IN LOCAL ELECTIONS

Nell Wall Elected Mayor, Moore, Blain On Council

Don't ever let anybody from downstate tell you the wind doesn't blow down there...we found out this weekend it blows in East Texas just like it does out here on the Plains!

We shall have to admit we were a bit surprised to arise on Easter morning and hear the wind blowing among the pine trees but it sure did.

We hope everyone had a nice visit with kinfolks like we did this passed weekend. We took full advantage of the long school holiday to visit Six Flags then on down "to grandma's" and other spots in East Texas and then set sail (with the wind we could've used a sail had we had one) for Stratford early Monday morning.

We got a late start from Stratford last week as our Tom had to go to Guymon to the track meet before we left, however, he got his part out of the way early and we were on hand at the airport in Amarillo to meet the new doctor and his family. After visiting briefly with Dr. and Mrs. Murphy and their son, Michael, we took off for Arlington and Six Flags.

Y'know, we have always known the world has been shrinking, but you get this fact real when you see folks you know so far from home. As we got up to the gate Friday morning to enter Six Flags the first folks we saw were the Martins, Bill, Polly, Denny and Kathleen... just in front of us at the Main Gate!

Before the day was out we also ran into Donnie Hawkins, along with Sheryl and Everett who were down visiting Donnie who just graduated from SMU and waiting to enter medical school.

So, like we said, it is a small world or is it that Stratfordites just wander around a lot!

We got a real buzz outta visiting with Dr. and Mrs. Murphy when we took their photo Tuesday afternoon. We are really happy that they have come to make their home here in Stratford and y'know the first patient came Friday morning at 6:30 a.m.!

From what he and his wife related Tuesday, they have been busy ever since that time.

Dr. Murphy is real apologetic about having the patients in the house, but it is the best that can be done until the clinic is ready...perhaps it won't be too long. We know the patients understand the situation, and folks are working at the situation as best as can be done at present. By the way the doctor's telephone number is 396-2277 in case you need it.

We have been intending to write a little expose concerning Terry Mathews' moustache and hair for a long time but keep forgetting it until too late. Before we do so again we shall throw it in.

Seems that Terry had quite a bush of a moustache and hair to match until couple of weeks ago. He had just come out of the Elk Pharmacy and was walking down the sidewalk when a car load of Border Patrolmen went by in the street.

NELL WALL
...new Mayor

Stratford has its first lady Mayor, Mrs. Nell Wall, as a result of Saturday's elections. Mrs. Wall ran successfully for the office of Mayor of Stratford defeating incumbent J.W. Flores who had served since 1964.

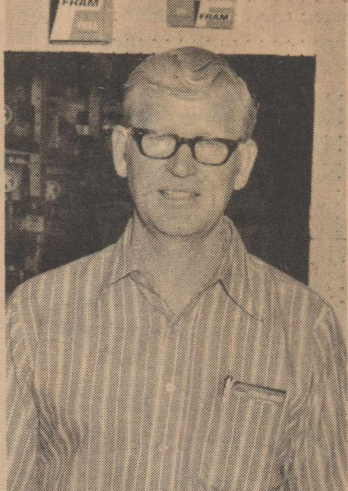

Mrs. Wall received a total of 212 votes to Flores' 181 with E.R. Bell receiving two write-in votes for the mayor's office. Voters returned incumbent councilman J.E. (Ed) Moore to office and Bill Blain is the newest member of the council as a result of Saturday's voting.

Blain, manager of First Supply Co. in Stratford, was in his first race for public office and lead Saturday's ticket with a total of 254 votes. Moore was second with a total of 204. Sherrydon Keener received 180 votes and George Oakley Jr. got 118.

Keener, who is a mechanic at the J&B Implement Co. and is also engaged in farming, received 180 votes while Oakley, who is parts manager at Sherman Implement Co., received 118 votes. Lance Harrington received one write-in vote.

J.E.(ED)MOORE
...returned to Council

BILL BLAIN
...NEW Councilman

The new council will meet next Thursday (April 13) at 7 p.m. when they will officially take office.

In other elections Saturday, there were no contested races and a light turnout of voters came to cast ballots as a result.

In the Stratford Hospital District three were running for three places on that board with one incumbent seeking reelection. Mrs. Shirley McReynolds was the only incumbent running with Jack Vincent and Phillip Bain. All three were elected with Mrs. McReynolds receiving 125 votes, Jack Vincent receiving 126 and Phillip Bain receiving 127. Father Richard Neyner and H.L. Haile both received two write-in votes. A total of 135 cast ballots in this election.

In the Trustee Election at the Stratford Independent School District, two incumbents, E.R. Bell and V.O. Lasley, were seeking reelection and were returned to office. Bell received 122 votes and Lasley received 118. Mrs. Margaret Reed got seven write-in votes and eight other individuals also received one vote each.

Light turnout was also experienced in this election with only 136 voting.

The fourth race Saturday was for two places on the County School Board. R.J. Hill was elected from Precinct 4 and A.E. Pronger Jr. was elected from Precinct 1.

TOWN TALK

Mrs. Tom Evans spent several days last week with Mr. and Mrs. C.C. Plunk and returned to her home in Perryton Sunday.

Easter visitors in Stratford included Mr. and Mrs. Jerry Dyess, both former residents and graduates of Stratford High. The Dyess family is currently making their home in Lakeview.

DOCTOR MURPHY AND FAMILY---Dr. Michael Murphy, his wife, Bernadette and son, Michael, are shown here in their home in Stratford. The doctor and family arrived from Detroit last Thursday to make their home here and to serve the medical needs of area residents. From all accounts he has been busy since his arrival. Until the clinic can be made ready Dr. Murphy is working out of his home.

NATIVE OF IRELAND

Dr. Michael Murphy Opens Practice Here

After four years of seeming frustration, members of the Stratford Hospital District Board were rewarded by arrival of Dr. Michael Murphy and his family last week to set up practice here.

Dr. Murphy, his wife Bernadette and son, Michael, arrived aboard a TWA flight in Amarillo last Thursday afternoon and quickly came to Stratford where he has been busy ever since.

A native of Dublin, Ireland, Dr. Murphy and his family moved to Stratford from Detroit, Mich., where he had been associated for several years.

The new doctor fills a void that has been only too much in evidence for Stratford residents since Dr. Francis Puig left nearly three years ago.

The members of the Hospital District Board were meeting as this issue goes to press with Dr. Murphy to order equipment and supplies for the clinic.

In the meantime, the doctor will work out of the house where the telephone number is 396-2277.

Dr. Murphy learned of Stratford's needs from an advertisement in the Texas Medical Journal and contacted members of the hospital district. He visited a couple of weekends ago and had originally planned to bring his family for a visit over the Easter holidays. In the meantime their plans jelled and he notified Paul Chesmer, president of the hospital district board that he and his family would "come to stay" instead of the visit.

Dr. Murphy is no stranger to much larger places than Stratford including such cities as his native Dublin, London, Montreal, New York and Detroit.

His medical training includes studies in medicine in Dublin with post-graduate work in McGill University in Montreal and Portland. For the past several years Dr. Murphy has practiced psychiatry with an emphasis on children and mental retardation. He has practiced in hospitals in New York, Michigan and Rusk, Texas, state hospital.

The doctor says he came to Stratford because of "the friendly people which I met" and a fine place to raise a youngster.

A native of Ireland, Dr. Murphy became a United States citizen in 1970, and is looking forward to serving the people of this area.

Needless to add Dr. Murphy has been busy since his arrival less than a week ago. With work on Dr. Puig's clinic underway and equipment to be shipped as soon as possible, the doctor is presently working out of his home on North Highway 287 in Stratford.

"I hope it won't be long until we can have the clinic ready and in operation for I know it is unhandy both for the people and myself to work out of the house," Dr. Murphy stated.

At the present time the doctor and his family are making their home in the O.L. McMinn home in Stratford.

TOWN TALK

At home for a few days with her parents this past week was Tina Massie, daughter of Mr. and Mrs. E.J. Massie. Tina brought a guest home with her from the University, Bruce Wall of Dallas. Sharon Murphy returned to Austin with them for a few days visit.

Farm Bureau Seventh Annual Sale Saturday

Sherman County Farm Bureau will hold its Seventh Annual Sale Saturday beginning at 10 a.m. on the lots just south of the Farm Bureau Building on Highway 287 in Stratford.

The proceeds of the annual event go toward retiring the debt on the Farm Bureau Building.

Lee Johnson of Eva, Okla., will serve as auctioneer for the event.

A whole raft of items, from household effects to farm machinery of all kinds will be on the sale list.

Lunch will be available on the grounds.

A sale bill for the event can be found in this issue.

Kawahadi - Indians Will Perform Here

Amarillo's famous Kawahadi Indians will present a performance in the high school gymnasium, sponsored by the local Boy Scout Troop 38, April 14 beginning at 7:30 p.m.

The Kawahadi Indians feature authentic Indian costumes and the dances they perform are as authentic as can be made possible.

The dancing Indians are in reality all members of Amarillo Boy Scout Explorer Troop 80 and are skilled in their presentations.

Each of the Indians construct their own costumes and learn the dances to perfection before they join the travelling troupe.

Tickets for the event will be \$1.50 for adults, \$1 for students and 75¢ for children under 12.

Proceeds from the sales go for upkeep and maintenance of the scout bus and to purchase camping equipment. Tickets are now being sold by members of Troop 38, Cub Scouts and Girl Scouts in Stratford.

The Scene Wins UIL Merit Award

An "Award of Distinguished Merit in Journalism" has been awarded to Stratford High School's official newspaper, "The Scene" for outstanding quality and is being placed in the highest rank of Texas school newspapers in its classification for this school year.

Journalism Instructor Delvin Howard was notified of the award this past week.

"We are very happy to have placed so high in the competition," Howard stated.

The award was made to The Scene and its staff by the University Interscholastic League's press conference in Austin.

This is the first such award The Scene has been given. The school newspaper was awarded a number two certificate last year for the newspaper.

Editor of The Scene this year is Linda Higgins and Rexann Christian is assistant editor. Staff members include Mickie Vincent, Glenanna Ellison, Sue Kimball and Sharon Murphy. Howard is advisor.

The Scene is published every other week by the high school and circulated to all students

TEN CENTS

NUMBER 14

FROM CENSUS REPORTS

County's Agricultural Income Up Five Times Since 1964

Sherman County's agricultural income quadrupled and nearly more in the period of from 1964 through 1969 according to the newest U.S. Census Bureau's agriculture report.

The latest report shows the value of all farm products sold in 1964 in Sherman County totaled \$12,025,500 as compared to a whopping \$67,818,077 in 1969.

The big upturn in farming income was due mainly to the impact from the growing livestock and feedlot industry in this area since 1964.

The crop values in the same period doubled growing from \$5,786,708 in 1964 to \$11,385,151 in 1969. The value of livestock, poultry and related products jumped from \$6,238,666 in 1964 to \$56,432 in 1969.

As anyone who has lived in this area can recall, the big jumps have been made mainly

all because of the feedlot and its related increases since the 1964 survey. Since that time there have been many of the huge feedlots constructed and in production.

Taking another look at the census report study we also find the number of farms in Sherman County has grown from 243 in 1964 with a total of 323 farming operations in the county during 1964.

Three Men Named For Texhoma Board

Three members of the Texhoma (Texas Side) School's board of trustees were elected in Saturday elections.

Eldon Simpson and Duane Schaffer lead the balloting with 33 votes each while Bob Evans got 26.

Lisle Kittle got a total of 7 votes in the elections.

Of the county's total farming operations in 1969, a total of 293 are reported as selling \$2,500 or more of agricultural products in the year as compared with only 207 back in 1964.

The report shows the average size farm in the county in 1969 was 1,646.5 acres and the average value, including land and improvements, was \$300,347 each.

TOWN TALK

George Lovett and Michael spent the Easter Holidays in Meridian, Mississippi visiting relatives. His mother, Mrs. Kate Lovett, returned to Stratford with him for a visit. Michael enjoyed visiting his cousins especially Ward and Wade Coffman, twin sons of Mr. and Mrs. Perry Coffman, former Stratford residents.

This agriculture report by county is made on a regular basis by the Census Bureau. The year 1969 is the last year for which the information was used in this report.

The cattle-feeding industry in Sherman County has grown as reflected in this latest report, but has continued to grow since that time. Several area feedlots have either been constructed since 1969 and most have expanded their operations in the years since 1969 so the next agricultural report should reflect this additional information.

Hi Pro Feeds To Hold Open House

Hi Pro Feeds Inc. of Etter, will hold an Open House all day Saturday to show customers and area residents their new facility which is located just north of the rail crossing on Highway 287 in Etter.

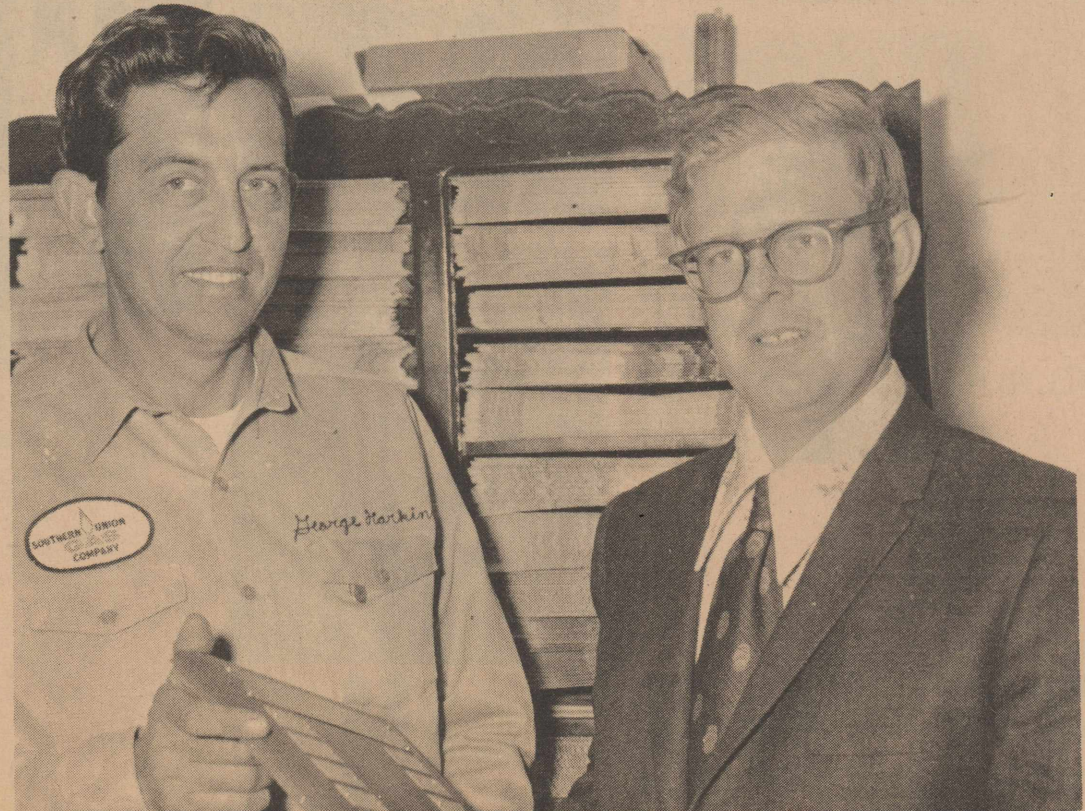

David Hayes, manager, invites everyone to stop by the new building which was completed only recently and see the facility. The new building is 40 feet by 125 feet facing Highway 287 in Etter. It contains storage area for the company's products plus a handsome office waiting room and space for visiting if you desire.

Hayes has served the company in this area since they moved to Etter over three years ago.

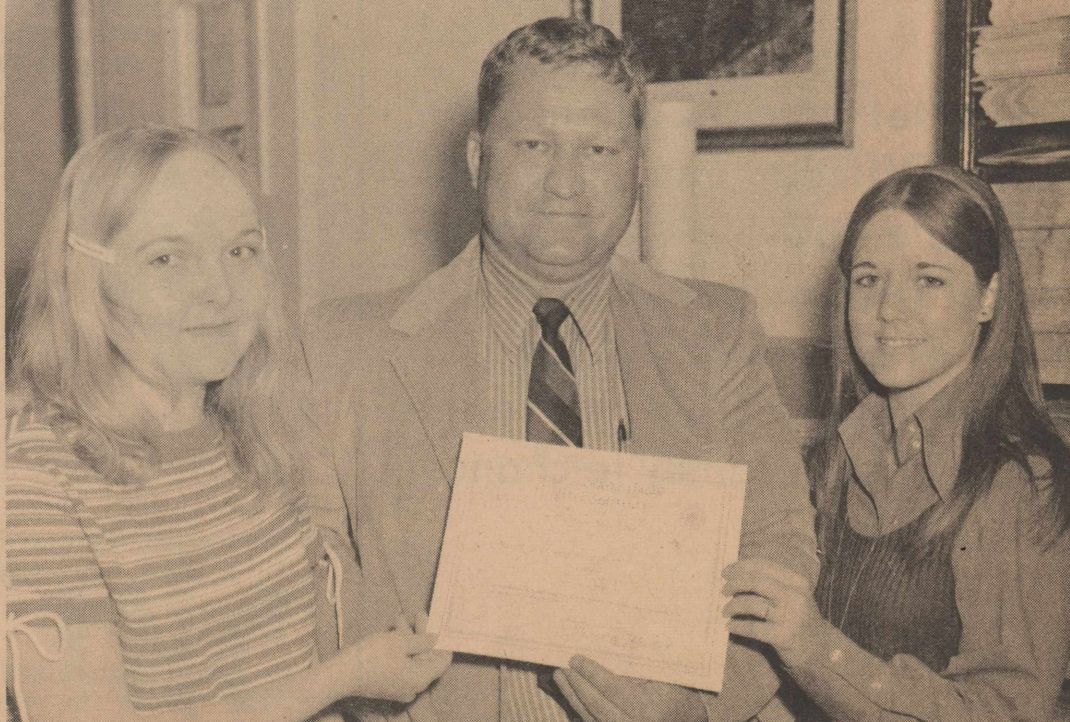

Hi Pro is a Friona-based organization serving this area with animal health products plus accessory equipment for the cattle industry.

Hi Pro has branches in Garden City, Kansas, Abilene, Texas, Etter and Friona to serve the growing cattle industry in these areas.

Hayes is a native of Sunray and after graduating from Sunray High School he attended Texas State University in Canyon. He has been with Hi Pro since November of 1969. His wife, Dyane, is a remedial reading teacher in the Stratford Mary Allen Elementary School. They make their home in Stratford.

GOOD GUY AWARD---George (Junior) Harkins, left, an employee of Southern Union Gas Co., is the first winner of the local Chamber of Commerce "Good Guy" award. Harkins is shown receiving the handsome plaque on which the names of the "Good Guys" will be placed and displayed in the Chamber office. Making the award on behalf of the Chamber is W.A. (Bill) Dyess, member of the Chamber board. Harkins was named for the award by his work on removing the Christmas decorations almost singlehandedly.

RECEIVES UIL AWARD---Rexanne Christian, Delvin Howard and Linda Higgins, left to right above, are shown with the award received by the Stratford High School newspaper "The Elk Scene" which was given by the University Interscholastic League in their annual Press Contest. This is the highest award The Scene has received and is next to the highest award the newspaper can get for their work. Miss Higgins is editor this year and Miss Christian is assistant editor. Howard is journalism instructor at SHS.

It's no secret that caffeine acts as a mild stimulant. But when nothing will do but a good cup of coffee after dinner, chicory coffee is the perfect late evening choice. All brands of chicory coffee contain less caffeine than regular coffee, with some of the most popular brands containing much, much less. Chicory itself is completely caffeine-free. Prepared from the root of a natural herb, it acts as an enhancer of flavor and aroma to make a great cup of coffee anytime of day.

Our April plans are to have CONSIGNMENT SALES EVERY FRIDAY, also the FIRST TWO WEEKS IN MAY. We are arranging this --- hopeful of doing the best job possible for our customers---marketing their cattle off of wheat pasture. We are not in a position to predict what the market will be. I fully believe if the politicians will stay out of the picture, and the cattle are marketed when ready (Both fats & feeders) and not bunch all of them for one time, we could enjoy a fairly stable cattle market for the next 2 or 3 months.

Cook of Week

COOK OF WEEK---Mrs. Lugenia Carter is an English teacher on the faculty of Stratford High School. A native of Goodnight, Mrs. Carter did her teaching work at WTSU and later received her Master's degree in Education from Texas Tech.

Native of Goodnight

Mrs. Lugenia Carter, wife of Stratford High School vocational agricultural instructor Richard Carter, is our cook this week. Lugenia is a member of the SHS faculty where she teaches English and American History. Mrs. Carter is a native of Goodnight where she attended school until her junior year in high school then graduated from Clarendon High School. She attended West Texas State University in Canyon where she received her bachelor's degree and then received her Master's in Education at Texas Tech in Lubbock.

She met her husband while she was teaching school at Lubbock and they were married in 1960 in Canyon. They have one son, Michael Lee, who is a student in the Stratford Schools. Lugenia enjoys reading and

playing the piano as her hobbies. She says this will be the first summer that both she and her husband will not be going to school somewhere so she intends to do a lot of gardening and sewing.

The Carters are members of the First Baptist Church and she is a co-leader in the local Junior Great Books program and she is a member of Great Books for adults in Stratford. Lugenia is also a member of Delta Kappa Gamma International, a society of teachers for women.

She has given us several of her favorite recipes for our readers. They include Date Crinkles, Fix Ahead Cake, Italian Cream Cake and Easy Sopapillas.

DATE CRINKLES

Filling:

1 1/2 cup dates, chopped
1/3 cup sugar
1/3 cup water
Dough:
1 cup shortening
1 cup sugar
1 cup brown sugar
1 tsp. butter flavoring
2 eggs, well beaten
1 tsp. vanilla
1/2 tsp almond extract
1 1/2 cup flour, sifted
1 teaspoon salt
1 teaspoon soda
3 cup quick oatmeal uncooked
1 cup pecans, chopped
Filling: Combine dates, sugar and water. Cook over medium heat until thick, stirring constantly (about 3-4 minutes). Set aside to cool.
Dough: Cream shortening, sugars and butter flavoring until

slusky. Add beaten eggs, vanilla and almond extract. Beat well. Sift together and beat in flour salt and soda. Add oatmeal and pecans. Mix well. Divide dough in half. On lightly oiled wax paper 24" long, pat half the dough with a lightly oiled wooden spoon until dough is about 1/4 inch thick. Spread half the filling smoothly over the dough. Roll in jelly roll fashion to about 1 1/2" in diameter, wrap in waxpaper. Repeat with second half of dough and filling. Chill in freezer 30-40 minutes, or until easy to slice. Preheat oven to 350 degrees. Slice dough 1/4" thick. Bake on ungreased cookie sheets for about 8-12 minutes, or until golden brown. Makes about 125 cookies.

FIX AHEAD CAKE

6 egg whites
1 1/2 cup sugar
1 1/2 cup chocolate cookie crumbs
1 cup chopped nuts
1 tsp. vanilla
Beat 6 egg whites till foaming. Add a pinch of salt. Beat whites until stiff, adding sugar. Fold in chocolate cookie crumbs, chopped nuts, vanilla. Pour in greased pan. Cook 35 minutes at 350 degrees and cool.

Top with 1/2 pint sweetened whipping cream, crumbs and nuts. Set overnight.

ITALIAN CREAM CAKE

1/2 cup Crisco
1 stick oleo
2 cups sugar
1 cup buttermilk
2 cup flour (plus 3 T if use cake flour)
1/2 teaspoon salt
1 teaspoon soda
2 cup cocoanut
1 cup pecans
5 eggs.

Cream Crisco, oleo and sugar. Add 5 egg yolks, one at a time. Add dry ingredients along with milk. Stir in cocoanut and pecans. Beat egg whites until stiff and fold in. Bake in three greased and floured pans at 350 degrees for 30 minutes.

ICING

1 stick oleo
1 8 oz pk cream cheese
1 box powdered sugar
1 Tablespoon vanilla
1 cup pecans

EASAY SOPAPILLAS

Thaw a 1 pound loaf of frozen bread dough. Heat 1 or 2 inches salad oil in a small saucepan to 375 degrees. Tear off lumps of dough 3/4 inch in diameter; stretch thin and drop into oil.

Cook about 1 1/2 minutes or until sopapillas are well browned, turning; drain on paper towels. Serve hot or reheat on a baking sheet in a 375 degree oven for about 5 minutes. Dip each bite in a mixture of 1/2 cup honey heated with 3 tablespoons butter. Makes about 60 pieces.

CHAMBER CHATTER

by Donna Mathews

April is the first month for our "Good Guy" award. We want to congratulate George Harkins and say to him again "Thank You". The Chamber Board of Directors will accept any suggestions that you may have thru the year for the monthly award.

The Chamber Chariot is still ever rolling!!! The Chariot has already planned two coffees for the month of April. Our first one is going to be held April 13, this is the first of our "Newcomer" coffees. We have 26 new ladies in Stratford and we will honor them at the Farm Bureau Building. Mrs. Bill Pendleton will be the guest speaker and we will have refreshments and door prizes. It should be quite an enjoyable event!! The second planned this month will be to introduce and honor our new doctor. The plans have not been completed but we want to invite the general public to help us welcome a very important and necessary family to our community.

The Chamber Chariot plays a very active part in Stratford. If you should have anyone, or any organization at anytime, stopping in Stratford and would like to have them royally welcomed, contact the Chariot. Like the motto reads "We Welcome for You!"

SOUND OFF

This gripe was presented to the Chamber office.

"I hear a lot about how the kids destroy flowers and plants downtown. I have been taking notice for a long time and I am afraid we are blaming one group unjustly. Every day I see the "Grown up Set" tromping into flower beds to the Post Office, and literally wading through the plants. I think we all need to be more conscience, and help to beautify our town."

TOWN TALK
Easter holiday guest of Grady Mullican was his daughter, Mr. and Mrs. Alvin Fansler and Krystal Lynn, Amarillo.

Letters To The Editor

Dear Mr. McReynolds:

I want to thank you and your good family for the part you played in making it possible for our Buena Vista College Band to appear in concert at Stratford. I did not get the list of all of those that housed our students so wonderfully and am wondering if you would kindly put a note of thanks in your paper to all of them from Mrs. Green, myself and the Buena Vista College Band. And send me the bill.

Our students were really thrilled with their hosts and the boys that stayed with you were no exception. They told me about you taking them around and showing them the cattle feeding place as well as the various homes. And, Mr. Delbridge, Pres. of our band, said that he would like to live in Stratford, Texas.

It had been a dream of mine for several years to present a concert in "my old home town" and having such come true was one of the thrills or I should

say one of the biggest thrills I have experienced in my forty-five years in the music business...and I have had many.

I understand that you had some advanced publicity in your paper about our band and if you wrote up our concert I would certainly appreciate getting a couple of papers from each to put in my memory book and show my friends and acquaintances that I had not seen for a number of years.

I told the band members that Stratford people were the most hospitable in the world and they agreed with me all the way home. believe you me!

Thanks again, and may God's richest blessings attend you and yours always.

Cordially,

W. B. Green, Chm.

Div. of Fine Arts

Dir. The B.V. Band

P.S. Doing the Stratford concert at Stratford was a greater thrill for me than playing at Disneyland and being invited to direct the Disneyland Band.

BYRON TUNNELL

Byron Tunnell, vigorous young Chairman of the Railroad Commission of Texas, has announced for election to his second full term on the Commission. His election last year as Chairman

established him as the youngest presiding officer of the agency in Texas history.

Tunnell is a graduate of Tyler public schools and Baylor University Law School. Prior to his Commission service he was a practicing trial attorney in Tyler. The candidate is a Navy Air Corps veteran of World War II.

This East Texan has already made a mark as one of Texas' great advocates of conservation of the state's natural resources. Tunnell, in accepting the Chairmanship of the Commission, pledged the full force and effect of the agency to conservation for the economic and ecological welfare of all Texans.

calls for partly cloudy skies, hot and dry.**

Back in the days when Mother Nature had control over the weather, there wasn't much you could do. Except sit and wait for it to rain. But now you can order your own rain. Anytime you want it. With Gifford-Hill's 360 electrically-powered, pivotal sprinkler system. We've added several new features that make it even better than last year. An automatic end gun control option.

A new collector ring. A new alignment control linkage. A new direct gear drive motor on each section. A new moisture-proof intermediate control panel. And a new weather-proof coating. But where we really have it over the competition, including Mother Nature, is water pattern. By setting a dial you can apply as much water as you want to any portion of your field. And because of our unique sprinkler spacing concept, your crops get the same amount of water at one end of the system as it does at the other. No compaction. No puddling. No runoff.

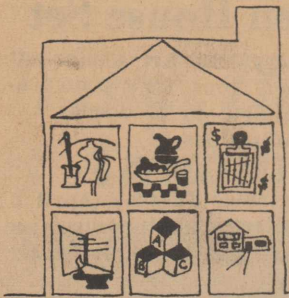

So, before you worry too much about weather reports, get a full report on the 360 from a Gifford-Hill representative. He'll give you a demonstration. That will convince you that the 360 is the most dependable, the most versatile and the safest pivotal sprinkler system on the market. We want you to buy the 360. And forecast your own rain. SPECIALTY OF THE HOUSE

Boys and girls who are interested in becoming 4-Hers are invited to attend a get-acquainted meeting to help plan a new 4-H club. The meeting will be held on Thursday, April 6, at the County Barn at 4:00 p.m. Parents are invited, too! You must be nine years old to be a 4-H'er.

Take THE FIRST STEP to protect you and your family from tuberculosis: get a TUBERCULIN TEST!

It is the only way to find this infection in time to prevent damage to the lungs.

Tuberculin skin tests will be given to Sherman County residents on April 25 at the American Legion Hall, Stratford, and at the Texhoma Elementary School Texhoma, from 12:00 noon to 7:00 p.m. The test will be read on April 27. There is no charge for this TB test and persons from age 3 months up are urged to take it.

The District I 4-H Food Show will be held this Saturday, April 8, at the Federation of Women's Club Building in Amarillo. Laurel Short and Karen Pleyer will represent Sherman County in the junior division, and Colette Schwertner will enter the senior division.

Laurel's entry, Hamburger

Corn-Pone Pie, is a harvest dish which can be eaten at the table or taken to the field. Colette will enter Italian Easter Bread which is fun to make and to serve at other times of year as well as at Easter.

Cherry Breeze is Karen's entry. It is a cool and creamy dessert, just right for spring and summer meals.

County Agent's Report by Fred Cross

A wheat and small grains symposium for producers in the 64 counties of the High Plains South Plains and Rolling Plains is being planned. As one of the major wheat producing counties in Texas, Sherman County has been asked to take part in the planning. Horace Sneed, Kenneth Kendrick and I have been asked to help plan the program at a meeting to be held in Amarillo on Thursday, April 6, 1972. Wheat and small grain producers have many problems that

An explanation of current federal pesticide legislation and how it will affect West Texas farmers will keynote a Weed Control Symposium slated for Bushland, on Thursday, April 6.

Dr. Jack Price, Extension leader in agricultural chemicals from Texas A&M University, will give producers the latest information about limitations on the use of pesticides.

The talk is part of a conference on control of perennial weeds that will begin at 1:30 p.m. at the USDA Southwestern Great Plains Research Center, according to Dr. Allen F. Wiese weed researcher.

"Perennial weeds are becoming worse since herbicide use to control annual weeds has reduced the practice of cultivating," he says.

Among the biggest troublemakers are field bindweed, silverleaf nightshade, blueweed, johnsongrass and woollyleaf burgrass.

"Since the last weed control conference at the Center in 1967 research has given us some new leads for controlling perennial weeds," Wiese reports. Other topics on the afternoon

program will include root systems of perennial weeds, Silverleaf nightshade research control of field bindweed, new herbicide practices, a report on Banvel as a new chemical for perennial weeds and control of woollyleaf burgrass and Watergrass.

Every Sherman County farmer interested in weed control is invited to this informative meeting.

Sign of Good Breeding

Pioneer brand grain sorghum varieties have bred-in yield potential to help farmers get the most from their good management even in the face of adverse weather, insects, or plant disease. Also, the genetic inheritance of every Pioneer hybrid is unique. Each variety is bred to bring out the special traits necessary for maximum performance in the area where it is to be grown.

Your Pioneer dealer has many varieties bred to help farmers on the North Plains turn in top yields. Some of these varieties are:

Pioneer Brand 846: excellent drought resistance—high yielder with good growing conditions—MDM resistant—134-day maturity

Pioneer Brand 820: excellent performer under stress—excellent standability—MDM resistant—144-day maturity

Pioneer Brand 828: outstanding yielder—stands and threshes well even after freeze or snow—hard grain that holds quality—MDM resistant—144-day maturity

Pioneer Brand 845: 136-day maturity—competitive with full season varieties under good growing conditions—grows well in cold weather—MDM resistant

Pioneer Brand 883: good yielding late planter—110-day maturity—strong stalks and good roots make it ideal for post-freezing threshing—MDM resistant

Days to maturity is an averaged figure, which is affected by weather and other variables.

GOOD YEAR OR BAD YEAR, YOU'RE BETTER OFF WITH PIONEER.

Last year, RALPH GREEN, of Brooks & Brooks Farms near Gruver, planted three Pioneer grain sorghum hybrids—828, 845 and 846. All three hybrids showed high yields, but the most outstanding was 828 with an average of 8618 pounds of grain per acre. Mr. Green reports, "The heads were very uniform, the grow-off was fast, and the grain stood well." This year he plans to plant all of his acreage in Pioneer brand 828 or 845. He feels the longer season hybrids fit his program best.

An Open Letter To The People Of Texas

Dear Voter:

I'm a candidate for attorney general of Texas because I believe it's time for a change in the office.

Crawford Martin is seeking a fourth term. It's the first time in the history of Texas an attorney general is running for a fourth term. Campaigns should be run on the issues and I don't like to inject personalities and personal relationships into a political campaign. But, the relationship between Frank Sharp and Atty. Gen. Crawford Martin cannot be swept under the rug.

The new book about the Texas stock fraud scandal, "Texas Under a Cloud," tells about that relationship. On page 128 the book says: "Atty. Gen. Crawford Martin, ... got some free newspaper publicity when it was revealed in October, 1971, that he received a 'stock tip' from Frank Sharp — while Martin and his family were Sharp's rank guests late in 1969 and again at Sharp's Houston office early in 1970."

"Sharp was trying personally to sell National Bankers Life stock to Martin, although the attorney general said that Sharp never mentioned the possibility of Sharpstown Bank loans to buy the stock."

"Martin said that he turned the stock offer down because it would have cost too much, because NBL was in 'shaky' condition, and because he did not buy 'speculative' stocks."

"He did not comment on the ethical aspects of a state official's accepting a stock tip of that sort — perhaps, because Martin, as attorney general, had ruled in favor of Sharp on a key legal issue about Sharpstown State Bank only two and one half years before Sharp made the stock offer to Martin."

"Martin's ruling had the effect of increasing the bank's capitalization dramatically and thus its ability to make large loans, ultimately giving Sharp the financial resources he used in the manipulations charged by the SEC."

As you know, hundreds of Texans lost their life savings because of Sharp's stock manipulations and it probably wouldn't have happened but for Atty. Gen. Martin's legal opinion.

Don't you agree, it's time for a change in the office of attorney general of Texas?

Just so you'll know what you'd be changing to, I'd like to tell you a little about John Hill. I'm a native Texan, grew up in Wink and Kilgore, was national debate champion at Kilgore Junior College and graduated from the University of Texas Law School. I served in the Navy during World War II, practiced law (much of the time in courtrooms) in Houston, and was secretary of state from 1966 to 1968.

I certainly would appreciate your support.

It is time for a change.
