Along The Waterfront

Weekly winners of Sea Gun's fishing contest were J. D. Bramlett of Curo, Texas, with his eight pound eight ounce redfish caught in Cedar Bayou; Mrs. M. F. Campbell of Dallas in the women's division with a two pound four ounce sheepshead caught in St. Charles Bay, and in the youth division Johnny Johnson with his 12½ pound drum caught in Aransas Bay.

Fishing charters operating out of Sea Gun marina on Friday and Saturday brought back good catches of trout. Hugh Davis of Andrews, Texas, fishing with Capt. Jimmy Warrach in San Antonio Bay, brought back 49 trout and a redfish that weighed six pounds 12 ounces. Mr. Moore, fishing with Capt. Danny Adams in Aransas Bay, brought back 52 trout. Mr. Ingle, fishing with Capt. Al Hagy in St. Charles Bay, brought in 34 trout on Sunday.

All the bays surrounding Sea Gun have a heavy population of trout, according to all reports and as soon as the winds subside to some degree, there are a lot of fishermen eager to prove this true.

ALCOA To Abandon Shipping Terminal

The Aluminum Company of America has notified the Aransas County Navigation District that ALCOA no longer needs the use of the bauxite shipping terminal at Harbor Island.

When ALCOA asked the Navigation District what the company's obligations would be in returning the terminal, the Navigation Board stated that the cluster pilings would not present any hazard and would not need to be removed. It was decided that ALCOA will remove the existing canister mooring buoys.

The next item of business at the recent meeting of the Board of Navigation and Canal Commissioners of Aransas County Navigation District No. 1 was:

A request by Mr. and Mrs. Herbert Deason, operators of the Del Camino Motel, for improvements in the area in front of their motel. The Board referred to land disputes along Little Bay and stated that at the present time permission could not be given to anyone to construct improvements due to the boundary investigation now in progress.

Next, Jack Followell appeared before the Board to discuss locating a "Kiddy Park" behind the miniature golf course. He presented drawings of his equipment and explained that he would like to make the park a permanent establishment.

The Board agreed to grant Followell a five-year lease at \$50 per month for the first two years subject to renegotiation (continued on page 8)

High School Students To See Science Show

General Motors science show, Previews of Progress, will be presented at Aransas County High School from 1:30 to 2:30 p.m., Monday, April 25.

Dick Poole of the GM public relations staff will narrate a 45-minute presentation. Highlights will include "liquid sunshine" powering a portable radio; a small platform sliding across the floor on a thin layer of air, and a "misbehaving suitcase" illustrating principles used in modern guidance systems.

County to Buy Weather Scope

The Commissioners Court has decided to purchase a weather scope for the Aransas County Airport. The cost will be \$135.

In other actions at the county commissioners meeting this week, the court:

—Heard a letter read from the secretary of the County Judges and Commissioners Association requesting a contribution of \$25. Voted to deny the request.

—Approved monthly reports of fees collected by County Clerk W. E. Beasley, Sheriff Joe Earl Hunt, Justices of the Peace G. D. Johnson and H. W. Hampton, and Constables Dowell King and G. G. Gilson.

—Permitted Attorney Lola L. Bonner to present an application to discontinue, abandon, vacate and close a portion of a street between Lot 6 in Block 438 and Lot 1 in Block 439 of the Manning Addition. Heard Chester Johnson express opposition to the closing of the above described road. The commissioners took the application under consideration.

Present at the meeting were County Judge John D. Wendell, Commissioners W. B. Allen, Raymond Owens and Albert Wofford, and County Clerk Beasley.

County Three-Month Balance \$444,679

At the end of the first quarter of 1966, the fund balance of Aransas county was \$444,679.77, according to the financial report of County Auditor R. D. Mosier.

The cash balance of the various individual funds, plus time deposits in all but three instances, was as follows at the end of March:

General fund: Cash balance \$65,438.59, plus time deposits of \$92,000, for fund balance of \$157,438.59;

Road and bridge fund: Cash balance \$31,033.22, no time deposits, fund balance \$31,033.22;

Fund totals: Cash balance \$144,629.77, time deposits \$300,050, fund balance \$444,679.77.

Under "bond and warrant indebtedness," Mosier reported courthouse and jail bonds, dated Dec. 15, 1955, at \$125,000, and library time warrants, dated Oct. 14, 1963, for a total of \$168,000.

Under "securities owned," he listed \$148,000 in the airport special No. 1 fund.

NEED BALL PLAYERS

The Merchants Baseball team will hold practice at Merchants Field Thursday and Friday at 5 p.m. Anyone wishing to join the team is invited to come.

GOSPEL TALKS AT VFW BLDG.

Gospel Bible talks will be presented at the VFW building Friday night at 8 p.m. and Sunday nights at 7:30 p.m. Herman Shields and Charles Campbell will talk.

Dr. Elliot Is Reelected School Board President

Dr. H. F. Elliot has been reelected president of the School Board of the Aransas County Independent School District for another one-year term.

Also reelected at the School Board's meeting this week were James B. Jackson, vice president, and Shelley P. Roaten, secretary. Ottie Mundine was appointed secretary pro tem.

In other action the School Board:

—Awarded a contract to the Chas. T. Picton Lumber Company for \$20,385 (low bid) for construction of a general metals shop in which a new vocational course will be offered for the first time.

—Voted to enter into data processing system with the Steck Company of Austin in which IBM machines in the Steck office will be used on a rental basis.

This service will take school tax office data and transfer it to IBM cards which will be utilized to prepare the tax roll with all necessary computations.

The IBM service will prepare the tax notice, tax receipt, auditor's copy and all essential information will be provided. Supt. of Schools J. D. Gray explained that the work will be done at a minimum cost and "actually result in a savings to the school district."

He pointed out that the total number of tax statements has

Passes Produce Too Many Small Shrimp to Count

So many small brown shrimp are entering the bays that biologists of the Texas Parks and Wildlife Department are unable to devote the time required to count the numbers taken in one sample. They have had to start breaking the sample down and count only representative portions.

Eddie Bradley, marine biologist for the department, is taking as many as 25,000 post-larval brown shrimp in every sample. These samples are taken as the young shrimp enter the bays through the passes from the Gulf.

Nursery grounds, where the young shrimp can go to live and grow for the next eight to ten weeks, are in excellent condition. E. G. Simmons, coastal supervisor for the Department in this area, reports that an abundance of food is available for the young shrimp and that salinities have been held down by winter and early spring rains.

"At the present time," Simmons said, "all the data seems to indicate that we are approaching a banner season in the production of brown shrimp, the best in many years."

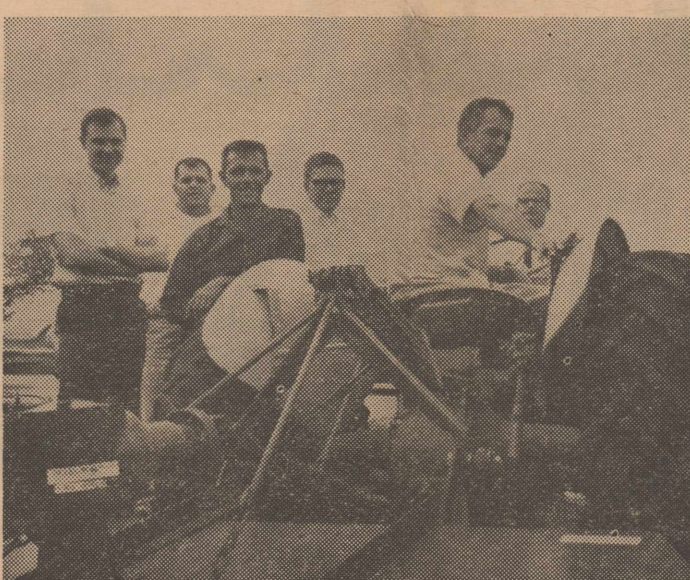

Young shrimp grow rapidly during the time they are in the nursery area and continue to do so during their migration from the bays back to the Gulf. Bradley's samples however, tend to verify the theory, recently advanced by federal biologists, that the post-larval shrimp do not grow during their migration into the bays. Only after they reach the nursery ground does their growing period start.

Voters In County Total Over 2,000

Now that the April 5 elections are over and Mrs. Margaret Weber, Aransas County Tax Assessor-Collector, and her hard working clerks have had time to tally all the poll tax receipts, certificates of voter registration, and exemptions, the total number of qualified voters in the county is 2034.

Mrs. Weber said 1648 persons paid their poll tax, 322 obtained certificates of voter registration, and there were 64 exemptions.

JAYCEES READY FOR CLEANUP —

Junior Chamber of Commerce members (from left to right) Ron Hill, Charles Smith, Jim Ebel, Gene Howland and Bob Morrison will take part in a cleanup of vacant lots Saturday, April 16.

National Book Week April 17 Through 23

National Book Week will be observed April 17 through 23. Following the Governor's Conference and the Texas Library Association Conference in March, great hopes are held that an informed and enthusiastic group will avail themselves of the opportunity to visit the Aransas County Library especially during this week.

For those who are already using the Library and for one reason or another have failed to return long-overdue books, one week is being granted in which these books may be returned without paying the fine.

If people have been putting off donating a new book to the library either as a gift or a memorial, now is a good time to do it. Also the suggestion was made at the TLA Conference that individuals give at least one book to a child or young adult as a method of encouragement to reading and accumulating books for a personal library.

1913 Fire Truck Going to Bishop

The 1913 Ford fire truck which the Rockport Volunteer Fire Department keeps in top-flight condition, including the ability to run, will be on display in Bishop on Sunday, April 17.

The occasion will be the meeting of the South Central, 6th District Fire Departments. In the competitive events, Rockport will enter a fire racing team.

Plans for Rockport's participation are being completed by Dick Fox, president of the volunteer department, and the members.

At the last meeting of the department on April 7, Fox called the meeting to order, roll call and collection of dues followed, and after this was the reading of minutes of the previous meeting and the paying of bills.

The members voted to attempt to get a new emergency vehicle for the department. Refreshments consisted of cakes baked by Mrs. Joyce Hill and Miss Doris Hill.

Get Safety Stickers By Friday Midnight

Chief of Police Bob Hewes reminds local motorists that midnight Friday, April 15 is the deadline for having 1966 auto safety inspection stickers affixed to their cars. Fines up to \$200 can be imposed for failing to do this. The Auto Safety Center and Rockport Auto Supply are authorized to inspect cars and issue stickers.

TAMALE SALE ON SATURDAY

There will be a tamale sale at the new Sacred Heart Parish Hall on Saturday, April 16 from 10 a.m. until all the tamales are sold. Please phone in your orders early. Deliveries will be made on orders of three dozen or more. Call SO 4-6290, SO 4-6175 or SO 4-6172.

Jaycees to Clean Up Messy Vacant Lots

The newly organized Rockport Junior Chamber of Commerce is wasting no time in lining up worthwhile projects for the benefit of this community.

The first project of the 25 Jaycees, according to president Gene Cannon, will be to clean up unsightly vacant lots on Saturday, April 16.

The Jaycees will begin their work at 1 p.m. and will remove debris and clutter from those lots throughout the city which need cleaning up.

Cannon said membership in the Jaycees is open to young men between 21 and 36 who are interested in developing their own abilities as well as performing needed services in this area. The club meets the first and third Tuesday of every month in the Rockport Chamber of Commerce building at 7:30 p.m.

Police Report 45 March Violations

In his monthly police report to the mayor and city council, Chief of Police Bob Hewes reported 45 law violations for March.

Heading the list were 12 cases of no driver's license. Other violations were: Improper parking, 2; failure to control speed, 1; careless driving, 6; running stop sign, 2; following too close, 1;

No motor vehicle inspection sticker, 2; allowing unlicensed person to operate a motor vehicle, 2; failure to yield right of way, 2; improper turn, 1; expired license plates, 1; no license on trailer, 1; and going wrong on one-way street, 1.

Hewes also reported six instances of intoxication; 1, disturbing the peace; and 4 juvenile cases: Two for forgery and passing a forged check, and 2 for run-away. One juvenile was transported to the Juvenile Home at Gainsville.

Auto License Fees Exceed Last Year's

Although only three months and 14 days have elapsed in 1966, the total amount of money collected so far this year by Aransas county for license plates for autos and commercial vehicles exceeds the total collected during all of 1965.

Mrs. Margaret Weber, County Tax Assessor-Collector, reported that \$62,303.41 had been collected so far this year compared to \$62,142.93 for the entire year of 1965.

A total of 2788 passenger cars and 702 commercial vehicles have been licensed this year.

THREE RURAL TRAFFIC WRECKS IN MARCH

There were three rural traffic wrecks in Aransas county in March, according to a report released by Capt. Herbert Weeks, Texas Highway Patrol, Region III, Corpus Christi. Only one person was injured, and the property damage totaled \$2250.

Mayor Hiller Sworn In; Workshops to be Held

Newly-elected Mayor Delmar R. Hiller has conducted his first city council meeting and from all indications he is going to institute some new procedures.

For one thing, he wants to keep himself and all aldermen well posted—in advance—on all matters coming before them at city council meetings.

To help accomplish this, he

has announced that he intends to hold a workshop session every Thursday afternoon preceding a regular Monday night council meeting.

"The workshop sessions," he said, "will be held at 4 p.m. at the City Hall. I will appreciate the attendance of all aldermen so that all of us will be familiarized with upcoming business."

At this week's council meet-

ing, retiring Mayor Hollis Collum welcomed the visitors, the mayor-elect, and the aldermen-elect. He then asked Judge G. D. Johnson to administer the oath of office to the new city officers.

Judge Johnson administered the oath of office to Hiller, to N. C. Vandagriff, the newly elected alderman from Ward 1, and to Ernest Harrist, who was re-elected as alderman from Ward 2.

Mayor Collum then congratulated his successor and welcomed Hiller to take his place at the council table and take charge of the meeting.

Hiller's first act was to ask Rev. Cecil Lang, Jr., minister at the First Presbyterian Church, to offer a prayer for guidance of the new city council.

The mayor then recommended that Ernest Harrist be appointed mayor pro-tem. The council voted to do so.

Hiller next read a letter from Lawrence Miller applying for appointment as city corporation court judge. The mayor recommended that G. D. Johnson be re-appointed city corporation court judge.

Alderman N. F. Jackson moved that Johnson be appointed, and the motion was seconded by Harrist. In the voting, Jackson, Harrist and Garrett voted in favor of Johnson. Vandagriff voted against the motion.

Mayor Hiller administered the oath of office to City Corporation Court G. D. Johnson.

The next action was the re-appointment of City Tax Assessor-Collector Herman C. Johnson as Civil Defense Director for Rockport. The aldermen voted unanimously in favor of Johnson.

In the appointment of members to the City Park Board, the aldermen agreed to name Tom Rogers, Charles Roe, Jr., and Joe Valdez, Jr. for terms to run until April 1968.

In the matter of the city purchasing gasoline, the following bids were received: Gulf Oil Corp., \$0.1294 per gallon; Humble Oil & Refining Co., \$0.14; Mobil Oil Co., \$0.1295. The aldermen voted to award the contract to Mobil.

The council next set up a meeting with the planning commission, the council and William Anderson, professional city planner from Corpus Christi, to be held at 4 p.m., Monday, April 18.

At this point, Mayor Hiller presented the plat of property owned by William Bloch showing the proposed dedication of Enterprise Blvd., and asked for discussion.

After lengthy discussion, the aldermen voted to have the city approve a 60-foot street right-of-way with 40 feet of pavement.

Jim O'Connor of Texas Water Wells arrived and a discussion of city water wells began with the mayor asking O'Connor for a progress report.

O'Connor said the new well was producing 100 gallons per minute and that he would like for the council to authorize his firm to continue on location No. 16 by pumping and treating with chemicals, thereby attempting to increase the gallons per minute. He also requested permission to move to location No. 18.

After much discussion, Alderman Garrett moved that Director of Public Works Tom Shults be authorized to direct Texas Water Wells, Inc., to move to location No. 17 and they be directed to furnish the council a progress report on this location at the next regular meeting April 25. Alderman Jackson seconded, and the motion carried.

The mayor then read a letter from the Chamber of Commerce thanking the City of Rockport for making the Chamber property tax exempt because of its non-profit status.

Water Safety Committee To Meet In Austin

Pursuant to HSR 357, 59th Legislature, the five member Recreational Water Safety Committee composed of Ben Atwell, chairman, Dallas; Otha Birkner, Bay City; James D. Cole, Greenville; Henry Fletcher, Lockhart; Leroy J. Wieting, Portland, will meet in the House of Representatives, Austin, Texas at 10 o'clock a.m., April 20, 1966.

Interested parties are invited to appear and testify concerning any of the subjects listed below or related subjects.

Texas Water Safety Act, (revision). Boating Accident Reports. Creation of Water Safety Commissioner and Director of Water Safety.

Safety Precautions for Skiing and Skin Diving. Registration of all Boats. Fees (registration, inspection, use).

Boat safety inspection and licensing. Priority use of public waters. Control, supervision and policing of public waters.

Enforcement of Water Safety Act. Financing. Tourism. Facility construction. Pollution of public waters. Reciprocity.

Water safety in general: a. Equipment. b. Speed laws. c. Careless operation. d. Overloading. All other.

The meeting will be a public hearing and open to the press and all interested parties. All witnesses will be heard and a specific time may be reserved by contacting the chairmen.

Burleigh Formal Opening Friday

The formal opening of Burleigh Appliance Service at 805 Liberty (across the street from Dairy Whip) will be held all day Friday, April 15.

Every guest will be welcomed with coffee and hot doughnuts and will be given a free ticket for a 5 p.m. drawing for a free electric dryer.

Henry Burleigh, owner of the new store, has operated a similar service for years, concentrating on service and especially 24-hour service when possible.

In charge of the Rockport store will be Mrs. Ethel Woodard who explains that "good, fast service will be our specialty here, as it is in Aransas Pass."

She also points out that the store will sell washers, dryers, refrigerators, freezers, dishwashers, air conditioners and ranges, and that "special prices will be in effect during our opening."

ROTARIANS HEAR RULE CHANGES

Proposed changes in bylaws governing Rotary clubs to be considered at the Rotary International convention at Denver in June were discussed yesterday noon by Eugene White at the weekly luncheon meeting of the Rockport club.

Visiting Rotarians were J. A. Simpson, Racine, Wis.; Tom Dean, San Antonio; Charlie Mills, Aransas Pass; and Bob Wallace, Corpus Christi.

Wolf Hunters To Hold Bench Show

The South Texas Wolf Hunters Association will hold its spring bench show and directors meeting Saturday, April 16 in Aransas Pass. The event will be sponsored by the Aransas Pass Lions Club.

The directors meeting will be held at 4 p.m. in the Rattan Room at Little Bob's Cafe. At 6 p.m. the Lions Club will hold a fish fry for all hunters and their families. The bench show will begin at 8 p.m. at Panther Stadium.

Entry fees are \$2, and for puppies, \$1. Membership charge is \$2.

J. F. Talbert of Corpus Christi will be the judge. Lester "Buster" Reidel of Weasatche, Texas, will be ringmaster. Those desiring to make motel reservations are to contact O. F. Poling, P. O. Box 1263, Aransas Pass.

The president of the association is Jack Crews of Karnes City, and secretary is Ely Hayden of Alice.

Pirates Honored By Quarterback Club

The 1965-66 Pirates, greatest basketball team in the history of Aransas County High School, was honored by the Aransas County Quarterback Club Monday night with a banquet in the Sandollar Motel Studio Club.

Following invocation by Richard McMakin, one of the players, the boys pitched in and did a good job of making a lot of fine steaks disappear in a hurry.

After the dinner, Athletic Director and Basketball Coach Dave Segler introduced Dickie Ballou, co-captain of the Quarterback Club, who welcomed the 73 persons present, including the players, their guests, the coaches and their wives, the trainers, members of the Quarterback Club and other guests. Ballou praised the team for the great record achieved during the past season.

Ballou also thanked the Fulton and Rockport Lions Clubs and the Rockport Rotary Club for helping to finance the banquet.

Johnnie Kuehn, another player, gave the response, thanking the Quarterback Club for the fine banquet and expressing appreciation for the support given the team all during the season.

Segler then reviewed the season, discussed basketball in general and predicted the 1966-67 Pirates will make a good showing "if we can replace Rusty Kline and Jerry Hill who are graduating."

The coach then gave recognition to the Pirates' tri-captains, Kline, Hill and Thomas Lewis, and praised Lewis and Kline for making the all-district team and David Nava for honorable mention rating. Segler also thanked the Quarterback Club for giving the banquet in honor of the boys, and expressed appreciation to the school administration for its support of the athletic teams and the school board for providing good facilities.

STEWART-WENDELL POST MET TUESDAY

Stewart-Wendell Post 3904 held its regular meeting Tuesday night at the VFW Hall. The meeting was called to order by Commander H. C. Mullinax after the opening prayer by Acting Chaplain Green McGehee.

The monthly quartermaster's report was given by N. C. Vandagriff. Charlie Garrett reported that the committee under his direction had the flag pole for the Cemetery in place and ready for use by the Cemetery Association.

He also reported that the following firms helped in numerous ways in getting the flag pole ready and in place: H. D. Heasley for the material and building of the pole; Rockcrete Products for transportation and setting of the pole; John Beasley Co. for sandblasting and painting, and the Pictons for the concrete used in setting the pole.

Bob Hewes reported that the telephone was installed inside the hall, and the outside telephone would be installed soon.

Commander Mullinax appointed Vernon Kleypas and Carl Lenhart to be on the Buddy Poppy Sale committee along with V. A. Dullye and Bob Hewes.

Mullinax advised that the Girl Scouts were going to pick a Buddy Poppy Girl for the Aransas County area.

Nominations for new officers were opened by Commander Mullinax and 13 persons were nominated for office. The election will be held April 26 at 7:30 p.m. at the VFW Hall. All active members are urged to attend this meeting.

Closing prayer was given by the Acting Chaplain and the meeting adjourned.

Mrs. Melie Edmiston and her committee, Mrs. Alice Ballou and Mrs. Sallie Beasley carried out the Easter theme in the table decoration and refreshments, after lodge.

Trailer Way of Life is Adopted by Many

An unofficial survey of trailer parks in the Rockport-Fulton area has just been completed. The findings were as follows:

—There are 15 trailer parks in this area, including the new one under construction on Highway 35 a mile and a half north of Rockport.

—Total number of parking spaces for trailers of various sizes is 403.

—Located on individual lots in Rockport are 34 trailers and on individual lots outside the city limits are 26 trailers, according to William W. Anderson, professional city planner, Corpus Christi.

If you add up the trailer spaces, occupied or unoccupied, you get the figure 463.

Trailers provide housing for from 1 person to a couple with five or six children.

If a person assumed that every space was occupied by a trailer (which of course is not the case now) and if you guessed that the average occupancy was three persons per trailer, this would mean that a total of 1389 persons lived in trailers in this area.

The trailer survey started just south of the causeway on Highway 35 North.

The first stop was at Oak Lane Mobile Park, 1½ miles south of the causeway. This park extends from Highway 35 to Fulton Beach, and includes a private fishing pier. Mrs. C. W. Cowdrey, formerly of Elkhart, Kans., bought this property and opened it as a trailer park about a year and a half ago. Spaces are available for nine trailers and later there will be from 25 to 30. Each space has a concrete base and concrete patios. Numerous live oaks provide shade. Also there are roofed storage buildings for cars and boats. The charge is \$20 per month per couple, including water and septic tank facilities. An additional \$2 is charged for each additional person.

The next stop was at Dunes Mobile Home Park, three miles north of Rockport on Highway 35 and extending from the highway east to Fulton Beach Road. Owned and operated by Mr. and Mrs. R. M. Hornsby who came here from San Antonio, the Dunes has been in operation five years.

"Situated on a high location overlooking Aransas Bay, the Dunes has its own private, lighted fishing pier and will accommodate any size trailer. It offers concrete patios "ribbons" on which the trailers park and built-in metal bars (tie-downs) to which the four corners of a trailer can be tied down by metal chains.

The park provides storage sheds for every parking space. At present 32 parking spaces are finished and in the future there will be about seven more. The charge is \$20 a month, including water and septic tank facilities.

The third visit was to Taylor Oak Trailer Park at 707 S. Pearl Street in Rockport. This has been owned and operated by E. R. Bennett and son, John, formerly of Dalhart, Texas, for five years.

This park has many large live oak trees which provide good shade. It also provides all city utilities, laundry facilities, boat sheds and garages and a recreation room in which weekly pot luck suppers are held, games are played and movies are shown.

With room for 65 trailers, Taylor Oak charges \$18 or \$20 a month depending on the size of the parking space.

The No. 4 stop was at Mobile Inn Trailer Park in Fulton, two miles north of Rockport and located on Highway 35 north. Offering good sized lots, tile patios, concrete ribbons for the trailers to park on, Mobile Inn also has a swimming pool, screened-in cabanas, a recreation building, lawns, shade trees, street lights and a 12 by 28 foot fishing barge.

Owned and operated for seven years by Mr. and Mrs. Edward G. Woody, formerly of Dallas, the park has private storerooms for the 27 trailers which can be accommodated at a cost of \$20 a month.

Fulton Trailer Park was the fifth to be visited. Owned by J. F. Boldin of Lubbock for 12 years, this park caters mainly to travel trailers not longer than 28 or 30 feet. It has spaces for 40 trailers of this size or smaller, and two spaces for 40-foot trailers.

Located close to the bay, Fulton Trailer Park offers a beautiful view, free water and septic tank facilities and a 600-foot fishing pier. On the

grounds is the 100-year-old Fulton Mansion, once the home of Col. George W. Fulton, cattle baron and founder of Fulton. The trailer park charges \$2 per day, or \$8 per week, or \$28 per month.

Shady Grove Trailer Park at 320 Market Street, Rockport, was the sixth to be contacted. Owned and operated for two years by Mrs. R. B. Sipe and Burl Wagley, this park is managed by Mrs. Aggie Boothby. It has 18 trailer spaces, three cabin apartments and one 4-room house, shower baths, laundry facilities, and a recreation room where such hobbies as craft work, lapidary and shell preparation are pursued.

There also the facilities to clean and refrigerate fish. The charge per month is \$14 for trailers under 40 feet, and \$16 for those over 40 feet in length.

The next stop was at one of the oldest trailer parks in this area, Triple Oak Courts and Trailer Park at the South edge of Rockport. This place has owned and operated for 30 years by D. R. Simmons.

It has 35 trailer spaces available at \$14 a month for two persons, with an additional 50 cents a week for each additional person. There are 77 trees on the grounds and the facilities include a laundry and a public bath house.

The eighth park visited was Wyn-Oaks Trailer Park at 1040 Live Oak Street, opened by Mr. and Mrs. D. C. Wynn last August. With spaces for 19 trailers and for campers, Wyn-Oaks has cement block patios, city sewer, gas and electrical services, and 48 live oak trees for plenty of shade. The charge per month is \$20.

The ninth stop was at Vagabond Homes on Fulton Beach road which is owned by Jesse Davis, formerly of Tulsa, Okla. This place has four trailer and two guest houses which are available for rent. The charge is \$20 a week from September to June, and \$125 a month after June.

Circle Inn Trailer Court, one mile north of Rockport on Highway 35, was stop No. 10. Owned and operated by Mr. and Mrs. Byrl Lanfair, formerly of Calallen, the court has 17 spaces for overnight trailers or units up to 60 feet in

length. It also provides storage space, concrete patios and many shade trees. Charges per month are \$17 and up.

The eleventh park visited was the ABC Trailer Park at Cactus and Fourth in Fulton, owned by H. L. Shirey of Houston and operated by Mrs. G. H. Jones. It has 23 spaces and six apartments, concrete patios, many shade trees, and public showers and restrooms for campers. Trailer spaces are rented for \$14 a month.

The Double M Trailer Ranch, west of Fulton on Highway 35, was stop No. 12. This park has been owned and operated by Mr. and Mrs. Preston McHugh for six years. With seven spaces, the charge is \$18 per couple, plus \$2 per child, plus \$2 for washing machine. It has picnic tables, a barbecue pit, playground equipment and numerous shade trees.

Double M also has many tame squirrels which come down from trees to eat from your hand. A visitor the other day had nothing in his pocket but Chlorets. A squirrel took it, thus assuring that he (or she) had the most fragrant breath of any squirrel in the park.

Stop No. 13 was at the Market Street Trailer Park, also known as Joe's Place. This is owned by Mrs. Stella Anderlitch and has spaces for 22 trailers which rent for \$10 to \$14 a month. It also has a domino hall and shuffleboard courts.

The last trailer park visited was the Edgewater Trailer Court facing the bay, south of the business district, and containing space for five trailers at a rental of \$15 a month.

Trav-Trail-R Inn, now under construction north of Rockport on Highway 35, will offer spaces for 27 over-night trailers, 35 larger units and 18 spaces for campers and tents.

DEADLINE FOR MEDICARE EXTENDED

People over age 65 who did not sign up for medicare before March 31 have been given a little more time, H. M. Cleveland, social security district manager in Corpus Christi announced.

Last week, Congress passed, and the President signed, legislation which extended until May 31 the deadline for enrollment.

About 90 percent of all eligible persons had enrolled for the doctor bill insurance when social security offices closed at midnight March 31, Cleveland said. Some five percent turned down the protection for medical insurance for those age 65 and over. Approximately five percent had not made up their minds either way, or they were not aware of the deadline to sign up.

Older people who have not applied for their medicare benefits should get in touch with their social security office now, Cleveland said.

Also, about 370,000 people of age 72 or older across the nation who may never have worked under social security at all were made eligible for monthly social security benefits of \$35 for a single person and \$52.50 for a couple under a change in a law which was enacted last month. The new payments will begin with the month of October 1966.

Anyone 72 or older who is not receiving a monthly social security or railroad retirement benefit, or some other Federal, State, or local public retirement payment, may be eligible for the special payments.

The social security district office in Corpus Christi is located at 1802 South Staples Street. The telephone number is TULIP 3-5511.

WHERE'S AUTO BUSINESS HEADED?

Announcement that Studebaker cars will no longer be produced, even in Canada, is disheartening and causes one to wonder where the automobile manufacturing business is headed.

When Studebaker moved, in 1963, from South Bend, Ind. to Canada many feared this would not be the answer to the company's problems. Since then sales have declined each year. Last year only about 19,000 were produced, a poor record indeed for the car that was once a common sight on the streets. Of the total production last year about 11,000 were sold in the U. S.

When Studebaker officials said production was being stopped it left only one major independent producer, American Motors.

Once upon a time there were dozens of companies making automobiles but, one by one, they fell by the wayside. Packard was one of the latter models to go.

Are we headed for the time when American cars will be made primarily by the Big Three? And if a fellow happens not to like the products of either, which is his prerogative, he may have to turn to imports. It can't be stated more bluntly than that. It's not a good situation.

Somehow the independents have failed in a selling job, it would seem. Or it may be that the public has felt the cars produced by independents became too standardized or just didn't have the sizzle needed to produce sales.

An independent has a tough job trying to figure out what to produce. If he turns out a radical model, it won't sell, or hasn't in the past. If the models are too conservative they won't be purchased either. The late Studebaker compact was a fine car, with good workmanship, but it didn't catch on.

The automotive industry needs and must have competition. It became what it is today because of rivalry for the dollar. Some way must be found to preserve this competition.

IRS WANTS THOSE TIPS

The extent to which the government, and the Internal Revenue Service in particular, insists upon putting additional work on private enterprise may be found on page two of the 1965 income tax forms over which so many are burning midnight oil these days.

For years IRS has been trying to cash in on tips received by waitresses, bellhops and others, and with very little success, it might be added.

So now IRS has decided to put the burden onto the already stooped shoulders of the businessman, the employer.

The paragraph on page two reads: . . . "cash tips received by an employee on and after Jan. 1, 1966, amounting to \$20 or more in a month, must be reported to the employer on a monthly basis."

This means, as we get it, that Joe Doakes, who spends about 14 hours a day running a hamburger stand down the way, is going to have to take part of his busy time to interrogate his car hops as to how much they get each day in tips? Does it mean that he is going to have to withhold on a flexible scale each week or month? Is so, it's going to work another hardship on Joe and thousands of other employers who run restaurants, service stations and other small businesses.

Sure, tips are income. Sure they should be reported. But it seems the responsibility to collect such taxes is up to the IRS and not the already over-worked businessman who cannot economically set up a special department for the collection of taxes for the government.

We venture to predict that here is another provision of the tax law that isn't going to work. Fact is, we haven't heard a word more about it since the tax forms were delivered along with the Christmas bills.

DOG'S LIFE IN EAST BERLIN

Along the Berlin Wall, on the East German side, there is a trolley wire running parallel with the wall.

To this contraption dogs are leashed. As they trudge up and down the area the leash slides along the wire. The dogs are there to help the soldiers guard against trespassers.

Recently one of the dogs somehow got free and dashed away. Did he head for East Berlin? He did not. He made a dash for West Germany. Guards saw him. Submachine guns fired the dog fell dead.

Even a dog's life isn't so good in East Berlin, it seems. They want to escape, too.

Just as certain as there is a heaven above, if we raised the speed to 100, some darn fool would drive 105 miles per hour.

It is quite noticeable that neither the President nor Lady Bird has said one single word, in the campaign to beautify America, about getting rid of wild onions and crab grass.

Household appliances were so named because a husband has to apply himself to keep 'em working.

There are so many automobiles now one wonders where interviewers manage to find those people they talk to on the man-on-the-street interviews.

EDITOR'S VIEWPOINTS

NO MORE MINK COATS

Only a year ago Manhattan was considered overbuilt and some apartment house landlords were even offering free mink coats to gain tenants. Current reports from New York, however, are that the situation has changed markedly. Rental space in both office buildings and apartments is tight, and rates are rising. Some big corporations are said to be bidding for space in office buildings not yet under construction.—Salt Lake Tribune.

WHOSE FACE IS RED

Pollster Samuel Lubell finds that about one in every five of those whom he has been interviewing on Vietnam objects to a negotiated settlement on the ground that "you can't trust the Communists to keep any agreement." Plenty of evidence in support of this can certainly be cited. However, it might be instructive to ask an American Indian how his country has stacked up when it comes to keeping agreements.—Detroit Free Press.

SOMETHING TO YAP ABOUT

Inhabitants of the Pacific Ocean coral isle of Yap in the Western Carolines are on a cable connection, but apparently they are too busy to read the messages that pass through.

Blissfully uninformed about what's going on in the world, they have petitioned the United Nations Trusteeship Council to release them from the world body's tutelage. The United States is the trustee of the former Japanese possession, and the 7,000 islanders want the U. N. to get out of the picture altogether and leave them to the exclusive mercy of the United States.

This is a switch from the usual colonialist petition, and is surely something for us to yap about.—Philadelphia Bulletin.

FUNDS FOR THE FEW

One of the chief criticisms directed at the War on Poverty is that most of the money goes to professional poverty fighters. Rep. Richard H. Poff (R. Va.) has pointed out that one out of every 19 employees of the Office of Economic Opportunity is paid in excess of \$19,000 a year.

The situation is different in other government agencies. At the Department of Defense, only one employee in 1,000 is paid so much.—Charleston (S.C.) News & Courier.

TO ERR IS HUMAN

When a plumber makes a mistake he charges twice for it. When a lawyer makes a mistake he has a chance to try his case again. When a doctor makes a mistake he buries it. When a judge makes a mistake it becomes the law of the land. When a preacher makes a mistake nobody knows the difference. But when a printer makes a mistake that's unforgivable!—Regina (Sack.) Commonwealth.

FOR THE BIRDS

Officials at a Milwaukee airport are using treated grain in an effort to hold down the gull population that has been endangering aircraft. Gulls apparently are attracted by nearby dump sites and in flight have damaged several planes. One bird was ingested by a jet engine—ruining both gull and engine.

The treated grain being used in the de-populating effort isn't poisonous. It has an inebriating effect that causes gulls to send out distress calls which cause other birds to stay away.

Apparently gulls, like people, prefer to avoid drunks.—Albuquerque (N. M.) Journal.

TV'S TEST TUBES

Those TV tests are multiplying even faster than spy series. First it was driving, then citizenship, then health and now honesty. It nothing sacred? Is one's self-esteem to be consistently battered by less-than-perfect scores in test after test?

Fortunately, ours is not an authoritarian society, and so nobody has to fear losing his operator's license, getting deported or winding up in the hospital or in jail, just for turning in a low TV score. Besides, there'll probably be lots of opportunity for making up exams, come summer return time.

What we're really waiting for, though, is the start of a campaign against being a TV dropout.—Buffalo Evening News.

WHERE WAS YOUR SON?

Mr. and Mrs. John Doe where was your son Monday night? Or Tuesday night? Or right now? Not knowing, unfortunately, is too typical to say, "I just don't know how he went wrong. I just can't do anything with him." Parenthood is a responsibility. This responsibility demands that we administer discipline to our children. Not only are we parents obligated to the law and society, most importantly we are obligated to the child who did not ask to be born.

Psychologists tell us the child comes into the world wanting discipline. They demand it and will do things to get it, for this is a sign of parental care.

So know where your children are! It may save you a lot of grief later.—Huntsville (Ala.) News.

OYSTERS TOP 4,000,000 CROP TOTAL

Galveston.—Oyster meat by the tons for the countless lovers of this marine delicacy.

Regional Texas Parks and Wildlife Department headquarters reported the season just closed in Galveston and Chambers counties probably produced in excess of four million pounds of oysters.

One estimate went as high as 4,300,000 pounds.

Field men reported that shortages in some coastal areas prompted unusual oyster harvest operations in the two Texas counties.

Besides yielding one of the most successful crops in recent times, the oystermen encountered some legal difficulties in their zeal to supply the market.

Robert L. Cross, enforcement chief for the Department with headquarters at La Porte, said approximately 100 cases were filed for infractions of the shellfish harvesting laws.

Oil News

Standard Oil of Texas has scheduled a 12,500-foot Aransas County wildcat 8.5 miles south of Rockport.

Named the No. 1 State Tract 833, the Frio explorer is located 660 feet from the east line of the State Tract.

Union Producing Co. No. 16 Taton, Aransas County Virginia Field test four miles northeast of Lamar, was preparing to log after drilling to 11,118 feet, total depth.

Bill Patman Hits Opponent Hard on Top Campaign Issues

State Senator Bill Patman took the top issues to the people last week in hard-hitting speeches over the district. Patman is seeking reelection from the 18th district in the Democratic Primary, May 7th.

Patman named his fight against 17½% interest rates on bank loans as one of the big issues in the campaign.

"I OPPOSED the special interest bill that that would have saddled farmers, working people, and small businessmen with this scandalously high interest rate," stressed Senator Patman. "My opponent voter FOR the bill three times!"

"Under this bill, a farmer buying a tractor would have to work THREE AND ONE HALF WEEKS extra, just to pay the additional interest charges over a three year period."

"This bill was so bad," charged Patman, "that, according to the Texas Finance Report, in certain circumstances it could have cost a man \$1,000 in interest and charges to get a \$900 loan!"

"The special interests managed to pass this bill, but, fortunately for the people of Texas, Governor Connally agreed with those of us who fought it, and vetoed it as being 'completely unjustified'."

and against the public interest.

"That 17½% bill will be back again next session. May 7th, you decide how your senator will vote."

Another issue Patman mentioned was the three week filibuster staged by his opponent and another senator, to block a government economy bill sponsored by Senator Patman, which could have saved the taxpayers \$8,000,000 every year.

Patman cited newspaper articles calling the filibuster "a farce" and pointed out that the weeks-long filibuster itself (during which the two senators read resolutions and made sly jokes about great historical events) cost taxpayers "\$25,000 a day."

Patman outlined his staunch Senate support of programs to benefit agriculture, especially programs to increase agricultural research which "yields \$10 for every dollar spent."

He also called support of first-class education a battle ground of the campaign.

"Attempts are being made to delude and mislead teachers and parents about the two candidates' records on education," said Senator Patman. "MAKE NO MISTAKE," Patman emphasized; "I have given steadfast support to the

TSTA programs of excellence which were recommended by educators and school boards across the state.

"My opponent, during the last legislative session, FOUGHT THE TSTA BILL, and CO-SPONSORED AND FOUGHT FOR THE ALTERNATE BILL, which, among other things, would have given teachers half the pay raise at twice the cost to local districts."

"My opponent's bill would also have FROZEN TEACHERS' SALARIES for a period of 10 years."

"For the TRUE FACTS, read the current issue of the Texas Outlook, professional educators' magazine, which tells the real story of what went on behind the scenes and cites Bill Patman as 'one of the 11 outstanding friends of education in the Texas Senate.'"

Patman plans to intensify his efforts to get the facts to the people in the closing weeks of the campaign.

"This is an unusual campaign," he pointed out, "in that both candidates HAVE VOTING RECORDS."

"I sincerely believe that a comparison of those records will show Bill Patman to be the independent senator who stands up for the people in Austin."

Letters to the Editor

I address this letter not just to the Editor of The Rockport Pilot but to residents, churches and business places to say that tourists always come back to Rockport. It's a good place to spend your vacation fishing, sight seeing and relaxing.

I agree with the "Iowa Tourist" that the Woman's Club and the VFW go to a lot of work for tourists and I'll say most all enjoy it. We sure do.

I have shopped in most all stores in Rockport and have felt welcome at Roe's, H.E.B., Shoppers' Mart, Morrison Variety Store and Morrisons Sportment Center (where there is cold storage and also a friendly word for all fishermen). The Gulf Station is a good place to stop and a crew that's tops.

Rockport people, don't worry about the one tourist who was not satisfied. There are a dozen to take his place. There are five families from our town who will be back and it will be our seventh trip. We all enjoyed staying at the Surf Courts and thanks to the swell family that runs it.

As far as the dissatisfied "Kansas Tourist" is concerned, he should take a trip to the game refuge and see at first-hand the deer and all there is to see, or go to the Sea Gun and take a boat ride to see whooping cranes and many other birds. A trip to the Sinton antique house is worthwhile.

Now for eating places in Rockport, there are many and all are good for I have tried them all.

Now for the Kansan, if he has a good car and keeps it filled with gas, I could show him a lot of places we have been and we enjoyed them all. Thanks to one and all. We had a wonderful vacation.

"Satisfied Kansans"

Mr. and Mrs. Charles Lancaster and children, of Lake Charles, La. spent the Easter holidays with his mother, Mrs. Minta Lancaster.

tiation for the remaining three years.

Miss Doris Taylor asked permission to open her concession on wheels during the weekends. Permission was granted.

Following this, Mr. and Mrs. J. H. Lester of Beacon Courts appeared in connection with a protest submitted by the Navigation District to the U. S. Army Engineer.

The Board stated that it needed a written acknowledgment stating that a bulkhead and pier as proposed would be on Navigation property and subject to Navigation rules and regulations regarding such matters.

Moving to another matter, the Board said that since there has been some dispute as to dockage, the Commissioners consider it necessary to comply with the rules and regulations governing Rockport and Fulton harbors and other Navigation District property.

To comply with these regulations, all boats under 55 feet will be charged \$10 per month, and boats 55 feet and over in length will be charged \$15 per month.

The final matter of business was granting a salary increase of \$25 per month for Supt. Stephen Atwood which is now in effect.

Mr. and Mrs. Edric Deason announce the marriage of their daughter, Miss Jackie Lynn, to Charles Miller, Saturday night.

Mrs. H. E. White and Vicki were in Houston recently to attend a special program at Lillie Jolly School of Nursing, Baptist Memorial Hospital from Friday through Saturday afternoon.

Vicki plans to attend this school after she gets the necessary credits.

Mr. and Mrs. Wayne Ahr and daughter Kelly of Houston spent the Easter holidays with Mrs. Ahr's parents, Mr. and Mrs. Norvell Jackson.

LIBRARY WEEK IN TEXAS, April 17-23, was proclaimed by Governor John Connally at the statewide Library Conference recently, when he upheld the Conference theme, "Library Excellence: Today's Necessity," as the epitome of the goal and need for Texas libraries. He pointed to plans for 150 Post-Conference meetings to discuss local library problems as evidence of the determination of Texans to study and meet the needs of their libraries. Present for the proclamation signing were Heartsill Young, president, Texas Library Association, Austin; Doran H. Winfrey, Director, Texas State Library, Austin; Miss Elizabeth Karle, State Library consultant headquartered in Abilene who is executive director of Library Week; and Bryan Bradbury, Abilene, state chairman.

Plan Now For GI Education Benefits

Educational benefits under the new GI Bill do not become effective until June 1, but there are at least two matters eligible veterans can take care of now, the Veterans Administration said today.

They can begin the often involved process of being approved for admission to the school of their choice, and they'd better start thinking about supplementing future government checks, VA said.

"Allowances under the bill are only intended to assist veterans financially and in most cases will not cover all the high costs of education today," P. J. Mims, manager of the VA Regional Office in Houston, explained.

"Veterans with no dependents are paid \$100 a month; those with one dependent \$125; and those with two or more dependents \$150," he said. "State supported schools, usually less expensive, suggest a minimum of about \$1,200 a school year."

The VA Manager stated that some private schools cost as much as \$2,000 a school year.

"Veterans planning to go to school under the new GI Bill also should have enough money of their own to pay all entrance fees and room and board for at least a month," Mims said.

A minimum of at least 30 days is needed for administrative processing of enrollments by the school and VA before government checks can start going in the mail, he added.

Veterans who do not have ready resources for getting into school should begin investigating possible loans or part-time employment, Mims suggested.

Admission to colleges and universities is no longer a simple matter of sending in an application, the VA official went on.

"Nearly all of them now require entrance examinations and aptitude tests," Mims said. "Since these tests are only offered a few times a year, veterans should contact their schools now and make arrangements to take the tests."

In selecting educational objectives, veterans may consider practically all colleges and universities, the VA manager said, but avocational or recreational type courses are banned under the new GI Bill. This includes flight training except in institutions where such instruction is credited toward a degree.

"The new GI Bill does not authorize apprentice type training on-the-job or on-the-farm," Mims said.

As soon as application forms to establish eligibility for training under the new GI Bill are available, this information will be publicized.

Mr. and Mrs. Bruce Winkle of Raymondville spent the weekend with Mr. and Mrs. Lloyd Lassiter, Mrs. Georgia Haynes and friends.

The young people of the First Assembly of God Church were entertained with a wiener roast and egg hunt Friday afternoon at roadside park.

New Books At Library

There were 178 new additions to the Aransas County Library shelves during the month of March.

A Tragedy of Errors by Jerry Marcus

Bad driving manners contribute heavily to highway casualties.

BOAT LIGHT USAGE HELD VERY URGENT

Austin. — Authorities are coordinating facilities to properly inform boat operators on proper night lighting in keeping with the new water safety regulations.

They are eager to definitely pattern the lighting system after orthodox methods to avoid confusion and possible tragedy.

"Our purpose," said a spokesman for the Texas Parks and Wildlife Department, "is to interpret rules for the benefit of the boat operators and to help establish maximum safety results."

"If there should be a misunderstanding and confused use of equipment all safeguards will have been nullified. For example, under the accepted code a certain light in a certain place can mean only one thing. If some boater is misled in the darkness of night, disaster might follow."

The spokesman said he had particular reference to the smaller motor boats (classes A and 1) with the bright white light at the rear of the boat, located above all other parts of the boat and designed to show all around the horizon of 360 degrees, and a combined lantern in the fore part and lower than the white light aft, showing green to left or starboard and red to port, each covering 112.5 degrees, and so focused to throw the light from right ahead to two points aft the beam.

Specific lighting regulations for Class 2 and 3 motorboats are:

"A bright white light in the fore part of the vessel as near the stem as practicable, so constructed as to show an unbroken light over an arc of the horizon of twenty (20) points of the compass (22.5 degrees), so fixed as to throw the light ten (10) points on each side of the vessel; namely from right ahead to two (2) points abaft the beam on either side.

"On the starboard side a green light so constructed as to show an unbroken light over an arc of the horizon of ten (10) points of the compass (112.5 degrees), so fixed as to throw the light from right ahead to two (2) points abaft the beam on the port side. The said side lights shall be fitted with in-board screens of sufficient length so set as to prevent these lights from being seen across the bow.

"Every white light prescribed shall be visible of a distance of at least two (2) miles and every colored light prescribed shall be visible at a distance of at least one (1) mile."

BIRTHDAY PARTY AT TAYLOR OAK

A birthday party was held at Taylor Oak Trailer Park on Thursday, April 7, to honor those born this month. The hostesses were Mrs. Jean Chaney, Mrs. Archie Johnson and Mrs. Wilbur Randle.

The honorees were Mrs. Wallace Bacon, Mrs. Al Smith and Mrs. Robert Heller.

The tables and tallies were decorated in an Easter motif. Refreshments were served, and games were played.

Mrs. Chas. Towne was high in bridge, Mrs. Albin Erickson won in canasta, Mrs. Robert Heller got the marble game prize, and Mrs. Al Smith won at bingo. There were 20 guests present.

Guests in the B. W. Hamlin home over the Easter holidays were their daughters and families: Mr. and Mrs. Frank D. Hunt, Diane, Rosa Lynn and Blane of La Porte; Mr. and Mrs. Howard Kinsey, Alan and Kay of Corpus Christi; and Mr. and Mrs. J. R. Lewis and David of Freer. Also in for birthday cake on Saturday evening were Mr. and Mrs. I. E. Allemang, Mrs. Velma Malchar and John Malchar, and Mr. and Mrs. Jack F. Horton.

Mr. and Mrs. Floyd Rouquette and sons of Fulton spent the Easter weekend in Houston with Mr. and Mrs. Rex Littleton and family.

Mr. and Mrs. Jimmy Miller and children of Houston spent the weekend with her parents, Mr. and Mrs. Rufus Casterline.

THE CHANGING AMERICA. According to the Census Bureau, not only is the U.S. growing in size, at about 2.8 million a year, but it's changing in structure as well. Last year, 38 million Americans, one out of five, moved. Farmers moved to the city, and city residents moved to the suburbs. There was a vast migration of five million Americans westward in the past five years. — WFS Photo

FIREMEN'S AUXILIARY HOLDS MEETING

The Rockport Volunteer Firemen's Auxiliary met April 12 at the fire hall. Routine business was carried on. The guest speaker at the next social will be Mrs. Jerry Wendell who will speak on "Poise and Charm." Guests will be invited by each Auxiliary member.

Mrs. Gene Howland, treasurer, gave a report from the executive board meeting. Mrs. J. C. Gurley and Mrs. Gene Howland will be delegates to the next convention with Mrs. Gilbert Hill, Sr., as alternate. Mrs. Gilbert Hill, Jr., was elected reporter historian to replace Mrs. Royce Harrell who resigned. Mrs. H. J. Gurley was appointed as head of a rummage sale to be held on May 13 and 14.

Members present were Miss Sarah Belle Smith, Mrs. Max Simpson, Mrs. J. C. Gurley, Mrs. Elva Mullinax, Mrs. Edward Truelove, Mrs. Bill Gray, Mrs. Royce Harrell, Mrs. Gilbert Hill, Sr., Mrs. H. J. Gurley, Mrs. Gilbert Hill, Jr., Mrs. Gene Howland, Mrs. Somer Smith, Mrs. Ankele and Mrs. W. A. Ormand.

GUESTS OF STAFFORDS

Mr. and Mrs. George Stafford and children had as their guests over the Easter weekend Mr. and Mrs. Johnny Kelly of Houston. Mrs. Kelly is Mrs. Stafford's sister.

After the Easter sunrise service Mrs. Kelly, Mrs. Stafford, Kathy and Joyce Stafford drove to Refugio to see Mr. and Mrs. J. C. Bland, parents of Mrs. Stafford and Mrs. Kelly.

LINDA MILLER AND JOHN A. GOFF WED

Mrs. Linda Miller and John A. Goff were united in marriage Tuesday evening, April 12 at the home of Mr. and Mrs. Almon Brundrett in Oak Terrace.

N. E. Hicks, minister of the Church of Christ, performed the marriage ceremony. A reception was held.

The couple left for San Marcos for a short wedding trip. They will make their home in Rockport.

Miss Wendy Lou Clyne, student at Sam Houston State College, Huntsville, spent the Easter holidays with her parents, Mr. and Mrs. Gene Clyne.

BOY SCOUT CAMPOREE TO BE HELD APRIL 16-17

The twenty-second annual camporee of the Gulf Coast will be held at Knolle Jersey Farms on April 16 and 17. More than 4,000 boys and leaders representing 185 troops are expected to participate. Competitive events in knot

tying, first aid, compass problems, flag pole lashing, tent pitching, and obstacle course will be held Saturday afternoon. Water boiling, string burning, tug-of-war and the chariot race will be held Sunday morning after catholic and protestant services. Each troop will be rated and

ribbons will be awarded. Judging will be in two divisions, with Division I including cooking, camp layout and general appearance, menu planning, sanitation and attendance. Division II will include all competitive events. A physical fitness area will be established and boys can

earn a special physical fitness certificate by qualifying. Troops from each district will camp together in a section under the direction of their own section director who will be named by the district Camping and Activities chairman. Ray N. Smith of Corpus Christi, will serve as the overall camporee chief. Check in time will be before 10 a.m. on Saturday with many troops checking in Friday afternoon. The camporee will conclude with the noon meal on Sunday.

Parents and friends of Scouting are invited to visit the camporee at any time, but will find the Saturday evening campfire of special interest.

Coming Events

April 15: Square dance every Friday night at Fulton Beach. The Commissioners Court will meet. Annie McMillan will celebrate her birthday.

April 16: Billy B. Griffith and Bara Parr will observe their birthdays. Bill and Lucy Dube will celebrate their wedding anniversary.

April 17: Mr. and Mrs. W. N. Spears will observe their wedding anniversary.

April 18: The Fulton Lions, Eastern Star and Business Professional Women's Club will hold meetings.

Making things happen...

Your community can develop, prosper and grow—if you, and other citizens like you, are willing to make it happen. That's the idea behind CPL's Arm for Industry program.

Arm for Industry, now in its fourth year, is a contest offering prizes to cities, in various population brackets, that do the best job of self-improvement.

If you live in a town which has participated in the past, you have already seen things happen in your community—things like park development, civic beautification, improved streets and sidewalks, better parking facilities, and maybe even a new industry.

Every community that enters the Arm for Industry contest is a winner, regardless of who wins the cash prizes. For CPL believes that the spirit of working together—of building and achieving—makes any community a better place to live.

Why hasn't Mrs. Velma Pecht missed a day's work since August 21, 1944?

Mrs. Pecht is an operator for Southwestern Bell in Houston. She started work on August 21, 1944, and hasn't missed a day since then. You have to have some pretty good reasons to work 22 years without being absent one day. You have to have what we at Southwestern Bell call the "spirit of service." Mrs. Pecht has this spirit.

"I've been very fortunate to have good health," says

Mrs. Pecht. "And another thing that's helped has been the fine people I work with—they're just friendly as can be. We're like a big family and we all know that the company's business is to give good service—so that's our business, too."

Mrs. Pecht and 50,000 other Southwestern Bell people have one thing in common. They're making your telephone service—already the world's best—even better.

This and That
*
JOHN KINSEY

Knowing that everyone in the Rockport area is waiting anxiously to find out what I have written for this week's column, all I can think of at the moment is a true story about something that happened last week in a swank Corpus Christi gift shop.

The eight salesladies wear

attractive smocks over their dresses so the customers can distinguish them from other lady customers.

One day an elderly woman customer was being waited on by one of the salesladies, an attractive brunet.

The customer glanced at the smock and whispered, "I see you're expecting a little addition to your family."

The saleslady guardedly looked around the store at the other seven smock-wearing salesladies and whispered back:

"Yes, we're all expecting."

Continuing in the manner

of David Lawrence and other great columnists, I recall an incident in 1944 that might be termed moderately amusing or (for me) embarrassing.

I was a reporter on the Chicago Daily News at the time. The city editor, the late Clem Lane (one of the all-time greats of journalism), told me:

"Go down to the Northwest station and interview some character named Cornell Wilde. He's on his way to Hollywood to make a movie."

When I reached the station I saw one other reporter and a news photographer, looking bored. Soon an overdressed movie press agent joined us and shouted excitedly:

"Here comes his train. Come on, fellows."

We followed and soon saw what could have been a scene from a movie: Wilde and his wife alighted from the train, soon four wolfhounds on leashes appeared and were taken in tow by Mrs. Wilde, and finally about 15 pieces of luggage came into view, carried by porters.

The press agent hurried to Wilde and said something about the "gentlemen from the press would like to talk to you," and Wilde came over to where the other reporter, the photographer and I were standing.

The other reporter and I had never heard of Wilde, so it was a bit difficult to ask questions. But, as is the practice of reporters, we asked very frankly and openly where he was from, what he was going to do, and what was he going to do.

Wilde, knowing the value of publicity, quickly filled us in on his background—musical comedy and stage experience on Broadway, etc.—and then told about his Hollywood contract and the type of movies he hoped to do.

He couldn't have cared less whether we had heard of him. He was interested in getting a good story in two Chicago newspapers, and you know something:

He was such a likeable, accommodating guy, and he got two pretty good stories.

Mr. and Mrs. Max Keller and daughters of Falfurrias spent Easter with Mr. and Mrs. George Keller and Mr. and Mrs. Milton Sparks.

Pam Novosad to Marry Alvin Gardner
August 20

Maj. and Mrs. Joseph F. Novosad announce that their daughter, Pamela, will be married to A/3c. Alvin G. Gardner, son of Mr. and Mrs. A. G. Gardner, on Aug. 20 at First Baptist Church.

Pamela will be graduated from Aransas County High School in May. Gardner graduated from the high school in 1960, attended the University of Corpus Christi and is now serving in the U. S. Air Force at Lackland Air Field Base, Texas.

PRESBYTERIAN CIRCLE MET MONDAY NIGHT

Circle No. 3 of the Presbyterian Church met Monday evening in the home of Mrs. H. H. Dick. Mrs. J. D. Griggs, chairman, presided and opened the meeting. Prayer was given by Mrs. Clobardants. Eleven members answered the roll call with a Scripture verse.

Kleenex holders were furnished for the Nursing Home as Easter gifts. The Bible study on the Book of Acts was moderated by Mrs. Marvin Rice.

The emphasis was given by Mrs. Hugh Morrison. Thirty-five visits were made by nine people and 35 cards were sent. Mrs. Griggs read a meditation and prayer by Mrs. Manorama S. Chapade of India as the Least Coin offering was being given. The meeting was closed with the Mizpah benediction.

Century-Old Treasure Beckons From Valley

When General Zachary Taylor defeated the Mexican army near the present site of Los Fresnos, he started a treasure hunt that has lasted over a century.

On May 8, 1946, a scout from Fort Brown sighted part of Santa Ana's army a few miles to the northeast, and General Taylor gathered what troops he could and raced to intercept the invaders.

Outside the present boundaries of this Valley town, cannon roared, musketballs belched, and grapeshot tore through ranks of Mexican lancers in one of the earliest engagements in the war with Mexico.

Taylor was out-numbered and the confident Mexican generals gave orders for the pay wagons that had arrived in Matamoros just before they left to follow the army and pay the soldiers as soon as the battle (which they regarded as in the bag, was over.

But something went awry. Taylor and his men didn't know they were supposed to be beaten, with the result that when the pay wagons approached the battle field the teamsters met the first flight of Mexican soldiers, headed for the Rio Grande or anywhere else to get away from those devilish Americans and the Texas Rangers.

Paymasters, realizing the imminent danger of capture, dug a hole, lined it with hides of cows they had slaughtered, the carrettas were turned over, spilling their gold into the hole; dirt was shoveled in and the wagons were burned on the spot.

Also, in true treasure tale tradition, the Mexican captain shot all his men and then high-tailed it for the Rio Grande, spurring his horse so hard that it split a hole in the river in his haste to reach Mexican soil and safety.

The Mexican officers with the army, who had gone forth with all the panoply of war, including silver services for the table and mistresses for their tents, buried the silver in a spot marked by three palm trees growing in a triangle and left the mistresses to be captured.

tured, headed for Matamoros. The general area of the battle of Resaca de la Palma is fairly well located, but the treasure has never been found, despite the fact that it soon became known that gold and silver had been buried.

Many old Spanish coins have been found in the vicinity from time to time, and a dragline operator who hunts treasure in his spare time is supposed to have uncovered one of the Spanish cannon. Hurricane Carla also uncovered coins of the period. But so far, no one has come up with much cash.

Of course, the iron bands of the pay chests would have rotted long ago, and the palm trees were probably uprooted when land was cleared for farming in later years.

But somewhere in the area is a mass of gold and silver coin buried by the paymasters, and silver tableware were entombed by the army officers.

For treasure hunters, it ought to make a nice Christmas trip to grab their metal detectors and other equipment and go seeking the lost treasures of the Battle de la Palma.

REFUGE EYES
ADDED CROPS
FOR WHOOPERS

Austwell. — Changing farm production in this area has so increased waterfowl dependency on planted food crops on the Aransas National Wildlife Refuge that cultivated acreage will be increased next year, reports Robert Shields, refuge manager.

Shields, whose primary responsibility is keeping house for the 44 wintering Whooping Cranes, told the Texas Parks and Wildlife Department that the 900 acres planted to grain and tubular crops this year did not satisfy the assorted ducks and geese and other birds sharing the handouts with the rare cranes.

As a result, he said, the waterfowl population is dwindling in this part of the Gulf Coast since the birds have to seek sustenance elsewhere.

Incidentally, the strain on the 47,261-acre refuge food supply has been greatly reduced because most of the sandhill cranes, ducks, and geese have begun their northern migration. The Whoopers do not leave until near mid-April. Last year they departed April 11 and the year before on April 10, although the median date of the take off is April 19.

Shields said the transient flocks of teal, shovelers and buffleheads now patronizing the refuge have no particular bearing on the planted food lots which were expanded last year under the apparently successful program.

The refuge manager said some additional extensive experimenting may have to be necessary to adopt extra acreage for crops since it will be mostly sandy land.

Shields said the present habitat crisis has been gradually building up through loss of natural salt-water foods from pollution, siltation and from damage caused by insecticides washed from the fields into the shallow bays where the wintering birds used to feed. In addition, he said, farmers have converted much corn land into cotton.

The refuge manager said the Whooper "gate" may set a new record this winter and predicted that the new \$1 per car fee would have no effect on patronage since the funds help support wildlife conservation areas like the famed Blackjack Peninsula facility.
