Britain Admits Losses To Germany

Billion-Dollar Farm Aid Measure Nears Passage

Increases Given Approval By Upper House

Dispute Just As Act Nears Vote Causes Recess Until Today

(By The Associated Press)

WASHINGTON, March 21.—With economy advocates in full retreat, the Senate today advanced the billion-dollar farm bill almost to the point of passage, but then became snarled in a dispute over sugar payments and recessed until tomorrow.

The chamber approved, one after another, increases its appropriations committee had made in the House bill. To the unusual accompaniment of a unanimous roll call vote, it endorsed $85,000,000 for the removal of farm surpluses through distribution to the needy and through export subsidies.

Loan Is Directed

It also voted to direct the RFC to make $40,000,000 to loans to the Rural Electrification administration, and approved a provision for $50,000,000 in loans to help farm tenants acquire farms of their own.

These loans are in addition to the $922,000,000 of appropriations contained in the bill. The latter figure includes $212,000,000 to make "parity" payments—a purpose for which the House had voted nothing.

Said Not Paying

The parity payments were approved yesterday. The increases—despite some decreases—boost the Senate's farm appropriation more than $200,000,000 above that of the House measure.

The $40,000,000 loan item for extending rural electric lines caused an acrid exchange between Senator Taft (R-Ohio) and Senator Norris (Ind-Neb), with numerous Democrats aiding Norris.

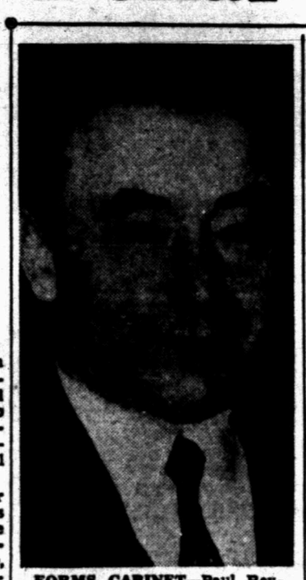

"As far as I know not a single REA cooperative is meeting its expenses and interest payments from earnings," Taft said, while urging that REA funds should be appropriated rather than loaned.

No Notice Given

Senator McKellar (D-Tenn), after telephoning REA officials, told the Senate that of 689 farmer cooperatives who had received REA loans 504 had paid all interest in full and the remainder would meet charges as soon as they began full operations.

Taft charged that the rural farmer cooperatives had used part of their federal loans to make initial interest payments to the federal gov-

Unknown Poison Victim Dies In Jail At Post

(Special To The Avalanche)

POST, March 21.—Garza county law enforcement officers were bending every effort tonight to ascertain identify a middle-aged man who, they said, died in county jail this afternoon of alcoholic poisoning.

Deputy Sheriff Drew Story said the man, about 55, died at 2:05 o'clock this afternoon in a cell where he had been placed Wednesday night.

Effort toward identification had been futile late tonight, although communications with persons in Sweetwater and Littlefield were expected to lend positive proof of identity, Deputy Story said. Tattoo marks were used for tentative identity.

Worked At Cafe

The deputy said right arm of the man bore initials "O. J. G." and a woman's picture was tattooed on the left arm.

The man, who had been working at a cafe here about two weeks, was found unconscious shortly before 9 o'clock Wednesday night and placed in the jail. He never regained consciousness and county health officials were asked to examine him this morning.

M. L. Morris, justice of peace, returned a verdict of death by alcoholic poisoning, self-administered, after conducting an inquest this afternoon. He was assisted by H. B. Smith, county attorney.

From Littlefield

Deputy Story said the man came here March 6 from Littlefield, where he formerly had been employed as a cook. He had been known here as "Bois d'Arc." He also had worked in Sweetwater, it was reported here.

A Lubbock man came here this afternoon but was unable to aid officials in identity.

Fred Slatter, constable, was assisting Deputy Story in the investigation.

Oil West Of Pecos Is Found Near Artesia

ARTESIA, N. M., March 21 (AP)—William Dooley, jr., 20, who refused to believe there was "nothing west of the Pecos" in oil and gas resources, said today his million-foot gasser vindicated his home-developed "cornfieldology" as the equal of orthodox geology.

Dooley, son of Will Dooley, pioneer Artesia oil field developer, brought in a roaring wildcat gasser yesterday as the first well west of Artesia and west of the Pecos river in this district.

Speculation on the significance of the gasser was no less under control than Dooley's roaring well, which he brought in at 938 feet and which many hoped might signal the development of a new pool right at Artesia.

Dooley said he had no immediate plans for future development of the area which he had wildcatted. He has interest in several thousand acres in the vicinity of his gasser.

Man Drowns As Plane Crashes Into Lake

CHICAGO, March 21. (AP)—Orville Rose was drowned in Lake Michigan today and two other Detroit, Mich., men were seriously injured when their airplane crashed during a snowstorm about nine miles northeast of Chicago.

The tug Mary C. brought the injured men to shore where they were identified as Merrill W. Hogan and William Conrad, the pilot.

Playboy Consul To Canada Is Rapped By Hull

Secretary Warns Cromwell "Not To Do It Any More"

(By The Associated Press)

WASHINGTON, March 21—James W. R. Cromwell, fledgling U. S. minister to Canada and husband of the "world's richest girl," was publicly rebuked by Secretary of State Hull tonight for a strong anti-German, pro-Ally speech.

Hull dispatched a telegram to Cromwell saying the speech he made at Toronto Tuesday violated "standing instruction" and was likely to "disturb the relations between this and other governments." The secretary "asked" the minister not to do it again, and there were indications that if he did, stronger measures would be taken.

Congress Raised Cain

A tempest of congressional criticism and demands for the "unneutral" minister's recall had followed the speech, which was an emphatic condemnation of the nazis and an expression of desire for Allied victory as a boon to the world. Senator Walsh (D-Mass) added his voice to the protests today, saying his views were expressed by a Philips academy, Andover, Mass., professor, who wrote:

"Some pressure must be brought to bear to recall the minister, or Washington authorities must disavow his remarks."

Hull's telegram to the young diplomat, who has been at his post only two months, said:

Instructions Violated

"Public discussion of controversial policies of other governments, particularly with governments engaged inr war, without the prio knowledge and permission of this government, is not in accord with such (standing) instructions."

Hull sent his telegram after receiving this afternoon an official text of Cromwell's address and examining it.

Although Cromwell was at his New Jersey home tonight, having flown there in his private plane after his Toronto address, the telegram was sent to the American legation at Ottawa, the official address of the new minister.

It was reliably learned tonight that the German embassy had been considering making a protest over the speech, which called for an Allied victory and a German defeat as beneficial for the world now that Hull has rebuked Cromwell, however, it is believed the protest will not be made.

Hull received today a letter from Rep. Tinkham (R-Mass) demanding the recall of Cromwell as the only suitable action in the circumstances.

Marriage Is Annulled By Superior Court

CHICAGO, March 21. (AP)—A marriage of 29 years was annulled today by the superior court because the husband and wife are first cousins.

The annulment was asked by Arthur Spencer, 52, a retired clothing merchant, who married Jane Spencer, 72, in 1911. Marriages of first cousins are illegal in Illinois.

Spencer testified his father, Louis Schapiro, was the brother of his wife's father, Sholem Schapiro. Schapiro originally was the family name. Mrs. Spencer denied she was her husband's cousin and asked temporary maintenance.

A will drawn by Mrs. Spencer in 1925 and introduced at the trial left the bulk of her estate to "Arthur Spencer, my cousin, with whom I entered into marriage in 1911, believing it to be a valid marriage."

LUBBOCK GREETS TWA OFFICIALS—A giant skyliner of Transcontinental and Western Air halted briefly at Lubbock Municipal airport Thursday morning on a survey flight of two proposed routes through Lubbock. City officials and Lubbock business men were on hand to greet them. Top left, Mayor Carl Slaton is shown greeting T. B. Wilson of Kansas City, TWA board chairman, and right, Major Alton Parker, left, chats with Dr. Clifford B. Jones, president of Texas Technological college. Bottom photo, petite Miss Olga Harbaugh, chief TWA hostess of the eastern division, is shaking hands with C. E. Maedgen, chairman of the aviation committee of the Lubbock Chamber of Commerce. See story on page 19.

Lubbock Men To Go To Aviation Meets Today

Another step will be taken today and Saturday in the recognized application of Lubbock to airline service.

C. E. Maedgen, chairman of Lubbock Chamber of Commerce aviation committee, and A. B. Davis, chamber manager, will board a Braniff airways plane at 10 o'clock this morning to join company officials and Fort Worth and Dallas bankers en route to important aviation conferences in Colorado.

To Stop At Pueblo

Robert J. Smith, vice president and general manager of the line, will head the party arriving at Municipal airport from Fort Worth.

Pueblo, Colo., will be first stop over a proposed line from Denver to Laredo after Amarillo chamber officials join the party at Amarillo. The group will attend a luncheon shortly after noon in Pueblo.

Other meetings are scheduled in Colorado Springs at 2:30 o'clock and in Denver tonight. The Inter-city Aviation committee will meet at a breakfast Saturday morning in Denver.

TWA Meet Held

The trip will be another of several important gestures pointing to apparent culmination of Lubbock's long desire to be included on a route of one of the recognized lines, Maedgen said Thursday night. He said it would be the third exploratory flight of a major company in recent months.

Officials of Transcontinental and Western Air, Inc., visited here briefly Thursday as part of a survey flight over a proposed route which

Al Capone At Home On Palm Island Estate

MIAMI BEACH, Fla., March 21. (AP)—Al Capone was at home on his Palm island estate tonight but still was under the care of a physician.

The ex-gangster's presence was confirmed by his brother, John.

The physician, who asked that his name be withheld, said he probably would examine Capone either Saturday or Sunday and then would make a diagnosis of his ailment.

Earlier, reainers at the white-walled, two-story Capone home denied the master had returned after his long absence in prison and in Baltimore where he underwent treatment by outstanding syphilogists.

Maury Maverick Advocates Moving Finns To Alaska

(By The Associated Press)

SAN ANTONIO, March 21—Mayor Maury Maverick, former congressman, today wired President Roosevelt and former President Herbert Hoover the suggestion the United States invite and transport Finns from their Russian-occupied territory to Alaska.

"Alaska was once Russian territory and this ought to be not only poetic but actual justice," Maverick stated. "The Finns are already acclimated and are particularly suited to that region. There are vast numbers of acres not now populated."

Maverick proposed that Congress appropriate a sum equal to that which Finland paid on its war debts "and a few million more if necessary."

"It is absolutely necessary," he contended, "for the economic and military welfare of the United States that this territory be occupied by people who believe in our form of government and will fight for it.

"This is the humane thing to do and it will bring its return in dollars and cents. Let's spend the millions that are now being spent for Finnish relief in the development of territory that belongs to the United States and in a way that will give permanent relief to the Finns and not for further Russian conquest."

Mining Executive Commits Suicide By Exploding Box Of Dynamite Beneath Him

(By The Associated Press)

GOLDEN, Colo., March 21—A man stood astride a box of dynamite today, exploded it and died three hours later.

Surgeons at St. Anthony's hospital in Denver amputated both legs of George Parfet, 49, chairman of the board of Jefferson county commissioners and head of one of the largest clay mining company in the United States, and gave him a blood transfusion in an attempt to save his life.

"Was In Jam"

"I was in a jam," he said on the operating table to Undersheriff C. B. Fugate, his friend, and George Burges, employe of the George W. Parfet Estates, Inc., clay mine operating company.

Parfet appeared in good spirits when he talked this morning with Ray Rutlidge, Elmer Ring and George Connell, mine employes.

Parfet then sauntered to the powder magazine and carried out a box of dynamite, they said.

He bent over it and touched it off. Parfet, his left leg dangling, fell to the ground unconscious.

The three workers, about 100 feet away, stood rooted by horror. Then Parfet came to and, pulling himself forward by his hands, crawled into the magazine and dragged out another box of dynamite.

Taken To Hospital

As the three workers rushed toward him he warned:

"Go away—I'm going to set this one off—don't get hurt—go away."

But the three workers seized him and took him to a hospital.

On the operating table he declined to amplify his assertion that he was "in a jam."

Parfet is survived by his widow and a son.

Scottish Rite Masons Meet

Approximately 60 Scottish Rite Masons observed the traditional Maundy Thursday at a banquet Thursday night in Hilton hotel.

Dr. Jack M. Lewis, pastor of the First Presbyterian church, discussed the meaning of Maundy Thursday, which is observed by the Scottish Rite of the Masonic order throughout the world. Banquet here was sponsored by South Plains Scottish Rite club.

Dr. Clifford B. Jones, president of Texas Technological college, offered invocation. A toast to the memory of Sam T. Davis and Wallace Barnes, two deceased members, was given by Guy Casey.

Wilson Presides

Vaughn E. Wilson, Lubbock attorney and president of the club, presided.

In ritualistic work preceding the banquet, Dr. James M. Gordon, dean of arts and sciences at Texas Tech, was in charge.

Chas. A. Guy, editor of the Avalanche-Journal publications, was named president to succeed Wilson. Loyd Kennedy of Morton, Cochran county attorney, was elected vice

Red Veto Of Alliance Is Rapped By Vatican

VATICAN CITY, March 21. (AP)—The Vantican City newspaper L'Osservatore Romano today interpreted soviet Russia's veto of the proposed Finnish-Norwegian-Swedish defense pact as evidence of further aggressive designs of the soviet in that area.

L'Osservatore said it was not necessary to be a prophet to foresee the future course of events in that part of Europe.

A statement of Tass, official Russian news agency, that the proposed alliance is directed against the soviet, L'Osservatore said, "made clear that henceforth all defensive measures of Sweden and Norway may be considered 'provocations' by Russia."

Big British Liners Leave To Transport Troops For Allies

By DREW MIDDLETON
Associated Press Staff Writer

LONDON, March 21—A furious German air assault and sporadic submarine attacks hit 11 British and neutral ships and took at least 39 lives in the last two days, late British reports showed tonight.

The 1,654-ton Danish motorship Algier was torpedoed in the Atlantic last midnight without warning and sank in three minutes, 20 survivors who reached shore after 10 hours in a lifeboat said. Four crew members and a woman passenger were lost.

Damage Is Mystery

The extent of damage in a German air raid on a British convoy last night remained a mystery.

The admiralty said German claims of having sunk nine warships and merchantmen were "in excess"; that three ships first reported bombed "now are safe"; and that two others were damaged but reached port.

The latter five vessels were listed respectively as: the Norwegian Svinta, 1,267 tons and Tora Elise, 721 tons, the Swedish Utkloppan, 1,599 tons, the Norwegian Erling Lindoe, 1,281 tons, and the British northern coast, 1,211 tons.

More Casualties Listed

Other casualties in the two-day campaign:

Bothal (Danish) 2,109 tons; 18 crew members lost;

Viking (Danish) 1,153 tons; 16 crew members lost;

Barn Hill (British); five lost;

Albionic (British) 2,468 tons; burned after being set by an incendiary bomb;

Minsk (Danish) 1,229 tons; sunk by torpedo and shellfire.

A German bomber flew over the Shetland islands today but was driven away by British pursuit planes.

Crewmen Are Killed

Five crewmen were killed and six injured when a plane bombed the British steamer Barn Hill off the southeast coast last night. The attacking plane flew so low that the seamen at first thought it was British. The crew abandoned ship, but later the Barn Hill was reported safe.

The lone German raider vanished

Denver City Is Banquet Host

BY C. W. RATLIFF
Avalanche Staff Writer

DENVER CITY, March 21.—Business leaders and citizens of Denver City, the "miracle town" of the Southwest, were hosts at the first annual banquet of their recently organized chamber of commerce tonight and representatives of a dozen South Plains towns joined them in the celebration. Approximately 150 persons attended the affair held in a recently-constructed brick building just east of the Rhea theater.

Lubbock, with 20 persons present, lead in delegations attending, Brownfield and Seagraves being second with 10 each. Other towns represented included Midland, Seminole, Levelland, Lamesa, Robbs, N. M., and Plains.

W. T. Strange of Lubbock made the principal address of the evening, stressing the need of cooperation

New Policy In Wage And Hour Law Made

FORT WORTH, March 21. (AP)—Strict enforcement of the wage and hour law through injunction proceedings and criminal prosecutions was announced here today by Llewellyn Duke, regional attorney for the wage and hour administration, as a new policy laid down by Col. Philip Fleming, national administrator.

Restitution for back wages due employes who have not been paid the minimum prescribed by law, and an agreement not to violate the law in the future, will not be sufficient under the new policy, Duke said.

Duke and Curtiss McBroom, assistant regional attorney obtained a federal court order here restraining Charles C. Robertson company, Fort Worth pecan shelling firm, from violating the wage and hour law provisions.

Mother, Three Children Burn

(By The Associated Press)

PRYOR, Okla., March 21—A mother died tonight in a hospital here of burns suffered late this afternoon in a fire which took the lives of her three children in a furious sweep through their two-room frame home at nearby Salina.

Before her death the agonized mother, Mrs. Ernest Wanzer, about 30, told of flames enveloping her and firing the house while she was unable to help her children escape. She was brought to a Pryor hospital. Her face and most of her body were burned.

Mistake Possible

Bodies of the children, Grace, 5 years old; Mildred, 3, and Donald, 11 months, were removed from the ashes.

Mrs. Wanzer said she finished scrubbing the floor and, because the room seemed cool, poured some kerosene on live coals in the stove. Flames which flared up set her dress afire. Her clothing was burned off.

A relative later said he believed she had thrown gasoline instead of kerosene on the fire by mistake.

The home was just outside Salina. The father, a mechanic, was at work in a garage in town.

Two Children Drowned In Pool Near Lake

FORT WORTH, March 21. (AP)—A pool below the spillway of Lake Worth dam claimed two young victims tonight—an eight year old boy who went wading, and a girl 12, who died in an effort to rescue him.

The children were:

Randal Dickson, a son of Mr. and Mrs. F. Dickson, Fort Worth.

Mary Nell Wilkinson, 12, daughter of Mr. and Mrs. M. L. Wilkinson, Castleberry addition.

The two families went to the lake for a picnic supper.

Substantial Increase Shown In Income Tax Collections

Report Made By U.S. Treasury

WASHINGTON, March 21 (U.P.)—Secretary of Treasury Henry Morgenthau, jr., announced today that income tax collections in 20 days of March were 31.2 per cent ahead of last year, but warned that revenues would not cover the extra $460,000,000 emergency national defense costs.

In the period March 1-20 inclusive, Morgenthau reported income tax collections totaled $621,000,000 compared with $473,000,000 in the corresponding period last year. Receipts, he added, were running "comfortably ahead" of treasury estimates.

Short Of Hopes

Asked whether the increased receipts would provide the additional funds needed to finance the emergency national defense expenditures proposed in the president's budget, he said there was "not a chance in the world" of this.

He said that tax collections so far this month may "look better than they really are."

He said that at least 1,000,000 state and local employes paid federal taxes for the first time and that a large number may have paid their full taxes on March 15 without realizing that they could have paid in four installments.

Penney And Farris To Attend Convention

Planning to represent Lubbock in the spring convention of the West Texas County Judges and Commissioners association which opened in San Angelo Thursday are P. B. Penney and V. J. Farris, county commissioners.

Judge Marshall Formby, county judge of Dickens county and president of the association, advised Lubbock friends before leaving Wednesday afternoon that he has received assurance that every county in this section will be represented.

The only events on the opening day program were registration in the afternoon followed by a dance.

Judge J. J. Dillard, Lubbock county judge, had planned to attend but is confined to his home after having stepped on a nail in his yard earlier this week. Infection threatened for a time, but Mrs. Dillard reported that the danger seems to have passed.

Entry Of Catholicism To Be Commemorated

ALBUQUERQUE, N. M., March 21 (U.P.)—Catholic churches of the archdiocese of Santa Fe will commemorate the first introduction of the Catholic faith into the New World which now makes up the Southwest, as part of the Coronado cuarto centennial celebration, it was announced today.

In a message to all Catholic churches in the state, Archbishop Gerken emphasized that it was Fray Juan Padilla, the chaplain with the expedition of Francisco Vasquez de Coronado in 1540 into this section, who first introduced he faith into this part of the world.

"It is only proper that we should observe in a spiritual way the commemoration of the fourth centenary of Coronado's visit, as it is observed in a worldly and commercial way by the state," Archbishop Gerken's message said.

Many In Finland Face Sad Future But No Despair Is Shown By Homeless Hundreds

By RALPH FORTE
United Press Staff Correspondent

RUSSO-FINNISH BORDER, 37 MILES WEST OF VIIPURI, March 21.—A Finnish soldier with a rifle on his shoulder stood beside a barrier on the road to Viipuri, lonely and so despondent that he forgot to thank me when I gave him a package of cigarets.

The package slowly disappeared into the side pocket of a battle-worn uniform and the soldier gazed vacantly at the dead and deserted country beyond the barrier. He said nothing.

The barrier consisted of a newly cut spruce limb about 20 feet long, resting on two crude trestles, one end nailed to a telegraph post. It marked the new Russo-Finnish frontier designated by the treaty of Moscow.

Nation Shrinks

There was some carving on the pole: "19.3.40 (the date—month, day and year, Mar. 19, 1940) (the hour, 8 p. m., at which the treaty became effective) A. N. and E. N. (evidently the initials of two soldiers who had erected it.)

Beyond the barrier was Russia, and an army advancing in triumph to consolidate new land into a nation already covering almost one-sixth the land of the earth. Behind it was Finland, a nation shrunk and battered, with 450,000 homeless refugees on the move.

The last important town before the new frontier is Virojoki, where the police commission received foreign newspapermen, took them to the outskirts and pointed to a cluster of farm houses and barns.

"There," a commissioner said, "see that red house?... well, that's Russia."

"The new line compels 1,700 persons to evacuate parts of Virolahti district and nearby islands. Russian troops took that district over Tuesday night. I doubt if they found a single Finn."

On the road to the border I had seen thousands of Finnish soldiers on skis, slowly retreat. Horses hauling the sledges sank belly-deep in snow, but never failed to make progress. These troops had come out of the Mannerheim line in the Karelian isthmus beyond Viipuri, trudging past still-smouldering towns that air bombs had destroyed. These particular soldiers had not been defeated in battle, but that seemed to give them little consolation.

Quite A Job

Ahead of the troops went civilians, evacuees from Virolahti and Saekoljaervi, dragging their belongings. A young school teacher said there had been 18 schoolhouses in the Virolahti area, which 9,700 Finns left, and that every one of more than 8,000 inhabitants had left the Saekoljaervi district. One Finnish officer said he doubted that more than 300 of the 450,000 Finns in the territory ceded to Russia would remain there under Russian rule, although most of them were deeply rooted to their native soil.

The Finnish newspapers praised the evacuees' courage.

"Nowhere did I see any kind of despair, or people cry or complain," wrote the correspondent of the Huvudstadsbladet. "A girl of 18 whom I met had been walking a dozen cows 30 miles along the road. She said she didn't know how much farther she would have to go but there was no time to lose. She summed it up by saying, 'It's quite a job the Russians have given me.'"

Spiritual Aims Group Meets

First meeting of 1940 in which the spiritual aims committee was in charge, was conducted Thursday noon at a Kiwanis club luncheon in Lubbock hotel with G. C. Brewer, chairman, presiding.

Senior High school mixed chorus, under the direction of Mrs. Elois A. Elliott, director, sang two religious numbers. Mrs. E. Waldo Trotter was pianist. The group included more than 30 members.

President W. L. Stangel reported on two visits he made to the North Fort Worth club, while attending a stock show in that city. He announced that next week a revised constitution and by-laws will be submitted for ratification by the club. Directors will meet next week.

Rev. J. A. Winslow reported on an inter-club meeting in Plainview last Friday. On April 4 the Lubbock club will attend a Pampa club luncheon and furnish the program.

New Members Presented

Four new members were formally presented to the club with Dr. F. W. Standefer, a past president, giving instructions. They were, Claude Hale, Emmett Galloway, Herbert C. Lewis and John B. Roberts.

Chairman Brewer read suggestions made by Kiwanis International to club committees on spiritual aims, in which a quarterly meeting was suggested and that clubs observe religious holidays. Suggested holidays included Easter, Jewish holidays, loyalty days, Thanksgiving and Christmas.

Application Heard By Aeronautics Authority

WASHINGTON, March 21 (AP) — The Civil Aeronautical authority heard testimony today in support of an application by Pan American Airways for a new route between Los Angeles and Mexico City by way of Hermosillo, Mazatlan and Guadalajara, Mexico.

Henry J. Friendly, Pan American counsel, said the route would provide "direct American air connections serving an important trade route of peculiar interest to the commerce of the United States and the national defense."

George L. Rihl, senior vice president of Pan American in charge of operations in Mexico and Central America said the maintenance base for the route would be at Brownsville, Tex., although Los Angeles and Mexico City would have some spare parts and spare engines.

Olympic Games SPEED KING?

It's HARD to tell... but EASY to pick a winning oil

IN ole swimmin' holes where water has filled abandoned quarries ... and in luxurious tile pools ... youngsters are screaming, "Hey, Dad. Watch me!"

Which one of them is destined to be the future speed king whose name will go down in the record books? Of course you can't tell; that is obvious.

But when you want to choose a winning oil for your motor, the answer is easy. You have signs as bright as a beacon to guide you ... signs you will see all around you: Orange and Black Phillips 66 Shields.

Phillips has made a great name in the petroleum industry. Phillips has built a great reputation with car owners. And Phillips tells you frankly: If you want our *best oil*, remember we specify that *Phillips 66 Motor Oil is our finest quality* ... the highest grade and greatest value ... among all the oils we offer.

So pick a winning oil by pointing to the can marked with the Phillips 66 Shield. Remember this suggestion, when you are making the seasonal change to rid your car of winter-worn lubricant. Drain and refill with Phillips 66 Motor Oil at the *Orange and Black 66 Shield.*

Dairyman Takes Tip From British; Uses Convoy Plan

FORT WORTH, March 21. (AP)—A Burleson dairyman took a tip from the British this morning and brought his milk to Fort Worth by the "convoy system" after 15 men had stopped his truck yesterday and poured out 105 gallons by the roadside just south of the city.

In the truck both days was Fred Toots, but today he was followed by a car containing W. J. Wilkes, owner of the Sixty Oats dairy, and another man, which in turn was followed by another car containing still another "guard."

The caravan came through without interruption.

Caused By Argument

Two Fort Worth dairymen saw District Attorney Marvin Brown late yesterday and promised they would do all in their power to see that no more milk dumping occurs.

The incident was believed to have grown out of a fray between Toots, Wilkes and two Tarrant county dairymen Monday that resulted in charges of assault and battery against the Tarrant county men. Appearance date on the case is Tuesday before Justice of the Peace R. L. Derryberry of Cleburne.

The men went to the Sixty Oaks establishment Monday, and in an argument between one of them and Toots over the price he is charging for milk delivered to a grocery.

The highest number of cattle ever reported in the United States was in 1934, when there were 74,300,000 head.

Sales Of Department Stores Show Boost

AUSTIN, March 21 (AP) — Texas department store sales last month increased seven per cent over "those of February, 1939," the University of Texas bureau of business research reported today.

The increase was in line with normal trends, the bureau said, with Beaumont, San Antonio and El Paso stores leading the state.

Woman Is Found Dead In Fort Worth Jail

FORT WORTH, March 21. (U.P.)—A 33-year-old woman, jailed March 13 when she was unable to pay a $113 fine for drunkenness, told Justice of the Peace Frank Hurley "that sounds mighty unlucky."

Today, a matron found the woman dead in her cell. Hurley withheld an inquest verdict until he could consult with the county physician, who had been treating the woman.

The rocky promontory of Mount Athos, Greece, is occupied by 20 monasteries of the Greek Orthodox church. Women are not allowed to enter the territory.

Texas Welfare Department's Merit System Wins Okay Of Federal Authoritie

Sen. Connally Says Apparently No Trouble In Future Is Likely

WASHINGTON, March 21. (U.P.)—Senator Tom Connally, D., Texas, said today that the social security board has approved the merit system established by the Texas Welfare department, making possible continued federal contributions for old-age assistance, dependent children and the blind.

The board, he said, has approved a quarterly payment for Texas covering the months of April, May and June.

No More Trouble

Approval of standards in the Texas agency ends a long quarrel between the state and the board, which may withhold federal contributions to states which do not set up proper safeguards against misuse.

"The social security board has approved the merit system plan submitted by the Texas Welfare administration," Connally said. "Adam Johnson of the Texas administration was in Washington some weeks ago and submitted the plan. It has finally been worked out and finally approved.

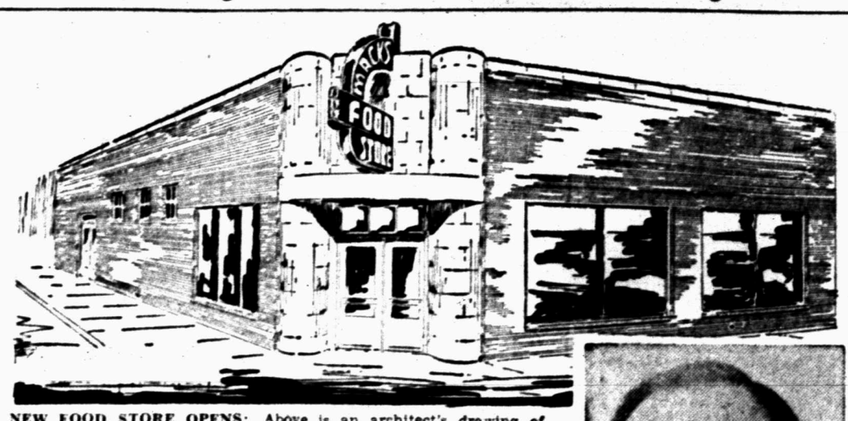

"The Texas allotments of funds to the Texas Welfare administration for April, May, and June have been approved. There will be no difficulty about old age pension payments in Texas for that period. In fact it seems there will be no future trouble about the matter."

Gladewater To Divide Rodeo And Horse Show

GLADEWATER, March 21 (U.P.) — Officials of the Gladewater Roundup association announced today that the annual rodeo and horse show will be separate events this year, for the first time since they were established.

The rodeo will be held May 14 to 17, and the horse show will be held in the fall.

NEW FOOD STORE OPENS: Above is an architect's drawing of Mack's Food store, Avenue Q and Fourteenth street, which is holding its opening today and tomorrow. At the right is the store's owner, J. B. McPherson, who also has stores in Tahoka and Seagraves and who is now a resident of Lubbock.

Mack's Food Store Is Newest Addition To City's Grocery Marts; Opens Today

Formal opening of Lubbock's newest grocery and meat market, Mack's Food store at Avenue Q and Fourteenth street, will be today and Saturday, J. B. McPherson, owner and manager, announced last night.

Housed in a new brick building erected especially for the retail business, the grocery and market will carry a complete line of meats and fish, fresh fruits and vegetables and standard lines of nationally advertised products. A delicatessen will be a part of the service.

Fixtures All New

The room is 45x85 feet, arranged with new fixtures for the display of merchandise in a convenient scheme. There will be parking space available. Free delivery service will be given.

The new owner has had 13 years experience in the grocery business, eight of which have been in Tahoka, where he owns a store. He also has a store at Seagraves, but has moved his family to Lubbock and plans to make this city his home. Seven persons are regularly employed in the store, besides the owner. Extra help will be used on Saturdays.

Friday and Saturday during the opening free coffee and cookies will be served; a demonstration for crackers and cookies and one for soft drinks.

Building Permits Add To Lubbock's Totals

Three permits Thursday boosted Lubbock's building total $20,300, according to records in the office of Jim E. Reid, city building inspector.

Among the permits was one for $15,000 to Olen W. McLeod, owner, and S. L. Kelisky, contractor, for a two-story brick veneer residence with garage and servant's quarters at 1905 Thirty-third street. The site for the home has been undergoing intensive landscaping in preparation for the erection of the residence.

Other permits, both for residences were to Mrs. Mabet Corcorran, owner, and R. D. Jones, contractor, 1521 Twenty-seventh strett, $3,000, and Ruben Hubbard, owner, and Roy Roberson, contractor, 2408 Twenty-fourth street, $2,300.

Permit total for the week was increased to $65,595 for the month to $202,672, and for the year to $1,103,285.

Resolution For New Tahoka Jail Passed

TAHOKA, March 21 — Recently the grand jury, in session here, voted in favor of a new county jail.

The recommendation was adopted following an inspection of the property. "Due to the lack of room and poor facilities and unsanitary conditions, we consider it to be in an unsafe and dangerous condition for the officers and inmates, and we strongly recommend to the commissioners court to take immediate steps toward the erection of a modern and sanitary jail for our county," said the resolution.

More Than 500 Sign Irrigation Contracts

Officials of the city water department are convinced that the residents of Lubbock are determined that their homes shall be in beautiful settings.

Their supposition was drawn from the fact that more than 500 consumers already have signed summer irrigation contracts with the city water department. The number is several times larger than at the same period last summer, when the final total of slightly more than 3,000 set an all-time record.

The rates, it was explained, are to encourage the landscaping of residence property with shrubs, trees, flowers, grass and other plantings as well as the growing of gardens. Under the contracts, a reduction of slightly 20 per cent below usual domestic rates is allowed upon a minimum consumption of 10,000 gallons of water per month. The rates will remain in effect until Oct. 31.

Solon Calls O'Daniel "Flour Salesman"

WASHINGTON, March 21. (AP) — Reference before a congressinal committee to the governor of Texas as a "flour salesman" was disclosed today on introduction of the appropriation bill for operation of the federal security agency.

Arthur J. Altmeyer, chairman of the Social Security board, was testifying before a House appropriation subcommittee in support of a request of funds for that agency during the next fiscal year. A member of the committee questioned him about old age pension laws in various states, and of the inability of some states to carry out programs as planned.

Representative Keefe (R-Wis) asked Altmeyer if Texas had not adopted some kind of old age assistance law. When the board chairman answered "yes," Keefe added:

"At least, that was in the program of the flour salesman down there, who was elected governor of Texas . . . did they pass a law giving $30 a month down there?"

To this Altmeyer answered:

"Yes. In a number of states they have passed laws like that; but, by interpretation, they have not carried them out literally. And that is the case in Texas."

Record Attendance To Optimist Meet Sought

Plans were made Thursday to seek a record attendance for the district convention of Optimist International in Lubbock April 27 and 28.

Plans for a publicity campaign in connection with the annual meeting were outlined tentatively at a conference of members of the local club's convention committee with officials of the chamber of commerce.

Members of the convention committee are C. E. Hunt, B. L. Manire and C. E. Marbut.

Among the publicity plans approved was the sending of a series of letters to members of Optimist in the district. Among those from whom such letters will go will be the local club, the chamber of commerce and Mayor Carl E. Slate was announced.

Huge Steamer Full Of Water

BALTIMORE, March 21. (AP)—The 27,000-ton steamer Panamanian, with which Arnold Bernstein, German-Jewish shipping magnate, plang to inaugurate direct freight service to England, lay helpless and partly filled with water in Baltimore harbor today.

The Panamanian, here to take on cargo, shipped great quantities of water in an unexplained manner last night while lying at her pier. Today she listed at 10-degree angle, her keel touching bottom.

Report Declined

(Bernstein, a German-Jewish World war hero, once controlled two ship lines with 80,000 tons of shipping. In 1937 he was found guilty of violating the nazi regime's stringent exchange laws and was fined $400,000 and sent to jail for 30 months.

Ruined, he fled Germany after his imprisonment and came to New York to start life anew at 51. In three months he set up his own firm with four chartered ships.

(The Panamanian was scehduled to take supplies to the foes of his fatherland.)

Agents here refused to comment on possible sabotage and E. A. Souci, agent in charge of the Baltimore office of the Federal Bureau of Investigation declined comment on reports the F.B.I. was investigating.

HEADED FOR TROUBLE

PARIS, March 21—The quickly-created Paul Reynaud "push the war" cabinet of France headed immediately into trouble tonight with some doubtful head-shaking as to its chances of survival.

Reynaud, finance minister in Edouard Daladier's regime, put an end to the original crisis by forming a cabinet in a single day but fell short of satisfying the whole cross-section of French political opinion.

Wanted Small Group

It was neither a small compact government Reynaud produced nor a complete national union government to take in all parties from right to left.

The new cabinet has 22 ministers—three more than the Daladier government which resigned yesterday and two powerful rightist groups are not cooperating.

Much of the parliamentary furore that brought on the fall of the Daladier government was for a small, wieldly cabinet.

War Committee Formed

A possible sop to this demand was Reynauld's creation within the cabinet of a "war committee" make up of himself, Camille Chautemps, who retains the vice-premiership he held in the previous cabinet, ex-Premier Edouard Daladier, who remains as minister of national defense; Georges Mandel, new minister of colonies; Lucien Lamoureux new minister of finance; and Raoul Dautry, armaments minister.

Reynaud and his cabinet will hold their first formal ministerial council with President Albert Lebrun tomorrow and appear before the chamber in the afternoon.

BEGIN DUTIES

NEW YORK, March 21 — Two darkened ocean greyhounds representing a $45,000,000 investment and carrying 1,000 jaunty British tars raced through tranquil waters tonight on mysterious voyages expected to place them in troopship service between Australia and the Near East.

The $25,000,000, 81,235-ton Queen Mary, pride of the British merchant marine until the recent advent of the somnolent Queen Elizabeth, hoisted anchors early today to follow the 35,739-ton, $20,000,000 Mauretania in the trooper service.

Ghostlike Vessel Sails

Reports from Long Branch, N. J. said the Queen Mary passed there heading south at 28 knots, ghostlike in her coat of a new hue of gray.

The armed Mauretania, containing a power plant sufficient to supply electricity for a city of 100,000, was also believed to be heading south. Customs officials said she cleared for Bermuda but pointed out she was at liberty to change her destination at sea.

Each vessel has been placed on Germany's shoot-on-sight list as an armed raider. No arms were visible on the Queen Mary as she slipped down the harbor.

Impressive Sight

The Queen Mary was an impressive sight as she nosed slowly into the Hudson, leaving the Queen Elizabeth and the French liner Normandie drowsing at their docks.

She quickly gathered speed and sailed down the bay past the incoming British liner Lancastria which had just run the blockade from Liverpool with a number of British air force officers and artillery experts for Canada and 480 civilian passengers.

Soon after the Queen Mary sailed, the 19,597-ton British liner Samaria left on her fourth round trip to Liverpool since the war started.

Postal Inspector Of Denver Kills Himself

DENVER, March 21. (AP)—Charles T. Hansen, 55, chief postal inspector of the Denver district, shot and killed himself today, Deputy Coroner Gus Economy said, apparently in despondency over ill health.

Returning home from a golf game, Mrs. Jean Hansen, his wife found his fully clothed body slumped in the bath tub. Economy said Hansen had fired a bullet through his head with a service revolver.

A close associate of United States Senator Joseph C. O'Mahoney (D-Wyo), Hansen was in charge of postal investigations in Colorado, Wyoming, Utah and New Mexico.

Between 1906 and 1937 the Jewish immigration to the United States totaled 1,113,866.

All Questions Should Be Answered, Juror Apparently Believes

PITTSBURGH, March 21. (AP)—Coleman Malone isn't one to let a question go unanswered.

Defense Attorney Samuel Strauss was trying to convince a jury that Norwood Long, 35, waiter, didn't get $528 that Mrs. Stella Pistorius charged he converted fraudulently.

"Do you believe," declared Strauss in his argument, "that a woman whose husband was working on the WPA would be carrying $528 in her stockings? I wouldn't."

"I wouldn't believe it either," answered Laborer Malone, foreman of the jury.

The attorney cautioned him about court procedure and repeated the question.

"I still wouldn't believe it," continued Strauss.

"I wouldn't either," came back Malone.

A mistrial was declared.

Minimum Wage Hiked By Secretary Perkins

WASHINGTON, March 21. (AP)—Secretary Perkins today revised upward the prevailing minimum wage southern fertilizer manufacturers must pay in the performance of government contracts.

Labor department officials said the revision was ordered to conform to standards in the wage-hour law.

Her action raised from 25 to 30 cents an hour the prevailing minimum pay rate in the fertilizer industry in North and South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma and Texas.

Wool Growers Warned Not To Be "Panicky"

KEMMERER, Wyo., March 21. (AP)—John A. Reed, president of the Wyoming Wool Growers association, warned woolmen from the southwestern part of the state today not to obecome "panicky" ove rthe prospects of a "strong" 1940 market.

In a letter read at the opening session of the convention of the Lincoln County Wool Growers association, Reed said:

"Foreign and domestic political trends over night could change our entire course and thereby upset one's prediction."

Parity Payments For Hogs, Barley Hinted

WASHINGTON, March 21. (AP)—Bills designed to guarantee parity payments to producers of hogs, barley and rye were introduced today by Representative Burdick (R-ND).

Other bills and resolutions introduced included these by representatives.

West (D-Tex)—To authorize construction of a flood control and power development project on the Rio Grande.

Gossett (D-Tex)—To transfer Hardeman county, Texas, from the Fort Worth to the Wichita Falls division of the northern Texas Federal district court.

CHILD RECOVERING

KANSAS CITY, March 21. (AP)—The 2-day-old daughter of Mr. and Mrs. Lynn Minter was recovering today from an emergency, major operation for the correction of a hernia. She was on her way to recovery before her parents decided on her name.

GOOD COLLECTIONS

ANDREWS—Andrews school tax collections for last year were $50,863 or 90 per cent of the total, Miss Lucile Waldron, business manager and collector, said. County tax collections were 85 per cent of the roll and the city of Andrews collected but 56 per cent.

Rodeo Group Open Parley

HOUSTON, March 21 (UP)—The annual convention of the Rodeo association of America began today after a quiet directors meeting in which new memberships and a new convention date policy be set.

Fred S. McCargar of Salinas, Calif., secretary, suggested in his annual report that membership in the association constitute a "franchise" for a particular city's rodeo.

Applications for membership from North Little Rock, Ark., and Seal stadium in San Francisco were placed before the directors, but no action was taken.

McCargar recommended that the annual convention be held at the end of the rodeo season, late in October rather than at the beginning of the season as at present.

"In effect," McCargar reported, "the 1940 meeting will be transacting 1939 business, long after the end of the season."

First general business session of the convention was held this afternoon after delegates were welcomed by Mayor Oscar Holcombe.

Beane introduced M. H. Hooper, secretary of the Denver City chamber of commerce who introduced visiting delegations. W. M. Walker, retiring president of the chamber of commerce and vice president, spoke briefly as did I. W. Cox, new president. Mrs. Val McDaniels gave two vocal numbers accompanied by her husband at the piano.

W. E. Lavender entertained at the outset of the program with his array of magician's stunts. Music was furnished during the meal by Hop Halsey's Drug Store Cowboys of Lubbock. The meal was served by the women of the Methodist church missionary society.

Two Miners Killed In Blasting Operations

SAN JOSE, Calif., March 21. (AP)—Two miners were killed today 300 feet in a mountain mine when blasting operations caused the cavein of a shaft in which they were working.

The victims were William E. Maples, jr., 21, and Frances A. Rochin, 22, both of Livermore, who were crushed under tons of dirt in the western magnesite mine at Red mountain. Both bodies were recovered.

First reports indicated 60 or more other men might have been caught in the collapse, but the reports were found to be groundless.

NEW TOURIST CAMP

BROWNFIELD— Raymond Barrier, owner of the White Way Courts here, is reported planning to build another tourist court camp on highway 51, fronting the highway and Cardwell street. He also owns properties in Seagraves and Seminole.

Photographer Got His Picture But Lost His Life; Shot Is Good

SUISUN, Calif., March 21 (UP)—Thomas Dardin was an amateur photographer and the picture he wanted most was that of the streamlined train, City of San Francisco, roaring through this town.

He stood close by the tracks yesterday as the train raced through, snapped the shutter and stepped back. But he stumbled and fell forward, squarely in front of the train. Dardin was killed. The picture he had made was perfect.

Tailor Sneezes And Swallows Needle And Thread; Surgery Used

DES MOINES, Ia., March 21. (AP)—Stitching away with his needle and thread, Pasquale Sciarrota, 26-year-old tailor, sneezed.

The needle, thread and all, went up his nose. He tried to pull it out by the thread, but couldn't.

A doctor removed it from the back of his mouth in a 15-minute operation.

Party Expenses May Be Curbed

WASHINGTON, March 21. (UP)—Rep. Francis Walter, D., Pa., chairman of a House judiciary sub-committee considering the Hatch "clean politics" bill, announced today he would seek to write into the measure a limitation of $3,000,000 on the amount either party may spend in a national campaign.

"I think if we are going to keep politics clean, an amendment of this sort ought to help do it," said Walter.

He said he would call his sub-committee soon to consider the Hatch bill, which would restrict political activity by state employes who are paid wholly or in part by federal funds. It also would limit individual campaign contributions to $5,000 per person per year.

Acceptance Seen

In 1936 the Republican national campaign cost $8,892,000 and the Democratic campaign $5,651,000 according to a report of the Senate committee that investigated campaign expenditures.

Walter said that "I think without doubt that the majority of the sub-committee" will support his proposal for a $3,000,000 limit.

He also predicted that the sub-committee would resist any attempt to strike out the Senate limitation of $5,000 on individual contributions.

ernment and demanded proof that any cooperative was paying its way from earnings.

Senators Russell (D-Ga) and Connally (D-Tex) ridiculed Taft's request that they produce detailed reports on hundreds of rural cooperatives, saying that he had given them no previous notice.

Amendments Okayed

With every increase by the Senate appropriations committee approved, the Senate also accepted three private amendments of senators adding $46,545 to the total of $922,864,668 recommended by the committee.

Among the increases was $8,345 asked by Senator Chavez (D-NM) for cotton research in New Mexico by the bureau of plant industry.

The surplus commodity removal program gives needy persons the privilege of buying two orange colored stamps at 25 cents each which are good for the purchase of any groceries. To this the government adds a blue stamp free with whic hthey may purchase 25 cents worth of products which have been officially designated as surplus.

Situation Appalling

Senator O'Mahoney (D-Wyo) warned that farm tenancy and unemployment threaten to create a "peasant class" in the United States. "Real jobs at real wages" were what was needed, he said, "so there will be a real market for the products of the farmer."

Noting that 14,000,000 persons had been certified for participation in the food stamp plan, he called it an "appalling situation."

Radio Hearing Is Adjourned

DALLAS, March 21. (AP)—Denying motion asking that the Federal Communications commission rescind its order revoking the broadcast license of KSAM, Huntsville, and reinstate the station, Commissioner George Henry Payne adjourned the hearing of concealed ownership charges against the Huntsville station today.

One witness, H. G. Webster, Huntsville bank executive and president of the Sam Houston Broadcasting company, testified briefly today.

The defense contended that government attorneys had failed to substantiate their charges of latent ownership.

Dr. James G. Ulmer of Tyler, whom the government is attempting to prove is a latent partner, was originally included as a partner but withdrew due to financial difficulties, Webster said.

would include Lubbock. A similar flight of American airways was made last September.

Hearings Scheduled

Hearings of applications for permits of those companies and two others interested in estabilishing lines through Lubbock are scheduled by the Civil Aeronautics authority for April 15. A sixth application, not affecting Lubbock, also is before the authority.

J. H. Greene, manager of Big Spring Chamber of Commerce, and J. C. Deal, San Angelo chamber manager and a member of the inter-city committee, will come here this morning to board the Braniff plane for the Colorado points. Tom Cotton of Amarillo, member of the committee, will join the party in Amarillo.

Reunion Plans Discussed

All three Texas Consistories, the two in Oklahoma and others as far away as Juneau, Alaska, and Columbus, Ohio, were represented. John Dalrymple of Lubbock, only 33rd degree Mason in this section, discussed plans for the spring reunion of the El Paso Consistory Sunday through Thursday.

Lubbock is in jurisdiction of the El Paso Consistory. Scottish Rite Masons of this area have held their traditional Maundy Thursday observances at Lubbock since 1922.

. . . after all—"the taste tells"

YOU MEAN TO SAY MAXWELL HOUSE HAS ACTUALLY BEEN IMPROVED?

RIGHT! IMPROVED IN TWO VERY IMPORTANT WAYS!

2 DEFINITE REASONS why Maxwell House is now even richer, more delicious!

1. *New Enriched Blend.* Yes! The famous Maxwell House blend has actually been improved . . . made richer, smoother, even more delicious and full-flavored than ever!

2. *Improved Roasting Method!* And this magnificent new blend is now roasted by a new method called Radiant Roast: A method that roasts each bean evenly . . . brings out more fully the *extra-rich* flavor of these choice coffees. No weak coffee from under-roasting. No bitter coffee from parching. Always full-flavored, always delicious!

BEGIN DUTIES

NEW YORK, March 21 — Two darkened ocean greyhounds representing a $45,000,000 investment and carrying 1,000 jaunty British tars raced through tranquil waters tonight on mysterious voyages expected to place them in troopship service between Australia and the Near East.

The $25,000,000, 81,235-ton Queen Mary, pride of the British merchant marine until the recent advent of the somnolent Queen Elizabeth, hoisted anchors early today to follow the 35,739-ton, $20,000,000 Mauretania in the trooper service.

Ghostlike Vessel Sails

Reports from Long Branch, N. J. said the Queen Mary passed there heading south at 28 knots, ghostlike in her coat of a new hue of gray.

The armed Mauretania, containing a power plant sufficient to supply electricity for a city of 100,000, was also believed to be heading south. Customs officials said she cleared for Bermuda but pointed out she was at liberty to change her destination at sea.

Each vessel has been placed on Germany's shoot-on-sight list as an armed raider. No arms were visible on the Queen Mary as she slipped down the harbor.

Impressive Sight

The Queen Mary was an impressive sight as she nosed slowly into the Hudson, leaving the Queen Elisabeth and the French liner Normandie drowsing at their docks.

She quickly gathered speed and sailed down the bay past the incoming British liner Lancastria which had just run the blockade from Liverpool with a number of British air force officers and artillery experts for Canada and 480 civilian passengers.

Soon after the Queen Mary sailed, the 19,597-ton British liner Samaria left on her fourth round trip to Liverpool since the war started.

Postal Inspector Of Denver Kills Himself

DENVER, March 21. (AP)—Charles T. Hansen, 55, chief postal inspector of the Denver district, shot and killed himself today, Deputy Coroner Gus Economy said, apparently in despondency over ill health.

Returning home from a golf game, Mrs. Jean Hansen, his wife found his fully clothed body slumped in the bath tub. Economy said Hansen had fired a bullet through his head with a service revolver.

A close associate of United States Senator Joseph C. O'Mahoney (D-Wyo), Hansen was in charge of postal investigations in Colorado, Wyoming, Utah and New Mexico.

Between 1906 and 1937 the Jewish immigration to the United States totaled 1,113,866.

All Questions Should Be Answered, Juror Apparently Believes

PITTSBURGH, March 21. (AP)—Coleman Malone isn't one to let a question go unanswered.

Defense Attorney Samuel Strauss was trying to convince a jury that Norwood Long, 35, waiter, didn't get $528 that Mrs. Stella Pistorius charged he converted fraudulently.

"Do you believe," declared Strauss in his argument, "that a woman whose husband was working on the WPA would be carrying $528 in her stockings? I wouldn't."

"I wouldn't believe it either," answered Laborer Malone, foreman of the jury.

The attorney cautioned him about court procedure and repeated the question.

"I still wouldn't believe it," continued Strauss.

"I wouldn't either," came back Malone.

A mistrial was declared.

Minimum Wage Hiked By Secretary Perkins

WASHINGTON, March 21. (AP)—Secretary Perkins today revised upward the prevailing minimum wage southern fertilizer manufacturers must pay in the performance of government contracts.

Labor department officials said the revision was ordered to conform to standards in the wage-hour law.

Her action raised from 25 to 30 cents an hour the prevailing minimum pay rate in the fertilizer industry in North and South Carolina, Georgia, Florida, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma and Texas.

Wool Growers Warned Not To Be "Panicky"

KEMMERER, Wyo., March 21 (AP)—John A. Reed, president of the Wyoming Wool Growers association, warned woolmen from the southwestern part of the state today not t obecome "panicky" ove rthe prospects of a "strong" 1940 market.

In a letter read at the opening session of the convention of the Lincoln County Wool Growers association, Reed said:

"Foreign and domestic political trends over night could change our entire course and thereby upset one's prediction."

Parity Payments For Hogs, Barley Hinted

WASHINGTON, March 21. (AP)—Bills designed to guarantee parity payments to producers of hogs, barley and rye were introduced today by Representative Burdick (R-ND).

Other bills and resolutions introduced included these by representatives:

West (D-Tex)—To authorize construction of a flood control and power development project on the Rio Grande.

Gossett (D-Tex)—To transfer Hardeman county, Texas, from the Fort Worth to the Wichita Falls division of the northern Texas Federal district court.

CHILD RECOVERING

KANSAS CITY, March 21. (AP)—The 2-day-old daughter of Mr. and Mrs. Lynn Minter was recovering today from an emergency, major operation for the correction of a hernia. She was on her way to recovery before her parents decided on her name.

GOOD COLLECTIONS

ANDREWS—Andrews school tax collections for last year were $50,863 or 90 per cent of the total, Miss Lucile Waldron, business manager and collector, said. County tax collections were 85 per cent of the roll and the city of Andrews collected but 56 per cent.

Rodeo Group Open Parley

HOUSTON, March 21 (U.P.)—The annual convention of the Rodeo association of America began today after a quiet directors meeting in which new memberships and a new convention date policy be set.

Fred S. McCargar of Salinas, Calif., secretary, suggested in his annual report that membership in the association constitute a "franchise" for a particular city's rodeo.

Applications for membership from North Little Rock, Ark., and Seal stadium in San Francisco were placed before the directors, but no action was taken.

McCargar recommended that the annual convention be held at the end of the rodeo season, late in October, rather than at the beginning of the season, as at present.

"In effect," McCargar reported, "the 1940 meeting will be transacting 1939 business, long after the end of the season."

First general business session of the convention was held this afternoon after delegates were welcomed by Mayor Oscar Holcombe.

and the right type of civic ethics and standards in the building of a city, G. P. Deane, principal of the Denver City school, was toastmaster.

Beane introduced M. H. Hooper, secretary of the Denver City chamber of commerce who introduced visiting delegations. W. M. Walker, retiring president of the chamber of commerce and vice president, spoke briefly as did I. W. Cox, new president. Mrs. Val McDaniels gave two vocal numbers accompanied by her husband at the piano.

W. E. Lavender entertained at the outset of the program with his array of magician's stunts. Music was furnished during the meal by Hop Halsey's Drug Store Cowboys of Lubbock. The meal was served by the women of the Methodist church missionary society.

Two Miners Killed In Blasting Operations

SAN JOSE, Calif., March 21. (AP)—Two miners were killed today 300 feet in a mountain mine when blasting operations caused the cavein of a shaft in which they were working.

The victims were William E. Maples, jr., 21, and Frances A. Rochin, 22, both of Livermore, who were crushed under tons of dirt in the western magnesite mine at Red mountain. Both bodies were recovered.

First reports indicated 60 or more other men might have been caught in the collapse, but the reports were found to be groundless.

NEW TOURIST CAMP

BROWNFIELD—Raymond Barrier, owner of the White Way Courts here, is reported planning to build another tourist court camp on highway 51, fronting the highway and Cardwell street. He also owns properties in Seagraves and Seminole.

Photographer Got His Picture But Lost His Life; Shot Is Good

SUISUN, Calif., March 21 (U.P.)—Thomas Dardin was an amateur photographer and the picture he wanted most was that of the streamlined train, City of San Francisco, roaring through this town.

He stood close by the tracks yesterday as the train raced through, snapped the shutter and stepped back. But he stumbled and fell forward, squarely in front of the train. Dardin was killed. The picture he had made was perfect.

Tailor Sneezes And Swallows Needle And Thread; Surgery Used

DES MOINES, Ia., March 21. (AP)—Stitching away with his needle and thread, Pasquale Sciarrota, 26-year-old tailor, sneezed.

The needle, thread and all, went up his nose. He tried to pull it out by the thread, but couldn't.

A doctor removed it from the back of his mouth in a 15-minute operation.

Party Expenses May Be Curbed

WASHINGTON, March 21. (U.P.)—Rep. Francis Walter, D., Pa., chairman of a House judiciary sub-committee considering the Hatch "clean politics" bill, announced today he would seek to write into the measure a limitation of $3,000,000 on the amount either party may spend in a national campaign.

"I think if we are going to keep politics clean, an amendment of this sort ought to help do it," said Walter.

He said he would call his subcommittee soon to consider the Hatch bill, which would restrict political activity by state employes who are paid wholly or in part by federal funds. It also would limit individual campaign contributions to $5,000 per person per year.

Acceptance Seen

In 1936 the Republican national campaign cost $8,892,000 and the Democratic campaign $5,651,000 according to a report of the Senate committee that investigated campaign expenditures.

Walter said that "I think without doubt that the majority of the subcommittee" will support his proposal for a $3,000,000 limit.

He also predicted that the subcommittee would resist any attempt to strike out the Senate limitation of $5,000 on individual contributions.

ernment and demanded proof that any cooperative was paying its way from earnings.

Senators Russell (D-Ga) and Connally (D-Tex) ridiculed Taft's request that they produce detailed reports on hundreds of rural cooperatives, saying that he had given them no previous notice.

Amendments Okayed

With every increase by the Senate appropriations committee approved, the Senate also accepted three private amendments of senators adding $46,545 to the total of $922,864,668 recommended by the committee.

Among the increases was: $8,345 asked by Senator Chavez (D-NM) for cotton research in New Mexico by the bureau of plant industry.

The surplus commodity removal program gives needy persons the privilege of buying two orange colored stamps at 25 cents each which are good for the purchase of any groceries. To this the government adds a blue stamp free with whic hthey may purchase 25 cents worth of products which have been officially designated as surplus.

Situation Appalling

Senator O'Mahoney (D-Wyo) warned that farm tenancy and unemployment threaten to create a "peasant class" in the United States. "Real jobs at real wages" were what was needed, he said, "so there will be a real market for the products of the farmer."

Noting that 14,000,000 persons had been certified for participation in the food stamp plan, he called it an "appalling situation."

Radio Hearing Is Adjourned

DALLAS, March 21. (AP)—Denying motion asking that the Federal Communications commission rescind its order revoking the broadcast license of KSAM, Huntsville, and reinstate the station, Commissioner George Henry Payne adjourned the hearing of concealed ownership charges against the Huntsville station today.

One witness, H. G. Webster, Huntsville bank executive and president of the Sam Houston Broadcasting company, testified briefly today.

The defense contended that government attorneys had failed to substantiate their charges of latent ownership.

Dr. James G. Ulmer of Tyler, whom the government is attempting to prove is a latent partner, was originally included as a partner but withdrew due to financial difficulties, Webster said.

would include Lubbock. A similar flight of American airways was made last September.

Hearings Scheduled

Hearings of applications for permits of those companies and two others interested in estabilishing lines through Lubbock are scheduled by the Civil Aeronautics authority for April 15. A sixth application, not affecting Lubbock, also is before the authority.

J. H. Greene, manager of Big Spring Chamber of Commerce, and J. C. Deal, San Angelo chamber manager and a member of the inter-city committee, will come here this morning to board the Braniff plane for the Colorado points. Tom Cotton of Amarillo, member of the committee, will join the party in Amarillo.

Reunion Plans Discussed

All three Texas Consistories, the two in Oklahoma and others as far away as Juneau, Alaska, and Columbus, Ohio, were represented. John Dalrymple of Lubbock, only 33rd degree Mason in this section, discussed plans for the spring reunion of the El Paso Consistory Sunday through Thursday.

Lubbock is in jurisdiction of the El Paso Consistory. Scottish Rite Masons of this area have held their traditional Maundy Thursday observances at Lubbock since 1922.

. . . after all—the taste tells

YOU MEAN TO SAY MAXWELL HOUSE HAS ACTUALLY BEEN IMPROVED?

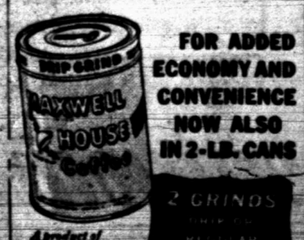

RIGHT! IMPROVED IN TWO VERY IMPORTANT WAYS!

2 DEFINITE REASONS why Maxwell House is now even richer, more delicious!

1. *New Enriched Blend.* Yes! The famous Maxwell House blend has actually been improved . . . made richer, smoother, even more delicious and full-flavored than ever!

2. *Improved Roasting Method!* And this magnificent new blend is now roasted by a new method called Radiant Roast: A method that roasts each bean evenly . . . brings out more fully the *extra-rich* flavor of these choice coffees. No weak coffee from under-roasting. No bitter coffee from parching. Always full-flavored, always delicious!

Bad Weather Is Cause Of Death

SAN MARCOS, March 21 (U.P.) — Drizzling rain and wet pavement had claimed one life and sent seven persons to Memorial hospital here today.

A head-on collision between an automobile and a truck late yesterday afternoon 5 1-2 miles south of here resulted in the death of Mrs. Sam Frazer of Dallas and injuries to her husband.

Frazer, who is a Dallas bond and investment salesman, was hospitalized with a broken leg and possibly other injuries.

The Frazer automobile and an empty lumber truck, driven by Ray Booth of Troup, met head-on on the wet pavement, according to state police. Booth was only slightly hurt.

Earlier in the afternoon a Greyhound bus overturned on the same highway. Six of the bus occupants were sent to the hospital here for treatment.

Work Of Texas CCC Praised

WASHINGTON, March 21 (AP) — Achievements of the Civilian Conservation corps in Texas drew strong commendation from Representative Luther Johnson (D-Tex) during hearings on a measure appropriating funds for operation next fiscal year of the federal security agency.

Johnson, testifying before a House appropriations subcommittee in support of a request of CCC officials for funds to carry on their work, told of visiting two CCC camps last December, one at Waxahachie and the other at Corsicana, to watch enrollees employed on soil conservation projects.

Commenting on the results of their efforts in Ellis and Navarro counties, Johnson said:

Total Is Lower

"The rich, black earth in these counties has been going to waste. This is wonderful work they are doing in reclamation, in preventing the future erosion of these lands."

Officials of the National Youth administration submitted figures showing that in January this year 20,129 youths were employed on Texas NYA out-of-school projects, earning a total of $354,401 or an average of $17.61 each for the month. There were in addition to these, 21,102 youths employed on student-work programs in the state as of last December. Of these 14,838 were in public schools and 6,226 in colleges.

Total allocation of NYA funds for Texas in the current fiscal year was estimated at $5,158,130, compared with $3,368,853 last fiscal year.

Assistant Professor At Tech Is Honored

One of only four nutritionists elected to membership in the Columbia university chapter of Sigma Xi, national scientific research society, is Miss Mina Marie Wolf, assistant professor in foods and nutrition at Texas Technological college.

The Columbia chapter chose 112 students, three faculty members and two alumnae to membership. Miss Wolf, candidate for a degree at the university, was one of the students.

The society is comparable in the scientific field to Phi Beta Kappa in classical studies. The members were elected in recognition of research projects of exceptional promise.

OFFICERS NAMED

AUSTIN, March 21 (AP) — H. C. Buchanan of Waco was elected 1940 president of the Texas Laundry Owners association in convention here today. Other officers included Russell Fowler of Amarillo, second vice president.

Traffic Study Is Recommended

TOPEKA, Kans., March 21 (U.P.)—J. F. Lawrence of Tulsa, representing the Petroleum Rail Shippers association, said today at an interstate Commerce commission hearing that it was necessary to determine what freight rates are necessary in order to provide traffic for both railroads and highway truck lines.

"This is not an issue between the railroads and the truckers as such," he said. "Our problem is to keep shippers from transporting their materials by private means."

The hearing was one of a series ordered after railroads were allowed to reduce their rates 30 to 35 per cent on tank-car transportation of petroleum products in the mid-continent field.

Other Hearings Held

Truckers protested the rates were ruinous to their business and the hearings were ordered to determine whether to make the lower rates permanent. The Oklahoma Corporation commission was represented by C. B. Bee, rate expert.

H. C. Barron of Chicago, representative of the Santa Fe railroad, contended that information on trucking costs, furnished by J. R. Sewell, representative of the Oklahoma Motor Carriers' association, was not complete.

The reduced rates were made effective in Kansas, Oklahoma, Texas, Colorado, Missouri, Arkansas and Louisiana. Previous hearings were held at Oklahoma City and Denver.

INCOME ANNOUNCED

CLEVELAND, March 21. (AP)—Pere Marquette railway announced today Februry net income of $149,316 against $39,255 deficit in February, 1939.

The gray substance represents about 37 per cent of the total weight of the human brain.

News Briefs

Rev. John A. Winslow, rector of St. Mary's on the Plains Episcopal church, is to conduct a pre-Easter service in the Plainview church tonight. He is in charge in the absence of a regular pastor, who is expected to arrive early in April.

A majority of the expected Farm Security administration loans to Lubbock county farmers have been made, although loan applications will continue to be received until June 30, Marvin C. Wilson, rural supervisor, said Thursday. Applications will pick up, he added, when planting season starts, late in April or early May.

Word that her father, E. T. Camp, 83, of Howe, Texas, near Sherman, is ill was received Thursday by Mrs. W. B. Irvin, wife of the city school superintendent. He has been in feeble health for many months. Dr. and Mrs. Irvin probably will go to his bedside.

A son weighing 7 pounds was born to Mr. and Mrs. Dick Johnson of 1513 Twenty-fourth street at 1:50 o'clock Thursday morning in West Texas hospital. The father is a mail carrier.

Mr. and Mrs. John J. South of 2302 Avenue H are parents of a son born at 9:30 o'clock Thursday morning at the residence, Stewart and Benson clinic reported. The infant, who weighed 7 pounds, was named Scottie Ray. South is employed by Lubbock Auto company.

Several of Lubbock county's 20 water facilities projects of the Farm Security administration were inspected yesterday by Colonel Sparkman, Amarillo head of the FSA water facilities division. Walter Johnson, county FSA water facilities supervisor, and O. T. Williams, area conservationist with the SCS, were with him. Sparkman is a graduate of Texas Technological college.

Mark Master degrees will be conferred on several candidates by Lubbock chapter 248 at 7:30 o'clock tonight in the Masonic hall.

The Salvation Army is planning special Easter services, which will open at 11 o'clock Sunday morning and continue throughout the day at the army hall, 1112 Seventeenth street. Envoy V. M. Venayckle, officer in charge, said Thursday. His subject at the 11 o'clock service will be "Praise Him." The pageant, "Challenge of the Cross," will be presented at 7:30 p. m. Nightly pre-Easter services are being conducted.

Mrs. Doyle Dean Turner of Level-land, who underwent a major operation at Lubbock sanitarium Tuesday morning, was reported late Thursday as showing improvement.

R. G. Perdue, charged in county court with swindling by worthless check, had not provided $250 bond Thursday night, sheriff's deputies said. Grady Harrist and Cap Moore, deputies, arrested Perdue Thursday afternoon.

None was injured in two minor collisions Thursday, police reported. W. F. Rhodes, 55, of route 1 and H. A. Hearn, 30, of east of Lubbock, were drivers of cars involved in an accident at 7 o'clock Thursday night at Broadway and Avenue G. Drivers in a mishap at Seventh street and Avenue N at 5 o'clock Thursday afternoon were Albert Vaughn, 40, of 2519 Twenty-fourth street and Weldon Chambers of 2116 Seventh street.

Rev. Jeff D. Welch, co-pastor of the Central Baptist church, said plans for the Lubbock County Singing convention March 31 would be made at a community sing-song at 8 o'clock tonight at the church, 1311 Eighteenth street.

Burton S. Burks, district attorney, will speak tonight at an open house of Lorenzo Eastern Star chapter at Lorenzo. His address will center on Easter.

A deadlocked jury reported to Judge E. L. Pitts Thursday in damage action of Sidney A. Taylor against the Texas State Conference of Subordinate Union Bricklayers and others in 99th district court. It was second time a jury had been unable to agree on a verdict in the case.

O. W. McLeod of 2223 Main street, operator of Lubbock Laundry company, was named director of the Texas Laundry Owners association Thursday in Austin, the Associated Press reported. H. C. Buchanan of Waco was elected president. Convention city for 1941 will be selected later.

Two 16-year-old boys, against whom fines cannot be levied for speeding for which they are accused in corporation court, write a letter to Emmett Galloway, counselor of Downtown Boys club every day as penalty. They must explain their action each day for a month.

A Mexican, who had not been reported arrested Thursday night, was sought by county authorities for alleged assault and battery on T. L. Arredondo, another Mexican. Charge was filed in justice court of J. T. Inmon.

Friends said J. A. (Andy) Caldwell of Slaton remained in critical condition Thursday night. The pioneer landowner has been ill several weeks at his residence.

Crosby Show To Be Held Today

CROSBYTON, March 21—Everything was in readiness tonight for displaying of livestock grown by Crosby county farm boys in the annual fat stock show here Friday.

Pens were completed and made ready to receive animals the first thing in the morning. The Crosbyton Chamber of Commerce is cooperating with extension service and vocational agriculture teachers in the program, furnishing space for the show.

R. C. Mitchell, vocational agriculture teacher here and Ralph Howe, county agent, show superintendents, said they expected the biggest and best show ever held. Entries are limited to animals owned by 4-H club boys or vocational agriculture students of Ralls, Lorenzo and Crosbyton high schools.

Prizes Are Offered

Business men here have contributed $85 in prize money for three divisions, light and heavy fat calves, light and heavy fat pigs and fat lambs, with grand champion calf and grand champion pig selected.

Grand champion calf will receive $10 given by the American Hereford association provided the animal is a Hereford. Prizes will be $5, $4, $3, $2 and $1, with ribbons for eight places in all. Weights for the two groups will be assigned Friday at the show.

Fat pigs will get $4, $3 $2, $1, with $5 to the grand champion and eight ribbons awarded. Weights also will be announced at the show.

One Class In Lambs

In the fat lamb group is but one class, any weight or breed and prizes are $4, $3, $2 and $1.

L. M. Hargrave, vocational agriculture teacher at Frenship school Wolfforth, will judge and selection begins at 1 o'clock. Animals exhibited must be in place by 9 o'clock Friday and must remain until 4:30 o'clock. Exhibitors must have owned and fed the animal for the past 90 days.

"We are planning to bring the top animals in each division to the South Plains Junior Fat Stock show," Mitchell said.

American Volunteers To Stay In Finland

HELSINKI, March 21. (AP)—American volunteers in Finland will remain indefinitely, it was disclosed today by the Finland association, which appealed for continued contributions of supplies for the American unit.

American volunteers, continuing to arrive, are being assigned with their unit to border patrol duty and reconstruction work.

The newspaper Uusi Suomi said today that Finland's coalition war government, formed by Premier Risto Ryti Dec. 1, the day after Russia started her invasion, is expected to resign immediately after the Easter holidays.

The newspaper said it was likely that President Kyosti Kallio would ask Ryti to remain as premier.

Meanwhile, the removal of Finns from the Karelian isthmus, ceded to Russia in the peace treaty of Moscow, March 12, has virtually been completed.

Airport Development In Southwest Talked

DALLAS, March 21. (AP)—Adequate development of airports in the Southwest and formulation of fundamental principles and procedures for the development of integrated airport plans for municipalities, states and regions will be the aims of the first Southwest Regional Airport Planning conference in Dallas April 8 and 9.

This aim was outlined today by officials of the Texas Aeronautics board, headed by J. J. Hurley of Fort Worth.

States to be represented at the meeting are Oklahoma, Arkansas, New Mexico, Louisiana and Texas.

Army Forced To Spend More

BY MACK JOHNSON
United Press Staff Writer

WASHINGTON, Mar. 21.—Aerial warfare developments in Europe will force the army to spend at least $3,000,000 on more armor and protective devices for its newest airplanes, official quarters said today.

That estimate was prepared after army experts headed by Major General Henry H. Arnold, chief of the air corps, surveyed latest improvements on French, British and German planes to determine what should be done with new American fighting craft to make them a match for the world's best.

Armor To Be Added

Initial changes include additional armor in vulnerable spots and installation of self-sealing gasoline tanks which use an oozy rubber substance automatically closing small bullet holes.

Inasmuch as similar improvements in European planes still are in an experimental stage, it was said that they would not be applied on all of the 3,500 planes ordered as part of the air corps' $3,000,000 expansion program.

The army plans further experiments of its own and will watch for new foreign developments that may prove superior. Because these improvements require additional weight, some experts fear they might affect their military value by reducing armament-carrying potentialities, speed and maneuverability.

The projected changes, authoritative quarters said, mean that the United States is "at least up with tht latest developments."

Parliament Quits For Easter Holiday

LONDON, March 21 (AP)—Parliament recessed for the Easter holidays today amid growing reports that Prime Minister Chamberlain would reconstruct his cabinet during the interval before sittings are resumed April 2.

The House of Commons sessions ended with outspoken criticism of two cabinet bigwigs, Chancellor of the Exchequer Sir John Simon and Lord Privy Seal Sir Samuel Hoare, voiced by Greggrey Mander of the liberal opposition.

"It is widely felt throughout the country that the chancellor of the exchequer and the lord privy seal are heavy liabilities both at home and abroad," he said.

Speculation outside commons mentioned Air Minister Sir Kingsley Wood and Supply Minister Leslie Burgin as ministers likely to be displaced by the prime minister in reshaping his cabinet for more vigorous prosecution of war tasks.

Seagraves Woman To Undergo Surgery Here

Mrs. S. E. Mitchell of near Seagraves will undergo surgery this morning in West Texas hospital for correction of a hip fracture, suffered late Thursday when she fell at her home.

Mrs. Mitchell was brought to the hospital about 9 o'clock Thursday night. She told hospital authorities the left hip was broken when she fell on a board when reaching for garments on a clothes line.

FIRST LADY AND A HOPEFUL—The women's national press club annual achievement dinner in Washington brought together the first lady and many prospective first ladies. Here are the two whom some consider outstanding contenders for the honors come 1940. Mrs. Thomas E. Dewey (left), wife of the Republican district attorney of New York City, and Mrs. Roosevelt seem to have found plenty to talk about.

Grandma Is Wrong; Spring Fever Is "Restlessness"

PHILADELPHIA, March 21 (AP)—Grandmother probably will never believe it but take the word of experts—she was all wrong when she gave generous doses of sulphur and molasses as a cure for "spring fever". There isn't any such thing.

That listless feeling you get around this time of year, two medical authorities agreed today, isn't something that you can prescribe medicine for, or analyze under cause and effect. It is, well—

"It's all a myth—a state of mind," says Dr. Hobart A. Reimann, professor of medicine at Jefferson Medical college.

Just Restless

"When the weather gets warm, people begin to think of going fishing and going on vacations. But they can't because they have to keep working. So they feel against the restraint and become restless. That's all spring fever is."

Dr. Myer Solis-Cohen, chairman of the County Medical society's public relations committee, explains it this way:

"The feeling you describe as spring fever is probably due to the fact that the body has become accustomed to cold weather all winter and too suddenly is called upon to make adjustments to warm weather. Probably the nerves controlling the blood vessels don't make the adjustment without upsetting you a bit."

FUNDS SOUGHT

WASHINGTON, March 21 (AP)—The House appropriations committee proposed today that Congress provide funds for a 75 per cent step-up in the production of vaccine for the prevention of Rocky Mountain spotted fever.

Officers Find Whisky Under Setting Hens

GREENVILLE, Miss., March 21 (AP)—Sheriff's deputies discovered a new hiding place for whisky—underneath a setting hen.

After two futile searches over a period of several weeks of property they suspected had whisky buried in the ground, a trio of county officers frightened a red hen off her nest. There were a half dozen eggs, and underneath the straw a cache of 14 half pints of whiskey.

Five Bostonians Are To Face Dies Group

BOSTON, March 21. (U.P.)—Robert B. Baker, a Dies committee investigator, announced here today that he had subpoenaed five Boston residents to appear before that committee. It was understood that the five would testify in the investigation of the Christian front of New York and its New England affiliates.

Baker said he was not permitted to reveal the names of those subpoenaed. He said they would appear before the committee "at a date to be set later."

Baker said that other Dies committee investigators were working in Pawtucket, R. I., Manchester, N. H., and Troy, N. Y. It was understood that the date would be set as soon as the round-up of witnesses had been completed.

Florida Prison Life Rapped

SACRAMENTO, Calif., March 21 (AP)—Gov. Culbert L. Olson, studying amazing charges of cruel and inhuman treatment of Florida chain gang convicts, says he is convinced that Harry Blosdale should not be extradited to the Raiford, Fla., prison from which he escaped five years ago.

The governor, who talked by telephone yesterday with Gov. Fred B. Cone of Florida, said he believes Blosdale had become fully rehabilitated during the five years he had lived in California since his escape.

Olson said he would not definitely deny the extradition request, however, "until I hear further from Gov. Cone."

Escape Admitted

Blosdale admitted he escaped from a jail at Tallahassee while being returned to the road camp after hospitalization.

Anna Zacsek, attorney for the fugitive, said Blosdale had lived in Los Angeles without any attempt at concealment and using his true name. She presented scores of letters, telegrams, petitions and affidavits protesting the extradition of the World war veteran, who was sentenced to a 15-year term for robbery.

Blosdale charged that road gang prisoners were treated so inhumanly several convicts chopped off hands or feet to escape work.

Documents bore tales of floggings, suspension by the wrists, starvation rations, sweat-box torture and the shooting to death of prisoners by guards.

The charges brought a vigorous denial from Florida prison officials.

Robert Lacy Cash To Be Sought By Texas

DALLAS, March 21. (AP)—Texas will demand the return to Huntsville prison of Robert Lacy Cash, escaped life termer who was arrested Tuesday at Boulder, Colo., and turned over to authorities at Bisbee, Ariz., District Attorney Andrew Patton said today.

Assistant District Attorney Earl Street left for Austin, state capital, to apply for extradition papers.

Cash was convicted here for the murder of Harry Leon Helfman.

Dr. Jones Of Tech To Speak At Convention

SAN ANGELO, March 21 (Special)—Addresses by Dr. Clifford B. Jones, president of Texas Technological college, and Dr. J. B. McKnight, tuberculosis sanitorium official, will be broadcast over the Texas State Network from 2:30 to 3 o'clock Friday afternoon.

Judge Marshall Formby of Dickens is president of the West Texas County Judges and Commissioners association, which is meeting here and before which Dr. Jones and Dr. McKnight will speak.

Federal officers arrested 538 persons for robbing postoffices in 1939 and convicted 510.

Dog Uses Telephone To Secure Release From Boss' Office

McKINNEY, March 21. (AP)—Geepo is a dog but that doesn't mean he's a dumb animal.

Geepo is the pet of William Dowdy, newspaper carrier, and Geepo found himself locked in the newspaper office the other night. About 2 a. m. Geepo grew restless and tried to get out—but no luck.

Geepo leaped upon the counter and knocked the receiver off the telephone. To show it was no accident, Geepo barked long and loud into the mouthpiece and pretty soon the operator at the other end spread the alarm to the police.

They sped to the newspaper in a squad car and opened the door. Geepo made a beeline through their legs and dashed for home.

Loan Renewal Areas Named

WASHINGTON, March 21 (U.P.)—The Commodity Credit corporation announced today that the area in which loans on 1939 farm-stored wheat may be renewed has been extended to include Kansas, New Mexico, Colorado, 22 counties in Oklahoma and 27 counties in Texas.

The CCC announced March 9 that it would take over, pool and sell wheat left remaining under government loan, but listed 10 states where extensions would be granted.

The extensions would enable farmers whose 1940 winter wheat crop prospects were unfavorable to hold their 1939 crop.

Department estimates revealed that loan wheat in the renewal areas totaled approximately 27,193,160 bushels on March 7.

The counties designated in Oklahoma are: Alfalfa, Beaver, Beckman, Blaine, Caddo, Canadian, Cimmaron, Custer, Ellis, Garfield, Grant, Harper, Kingfisher, Kay, Major, Noble, Roger Mills, Texas, Washita, Woods and Woodward.

Texas counties: Armstrong, Bailey, Briscoe, Carson, Castro, Dallam, D. Smith, Donley, Floyd, Gray, Hale, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler.

SPRING IS A Caprice...

Moselle #2

CATINO

I can't make up my mind. Each is so attractive. Each one has won my heart. All three have everything I want. I know I'm capricious, and I know that it's Spring, but what should I do? Maybe you think I'm talking about my three beaux, but I'm not. I'm talking about the Caprice Group, the gay new trio by Queen Quality. Three of Spring's loveliest shoes... a strap sandal, elasticized pump and sandal tie... and I can't decide which to buy. I know! I'll get all three, and say "yes" to the boy who'll give me Queen Quality Shoes for the rest of my life!

Hogan Roars Down Stretch Under Pressure For North-South Open Cro

Sammy Snead's Drive Good For Second Money

By BILL BONI
Associated Press Sports Writer

PINEHURST, N. C., March 21 — Ben Hogan, the lad who'd been second in almost everything but never had been first, today won the 38th annual North and South Open golf championship with a record 72-hole score of 277.

Eleven shots under par for the famous Pinehurst No. 2 course, the Texas-born professional took down first money of $1,000 in beating Sam Snead by three strokes. Hogan was in front from the time he tied the course record with a 66 the first round.

Caution Proves Costly

An overdose of caution caused Ben to underclub on some of his iron shots this morning. As a result he finished the third round with a 74, two over standard figures, and had lost one shot of the seven-stroke margin he held at 36 holes.

In the afternoon the going got tougher. Ben, with Clayton Heafner and Johnny Revolta, was in the last threesome of the day. Up ahead of him were Sam Snead and Gene Sarazen, who were tied for second place after 54 holes with 213 strokes, six back of the White Plains pro.

Sarazen Fades Out

Sarazen faded with a closing 75 that pushed him down to a tie for fifth place.

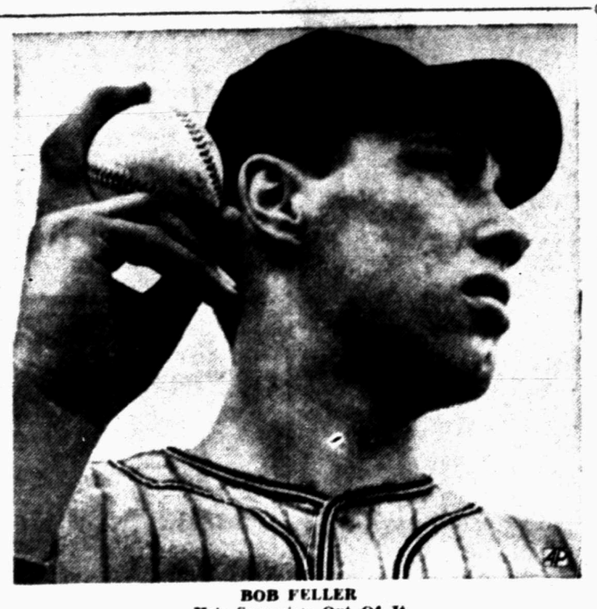

But Snead, the hard-hitting shotmaker from Shawnee-on-Delaware, Pa., turned on the hottest round he'd had to date. Slugging the ball for all he was worth, he came to the 18th green and rammed home a 20-foot putt for a 67. That put the pressure squarely on the 140-pound Hogan's shoulders.

But Ben responded nobly. The iron shots that had been dropping just short in the morning were splitting the pin. Those iron shots gave him a 3-foot putt for a birdie on the third hole; a four-foot putt for another on the fifth, and brought him home in two on the par-5 16th for another birdie.

Nelson Takes Third

Since he had bogeyed the eighth, that meant Ben needed only to finish par-par to cut two strokes off the tournament record set by Vic

BOB FELLER
He's Snappin; Out Of It

With Feller Showing Promise In 'Rookie' Role, Indians May Make Faces At Yanks

By WHITNEY MARTIN
Associated Press Sports Writer

FORT MYERS, Fla., March 21 — Bob Feller came bouncing through the bright sunlight toward the dugout. He had just finished his hitch as practice pitcher for the Cleveland batters. He was puffing slightly and perspiration dropped from his face. But he grinned like a kid on a picnic.

"Feels good to throw with the wind at your back," he said. He took a few gulps of water, beckoned to a catcher, and headed for the bullpen.

Pulls New One

Oscar Vitt sat in the dugout shade, sputtering and explosive as usual. Between shouted instructions he commented caustically on his Indians. We were idly following Feller's movements.

"Look," we exclaimed suddenly.

Feller was standing with his left side toward the catcher, hands at his chest, head turned to give him an eye-corner view of an imaginary first base. He made a couple of threatening movements, then abruptly threw the ball to the catcher.

Hess Dead Serious

"Didn't you ever see him do that before" Uncle Oz asked. "Say, I could tell you more about that boy. For instance, one day I called the pitchers together and stressed the importance of bunting. I told them they could win a couple more games for themselves during a season if

Phillips 66 Moves Into Semi-Finals

Chisox Thump Hollywood As Rookies Star

(By The Associated Press)

HOLLYWOOD, Cal., March 21 — Chicago's White Sox shut out Hollywood of the Pacific coast league, 10 to 0, today behind the combined six hit pitching of three rookies—Orval Grove, Ken Reid and Ed Welland.

CARDS LOSE TO RED SOX

SARASOTA, Fla., March 21. (AP)—Four Red Sox hits and four Cardinal errors resulted in three runs in the eighth inning today as the Boston American league club defeated the St. Louis National leaguers 4 to 2.

YANKS SHUT OUT BEES

ST. PETERSBURG, March 21 (AP)—Bringing their ancient pitching equipment into action for the first time this spring, Charley Ruffing and Lefty Gomez stymied the Boston Bees for six innings today as the New York Yankees scored a 4 to 0 shutout.

A's LOSE AGAIN

LOS ANGELES, March 21. (AP)—Homers by Gene Lillard and Lou Novikoff plus Paul Carpenter's single gave Los Angeles, of the Pacific coast league, a 5 to 4 victory over the Philadelphia Athletics today. It was the A's fourth straight defeat.

PHILLIES WIN ONE

HOLLYWOOD, Fla., March 21 (AP)—Scoring 12 runs in bunches of sixes in the sixth and seventh innings the Phillies today outslugged Columbus, of the American association, to win a ragged game, 17 to 12.

O'DEA'S EYE INJURED

FT. MYERS, Fla., March 21 (AP)—Paul O'Dea, rookie Cleveland outfielder, was struck in the right eye today by a foul tip from the bat of Lou Kahn, rookie catcher.

Dr. W. H. Grace said he could not determine immediately how seriously O'Dea was injured.

The Indians were idle today after a solid week of exhibition contests.

BROWNS THUMP TOLEDO

SAN ANTONIO, March 21 (AP)—Brilliant pitching by George (Slick) Coffman and timely hitting by Outfielder Chet Laabs gave the St. Louis Browns a 9 to 2 victory over the Toledo Mudhens today.

CUBANS DEFEAT REDS, 11-7

HAVANA, March 21 (AP)—A home run by Alejandro Crespo, with the bases filled in the sixth inning, provided the Cuban All-Stars with an 11 to 7 victory today over the Cincinnati Reds in the first of a three-game exhibition series here today.

CUBS WHIP PIRATES

SAN BERNARDINO, Calif., Mar. 21 (AP)—The peppy Chicago Cubs clawed perspiring Pittsburgh hurlers at will today and easily trimmed the Pirates 12 to 5 in the final exhibition contest of the training season here.

PIRATES RELEASE KLEIN

SAN BERNARDINO, Calif., Mar. 21 (AP)—The Pittsburgh Pirates today dropped Outfielder Chuck Klein.

The veteran slugger, who came to Pittsburgh from the Phillies in 1939, was granted permission to make a deal for himself.

Oklahoma Quint Comes Back In AAU Tourney

(By The Associated Press)

DENVER, March 21. (AP)—A masterful second half rally struck off a 40-to-32 triumph for the Bartlesville, Okla., Phillips 66 team over Hollywood Twentieth Century in a beautifully played quarter-final fray at the National A. A. U. basketball tournament tonight.

Down 12-20 at the half, the Phillips outfit, runnerup for the National title last year, came back with a boring, driving attack that carried them into the tournament's semi-finals for the fourth straight year.

The orange-shirted Oakland Golden State five set the pace the night's second quarter-finals game, nudging out the St. Louis Rangers, a Missouri Valley league club, 37 to 19.

Studded with veterans of AAU battles, the Oakland quintet ran far ahead of the Rangers from the opening minutes of play to win easily and advance to the semi-final round with the Phillips powerhouse.

Nuggets Come Through

Denver's National Champion Nuggets were give a hard run by a young hustling Idaho university, Southern Branch, tonight before they followed Phillips 66 and Oakland Golden State into tomorrow night's semi-finals at the National AAU basketball tournament.

The Nuggets, overwhelming favorites over the undergraduate outfit from Pocatello, were behind for the entire first half before they began rolling to a 43-26 triumph.

Ohio Asks More Taxes From Baseball Clubs

COLUMBUS, O., March 21. (AP)—Ohio became baseball's newest 1940 "holdout" today, with Tax Commissioner William S. Evatt demanding a larger "cut" for the state from all the organized clubs within Buckeye borders.

Evatt decreed baseball franchises and player contracts were of real value to the clubs, and therefore were subject to a three-mill annual levy as intangibles.

"If the baseball clubs want to protest this ruling, it's their privilege," Evatt said.

DALLAS, March 21.—Wee Benny Hogan, the silent Fort Worth chap, rates second in tournament trial winnings and the Vardon Trophy race, but had never won a tournament until today's North and South triumph . . . He rose from the same caddy pen that housed National Open Champion Byron Nelson about a decade ago.

Possible addition to the coast-to-coast professional trail next season is Galveston, seriously considering a $5,000 event to follow the Texas Open at San Antonio and Houston's Open . . . Such a move would make the Texas Louisiana lap, with New Orleans' $10,000 event tossed in, the richest strike of the circuit.

Amateur Boxing Rules Violated In Texas

AUSTIN, March 21 (AP) — State boxing and wrestling regulation officials today disclosed an investigation of amateur boxing in various parts of Texas had revealed flagrant violations of statutes.

Travis McCall, first assistant commissioner in the Bureau of Labor statistics, said the survey showed young fighters often performed under dangerous conditions.

The official said instances were found where boys without training whatsoever were allowed to engage in performances in which there was as much as 15 pounds discrepancy in weight, where they had not been examined by a licensed physician and where no physician was in attendance.

"On top of that," he continued, "we've found these amateurs had been paid from 50 cents to $5 and that some persons had conducted exhibitions as amateur promoters for their own financial benefit."

Baseball Comes Before Politics, Towns Says; Election Postponed

(By The Associated Press)

CLARKSDALE, Miss., March 21. — Opening of the Clarksdale baseball season and the municipal election were both set for April 23.

So — the election was postponed to April 30.

"We don't believe that politics ought to interfere with baseball and the candidates don't think so either," commented Democratic Executive Committee Chairman O. Shaw Johnson.

Wheeler Stops Fabyan For Florida Net Title

HAMILTON, Bermuda, March 21 (AP)—Playing brilliantly and nearly faultless tennis, Gracyn Wheeler of Santa Monica, Calif., defeated Mrs. Sarah Palfrey Fabyan of Boston 10-8, 6-3 today in the finals of the women's singles in the Coral Beach invitation tourney.

In the men's singles Elwood Cooke of Portland, Ore., and Don McNeill of Oklahoma City, pretournament favorites, won their way in the finals.

Cooke triumphed over J. Gilbert Hall of South Orange, N. J., 6-3, 1-6, 6-2, 6-4, after solving Hall's forehand shots in the hardest stroking game seen in Bermuda this season.

COLLEGE STATION, March 21 (AP)—Colorado university and Texas A. & M. golfers broke even today in intersectional matches.

Cunningham Makes Bid For Fading Glory Saturday In Chicago.

(By The Associated Press)

CHICAGO, March 21.—Glenn Cunningham, whose record across the years ranks him as the greatest miler of all time, may wind up his indoor track career in an appropriate blaze of glory in the Chicago Relay Bankers Mile race Saturday night.

It was eight years ago, in this same event that Glenn first hit the invitational circuit, winning the mile title to open a brilliant track saga. Now that he has announced his intention of retiring after the 1940 outdoor season, the remarkable Kansan may be running his final indoor mile Saturday—and conceivably could garnish this appearance with one of his greatest performances.

Cunningham will run the Banker Mile against Charles (Chuck) Fenske, Wisconsin graduate student, Archie San Romani and Gene Venzke.

SOONERS SMOTHER BAYLOR

NORMAN, Okla., March 21. (AP)—Oklahoma's Big Six championship baseball team drubbed Baylor university of Waco, 13 to 4, today. The Sooners also triumphed yesterday, 8 to 2.

The wildness of four Baylor pitchers, who yielded an aggregate of 16 bases on balls, helped pad the Sooner run column.

HUBBELL SHOWING UP

WINTER HAVEN, Fla., March 21 (AP)—It rained the Giant-Tiger baseball game out in the fourth inning today—but Bill Terry was all smiles, for Carl Hubbell blanked the Tigers, fanning four and allowing only two hits in the first three innings.

The Giants were leading 6-0 when the rain came.

NYU REHIRES STEVENS

NEW YORK, March 21 (AP)— Dr. Marvin A. (Mal) Stevens, head football coach at New York university since 1934, was given a five-year renewal of his contract tonight by the board of athletic control.

The East River, which separates Manhattan and the Bronx from Brooklyn and Queens is 16 miles long.

Browns Optimistic

(Continued from Page 12)

they can win in the majors—Eldon Auker, Vernon Kennedy, Mills, Roxie Lawson, Bob Harris, Johnny Whitehead, Jake Wade and Jackie Kramer."

Infield Promising

Besides, there are a few rookies, such as Southpaw Emil Bildilli, 22-game winner for San Antonio last summer, who should help.

Alan Strange, Seattle's star shortstop who was caught in the draft by the Browns, is counted upon to tighten up the right infield zone and ease the pitcher's load. Last year he hit .335 on the coast.

If Strange comes through then the Browns should have an infield that rates with the best. George McQuinn could play first base for almost any club in the league, and Harlond Clift, despite his 1939 slump, still rates with the top bracket men at third. Don Heffner,, a neat infielder but weak at the plate, and Johnny Berardino, a fine prospect starting his sophomore season, will fight it out for the second base job.

Catching Question

The outfield shapes up on the credit side, with a half dozen lads battling for jobs. Three of them are ex-Yankees—Myril Hoag, Joe Gallagher and Walter Judnich—with Chet Laabs, former Tiger, Rip Radcliff from the Wite Sox and Rookie Joe Grace also in the running. all are potentially strong hitters.

Catching is the big question mark.

Players Optimistic

Joe Glenn fell down badly last year and is still a holdout. The only other catchers are Young Bob Swift, a finished man behind the plate but short on hitting, and Sam Harshany, recalled after a fair season at Toronto. Both show promise but neither carries the experience necessary for a first-string receiver in the big show.

With night baseball to be introduced in St. Louis this year, players know there probably will be some real cash passed over the ticket windows—if the club is anywhere except at the bottom of the standings. The players themselves don't think they'll wind up there.

SOLLY SEEMAN SENTENCED

NEW YORK, March 21. (AP)—Solly Seeman, one-time contender for the world's lightweight boxing title and alleged co-leader of $1,000,000 nation-wide stolen bond ring, was sentenced to two years in prison today by Federal Judge John C. Knox.

Feller's Showing Up

(Continued from Page 12)

they learned to bunt."

Feller now was pitching with a normal, free motion. The fellow on first apparently had got around, or been caught off the bag.

"Well," Uncle Os continued, "after the practice Robert came up and asked me if he could have a pitcher for a little while.

"I said: 'Certainly, but what for?' and he said: 'I want to practice bunting'."

He's Alert, Too

Feller must have been a little wild, or his support was bad, for he had another imaginary runner on the imaginary first base now, and was holding him there with subtle threats.

"Robert was the only one who showed that much interest," Uncle Os resumed. "He'll do anything you tell him that he thinks might help him win a couple or more games. They used to steal his glove off. They don't any more."

Not Bad At All

Which is one reason everybody is predicting another fine year for the All-American kid from the Iowa cornfields. If Vitt could be as sure of his other pitchers he'd be making faces at the Yankees.

Mel Harder, when his arm isn't bothering him, is one of the best. Johnny Allen had a so-so year in 1939 after an arm operation and Vitt is hoping the arm will be all right this year. Al Milnar and Willis Hudlin are journeymen pitchers, good at times and not so good at others.

All in all, the Cleveland mound staff is far from the worst in the American league. In fact, it's just good enough so that Indian fans think the Vittamin boys might push the Red Sox right out of second place, and there are whisperings that when the get together in dark corners they even plot against the Yanks.

Hogan Wins Tourney

(Continued from Page 12)

Ghezzi in 1938. That's just the way he finished.

Hogan and Snead dominated the field. With Sam three shots back of Hogan, Byron Nelson took third place and $500 with a 286, six strokes back of snead. Johnny Revolta rallied for a closing par 72 and fourth place with $400 and 287; Sarazen and Jug McSpaden took down $250 each as they tied at 288, and Dick Metz placed seventh with 290 that won him $175.

10 Word Minimum

1 day, per word	4c
2 days, per word	6c
3 days, per word	8c
4 days, per word	10c
5 days, per word	12c

These rates for consecutive insertion only.

All out-of-town ads received by mail must be cash with order. No exception. "NO-REFUND" on ad stopped after it has appeared in paper.

PHONE 13, 14, 15 OR 16

Our experienced ad taker will receive your ad and help you to word it then our collector will call the following day.

THESE ACCOUNTS ARE "ACCOMMODATION ACCOUNTS" FOR OUR PATRONS AND FOR ONE DAY ONLY.

No advertisements accepted on an "until forbid" order. A specified number of insertions must be given.

We reserve the right to place an advertisement under the proper classification and reject unclean or objectionable copy.

Obituaries and cards of thanks at regular classified advertising rates.

The publishers are not responsible for copy omissions, typographical errors or any unintentional error that may occur further than to correct it next issue after it is brought to their attention. All advertising orders are accepted on this basis only.

The Avalanche-Journal can not be responsible for more than one incorrect insertion of a classified ad. Advertisers should check their ads on first day of publication and immediately notify the Classified Department if any mistakes occur.

Classified Advertising accepted until 4:00 p. m. on week days and Saturdays.

For classified display advertising information—

PHONE 13, 14, 15 OR 16

TO DISCONTINUE AN AD

Notice to Discontinue an Ad must be given after 8 a. m. and before 6 p. m. to some member of the Classified Advertisement Department. We cannot be responsible for notice given before or after these hours, and to members of some other department.

NOTICE TO THE PUBLIC

The Avalanche-Journal is a member of the Association of Newspaper Classified Advertising Managers which includes leading Newspapers throughout the country and has as its aim the elimination of fraudulent and misleading Classified Advertising.

EVERGREEN NURSERIES

Our manager came to the Plains forty years ago. They told him cotton simply could not grow here. You know the story. Nobody knows what will not grow here. Evergreen Nurseries say everything they sell will grow here. It backs that up with a gilt edge guarantee. How to find out? Try it. So anything you buy, whatever the price, 30-40 or 50 cents, must live if it takes five years replacements, so the 30-40 or 50 cents is all you will have to pay. That makes us the most economical nursery in Texas to buy from. Our secret is to plant young. Of course you have to wait a little longer but most of us have more time than money. It is a joy to watch them grow.

BIGGEST DEMAND IN HISTORY
Again Hicks Chicks lead the way to greater poultry profits for you.
A new record has been written into the history of our famous strains.
ACT NOW
Don't delay your chick buying any longer. When you purchase HICKS CHICKS you get chicks that are hatched right, packed right — DEPENDABLE CHICKS. Even though you should have to pay a little more in additional cost to get my dependable chicks they will return to you many times over in extra eggs, extra profit. The small additional first cost and the long run show you a greater profit, where the inferior low grade chicks lose money for you.
Get your share of the poultry profits. Almost a quarter century of scientific breeding for MORE EGGS . . . BIGGER EGGS . . . BIGGER BIRDS offer you an outstanding opportunity for bigger share of these profits.

Poor Handwriting Is Costly, Woman Says

ATLANTIC CITY, N. J., March 21. (U.P.) — Poor handwriting cost American business an estimated $80,000,000 last year, Doris E. Olmy told the National Association of Penmanship Teachers and Supervisors today.

"I defy anyone to read most sales slips that go to the offices of a department store," she said. "In desperation, these stores often employ someone to teach their clerks to make legible forms. Horace Greeley was great, but he would have been much greater if he had been able to read his own handwriting."

There were 5,738 deer, elk, moose, mountain sheep and bear killed in Wyoming during the 1939 big game season.

AIRCRAFTS RESPOND

NEW YORK, March 21 (AP)—A few aircrafts and specialties did virtually all the rallying work in today's stock market.

Plane issues made further response at the start to signs of intensified aerial warfare in Europe which strengthened the belief the Allies would have to place much heavier orders for fighting machines in this country before long.

The earnings picture aided a number of stocks, but leading steels, rails, oils, rubbers and coppers failed to get anywhere throughout the rather apathetic session.

Gains running to a point or so in the forenoon were clipped or cancelled in many cases at the close.

The Associated Press average of 60 stocks was off .1 of a point at 49.6. The day's turnover, 280 issues were up, 260 down and 189 unchanged. Transfers amounted to 578,810 shares compared with 644,130 yesterday.

A deterrent to real activity, brokers said, was the desire of some traders to be out of the market on tomorow's holiday.

Loft, which occasionally puts on a spurt for one reason or another, turned into the day's liveliest performer. It ended with a net advance of 2 points at 31⅞, a record high. Dow Chemical was up 3 on restricted dealings.

Elsewhere fractions were retained by Boeing, United Aircraft, Glenn Martin, Bendix, Eastern Air Lines, General Motors, yMontgomery Ward, United Drug, and Sears Roebuck.

Unchanged to off a shade were U. S. Steel, Bethlehem, Chrysler, Douglas Aircraft, Sperry, Westinghouse, Union Carbide, U. S. Rubber, Anaconda, American Telephone, Southern Pacific and Standard Oil of N. J.

Bonds and foreign securities markets were a bit ragged.

The range of prices in the curb was narrow. Volume here was around 140,000 shares against 177,000 the day before.

Injured Man Is Given Penitentiary Term

ST. LOUIS, March 21. (AP)—Allen K. Selin, injured in the wreck of an automobile attempting to escape from state police, was sentenced in federal court today to eight years in prison for interstate transportation of $18,000 worth of stolen jewelry.

Fully recovered from his injuries, suffered Feb. 8, Selin, 46-year-old former convict of Minneapolis, appeared before District Judge John Caskie Collet and pleaded guilty of the charge.

He also pleaded guilty to a conspiracy charge and was given a concurrent term of two years i nprison.

The stolen jewelry, taken in the robbery of a salesman near Dallas, Tex., Feb. 7, was found in the wrecked automobile.

Two other men were slightly injured in the crash, but they escaped from an ambulance enroute to a hospital.

Assitant District Attorney David M. Robinson told Judge Collet that Selin, under the alias of Frank Olson, served 10 years in an Iowa penitentiary for the robbery of a bank in Orange City, Iowa, in 1923.

NEW YORK REPORT

NEW YORK, March 21 (AP)—The approaching Easter holiday fostered an attitude of caution in cotton futures trading today. The tendency was to await congressional action on the agricultural appropriations bill.

Prices kept generally on the top side in a narrow market although they tended to slip from a fully steady opening. Support from Bombay and Liverpool was about sufficient to maintain an even keel against pressure of New Orleans and professional liquidation and final prices were 3 points lower to 5 higher.

The market met fairly brisk foreign buying at the outset but toward noon overseas support diminished and near months drifted lower. Contracts in new crop months were scarce, however, and quotations in those deliveries were higher throughout the day.

Routine business in Worth street textiles failed to offer leadership. Liverpool futures lost early gains influenced by indications of intensified warfare in Europe and closed with declines of 2 to 6 "Liverpool" points.

Cotton exports yesterday totaled 11,528 bales, bringing the season's figure to date 5,303,371. Port receipts were 6,712; port stocks 2,908,715.

AVERAGE PRICE

NEW ORLEANS, March 21 (AP) — The average price of middling 15-16ths-inch cotton today at ten sothern spot markets was 3 points lower at 10.54 cents a pound; average for the past thirty market days 10.74 cents a pound. Middling ⅞ths-inch average 10.36 cents.

Hotel Clerk Slain As Assailant Is Nabbed

LONG BEACH, Calif., March 21 (AP)—The night clerk of the swank Pacific Coast club was shot and killed today and the man who police say was the assailant was captured by five other employes after a terrific battle.

Harry Dale, 48, died almost instantly. Jailed for investigation is Theodore Alphonse Girmschied, 27, who told Detective Lieut. C. C. Carstensen that he is a former Milwaukee policeman.

Girmschied said he frequented the club in an attempt to keep from his bride of two weeks the knowledge that he was unemployed. He said he was a former employe of the club.

Dice were said to have been used in Greece about 1244 B. C.

CHICAGO REPORT

CHICAGO, March 21 (AP)—Wheat prices were up as much as ¾ cent at one stage today to the best levels since late in February but all of this gain was lost later as the market closed lower under pressure of profits taking and hedges.

Nervous price fluctuations characterized the session. There was a fractional advance at the start due to renewed purchasing based on European developments but this was lost quickly. After mid-session the market bulged again and May wheat reached 11.06½. In the final hour, however, selling increased and the close was ⅛ to ⅜ lower than yesterday, with May at $1.05⅞@1.05¾, and July $1.03⅞@1.03¾.

Diminished corn marketings and higher prices for actual grain reflecting the tightening up of supplies due to the loan program steadied that market. Corn closed unchanged to ⅛ up, May 56⅝@56⅞, July 57½; oats ⅛ lower; rye ⅛ off to ⅛ up and lard unchanged to 3 lower.

FORT WORTH REPORT

FORT WORTH, March 21 (AP)—Moderate demand for grain continued here Thursday.

Wheat—No. 1 soft red winter nominally 1.12-1.13 ½; No. 1 hard 1.06-1-10 ½.

Aged Man Dies After Entering County Home

SHAWNEE, Okla., March 21. (AP)—"Uncle John" Ferguson, 104, died last night, four days after entering the county home to which he had vigorously refused to go for the past eight years.

Ferguson, a bachelor, lived with the Pottawatomie Indians for 40 years after coming here from Texas in 1870. He retired to a log cabin at the south edge of the city in 1920.

While firends made many offers to help him, "Uncle John" scornfully refused charity. A few years ago, he agreed to accept an old age pension but he resisted bitterly attempts to take him to the county home.

Last Saturday, after he had been weakened by influenza, authorities took him to the home.

Wyoming's seven state fish hatcheries produced more than 9,000,000 game fish for streams and lakes in 1939.

Lubbock Working To Get 50 Conventions

Editors and other members of the Panhandle Press association have been asked to help Lubbock reach its goal of 50 conventions during its Golden Jubilee celebration next year.

Letters were sent to all members explaining the goal Lubbock has set for 1941 and asking them to hold their next year's convention here. This year's convention is to be held in Amarillo April 12 and 13.

A Lubbock delegation, including representatives of the chamber of commerce, will attend the Amarillo meeting.

Enrollment Of Schools Climbs

At the close of the sixth month of school, total enrollment for the Lubbock Public schools showed another gain, this time of 82 students, bringing the total population of the schools to 7,159. At the conclusion of the sixth month last year the enrollment was 6,824.

Totals for the school year 1939-40 by months show the steady increase, as follows: first month, 6,080; second month, 6,381; third month, 6,597; fourth month, 6,832; fifth month, 7,072.

On this report Dr. W. B. Irvin, superintendent, has included the total enrollment of Lubbock's newest schools, Roscoe Wilson and George R. Bean, to include transfers from other schools in the state. Wilson school has 285 and Bean 319. Other schools in the system with their enrollment are: Senior High School, 1,391; Junior High, 1,449; K. Carter, 751; Dupre, 805; Hunt, 781; Central Ward, 709; Sanders, 448; Southwest Ward, 25; Guadalupe, 267; Dunbar, 515. Eleven students from Wilson and seven from Bean can be included in the total.

Total number of teachers in the Lubbock system is 202.

Probe Of Foreign Buying Of Planes May Lead To First-Class Sensation

By BRUCE CATTON
Avalanche Washington Correspondent

WASHINGTON, March 21 — A first-class sensation is very likely to develop out of the coming congressional investigations into French and British purchases of the U. S. military planes.

Here are the ingredients, as visible in the capital today:

1. A brand-new military plane, only recently considered too "secret" to be sold abroad, is going to go to the French in large numbers. The U. S. Army, incidentally, has not yet begun to get delivery on this plane.

2. The French and British are about to spend a billion on airplanes, although existence of a "bottleneck" in production has just been admitted by Assistant Secretary of War Johnson.

3. Many army and navy officers strongly oppose the sales but are overruled. Deals are arranged via the White House. The army and navy, it is reliably reported, do not now know what planes will next be sold abroad.

4. A hush-hush veil of secrecy has hidden the entire affair for over a year.

An interesting case is that of the Curtiss P-40 pursuit ship. A year ago War Department spokesmen told a Senate committee that this ship, above all others, must not be sold abroad. Today that ship has been released for sale to the French.

Minus Secret Accessories

Technically, it is not the P-40, it is to be sold minus all of its secret accessories, and in that condition is officially known as the 81-A; but it is the same plane, and it is being sold abroad before the U. S. Army, for which it was designed, has been able to get production on it.

Now it is the secrecy under which the release of this plane was arranged, the fact that the White House can—and, according to reliable report did exercise the presidential power as commander-in-chief to overrule any army and navy protests, and the abandonment of the old policy of keeping all new planes and weapons exclusively for U. S. use until the army and navy are thoroughly stocked with them, which has both congressional and military circles badly worried.

The allied purchasers are known to be anxious to get two particular pets of U. S. military aviation—the famous bomb-sight, which is the most prized military secret on earth today, and the Bell Aircobra, powerful rear-engined pursuit ship. Some army officers and congressmen are afraid that these two may follow the Curtis fighter over the gangplank to Europe.

Gives Strength To U. S.

Meanwhile, the furore over the sales is having the unexpected effect of giving support to a move to put the U. S. government into the airplane manufacturing business.

About one year ago Senator Lister Hill of Alabama introduced a bill which would establish a government airplane factory as a "yardstick" for production costs, set up a research laboratory, and put the government into mass production of planes in case of war.

Now Senator Hill is getting action. He has been named chairman of a special subcommittee to ings on this bill, and w already been called. The believes he can get ac session; and if the big chases are shown to be S. re-armament, he ex

Even Their Name Is Part of Strange Clan's 300-Year Mystery

Maryland Wesorts "Different" People

* * * * * * * * *

By JOHN GROVER
Associated Press Feature Service

LA PLATA, Md. Mar. 21 Southern Maryland's Wesorts are a living mystery—a racial group that has lost its identity, its history, its traditions and its language. And their name is an enigma.

County officials say there are from 750 to 3,000 Wesorts in Charles, Prince George's and St. Mary's counties.

Tobacco-belt folklore ascribes the name "Wesort" to this people's attempt to maintain identity of Indian blood in the white and Negro

Dotted here and there in America are Lost Tribes that have escaped the melting pot influence. They live in communities, some of them quite sizeable, where generation after generation grows up different in some important way from their neighbors. This is the first of six weekly articles in which the (AP) Feature Service will introduce you to some of America's Lost Tribes.

racial tides that have swept over Maryland in the 300 years since its settlement.

Badge For Centuries

"We sort of people is different," has been their racial badge through the centuries. They have come to be known simply as "We-sorts."

Certain it is their present name cannot stem philologically from Potopac, Piscataway and Zekiah, the tribal names indigenous to southern Maryland.

The Wesorts have retained nothing of tribal culture. They claim to be of Indian origin, but have lost even memory of Indian customs in three centuries of illiteracy and acceptance of the culture of the white farming community.

Their children now attend schools, but for generations they remained aloofly illiterate, denied admittance to white schools, and refusing to attend negro schools they now are compelled to. They have very largely refrained from intermarriage with white or Negro stocks.

Statistics put them in a separate classification. "Colored — Wesort is the general term applied on marriage licenses and birth certificates in the three counties.

These people are predominantly Catholic. It is known that Father Andrew White established his most successful missions early in colonial times in the region around Potopaco—a name since Anglicized to Port Tobacco. That the Wesorts have remained devoutly Catholic seems indicative that their ancestors were among Father White's converts.

In appearance, Wesorts bear out their claim to Indian blood. Their complexions generally are coppery to olive. Straight hair predominates in the scattered clansmen. They have high cheekbones and the men exhibit the scant beards common to North American Indians.

Their present customs and culture are indistinguishable from their white and black neighbors. They are known as able hunters and guides, but this is not unusual in a countryside full of hunters and fishermen. Ninety per cent of them are farmers, farm laborers or domestic servants.

They are still fiercely clannish, and the farm laborers will not hire out where they are expected to mingle with negro help. Although a large number of whites and negroes in the area are on relief, the Charles county relief office has not a single record of a Wesort who sought public aid.

The Wesorts, almost to a man, are registered as Republicans in this area which is predominantly Democratic.

Their names are almost all Anglo-Saxon in origin—Swann, Procter, Thompson, Linkins, and the like, but this is not significant as Indian converts early adopted Anglo-Saxon names.

This is the sum total of knowledge about the Wesorts—the tribe which lost identity, history and tradition in 300 years since the Lords Baltimore took over Maryland, maintaining only a prideful consciousness that "we sorts" is different.

Next week: An American colony as Irish as Erin.

Five of the seven children of a typical Wesort family coming home from the negro school they attend, reluctantly.

Art Institute Plans Exhibit

The Texas Technological college Art institute will sponsor an eighth annual competitive exhibition, in which painters of the South Plains are to participate, from April 1 to April 25.

One or two paintings, in any medium, may be entered by each artist.

$1 Entrance Fee

Any painter, professional or amateur, who is not a member of the Art institute may submit pictures upon payment of $1 entrance fee. Members of the Art institute may submit pictures without payment of fees. Entry blanks must be filled out before opening day of the exhibition.

Paintings are to be delivered to F. A. Kleinschmidt, head professor or architecture and allied arts at Tech and director of the Art institute, before April 1. They may be taken to room 207 of the engineering building.

First prize of $10 and second prize of $5 and three honorable mentions will be awarded.

When Poisons Slow KIDNEYS and Irritate Bladder

Go to your druggist today and get this safe, harmless diuretic and stimulant—ask for Gold Medal Haarlem Oil Capsules and start at once to flush out waste matter—irritating acids and poisons thru kidneys.

That's a quick and effective way to help bring about more healthy kidney activity and relieve that bladder irritation with its scanty passage with smarting and burning as well as restless nights.

Remember the kidneys often need flushing as well as the bowels, and some symptoms of kidney weakness may be: getting up often during the night — puffy eyes — backache — shifting pains.

ESSAY ON UNREST

HAVE you ever walked down a Lubbock street on Dollar Day, Saturday afternoon or perhaps yesterday and wondered why everyone in the South Plains was in town? Have you thought: My goodness, why don't some of these people go home? Well Miss Hadena Hester, who works across the street from us, has and we have and that's why we liked this essay she brought us which is taken from the little magazine "It's Said and Done."

• • •

"What's the matter with the world is this: It seems no one knows enough to SIT DOWN AND KEEP STILL. Everybody's got to "go somewhere" or "say something."

"Let's go riding." "Let's go skating." "Let's go over to Jersey." "Let's go on a picnic." Let's go over to Aunt Tillie." "Let's go pick flowers." Let's go . . ."

"Now if everybody would sit down for a while, nine tenths of the world's troubles would solve themselves! That's all there is to this message."

Not a bad idea, is it?

FIREPROOF CLOTHES

WOMEN'S clothing is to blame for about 1,600 American women burning to death annually. These victims of feminine dress fashions are listed by the statistical bureau of the Metropolitan Life Insurance company.

"It would seem by this time," the bulletin states, "that people would have learned how to use matches safely and how to smoke without endangering their lives and the lives of others."

Yet, in this study, matches and cigarettes hold third place as the cause of setting fatal fires to women's clothing. Stoves, furnaces and grates rank first and inflammable liquids second. The liquids are both those used for cleaning textiles and for starting fires in stoves.

Chemists have begun to provide fire-proofing for flimsy fabrics, and this seems to be the best hope of the future for cutting down dress fire fatalities.

Class Attends Tea At Hereford Home

First Baptist Homemakers class attended a tea in the home of Mrs. O. E. Hereford Wednesday afternoon. This social honored members of groups one, five and six who won in a recent class contest.

The table was centered with arrangement of snapdragons and sweetpeas over a lace cloth. Spring flowers were arranged about the room. Mesdames M. D. Watkins and Ray Grace presided at the silver service. Coffee, cookies and sandwiches were served.

Mrs. A. E. Jones read and Mrs. Hereford played piano selections. Thirty-five guests attended the tea.

Talks Are Given By Guest Speakers

Officers were elected for next year by two parent-teacher associations in meetings Thursday afternoon. Another P-TA met for a musical program.

Dupre P-TA met at the Asbury Methodist church at 3 o'clock with more than 100 persons present. The Mothers' chorus under the direction of Mrs. Carl Scoggin sang two numbers.

Dr. Agnes True, curriculum director of the Lubbock Public schools and member of Texas Technological college faculty, talked on "Home and School Programs as Factors in Child Health."

Officers for the coming year were nominated and elected as follows: president, Mrs. E. M. Barnett (re-election); vice president, Mrs. C. W. Tatum (re-election); secretary, Mrs. Harvey Austin; treasurer, Mrs. H. D. Stanley (re-election).

Delegates Named

The following were elected as delegates to the district convention of parents and teachers to be April 11 and 12 in Lamesa: Mesdames Mark Allen, A. D. Denton, T. B. Duggan, C. E. Moreman, R. E. L. Pattillo, P. H. Laverty, A. D. Montgomery, Tatum, Barnett, F. G. Campbell, L. B. Cooper, J. L. Holt, G. H. Nelson, J. A. Peel, Bert Pinson, L. L. Miller and Clay Anderson.

Miss Claudine Cook's room won the prize with 19 mothers present.

An election of officers featured the George R. Bean P.-T.A. meeting at the school. Those elected were:

President, Mrs. Russell S. Hardin; vice president, Mrs. K. L. Bonds; secretary, Mrs. P. P. Cates; treasurer, Mrs. W. R. Dean; chairman of room mothers, Mrs. H. L. Burgess.

A program was presented by pupils from rooms taught by Mrs. Birdie Lee Liles and Misses Dimple Watson and Ardath Byrd. Dr. W. B. Irvin, superintendent of Lubbock Public schools, lectured.

Mesdames George R. Spradlin and Hardin were elected delegates to the Fourteenth district parent-teacher meeting in Lamesa.

Forty persons were present.

Fifty teachers and patrons attended a meeting of the Roscoe Wilson P.-T.A. at 3:15 o'clock.

Pupils from Mrs. Martha Davis' fifth grade room presented a choral reading.

Mrs. Ross Ayers, teacher of journalism at Senior High school, talked on the use of radios in the schoolroom.

Mrs. L. D. Thomas presided for a business session at which Mrs. O. A. Terry was elected secretary. Most mothers present were those whose children are taught by Mrs. Davis.

Breakfast Is Given Thursday Morning

Approximately 50 women attended a "come-as-you-are" breakfast Thursday morning at the Asbury Methodist church given by the young women's circle. A committee called for the guests and those who did not attend were fined.

Breakfast tables were decorated with jonquils and baskets of Easter eggs.

National Girl Scout Staff Executive Is Conducting Training Course Here

Miss Katherine Shankland, member of the national Girl Scout field staff, of New York city and training advisor for region nine, is in Lubbock meeting with leaders, members of the council and those interested in scout work to plan spring activities.

A 10 o'clock meeting morning, a luncheon at one o'clock and an afternoon session were included in the activities during Thursday. The visitor will meet with troops and leaders today.

She plans to attend the regional conference in Amarillo, April 18, 19 and 20. The leaders training camp will be in Dallas the following week.

Region nine consists of Texas, Oklahoma, New Mexico and Arizona. Miss Shankland is one of the two workers who conduct training courses and assist councils in planning their work in these four states.

"Since 1934 an increase of 96 per cent in the number of Girl Scouts in region nine has been realized, she said. There are 18,178 girls doing Scout work at the present time, with the majority in Texas. There are 26 executive councils in Texas and the newest one is in Pecos. Panhandle and South Plains towns with councils are Amarillo, Pampa, Lubbock and Lamesa.

Miss Shankland would like for Lubbock to plan a year's activities of work at the council meetings each year and present them as publicity for the troops. She also will assist them in planning a training course in May when the council and committee goals will be announced.

The advisor has just recently joined Girl Scout staff. She is a native of New York and is a trained recreational worker. She served as a social worker in several children's settlements in New York and Ohio.

Mr. And Mrs. Corbin Honored With Shower

Mr. and Mrs. Clifford Corbin were honored with a shower Wednesday at the home of Mr. and Mrs. C. H. Tisdel, 2517 Twenty-sixth street. Games of forty-two were played and coffee and cocoa served to the following guests:

Messrs. and Mesdames Bert Herring, O. B. Williams, Frank Heldt, M. F. Dagley, J. L. Dagley, John Hughes, Walter Davis, Charles Danforth, V. C. King, C. H. King, V. C. King, jr., U. V. Dagley, A. L. Adair, Ray Corbin, Mrs. Mae Franklin; Misses Ernestine Pharr and Mildred Lane; Messrs. Ed Haley and Gerald Corbin and Mr. and Mrs. J. A. Dagley of Plainview. Gifts were sent by several persons who were unable to attend.

Jane Wilson Weds Charles Bucy

Miss Jane Wilson, daughter of Mr. and Mrs. Maple Wilson, and Charles Lewis Bucy, son of Mrs. E. F. Bucy, of Rising Star, were married Thursday morning at 10 o'clock in the home of the bride's parents at 2409 Broadway. Dr. J. M. Lewis, pastor of the First Presbyterian church, read the single ring ceremony, in the presence of members of the families of the bride and bridegroom and a few friends, before an altar of Easter lilies and southern smilax.

Mrs. Marlin R. Smith, who was the bride's first music teacher, played Shubert's Serenade before the ceremony, the Lohengrin wedding march and To A Wild Rose during the ceremony.

The brdie, given in marriage by her father, wore a dress of heavenly blue jersey with grapewine accessories and a corsage of gardenias.

Reception Is Held

A reception was held after the ceremony. A three-tiered wedding cake, decorated with a miniature bride and bridegroom wreathed with lilies of the valley, centered a table laid with a hand-drawn cloth made by the bride's grandmother.

After a short wedding trip the couple will be at home in Lubbock. The bride is a graduate of Stephens college where she was a member of Eta Upsilon Gamma sorority and is at present a senior student of Texas Technological college and a member of Sans Souci club. The bridegroom attended Rice university and is now a senior student at Texas Technological college. He is the president of the Wrangler's club.

Members of the immediate family attending the wedding were: Mrs. L. G. Wilson, grandmother of the bride; Mrs. Ethel Sanford, Plainview; Mr. and Mrs. W. O. Kimmell, Wichita Falls; Mrs. Grace Tyler, Miss Betty Jean Tyler; Miss Marguerite Sivells and Gene Sivells, Lubbock.

Election Of Officers Held By Needle Club

A luncheon was held at 1 o'clock at the home of Mrs. A. C. Coyne, 2316 Twentieth street, for members of the Betsy Ross Needle club Thursday afternoon. The Easter motif was carried out.

Officers for the coming year were elected. They are: president, Mrs. Everett Rabun; vice-president, Mrs. C. W. Trippe; secretary-treasurer, Mrs. Coyne and reporter, Mrs. George Sawyer. Mrs. C. W. Wall was a new member and Mesdames Fred Rogers and J. G. Barclay were visitors. The next meeting will be April 4 with Mrs. Cheaney.

TWA Authorities Visit In City

A giant skyliner of the Transcontinental and Western Air, Inc., set down at Lubbock Municipal airport shortly after 11:30 o'clock Thursday morning when on a second exploratory flight.

The transport plane was on a good will and survey flight of two air routes the airline hopes to open in Texas this year.

Headed by T. B. Wilson of Kansas City, TWA board chairman, the plane-load of officials and newspapermen stopped only briefly here and continued onto Amarillo several minutes later. The plane came here from Fort Worth where an overnight stop was made.

Those Aboard Plane

J. T. Graves, Kansas City, sales manager; Theon Wright, news bureau manager; Virgil Cory, news bureau; C. W. Dayhoff of Los Angeles, TWA publicity manager; James Wulpi, inter-line manager; Bill Potts, Star-Telegram, Fort Worth; Dick Martin, Globe-News, Amarillo; Major Alton Parker, pilot; R. T. Louly, co-pilot and Miss Olga Harbough, chief hostess of TWA's eastern division, accompanied Wilson on the flight.

They were greeted at the airport by Mayor Carl Slaton, President Clifford B. Jones of Texas Tech, C. E. Maedgen, chairman of the Lubbock Chamber of Commerce aviation committee; Chas. A. Guy, Avalanche-Journal editor; A. B. Davis, manager of the Lubbock Chamber of Commerce; City Manager W. H. Rodgers, A. F. Holt, Lubbock airport board; Lee Hubby and Vernon Herndon, Lubbock and Hilton hotel managers and a host of other citizens, who conferred with the visitors briefly and inspected the huge ship.

Amarillean Also Here

Vernon Gunn of Amarillo, district TWA traffic representative, also met the officials at the airport here and continued the flight with them to Amarillo. He came to Lubbock Wednesday.

The two routes TWA seeks in Texas would provide cross-Texas service. One would run from Amarillo through Lubbock, Abilene, Austin and Houston. The other would service Lubbock, Abilene, Fort Worth and Dallas.

"We feel there is room for another air service to help the development of Texas without hurting any other line already here," Wilson said. "Our figures show there is heavy travel between California and Texas in tourists and because this state is the oil business center of the world."

Plan Pioneering Program

Wilson said the airline hopes to conduct an extensive program in pioneering the two routes if applications filed with the Civil Aeronautics Authority are approved. TWA and Braniff Airways, which is seeking a similar new Texas route, will have combined hearing before CAA on April 15.

Braniff is seeking a route to cover Amarillo, Lubbock, Big Spring, San Angelo and Austin as well as another route to Denver, Colo. Don Shomberg of Amarillo, district traffic representative of Braniff, was a visitor in Lubbock Wednesday regarding the application.

In September, 1939, American Airlines, which also has an application in for a route through Lubbock, set down a plane-load of officials at Municipal airport and spent several hours here before continuing onto Albuquerque, N. M.

HEDY'S NEW HAIR-DO—Hedy Lamarr, credited with introducing the famous, and faddish, shoulder-length bob, has had her famous tresses cut for the starring role in her next picture, and hair stylists are wondering whether women who followed her example once will do it again. This is Hedy and her new coiffure, still parted in the center, but with a soft wave apparent.

McCallister Rites To Be Held At Lovington

Last rites for Wesley McCallister, 63, who operated one of the early automobile agencies in Lubbock, will be conducted in the Methodist church of Lovington, N. M., his home city, this afternoon at 2 o'clock, New Mexico time.

Mr. McCallister died in a local sanitarium Wednesday afternoon after a long illness. He had been here nine days.

The family moved from Lubbock many years ago to Lovington, where he was owner of much real estate and was extensively interested in ranch and oil properties.

The body is to be taken to Lovington by Rix Funeral home, which has charge of funeral arrangements, and will lie in state at the church from 10 a. m. until the hour of the services. Rev. Z. B. Moon will officiate at the services. Burial will be in Lovington cemetery.

Surviving are his widow; a son, Vaughn McCallister of Lovington; a daughter-in-law, Mrs. Blanche McCallister of Lovington; a sister, Mrs. James Garrison of Parmi, Ill., and a brother, Gibert McCallister of Launee, Ill.

Toothaches May Be Eliminated

By ALTON L. BLAKESLEE
Associated Press Staff Writer

BALTIMORE, March 21. (AP)—A Rockefeller . . a Mellon . . some philanthropist with millions . . and dentistry might halt toothaches within a generation.

Strangely, one lead for such research is fluorine in drinking water. . . .

"With research funds donated by some Rockefeller or Mellon, we might find the cause of dental aries (tooth decay) in a generation or two," Dr. Arthur H. Merritt, American dental association president, here for dentistry's centenary celebration, said today.

"Research so far (the association is spending $70,000 this year) has produced some clues," Dr. Merritt said.

One was the discovery that teeth became mottled and discolered in certain communities where small quantities of fluorine were found in the drinking water.

"These mottled teeth were not nearly so susceptible to decay. It is possible to put measured amounts of fluorine in drinking water, not enough to discolor the teeth, but enough to halt decay? At least, we have some kind of clue there.

"A great opportunity awaits some philanthropist to do for dentistry what the Rockefeller foundation has done so generously for medicine. Creation of such a dental research program would be one of the greatest steps taken in public health in a century.

HELP KIDNEYS PASS 3 PINTS A DAY

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Kidneys remove excess acids and poisonous waste from your blood. They help most people pass about 3 pints a day.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

It's The Same, Old Worry

ONE of the components of human nature is that those who are older will fret about those who are younger.

It doubtless has been so since the time of Adam and doubtless will be so as long as mankind survives. Yet human history has been, over the span of thousands of years, that each generation seldom has been worse and usually has been a little better than the one just older.

Therefore, there should be no inclination to be disturbed because of the remark attributed to President Rufus B. von KleinSmid of the University of Southern California the other day that present day students are "headed straight for the devil." Although granting that Dr. von KleinSmid is one of the outstanding educators of his time and is the head of one of the world's great universities, allowance must be made for his 65 years in evaluating his alarm.

Without question it is true that today's student generation enjoys privileges which were unknown to those that have gone before. But for the most part, they are privileges which are of a constructive and not a destructive nature.

If we think of such things as the automobile, the radio and the motion picture as tending to make the younger generation more independent of the home environment than was the case not many years ago, it does not necessarily mean that the home ties have been weakened. It merely means that the modern life has enabled the family—the whole family—to escape the restrictions which would cause the typical homes of 50 years ago to seem like prisons if people of today had to live in them.

If the modern life has given the young generation more independence than it ever has enjoyed before, then those of middle-age and their elders also enjoy a greater independence, and in most homes, the young, the middle-aged and the old share their new-found freedom together.

Of course, it is desirable that the elders shall worry about those who are younger. Things will have come to a sorry pass, indeed, if there ever should be a time when the oldsters care so little about the youngsters that they won't be concerned for them.

But just the same, we doubt whether Dr. von KleinSmid worries any more, or has greater cause for worry, about students of today than did his grandparents about the generation of his own youth.

Sauce For The Gander, Too

JUST one rejoinder seems appropriate to a remark by British War Secretary Oliver Stanley during a luncheon address in London a few days ago. He took cognizance of criticisms in neutral countries—and in Great Britain—of the manner in which the Allies have prosecuted their war by saying: "We intend to fight in our own way and not in their way."

Let it be granted that it is the privilege of Great Britain and of France to fight the war in their own way.

But it also should be understood that if the repeated and obvious blunders of the British—particularly of the Chamberlain cabinet—plunge the empire into defeat, then they are going to have to get out in their own way. They should never have the slightest encouragement in the belief to which they still cling that if they get into trouble beyond their depth, Uncle Sam will be there to pull them out.

With Our Contemporaries

"It was neither gout, rheumatiz nor corns that kept A. C. Kincaid limping around for several days," J. C. Smyth reports in Snyder's Scurry County Times. "It was a little yellowjacket. When the big dry goods man stepped into his house shoes one morning recently he painfully discovered that a wasp had beat his feet to one of the shoes. Four or five stings were inflicted before he flung the shoe and wasp aside."

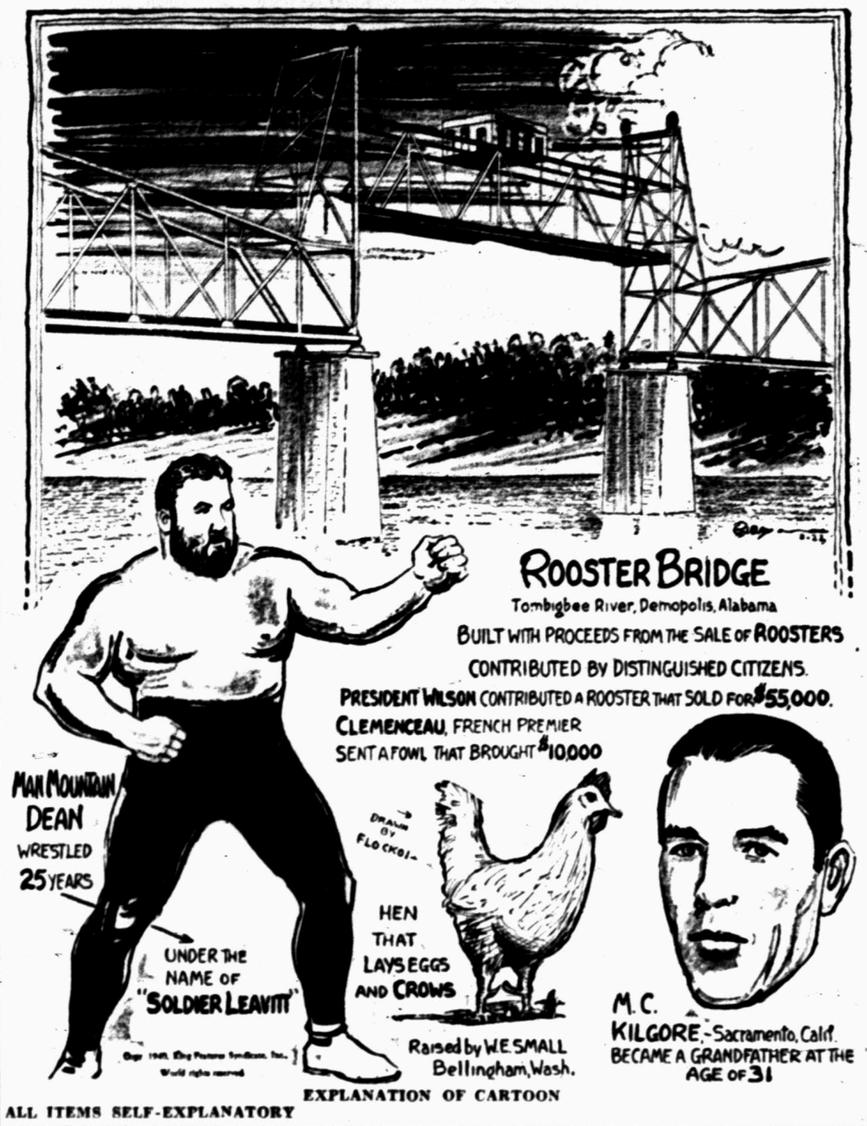

The One-Minute Sermon

The Lord our God be with us, as he was with our fathers: let him not leave us, nor forsake us:

That he may incline our hearts into him, to walk in all his ways, and to keep his commandments, and his statutes, and his judgments, which he commanded our fathers.

And let these my words, wherewith I have made supplication before the Lord, be nigh unto the Lord our God day and night, that he maintain the cause of his servant, and the cause of his people Israel at all times, as the matter shall require.—I. Kings 8; 57 through 59.

YESTERDAY: Florabelle's party turns out to be a drinking affair with three men in an apartment. Ann is sorry that she came. Steve Claybourne is nice, but Ann is not even cordial. She wishes she had never come.

CHAPTER XIV

Steve eyed Ann's drink. "Are you hardy enough for that kind of stuff?" he asked.

"I graduated from grape juice several years ago."

Ann was still bluffing. To make any kind of scene only meant that she would focus the attention of the party upon herself and, more than anything else, she wanted to remain in the background.

She sat down and the fun waxed fast and furious. Already Clara's tone had reached a high pitch. She shrieked with laughter. The dignified Florabelle was in a corner with her friend, Clancy. He was noisy, she shrill.

Ann wandered through the little hall and into the bathroom. She dumped half the contents of her glass into the lavatory and returned to the party.

Jake met her, putting his arm around her waist. She slipped out of his embrace and went back to her chair. Jake seated himself on the arm, leaning over her.

"'Bout ready for another li'l drink?" he purred.

"I still have some."

"Like it?"

"Well enough."

He threw back his head and roared. "Hard to please. That's the way I like 'em."

There was a discreet tap on the door and a waiter was admitted. He brought menus and stood by, pencil and pad in hand, while the guests quarreled loudly over a choice of food. The waiter looked definitely bored.

"What'll you have, peachy pie?" Jake asked, turning to Ann.

"Oysters on the half shell," she said glibly. "Horseradish sauce. Breast of turkey with a slice of baked ham and mushrooms—cauliflower in cream—no potatoes—lettuce hearts with Roquefort dressing and—let me see—meringue glace and coffee—black." She handed her menu to the waiter and he bowed.

Clara, who had been wildly muddling blinked. "I — I'll take the same," she giggled. Steve looked at Ann curiously. It ended with five repeats of her order.

• • •

Steve went to Ann. "I want to talk to you," he said.

She raised her eyebrows and he pulled a chair beside her. Jake yelled, "Hey—that's my girl," but Steve paid no attention. Jake sat down and pulled Clara to his lap. She laid her head on his shoulder like a drowsy kitten.

"What are you doing here, Ann?" Steve asked.

"Killing an evening. What are you doing?"

"You tell me! Do you like this sort of thing?"

"Do you?"

"Must you always answer my questions with more questions?" His indifference had changed to lively interest.

She smiled demurely. "It's a conversational tactic employed by those who do not wish to appear too obvious."

How could she get away? An open break, she knew, would be unsuccessful. The men were in no mood to have their entertainment come to an abrupt end. Schemes flitted in the back of her mind.

Steve drained his glass. The pupils of his eyes were slightly dilated, his face was flushed.

"You're clever as they come," he said. "Where did you pick up your line?"

"From Pete."

"Pete?"

"My father."

Steve laughed. "I'd like to meet that fella. He must be somebody."

"He was. He lived by his wits."

"And his little daughter is following in his footsteps."

She shrugged, twisting her glass. It was going to take all the wits she possessed to get out of this situation. The evening had only begun. There was no doubt that it would progress to new heights.

At this point Jake stood up dizzily, dumping Clara to the floor. She set up a howl and he stepped over her.

"Lemme get you another drink," he said to Ann.

"I still have half of this one," she told him. "I'll let you know."

Two waiters came in. They set a table in the center of the room. Dinner was a nightmare of clumsy ribaldry and intimate patter. Toasts were drunk. Florabelle and Clancy exchanged kisses at frequent intervals. Clara unavailingly wailed, "I wish somebody would kiss me." Jake kept an arm around Ann. She scarcely touched her very excellent food.

• • •

They were still at the table when Jake slumped forward. Too many drinks, the warm air and rich food, had done their worst with him.

Ann said, "Steve—Clancy—you'd better do something about Jake."

They pulled him to his limp feet and headed down the hall to the bathroom. Florabelle went to the kitchen in search of bicarbonate of soda. She laughed softly, repeating over and over, "Jake can't take it—Jake can't take it."

Ann sprang to her feet. "Get your things, Clara," she said quickly. "We're getting out of here."

"No—I don't want to go." Clara howled. "I'm having fun—I never had so much fun in my life—"

Ann shook her arm. "Don't be a little fool," she blazed. "You and I are on a spot. Come on—"

Clara jerked her arm free. She stumbled past Ann and into one of the bedrooms, slamming the door behind her. Ann heard the key turn in the lock, she heard Clara muttering, "I won't go—you can't make me—"

She had chosen to lock herself in the room where Ann's hat lay on the bed. Hesitating only briefly, Ann left the apartment. Closing the door softly, she heard Florabelle fuming, "Where in hell do they keep the bicarb?"

Ann fled into an elevator and out of the building, not stopping until she reached the corner. A bus was lumbering down the drive. She had put a 50-cent piece in the pocket of her dress—mad money—she fumbled for it.

Ann let the bus pass. What should she do about Clara? She couldn't leave her. She looked fearfully back at the lighted hotel.

"I can't go back," she thought. "She'll have to take care of herself. I tried—" Suddenly she was startled by the sound of running feet. About to take to her heels, she recognized Steve's voice.

"Wait a minute—here's your hat." He dashed up, breathing hard. "Whew—I'm winded—not so good at running as I used to be." He held out the hat.

"Clara—" Ann said worriedly. "Wouldn't she come?"

"Not a chance. I did my best." He touched her elbow. "That's my car over there. I'll take you home."

"Thanks—the bus is coming."

"Oh, I guess not." His fingers tightened on her elbow.

"Steve, I'd rather go home alone." She was close to angry tears. "I hate all of you."

"All right—I'll buy you a taxi."

"You won't do anything for me." She wriggled to free her arm.

"Please, Ann." He looked so contrite that she ceased wriggling. "I apologize for myself and my friends. Let me drive you home.

Ann could not know that it was the first time he, Claybourne, had pleaded with a girl. He, in his turn, would have been surprised to know her reason for relenting. Riding home with Steve would be the means of saving carfare.

"All right," she said.

His car was long and broad and comfortable. Ann sat in a corner of the deeply cushioned seat, offering nothing. Steve asked for directions and shot through the traffic, dodging between cars, making green lights on the last flicker.

Ann kept silent. So Steve was drunk after all. She'd made another foolish mistake. She set her teeth as they zig-zagged from one curb to the other. When Steve crashed across an intersection against a red light, miraculously missing another car, Ann heard the faint whine of a police siren.

"Steve—the police—" she gasped. What a night. Why hadn't she stayed in the safe confines of Clara's apartment?

The News Behind The News

WASHINGTON
By Ray Tucker

JAMES A. FARLEY has notified emissaries of several rival Democratic candidates that he will enter into no deals in the 1940 Presidential campaign. He will play political solitaire with his cards close to his chest in the hope that Lady Luck will shine on him.

Taking advantage of the growing coolness between the President and the national chairman, two senatorial friends of Burton K. Wheeler recently conferred with Jim. They urged him to form an alliance with the Montana senator, with the idea that future events would decide which man should head the ticket, and which have second place. Mr. Farley then gave his refusal. He also added that he did not expect FDR to run, and told of fother offers for combinations with him in ffirst or second spot. Mr. Garner, Jim explained, had suggested a rather loose union designed principally to prevent a third term, but Farley said he had spurned that arrangement. And he was not, contrary to current report, lining up with Secretary Hull.

This steady stream of important visitors to Jim's office reflects the general recognition of fhis power and popularity withn the party. Almost everybody wasn't the national chairman—and patronage dispenser until recently—on his side. About the only one who seems indifferent to his support is FDR himself.

• • •

ROLE: President Roosevelt's obsession over foreign affairs has absorbed him completely since the Russo-Finnish peace, which spread a deep pall over the White House and State department. Except for 1940 politics, he has cast consideration of domestic problems into the discard.

Two figures on the world horizon—Hitler and Stalin—intrigue him, FDR recently told a delegation of businessmen and politicos. He regards them as the greatest menaces civilization has faced in its history. But always, he pointed out, some man has arisen to repel and destroy such dangerous forces as they embody. While he did not say so specifically, he gave the impression that he regarded himself as the kind of statesman who could handle them and put them in their place when a propitious moment arrives. It has not come yet, he added.

FDR's attitude has convinced some callers that he means to run again so that he can frame and execute an anti-dictatorial policy—a mobilization of all the neutrals and remaining great powers on this continent and elsewhere. But his closest friends, including high State department officials, gather the impression that he thinks he could play this role more effectively as an ex-President—with Mr. Hull as occupant of the White House.

• • •

AROUSED: Friends of the new Hatch act concede that it will require skilful maneuvering to dynamite it out of the House Judiciary committee and into a position where it may become law. Democratic party bosses—Speaker Bankhead, Majority Leader Rayburn and National Chairman Farley—have issued orders that it be suffocated in the sub-chamber. FDR and Vice President Garner are indifferent to its fate.

Chief reliance of the pro-Hatch conspirators lies in the makeup of the Democratic members of the Judiciary Committee, and the support of the GOP-ers on it. Most of the Democrats are anti-New Dealers, and only too willing to embarrass the administration. Despite the amendment restricting corporation campaign contributions to $5,000—a deliberate attempt to win Republican votes against the bill—the latter have promised to go along with the Hatchites. If these two groups stick together—and the Democrats are not bought off by favors in the meantime—the bill will probably reach the floor.

Passage is generally assured if it can get far. The Senate debate, although ludicrous and hypocritical at times, tended to arouse a previously jaded public interest, and the letters are pouring in on behalf of the "clean politics law." It will take a brave man to go on record against it—and there are not enough of them in the lower chamber. In short, the people have arisen against the politicians.

• • •

CONTRAST: The daily strain of the European war has subjected American diplomats abroad to a stern test—and considerable criticism at home and across the water. The controversy now swirling around Ambassador Kennedy's red head only brings to the headlines what every insider has known for some time.

The major indictment accuses diplomats like Mr. Kennedy and Mr. Bullitt at Paris of being too friendly to the powers to which they are accredited. There appears to be some substance for the charge, despite Mr. Kennedy's present view that the Allies have only a 50-50 chance of victory. Mr. Bullitt is known to have advised with the Paris government at the time of the Munich crisis, and to have been severely criticized in the French press. Despite denials, Ambassador Steinhardt at Moscow did have a finger in the Russo-Finnish peace.

The secondary charge revolves around our diplomats' habit of disappearing when trouble starts—at a time when stranded Americans need their aid most. Mr. Bowers quit Spain with the outbreak of hostilities, and one of the first diplomats to leave Helsinki for safer quarters was our minister. Ironically, the much maligned career diplomats—Johnson in China, Grew in Japan, Phillips in Italy—are making a better showing than those whose chief qualifications are their campaign contributions.

• • •

SAFE: Budget Director Smith has quietly eliminated from the census controversy the most practical argument against the plan to inquire into an individual's income.

Certain investigative branches of the government, notably the D. of J., had proposed that they be given access to the reports of whatever aid they might provide in tracing suspicious characters. There was also the suggestion that Henry Morgenthau's Bureau of Internal revenue would utilize the census replies as a check on the regular income tax reports—and thus harass the taxpayers who might have made a mistake.

Both Secretary Morgenthau and Postmaster General Farley, on the advice of the ace detectives—Elmer Irey and "Ki" Aldrich—advised that they had no interest in the census reports, and did not want to see them. So Budget Director Smith ruled that the answers would be used only for the economic information they might supply—not for general snooping.

NEW YORK
By Richard Waldo

THE Congressmen who asked for the investigation of the whole war sales setup did so on promptings of those high army officers who want to avoid a nasty family fight within the War college. The feud between Secretary Woodring and Assistant Secretary Johnson has already sullied the escutcheon, in the opinion of the prestige-conscious War department. Another inning between disputing generals would have been out of line with "esprit." So the disputants assigned their proxies to friends on Capital Hill; politicians can thresh these things out as part of their jobs without revealing differences among army chiefs.

The split among the soldiery is not on the degree of help to be given the Allies, the majority holding with the President that anything short of war is justified by the Anglo-French cause. The issue is purely one of cost to American defense. Getting the last four army appropriation bills out of Congress was like pulling teeth. All Congresses favor a defense second to none—and then proceed to cut appropriation demands by half. Army requests are always based on immediate need—an argument that is deflated in proportion to the production priorities that are turned over to the Allies. As these priorities are surrendered the "emergency" angle of the next appropriations bill will become another cry of "wolf" to the law makers.

The idea is to get the gentlemen handling the money to give the armed forces a mandate on what shall be sold and what kept. To the extent they insist that the U. S. shall retain its priorities, our national defense will hold at par. To the degree that they give the green light on foreign sales; the Congress, as boss, will have to shell out for faster and more costly expansion in the future.

Men Over 40 Are Winning Their Fight To Eliminate Prejudices On Job-Holding

Men over 40 are working out their own solutions.

CHICAGO, March 21—Men over 40 are winning the fight against prejudices barring employment of older men in industry.

That is the report from Chicago's Men Over Forty club, which has passed the experimental phase in a year's operation. With a present membership of 35 to 40, the club has a record of 115 members "graduated" into paid jobs.

"We've broken down, in a measure, the insidious propaganda against hiring the man over 40," declares W. E. Rennolds, president of the Chicago group.

His club is one of 24 operating independently in 24 cities. The clubs are composed of unemployed men over 40 who have banded together to "market" thier services co-operatively.

On Collective Basis

THE clubs are not closely federated, nor is there any central national clearinghouse.

But clubs are informally in touch with one another in these cities: Salem, Brockton, Worcester and Springfield, Mass.; Buffalo, Elmira and Syracuse, N. H.; Portland, Me.; Hartford, Conn.; Tulsa, Okla.; Greenville, N. C.; Savannah, Ga., and Indianapolis, Ind.

Men who have earned $4000 a year or more may join the club.

Each agrees to devote his time to club work. The field of possible employers is laid out. Then the men go calling. Representing they often get head-ma which they could not ob vidually. The employers' surveyed. Often new jobs gested. Report is made b club.

Dewey Answers Vandenberg's Criticism By Announcing Pacific Coast T

Candidate Will Visit Amarillo

NEW YORK, March 21. (U.P.)—Thomas E. Dewey responded inferentially to Senator Arthur H. Vandenberg's criticism of pre-primary campaigning among candidates for the Republican presidential nomination today by arranging a second trip to the Pacific Coast next month.

The district attorney, who visits St. Louis, Chicago and 20 Wisconsin cities next week, will leave here April 14 for a trip to Los Angeles and San Francisco and back during which he will speak seven or eight times in addition to conferring with various Republican leaders.

Neither Dewey nor his campaign co-manager, J. Russell Sprague, would comment directly on the Michigan Republican's statement of yesterday.

To Return In May

Sprague said that Dewey was "so competent an executive that none of his duties is being neglected. Dewey is a candidate for president. People all over the country are demanding the privilege of seeing and hearing him. As a candidate he cannot resist this demand."

The candidate will speak at Oklahoma City April 17, confer with Texas Republican leaders at Amarillo April 18, speak in Albuquerque, N. M., April 19, and address a Republican state convention in California, April 20.

On the way home, Dewey will go to Wichita Kans., for a speech at Friends university, April 29. There he will meet former Governor Alfred M. Landon, the 1936 Republican presidential candidate.

Dewey will speak in Des Moines, Iowa, April 30 and return to New York, via Chicago, May 2.

Gallogly May Appeal To Federal Courts

DALLAS, March 21 (AP)—Richard Gallogly, who thus far hasn't found the "Texas justice" he sought when he fled from a Georgia prison to this state last October, may make a final move to find it in a federal court.

The double life-termer said from his jail cell today he would ask his attorney to institute habeas corpus proceedings in federal court to seek his freedom or prevent his return to Georgia.

Gallogly said he would attempt to invoke the federal law which prohibits the forcing of a plea of guilty under force, threats, promises or intimidation.

He said he pleaded guilty to two murder cases in Georgia on the promise that his companion, then under a death sentence, would receive a commutation and a life term instead. The death penalty was commuted and this companion is now serving a life term.

Forty-One Tech Co-eds Are In Engineering School

Think engineering a profession for men?

Forty-one co-eds at Texas Technological college believe otherwise. They are studying architectural, chemical, civil and textile engineering courses.

Officials of the Engineers' show to be conducted April 12 and 13 studied the engineering roster to obtain a list of feminine enrollees.

One of the co-eds in the engineering division, Josephine Welmaker, is a departmental manager for the show. She is serving with Lee Heatley of Lubbock in that capacity in the architectural engineering department.

Students Listed

Women students in engineering are:

Architectural—Freddie Boswell of Fort Worth, Helen Cantrell and Glynn Anderson of Plainview, Evelyn Ellington of Bledsoe, Miss Welmaker, Agatha Turner, Layuna Cromer, Elizabeth Harper, Kathryn Black, Burline Boynton and Julia Lingle of Lubbock, all seniors; Dorothea Porterfield of Amarillo, Ruth Self of Lamesa, Sammy Louise Statham of Cisco, Sarah Worsham of Sulphur Springs and Margaret Hamilton of Lubbock, juniors; Janie Slay of Albany, Joyce Walker of Levelland, Ireta Robertson of Lockney, Frances Oldham of Crosbyton, Mary Ann McDowell of San Antonio, Jeanne Draper of Memphis, Mary Elizabeth Nabers of Pecos, and Mavis Pendley, Darlene Abel, Juanice Smith and Lucile Brown of Lubbock, sophomores; Dorothy D. Sain of Big Spring, Mary Paxton of Sweetwater, Florence SoRelle of Amarillo, Ruby Cowan of Spur, Edith C. Haddock of Petersburg route 1, Opal Ruth James, Betty K. Hill, Mary Louise Revier of Lubbock, freshmen.

Chemical — Milton Woodall of Duncanville, junior; Sonita Rasi of Pampa, sophomore.

Textile—Marye Ola Walthall of Anton, sophomore; Jane Parris of Amarillo, freshman; Vivian Covington of Sudan.

Civil—Blanche Powell of Iowa Park, junior.

Land To Be Opened For Public Leasing

WASHINGTON, March 21 (AP) — Secretary Ickes today announced he would open approximately 12,000 acres of public domain in Oklahoma and 200 acres in Arkansas on April 1 for prospecting and development of oil and gas resources.

There are about 20 parcels of land involved ranging from 9 acres to 1,375 acres in size.

Bids will be received at the general land office in Washington, D. C.

Louisiana was the nation's chief rice producing state in 1939 with 20,597,000 bushels. Texas was second with 13,988,000 bushels.

SEVERAL INDICTED

DETROIT, March 21 (AP)—A special federal grand jury today indicted 13 organizations and 18 individuals for alleged anti-trust law violations in the electrical contracting business, and charged that agents for an electrical workers' union were paid to hamper work attempted by contractors who refused to join the combination.

Tribunal Begins Contempt Case

ST. LOUIS, March 21. (U.P.)—Hearing of contempt charges against the St. Louis Post-Dispatch and three employes began today after Circuit Judge Thomas J. Rowe, jr., denied permission to the Missouri Press association and the St. Louis Newspaper guild to file briefs as friends of the court.

Before opening arguments on legal points in the case, Circuit Attorney Franklin Miller recommended dismissal of charges against Ben H. Reese, managing editor, since his answer showed he had no control over the newspaper's editorial page.

The charges arose from two editorials and one cartoon published early this month criticizing disposition of extortion charges against John P. Nick, former head of the Motion Picture Operators union, and State Rep. Edward M. (Putty Nose) Brady. Nick was acquitted after a jury failed to agree and charges against Brady were dropped.

Defendants were the Pulitzer Publishing company and Reese, Daniel R. Fitzpatrick, cartoonist, and Ralph Coghlan, editor of the editorial page.

Judge Rowe said he would take Miller's recommendation regarding Reese under consideration and rule on it "at the proper time."

Scorned: $30,000 By Downey Of Ham-And-Egg Notoriety

By SIGRID ARNE
AP Feature Service Writer

WASHINGTON, March 21.—Fred Storm, the handsome newspaperman who followed his friend, Jimmie Roosevelt, to Hollywood, tells a story when he's asked why he cut himself off the lush Hollywood payroll so soon.

His phone rang one day. Sam Goldwyn's excited voice was on the

wire. It said, "Storm. Get right over here. I've got a wonderful idea. Wonderful! But I don't like it."

Some time back Senator Henry Fountain Ashurst, of Arizona, decided to do something about the flood of requests he gets constantly for copies of the speeches he makes. He collected a handful and had them printed at his own expense.

That brought some ribbing from fellow senators. Ashurst polished off the jesting with a reference to Xenophon and Caesar. He pointed out that both were great military leaders, that Xenophon's exploits are known now only to a few scholars, but that every high school child has some idea of Caesar's campaigns.

"You will note the really important difference between the two men," says Ashurst with emphasis. "Caesar wrote his commentaries."

Uncle Sam has a curious set of employes on the payroll for the Philippines. They are a set of water buffaloes which haul loads at a

naval station. A bull, accompanied by a cart, gets 12 cents an hour.

They've evidently been reading the newspapers. They want a raise in pay. Or their owners do. A navy board hearing will take their request under advisement.

The local Finnish story I like best is about the little American electrician who pushed the legation doorbell one day. He explained he couldn't give any money, but would they take his telephone number. He wants to do any electrical repair work they need—for nothing, no pay.

Senator Sheridan Downey, the Senate's new Ham-and-Egger from California, recounts mischievously that one time a genuine court of law decided by implication that he was crazy.

It was some years ago in California. He had taken a case for a family that wished to prove that a rich feminine member was incompetent to handle her money.

So Downey, with one of the woman's brothers, went out to her house to prove to his own satisfaction that she was half-witted. He

got what he thought was quick and certain proof.

She was propped up in bed. On the bed spread was scattered several strings of diamonds and about $30,000 in greenbacks. She immediately offered them to Downey.

So Downey took the case to trial. He felt quite satisfied with the evidence. Just as he began to relax the woman was put on the stand to testify for herself.

She told the story of offering Downey $30,000.

"And what did Mr. Downey do?" asked her lawyer.

"He refused it," said the woman. Then she turned and eyed the Judge. She asked him, "Tell me, your honor. Who really is crazy? Me or Mr. Downey?"

The court decided she was quite competent to handle her own affairs.

Vacancy Hearings Are Scheduled By Giles

AUSTIN, March 21 (AP)—The first of 35 vacancy applications under the state's new "anti-vacancy racketeering" law will be heard by Land Commissioner Bascom Giles March 30 and April 1.

Giles, who announced the hearings yesterday, said seven applications docketed concerned tracts in Gregg, Duval and Pecos counties.

S.S.S. TONIC
must be good
So many people take it
—to increase appetite
—to boost energy

COUNTLESS thousands of men and women can testify to the benefits S.S.S. Tonic has brought them.

The facts are simple because of all conditions effecting the human body a low blood count is most deceptive. If you feel rundown . . . lack a keen appetite . . . have lost weight . . . don't give up until you restore those precious red-blood-cells back to normal.

S.S.S. Tonic may be just what you need to get you on the right road to health and happiness again.

In S.S.S. Tonic you go after the trouble in two ways . . . first you increase the appetite and better your stomach digestion—thus making better use of the food you eat—secondly, thin, weak, watery blood is made rich and red again thus giving you a boost in energy.

Try S.S.S. which any drug store can supply and no ethical dealer will suggest a substitute. The big 20 oz. size is a two week's treatment and represents a saving in the purchase price. © S.S.S. Co.

Legion Contests Are Scheduled

The music room of Senior High school has been chosen as the scene Saturday night at 8 o'clock of the fifth division American Legion oratorical contest, according to information given Thursday by Dr. W. B. Irvin, city school superintendent.

Participants eligible to participate, he added, are the winners in elimination contests in the 16th, 17th, 18th, 19th and 21st congressional districts, all in West Texas. Chas. Whitacre of Lubbock, 18th district commander, will preside.

National Contest

D. M. Howell of the Senior High school faculty will serve as chairman of the committee of judges, Dr. Irvin said. Names of district contest representatives have not yet been received, he added.

Each contestant, according to the announcement, will deliver a prepared oration of 10 minutes on a subject relating to the preservation of Americanism. Each then will deliver an extemporaneous oration of four minutes on some phase of the same subject.

The winner will qualify to compete in state finals to be held in Austin March 30. All of the contests are preliminary to the eventual selection of a national champion carrying with it substantial cash awards.

Teeing Off With Bullet Backfires

PASADENA, Cal., March 21 (U.P.)—James R. Pharies, 26, has been practising a novel sport, invented by himself. It consisted of "teeing" a 22-caliber cartridge off a tuft of grass with a golf club. If the club hit the primer and the cartridge exploded it was a good shot.

The bullets were aimed at a garden wall. But when his wife, for the first time, took a shot with a mashie, the cartridge backfired and the bullet entered her calf. Police advised Pharies to do his teeing hereafter with a golf ball.

Today Is Deadline To Get On City Ballots

Those who wish their names printed on the ballot as candidates for city office at the election April 2 must file not later than today, city officials reminded Thursday.

If there has been any general interest in the approaching election, observers declared, no evidence of it has reached the city hall.

Thus far there has been no indication of opposition to the candidacies of Mayor Carl E. Slaton and Commissioner W. G. McMillan for re-election to second terms, nor to the candidacy of Garland Newsom, young business man, for the place from which Commissioner J. A. Fortenberry will retire.

An almost equal lack of interest has been shown in the elections of trustees for Lubbock Independent school district on April 6. Next Wednesday will be deadline for filings by those who wish their names to appear on the ballot as candidates, officials announced.

Positions to be filled are the three-year terms now held by E. J. Parsons, W. G. Alderson and R. F. Bayless, who have announced for reelection.

Texas Federal Court Ruling Is Affirmed

NEW ORLEANS, March 21 (U.P.)—The fifth U. S. circuit court of appeals, upholding judgment of a Texas federal district court, yesterday ruled Mrs. Eugenia Dimotsis and her two children were owners of two blocks of property in Corpus Christi, Texas.

The judgment was against George Strates and J. L. Dimotsis, administrators of the estate. Mrs. Dimotsis had accused them of attempting to get title to the property.

The court, affirming the Southern Texas federal court decision, awarded C. M. Meyners of Harris county $12,000 from the Southern Steamship company. Meyners lost his left foot in an accident at the company's Houston, Texas, docks on April 27, 1936.

STAYED AT HOME

NEW PHILADELPHIA, O., March 21 (AP)—Mrs. Anna Mary Swonger charged in a divorce petition that her husband refused to permit her to attend church because he feared she would admire other women's clothes and want new clothing herself.

Historic Role Has Been Played By Old Buckboard

By CLARK RENFROE
West Texas Museum Assistant

In the north wing of the West Texas museum is an object that brings back memories of the early days in the South Plains to all those visitors who came to this region before the advent of the automobile.

It is a buckboard wagon, the "family sedan," "sport coupe" and general "jack of all transportation" which was part of the equipment of almost any average farm family of 30 years ago.

The buckboard was a light spring wagon with detachable seat and side boards. Riding in one of them was like riding a freight train. Although the buckboard has not been given the publicity of the "prairie schooners" it probably had more to do with the actual process of civilizing the west . . . at least with the later and less spectacular processes of building and planting.

All Parts Interesting

Each part of the buckboard had its own peculiar interest to children of the early part of the century. The tongue lying with the far end resting on the ground provided a convenient "tight rope" to walk upon. The end of the coupling pole extending from the back of the wagon provided endless amusement for children who delighted to sit astride it and dream dreams of Indians and brave cowboys.

The buckboard is also associated with memories of camp-meetings, picnics, monthly trips to town, various small hauling chores and best of all racing the big bay team against the neighbors team, a trick that has caused many a youngster of 'teen age to be chastised with a razor strap or the reins of a horse.

The spring seat played its part in the social life of the younger generation. A portable love seat, it was often found on Sunday mornings in a secluded spot with a view just when father was giving up the idea of driving to church. The springs under the seat made it as intriguing to children as an old bed spring.

Had One Advantage

The buckboard had one advantage over today's automobiles. No matter how large the family it could always be jammed into this kind of conveyance. The parents would ride on the spring seat with the youngest of the brood squealing to hold the reins. Just back of the spring seat rode the oldest daughters of the more decorous members of the family group on stiff bouncing chairs and just below these rode the rest of the children, who along with the dogs, made the family complete. Usually in the center under the watchful eye of an older sister was the tub containing the lunch: a dressed chicken, potato salad, a chocolate cake and usually a jar of home made pickles. Some families used to make a refreshment concession of their buckboard and underneath the shade of some picnic-ground tree might make enough money selling ice cream and lemonade to make a payment on the old homestead.

During protracted camp meetings the buckboard became a home for the family and a meeting place for friends. Quilts spread on the floor provided ample bedroom space for children weary with too much sitting on hard seats and running around under the "brush arbor."

Sank In Mid-Stream

But the most important use of the buckboard was for the infrequent trips to town for supplies and a taste of "bright lights." Sometimes the trip took two or three days and this meant nights spent in a wagon yard. Several families might go in a caravan and have quite a celebration, the men and boys scattering in all directions to absorb the glitter of the country town while the woman and children remained at the wagon yard and waited.

Buckboards were easily convertible and provided as many problems to mechanically minded boys as does today's flivver. The bed could be taken off and the running gear used for carrying lumber or racing. The wheels could be taken off and the bed used as a sled. One man even tried to calk the seam between the boards and use the bed for a boat but this experiment proved a failure. The improvised boat reached the center of the stream and quietly sank.

School Play Delayed After Electrocution

GERONIMO, Okla., March 21 (U.P.) A school play, "Three Days of Grace," today was postponed indefinitely because a school official who was working on an electrical prop for the play was electrocuted accidentally three days before the scheduled presentation.

Ray T. Prough, 36, superintendent of Geronimo schools, was attempting to adjust a toy electric train transformer to an automobile horn for the junior-senior class play. Apparently he got the wiring mixed and when he attached it to a 110-volt line he was electrocuted, authorities said.

The play was to have been presented Friday. Prough's wife and two small daughters survive.
