fanatically resisting guerrillas for possession of 6,000-foot-high Kleptis height, the Greek general staff said today. The height is the key to the northern Smolikas mountains.

The army jumped off yesterday morning in a renewed drive to crush Communist rebels holed up in the Grammos mountain area. The Kleptis struggle, the general staff said, is going on at the summit of the height, which the army captured and held for two hours yesterday before being driven off by 12 rebel counterattacks.

Kleptis is the primary block on the Konitsa-Smolikas front and is holding up juncture of the attacking ninth division and the second division moving westward toward it.

Long Attacks Truman Plan

(By The Associated Press)

Opposition to "federal interference" in state local affairs was expressed last night by Russell Long, candidate for the U. S. Senate from Louisiana.

"The federal government has gone too far in dictating to the states with regard to their own local affairs," said Long in his campaign for the unexpired term of the late U. S. Sen. John Overton (D-La). "For that reason, I'm opposed to President Truman's program."

Referring to his rival for the post, Long said appeals Judge Robert F. Kennon already had announced as a candidate for governor in 1952 and "with his present attitude will not be able to accomplish anything that will benefit Louisiana" as senator.

Civil Rights Blasted

Kennon is scheduled to speak over a statewide network from New Orleans tonight.

In the state's other senatorial race, New Orleans Attorney Charles Gerth asserted that the quality of men filling public offices during the last 40 years had gone from "mediocrity to the fringe of lunacy."

Gerth, one of two men opposing the candidacy of Sen. Allen Ellender (D-La) for renomination, said in a New Orleans broadcast that "waste, extravagance and crass stupidity have been substituted for the plain thinking and frugality of Jefferson and Jackson."

Rep. James Domengeaux of Lafayette, Ellender's other opponent, said in Washington that President Truman's civil rights program "must be fought by every true Southerner." Because of the parliamentary procedure, the fate of civil rights issue will be decided in the Senate, he said, adding that "I do not know how Mr. Ellender stands."

Filibustering Record Claimed

Ellender, Domengeaux continued, "has been playing to the extreme liberals and conservatives and I think he should take a position.

Later, Ellender told a reporter that his record in Congress is in print.

"I have fought the civil rights bills and I propose to go on fighting them as long as I can talk against them," the senator said. "I think I hold the record in filibustering against these bills."

Miss Lucille Savoie, only woman in the congressional races, opened her campaign in New Orleans for representative from the first district. She attacked the voting record of the incumbent, Rep. F. Edward Hebert (D-La), particularly on price and housing legislation. Hebert also is opposed by Fred J. Cassibry of New Orleans.

Solon Renews Condon Charge

WASHINGTON, July 27 (AP) — A member of the House un-American activities committee today resumed the attack on Dr. Edward U. Condon, director of the government's bureau of standards.

Rep. McDowell (R-Pa) said the committee's previous labeling of the government scientist as "one of the weakest links in our atomic security" still stands as "almost a perfect description."

Condon denied that charge when the committee made it in a preliminary report last May, and asked for public hearings. McDowell, acting chairman of the group, said a date for these hearings will be set when Chairman J. Parnell Thomas (R-NJ) returns to Capitol Hill, probably this week.

Charge Is Clarified

The committee's closed door sessions, said McDowell, have produced testimony to support the original charge — which included a statement that the government scientist had associated "knowingly or unknowingly" with a suspected Russian spy.

"There has been no charge that Dr. Condon is disloyal," McDowell said, "and I don't think there will be. However, he has associated with known Communists and other persons who we believe are espionage agents."

Condon recently was cleared by the Atomic Energy commission to examine atomic bomb information, after a lengthy investigation. He had agreed voluntarily to steer clear of atomic data until such an investigation had been conducted.

Information Refused

McDowell said the commission did not ask the un-American activities committee for any information before clearing Condon, and added:

"They perhaps don't know what we know, or if they do and still cleared him they should be investigated themselves. We asked the commission for the sources of their information, but of course they refused to give them to us."

President Truman ordered all government agencies at the time of the committee's original blast against Condon not to turn over any confidential files to Congress. The House group had asked W. Averell Harriman, then secretary of commerce, for a loyalty board report on Condon. Harriman refused.

Youth Only Faints When Woman Shoots

CHICAGO, July 27 (AP)—A shot was fired and a youth staggered from a hamburger shop at 209 North Western avenue last night and fell face down on the sidewalk.

A police squad was summoned. Mrs. Helen Williams, 30, owner of the shop, told Detective Lyons Kelliher the youth had broken a window and she shot at him after he threatened her.

Kelliher ordered the youth to the Cook County Jail hospital as he continued questioning Mrs. Williams.

A few minutes later Kelliher learned the youth—identified as Roscoe Kelly, 22—had not been hit by a bullet at the hamburger shop. He had fainted.

Kelly was held on a charge of malicious mischief on Mrs. Williams' complaint.

The first American to engage in meat packing was William Pynchon, of Springfield, Mass., who in 1655 started to drive cattle to Boston.

Home Run King Attends World Premiere Of "The Babe Ruth Story" In New York

NEW YORK, July 27. (AP)—Babe Ruth took time out from a hospital to see his life story unfold on a movie screen last night.

The ailing home run king was greeted by a tremendous roar from the street crowds as he arrived at the Astor theater for the benefit world premiere of "The Babe Ruth Story."

Ruth left the theater when the film was half-finished, but he pronounced it "wonderful." The producers said they will take a print of the picture to Memorial hospital later for a private showing for the Babe.

Mayor William O'Dwyer, who had proclaimed yesterday "Babe Ruth Day" in New York, met the Bambino in the theater lobby and the audience applauded as they walked down the aisle to their seats.

About 1,300 persons were invited to the premiere, the proceeds of which will be used by the Babe Ruth Foundation, Inc., to develop baseball-conscious boys.

Ruth stepped from his limousine in front of the theater on the arm of his wife and a male companion. He waved his white cap to the throng which had gathered to see him and the other celebrities at the performance.

William Bendix plays the part of Ruth in the movie.

City Youth Center Discussed At Meet

When approximately 18 young people of high school ages met with representatives of the city recreation department Monday night at First Methodist church, discussion centered on the possibilities of establishing a youth center or canteen, and upon methods of organizing such a center.

Miss Zora Gifford, supervisor of park playgrounds and community centers for the recreation department, presided at the meeting. Tentative plans were made for a dance for the young people to be held in early September. The group named members to a general steering committee, which is to meet and make further plans prior to the next meeting, scheduled to be held Tuesday, August 10.

Members of the committee are Janell Giles, DeLois Scott, Milton West, Darryl Day, Jimmy Sexton, Garnet Reeves, J. C. Chambers, L. B. Johnson, George Carter, Jimmy Gott, and Kenneth Brown.

Others present were Bud Watson, Hubert Waddill, Carlos Holton, Verbie Oldham, Mary Jo Jaekson, Martha Lou Hubbard, and Jo Ann Pruitt.

Probe Of U. N. Agents Slated

WASHINGTON, July 27. (AP)—Senator Revercomb (R-WVa) disagreed today with Secretary of State Marshall and insisted that some foreign agents are indeed a threat to American security.

Revercomb said his Senate judiciary subcommittee will meet this week to decide its program in investigating alleged subversive activity by United Nations employees.

"I think it is a very serious situation," he said.

Two State department visa officials told the Senate group last week that Communists are using the U. N. as a "front" for underground activity.

Laws On Books

Marshall, in effect, disavowed the testimony and said he knew of no threat to U. S. security by foreign agents.

"I don't agree," Revercomb said. "Two officials of the State department testified that subversive agents are roaming about the country. Obviously they are not on U. N. business or legitimate government business."

Revercomb said he believes there are "enough laws on the books" to deal with persons who might violate the laws by carrying on subversive activities.

The diplomatic immunity given U. N. employees does not mean, he said, that this country cannot halt unlawful acts He suggested some action might be necessary to control the movement of "undesirables" beyond the U. N. headquarters site.

Revercomb said the subcommittee will study all immigration and naturalization laws "to determine how they can be improved and strengthened."

China Shop Wrecked By Men, Not Bulls

TOKYO, July 27 (AP)—It wasn't a bull that wrecked a Tokyo china shop. But the effect was the same.

Two men dashed into the shop pursued by two more. Howling and yelling, the first pair began firing cups, saucers, plates and gravy boats at their pursuers, who retaliated in kind.

Police collared the four and marched them off as the bewildered proprietor surveyed the wreckage.

Lloyd Nolan Week Is Declared For Filmdom's Forgotten Man

By BOB THOMAS
Associated Press Staff Writer

HOLLYWOOD, July 27.—This is hereby declared Lloyd Nolan week, in honor of Hollywood's forgotten man.

Such a celebration may finally bring due honor to the San Francisco actor, but it's doubtful. Everything else has failed. Edith Gwynn recently noted in the Hollywood Reporter that Nolan's work in a current film is bringing spontaneous applause from local audiences. This sort of thing has been going on for years.

Everybody says, "that Nolan—great actor!" Then what happens? —nothing. Other actors continue getting plum roles and he keeps plodding along in featured parts, turning in fine performances. Of course, he keeps working, but an actor cannot live by bread alone, no matter how much sugar is on it.

Lloyd was discussing his plight on the set of "Interference," in which he is billed below Victor Mature, Lucille Ball, Lizabeth Scott, and Sonny Tufts. "I can't understand it," he remarked, shaking his head. "Maybe it's because I don't get my name in the papers with night club brawls."

"I've never been on suspension either. I might not like a part, but when I think of how much they're paying me, I can't bring myself to turn it down." (He gets around $50,000 per picture.)

Lloyd has come close to stepping into the limelight many times since he entered films in 1934. Last year's "13 Rue Madelleine" was written for him and he was deemed a cinch for stardom. Suddenly he was told he didn't look French enough to play an underground agent in France. So Gallic-pussed James Cagney was given the role.

Lloyd was also mentioned for "America," which Brian Donlevy later did. But Lloyd was then grinding out the Michael Shane series (he did eight of the little smeller-dramas), and MGM feared putting a B picture actor in a costly film. Considering how the hapless epic turned out, maybe he was lucky.

Agents Are Problem

One of his finest roles was the cop in "A Tree Grows in Brooklyn." But his effort was overshadowed by James Dunn; you can't steal a picture from an actor who's playing a drunk.

Agents form the basis of some of Nolan's troubles. When he demanded action from one of the agent would tell about losing a half-million dollars in a real estate deal. "After he got through telling his troubles, mine seemed too trival to mention," Lloyd relates.

His next agent was an eager beaver who sought to make an impression by keeping Lloyd working. As a result, the actor did about 18 fast pictures, mostly on the turkey category.

But things are looking up. He is free-lancing now and has a new agent. Maybe we won't have to celebrate another Lloyd Nolan week next year.

SAVES BUSINESS—BY CLOSE SHAVE—When one of Haifa's barbers went off to join the Israeli army, it looked as if the shop would have to close up. But his wife refused to throw in the towel. Instead, she learned to daub lather, scrape whiskers and cut hair and, as seen here, saved the family business.

Mexico Plane Crash Is Fatal To Texan

TORREON, Mexico, July 27 (AP)—The body of a Texas pilot was sent to the home of his widow at Laredo yesterday after he crashed to his death in a cotton plantation.

He was Donald M. Peterson, 25, pilot for the Proveedora Agricola Legunera company. He was flying six to ten feet above the cotton plantation spreading insecticide when his motor failed.

Maritime Left-Wing Defeated In Voting

NEW YORK, July 27. (AP)—Joseph Curran has been reelected president of the National Maritime union (CIO) by a vote of almost three-to-one, and three top-ranking officials linked with the left-wing, anti-Curran faction have been defeated by big margins.

The extent of the right-wing victory—apparent for some time as the counting of ballots progressed—was announced officially last night.

Pro-Curran candidates were returned to office by large majorities.

Curran beat Frederick N. (Blackie) Myers, former NMU Vice-president by a vote of 28,043 to 9,640 for the presidency.

Secretary Ferdinand C. Smith, a negro facing deportation proceedings on a government charge that he is an alien Communist, was defeated for reelection.

Vice-presidents Chester Young and Howard McKenzie also were among those beaten.

The final election results, compiled by the Honest Ballot association, an independent agency which supervised the nation-wide voting conducted from April 1 to June 30, were announced at a rank and file union meeting.

MODEL PLANE SETS RECORD

FORT WAYNE, Ind. (U.P.) — A Purdue University student, Charles Springer, broke an old national speed record with his miniature gas-model airplane. He sent the class D model plane through the air at a speed of 133.28 miles per hour to set a new class mark. The old record was 132.48.

Winners Of Wheel Parade Are Named

More than 30 children participated in a "wheel parade" at Wagner park Monday afternoon. The event sponsored by the city recreation department drew children riding bicycles, tricycles, scooters, skates, wagons and other wheeled toys.

Winners included:

Best decorated bicycle: Bobby Dennis, first, Ginger Butler, second, and Mike Rogers, third. Honorable mention, Mike and Jic Club.

Best decorated tricycle: Andrew Welch, first, Jean Oliver second, and David Haggard, third

Best decorated wagon: Jerry Tom Eirhart, first, and Nancy Dennis, second.

Miscellaneous: Shelia and Harry Green, first, Lynn Ann Warren, second, and Guy Hart, third.

Grand prize winner: Andrew Welch.

Judges were Mrs. William Stone, Miss Alice Phillips, and Miss Mary Jarrett, of the Junior Welfare League. Wagner Park directors are Mrs. Polly Cavendor, and Marshall J. Thixton. They were assisted by Miss Zora Jay Gifford, supervisor of city parks, A. C. Hamilton, superintendent of city recreation, Curtis Barrett, athletic director of the city recreation program, and Mrs. Gladys Sims, major camping and story telling specialist for the city recreation program.

Texas Political Storm Settles; Coke, Johnson Go To Capital

(By The Associated Press)

Texas was in a political lull today.

The first Democratic primary storm was at an end, but in the offing was the second primary, soon to strike with renewed intensity.

Both runoff candidates in the race for U. S. Senate were temporarily off the campaign trail. Coke Stevenson was making plans to go to Washington to attend the special session of Congress as an observer. Lyndon Johnson was already there as congressional representative from the 10th district.

Few Thousand Remain

Meantime, only a few thousand primary election votes remained to be accounted for.

Stevenson was easy possessor of the lead in the Senate race. Last night's Texas Election Bureau returns gave him 433,058 votes to 365,969 for Johnson. Stevenson's percentage was 39.05; Johnson's 33.05.

George Peddy, who conceded elimination from the runoff, held 236,196 or 21.03 percent of the votes.

A record vote for the state was assured. Up to last night 1,108,790 votes were accounted for by the Texas Election Bureau.

The bureau's returns last night were based on reports from 253 of the 254 counties, including 156 complete.

Gov. Beauford Jester won renomination with little trouble over State Rep. Roger Q. Evans and Caso March.

No Others In Doubt

No other statewide race was in apparent doubt. Even the early seasaw battle between Associate Justice W. St. John Garwood and Jefferson G. Smith was without suspense. The associate justice faced defeat until returns from his home county boosted him out in front with a comfortable lead.

Last night's tabulations gave Garwood 480,711 votes; Smith 440,032.

Three runoffs in the congressional races were indicated.

Lloyd M. Bentson, Jr., McAllen, and Phillip Kazen, Laredo, will make the second primary race for Congressman Milton H. West's district 15 seat. West is retiring.

Kelley McClain, Georgetown attorney, apparently gained a runoff place in the 10th congressional district race against Homer Thornberry, Austin city councilman. Three others were in the race.

Votes counted Monday showed that Congressman Tom Picket of Palestine and ex-Congressman Nat Patton of Crockett would go into a runoff for the 7th district seat.

From 1855 to 1860, California received its ice from Alaska. About 3000 tons were shipped annually.

Attorney Makes Big Splash In Politics

Dry Running On Wet Ticket In Kansas' Gubernatorial Race

By AL CROMLEY
NEA Staff Correspondent

KANSAS CITY, Kans., July 26.—A red-haired Irishman who doesn't drink—but thinks there should be no law against it—wants to be governor of traditionally dry Kansas.

James A. McClain, 31, dubs himself the "lone voice in the wilderness," but he's about the loudest noise in Kansas politics these days. Aspirant for the Republican gubernatorial nomination August 3, he's by ten years the youngest man in the state's history to seek the governorship.

Political observers don't rate his chances highly, but McClain is stumping the state as fast as his twin-engine Cessna airplane can carry him. The campaign technique of this past county attorney of Nemaha county is as subtle as a siren.

Kansas City Incident

Like what happened in Kansas City, Kans.:

He descended on the city and dispatched a sound truck to roam the streets. Next, he talked to as many civic and professional groups as would listen to him.

Thus far he had only followed the method used by the average political candidate. But he trumpeted with delight when the driver of his sound truck was arrested for operating on the city streets. The slight, natty candidate rushed to police headquarters and attempted to get himself arrested too, but he was refused.

With an eye on reporters, he announced he would defend his driver in police court the next morning. He inquired whether the court room would hold many spectators, as he expected a large audience.

Inconsistencies Noted

The show was worth coming to see. With the flourish of a Claghorn, young McClain defended his "client," citing the United States Supreme Court decisions. He won his case.

His inconsistencies are numerous. His appearance is mild, but he's a fire and brimstone orator of the old school. He's for repeal, but he doesn't drink. They say he's rash and politically naive, but he's shaken a good many hands in the past month.

Although his platform stresses education as well as repeal, the latter issue has attracted the state's attention. Kansas has become known across the country for its prohibition of even the possession of intoxicating beverages. McClain feels that only two classes of persons will oppose his crusade for repeal. He terms them "political job holders with an ax to grind" and "radical drys."

James McClain: In the glass, milk; on the ticket, repeal.

Campaign Explained

Born in Tennessee, he moved with his parents and three brothers to Ft. Scott, Kans., in 1923. He was graduated from law school in Topeka and entered the Navy as an enlisted man. He served in the Pacific and in Washington, D. C., and left the service as a lieutenant.

The barnstorming candidate explains his campaign this way:

"Running for governor of Kansas on a wet ticket may be like trying to sell brooms to a vacuum sweeper factory. But I'm having a good time and meeting lots of people."

Child Electrocuted En Route To Party

WILKES-BARRE, Pa., July 27. (AP)—Seventeen-month-old Rose Anne Richel was electrocuted yesterday while being carried to a birthday party by her mother.

Coroner Paul E. Dubasko said Mrs. George Richel went across highspeed trolley tracks as a short cut and accidentally came in contact with the high voltage third rail. She was on her way to a party for her niece.

The mother suffered burns and shock.

Interest Light In Oklahoma's Voting Today

OKLAHOMA CITY, July 27 (AP)—Oklahomans hold their second, or run-off primary today, but the only election heat is in the weather—90-plus and sultry.

Only two major party nominations are at stake—the Democratic nod for U. S. senator and fourth district congressman—with a miscellany of nominations for state posts.

Dull Campaign

The campaign since the first primary on July 6 has been one of Oklahoma's dullest in years.

Former Gov. Robert S. Kerr—keynoter for the 1944 Democratic national convention — is pitted against former Congressman Gomer Smith for the Senate nomination.

Kerr, a wealthy Oklahoma City oil man, held a 135,878 to 73,511 first primary lead over Smith, who was once a national vice president of the Townsend old age pension movement.

Today's winner meets Republican Rep. Moss Rizley in the November finals. The man elected will succeed retiring Republican Sen. E. H. Moore.

Steed, Boren In Race

The other major dispute is in the fourth congressional district. This will be vacated by Rep. Glen D. Johnson, a Democrat washed out in the first primary Senate race.

Tom Steed, a former Shawnee, Okla., newspaperman, is in a close race with former Rep. Lyle Boren for the Democratic nomination.

In the first election, Boren drew 11,383 to Steed's 11,004 in a total field of eight. The winner meets Republican Claude T. Patrick this fall.

City polls open at 6 a. m., and close at 7 p. m. Rural polls are open from 8 a. m. to 6 p. m.

A light total vote of 300,000 is forecast, compared to general election records of 800,000 or more.

Man Almost Crushed By Jackpot Deluge

SANTA BARBARA, Calif., July 27. (AP)—A young man hit the jackpot here and almost got crushed with the proceeds.

What he wanted was a 25-pound cake of ice, so he put two dimes in the vending machine.

He got his cake of ice all right—followed in rapid succession by 31 more.

Intimidated by this incipient glacier, he dodged behind his car while the ice dealers wrung their hands.

When the deluge subsided, the young man tossed one chunk in his car and drove off. The ice dealers fell to work repairing the machine.

Terry Wildcat Test Underway

Seaboard Oil company of Delaware, No. 1 E. M. Hinson, northeast Terry county discovery from a Pennsylvanian lime, was bottomed at 9,455 feet, and was making the second attempt to run a drillstem test.

The first effort for such an investigation failed on account of mechanical troubles.

This wildcat had produced oil at the estimated rate of 91 barrels in two hours on the zone at 9,401-39 feet, and showed no water.

Oil, Gas Indicated

Operator drilled ahead from 9,439 feet to 9,455 feet. The samples showed indications of oil and gas, and there were no evidences of water.

Some observers think that if the current drillstem test is satisfactory and positive, operator will probably set casing and complete the new field opener.

It is 10 miles northeast of Brownfield, and 660 feet from north and west lines of section 91, block 4-x, psl survey. It topped the Pennsylvania lime pay at 9,405 feet.

Second Test Underway

Sinclair Prairie Oil Company No. 1 Stevenson, north-central Andrews county wildcat, near the Shafter Lake-Devonian field, and 1,980 feet from north and east lines of section 13, block A-36, psl survey, topped the Devonian at 10,325 feet. Elevation is 3,154 feet.

The venture is now on a bottom of 10,440 feet, in lime and chert, and is taking a drillstem test. A previous attempt for a test to the current total depth was unsatisfactory.

This exploration is low to the nearest producers from the Devonian, in the Shafter Lake field.

Three Children Die In Four-Day Period

EDINBURG, July 27 (AP)—Three children of Mr. and Mrs. Guadalupe Narvaiz died in a four-day period.

Maria Eva Narvaiz, three, died of bulbar poliomyelitis yesterday at the Valley Emergency polio clinic here.

A 11-year-old brother died last Friday at his home in Rio Hondo and a five-year-old sister died last Thursday while enroute to a Harlingen hospital.

Cause of their deaths was not determined.

Telephone Company To Offer New Gadget

Absent-Minded Husbands Put On Spot By Phone Recorder

HARRISBURG, Pa., July 27. (AP)—Forgetful husbands and lovers wishing to recall precisely the sweet nothings whispered into their ears soon will get some help from the telephone company.

Starting August 2 a limited number of subscribers may obtain from the Bell Telephone company of Pennsylvania a little gadget officially described as a "recorder connector with an automatic tone signal."

By means of this device, any telephone user paying the $5 initial charge and $2 monthly fee may have a permanent record of telephone messages.

Accurate Orders Assured

Housewives, for instance, can rest assured that the shopping orders phoned to hubby at the office will be carried out down to the last spool of thread.

And the swain forced to leave town for a few days can leave behind a record of his love for his sweetheart to consider in his absence.

The telephone company, which received permission from the Pennsylvania State Public Utility Commission yesterday to file rates for the proposed service, said it could not determine immediately how many voice recorders will be available when the program gets under way.

Warning Signal Given

One thing the company made clear, however.

Every regular telephone line to which a voice recorder has been connected will have attached also the tone signal—which will emit a "beep" every 12 seconds.

This will serve as a warning to all callers that their conversations are being recorded.

Without such a warning, the voice recorder is illegal, except on private lines not going through the telephone company's switchboard. Connectors without the warning signal will be installed on private lines for $1 a month.

All customers will be required to release the telephone company from the danger of libel or slander in connection with the use of the recorder.

"Yes, dear (beep) a pound of steak, a loaf of bread (beep)."

Nickel Bar Of Candy Is On Its Way Back

LOUISVILLE, Ky., July 27 (AP)—Hey kids (and you other people with a "sweet tooth"), take the word of a man who should know:

The nickel candy bar is on its way back.

Clyde A. Short, Shelby, N. C., president of the Southern wholesale Confectioners association, said here today the five-cent candy bar is fast returning.

"Odd-priced bars are practically gone now," added Short, here for the association's annual convention, which continues through Wednesday.

Judgment Reached In Trial Of Tojo

TOKYO, July 27. (AP)—The International War Crimes court has reached a decision in the case of wartime Premier Hideki Tojo and his 24 co-defendants, and translators will begin work on the judgment Aug. 2—in strictest secrecy.

The Allied and Japanese translators will work behind barbed wire and under the watchful eyes of armed military policy guarding their quarters 24 hours a day to prevent any premature disclosures, court aides said.

Date Of Reading Unknown

No announcement has been made of the date the judgment will be read in court, but speculation here is that it should be ready within six weeks after the translators begin the task of putting it into both English and Japanese. That would mean the two-year-long trial of Japan's top war-crimes suspects would end in September.

The translation will be done by nine army department civilians and 26 Japanese, all of whom volunteered for the job. They will work at guarded, barricaded Hattori house—a baronial structure which during the long trial was used by Allied prosecutors.

Bugsy's Daughters Are Granted Income

LOS ANGELES, July 27 (AP) — In life, Benjamin (Bugsy) Siegel, slain racketeer, may or may not have been much of a family man, but in death he's going to take care of his two young daughters.

Thirteen months ago Bugsy was gunned to death as he sat with a pal on a sofa in the home of a friend, Virginia Hill, Beverly Hills party-giver and intimate of many Hollywood notables.

The courts yesterday granted his daughters, Millcent, 17, and Barbara, 15, of New York, $250 a month from Bugsy's estate. They live with Siegel's divorced wife, Estelle.

New Cabinet Is Chosen In French Crisis

PARIS, July 27 (AP)—Premier Andre Marie formed a new French coalition cabinet and today presented its members to President Vincent Auriol.

Like its predecessors, the new cabinet contains no Communists. It is made up of members of parties who favor the cause of the Western Allies.

The new government contained one major change from the eight cabinets France has had in the past three years. George Bidault has been dropped as foreign minister.

Bidault, who has represented France in all major international conferences since 1945, has been replaced by 62-year-old Robert Schuman, the outgoing premier, whose cabinet regsigned July 19 and precipitated the crisis.

No Major Change Seen

Schuman is a Popular Republican (MRP) a party colleague of Bidault. Thus no major change in French foreign policy is foreseen.

Marie's announcement came late last night after more than 36 hours of negotiations with the Socialist party. At one point he almost resigned his premiership.

Marie is a Radical Socialist. The party name is in a sense a misnomer. The party is neither Radical nor Socialist—in the accepted sense. It is a Moderate Centrist party.

This fact led Marie to choose as finance minister Paul Reynaud, pre-war premier and a moderate.

Designation of Reynaud has worried the Socialists, who fear he will pursue a capitalistic line.

Socialists Are Hesitant

The Socialists were hesitant up to the last minute, even after talking Reynaud into giving up plans for raising the work week from 40 to 48 hours.

Such bartering has led some observers to believe Marie's government is built on shaky timbers and may fall within a matter of weeks or months.

A minority group of Socialists issued a communique roundly condemning the government even before it was announced.

Gen. Charles De Gaulle, still an aspirant for the leadership of France, already has sharply criticized Marie's government.

Observers say the new cabinet's weakness lies in the fact that it is united on only one point—anti-Communism.

Otherwise, they declare, it comprises parties disagreeing bitterly on many issues, including religion and economics.

Democritus, the great physicist of ancient Greece, was the first man to discover the atom and report that it was the basis of all matter.

WHATEVER else it may or may not have accomplished, the election over Texas last Saturday put Gov. Beauford Jester in his place.

Whatever ambitions the curly-thatched Corsicana "squire" may have had in connection with the U. S. Senate at a later date went not with the wind—but with the protest vote registered against him all over the state.

Saturday's returns marked Jester as the luckiest man in the modern history of Texas politics. He was lucky because those who ran against him were practically unknown, politically speaking, and the public had no one to "center" on.

If a well known figure had offered for governor this year he would have sent Beauford Jester back to Navarro county, where he does better, under an avalanche of ballots.

* * *

Although the state will be saddled with Jester and his Houston big-money quarterbacks for another two years, some solace may be taken from the fact that he must be a wiser, as well as a sadder, man.

As well as anyone, "Beautiful, Beautiful Beauford" knows that a one-term governor customarily is given a second term by way of a big, complimentary vote.

He got the second term, all right, but there wasn't any complimentary vote.

He won't stay in the capitol because most people want him there. He will stay there by default—because a bare majority of the people didn't know enough about any of his opponents to work up enthusiastic opposition to the governor.

* * *

IT HAS been whispered around the state for some time that Jester has his eye on the U. S. Senate seat now held by Tom Connally.

Not even Jester is naive enough to think he could get to first base running against the senior senator. But the governor has given some thought to the fact that "Tall Tawm" is getting no younger and might some day step out to take a glittering federal appointment, or retire to private life.

Jester might just as well turn his thoughts elsewhere now. All he has to do to relieve his mind of any senatorial problems is to total up Saturday's vote and note how many people would like to see him back in Corsicana.

* * *

The only chance Jester has to go to the U. S. Senate now would be by way of a vacancy caused by death, which heaven forbid—or by resignation, and a "deal" with Lt. Gov. Allan Shivers.

Such a deal would be, Jester to Shivers: "I'll get out and let you be governor, if you'll agree then to appoint me to the Senate."

But Shivers, who wants very badly to be governor as of January, 1951, can read election returns, too. And he's very likely to figure that his acquiescence to any such swap-out wouldn't be good for him when the next election rolled around.

Shivers would have good grounds for thinking that, under those conditions, his only period in the governor's office might be the balance of Jester's second term.

* * *

ANOTHER interesting angle to Saturday's balloting—and one which many people might have overlooked in the shuffle—was the race between W. St. John Garwood, of Houston, and Jefferson G. Smith, of Austin.

This race may not be fully decided until the official count is made in all counties of the state this week, so close it was, with the lead changing from time to time through Monday.

Garwood, for whom nearly all the state's lawyers were plugging and who is recognized as an able and experienced juror, should have run away with the race for associate justice of the Supreme court. Smith, while a nice enough fellow, simply doesn't have the qualifications the job demands.

But Smith's name had been on the ballot before. It was—and is—a well known name. So Smith filed for the office, sat back and did nothing.

The voters looked at the two names. Jefferson G. Smith sounded a lot more familiar than W. St. John Garwood, which must have made a lot of people think of a British country squire, or a high-church Episcopalian minister. Anyhow, they voted in large numbers for Jefferson G. Smith, although 95 per cent of the people didn't know anything about either Smith or Garwood.

Elections are funny things.

* * *

Hard-hitting Lyndon-Johnson has gone to Washington to start off the special "political session," but he'll be back in there swinging away by the time next week dawns.

Mr. Johnson knows that the Stevenson camp will charge him with "running for office when he should be doing his job in Washington." But he also knows that the Congressional session was called for reasons purely political and that whatever may be done—if anything is done—doesn't require his presence throughout the three August weeks of the session.

Mr. Johnson and his supporters know that it's much more important to Texas for an energetic, experienced man to be sent to the Senate than it is for him to be in Washington squabbling over politics. They know, too, that the Democratic party badly needs new blood in high places and that Mr. Johnson will be one of the party's new leaders if he is elected to the Senate.

* * *

WHEN Mr. Johnson entered the Senatorial race just a few weeks before election day, he was not widely known. A poll taken by disinterested parties showed that only 39 per cent of the people could identify him, whereas 60 per cent correctly identified Coke Stevenson, who had been running for the Senate since last January.

Johnson largely overcame his handicap by one of the most brilliant and hard-hitting campaigns the state has ever seen. Biting off large chunks of votes ever day. His popularity grew as Stevenson's declined, which indicates that time is on the Johnson side.

If Mr. Johnson continues to run in the second primary as he ran in the last few weeks of the first one, the offices of the big Houston oil companies will be draped in black by midnight of August 28.

The Johnson-Stevenson run-off is going to be very interesting.

BY DREW PEARSON: TRUMAN URGED BY FARM LEADER TO PHONE PREMIER STALIN

Regulated Prices Low, Uncontrolled Prices Zoom

WASHINGTON. — President Truman got some interesting suggestions on the Berlin crisis the other day from James Patton, rugged boss of the National Farmers union, who urged him to "do something dramatic."

PEARSON

"If I were President," blurted the Rocky Mountain farmer, "I would call Premier Stalin on the phone, tell him we had a bad situation on our hands and say I wanted to meet him in Berlin to talk it over."

"Jim," the President smiled, "I can't be dramatic. I'm not the dramatic type."

But he assured the farm leader that "ways can be worked out" to settle the explosive Berlin question without war.

Patton had one more question on the international situation.

"How close," he asked solemnly, "are we to war?"

The newspapers, Truman replied, have overplayed the Berlin tension. The Russians, he was convinced, do not want war.

"And we certainly don't want war," added the President.

NOTE: Patton also told the President that, while Congress had passed farm price supports, it was only the beginning of a long-range farm program. The farmers needed other measures, such as soil conservation, rural electricity, aid to rural schools, etc.

"Well, I'll certainly keep plugging for you," Truman promised.

Why The Housewife Worries

It has now been exactly two years since the Congress of the United States, after hot and hectic debates in the month of July, 1946, voted to sabotage price controls.

Here are the official figures showing the difference between controlled prices and uncontrolled prices since the end of OPA:

Price of meat—upped 191 per cent since May 15, '46.

Rents—which remain under controls, increased only 7.6 per cent.

Gas and electricity—regulated by state and municipal commissions, have increased only 2 per cent.

General food prices—have gone up 214.1 per cent over the 1935-39 average.

Words certain statesmen would like to forget (made during the OPA debates two years ago):

Sen. Kenneth Wherry, Nebraska Republican — "Taft! Taft! Everybody's talking about what Taft has done to OPA. I'm the fellow that knocked out meat control, and I've done more to that bill than anybody else."

Rep. John Taber, New York Republican—"OPA is at the present tmie the chief promoter of inflation."

Sen. Robert Taft, Ohio Republican — "Prices somewhat higher than normal tend to increase production. We certainly should not force such a reduction of prices as to interfere with more production."

Rep. Reid F. Murray, Wisconsin Republican—"I do not care to vote for any more money for the OPA and thus increase the dangers of starvation . . . Chester Bowles and the other agencies are there to keep businessmen from making a profit."

Rep. Henry D. Larcade, jr., Louisiana Democrat—"(OPA) was run in a highhanded, dictatorial and discriminating manner, treating not only the members of Congres.. but the people of the country as a whole with disdain, disrespect and discourtesy."

Rep. Jessie Sumner, Illinois Republican — Subsidies are just OPA's black-market way of concealing the fact that cost of living is going up and up and your money is buying less and less and less."

Rep. William Lemke, North Dakota Republican — "Today the question is should the OPA be liquidated—abolished? My answer is that it should never have been created. It is an un-American, illegitimate child. It was born of foreign parentage."

Rep. Carl T. Curtis, Nebraska Republican—"(OPA) is a sham and a fraud. It is one of the prime causes of inflation."

Rep. Edward O. McCowen, Ohio Republican — "Let us make the break now, and then let the price-control act die its natural death. There will be confusion for a few months . . . Then confusion will end, prices will be stabilized and production will be normal and sufficient."

* * *

REMARKED General Eisenhower to friends: "The Republican platform looks in two directions." . . . Mrs. Huey P. Long, wife of the late Louisiana kingfish, may be the first woman in America to be the wife of a senator, a senator herself, and the mother of a senator. Martin of Olathe, Kansas, now challenging diehard Congressman Errett Scrivner in the Kansas Republican primaries . . . Friends of Justice Bill Douglas are suggesting that he run for the Senate from Oregon in order to prepare for the presidential race in 1952.

Corporation Gravy

While the cost of food to the housewife has zoomed, here is what's happened to the dividends of big corporations.

The figures were presented recently by plain-talking Democratic Senator Joe O'Mahoney of Wyoming, as compiled from the Federal Reserve board and various banking reports, as follows:

Profits of 100 corporations after taxes:

1940 ------ $1,875,000,000.
1945 ------ $1,943,000,000.
1947 ------ $3,730,000,000.

O'Mahoney also cited a Federal Reserve board report, stating that business profits this year will exceed the dizzy high of 1947. Pointing to individual corporations which have shared in this bonanza, he reported that General Electric Co. is now making profits in excess of 20 per cent of net worth, General Motors 19.9 per cent, U. S. Steel, 10 per cent.

The 1947 profits of General Electric, before taxes were paid, were five times greater than its 1939 profits, O'Mahoney charged.

Meanwhile, he declared, wage increases have been obliterated by inflated living costs, as evidenced by the fact that American consumers are paying $37,000,000,00C more for what they buy this year than in 1946.

MOST people remember criticism, don't remember justification. When Congressman Chet Holafield had the courage to stick up for Dr. Edward Condon of the bureau of standards, he received a barrage of brickbats. Now Condon has been completely exonerated by the Atomic Energy commission of being a "poor security risk." . . . Jarring note at the Pershing funeral: One pallbearer was Gen. George Van Horn Mosely, who came to light during the Dies hearing as being the idol of the Fascist knights of the White Camelia. A recent booklet circulated in Washington is captioned: "Army general exposes Jews—General George Van Horn Mosely, one of three top generals in the First World war and close adviser to General Pershing, lifts the lid on Jewish conspiracy and the Communist plot."

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

"THAT poor kid hasn't a chance to grow up to be anything but a neurotic," said a doctor friend of the family.

Why did he say that of a 5-year-old child? Because the child hears too much talk of sickness, too much sickness too much dramatization of small ailments.

MILLETT

Mama is always bidding for sympathy because of her "awful headaches." Papa is always being reminded that this or that food doesn't agree with him. Junior is forever hearing his childhood diseases discussed in detail.

It's a pity more parents don't realize what they are doing to their children when they talk so much about sickness.

* * *

DON'T TALK SICKNESS

MAYBE Mama can't help her headaches But she doesn't have to talk about them—or let her children learn when they are young that sickness can be used to get attention, to promote sympathy, and as an excuse to avoid unpleasant situations.

A child can't be kept from having his share of the common diseases. But his parents don't have to dramatize each illness, to build it up in his mind as one of the more important things that has ever happened to him.

The sensible way, of course, is for the grown-ups to keep still about their minor ailments, to do as little talking as possible about their serious ones and to treat their children's illnesses as matter-of-factly as possible. That is the way to avoid having a little neurotic in your home

"Try And Stop Me"

ONE of the most embarrassing moments in the life of the tub-thumping evangelist, Billy Sunday, occurred in Paterson, New Jersey, where he was attempting to convert at dinner a rich old reprobate who owned a local silk mill. "You must have faith," thundered Sunday. He stabbed a piece of meat with his fork and waved it in the air. "I am as sure of going to heaven," he said, "as I am of eating this piece of meat."

Unfortunately he waived it so vehemently in the air, that the meat dropped from the fork, and fell on the floor, where it promptly was consumed by Fido, a Boston bull.

The reprobate roared with laughter. Sunday retreated with dignity, "Now," he said, "the dog will go to heaven too!"

Results Of Special Session May Decide Next President

WASHINGTON. (NEA)—Results of the special session of Congress alone may decide whether Harry S. Truman or Thomas E. Dewey will be president for the next four years.

EDSON

As governor of New York, Dewey could perhaps be pardoned for keeping his neck in and expressing no opinion on tough questions of domestic policy. But, in his new role as GOP candidate for the presidency, it is he who is on the spot as well as the Republican Congress. This will give the voters just the opportunity they need to compare the two candidates in action, and not just on campaign promises.

The special session may also backfire to make Harry S. Truman and the Democrats the targets instead of the trigger men.

Take the Civil Rights issue. The Republican platform calls for all the reforms President Truman has asked. Republican majorities in Congress plus liberal Northern Democrats should be able to slam through the whole program.

* * *

Filibuster Is Danger

The danger comes through the possibility of a filibuster from about a dozen southern states' rights senators, including W. Lee O'Daniel of Texas, John L. McClellan of Arkansas, Richard B. Russell of Georgia, John H. Overton of Louisiana, James O. Eastland of Mississippi and Olin D. Johnston of South Carolina, all Democrats.

There are only two ways to break a filibuster. First is to pass a rule limiting debate. If the senators are sincere about wanting civil rights and wanting to go home, they will vote this through. The alternative is to keep the Senate in continuous session until the filibusterers wear themselves out.

So, at the worst, there is the possibility of a two weeks' session in which nothing would be accomplished and for which the Democrats would get the blame.

Senator Johnston's idea of having Congress vote to adjourn as soon as it convenes would definitely show that the congressmen were afraid to face the issues of unfinished business on which the people have a right to demand constructive action. Adjournment of Congress before anything is accomplished would be an excellent cue for the voters to throw all the rascals out and elect a new bunch in the hope it would do better.

* * *

OF COURSE, it was politics that prompted President Truman to call Congress back. But, if the American people gain something out of this session in the way of housing or anti-inflation legislation, what difference does it make if the motive was sordid politics?

The program on housing should be fairly obvious. If it is nothing more than the Taft-Wagner-Ellender bill, it will be enough. This bill has already passed the Senate but will have to be fought through the House again.

The problem on inflationary controls is more complex. If the president asks for the unpassed seven points of his original 10-point program, the outlook is doubtful. Desirable as rolled-back prices might be, it is unlikely that the country is in any frame of mind to accept subsidies or regimentation by rationing controls.

There is, however, the possibility of a new anti-inflation program which would call for freezing price and wage ceilings at present levels. This program is now being considered and it makes some sense. The arguments for it run something like this:

* * *

Danger Still Ahead

The country has now been through three rounds of wage increases. Coal, steel, auto, railroad and electrical goods industries have had various price increases which more than offset the wage increases because dividend payments are now higher than when this ratrace began.

Inflation has thus far not hurt anyone particularly, since income has kept ahead of expense for every part of the economy, and there is lit-

SURPLUSES AND ITCHING PALMS

It may seem somewhat paradoxical that there might be arguments against the desirability of accumulating a surplus in any state treasury like the nearly $75,000,000 which has been piled up for Texas.

But computations reported the other day showed that the mere existence of this fund has inspired attempted grabs totaling at least a billion dollars. Seldom has there been more convincing demonstrations of the itching of palms that results from the knowledge that a pile of cash exists.

Fortunately, none of the grabs has succeeded.

But probably it is just as well that this surplus will be reduced, chiefly through a reduction of the state tax rate from 75 to 42 cents on the $100 of assessed valuations.

The reduction will, among other things, help to remove temptation.

NOTICE TO BIDDERS
Sealed proposals addressed to Mr. Marlin R. Smith, Jr., City Manager, Lubbock, Texas, will be received at his office until 2:00 P. M. August 13, 1948, for the construction of grading, drainage, concrete curb and gutter, caliche base, and asphalt surface treatment on certain streets in the City of Lubbock as hereinafter specifically designated.

As soon as possible after receiving the bids they will be considered and the successful bidder notified.

Prices in the Proposal shall be made on the basis of unit measurement for each of the seven items in the proposal. The approximate quantities are as follows: Subgrade preparation 111,595.13 square yards; Concrete Curb and Gutter 59,161.18 linear feet; and Pavement (includes caliche base and asphalt surface treatment), 95,151.85 square yards.

Bidders must submit cashier's or certified check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of the City of Lubbock in an amount not less than five (5%) per cent of the largest possible bid submitted as a guarantee that Bidder will enter into contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The Successful Bidder must furnish performance bond on the attached form in the amount of one hunrded (100) per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

The City reserves the right to reject any or all bids, to waive formalities, to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 91, Chapter 45, (Article No. 5159A Civil Statutes 1925) covering the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the office of John P. Ruhmann, City Engineer, at the City Hall, Lubbock, Texas, and maybe procured upon a deposit of $10.00 as a guarantee of safe return of the plans and specifications. The full amount of this deposit will be returned to each bidder immediately upon return of the plans and specifications in good condition. No refund on contract document and plans returned later than ten (10) days after the date of receiving bids will be obligatory. Additional sets of plans maybe obtained at the cost of duplication.

The bidders attention is called to the fact that, although he will be paid in cash by the City of Lubbock for work performed under the terms of this contract, no work shall be commenced by the Contractor or any unit unless and until the City Engineer has issued his written order to the Contractor to proceed with construction of the unit and the City Engineer will not issue such written order unless contracts for the paving have been executed by all abutting property owners in the unit or the City Commission has otherwise by resolution authorized the City Engineer to issue such written order.

No bid maybe withdrawn after the schedule closing for receiving of bids for at least thirty (30) days.

Service Insurance Deadline Is Near

A reminder to war veterans came from the regional office of the Veterans administration here today that this is the last week for reinstatement of lapsed National Service Life insurance on a "comparative health" basis.

Robert W. Sisson, manager of the VA office, said the privilege of reinstating without physical examination will be available after July 31 only to veterans whose policies have been lapsed for less than three months.

After a lapse of the insurance for three months or longer the veteran will be required to take a physical examination and qualify as an insurable risk, the announcement said.

Prior to Aug. 1 an eligible veteran may reinstate any amount of term insurance—from $1,000 to $10,000, in multiples of $500—regardless of length of time it has been lapsed, and this usually can be done without physical examination.

Reinstatement involves only the filling out of a simple application form in which the veteran certifies that his health is as good as when the policy lapsed, and the payment of premiums for two months, Sisson said.

Bees must travel an average of 150,000 miles to gather a single pound of honey.

tle unemployment. The real danger of inflation would come through fourth or subsequent rounds of wage and price rises. Such climbing up the inflationary spiral could only lead to a boom that would make eventual downward adjustment difficult without a crash.

The sensible thing to do is attempt to hold the line on wages and prices at present levels, and not let them go higher.

The mechanics of such legislation will be difficult to work out, administer and enforce. Curbs on credit and imposition of the Aiken bill farm price support program now, instead of 1950, might have to be part of the plan, for they are the keys to the cost of living.

Chinese Plane Order Goes To Texas Firm

DALLAS, July 27 (U.P) — The Texas Engineering and Manufacturing company has been selected to rehabilitate 95 U. S. fighter planes for the Chinese government.

The order embraces 53 Mustang fighters and 42 Thunderbolts.

Cost for overhauling the planes was estimated at $600,000. The job has been scheduled for completion next January.

Payment For County Work Is Authorized

Lubbock county commissioners court Monday authorized payment of a final estimate of $12,592 to J. R. Fanning, for road construction, and $478.58 to C. A. Tubbs for engineering.

It authorized payment of $1,857.29 for a 1948 Plymouth automobile to be used by the sheriff's department.

The court approved payment of $1 for right of way and $1,199 for damages to Mrs. Julia Anna Vickery and others, and $425 to W. A. White, lessor, contingent upon making right of way available near McWhorter school.

Appointment of A. W. Salyers as assistant county attorney during vacation of County Attorney John Steele was approved by the court. Steele has had no assistant since Tom Gordon resigned recently to become associated with a Houston law firm.

Commissioners present were R. O. Short, Ottis Isom and Pat Corley. Commissioner Ben Mansker was on a vacation trip to Colorado. County Judge Walter Davies presided, and County Clerk Louie F. Moore was secretary to the court.

Activity Of Soviet Divisions Reported

ISTANBUL, Turkey, July 27 (P) —Istanbul newspapers said today heavy Soviet military forces have been concentrated along Yugoslavia's frontier with Romania.

The papers, Cumhuriyet and La Republique, quoted travellers as saying 22 Russian air divisions now are concentrated in Romania.

These divisions, the papers added, are divided into two groups, one of which is poised toward Yugoslavia, the other southward toward the Mediterranean. Bombers were reported to be carrying out exercises nightly.

The papers said other forces are being moved into Bulgaria.

A high Turkish intelligence officer told newsmen he had heard nothing of these moves.

Another informed source said some movement might be going on in Romania, but not on the scale reported in the two papers.

San Antonio Prowler Attempts Strangling

SAN ANTONIO, July 27 (U.P)—Some prowlers have a lot of gall.

Mrs. Dorothy Jordan awakened in her home to find a large man towering over her, trying to strangle her with a towel. He fled when she raised up.

Mrs. Jordan still is looking for the man.

She's the only woman member of the San Antonio police department.

Russia And Satellites Build Network Against "Aggression"

By EDWARD E. BOMAR
Associated Press Staff Writer

WASHINGTON, July 27—While assailing American support of Western Europe, Russia and her Eastern European satellites are building a tight network of treaties against "aggression."

The State department noted this today in publishing as an official document the texts of 22 compacts signed by Moscow or the Soviet bloc states. Others have been completed or are in the making.

The roundup was made before Czechoslovakia and Romania initialed their "Treaty of Friendship, collaboration and Mutual Assistance" last week. Russia and Albania are expected to sign up shortly, thereby increasing pressure against Marshal Tito's Yugoslavia in his quarrel with Moscow.

Military Support Provided

The treaty between the new Communist-run Czech regime and Romania, like most of the others, provides for mutual military support in case either is "dragged into armed conflict" with an agressive Germany or "with any other state directly or indirectly uniting with Germany."

By the terms of Moscow's propaganda campaign that would appear to include the United States, Britain and France because of their backing of a separate government for Western Germany.

The exchange of pledges among the soviet bloc states has been accompanied by numerous denunciations of "American Imperialism," the state department also noted.

In general, all the post war treaties followed an identical pattern, stressing the following principles:

1. Close collaboration between the contracting states.
2. Agreement to consult on all important international questions of mutual concern.

Will Act Together

3. Agreement to act together against any renewed aggression by Germany or any attack by a third state threatening the independence or territorial integrity of the signers.
4. Agreement not to conclude any alliances or to take part in any coalition directed against the other signers.
5. Strengthening of political ties by appropriate treaties dealing with economic, cultural and other matters.
6. Agreement to carry out the treaty in the spirit of the United Nations charter.

Nearly all of the compacts have been for 20 years. A treaty Moscow signed with Finland April 6, however, was for 10 years. It differed in many respects from other pacts, "although its ultimate effect is identical," the State department noted.

Venires Ordered In Murder Cases

Judge G. V Pardue of 99th district court Monday ordered two special venires to report to him in September for trial of murder cases.

A special venire of 200 men will report at 10 a.m. Sept. 20 for trial of the Brewster E. Dillard case.

Another, of 175 men, will report at 10 a.m. Sept. 7 for trial of the Milus Steen case.

Both motions were made by District Attorney Lloyd Croslin.

Dillard is accused of murder with malice in the shooting Nov. 1 of Garlon Douglas Weaver. Steen, a negro, is charged with murder with malice in the Feb. 23 shooting of Narvis Smith, another negro.

The Roman catacombs — the first chuch and cemetery of the early Christians — wind for 587 miles under the Italian city and contain more than 6,000,000 tombs.

22nd Child Is Born To Woman In Georgia

ATLANTA, Ga., July 27 (INS) Mrs. Maude Ethel Pope, 38, proudly exhibited her 22nd child in an Atlanta hospital today and announced that "this is my last one."

Mrs. Pope, who said she was married at the age of 11, said "about 10" of her 22 children are living.

She named the new baby, a boy, Daniel Martin Pope. Then she observed:

"Twenty-two children for a 38-year-old woman is enough."
