DAVE FRANKLIN BEGINS WORK ON INSTRUCTIONS FOR FIRST AID, AT COLLEGE; 130 ATTEND

The initial session of the First Aid instructions and demonstrations were given at Cisco Junior college last night to about 130 persons who gathered to avail themselves of these expert lessons given by Dave Franklin, division safety man for the Humble Oil company, who had volunteered his services for the week. Sessions will continue at the college each night at 7:30 o'clock this week.

Pending the arrival of Mr. Franklin, E. L. Jackson, traffic supervisor for the West Texas Utilities company, gave a lecture and demonstration to faculty members of the Cisco schools at the college Monday afternoon. This meeting was attended by about 65 persons, Principal O. L. Stamey reported.

These classes are for men, women and children above 12 years of age, according to the arrangements committee consisting of O. L. Stamey, H. R. Garrett and W. W. Sludge.

The group attending last night reports the instructions and demonstrations very interesting and a still larger group is expected for the class tonight.

NAVY IS CALLING FOR MEN

More than 400 men were enlisted in the navy in the North Texas district during the week of January 9, Lieut. W. B. Cranston, officer in charge, at Dallas, announces. This district lead all others in the southern navy recruiting division, composed of the south half of Texas and the states of Alabama, Arkansas, Tennessee and Oklahoma. Recruits were transferred to training stations at San Diego, Calif.; Norfolk, Va.; Great Lakes, Ill.; New Orleans, La.; and Corpus Christi, Texas.

Men may be enlisted as apprentice seamen in choice of many trades and receive promotion to higher ranks as soon as qualified. Those with practical experience in a trade or profession and furnishing good employment references may be enlisted with petty officer rating and pay beginning at \$60 per month or more. Applicants for enlistment should apply in person at recruiting station nearest home. Recruiting stations in North Texas are located at Abilene, Amarillo, Big Spring, Dallas, Fort Worth, Longview, Lubbock, Paris, San Angelo, Waco and Wichita Falls. Age limits are from 17 to 50. Enlistments may be made for duration of war.

EASTLAND MAN DALLAS WOMAN ARE MARRIED

Hon. Milburn McCarty, well-known Eastland lawyer, and Mrs. Leah Irion, of Dallas, were married January 17, at the home of Rufus F. Higgs, in Stephenville. Only a few close friends were present.

Following the ceremony, Mr. and Mrs. McCarty left immediately for New Orleans, via Austin, on a brief wedding trip before establishing a home in Eastland.

Judge McCarty has been prominent in business and civic affairs in Eastland county and West Texas for more than twenty years. He is past president of the West Texas chamber of commerce and is at this time a member of the board of directors of Texas Tech college, Lubbock. He was a presidential elector at the time of President Roosevelt's first election.

Mrs. McCarty is a member of a prominent Dallas family.

MRS. LOCKHEAD DEAD.

Mrs. V. T. Lockhead died Sunday in a hospital at Portland, Me., according to a telegram received Monday by Mr. and Mrs. Homer A. Bible. Deceased was a niece of the late Mrs. J. D. Alexander and spent several winters in Cisco following the death of Mrs. Alexander.

DAN M'BETH GOOD CITIZEN LAID TO REST

The funeral of Dan McBeth, 78, who died at his home about six miles north of Rising Star, was held at the First Baptist church in Rising Star at 3 o'clock Sunday afternoon, with interment in the Rising Star cemetery.

The funeral services were conducted by Rev. Herbert Christian, pastor, who was assisted by Rev. H. D. Blair. The church was filled with friends of deceased and the floral offerings were numerous and beautiful. Eight nephews served as pallbearers.

Mr. McBeth was born in Brundidge, Pike county, Alabama, September 8, 1864. The family moved to Texas when Dan McBeth was a small boy, settling in Bosque county; and, in 1876, moved to Stephens county. He had lived in the Rising Star area about 55 years. Mr. and Mrs. McBeth celebrated their golden wedding anniversary three years ago.

Immediate survivors include the bereaved wife, one son and two daughters—Emery McBeth, M. Pleasant, Tex.; Mrs. Stephens and Miss Vera McBeth, Rising Star; a brother, Joe McBeth, Rising Star; a sister, Mrs. R. N. Rigby, Floydada, Tex.; R. W. Mancill, Cisco, was a first cousin.

In speaking of his cousin, Mr. Mancill related that they grew up together, that he was one of the best boys he ever knew and that after reaching manhood Dan McBeth continued to rank high as a good man and good citizen. "I never heard Dan McBeth say an unkind word about a human being," Mr. Mancill said.

Postmaster L. H. McCrea is in Texarkana on a brief business trip.

Study This Army Collar Insignia and Improve Your Military I.Q.

In wartime there is little excuse for ignorance of the branch of the military service to which a soldier belongs. Note the lapel buttons of the enlisted man and the insignia on an officer's collar. Then study the symbols shown above. Next time you see him you'll know whether he fights with the infantry, builds bridges with the corps of engineers or is an officer on the general staff.

LITTLE CHANGE IN EAST

The Japanese held the offensive against the United Nations in the Far East today, but took stiff counter punches.

From the Philippines, General MacArthur reported the enemy again driving behind aerial attacks at the center of the Bataan peninsula line, but he said three Japanese planes had been shot down and United States army bombers sank an enemy cruiser and fired a tank-er off the island of Jolo.

Philippine troops are also fighting Japanese invaders of Mindanao island, about 35 miles north of the big port of Davao, which the enemy sought to use as a base for the invasion of the East Indies.

On the Malaya peninsula, British reported increasing enemy attacks on the front south of the Muar river, and probably 75 to 90 miles north of Singapore.

WILL SAVE 500,000 KILOWATT HOURS

WASHINGTON, Jan. 20. — President Roosevelt today signed legislation placing the entire nation on daylight saving time, effective at 2 a. m., Monday, February 9.

The statute, which placed clocks one hour ahead, will continue in effect for the duration of the war and not more than six months thereafter. It can be nullified in the meantime by congress.

The bill provided for daylight saving time to become operative 20 days after formal enactment of bill, and with the president's signature today, the effective hour and date thus made is 2 a. m., Feb. 9, according to the White House.

Wm. S. Knudsen, in his capacity as director general of OPM, prior to passage of the bill, reported to President Roosevelt that nationwide daylight saving time would save an estimated 500,000 kilowatt hours of power annually.

13 DEAD, 21 INJURED; NO FIRE ESCAPES

LYNN, Mass., Jan. 20.—Flames swept through a five-story apartment and rooming house here Tuesday, leaving 13 dead and 21 in hospitals while firemen worked through smoking embers in search of eight persons still missing.

The fire started in the basement and swept upward so quickly that dozens of tenants, many of them aged and infirm, were trapped on the top floors of the structure, Melvin Hall, in the center of the city.

Firemen found many clinging to high ledges as flames enveloped the building. Others had jumped and lay moaning or screaming on the ground.

"I saw a number of persons come to the windows on the top floor and then fall back," said Police Sgt. William Gillespie.

The fire was one of the most costly in loss of life in the history of Lynn, and one of the worst in New England since the early 1900s.

There were no fire escapes on the building.

LOCAL MAN IS WITNESS TO BLACK-OUTS

W. D. Brecheen, who had gone to Fort Worth to market a load of hogs, said he was in the stock yards when the black-out was called for Fort Worth and Dallas last night. He stated that it was completely black after the first few moments. Defense guards were stationed in each block and when any light failed to go out those guards functioned almost instantly. It was well organized and showed how perfectly a black-out could be made should the occasion arise for a real hide-out from enemy planes.

A plane flew low overhead to supervise the black-out during the first few moments, but after that time there was nothing to see or hear.

"It gave you a funny feeling," the Ciscoan said.

'A GARDEN FOR EVERY HOME' IS THE SCHOOL MOTTO; A HEALTHY, NORMAL CHILD, IS SCHOOL AIM

In conformance with plans adopted by state educational authorities, and that adopted by other states than Texas, Supt. R. N. Cluck has put into operation a program for Cisco's schools to keep a normal activity and school life among the youth of Cisco. It is the reply of Texas educators to the demand for a school program to aid defense in the best way possible.

"It is necessary," said Mr. Cluck, "that the morale of children be kept to the point where they can grow up in the normal childhood way that they have a right to enjoy. They should not brood over the problems of the nation and grow into morose, gloomy men and women. The schools' program is to have singing, recreational activities and to study the subjects that will best fit as citizens when the war shall have become only a memory."

Their patriotism is to be encouraged, as well as the virtues of thrift, by giving them the opportunity of buying defense stamps and bonds. And especially is health and athletic activities to be encouraged, so the coming generation will be more fit than the present one, based on the fact that 50 per cent of those rejected for military service have been found physically unfit. Cooperation from local physicians will allow for plans to give more thought to the care of a healthy body, as well as a trained mind.

First aid courses are now being given teachers, including janitors and other school officers. A series of ten-hour courses have been arranged for under the direction of Ray S. Marshall, of the safety department of the West Texas Utilities company, out of Abilene.

"These things should be taught children, and all school officials and teachers are taking this advance course now," Mr. Cluck said.

One of the big features in the way of patriotic defense measures that will be emphasized in school this year, according to Superintendent Cluck, is the motto adopted by educational heads over the state and nation: "A Garden for Every Home." This, according to school heads, will help the nation feed itself and at the same time

WIDOW OF R. Q. BILLS IS DEAD, HERE

Mrs. Lula Bills, wife of the late R. Q. Bills, died at 9 o'clock this morning at her home, 404 W. Fourth street. Heart trouble caused her death, but she had been in poor health for several months.

The funeral will be held at the First Christian church at 3:30 o'clock Wednesday afternoon, with Rev. J. R. Wright, pastor, conducting the ceremonies. The body will rest at the church from 2 o'clock until 3:30. Green's Funeral Home will have charge of the burial at Oakwood cemetery.

Pallbearers will be Burl Powell, Homer Meyer, Alex Spears, J. J. Collins, George Atkins, A. L. Clark and Joe Meador.

Deceased was a most excellent woman, was a member of the First Christian church and had been a resident of Cisco many years. She was born Lula Melton, at Kimball, Bosque county, and would have been 62 years of age the second day of next March. She was married to R. Q. Bills forty-two years ago, at Moran.

Survivors are a son, Melton Bills, Wichita Falls, and Miss Dixie Bills, Mineral Wells. Two children, Freddie and Thelma, preceded her in death.

The son and daughter are both here for the last rites, as is Mrs. H. B. Wagner, of Odessa.

SCHLAEPFER WRITES FROM PEARL HARBOR

Frank R. Schlaepfer, 21-year-old Cisco boy, writes his parents, Mr. and Mrs. Louis J. Schlaepfer, that he has finished his two years at sea aboard the USS. Lexington and is now at Marine barracks, Pearl Harbor, awaiting new assignment.

He expressed the opinion that he might remain at Pearl Harbor for a month or so. The letter came by air clipper.

SOME HARD TRUTH.

It's well to have the truth rubbed into us occasionally, no matter how much it hurts. And we're getting it now. One of the first installments comes from Wendell Willkie.

We Americans, he says, are "paying the price for our worship of expediency, our endless seeking of the easy way out. We will be doing our job the hard way because we have so long sought the easy way."

We evaded responsibility at home and abroad. We refused to bear our share of the world's burdens and thought we could get along all right even if everybody else went under.

PUBLIC OPINION

Dr. Rainey and Birth Control. To The Editor: Dr. Homer P. Rainey, president of the University of Texas, told the Association for the Advancement of Science that biologists now have information in their laboratories which, when released, will make birth control as simple as the purchase of a box of aspirin.

PLAY BALL.

Baseball, the president says, should go on even in war time. And why not? They play ball in the army when they can; all drill and no play makes men go stale.

STREAMS DEFILED.

Contamination of streams is one of our worst national habits. It seems as if, to most Americans, a creek or river is primarily a handy place to

throw stuff into. Hundreds of once lovely rivers are used as outlets for sewers. Even when they escape such desecration, they are likely to be so defiled with rubbish and tin cans that even frogs forsake them.

Canadians know better. A Canadian stream is nearly always beautiful to look at, with unspoiled trees and shrubs along its banks, and so clean that you can dip and drink its water.

HEALTH EDUCATION.

The need for child health education is vividly shown in a study made in the typical city of Chicago, by a group of physicians. The health records of more than 6,000 children, about evenly divided as to sex, were analyzed. Their ages ranged from 2 to 18 years, with 88 percent between 5 and 14.

It was found that children from non-relief families were no less in need of medical and dental care than those from relief levels. Variations between the different income levels with respect to incidence and type of care needed, were small.

The examining physicians discovered four facts of great importance. First, 60 percent of all the children were in need of medical care. Second, 58 percent were in need of dental care.

THEY'RE RIGHT, TOO.

PUEBLO, Colo., Jan. 20.—War or no war, a woman's age is still her own business. Women volunteers for defense work are submitting to any number of rigorous jobs without question, but when they come to the question of age on the application blank, they balk almost without exception.

Another President Reaches Sixtieth Milestone

On January 30, President Franklin D. Roosevelt becomes the eighth American president to celebrate his sixtieth birthday in office. George Washington was the first, then followed Thomas Jefferson, James Madison, James Monroe, John Quincy Adams, Andrew Johnson and Woodrow Wilson.

But, where their anniversaries were privately observed, the Roosevelt birth date, as has been the case in the past eight years, is the focal date of the annual "Fight Infantile Paralysis" campaign conducted by the Committee for the Celebration of the President's Birthday and the entire nation, through parties, balls and other undertakings, will join in its celebration.

OFFICERS AND MEN CREAM OF FLYING CROP

LONG BEACH, Calif., Jan. 20.—The ferry command of the air corps lost some of its finest pilots with the deaths of 15 officers and men in a TWO transport crash near Las Vegas, N. M., Friday night.

"They might have been the honor roll of the command," a high official said Tuesday. "They were doing a hell of a fine job."

The officer consented to be quoted after a report pointed out that Carole Lombard, another victim of the crash, had been given the headline play, although the ferry pilots undoubtedly were heroes.

"Our men were just doing their duty—a routine job. All of those men were top-notchers. Their deaths are a big loss, felt by all of us. They were some of our oldest crews. They were doing a tremendous job."

The officer said the men had ferried plans to Britain, to Canada, to the east coast of the United States ever since the service was started July 1.

Van Mook, accompanied by the Netherlands minister, Dr. A. Loudon, conferred with Mr. Roosevelt for about 45 minutes. He predicted his people would "hold out all right" in the Indies, "just as they have from the first day."

knocked dishes from shelves and rattled windows in southern Florida Monday. Each of the six tremors lasted for about a minute. No injuries or property damage were reported.

We want no time, but diligence, for great performances. — Dr. Samuel Johnson.

CATTLE MARKET

The Fort Worth market Tuesday was generally steady on all classes of cattle and calves. Most of the beef steers and yearlings offered were of medium and low grades.

The hog market was weak and lower with prices off mostly 10 to 15 cents from Monday's levels and some heavy butchers off more. The Tuesday top was \$11.60.

Bids were weak to lower on lambs and none were sold early. Other killing classes of sheep ruled steady.

Medium to good steers and yearlings ranged mostly from \$9 to \$11 with occasional choice yearlings up to \$11.75. Common slaughter steers and yearlings brought \$7.50 to \$8.50.

Good beef cows cashed at \$8 to \$8.50 with butcher cows at \$7 to \$7.85 and canners and cutters at \$4.50 to \$7.

Bull prices ranged from \$7 to \$9.25.

Good to choice fat calves turned at \$9.75 to \$11.50 with plain and medium butcher calves at \$7.50 to \$9.50 and cull sorts at \$6.50 to \$7.50.

Good to choice stocker steer calves went out at \$10.50 to \$12.50 with one load of mixed calves at \$11.35. Plain and medium stocker calves sold at \$7.50 to \$10. Stocker steers and yearlings brought \$7 to \$11.50.

Good to choice 180 to 280 pound butcher hogs cashed at \$11.50 or \$11.60 with a few good butchers down to \$11.40. Good 160 to 175 pound averages ranged from \$10.65 to \$11.25. Packing sows were steady to 25 cents lower at \$10 to \$10.25 and stocker pigs were 50 cents lower at \$8.50 down.

In the sheep yards woolled year-

lings brought \$9.50; shorn yearlings \$8.25, with 2-year-old wethers out at \$7.25; and four decks of Fall shorn ewes brought \$5. Good feeder lambs were scarce.

LOCAL DRUG FIRM GETS AGENCY FOR HOYT'S COMPOUND

Large Shipment of this New Medicine Has Arrived at the Red Front Drug Store

MR. W. R. THOMAS.

Police Officer W. R. Thomas of 2303 West Second Street, Amarillo, Texas, states: "For 25 years, I was employed by railroad companies and for the past two years have been with the Amarillo Police Force. For a long time I had spells of indigestion. Immediately after meals, my food soured in my stomach and there was a sour taste in my mouth. Gas formed in my stomach causing pressure around my heart. My stomach felt like there was a big, solid lump in it. I had dizzy spells, my knees, arms and shoulders pained me terribly. At times I could hardly walk. My kidneys bothered me a great deal and I had to arise several times each night.

I decided to try Hoyt's Compound and now I am no longer bothered with indigestion and can eat anything. Hoyt's is a wonderful medicine and the results from it are almost unbelievable. My kidneys are functioning normally now, and I rest undisturbed through the night. The misery is

gone from my shoulders and arms, and I can walk as fast as I like without my knees and legs bothering me. I feel like an entirely different person. I am happy to make this public statement hoping that others may read it and be benefited by the use of Hoyt's.

If you, too, are suffering from a similar cause, why not come to the Red Front Drug Store today and get a bottle of the new medicine? Hoyt's Compound is also sold by druggists elsewhere. Be sure to get genuine Hoyt's Compound. Accept no substitutes.

War calls have the right of way

In these troubled, wartime days the first duty of the telephone company is clear.

Our Army needs communication . . . fast, dependable communication to every part of this nation.

Our Navy needs it . . . The industries which supply ships and guns and shells need it . . .

To provide that communication, the 28,000 men and women of the Southwestern Bell . . . the entire physical resources of this company . . . stand pledged.

The nation's job is our Number One job. The messages of war must go through as quickly and as surely as it is possible for human beings to handle them.

In blackouts, or during local emergencies born of war condition, please use your telephone only for vital calls.

Your help will keep the wires clear so that responsible officials may deal promptly with the situation.
