Rotan, Roby Sales Tax Checks Down 10.6% Over 1982 Payments

State Comptroller Bob Bullock sent checks totaling \$8.2 million in local sales tax payments to 974 Texas cities that levy the one-percent sales tax, it was announced recently.

Bullock said this October's payments are 7.2% higher than October 1982 but year-to-date totals are still less than what the cities had received by this time last year.

"We're looking at areas that still have economic problems and other areas that show some economic growth. But taken as a whole, nobody's going any where-up or down, very fast", said Bullock.

October checks were for taxes collected on sales made in August and reported to the Comptroller by the end of September.

In Fisher County, Bullock sent a check to the City of Roby and City of Rotan in the total amount of \$1,893,75. Roby's check amounted to \$665.61 while Rotan's check totaled \$1,228.14.

The comparable payment received by both cities last year amounted to \$8,263.80 total. Roby getting \$844.15 and Rotan receiving \$7,419.65.

Total 1983 payments received to date by Rotan and Roby amount to \$59,589.53. With Roby's share \$11,526.43 and Rotan's share \$48,063.10.

Total 1982 payments received year-to-date amounted to \$66,700.34

with Roby receiving \$13,272.84 and Rotan receiving \$53,427.50.

The 1983 payments (year to date) are down approximately 10.6% from 1982 payments.

In Nolan County (Roscoe

and Sweetwater) payments are down 1.98%; In Scurry County (Snyder) payments are down 15.46%; and in Taylor County (Abilene) payments are down 7.50 percent.

The Wampus Cat

The below letter was received last week from Fred Fedler, Professor of Journalism at the University of Central Florida at Orlando, Florida asking my assistance in providing information on a newspaper hoax published in the Rotan Billy Goat by then Publisher Don Biggers concerning a fabricated story about a Wampus Cat.

Below is his letter in full and following that letter some information extracted from a book telling about the Wampus Cat.

I can't help Fred Fedler, because I know little more than what is printed here, but someone may have knowledge of the incident that can help. If you have some additional information you can correspond with Fred Fedler at University of Central Florida, C/O Fred Fedler, Journalism Professor, Orlando, Florida, 32816.

Dear Editor:
My request is an unusual one, but I hope that you will be able to help. In return, I would be happy to provide a story that you might be interested in printing in the Advance Star Record & Roby Star Record.

I am writing my third book, a book about newspaper hoaxes. One chapter will describe the hoaxes written by editors in the West. One of the hoaxes appeared in a Rotan paper, and I am trying to obtain more information about it.

Enclosed is a reference to

that hoax. It was written by Don Biggers and appeared in the Rotan Billy Goat. It concerns a Wampus Cat, and stories about it apparently appeared whenever Biggers lacked enough news to fill his paper.

I would like to obtain copies of Biggers' stories or copies of any feature stories that the Advance Star Record might have published about him and the Wampus Cat. Or, Perhaps you might be able to suggest some other source.

I have been gathering information for the book during the past three years and plan to spend another year obtaining more information, and then spend about two years writing the book. If you can provide and help, I would be happy to send you a copy of the chapter on Western hoaxes prior to its publication in the book.

Yours Sincerely,
Fred Fedler

Professor. Journalism
For the Rotan, Texas Billy Goat, Always Buttin' In, Don Biggers devised a continuous feature in which named townsmen participated. Haunting the wilds that surrounded Rotan was the Wampus Cat, "a ferocious beast-a cross between a wild cat, a badger and a lobo wolf, with fangs two inches long and claws that could peel the bark off a mesquite tree." When needing to fill a big hole in his paper, Don would tell of epic pursuits, from which, however, the dread feline emerged as a still extant local menace.

Reserved Seats For Game Sold

The reserved seat section for the Rotan Homecoming game against Hamlin is sold out. "In order to avoid confusion and misunderstanding, please do not sit in the reserved section unless you have a reserved ticket," said David Hargrove, Rotan High School Principal.

The reserved section consists of Seats 1 through 34, Rows 6 through 16 in the middle section. The band will use the seats on the south end of the home stands, and all other seats are available as general admission seats.

County Veterans Service Officer Explains Income Cards

According to F. Deaton, Veterans Service Officer for Fisher County, a large

number of Veterans Administration beneficiaries will soon be required to

complete the annual income report. This report is required at this time

each year so that a determination can be made as to whether a person con-

tinues to be eligible for the disability or death benefit payments.

Required to provide the annual income accounting will be all veterans receiving disability pension, all widows and children in receipt of death pension benefits, and all parents in receipt of dependency and indemnity compensation following the service-connected deaths of their veteran sons or daughters.

ter on the card should be accurate, since most of it is subject to verification by the VA. It must be remembered that the Veterans Administration al-

ways verifies with the Social Security Administration the amount of Social Security benefits a person is receiving, as well as amounts paid to a person

by many other sources. Incorrect income information can cause delays in the processing of the reports terminations and overpayments.

WTU Rate Increase Update

West Texas Utilities Company has filed notice that it intends to put a major portion of its requested retail rate increase into effect October 22 on an interim basis.

The interim rates will reflect an annual increase of \$18.8 million, a level about halfway between the Company's original request and the Public Utility Commission staff's recommendation. WTU asked for \$26.5 million and the staff recommended \$10.6 million.

Texas law allows a utility to place a rate increase into effect subject to refund 125 days after the original request is filed if the PUC and the cities have not taken final action by that date. A hearing on the WTU request was completed September 12 in Austin, but the final rate order from the Commission has not been issued.

"We had rather not place interim rates into effect," said G. Holman King, WTU vice president and director of corporate affairs, "but we have an urgent need for rate relief and cannot afford the revenue loss caused by waiting for final rate approval."

King said the interim rates will be subject to refund, and probably will create a certain amount of confusion when final rates are approved and adjustments are made.

The interim rates will result in an increase of about 7.5 per cent to residential customers. A residence using 600 kilowatt-hours would be billed \$49.56 under the interim rates and \$46.11 under the present rates, a difference of \$3.45. A customer using 1,000 kilowatt-hours would see his bill raised from \$72.02 to \$77.61, a difference of \$5.59.

WTU originally had asked for the new rates to be effective July 16. The new rates are based on revenue requirements of a historical test year, which in this case was the year ended March 31, 1983.

WTU serves 82 incorporated towns and several unincorporated communities. Of the incorporated

towns, 28 have denied the rate increase and appealed to the PUC, 32 suspended the rate increase and 21 ceded jurisdiction to the PUC. The City of Vernon

was not affected, as rates there are set by the City Council for both WTU and the municipal electric system.

Towns denying the rate

increase were Alpine, Aspermont, Balmorhea, Bronck, Clyde, Cross Plains, Dodson, Estelline, Hawley, Iraan, Jayton, Junction, Lawn, Lueders, Marfa, Memphis, Menard, Merkel, Miles, Putnam, Quitaque, Rankin, Santa Anna, Sonora, Sterling City, Turkey, Tuscola, and Valentine.

Suspending the increase were Abilene, Anson, Baird, Ballinger, Benjamin, Big Lake, Blackwell, Buffalo Gap, Childress, Cisco, Clarendon, Crowell, Eden, Hamlin, Haskell, Impact, Knox City, Melvin, Munday, O'Brien, Paducah, Quanah, Rising Star, Rochester, San Angelo, Spur, Stamford, Throckmorton, Tye, Wellington, Winters and Woodson.

Ceding jurisdiction and allowing the PUC to handle their cases were Albany, Chillicothe, Dickens, Eldorado, Goree, Hedley, Lakeview, Matador, McCamey, Mertzon, Moran, Paint Rock, Presidio, Roaring Springs, Robert Lee, Roby, Rotan, Rule, Shamrock, Trent and Weiner.

Religion and the Family

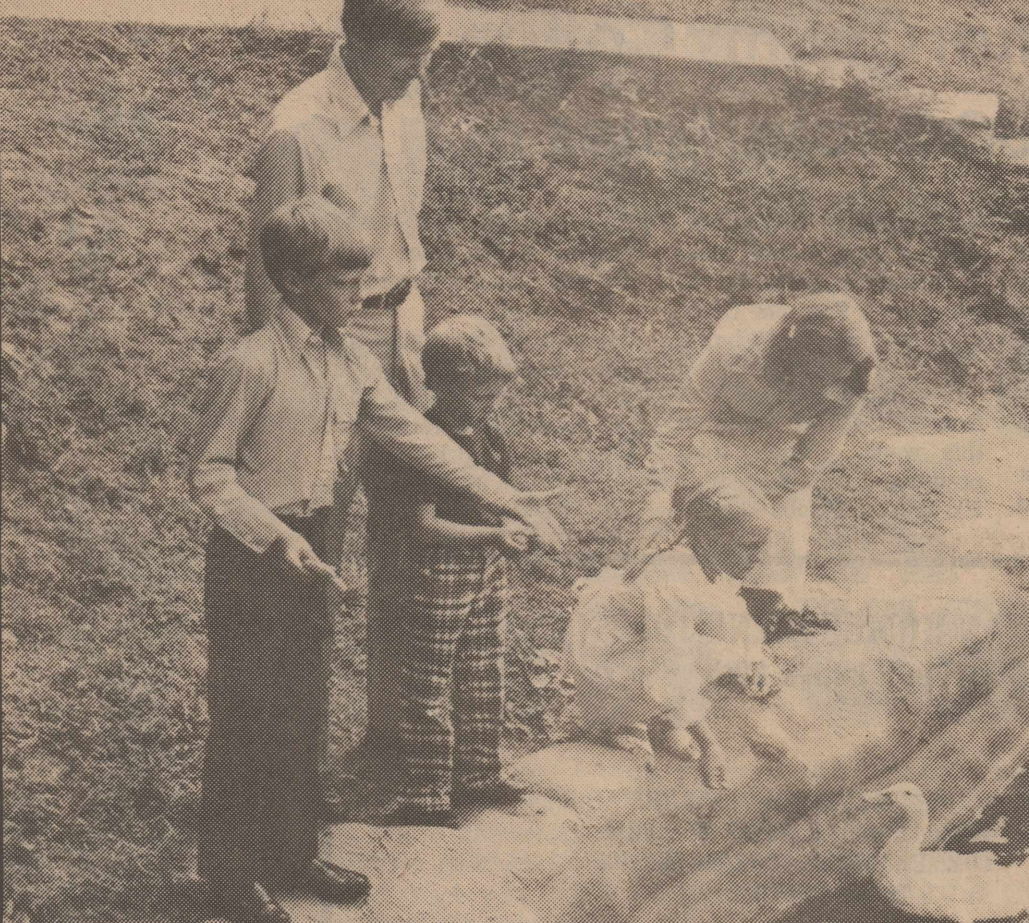

You'll find in the Sixty-eighth Psalm a remarkable statement: He setteth the solitary in families. The Bible is saying that the family as a social institution was designed by God.

Obviously for a purpose: His purpose! The family has long been the center for sharing and strengthening religious insights and convictions. The effectiveness of the Church in teaching and inspiring souls is generally dependent on the support and encouragement of the home.

But the ancient text says something more! It says God is concerned about those who are alone! He wants them to discover that we are all part of HIS FAMILY. The Church can be instrumental in helping the lonely find life rich in warmth and caring.

Whether next Sabbath you'll be with the family—or alone—God is expecting you!

Connie Beck Receives Recognition

Connie Beck, daughter of Mr. and Mrs. James Beck of Sylvester was featured in the magazine, "The

First Family", recently. The article was entitled Women in Banking; she was also recently featured in Fortune Magazine as one of the ten top women in business. She was one of the three women promoted to the position of senior vice president of the Interstate Bank at Dallas. She is now senior in the Global Funding Division. Connie started in the credit training program. Since then she has been

what one might call, 'A Globe Trotter'. Mr. Tim Sidley, a co-worker, says "Connie is very bright." She understands people well, and she knows how to get her point across without ruffling feathers." So far her main work has been in the United States and Canada. Connie is a graduate of the Roby High School, of Texas Tech and S.M.U. of Texas.

Frustrated Rotan Team Defeats Dragons

It had to be one of the most frustrating games the Rotan Yellowhammers have been involved in this season. Rotan defeated Paducah 21-12, but it was the defense for Rotan that kept them in the game.

Rotan didn't record their first of only three first downs for the night until there was a little under 4 minutes to play in the game.

Both Rotan and Paducah were scoreless in the first

quarter.

Rotan won the coin toss and elected to kick to Paducah.

Rudy Garza and Louis Santibanez teamed up to stop the Paducah quarterback on a third down run

on the first series to force a Dragon punt.

Rotan took possession at the 37 yard line, ran one play then on the second play from scrimmage Henry Williams fumbled-allowing Paducah to take

over at the 30 yard line. Paducah drove from their 30 to the Rotan 24, using 11 plays, before the Rotan defense stopped a double reverse on 4th down. In the series, Endgate Adkins, Ben Bryan, Randy Martinez, Rudy Garza, Charles Williams and Larry Messick made key plays.

Rotan took over on their second possession, ran three plays and punted. A determined Dragon defense proved to be well prepared for Rotan's running game.

Paducah began a drive with 3:45 left in the first period that resulted in a 3 point field goal. The kick came in the opening minutes of the second period with 10:03 left on the clock. The drive covered from the 49 yard line to the 14 yard line.

Leading 3-0, Paducah kicked to Rotan. The Yellowhammers ran three plays and punted.

The Yellowhammers defense toughened up on the next series. Randy Martinez almost picked off a Dragon pass on first down; Endgate Adkins and Louis Santibanez tackled a Dragon runner on second down; John Pease stopped an end sweep on third down forcing a 4th down punt by Paducah.

Charles Williams fielded the punt at the 24 yard line and scampered 76 yards to score. Tim Carrillo provided the extra point and Rotan took a 7-3 lead.

Greg Gruben mis-handled a snap from center with 1:11 left in the first half with the Dragons recovering. Two plays later the Paducah offense turned the mis-handled snap into 6 points.

With 54 seconds left in the first half Paducah led 9-7.

Paducah kicked to Rotan with 43 seconds left in the first half. Rotan ran three plays-then passed. That pass was picked off by a Dragon and three plays later was turned into a 3 point field goal. The Dragons took a 12-7

lead to the locker room at halftime.

Rotan kicked to Paducah to begin the second half. Larry Messick and Charles Williams had key defensive stops forcing a 4th down Paducah punt.

Williams fielded the punt return and romped 65 yards to score. His touchdown came with 9:47 left in the third period and gave Rotan the lead in the game 14-12.

Joe Paul Soliz recovered a fumble late in the third period to stop a Paducah drive; Chris Duhadaway

came to life with three quarterback sacks and Ben Bryan intercepted the first of two passes.

Rotan's final score came in the final period with 1:13 left on the clock. Henry Williams took a pitch from Gruben, and tossed a pass to Sammy Turner for the score. The play covered 9 yards. Tim Carrillo provided the extra point.

The Yellowhammers 2-1 in district play take on Hamlin's Pied Pipers this Friday, they have a 3-0 record in district play.

TOUCHDOWN BOUND: Rotan's Charles Williams, # 20, the Yellowhammer team will host undefeated Hamlin on scampers toward the goal line on one of his two punt Friday night for the annual Homecoming contest. return touchdowns. Williams and the other members of

November 8th Amendments Outlined

Almost lost in the flurry of an indicted attorney general, debates over dwindling state revenues, and lawsuits against gaint oil companies is the Nov. 8 election, just around the corner.

In what is expected to be an off-year low turnout, voters will either approve or disapprove 11 proposed amendments to the Texas Constitution.

The underlying theme of almost all the amendments is government revenues, either state or local, and aim at enhancing services without raising taxes.

The proposed amendments, in the order they will appear on the ballot, are:

AMENDMENT no. 1: Authorizes fewer justice of the peace and constable precincts in counties with a population of less than 30,000 and provides for continuous service by county officials when precinct boundaries are changed.

This amendment, skillfully authored by freshman Rep. Dudley Harrison, D-Sanderson, is aimed at reducing the cost of county government in rural areas which do not need as many as the constitutionally required four JPs and constables.

Harrison convinced the Legislature that some rural counties could get by with as few as one JP and constable, and their county governments could save revenues if they could drop the unnecessary salaries.

If approved by voters, county officials would have until Jan. 1, 1987 to comply with the new requirements which would designate new precincts according to population.

AMENDMENT NO. 2: Proposes to replace the limitation on the value of an urban homestead with a limitation based on size, with regard to the forced sale of the property.

Currently, numerous lots designated at a maximum value of \$10,000 are designated as an urban homestead and are exempt from any improvements.

AMENDMENT NO. 3: Would give the Legislature the power to grant agricultural producers associations the authority to collect a refundable checkoff of their product sales.

These producers would first approve the fee collection in a members referendum. The proceeds would be used only for

research, marketing, and educational programs relating to that particular industry.

AMENDMENT NO. 4: Authorizes the Legislature to provide for temporary succession to offices in the Legislature when a senator or representative becomes unavailable to serve during enemy attack emergencies

It also provides for suspension of certain constitutional procedural rules during emergencies caused by such an attack.

Grand Saline State Rep. bill Hollowell, a staunch veteran, authored this bill providing for the Legislature to operate under nuclear attack or war.

AMENDMENT NO. 5: Proposes to authorize use of the Permanent School Fund to guarantee school bonds.

This bill would aid local school districts with construction needs but unfavorable economic conditions for unaided bonding. The proposed guaranteed bond program would save school districts millions in long-term construction debt financing.

AMENDMENT NO. 6: Would allow the court to garnish wages for enforcement of court-ordered child support payments.

Current law prohibits the court from forcing part of a person's salary or wages to go to child support payments. Brownsville Rep. Rene Oliveira authored this bill aimed at parents who default on such payments.

This amendment does not allow any other sort of debt to be subject of garnishment.

AMENDMENT NO. 7: Authorizes \$800 million in state bonds to finance home purchase loans for Texas veterans.

Modeled after the 34-year old veteran's land program which helps vets buy 10 acres of land, the proposed program is aimed at the modern vet who may only want to buy an urban residence.

The program would be self-supporting.

AMENDMENT NO. 8: Allows local governments to exempt certain veteran and fraternal organizations from property taxes.

Current law exempts only charitable organizations; the proposed amendment would allow "or groups such as the VFW, Rotary Club, etc." to hold property eligible for tax exemption on a local option basis.

AMENDMENT NO. 9: Proposes to eliminate unnecessary delays in resolving certain court cases by allowing probate court judges to serve in other courts.

The 11 statutory courts affected by this proposal are located in Bexar (2), Dallas (3), Galveston, Harris (3) and Tarrant (2) counties.

If approved, judges sitting on these courts could sit state-wide according to an assignment system that would be provided by the Legislature.

AMENDMENT NO. 10: Intends to allow cities that replace or relocate sewer lines to enter into agreements with private property owners to build

sewer laterals.

If the homeowner agreed, the city could make assessments over a five-year period to pay the cost of connecting the house to the main sewer line.

AMENDMENT NO. 11: Proposes to change the Board of Pardons and Paroles from a constitutional agency to a statutory agency and would eliminate the Governor's power to revoke paroles.

If approved, the membership of the Pardons and Paroles Boards would be changed to a composition authorized by the Legislature.

Currently, the three board members are appointed one by the governor, one by the Chief

Justice of the Texas Supreme Court, and one by the presiding judge of the Court of Criminal Appeals.

Information about your changing telephone service from Jim West, Community Relations Manager

A look at the future

When Southwestern Bell is divested from AT&T next January and becomes a separate company, you can be sure that your local telephone service will continue working the way it always has. We're committed to providing high quality, dependable local service at affordable rates.

But there will be some changes in the way you do business with us...from how to handle telephone repairs to the way you're billed. Here's a quick look at what will and won't change:

Local service

As mentioned, Southwestern Bell will continue to be responsible for providing local telephone service. To start, stop, change or move service, you will do the same as you do now — call your Southwestern Bell business office.

Long distance service

Beginning January 1, Southwestern Bell will still provide long distance service within your surrounding area. However, calls outside this area will be handled by AT&T or other long distance companies. Since there will be more competition in the long distance market, there will be more choices for you as a customer.

Telephone sets

Between now and the first of the year, all single-line customers have the option of buying the telephones that they currently lease on a monthly basis from Southwestern Bell. If you decide to continue leasing your telephone sets, ownership of this equipment will be transferred to AT&T January 1. Of course, you'll still have the option of purchasing new telephone equipment from a variety of other suppliers. Pending agreement from the Federal Communications Commission, Southwestern Bell may also offer telephone equipment for sale, beginning in 1984.

Telephone repair

If you continue to lease the

Bell-owned telephones, repairs will be handled by AT&T beginning January 1. There will be no charge for repair of these phones, provided you either mail your leased phone or return it in person to designated AT&T locations. However, if you wish to have a service technician repair your phone on your premises, there will be a charge for this service.

Telephones purchased from Southwestern Bell before the end of the year also will be serviced by AT&T, but you'll be charged for those repairs if your set is out of warranty. Of course, repairs of telephones purchased from companies other than Bell should be referred to the store they were purchased from or the manufacturer.

Billing

You'll continue to receive one bill for all services provided today by the Bell System, except for purchases of new equipment from AT&T. This single bill — to be produced by Southwestern Bell — will list Southwestern Bell's charges separately from AT&T charges. In the future, Southwestern Bell may serve as a billing agent for other long distance companies as well. Toll-free telephone numbers of each company will be featured on your statement in case you have questions about your bill.

We want you to know

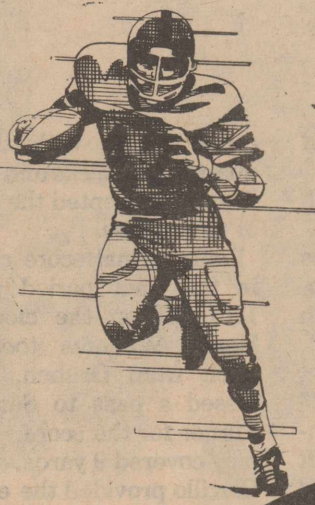

At Southwestern Bell, we want you to know about these and other changes that will affect the way we do business with you. Watch for more details in the months ahead — both in this column and in your bill insert.

Remember, if you have something to talk about, don't hesitate to drop me a line.

Roby Lions Overpower Loraine 45-0

The Roby Lions won their first district game Friday by beating the Loraine Bulldogs 45 to 0.

The Lions dominated the game by over powering the team from Loraine from the opening kick off. In the first quarter the Lions defense held the Bulldogs to a minus 14 yards in 17 plays. The Lions scored 3 times in the 1st quarter and had one touchdown called back. The first possession for the Lions began on the Bulldogs 34 after a good run back of a punt by Stevie

Rivas, it took 3 plays for the touchdown with John Etheredge going the last 9 for the touchdown. Etheredge also kicked the extra point. Roby's Frankie Gonzalez ran the next Bulldogs punt all the way for an apparent touchdown, but a penalty against the Lions brought the ball back and the Lions had a 1st at the Bulldogs 37 to start their second possession. This time the Lions scored in six plays with Stevie Rivas going in from 4 yards only. Etheredge again kicked the PAT. Roby's third poss-

ession started on the Bulldogs 8 yard line after Loraine tried a quick kick, the kick went off to the side and then Loraine was penalized giving the Lions a 1st and goal on the 8. The Lions scored on the 3rd play of this possession with Lance Green going in for the score, the kick for the PAT was good. The Lions had one more possession but lost the ball on a fumble.

In the second quarter the Bulldogs were still unable to mount a drive. They were able to rush for 17 yards and pass for 24. The Lions also were unable to move the ball in the 2nd quarter. Roby had the ball 3 times, they lost the ball once on a fumble and one of the other two possessions they rushed for a total of 35 yards. The first half ended with the Lions leading 21-0.

The 3rd quarter started with the Lions mounting a 62 yard drive for their 4th touchdown of the night. The Lions took 11 plays and Stevie Rivas went the last 18 yards on a good run for his second touchdown. of the night. The PAT kick was good again. The Lions next possession again end-

ed with their 5th touchdown of the night. The drive took 9 plays and covered 50 yards, with John Etheredge hitting Joe Carreon for the touchdown pass. The PAT kick again was good. The quarter ended with the Lions next possession. Again in this quarter the Lions defense dominated the game. The Bulldogs ran only 6 plays and were held to a minus 1 yard, they also suffered one fumble.

The Lions started the fourth quarter with their 6th touchdown of the night, with John Ether-

edge going in for the touchdown. The Lions last points came on a field goal by Etheredge. In the second half the Lions used a lot of their younger players and they did a outstanding job. Freshman Jeff Branson playing on defense caused a fumble on a good tackle and Freshman John Shipp ran for 66 yards on 4 carries. The Lions defense again held the Bulldogs to only 23 yards in the final quarter. The final score was Roby 45 and Loraine 0.

Roby will travel to Forsan this Friday and take on a good Forsan team at 7:30.

Sweetwater Nursing Center

The Sweetwater Nursing Center is located at 1600 Josephine in Sweetwater, phone 236-6653, and is doing their part in the care of the chronically ill and the convalescent. To assist you in selecting the right nursing home they offer the people of this area a message.

"We Americans are not just living longer, we are living more useful and productive lives. But an increasing number of chronically ill, the old, and the convalescent need some place other than the hospital and their home where they can receive personal health care, round the clock attention and the opportunity to continue living their lives with meaning. As your community health care facility we want to help you make the right decision. Here are some guidelines:

See your family physician to determine the type of facility you need.

Fee free to visit our facility.

Ask us for cost in writing and financial advice about Medicare and Medicaid.

Examine all of our facilities.

Check our food quality.

Verify our safety features.

Finally, observe how our residents spend their time.

There is a lot more to selecting the right nursing home. We want to help-if you have any questions, please call or visit us.

The writers of this 1983 Review appreciate this message from and heartily recommend them to all our readers.

Final Rites Conducted For Mrs. O.E. Knox

Ollin Dice Knox, 91, died at 12:15 PM Wednesday in the Golden Haven Home For the Aged in Roby after a lengthy illness. Services were held at 2 pm Friday, with Weathersbee Funeral Home in Rotan.

Mr. Knox was born June 10, 1892 in Stephens Cou-

nty and was the son of the late Mr. and Mrs. Edward Sterling Price Knox. He moved to Fisher County in 1906 from Denton County. He married Anna Tomlinson in Mitchell County in 1915 and at the time of his death they were the oldest living couple in Fisher

County. Mr. Knox was a member of the Roby Church of Christ.

Survivors include his wife of Roby; 3 daughters: Mrs. J.R. (Ollene) McAnally, Kirmitt; Mrs. Garland (Glenna Gene) Moore, Roby; Mrs. Ed (Willa (Dene) Kafer, of Roby; two brothers: Leonard Knox, Justin, Texas, and Malcolm, Justin, Texas; one sister: Elsie Mitchell of Roby; seven grandchildren and 9 great grandchildren.

He was preceded in death by 4 sisters and 2 brothers.

We have had a good rain this week. The weather was a little cold at times, but it is a nice change from the hot summer. We decorated for Halloween this week.

We want to thank the Pre-school II Sunday School Class of the First Baptist Church for their

music and books they brought to the residents last Sunday.

Mr. Adams and Mrs. Goodman were our domino winners this week. We had a tie in bingo, the winners were Mrs. Adams and Mr. Adams.

Hustlin' Round Hobbs

By Joy Walker

What lovely weather we have been having these past few days, and everyone was sure proud of the good rains we got Wednesday and Thursday. We measured 4 inches here at the house and it sure felt good and slow and was just what we needed. Some folks got a lot more rain than others; we went to Paducah on Friday and they had measured over 11 inches which was a little more than they needed all at one time, but all their tanks were full and now the pastures will sure be good, and from Guthrie to Paducah is mostly ranch land.

Mr. and Mrs. Emilio Martinez visited with Mr. and Mrs. Robert Martinez in Abilene on Tuesday. They took Manuel Martinez from Austin down to visit with Robert and his family. Manuel has been here staying with the brothers and visiting with the Martinez families. Maurice Martinez from Lake Jackson was at Abilene visiting with his parents and he said how much he enjoyed getting our Newspaper and reading the Hobbs news. That's nice to hear.

We are very pleased to hear that J.C. Cave returned home from the hospital in Abilene on Friday. He has to stay in the house for the next two weeks, but seems to be getting along real well and we hope that he will continue to improve. Will have to take things easy for a while though. While he was in the hospital at Abilene, his sons, Jackie and Don Cave and Rodney Cave, Jackie's son, all visited with him. They are from Farmington, New Mexico. Also visiting were Mrs. Barbara (Cave) Looney from Diana, Texas, and Mr. and Mrs. Billy Carter and boys from Brownwood. They were all there for J.C.'s surgery and visited with him during the week. Mr. and Mrs. Billy Carter and boys from Brownwood and Randall Carter from Snyder

spent the weekend visiting the J.C. Caves and also visited with Mrs. Edd Carter in Roby. J.C. has had a number of folks from around here visiting since he has been home.

Mrs. J.W. Etheredge, and Mr. and Mrs. Randy Etheredge all attended the big Horse Show on Saturday which was held at the Sweetwater Coliseum. It was sponsored by the A.C.U. Block and Bridle Club and they sure had a good show with plenty of contestants. Randy showed and rode in the show. Todd Etheredge from San Angelo was here visiting at the show, also Mr. and Mrs. Sam Etheredge. Mrs. Jim Wilburn and girls were also there at the Horse Show.

Mr. and Mrs. Tracy Knipe from Snyder visited with the James Ratliffs on Sunday.

Mrs. Larry McBeth and daughter from Abilene visited with Mrs. Bea Hardin on Wednesday. Friday Mr. and Mrs. Larry McBeth and three children came to stay with Bea; they spent Friday night, Saturday and Sunday with her. Morris Hardin from Lubbock spent Sunday and Monday visiting with his mother.

Jim and I went to Abilene on Wednesday; Thursday Paducah called off the Junior High ballgames, but we went to Paducah on Friday with Mr. and Mrs. Wilber Gruben. We visited and ate supper with Doug and Jackie Yarborough while there, and then we all attended the Paducah-Rotan football game. Saturday Jim and I went to the Horse Show at Sweetwater and we also visited with Jim's sister and her husband, Mr. and Mrs. Orvel Hillis while we were over there. We spent the whole day in Sweetwater as the Horse Show went on until late, and Jim had taken one of our young horses to work her in the Coliseum, so we had to wait until the show was over. Sure enjoyed seeing

all those good horses though, some from Odessa, Lubbock, and Dallas. Well this is all for this week. See you next Thursday. Have a happy and safe Halloween.

Roby Garden Club Holds Meeting

The Roby Garden Club met Thursday, October 13 at 9:30 am at the Midwest Electric Coop in Roby.

Coffee was served to each on e on their arrival. Mrs. Richard Ray, president, called the meeting to order, and the minutes of the Sept. meeting were read by Mrs. Hammer. The minutes were approved and the meeting was turned over to Mrs. Jesse Goforth and Mrs. Thurman Terry.

Mrs. Terry and Mrs. Goforth conducted a workshop on flower arranging which was most interesting.

After the workshop, delicious refreshments were served from an appointed table by the hostesses, Mrs. L.L. Stuart and Mrs. Edd Carter.

The table was attractive with a white cloth. A silver service was on one end of the table, and an attractive plant on the other end. The Halloween motif was prevalent throughout the room.

Members present were: Mrs. Gene Turnbow, Mrs. W.W. Morton, Mrs. Earnest Hammer, Mrs. Richard Ray, Mrs. Dwalyn Parker, Mrs. Thurman Terry, Mrs. Faye Ray, Mrs. Coy Carrier, Mrs. Forest Teffteller, and the hostesses Mrs. Stuart and Mrs. Carter.

Social Security Widow's Benefits

Social Security widow's and widower's benefits can now be paid for the month the worker dies even if the widow(er) cannot file an application for benefits until the following month, announced Glyn Hammons, manager of the Abilene Social Security office.

It is often difficult for a widow(er) to contact a Social Security office in the same month the worker dies. A recent change in the Social Security law allows the payment of benefits for the month the worker dies, even if the application is not filed until the month following the month of the worker's death, Hammons added.

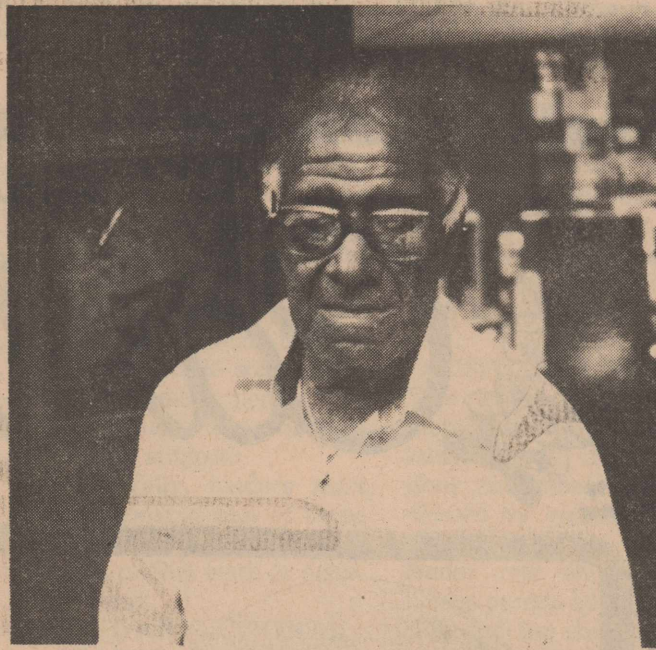

This change was effective for applications filed in July 1983 or later.

However, if the widow(er)'s application is filed later than the month following the month of the worker's death, benefits can only begin with the month the application is filed.

Although this change allows a little more time, prompt filing is still important.

Hospital News

Patients admitted to the Fisher County Hospital were: Herbert Goodwin, Rotan; Roxie Winslett, Rotan; LaRhea Smith, Rotan; Chrystelle Hawkins, Rotan; Tennie Lowther, Rotan; Kris Ivey, Rotan; Elex Campos, Rotan; W.D. Rushing, Rotan; Wayne Porter, Rotan; Tomie Paske, Rotan; Olivia Medrano, Rotan; Enekena Soliz, Rotan; Janet Conley, Roby; Juanita Fowler, Snyder; and Ruth Ann Shafer, Jayton.

TO BE HONORED: H. Govan, Rotan Yellowhammer trainer for the passed 60 years, will be honored Friday night beginning at 7 P.M. when the monument is unveiled thanking him for his unselfish service.

Gas ranges
keep
temperatures
under control.

Almost all great chefs
insist on natural gas ranges.
Because gas gives them
temperature control, par
excellence.

The low flame keeps even
the most delicate sauces
warm without burning
them. While the high flame
gives immediate, intense
heat for a rapid boil.

And when the flame
is off, it's off! There's no
hangover heat to spoil the

creation.

But control isn't the only
reason they cook with gas.
Gas saves money. In fact,
you can cook 1 1/2 meals on a
high-efficiency gas range for
the cost of cooking one on a
non-gas range.

So get more for your
money and get a gas range
for your home. Today. We
promise you, you'll be in
better control of your
temperature.
