

Plans Complete For Stock Shows

Plans for the presentation of two outstanding livestock shows, the annual Top o' Texas Hereford Breeders Show and Sale and the Ninth Annual Junior Livestock Show were completed late last week by their respective sponsors, the Hereford Breeders Association and the Agricultural Committee of the Chamber of Commerce.

Hereford Breeders Association, promised the biggest show ever given here when he officially announced the showing of 44 head of registered Herefords chosen from the choice herds of the Panhandle.

Simultaneously, Floyd Imel, chairman of the Chamber of Commerce Agricultural Committee, stated that the widest array of cash prizes and cup and ribbon awards ever offered during the nine years the Junior Show has been presented are offered contestants this year.

W. L. Stengel, dean of the Agricultural Department of Texas Tech College, Lubbock, will place the

★ Although tuberculosis is one of the oldest known diseases, its cause was first conclusively proved when Robert Koch isolated the tubercle bacillus a little over fifty years ago. The success resulting from vigorous public health measures, particularly in the last quarter century, is impressive. At the beginning of the century, tuberculosis led the list of diseases as the most frequent cause of death. Today it has dropped to seventh place. There is no reason why it should not drop completely from the list of important causes of death.

This splendid record has resulted from the combined efforts of many agencies. An enlightened public opinion with respect to the value of the physician's services has contributed immeasurably. Have that long-delayed physical examination today. We are prescription specialists.

The six-month-old Siamese twins, pictured above with an unidentified woman, were brought to a Shanghai hospital for medical treatment by Chinese parents who refused to identify themselves. The babies appear normal except for the spinal cartilage that links them. But when one sleeps, the other is awake and when one cries the other smiles.

show order of the 35 bulls and 9 females entered in the Hereford Show. Stengel will also judge the Junior Show.

In conjunction with the Junior Livestock Show this year, a special Top o' Texas Junior Livestock Judging Contest has been planned. To date, some 15 Panhandle Vocational Agriculture Departments indicated their intention of participating for the gargantuan collection of trophies and ribbon awards offered the winners by Frank Carter, local Hereford breeder.

Cash prizes totaling over \$200 are offered winners of the Junior Livestock Show and silver loving cup awards are being presented to the owner of the Grand Champion of each of the fat calf, pig and lamb divisions by various civic organizations.

Brotherhood

States is in a position of great peril. We would be as a small boat in a tempestuous sea.

It is both morally wrong and practically dangerous for the United States to have racial and religious intolerance.

The best way for men and women to achieve fellowship, according to my experience, is for them to work together for common goals. When they do that, they think of each other as comrades.

Intolerance and complacency usually go hand in hand. This is no time for either.

Red Protest

for the country to get into this sort of general talk," Acheson answered.

Knowland, after his reference to "common knowledge" of what Acheson reported, added:

"I believe that the Kremlin has picked a part of a sentence out of the context of his testimony and is attempting to give a different complexion to it than the full testimony of Mr. Acheson would warrant."

"Undersecretary Acheson said nothing which could be fairly criticized," Hickenlooper declared. "Russian demands for territory around the world certainly prove that there is no question that what Acheson said is true."

Senator Connally (D-Tex.) said he was not present at the hearing and thus could not comment on the issue.

C C Banquet

jects that are particularly interesting to almost any audience.

A complete musical entertainment program has been arranged by the A Cappella Choir, under the direction of Miss LaNelle Scheihagen.

Special additional musical selections will be offered by Danny Steuber, vocalist with station KPDN.

Frank Culberson will introduce the visiting guests and Dr. Douglas E. Nelson, pastor of the First Presbyterian Church, will give the invocation.

Acceptance notifications from the many neighboring towns invited to send delegations to the banquet indicate that a large crowd will be in attendance.

Reservations can be secured at the Chamber of Commerce Office.

KIDNAPED—Maj. H. A. L. Collins, British banker kidnaped by Jewish underground forces in Palestine, is pictured in a Jerusalem hospital, after his release. He's being treated for injuries suffered when he was seized.

Plan Backfires, 'Agent' Jailed

CHICAGO (AP)—James Monroe Davidson's plan to have a mother and her 16-year-old son learn how to become FBI agents and capture criminals backfired.

Davidson, 59-year-old former convict of Quincy, Ill., pleaded guilty to impersonating an FBI agent when arraigned Friday before U. S. Commissioner Edwin K. Walker.

It was disclosed that Davidson, posing as a special government agent, hired Mrs. Harriet Vienne, 40, and her son, Albert, at their Waukegan, Ill., home to work as his assistants in hunting for persons who were trying to steal atom bomb secrets.

Davidson administered the "oath" of office to his assistants—"do or die for the FBI." He instructed them in a set of signals they could work with him and all FBI agents. Both hands in pockets meant an FBI man was "ready to go to work"; a newspaper under the arm meant he wasn't working; rubbing the forehead twice meant distress.

Davidson told Mrs. Vienne her salary would be \$250 a month, her son's \$200, and then he borrowed \$82 from them and arranged to meet them in a Loop office building which houses the FBI offices.

Mrs. Vienne and Albert stayed in the lobby for several hours flashing their signals but receiving no recognition. Finally they went to the FBI offices, asked for Davidson and learned they had been victimized.

But FBI agents, furnished a description of Davidson and other details from Mrs. Vienne and Albert, seized him in a Loop bus station where he was reading a newspaper. He put the paper under his arm, rubbed his forehead twice and went with the agents.

University

(Continued from Page 1) was originally published a month ago—after having been approved by a three-man faculty board—and no criticism was voiced by the administration until the article was reprinted by Life Magazine.

In New York, a spokesman for the magazine said the protest would be investigated and Dr. Dolley's telegram answered "when we get the facts together."

on Target for '47

STAND back — take it all in — and make sure you don't miss a thing.

For what we've pictured for you here is the whole Highway Hit Parade of 1947 — wrapped up in one glamorous bundle.

Those long, flowing, follow-through fenders — there's a style note you'll see echoed in automotive fashions for a long time to come.

That generous beam amidships — there's the drivingroom you've been seeking, with legroom, headroom, elbowroom all around.

That broad deep bonnet spells power aplenty — eager, lively Fireball power from an engine that seems to stay forever young.

That hug-the-road look means steadiness; coil springs on all four wheels spell matchless, floating ride; wide-swinging doors open on interiors both handy and handsome in arrangement.

In a word — here's a car squarely on target,

whether you go for style or size, performance or value. Here's America's most wanted car — and easily America's most sought-after buy.

So why let the crowd get ahead of you? Why wait—when waiting can only postpone delivery, not hasten it.

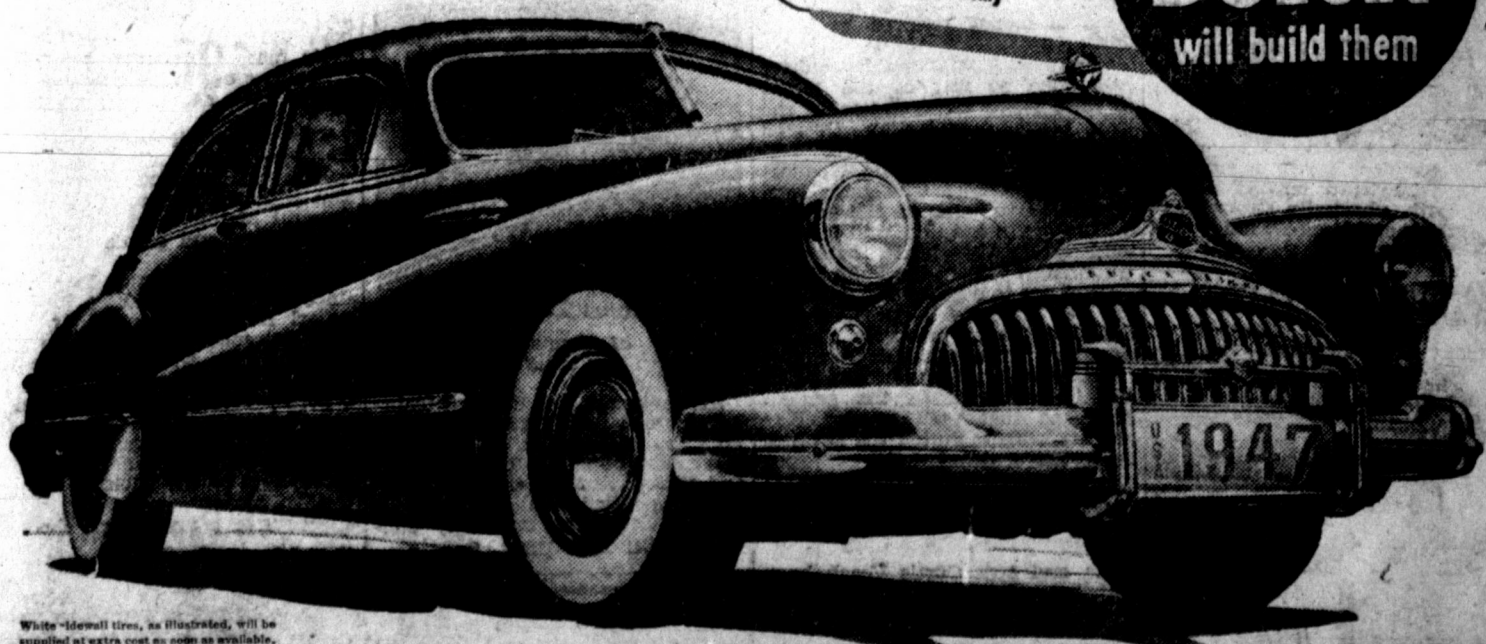

Just remember that faint heart ne'er won a fair car like this — and get your order in!

Salary Limit, Schedule Highlight Loop Meeting Today

On The Sports Beam

By SCOTT RAFFERTY

Our hearty welcome is extended today to club officials, managers and sports scribes of the West Texas-New Mexico Baseball League who meet here today in the annual spring session of the routine Class C circuit.

Despite its long hours, pencil pushing and head-bashing baseball is a grand old game and is really a pleasant experience each summer.

On a note of cheer, some fan approach to the other day with the suggestion that the league might as well ahead and award the 1947 championship to the Pampa Oilers because they're going to win it any way. He points out that a lot of money and time could be saved that way.

We don't think the league will go that far, however.

Although yours truly won't have any official capacity at today's meeting, we do have an idea or two that the league, as a whole, might consider.

One is that every club should be required to install at least one sanitary-type public drinking fountain at each ball park. Although this might cut down on concession proceeds to a certain extent it would not be serious and the fans would lose a lot of their antagonism toward the clubs resulting from such minor matters.

The next concern is the selection of a "Most Valuable Player" each year. The selection could be made by polling the eight managers and eight sports scribes of each league city.

The foregoing are just a couple of suggestions we have. There are many other improvements which can, and will, be made but the club owners know they are so we won't go into them.

Jack Dunham, former Harvester football star, is looking bigger every day. We hope to see him return to college some of these days because he's cut out to be a football player. Jack had to leave Oklahoma A. & M. last year because of a foot infection that needed to be worked on.

Bowling Briefs. Some Major League Bowling team ought to cabbage onto the bowlers by the name of James Caruthers. The times we've seen him he has put on some pretty classy exhibitions of pin-battening.

A great advocate of spot bowling, John Hutchens says that's the only way ever to get to the top in the sport. He says it's easier to look 10 feet down the alley for your spot than it is to see your sights on a pin 60 feet away. He's right too. Mae Grossman, a fair league bowler until the last week or so, has shown a remarkable improvement since she started "spot bowling." She gets one of the week's "blind" prizes for her improvement.

Running true to form, Hutchens is giving the other prize to two men bowlers—Frank Leder and Henry Kamas—for their single-game scores of 96 each in the Industrial League last week.

High games of the week were a 235 rolled by Zinky Powell in the Major League and Ina Petrie's 216 in open bowling.

Al Donaldson, KPFD sportscaster, is drum-beating for a program for fishermen and hunters heard every Monday night over Mutual and KPFD at nine o'clock. It's called the "Fishing and Hunting Club of the Air" and is made up of questions sent in by sportsmen all over the country. Those whose questions are used on the air get valuable fishing and hunting supplies in reward. Included are worthwhile items of fishing tackle and hunting equipment, gun sights, outdoor motors and many other expensive gifts.

If you want to send in a question, just mail it to the club care of KPFD and tune in each Monday night. It's really worth it.

Frankovic Signed to New 5-Year Contract
PORT ARTHUR.—The St. Mary's Parochial School likes Nick Frankovic.

He has been coach of the football team less than a year yet the Athletic Council has already signed him up until at least 1953.

He had a two-year contract that wouldn't expire until September, 1948, but the council voted to extend it five years effective at that time.

Milton Price Will Preside as Loop Prepares for '47 Season

Salaries, a playing schedule, players limits and dozens of other problems preparatory to the opening of the sixth full season of the West Texas-New Mexico League of Professional Baseball clubs will be brought up for discussion at the annual meeting of club owners and managers and league officials here today.

The meeting, with the Pampa Baseball Club as host, will be held in the basement of the Schneider Hotel of the league, welding the gavel.

Its second postwar season will see the league operating with the same eight clubs that raced through the 140-game schedule last year after a four-year lapse due to the war.

The league was formed in 1938 with none of the present clubs as members. League teams that year included Wink, Kermit, Big Spring, Monahan and others. Regular seasons were in order until 1942, when the circuit disbanded due to extreme travel conditions shortly after the mid-season mark.

Last year, representatives of Abilene, Amarillo, Borger, Pampa, Lubbock and Lamesa, Texas, and Albuquerque and Clovis, N. Mex., met at Lubbock and made plans for re-opening and also approved the elevation of the league from D to C classification.

Abilene, Amarillo and Pampa battled down the stretch. Abilene playing first, Pampa second and Amarillo third and Lubbock fourth. Lubbock won from Abilene and Pampa won from Amarillo in the first round playoffs, and Pampa emerged winner in the final playoff by taking the series from Lubbock. Pampa also went on to capture the Texas Class C title by taking Henderson of the East Texas League in four straight games.

Top number on the agenda of today's meeting is expected to be whether or not the league will approve the new salary limits as proposed at the winter baseball meeting in Los Angeles.

The proposed salary limit for each club is \$2,800 per month, or \$600 more than that of last year. Most of the clubs in the larger cities of the league are believed ready to adopt the new limit but opposition may be voiced by the smaller members whose attendance dropped because of poor showing last year.

Two proposed schedules have been submitted to club owners, although they have not been released for publication. The club owners will vote on them today. The season will probably open April 25 and include 140 games for each club—70 at home and 70 away.

Although a controversy over the salary limits is expected to arise, Manager Grover Seitz of the Oilers said yesterday that this year probably be "one of the quietest" meetings ever held by the league.

The popular Oiler pilot, who recently signed his 1947 contract with owners R. L. Edmondson and Lynn Boyd, is expected to join his club in a bid to obtain the 1947 league all-star game for Pampa. Although it is a custom to award the title to the home of the winning club, several cities are known to be seeking the game.

Managers expected to attend today's game include Buck Fawcett of the Albuquerque Dukes, Jackie Sullivan of the Lubbock Hubbers, Borger's Gordon Nell, Lamesa's Guy Sturdivant and Henry Kamas. Other clubs have not indicated whether their managers will attend.

Every city in the league will be represented, with as many as six delegates coming from some cities.

Dallas Man Killed in Motorboat Race
BROWNSVILLE.—J.P. Vernon Moore, Dallas boat racer, was fatally injured yesterday during the Charro Days boat races by the propeller of another craft after his own boat overturned.

Race officials and drivers called off the remainder of the day's events and voted to run the postponed race today, with all of the prize money to go to Moore's wife and family. An additional \$1,000 will be raised by Charro Days and racing drivers for the race.

Immediately after the accident, the leading boat, driven by Jimmie Saxton of Kansas City, turned about. Saxton dived overboard and pulled Moore out of the water, put him in the standby pickup boat and sent him to a Brownsville hospital. He died on the way to the hospital.

Moss Lauded for 'Sportsmanship'
BOSTON.—The first Nile (Suede) Nelson Award, calling for "a high esteem for the football code and an exemplification of sportsmanship to an outstanding degree," was made to Perry Moss of Seattle, Wash., quarterback on the University of Illinois Rose Bowl champions last night by the Gridiron Club of Boston.

More than 1,900 college coaches unanimously agreed that Moss performed the outstanding act of sportsmanship during the 1946 Illinois-Iowa game.

Mayer Horse Ruled Out in San Vincente

By BOB MYERS
ARCADIA, Calif.—(AP)—California-bred Hubbe Bubble was declared winner of the \$50,000 San Vincente Handicap yesterday when Movie Magnate Louis B. Mayer's favored Stepphater was disqualified and ruled out of the money in one of the wildest finales seen at Santa Anita Park.

As 53,000 fans waited 16 minutes for the steward's ruling, Jockey Johnny Longden on Stepphater, on a gallop, was declared winner of the \$50,000 San Vincente Handicap yesterday when Movie Magnate Louis B. Mayer's favored Stepphater was disqualified and ruled out of the money in one of the wildest finales seen at Santa Anita Park.

The tournament manager announced Friday that he had telegraphed Dudley he was quitting PGA unless the golf group placed him in complete control of tournament activities. He also demanded "complete vindication" for a recent altercation with Golfer Dick Metz at Camel, Calif.

Dudley, who has been visiting here for several days before returning to Augusta, Ga., declined to comment on the Corcoran-Metz dispute but said in a statement: "The PGA Tournament Committee has been given authority in conducting tournaments. Concoran works under their supervision. As for our last meeting between Corcoran, George Schneider, chairman of the Tournament Committee, J. Novack, a vice president and myself, arrangements appeared to be satisfactory."

"Since then the Tournament Committee has had several meetings and we had no report on them. It's news to the Executive Committee that the statement was released out of New York by Freddie Corcoran regarding his status."

Bucks Lead in 2-A Tournament

CANADIAN.—(Special)—White Deer's potent Buck led into the final round of the District 2-A North Section basketball tournament last night with four straight wins.

The Bucks registered victories over Lefors, 37-28; Phillips, 30-27; Perryton, 47-29; and Panhandle, 53-38.

Closed behind the Bucks were Perryton and Phillips with three wins and a loss each.

Last night, the Bucks played Lefors. Perryton met Phillips and Canadian and Panhandle battled for cellar honors.

The tournament winner will play the South Section champion for the district title. The district games are being played in a tournament instead of stretching them out over the entire season.

Standings, not including Saturday night's games:

Team	W	L	Pts	Opp
White Deer	4	0	167	120
Perryton	3	1	153	134
Phillips	3	1	124	110
Lefors	2	2	127	152
Canadian	0	4	99	146
Panhandle	0	4	124	163

Games Saturday Night
White Deer vs Lefors.
Canadian vs Panhandle.
Phillips vs Perryton.

NEWCOMERSTOWN, O.—(AP)—The greatest baseball pitcher of them all turns 80 next month and this city of 5,000 is preparing to shoot the works in honor of its illustrious neighbor.

Babe Ruth Leaves Hospital as Kids Give Him Ovation

By NATHAN POLOWETZKY
NEW YORK.—(AP)—The kids had waited outside for hours.

On the sidewalk outside the hospital about a hundred of them were scattered about in little groups, some talking in whispers, occasionally casting furtive glances at the big front door.

"They were waiting for a man—a big man, with a broad flat nose, an infectious grin, and thin little ankles that never seemed just suited for the big boy."

"Then they spotted him. The door swung open. The big man came out, helped by a nurse and a friend. "Hey, Babe!" the shout went up.

It was like the old cry at the Yankee Stadium. It was like the cry that went up when he called his home run shot in the world series.

Babe Ruth, wearing his familiar camel's hair coat and cap, smiled wanly. He paused momentarily, waved his arm in the famous manner—and there were tears in his eyes as he halted to accept the acclaim. A quick brush of the hand wiped the tears away, and the Babe smiled again.

"The Bambino was going home, home from the hospital for the first time since Nov. 26, home to look at the river from my apartment window."

Snead Leads South African in Contest
JOHANNESBURG, South Africa.—(AP)—Sam Snead, the traveling U. S. professional who wears the British Open crown, was 5-up yesterday on Bobbie Locke, South African Open champion, at the end of 27 holes in their 72-hole challenge match over the Germiston layout.

Rain forced them to postpone the final nine holes of their scheduled 34 before the deluge. Each had a 70 Friday.

"There are a thousand hacking at the branches of evil to one who is striking at the root."
—Henry D. Thoreau

Annual Texas State Junior Golf Tournament Scheduled for Brackenridge Park August 4-8

SAN ANTONIO.—(AP)—The twenty-first annual Texas State Junior Golf Championship Tournament will be held at Brackenridge Park course here Aug. 4-8 with winners qualifying for the national tourney 10 days later.

Gene Towry of Dallas is defending champion. He won the title last year over Joseph (Red) Conrad of San Antonio in a final match that went 40 holes.

The tournament age limit is 21 years. The winner, runner-up and two defeated semi-finalists will qualify for the William Randolph Hearst National Junior Championships in Los Angeles the week of Aug. 18.

There is no entry fee for the State Junior.

Women Bowlers Will End Matches Today
With a not-too-safe 110-pin lead to go on, Ina Petrie and Beryl Haynes of Pampa will conclude their 10-game doubles match with Ruth Dorris and Jimmy Shabe of Amarillo.

The match will be played at the Banner Bowl in Amarillo today at three o'clock.

In the games here last Sunday, the Pampa women rolled a 10-game total of 1,612 pins against 1,592 for the Amarillians. Mrs. Petrie averaged 179 pins while Miss Haynes averaged 164.

Army Offers Special Opportunity to Men

Opportunity for young men to serve in the famed 25th Infantry Division in Japan is now being offered by the U. S. Army, according to local Army recruiters.

Young men between the ages of 18 and 34 (17 with parents' consent) may sign up for three years service and may designate the 25th at the time of enlistment.

Living conditions are reported excellent and opportunities for sports and travel are good.

Additional details may be obtained from the U. S. Army Recruiting Station, Room 4, Post Office building.

Pittsburgh Completes 1947 Infield Roster

PITTSBURGH.—(AP)—The Pittsburgh Pirates completed their definite roster of outfield candidates yesterday with the signing of Culey Rikard, who batted .325 for Hollywood in the Pacific Coast League last year.

Hank Greenberg still is listed on the roster as the Pirates have not given up hope on the big slugger changing his mind and deciding to play this year.

Four New Umps Added to Texas League Roster

DALLAS—(AP)—Four new faces will be seen among the men in blue when the Texas League race opens in April.

The list of umpires was announced yesterday by President J. Alvin Gardner with Frank L. (Buster) Capps of Dallas, Chester Fowler of Dallas, Perry Hunter of Sherman, Milton Stenegrave of Oklahoma City, Bill Wilson of Houston and Mike Williamson of San Antonio returning to the firing line.

Louie R. Smith, who umpired last year on leave of absence from an oil company where he is employed, chose not to come back unless need arises for his services. Pat Orr is going to the Pacific Coast League and L. C. Carter to the Southeastern League.

Coming to the staff this year will be A. L. (Andy) Andrews of San Antonio who worked in the league in 1942 when the circuit disbanded for the duration, and is returning from service in the Eastern League; Carl Sandt of San Diego, Calif., and Fred Sigler of Dallas, both from the West Texas-New Mexico League, each with a year in umpiring professional ball behind him, and Charles Ullenberg of St. Louis, who worked in the Three-I League last year and the Carolina League in 1945 and who umpired in the Girls Professional Softball League in 1944.

Stu Holcomb Named Coach at Washington

ST. LOUIS—(AP)—Stuart K. Holcomb, end coach of West Point's great Army football team the last two seasons, yesterday was named head football coach at Washington University of St. Louis.

Official announcement ended much conjecture over who was to get the post at the school where a war-curtailed athletic program is being revived with emphasis on strict amateurism.

Langdon Works Hard To Regain Pre-War Stamina

AUSTIN—(AP)—Few men in college basketball today have worked harder to regain their pre-war stamina and coordination, impaired by combat injuries, than John Langdon, 5 foot, 7 inch center for the University of Texas Longhorns.

Langdon spent long hours working to overcome the handicaps of badly frost-bitten feet suffered as an infantryman in the "Battle of the Bulge." Many seasons with Coach Jack Gray re-developed Langdon's tall-handling and backboard timing, and a hot summer's work in the oil fields helped his feet.

To Langdon fell the difficult task of delivering balance and backboard strength while keeping pace with the fast break, speed and dash of the spectacular "Mighty Mites" and standing 5 ft., 10 1/2 inches or less.

A polished performer on offense, Langdon shines on defense. His job is holding down the "good, big men" on opposing teams.

Early in the season he held Bill King, "former all-Big Six center now with the Continental Air Lines, to a minor scoring performance. Against Long Island University he held all-American Center Dick Holub all but scoreless and still found time enough to drop in 13 points himself.

Langdon began basketball with Beaumont High, lettering three years before coming to Texas as a freshman in 1941. He lettered on the Texas '43 squad before entering the Army as an infantryman. Langdon is counting on a basketball coaching career after finishing his senior season with the Longhorns next year.

Warning Issued Youth By Corporation Court

Corporation Court Judge Clifford Braly yesterday excused one juvenile, charged with speeding, from paying a fine, but warned him if charged again would probably have his license "taken from him."

Three men were each fined \$15 on charges of intoxication and another man on the same charge, had his case continued, while his wife, charged with disturbance of the peace, had her case continued.

Hughson Signs With Boston Sox for '47

BOSTON (AP)—Tex Hughson, gangling Red Sox right hand pitcher who won 20 games against 11 losses last season, yesterday signed his 1947 contract.

Hughson's mailed report from San Marcos, Texas, left unsigned, only two of the Boston players slated for spring training — First Baseman Rudy York and Catcher Roy Parlee.

ANSWER: Near the toe.

Hogan Not Worried Over Losing Driver

FORT WORTH—(AP)—Ben Hogan isn't worried over that tie for fifteenth place he got in the Texas Open at San Antonio and neither is the loss of the driver that served 13 years giving him too much concern.

Golf's greatest money-earner, stopping over here waiting for the 36-hole winner-take-all \$5,000 International Match next week-end at San Diego against Dai Rees, the British links star, just said: "Those things all even up in the end."

Hogan still is the leader for the year in cash earned although fellow-Texan Jimmy Demaret is less than \$350 away from him.

Little Ben started with a victory in the Los Angeles Open, finished third at Richmond, Calif., took first at Phoenix and second at Tucson.

It was that first place at Phoenix that showed Hogan didn't have to worry greatly over the loss of the driver that had helped him to some \$300,000 in golf winnings. He broke it in the pro-amateur event the day before that tournament opened. He had carried along a spare driver in anticipation of the day when the old club would expire.

But the course was reasonably short so Hogan played the tourney with a brassie in preference to the spare driver.

The substitute, however, wasn't quite right at Tucson so Ben switched to a driver his clubmakers had designed for Herman Keiser, another golf pro playing the PGA circuit who had found it not quite to his liking. Hogan will continue to use it while the manufacturer tries to duplicate the original.

North Texas Looking For Big Time Games

DENTON—(AP)—The North Texas State football team will do some tall traveling next fall.

Athletic Director Theron J. Fouts announced yesterday that games with Florida at Gainesville or Tampa, Fla., for Oct. 5 and with the University of Chattanooga at Chattanooga, Tenn., Nov. 29 had been arranged.

The Lone Star Conference and Optimist Bowl champions also are negotiating with Arkansas, co-champion of the Southwest Conference, for a game.

Southwest Teams Are Loaded for Baseball Season

By the Associated Press
The Southwest Conference Baseball campaign is less than a month away with each of the six schools fielding teams bobbing up with plenty of veteran material.

Defending champion Texas will have 13 lettermen, four of whom are pitchers and including Bobby Baylor who didn't lose a game in the title race last season.

Texas A. & M. will show 14 lettermen and so will Rice, each boasting three experienced pitchers. Baylor will have 13 lettermen and Texas Christian and Southern Methodist eight each.

Baylor is regarded as the chief challenger to Texas and Rice must be figured in strongly while Texas A. & M. appears to have its best team coming up in years.

Each school except Texas Chris-

Numbers Racket Held Legally; Sheriff Helps

CANADIAN—(Special)—The numbers game is being played here with the sheriff participating!

It is being played in Hemphill County in a legal and honorable manner. Sheriff J. W. Hemphill is well-fortified with lettermen pitchers.

The schools will play each other three times with the championship race opening March 27 and closing May 17.

First practice games are scheduled in early March when Texas Christian plays Hardin-Simmons and McMurry on a jaunt through West Texas.

In inter-sectional play Texas Christian, Texas and Baylor meet Oklahoma while Southern Methodist and Texas Christian take on Ohio State. Games also will be played with Texas League clubs by some of the conference teams.

While not exactly a part of his duties as sheriff and tax collector, E. R. Cloyd tries to accommodate those who like special numbers on their car or truck.

Obviously, since licenses may not be issued except in proper sequence, not too many folks can be accommodated as those who ask for special numbers have to wait until the tags are sold down to that number. Like Larry Short, who wants 7777 for luck. Or Moody Alexander, who wants 7667 because it reads the same forwards or backwards, and Dean Cook who wants 7880 in progressive order.

Most common request is for telephone numbers or postoffice box numbers. Last year Ed Bryan's license number ended in the same figures as his phone number and his box number.

"Many times the reading of a book has made the fortune of a man—has decided his way to life." —Emerson

"Charge it" on the KATY

Beginning, February 26

KATY CREDIT CARD

Buy rail transportation—and sleeping car accommodations, too—with a Katy Credit Card! Go from coast to coast, from border to gulf, and whether all or only part of your journey is over the Katy Lines the same sensible service is yours.

You may sign for your Katy meals at the way you sign the "check" at your club... have any extra baggage charges applied to your account with your magic Katy Credit Card.

Just phone your Katy Representative for your reservation, tell him where you want to go and where you want your tickets delivered, to your home, to your office or to the train.

Your tickets are delivered to you—when you want them, where you want them, and you "charge it." Simple, isn't it? No last minute rushing to the bank for extra money. No hurrying to a station to pick up tickets. No waiting in long lines, no delays, no time wasted.

Your personal check will be honored for any transaction covered by a Katy Credit Card. Or, you can "charge it" and pay your railroad bill at the end of the month.

Apply for your Katy Credit Card at the office of your Local Katy Representative or write to the Missouri-Kansas-Texas Lines, R. Exch. Bldg., St. Louis 1, Mo., or Katy Bldg., Dallas 2, Tex.

Market Briefs

WALL STREET STOCKS NEW YORK, Feb. 15.—A few stocks made feeble passes at recovery in today's market although many leaders extended their retractions to a point or so. Dealings were sluggish from the start. Minus signs predominated near the final hour. Boardroom customers were said to lean more toward caution than to outright bearishness. Scattered offerings again were attributed to the belief of some that the bid had yet to experience a real technical correction of the recent climb to 5-month highs. Further pleasing dividends and earnings statements were helpful. Occasional resistance was shown by Sharon Steel (on a lifted quarter), Pennsylvania Railroad, Sears, Roebuck, Baltimore & Ohio, American Can and Eastman Kodak. Backward moves were U. S. Steel, Bethlehem, Republic Steel, Goodrich, Woolworth, American Telephone, Amoco, Kennecott, Westinghouse, Johns-Manville, J. C. Penney, Standard Oil (N.J.), Santa Fe and American Water Works. Bonds were narrow and cotton futures steady.

Plane, on routine mission from Colorado Springs to Rapid City, S. D., hit freak hailstorm near Greeley, Colo., but made a safe, uneventful landing at Lowry Field, Denver.

FAST FOOTWORK IN MONEY RACE:

BILLS TO RUSH TEACHER PAY RAISES FACE FIGHT

By DAVE CHEAVENS

AUSTIN—(AP)—More fast footwork by those who want to guarantee higher pay for teachers by taking the first big bite out of the general fund and those who believe it should be accomplished by the new taxation method is in immediate legislative prospect.

The battle—considered by many as the prime issue facing the 50th Legislature—started this week when the opposing forces maneuvered mainly to feel out their strength.

Thus far the skirmishing has resulted in a draw. Rep. Woodrow Bean of El Paso won a preliminary victory in the

House when he blocked an effort to rush through a hearing before the Appropriations Committee of a bill which would boost the per capita apportionment for schools to \$5 a year.

Then Senate advocates of a similar measure pending there got a companion bill safely through the Education Committee and in a favorable position on the calendar for early action. It appears now as if the first real head-knocking will come in the Senate where an effort may be made to set aside the rules and bring the bill up for early consideration.

Representatives of the State

Teachers Association appeared before the Senate Education Committee to advocate the bill under terms of which the State Board of Education will have to set the per capita apportionment at \$5.

This means that all the organized strength of teaching forces in the state will bring pressure to bear on legislators to obtain early passage of the bill and another measure setting a \$2,000 minimum on annual salaries. Any legislator will tell you this pressure can become terrific.

Bean—a member of a House group advocating increased natural resources taxes to pay teachers more money—says this route is the only sound one economically. While the bills by Sen. A. M. Aikin, Jr. of Paris and Rep. Dallas Bankenship of Dallas do not constitute a direct drain on the general fund, they are indirect demands. The money actually would come from the so-called "clearance fund" before it ever

Sunday, Feb. 16, 1947

PAMPA NEWS PAGE 7

got to the general fund. Bean says that by the time you take 20 million or more out for the per capita, appropriate another 20 to 25 million for equalization aid to rural schools—this one directly from the general fund—there won't be much left for other expanded state services that many consider in line for help.

Heavy committee work faces the Legislature during the coming week. The Senate Finance Committee starts hearings Monday on the appropriations bills for all the institutions of higher learning. A public hearing has been set for Monday night on the bill by Rep. George Farhouse of Dallas to revise the state's system of pardons and paroles, and on another measure setting up an adult probation system.

Tuesday the House Judiciary Committee has a public hearing on

a measure designed to permit division of community property between husband and wife to sidestep what some have called "double taxation" under a recent U. S. Supreme Court decision on inheritance taxes. Wednesday afternoon the House Committee on game and fish has invited the public to speak its mind on proposals giving the Game, Fish and Oyster Commission broader powers to regulate seasons and bag limits.

JUST PAPERS
WASHINGTON — (AP) — Veterans after March 1 need only show their discharge papers to purchase surplus goods set aside for them. The War Assets Administration announced last night. New lists of "set-aside" goods will be prepared in each region to supplement the national list which now covers items ranging from typewriters to trucks.

OUR CIVIC CLUES

Jaycees—Tues. Palm Room.
Rotary—Wed. Palm Room
Lions—Thurs. Meth. Church
Kiwanis—Fri. Meth. Church

WEEK'S ACTIVITIES

JAYCEES—Tentative plans were formulated for an "all local" carnival, the time and place yet to be set. Stag dinner plans have been set for Feb. 21, but the place has

not been set. In connection with the carnival, a local publicity campaign in support of it will be made. The proceeds will go to the Community Center fund.

ROTARY—An instructive program was given this past week by members of Boys' Ranch, a home near Amarillo for homeless youth. The main address was given by Pinky Vineyard, but other boys of the Ranch were on the program. Seven new members were inducted into the club. The next meeting will be held tomorrow (Monday) instead of on Wednesday.

LIONS—Good deal of time was spent discussing the forthcoming Lions Club Minstrel (Feb. 27, 28). Dr. Roy Webb, in charge of tickets, handed out an allotment to each member. Miss Eloise Lane, high

school music teacher, furnished a program, featuring four of her students.

KIWANIS—This past week featured "Advertising Day," a time when each member can "peddle" his own wares with impunity, or without the pain of "fine." There was a good deal of fun attached, as members poked levity at each other. The outstanding feature, perhaps, was the auctioning of farm products from the ranch home of Clyde Carruth, L. N. Atchison was auctioneer, after Carruth said proceeds from the sale of the items would go to the Boy Scout fund, a drive for which is being prosecuted at the time. Juicy steaks, firm ham, what appeared to be very good eggs, and two half-pints of cream brought \$11.50.

Texas Bandit

(Continued from Page 1)
continually from Monday night until his capture Thursday afternoon. Ransom admitted car thefts at Henryetta, Okla., Mount Pleasant, Bogata, Greenville and Commerce, Tex.

He denied kidnaping Edgar S. and W. S. Stewart when taking their automobile at Bogata.

"I told one of these men I had to have his car," he said, "and he begged me to let him go along to show me how to drive it. When his brother came up to the car, I had him get in told them I would take care of the car and let them know where I left it."

The Stewart car was wrecked here in a chase with police.

Dried blood still clung to Ransom's jaw where a bullet in that chase grazed him.

He declared he bought one gun in Abilene and used it to hold up the grocery store. In the store, he said, he picked up a .38 pistol, but dropped both guns here while fleeing from the wrecked car.

Of the five stolen cars, three were wrecked. He abandoned one to take to the brush country. When he was captured he was barefoot, wet and hungry.

He was reported to have told police he would have given up Wednesday night for "a quart of milk." The only custody of Ransom's escapades was Greenville Police Chief Virgil Miller, who received eight broken ribs when his automobile collided with a taxicab in the chase here.

A fatal accident was indirectly attributed to his flight. P. D. Hale, Dallas police officer, was killed in a plane crash while searching for the fugitive.

City Police Will Soon Sport New Uniforms

City Police will soon be sporting new uniforms of solid blue instead of the present dark blue, some have black pants and gray shirts with black shoulder straps.

Decision of the type of uniform to be worn is being left to the boys on the force since they are the ones that will have to wear them.

Because each policeman has to pay for half of his uniform while the city pays the other half, no blue coats or blouses will be purchased.

If tentative ideas and plans by the force, as a whole, go through, the new uniforms will consist of dark blue pants and shirt to match with a black bow tie instead of the four-in-hand tie now being worn.

Only question as to the uniform lies in what the boys want as buttons. Some are of the opinion all plain buttons should be used, others are for the silver button because it will match the badge, while still others are for the plain buttons, but with silver buttons on the pockets, and still others favor the brass buttons on shirt, pockets and cuffs. The chief's shirt it is expected, will carry the brass buttons to match the chief's gold plated badge.

The whole question will be settled when the majority rules at the next meeting of the force.

'First Jet Auto Proves 'Hot Stuff'

Heat of the jet tube forces Bob Yeakel, clad in 15-pound asbestos suit, to ride "side-saddle" as he tests America's first jet automobile at Rosamond, Calif., dry lake. Yeakel, who built the jet-car, says the engine can be adapted to both speedboat and automobiles.

New Business Is Set Up at Pampa

Another new business will be added to the list in Pampa with the opening tomorrow of the Laundromat-Equipped Half-Hour Laundry, 216 North Somerville St., according to the manager, Ben H. Gull.

Twenty of these machines, said to be able to handle in 30 minutes a family wash, have been installed; and the building has been equipped with fluorescent lighting.

In addition to the service of this equipment, Gull said, automatic clothes dryers and electric ironers are available at the laundry.

A new local feature is the addition of a lounge. It is, Gull said, for the "convenience of patrons

House Espouses Pampa's Girl's Cause

Thirteen-year-old Nancy Haval of this city, celebrated in picture and story the past week for her recent letter to Pres. Truman on the Alaska-Texas issue, will be commended on Boyce House's "I Give You Texas" program today over a state radio network.

House, raconteur of Texas "tall tales," says he agrees with Nancy in that Alaska should be divided into two or three states if it is admitted to the Union, in order that Texas should remain the largest state in the Union.

The program will be aired over KGNK, Amarillo, at 5 this afternoon, where they can rest while the clothes are being automatically washed.

"I was impressed by her Mona Lisa expression, too, until I found out that she just hasn't anything to say!"

CARNIVAL BY DICK TURNER

"See there? I told you the prosecutor always fights fire with fire!"

Friendly Thoughts By J. M. CLEGG

Seeking the mountainous high-ways to higher thoughts and abundant blessings is our pilgrimage as we travel through life—ever upward—ever onward—to the greater glories that lie ahead.

In a most delicate manner your needs are handled by us. Our correct appointments and personal assistance will be most helpful.

Covered-Dish Supper For Clara Hill Class On Thursday Evening

The Clara Hill Class of the First Methodist Church was entertained Thursday evening in Fellowship Hall. The Valentine motif was carried out in the table decorations and each guest and member had a Valentine as a place-card and favor.

After supper Mrs. Walter Dougherty gave the devotional on "Handicaps or Handies." Two Valentine games were played with prizes going to Mrs. Roy Pierce, Mrs. John Michel, Mrs. S. A. Evans and Mrs. R. B. Shepherd.

Guests present were Mesdames Verle Hagaman, Clyde McNaughton, O. L. Statton, R. D. Wilkerson, John Michel, M. F. Ludman, R. B. Shepherd, Venus Collum, S. A. Evans, Leon Cook, Miller Hawpe, J. D. Wright, Jr., M. L. Shauer, Cleo Hoyer, C. L. Brownlee, Roy W. Reeder, H. H. Boynton, Diamia Wood, and E. L. Reese.

Members present were Mesdames G. W. Wright, C. W. Coffin, J. C. Pa, ie, Roy Pearce, Roy Kilgore, Arthur Hefflin, Harry Hoyer, Sr., C. E. Boswell, Walter Dougherty, P. Snyder, Carlton Nance, Harlan Roberts, Clyde Lockhart, Francis Oden, Gariang Franks, and D. P. Lusher.

Hostesses for the evening were Mesdames Kilgore, Nance, and Hoyer.

Friendship Circle Club Celebrates Its 23rd Anniversary

PANHANDLE—(Special)—The Friendship Circle Club celebrated their 23rd anniversary with an "Old Fashioned Dinner" in the home of Mrs. Emmett Russell on Tuesday, Feb. 11.

The dinner was served family style at 12:30 p. m. from tables covered with red and white and blue and white tablecloths. The main table was centered with a two-tiered cake decorated with the club colors of pea green and pink and 23 candles.

After the dinner, pictures were taken of the group with special pictures taken of the four remaining charter members, Mesdames Walter Lill, George Milton, Emmett Russell and Fred Reiner.

After a short business session and a tribute given to the charter members by the president, Mrs. George Hankins, the remainder of the afternoon was conversation and an "old time singing."

Those other than the charter members present were Mesdames M. F. Callahan, Sewell Kammerer, Van Carter, Frank Robinson, Paul Lauer, Herman Powell, Harold Knapp, George Hankins, John Honien, and J. B. Howe.

WCS Circles Hear Rev. Hubert Bratcher
SHAMROCK—(Special)—Rev. Hubert Bratcher was speaker when all circles of the WCS met at the First Methodist Church Monday afternoon.

Mrs. L. S. Griffin presided and the devotional was given by Mrs. A. H. Hugg.

Star Gets Picture Hat

A Chicago hat shop has something new for the customers. An artist makes a portrait sketch of the customer, and then designs a hat with lines especially becoming to that face. If customer likes it, hat is made up; if not, another one is sketched. Above, artist Ervin Petri works out a personalized bonnet for famed actress Gertrude Lawrence.

'The Herdsman' To Be Reviewed for Book Club by Mrs. Friauf

At the regular meeting of the Pampa Book Club Monday evening at 7:30 in the City Club Rooms Mrs. George F. Friauf will review Dorothy Clarke Wilson's book, "The Herdsman."

Miss Wilson said that without the Hebrew prophets there might easily have been no Magna Carta; no Bill of Rights.

Amos, the son of Elkannah, whose only treasure was his God, the first of the unique seaman-philosopher-reformer, is lifted from his traditional place of obscurity among the minor prophets and brought into focus by a study of his times. He becomes a figure of dominating stature whose shadow is cast across 17 centuries, from the Market Place

of Bethel to the Town Square on Main Street. A herdsman, he calls himself, and indeed he was, being one of the first champions of the Common People.

Less than 100,000 miles of the 3,000,000 miles of U. S. highways are paved with concrete.

Carson Federation of Women's Clubs Meets

PANHANDLE—(Special)—Musical and dramatic numbers given by students from White Deer and Panhandle High Schools was the program presented by the Cuyler Study Club for the Carson County Federation of Women's Club Monday afternoon.

Mrs. L. D. Crites introduced Wendell Cain, speech teacher of White Deer High School, who was in charge of the following program: piano ensemble, Lisztell Overture, Clara Meaker, Joyce Dittberner, Marilyn Forsythe and Oleta Dowling, vocal solo, Dolores Hamrick, "Thinking I Hear Thee Call", accompanist, E. Smith; reading, "Cremation of Sam McGee", Tom Horn; "Kentucky Babe", and "Wayside Cross", vocal double quartette, accompanist, E. Smith; reading, "The Tennis Lesson", Dorothy Barnett; piano ensemble, "Comrades in Arms", Marilyn Forsythe, Clara Meaker.

Make This Home Recipe To Take Off Ugly Fat

NOW OPEN
Stella's Snack Shack
306 N. Cuyler
Short Orders—Dinners
Sandwiches—Chili

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drugist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

Joyce Dittberner, and Oleta Dowling.

In the business session Mrs. Minor Simms was elected delegates to the district convention in Childress, March 19-20. The Federation also voted to contribute a dollar a member to the Golden Jubilee Endowment Fund.

Miss Winifred Bonham of the American Red Cross explained the Home Nursing courses and urged as many women as possible to enroll.

Mrs. Crites announced that the Cuyler Club was sponsoring a party to be given in White Deer March 14 for the benefit of the Carson County Living War Memorial.

Refreshments were served by the hostess club to representatives and guests of nine clubs.

King Club will be hostess to the Federation March 10.

SPRING CLASS OPENS

SAN JACINTO BEAUTY SCHOOL
2715 W. 6th Amarillo, Texas

BOYS OCCUPY ROOM IN NEW DORM—Among the 58 men who recently moved into Conner Hall at West Texas State College were Frank Stallings, above left, and Dick McCune, his roommate, both of Pampa. Newest of the dormitories at W. T. Conner Hall incorporates the latest innovation of structural design: Each room occupied by two boys has an especially designed night light, as do the halls, and a complete individual buzzer system.

E. L. Stallings, 211 Cook Street, is a freshman majoring in journalism. While a student of Pampa Senior High School, he was an active member of the Little Harvester staff and won the Panhandle High School Press Association plaque for having written the best feature story.

The McCune, son of Mr. and Mrs. J. A. McCune, 811 N. Frost Street, also a freshman, is a member of the Buffalo Band in the trombone section. He is attending the college on a hand scholarship.

ing as it was announced yesterday by a member of the sponsoring organization.

The feature is under the auspices of the Pampa Lodge No. 493, Knights of Pythias, and the proceeds, it was said, will be devoted to the charity work of that organization.

Sents will not be received, the spokesman stated, and the doors will be open at 7:15 p.m.

Tickets are on sale at Cretney's Wilson Drug, Master Cleaners, Neal's Grocery and J. C. Daniel Auto Co.

Before the arrival of Europeans there were no domestic animals on the North American continent.

"PROGRESSING WITH PAMPA"

Legion Auxiliary Business Meeting

PANHANDLE—(Special)—The American Legion Auxiliary met Thursday, Feb. 6, in the Legion Hall for their regular monthly business meeting with the president, Mrs. Lloyd Miller, in charge.

The opening ceremony was in charge of Mrs. Miller with Mrs. Lavaghtin Curtis acting as chaplain in the absence of Mrs. Louie Penn.

Mrs. Curtis, membership chairman, reported a membership of 36 members, while Mrs. Jack Ramsey, hospital chairman, gave a report on past social activities and the financial condition of the Auxiliary.

Mrs. Miller read the district report of Mrs. Henry Cusick, president, and also told of her visit to the Veterans' Hospital in Amarillo when she took gifts from the local Auxiliary to place in the Veterans' Gift Shop.

Mrs. Charles Franklin was appointed program chairman for March and Mrs. Alf Pemberton as Poppy chairman.

Mrs. L. D. Crites was elected treasurer in the place of Mrs. Curtis, resigned.

Mrs. Ruel Robinson, program chairman, gave a program on "Americanism" in which she told of the work of Roger Williams among the Indians. At the close of the meeting she served refreshments to the following: Mesdames, Lloyd Miller, Jack Ramsey, Lavaghtin Curtis, L. D. Crites, Mason Lemons, Mervin Beiderwell, Nolan Sparks, Ora Beiderwell, Minna Fulton, Paul Obrecht and Miss Bethel Tompkins.

Bert Mitchell Given Party by WWTU

The Working Women's Training Union gathered at the home of Mr. and Mrs. D. L. Pritchard Thursday night for a surprise birthday party for Bert Mitchell, president of the Union. He was so surprised he blew out all 43 candles on his cake in one puff.

Games were enjoyed during the evening after which Mrs. Pritchard and Mrs. Mitchell served homemade ice cream and devil's food cake to Mr. and Mrs. Clyde Prince, Rev. and Mrs. Collins Webb and Donnie, Mr. and Mrs. S. L. Lowe and Bobbie, Mr. and Mrs. C. E. Humphries, Mr. and Mrs. H. C. Blackshear, Bobbie and Barbara, Mr. and Mrs. Elmer Pritchard and Wynona, Mr. and Mrs. J. E. Willis and Lois Marie, Mr. D. L. Pritchard, Joanne, Evelyn, and Mary Nell and the honoree and Doris and Dorothea Ann Mitchell.

Post-Nuptial Shower Honors Mrs. Kimble

PANHANDLE—(Special)—Honoring Mrs. Bryce Kimble, the former Winifred Carroll, Mrs. C. A. Caldwell and Mrs. C. H. Bell entertained with a post-nuptial shower on Tuesday in the home of Mrs. Bell.

A bride's book was made by the guests and presented to the honoree. Before the treasure hunt in which the honoree found her gifts, Mrs. C. F. Hood read "Advice". Refreshments carrying out a Valentine scheme were served by the hostesses.

Those attending and sending gifts were Mesdames Trigg Lawson, Harrison Caldwell, H. W. Amick, Van Carter, C. F. Hood, Edwin Carroll, J. M. Beiderwell, George Hankins, Fannie Williams, Eva Craig, Al Lathrop, Lee Roy Meaker, George Knittel, N. Taylor, James Kreinhart, Jack Hartman, Kermit Lawson, Donald Beiderwell, W. H. Lusk, W. H. Kimble, Amarillo; Misses Frances Carroll, Helen Bonner and Helen Caldwell.

ed. 211 E. Scarborough.

YOU COWMEN... DON'T FORGET FEB. 24 AND 25
I'm a Real Estate man alright, but I don't want to sell my house
that I am living in. You say price it, alright I will price it, as I
never did have anything that I wouldn't price. I'll take \$5,500 for
it, and I'll give some good terms on the last \$500. In fact I will ac-
cept the payments over a period of 48 weeks if you say so, and I'll make
the interest very reasonable, say 10 percent. Any way that's
my price and you can quit calling me at all hours of the night,
and especially early in the morning.

I do have some houses for sale that are now priced worth the money,
such as this one, for 1400 down. This is one of the better two bed-
room houses in Pampa. It is located on north on Garland St. The
house has been built for the war, so you wouldn't have to worry
about it coming apart. Anyhow if you want something good, and
not be out over 1400 all at once, I'll sell it to you, and the balance
would be carried in an FHA loan, and that would be good.

I had a nice brick house listed with me today, and it's worth the
money at what I would sell it for. It's on a nice corner lot, with an
extra lot fronted by a double garage, and plenty of good land-
scaping and shrubbery. Has one of those guaranteed for life roofs.
It wouldn't take much cash to handle this one either, as I can get
a good loan from one of the insurance companies for 2000.00.

If anybody goes out and buys Judge Cla's house let me know. It's
that good one out on North Somerville. He's got it down so far now
that it wouldn't take much cash to handle it. I think about 3000.00.

I've still got my price of 6050.00 for the house out on 611 North West,
but it's like I say, if I have to put the new roof on it, it will go up, ac-
cordingly, I'll bet there's not another house in Pampa this good, priced
at what I'm pricing this one for. If you think so just look around a
little.

Do you want to buy a bargain in some rent property that is close in?
If you do I will show it to you, and I'll guarantee that it is worth the
money. The lots alone are worth the price I am asking.

I had a section of land listed with me today that really surprised me.
It's about 20 acres out, and they have had a pretty good oil play and
to far off. It is pretty well improved, and it has some wheat on it
that would go to the buyer. It has some of the best short grass in
this country. I will take 2.00 an acre for the farm, and keep 1/2 the
mineral rights. I think there is a ton or about 8000, that you could
accumulate. I wouldn't take too much cash to handle it. Immediate
possession.

If you want to lease 1/2 sections of land I've got it, but I would want
you to buy the main 1/2 P-W cattle, and the 65 acres of wheat. He
says that he's not going to hold anybody up on them, as he wants
to sell.

Looks like the little matrimonial business I started the other day is
paying off.

I'll sell 120 acres of well improved property just out of the city limits
worth the money. All mineral rights would go along with all the
wheat. It would be divided up into acreage and I believe you
could make a lot of money.

I've really got something here in the way of income property. I
have a 2-story out house with 1 1/2 acres in it. 3 room living quar-
ters for the owner. Two rent houses in same block. All renting
now for 17.00 per month. This property is located in Graham, Texas
where the fishing is good, and the climate is wonderful. This is a
bargain for 11,000.00.

5 Acres unimproved land close in for 1500.00. (Suburbs of Pampa). . . .
If you are thinking of buying a farm or ranch I have them from
about 12.00 per acre on up to 100.00 per acre. I have a lot of
land in the Panhandle for sale. Call me at 1118 N. Main for any-
thing you want to buy. If you want to sell I really appreciate
your things on anything that you might throw my way. You
get more for a buyer and seller to make a trade, and I know lots
of people.

When you read this ad GO TO CHURCH, you'll feel
better the rest of the day.

'Additional Conduits May Be Built Alongside Inch Lines'—Littlejohn

WASHINGTON—(AP)—War Assets Administrator Robert M. Littlejohn predicted today that additional conduits may be built alongside the Big Inch and Little Inch pipelines sold Friday for the movement of natural gas to the eastern seaboard.

The lines went to the highest among eleven bidders, the newly formed Texas Eastern Transmission Corp., of Houston, Texas, for \$141,127,000 in cash—or about 98 percent of the original wartime cost to the government.

"The high prices offered were the result of long range vision," Littlejohn told a reporter. "I think that more pipelines—either for gas or oil—may be laid along the right-of-way."

The big ribbon of real estate, which also goes to Texas Eastern, is 75 feet wide where the lines run jointly and 50 feet wide where the 1500-mile tubes follow separate courses.

Extremely debated over sale of the government-owned lines for \$141,127,000, War Assets Administrator Robert M. Littlejohn yesterday said he hoped the newly formed Texas company would take over by May 1.

The Texas company was high bidder on the two pipelines, agreeing to pay just \$2,700,000 less than the original cost of construction. The company plans to carry natural gas to the East.

After the sale of the lines, Sen. Myers (D-Pa) predicted the Federal Communications Commission would "never permit the transmission of

natural gas to the eastern seaboard."

The 1340-mile pipelines were built in 1942 and 1943 to carry oil and gasoline from the Southwest to the New York-Philadelphia area when German U-boats were attacking war shipments and tankers were needed overseas.

Sen. Myers' statement declared the Texas Eastern plan would divert "badly needed" natural gas from the Pittsburgh area to the Atlantic coast "where it is not needed and where it would compete with established fuels."

But Rep. Richard M. Simpson, chairman of the Pennsylvania Republican delegation in the House, commented that the sale will "prove beneficial" to those Pennsylvania industries dependent upon natural gas and oil for industrial purposes.

Littlejohn said the new company proposed to pay "cash in full when the government delivers a quit-claim deed."

Texas Eastern is headed by E. Holley Poe, of New York, but most of its officers are from Houston. These include Board Chairman George R. Brown, Vice President Charles I. Francis and Secretary-Treasurer Herbert J. Friendly.

In previous bidding on the two pipelines, Littlejohn discarded all applications, saying none of them gave the government what he considered a "fair price." He said the offer of the Texas company was \$77,000,000 higher than the top cash offer made in first bids received.

The lines now are being used for transmission of natural gas from Texas as far east as Pittsburgh, Pa., by the Tennessee Gas and Transmission Company. This firm was awarded a lease during the coal strike and will continue operation until April 30.

ANOTHER

FRANKLIN PACE SETTER

P. B. WRIGHT

Lined up at the starting-gate for the Franklin life's outstanding production "derby," is this well-known director of the Top o' Texas Rodeo Association of Pampa.

Known to Pampans as a recent owner of the Courthouse Cafe and Prescription Laboratories, Mr. Wright is far from being new to life insurance selling "derbies." For more than six years before moving to Pampa, he won the distinction of "favorite" by breezing in ahead of the field with colors then flying for another life insurance sponsor in the Panhandle area.

"We're Counting on You to Set the Pace, P. B."

News of Interest To Oil Men

PAGE 14 PAMPA NEWS Sunday, Feb. 16, 1947

Sixteen Commencements Noted Throughout Area in Past Week

Four of Eleven Wells Completed Are in Gray Co.

Four of the eleven completions reported in this area during the past week were Gray County tests. One was an oil well, the Phillips No. 1 Urb was brought in for an initial production of 61 barrels daily.

The other three Gray County wells were gas tests that were brought in for a total production of 8.5 million cubic feet of gas daily.

Other wells reported were two oil and one gas well in Hansford County, and a gas well in San Juan County, New Mexico.

Three holes, one in each Wheeler County, Carson County and Beaver County, Okla., were found dry and were abandoned.

Oil Men Fight Elements to Recover Crude in Lofly Wilson Creek Field

By BEN FUNK
HAMILTON, Colo.—(AP)—No matter where you look—in the Pacific ocean or off the California coast, in the jungles of South America or the dust bowl of Oklahoma—you can just about always find an oil field.

But travel the world over and you'll never find one in a more surprising location than the Wilson Creek Field of Colorado. Anyone but an oil man, who takes his oil wherever he finds it, would wonder how the field ever was discovered in the first place.

For Wilson Creek sits precariously in the clouds on the Continental Divide, 8,778 feet above sea level. Its the highest field in the United States and you take your life in your hands to get there.

You start from Craig, Colo., over the "Little Burma Road," which is called that because it looks like the famous and equally hazardous wartime route over the Himalayas.

For 40 breath-taking miles you wind around towering mountain peaks, looking dizzyly off into space, while your breath pop as you gain altitude. You don't see a man-made structure the entire trip until suddenly you reach the roof of the continent and there you are at Wilson Creek where oil derricks stick crazily out from the mountain sides like pins in giant pin cushions.

These wells are on shelves carved into the sides of the peaks. A false move in any of these sites, would send a careless man spinning a thousand feet down a rocky canyon floor.

The nation's highest oil field was discovered in 1938 and until the mammoth development began two years ago at the nearby Rangely Field it was the biggest producing area in Colorado.

It was, and still is, the only field in the state where prospecting is done on a vertical rather than a horizontal plane.

Gaining access to Wilson Creek involved a major feat in road engineering. Even after the road was completed there remained the gargantuan task of keeping it clear of snowdrifts.

The Texas Company and the California Company, a subsidiary of the Standard Oil of California, developed Wilson Creek and there is this much that you can say about it. There is no pumping problem. The oil just flows downhill to the nearest refineries.

Wilson Creek's 29 wells produce about 7,000 barrels of oil a day in the summertime from the Morrison and Sundance Sands at the depths 6,000 to 7,000 feet. In winter, the paraffin in the crude gets stiff from the cold and hampers the flow of the oil.

This oil flows by gravity from the wells to the gathering tanks and from there the Texas Company sends its share rocketing on downhill to a refinery at Craig. From Wilson Creek to Craig is a drop of 2,000 feet.

Union President Announces 60-Hour Strike Postponement Hoping to 'Avoid Shutdowns'

PORT WORTH—(AP)—A 60-hour postponement in the strike of the Oil Workers International Union (CIO) originally set for 12:01 a.m. yesterday, was announced at mid-morning yesterday by C. A. Knight, union president.

Knight said he moved back the deadline to 10 a.m. Monday in a "genuine desire to avoid shutdowns and to speed negotiations which are under way at the 11th hour."

He also stated that he "believed" union members on the West Coast where the majority of the 88 contracts expired at midnight Friday night would accept the 22 cent an hour increase offered by Texas Company in Port Arthur for workers east of the Rockies.

The Texas Company offer was retroactive to Feb. 1, 1947, and continued through Oct. 5, 1947. It also included a flat \$30 per month increase for November and December, 1946, and January, 1947.

While negotiations proceeded at centers where the strike threatens to tie up refineries, pipelines and oil fields, Knight made the following statement:

"The strike of oil workers in California and other states, scheduled to begin Saturday, has been postponed to Monday at 10 a.m. I have ordered this postponement in a genuine desire to avoid shutdowns and to speed negotiations which are under way at the 11th hour.

"I have reason to believe that our members will accept settlement of the union's demands for a 25 cents an hour wage increase from any company which meets the offer of 22 cents an hour increase made by the Texas Company covering its properties east of the Rockies.

"We believe that the Texas Company offer will be accepted if they

will make an identical offer covering their West Coast properties."

Since the union started its demands for a "cost-of-living" increase last fall only one major company—Sinclair—and several independents have signed contracts.

CONCILIATORS WORK
SAN FRANCISCO—(AP)—U. S. conciliators increased their efforts yesterday to avert a threatened walkout of California CIO oil workers after union assurances that time would be allowed to reach a settlement.

The strike originally was scheduled to begin yesterday over failure of 63 petroleum producing companies to grant union demands for a 25-cent per hour wage increase "across the board." The companies offer 20 cents.

Friday night E. P. Marsh, regional director of the U. S. Conciliation Service, announced that union International Representative J. L. Brown had agreed to postpone his walkout to give the Service "full opportunity" to work out the wage dispute.

A strike has been threatened in seven Western states.

In Los Angeles, the Southern California Gas Co. and the Southern Counties Gas Co. issued a public warning urging consumers to cut their use of gas to the minimum if the strike is called.

PRIME MOVERS
Chosen as Topic For API Program

The program committee of the Panhandle Chapter of the American Petroleum Institute chose "Prime Movers" as the topic for the organization's initial discussion program of the year. The meeting date has been set Tuesday, Feb. 25, at 8 in the Palm Room.

Ralph O'Neal was named chairman of the committee appointed to work out the details of the program.

The subject will be divided into three subdivisions, (1) "Single and Twin-Cylinder Engines" will be discussed by Tom Hogan, (2) "Multiple Cylinder Engines" will be discussed by Ralph O'Neal, (3) "Advantages and Disadvantages of the Use of Electric Power," will be discussed by Max Harbison.

Other discussion topics to be presented later in the year were (1) "Gas Conservation"; (2) "Emulsion Treating"; (3) "Secondary Recovery"; and (5) "Sub-Surface Pumps."

Glassblowing was developed in the Third Century, B. C. revolutionizing the methods of glass production.

There is fossil evidence that terraces existed in their present form 55-million years ago, long before the human race appeared.

1947 PONTIAC

A fine car made finer

Product of General Motors

Here's our picture for '47!

We are proud to present for 1947, the finest car Pontiac has ever produced.

In the new 1947 Pontiac, now in production, all of Pontiac's traditional quality, dependability, stamina, trouble-free operation, ease of handling and downright goodness have been retained. These qualities have made more than a million friends of more than a million Pontiac owners.

Added for 1947 are appearance changes to enhance Pontiac's beauty; mechanical improvements to uphold Pontiac's known reputation for dependable and trouble-free performance.

Pontiac again offers two outstanding series in ten body types. The Streamliner is on the 122-inch wheelbase; the Torpedo on a 119-inch wheelbase. Each is available as a Six or an Eight. Millions of people have learned to expect an outstanding value from Pontiac... and the 1947 Pontiac fulfills their expectations in every way. The 1947 Pontiac is a fine car made finer.

THE SOONER YOU PLACE YOUR ORDER for a new Pontiac, the earlier you will get it. So place your order now for future delivery.

Tune in HENRY J. TAYLOR on the air twice weekly

Features that Make PONTIAC a GREAT Car!

APPEARANCE—Distinctive Silver Streak Styling... New massive and harmonious front end design.

COMFORT—Big, roomy body by Fisher. Triple-Cushioned Ride, Luxurious Interiors, Shock-Proof Knee-Action, Fisher No-Draft Ventilation, All-Weather Engine Temperature Control.

DEPENDABILITY—Smooth, powerful L-Head six or

eight cylinder engines, Full-Pressure Metered Flow Lubrication, Permanent Oil Cleaner.

ECONOMY—Scotch-Mist Quick Warm-up Magniflow, Gaselector, Vacuumatic Spark Control.

SAFETY—Multi-seal Hydraulic Brakes, Unisteel Body, Tru-Arc Safety Steering, Clear Vision.

Lodge Officer Holds Inspection Thursday

CANADIAN—(Special) — Vance K. Miller, deputy grand commander, conducted annual inspection of Canadian Commandery No. 63, Knights Templar here Thursday night. This was a joint meeting and inspection with the Pampa Commandery. The Pampa group came to Canadian for this because of inadequate hall space in Pampa. The Templars enjoyed a banquet at Fort's Cafe.

The Canadian Commandery has a large membership in the Perryton and Spearman areas, and several from there were in attendance. Howard Brillhart of Spearman is commander of No. 63 for 1947. W. J. Simmons of White Deer is commander of the Pampa Commandery.

FRIENDSHIP GROWS

BLOOMINGTON, Ill.—(P)—Jacob Shinnabarger, night fireman for a heating plant, didn't know what he was starting when he adopted two mice to help him while away the lonely hours.

The mice would come out of their hole and eat bread from Shinnabarger's hand. He named them Susie and Tommy.

He called them out again the other night, as usual. Out came Susie, then Tommy, and then two squeaking offspring.

"I don't know," mused Shinnabarger, "Guess you can overdo a good thing." However, they're still friends and Shinnabarger shares his lunch with all four.

Fishermen the Same Whether From Texas or Canada or California

By WILBUR MARTIN
Associated Press Staff

hear fish tales. Put some 1,200 wildlife experts together and the tales are going to be pretty terrific. There was some tall bragging going at the 12th North American Wildlife conference in San Antonio, with everybody claiming his section as tops for angling thrills.

Harrison Lewis, director of fisheries in Canada, wouldn't come right out and say Canadian fishing was the best, but he did say a lot of U. S. anglers were coming up to try their luck.

"You know we have a wide variety of fish," he said, "and we try to take care of them. I'd say that during the summer months a large percentage of fishermen are from the United States."

A few of the delegates claim fishing through the ice was just about the best kind. Jack Bell, from Washington, D. C., said "You just can't beat it."

Texas fishermen couldn't offer much ice fishing, or even any wall-eyed pike. But they more than held their own.

Marion Toole, fish and game biologist for the State game, Fish and Oyster Commission, made a home run with his statement:

"Texas anglers usually come home with what they went after."

While the general opinion of the conference was that conservation must be practiced if the supply of migratory birds is to increase, an interesting point was made by Charles Gillham, chairman of the American Waterfowl Committee.

Gillham declared that the loss of wildfowl through cripples was appalling, and that some sportsmen make no attempt to retrieve cripples. Discontinue this practice, he said, and the results will be surprising.

Another practice that Gillham said he would like to see vanish is the good hunter shooting for the poor one.

"This really means two days limit taken in one," he declared, "and is another reason for a shortage of birds."

A group of sportsmen in Houston will gather Feb. 12 to form a temporary club that will have as its purpose observation, propagation and preservation of all game and fish.

1,266 Pay Poll Taxes In Hemphill County

CANADIAN—(Special)—E. R. Clord, sheriff and tax collector, stated that 1,266 persons in the county paid their poll tax. This is considered unusually high for an off year. Last year, 1,298 persons paid their poll tax. This included 32 exemptions. The total this year includes only six exemptions.

In this country there are three seasons of the year when colds are most prevalent. One occurs in October and November, a second season early in January and the third in March and April.

Love Has Two Faces

By Irene Lonnen Ernhot Copyright, 1947. NEA SERVICE, INC.

THE STORY: Parker sells some of the factory machinery for \$2000 and quits his job. Sid comes home from school and Parker begins to act like himself again. One day in July baby Ellen takes sick. "She'll be all right in the morning," says Mama.

BUT Ellen wasn't all right by morning. The days that followed were afterward like some hideous nightmare. Cassie white-lipped, sick with anguish and self-reproach, sat in the tiny hospital room by the oxygen tent with Parker.

He held her hands as they watched while Ellen died. There was a sound in the room but the steady flow of the oxygen flowing into the tent, and the soft tread of nurses going in and out.

Cassie couldn't believe it had happened. Those things happened to other people—you read about them in the paper—and felt terribly sorry—but when it was your own child gone forever, you just couldn't believe it.

Things were different without the baby. The hundred small tasks that had surrounded Ellen were gone now and in their place only a dull feeling of disaster and loss. Parker spent long hours playing his piano.

Mama was silent with inconsolable grief. There was about the house a sense of apathy and sorrow. August came, dreadful with heat. The locusts dinned but the trees and the sun beat down heavily, seeming to press the moisture out of every living thing.

Cassie, while in town one day, ran into Mr. Drummond in front of the Cavendish building. He stopped her.

"I was terribly sorry about the baby, Cassie," Cassie made some sort of a reply. She wished people wouldn't mention Ellen. It was as though they probed the fire wound.

Cassie walked around to the door and went in and putting her bundles down she came to the piano and stood rubbing her fingers lightly over the polished wood, making marks in the dust. Mama had forgotten to dust again.

"I may as well tell you," she began abruptly with an apologetic laugh. "I've done something you probably won't approve of."

His face tightened. "What now?"

"Well—it's just that with—the baby gone," her voice trembled a little. "I thought—"

Parker waited, his face impassive, the smoke curling from his cigaret.

"I saw Mr. Drummond, quite by accident, on the street, and he talked me into taking my old job back."

PARKER rose and walked away from her and went over to the windows and looked out at the flowers.

There was a long, tense silence. "You aren't angry, are you?"

"No." The one word, full of bored, cold indifference, seemed to drop like a stone into the stillness.

Cassie felt limp with relief. She gathered up her bundles.

"Wait a minute," he said. "I haven't told your mother yet, Cassie. Leni's pretty sick. She's been in the hospital, and she wrote to ask if she could come home, and I wired back this afternoon."

"Oh Parker, what is it? What's wrong with her?"

"It isn't very pleasant, Cassie. You know the sort of life Leni's been leading in New York. It seems there was some sort of a near-tragedy with a gun. Someone tried to kill her."

(To Be Continued)

Panhandle News

Miss Elizabeth Schulze went by TWA to Wichita, Kans., this week where she entered Wichita University for the spring term.

Pvt. C. F. Hood, Jr., left Friday for Camp Kilmer, N. J., after a two weeks visit with his parents, Mr. and Mrs. C. F. Hood, and other relatives.

A musical program in charge of O. Pruitt was given for the Rotary Club on Friday. A mixed quart composed of Misses Frances Garrett and Waidine Thompson finished the program. Miss Mary Ewing was accompanist. The club will observe the 42nd anniversary of Rotary on Friday, Feb. 21. Instead of the actual anniversary date which is Feb. 23.

Tom White, son of Mr. and Mrs. J. L. White of Albuquerque, formerly of Panhandle and grandson of Mr. and Mrs. J. N. Garretson, was the 13th Marine reaching safety in an accident at Oceanside, Calif., Monday. Seven Marines were missing after three amphibious tractors

foundered in the surf during practice landings. Twenty of the Marines were thrown in the water and were rescued. White was among this group.

Mr. and Mrs. Louie F. Cleek, accompanied by Mrs. Cleek's father, Paul Callahan, left this week for Temple where Mr. Cleek will receive medical treatment.

Dr. W. Paul Roberts is in Kansas City where he is attending a course in surgery of the eye, ear, nose and throat at the Kansas City College of Otorhinolaryngology and Surgery. He was accompanied by Mrs. Roberts.

Over 1,000 Enrolled in Shamrock Schools
SHAMROCK—(Special) — Supt. Elmer J. Moore announced this week that enrollment in Shamrock Public Schools is up 10 percent over last year.
At the present time, 1,007 students are enrolled in the local school system, 53 of that number being colored children who attend the Dunbar school.
A check of the average daily attendance for the first four and one-half months of the present school term, shows that 87 percent of the white students have been present each day. In the colored school the figure is slightly lower at 83 percent.
Supt. Moore stated that several students have enrolled in the Shamrock schools in the past few weeks. A majority of the new enrollees are residing in the rural communities, indicating a back-to-the-farm movement.
PUBLISHERS 'CALLING'
PAMPA, N. M.—(P) — A group of American publishers touring the Orient as guests of the War Department paid a social call today on Generalissimo Chiang Kai-shek.
Let us not attempt to do indirectly what we do not have the courage to do directly.—Sen. Carl A. Hatch (D) of New Mexico, on foreign trade agreements.

Panhandle Loses Two Top School Officials

PANHANDLE—(Special)—Panhandle schools are due for a change of personnel to the greatest extent in 25 years, according to the school board.

After refusing to accept Supt. Kelus Turner's resignation in a special meeting held Jan. 24, the board accepted it this week along with that of Principal J. M. Knowles and Olin Thornton, history teacher, the last two resignations become effective Friday while Mr. Turner will continue in his job until the end of the school year. Knowles and Thornton will enter

business in Springfield, Colo. while Turner has not announced his plans. Several other faculty members are expected to resign at the end of the school year for various reasons. Three plan to retire as teachers and one will go away for further study.

New Shamrock Scout Troop Is Organized

SHAMROCK—(Special)—A new Boy Scout troop has been organized in Shamrock and will be presented a charter at a ceremony to be held at the First Baptist Church at 8 o'clock Monday night, Feb. 17.

Hugo Olsen of Pampa, Scout executive of the Adobe Walls Council, will present the charter at the public ceremony and will also present Scouters cards to the troop committee men and Scout cards to the Scouts. Eleven boys will receive their Tenderfoot badges. Duward Price has been chosen

Scoutmaster of the troop, No. 78, which is under the sponsorship of the First Baptist Church. Members of the troop committee are: Murray Davis, chairman; E. D. Nolan, Guy Valentine, Earnest Smith, Norman Patrick, Ben Skidmore and Raymond Darrow.

Leaves From a Correspondent's Life Note Book

By HAL BOYLE
NEW YORK—(AP)—The champion-all-America woman of today is the kitten at the typewriter keys—the stenographer.

She is the keystone of American business and also American culture. Taken individually and as a class, she is the go-gettingest female since Cleopatra won her man and lost her empire. She is the Twentieth Century descendant of Horatio Alger's poor but proud bootblack—but this little day gets ahead by pluck, not luck. She can't save the banker's daughter from a runaway horse. The horses all run on tracks now.

An ordinary stenographer gets about \$40 a week in Manhattan. She's in the same wage bracket as a streetcleaner. A smart girl gets herself classified as a private secretary, and that boosts her to \$60 or more.

The biggest mystery of money is how she manages to stretch it so far. Most stenographers fight their way home on subway or bus, stopping off at the grocer's for the things they need for their evening meal. They usually cook it themselves.

That would be a full day for an average person. But the stenographer whips around tidying up the place before she steps out for the evening.

As often as not it is to a concert, play or lecture as to a movie or dance. And before she hits the sack that night she has to do her personal laundry.

As a class she displays great yearning for improvement. She joins book clubs, takes lessons in personal charm schools, learns to ski in winter and takes boat cruises in summer. And somehow or other she has enough socked away to make a down payment on a fur coat.

How do they do it?
Some housewives get clothes-sloppy after marriage. The stenographer keeps trim and chic always. She is much neater and better-dressed than her feminine counterpart in France, supposedly the home of style. In America it takes a wise man to tell any difference between a stenographer and society deb on the street. The steno probably has better manners.

Legal Records

Marriage Licenses
Licenses to wed were issued three couples on Valentine's Day in the offices of County Clerk Charlie Thut. Those granted were: Rudrich Keller and Aelene Erlich; Leonard R. Hill and Mrs. Eugenia K. Le-raig; R. E. McCain and Thelma McDaniel.

One suit in divorce was filed as Marie Bettin versus William G. Bettin, yesterday in the offices of District Clerk Dee Patterson.

Other Records
An ex. parte hearing was filed in behalf of Margaret Icenogge, a minor.

Texas Today

By JACK RUTLEDGE
Associated Press
A 23-year-old Houston girl was sentenced to three years in prison by a Dallas judge. But she asked for it.

The girl and her boy friend were arrested. They were tried, and U. S. District Judge T. Whitfield Davidson sentenced the man to three years, ordered the girl probation. She said no, and explained: "My sweetheart got three years. I don't want to go to work and wear myself out sending him cigarets and money while he is doing his time. To hell with him."
Judge Davidson granted her request. (Later she was freed though).

A Fort Worth father was jailed and his two-year-old son was in a hospital. Both were drunk.
The man was arrested for allegedly permitting his young son to become drunk on wine while the mother was in a hospital giving birth to a daughter.

Friends took the boy to the hospital where he was treated for acute alcoholism. The father was arrested on a drunkenness charge.

In Big Spring, a man named Troublefield had his troubles. Frankie H. Troublefield was picked up by members of the State Highway Patrol on several charges. He was fined \$100 plus costs, and lost his driver's license for six months.
Who said what's in a name?

A Dallas woman gave a party. After it was over, two valuable diamond rings were missing. The Dallas Times-Herald suggested that the solution of the crime will depend on a doctor, not the police.
During the party the hostess was warned to hide her diamond rings. She did. She put them in a coffee pot.

The party was a big success. To top things off, the late refreshment was served. It included coffee.
After the guests left, the hostess found her rings were gone, too. Someone, apparently, had drunk them with the coffee accidentally.

Until we have international control coupled with an effective inspection system, we will never know who is producing atomic bombs.—Sen. Brien McMahon (D) of Connecticut.

Ambition Party Huge Success Thursday For First Junior Class Social Activity

Fun and merriment reigned supreme at the Ambition Party held by the Junior class in the gaily decorated cafeteria Thursday night. It can only be described as a stupendous success. Over a hundred Juniors who attended the party came dressed representing experts in every walk of life from angels to tramps.

The winners for their best ambitions represented were Mickey Casada who came as a torch singer, Czar Pierre Molotof McPherson, the perfect diplomat, carried his gold handled cane, a red sash of authority, and Senator Claghorn, Kelvin Nell that is (he's from the South), took third prize with his ray, his 44 and his loud mouthed cracks about the Northern defeat in the next civil war because it wasn't Confederate.

The entire cafeteria was used and was decorated in the spirit of St. Valentine. There were various cartoon posters of different ambitions on exhibit here and there on the walls. The unique plea for the poster was made by C. L. Farmer, Bill Clay, Ernie Lee Peppers, Larry Rhodes, Dorothy Jones, Mary Lou Mezey, and Julia Dawes. Red and white streamers with red hearts on the ends of each ribbon, and all the lights, in one corner was a miniature Junior climbing the ladder of success.

Entertainment consisted of dancing, free bingo, cake walk, shuffle board, ping pong, and guessing games. Much interest was demonstrated in each Junior paraded in front of the judges to receive his ambition. Refreshments of cakes and donuts were served all during the party. A few cakes were auctioned off.

Lapel decorations were pinned on the Juniors by Delores Burnum, registered nurse, as they came in the door.

Other ambitions represented were: Billy Hollis, airline hostess; Nancy Thomason, a major poet (with a cigar in her mouth); Kelley Anderson, a cowpoke in sharp new shark skin boots, Norma Ann Pirtle as Lady Macbeth in the famous sleep-walking scene. A big bang was Miss Boyle who came as the student idea of a teaching staff representative of the press were Frank Bonner and Scott Rafferty (excellently portrayed by Tommy Chisholm even to the "I'm a reporter" line). Miss Sawyer were dressed as bums. Representatives of the medical profession were Barbara Carson, Ann McNamee, Billy Johnson, and Pat O'Rourke. Charley Laffoon came as a man of leisure, C. L. Farmer, Don Dawson, and Richard Scheig were spectators in the spirit of winning. Cecil was a member of the law and Richard Hughes were magistrates. Bob Boyles, Glen Cary and Don Lane came as themselves.

Doris Shall came as a wave. Betty Joyce Davis and Joan Appleby were chauffeur and secretary, respectively, to Barbara Walters, model. Pat Cross was a history teacher. Her name is Betty. Ruth Taylor and Betty Prigmore, Cowboys were Doug Mills and Horath Pathrose. Hansel Kennedy was a dentist in the Air Corps. Irma Perkins was a geographer. Jimmie Cox and Mary Jean Hoover came dressed alike as college freshmen. Jim Wilson came as an imitation of Dr. Bat. and Kathryn Crowley really came out as a blues singer in Moe's Bar. Elmo Hargiss was the mustached bartender.

Sponsors for the party were Mrs. Mable Torvie, Mrs. Nellie Norman, Mr. Cecil George, Mr. Irving Euell, Miss Dorothy Hoyle and Mrs. Capps. The class sponsors would like to extend their thanks to all those who helped decorate and set the refreshments and especially to the girls who brought the cakes.

Chisholm Is Object Of Reporter's Feature

Quite frequently in the halls of PHS a rather dejected looking character appears, his collar turned up, his hands are in his pockets and his chin is on his chest.

Who is this character he is up to? Does he mean to bring trouble or disaster to our beautiful school? He is seen so often, do you think it might be easier to find the reason for his behavior? Should the school officials call in the authorities?

No, it's just Tommy Chisholm on another one of his "off" days.

Tri-Hi-Y Collects Books for School

A Book Collection Campaign was discussed at the Tri-Hi-Y meeting Thursday night. The books collected will be given to the Negro School System of the town.

Edith Morrow was made chairman of the book collection campaign. Pat Peterson, Margie Taylor, Betty Barrett, and Lela Ward are on her committee.

Edith Morrow and Emma Beagle had charge of the brief devotional. The pledges put on the program.

The Tri-Hi-Y and the Adult Advisory Board will be guests of the Tri-Hi-Y at their formal initiation. Large numbers of the Presbyterians will be in charge of the program.

Council Delegates Have Profitable Trip To TASC at Dallas

It's a mighty big city is about all the delegates to the Texas Association of Student Councils at Pampa High school would divide but there must be more than that.

The three Pampa delegates, Orin Allen, Richard "Open the Door" Hughes and Jack Edmondson, and their sponsor, Mr. Jack Edmondson, AP, the defender of teacher's rights and privileges, left February 6 on a windy, unseasonable Texas day for the "big" adventure in Texas' most noted city.

When we arrived in Dallas our thoughts turned immediately to food, although it was only 10:30 o'clock p. m. But this type of thinking can soon be stopped when two pork chops and the trimmings are devoured by each of four people.

Our first look at Dallas came Friday morning, February 7, when we journeyed to Highland Park School, where the meeting was held. It should be explained at this point that Highland Park is separate from the city of Dallas. It has its own city government and school system. Registration was held in the girls' gymnasium from 8:00 to 10:30, Or-

Galveston Is Site Of Music Clinic

Miss La Nelle Scheihagen and Mr. Ray Robbins, heads of the music department, attended the Texas Music Educators Association's annual convention clinic at Galveston, February 7 and 8 of last week.

The clinic's vocal conductors were Gene Hemmle and Dr. H. Grady Herlan. The band directors were: Frank Malone, Alto Tatum, Col. Earl D. Irons, Major Ed Chennette, R. T. Bynum and D. O. Wiley. The orchestra leader was Gideon Waldrop.

They left here on Monday and returned the following Sunday. At the clinic, Miss Scheihagen and Mr. Robbins went to round table discussions of problems concerning choirs and orchestras. They also attended a rehearsal of the clinic's choirs, bands and orchestra.

"There were about 500 students and 300 music teachers attending the clinic from schools all over the state," said Miss Scheihagen.

Mr. Robbins and Miss Scheihagen stayed at the Galvez Hotel. They said that they had expected rain all the time, but the weather was wonderful. Miss Scheihagen said, "It is a very good place for a convention."

Qualities of a Teacher Subject For Week of Inquiring Reporter

Subject: "What qualities do you think a teacher should possess?"

Here are some answers—at least they are original.

Bill Bain: "Well, they just ought to, period."

Tommy Rizes: "Should spend more time on kids who need it."

Zeke Griffin: "Should be friendly and willing to help."

Billy Tarpley: "They should have a good personality and allow a coke party once a week."

Mickey Casada: "Frankness, cooperation, friendliness to students and helpfulness."

Jimmy Marx: "Easy assignments, parties every Friday and should resemble a Golden girl." (Suppose she says, "No, Jimmy.")

Donna Robinson: "Kindness, sweetness, no homework and not too much reading out loud of class books, last night?"

Leona McClendon: "Should be tolerant, yet should keep classes under control, assign enough home work to keep classes interested in subject, neatness, nice personal habits. Should be interested in individual students as far as possible. Should be able to express themselves."

Maxine King: "Patience, efficiency in things such as vocabulary, and knowledge about subject they are teaching. Should be strong enough to gain respect but not too much."

Alvina Miller: "Friendliness, tact in making students like them. De-termined to win."

Vina Dittburner: "Friendliness, patience, kindness and understanding."

Keith Payne: "None."

Margaret Jones: "Certainly fairness, understanding; in other words be human like her students."

Volleyball Girls Win Over Faculty Team

The volleyball club girls played a team composed of faculty members Friday afternoon, and came out the victors in two sets of three games, winning 15 to 3 and 15 to 6 and losing 15 to 10.

The girls showed ability and great promise, especially for next year. However, the girls appeared a little nervous during the game.

Final Season Game With Sandies Tuesday

The Harvesters wrap a finish to the 1947 game season Tuesday when they play the Sandies in the second meeting of the two teams. The Sandies defeated the Green and Gold 49-40 two weeks ago Friday and from all appearances are in the lead for the basketball championship in the bag.

The fifth place Harvesters have nothing to lose and a lot to gain should they defeat the Sandies—and as usual—would be a highlight of the season. The Harvesters, although not loaded with material, haven't made too good a showing this year but not in a single game have they been beaten in their only two defeats this season.

Constitution Discussed By Student Council

It was decided in Student Council last Tuesday that a straw vote should be taken on the point system and the senior vote question before the new constitution is presented to the student body.

The point system was put in the new constitution so that the officers would be divided among more pupils.

Whether or not the seniors will vote in the latter part of their first year is the question about voting. These problems are also to be talked over in home room.

Orlin Allen, Don Lane and Richard Hughes made a report on their trip to the Texas Association of Student Councils in Dallas. The trip was accompanied by Mr. Jack Edmondson, assistant principal and sponsor of the Student Council.

Mrs. Ruby Capps was selected to replace Miss Anne Louise Jones as Student Council advisor. Miss Jones recently left PHS to take a position in the Odessa High School.

Good to forgive: Best to forget.

—Robert Browning.

Winnie Allen Places First in Annual Amateur Program

Winnie Allen, sultry singer from the Freshman class, placed first in the annual student Council amateur program with "Autumn Serenade" Friday morning and received \$7.50 first prize money. Orlin Allen and his German "hot licks," composed of Tommy and Emmett Riggs and David Plank received second place money of \$5.00 and Jim Ehrhridge "Mama" for third prize of \$2.50.

Cage Games End With Phillips Win

With a very impressive season behind them, the Gorillas ended their season schedule last Tuesday night in a local contest at Highland Park High School, Dallas, Feb. 7 and 8. Sitting is Richard Hughes. Left to right, standing, are Orlin Allen, Mr. Jack Edmondson, assistant principal, and Don Lane.

In the first four minutes of play the "Sparhawks" pulled to an early 2-2 lead but the superior Gorillas threw a lead out of the first quarter 13-8. From this time on the Gorillas were never in serious trouble as all members of the team played the game. The final game of the evening came when the undefeated Gorilla B team trounced the Sparhawks "B" team 35 to 13. Frank Bostner, leader in editorial point, making department in this game with 11 points followed by Clayton Pike with 8 points. The Gorilla "B" team defeated the Sparhawks "B" team by a score of 35 to 13. The Sparhawks have been up against some pretty good teams this season and had little trouble taking care of any of them. Bostner has become one of the most of the games to lead the "B" team in scoring and in most games their defense has been invaluable.

Behind the Eight Ball

Colds, mumps and "boxing fever" are spreading around P. H. S. with the speed of the black plague. But since this is a sports column instead of an editorial point, the medical journal, we will deal principally with the latter.

"The fever" started with the return of a lot of prizes from the Amurillo, and has taken on added ferocity with a few hurriedly scheduled rounds in the gym. We understand that a certain "demon" has taken the spotlight of the boxing picture and has offered to fight any body in his weight.

Though Jim Bill Windsor was the only entry in the Amurillo tourney, we have heard that ten or twelve other students have considered fighting in matches scheduled for Shamrock and Wellington.

We think that boxing, when properly supervised, is a fine sport and should be encouraged. It is a fine body conditioner, develops quick thinking, and has split-second timing to say nothing of the "spectator appeal."

The days of "cauliflower ear" boxing are gone in amateur circles. Why then can't Pampa fall in line with other towns and give our fighters and our fans a chance to perform at home. We understand that the school is considering promoting boxing—this should be encouraged.

Speaking of fistfights, we understand that the Golden Gloves tournament in Fort Worth.

It was fortunate for the Gorillas that the "demon" Douglas chose the last of the season to break his foot. Douglas was the leading scorer for the season. We understand that another Gorilla, James Lewis by name, has developed a shot from midcourt that fails to meet the approval of Coach Livingston.

It appears that Livingston and Jack Davis of the Reapers have developed some "demon" who will give present Harvesters a rush in the next two years. Better Douglas also find the names of Frisco, Gallenore, Howard, and Jimmie. Douglas for high scoring honors in games.

Anywhere there's a little extra room we find members of the girls' Physical Education classes practicing for an athletic program in March. If last year is a good indication, we can expect a top-notch program of tumbling, folk dancing and gymnastics.

Letters Are Reasons For 'Touched' Typists

Patience—just patience. That is all a typist needs when it comes to typing business letters with carbon copies.

The first typing classes have been concentrating on the business possibilities of typing, and most of the students are about to go crazy. It states the small paper between the carbon and carbon copy after erasing and has a big blank space on the carbon, that is no reason to beat one's head against the plastered wall.

Now for a lady's reply to the question of the week: Blubbered Hazel Huse. "Help."

But why should such odd answers come from some (?) people? When one gets his carbon backwards, that is no reason for weeping. When one leaves the small paper between the carbon and carbon copy after erasing and has a big blank space on the carbon, that is no reason to beat one's head against the plastered wall.

When one erases a hole into his original copy, that is no reason to take strychnine. But—when one gets a perfect copy—that is the time you are a nazi! You are unreal!

Canadian To Be Trip For Victor Band Unit

A trip to Canadian is the object of the new car tag sales contest which began last week in the Pampa High School band.

The band still divided into two units and as Unit I won the last contest, the trip will be out to win this one.

Whichever unit of the band wins this contest will journey to Canadian next Friday to play on the assembly program at Canadian High School.

The last trip made like this was the one to Odessa two weeks ago which Unit I won. The band will make several more of these trips, and in each the deciding factor of which unit will go will be on the sale of car tags.

This project is to raise money to help pay for the trip to the Tri-State Music Festival in End, Oklahoma, in which the band will participate.

Sagebrush-- by the Sage

Dearst Betty: Here I am again writing to you and I really have loads of gossip for you!

Most of the girls (one included) were wishing for a boy-friend so as not to be neglected on Valentine's Day. Ann White was among one of the many although I heard that several boys from Groom would like very much to go with Ann.

I was rushing around hunting gossip for you and I really found out a lot. First of all, Joelyn Jones and Keith Davis are engaged. It is an understood fact, anyway.

The other day I saw Jackie Faye Wilson with a cute blonde, but I hear that she has been going with James Lewis quite a bit too.

It seems as though Eloise Wyatt's interests are in White Deer, as are Rebecca Fagans and Virginia Symonds. You know little Nancy Thompson. Well, the main attraction, so I have been told, is Gene Garrison.

There are so many people going steady now that if you aren't it seems like an impossibility to get a date. Some of the new steady are Betty Green and Jerry Gillis; Betty Myatt and Bobby Tidwell; Margaret Maiden and Billy Van Hus. Eddie Morrison and Jack McPeak have been quite "developed," but whether or not they are going steady I have not heard.

Also going together a lot are: Nickie Fraser and Malcolm Fagan; Billie Jean Hollis and Charlie Thornberry; Pat Traywick and Wayne Hopkins; Emily Reynolds and Johnny Morhead; and Mar-

Jorie Lawrence and Harold Anderson or so I am told.

Virginia Giam is eagerly awaiting letters from Earnest Hoyle, to whom she is now engaged. Earnest is at college.

Seen at the Sweetheart's party were A. Z. Griffin and Gloria Jay. Last week Gloria was seen with John Spearman quite often, too. Joyce Oswald was very happy last week when her boy friend from New Mexico came to see her.

Joan Clay and Wesley Keith seem to have started over again. They are going to the Sophomore party together.

The Juniors really had fun at the Junior Ambition Party. Edna June Wyatt and Arlene Gilmore were dressed alike, as their ambition was to be twins.

This is what I heard the other day, honestly! Malcolm Fagan, "What time is it?"

T. W. Perkins: "Due to the inaccuracy of the hidden parts and inner workings of my kronometer, and its incommensurate with the great celestial movements, I cannot with any degree of accuracy state to you the correct time. But without fear of being too greatly mistaken, I should say it is 20 minutes, 45 seconds, three ticks, a tick and a half a day-back until it o'clock."

I have loads more I could tell you but I will leave it till next time; so bye for now.

Love,

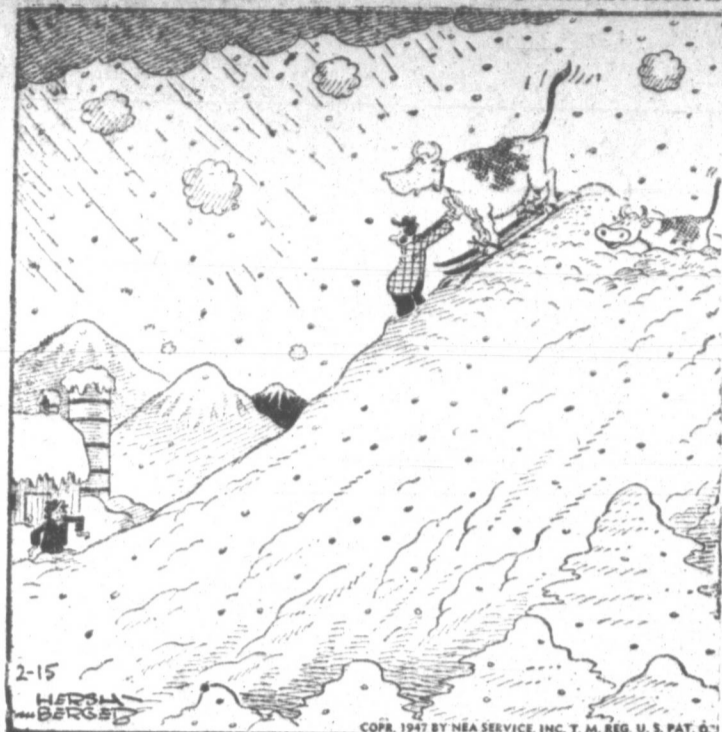

P. S. Don't forget to read Sage next week; it will be the "love-lorn."

86 Motor Vehicles To Go as Surplus

FORT WORTH (Special)—Eighty-six motor vehicles will be offered in a one-day sale by War Assets Administration at Camp Hood, Killen, Texas, on Feb. 21. Included are passenger cars, station wagons, tractors, cargo and dump trucks, and trailers. Most of the vehicles are used, but a few are new. All

are to be offered at fixed prices. Order of sale will be as follows: Federal Agencies, 9 a. m.; Veterans of World War II, 10 a. m. to 12 noon; RPO buying for small business, states and political subdivisions and instrumentalities and eligible non-profit institutions, 1 p. m. to 2 p. m.; commercial dealers, 2 p. m. to 2:30 p. m. Veterans will be required to furnish certificates, but no consideration will be given to date order or type of vehicle specified.

Expert washing, polishing and waxing, also tire and battery service.

"Okay, Joe! Open the barn door—I'm bringing her in!"

Plans Revealed For Canadian Livestock Show

CANADIAN (Special)—The Canadian Chamber of Commerce is again sponsoring the Hemphill County 4-H Club calf show to be held Feb. 28 in the City Auditorium with approximately 35 calves competing for the prizes.

The committee appointed by H. S. Wilbur, president of the Chamber of Commerce, to assist County Agent Walter Grist with the event is: Guber Lee Mitchell, Earl Blackmore, and L. P. Ward—the same men who served so ably on the committee last year.

Classes will include light and heavy weight calves, and the premium lists are as follows: Light weight class—under 850 lbs., 1st place \$25, 2nd \$20, 3rd, \$15, 4th \$10, 5th \$5, and 6th \$2.50. Heavy weight class—over 850 lbs., six prizes in the same amounts as the light weight class. Grand Champion and Reserve Champion chosen from two best calves in each class.

L. A. McDams, secretary of the commerce group, will serve as treasurer and will issue premium checks to the boys as they are announced. Frazier Grain Company, Managed by Jimmy Forrest, a former 4-H Club boy, will present a cash award totalling \$30, \$15, and \$10 for 1st and 2nd in each class. This will be an added attraction over and above the regular premium list.

Other awards will be announced as firms and individuals volunteer. Truman Wilmoth won the grand championship last year with a calf bred by Oscar and Mabel Forgy. Truman will be a strong contender

this year along with several of the other boys who have done a nice job of feeding their calves. Prof. Dahlberg, head of the Dept. of Animal Husbandry at Texas A & M, will judge the show.

Expecting a Baby?
Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. All feel massage application for the numb, tingling or burning sensations of the skin... for the tired back muscles or cramped pains in the legs. Quietly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Contribution of Local Poet Taken

Ruth McCaw, 112 South Starkweather, has a poem included in a new anthology, "Tribute of Triumph," soon to come off the presses of the Exposition Press, New York.

The Press, in a dispatch to The number of entries for a contest

News said the poem was one of a award of \$100, which was won by Wilda B. Gatrell, Lost Creek, W. Va.

The United States corn harvest is more than one-half the world crop.

U. S. Class I railroads have enough passenger cars to seat 1,705,036 people simultaneously.

California has 7,435 miles of railroad. Colorado has 4,420 miles of railroad.

That Aging Look of Dry Skin Needs.
Gourrielli
ACTIVE OZONE CREAM
Neglect a dry skin, and you invite that "years older" look. You tempt lines, and later wrinkles, and you encourage a noticeable scuffing of cuticle that simply won't take a smooth make-up. This dryness needs Active Ozone Cream, with its balance of moisture, oil and nascent oxygen, because this skin type, so fine and fragile, with proper care can be so beautiful.
Notice the exhilarating tingling as this cream starts to lubricate and soften that dry surface... to relieve that tense pull of dry skin... to awaken a flower dewiness to make others say, "How well you look!"
ACTIVE OZONE CREAM, 2.00 and 1.25
