Mr. and Mrs. T. L. Autry Honored on 50th Anniversary

Family and friends honored Mr. and Mrs. T. L. Autry recently on occasion of the couple's fiftieth wedding anniversary.

Mr. and Mrs. Autry's home in Silvertown was the scene of a bountiful family dinner for the couple's four children, most of their 10 grandchildren and five great grandchildren. From 2 until 5 o'clock there was a reception with more than 50 persons registering at the book presided over by two granddaughters, Mrs. Royce Vaughn, Olton, and Miss Shirley Jean Cox, Dallas.

The two daughters-in-law, Mrs. P. A. Autry, Plainview, and Mrs. R. E. Cox, Dallas, served as co-hostesses at the reception.

Mr. and Mrs. Autry were married November 3, 1901, in Cook County. They reared their family there. Eight years ago they decided to move to the Plains. They chose Silvertown because a son, W. E. Autry, and other relatives live at Silvertown and the other son, P. A. Autry, is at Plainview. The elder Autry is a retired farmer.

Their children are P. A. and W. E. Autry, Mrs. R. E. Cox and Miss LaVanna Autry, both of Dallas.

Mr. and Mrs. Autry are members of the Silvertown First Baptist Church.

The elder Autry left last week for Pilot Point to attend the funeral of a brother, Cal Autry. The two brothers are uncles of movie star Gene Autry and the late Cal Autry was the actor's foster father, having provided several years' schooling for the nephew in his youth.

Rites Held for Flomot Pioneer

Funeral services were held Friday, November 9 at the First Methodist Church, Flomot, for A. S. Morris, 92, pioneer of that community, who died at his home on Thursday, after a prolonged illness. He had been bedfast the past eight months.

Rev. L. W. Baker, pastor of the church, assisted by Rev. J. E. Lee, Baptist pastor, conducted the services, and Eudy-Seale Funeral Home of Matador, was in charge of funeral arrangements. Burial was in Flomot cemetery.

Alexander Shakespeare Morris was born at Huntsville, N. C., May 23, 1859 and died November 8, 1951 at the age of 92 years, 5 months, 15 days. He was married to Miss Lillie Grimes on April 8, 1876, at Forestburg, Texas, and moved with his family to Motley county 38 years ago. He settled in the Flomot community during the early days of its development, and made his home there until his death.

He is survived by his wife, six sons: Bill of Matador, Bob and A. B. of Plainview; But, of California; John of Flomot and Boyd of Dallas; five daughters: Mrs. Harley Gunn, Mrs. A. L. Tanner and Mrs. Zula Purcell, all of Flomot; Mrs. Dick Washington, Portales, New Mexico, and Mrs. Frank Garrett, Plainview. Forty two grandchildren and 15 great-grandchildren also survive.—The Matador Tribune.

WILL SPEND THANKSGIVING AT DATIL, NEW MEXICO

Mr. and Mrs. W. Coffee, Jr., and Mr. and Mrs. J. W. Brannon, Jr., and son, are spending the Thanksgiving holidays with Mr. Coffee's brother, Mr. and Mrs. Roy Coffee, at Datil, New Mexico. After Thanksgiving the party will go on to El Paso before returning home.

Mr. and Mrs. L. A. McJimsey visited Friday night in Dimmit with their son, Mr. and Mrs. Arthur McJimsey.

"Town Topics" in Tulia Herald Needs A Double

H. M. Baggally, editor and publisher of the Tulia Herald who, also, writes a column "Town Topics" has discovered that in order to please his public he needs a "double" so he could be everywhere, and at the same time do his work.

We are passing on to our readers just how many things a country newspaper is called on to do and just how impossible it is when one is solely responsible for getting out a paper each week. "Town Topics" we think, handled the subject splendidly.

FOR SEVERAL WEEKS we've planned to ask for a little better cooperation from community groups who often have news. Sometimes the question is asked, "Why didn't The Herald cover our meeting?" The Amarillo papers were there.

We can understand why people, unfamiliar with the problems of a small weekly, might ponder such a question. The fact is, this newspaper's editorial staff consists of one person. In addition to collecting and writing news, he has the responsibility of attending to the numerous details connected with the business end of this enterprise. Then too, somebody needs to be around to see that Donald doesn't fix up a Dollar Day ad for Wallace Funeral Home.

Almost every day and night we are asked to attend various meetings, field days, demonstrations, tours, committee meetings, luncheons, and the like. The truth is, there's nothing we'd like better than getting away from the office for several hours with nothing to do but enjoy a barbecue, look over Swisher agriculture, relax for a time in a committee meeting. But we'd never get our more urgent work done if we attended even half of these activities.

The Amarillo papers have the facilities and men to cover many happenings throughout the area. We do not.

All we ask is this. When your organization needs publicity on some of its activities, why not cooperate with us by stopping by the office and giving us the facts, taking a few notes which would be helpful to us, or even giving us the information over the telephone.

Some people apparently like to make a game out of their functions. They like to bet that they won't find out about them, then after it is too late for effective publicity, come around and "rub it in."

There would be a much better feeling between people if they understood the problems of others. Every farmer needs to be in business for a few months. Every society woman should have to serve as a society editor as a part of her training.

ATTEND FAMILY REUNION

Mr. and Mrs. Berton Hughes and children attended the football game between Silvertown and Lakeview at Lakeview Friday night and spent the night with Mrs. Hughes' sister and family, Mr. and Mrs. Hubert Hall. The two families spent the week end in Belcherville, Texas, for a family reunion with Mrs. Hall's and Mrs. Hughes' parents, Mr. and Mrs. R. E. Renfro, and two brothers from Dallas, Texas and Castle A. F. B. California.

New Ceiling Price Placed on Passenger Automobiles

The Office of Price Stabilization this week issued a new dollars-and cents ceiling price regulation covering sales of used passenger automobiles, according to Hoyle Bowles, chief of the Industrial Materials and Manufactured Goods section of the Lubbock District Office of Price Stabilization.

The regulation sets dollars-and cents ceilings for each body style, line or series, of each make of used passenger car, for the years 1940 through 1951, and are listed in the regulation. These ceilings are to be reduced at the rate of 2 per cent every calendar quarter beginning on January 1, 1952.

The dollars-and cents ceiling prices portion of the regulation goes into effect December 20. In the interim, current ceiling prices as established by the guide books adopted by dealers remain in force, Bowles said.

For models for 1950 through 1950, the new ceilings reflect a 6 per cent depreciation from the January 1951 price level, representing a 2 per cent depreciation for each of the first three calendar quarters of 1951. This depreciation rate is in accord with standard trade practice, Bowles pointed out. Ceiling prices for 1951 model cars are determined on the basis of current market prices.

Used cars offered for retail sale must bear a tag or label stating the make, model, line or series, and the ceiling price, including any extra, special or optional equipment. Also the price at which the car is being offered for sale must be stated.

Efforts will be made to get copies of the used car regulation (CPR 94) to every dealer in the 69-county district as soon as they are available.

Hog Growers are Warned to Watch For Swine Flu

Hog producers are warned to be on the alert for swine flu. The weather during this season of the year—warm days and cold nights—is favorable for flu development, says Dr. C. M. Patterson, Extension veterinarian.

Hogs should be protected from the elements. A well-bedded shed that is clean and properly ventilated is the best shelter for hogs at this season of the year. Better check to see that the hogs use the shelter you provide, because they will probably prefer to stay outside, says Patterson.

Swine flu, says the veterinarian, is seldom fatal, but the loss of flesh is mighty important. In addition to the losses on fat hogs, gilts that are being kept for brood sows may also be affected. Small, weak litters often result when the gilts have had a bad case of flu.

Whenever there is doubt about the diagnosis of sick hogs, Patterson suggests calling in a veterinarian, for there is a chance the hogs might have a disease that would prove fatal. Hogs that have flu should be provided with a comfortable house that is free from drafts and should be fed on a light, slightly laxative diet.

Patterson says it's a good idea to check all hogs daily, especially those running in the field. Prompt and proper attention for the sick animals is a must for all farm animals if they are to produce maximum returns for their owners, says Patterson.

Mary Lou Bellinger who is attending W. T. S. C., at Canyon, spent the week end with her parents, Mr. and Mrs. E. A. Bellinger.

First Annual Colt Show Will be Held Here December 8th

The first annual colt show will be held at Silvertown on December 8th. The show is sponsored by the Silvertown Lions Club and will be held in connection with the Lions Club Auction Sale and Beef Calf show.

The colt show is open to anyone who wants to enter a 1951 colt or filly. Ribbons will be awarded the winners and no entry fee will be charged. The livestock will be tied on the vacant lots directly east of the Court House and all animals should be on the show grounds by 10:00 a. m.

The agricultural committee of the Silvertown Lions Club is in charge of the show. Leo White, chairman of the committee, said that several of the local farmers and ranchers had indicated that they would enter colts in the show. Most of them do not plan to enter the animals in any other show but they welcome the opportunity to exhibit the colts locally. Most of the colts will be Quarter Horse type but they are not necessarily from registered stock.

First Day of All-Electric Cooking School Great Success

The first day of Silvertown's all Electric Cooking School was a huge success said Ralph Glover, Southwestern Public Service Company Manager here. The cooperation among the electric merchandise dealers proved more than outstanding as was evidenced by the 160 ladies who were in attendance" Glover continued.

Miss Stearns, Southwestern Public Service Company Home Service Advisor and her assistant Miss Little from Clovis delighted the audience with their delicious recipes. They promise many more surprises packed with kitchen time savers for today.

Today (Wednesday) the following prizes will be given away: Stodghill's Hardware Company a complete set of National Silverware; Crass Motor Company a waffle iron and a roasted turkey by the Public Service Company. The grand prize, a Nesco automatic roaster oven will be given away today (Wednesday) by your electric merchandise dealers. Free, nothing to buy.

Yesterday Seaneys Hardware and Appliance Company gave away a Sunbeam egg cooker, Willson and Son Lumber Company a Sunbeam Iron and Simpsons Appliance Company an automatic toaster.

"Everyone is invited for today's program which will be better than yesterday's activities," Mr. Glover said.

Self-Employed to Be "Clipped" for Social Security

Self-employed persons should apply now for their social security account number, urged John G. Hutton, manager of the Lubbock social security field office. Although self-employed persons are not required to report their 1951 earnings until they file their income tax returns early in 1952, Hutton said that every self-employed person who does not have a social security account-number card should apply for one now to be certain he had the account number when the tax report is made. Applications for account numbers can be obtained from the local post office, or by contacting the Lubbock social security office, located at 1311 Texas Avenue, Lubbock.

Most owners or partners in a trade or business who have net earnings of \$400 or more a year are required by the new social security law to pay in full the tax of 2 1-4 per cent of their net earnings, up to the first \$3,600 earned in the year, at the time the combined income tax and social security tax form is filed. This coverage of the self-employed is not voluntary, Hutton emphasized. Participation is required by law unless net earnings from self-employment are less than \$400 a year, or if the income is derived from the ownership or operation of a farm or from certain professions excluded by the law; such as physicians, lawyers, dentists, professional engineers, public accountants, and some others.

Funeral Held Saturday for Mrs. Chitty of Tulia

Funeral services for Mrs. Mattie Jo Chitty, 63 years old, was conducted at 2 o'clock Saturday afternoon in Silvertown Baptist Church with Earl I. Cantwell, Church of Christ minister, officiating. Burial was in Silvertown cemetery under the direction of Wallace Funeral Home of Tulia.

Mrs. Chitty died late Thursday night in a Lubbock hospital.

Mrs. Chitty was a native Texan born at Blue Ridge. On August 12, 1904, she married L. N. "Wade" Chitty and they moved to Silvertown in 1919. They came to Tulia in 1948.

Head Lice Proving Problem to County Health Nurse

Lorenzo, Texas—Children who come to school with communicable diseases or pediculoses (lice to you) will be barred from entering the classrooms, according to Miss Lena Bryles, county health nurse.

Miss Bryles said that her examination of school children over the county shows an alarming increase in head lice. According to law, such infected children may not be admitted to school until they are pronounced non-infectious, or when the hair is free of lice or nits.

The health nurse credited the increase in lice to the recent influx of laborers and the health problem usually created by migrant labor in this section.

Mrs. C. C. Brookshier and Mrs. Kirk Garrett, of Tulia, visited briefly Thursday here with friends. They were enroute to Quitaque.

Let us give thanks!

Dear Lord, how can we thank Thee half enough
For all Thy gifts to us this fruitful year!
For spring's bright promise gloriously fulfilled
This harvest-time; for these that are more dear
Than bread assured: all the sweet joys of life—
Home, work, love, friends—that gild the passing days;
And children's laughter on the evening air—
For all, dear Lord, we give Thee grateful praise.

But most of all, O God, we thank Thee for
Our cherished heritage of freedom. Here
Where men walk safely, surely; speak and pray
As each one wills, and freely, without fear,
Lord make us strong to hold and spread this boon!
From our abundance help the weak to raise
Their hearts and come to share our brotherhood,
And join with us in songs of thanks and praise!

Change Now—For Summertime Performance All Winter! Protect your engine from winter's rasping wear. Change to new Conoco Super Motor Oil, with OIL-PLATING. Get quick starts, fast pickup, better performance all winter.

Proof of 50,000 Miles—No Wear! After a punishing 50,000 mile road test, with proper drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence: in fact, an average of less than one one-thousandth inch on cylinders and crankshafts. Factory finishing marks were still visible on piston rings! Gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000!

THANKS

This is to notify all of our friends and customers whom we serviced from the Silverton Storage that we have sold the Silverton Branch of the Baker Flash O Gas Company to Allard Butane Company. Let us, at this time, express our sincere thanks for the wonderful customers you have made us while in Silverton. As you already know, Mr. Allard is a pioneer in the butane business and we are sure he will serve you in the future as well as we have in the past.

Sincerely yours,

New Texas Law Goes Into Effect January 1, 1952

A new Texas law makes auto insurance doubly important! Under this new motor vehicle safety responsibility law, unless you have the right kind of automobile insurance, just one accident could cost you your driver's license! Protect your right to drive by having the right kind of automobile insurance. Come in and let me show you why it pays to insure with State Farm Mutual—which writes more full-coverage automobile insurance than any other company! Convenient semi-annual premiums and attractive dividends have been paid to Texas policyholders year after year.
