Ramblin 'Round

By BERT WEST

Remember Bogata, too

Some of the leaders at Clarksville, under the name of Red River County Industrial Foundation, staged a barbecue and entertainment program Saturday.

The purpose, one of the spokesmen said, was to get the foundation's activities out in the public eye, to raise funds to help acquire some more industrial park land and help finance a promotional campaign. That makes for a very worthy goal.

The Bogata News might have been anxious to help call attention to the barbecue--if we had been told about it and if we were convinced the foundation is indeed keyed to a countywide base.

Afterall, Clarksville is not the only town in Red River County.

++++

One of the barbecue planners was quoted in the Paris newspaper as saying an aim of the foundation is to "get Red River County as a whole involved in foundation activities."

He was later quoted as saying the various planned promotional activities "will help get people in the proper frame of mind about expansion in Clarksville."

A better choice of words might have been to substitite Red River County for Clarksville, if the organization is truly devoted to a countywide set-up.

True, what's good industrially for Clarksville will be good for Bogata and Red River County. By the same token, what's good for Bogata will be good for the county and Clarksville.

++++

If the Red River County Industrial Foundation is going to actively work for the entire county and also want countywide participation, this newspaper would appreciate being so advised.

Speaking of industry, promotions, community organizations and the like, whatever happened to the Bogata Chamber of Commerce? There is really a lot of good work such an organization can do in a community, with some real active and progressive workers.

Superstitious? Friday Is 13th

Are you superstitious about Friday falling on the 13th? If so, you had better watch your step this Friday, as it's Aug. 13th.

For some the date is a jinx, and they are careful of their activities at that time.

Numerous things considered as "bad luck" to some besides Friday the 13th are walking under ladders, black cat crossing your path, breaking a mirror and many others.

If Friday passes without "bad luck", you may rest easy until next May when Friday will again fall on the 13th.

Good luck!

Special Election In Talco, Titus County....

Unit Road System Decision Saturday

Talco area voters will ballot Saturday in two special elections, one to select a local representative on the Talco-Bogata school board; the other to join fellow Titus Countians in deciding whether to adopt the unit road system as a part of the county government.

The unit road system, officially known as the Optional Road Law of 1947, would establish a new countywide appointive office of county engineer who would assume control of all county road work and have charge of purchasing county equipment and materials.

The county engineer would take over the road work authority and the purchasing duties that have, since the county was established nearly 140 years ago, been the responsibility of the elected county commissioners for each of the four commissioner precincts in the county.

Proponents claim adoption of the unit road system and the resulting consolidation of equipment and materials would result in large savings for the county.

Opponents, however, say the change would be more costly--through salaries for a professional engineer, assistants and office personnel.

The county engineer would not replace the four county commissioners, who would still be elected and continue to receive salaries, apparently in the same amount they are currently paid. The commissioners court, composed of the four commissioners and the county judge, would be the agency in charge of hiring the county engineer.

Proponents say the consolidation and hiring of a professional engineer to supervise all road projects would be a solid business-like approach to county government.

Opponents reply that the law authorizing the changeover has been on the books for 35 years (since 1947) but that only some 20 of Texas' 254 counties have made the change in that long period of time. This, the opponents say, indicates the unit road system is not a successful and cost-savings layer of county government.

Members of the Titus County commissioners court and those who will either join the court next January or are party nominees for position on the court in the November general election are divided on the issue.

Ronnie Logan of Talco, the Democratic candidate for Pct. 3 county commissioner, believes the proposed system would result in tax increase.

"The salary for a professional engineer will not be cheap, probably more than the salaries of all four county commissioners combined, and he will have to have an assistant, a secretary, a vehicle and an expense account," says Logan.

Those dollars will have to come out of county funds, Logan adds "so, there's going to have to be a tax increase to cover it."

Bill Harper, the Democratic candidate for county judge, disagrees with Logan. "I don't see any tax increase," Harper was quoted in the Mt. Pleasant newspaper, adding, "By consolidating county equipment into one unit instead of four, we can do the same job with less equipment."

Voting on the unit road system will be county wide Saturday. Commissioners Pct. 3, which includes, Talco, will have six voting boxes. Citizens in voting precinct 3 will ballot at the Bridge's Chapel Community Center; those in No. 5 will vote at the Wilkinson Community Center; No. 9 at the Talco City Hall; No. 10 at the Argo School; No. 15 at Nevel's Chapel; and No. 8 at the county clerk's office in Mt. Pleasant.

All voting precincts open at 7 a.m. and will continue available to voters until 7 p.m. Saturday.

3 Bid For 1 Vacancy....

T-B School Trustee Election Saturday

Voters throughout the Talco-Bogata school board go to the polls this Saturday to select one of three Talco men to fill a vacancy on the seven-member school board.

Voting, from 7 a.m. until 7 p.m., will be held at the Talco School and at the Bogata School gym.

Candidates are Gerald Martin, Gene Smith and Lyndon "Pinkey" Reed. Smith is a former board member, who stepped down earlier this year after serving two three-year terms.

The winner will take up the chair vacated by Donald Jones of Talco, who resigned earlier this year upon moving to Mt. Pleasant.

The winner in the special election will complete the unexpired portion of Jones' term, which extends through the regular April, 1984 school district election.

GENEALOGY BEGINS WITH U....

Valuable Genealogical Data In Libraries

By Michael Cunningham

During the last several weeks we have discussed several different phases of genealogical research. Because of its essential position, library research is the 10th principle of genealogy.

Preparation is a vital element in any research program. You need to prepare before you go to the library. If you do not, you can easily spend several hours in unproductive work.

A major point of this preparation is to write down all the name,s dates and places you are going to look up before you go.

The larger libraries will have four major features which wil help any genealogist. First they will have microfilm readers. If they have the readers, they will normally have microfilm copies of census, wills and various other information. If they do not have a copy of what you need, they may be able to order it.

Secondly, they should have a large amount of out of state telephone books. These books will give you addresses of churches, libraries, and distant relatives who may supply additional information.

Thirdly, they should have many good resource books (American Compedium of Genealogy, Burkes. "Extinct Barontages and Peerage," other books on peerage and indexes to censuses, etc.) These books may prove to give you invaluable leads.

Fourthly, probably the most important source of information is the librartian. They can be very helpful and their expert guidance will be priceless.

Local libraries will have a lot of information on the area surrounding the library. Here, the best thing to do is to go talk to your librarian and tell him or her what you are doing and ask for some professional advise.

If by chance you are unable to find the information you are looking for at your library, let me know and I'll try to help you.

Next, we will discuss the 11th genealogical principle-overseas research.

Phone 'tipsters' tell Mrs. Oats about Name

"We had many, many phone calls from people telling us about our name being the Hidden Name."

That's the way Mrs. Billy Joe Oats of Cunningham put it as she called in Friday to identify the Oats name as the one "hidden" in the Pat's Place ad in last week's paper and to claim the $5 prize money.

Mrs. Oats requested that the check be made out jointly with the Deport Insurance Agency.

The name of another paid-up subscriber to one of the News-Times newspapers is "hidden" in one of the ads appearing in today's paper. If the person, or spouse, whose name is hidden, gives us a call at either the Bogata News or Deport Times office before this Saturday noon, they will receive this week's $5 prize.

The prize money check is jointly out to the person whose name is hidden and any business that person names that is an advertiser with one of the four newspapers. The check is then mailed to that person; afterwhich all they have to do is take it to that business and cash it. The money is theirs to spend or save anyway they see fit.

Take a look through our ads today. In addition to discovering something that you may need around the house or for a member of the family, you just may discover your name is worth $5.

POSSIBLE TAX INCREASE FOR TITUS COUNTY

During my campaign, I pledged to keep the voters of Titus County Pct. 3 informed on how their tax dollars were being spent. I would like to inform the people of Pct. 3 and all Titus County voters that on January 1, 1983, the county is obligated to fund two (2) new JP's and three (3) new constables.

If the election on Saturday, August 14 passes, the county will have to have enough funds for two (2) new JP's, three (3) new constables, a county road engineer and possibly one or two assistants, a secretary, automobiles and expense accounts.

The engineer will probably have one or two assistants, because how can only one man do as much work as four (4) men are now doing?

HOW CAN THE COUNTY FUND ALL THESE PROGRAMS WITHOUT A TAX INCREASE?

★

We will have to do more than consolidate equipment.

I do not believe that One Unit System (one crew) can service the entire county as effective as the four (4) seperate precinct crews.

★

All the Democrat nominees for commissioner have pledged to work for Titus County with either system and save the tax dollars where possible; but all three Democratic nominees oppose the Unit Road System because they do not think it would benefit Titus County.

Busy Weekend For Police, VFD In Talco Area

State Highway patrolmen and county sheriff deputies were kept busy over the weekend investigating two traffic accidents and two truck fires in the Talco area.

Stalyn Gene Belcher, 24, of Rt. 4, Mt. Pleasant was killed when his car went off the road and overturned about three miles north of Mt. Pleasant. Belcher was pronounced dead at the scene of the accident by Justice of the Peach Ed Keil around 12:30 a.m. Sunday.

DPS Officer Ira Congton investigated a one car accident east of Talco at approximately 8:30 p.m. Friday in which three people were injured. John Doss, driver of the vehicle was pinned in the wreckage until he was freed by the jaws-of-life and the Mt. Pleasant rescue squad. Doss was transferred from the Titus County Memorial Hospital to the McCuistion Medical Center in Paris where he was reported to be in stable condition.

The two passengers in the car, Melvin Galloway and James Morgan were taken to the Titus County Memorial Hospital where Galloway was treated and later released.

A hospital spokesman said Morgan was in good condition.

A dump truck owned by John D. Wright Construction Inc. was destroyed by fire on FM Road 71 Friday afternoon.

At approximately 2 a.m. Monday, the Talco Fire Department responded to a truck fire on Highway 271-South that was believed to have started from an electrical short in the wiring. ASK ME ABOUT TV

By Val Carew

TITLE HUNT — A couple of years ago Ken Howard had a series set during the Depression. I can remember the show but not the title. Can you help? It was only on for a short time. — A fan, Cabden, Ill.

The series was called "The Manhunter" and it was on more than a couple of years ago. It premiered in September 1974 and lasted until April 1975. It was set in the '30s and Howard played Dave Barrett, an ex-Marine who wanted to bring to justice the kind of gangsters responsible for the death, during a hold-up, of his best friend. Robert Hogan was also a regular, as Sheriff Paul Tate.

ALIAS RERUN — Recently they have been running "Alias Smith and Jones" and after I watched it for a while, someone told me Peter Duel was dead, a suicide. I loved Joshua (his character). What can you tell me about him? — Ginger Griffith, Grayson, Ky.

In 1966, spelling his name Peter Deuel, he starred in a series called "Love on a Rooftop," which ran until 1971. Then he went into "Alias Smith and Jones," which began on Jan. 21, 1971. By that time he spelled his name Duel. On Dec. 31, 1971, he was found shot to death in his Hollywood Hills apartment, and the verdict was apparent suicide. He was 31. Pete's personality was very outgoing, and his death was a shock.

MAIL CALL — I would love an address for Roddy McDowall. Two years ago I saw him in the play "Harvey" and have been collecting things about him ever since. Also, what's his birthday? You can leave out the year, because he might not want people to know how old he is. — Leigh Ann Truly, New Braunfels, Texas

Roddy was born in London on Sept. 17, 1928 — and he won't mind the year being printed. He was a child star, making his first film in 1936. Write him in care of William Morris, 151 El Camino Drive, Beverly Hills, CA 90212. Roddy is a talented photographer and a book of his pictures has been published. It's called "Double Exposure."

Forecast By Harris Rating System....

Patriots Stronger, But Not Enough

By BERT WEST

Stronger, but not enough to lift themselves out of the District 13-AAA cellar.

That's the way the statewide Harris Rating System views the prospects of the Prairiland Patriots for the coming high school football season.

In its 1982 Football Forecast, the Harris System--which accurately predicted more state champions last year than any other "crystal ball"--including the fabled Texas Football Magazine, says the 13-3 A title will be a scrap between Clarksville and Pittsburg, with the Tigers emerging this time.

However, neither Pittsburg or Clarksville get the Harris nod to do much advancing in the state playoffs. Both are forecast to make it into the playoffs, but not beyond the bi-district round, losing to Daingerfield and Paul Pewitt.

Daingerfield, moving down from the Four-A ranks, is Triple-A power in northeast Texas, according to Harris. The Harris System lists Daingerfield as the No. 3 team in the state and picks the Blue Tigers from Morris County to go all the way to the quarterfinals before losing to Bowie.

Here's the comments from the Harris System about the 13-AAA teams, outstanding players, etc:

CLARKSVILLE (6-4) 10 lettermen, 5 offensive, 4 defensive starters. Clarksville faithfuls hope that '82 will be their year. On close observation here it becomes very clear that the Tigers could win this thing. They are talented and hungry. All they need is to do is to work out a few flaws here and there. A little stronger.

PITTSBURG (7-4) 13 lettermen, 3 offensive, 2 defensive starters. Pittsburg has won the district bunting for four consecutive years and is a solid contender for a fifth. Club is still rebuilding from its great state champion of 1980. The Pirates will be in hard combat with no less than three other title hopefuls. Weaker.

WINNSBORO (7-2-1) 13 lettermen, 3 offensive, 4 defensive starters. Winnsboro rolled up six straight wins and appeared headed for a district championship last year. Then, adversity struck. They were tied by Clarksville, then lost to North Lamar and Pittsburg.

That was it for the Red and White's season. Now, coach Philip Holt thinks his '82 unit can win it all, even if the Red Raiders remain as they were. Same.

NORTH LAMAR (6-4) 5 lettermen, 2 offensive, 3 defensive starters. North Lamar coach Bob Anthony sums up this year's squad to be about like his 7-3 '80 club and the 6-4 '81 unit. Maybe so, but it looks as if the '82 eleven will be a little bit off of that projection. Nevertheless, the Panthers will still be a loop contender Little weaker.

MOUNT VERNON (3-7) 7 lettermen, 5 offensive, 4 defensive starters. Mount Vernon appears to be stronger this year despite having a depth problem. But don't expect the Purple to be meddling in the affairs of the top four. Stronger.

PRAIRLLAND (0-10) 21 lettermen, 8 offensive, 9 defensive starters. The locker room at Prairiland has been like a wake since 1979. Only two wins have been savored in three years. They were 1-9 in '79, 1'9 in '80 and 0-10 in '81. So you see what we mean. Now bristling with 21 monograms (8 offensive and 9 defensive holdovers) from '81's winless campaign, the Patriots, according to the lowest possible assessment, have to be a better team. Stronger.

+++++

District strength Average. Little stronger in '82.

District outlook Clarksville, Pittsburg, Winnsboro and North Lamar will be in a death struggle for the championship. This was the same case last year when Pittsburg won the honors. Clarksville gets the nod this year.

Outstanding players - RB Jerrial Walker, 190, tackle Billy Butler 225, center Bob Thomas, 180, tackle Greg Lassen 215 (Pittsburg); FB David Edwards, 185, tackle William Newman, 240, QB Todd Davis 185 (Prairiland); QB Val Varley 185, RB T.J. Jackson 185, tackle Anthony White 230 (Clarksville); QB Stan Lowry 170, tackle Danny Pepper 195 (Mount Vernon) SE Ed Williams 185, tackle Kevin Reeves 235, guard Carl Nelson 180 (Winnsboro); FB-SS Bobby Anthony 195, end Mike Owen 205, tackle Jerry Young 200 (North Lamar).

Fearsome, Victory Hungry Bulldogs

FROM THE FILES of the Sept. 9, 1960 issue of The Bogata News comes this photograph of the 1960 Bogata Bulldog high school football team. The photo caption had this to say: "Bogata hasn't won a football game in three years, but they plan to remedy that situation this year. The Bulldogs, left to right include, first row---Johnny Adams, Bill Brice, Gaylon Legett, Charles Armstrong, Charles White and Bobby Williams. Second row--Jack Ragsdill, Butch Rhoads, Robert Waters, Lanny Stewart, Doyne Roberts, Donnie Strain and Steve Wallace. Third row--Jim Kunkle,Billy Wooten, Bo Harvill, Skip Glover, Morris Trimm, Jimmy Branch, Arthur Wolfe and Coach Sid Hudson." The accompanying news article went on to state that Coach Hudson was a former Bulldog himself and that he had played on Bogata's last previous winning ball club.
