

Official Election Count Changes Figures

Crippled Children's Clinic To Be Held In Clarendon

FEW CHANGES IN OFFICIAL COUNT

**SAM LOWE POLLS EXTRA 101
VOTES TO LACK 60 FOR
MAJORITY**

Nose of the election results were changed and only a few totals were altered by the official count issued by the County Convention last Saturday afternoon at the Court House following a thorough recount of the county races.

The new official count shows the following figures on the 19 precinct boxes.

J. C. Estlack.....627
J. J. Alexander.....574
S. W. Lowe.....1141

A mistake of 101 votes was found in the total for Lowe over the unofficial count appearing in last week's issue of The News. With the new count a run-off looks very improbable as only 60 votes is needed by Mr. Lowe for a clear majority over both opponents and he is leading his nearest opponent by 514 votes.

Marvin Smith.....945
W. A. Armstrong.....1348
Another change is found in the total of Mr. Armstrong whose tabulation was too high in the first preliminary count.

Sheriff Guy Pierce was favored with 2334 votes of confidence for his second term in the office of chief peace officer of the county. The Commissioner's races not reported last week are:

Precinct 1
C. J. Talley.....81
Sid E. Harris.....101
Walter Hutchins.....21
W. A. Poovey.....86

Precinct 3
J. Les Hawkins.....468
W. C. Bridges.....285

Precinct 4
G. P. Polley.....6
W. B. Beck.....94
W. P. Chamberlain.....52

J. P. Pool retained his position as Precinct No. 3 Chairman with 249 votes against P. L. Dishman who polled 142 tallies.

W. P. Cagle was returned as County Chairman with 77 votes.

CHILDRESS MAN SEVERELY HURT

MYSTERIOUS ACCIDENT SUN- DAY NIGHT WEST OF CLARENDON UNSOLVED

In the Adair Donley County Hospital lies L. H. Davis, licensed truck driver of Childress, who is slowly recovering from the effects of a severe brain injury sustained in some unknown manner on Highway 5, west of Clarendon late Sunday night.

Davis and another man were in a truck when they met a roadster driven by Roy Lummus of Clarendon, on the narrow bridge a few miles west of town. In the collision that followed both car and truck went off the bridge to the South ditch and with no apparent injuries to any of the three. Meanwhile a car passed headed for Clarendon and the men hailed it seeking a ride into town for aid in righting the vehicles. Davis ran up the road following them as they slowed down and on their asking what he wanted, called out that he had had a wreck and that he wanted to ride into Clarendon. The other truck passenger and Lummus heard nothing further than the "gunning" of the car as it gained quick momentum, and supposed that Davis had secured passage to town.

In the course of another few minutes, however, a car passed enroute West and on crossing the bridge stopped, turned around and came back to inquire about the wreck, saying that they had just East of the bridge. Alarmed they ran up that direction and

CAMP FIRE GIRLS ENCAMPMENT OVER

**GIRLS ENJOY SUCCESSFUL
CAMP AND DO OWN
WORK DURING STAY**

Forty-eight well tanned and tired but happy Camp Fire Girls and Guardians broke camp Monday morning and returned to the city and their respective luxuries of home after enjoying the most successful encampment ever staged by the local group. Living an outdoor life of rugged existence for a week in which each girl did her own work and prepared the food for the encampment and followed a regular routine of athletic activity intermingled with a wholesome amount of fun for the girls are a great deal benefited for their vacation and loud in their praise for those who contributed to the success of the venture.

Contrary to the belief of many who were under the impression that the encampment was only a vacation lark for the girls who would not do the actual work of the camp, the members of the various troops were assigned equally unpleasant tasks to perform, such as carrying water, washing dishes, preparing the meals, cleaning their tents daily for inspection, cleaning the mess hall and the various other tasks which necessitated a great amount of labor on the part of each girl.

However, not all was work as the daily schedule called for an early plunge into the refreshing waters of the Country Club lake, adjoining the campsite. Following this came a period of physical training, hikes, handcraft, stunts, games, dancing and group singing.

The best of fellowship existed among the large number of girls and no rule was broken and no girl was given the K. P. sentence for violation of any regulation.

The girls wish to express their sincere thanks to Mr. J. J. Goldston for the Camp site; Drs. Stricklin and Jenkins for the physical examinations for admission to the camp; the Lions, Rotary and B. & P. W. Club for aid in camp expenses; the Clarendon Country Club for swimming privileges; the lumber yard for benches and material used in camp and the mothers, fathers and

came upon Davis lying on the North side of the road in an unconscious condition, and with abrasions on his face, shoulder and knees.

They hurriedly the injured man to the Adair Hospital where a doctor was called, and where treatment was immediately administered. It is reported that the victim was suffering from a severe injury to the brain, supposedly from a fall, and he is improving at this writing.

Davis, probably alone knows just how the accident happened and his condition is too critical just now for the doctors to permit any questioning. The men in the car he hailed may know what happened, and the details are now a matter of wide speculation. Probably the most logical theory is that when Davis caught up with the car and jumped on the running board, the driver became frightened thinking he was about to be "stuck up," and put the machine into rapid motion which threw Davis with great force to the hard ground.

Anyway the accident is shrouded in mystery at the present and the public will have to await its solution.

Frank Taylor returned to Dallas last Thursday night after a visit here in the home of Mr. and Mrs. V. H. Patrick.

Old Settlers Will Hold Second Affair

The News has been requested to remind the citizens of Donley County that it is only a short time until the old timers will be celebrating the second annual fete at the Tom Tate grove six miles northeast of Hedley. Plans have been made to make this one of the most pleasing and interesting events of its kind ever held in this portion of the county and the only requirement for admission to the grounds is that the citizens must have been residents of the county for at least twenty years. The exact date was not learned by The News but is presumed it will be held in about two weeks. The full plans will be announced in next week's issue of The News so every one watch for the date.

Plenty of entertainment is being planned for the old settlers of 20 years or more in Donley County and plenty of "chuck" will be on hand to make the second annual affair one long to be remembered. Old-time music and good snappy speaking also will be featured.

COUNTY DEMOCRATS HOLD CONVENTION LAST SATURDAY

A number of interested delegates from the various precincts in Donley County gathered at the Court House in Clarendon last Saturday and attended the Democratic County Convention in which the following tells a comprehensive story of what activities took place on the scene of the various precincts were opened and the votes canvassed and preliminary election returns corrected.

Convention called to order by W. P. Cagle county chairman. W. T. Link elected Secretary of the convention.

Delegates elected by the precinct conventions to the county convention appeared as follows:

Precinct One, Goldston, G. R. Grant.

AUBYN E. CLARK POST WINS AGAIN

**GENERAL EFFICIENCY CUP
BECOMES PROPERTY OF
LOCAL LEGION**

In a message from G. L. Boykin, adjutant of the local American Legion Post, who is attending the sessions of the State Legion Convention at Corpus Christi together with Barcus Antrobus, it was learned that for the third consecutive year the Aubyn E. Clark Post was awarded the loving cup for the best record of activity in this district. Not only did the local Post walk off with the district activities but its 930 points of a possible 1000 ranked the Clarendon organization ahead of any other Post in the State of Texas.

Nathan L. Cox was the commander which carried the post over the top for the third successive year and then whipped the entire state on record of activities which speaks well of his work and for the co-operation enjoyed from the membership of the Clarendon Post.

By virtue of this year's triumph the loving cup becomes the permanent possession of the Aubyn E. Clark Post.

J. R. Porter was instructed by the convention to draft an anti-nepotism resolution applying to the National Government and brought into the convention the

JULY WAS RIGHT WARM MONTH IN DONLEY COUNTY

Many stories have been printed about the heat wave which extended throughout the most part of July, with yarns from Amarillo and Dalhart suffering under sweltering maximum temperatures of 100 degrees and 98 degrees respectively. Those poor folks—it's tough on 'em we know, but they should come on down to Clarendon and Donley and enjoy a little summer weather. Wonder if they are wearing longuns up there? I expect they are for its a lot cooler than down in our section of the country.

The mercury soared from near the century mark the fore part of the month to 106 degrees as the month faded into August. However during the month there has been several days over the 100 degree mark. Monday, August 1st, produced the highest mark for the summer as the hot winds sent the sizzling degrees boiling to 107 degrees.

The 107 degree figure was made on the day when a hard shower also fell, however, instead of cooling the county the remainder of the day was spent steaming the water out of the dry earth.

following resolution:

We, the Donley county Democratic convention, believe as we do that the practice of certain United States Congressmen and United States Senators of employing their kin for any and all purposes is undemocratic and against the fundamental political policies of this county and should resolve that an anti-nepotism law similar to that of the state of Texas, should be enacted by the United States Congress.

Which resolution was unanimously adopted.

The following were elected delegates to the state Democratic convention: J. R. Porter and W. P. Cagle. Alternates, J. T. Patman and W. T. Link.

Foregoing minutes of the convention were read and adopted by the convention.

Crippled Children's Clinic To Be Held In Clarendon Next Tuesday

The Crippled Children's Council, incorporated, of Amarillo will hold a clinic at the Adair Hospital in this city next Tuesday, August 9th, beginning at 10 o'clock a. m.

It is the desire of the Council to have all the crippled and deformed children in the entire adjacent territory present at this clinic. Dr. John T. Gray, the consultant or thopedic surgeon of the Crippled Children's Council will be in charge of the clinic assisted by the Clarendon doctors and physicians.

There will be no charge for any services rendered at this clinic. The parents of children needing attention are urged to have their children present at this clinic. This will be a wonderful opportunity for parents to get expert advice and treatment for their children. Cases of infantile paralysis, cleft plate, bone diseases, club feet, spinal curvature, etc. are especially urged to attend this clinic.

The Crippled Children's Council, Inc. is a wholly charitable organization.

zation owned by the Rotary, Kiwanis, Lions, and A. B. C. Clubs of Amarillo. This council was especially formed to see that unfortunates in the Panhandle territory could be placed in a position to receive proper treatment.

We feel that the work being done by the Council is of the greatest importance, because we know that in giving a child a correction, that it will benefit the child entirely through its life, and also the people coming in contact with it.

We know of numerous cases that are in the territory adjacent to Clarendon. We will appreciate having every crippled child present at this clinic in order that we may fully understand their number and needs.

The Clarendon Lions Club will be acting as host to the members of the Lions Club of Group 33 and this will afford the service club members a fine opportunity to receive a first hand knowledge of the work they have contributed to.

MERCHANT IS NEW BOSS LION

**WALKER INSTALLS NEW
OFFICERS TUESDAY**

District Governor H. C. Walker of Pampa made his first official visit of the new year Tuesday noon when he presided over the installation service of the new officers of the Clarendon Lions Club. Lion T. D. Nored was in the chair in the absence of Boss Lion G. L. Boykin who is attending the American Legion State Convention at Corpus Christi. After getting the preliminary details out of the way he called upon Lion Sam M. Braswell, newly elected International Director, to introduce the District Governor.

In a short speech Governor Walker complimented the local club for their fine record through the years and then traced the unparalleled progress and achievement of the Lions organization throughout International and particularly Texas. He asked the Clarendon Lions to continue their splendid work in the community and nation and expressed a hope that "T" Texas would be the outstanding district in the entire organization.

In performing his initial official task Governor Walker read the names of the new officers and asked them to stand. Lion Merchant was duly vested with the duty and honor of the place of Boss Lion with the president's gavel being presented him as he took over the reins of the club.

The club's custom of sending the president-elect to the International Conventions was lauded by the Governor as a method of installing into the work of the club the enthusiasm and magnitude of the organization. Lion Clyde Douglas reminded the club that it was through the generosity of Lion A. L. Chase, who relinquished his trip to a convention that the president-elect was sent to the International meet.

Boss Lion Merchant gave an interesting account of the highlights of the convention trip and brought to light the fact that Lion Sam M. Braswell was elected by the largest majority of any candidate for the five vacancies on the International Board of Directors, receiving one more vote than did the California candidate, the host state's entry. Lion George Briggs of Pampa accompanied Governor Walker to the city and was a guest for the day, but declined to make a speech other than stating that

CHURCH OF CHRIST IN FINE REVIVAL

**ELDER FRANK L. COX BRING-
ING STIRRING MESSAGES
TO CONGREGATION**

What is said by many to be the most successful and powerful revival meeting ever held at the Church of Christ is in progress at the present time and large crowds are taxing the capacity of the church for most every service, as Elder Frank L. Cox continues to bring stirring inspirational messages. The congregations are becoming more and more in number and it is feared by those in charge that some other place will have to be sought where the crowds may be handled with greater comfort.

Never have such numbers become interested in a revival meeting as in the present campaign. Two services are held daily with the morning meeting starting at 10 o'clock and the evening service at 8:30 o'clock. All services are being held in the church and every one is cordially invited to attend any or all services and help in the campaign. Elder Hukel returned to the city during the first few days of the campaign and did a great deal of constructive work in getting the meeting off to a successful start.

DONLEY MAN'S PET STEER SOLD WHEN VALUES JUMP

A steady climb in cattle prices led to the sale of Donley County's biggest steer, owned by Clarence Piercy. The steer a family pet and milk-fed calf that was known to all Donley county for his enormous size, weighed upwards of 2,000 pounds.

Miss Carrie Davis went to Quitaque Saturday to visit her sister, Mrs. Lola Middleton. They left from there Monday for Colorado where they will spend their vacation.

Mrs. W. C. Breining and two children, Berryman and Clell from LeFors arrived Monday to visit in the home of Mrs. Breining's mother, Mrs. Georgia Burrell.

it was he who was responsible for the Governor being present as he started for Amarillo instead of Clarendon upon leaving Pampa. Rhodin Chase was another welcome visitor and added much to the program with his work at the piano in the absence of Lioness Dorothy White who is on her vacation.

HIGH RESPONSIBILITY OF THE VOTER

Even in ordinary times it is a hard matter to keep voters of an easy democracy like ours here in the United States, fully mindful of their high responsibilities. When conditions are hard and the future uncertain, and at a time when sound thinking and wise voting is even more necessary, it seems that it is increasingly difficult to maintain a general equilibrium at the ballot box.

Never in Texas, since the last fatal experiment of a woman governor with her impeached husband exercising full authority without any legal or constitutional checks, has there been any great period of a return of such disgraceful condition—recognized as such all over the United States. And yet, here in 1932 when the country needs worst the firm hand of an honest, able executive as it tries to emerge from the serious low-levels of the depression, there is a new and threatening peril of the return of Fergusonism to the capitol at Austin.

A gentleman who has been visiting in the central part of the state remarked the other day that he heard men who had usually been considered fair, honest and thinking men, say that they knew Ferguson had been crooked, they knew he had profited in a gross and dishonest manner under his wife's tenure, and they knew he would do so again, BUT, and the usual twaddle about voting for a poor man against a rich man, etc. That is a terrible indictment against the voter who will admittedly vote for a dishonest man against one who defied the smart Ferguson cohorts to find a single item of dishonesty connected with his administration, and a man who has become a poor man while he served as governor.

To be a true citizen and patriot no voter can afford to vote for any candidate where there is taint of dishonesty—certainly not when dishonesty has been proven. Let us all resolve to live up to the highest responsibilities of citizenship and let us demonstrate that resolve in every vote we cast.

We have a new and decisive opponent on August 27th.

CLINT SMALL AGAINST REPEAL

Following statements made in this column about the stand against prohibition of Clint Small, the News editor received the following letter from Editor C. W. Warwick of the Canyon News, which brings a new light on the subject:

"I just received what you said about Clint Small. I am glad to tell you that in a speech in Canyon last Saturday night he came out firmly against the repeal of the 18th amendment, and pointed to his record as district judge when he sent more men to the penitentiary for liquor violations than any district judge in Texas.

"In talking with Senator Small after his declaration, he stated before a large group that his faith was not shaken in the effectiveness of national prohibition and that he was absolutely opposed to meddling with this question at the present time, as demanded by both national platforms.

"Personally I have observed Senator Small very closely during the past four years, and have found that he does not talk without first thinking, and after he speaks you can depend upon what he says. I just wanted to drop you this friendly note, as I am convinced from what I see and hear that the Ferguson bunch, while professing friendship to Small, are going to support his opponent."

So it seems that Clint has been converted to prohibition, and we are glad of it, for the activities of Wirtz-Small & Co., in the last senate were far from the approval of regular prohibitionists. The News is glad to have this authentic information concerning our State Senator's position on prohibition, for there are some testing times ahead, and we need the vote and influence of Senator Small.

HUNTER SHOULD TAKE A STAND

In a recent editorial The Dallas News calls on Tom Hunter, third choice of the people in the recent primary, to declare boldly his position and choice in the Sterling-Ferguson contest now before the people of Texas.

Yes, Tom Hunter ran a clean race, and his vote was of enough volume to mark him as a prospective leader in Texas—if he will assume such leadership. The way to assume leadership is to announce boldly his stand—either for sound, responsible government as represented by Ross Sterling, or the spoils system as always carried out under the Ferguson system.

It ought not to be hard for a man like Tom Hunter to make his choice, and on that choice depends his political

future in Texas. He will make a wise choice without pussyfooting and remain a potential figure on the political horizon of Texas, or he will remain silent and be forgotten, or yet make an unwise choice and raise the barrier to exclude himself from consideration forever.

Clint Small delayed too long in making his choice two years ago, and then his activities smacked too much of a man under pressure, and he is out of it insofar as the governor's office is concerned.

Tom Hunter should consider these things and make his own choice—and do it quickly.

COUNTY RACES IN RUN-OFF TO HOLD INTEREST

If runners-up in all races decide to use their privilege of the run-off on August 27th, there will be three races for county officers and two county commissioner contests in Precinct One and Two.

The vagaries of the voters have been somewhat more pronounced this year than usual, so the people of Donley County are likely to have a warm August in county as well as state races.

Hot weather—and this it is—usually promotes warm politics.

WINDY VALLEY

Sunday School was held at the usual hour Sunday. Rev. Reynolds, who is holding a Revival at Hedley, preached a good sermon afterwards.

We are sorry to report the little daughter of Mr. and Mrs. T. R. Gray being sick, hope she will soon be well again.

Miss Edna Putman of Clarendon is spending the week with

her brother, Mr. L. M. Putman and family.

Mr. and Mrs. M. M. McCracken spent Saturday with their daughter Mrs. Jim Heckman at Clarendon.

TO THE VOTERS OF COMMISSIONERS PRECINCT NO. 1

I find in the official count that my name has been left to again appear on the ballot in the August primaries.

I sincerely thank those who made this possible by their vote and influence and again solicit your support as well as the support of all other voters of this precinct who voted for other candidates whose names will not appear on the August ballot.

Should I be successful I pledge you an honest discharge of all duties connected with the office.

YOU SHOULD PROFIT by Electric Refrigeration Savings!

ONCE you've investigated its many advantages, you'll agree it would be difficult to find a household servant more convenient, more economical and more necessary to the modern home than an Electric Refrigerator. For, truly exemplifying the thrifty spirit of 1932, you will find modern Electric Refrigeration "in tune with the times."

With a modern Electric Refrigerator in your home, you will benefit by substantial savings every month of the year! Food-spoilage will be reduced to a minimum, and the average grocery bill lowered by approximately 10 per cent, according to authorities... And because foods can be preserved safely for an indefinite period, you will be able to take advantage of "specials" and buy foods in larger quantities at bargain prices. Another important saving can be realized through purchasing larger sized canned goods, at a much lower cost per ounce, and preserving the surplus in the spacious compartments of your Electric Refrigerator.

Consider all these pleasant economies... Remember the incomparable convenience and vital health-safeguards of Electric Refrigeration—and you'll admit that our Convenient Payment Plan indicates immediate purchase.

Do you know that your increased use of Electric Service is billed on a surprisingly low rate schedule... and adds only a small amount to your total bill?

THE TEMPLE BUILT BY GOD, THE HOUSE IN WHICH I LIVE

IV. THE WINDOWS OF THE HOUSE, THE EYES

Text—1. Cor. 2:9.

There are no windows more wonderfully made than our eyes. The eye is the organ of sight. Through the eyes we see. The builder, God, has done everything to protect these windows. The eyebrow is not merely an ornament, it is there to catch the dust. The eyelid washes the eye every few seconds, and is intended to be closed as a rest to the eye, while we sleep. The lashes or curtains, protects the eyes from small foreign matter and assists in shading the eyes. Lessons presented through the eyes are impressed on our minds and are easier remembered. Socrates said, "The eyes are the work of God." We all admit that only the Creator, the Wise and Good One, could have planned the eye.

You would not like to live without eyes. Never to have seen the face of mother, never to have seen a flower, not to know what a flower or a bird looks like, and never to have seen the stars and the beauties around you.

People spend great amounts of money, traveling from place to place to see wonders and beauties of nature, and works of man. And after we have viewed the wonders of the world, and have seen all that is to be seen, the

glorious sights fade into nothingness, when we read in the Scripture about that place that Christ has gone to prepare for those who love and obey Him. Paul, the inspired apostle says: "Eye hath not seen the things that God has prepared for them that love Him." We may not be able to visit and see all of the beauties of our country or the important places of the world, but we can make arrangements to see the greatest of all wonders and scenes, the one that Jesus tells us about, the ones that He is preparing for God's faithful children. There is coming a day, when we will all look upon His face, and see Him as He is, we will see that the King and His beauty and be permitted to enter into that eternal abode of God. "Blessed are the pure in heart, for they shall see God." The children of Israel were permitted to see the promised land, but they did not enter into it, because of disobedience. When you see the promised land you will want there, to be given this privilege, to enter in and spend eternity you must learn to obey God and keep His commandments.

Sunday morning we will study a very interesting lesson, "Christ The Priest." We want you to see Him as He fills the office for you. Sunday Night we will bring a message on "The Case of Apollon." He was a great man but needed some assistance in getting his eyes opened regarding some important truths. Perhaps

your eyes need opening also. We might be able to assist you. —W. E. Ferrell, Minister First Christian Church Clarendon, Texas.

CARE - FREE

The periods in life when one can be carefree are limited. Childhood is one of those periods, and rightfully so,—an inheritance due all. Other periods of carefreeness seldom materialize, except through an individual's own planning and consistent work to that end. Relief from financial worries brings a sense of carefreeness which well repays one for the effort made to save and to have, as hundreds of depositors in our saving department will testify.

BAND IN INTERESTING TRIP LAST FRIDAY

The Clarendon Band played for one of its most ardent admirers last Friday when the organization made the trip to the home of Mr. and Mrs. G. R. Grant in the Goldston community where they performed for Mrs. Grant's mother-in-law. The old lady is 84 years of age and has not heard a brass band for the past 32 years. For the past number of years she has been confined to her bed nearly an invalid and for this reason she has been forced to remain away from the concerts of the local band. Refreshments of cake and punch were served the band members by Mr. and Mrs. Grant as a means of expressing their appreciation for the visit of the organization.

On the way back to town the band stopped off and serenaded the Camp Fire girls at their encampment and then enjoyed a swim at the Country Club.

LELIA LAKE FAMILY ENJOYS RE-UNION

One of the most enjoyable reunions ever held in the county was Monday when the W. J. Green family gathered at the family home, three miles east of Lelia Lake and spent the day visiting with one another. All the children of Mr. and Mrs. W. J. Green were present for the first time in a long while together with Mrs. Green's brother, J. F. Payne, who has not seen her home in over 29 years. A big chicken dinner was the main attraction of the re-union and needless to say it was done justice by all folks present.

Those present were Mr. and Mrs. J. F. Payne and daughter and son of Ennis, Texas; T. M. Barker and family of Lelia Lake; Mr. and Mrs. H. R. Solomon and family of Gilmer, Texas; Mr. and Mrs. V. H. Christie and family of Hudgins; W. H. Green and family of Brice; and Lonnie Green of Clarendon.

MRS. R. S. HEIZER IS BURIED THIS AFTERNOON

The citizens of Clarendon and Donley County were shocked and grieved Wednesday when news was spread of the death of Mrs. R. S. Heizer.

Death came to the pioneer woman at the home of her daughter near Guymon, Oklahoma, where she had been visiting for a time.

Mrs. Heizer was 69 years, 8 months and 11 days of age and had lived in the county for a great many years.

For Tea and Dance

By EMMA LOU FETTA

ORGANDIES, redolent with the memories of many gay girlhoods, have come into their own again and this year are being styled for afternoon frocks, for dinner gowns and for dancing. And beautiful they are, for they lend a sweetness and soft unsophistication to any one who wears them.

The above model is an organdy dinner gown embroidered in lustrous durenne cotton which gives life and soft sparkle to the material. Embroidered floral motifs are cut out and used to outline the neck and shoulder straps. A brief, loose, and very chic little bolero of the same material accompanies the frock and it may be worn at dinner and then removed to transform the gown into one suitable for formal evening wear.

The use of lustrous embroidery in connection with organdy is a rapidly spreading style trend making possible charming combinations of bright motifs on dull backgrounds. The general vogue for cotton is productive of a great many new combinations of texture and color. By the addition of the subdued but lovely sparkle of durenne cotton, even the simplest materials assume a decidedly new style importance and lend themselves both to the afternoon mode for bridge, tea or garden party, and to the more formal requirements of evening wear.

afternoon at the First Methodist Church at 5 o'clock with Rev. L. A. Reavis in charge.

CHILDRESS OFFICER HELD IN SLAYING OF ALLEGED ROBBER

CHILDRESS, Texas, Aug. 2.—Deputy Sheriff M. E. Mote was charged with murder today for the shooting of Noble Jordan, 26, on the highway near Childress yesterday after Mote and three other officers had halted him for questioning in connection with an attempted bank robbery at Tell.

After waving examining trial, Mote issued a statement in which he expressed regret that the shooting "had to happen in my duties as an officer." He said he acted in self-defense. Bond was set at \$2,000.

The officers said they had ordered Jordan to stop for questioning but he ignored the command. They overtook him near his home six miles west of Childress, forcing him to stop.

Just what caused the shooting was not revealed. Mote fired five shots at Jordan with a rifle at close range, two hitting him. Jordan was killed instantly. Jordan formerly served at Childress as a constable. At the time of his death he was under indictment at Matador, in Motley county, on a charge of automobile theft, officers said.

The officers had wanted to question Jordan concerning the attempt of two men to rob a bank at Tell yesterday morning. Two men waylaid Mrs. Lonnie Garrison, bank employee, as she came to work. One of them covered her with two pistols and ordered her to raise her hands.

Instead, she ran into the street screaming. As a crowd began to collect, the two men jumped into her car and escaped. The car was found abandoned later four miles from town.

Officers arrested a man near Estelline today for investigation in the case. This suspect was seen driving a car slowly about Tell just after the robbery attempt. Other arrests were expected.

J. R. Bartlett of Childress, former resident of Clarendon, was a visitor in the city Monday.

Herloise Burrell and Eunice Johnson motored to LeFors Sunday to visit relatives.

D. B. Pope returned Sunday night from a visit with his father in Quanah.

W. H. Craven from Childress visited his daughter, Mrs. Tom Bugbee Monday of this week.

THANKS FRIENDS

I wish to thank my friends in Donley County who voted for me in the primaries Saturday. I appreciate your position—by your position, I mean the feeling that you have for the farmers of West Texas. If elected to the office, I plan to look at things from the standpoint of a farmer, because I believe that by helping the farmers we will enrich the state as a whole.

I would like to further emphasize I would favor economy and tax reduction, and to link the highway gaps and also I favor taking up of the county bond issues by the state by use of the gasoline tax.

If you voted against me in the first primary, I do not hold it against you because I feel that you probably had the interest of some of my opponents at heart. Now that I am in the run-off, if you can see your way clear to support me I assure you that your vote will be greatly appreciated.

Dorcus Sunday School Class in Business Meeting

The Dorcus Sunday School Class of the Baptist Church held a business meeting Tuesday afternoon in the home of Mrs. S. L. Tidwell.

The members, voted in new officers as follows:
President, Mrs. T. L. Williams; First Vice-President, Mrs. Bryant Armstrong; Third Vice-President, Mrs. R. A. Hayes; Secretary, Mrs. S. L. Tidwell; Treasurer, Mrs. V. W. Jones; Group Captains, Mrs. Earl Humphrey and Mrs. Joe Bounds. Reporter Mrs. Alfred Estlack.

After all business was attended refreshments were served to Mesdames Joe Goldston, V. W. Jones, Bryant Armstrong, Earl Humphrey, Ralph Andis, Roy Trimble, J. W. Putman, Joe Bownds, Ted Williams, Clifford McCrary, H. S. Fitzgerald.

Night Club Entertained

Mr. and Mrs. Earl Alexander delightfully entertained their night club last Thursday evening. Games of bridge were played in their lovely home. Mrs. Kelly Chamberlain was awarded the prize for high score at the conclusion of the games.

Delicious refreshments were served to the following club members: Mr. and Mrs. B. F. Kirtley, Mr. and Mrs. J. E. Teer; guests, Mr. and Mrs. Kelly Chamberlain, and the host and hostess, Mr. and Mrs. Earl Alexander.

Nathan Chenault Honored

Nathan Chenault from Wichita Falls was honored Wednesday evening with a party at the home of Miss Elizabeth Kemp. The evening was spent in merriment by the young people in spite of the warm night, dancing and various games of cards were the diversions for the evening.

Ice cream and cake was served to the happy group at a late hour. Those present were Misses Berkeley Ryan, Pauline Shelton, Pauline Sanford, Gene Bourland, Johnny D. Latson, Lucille Andis, Carroll Holder, Virginia Gardenhire, Dorothy Jo Taylor, Katherine Long from Houston, and Nathan Chenault from Wichita Falls, Silas Franklin, Rhodin Chase, Carroll Hudson, Kenneth Brown, Byron Haile, Mike Stricklin, Tony Watson, Glen Allison, Benton and Philip Smith, Johnny Blocker, Alfred McMurtry, Bill Word, Sam Cauthen and the hostess, Miss Elizabeth Kemp.

"42" Party Given by Mr. and Mrs. Henry Tombs

One of the most unusual parties of the week was last Friday evening when Mr. and Mrs. Henry Tombs entertained with a novelty Forty-Two party. Their home was attractively decorated with bright summer flowers. The games of Forty-Two were made gay by exchanging bids, sucking all day suckers and not speaking through a game but only making signs like they were deaf and dumb. The evening was very gala mixed with these bits of fun.

At a late hour tempting and delicious refreshments were served to Messrs and Mesdames Allen Bryan, Fred Buntin, Charles Bairfield, Rayburn Smith, Carl Bennett, Tom Goldston, Bill Bromley and the host and hostess, Mr. and Mrs. Henry Tombs.

Little Miss Sula Faye Calcote Celebrates 9th Birthday

Little Miss Sula Faye Calcote celebrated her 9th birthday in the home of her parents, Mr. and Mrs. V. J. Calcote. Various games dear to children were played until late in the afternoon. Then Mrs. V. J. Calcote assisted by Miss Lola Devanport served ice cream and cake to the following: Juan Wilkerson, Jaunita Wilkerson, Junior Wilkerson, T. R. Adkins, Kitty Ruth Baley and Sula Faye Calcote.

Picnic At Bell's Ranch

A group of young people motored out to Bell's Ranch last Sunday evening where they spent a merry evening. They took a swim to refresh themselves from the warm day and then prepared a picnic supper.

Those present were Misses La Trice Benzon, Betty Walker, Wylla and Lois Alexander, Nadine Haile, Messrs Wayne Thornberry, Clyde Martin, "Bus" Bell, Johnny Tucker and Mr. and Mrs. Charlie Bell.

Story Hour

The Story Hour sponsored by the Pathfinder Club every Tuesday evening was a big success this week. The rain kept the youngsters away last week but there were about twenty present this Tuesday evening. Mrs. W. B. Sims was the sponsor for the evening and Mrs. Joe Goldston entertained the children with interesting stories and then they had a supervised play period.

Feather Weight Undies

By EMMA LOU FETTA
ONE of the sanest, but most exclusive Fifth Avenue houses told us the other day that their cotton underwear department sales had increased three quarters during the last year.

"Everybody who knows the difference between good taste and bad and who doesn't spend all her time in evening gowns or negligees, wears cotton," they said.

Our wise informant went on to explain that with the growing fashion importance of cotton clothes the need of wearing appropriate underwear has naturally resulted. Of course, the old fashioned, clumsy cotton underwear is not to be had in these exclusive shops for street, sports and spectator sports wear. Here one discovers—and most inexpensively, too—newer, softer, finer cottons, particularly the new dured cottons which are really lovely next to the skin. With their introduction into the smart woman's lingerie drawer, a novel underwear term has come to life. It is called "feather weight"—words, it is true, once applied to the pugilistic ring, but now much more appropriately used to describe the way the knitters are handling soft, lustrous dured cotton of the finest, most feather-like qualities, knitting it in soft flat or novelty mesh knits. Pastel colors as well as white prevail.

"I'VE SWITCHED TO Pride of Amarillo"

"I've been baking a long, long time and I know something about flour. I'll confess it was no easy matter to induce me to use my first sack of Pride of Amarillo, but now that I've found this better flour we're good friends for life. Pride of Amarillo has a distinctive flavor—the good old 'pure wheat' flavor—that I've never found in any other flour. I like it much better. So do John and the children . . . and there's the final judges."

Too Personal By Mary Jo

The Inquiring Reporter is one of the most unknown writers of Donley County or any where. Her column is published in The News because it takes up space. The opinions she expresses are her own, no one agrees with her or is responsible for the things she says. Her mutterings are not to be interpreted rationally. Editor's Note.

Take a look at the Sheriff's new Chevrolet. I can't wait until I get to be Constable and we go out in it to "get our man" or to bring a "still" back to town.

We miss T. D. NORED who isn't visiting us as much as usual this week because his stenographer and a general helper, CARRIE, is enjoying a vacation and T. D. is busy being an office girl as well as a utility man.

Kearney people just sat around and waited for a sun stroke Monday. In fact the conversation for the day was, "It is too hot to work." The heat didn't bother my working any for every day it is too something for me to work.

"Two good aids to health," says a doctor, "are to swim regularly and drink plenty of water." To insure the most gratifying results, of course, these should be "done separately."

You know I use to say in jest, "Oh, why she is just about as popular as a BILL COLLECTOR." That is one thing I won't say again about my most intimate enemies for I don't believe any one in the world but a bill collector could be so looked down upon and loathed. I have experienced this stigma three times this summer and as soon as I caught on what position we bill collectors held in the business world I tried to remedy it.

I consulted Ralph Kerbow who is another one of those "flaws to happiness" that go around with a black bulgy bill container under his arm each month and asked him what we could do. He gave me no remedy for the situation at all, for Ralph had been at the job for years and was not so optimistic as I. Hence we decided we might as well go on defrauding ourselves of friends and present bills in the place of the Post Office.

Do you have the CELLOPHANE habit? It has its clutches on most people, so if you have escaped you are lucky. You are accosted on the streets in these trying days by people of all ages asking the same question.

"Don't you have a piece of cellophane, I am making a belt and need some more," or "My wife is making one of those belts and asked me to find her some."

Take a look at LIGHTENIN' HUDSON'S fancy red one it is the only unusual belt I have seen.

Brother has turned against brother—that isn't a text but BUNK, MANLEY'S younger brother came to me and said that he was going to vote for me. It would be a deplorable state of politics if free thinking CLARENDON citizens would put a man in office that his own brother can't trust. I have had to go all over my constable platform this week for a few voters who demanded that I change it. I think I will use this on my banner, "All of us are in the gutter but a few of us are looking at the stars." I think that has in a literal way a wet tinge to it.

Miss Lois Alexander who has been visiting Mrs. Edgar Britton in Ironton, Texas returned home last Sunday night.

Dr. H. L. Wilder and son Henry from Pampa spent Monday afternoon in Clarendon.

H. D. C. RECIPES

DIXIE RELISH

1 quart chopped cabbage
1 pint chopped sweet red pepper
1 pint chopped sweet green pepper
3 tablespoonsful of salt
4 tablespoonsful celery seed (crushed)
½ Cupful of sugar
1 quart cider vinegar.

Soak the pepper in brine (one cupful of salt to one gallon of water) for 24 hours. Freshen in clear, cold water for one or two hours. Drain well, remove seeds and coarse white sections. Chop separately, and measure the chopped cabbage, peppers and onions before mixing. Add spices, sugar and vinegar. Let stand over night covered in a crock or enameled vessel. Pack into small hot jars that have been sterilized.

When ready to pack, drain the vinegar off the relish in order that the jar may be well packed. Pack the relish in the jars, pressing it carefully; then pour over it the vinegar which was drained off. Paddle the jar thoroughly to get every bubble out, and allow the vinegar to displace all air spaces. Garnish each jar with two slender strips of red pepper. Place these strips vertically on the seams in the jar on opposite sides. Cap, clamp and process in a water bath for 15 minutes at 180 degrees F. (simmering).

CHOW-CHOW

2 cupfuls onions (small white)
2 cupfuls cauliflower, in small sections
4 cupfuls string beans, cut
12 green peppers, medium size
1 red pepper
5 teaspoonfuls celery seed
4 teaspoonfuls mustard seed
6 teaspoonfuls horseradish
1 cupful sugar
2 cupfuls cider vinegar

The vegetables for chow-chow are better if first cured in brine and freshened by standing in cold water to cover from twelve to 24 hours, depending upon the amount of salt extracted. Some salt must be allowed to remain in the vegetables. After the are freshened, they should be drained, well mixed and chopped together. Heat the spices, vinegar, and sugar to 180 degrees F. Cover and allow to infuse for about an hour, then mix with the vegetables. Stir until well blended and let stand over night. In the morning stir well and pack in sterilized jars. Seal and store in a cool place. If processing is done to raise the temperature of the water bath above 180 degrees F. and old at this temperature for about 10 to 15 minutes. This processing will help to keep the pickles and seal the jars, but will soften the texture somewhat. This amount yields three quarts.

BEEF RELISH

1 quart chopped cabbage
1 quart cooked, chopped beets
1 cupful grated horseradish
2 cupfuls sugar
1 tablespoonful black pepper
4 tablespoonsful salt
Mix ingredients, and cover with vinegar, heat mixture to the boiling point.

STANDARD RECIPE FOR CANNED WHEAT

Clean and wash wheat thoroughly. Soak overnight in twice

the amount of water as wheat used. Next morning drain and wash wheat again to remove some of the dark brown color. Cover with hot water and boil for five minutes, stirring constantly.

Fill No. 1 cans with 9 oz. of wheat. Add ½ teaspoon of salt and cover with water in which wheat was boiled. Seal while hot and process No. 1 cans for 30 minutes at 15 pounds pressure. Fill No. 2 cans with 17 oz. drained wheat, add 1 teaspoon of salt, cover with water in which wheat was boiled. Seal and process for 40 minutes at 15 pounds pressure.

Remove from cooker and place in cold water. When cool, clean cans, dry, label and store.

Note: It is much easier to get wheat cleaned at the mill.

Suggestions Regarding Use

1. Whole wheat may be substituted for rice or macaroni, and served with meats and gravy.

2. Whole wheat may be added to soups as a substitute for rice or macaroni.

3. Use any good rice pudding recipe substituting amount of wheat for rice and make a delicious dessert.

4. For a breakfast food add a little water, cook 4 or 5 minutes and serve with whole milk and stewed or fresh fruit.

GREEN TOMATO MINCEMEAT

1 peck green tomatoes
5 cups brown sugar
4 cups raisins
2 cups beef suet
½ cup vinegar
2 tbsps. salt
2 tbsps. ground cinnamon
2 tbsps. nutmeg
2 cups chopped apples
2 tbsps. ground cloves
Slice the tomatoes thin, or put them through a food chopper, allow to drain, cover with cold water, place over the fire and boil for five minutes. Drain well, add suet, vinegar, fruit and seasonings, return to the fire and allow to simmer for thirty to forty-five minutes. Pack while hot and process as for preserves.

CHILI SAUCE

5 quarts skinned, chopped, ripe tomatoes
2 cups chopped sweet red pepper
2 cups chopped green pepper
One and one-half cups chopped onions
3 tablespoons salt
1 cup sugar
3 cups vinegar
1 teaspoon cloves
1 teaspoon allspice
1 teaspoon cinnamon
Combine the chopped vegetables, the salt, and sugar, and simmer this mixture until it begins to thicken. Then add the vinegar and spices and cook the mixture down until it becomes a thick sauce. Pour into hot sterilized bottles or jars and seal air tight with sealing wax. This recipe yields about 3 quarts of sauce.

PSEUDO ECONOMY AND SCHOOLS

During this present dilemma of reducing governmental expenses, there seems to be a tendency on the part of some pseudo economists to get the cart before the horse. The first thing that they think of is to reduce the school budget to the danger zone and thereby deprive the defenseless children of their just right and privileges. People do this because they refuse to remove their smoked glasses and look farther into the expenditures of the government, and because the school is near them and they can see the money being expended. They do not stop and evaluate a child's chance for success and good citizenship if it is educated. They do not realize that only 2.15 percent of the State's income is expended for education. Why then try to adjust the economic ills of the

state by jumping on the defenseless children.

In 1926 E. W. Gord made a study of over 7000 people, from this study he learned that each year that a person is in High School is worth \$6000 and each year that one is in college is worth \$18,000. He also learned from this study that 50 per cent of those left school with an elementary education was depending upon others for support after they were 60 years of age.

Folks, we are making a great mistake if we fail to support our schools adequately.

Mr. and Mrs. S. B. Perkins from Dallas spent last Saturday visiting Mr. and Mrs. T. D. Hobart and Mr. and Mrs. Clinton Henry at the J. A. Ranch.

Gwendolyn Couch who has been vacationing in Fort Worth returned home last Saturday.

TRUSTWORTHY MEDICINE

To you, a physician's prescription may seem just and order for some medicine. But to us, it is far more than that . . . it is a trust to be executed to the best of our ability. Full well do we realize our obligation to deliver back to you medicine that is as nearly perfect as human skill, modern methods, and the finest of materials can make it . . . thoroughly trustworthy medicine.

Over 120 thousand prescriptions in our files . . . A proof of a public trust of which we are proud and which we are continually endeavoring at all times to justify.

Those athletes out at the Olympics have no respect whatever for the records set by their predecessors in former Olympiads. It's a poor day when five or six hitherto unbeaten marks aren't shattered all over the huge concrete stadium and the good part of it is the way the boys and girls wearing the stars and bars are doing their share in piling up a comfortable lead for Uncle Sam on the score board. And this Dallas girl, Babe Didrickson, what-a-man. She just grabs a javelin and tries to stick the point of it in San Francisco's Golden Gate. Well sir, when the judges finally found the pointed pole it was sticking ten feet past the old world's mark for women and Babe's first bit of competition in the Olympics was marked by a shatter of the record.

Is there any baseball players around Clarendon or in the county who would like to play in a game Sunday against the Chamberlain team. If there is here's your chance. Charlie Risley asked SPORT SLANTS to find out if there are those who would be interested in playing ball Sunday. Charlie would like to have as good a team as possible Sunday to halt the victorious march of the Chamberlainites, so get in touch with him as soon as possible and get your name entered on the roster of the all-star aggregation. That'll be a good game too folks, so a good crowd is expected to be on hand at the Chamberlain diamond.

That's a fighting team—that Lelia Lake nine. Last Sunday they journeyed to Claude where they handed the Armstrong county lads a 15-14 licking in a ten inning comedy of errors and base hits. The Claude club jumped right out pounding the ball hard and before the Donley boys woke up there was something like a ten run deficit staring them in the face. However the Lelia Lake boys with a few recruits from the Chamberlain and Hedley teams showed the fight and began getting a few runs back at a time until a couple of home runs in the ninth by Blackman and Stephenson tied the game and Stephenson potted another round-trip smash in the tenth to win the game.

That was a tough break for Wilmer Allison and the U. S. Davis Cup team in the finals with France last weekend when a linesman apparently went blind or was purely prejudiced as he called ball after ball in favor of the Bounding Basque, Jean Borotra, while most of the French spectators and all the newspaper correspondents and experts judged the decisions bad. Allison, the Texas, didn't miss the French ace's tricks of changing shoes three times in the last set to interrupt "continuous play" but when Borotra served a double on the point which would have given Allison the match and the United States the coveted tennis cup only to have the linesman call the ball in after the Texas ace had rushed to the net to congratulate the Frenchman it was too much. Allison played indifferently on out against the unbeatable odds and as a result France is the possessor of the Davis Cup another year.

However, France is not proud of the method used to retain the trophy emblematic of tennis supremacy as the majority of the major newspapers and sporting magazines tell of the injustice done the Texas player by an official who couldn't stand to lose. The French are good sports.

As the football season nears we get more and more anxious to hear the thud of the cleated shoe against the pigskin and the crash of the colliding bodies and the players tackle and block. With prospects brighter here than ever in the history of the school, with the 1932 model of the Bronchos attired in new equipment and with a beautiful grass covered gridiron the thrill mounts with every thought of the approaching season.

It is doubtful if ever the players have been in such fine condition as they are this period of the year. The husky young giants who are slated to carry the Maroon and White colors to another championship next season

have been caring for the new grass with marked care and at the same time have been exercising under the blistering rays of the sun. All of them now are wearing beautiful coats of tan and are in the best condition of their high school gridiron career. It looks like this year the team will probably snap out of its distastefully lazy and indifferent attitude which has marked the major portion of the Broncho play for the past number of seasons. It looks like there is a possibility for a bit of team and school spirit this year, something the members of last years great eleven admit was entirely lacking. It looks like a great year for local football fans and a little encouragement won't hurt the chances for a fighting team a bit.

Sunday the Hillcroft Golfers will be hosts to the Wellington players on the local course. The result of this match will go a long way towards determining the winner of the Can Rock Golf League. Should the local players grab the Collingsworth shooters in a one-sided match the locals will have the championship practically clinched, but a close victory or a loss would practically push the Shamrock Club into the title.

H. J. R. No. 6. PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 1-a be added to Article VIII of the Constitution of the State of Texas to read as follows: Article VIII—Section 1-a: Three Thousand Dollars (\$3,000.00) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for State purposes; nothing herein shall apply within those counties or other political subdivisions now receiving any remission of State taxes, but upon the expiration of such period of remission this Section shall become applicable within such counties and political subdivisions.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State the first Tuesday after the first Monday in November, 1932. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

H. J. R. No. 5. PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas: Section 1. That section 7, of article 11, of the Constitution of the State of Texas be amended so as to hereafter read as follows: "Article 11, Section 7. All counties and cities bordering on the coast of the Gulf of Mexico are hereby authorized upon a vote of a two-thirds majority of the resident property taxpayers voting thereon at an election called for such purpose to levy and collect such tax for construction of sea walls, breakwaters, or sanitary purposes, as may now or may hereafter be authorized by law, and may create a debt for

such works and issue bonds in evidence thereof. But no debt for any purpose shall ever be incurred in any manner by any city or county unless provision is made, at the time of creating the same, for levying and collecting a sufficient tax to pay the interest thereon and provide at least two per cent (2 per cent) as a sinking fund; and the condemnation of the right of way for the erection of such works shall be fully provided for."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the 8th day of November, A. D. 1932. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

S. J. R. No. 26. PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 11, of the Constitution of the State of Texas, as amended by a vote of the people by virtue of Senate Joint Resolution No. 7, passed at the Regular Session of the 41st Legislature, be, and the same is hereby amended so as to hereafter read as follows: Section 11. In order to enable the Legislature to perform the duties set forth in the foregoing Section, it is hereby declared all lands and other property heretofore set apart and appropriated for the establishment and maintenance of the University of Texas, together with all the proceeds of sales of the same, heretofore made or hereafter to be made, and all grants, donations and appropriations that may hereafter be made by the State of Texas or from any other source, except donations limited to specific purposes, shall constitute and become a Permanent University Fund. And the same as realized and received into the Treasury of the State (together with such sums belonging to the Fund, as may now be in the Treasury), shall be invested in bonds of the United States, the State of Texas, or counties of said State, or in School Bonds of municipalities, or in bonds issued under and by virtue of the Federal Farm Loan Act approved by the President of the United States, July 17, 1916, and amendments thereto; and the interest accruing thereon shall be subject to appropriation by the Legislature to accomplish the purpose declared in the foregoing Section; provided that the one-tenth of the alternate Sections of the lands granted to railroads, reserved by the State, which were set apart and appropriated to the establishment of the University of Texas, by an Act of the Legislature of February 11, 1932, shall be included in, or constitute a part of, the Permanent University Fund."

Sec. 2. Said proposed amendment shall be voted on by the electors of this State qualified to vote on Constitutional amendments at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1932. (A correct copy.) JANE Y. McCALLUM, Secretary of State.

H. J. R. No. 1. PROPOSING A CONSTITUTIONAL AMENDMENT TO BE VOTED ON NOVEMBER 8, 1932.

Be it resolved by the Legislature of the State of Texas: Section 1. That Section 1 of Article 6, of the Constitution of the State of Texas be amended so as to read as follows: "Section 1. The following classes of persons shall not be allowed to vote in this State, to-wit: First: Persons under twenty-one (21) years of age. Second: Idiots and lunatics. Third: All paupers supported by any county. Fourth: All persons convicted of

any felony, subject to such exceptions as the Legislatures may make.

Fifth: All soldiers, marines and seamen, employed in the service of the Army or Navy of the United States. Provided that this restriction shall not apply to officers of the National Guard of Texas, the National Guard Reserve, the Officers Reserve Corps of the United States, nor to enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, nor to retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Navy, and Marine Corps."

United States and enlisted men of the National Guard, the National Guard Reserve, and the Organized Reserves of the United States, and retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, unless otherwise specially provided here. Provided, that nothing in this Constitution shall be construed to prohibit an officer or enlisted man of the National Guard, and the National Guard Reserve, or an officer in the Officers Reserve Corps of the United States, or an enlisted man in the Organized Reserves of the United States, or retired officers of the United States Army, Navy, and Marine Corps, and retired warrant officers, and retired enlisted men of the United States Army, Navy, and Marine Corps, from holding in conjunction with such office any other office or position of honor, trust or profit, under this State or the United States, or from voting at any Election, General, Special or Primary, in this State when otherwise qualified."

CARD OF THANKS

I want to thank the voters who gave me their support and influence in the recent primary in my race for County Commissioner of Precinct No. 1. I shall not forget their loyal support and I want those who voted for my opponents to know that I hold no ill will of any kind against anybody. Yours for harmony and goodwill in Donley County. (pd.) WALTER HUTCHINS.

TO THE VOTERS OF DONLEY COUNTY

I appreciate very much the vote of confidence the citizens of Donley County gave me on July 23rd, and solicit your vote and influence on August the 27th. Thanking you for past favor and future consideration. J. C. SWINBURN. (chg.)

A television show is planned as part of the State Fair of Texas Radio Show for 1932, it has been announced here by Holmes Green, director in charge. The radio show will feature a broadcasting studio, short wave broadcasting, the television show, and all late model radios for the home.

A new entrance to the Poultry Building at the State Fair of Texas will house an aquarium and display tanks for water fowls, it has been announced by Walter Burton, superintendent of the department. In addition to the fish and water fowl display, there will be an exhibit of pheasants of every known variety, wild game and other birds.

The Beckman and Gerety Shows midway attraction for the 1932 State Fair of Texas, are bringing twenty new shows to the fair, and two new rides, according to advance notices received from Barney Gerety, general manager of the aggregation. Featured especially with the tented shows, will be the famous Singers Midget Band.

Bits Of WASHINGTON'S Current Comment

Special to The Clarendon News

The 1931-1932 session of Congress is at an end. Shortly prior to its close, it passed the relief bill, modified in such a way as to merit the approval of the President. Although the closing hours of Congress were crowded with useful work, time was found for considerable old fashioned campaign oratory, which will sound well to the folks at home, or be received with condemnation, depending upon the political complexion of the individual constituent.

The senate voted a plan of farm relief, which, although perhaps not exactly of the form desired by everyone, is calculated, nevertheless, to afford temporary relief. Railroad officers cannot, however, be said to have been greatly relieved by Congress, in that a bill was introduced providing that no railroad official shall receive a salary of more than fifty thousand dollars per year, but, at that, the big railroad men may be able to get along somehow. The Senate continued to dally with the beer question, and the Surgeon General of the United States was requested to get the opinion of physicians throughout the country, as to how much alcohol was necessary in order to make a beverage intoxicating.

The Senate approved a plan for a system of home loan banks, and about one and a quarter million dollars were made available to start operations.

As random items, it may be noted that the Department of Agriculture says that farm wages are the lowest since 1902, the report of the Federal Reserve Board being that sales in large stores of the department type are the smallest since 1919. The White House announces that a treaty has been agreed upon with Canada, regarding the St. Lawrence waterway, and that the document will be ready for signature before long. Opposition both in Canada and America may delay the actual signing for something. The Department of Labor reports that the amount being distributed in cities for the relief of the needy has been decreased somewhat. The cost of post office money orders has gone up, effective July 20th.

France and England have done a little whispering among themselves regarding war debts, but the President is quoted as saying that our debt policy will not be altered by agreements that European countries may make on the side.

Premier Herriot says that the Anglo-French treaty is not aimed at the United States. This may be true, but a different marksman may pick up the gun later.

Why should any one be interested in William Wheeler, George M. Dallas, or Richard M. John-

son? After looking the matter up in a biographical dictionary, give Messrs. Garner and Curtis credit for being actuated by some motive other than the desire for a statue in the Hall of Fame.

A Chicago girl fired a gun at the short stop of the local club a few days ago. The Judge who heard the case made it plain that he understood the real point in issue when he said: "let us hope that no more baseball players are shot."

For the entertainment of those who like figures and statistics, the following items are noted. Five million voters will cast their first ballot in November. A mother 116 years old, and her son, aged 89, are granted a state pension in New Jersey. The population of Japan has doubled in 60 years. A Pennsylvania man has found a turtle carrying a date carved 71 years ago on the shell.

Providence Home Demonstration Club in Smith county won first place in a sanitary pit toilet construction contest by building 37 fly-proof toilets in five spring months. A total of 75 sanitary toilets were built in that time throughout the country.

A canning plant established in the basement of the court house in Seymour by the county commissioners and a local civic organization has been operating on a toll basis under supervision of home demonstration club women. City and county furnish the cans and take one-third of the products to be used next winter for charity.

The berry patch is a bright spot in the farm picture this season. Reports of demonstrations show that berries made good money on a small scale for many people. An instance is W. I. Pemberton of Peotry Community, Kaufman county, who is said by the county agent to have gathered 1078 gallons from three acres for a net return of \$54 per acre.

The spread of clovers in Houston county due to improved pasture demonstrations by the county agent have given George Jeffus a surprise crop of 1000 gallons of fine honey. Early summer honey was unknown before this year he says.

TEXAS LIVESTOCK VALUES
INCREASE OVER \$14,000,000

Recent upturns in livestock prices have increased the value of Texas, 6,127,000 cattle nearly \$10,000,000 and Texas' 2,088,000 hogs more than \$1,000,000, it is estimated by John C. Burns, manager of the Texas Livestock Marketing Association of Ft. Worth.

Cattle have shown an average increase of \$2.60 per head and hogs \$2 each.

There is no indication of a surplus of beef cattle for normal consumptive demands, in the opinion of Mr. Burns, who points out that the total number of beef cattle in the United States in 1932 is approximately 38,000,000 as compared with 48,870,000 in 1920, a decrease of more than 10,000,000.

To offset this, however, says Mr. Burns, "there has been an increase of more than 3,000,000 milk cows during this period, there being 21,130,000 in 1920 and 24,379,000 in 1932."

The total hog population of the nation is about the same as 12 years ago, there being 59,511,-

000 in 1932 and 60,159,000 in 1920. "Production of sheep has risen considerably, there being 53,912,000 in 1932 as compared with 40,643,000 in 1920. Texas grows nearly twice as many sheep as any other state, a total of 7,312,000, while Wyoming is second with 4,128,000 and Montana third with 3,820,000.

The competition of low grade beef from dairy cattle emphasizes the importance of maintaining the quality of beef cattle at a high standard and raising the average grade. It also emphasizes the importance to both the beef industry and to the consuming public of the grading and stamping of beef carcasses."

MRS. MATTIE WILLIAMS DIES EARLY THIS MORN

The community was saddened early this morning when Mrs. Mattie E. Williams passed over to her reward in the Heavens at the home of her daughter, Mrs. Homer Mulkey, at 5:15 a. m. The end came following a long illness which for the past year has made her an invalid, lingering for the last month in a semi-conscious state.

Mrs. Williams was 84 years, three months and six days of age. She lived a christian life, joining the Methodist Church when she was a girl. She has been an inspiration for every one who has known her and through all her suffering has remained cheerful and tried hard to be as little trouble to those who have cared for her as possible.

Funeral services will be held at the First Methodist Church this Friday morning at 10 o'clock. The Rev. W. E. Ferrell will be in charge of the last rites with Rev. B. N. Shepherd assisting. Interment will be made in the citizens cemetery.

Those surviving their mother are three daughters: Mrs. J. D. Bailey of Marshall, Mo.; Mrs. J. E. Richey of Amarillo; Mrs. H. Mulkey of this city and one son, Charlie Duke of Wichita Falls. All but Mrs. Bailey are expected to arrive in the city this evening for the funeral.

RALPH POWELL PORTER BURIED HERE WEDNESDAY

Ralph Powell Porter, aged three years, six months and two days, and only son of Judge and Mrs. J. R. Porter was laid to rest in the Citizens Cemetery, Wednesday morning, after having departed this life Tuesday evening shortly after six o'clock at the family home.

The little fellow had been ill for some days in varying degree, but grew worse shortly after noon Tuesday, but around five o'clock seemed to be resting easier and dropped off into a sleep, but, alas he roused shortly after six o'clock and drew shortened breath until the end a few minutes later. Ralph Powell had never been strong and his condition drew the family and friends closer to him and while the end may not have been altogether unexpected, yet the shock was one of great grief to the connection.

Funeral services were held at the Porter home at eleven o'clock, with Rev. L. O. Lewis in charge, and who brought a beautiful and comforting lesson on the transformation from the mortal to the immortal, with its freedom from pain and worries. A large gathering of friends were present, and beautiful flowers spoke mute words of the sympathy and understanding of friends.

The entire community joins in expressing of genuine sympathy to the bereaved family in this hour of sadness.

COUNTY AGENT SOUNDS TREE LOUSE WARNING

County Agricultural Agent, T. R. Brown, dropped into The News office Wednesday and sounded a

warning to the property owners who have been and still are bothered by an unusually heavy crop of small plant louse. This insect is especially adapted to the elm trees, a species of trees which is being riddled by the work of the plant louse. Agent Brown states that the citizens of this county who have elm trees and wish to rid them of the pest get some Black Leaf 40 Spray and spray the trees thoroughly. The louse will be found to gather on the underside of the limbs and leaves and will not be seen unless examined thoroughly. If carefully applied one dose of the spray will be sufficient to kill all the pests. The Black Leaf 40 spray may be obtained from any good Drug Store.

UNDENOMINATIONAL MEETINGS START FRIDAY EVE

Revs. Parker Hartman, R. E. Bryan and B. F. Cox will begin a series of Undenominational services this Friday evening in their tent tabernacle at the corner of 4th and Carhart streets. They ask the people of the city to not be confused and believe this is to be a Holiness revival or Seventh Day Adventist, for such is not the case. Pure gospel from the Bible furnishes the lessons for the meetings and every one is cordially invited to attend any or all the services.

WHY Does Laundry Washing Save \$\$\$

because Wet Wash Service is exactly what home washing gives. You pay from 50c to 60c for the average family washing.

COUNTING— soap, powder, bluing, starch, gas water, repair and depreciation on equipment, interest on investment, etc; the equivalent of this work done at home would cost approximately \$1.15

It is this substantial difference in cost that is daily prompting new customers to obtain from the laundry a better quality of work for less money. It will pay you to make this comparison, and to be one of our many customers.
