Request For Rezoning Granted

The City Council on Monday night approved a request by Sheriff Joe Earl Hunt to rezone a lot on South Church Street from R-3 duplex and apartments to B-1 business.

Hunt said that when his term of office as sheriff expires Dec. 31 he plans to open

a small shop, probably 30 by 35 feet, to sell gifts, hobby items, antiques and custom art work.

Alderman N. F. Jackson presided at the Council meeting as mayor pro tem in the absence of Mayor Delmar R. Hiller who is on vacation. Also present were Aldermen Charlie Garrett, Joe "Pepe" Zambrana and Mrs. J. W. "Tony" Harden.

The Council followed the recommendation of the Planning and Zoning Commission. Commission members present were chairmen Seth Steele, Bob Mosier, Raleigh Moore and Earl Harle.

—Awarded a contract to Water Tank Servicing Co. of Houston for \$4,987 to paint the elevated water tank. The upper part will be white and the lower part green, with "Rockport Pirates" lettering on the tank. The Houston firm was the only company that bid on the paint job.

—Voted unanimously not to put curbing in front of Western Auto Store until a sidewalk is laid. Also voted to table for a year a proposal that curbing be installed in front of Camehl's Sewing Shop.

—Passed an ordinance authorizing an increase in service work performed by Aransas Natural Gas Co.

—Accepted a revised rate schedule submitted by Central Power and Light Co. which will lower the cost of operating the flashing lights at schools.

—Announced that the city had received \$10,500 in federal funds for work done here following Hurricane Beulah. The \$10,500 represents 90 percent payment of the funds allocated for the city.

Rains Cause Refuge Closing

Rains accompanying storm Candy last Sunday caused the closing of Aransas National Wildlife Refuge.

Gordon Hansen, manager, said the refuge was "100 percent under water" and water was up to five feet deep over some roads.

"We will be closed until further notice," he said. Hansen said the wind, which was "better than 60 miles an hour," tore the roof off a building in the refuge.

Bill Williams, superintendent of Goose Island State Park, reported "at least 4 inches" of rain during the day. He said about 15 persons were asked to leave the park before the storm struck the area, but that winds were never very strong there.

"There's more water in the park than there was after Hurricane Beulah," he said.

Weather observer Paul C. Sorenson said winds up to 40 miles an hour were recorded in Rockport and that the rainfall totaled 1.83 inches.

Beulah Loan Program Ends

The federal government's disaster loan program in which nearly 10,000 individuals, home-owners and small business firms have borrowed more than \$25 million dollars from the Small Business Administration will be ended this week.

The official end of the program had been scheduled for March 31 this year, but was extended to June 30th by Southwest Area Administrator of the SBA, Mr. Robert E. West.

The SBA Disaster Loan office in the Jones Building at 317 Peoples Street in Corpus Christi will receive applications for repair of Hurricane Beulah damage through Friday, June 28th which is the last business day of the month.

Applications For Chief of Police Being Accepted

Applications will be received from now until Aug. 26 by the City Council for a new chief of police to succeed Bob Hewes who will become sheriff of Aransas county on Jan. 1.

Application forms may be obtained at the City Hall. The city is looking for an experienced law enforcement officer and the salary is open to negotiation.

The City Council has decided to advertise for a new chief in Town and City Magazine (official publication of the Texas Municipal League), and the magazine of the Law Enforcement Association of Texas.

PFC. JOHN V. AKIN

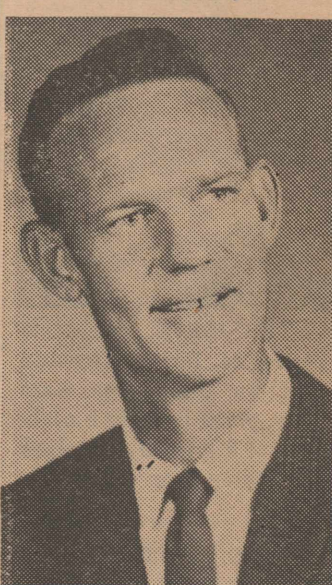

The Rosary for Pfc. John V. Akin, 20, who was killed in Vietnam, was recited Wednesday in Cage-Marshall Funeral Chapel.

Funeral services were held Thursday in Sacred Heart Catholic Church, with burial in Rockport Cemetery.

Akin was killed July 15 in Vietnam combat near Phubli. He was attached to the 101st Airborne Division and had been in Vietnam about one month.

Surviving are his parents, Mr. and Mrs. John R. Akin; a brother, Stephen Akin; and a sister, Moya Akin, all of Rockport.

Bishop Man Named Live Oak Principal

James F. Gillis, former principal of Bishop High School, will report for duty here Aug. 1 as principal of Live Oak Elementary School.

He will succeed Pat E. Smith who becomes principal of Rockport-Fulton Junior High School, succeeding Joe Randow. Randow becomes director of instruction for the entire Aransas County Independent School District system.

Gillis spent five years with the Bishop school system, serving as principal of the high school, assistant principal and earlier as principal of the junior high school.

Prior to that he was a mathematics teacher and coach at Industrial High School in Vanderbilt, Texas for nine years. His first position after leaving college was as a math teacher and coach at Luling High School for one year.

Born and reared in Prairie Lea, Gillis received his bachelor's and master's degrees from Southwest Texas State College at San Marcos.

He is married to Janet Gillis, who will teach at Rockport-Fulton Junior High School. The couple have three children.

AN EDITORIAL

'Shop at Home' Campaign

By means of advertisements, editorials and slogans interspersed among news articles, the Rockport Pilot continues to remind its readers to "Shop at Home" to keep their money circulating in the Rockport area.

This campaign, endorsed by the Chamber of Commerce, is designed to keep before the public the fact that buying at home saves gasoline, saves time and helps your community.

This movement appears to be gathering momentum every week. With local merchants offering outstanding buys and the public giving more thought to trading at home, the "Shop at Home" campaign appears to be certain to be a success.

Ski Basin Safety to Be Discussed

A meeting will be held at 7 p.m. Friday, June 28 in the City Hall to discuss ways to increase safety in the Ski Basin.

Attending the meeting will be Chester Burdette of Corpus Christi, an expert on water safety from the Texas Parks and Wildlife Department; Chief of Police Bob Hewes; City Attorney Dick Hatch; and a representative of the Navigation District.

Invited to the meeting are all persons interested in water safety: Operators of motorboats and sailboats, water skiers, swimmers and fishermen.

At the suggestion of Mayor Delmar R. Hiller, Regional Director Tom D. Moore of the Parks and Wildlife Department has offered the following safety suggestions for the Ski Basin:

1) Because of the physical design of the basin, all boats should travel counterclockwise.

2) Sailboats and swimmers should not be permitted in the travel lanes used by water skiers.

3) Establish for sailboats and swimmers an area which would be closed to water skiers and motorboats.

Moore said the Wildlife Dept. does not have any buoys on hand. "However," he said "plastic, half-gallon Purex bottles are easily obtainable and would do well. They are white-colored, but could be painted orange for better visibility. A five-pound piece of iron would make an adequate anchor. As to the number of buoys needed, I would suggest 20-feet spacing along a line which you might establish."

Moore also suggested that a five-mile per hour zone be marked with signs along the channel from Key Allegro to Aransas Bay. "The wake of large boats along this channel is particularly hazardous in the vicinity of the saltwater swimming pool," he said.

Seaman's Lions To Crown 'Queen'

The Seamen's Lions Club announces that applications are now being received for the 1968-69 Lions Club "Queen." All young ladies in the Rockport area between the ages of 15 and 19 are eligible to enter.

Applications will be accepted through June 30. For further information, call SO 4-5743 or SO 4-6553.

Many prizes will be awarded in the Queen contest, first prize being a paid vacation trip for the winner and two guests of her choice. Other gifts and gift certificates supplied by local merchants also will be included in the prizes.

NO GARBAGE PICKUP JULY 4

There will be no city garbage pickup on Thursday, July 4. Instead, it will be picked up on Friday.

Dedication Service 'All Faiths' Chapel Held Sunday.

A most impressive dedication service was held last Sunday in the new All Faiths Church of Lamar in the old chapel of the Schoenstatt Sisters of Mary. In spite of the unusually inclement weather, thirty-eight people attended the services conducted by Msgr. F. O. Beck assisted by Rev. Cecil Lang, pastor of Presbyterian Church.

A great amount of dignity was added to the ceremony by having the three voice choir of the Sisters render the processional which was Psalm 21: 'The Lord is My Shepherd' partly in chant and partly in voices. Later in the service this choir sang: "Let Us Jubilate."

The ritual of the service was conducted by Rev. Lang who had charge of the singing by the congregation and also presented the reading of the Scripture which was taken most appropriately from Revelations and contained the text which formed the basis for the sermon: "Behold the dwelling place of God with men! He shall dwell with them and they shall be His people!"

Msgr. Beck delivered the sermon. He referred to the first house of God erected by the Patriarch Jacob where he had his dream of angels descending and ascending to heaven on a ladder, and stated what a wonderful sight it would be if we too could have a vision not of angels, but a vision of our forefathers marching towards us down through the ages carrying aloft the banner of their faith which is the cross of Christ, and pausing from time to time to erect a house of God to have in their midst a "Dwelling place of God with men."

An impressive part of the ceremony was the recitation of the Solemn Doxology by Msgr. Beck and to hear the conclusion which is the "Holy, Holy, Holy," sung by the whole congregation.

Rev. Fr. Locher, Chaplain of Sisters of Schoenstatt, was present in the sanctuary.

Many phone calls were received Monday from friends who expressed their regrets because they were unable to attend because of the inclement weather.

SBA Disaster Loans Available

All areas of South Texas and the Gulf Coast which have suffered damage from wind, high water and tornadoes as a result of tropical storm Candy, have been declared disaster areas by the Small Business Administration, Robert E. West, area administrator, Dallas, announced today.

West further stated that this declaration authorizes the Small Business Administration to make 3 per cent loans for as long as 30 years to individuals, business concerns, and non-profit organizations such as churches and charitable institutions, provided they have suffered tangible property loss as a result of damage inflicted by the storm.

The purpose of an area disaster loan is to restore a victim's home or business property as nearly as possible to its pre-disaster condition.

Temporary disaster offices will be opened immediately in the areas that have suffered the most damage. The locations of these offices will be announced in the immediate future.

Art Guild Annual Exhibit Set for July 4-6

The Rockport Art Guild has made final plans for its annual exhibit to be held July 4, 5 and 6 at the new Art Gallery (Thompson's Spa Building). During the exhibit the gallery will be open from 9 a.m. to 6 p.m.

Ribbons will be awarded in six categories: Marine, still life, figure or portrait, landscape, free form and drawing. In addition, three special awards of \$50 each will be given.

O. George Pinca, well known San Antonio artist and judge of the show, will select the picture to receive the "Best of Show" award.

A panel of local judges will confer the prize for the picture "Best Depicting the Area," and all visitors to the exhibit will be asked to cast their ballots for the picture they wish to receive the "Popular Vote" award.

To give a lighter side to the show, there will be a caricaturist on hand to do instant portraits, and other artists will be at work in the courtyard where unframed pictures and novelties may be purchased.

Riding Assn. Special Meeting

The Aransas County Riding Association will hold a special meeting at 8 p.m. Monday, July 8 at the Fire Station.

The speaker will be County Agent D. P. Pawlik who will discuss 4-H Club work. All persons interested in 4-H projects are urged to attend.

Health authorities have warned that standing water caused by recent heavy rains has contaminated many private water wells in Aransas and San Patricio Counties.

A representative of the State Health Department told officials at a federal-state-local disaster assistance meeting that up to 90 per cent of the wells he checked are contaminated.

"It would be safer to assume that all private wells in the areas of flooding are contaminated," Col. Jesse L. Ward of the division of defense and disaster relief of the Department of Public Safety said.

Water supplied by the various cities is treated and is safe to use, as well as that of other chlorinated systems, he said.

Citizens of the area who use water from their own wells were cautioned to boil the water for five minutes before drinking or to use water purification materials available from most drug and sporting goods stores.

A letter requesting that Aransas and San Patricio counties be declared a disaster area was ready for Gov. John Connally's signature Tuesday, Ward said.

Ward, who is with the division of defense and disaster relief of the Department of Public Safety, conducted a meeting of state, federal and local officials here to discuss problems of the area resulting from continuing heavy rains.

The request for a disaster declaration that would qualify the area for aid under Public Law 875 was forwarded through channels to President Lyndon B. Johnson after being approved by Gov. Connally. Ward said it would take from 10 to 12 days to obtain the final decision.

No recommendation was given for treatment of water-logged, inoperative septic tank systems.

Ward said septic tanks and water wells should be given top priority since they pose serious health problems, while other aspects of continued flooding are matters of discomfort and nuisance.

More than 3,700 septic tanks and their drain fields in the Ingleside-Aransas Pass, Aransas County area were said to be inoperative because of the saturated soil. This total represents 950 in the Ingleside area, 325 in Aransas Pass and 2,500 in Aransas County.

Mayor William L. Ellis of Aransas Pass said these conditions pose a grave health danger. Individual owners, he said, will have to correct the situation, and he asked the State Health Department to come up with recommendations as quickly as possible.

Ward said 17 pumps and 31 miles of pipe were stored at Bastrop. Seven of those pumps and approximately two and one-half miles of pipe were sent to the area Monday.

Along The Waterfront

Palm Harbor fishing news: Mildred reported the following catches from Palm Harbor Marania: Earl Knight and Don Jett of Ft. Worth, fishing Monday, had a catch of 45 trout.

H. N. Drain and George Brown and sons of Dallas, fishing Monday and Tuesday, had a catch of 369 trout, all averaging from 1 1/4 to 2 1/2 pounds.

R. D. Abernathy and H. A. Warren of Rockport, fishing Tuesday, caught 58 nice trout. Cookie and Grace Cook of Palm Harbor, fishing Tuesday, had a catch of 51 trout.

N. D. Neyman of Eunice, N. M. and Tony Stacy of Yoakum got 68 fish Friday.

Mr. and Mrs. J. H. Bingham of Belton had a catch of 70.

Mr. and Mrs. Cordie Morgan of Rockport caught 18 nice gafftop.

Dr. and Mrs. Lu Kost of Palm Harbor and San Antonio, fishing the flats, had a nice catch of trout, and then the rain came.

Sunday, the weather kept most of our fishermen off the water, but better luck next week.

Joe Browne of Browne's Harbor/Marina on Southbeach said he couldn't keep track of all the catches brought in over the weekend, but he did manage to list a few—like the 55 trout and 12 reds that R. H. Hines and his son, Bob, Jr. brought in. Or the 116 total caught by the Weldon party of Houston.

Bob Andrews came all the way down from Oklahoma City to fish for gafftop—he took 72 pounds, dressed and frozen back home Sunday night.

One nice thing about gafftop is that they will bite on almost anything. One group of fishermen ran out of bait in the middle of the bay so they used hunks of cheese and vienna sausage from their lunch boxes and boated 19 of the fighting cats.

Night-time fishing from the lighter piers along southbeach remains good. Trout catches of 50 and 60 have been reported all week long.

WHAT'S THE DIFFERENCE?

A London heart Surgeon says that in the foreseeable future all human body parts except the brain will be replaceable.

He figures the brain will probably never be replaced because it apparently does not age and because its operations are too complex.

It was nice of him to say how complex all our brains are and it probably made more people feel good for a while until they realized that there are a lot of people walking around who could have their brains replaced with an old tin can and nobody would notice much difference.—Atlanta Journal.

THE RUSSIANS DIDN'T INVENT THE TEA CUP

The Russians do have a weakness, regardless of what they say.

They get sick just like the rest of the world's peoples.

And they admit it, which might be a first at that.

This startling revelation came about when it was revealed recently that Russian-grown tea is now being promoted as a cheap and easy way to ward off ills.

The Russians have done a lot of bragging about being first in this and first in that and to hear them tell it they're a super-race. So for them to even admit they become sick is something else.

The people are being told that tea is good for the bones, nerves, heart and veins.

The stuff is brewed and served up in water glasses!

It's being served winter and summer.

Ice tea is unknown.

It's catching on with a population, too, and is said to be gaining on coffee and a store manager said probably the only reason it is number two is that it hasn't been advertised enough.

Or perhaps the reason it is number two still is that the people haven't been told to drink it or else.

Some day in the future, the Russians may lay claim to having invented the tea cup.

If they drink enough of the hot tea from water glasses and if it is true that it is good for the nerves they may get nerve enough to lay claim to the tea cup.

HOUSEHOLD EMPLOYERS

WILL RECEIVE FORM 942

Austin—District Director of Internal Revenue R. L. Phinney said today that household employers in the Austin District will receive through the mail on or about July 1 pre-addressed Forms 942, "Employer's Quarterly Federal Tax Return for Household Employees," for use in reporting Social Security taxes for the calendar quarter ending June 30, 1968.

Phinney pointed out that the

use of these pre-addressed forms, which also carry the correct employer identification number, will insure the prompt and proper credit to taxpayer accounts when these quarterly returns are processed through the ADP systems at the regional service center.

Phinney said further that blank forms are available in the District and local offices for new filers and urged that those employers who have assigned identification numbers make sure the number entered on the tax form is correct.

The Vietnamese primary social outlook revolves around the family and village. Members of a family have an obligation—not to be violated, if at all possible—to care for relatives and prevent any of them from being in want.

Tips on Good Grooming

POP TOP PLEA

Please pop your tops slowly, advise clothing stain specialists at the National Institute of Drycleaning. Beer and soft drinks will cause nasty stains which can become permanent with time and heat. When you open a beverage can, do so cautiously, not carelessly. If any of the beverage sprays onto your clothing, take the garment to your drycleaner and let him know exactly what happened. These stains are difficult to remove. But if caught in time, a professional may remedy the situation.

Library News

What wonderful weather to visit your Aransas County Library, and catch up on your reading. The young folks have been running a close race with the adults in checking out books during these rainy days. The Summer Reading Program is well under way with well over 100 readers, each of whom checks out about five books every few days.

Books have been donated to the library during this month by Mrs. Wesley Morgan, Miss Evelyn Townsend, Mr. Frank Wells, Mrs. W. H. Woellert of Poth, Mrs. Edna Storts, Mrs. Philip Baldwin, Mrs. Berry M. Whitaker, Mrs. J. Mixon.

Recent memorials were given by Mrs. J. H. Mills, Mr. and Mrs. Chester Johnson, Leon and Blanche Lowery, and Mr. and Mrs. J. R. Kinsey

and Mr. and Mrs. Roy Burke. Should you care to peruse through periodicals, you will find Life, Newsweek, the Saturday Review, Time, The National Geographic, Reader's Digest, Changing Times, Sports Review, Consumer's Reports, Space World and many others. There is always the latest copy of the Rockport Pilot.

MISS BUCKLEY FETED

Miss Gwen Buckley was honoree at a linen shower given by Mrs. Richard Hilde, Miss Liz Dorris and Mrs. Thomas Stavits of San Antonio.

Mr. and Mrs. Truman Phelps from Laredo are visiting with the Walter Hatleys this week. They are cousins of the Hatleys.

PROCLAMATION

WHEREAS this Nation was founded by a people who believed in and respected God, the Creator of life; and

WHEREAS the citizens of this Nation take strength and courage from being considered as a "Nation under God"; and

WHEREAS the majority of peoples in this Land seek to conduct themselves under the Teachings of God; and

WHEREAS those who serve this Nation, and particularly those who sacrifice their lives in its just causes, do also glorify Almighty God in their particular activity;

NOW THEREFORE, I Delmar R. Hiller, as Mayor of the City of Rockport, Texas DO HEREBY PROCLAIM:

That the citizens of the City of Rockport, Texas should give special honor and recognition to the services rendered to these United States of America by Pfc. John V. Akin; and

That this the 27th day of June, 1963 be observed as JOHN V. AKIN DAY IN ROCKPORT.

(Pfc. John V. Akin was killed in combat in support of the cause of the United States of America while serving in Viet Nam as a member of the United States Army.)

As Mayor of the City of Rockport, Texas, and for myself and the citizens of this city, I extend to the family and loved ones of Pfc. John V. Akin, warm sympathy and consideration and the hope and prayer that his life might be recognized as having been given for a just and righteous cause in the sight of Almighty God.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the seal of the City of Rockport, Texas.

S/DELMAR R. HILLER, Mayor.

ATTEST: S/MARY LAKE SEGLER City Secretary.

Student Benefits Are Part of Family Protection

"More than nine out of 10 children are assured a regular monthly income if they should lose the normal support of a working parent due to death, disability, or retirement. The payments of social security student benefits can be made until these young Americans have had a chance to finish college." So says Corpus Christi District Manager H. M. curity Administration.

"Since more than 90 per cent of all gainful employment is covered by social security, more than 90 per cent of the population is protected by this family insurance," he says.

"This is especially important to those who are planning the education of children and the financial security of the family in any eventuality," Cleveland remarked. "A working parent has the satisfaction of knowing that his children will have a regular monthly income if his earning power should be cut off due to his disability or death or in the event of his retirement."

Almost half a million young people who are receiving student's benefits will enroll in college this fall, Cleveland reports. During the next year, they will receive social security payments totaling almost half a billion dollars.

For some students, the social security insurance is their only income. These family insurance payments, which are

paid as a matter of right to those who qualify for them, are earned by all working fathers and mothers.

A child's insurance benefits are paid to age 22 if the child continues his education. Otherwise, the benefits stop at age 18. Cleveland explained that marriage of a child ends his right to receive any further social security payments on his parent's account.

Information about student benefits is available from the Social Security Administration, 1802 South Staples Street, Corpus Christi, Texas 78404.

HOGLUND'S HAPPENINGS

JUNE 3, 1965—Air Force Maj. Edward H. White stepped out of his orbiting spaceship, Gemini 4, and became the first American to "walk in space." He remained outside the craft for 20 minutes.

JUNE 24, 1947—The first "flying saucers" are reported by Kenneth Arnold of Boise, Idaho, who claimed he observed nine "shining saucerlike objects" flying in formation over Mt. Rainier, Wash., early in the day.

Miss Linda Smith, Robert L. Blunt Exchange Vows

Miss Linda Kay Smith became the bride of Robert Lyle Blunt in a ceremony Saturday in the home of the bride.

The bride is the daughter of Mr. and Mrs. Ruey Langley, and the groom's parents are Mrs. Johnny Burke and Marvin Blunt, all of Rockport.

The Rev. Edmund Folken- ing read the double ring vows. The setting was branched candalaria entwined with greenery, flanked by standing baskets of white gladioli.

Given in marriage by her father, the bride chose a street length white lace dress, and a crown of pearls held her illusion veil. She carried a cascade bouquet of white feathered carnations centered with a white Japette orchid.

Miss Brenda Jo Clark, cousin of the bride, was maid of honor. She chose a pink lace dress and carried a nosegay of white feathered carnations.

Speck Cooke was best man. Candelights were Ricky Smith, brother of the bride, and Kenneth Clark, cousin of the bride.

The traditional music was played by Miss Martha Johnson.

A reception was held in the bride's home. The serving table was covered with a white cloth, designed with silver bells on the border. The centerpiece was pink and white, the bride's colors. The three-tiered wedding cake was topped with a miniature bride and groom.

Serving in the house party was Miss Martha Johnson, Ann Crickenberger and Miss Sue Clark, a cousin of the bride.

After a wedding trip to Victoria, the couple will be at home in Rockport.

Albert E. Hesselstine, Sr., 55, of Saint Paul, who was killed in a traffic accident in Corpus Christi last week was a brother of J. D. Hesselstine, Jr., of Rockport.

Mr. and Mrs. Bill Clark and family of Morgan City, La. visited in the home of Mr. and Mrs. Steve Clark and family this past week.

Rebekah News

The Rockport Rebekah Lodge met June 20, with the noble grand, Mrs. Lorene King presiding.

Mrs. Alice Ballou and Mrs. Mellie Edmison, both in Spohn Hospital, are improving.

Mrs. Marjorie Ballard of Austin was a guest and gave an informative talk on the work her lodge is doing and the president's program.

Mrs. King won the flower fund gift.

Refreshments were served by the committee, Mrs. Oro May and Mrs. Myrtle McLester, after lodge.

The family night covered dish supper will be 6:30 p.m. Thursday, June 27.

Miss Olds Weds Pfc. Rexroad

Mr. and Mrs. Ken Olds, formerly of Rockport, and now residing in Aurora, Colo., announce the marriage of their daughter, Cathy Elaine, to Pfc. Carl Edward Rexroad, Jr., son of Mr. and Mrs. Carl Edward Rexroad, Sr., of Gregory.

The wedding was held June 15 at the Barrett Chapel in Aurora with the Rev. Clarence Ammons officiating.

The bride was attired in a white acetate sheath with lace trim, and long sleeves, with a shoulder length white lace veil. She carried a white Bible with a white orchid placed on it.

Cathy is a graduate of Rockport-Fulton High School, and Pfc. Rexroad attended Taft High School, and is now serving with the U. S. Marines stationed at Ft. Le Jeune, N. C.

FOUL WEATHER—
(Continued from Page 1)

of Precinct 4, San Patricio County, and Mayor Doyle Brashers of Ingleside requested four pumps and two miles of pipe.

Two pumps and 2,000 feet of pipe were sent to the City of Rockport, and Aransas County got one pump and approximately 1,700 feet of pipe.

This equipment will be used to pump water from low areas, particularly in residential neighborhoods.

The problems of ditching to relieve the area of flood waters were discussed at length. Kindel and Brashers said property owners not affected refuse to grant permission to extend ditches across their property or to discharge water from the pumps on their property.

Small ditches require "fence riders," for continued maintenance since the sand will immediately slough off and fill any small ditches dug.

Ward said he doubted there is any temporary solution to the problem since you can pump water out of low areas today and it may be back in a week. Assistance under Public Law 875, however, is restricted to temporary

measures, and flooding must be around homes, causing a health problem.

Ward said there is a possibility of working towards a "grant in lieu," whereby local authorities would be advanced the amount of funds that would be spent on temporary measures and local funds added to those for permanent structures.

"There's no way of getting rid of the water permanently without major ditches," Ward said.

Ward and W. C. Ilgenfritz, natural disaster coordinator in the Denton office of the Office of Emergency Planning toured the area by helicopter last Friday to inspect flooding.

Ward said he learned Friday morning that the Ingleside area has received 50 inches of rain since May 7. The total since the beginning of the rains spawned by Hurricane Beulah is 130 inches, two inches shy of 11 feet.

The continued rains have proved a "blessing in disguise" in one area — preventing the breeding of disease-bearing mosquitoes.

Bobby T. Davis of the State Department of Health in Austin said the species that carries malaria and enceph-

litis breed only in stagnant water. No evidence of the buildup of this variety has been found.

Davis said there is a present danger they may breed around homes where water is trapped in vessels, automobile tires and other confined areas. Homeowners, he said, should make a careful inspection to make sure there are no breeding sites present.

MRS. PERCIEFIELD DIES

Funeral services were held Saturday at Cagle-Marshall Funeral Chapel for Mrs. Perry Perciefield, 76, who died June 21 in an Aransas Pass hospital. Burial was in Rockport Cemetery.

Born in Daingerfield, she had been a Rockport resident 16 years. She was affiliated with the Methodist Church.

Survivors include her husband; two sisters, Mrs. Earl Alexander of Wellington, and Mrs. O. R. Hill of Rockport; one brother, Joe Templeton of Jacksonville, Texas.

Susie LeBlanc arrived Monday from Phoenix, Ariz. to spend the summer with her parents, Mr. and Mrs. Leonard LeBlanc. She has been attending St. Joseph School of Nursing and will be a graduate next summer.

Film Producer Says 'Thank You'

The Pilot published a story recently about a film crew from Boston coming to Rockport to shoot a film for National Aeronautics and Space Administration (NASA).

The article pointed out that the film, featuring Mr. and Mrs. Benny Bloomer and the children as the actors, will illustrate how satellites make it possible for meteorologists to make long range forecasts, tracing the movement of hurricanes.

The film's producer, Roger Smith of WGBH educational television station, Boston, recently sent the following letter to Ed Harper, president of the Chamber of Commerce.

Dear Ed:

I would like to express the thanks of myself and our film crew for the cooperation which you extended to us in our recent filming in Rockport. We all agreed that it was a very successful venture. Our schedule, as you know, was very tight. It was only through the effectiveness of Mr. Kinsey and yourself that we were able to accomplish so much. We are grateful to have been the beneficiaries of the generosity of the people in Rockport including Mrs. Herbert French, who so kindly made her house available to us, to Elva Mullinax, Gayle Long, and Mr. Campbell who together created a little hurricane at the airport which had to be seen to be believed. We are also indebted to Mr. Kinsey's secretary (Mrs. Landrum) who made her knowledge, her efficiency, and her person available in extremely short notice when badly needed.

We all think you live in a very agreeable town. I have never before in my life been invited for coffee at the half past twelve in the morning at a Texaco station. This event which happened in Rockport I'll remember as symbolic of the neighborliness and good will of the people I met in the Coastal Bend.

In case we forget to inform you about the availability of this film, it is known to NASA as the one on "space science applications." It should be

ready for distribution some time early next year and any inquiries can be directed to Mr. Clayton Edwards, Chief, Television and Radio Division, Code FAV, NAS Headquarters, Washington, D. C. 50546. Thank you, again.

California Man Praises Pilot

A. R. Frasier of Santa Monica, Calif., sent the following letter to The Rockport Pilot and received a "thank you" letter and some answers to his questions:

June 19, 1968
Mr. John R. Kinsey
Editor, The Rockport Pilot
Rockport, Texas.

Dear Mr. Kinsey:

I really enjoy reading your paper. It is slanted to local folks, events, locations and opportunities.

We are a couple planning to retire to your area within a couple of years. The Pilot gives us an idea of the relative differences in living costs between the two areas. Foods and automobiles are about the same. Houses and property seem lower in cost.

As a result of reading the advertising in your paper, it could very well be that we'll settle in Rockport instead of our lot at Holiday Beach. Could you give us an idea of residential tax rates, the annual range of temperature, rainfall and humidity and a schedule of television programs and stations serving the Rockport area? I haven't found any mention of television programming in your paper as yet.

Very Truly yours,
A. R. Frasier

RESOLUTIONS OF RESPECT

Whereas: It has been the will of our Heavenly Father to call from his earthly home to his eternal reward, Ira Colley, and

Whereas: Altho our hearts are saddened by the loss of our esteemed member and friend, and

Whereas: We shall miss him from our ranks, but we bow in submission to the will of God, knowing He does all things well.

Therefore: Be It Resolved that the Rockport-Fulton High School Alumni Association extend sincere sympathy to the daughter, a sister and grandchildren of our departed member, in their hour of bereavement.

Be It Further Resolved: That a copy of these resolutions be sent to the family, a copy furnished the Rockport Pilot for publication and another entered upon the minutes of this organization.

Texas Draft Call Is 695 Men For July

Austin—The July draft call for Texas is 695 men, all for the Army, Col. Morris S. Schwartz, State Selective Service director said Tuesday. This compares to a June call of 961, scaled down from an original quota of 1,416, and the May call of 2,223, which was increased to that figure in late April to provide strength for the Marine Corps.

More than 5,300 men will be sent to take pre-induction physical-mental examinations in July to provide men to fill quotas received in future months.

Local board quotas for the July induction and physical-mental examinations already have been mailed by state Selective Service headquarters.

The boards sent 8,000 to 9,000 men for the pre-induction physical and mental examinations in May and are sending the same number in June.

The order of selection to fill

the July induction call may be from among examined and acceptable men who are (1) delinquents 19 years old and older; (2) volunteers under age 26 in the sequence in which they have volunteered; and (3) nonvolunteers 19 through 25 years old, single and married, oldest first, with those married after August 26, 1965, being selected ahead of those married on or before that date.

High-Low Bridge Club

Mrs. F. L. McCord entertained the High-Low Bridge Club June 19 in her home with two tables of players.

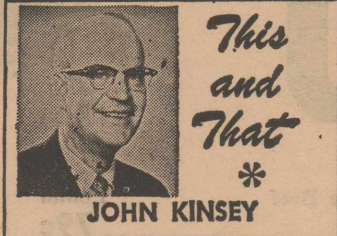

Members attending were: Mrs. Arthur Bracht, Mrs. H. H. Dick, Mrs. H. F. Elliot, Mrs. E. W. Means, and three guests, Mrs. Frank O'Kelley, Mrs. Lee Eckman, and Mrs. Tom Smallwood.

High score was won by Mrs. Arthur Bracht, low was Mrs. Smallwood.

Mrs. Lee Eckman will be hostess for the next club meeting.

MODERN PATROL CARS of the Texas Department of Public Safety will be cruising Texas highways in full force over the long July 4th weekend. Trained and experienced officers of the DPS will render assistance, promote a safe and smooth flow of traffic and enforce the law.

This and That
JOHN KINSEY

With all the nationwide publicity about teenagers burning draft cards, staging protest marches and committing violence, the following true story about a local boy is refreshing.

This youth, who asked that his name not be used, recently found a wallet on a street in Key Allegro. It contained \$56 and a number of credit cards, driver's license and other important items.

He notified the Sheriff's Department which had received no report of a lost wallet. However, they took

his name and phone number.

The next day, a Corpus Christi man (uncle of the man who had lost the wallet) called the Rockport City Police Department to inquire if any one had found a wallet. A call to the Sheriff's office revealed the phone number of the youth who had found the wallet. In this way the uncle got in touch with the finder who mailed the wallet to him and he sent it to his nephew in Massachusetts.

A few days later the Rockport boy who found the wallet received the following letter from the owner of the wallet, Jack Haberlin, Jr., of Roslindale, Mass., with a \$10 reward:

"Dear —: 'All I've been hearing since I've come to Texas to visit is how great the place is. Now you have me convinced. I had given up the wallet as lost; at home it would have been, unless I had known the finder."

"My experience with you and most every Texan I have met has proved to me and my family that the people there are among the most friendly we have ever met."

"Thanks again for your effort and honesty. You have made my vacation change from a disaster to an enjoyable stay."

L. B. Kinsey, father of John Kinsey, has returned to Rockport after a physical check-up at Doctor's Hospital in Corpus Christi.

Mr. and Mrs. Glenn Mundine and family enjoyed a trip to Florida this month where they visited friends and relatives.
