Valero denies appraisal

The Mitchell County Tax Appraisal District Board of Review was in session Wednesday, Thursday and Friday to hear protests from property owners whose tax appraisal had been raised by $1,000 or more this year.

Bobby Lemons is the chairman of the Board of Review and the other members are Ray Preston and W. R. Powell.

Ron Meadows, representing Valero Transmission Company, met with the Board to protest the $2,877,980 valuation placed by the Mitchell County Tax Appraisal District on the company's two pipelines, one 14-inch and one 36-inch, that run through the county.

According to Meadows, Valero had the pipelines evaluated by a different appraisal company than the one used by Mitchell County and this company's valued the pipelines at $1,198,560.

Meadows stated that Pritchard and Abbott, Mitchell County's appraisal firm, figured the evaluation on the basis of "a pipeline is a pipeline is a pipeline," and Valero felt this basis was incorrect, explaining that they felt the Valero 36-inch pipeline and the Lone Star Gas pipeline which run parallel to one another should not be appraised on the same basis, as they were two different types of lines owned by two different companies.

The dispute between Valero Transmission Company and the Mitchell County District, as well as several other counties, has existed since 1979.

Southwestern Bell Telephone also protested

Loraine senior citizens

The Loraine Senior Citizens will have their regular social gathering on Tuesday, June 21 at 6 p.m. in the Senior Citizen's Building.

The gathering will be a pot luck meal, followed by a program.

Since June is Father's Month, several men will be featured in a skit, paying tribute to their professions in life. Also quizzes and games are planned.

This should be a fun time for senior citizens in the community. All senior citizens are urged to bring a dish, and share in the fellowship.

Softball tourney

The first annual Danny's T-Top Grand Prix Men's Slow Pitch Softball Tournament will be held July 15-17.

This "open class" tournament will award a $2,000 first prize for the winning team and will be held at the Johnny Stone Memorial Park.

The first 48 teams will be admitted to the bracket with a July 11 deadline. Entry fee is $200 per team, to be paid in advance.

To enter, call Danny Heckler at (915) 267-1061 or (915) 263-1195 or (915) 267-9127 or write 403 Gregg Street, Big Spring, Texas 79720.

Joint meeting

A joint meeting of the Veterans of Foreign Wars Post 9178 and its Ladies' Auxiliary will be held June 30, Post Commander Frank Ingram has announced.

A dinner will be held at that time and awards will be given out.

All members are urged to attend.

Playhouse workers

Workers are needed Tuesday and Thursday nights at the Colorado City Playhouse beginning at 6:30 p.m. both nights.

Both men and women are needed to get the final work completed.

AARP to meet

The Mitchell County Chapter No. 1461 of the American Association of Retired Persons will meet Monday, June 20 at 11:45 a.m. in the Charles C. Thompson Room for a covered dish luncheon.

A special program is planned, so members are urged to attend and visitors are welcome.

1958 reunion

The Colorado City High School Class of 1958 will be having its 25 year reunion Saturday, June 25 at Colorado Country Club. Registration will begin at 9:30 a.m.

Following the reunion, the Class of '58 is spsonsoring a dance at the Country Club from 9 p.m. to 1 a.m. and the public is invited to attend.

Jericho will be performing and admission is $5 per person at the door.

(Q) When is Root Memorial Hospital going to start sending out the courtesy cards we filled out applications for?

(A) Hospital Administrator Ray Dillard said that they have begun sending the cards out already about two-thirds of them will be mailed by next week, if all goes well. The remaining third will soon follow.

The delay was caused by the fact that the information on the applications had to be verified and some of the insurance companies were a little slow in responding, he added.

Hercules will be Fly-In feature

A Lockheed C130 Hercules is one of the aircraft that will be featured at the Colorado City Fourth of July Fly-In this year at the Northwest Jetstrip Airport, sponsored by the Mitchell County Airport Association.

Chairman J. O. Dockrey, Jr. said that the airplane, manufactured in Marietta, GA, is the most popular transport ever made and has been sold to countries all over the world.

The Fly-In will begin at 7 a.m. Monday, July 4 with the traditional free breakfast to fly-ins. The early morning fare of bacon, eggs, toast, jelly and coffee will also be served to people who do not fly in, but the charge for them will be $3.

Activities planned for the day include three parachute jumps, the first at 9 a.m., an hour-long aerobatic show at 10 a.m. and plane rides will be offered to citizens at $6 per person.

The 15-20 minute rides will take riders over Colorado City and both lakes.

Trophies will be awarded again this year for the airplane coming the longest distance, the oldest airplane, the oldest pilot, the youngest pilot and the most unusual airplane.

Loyd Ledbetter will be the announcer, explaining the various st-

Day Care Center begins intensive fund drive

Mitchell County Day Care Center is beginning an intensive fund drive soon, according to Director Ann Gregory.

The facility, open five days a week from 6:30 a.m. to 5:30 p.m., provides breakfast, a hot lunch, educational curriculum and creative activities for children of Mitchell County left in the care of the Day Care workers.

In addition to caring for children of working mothers, the Center provides care for abused and neglected children placed there. Mrs. Gregory notes that in some instances, "The only balanced meal many of these children eat is while they are in our care."

Now, it is time for the Day Care Center to provide matching funds in order to get the necessary money from other agencies. Mrs. Gregory explains, "If we don't get these matching funds, we won't be here next year."

Just $28.10 will sponsor matching funds for one child for one month and only $337.20 will sponsor matching funds for one child for one

ColoradoCity tax check tops $13,000

With the receipt of a check for $13,341.86 from State Comptroller Bob Bullock for the sales tax rebate, the total received by Colorado City so far this year has reached $110,602.72.

Though the $13,000 figure is above that received for the same period last year, the city lags behind last year's total to date by 2.95 percent.

Loraine did not receive a rebate check for this period, but its total to date is $4,238.66, up 26.12 percent from 1982.

"The cities who lean most heavily on oil and gas for their local receipts are still suffering, but the rest of the state is beginning to make up for the drops in revenue we saw earlier this year," Bullock said. So far this year, local sales tax cities have received $353.5 million, less than one percent behind the $354 million total paid by this time last year.

Three young ladies vie for Rodeo Queen

Three young ladies will vie for the title of Mitchell County AJRA Rodeo Queen, who will be crowned Saturday, July 2, concluding the AJRA Rodeo which will begin June 29 at the Mitchell County Rodeo Grounds.

The three contestants entered are Jennifer Beasley, Shelly Bird and Holly Hicklin. The winner of the contest will receive a diamond watch, first runner-up will receive a ruby and diamond necklace and third runner-up will be presented with a 14K gold chain.

Each contestant will be judged on ticket sales, horsemanship and personality and appearance. Out of town judges will be used, and the decision of the judges will be final.

Jennifer Beasley is the 14-year-old daughter of Kenneth and Pam Beasley. She is a freshmen at Westbrook High School and has one brother, Kendal.

by letter to the appraisal placed on them, rendering only $4,176,900 of the $4,550,440 set forth by Pritchard and Abbott.

Several owners of oil and mineral rights protested their evaluations also, some in person and some by letter.

More people than usual protested this year and Lemons explained that many of them felt that since oil prices were dropping the evaluation of their holdings should also drop.

However, evaluation increased, Lemons said, because of three factors: a decrease in the windfall taxes, more infield drilling and the tertiary recovery system.

Fewer than usual people appeared to protest the evaluation on their real estate and Lemons said that it was probably due to the fact that earlier errors made when Mitchell County underwent a massive reappraisal had been corrected.

Lemons noted, "Nobody likes to pay taxes, but we have to have them. We are doing our best to see that properties are appraised correctly so that we all pay our fair share."

Funds for the $485,000 bridge were paid entirely out of the emergency fund of the Texas Department of Highways and Transportation in Austin.

Shackelford gave most of the credit for obtaining the funds to Logsden, explaining that he knew about the emergency fund and where to go to get the money.

Among the dignitaries present were Roger Welsch, district engineer out of Abilene, his assistant, Bob Lindley, A. J. Dean, Tech 5 engineer, Joe Smoot, resident engineer from Big Spring and Cheryl Pawlik of the Highway Department.

largest check, $8.4 million, a 12.5 percent increase from the city's June 1982 payment, but year-to-date payments for Houston are still about 8.3 percent behind last year. Dallas' check for $5.2 million brought that city's 1983 total to $41.7 million, 8.5 percent ahead of last year.

San Antonio received $2.9 million, boosting that city's increase over 1982 to 10.7 percent. Austin's check for $1.7 million equals a 16.7 percent rise above last year. Fort Worth's check of $1.7 million represents a 10 percent increase for 1983.

Midland and Odessa payments still lag behind last year. Odessa's $456,000 June payment leaves 1983 year-to-date payments to that city 32.1 percent behind last year. Midland received $376,000, leaving that city 25.5 percent behind 1982.

Bullock also sent June rebates to the state's two Metropolitan Transit Authorities. The Houston MTA received $9.3 million, up from last June's $8.7 million check. The San Antonio MTA got $1.3 million, up from last June's $976,000.

The City and MTA sales taxes are collected along with the state sales tax by merchants and rebated monthly to the cities in which they are collected by the Comptroller.

The June checks were for taxes collected on sales made in April and reported to the Comptroller by the end of May.

thought I would enjoy it."

Shana Biggs is the daughter of Dan and Sandra Biggs. She has one sister, Sunnye.

The 14-year-old sophomore at Colorado High School says she entered the contest because "I thought it would be a lot of fun, getting to know people better and representing the community."

Miss Biggs activities include participating in athletics, playing the flute in band, Fellowship of Christian Athletes and Wolverines. Her hobbies are playing the piano, swimming and snow skiing.

She plans to perform a piano solo to "Fur Elise" for the talent competition.

Becky Albin says she was in the pageant last year and liked it so much she decided to try it again.

Albin is the daughter of David and Gail Albin. She has one brother and one sister, David and Kathy. Becky will be a senior at Colorado High School this coming year.

Her school activities include band secretary (plays flute), captain of flag corps, basketball, Wolverines, president of Fellowship of Christian Athletes and Science Club member.

Her hobbies include swimming, biking and basketball. For the talent competition she will do a flute melody to "South Pacific."

Margie Oliver is the 15-year-old daughter of Mr. and Mrs. Wayne Oliver and is a junior at Loraine High School.

Miss Oliver has five sisters, Debbie Blair, Rhonda McCollum, Vicki Givens, Brenda Oliver and Shelia Owens.

Her school activities include: basketball, track, cheerleader, student council representative, Vice-President of Future Homemakers of America and band (play saxaphone).

She lists her hobbies as piano, water skiing and reading. Miss Oliver is undecided on what she will do in the talent competition.

She commented on being in the pageant, "It's a blast, you get to know a lot of people. They are all so friendly. I enjoy getting involved in community things. It's not whether you win or lose, but how many people you get to meet."

Rachel Heredia rounds out the list of contestants. She is the 18-year-old daughter of Amelia Garcia and Raymond Garcia.

The recent graduate of Colorado High School has one brother, Allen and one sister Melissa. Her school activities include flag corps, editor of the annual, Wolverines, Science Club and band. Her hobbies are swimming, water skiing and reading.

Miss Heredia plans to attend Western Texas Junior College for two years and then Angelo State University to major in computer science.

"I heard from girls last year that it was a lot of fun and I decided I wanted to try it this year. I am looking forward to being in the pageant."

Heredia is undecided on what she will do in the talent competition.

Hollis, Ward married June 4 in San Antonio

Mrs. David Ward

Ramona Ann Hollis and David Lynn Ward were united in marriage during a 7:30 p.m. wedding at Oak Hills Church of Christ in San Antonio on Saturday, June 4 with Jack Reese, minister, officiating.

The bride is the daughter of Mr. and Mrs. Raymond C. (Sonny) Hollis of Westbrook and the granddaughter of Mr. and Mrs. R. W. Herndon of Lamesa. The groom is the son of Mrs. Colleen Ward of Richardson and the late Doyal Ward.

The double ring ceremony for which the couple wrote their own vows was performed before a Unity candle flanked by two arched 14-branch candelabra entwined with greenery and flowers. A large arrangement of mums, peach day lillies, aguphantus, carnations, gladioli and iris was centered on the raised bapistry rail. Hurricane lamps decorated with bows in the bride's colors of ivory and apricot that draped over the sides of the pews lined the aisles.

Given in marriage by her father, the bride wore an ivory gown with a Full A line skirt bordered with wide scalloped Schiffli lace lightly sprinkled with pearls and pearl sequins, all of which swept to a chapel length train. The bodice back was closed with tiny fabric-covered buttons and the English net yoke of the bodice overlay was sprinkled lightly with seed pearls and pearl sequins and draped over the shoulders to form the sleeves. The overlay was gathered at the neck by a high collared Schiffli lace band and edged with a wide Schiffli lace ruffle. The silk illusion fingertip veil was attached to the wide brim of her picture hat of Schiffli lace sprinkled with pearls.

The bride carried a cascading English bouquet of vested ivory roses, tea roses and miniature coral rose buds nestled in a soft array of stephanotis and baby's breath and was laced with seed pearls.

To symbolize the five generations of men in her life, the bride wore a 14 karat gold twin heart ring made for her by the groom, a six pence belonging to her father, jewelry belonging to both of her grandfathers, a pure silk handkerchief belonging to her great-grandfather and a coin belonging to her great-great-grandfather. She also wore a blue garter.

Mrs. Philip (Karol) Edwards of Hallsville was matron of honor and bridesmaids were Donnette Alexander of Houston and Vicki Hurley of Odessa.

They wore dresses of Bridal Peach Charmette by Skinner, featuring low square necklines and large puff sleeves complemented by flat bows falling over the shoulder against the sleeves. The fitted bodices were attached to floor length skirts with soft pleats at the waistlines.

Each of the bride's attendants carried a dramatic English nosegay with soft coral tea roses and miniature coral rose buds accented by seed pearls and stephanotis. Coral and pale peach larkspurs cascaded from each bouquet.

Bill Horton of Mesquite served as best man and Dr. Alan Ward, brother of the groom, of Plano and Danny Vowell of Arlington were groomsmen.

Ushers were Tom Brite, Tad Dowell, Dr. Joe Virone and Dr. Dave Pitts, all of San Antonio.

The groom was attired in a tuxedo consisting of brown slacks, vest and ivory coat trimmed with brown and ivory satin lapels and an ivory shirt with ruffles on the front trimmed in brown and beige and complemented by a brown bow tie.

The groomsmen and father of the bride wore brown tuxedos with ivory shirts and brown bow ties.

Boutonnieres for the groomsmen, father of the bride and grandfather of the bride were of apricot rose buds with baby's breath, while the groom's was an apricot rose bud and ivory rose bud with baby's breath.

The bride's mother wore a floor length dress of powder blue chiffon over knit with a corsage of darker shades of blue accented by a powder blue ribbon.

The groom's mother was attired in a floor length dress of sea green chiffon over knit with a corsage of white flowers.

The grandmother of the bride wore a floor length dress of lavender knit with an ivory lace over lavender bodice on the front of the dress and long sleeves with deep cuffs of ivory lace over knit. Her corsage also was of white flowers.

Music for the ceremony was provided by a 16-member chorus from Oak Hills Church of Christ, who rendered "What A Difference You Have Made In My Life," "The Wedding Song," "For Baby For Bobby," "Just You and I," "Walk Hand and Hand With Me," "Faithful and True," "One Hand One Heart," "Be With Us Lord" and "The Lord Bless You and Keep You" with the Amen Chorus."

At the reception in the fellowship hall of Oak Hills Church of Christ, the couple was assisted in the receiving line by Mr. and Mrs. Sonny Hollis, Mrs. Colleen Ward, Mr. and Mrs. R. W. Herndon and the bridal attendants. Guests were registered by Teresa Ward, sister-in-law of the groom, of Plano at a table covered with a white lace cloth trimmed by apricot colored ribbon. A small nosegay of apricot and ivory flowers decorated the table.

The bride's table was draped with imported net designed in an English fashion continued in the array of soft peach, apricot and coral tones that graced a lavish English Pastoral bouquet of tiger lillies, daisies, tea roses and miniature rose buds, stephanotis and peonies. A fruit punch with large strawberries floating in it was served from a silver punch bowl. Cake, nuts and peach rose bud mints, as well as apricot colored napkins were used at the table. The nuts and mints were served from silver containers.

The bride's three tiered cake was decorated with ivory icing with a fruit filling. Each layer of the cake was decorated on top with apricot silk flowers and the top layer was adorned by ivory bells with apricot flowers under the effect of a coverlet of lacy trim. The base of the cake was surrounded by a ring of fresh ivy.

The groom's table, covered with an imported English net lace cloth gathered over apricot color tones, held a German chocolate twin ring cake topped with fresh grapes. On the table were a pair of Antique English brass candelabra from the 18th century surrounded by the bride's and bridesmaids bouquets at the base, forming the centerpiece. A silver coffee service was used, accompanied by peach rose bud mints and nuts, also served from silver containers. The napkins were ivory colored.

Members of the houseparty were Gwen Williams of Houston, Kathy Hester of Midland, Carole Sue White of San Antonio, Elaine Ward, sister of the groom, of Richardson, Cathy McClaugherty of San Antonio and Betty Gulley of San Antonio.

Rice bags were handed out by Kim and Kristi Brown of Lamesa.

The bride's going away ensemble was a two-piece dress of white linen trimmed in black with white accessories and a corsage of peach carnations and rose buds.

After a wedding trip to Ruidoso, the couple made their home in San Antonio.

The rehearsal brunch was hosted by Mrs. Colleen Ward of Richardson at the Pioneer House Restaurant in San Antonio. Fresh fruit, danish rolls and orange juice, along with bacon, eggs, hash brown potatoes, hot biscuits and coffee were served. The bride and groom presented gifts to their attendants and also exchanged gifts with one another.

Parties honoring the bride were given by the Westbrook High School faculty, the Richardson east Church of Christ ladies in the home of Mr. and Mrs. John Woods of Richardson, the Oak Hills Church of Christ ladies in the fellowship hall, the faculty of Pat Neff Middle School in the home of Anita Koplyay and a party was also held in Lamesa at the Sentry Savings and Loan Association.

The bride graduated from Lubbock Christian High School and received a B.S. in Education from Abilene Christian University and an M.A. in Curriculum and Instruction and also a Supervisors Certificate from the University of Texas at San Antonio. She is currently a math teacher at Pat Neff Middle School in the Northside I.S.D. in San Antonio.

The groom, a graduate of L.V. Berkner High School in Richardson, graduated summa cum laude from Texas A&M with a B.S. in Zoology. Currently, he is a senior at the University of Texas Dental School at San Antonio, where he will graduate in 1984 with a D.D.S. degree.

Project Giant Step Lesson 2 is below

In this issue of the Colorado City RECORD appears Lesson II of Project Giant Step. This is the unique program being co-sponsored by the Colorado City RECORD and the Wallace Center for the benefit of those in Mitchell County who would like to obtain their GED (high school equivalence certificate).

For those who missed Lesson I in last Sunday's paper, a copy of that lesson can be obtained either at the RECORD office or at the Wallace Center. Answers to any lesson can be obtained by calling Wallace Center between the hours of 8:30 and 4, Monday through Friday, at 728-2392. Instructional and grading help will be available between 2 and 4 each Wednesday afternoon at the Wallace Center.

Upon completion of the 12th lesson, a pretest will be available at Wallace Center for those who would like to test their mastery of the material. Arrangements can also be made through Wallace Center to take the official test.

This program is an extension of the regular GED night class program offered during the school year.

GIANT STEP 2

MATHEMATICS

FRACTIONS

A fraction is a way to say that we have less than or only a part of one whole thing. When we have a whole dozen eggs, we have all 12 eggs. Suppose that 2 are broken. We don't have a dozen anymore. Out of a possible 12, we only have 10. A short way of saying that is $\frac{10}{12}$. The bottom number, the denominator, tells how many equal parts are possible to make a whole. The top number, the numerator, tells how many of these equal parts we really have. If we need a pound of hamburger for a recipe, but we only have 13 ounces, then instead of a possible 16 ounces, we have 13, or $\frac{13}{16}$ of a pound. Thinking of time in fractions, a normal work week is 5 days out of a possible 7, or $\frac{5}{7}$ of a week.

BASIC TERMS FOR FRACTIONS:

PROPER - A fraction with the numerator (top number) smaller than the denominator (bottom number). Example: $\frac{2}{3}$, $\frac{21}{32}$, $\frac{7}{9}$

IMPROPER - A fraction with the numerator (top) larger than the denominator (bottom), or both the same. Example: $\frac{4}{3}$, $\frac{32}{21}$, $\frac{7}{7}$

MIXED NUMBER - A whole number plus a fraction. Example: $3\frac{2}{5}$

CHANGING FRACTIONS

Fractional answers that are improper must be changed to either a mixed number or a whole number. Divide the numerator by the denominator.

Examples: $\frac{24}{12} = 12\overline{)24}^{\,2}$ (24)

$\frac{21}{4} = 4\overline{)21} = 5\frac{1}{4}$

$\frac{7}{7} = 1$

PROBLEM 1. Change $\frac{15}{1}$

PROBLEM 2. Change $\frac{8}{2}$

PROBLEM 3. Change $\frac{17}{4}$

REDUCING FRACTIONS

Reducing to lowest terms is another way to change fractions. In order to change the fraction $\frac{8}{12}$, divide the numerator and denominator by the largest number that will divide evenly into both: $\frac{8 \div (-4)}{12 \div (-4)} = \frac{2}{3}$

PROBLEM 1. Reduce to lowest terms $\frac{8}{20}$

PROBLEM 2. Reduce to lowest terms $\frac{12}{24}$

ADDING AND SUBTRACTING FRACTIONS

When adding and subtracting fractions with like denominators, add the numerators only. Change and/or reduce answers to lowest terms if necessary. Examples: $\frac{1}{5} + \frac{2}{5} = \frac{3}{5}$ $\quad \frac{9}{10} - \frac{6}{10} = \frac{3}{10}$

PROBLEM 1. $\frac{9}{21} + \frac{2}{21} + \frac{6}{21} + \frac{3}{21} =$

PROBLEM 2. $\frac{11}{12} - \frac{6}{12} =$

CHANGING DENOMINATORS

When adding or subtracting fractions, it is often necessary to do the opposite of reducing fractions, that is, to change a fraction to an equal fraction with a larger denominator. Suppose we want to change $\frac{3}{5}$ to a fraction with a denominator of 20ths.

$\frac{3}{5} = \frac{?}{20}$ $\quad \frac{3}{5} = \frac{12}{20}$

STEPS TO CHANGE DENOMINATORS

1. Divide the old denominator (5) into the new denominator (20).
2. Multiply the result times the old numerator (3).

PROBLEM 1. Change $\frac{2}{3}$ to 15ths.

PROBLEM 2. Change $\frac{5}{7}$ to 56ths.

FINDING LOWEST COMMON DENOMINATORS

Denominators must be alike when adding or subtracting fractions. When all the denominators are not alike, change them to the lowest denominator possible.

Example: $\frac{2}{3} = \frac{10}{15}$

$+ \frac{4}{5} = \frac{12}{15}$

$\frac{22}{15} = 1\frac{7}{15}$

PROBLEM 1. Add $\frac{3}{10} = \frac{3}{10}$

$\frac{1}{5} = \frac{2}{10}$

PROBLEM 2. $\frac{1}{2} + \frac{2}{7} =$

PROBLEM 3. $\frac{11}{12} - \frac{1}{4} =$

ADDING AND SUBTRACTING MIXED NUMBERS

When adding and subtracting mixed numbers, always add or subtract the fractions first, then add or subtract the whole numbers. Examples:

$5\frac{1}{3} = 5\frac{4}{12}$ $\quad 7\frac{5}{8} = 7\frac{5}{8}$

$+ 8\frac{1}{12} = 8\frac{1}{12}$ $\quad - 1\frac{1}{4} = 1\frac{2}{8}$

$13\frac{5}{12}$ $\quad 6\frac{3}{8}$

PROBLEM 1 $\quad 9\frac{1}{6} + 7\frac{2}{3} =$ $\qquad$ PROBLEM 2 $\quad 12\frac{7}{9} - 9\frac{2}{3} =$

REDUCING MIXED NUMBERS AND IMPROPER FRACTIONS

When the fractional answer needs changing, be sure to do so. If an improper fraction becomes a mixed number, add the whole numbers together. Example:

$4\frac{4}{8} = 4\frac{4}{8}$

$6\frac{3}{4} = 6\frac{6}{8}$

$\overline{(10)\frac{10}{8} = (11)\frac{2}{8} = (11)\frac{1}{4}}$

1. $\frac{10}{8} = (1)\frac{2}{8}$
2. Add the whole numbers (1) and (10) = (11)
3. Reduce $\frac{2}{8} \frac{(-2)}{(-2)} \frac{1}{4}$
4. The answer is $11\frac{1}{4}$

PROBLEM 1 $\quad 9\frac{9}{16} + 16\frac{1}{2} =$ $\qquad$ PROBLEM 2 $\quad 7\frac{7}{10} + 14\frac{1}{2} =$

BORROWING

Always subtract fractions first because it may be necessary to borrow from the whole number as one would borrow when subtracting whole numbers. Remember that when you borrow, you borrow one whole number. A whole number is expressed as a fraction with the numerator and denominator the same. A whole dozen eggs is $\frac{12}{12}$. One whole number can be written 5/5, 3/3, 20/20, 379/379, etc. In the following problem, there is no fraction from which to subtract the fraction $\frac{3}{10}$. We must borrow one whole number from 6. Why not borrow the whole number in the form of $\frac{10}{10}$, so that the denominators will match? When you borrow one whole number from 6, it leaves 5. Examples:

$6 = 5\frac{10}{10}$ $\qquad 1 = \frac{3}{3}$

$-2\frac{3}{10} = 2\frac{3}{10}$ $\qquad -\frac{2}{3} = \frac{2}{3}$

$3\frac{7}{10}$ $\qquad \frac{1}{3}$

PROBLEM 1 $\quad 26 - 4\frac{5}{8} =$ $\qquad$ PROBLEM 2 $\quad 1 - \frac{7}{10} =$

When borrowing from a whole number, the borrowed fraction must be added to the existing fraction. Example:

$17\frac{1}{8} = 16\frac{8}{8} + \frac{1}{8} = 16\frac{9}{8}$

$-9\frac{2}{8} = -9\frac{2}{8}$

$7\frac{7}{8}$

PROBLEM 3 $\quad 12\frac{1}{5} - 4\frac{1}{4} =$ $\qquad$ PROBLEM 4 $\quad 8\frac{2}{3} - 5\frac{4}{5} =$

WRITING SKILLS

CAPITALIZATION

When writing sentences, use the following capitalization rules:

First word of:
1. A sentence. Ex: Boys love hotdogs.
2. A direct quotation. Ex: Jack said, "Who did that?"
3. Every line of poetry. Ex: Roses are red, Violets are blue.

Names of:
1. People, initials, schools, towns, cities, states, countries, ships, languages, nationalities, streets, avenues, rivers, lakes, seas, oceans, mountains.
2. Months, days of the week, special days. Ex: Next Friday, December 25, 1981, is Christmas.
3. Events or periods in history. Ex: the Vietnam War, the Dark Ages.
4. Sacred figures, sacred books, religious denominations. Ex: God, Bible, Baptist.
5. Sections of the country, but not referring to direction. Ex: John lives in the West. The wind blows from the west everyday.

Salutation (Dear Sir:) and closing (Sincerely yours,) of a letter.

The words I and O when they are used as words. Ex: I like the hymn, "O For a Thousand Tongues to Sing".

Official titles used with a name or a title used in place of a name. Ex: This is Doctor Jones. Mr. President, I have a question.

The first, last, and all important words in titles of books, poems, stories, and songs.

PROBLEMS:

Capitalize where necessary.
1. charles and i go to the laundromat with my uncle.
2. we go to six flags over texas whenever we can.
3. the canadian river begins in new mexico.
4. roses are red.
   violets are blue.
   i can capitalize
   better than you.
5. my aunt mary came down with the measles last thursday.

Cook's Corner

Myers learns from watching others cook

Sharon Myers

Sharon Myers says she learned to cook mainly by "watching my mother and watching other people. I had to cook some whenever I was home. Not just a great deal, but some. I never have burned water but once, and that was for a baby bottle," she adds with a laugh. "I was on the telephone in the other room."

A working wife and mother, she and her husband, David, have two children, Betsy, age 5, and Adam, age 2. She enjoys cooking, though, when she has time.

Mrs. Myers likes to cook for more than just one or two people and her favorite dish to is pot roast "because I can cook it all night and forget about it."

Her only advice to other cooks is: "Enjoy it when you do it. It's fun."

CHILE RELLENOS BAKE

1 lb. ground beef
½ c. chopped onions
Green chiles (whole)
1½ c. shredded sharp cheddar cheese
4 eggs
1½ c. milk
¼ c. flour
Salt
Pepper

Brown gound beef and onions in skillet, salt and pepper to taste.

Using a baking dish of 9 x 9, place green chiles in bottom of dish. Spread meat over chiles and top with cheese.

Combine together the eggs, milk and flour until smooth. Salt and pepper to taste.

Pour this mixture over the meat, cheese and green chiles.

Bake at 350 degrees for 45 minutes or until knife comes out clean.

PRALINE COFFEE CAKE

2 cans (10 oz. each) refrigerator biscuits
½ c. brown sugar
¼ c. butter or margarine
2 T. maple syrup
1 t. rum flavoring

TOPPING

½ c. coconut
One-third c. chopped nuts
¼ c. sauce mixture (reserved)

Preheat oven to 400 degrees F. In saucepan, mix together sugar, butter, syrup and rum flavoring. Cook on medium heat setting until sauce is well blended. Reserve ¼ c. mixture for topping. Layer biscuits, slightly overlapping in 13x9x2 baking dish. Pour sauce over biscuits. Bake for 7 minutes in 400 degree oven. Prepare topping, pour over biscuits and broil topping for one minute.

Variation–Orange Coconut Coffee Cake–Follow directors above substituting:

½ c. white sugar
2 T. white corn syrup
¼ c. orange juice concentrate
¼ c. water

STUFFED BACON ROLLS

12 slices bacon
1 medium onion, chopped
2 cloves garlic, minced
1 egg
½ c. tomato sauce
¾ c. soft bread crumbs (1 slice)
1 4-oz. can sliced mushrooms, drained
2 T. snipped parsley
1 lb. ground beef

Partially cook bacon. Drain; reserve 2 tablespoons drippings. Set bacon aside. Cook onion and garlic in reserved drippings till tender but not brown. In bowl combine egg and tomato sauce; stir in bread crumbs, mushrooms, onion mixture, parsley, ¼ teaspoon salt and one-eighth teaspoon pepper. Add meat; mix well. Divide into four parts. Place two slices bacon side by side on waxed paper. Cut another slice in half crosswise. Place the two half-slices at one end of bacon slices, overlapping slightly. Pat ¼ of meat mixture evenly over bacon; roll up jelly-roll style, starting from narrow end. Place rolls seam side down on rack in 12X7½ 2-inch baking dish. Repeat with remaining bacon and meat. Bake in 350 degree oven for about 40 minutes for medium doneness. Make four servings.

Travelers bring one million to county

Over 3 billion dollars were spent by travelers in West Texas in 1981, according to the most recent figures available from the U.S. Travel Data Center and reported by West Texas Chamber of Commerce magazine, "This Is West Texas." Total expenditure growth in West Texas was 18 percent compared to a statewide growth of 15 percent.

Total travel expenditures for Mitchell County was $1,271,000. Entitled "Travel in West Texas Its Impact on West Texas Economy," the "This Is West Texas" article attributes an excellent highway system and emphasis on travel by various West Texas cities for the travel expenditure increases.

In Mitchell County, travel meant $236,000 in travel generated payroll while generating 29 jobs. About $33,000 was collected for the state in tax receipts and $13,000 in local receipts.

Molina still coaching after 15 years

When the Texas Freshmen Baseball League started this year it marked the 15th consecutive year that Juan Molina has been coaching in the league.

Molina, is the "elder statesman" of the league, rightfully so since the retirement of ex-coach Leon Light who coached baseball teams for 25 years. The remarkable thing about Molina's coach-stint is that he has been coaching the same team, the Pirates, for all these years.

Molina started coaching at the ripe young age of 22, back in 1969. He recalls the beginning. "One night someone in the league called me and told me that the coach of the Pirates was going to retire, and asked me if I wanted the job. So I accepted the job thinking I would do it for only one year," said Juan.

Well it seems that he started liking the role of coaching and decided to stay in it. At first Juan had said that he would keep coaching until his oldest son Rudy had finished playing, that was two years ago. Now he says he will coach until his youngest son, Juan Jr., gets finished with Freshmen League.

"One of the main reasons I started, and have stayed in coaching is that I wanted to coach my kids and want too see them play," he explained. He also finds time to coach the UGSA team Chics in which daughters Christabel and Sandy play on.

Baseball runs in the Molina family. Juan is the son of Mr. and Mrs. Jesus Molina. He came from a large family which included eight brothers and four sisters. Molina says that his dad was a good baseball player and a coach. "He taught us all how to play the game."

Juan has lived in C-City all his life and started playing Little League Baseball for the Texans. "I was pitcher and third base man," he said. After the Texans, he went on to Pony League, which is now Jr. Teenage League. He played for the Cardinals. After that, Juan and three of his brothers tried to start a semi-pro baseball team in 1968. But it fell through when a league was not established. The following year he started coaching.

Juan and his wife, Ramona, have five children, Rudy, who is the eldest at 14, Christabel, Sandy, Emma and Juan Jr., who is the youngest at four. All are ball players including little Juan Jr., who already has his own ball, glove and bat said his dad.

When coaching his own children, is he harder on them? "Yes, I am. I get on them more and work them harder. The other kids on the team see this and they get it in their minds that they have to worker harder," explained Juan.

Molina says he has learned a lot since he first started coaching in 1969. "My first year I was real nervous because I did not know anybody. We did not have too good of a team my first season." He feels that the key to being a good coach is to have patience and understanding, and "don't try to play the game yourself, because it is for the kids." Juan feels that there is no big difference from the kids playing now and then. "Kids are kids, sometimes you have to show them you mean business and they shape up. Mainly you show them how to play and not try to get too angry at them," he commented.

Molina cannot recall his overall record during the past 15 seasons, but he does remember winning the league title in 1973, with a 13-2 record, and in 1978 with a 14-1 record. He feels the 1978 team was the best squad because of a pitcher he had named Henry Garcia, who was probably the best pitcher he coached, stated Molina. "He had good control and he did what we wanted him to. When we went to the District Tournament in Sweetwater he allowed only two runs," he said.

Who was the best hitter he coached for the Pirates? Molina said that would probably be Jackie Ellis who played for the Pirates in '69 and '70 and later on went on to play major college football at Texas Tech University. "He was a big guy and a good power hitter. He used to knock some long home runs."

The Pirate mentor recalled one game that sticks out in his mind concerning Ellis. "We were playing a team and we were behind by three runs in the last inning. The bases were loaded and Jackie was at bat. The count was three balls and two strikes. I turned to one of my other coaches and said, "I'll give him $5 if he puts it over." Molina said no sooner than he had said that, he heard the "bing" of the aluminum bat and saw the ball fly over the fence for a grand slam and a Pirate win. "He wouldn't take the money though," said Molina.

Juan spoke of an event the other day that made him feel very good. It seems he saw one of his ex-players on the street, they stopped and chatted. Molina asked him if his son was playing baseball. The man replied, "yes, and I want you to still be here coaching when he gets old enough so that you can teach him the way you taught me."

And it's a pretty good bet that Juan Molina will still be around.

PIRATE COACH–Juan Molina has been coaching the Pirates for 15 consecutive seasons. Here he is pictured with some of the trophies he has collected while coaching.

FREEZING FRUITS & VEGETABLES

Frozen fruits and vegetables spice year-round menus with garden-fresh flavor. But the nutritive value and quality of these fruits and vegetables depend largely on the treatment before freezing, storage temperature and method of cooking and serving. Most fruit can be frozen satisfactorily.

Select round, ripe fruit which is slightly riper than for canning but not soft or mushy. Tree or vine ripened fruits contain more vitamins and a richer flavor than fruits picked green and allowed to ripen before freezing. In general, fruit is prepared for freezing as for eating.

Keep fruit cool until it is frozen. Wash it in cold water but do not allow it to stand in the water. Some fruit loses food value and flavor and some get water soaked.

Some fruits, such as peaches, apricots, apples and pears, discolor easily. Here are some ways to prevent this. Ascorbic acid (vitamin C) is available in tablet, crystalline or powered form. Use ½ teaspoon of this per quart of syrup to prevent this discoloration.

If you don't want to pack the fruit in syrup, sprinkle dissolved ascorbic acid over fruit just before adding sugar. Use ½ teaspoon in ½ cup cold water to each quart of fruit. There are some special commercial antidarkening preparations of ascorbic acid now on the market. These materials can be found at drug stores or where other freezing supplies are sold. Most fruits have better texture and flavor if packed in sugar or syrup. Some may be packed without sweetening for use in special diets.

The way you plan to use the fruit determines the method of packing it. Fruit packed in a syrup generally is better for dessert use; fruit packed in dry sugar or unsweetened is better for most cooking because there is less liquid in the products.

Quickly getting vegetables from the garden to the freezer is a must for top-quality frozen vegetables. During hot weather, harvest vegetables in the early morning before they absorb much heat. Vegetables at optimum maturity will have the best flavor and texture. If you must store vegetables before freezing, it is recommended to spread them out loosely in a cool, well-ventilated place or packing loosely in the refrigerator.

Prepare vegetables for freezing similar to cooking them. Wash thoroughly in cold water, drain and sort, peel, trim and cut. Heat vegetables in boiling water before freezing. Use one gallon of boiling water to each pound of vegetable. This kills enzyme action in the product. The enzymes help the plants grow and mature but if not deactivated the vegetables will develop off flavors and often discolor or toughen during freezing. Place the scalded vegetables immediately in running cold or ice water. When the product is cool to the touch when tested, it is cool enough to pack.

After the vegetables have been heated, cooled and drained, pack in airtight moisture-proof containers, leaving ½ inch headspace. It is recommended to cook all vegetables in the frozen state, except corn-on-the-cob which should be partially defrosted. Cook them only until tender in a small amount of water.

Delay planned on cattle quarantine

Governor Mark White arrived from Washington on Wednesday with word of a 30-60 day delay in a planned quarantine of Texas cattle, as well as hopes for a compromise to end that threat and the need for a special summer session of the Legislature.

"It may be that some herds can be treated differently than others," White said in a news conference, when asked for specifics of a possible brucellosis control compromise between feuding factions of Texas cattlemen.

White, several other state officials and cattlemen on both sides are expected to meet in Austin later this week or next week to work out an agreement, according to an official from the Independent Cattlemen's Association said.

If some herds sold only for slaughter, could forego testing for brucellosis, a compromise might be worked out, said ICA President Roy Wheeler.

White said U.S. Department of Agriculture officials baked down for several reasons after they finally realized that Texas is seeking a solution and the brucellosis threat from Texas cattle would not support the need for emergency quarantine.

Instead USDA officials told White they will republish proposed new laws for brucellosis control in Texas in a routine manner rather than as a proposed emergency order. This gives the state 30-60 days to work out a compromise that won't require legislation action, the governor said.

But USDA officials still contend that Texas has no effective plan for brucellosis control, a contagious disease that causes cattle to miscarry and bulls to become sterile.

UGSA Action

In Tuesday night's UGSA action, the Division I Champions and the Division II Chics both travelled to Sweetwater and both came away with wins.

The Champions nipped the Sweetwater Wildcats in a close contest 17-16.

After the Champions scored three runs at their first bat, the Wildcats came back to take a 5-3 lead after one full inning of play.

But the local team roared back in the top half of the second inning to score five runs, the big blow being a grand slam by Jennifer Munoz. Munoz also got credit as being the winning pitcher for the Champions.

The win ups the Champions' record to 4-3-1 for the season.

Meanwhile the Chics garnered their fifth win of the season against two defeats as they dominated their opponents 33-12.

Tammy Bradley was the winning pitcher as she received help from Misty Strain and Christabel Molina.

Bradley, Strain, Molina and Naomi Franco all hit the ball well to pace a torrid Chic hitting attack.

In other Tuesday night action, the Red Devils got past the Panthers by a score of 18-11 behind the pitching of Dalia Franco.

Franco pitched 4½ strong innings on her way to recording the win. Tracy Hoover came on in relief for Franco.

Nikki Findley led the Red Devils hitting attack with a home run. Cindy Aguilar and Pricilla Rivera also got good hits for the 'Devils as they raise their record to 4-1-1.

Melanie Gilstrap was the losing hurler for the Panthers. Nat Gabba aided her in relief. Christa Davila hit a double to pace the Panthers.

Rounding out Tuesday's action was the Cougars 11-5 victory over the Chargers.

The Chargers jumped out to a 5-0 lead in the first inning, but the 'Coogs kept nibbling away at the lead. They finally caught the Chargers in the fifth inning as they scored seven runs to take a 9-5 lead.

Pricilla Mays was the winning pitcher. Margie Beltran and Kim Wulfjen also pitched for the Cougars as they up their record to 4-3.

Losing pitcher for the Chargers was Sylvia Alvarez. Gina Gilstrap also pitched for the Chargers.

In Thursday night's action here in Colorado City, the locals split victories with Sweetwater.

The Chargers got into a "slugfest" with their opponents and finally hung on to a 27-24 victory.

The visitors led after the first inning of play 5-0, but the Chargers battled back.

They took the lead 7-5 in the fourth inning, and padded it the next stanza aided by a grand slam by Denise Lowrance, her fourth round tripper of the season. Amber Stephens hit her first homer of the year for the Chargers.

Winning pitcher for the Chargers was Sylvia Alvarez, as they improved their record to 3-5 for the season.

The Panthers were not so lucky as they dropped a 17-6 contest to Sweetwater.

Melanie Gilstrap took the loss for the Panthers. Their record is 2-5-1 for the season.

FIRE STATION TOUR--These group of youngsters in the Wallace summer program listen as Fire Marshall L. O. Schafer gives them a tour of the Colorado City Volunteer Fire Department Thursday. The youth also took tours of the Colorado City Police Department and the Colorado City Museum.

State park facilities fill up fast in summer

State parks officials remind those planning a summer outing to a state park that overnight facilities are fast being filled up, and advanced reservations may be necessary to assure accommodations.

Reservations may be obtained for campsites, screened shelters, cabins and group facilities by calling the park you intend to visit, said Bob Hauser, park operations head for the Texas Park head for the Texas Parks and Wildlife Department.

"Persons interested in staying in cabins especially need to make reservations," said Hauser, noting that most cabins have full occupancy during the summer months. Parks offering cabins are Lake Brownwood, Possum Kingdom, Bastrop, Caddo Lake, Daingerfield and Garner.

Reservations for all facilities may be made up to 90 days in advance. No reservations are accepted for picnic sites.

Hauser also noted that the Texas State Railroad excursion train which runs between Rusk and Palestine now has a toll-free number for reservations, 1-800-442-8951.

To obtain a free parks brochure listing all the parks, available facilities, addresses and telephone numbers, write the Parks and Wildlife Department, 4200 Smith School Road, Austin, TX 78744.

MEMBERS OF THE C-City Lake Club were hostesses to an arts and craft show for members of TEHA Clubs in Mitchell and Coke County. Members of the club include (left to right) Minnie Anderson, Vera Thompson, Marie Harlow, Clyndra Kimbrell, Lucille White, Bea Harlow, Dorothy Sneel, Jo Tiller, Frankie Cummings and Helen Oglesby.

Carbohydrates are full of energy

Carbohydrate foods like pasta, potatoes, corn and bread are often portrayed as the fattening "villians" in American diets.

But they are actually full of energy, nutrients, fiber and protein, and not all that fattening, says Mary K. Sweeten, a foods and nutrition specialist with the Texas Agricultural Extension Service, Texas A&M University System.

According to the specialist, the chemical composition of carbohydrates is indicated by the name--carbo - for carbon; and hydrate, for water.

Simple carbohydrates are the sugars and sweetners found in fruits, vegetables, dairy products and processed sugar. Complex carbohydrates are many simple carbohydrates joined together in growing plants. They form the starches and fiber of vegetables, fruits and grains.

Carbohydrate foods provide an efficient source of energy essential for functioning of the muscles, brain and nerves and for good use of other nutrients in the body, explains Sweeten.

They act as carriers of many essential nutrients, including vitamins and minerals. They are also a good source of dietary fiber, and an inexpensive source of protein.

Treat now for grasshoppers

Now is the time for farmers to treat their fields for the prevention of grasshoppers and thrips, according to county entomologist Deanna Myers.

Differential grasshoppers are a big problems for area farmers this time of year. These are the flying type of grasshoppers. If farmers have a high ratio of nymps or "baby" grasshoppers in their field, action should be taken now.

It would also help the rangeland that borders the field. If the hoppers are concreted on the sides closest to the field and then out as you move into the pasture, fly on a couple of Sevin LXR. If there is no chance of cattle getting into the pasture soon, adding a little Parathion will give extra control.

If cotton is pretty ragged looking and appears to have been sand burned, thrips may be the culprit.

Thrips are normally a problem on weakened cotton. The cool temperature usually produces this type of cotton.

Thrips are very tiny (one-eighth" long) and are straw colored. Heavy intestations causes leaves to curl and become deformed. Thrips can reduce stands, stunt growth, and delay fruiting and maturity.

An average of 2 to 5 thrips per week stalk of cotton is a level which treatment is recommended. Several chemicals recommended for use are Bidoin, Guthion and Cygon.

Lions remain unbeaten in Teenage League

Jr. Teenage League action saw the Lions remain the only unbeaten team in league play, as they downed the Colts by an 18-2 margin. Ken Norman took the loss for the Colts.

In other action, the Colts used a last inning rally to overcome the White Sox by a count of 14-13.

The 'Sox took a 4-0 lead in the first inning and made the Colts play catch-up ball. Trailing 13-7 going into the final inning, the Colts scored seven runs in their final bat to take the win.

Colt pitcher Ismel Silva took the win in relief. He took over for starter Andrew Cantu in the second inning. Silva also paced the Colts bats, getting two hits and driving in four runs. Joe Cantu and Norman also got good hits for the winners.

For the White Sox, Bobby Sosa was the losing pitcher. His hitting along with Sammy Rivera helped lead the White Sox.

The White Sox collected their first win of the season as they downed the Braves by a count of 23-12.

White Sox batters jumped on Brave starter Israel Davilla for eight first inning runs as they cruised to the victory.

Joe David Rodriquez was the winning pitcher for the 'Sox. The White Sox hitting attack was paced by Rivera, Sosa and Greg Rodriquez who all combined for nine hits.

Three-way tie for first in Freshman League

In Texas Freshmen League play this past week the Rangers remained tied for first with the Yankees and Dodgers as they downed the Indians by a 25-11 count.

Victor Luera pitched 4½ innings for the Rangers as they took the win. The Ranger cause was aided by home run blasts by Mark Russell, his first of the year, and Kyle Stewert, who also hit his first homer of the season.

For the Indians, Spencer Taylor opened the game, pitched two innings and took the loss. Brannon Daniel was the Indians leading hitter.

The Indians got a victory Tuesday night as they downed the Pirates 8-6.

Stan Bradbury pitched a good game for the Indians, going the distance and only allowing five hits.

But the hero of the night for the Indians was right fielder Schnell Patel who preserved the victory when he caught a fly and threw the ball to second for a double play to end the game.

In Thursday night action, the Astros came close to winning their first game of the season, but fell to the Pirates by a score of 8-7.
