THE SNYDER DAILY NEWS

VOL. 2, NO. 121 — SNYDER, TEXAS, THURSDAY, SEPTEMBER, 20, 1951 — SIXTEEN PAGES—PRICE 5c

Truman Sticks By Bill Boyle

WASHINGTON , Sept. 20. (AP)—President Truman said today he is opposed to any official of the Democratic National Committee collecting fees for helping secure an RFC laon. He said, however, he is convinced that Chairman William M. Boyle., Jr., has not done so.

The President told a news conference he thinks members of the committee and voluntary workers should do everything they can to help get introductions to those seeking government contacts.

But none of them has any business taking any fees for doing that, he said.

Mr. Truman said he has Boyle's word that the national chairman did not accept fees for any thing he has done, and added that he believes Boyle.

The President spoke out a few hours before the investigating Senators were to hear officials of the American Lithofold Corporation tell how much the firm had paid Boyle and why.

The Senate Investigations Subcommittee called as witnesses W. H. Stanhope, assistant treasurer who wrote the St. Louis printing firm's checks; R. J. Blauner, its former general manager; and Cecil A. Green, its Washington representative.

Boyle has said Lithofold paid him $1,250 for legal work which had no relationship to the $645,000 of loans it got in 1949 from the Reconstruction Finance Corporation (RFC), big government lending agency. The loans have been repaid.

The St. Louis Post-Dispatch has said Boyle received $8,000 as "commissions" after Litholfold got its loans.

Senator Mundt (R-ND), a subcommittee member, told a reporter:

"We're going to find out how much this company paid Boyle and some of his associates, and why they paid him. We're going to look into his relationship with the RFC in behalf of this company, already established in the testimony."

Humble Seeks More Pay In Pennsylvanian

The Humble Oil & Refining Co. took a drillstem test on its No. 1 W. M. McLaury, one location east extender to the East Polar - Pennsylvanian field in Southwest Kent County, from 7,011-65 feet in the Pennsylvanian.

Tool was open one hour. There was a fair blow of air throughout the period. No fluid came to the surface.

Operator is due to set casing at total depth of 7,065 to protect pay already drilled, and will drill on into the Pennsylvanian in the hope of finding another producing zone in that stratum.

Also in Kent County, The Sun Oil Co. No. 1-D Bilby Wallace is reported trying to condition hole to regain circulation, and the Sun No. 1-A Davis is drilling at 5,193 in shale. The No. 1-D Wallace is south of the Clairemont - Lower Pennsylvanian field and the No. 1-A Davis is southwest of that field.

KING WILDCAT

Stanolind Oil and Gas Co. and Ard Drilling Co. have spotted a 4,800 - foot wildcat in North Central King County as their No. 1 R. B. Masterson.

Drillsite is 10 miles northeast of Guthrie and four miles southeast of the operator's JY-Canyon reef lime area.

It is 1,980 feet from the south and west lines of section 1-TW&-NG survey.

KENT EDGE WELL

Stanolind No. 1 Riley, in Kent County, is reported at total depth of 7,083 feet running electric log tests.

On a drillstem test from 7,062-83 feet, tool was open one hour and recovery was 550 feet of salt water 100 feet of drilling mud, with no shows of oil or gas.

SCURRY COUNTY

The Olsen No. 1 Feldman, one-location south offset to the same concern's No. 1 J. W. Thompleton, lone producer in the Hermleigh-Ellenburger field of Central-East Scurry County, is at total depth of 4,416 feet in lime and shale fishing out stuck equipment.

MITCHELL TESTS

The Phillips No. 1 Wulfjen, four miles south and slightly east of Colorado City, is in lime and shale at 6,768 feet.

The Richardson and Bass No. 1 McCabe, wildcat in Southeast Mitchell County, five miles north of the Jameson field in Coke County, is drilling 6,520 feet in shale. It cored from 6,864-86 and recovered 22 feet of black shale.

BORDEN COUNTY

The Phillips No. 1-A Clayton is drilling at 4,945 feet. The wildcat is scheduled to go to 10,100 feet or to test the Ellenburger at a lesser depth. Location is in Southwest Borden County, 1,980 feet from the south and 658 feet from the east about 12 miles southwest of Gail.

FISHER

The Sinclair No. 1 McClesky is at 5,865 feet in shale, after taking a drillstem test from 5,760-84 feet. Tool was open one hour and 45 minutes. Recovery was 90 feet of slightly oil and gas cut mud and no water.

MATADOR STARTS PILOTLESS FLIGHT

The Matador, the U. S. Air Force's pilotless bomber, heads upward from its launching platform with the auxiliary rocket under its tail spurting flame and swoke. In flight the rocket is dropped. The first squardon to be trained in field use of the new weapon is soon to be activated at the missile testing center at Cocoa, Fla. The Matador is manufactured by the Glenn L. Martin Co. at Baltimore, Md. The structure in the background is a launching tower for different type of missile.

NATO Meetings Will Break Up With Additions In Near East

By JOHN M. HIGHTOWER

OTTAWA, Sept. 20. (AP)—The North Atlantic Council is slated to wind up its Ottawa session today with a significant decision to extend into the strategic, oil-rich Middle East its system of joint defense against possible Soviet aggression.

A decision by Denmark that it would not exercise its veto assured unanimous approval by the 12-nation council of an American-sponsored resolution recommending that Greece and Turkey be given membership in the Atlantic Pact.

Subject to Greek-Turkish acceptance and later ratification by the present NATO governments, including Senate concurrence in the United States, the action will result in stretching the pact's security commitments far beyond the North American and Western European commitments far beyond the North American and Western European areas they were originally designed to protect.

The council opened here Saturday and came up to its final day on schedule with the Greek-Turkish question and a declaration on NATO's future non-military development as the main final business.

APPROVAL EXPECTED

The declaration was expected to win swift approval. Its purpose is to put the council on record as favoring greater NATO efforts in the fields of economics. politics and social welfare as well as in the military field.

It also contains an indirect statement in favor of revising the Italian peace treaty. The statement calls for removal of all impediments which might impair the inequality of NATO members — which Italy claims its World War II treaty does.

Officials said this section was written with the intent of satisfying demands of Italian premier Alcide de Gasperi for council support in obtaining revision of the pact, which he has branded as harsher, than the treaty recently signed with Japan.

The council put on a burst of speed Wednesday to clear the way for adjournment. In a meeting that ran into early evening it finally approved plans for a sweeping investigation of the whole joint defense program, primarily to find out how to increase the flow of troops and weapons to General Dwight D. Eisenhower's European command without bankrupting the economies of Western Europe.

DECEMBER DEADLINE

To conduct the inquiry the council ordered creation of a full 12-nation committee with instructions to make its final report by Dec. 1. The deadline was fixed to enable member countries, including the United States, to prepare their mutual defense budgets early next year on the basis of the new conclusions reached.

Most officials hope that the study will produce a balance sheet of NATO military requirements and the resources to meet them and simultaneously provide a yardstick by which each country can measure its own contribution.

The American delegation under Secretary of State Dean Achesos has taken the line here that hard-pressed European governments should not look for any additional aid from the United States beyond that already being voted by Congress.

However, if, as expected, the study shows an urgent need for increased United States assistance next year, the Truman administration may be pressed to boost the total if its requests to Congress in 1952 as compared with 1951.

This year the foreign aid total was $8.5 billion of which approximately $1 billion was stashed away by Congress.

Joint Meet On Foreign Aid

WASHINGTON, Sep. 20. (AP)—A Senate-House conference today took the lid off military aid available for non-European pact nations under the foreign aid bill.

Chairman Connally (D-Tex) said the conferees agreed to strike out a senate provision which would have limited to 10 per cent any transfer of the $5 billion in military funds authorized for European aid.

The effect, Connally said, would be to permit President Truman, under certain conditions, to transfer any amounts he desires to countries not members of the North Atlantic Treaty Organization, such as Spain, Yugoslavia and Western Germany.

The conferees also agreed to limit to $10 million, instead of the $30 million approved by the House, funds to aid Iron Curtain refugees in Europe. None of these funds could be spent by the International Labor Organization or any other United Nations agency having Communist country members.

The conferees approved a Senate provision under which the President may turn economic assistance in Asia over to the Army or some other agency other than the ECA, with minor amendments.

The committee agreed to a House requirement that any further authorizations of military and economic aid be obtained from Congress each year.

Soviet Envoy Leaving Iran

TEHRAN, Iran., Sept. 20. (AP)—Russia's ambassador to Iran is leaving by plane Saturday for talks in Moscow, a government spokesman said today.

Speculation stirred here immediately on what move Iran's big northern neighbor is planning in the oil crisis that has brought Iranian politic's to a crucial stage.

The ambasador, Ivan Sadchikov is dean of the diplomatic corps. He visited Foreign Minister Bagher Kazemi Wednesday and plans to see Premier Mohammed Mossadegh today, the spokesman said.

Departing diplomats usually make formal visits to government heads before leaving. The retiring U. S. Ambassador Henry Grady, who left Wednesday, made similar visits.

Iran's small Communist Party, the Tudeh, has been lying low in the oil dispute. It has supported oil nationalizaton and its upsetting effect on Iran's shaky economy, but it has also accused Mossadegh of being too moderate in his attitude toward the British.

Seek Harmony With Russians

WASHINGTON, Sept. 20. (AP) — President Truman said today this country will continue to seek agreements with Russia but will build up its armed strength to see that they are enforced.

The President told a news conference there is a stronger possibility of preserving the peace as a result of the strengthened arms program. He added that possibility will grow still stronger if we stick to our knitting and go along with our defense program.

Under existing circumstances Mr. Truman said, it is necessary to rely on force, and he declared he dislikes this very much.

He said the United Nations was organized to settle differences without the use of force, and that Korea was just one example of how the Communists have made this impossible.

Teen-Age Trio Sought By Law

HOUSTON, Sept. 20. (AP) — An imitation redhead named "Wildcat" and her two teen-age chums were believed in or headed for San Antonio Wednesday night as officers sought them for questioning in the murder of an Iowa man.

The trio, all about 16, wore cowboy boots and western style clothing.

The man for whose slaying they are sought is John Hoffman, who stopped in Miles City, Mont., Sept. 11, while en route from the West Coast by bus to his home in Iowa.

Hoffman was found lying in an alley, brutally beaten. He died in a hospital last Friday. Before he died Hoffman reportedly described his assailants as a teen-age trio he had befriended during his stop.

He said the leader was a red-headed girl called "Wildcat".

A 15-year-old boy was arrested in Laurel and said he was with the other three when they beat Hoffman and robbed him of $60.

Sheriff C. V. Allen of Miles City said the trio, two girls and a boy, were all residents of the Miles City area. And that they were believed headed for Houston where one of the girls has a boy friend.

Large Sum Goes To ACC

ABILENE, Sept. 20. (AP)—Dr. and Mrs. Charles F. Williams of Abilene has given $30,000 to Abilene Christian College, Dr. Williams, a Bell County native who has practiced here since 1923, is a former Abilene Christian student.

Churchill Readies For Oct. Elections

By DON SCHWIND

LONDON, Sept. 20. (AP) — Winston Churchill and his Conservative "Shadow Cabinet" began shaping election strategy today as Socialists and their foes squared off quickly for a mighty election battle to control British government policy.

The former wartime leader greeted Labor Prime Minister Clement Attlee's announcement that the country will vote Oct. 25—just 35 days from now — with the cry that Britons can now place in power a cabinet effective at home and abroad and not be misled by class warfare or doctrinal fallacies." His "Shadow Cabinet" is made up of the younger Tories who advise him and help fight his battles in parliament.

Attlee's brief announcement by radio to the country said the Labor Party wanted a decisive vote of confidence from the people after 18 months of government with only a very small majority in the House of Commons.

Labor's margin on important votes has been only from six to 10 in the 625-seat House since the February 1950 elections. The Labor Party took power in 1945.

Attlee appeared to leave no doubt he wanted popular endorsement of his policies not only over the attacks from the Conservatives but also over a left wing section of the Labor Party that opposes so much spending for rearmament.

The leaders of all parties made swift opening moves.

Churchill began his talks informally with other party prominents and called a full dress meeting of the party's big guns for Saturday morning. The party central office announced it had called off its scheduled annual conference at Scarborough, Oct. 11-13.

The Liberal Party was expected to call off its conference scheduled for what is now election day. The party has only nine seats in Commons but holds strategic position between the 315-seat Labor Party and the 296-seat Conservatives. Third largest party, it took a bad shellacking in the 1950 election.

The leading Labor figures also held informal huddles in London, as the vanguard of a probable 1,500 candidates began to fan out for the campaign, and a boom developed in the stock market over the election turn.

Way Open For Resuming Peace Talks In Kaesong

President Is Confident Of 1952 Victory

WASHINGTON, Sept. 20. (AP)—President Truman today predicted a democratic victory in 1952. He said the opposition is without issues and has resorted to misrepresentation and smears.

Mr. Truman declined anew to say at a news conference whether he will seek renomination, but he did say he expects to have a hand in drafting his party's '52 platform.

Told that Edward J. Flynn, Democratic National Committeeman from New York, had said Wednesday Mr. Truman could beat anyone, including Gen. Dwight D. Eisenhower, the President was asked if he agreed.

He said he was happy to hear of Flynn's estimate because he regards the New Yorker as a very able prognosticator. But, the President added, he had no comment on Flynn's remarks.

From the Republican camp, Flynn's prediction brought a retort that the GOP nominee will win next year if he wages a fighting campaign.

And a Republican's prediction that Gen. Dwight D. Eisenhower will be "available" for the party's nomination evoked from Senator Brewster (R-Me) the statement that Eisenhower is "now more than ever the indispensable man in Europe." Brewster is plugging Senator Taft (R-Ohio) for the nomination.

Flynn said he told the President New York state will support him in anything he wants to do. Mr. Truman, Flynn reported, " just smiled" and said nothing.

Flynn declared the Republicans "can't beat somebody with nobody," and that they have nothing but "Blatherskites and stuffed shirts."

As for Flynn's forecast that Mr. Truman can beat anybody, Taft commented:

"The Republican nominee, if he puts on the right kind of campaign, would defeat Mr. Truman. But it must be the right kind of campaign."

Taft indicated he thinks the wrong sort of campaign would be the kind New York's Governor Thomas E. Dewey conducted as Republican presidential candidate in 1949.

Senator Wiley (R-Wis) brushed aside Flynn's optimism regarding Mr. Truman's chances as "whistling in the dark and wishful wishing."

Like Taft, Wiley said the Republicans can take over the White House, but "this time we must have someone who will take the aggressive initiative."

Fair Weather Covers State

(By The Associated Press)

Another cool front was heading toward Texas today — but the U. S. Weather Bureau said it probably won't penetrate very far into the state.

The forecast called for somewhat lower temperatures Friday only in the Texas Panhandle, South Plains and northwest portion of East Texas.

"It's just a small cool front," the weather bureau said, "and already it's slowing down as it nears Texas."

The outlook for the "football week end" was for only a chance of scattered showers, with temperatures about normal or slightly under normal.

Skies were fair throughout Texas today. The only rain reported for the 24-hour period ending at 6:30 a.m. was .11 of an inch at Beaumont, on the coast.

Minimum temperatures during the night ranged 48 degrees at Dalhart, in the Northwest Panhandle, to 74 at Galveson.

Wednesday's maximum in Texas ranged from 99 degrees at Presidio, near the Mexican border, to 82 at Galveston.

Police Department Hires Clyde Thomas To Patrol Downtown

Clyde Thomas, policeman who was fired by the city council about six weeks ago, was rehired yesterday to assume his former duties with the department.

Thomas will be a nightwatchman to patrol the downtown area and alleys on foot at night, Ray J. Keenan, police chief, said.

Thomas was fired by the council as a result of a controversy with Chester Bairrington, police chief then, who was fired at the same time.

"We feel that the presence of a nightwatchman in the downtown area is needed, and that Thomas is a good man for the job," Kenan said.

IN-LAW SITUATION

POTTSVILLE, Pa., Sept. 20 (AP)—Mrs. Grace Osatchuck soon will be her daughter's mother-in-law.

She appeared at the Pottsville courthouse yesterday to give legal consent to the marriage of her daughter, Ruth Williard, 17, to the 32-year-old son of her second husband.

Because Ruth is a minor Mrs. Osatchuck's consent was necessary before a license could be issued. No date has been set for the wedding.

Memberships In Concert Group at 300

Another day of progress was reported yesterday by workers in the membership drive for the Snyder Concert Association. Memberships sold are approaching a total of 300, A. T. Nicholas, drive chairman said.

The drive is scheduled to close at noon Saturday, after which no memberships will be sold, Nicholas said, and neither will any individual tickets be sold prior to or at the time of any of the concerts.

Five concerts have been tentatively scheduled already, and an additional one probably will be scheduled if more memberships are sold than the 500 necessary to assure all five now planned.

Adult season tickets are $6. and student memberships are $3. Those wanting memberships may contact the Chamber of Commerce office in person or mail checks to the association in care of the office. Memberships may also be purchased through any of 37 workers making solicitations for membership.

Quarterback Club Formed

Carl Herod was elected president of the Quarterback Club here at an organizational meeting held at the high school cafeteria last night.

About 50 persons attended the first meeting of the club. It is sponsored by the school system and school board.

The Quarterback Club was organized in answer to requests from sports fans to stimulate greater interest in sports activities of Snyder schools, especially football.

Carl Voss was elected as vice president, Dr. Billy Jack Weaver was elected secretary, and Charles Blakey was elected to be the club's treasurer.

Wayland Holt was appointed to head a committee to be picked by him which will write a constitution and by laws for the club.

Stanton Rancher Dies

BIG SPRING, Sept. 20. (AP)—John N. Poe, 63, veteran rancher and trader from Stanton collapsed after a heart attack at a livestock sale here Wednesday night and died almost immediately. Services will be at Stanton at 3 p.m. Friday.

Truman Cries For No Cuts In His Taxes

WASHINGTON, Sept. 20. (AP)—President Truman told the Senate today its tax increase bill would fall far short of balancing the budget and renewed his request for a $10 billion tax hike.

Mr. Truman sent a letter to Vice President Alben Barkley which was read to the Senate as it began it first full day of debate on the measure.

The bill, drafted by the Senate Finance Committee would yield in estimated $5,506,000,000 a year in new revenue. A House-passed bill would raise an estimated $7.2 billion.

Mr. Truman said the federal government already is heavily in the red in this fiscal year and that personal and corporate incomes are running at such high rates they could stand stiffer tax boosts than the Senate bill proposes.

The President was highly critical of what he said were loopholes put into the bill by the Finance Committee and other provisions "for the benefit of special groups."

There was no immediate reaction in the Senate to the letter. Several members of the Finance committee, including hairman George (D-Ga), were present but none rose to make any reference to Mr. Truman's criticism.

The Senate had met two hours early to speed debate on the tax bill which is already three months late by administration standards.

Secretary of the Treasury Snyder proposed to the house ways and means committee last spring that the boosts on personal income levies and excises go into effect by July 1.

But Senator George (D-Ga), in his opening statement on the bill late Wednesday, said Nov. 1 was the earliest possible efective date for the increases in these two taxes.

George said when the bill becomes law the federal government will be collecting about $67 billion a year in taxes — or $21 billion more than at the World War II peak.

No Change On Illinois Judges

WASHINGTON, Sept. 20. (AP)—President Truman said today he is standing by his nominations of two federal judges for Illinois despite the action of the Senate Judiciary Committee in bottling them up.

The President said he has no intention of submitting new nominations, because he is satisfied with the ones he made.

Mr. Truman and Senator Douglas (D-Ill) have split over the nomination of the two judges.

The President, without consulting Douglas, nominated Cornelius J. Harrington and Joseph J. Drucker to the two posts.

Douglas objected and called "personally obnoxious" to him the manner in which Mr. Truman made the selections.

Mr. Truman told newsmen today he does not expect further action by the Senate committee — thus raising the prospect that the vacancies will continue indefinitely.

Air Battles Flare Again Over Korea

U. S. EIGHTH ARMY HEADUARTERS, Korea, Sept. 20. (AP)—American warplanes today damaged three Russian-made MIG-15 jets in a series of dogfights over Northwest Korea. Altogether, 49 Allied and 78 Red planes were engaged.

The U. S. Fifth Air Force said there were no Allied losses.

Red losses for two days of dogfights totaled one MIG destroyed and eight damaged.

For the first time in history, giant helicopters ferried battle-ready troops into action. The helicopters delivered a reinforced company of Marines and their equipment to a rugged mountain summit in only four hours. By foot, the same job would have taken two days.

The Fifth Air Force reported four swirling jet battles between Allied and Communist aircraft.

Clearing weather on the Eastern Front brought needed air support to Allied infantry fighting the bloody "Battle of the Hills."

There were no reports of major ground action from other fronts.

The jet battle ranged from 43,000 feet down to tree-top level. Thirty-two Sabre jets were pitted against 50 MIGs.

At least 112 jets tangled Wednesday in the same area. The Reds lost one plane destroyed and five damaged.

The Sabre jets were flying cover for fighter-bombers attacking Red rail lines when the met the MIGs.

The Fifth Air Force also reported a brief engagement between 15 Allied and 20 Red jets near Suckchon. It said no damage was inflicted to either side before the MIGs swooshed to their Manchurian base.

Other Allied planes attacked the Red transportation network in North Korea. Tracks were cut in 17 places south of Changhwa. South African F-51 Mustangs and U. S. F-84 Thunderjets pounded tunnels and trains in other air actions.

On the ground, U.N. infantrymen pulled themselves together for a drive to regain Wednesday's losses. The final score for Wednesday — no hills won, three lost, and seven Allied attacks turned back — was relieved only by the successful defense of three other peaks against strong Communist attacks.

With clearing weather, however, the doughboys had help from Air Force and Marine fighter pilots, plus artillery fire that is more accurate when directed from spotter planes.

Ridgway Not To Push For Site Change

TOKYO, Sept. 20. (AP) — The Communist high command reversed itself today and suggested that Korean cease-fire talks be resumed immediately in Kaesong.

The Reds broke off the talks 28 days ago. They charged then that an Allied plane bombed and strafed the neutral Kaesong area Aug.22 in an attempt to murder Communist truce delegates. The Allied command called the charge fradulent and faked.

Heretofore the Reds have demanded that the Allies admit responsibility for a string of alleged neutral zone violations before the truce talks could be resumed.

They proposed today only that a "suitable organization" be set up to guarantee the neutrality of Kaesong, Korea.

Gen. Matthew B. Ridgway made no immediate comment.

But a release from the supreme commander's headquarters said, "There is reason for hope that the latest Communist reversal in policy and agreement to renew the peace talks may bring some sort of a cease-fire in Korea."

It cautioned, however, that "it is a hope that must be tempered by the realization that a renewal of the talks does not mean necessarily that previous difficulties will suddenly iron themselves out."

Chinese Gen. Peng Teh-huai and North Korean Premier Kim Il Sung proposed:

1—That liaison officers of both sides meet to fix the time for reopening the meetings.

2—That at the first session after the conferences resume, delegates discuss a plan "to establish a suitable organization" for guaranteeing the neutrality of Kaesong and settling differences over previously charged violations.

The United Nations command has admitted the validity of only two alleged violations.

The Red leaders said they were willing to consider reopening the talks because of the "responsible attitude" the Allies have taken regarding the admitted violations.

Earlier, Ridgway had proposed that the talks be shifted from Kaesong. The Reds rejected this. The belief has been general here that Ridgway would not insist on switching the site if ironclad agreements could avert the constant bickering over alleged violations of Kaesong's neutrality.

Pair Held For Narcotics Case

AUSTIN, Sept. 20. (AP)—Charges have been filed against a man and a woman in connection with Tuesday's $5,000 narcotics confiscation north of Austin, Police Chief R. D. Thorp reported here late Wednesday.

The charges, possessing and transporting narcotics and possessing punchboards, were filed in Justice of the Peace Court in Georgetown against James William Bruce, a 54-year-old Louisiana ex-convict, and a 26-year-old woman whose name police asked to be withheld pending further investigation.

Bruce was said to be driver of the pickup truck from which Texas Rangers took a suitcase containing morphine, codine and paregoric after a four-mile 65-mile-an-hour chase on U. S. Highway 81 south of Round Rock Tuesday.

The woman was a passenger in the truck. She told police she was a hitchhiker who had been given a ride.

The charges of possessing punchboards are the first to be filed under the new state law passed by the last legislature making it unlawful merely to posses the devices.

2 men Die In Wreck

SILSBEE, Sept. 20. (AP) — Two men were killed and another injured in a car-truck collision Wednesday night 12 miles north of here. Carl Dunaway, 53, was killed instantly. Irving West, 17, died a few minutes after reaching a Silsbee clinic.

High of 93 Yesterday

The temperature climbed to 93 degrees yesterday, Mrs. D. P. Strayhorn, official weather observer, reported, and the minimum this morning was 57. The reading at 7:30 o'clock this morning was 62 degrees.

WEATHER

WEST TEXAS: Cooler in Panhandle tonight. Friday partly cloudy and cooler in Panhandle and South Plains.

EAST TEXAS: Partly cloudy and scattered showers near upper coast tonight and Friday. Warmer except near the coast and in northwest portion tonight. Cooler in Northwest portion Friday.

Permian Oil News

Small Spraberry Well Is Completed in Howard

Spartan Drilling Co. has completed a small Spraberry discovery in Northwest Howard County as its No. 1 Roy Phillips.

The well flowed 24 hours through a choke of unreported size to make an initial production of 2.06 barrels of 45-gravity oil plus 75 per cent water. Gas - oil ratio was not reported.

Top of pay is 4,672 feet and total depth is plugged back 4,743 feet. Seven-inch casing is cemened at 4,750 feet and perforated at 4,670-4,700 feet. Total depth was 5,695 feet.

Perforations were acidized with 2,000 gallons.

Location is 660 feet from south and east lines of section 19-33-T-2-W-T&P survey and two and three-quarter miles northwest of the Bond - Canyon pool and 10 miles west of Luther.

* * *

Hamon No. 2 Boothe Completed Near City

Near the north city limits of Snyder, Jake L. Hamon has completed his No. 2 Jim Boothe for 140 barrels of oil and no water. Production flowed naturally on a 24-hour test through a 24-64th inch choke after being treated with 10,000 gallons of acid.

Gravity of the oil was 41.5 degrees. Top of the pay is at 6,817 feet. Five and one-half inch casing was perforated from 6,817 to 6,823 feet. Gas - oil ratio was 859 to 1.

Location is in the Kelley - Snyder field, 250 feet from the southwest and 1,344 feet from the north lines of the lease in section 179-3-H&GN. On the same lease is the No. 1 Boothe, which was completed in June for 165.6 barrels of 41.7 gravity oil. The Boothe wells are among the closest to the city of Snyder.

* * *

Humble Stakes Two Sharon Ridge Wells

Humble Oil & Refining Co. has filed application to begin drilling on two Sharon Ridge - Canyon wells.

They are the No. 5-B R. P. Ainsworth et al, which will be 660 feet from the south and west lines of section 99-25-H&TC, 18 miles southwest of Snyder. It will go to 6,800 feet with rotary tools.

The other is the No. 12 J. E. Sorrels, 1,980 feet from the south and east lines of section 100-25-H&TC, which will also go to 6,800 feet with rotary tools.

* * *

Schleicher Well Is Found Dry in Strawn

Los Nietos Co. No. 1 C. C. McBurnett, wildcat in Central-North Schleicher County, has found salt water in the Strawn on a two-hour drillstem test from 5,405 feet to 5,428 fee.

Recovery was 180 feet of drilling mud and 920 feet of salt water. There were no shows of oil or gas.

Top of the Strawn is at 5,404 feet. Elevation is 2,332 feet.

Operator is planning to deepen the wildcat, but at present time does not plan to explore the Ellenburger.

Top of the Palo Pinto was called at 4,485 feet. The same point is called home Creek by some sources.

Location is at the center of the southwest quarter of the southwest quarter of section 6-A-2-GH&SA and five miles east of the Page-Strawn field.

* * *

Two Wells Completed In Sharon Ridge 1700

In the Sharon Ridge 1700 field of Southwestern Scurry County, Empire Oil Co. of Texas has completed its No. 3 Minnie Robison for a 24 - hour pumping potential of 5.76 barrels of oil and no water. This test was taken in order to get an allowable set on a new well that had been drilled earlier but had not had a potential run as it did not appear to be a good well.

Top of the pay was at 1,688 feet and total depth was 1,721 feet. Five and one-half inch casing was cemented at 1,688. The well was treated with 8,000 gallons of acid. Location is 990 feet from the north and 330 feet from the west lines of section 98-3-H&TC

Also in the Sharon Ridge 1700 field, S. B. Roberts has completed his No. 13 C. A. Williams, 990 feet from the south and west lines of the lease in section 192-3-H&GN. On a 24-hour pumping test, the well made 31.24 barrels of 28 gravity oil and no water after being treated with 6,000 gallons of acid. Gas-oil ratio was 150-1. Top of the pay was 1,704 feet, and total depth 1,760.

* * *

Extension to East Vealmoor Completed

Lario Oil & Gas Co. has completed its No. 1 Alice Cairnes, et al, as a good flowing oil well to extend the East Vealmoor field of Central North Howard County one quarter of a mile to the east.

The new producer reported a 24-hour potential of 1,796 barrels of 45-gravity oil, and no water, flowing naturally through a one - half inch tubing choke.

The production came from 20 feet of open hole in the reef lime between the bottom of the casing which is cemented at 7,415 feet and the total depth of 7,435 feet.

There was a good gas volume, but the gas - oil ratio has not yet been calculated. The potential was based on an actual flow of 449 barrels of oil in six hours.

Flowing tubing pressure was 1,100 pounds. Casing pressure was 600 pounds.

Top of the reef lime is at 7,395 feet. That is a datum of minus 4,901 feet.

Location is 330 feet from south and west lines of the southeast quarter of hte northwest quarter of section 18-27-H&TC. It is five miles north of Vincent.

* * *

Runnels County Tests

Two wildcat locations have been spotted in Runnels County.

Murray Petroleum Corp. No. 1 R. T. Williams and R. L. Williams will be 330 feet from north and east lines of L. D. Counts survey No. 2 and two and one-half miles northwest of Content.

Rotary tools will be used to go to 4,500 feet.

In he Northwest part of the county, G. W. Strake and Robinson-Puckett No. 1 J. D. Smith, Jr., is to be 990 feet from south and 330 feet from west lines of section 85, Col Tap RR survey and five miles southeast of Wingate. That puts it one and one half miles southeast of the North Winters pool

Contract depth is 4,900 feet.

* * *

Upton County Wildcat

A new wildcat has been staked in South - central Upton County as Cities Service Oil Co and others No. 2 Noelke.

It is projected to 8,500 feet with rotary tools. Drilling will begin immediately.

Location is 660 feet from north and 1,980 feet from east lines of section 4-A-MK&T and three-quarters of a mile north and slightly east of the operators' No. 1 Noelke, a 6,815 foot failure in the same section.

No. 2 Noelke is 11 miles southwest of Rankin and two and one-half miles east of the shallow Crockett field.

Child Injured While Returning from School

Bethelda Williams, 8 - year - old daughter of Mr. and Mrs. Harold Williams, 3001 Avenue Y, was slightly injured yesterday when hit by a car as she crossed a street here.

The girl ran into the side of a passing car. She was only shaken up, and was not admitted to Snyder Hospital after an examination was made there.

The accident occurred in the 1700 block of Twenty - sixth Street about 4:30 while she was going home from school.

Crane Wildcat Set

Forest Oil Corp. of Midland and associates are to start drilling immediately at their No. 1-A University, slated 10,000 foot wildcat in Northeast Crane County, 10 miles northeast of the town of Crane.

The prospector is expected to find and test the Pennsylvanian lime by the time it reaches 10,000 feet.

Courses Open To Teachers

All teachers in Snyder and Scurry County are invited to register for special courses between 8 and 12 o'clock noon, Saturday, Sept. 22, and Saturday, Sept. 29, at Texas Tech, Lubbock, it was announced today by Forrest Beavers county superintendent of schools.

The courses will be held for teachers on Saturdays, and a small registration fee will be made, said Beavers.

Among the courses outlined for the teachers include children literature; supervision and curriculum development; educational research; applied education research; general education seminar; speech correction methods; county organization; practice on intelligence testing and others.

Further information regarding these courses and registration can be obtained from Beavers in his office at the courthouse.

Last Day for Purchase Of Season Game Tickets

Only one day remains in which season football tickets may be purchased for home games.

They are being sold through the office of Forrest Beavers, county superintendent of schools, on the main floor of the courthouse at the reduced rate of $6.50 for the season of home games without purchase of any additional tickets at the gate.

The superintendent's office is also handling tickets to the Snyder-Lakeview game tomorrow night. Reserved seats are $1.20 for adults. Student tickets are purchased through the office of the high school principal.

Test in Tom Green

Owenwood Pool No. 3 of Fort Worth has spotted No. 1 T. M. Herring as a new wildcat in Southeast Tom Green County.

Drillsite is 660 feet from south and 330 feet from west lines of section 22-A-H&GN. Location is on a 320-acre lease.

Projected depth is 5,000 feet with rotary tools. Operations will begin at onee.

No. 1 Herring is 12 miles east of Christoval and six miles southeast of the Susan Peak field.

Either Side Winning British Elections To Have Hard Time

By JAMES MARLOW

WASHINGTON, Sept. 20. (AP)—Britain and any political group running it may be in for a bad time this winter.

Living costs are rising. There may be food and fuel shortages, even though both are rationed now. And Labor is demanding wage increases.

In the British elections of 1945 Clement Attlee's Labor Party handed Winston Churchill's Conservatives a whopping defeat.

The Laborites came out of those elections with a majority of 200 seats in the House of Commons, which has 625 members.

This was a green light to the Labor Government to go ahead with its programs. With its big majority, it was able to push them through.

To hold down food prices and the cost of living, it had to subsidize farmers. The income tax in the top brackets went up to 97½ per cent and the average middle-class Briton had to pay more than 35 per cent of his income on taxes.

STAYED IN SADDLE

But with its big majority in Commons, the Labor Party stayed in the saddle. Then came 1950, five years after the previous elections.

The betting was that in the elections of February, 1950, the Laborites would win again. And they did. But by a startingly small majority. Today they have a majority of only six among the 625 seats in Commons.

That's a tight squeak for any program Attlee's party wants to put through, although it did nationalize the steel industry after the 1950 elections.

Attlee's own party has been split a bit by opposition from within the ranks. And, in addition to its other problems of getting back to normal, Britain, as a member of the Atlantic Pact, has to arm and produce arms, meaning more money the government has to spend, more expenses.

BLEAK PROSPECT

All that, together with the prospect of food and fuel shortages and labor unrest, confronts Attlee with a winter which may be severe economically and politically. No matter what happens, Britons will still have to keep their belts tightened.

Since his administration still has four years to run and since he still has a majority of six votes in Commons, Attlee might have tried to seat it out until 1955.

But far sooner than that he might have found himself defeated through a switch in votes on a vital issue. And when that happened he'd have to ask for elections anyway.

In Britain, no matter what happens — the only way to get the answer on public confidence is to call for elections and let the people vote at once.

That's what Attlee did Wednesday. The elections will be Oct. 25. He may lose. He seems to have decided: Better find out now than later.

Neither party has announced its political program or platform yet. But no matter which party wins it seems certain to stand shoulder to shoulder with this country in foreign affairs against Russia.

Kiwanis Urged To Support Concerts Here

Mrs. Leota Craig, Dallas, representative of the Southern Town Hall organization, spoke to members of the Kiwanis Club at their luncheon yesterday in behalf of the drive for a 600 members for the musical programs scheduled fall and winter by the Snyder Concert Association.

"The $6 membership asked for the series will be money well spent, besides being educational and entertaining," said Mrs. Craig.

All children in Snyder and Scurry County between the ages of 3 and 12 are invited to be guests of the Kiwanians and Joe L. Love of the Love theaters Saturday. The children have been asked to assemble in front of the Palace Theater at 9:30 o'clock in the morning when each child will be given a Dixie cup of ice cream, and then admitted to the theater as special guests of Love.

This event is being sponsored over the nation and in Canada by the Kiwanis International clubs, according to Ford Kenner, chairman of the program here.

The entire membership of the Kiwanis club will journey to Lamesa Tuesday for a special meeting. The Snyder group will travel by special bus, leaving here at 10:30 o'clock, according to H. W. Cargile, club president.

Members of the club are slated to be given an analysis of their handwriting by Blanche Horn, certified grapho anyalyst. Kiwanians submitted samples of their writing yesterday, and the results will be made known at the next meeting.

Fuller Sand Location

The Texas Co. has staked location for its No. 192-F P. L. Fuller, Fuller sand well in the Cogdell field of North Scurry County. It will be 1,988 feet from the north and 1,904 feet from the east lines of section 652-97-H&TC, and will go to 5,275 feet. The well is 15 miles northeast of Snyder.

LETTERS TO EDITOR

(Note: It is the policy of the Daily News to publish only letters which have been signed. This rule is relaxed here to permit publication of the students' side of the high school initiation question, recently opposed in these columns by an aroused parent.)

To the Daily News:

I am a senior in Snyder high school and I have read the article from a parent and what he thinks of the so called treatment given freshmen coming into high school.

It seems funny to me that according to the students themselves, it makes them proud to go through beltlines in order to show that they are growing and are old enough to be a member of the high school department. As for the boy who goes through twice, that is something I haven't heard of.

The beltline is a tradition and not "slavery beating." I think everything is fair and that no injustice is being done.

A Student

Farmers Urged To Build Soil

Winter legume planting has been added to the list of soil-building practices in Scurry County, under the Production and Marketing Administration program, it was announced today by Elsworth Jones, PMA administrator.

In a statement on the new practices, Jones said:

"Legumes seeded in the fall of 1951, draws payment under the 1952 PMA program. The payment rate is 5 cents per pound for Austrain winter peas, and 12 cents per pound for hairy vetch.

"A good crop of legumes turned under, increases the fertility of soil, by adding nitrogen and humus of plant food to the soil. The deep legumes help keep the subsoil from packing, because the roots penetrate deeply, and keeps the soil from running together.

"Legumes can be grown in a rotation plan of farming. By taking 10 or 15 acres each year and planting legumes on this much land, it won't be very long until all the cultivated land has had a crop of legumes grown on it. Legumes should be inoculated with a good inoculation before planting. The land where hte legumes are to be planted should be treated with 200 pounds of 20 per cent superphosphate per acre or the equivalent in 30, 40, or 45 per cent of superphosphate.

"There is a PMA payment for applying super - phosphate to the land, and this rate is $1.02 per cwt, for 20 per cent and $1.99 per cwt for 45 per cent super - phosphate.

"Production is increased, and soil protected with legumes, because of legume crop prevents erosion, holds water, adds nitrogen and improves the general condition of the soil."

Prospective Leaders For Girl Scouts Are Asked to Meet Friday

More than 200 girls between the ages of seven and 10 are interested in joining Brownie troops of Girl Scouts. And intermediate Scouts in like numbers want to have active troops this year.

The hitch in the plans is the lack of leaders, according to Mrs. Floyd Boston, Girl Scout publicity chairman. Only a few leaders from last year are active again, since many have moved, she said. Estimates have shown girls from 14 to 17 would also like to organize troops.

A program for prospective leaders—with Scout experience or without—is planned for 3:45 o'clock tomorrow afternoon in the Fellowship Hall of First Methodist Church. Persons willing to help lead the overflowing numbers of Scouts are asked to attend the meeting, the chairman said.

Condition of Sterling Parker Reported Better

The condition of Sterling Parker, manager of Beadel's Rainbow Market, was reported improved today. He suffered a heart attack Monday night while he and his family were visiting in Sweetwater, their former home.

Parker, who resides at 3773 Dalton Drive, is being treated in the Sweetwater Hospital.

Injured in Oil Field

B. F. Robinson, about 25, of Coahoma, suffered a broken arm and head injury about noon yesterday when he was struck by a bailer while cleaning an oil well on the Reynolds lease near Knapp.

Robinson, employed by Brooks & Turner Well Servicing Co., was taken by a Bolger - Barnes ambulance to the Hogan - Malone Hospital in Big Spring.

Kentucky Favored Over Texas, A&M To Defeat UCLA

By Paul B. Williamson

More grid games involving both major and minor teams are scheduled for this week end than in any previous third week of September in history.

On Friday the Williamson System takes Furman to upset Washington and Lee. But Wake Forrest to beat Boston college; Temple to turn back Syracuse, and Texas A&M to down UCLA should be in line.

The game of the week is on Saturday: Kentucky to confound Texas University.

Most of the big teams Saturday should have it in the bag over their opponents. Close affairs, however, in "name" ranks will include Arizona over Utah, Denver over Drake, Baylor perhaps over Houston U., Fordham over Missouri, Arkansas over Okla. A&M, and Hardin - Simmons over College of the Pacific.

Toss-ups Saturday in lesser ranks include Cornell College over Carleton, Wooster over Hiram, North Dakota U. over Iowa Teachers, Wheaton over Kalamazoo, Lafayette over Albright, and Lewis over Platteville State. Other close ones include Central Michigan over Southern Illinois and Kent State over Western Michigan (top "small" game of the week.

Another top minor game in the toss - up class will be Louisiana College to surprise Jacksonville (Ala.) State. Midwestern should stop McMurry and Morris Harvey beat Ohio U. On Sunday, Xavier (Ohio) should unset St. Bonaventure in a killer diller.

PREDICTIONS

EXPLANATION: Team in first (left column is picked by the Williamson System as the WINNER. It is also the HOME team unless its opponent is second (right column is starred (*), to mean the expected LOSER is the home team. "n" means night game. In three general groups: (1) Major Conference games, (2) All other Four - year Games by regions, (3) Junior College games.

(Ratings earned this fall will follow respective opponents in all prediction regions after September 25. The Williamson System assigns an earned 1951 rating to a team only after it has played in this season.

Texas Baseball Attendance In Big 1951 Slump

(By The Associated Press)

Texas' 33 professional baseball clubs drew 2,918,405 in attendance in the season just closed.

This was 245,011 under what they got into the parks last season.

Only 11 of the clubs showed increases with the heaviest coming at Houston in the Texas League. The Buffs drew 333,201 compared to 255,809 last year.

Austn, Temple and Sherman - Denison of the Big State League were ahead of last year; Port Arthur and Corpus Christi of the Gulf Coast League eclipsed 1950; El Paso of the Southwest international League gained more than 11,000; San Angelo and Midland of the Longhorn League were ahead and Abilene and Lubbock of the West Texas-New Mexico League had increases.

Here were the attendances by clubs:

Texas League — Beaumont 109,893, Dallas 228,263, Fort Worth 160,276, Houston 333,201, San Antonio 180,577.

Big State League — Austin 147,361, Temple 114,329, Waco 61,371, Gainesville 80,371, Wichita Falls 73,415, Sherman - Denison 57,292, Texarkana 56,671, Tyler 42,192.

Gulf Coast League — Galveston 63,378, Port Arthur 79,601, Corpus Christi 91,1001, Harlingen 65,762 Brownsville 49,877, Texas City 48,617, Laredo 48,049.

Longhorn League — San Angelo 116,522, Odessa 59,825, Big Spring 43,370, Midland 52,705, Vernon 34,200 Sweetwater 31904.

West Texas — New Mexico League — Abilene 94,945, Amarillo 65,124, Borger 34,491, Lamesa 59,283, Lubbock 112,046, Pampa 27,515.

San Antonio Is 2 Behind Buffs

(By The Associated Press)

The San Antonio Missions return to their home park tonight trailing the Houston Buffs, two games to none, and in poor condition to stage a comeback. Three Mission players are on the injured list.

The Padres fell behind the straight-away leaders Wednesday night by dropping a 4-3 decision for their second straight loss.

Jack O'Donnell, Mission first baseman, was sidelined in the first game of the series with broken ankle; Bob Turley, ace pitcher, is suffering with a sore elbow and Don Robertson, starting pitcher Wednesday night, was hit in the face with a ball.

The Padres have chosen Pete Taylor (5-3) to work tonight as they try to get back into the picture. The Buffs will counter with Wilmer (Vinegar Bend) Mizell (16-14), the fabulous rookie who will be making his first playoff appearance.

TRIBE'S 20-GAME WINNERS

Mike Garcia, left, whose pitching and hitting sparked the Cleveland Indians victory in their first encounter of their two-game series with the Red Sox in Boston gives some last minute advice to Early Wynn, the Indians starting hurler for the second game. Garcia gained his 20th victory in the first game and Wynn won his game 15-2 for his 20th triumph.

Southwest Conference Teams Hang Out Their 'Ready' Signs

(By The Associated Press)

Team strategem was given final touches Wednesday as tough Southwest Conference football squads announced "ready" for six season-opening intersectional games in four states.

Only Rice of Houston will not be in action.

Texas, conference winner last year, concentrated on its pass defense after spending the earlier part of the week working on split-T forference champ, on home ground at tucky, last year's Southeastern Conmations. The Longhorns meet Ken-2 p.m. Saturday with Texas favored.

Some forecasters see a clean sweep for all SWC teams this week.

At College Station, the Texas Aggies drilled for an hour and a half in preparation for Friday night's battle with UCLA in Los Angeles. (Game time, 8:30 p.m., PST).

The 43-man Aggie squad flies to California today.

The Baylor Bears, tossed up with the Aggies for top conference contender, spent Wednesday polishing of Houston Saturday night (8:00 ing an aerial game for University p.m.).

At Fort Worth, Texas Christian took it easy. Coach L. R. (Dutch) Meyer said light work today will wind up practice for the season oepner against Kansas University in Fort Worth at 8:00 p.m. Saturday.

The University of Arkansas Razorbacks got the good news Wednesday that first string fullback Lewis Carpenter would be ready for Oklahoma A&M at Stillwater Saturday (1:30 p.m.). Carpenter had been sidelined with a severe collarbone bruise. Coach Oatis Douglas sent the Porkers through contact drills that stresed all phases of defense and offense.

Coach Rusy Russell's Mustangs at Dallas went through their last rough workout before their game Saturday in Atlanta with Georgia Tech (2:30 p.m.). Punting and kicking under pressure took up most of the session with stress laid on punt returns by the defense.

Gainesville's Pitcher, Bob Upton Sets Record

FORT WORTH, Sept. 20. (AP)—Gainesville pitcher Bob Upton of the Big State League set the circuit's only record this year with his appearance in 52 games.

Upton eclipsed by one the record shared by Joe Elliott of Austin and Al Leedy of Sherman-Denison in 1947.

Upton also led the league in strike-outs with 206. He had 15 victories against 11 losses and saved 10 games in relief.

Cleveland Is In Good Position To Back Into Pennant Victory

(By The Associated Press)

Cleveland's sweep of the Boston series leaves the league - leading New York Yankees gasping for breath in the American League.

Still out front by three percentage points after Wednesday's 5-3 victory over Chicago, the Yanks face rough going ahead. While they play nine of 10 with first division clubs, the Tribe plays only six — five with the bottom half of the league.

Chances are the Yanks and Red Sox will knock off one another in their eight meetings while Cleveland picks up enough ground to get home free. Then they can start worrying about Brooklyn, which opened up a 3½ game lead on idle New York in the National last night by blanking St. Louis, 3-0.

IN VENGEFUL MOOD

Chicago, in a vengeful mood since that disputed rainy night game at the stadium in July, can knock the Yanks out of first place today while Cleveland rides a train to Detroit.

Cleveland shoed its old booming drive Wednesday in walloping Boston, 15-2, a blow that practically doused the last Red Sox hopes.

Early Wynn became the Tribe's third 20-game winner with a seven-hit job on Boston.

With Wynn (20-12), Mike Garcia (10-12) and Bobby Feller (22-8) in the select circle, Cleveland is in an enviable position. No big league team has had three 20-game winners since the Athletics of 1931. They won the pennant.

Preacher Roe took charge of pulling Brooklyn out of its tailspin by shutting out the St. Louis Cardinals with five hits. The crafty lefty's record now is a phenomenal 21-2 for the season including seven wins over St. Louis.

Brooklyn ends its last western swing today at St. Louis while the Giants finish up at Cincinnati.

Bubba Church whipped Chicago for the sixth time, 5-1, as the Phillies took advantage of four Cub errors. It was his 15th win, making his lifetime record against Chicago, 10-1.

Murry Dickson's 19th win let Pittsburgh out of last place, 7-3, at the expense of Boston's young Chet Nichols.

The hustling Philadelphia A's, struggling to catch fifth-place Detroit, knocked off the Tigers, 8-1, on a seven-run spurt in the fourth inning.

Cass Michaels singled with the bases loaded in the eighth to score two runs for Washington's 4-3 edge over St. Louis, breaking the Senators' four-game losing streak.

Longhorn Is Tied Up Again

(By The Associated Press)

They're all even in the Longhorn League championship playoffs. The Roswell Rockets saw to that Wednesday night as they trotted out heir big bats for a good old-fashioned slugging bee.

The Rockets blasted Odessa pitching for 19 hits to down the Oilers, 16-8, and square the series at two games each. They scored nine runs in the first inning to leave little doubt of the final outcome.

The series continues tonight in Odessa then moved back to Roswell for the windup — two games if needed.

Five hits, four walks and two errors produced the big nine-run first inning. A double and triple among the five hits helped a lot.

Ray Sanders, Rocket catcher, homered with one on in the fourth to keep the pot boiling. The Rockets made three runs in that frame, three more in the seventh and one in the ninth.

The Oilers fought back with five runs of their own in the last of the first inning with a grand-slam home run by Manager Pepper Martin sparking the uprising. Martin also has a round tripper in the fifth inning, this one with one man on base.

Brownsville Facing Do Or Die Stand In Home Park Tonight

(By The Associated Press)

It's do or else for the Brownsville Charros as they return to their home park tonight for the final two games of the Gulf Coast League championship series. The Charros are down three games to two after losing three straight in Corpus Christi.

The Corpus Christi Aces went ahead in the series with a 7-5 win Wednesday night. An eighth inning rally that netted four runs pulled them out of the red and left them just one game short of the title.

Brownsville won the first two in their home park.

3 Youths Held For Murder

ANN ARBOR, Mich., Sept. 20. (AP) Three beer-drinking 'teen - age boys were held for murder today in Nurse Pauline Campbell's slaying.

All three — one a college freshman — admitted the bludgeon killing Wednesday night.

Nurse Campbell, 34, it developed, was killed for the paltry few cents in her purse, amounting to about one dollar.

Prosecutor Douglas K. Reading said confessions were made by Bill Morey and Max Pell of Ypsilanti and David Royle of Midland Mich., each of whom is 18.

A tip from a fourth 'teen-ager led to solution of a gruesome killing which had terrorized this university city.

Miss Campbell, a nurse at St. Joseph's Hospital, was found beaten to death near her rooming house in the University of Michigan campus vicinity early Sunday.

Since, a manhunt had been pressed while the city took precautions to protect women required to be on the streets at night.

One theory was that a maniac was responsible. Other nurses had reported being molested by men.

The blows which killed Miss Campbell were struck by Morey with a rubber mallet obtained from a garage, Reading said. With the small change from her purse the trio bought gasoline for their car, he said.

The three admitted plotting the attack and robbery after having had a case of beer, Reading said.

POSTMAN'S NEW EST FRIEND

One of the types of new three wheel delivery vehicles which the post office department announced would be put into use in eight cities is tested at Lincoln, Neb., to help the postmen in their deliveries President Truman said he has a weakness for them and someday he would like to own and drive one. They have been nicknamed "Velvs," a phonetic word for "V.L.V." — very light vehicle. The Velvs are to be tested in Milwaukee, Miami, Fla., Nashville, Tenn.; Houston, Tex.; Washington, D.C.; Pamona, Calif.; Shelbyville, Ind., and Lincoln.

Boyle Urges Use Of Atom Bomb To Save Lives Of UN Soldiers

By HAL BOYLE

NEW YORK, Sept. 20. (AP)—A number of American parents who have lost sons in Korea are asking today whether the atom bomb could be used advantageously in that theater.

Some have also wondered whether, if atom bombs had been employed some time ago, their sons might not have been spared death gallantly trying to take "rice paddy peak," just one of a thousand Korean hill points.

Americans are still trying to take those same old nameless hills in the same old infantry way. It's the walk-up-under-fire way.

I found one account of this action on Page 15 of a leading American newspaper, and it was something of a shock to find it so near to the how-to-lose-hips- and-gain-busts-and-stay-beautiful copy.

The previous 14 pages hadn't mentioned Korea. The story on Page 15 that did take up the situation on that forgotten peninsula had to do with a three-division Allied attack. That is roughly 50,000 men in combat, more than stormed "Omaha Beach" in Normandy.

And who cared? Only those who tried to take the hills, and the folk who weeks from now will be notified of the casualties.

We talk of peace and build for peace, and yet warfare is our way. It is a small pause for thought to realize we won the enormous American West from the Indians without even a dream of a three-division attack. Did we then even have a three-division Army? Who cares now? The Indians are calm.

But, as I recollect, more than a year ago, when the United Nations police action in Korea was regarded as only a precinct call, an alarmist then raised the idea that we might end the whole nonsense by dropping a string of atom bombs.

Well, to those who cried nonsense, I still recall saying, "wait until we have had 50,000 casualties." That got a big laugh at the time. But today we have had more than 80,000 combat casualties in Korea, and that is no figure to laugh at.

I spent six bitter months there and saw some of those men become casualties, from fighting and frostbite.

Some of the American deaths and maimings, I cannot but feel, came from the failure of the U. N. to use the weapon of decision that was available. I mean the atom bomb.

This week a U. S. Senator said it was possible to mass produce atom bombs now at a price that would make a single atom bomb less expensive than a tank.

Atom bombs even a year ago were so plentiful they could have been invested in Korea. Certainly today they are available.

Some of the relatives of the 80,000 American casualties in Korea are wondering if a few score test drops of our big atom bomb backlog might save a man going up a far Korean hill.

Cut Subsidies To Air Lines

WASHINGTON, Sept. 20. (AP)—The Senate has voted to divorce payments for carrying airmail from the federal subsidies paid to airlines. Subsidies are paid on the ground a healthy commercial aviation industry is an asset to national defense.

The Senate passed the bill by voice vote Wednesday and sent it on to the House. The measure also sets up a scale of rates for airmail payments to domestic airlines to become effective next July 1.

Subsidies and airmail payments are now lumped together.

At the same time, the Civil Aeronautics Board (CAB) announced it proposes to lower some mail pay rates to various lines because of the industry's "greatly increased financial stability."

Sulfur found in Texas and Louisiana deposits is 99 per cent pure.

Army To Train Men In Actual Conditions Of Atomic Combat

WASHINGTON, Sept. 20. (AP) — Five thousand U. S. fighting men are going to learn by the actual explosions of live ammunition how to operate when a battlefield is blasted and seared under atomic barrage.

These men and officers drawn from the Army, Navy and Air Force, and including an Army battalion combat team, will get their atomic warfare indoctrination during a new series of nuclear tests at the Frenchman Flats, Nev., atomic weapons proving ground.

The military has designed as "Exercise Desert Rock" this first atomic warfare troop maneuver.

BATTLE POSITIONS

The combat team will establish a battle position, dig trenches and dugouts and string wire before each explosion. Then they will move to safe positions as the explosion comes an official Army announcement Monday explained.

Presumably, their places in the trenches and foxholes will be taken by blast and heat recorders and Geiger counters to record what would happten to them as the detonation occurs and for the period of radiation danger immediately after.

If the explosions occur in the air (as they would in the case of bombs dropped or shells fired for maximum effect against troops deployed in the field) the troops will be able to resume their positions within a few minutes because there will be no dangerous residual radioactivity.

PSYCHOLOGICAL FACTOR

But if an explosion occurs on the ground or beneath it, the area can can be dangerously radioactive for some time.

An important factor will by psychological — to convince the foot soldier that he can live and fight through atomic attack if he follows instructions and remembers his training.

The Atomic Energy Commission and the Defense Department have been working for more than a year at development of atomic weapons suitable for battlefield use, of a force less than the mass destruction weapons used for strategic bomb attacks on enemy cities.

The Army explained the military is just "taking advantage of the opportunity afforded" by the planned nuclear tests in Nevada to "test the principles of organization and training applicable to military operations under conditions involved in atomic warfare."

Pamphlet Out On Drug Habits

WASHINGTON, Sept. 20. (AP) — You are a parent. You have been reading about teen-age narcotic addiction. How can you tell if your son or daughter has fallen victim?

Or you are a teacher. Some of your pupils begin to act strangely. Has the dread "reefer" or the hypodermic needle invaded your school?

The District of Columbia Health Department has prepared a four-page pamphlet, "A Guide to the Problem of Narcotics", which outlined the symptoms of addiction to various drugs.

"Unfortunately," the pamphlet says, "there are no specific tests to recognize drug addiction." For this reason, it says, "a physical examination of all junior and senior high school students would be non-productive in finding cases."

"A far better method of detection," it continues, "would be close observation by parents, classroom teachers and school medical inspectors.

"The first indication of possible addiction is an abrupt change in the normal behavior pattern. Most likely the first person to notice this complete turnover of the normal behavior is the parent. Alert, health-conscious teachers may also notice such changes quite early."

After listing symptoms of addiction to several drugs, the booklet points out that "as with other diseases, early detection means early cure." Then it emphasizes:

"This brief resume is only a guide — a guide to be used intelligently to observe the signs and symptoms early.

"A word of caution must be added. Changes in normal behavior pattern are most frequently due to causes other than the use of drugs and narcotics.

"Signs and symptoms similar to those mentioned in this summary may be caused by other physical, mental and emotional changes. If there is some sign or symptom which may arouse a suspicion of early addiction to drugs or narcotics, consult the family physician."

Single copies of this pamphlet may be obtained by parents, teachers, doctors or other interested persons by sending 2c postage to Mr. J. Edgar Caswell, Director, Bureau of Public Health Education, District of Columbia Health Department, 300 Indiana Ave. NW. Washington 1, D. C. (Please do not write this newspaper.)

Extension For Free Ice Cream

ST. LOUIS, Sept. 20. (AP)—Something worse than taking a bath — yes, even worse than returning to school, — almost happened to seven-year-old Charles Gibson.

His free ice cream was supposed to be cut off Friday. But he won a 30-day reprieve Wednesday night, and the cold, delectable mounds of vanilla, strawberry, and chocolate will be his for the asking until Oct. 20.

Charles is the boy who found a bag containing $250 on a bank's parking lot a month ago. He turnde it over to his father, who returned it to the owner — which happened to be a St. Louis ice cream company.

As a reward, the firm gave Charles a $25 defense bond and a month's free supply of ice cream for himself, his friends and family. Only Charles will get the ice cream the next 30 days.

The second-grader quickly tied into the stuff. He dropped by the plant just about every day. He tried it first one way and then another-dipped up by the spoon plain, in sundaes and in malts.

W. H. Volkmar, manager of the firm, estimates the boy has averaged about a quart a day.It shows, too. He has gained 4 pounds in the month — from 57 to 61½ pounds. Volkmar said he put through the 30-day extension because Charles "has become one of the biggest boosters of our ice cream."

Getting tired of ice cream? "Naw," Charles exclaimed. "I LIKE it."

Winning any friends? "Oh, sure, I've got 40 or 50 of them now. Plenty of girl friends, too."

In recognition of the first milestone, the company is throwing a big ice cream party for Charles and his chums tonight. The firm expects half a hundred small fry and is prepared to dish out 35 or 40 gallons.

Check To Be Made On Profit In Storage

WASHINGTON, Sept. 20. (AP)—The Senate Agriculture Committee has agreed to investigate whether the government is losing money on leases of grain storage facilities which it owns.

Chairman Ellender (D-La) announced the decision Wednesday and said he will head a subcommittee to make the inquiry.

No player has been able to win the U. S. amateur championship three times in a row. Six men have won it twice consecutively.

John Morelli, Brandeis University football guard, has the hobby of upholstering.

PLEASE, DO NOT FEED THE ANIMALS

DAYTON, O., Sept. 20. (AP)—The Air Force hung out a "tempters, beware!" sign Wednesday — aimed at salesmen bearing gifts in exchange for government contracts.

From now on, said Air Material Command at Wright - Patterson Base, any salesmen seeking government business first must sign a document saying they will not tempt the buyers with gifts.

If the salesmen don't sign, they'll not be allowed to enter the base.

Flying Saucer Seen in 1949 Is Told About

NEW YORK, Sept. 20. (AP)—A "flying saucer" that passed a scientific test is described in "200 miles up," a book on conquest of the upper air.

The author is J. Gordon Vaeth, U. S. Navy aeronautical engineer. He does not claim the thing was a saucer, but he does not know what it was. It happened April 24, 1949. This is the first time the details have been published.

He describes the flying saucers which fooled thousands — namely the new Skyhook balloons. The Skyhooks even fooled aviators.

"Balloon personnel," he writes "had come more or less to the conclusion that their skyhooks were the primary source of saucer sighting. They accordingly placed little stock in these reported sightings; that is to say, they took little stock in them until April 24, 1949."

On that day Vaeth was one of the officers in charge of a Skyhook balloon flight from White Sands, New Mexico. Skyhooks are instrument-carrying balloons, for observations at about 18 miles altitude.

Some distance from White Sands, Charles B. Moore, Jr., an aerologist, engineer and balloonist, set up a station to observe weather and upper winds as an aid to the skyhook flight. Four men completed his party.

Moore sent up a weather balloon, watching it with a 25-power telescope, a ML-47 Theodilite, to track balloons. After 10 minutes, he took his eye from the telescope, for a naked-eye look at his balloon.

He saw a white object which was not his balloon. He turned the telescope on it and saw an ellipsoid about two - and - a - half times as long as it was wide. It was gleaming white. It did not have a metallic shine. Toward the underside, near the tail, the gleaming white became a lighter yellow.

The sky was cloudless. There was no haze. There was no vapor trail or exhaust from the thing, nor any noise of any kind.

Yet it was traveling too fast to get a hard, clear focus in the telescope to see details.

The amazing fac developed later, namely that this thing was probably many miles up. It could not have been a balloon moving on the course it followed, unless it was higher than 17 miles, for the lower winds were not blowing in the direct this thing traveled.

"It represents," Vaeth writes, "one of the best substaniated and authentic unidentified objects sightings on record."

Car Theft Ring Hit By Mexican Police

REYNOSA, Tamps, Mex., Sept. 20. (AP)—R. L. Rogers, U. S. citizen, was charged Wednesday with smuggling stolen cars into Mexico.

Police Chief Abelardo Garcia Gomez said Rogers was charged with operating a ring which brought cars stolen in San Antonio and other Texas cities into Mexico where they were sold.

'DRAMA' IN HOLLYWOOD

Barbara Payton (center) became the object of a fist fight between actor Francho Tone left) and Tom Neal (right) in Hollywood, Calif. The battle took place on the lawn of Barbara's home. Tone went to the hospital with a broken nose and brain concussion. His physician said his condition was serious, but not critical. Neal, the winner of the fight,, apparently was the loser. His scheduled marriage to Barbara seemed to be "all off".

NEWS FROM IRA

BY MRS MABEL WEBB

Mr. and Mrs. Rea Falls visited Mr. and Mrs. J. A. Leach in Abilene Sunday and enrolled their daughter, Ann, in Hardin-Simmons University Monday.

Mrs. John Gideon of Roscoe spent last week end with her son, Fay Gideon and his wife.

Mr. and Mrs. J. B. Smallwood and son, J. B. Jr., of Fort Worth visited last week with his parents, Mr. and Mrs. J. D. Smallwood, and other relatives.

Mr. and Mrs. J. L. Clark and his mother, Mrs. D. E. Clark went to Abilene Saturday where Mr. Clark had a major operation.

Mr. and Mrs. J. B. Smallwood of Fort Worth, accompanied by Mr. and Mrs. Sam Smallwood and son, Joe; Mrs. M. L. Wilson and children, Linda and Jimmy; Mrs. R. D .White and children, Karen and Dueggie, and J. D. Smallwood visited Mr. and Mrs. O. D. Wiss in Lubbock Saturday.

Mr. and Mrs. H. L. Richman returned to their home in Richalnd Springs after a two-week visit with their daughter, Mrs J. W. Lewis, who returned with them.

Mr. W. L. Wall of Snyder visited last week with his son, J. E. Wall and family.

J. E. Sorrells of Knapp visited in the homes of J. Macon and Marvin Sorrells Saturday.

Mr. and Mrs. J. A. Merritt of Pleasantville and Edmund Carlile of DeLeon visited in the W. O. Webb and E. E. Carlile homes Sunday afternoon.

Mr. and Mrs. Joe Burney of Snyder visited the R. D. White home Sunday.

Mr. and Mrs. J. J. Eades and children, Doyle and Juanita, spent Sunday with their daughter and sister, Mrs. Leonard Keller and family of Snyder.

Mrs. Grady Sulter spent Saturday night and Sunday with her daughter, Mrs. F. M. Martin, Jr., of Snyder.

Bill Webb of Houston spent Wednesday and Thursday with his parents, Mr. and Mrs. W. O. Webb.

Mr. and Mrs. Bailey Thornhill and Sue accompanied Joe Bob Flowers to Oklahoma City. Flowers entered Oklahoma A&M College at Stillwater last Tuesday.

Mr. and Mrs. Algie Brooks, Edgar Eades, and the Rev. C. J. Smith attended the brotherhood meeting at Hermleigh Baptist Church Thursday night.

Mr. and Mrs. Baxter Lidwell of Snyder visited Mr. and Mrs. W. O. Webb Sunday afternoon.

The W.M.U. of the Baptist Church provided the program for Sunday night services, in observance of the week of prayer.

Mr. and Mrs. T. A. Echols and T. L. Nipp of Dunn attended church here Sunday.

C. H. Bihl and daughters, Nancy, and Mrs. Minnie Wallert, visited their wife and mother in Snyder General Hospital Sunday.

Mr. and Mrs. H. K. Johnson spent Sunday with Mr. and Mrs. Howard Fritz of Hermleigh.

Mr. and Mrs. J. Z. Carruthers visited this week with Mr. and Mrs. J. C. Carruthers and children of Des Moines, N.M

Mr. and Mrs. Grady White and children of Dunn visited in the J. L. Byars home Friday.

Mr. and Mrs. Charles Westbrook and daughter, Lanetia, of Snyder spent Sunday with Mr. and Mrs. W. R. Ashmore.

Joyce, Ellen and Butch White of Dunn were week - end guests of Kay Linda and Jeanie Byars.

Mrs. J. W. Holdren and son, Johnnie, of Snyder, Mrs. Leo Huddleston and children, Dannie and Sherry of Knapp visited Sunday with Mrs E. D. Holdren and Miss Eula V. Holdren.

Mr. and Mrs. G. F. Chaney were business visitors in Midland Saturday.

Sunday afternoon visitors with Mr. and Mrs. J. L. Byars and daughters were Mr. and Mrs. Fred Sorrells and Patsy Sue of Big Spring, Mr. and Mrs. E. E. Grant of Dunn, Jim Sorrells and Mrs. Maye Parrott of Knapp, Mr. and Mrs. Grady White of Dunn and Miss Lanetia Westbrook of Snyder.

Visiting Mr. and Mrs. Delmar Holdren Sunday were Mr. and Mrs. Truman Davis and family, Mr. and Mrs. Dan Williams, and daughter of Snyder, Mr. and Mrs. R. C. Howard and children of Midland and and Mrs. Harold Lee Holloday and son.

Mrs. Archie Crabtree and Mrs. Grady White of Dunn visited in the J. L. Byars home Wednesday.

Jimmy Pat Woosley broke his arm in two places Friday while playing football. He was taken to Hendrick Memorial Hospital in Abilene.

Mrs. J. L. Byars, Linda and Jean, spent Thursday with Mrs. Grady White at Dunn and attended the bridal shower for Mrs. Andy White at Colorado City Thursday afternoon.

Jim Sorrells and Mrs. Maye Parrott of Knapp visited in the Marvin Sorrells home Sunday.

Misses Linda and Jeanie Byars are visiting this week with their grandparents, Mr. and Mrs. E.E. Grant.

Ira residents attending the Baptist association at Union Monday night were Mr. and Mrs. Grady Suiter, Mrs. Pat Moore, Edgar Eades and the Rev. and Mrs. C. J. Smith and Mrs. R. N. Flowers.

Mrs. E. E. Grant of Dunn and Mrs. Fred Sorrells of Big Spring visited Mrs. Pat Moran Sunday.

Mr. and Mrs. Sam Smallwood and D. E. Clark and daughter, Anice, were in Abilene Monday to visit J. L. Clark, who underwent a major operaton.

Mr. and Mrs. R. C. Howard and children of Midland, Mr. and Mrs. Pete Rasco and daughter, Mr. and Mrs. Melvin Howard and son and Mr. and Mrs. Jack Crowder and son visited in the W. M. Howard home Sunday.

Mrs. J. H. Allen and Mrs. Nettie Webb visited in Big Spring Sunday.

Mr. and Mrs. Hershel Lewis of Snyder visited Mr. and Mrs. R.N. Flowers Sunday.

Jim Brown was called to Root Memorial Hospital at Colorado City to be with his father, Sam Brown, who is seriously ill.

Mrs. Buck Buchanan and baby of Snyder visited Sunday night with her parents, Mr. and Mrs. Dave Wishert.

Janice Eades spent the week end with her parents, Mr. and Mrs. B. F. Eades of Cuthbert.

Miss Leola Bihl, who has been working at Colorado City, returned home Monday to help care for her mother who suffered two broken arms in an auto accident.

Mr. and Mrs. B. F. Eades and son, Royce, of Cuthbert spent Monday with Mr. and Mrs. W. O. Webb.

The Ira football team was defeated by the Highland team Friday.

Mrs. W. R. Loper left Saturday for Petersburg where she s visiting her son, H. L. Loper, who is a new father.

Mr. and Mrs. Denver Way are in Abilene where they took their son, Jimmy to receive treatment for a broken arm.

Mr. and Mrs. Clarence Payne and daughter spent Sunday with his parents, Mr. and Mrs. C. E. Payne of Dunn.

NEWS FROM FLUVANNA

By MRS TENNIE J. CREEK

Two bales of cotton were ginned Frday in Fluvanna.

Mr. and Mrs. Bill Stansel are vacationing in Missouri. They plan to be away 10 days.

Miss Shirley Kelley of San Antonio visited in the W. H. Jones home the past week.

TEXAS BRANDS

YT

BY JOHN M. HENDRIX

The Wight brand had its beginning about 1888 in Ector County and was designed originally as a horse brand in A. W. Wight's name. For the last 20 or 30 years it has appeared on 500 to 600 cows in Ector and Winkler Counties, the cattle belonging to some of the Wight heirs.

Man Believed Shot In Prowler Scare

HUGHES SPRINGS, Sept. 20. (AP)—Sheriff Johnnie Thompson today was investigating the killing Wednesday of Argie W. Hall, about 35, found shot to death outside the home of Edwin C. Stone.

Stone told Justice J. T. Mayes he heard a prowler at his home early Wednesday. He fired a rifle, he said, then went outside but could find no one.

He said he then called Sheriff Thompson, who investigated. Later Stone said he found Hall's body several hundred feet from his home and called the sheriff again.

Bill Meyer, manager of the Pittsburgh Pirates, was a catcher with the Chicago White Sox in 1913 and with the Philadelphia A's in 1916 and 1917.

Bob Friend, pitcher on the Pittsburgh Pirates, attends Purdue University during the off months.

Motorists More Deadly Than Enemy Troops

Mrs. Hamil Hostess To Art Guild

Mss Vallie Eoff and Miss Ethel Mae Sturdivant were program leaders for the Art Guild Study Club meeting Tuesday night in Mrs. Dar Hamil's home, 2306 Twenty-fifth Street.

The theme ofr the study was "Citadels of Friendship," around which the leaders based their papers and poem readings. In the business session plans were laid for a tea Oct. 16 at which paintings by Dwight Holmes, San Angelo artist, will be shown.

The hostess served a salad plate to the following members: Mrs. Mabel Brock, Mrs. Silas Davenport Mrs. Ivan Gatlin, Mrs. Carl Herod, Mrs. Porter King, Mrs. Armor McFarland, Mrs. C. W. Popnoe, Mrs. John Pratt, Mrs. M. H. Roe, Mrs. Dell Smith, Mrs. M.E. Stanfield, Mrs. Bill Teaff, Mrs. Ben Thrope, Mrs. Nolan von Roeder, Miss Katherine Northcutt, Mrs. W. E. Holcomb, Miss Eoff and Miss Sturdivant.

One guest, Mrs. O. M. Fowler, was present.

COOKING'S FUN!

Hamburger Heaven*
Salad Bowl
Fresh Pears
Corn on the Cob
Toasted Garlic Bread
Beverage

(Recipe for Starred Dish Follows)

HAMBURGER HEAVEN

INGREDIENTS: 2 tablespoons oil, ½ pound hamburger, ¾ cup finely diced onion, 1 cup sliced celery, 1½ teaspoons salt, ¼ teaspoon freshly ground pepper, 1 No. 2 can tomatoes, 1 four to five-ounce can chopped ripe olives, 2 cups wide noodles, 1 cup diced American cheese.

METHOD: Heat oil in saucepan or large skillet, add meat and cook, breaking up meat with a fork, about 5 minutes. Stir in onion and celery and cook about 5 minutes longer. Add salt, pepper, tomatoes, olives, noodles, and cheese. Cover tightly until mixture is boiling. Remove cover and stir lightly but thoroughly. Cover and cook about 20 minutes, until noodles are done. Makes 4 servings.

ASK MILDRED

Send your questions to Mrs. Mildred Sparks County Home Demonstration Agent, courthouse, or to the Daily News.

Dear Mildred: I'm recently married, and it looks as if I'm doomed to spend the rest of my life over an ironing board. Since this is a career, I'd like to be checked out in those basic points of ironing which take at least some of the drudgery out of it. Mrs. A.E.B.

Nylon, dacron, orlon and even the old familiar seersucker are special boons to ironing - weary housewives. But if ironing is still inevitable at your house, it need not be the back - breaking chore it once was.

If you're one of the fortunate owners of an ironer, you should be able to do about 85 per cent of the family ironing and pressing while seated. Instructions with the mangles tell how to execute the wrinkle - removing job from ruffles, khakis, linens and the like.

Even for those of us who use regular hand irons, the process can be made less tiresome by utlizing the suggestions tested by various state extension services.

Equipment, says the Oregon State College extension specialist, is of major importance in a center for hand ironing. She says the center should include an iron, ironing board, one or two baskets for the unironed clothes, places to put the clothes after they are ironed and a comfortable chair or stool for sitting down to iron.

Markets are full of good irons today, so choose the one that will suit your purpose. No matter which brand you choose, you'll want to check the following features:

Dial to control heat should be located where it will be easy to read and operate.

Handle should be a heat - resistant material shaped to fit the hand.

Beveled (slanting) edge for ease in ironing around buttons.

Cord well insulated with a secure, flexible connection where it is attached to the iron.

Sole plate with area and shape suited to type of ironing to be done. Chose an iron with a large sole plate unless you have a great deal of ironing requiring smaller, narrower iron.

Weight should be between 2½ and 4 pounds.

Saving time and energy depend especially on the choice of an ironing board. Board must be the right height are fatigue will surely result. If the board is not adjustable and is too low, sturdy blocks or boards may be used to jack it up.

If the board is to high, the legs should be cut down. Or if persons of different heights use the board, the shorter person could stand on a platform.

Wobbly ironing boards are a pain in the neck and can also cause a real pain in the back. The frame should be strong and fold easily for storage.

Padding on the board should be at least two thicknesses. Quilts do not make satisfactory padding, since they are not smooth.

Cover for the board should be made of closely woven good quality material. An unworn section of an old sheet may be used for a short time, but does not make as satisfactory a cover as does unbleached muslin or drill.

The homemaker may give her ironing board cover a fireproof treatment at home. First wash the cover, new or old, rinse and dry to remove starch, sizing or soil that will prevent the fabric from thoroughly absorbing the solution.

Then mix together three ounces boric acid, seven ounces borax and two quarts of water. Add enough cold water to dry ingredients to make a paste. Add the remaining amount of hot water. Dip dry ironing board cover into solution until completely saturated, wring and hang in shade to dry. When the solution is cold it becomes jelly-like, but when warmed it will become thin.

Boric acid and borax can be had in any Snyder drug store. Both ingredients in the required quantities would total about 40 cents, a local pharmacist said.

To complete the stage setting for ironing, other equipment within easy reach is necessary — A sponge and bowl of water to dampen portions of garments that are too dry to iron; press cloths of thin weight material for pressing rayons and of heavy drill or wolen cloth for woolens. When pressing woolen material with a wool press cloth, a medium weight cotton cloth should be used as the top layer.

A cord guide attachment is a necessity if the outlet is not correctly located to keep the cord from tangling and keep it off the board.

With the right equipment and the will to do it, ironing can be done while sitting, the experts say.

THE STARS

By BOB THOMAS

HOLLYWOOD, Sept. 20. (AP)— New York fashion models need not apply to fill Hollywood's shortage of dancing girls. They're not wanted.

That's the blunt statement of LeRoy Prinz, in command of the beauty brigade at Warner Brothers. Gals who wear the latest clothes in the fashion mags are not suitable for films, said the dance director.

"Why, the public would throw rocks at Hollywood if we put that kind of girl in our musicals," said Prinz. "They may look all right in fancy clothes, but without them they look awful. With their long legs and flat chests they look like bean poles."

The lack of enough dancing girls for films was caused by two factors he said:,

The public appetite for musicals and other escapist fare. "Why we're putting them out on a production-line basis; I've got 22 rehearsals going at once."

The rise of a new kind of dancing girl.

"The 'chorus girl' is a thing of the past," he said.

CAPSULE REVIEW: "A Streetcar Named Desire" stretches the censorship code about as far as it will go. The sex-ridden Tennessee Williams play is translated almost intact (except for a couple of Franker passages). The result is a highly-charged picture of baser emotions in New Orleans' French quarter.

It is one of the best-acted pictures of the year, with Viven Leigh brilliant as the world-weary Southern belle. Marlon Brando is amazingly natural as the brutal husband and Kim Hunter is fine as his forgiving wife.

Some movie goers will be bored by its unlovely subject and wealth of talk, but others will admire it as an excursion into art.

Mrs. Leona Scott, Mrs. Westfall's mother, came home with them and spent Sunday night in the Westfall home.

Mrs. W. J. Smith, Smith Motel, was called to Roswell, N.M., yesterday to be with her daughter, who is seriously ill. The Smiths recently moved here from Roswell and bought the Flare Motel.

Use Common Sense to Take Off That Ugly Fat

Overweight can be a menace to health, but common sense should be the watchword to get rid of the entire poundage. A rigid diet over a protracted period of time, can also do harm.

Why not try the Barcentrate way as countless others have done, with remarkable results? Barcentrate contains no harmful drugs. In fact, it contains ingredients to make you feel better. Just go to your druggist and get 4 ounces of liquid Barcentrate. Pour into a pint bottle and add 18 ounces of canned grapefruit juice. Then take 2 tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the way to take off bulky fat, just return the empty bottle for your money back.

Here Is the Proof

"I have taken Barcentrate and gotten wonderful results," writes Mrs. B. L. Peavy, 724 E. 41st St., San Angelo, Texas. "I have lost 14 pounds and I feel so much better. I got rid of all my bloat and gas and can now get a good night's sleep. I ate anything I wanted."

Lost 13 Pounds

"Barcentrate not only made me lose weight, but it made me feel so much better," says Mrs. Ida C. Johnson, 702 Scott St., Dalhart, Texas. "I have already lost 13 pounds taking Barcentrate."

10 Pounds Lost

"I am very grateful to Barcentrate," writes Opal McKelva, 205 W. 9th, Bonham, Texas. "I have lost 10 pounds taking this wonderful medicine."

Under New MANAGEMENT

We have recently taken over the Jack Terry Texaco Station on the BIG SPRING HIGHWAY. We would like very much to have you stop and see the kind of service we are now offering. We feel that service is something that has been more or less neglected in the last few years. Please allow us an opportunity to serve you,

PARIS PREVIEWS FALL FASHIONS

FRENCH DRESSING . . . Left, This striking evening gown in yellow velvet with matching gloves, shoes and decorative rose-spray at the waist is from the new collection of Lanvin. Folds of the material are caught on the left hip in a huge bow which extends across the front of the skirt. The bodice has a curious folded-in effect on each side (Right) Germaine Lecomte who designed this cocktail frock calls it "Conquete." It is grey satin. Belt and basques can be removed if desired.

PERSONALS

Mr. and Mrs. Herman E. Trigg, 909 Twenty - seventh Street, had as their guests recently Mrs. parents, Mr. and Mrs. A. J. Stricklin of Brownfield. Mr. Stricklin is the editor of the Terry County Herald in Brownfield.

Mr. and Mrs. C. E. Tyer, Clairemont Road, visited last week end with their son in Friona, Tex.

Mr. and Mrs. Olian Vinson and daughter, Susan, 200 East Thirty-first Street, spent the week end in the home of Mrs. Vinson's parents, Mr. and Mrs. A. W. Mallow of Odessa.

Mr. and Mrs. J. T. Watts, Clairemont Road, visited last week with relatives in Hobbs N.M. and Whites City, N.M. and in Morton, Tex.

Mr. and Mrs. Earl A. Wecker, 509 Twenty - seventh Street, had as a guest in their home last week, Mrs. Patty Swisher of Oklahoma City.

Mr. and Mrs. Lon Whitely, 401 on the East Highway, had several visitors in their home last week Mrs. Doyle Griffin and son, Johnny, visited from Goldsmith, and Jack Starns of Tulsa was also a guest of the the Whiteleys'.

Mr. and Mrs. J. S. Wester, 1911 Coleman Street, returned home last week after a two weeks' vacation spent visiting relatives in and around Oklahoma City.

Mr. and Mrs. Dan Westfall and daughters, Dana Lynn and Laura June, on the Lamesa Highway, visited Sunday with friends and relatives in Rotan.

Locations Are Made for 124 New Oil Wells in West Texas

Locations for 124 tests for oil, including 21 wildcats, were staked in 26 West Texas Counties during the week Sept. 2 to 8. The preceding week listed 145 tests, including 13 wildcats, in 27 counties.

Totals for the first 36 weeks in 1951 became 3,905 for proven areas and 702 for wildcats, a grand total of 4,607. This is a weekly average of 128, the same as through the 35th week.

District 7-C gained 11 wildcats and 22 field tests; District 8 added 10 wildcats and 81 field projects.

Gaines, Pecos, and Upton Counties led in wildcat locations with three each, Crockett, Glasscock, and Reagan added two each, Concho, Dawson, Hockley, McCulloch Runnels, and Tom Green Counties one each.

Scurry was first in field starters with 14, Midland gained 13, Upton 12, Ector nine, Andrews and Pecos eight each, Mitchell six, Cochran, Crockett, and Gaines five each, Runnels four Crane, Howard, Kent, and Ward two each, Borden, Dawson, Glasscock, Irion King, and Terry Counties one each.

LEGAL NOTICE

THE STATE OF TEXAS

TO: Robert Dale Mason

GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A.M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 29th day of October, A.D., 1951, at or before 10 o'clock A.M. before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 12th day of Sept. 1951.

The file number of said suit being No. 5573.

The names of the parties in said suit are: Dorothy Mason as Plaintiff, and Robert Dale Mason as Defendant.

The nature of said suit being substantially as follows, to wit:

For divorce, alleging cruelty, and no community property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 12th day of September, A.D., 1951.

Given under my hand and seal of said Court, at office in Texas, this the 12th day of September, A.D., 1951.

SEAL

Eunice Weathersbee, Clerk
District Court, Scurry County, Texas.

THE STATE OF TEXAS,

TO R. W. Collum, L. A. Gamble, J. R. Boyd, H. E. Gasaway, E. L. Acker, Flossie Gurley, D. P. Fox, if living, and if dead, the unknown heirs and legal representatives of said persons, and the unknown heirs and legal representatives of said unknown heirs. Defendants in the hereinafter styled and numbered cause:

YOU are hereby commanded to appear before the District Court of Scurry County, Scurry County, Texas, to be held at the Court House of said County in the Scurry County, State of Texas, at or before 10:00 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance hereof, being Monday, the 15th day of October, A.D. 1951, and answer the Plaintiff's Original Petition in cause numbered 5469, Styled Abel Barrientes Et Al, Plaintiff vs. J. P. Cruse Et Al, Defendant filed in said Court on the 30th day of June, A.D. 1951, the nature of Plaintiff's demand being as follows, to-wit:

Suit in Trespass to Try Title, and for title and possession of the following described real property to-wit; Lot No. 5, Block No. 3; Lot No. 6, Block No. 3; Lot No. 11, Block No. 3; Lot No. 12, Block No. 3; Lot No. 14, Block No. 3 and Lot No. 1, Block No. 4, all in the Gross Subdivision of the Scarborough Addition to the Town of Snyder, Scurry County, Texas, and being a part of Section 180, Block No. 3, H. & G. N. Ry. Co. Survey, Scurry County, Texas.

Plaintiffs sue for title and possession of said property, for damages and for costs of suit and for general relief.

HEREIN FAIL NOT, but of this writ answer as the law requires.

WITNESS: Eunice Weathersbee
Clerk of the 132nd Jud. District Court
Scurry County, Texas
SEAL
By: Ima Lee Lammert, Deputy

GIVEN UNDER MY HAND AND SEAL OF OFFICE, at Snyder, Texas this 29th day of August, AD, 1951.

Eunice Weathersbee
Clerk 132nd Judicial District
Court, Scurry County, Texas.
By Ima Lee Lammert,
Deputy.

CAB DRIVERS WILL BE LISTENING

BOSTON, Sept. 20. (AP)—A national crime detection force of some 100,000 men will soon go into operation.

Members of the new organization immediately took on the name of "Men" because all of them are cabbies — drivers of the nation's taxicabe.

The organization was voted at the 35th annual meeting of the National Association of Taxicab Owners Wednesday night.

The owners said they will alert their drivers to the importance of watching for evidence of subversive activities and to enlist them as a crime detection force for national security.
