Ike, Dulles Confer On Soviet Pressure

TRAIN-CAR COLLISION HERE—The Santa Fe freight train in the background above and the car in the foreground collided at the Avenue R crossing of the railroad tracks at about 10:30 o'clock this morning. Driver of the station wagon, Hugh Winsett Nance, 3104 Fortieth Street, was not believed seriously injured, police said. (Lee Watson photograph)

New Norther Slips Into West Texas

By The Associated Press

Another cold front slipped into North and West Texas Friday, dipping temperatures as low as 29 at Amarillo.

The leading edge of the norther extended before noon on a line through Tyler, Waco, San Angelo and into the Big Bend Country west of Wink.

Skies were clear south of the front. Behind the norther, clouds increased. Some fog spotted the Panhandle but no overnight rain fell.

Lubbock and Dalhart had night readings of 28 and Alpine 30. Other Weather Bureau readings in Texas were above frezing.

The cloudiness in North Texas was expected to spread southward during the hours before noon.

Oklahoma, Colorado and New Mexico were expected to get widespread snowfalls by noon Saturday. But no precipitation was indicated for Texas as the newest cold front moves southeastward through the state.

Temperatures around the state just before the sun came up included: Lufkin 30, Galveston 44, Houston 37, Corpus Christi 45, Alice 35, Brownsville 44, Laredo 41, Cotulla 35, San Angelo 43, Junction 31, Austin 35, San Antonio 37, Dallas 35, College Station 38, Fort Worth 34, Mineral Wells 38, Abilene 36, El Paso 40, Marfa 42, Wink 39, Tyler 40, and Texarkana 35.

No precipitation had been reported.

HAPPY NEWLYWEDS—After two days of trying, Harry Bridges, 57-year-old West Coast labor leader, and his Japanese-American bride, Noriko Sawade, 35, leave a justice of the peace office after their marriage at Reno. The couple had to get a court order upsetting an old Nevada law prohibiting white persons from marrying those of other colors. (AP Wirephoto)

Solid Unity Is Sought

By JOHN M. HIGHTOWER

WASHINGTON (AP)—President Eisenhower and Secretary of State John Foster Dulles confer today on efforts to obtain solid Allied unity in the face of mounting Soviet pressures against West Berlin.

Their afternoon conference was scheduled between Dulles' discharge from the hospital and his takeoff for a series of conferences starting next week in the French capital.

Dulles plans to fly directly to Paris aboard Eisenhower's plane Columbine III, arriving at noon local time Saturday.

In addition to State Department aides and Mrs. Dulles, the Columbine's passenger list includes Col. Benjamin Sullivan, an Army physician.

Lincoln White, State Department press officer, said Dulles appears to be "sufficiently recovered and everyone feels he can take the trip without danger to his health." White said under questioning that Dulles never before has taken a doctor along on his extensive travels.

Dulles has been in Walter Reed Hospital since last Friday undergoing treatment for diverticulitis, an intestinal inflammation.

His chief task at Paris so far as the Berlin issue is concerned apparently will be to try to resolve a split between Britain and West Germany.

The two powers differ on the kind of reply which should be made to the recent Soviet proposal to convert West Berlin into a free city and end the Western occupation there.

Chancellor Konrad Adenauer of West Germany has taken the position that the Berlin issue should be disposed of before any new proposals on Germany are made to Soviet Premier Nikita Khrushchev. Some diplomats say that Adenauer wants the Western powers simply to reject Khrushchev's proposition without mention of other issues to be negotiated.

British Prime Minister Harold Macmillan and Foreign Secretary Selwyn Lloyd, however, are reported to favor instead Western counterproposals designed to open the way for negotiations with the Russians on German problems.

Adenauer is understood to feel that the British reaction is too soft.

Dulles' own attitude is reported to be that the Western powers must sternly reject the Khrushchev plan for West Berlin, but preferably at the same time put forth some kind of counterproposal based upon solving the Berlin problem through the unification of Germany with free elections.

A 4,000-word Soviet statement Thursday night gave fresh evidence that the Russians are making a play for division among the Western powers by increasing war talk. The statement was issued by the official Soviet news agency Tass.

It accused the Western powers of stalling. Any use by them of force, it said, would be met with force by the Soviet-led Warsaw Alliance.

The statement called for a "realistic" attitude toward Berlin by the Western governments and warned that if a military conflict should break out it would hardly be possible to limit it. Nuclear weapons and missiles might be used by both sides, the statement said.

The State Department commented that the Tass statement repeated the arguments of Khrushchev's proposal with what it called "an added note of menace."

The department added: "The United States, which has made no threats, will not be deterred by threats from defending its rights and discharging its responsibilities to the 2¼ million free people in West Berlin."

Officials said privately that some such propaganda assault on the West had been expected in advance of the Paris meetings of foreign ministers of the 15-nation North Atlantic Treaty Council.

U. N. Is Urged To Denounce Hungary Reign Of Terror

UNITED NATIONS, N.Y. (AP)—The United States pressed today for the U.N. Assembly to denounced the Moscow and Budapest governments for their reign of terror in Hungary. The Reds told the West it was wasting its time.

The Hungarian debate went into its second round before the General Assembly after day of bitter exchanges between the Western countries and the Soviet bloc.

U.S. Ambassador Henry Cabot Lodge called on the Assembly to denounce Hungary's puppet leaders for the executions of former Premier Imre Nagy, Gen. Pal Maleter and "other Hungarian patriots" who took leading roles in the 1956 uprising against Soviet domination.

Soviet Deputy Foreign Minister Valerian Zorin summed up the Communist position. He termed the Hungarian debate a "cold war concoction" and declared that neither Moscow nor Budapest would yield to U.N. pressure.

"The Soviet Union and all friends of free Hungary will be able to stand up to it," Zorin said. "Hungary has not and will not be a colony of the U.S.A. or any other state."

Hungarian Delegate Janos Peter said that Nagy and his associates were executed for acts of treachery.

Driver Hurt In Crash Of Auto, Train

A Santa Fe freight train and a 1958 Ford station wagon collided at the Avenue R grade crossing about 10:30 o'clock this morning, demolishing the car, but it did not seriously injure the driver.

City police who investigated the accident, said the car was driven by Hugh Winsett Nance, 3104 Fortieth Street. The car was owned by Central Texas Service Co., which uses the trade name of Geolograph.

Nance was driving north on Avenue R, and the train was going east on the tracks. The train had just emerged from behind a warehouse building when the collision occured. The grade crossing at the scene is protected only by a crossarm type marker, and did not have any signal light.

Nance was taken to Cogdell Memorial Hospital by a Bolger ambulance, and was being checked for injuries shortly before noon today, but police said he is not believed to be seriously injured.

Engineer of the 6,500-ton, 98-car freight train is T. N. Bickers, and the conductor is L. N. Foster, both of Slaton.

The train is Santa Fe Freight No. 136.

Teamsters To Appeal Ruling

MIAMI BEACH, Fla. (AP) — The Teamsters braced for battle today in the face of a federal court threat to oust James Hoffa as their president unless they obey orders to clean house.

The Executive Board of the huge union voted to appeal U.S. Dist. Judge F. Dickinson Letts' ruling that the Teamsters must heed reform recommendations made by court-appointed monitors.

Hoffa, militant leader of 1½ million Teamsters, didn't seem worried by the court's vigorously worded opinion.

"Hell, it just means another fight," he said cheerfully. "We will appeal all the way. We've done nothing contrary to good unionism."

Hoffa said the union will cancel plans for a convention in Chicago next March if necessary. The court forbade a convention that soon on the ground the union has not yet cleaned house or prepared for "return of control to the rank-and-file membership through democratic processes."

Tigers, Westerners Capture Canyon Reef Cage Openers

BY BUCK FRANCIS
News Sports Editor

The host Snyder Tigers and the Tom S. Lubbock Westerners opened the Sixth annual Canyon Reef Invitational Tournament this morning at Tiger Gym with victories over Brownwood and Childress respectively.

The Tigers staved off a late Brownwood rally to beat the Lions, 53-52, in the opening game of the tournament while Tom S. broke a close game wide open in the fourth quarter for a 62-44 victory over Childress.

Lubbock and Snyder will clash tonight at 8:30 in a semi-final game. Brownwood and Childress will open tonight's card at 7 in a consolation semi-final tilt.

Completion of the first round games were being held this afternoon. Kermit and Vernon met at 2 p.m. and were followed by Borger and Lake View at 3:30. The winners of this afternoon's games will meet at 11 a. m. Saturday in the semi-finals while the two losers clash at 9:30 a. m. tomorrow in the consolation semi-finals.

The consolation finals will be held at 6 p. m. Saturday to be followed by the third palce game at 7:30 and the championship game at 9.

The Tigers, looking like a different team this morning from the one that opposed San Angelo here Tuesday, broke a 11-11 tie in the opening seconds of the second quarter and never trailed but the Lions pressed the Bengals right down the wire.

The Tigers went on to a 27-17 first half lead but then the Lions began closing the gap in the third. Five times the Lions pulled to within three points of catching up in the third but the Tigers held on and owned a five-point cushion at the third quarter mark, 42-37.

The Tigers appeared "in" with three minutes to go with a 51-46 lead but the Lions quickly closed the gap to 51-50 with two minutes left. Then with 1:45 left Jerry Fleming hit from the floor to make it 53-50 Tigers.

Then Brownwood's ace, Tommy Butler, scored with 1:30 left to again cut the Tiger lead to one point, 53-52. That ended the scoring but not the thrills.

The Tigers missed three free shots in the remaining time that could have iced the decision. The Lions threw a tremendous scare into the near capacity crowd when they missed four shots from under

Test Case Set In Loan Shark Drive

AUSTIN (AP)—Attorney General Will Wilson's department began preparations today for the first test cases resulting from the statewide loan shark drive.

Wilson said yesterday that a total of 285 suits are now pending against 377 Texas small loan firms, charging them with violation of the state limit of 10 per cent annual interest on loans. Two hundred and seventy of the suits, against 333 companies, were filed Wednesday in about 50 cities. More suits will be filed later, Wilson said.

All of the suits filed Wednesday were against firms using the "brokerage plan" of operation. The state alleges that the brokerage fees charged borrowers plus interest, renewal charges, and other service fees result in a gross annual interest charges of 100 to 350 per cent.

Wilson said nine definite systems or groups of loan firms operating under the brokerage plan had been discovered in the yearlong investigations. He said the largest was headed by L. C. Smith of Corpus Christi and had connections with about 175 companies.

"We are making two of the cases we filed against the L. C. Smith companies our test cases," Wilson said. "One case will be tried in Corpus Christi and one in Austin. We'll push those test cases and if we win then we'll turn to the other companies."

Earlier the attorney general filed test cases against the three largest groups of loan firms in Texas operating under the "certificate plan," where borrowers are sold investment certificates and pay interest amounting to about 21 per cent annually.

Two Boys Die In Train-Bus Crash

ESSEX, Ontario (AP)—A New York Central passenger train running 30 minutes late sliced a school bus in half at a rural grade crossing today, killing two boys aboard the bus.

The crossing is three miles east of Essex and about 17 miles east of Detroit in the southernmost tip of the province of Ontario.

The bus was carrying 10 students to the Holy Names Parochial School in Essex.

The train hit the rear of the bus where the two boys who were killed were sitting. They were David Purvis and Paul Bossey.

The driver, Albert Slacht, and four children were treated at the Essex Professional Center.

They were Roger Rivest, 9; Julie Bena, 13; her sister Jeannie Bena, 10; and Georgette Rivest, 5.

Raymond King was taken to a Windsor hospital. It was believed he had a broken leg.

Dr. D. W. Clare said none of the children brought into Essex was injured seriously.

The grade crossing is marked, but it is not protected by crossing gates. The approach is steep and icy.

A brother of young Bossey crawled to a nearby home to tell of the accident.

Dr. Collin Markland, first doctor to reach the scene, said, "It's a miracle all of them weren't killed."

Sec. Seaton Hopes To Quit Post Soon

HONOLULU (AP) — Interior Secretary Fred A. Seaton said today he hoped to resign soon and return to private business.

Seaton, who arrived here Thursday night for the Western Regional Republican Conference, gave no firm date for his resignation.

He told newsmen he wanted to quit his cabinet post in the near future "so I can make up for time I have been missing with my family."

Seaton, who owns several midwestern newspapers and radio stations, speaks at tonight's closing banquet. He will return to Washington Saturday.

Pair Held After Bus Driver Beaten

FORT WORTH (AP)— A bus driver for the strike-ridden Continental Bus System was beaten near here last night and two Irving men were soon arrested and charged in the assault.

Accused at nearby Arlington under the state's right-to-work law were L. R. Thomas, 36, and A. L. James, 40.

The assault victim was H. G. French, 38.

Officers said one man did the beating while two others stood by.

Court Clash Looming On State Vs. Federal Power

By DON COGGIN

MONTGOMERY, Ala. (AP)—A federal versus state power clash loomed today on a federal court's demand that an Alabama judge and five voter registrars show their records to the U.S. Civil Rights Commission.

After District Court orders were issued Thursday, rapid-fire developments indicated further possible difficulty for the year-old federal agency probing complaints of discrimination against Negro voters.

Macon County Registrars E. P. Livingston and Grady Rogers, two of the five who silently defied the commission at its first hearing Monday and Tuesday, resigned on grounds they were being intimidated.

They said they would obey orders to appear at a second hearing here before the six-man commission or a subcommittee Dec. 19.

But they said, "We aren't registrars any more and no records are in our possession." What effect this may have on the investigation had not been determined.

Refusal to obey the orders could bring contempt citations and possible penalties of imprisonment or fines. This would be at the court's decision.

A promise of "vigorous opposition" to the court orders came from Alabama Atty. Gen. John Patterson, who will take office as governor next month.

The 37-year-old official, upon whose advice the registrars kept silent at the hearing, said he was considering intervention in the form of a motion to set aside the orders issued by U.S. Dist. Judge Frank M. Johnson Jr.

"We would like to argue the merits of Judge Johnson's orders in court without having the risk of a contempt citation," he said.

Served with the orders, in addition to Livingston and Rogers, were Circuit Judge George C. Wallace of Clayton, Ala., Registrars J. W. Spencer and W. A. Stokes of Barbour County and M. P. Evans of Bullock County.

Soviets Put In New Bid For Summit Talk On Their Terms

By ANGELO NATALE

MOSCOW (AP)—The Soviet Union put in another bid Thursday night for a summit meeting on causes of international tension. It included the Berlin situation but ruled out discussion of German reunification.

The statement from the official news agency Tass also warned that any Western use of force to maintain access to Berlin would be met by Soviet force and would touch off a nuclear war.

Some Western officials have proposed that Berlin be discussed only in connection with the entire German unification problem. Tass renewed the Kremlin stand against negotiating on reunification and also rejected again the Western demand for all-German free elections.

The Soviet Union repeated, however, its readiness to talk about a World War II peace treaty for Germany. Tass added that the Soviet Union stands for a meeting of the heads of state, on the condition that East and West are equally represented, with the aim of "discussing ripened questions of consequence (toward) easing international tension . . ."

The Communists contend that German unification should be negotiated by the East and West German governments, meeting as equals.

Preliminary negotiations for a summit conference broke down last June when the Kremlin published secret minutes of meetings in Moscow. The West was insisting on searching talks at a lower level to insure likelihood of agreement before the heads of governments gathered. The Soviet Union wanted to get the government chiefs to do the actual trading.

The West also had insisted on restricting any summit conference to the United States, Britain, France and the Soviet Union, with possibly a few neutrals. It had rejected Soviet efforts to include such small Communist nations as Poland and Czechoslovakia for voting equality.

The statement reiterated that the Soviet Union will transfer its occupation powers to the East Germans in six months regardless of whether the West accepts Premier Khrushchev's proposal to make west Berlin an unarmed free city.

Chief of these powers is control of the Western Allies' supply routes to their garrisons in West Berlin. To talk of Allied counteraction against any new Communist blockade, Tass asked: "Is it not clear that any attempt to break into Berlin by force would mean an attack on the (A Communist) German Democratic Republic and also its Warsaw Pact allies?" (The Warsaw Pact is the military alliance of the Soviet Union and its East European bloc.)

Vicious Cold Spell Sends Snow Deep Into Southland

By The Associated Press

Dixie shivered with the rest of the Eastern half of the nation today as snow and freezing cold spread across the Southland.

It was freezing in northern Florida. And it wasn't so hot in the southern section as temperatures dropped into the low 50s during the early morning.

Snow piled up to a foot and higher in parts of the Carolinas and Virginia.

Driving conditions in the snow-stricken Southern areas was reported hazardous.

Schools were ordered closed in more than a score of Virginia communities. Five persons, including four children, died in fires in the Norfolk area.

Although no snow was reported in other Southern states, it was cold. Temperatures were in the 20s in parts of Georgia and near freezing in sections of Mississippi and Alabama.

The cold air embraced most areas from Montana eastward to the Atlantic Coast.

The Weather Bureau didn't see much hope for immediate relief from the cold weather.

In the east, freezing temperatures and lower were reported from Virginia into New England. It was below zero in parts of northern New England.

In snow-covered Oswego, N.Y., residents almost could look back on it all today. The worst snow storm in the history of this city of 23,000 by Lake Ontario appeared to be over. A bright sun broke through Thursday and no heavy snow was in sight today.

But maintenance crews had a great deal of work remaining from the storm which began Sunday noon.

A snowstorm moved into southern New Engaldn today but wasn't expected to be as bad as first predicted.

The Weather Bureau said the vigorous coastal storm which buried parts of the South with snow is moving too rapidly out to sea to give New Engaldn much of a storm.

But bitter cold tonight was expected to follow.

Janitor Believes Arsonist Set Fire

CHICAGO (AP) — A janitor's story stirred a new conflict today over the time of the start of the fire which flashed through Our Lady of the Angels School Dec. 1, killing 89 pupils and three nuns.

James R. Raymond, 44, the janitor at the West Side grade school for 13 years, told a coroner's inquest yesterday he noticed the blaze at either 2:20 or 2:25 p.m. He testified he ran to the nearby rectory and shouted to the housekeeper there to call the fire department.

Authorities and witnesses earlier had said the fire was spotted between 2:30 and 2:40, that the alarm was sounded at 2:42 and firemen arrived about 3 minutes later.

Raymond told the jury inquiring into the fire deaths he believed it was caused by "human hands," meaning he thought it was set by an arsonist or accidentally. But he gave no reason for that belief.

Summarized, this is his story of the holocaust:

He checked some other parish buildings and was south of the school about 2:20 or 2:25 in an alleyway separating the school and church rectory. He saw a "whiff of smoke" from the ground floor window of the school, ran up, and through the frosted glass saw a red glare. Then he ran to the rectory and told the housekeeper to call firemen.

Then, Raymond told the grave, intent jurors, he ran into the boiler room and saw two boys. They were the last of a group who brought wastepaper from the classrooms to empty it into drums. He warned them to get out, ran up to a second floor classroom and broke down a door giving partial access to a fire escape. The pupils and the teacher fled down the escape, he related.

Next, he said, he ran to the front of a second floor corridor and because the smoke was so dense broke out two windows, slashing his left wrist. He stumbled down the stairway and outside and then he remembered struggling with some person who wanted to put him in an ambulance.

Western Co. Workers Nix Union Bid

Employes of the Western Company, oilwell servicing concern with general offices in Midland, this week voted 224 to 45 against efforts of the International Union of Operating Engineers (AFL-CIO) to unionize the company.

"Naturally we are pleased with the results," said H. E. Chiles, president of the concern. "We feel that his election shows our employes are individuals and prefer to be considered as such. Like many companies in the drilling and servicing business, we have always tried to work with our people on a personal basis and we believe the results of this and other recent union elections demonstrate clearly that oil field people like it that way."

The election was held under the supervision of representatives of the National Labor Relations Board. Secret balloting on the question of union representation took place over a four-day period at all of Western's service districts in Texas, Oklahoma, Kansas, New Mexico and Colorado, as well as at its general offices in Midland. Approximately 98 per cent voted against being represented by the union.

Bids Asked For Work At Armory

Bids will be opened in Austin Jan. 6 for paving, fencing, and other work to be done around the new National Guard armory here.

The State Board of Control's division of building, engineering, and management will take the bids until that time. It has invited local contractors to bid. Plans and specifications are available with no deposit required. The division's address is Capitol Station, Austin.

Work to be done includes grading and paving of parking areas and the area in front of the armory. There will also be sidewalks, a fenced yard to vehicles, and some shelving inside the armory.

One large parking area on the west side of the armory will have 30,000 square feet of pavement.

Most people on earth belong to four major religions: Christians, Mohammedans, Brahmins and Buddihists. There are also about 11 million Hebrews.

In the Childress-Tom S game, the Bobcats got off to a rousing start, leading Tom S. by 17-8 with a minute to go in the first period only to see the Westerners cut it to 17-12 at the quarter mark.

Then the Westerners continued their game of catch-up and finally moved ahead, 30-29, at halftime.

The game was tied at 42-42 with a minute left in the third but Tom S. poured in six points in that final minute for a 48-42 third quarter lead. The Westerners then coasted home in the fourth period as the Bobcats came up with only two points in the last eight minutes. The Bobcats lost their 6-4 center, John Eason in the third quarter and with his departure went the Bobcat hopes.

Mike Farley led the Westerners with 22 points, while Don Darlong led the Bobcats with 15.

Jealousy Is Blamed For Blast Deaths

CHATSWORTH, Calif. (AP) — Long-smouldering jealousy of the ex-shipyard worker who became master of a religious cult was seen today as the cause of the dynamite death of 10 in the cult's headquarters.

So deep was the bitterness of two former members of the Fountain of the World cult toward its founder, Krishna Venta, they willingly blew themselves to bits to carry out their plot to kill him, police said.

Detectives investigating Wednesday's bombing have uncovered seething emotions beneath the cult's calm surface of piety and faith.

In tape recordings left as their final testament before they went on their murderous mission, Peter Kamenoff and Ralph Muller accused Venta of immoral acts with women members of the cult.

From other sources the investigators learned that Kamenoff had been expelled from the cult after his wife complained to Venta that he had hit her, and that Muller was "excommunicated" because he tried to get his wife to leave the fold.

Members of the cult drew a different picture. They told the investigators that both men were jealous of Venta and tried to found a rival cult after they left the Fountain of the World.

Industrial Arts Teachers To Session

Four Snyder industrial arts teachers will attend a work conference tomorrow at Southwest Texas State Teachers College, San Marcos.

They are Jiggs Falls, W. E. Raborn, Frank Miller, and W. A. Mayfield.

The conference is being held to study presently-adopted industrial arts textbooks and to make recommendations to the research committee of the Texas Industrial Arts Association for textbooks to be placed on next year's adoption list.

Mayfield is a member of the research committee. The other teachers will represent the West Texas Industrial Arts Teachers Association in various subject areas.

Little Damage From Two Blazes Here

The general fire alarm was sounded at 8:30 o'clock last night when a fire in the Antonio Torres residence in the 1200 block of Avenue P was reported.

The fire was an electrical fire in the fuse box in a bedroom of the house, and there was no damage except to wiring inside the box, firemen said.

Earlier, at about 7:10 o'clock, firemen had put out a grass fire at Eleventh Street and Avenue Q. It caused no damage.

BIRTHS

Mr. and Mrs. Billy Joe Hanks, Box 1223, are parents of a six-pound, 12-ounce son, born at 10:34 a.m. yesterday at Cogdell Memorial Hospital.

Bond Cache Is Discovered By Official

SAN FRANCISCO (AP) — A state official, checking on why California was billed $26 for a safe deposit box, stumbled on a cache of prewar Japanese bonds he values at 15 million dollars.

They had been forgotten, although apparently gathering interest for 17 years since being seized when Japanese assets in the United States were frozen shortly before World War II.

William A. Burkett, the state's superintendent of banks, made his find public Thursday when he asked Superior Court to determine who owns the bonds. He said he asked "What's in it?" and opened the box after getting the bill from the American Trust Co.

Owners were not listed on the bonds, which were seized in the lobby of the Yokohama Specie Bank's San Francisco branch July 29, 1941—four days after all Japanese assets in this country were frozen as war neared.

The bonds wound up in the custody of the state when California liquidated enemy banks after Pearl Harbor. The state had been paying safe deposit box rental since.

Burkett says he is sure the bonds "are worth at least 15 million dollars in American dollars, as of today."

Facing the court is the problem of what to do with them. Do they go to the alien property custodian in Washington, D.C.?

Antique Lights Make Unique Tree Decorations

AP Newsfeatures

Some Christmas ornaments are passed along from one generation to another, and these make unique decorations for the tree.

If there are no holiday display pieces in attics and closets, however, you can find then in antiques shops and shows.

Glass Christmas tree lights made in Germany, England and France in the 1880's and '90's were used to shield candles and these in glowing emerald, amber, amethyst, cobalt and ruby are the most popular.

German Christmas ornaments of wax, plaster, unglazed pottery and spun glass dating from about 1850 are popular also. Some elaborate blown glass ornaments are frosted outside and decorated inside with a manger scene.

Tin ornaments bent into various shapes with colorful pits of glass or them date from the 19th century. French cup-shaped brass candle holders have wooden ball or gilded lead star attached to provide balance which holds the candle upright.

There are hexagonal tin lanterns with inset panels or varicolored glass. A candle goes inside. Some people enjoy decorating the tree with old tin cookie molds shaped like animals and gingerbread men.

Samples Of World Handicraft On Sale At U. N. Gift Center

By TOM HOGE

UNITED NATIONS, N. Y. (AP) — For that loved one who wants something different this Christmas, there's a place whose wares range from an Indian lucky bean for 25 cents to a French Cameroons chief's throne for $160.

Tucked away in the basement of the General Assembly building, the U. N. Gift Shop has been taking in more than $2,000 a day since the Christmas season began by selling the handicraft of some 70 nations.

The store's wide variety of stock runs the gamut from the exquisite to the grotesque. It brings in an annual gross of more than a half million dollars.

The offbeat display lures some 750,000 visitors a year including collectors, tourists and a sprinkling of jaded kleptomaniacs.

A number of celebrities frequent the little shop which has been operating since 1952. Mrs. Franklin D. Roosevelt buys many of her Christmas presents here. So do conductor Leopold Stokowski and movie star Irene Dunne.

Transactions vary from a few pennies handed over the counter by small fry tourists to a recent order for more than $3,000 in Christmas presents placed by a Western industrialist.

"We import nearly 90 per cent of our stock from the place of origin," said Lloyd Glasgow, manager of the gift shop. "We insist that it be indigenous to the country concerned and, where possible, that it be handcrafted."

This passion for authenticity has brought in some rather bizarre items, but most of them eventually find a buyer.

Glasgow recently imported — with some trepidation — a batch of tooled leather camel saddles from Egypt to retail for $45 each. It was soon discovered that camel saddles make good seats for television viewers and the lot sold like hot cakes.

There has been a similar run on Canadian Eskimo soapstone carvings flown in from the Arctic Circle by bush pilots and priced from $10 to $80.

Silk stoles from India for $60 are big sellers. So are illustrated lacquer boxes from Russia for $45.

A favorite with youngsters and a source of hypertension for their parents are genuine Australian boomerangs for $2.75.

Collectors are among the store's best customers.

"Last summer an international doll collectors' convention met in New York and got word that we had a stock of dolls from nearly every nation in the world priced from 50 cents to $100," Glasgow said. "They nearly bought us out."

The shop with its open counters and general air of confusion attracts a number of kleptomaniacs and small time pilferers.

"They used to get away with $15,000 in stock a year, but we've cut it down to around $5,000," Glasgow said. "When we spot them we stop them at the door and politely suggest that they forgot to pay for an article concealed in their pocket. It usually works."

Aside from the perennial Christmas rush, the store derives a comfortable, steady income that goes into the United Nations general fund.

World events can bring a sudden boom, however.

When the Middle East crisis broke last August and the General Assembly went into emergency session, the gift shop did a land office business.

Ingrown toenails make each step torture. One way to start your nails on this route is improper cutting. Never trim toenails in the corners since this makes them grow into the skin. Cut toenails straight across and smooth down by filing so you won't snag stockings.

OUR VIEW

Friends Close To Home

While the emphasis seems to be on the "enemies" these days, it is refreshing to note that the United States has a staunch friend close at hand, and one that may be headed to even more amicable ties with Uncle Sam.

We refer to the Republic of Mexico, our next door neighbor, where a young man who appears to be particularly friendly to the United States, has taken over the reins as president. In his inaugural address, President Adolfo Lopez Mateos envisioned greater solidarity among all nations of this hemisphere, and all of his references to the United States were ultra friendly.

It is significant also to note that U. S. Sen. Lyndon B. Johnson of Texas, had been in Acapulco for a friendly visit with Lopez Mateos a few days before his inauguration. Sen. Johnson, who is leader of the majority in the Senate, is in a position to promote good will for our country wherever he goes because he is recognized throughout the world as one of the most powerful men in our government.

There were good and friendly reports from his meetting with Lopez Mateos. Thus, the new president of Mexico, already friendly toward this country, undoubtedly got some reassurance of our interest in his country's welfare at the Acapulco meeting.

He has indicated that the feeling is mutual, particularly in his appointment of Manuel Tello as his foreign minister. Tello is the former ambassador to the United States and his appointment is regarded with much favor in Washington.

Friends were never more valuable than today, especially those close to home.

Next 10 Days Tells Tale For Business

By SAM DAWSON

NEW YORK (AP)—On the next 10 days depends the chance of the nation's retail merchants to top last year's record Christmas business.

Early reports indicate that in most sections of the nation sales so far are running even with or better than a year ago. Predictions of this year's increase over last range from 2 to 5 per cent.

Some cities have had tough sledding, though. Heavy snows and cold winds have kept many shoppers at home.

In New York City, merchants are up against a different hazard. The shutdown of dally papers because of a delivery strike cuts the retailer off from communication with the shoppers at a crucial time.

Chances for a record retail holiday season appear excellent. Volume was rising in November. The Commerce Department estimates total sales, seasonally adjusted, hit 17¼ billion dollars. This was some 600 million dollars better than in the same month of 1957. Most of the gain was due to increased sales of autos, furniture and appliances.

To beat last year's record December business of 19¾ billion dollars, merchants pin their hopes on two things: (1) increased income left over after taking care of the necessities; (2) improved confidence among consumers as to the state of business in general and their own financial prospects.

Discretionary income started rising during the summer. This is that part of income which may be saved with no immediate impairment of living standards.

The National Industrial Conference Board reports that during the July-September period this measure of purchasing power increased at an annual rate of 4½ billion dollars to 104 billion dollars.

This was 4½ per cent higher than in the April-June period, the first rise since the second quarter of 1957, and the largest quarterly gain since the second quarter of 1955.

Many economists believe that such income (open for the merchants to tap now) has increased further since Spetember.

Merchants have some good prospects in specialized fields. Government employes have larger paychecks this Christmas than last. Members of Christmas clubs received nearly 1½ billion dollars this year, 3 per cent more than last year's previous record.

Christmas bonus plans of leading American corporations, as polled by the conference board, indicate that the big majority will be handing out bonuses this year. Only a handful say they are discontinuing the practice because of the recent recession.

DeMille Called Before Court

NEW ORLEANS, La. (AP) — Attorneys for movie producer Cecil B. DeMille studied a petition today which ordered him into court Jan. 2 to pinpoint responsibility for production of the film "The Buccaneer."

DeMille, in New Orleans for the world premiere of the movie Thursday night, said he hadn't looked at the petition.

Atty. Hugh Wilkinson Sr. filed the petition in state court in behalf of Henri de Balther Claiborne of Center Cross, Va., a great-grandson of Louisiana Gov. William Charles Claiborne.

The Claiborne descendant claims the movie causes the family "great mortification" by picturing a romance between Jean Lafitte, the pirate, and a daughter of the governor who had died many years prior to the time of the fictional romance — about the time of the Battle of New Orleans in 1815.

NATO Meet Puts Kremlin In Stew

By JAMES MARLOW

WASHINGTON (AP) — There must be a Kremlin clock that rings every year just before the foreign ministers of the North Atlantic military alliance meet in Paris. It's beginning to ring regularly.

You can see the pattern. Bong, the clock goes. Premier Nikita Khrushchev jumps up and tells the boys in charge of the propaganda section: "Start pumping." It happened last year Now it's happened again.

Last year Secretary of State John Foster Dulles was all set to fly to Paris for the NATO meeting. Then, two days before Dulles' takeoff, the Russians threw out what they must have thought a blockbuster.

In a 3,000-word letter to President Eisenhower the then Premier Nicolai Bulganin — with Khrushchev at his side—proposed a summit meeting and a ban on atomic bomb tests.

There was nothing new in it—in the way of fresh ideas—and State Department officials branded it a propaganda trick intended to disturb and maybe split the Allies before they met in Paris.

Thursday the Kremlin clock rang again, this time just a day before Dulles' scheduled takeoff for the NATO meeting in Paris Sunday.

This time the Russians tried a one-two-three punch, with Khrushchev, Moscow radio and Tass, the official Soviet news agency, all grabbing the pump handle.

The biggest and most critical problem facing the foreign ministers in Paris is the demand made by Khrushchev that the United States, Britain and France all clear their troops out of West Berlin and leave it a free city.

The Western powers — particularly the United States and Britain—have indicated they'll do no such thing. The United States, Britain and France, under agreements made with the Russians after World War II, have troops in West Berlin.

But Berlin is 110 miles within Eastern Germany. For the Western powers to pull out would leave all Berlin, including the West Germans who have built up their sector, at the mercy of the East German Communists. The Soviet Union proposed to turn over to the East Germans control of the corridors through which the Western powers now have access to Berlin.

The West German government wants the Allies not to yield to the Soviet pressure. But the Russians since Nov. 10 have made ugly suggestions indicating they are in for a rough time if they don't pull out.

So Thursday, one day before Dulles was to fly to Paris, Tass opened up in a move clearly intended to disturb the Western foreign ministers when they meet Sunday in Paris and again, if possible, to split them.

Tass accused the West of stalling on Khrushchev's proposal about neutralizing West Berlin. It repeated that use of force in defense of the Western sectors of Berlin would be met with force by the Soviet-led Warsaw Alliance.

Radio Moscow chimed in with the statement that the "situation in West Berlin will have to be changed."

And Khrushchev — now indisputably the Soviet Union's No. 1 man since Bulganin has been pushed so far out of sight no one hears of him much any more—let go on his own.

He was quoted in an interview by a German newspaper in Munich as giving this warning:

If the West attempted to break through East German territory to Berlin by force, to supply their Berlin garrisons, there would be war and the use of the Soviet Union's most powerful weapons.

The trouble with the Kremlin clock is that its timing is getting obvious.

Polar Trips May Help Space Age

MCMURDO SOUND, Antarctica (AP)—Man's behavior in the cruel and eerie isolation of the South Pole may give explorers of another generation an idea of how to get along in space ships.

Palle Mogensen, polar transportation expert who has just spent a year as leader of a scientific party at the pole, said: "I don't know any other place on earth where you can come up with a situation so much like space."

The nine scientists and eight Navy men who spent a polar year with Mogensen were not selected indiscriminately. "They were picked by skilled people and psychologists," he said. "All went through the head-shrinker line."

The men had to spend nearly half a year in a weird world of darkness and desolation and in temperatures as low as 100 degrees below zero.

"There were no fights during the entire year," Mogensen said. "And no near misses. Not even the tendency. Disputes were always straightened out verbally.

"Some problems occurred as we began to get into the dark night. A man might become annoyed at the way somebody else blew his nose, or at the way he left his place at the table after eating, or even at the way he walked along the passageways between huts.

"Some people use the same phrases over and over, and this can be annoying too. You might feel like telling them to be quiet or say something new.

"But even what problems we did have were always over little things."

How about such things as politics and religion?

"You can safely say they're not nearly the problems as the little things," Mogensen observed.

"Nobody can become really annoying in a situation like that. He will be censured by the group. And group censure is a big thing in such a place."

Nearly all the men kept diaries. Some, including Mogensen's, are being turned over to Walter Reed Hospital in Washington, where psychologists will study them.

From such studies as this, Mogensen believes, man may get some idea of how to stay away from his neighbor's throat even after a year in a cramped rocket ship.

False Bomb Scare

AUSTIN (AP)—Anonymous telephone calls prompted a search for a possible bomb last night of a Braniff Airlines plane at Austin's municipal airport.

"We found nothing," Robert Scott, agent in charge, reported.

White Deer, Mason Seek Finals Berth In Tilt Here

BY BUCK FRANCIS
News Sports Editor

The only state semi-final game pitting unbeaten teams in this weekend's schoolboy play will be unreeled on the Tiger Stadium turf tomorrow afternoon when the White Deer Bucks and Mason Punchers lock horns.

A crowd of 5,000 fans is expected to be in the stands for the 2:30 p. m. kickoff.

Mason has rolled to 13 victories in as many starts this season while White Deer has chalked up 12 wins and a tie in 18 outings. Only a 6-6 deadlock with Stinnett early in the season mars an otherwise perfect record for the Bucks.

The game will pit one of the outstanding offensive teams of the state in the Bucks and the toughest defensive outfit in the Punchers.

White Deer has racked up 498 points this season for a 38.4 average points per game, perhaps the top scoring mark in the state.

Mason, on the other hand, has compiled a very respectful defensive mark. The Punchers have yielded only 50 points in 13 games for less than a TD per outing.

The Punchers' defense really came to light last week when they held Talco to only 40 yards rushing and 40 passing in whipping the South Texans, 38-0, in the state quarterfinals.

White Deer has rolled up a fantastic 5,984 yards on offense this season for an average of 460 yards per game. The Bucks yardage shows 4,914 on the ground and 1,070 in the air.

In Herschell Powell, 178-pound halfback, the Bucks may have the leading ground gainer in the state. Powell has netted 1,818 yards rushing this season in 224 carries for an 8.1 yard per carry clip.

Another White Deer lad, fullback Allen Harmon, needs only 20 yards Saturday to reach the 1,000 mark in rushing. Harmon has gained 980 yards in 157 carries for a 6.2 average. White Deer's third leading ground gainer, halfback Don Adams, was injured in last week's semi-final game with Plains and isn't expected to see action tomorrow.

Adams has netted 869 yards rushing in 88 carries for a 9.9 clip.

Powell leads the Bucks in scoring with 124 points, coming on 18 touchdowns and eight two-point conversions. Harmon is next with 92 points and end Jeff Bearden follows with 62.

Quarterback Jackie Burns handles most of the Buck passing that has gobbled up better than 1,000 yards. Burns has completed 22 of 59 aerials for 631 yards and 10 touchdowns.

PROBABLE STARTING LINEUPS

WHITE DEER PLAYER	WT.	POS.	MASON PLAYER	WT.
Jeff Bearden	178	LE	George Hale	150
Tommy Powell	147	LT	Bill Martin	179
Robert Anderwald	140	LG	Jerry Turner	165
James McKerman	156	C	Don Gipson	172
Bryan Coday	190	RG	Bill Dannheim	145
Robert McCreary	170	RT	Jay Brown	198
Ronnie Cade	175	RE	R. Brandenberger	163
Jackie Burns	140	QB	Sammy Martin	165
Herschell Powell	178	LH	D. Henrich	145
Tommy Lester	151	RH	Larry Wilson	160
Allen Harmon	165	FB	Pat Keller	175

Burn's favorite targets are the Buck ends, Bearden and Ronnie Cade. Bearden has caught 12 for 388 yards to 11 for 373 for Cade. White Deer has scored 17 times via the airlanes this season.

Mason builds its offense around fullback Jack Keller, a 175-pounder. Keller runs with a lot of power and is also a break-away runner.

Keller raced to all three touchdowns against Crowell two weeks ago for the regional championship on runs of 28, 66 and 22 yards, the Punchers winning 22-8.

Keller ran 68 yards with a screen pass against Merkel in bi-district and ran one conversion in helping the Punchers to a 22-8 triumph.

Then in last week's quarterfinal game against Talco, Keller sped 8 and 70 yards for touchdowns as the Punchers rolled to a smashing 38-0 decision.

The Punchers do most of their gaining on land but they have a good enough passing game to keep the defense "honest." Last week, in fact, quarterback Sammy Martin tossed for two touchdowns to get the Puncher offense to clicking. This loosened up the Talco defense afterwhich Keller broke loose on his touchdown scampers.

Mason then scored again on passing in the fourth quarter against Talco.

But the big secret of the Mason success is its defense. The Punchers have blanked seven foes this season and only two teams have scored more than one touchdown against the Punchers. San Saba and Burnet each scored 12 points against Mason but the Punchers won handily in both games, 36-12 and 48-12 respectively.

The two teams stack up just about even in the weight department.

Mason holds a 3-pound per man advantage in the line, 168-165, while both starting backfields average 161 pounds per man.

White Deer has been established slight favorites to win the game but a break or two could very well determine tomorrow's winner.

Tickets are on sale at the Chamber of Commerce office.

BUCKIN' THE LINE

By BUCK FRANCIS
News Sports Editor

A HEARTY WELCOME to all basketball squads here for the 6th annual Canyon Reef Invitational Basketball Tournament and to the White Deer Bucks and Mason Punchers who'll do battle on the Tiger Stadium turf tomorrow afternoon in a State Class A semi-finals game.

Also, of course, we welcome the fans who may be following their faithfuls for the contests here this weekend.

Snyder citizens are all set to make the visiting athletes and fans feel at home during their weekend stay.

It's certainly a good chance for Snyderites to display that good ole West Texas hospitality of which they are well noted.

We want all these athletes and fans to want to come back to see us and that they will do if we treat them well during their stay.

Playoff Schools Put Faith In Snyder

The football fans can more than show their appreciation to the White Deer and Mason folks by turning out to see the Bucks and Punchers battle it out tomorrow afternoon.

Playoff teams, when picking a neutral field to play on, try to select a site that will draw a good crowd and White Deer and Mason have put some faith in the Snyder people.

We hope they won't be let down.

The White Deer football team will arrive tonight while Mason is scheduled to arrive in the morning.

All of the Canyon Reef Tournament teams are already on the scene since the tournament began this morning.

Borger, a perenial cage power and one of the favorites to capture the tournament title here, arrived yesterday in time to get in a light workout at Tiger Gym. Brownwood also came in last night after playing Sweetwater at Sweetwater.

Bounce Of Ball May Be Deciding Factor

White Deer has been given a slight nod to win tomorrow's game with Mason.

Experts here figure that the offense is better than the defense, meaning White Deer has the edge in offense and Mason in defense.

It should be a real close battle and the bounce of the football may determine the final outcome.

There's no direct way to compare the two fine clubs since they haven't met any common foes.

After careful study, we come up with this answer:

White Deer 16, Mason 14.

Elsewhere in the schoolboy playoffs we see 'em like this:

Wichita Falls 20, Highland Park 14.

Pasadena 14, Miller 12.

Breckenridge 27, McKinney 7.
Cleburne 14, Kingsville 6.
Terrell 27, Stamford 19.
Angleton 14, Liberty 8.
Elgin 20, George West 19.

Lincoln Wins 1, Loses 2

Lincoln won one of three games from Midland here Wednesday night.

The Lincoln junior boys defeated Midland by 24-14 but Midland captured both senior tilts, the Midland boys winning 71-56 and the girls triumphing by 35-34.

A big third quarter gave the Midland senior boys the boost they needed. Lincoln led 29-27 at halftime but Midland outscored the locals 23-8 in the third quarter to take a commanding 50-35 lead and then coast home.

Ralph Jackson with 18 and Oliver Mayherry with 17 lead the Midland attack. Lloyd Hood and Joe Arthur Phillips shared scoring honors for Lincoln with 15 points apiece with Gene Taylor following with nine.

The Lincoln girls stated a game rally in the fourth quarter but fell one point shy of catching up. Midland led 31-22 after three quarters and her lead barely stood up as the Trojanettes outscored them 12-4 in the final quarter.

Sarah Johnson was practically the whole show for the Midland girls, scoring 27 of their 35 points. Maxine Cobb with 20 and Karen Gift with eight were the leading scorers for the Trojanettes.

Ronnie Green led the Lincoln junior boys to victory with 11 points followed by Buford Thompson with seven.

Lincoln goes to Floydada tonight to open the district schedule.

Baylor Clips Okla. State

By The Associated Press

Mighty Kentucky overwhelmed Southern Methodist Thursday but Baylor upheld Southwest Conference intersectional prestige with a defensive victory over Oklahoma State.

Two Kentucky sophomores, Billy Lickert and Dick Parsons, combined for 42 points to lead Kentucky to a 72-60 basketball victory over SMU at Lexington.

Baylor's man-to-man defense and Carroll Dawson's outside sniping gave the Bears a home-court 43-37 triumph.

Lickert poured in 23 points and Parsons 19 as the unbeaten Wildcats rolled to their fourth straight success. Kentucky, the No. 2 team, never trailed after the opening minute, but had to fight off the persistent Mustangs repeatedly.

Max Williams hit for 21 points for SMU and Bobby James got 19.

SMU hit 42.9 per cent of its field goal shots and Kentucky only 37 per cent.

It was SMU's second loss against two victories.

Hank Iba's Cowboys managed only two field goals in the second half on 21 tries from the floor as the Bears pulled away.

The lead changed hands five times in the first half and was tied four times. But the Bears took the lead 23-22 with two minutes to go in the half and stretched it to 27-24 at intermission.

Dawson dropped in 20 points and was tops in rebounds with eight. Olin Clark was high man for Oklahoma State with 19.

The only game involving Southwest Conference teams Friday matches Texas Christian with Utah at Salt Lake City.

Game Workers Asked To Meet At 12:45

All men who have volunteered to help work tomorrow afternoon's playoff game between White Deer and Mason are asked to report at 12:45 p.m. tomorrow at the northeast corner of Tiger Stadium.

Anyone who hasn't already volunteered to help work the game and who would like to work is also invited to assemble at the above designated place and time.

WHITE DEER BUCKS—Pictured are the White Deer Bucks who'll meet the Mason Punchers in a state Class A semi-finals game here tomorrow at 2:30. The Bucks are unbeaten in 13 games this season. From left to right, members of the White Deer squad are: Front row: Charles Jackson, Jeff Bearden, Rodney DeFever, Ronnie Cade, Herschel Powell, Bob McCreary and Wayne Hughes. Second row: Tommy Lester, Jerry Braddock, Mark Collins, David Crawford, Bryan Coday and manager, Kenny White. Third row: Allan Harmon, Don Driskill, Jimmy McKernan, Tommy Powell and manager, Vernon Mangel. Fourth row (top): Jackie Burns, Robert Anderwald; Don Adams and manager, Leland Knight. Junior Editors Quiz on CLOTHING

QUESTION: When did men start wearing pants?

• • •

ANSWER: Scientists digging in the ruins of the ancient Persian city called Persepolis a while back uncovered the carving of a fully dressed man who lived about 2,500 years ago. They were surprised to find him wearing a pair of pants similar to those worn by men today.

But trousers, as we know them now, did not come into general use until about 300 years ago. Until then, most men wore the tunics and togas of ancient Greece and Rome and the doublets and tights favored during the latter years of the Middle Ages.

The boy in this picture, who lived about the year 1800, is facing a problem that besets almost every wearer of new styles. His friends, clad in the old style knee breeches of the previous century, are laughing at him.

• • •

FOR YOU TO DO: Go to the public library and find a book that has pictures of fashions and costumes through the ages. How would you like to wear the kind of clothes people wore in ancient Egypt or in Italy during the Middle Ages?

• • •

STEWARDESSES HOWL

Cold Calves Put Girls In Uproar

SEATTLE, Wash. (AP) — The problem, the three stewardesses explained, is that area between a shapely knee and a well-turned ankle.

"Baby, it's cold down there," they said.

Noni Myers, Anchorage, Alaska; Marilyn atey, Seattle; and Rosemarie Fliseck, Kent, Wash., were surrounded by an admiring cluster of newsmen Thursday as they explained their problem.

Miss Batey, chairman of Council 77 of the Airline Stewards and Stewardesses Assn., said her union was in contract negotiations with Pacific Northern Airlines, which flies Alaskan routes.

A lot of things are involved in the talks, she said, but two things the company wants have the girls in a particular frost.

First, said Miss Myers, the company wants to be able to retire its stewardesses at the age of 32.

But worst of all, piped up Miss Fliseck, the airline won't let its stewardesses wear ski pants on Alaska flights.

"There we are, exposed," Noni said. "They want us to have just this thin veil of nylon between us and the elements at 40 to 60 below zero."

And Marilyn chimed in: "Every other airline that flies out of Anchorage requires ski pants, for comfort and as a safety precaution. If we crashed in nylons, our legs would freeze stiff."

"The only reason they'll give us is that ski pants are not in keeping with the decorum of the company uniform," Rosemarie said.

"I asked the airline man what we should do to keep from freezing," Noni said. "He suggested we wear adequate underwear. I said, 'What do you suppose we should do to keep warm between here and there?' "

There was no immediate comment from the airline.

Rosemarie said she was 26. Marilyn is 32. Noni said only that she is "quite a ways from 32 yet."

Oregon Man Fills House With Gas

MILTON - FREEWATER, Ore. (AP)—After placing two notes in front of the house, Alvin C. Gentry phoned police. Come quickly, he said.

Then the 54-year-old ranch foreman went into the basement and slit the lid of a can. It contained cyanide gas, the kind used to kill rodents.

Police arrived a few minutes later and saw a scribbled sign on the porch that said: "Keep out—poison gas." They sniffed, and then shouted.

Ralph Lee Gentry, 19, and his sisters Nita, 16, and Delores Ann, 12, dashed out of the house. Police told them it was filling up with gas.

Officers were able to restrain the girls, but Ralph dashed back in to rescue his father. He collapsed and died at the bottom of the stairs, near his father's body.

Later Thursday, police read the notes on a stake on the front lawn.

One said to contact Gentry's wife, who was away at work.

It said: "Better get her before she gets in this house or she will get it too. Poison gas in this house. I am getting tired of working and fighting for a living."

States May End Oyster War

MOUNT VERNON, Va. (AP)—Representatives of Maryland and Virginia may reach agreement here next Saturday on the wording of a peace treaty aimed at ending a bullet-spattered war between the two states.

It was here at the home of George Washington that the groundwork for the Potomac River oyster war was laid 173 years ago with the signing of the Potomac River Compact.

The original compact set up the regulation of fishing and oystering rights in the river that flows between the two states, but it failed to accomplish its purpose over the ensuing years.

The Maryland boundary had been established in British royal grants as the low water mark on the Virginia shore of the river. Under the pact, Virginia recognized this boundary and Virginians were granted equal fishing rights in the river.

In return, Virginia gave free passage to Maryland-bound ships past its capes up into the Chesapeake Bay. The free passage angle was voided with the ratification of the U.S. Constitution by the Colonies.

Since the compact was signed in 1785, disagreements have resulted for a number of reasons. The major conflict has been a Maryland law that forbids the taking of oysters by dredging.

This occasionally has led to gunfire as Maryland patrol boats chased illegal oyster dredgers all over the Potomac. This has brought protests from Virginia. Maryland officials in return have accused Virginia authorities of looking the other way while laws governing the river were violated.

Legislatures of the two states in recent years have been unable to agree on joint laws and Maryland finally canceled the compact last year.

Virginia officials appealed the cancellation to the Supreme Court which appointed former Justice Stanley Reed as a special master to look into the matter and report back with his recommendations.

At Reed's urging, commissions from the two states began a series of meetings which have resulted in the agreement that is expected to be signed here a week from Saturday.

Details of the agreement have not been made public. It will, however, call for a bistate commission — composed of the six members of the fisheries commissions of the two states — that would be given broad regulatory powers over the taking of fish and shellfish from the Potomac.

Should the agreement be signed, it still will have to be approved by the legislatures of the two states and then by Congress.

Evicted Woman Sleeps In Yard

NORTON, Va. (AP)—Mrs. Ella Epperson Williams piled the blankets higher against the wintry winds Thursday night and spent a fourth straight night outdoors in the yard of the home from which she's been evicted.

Relatives pleaded with her to go inside. Neighbors coaxed. Officers all but demanded. But the white-haired widow, about 55, set her lip and told them: "That's the fartherest thing from my mind. Here I'll stay."

Surrounded by furniture from the old family home, warmed a little from the subfreezing temperatures by a small coal stove, and with a .38-caliber pistol for protection, she has remained just outside the house since being evicted last Monday.

Mrs. Williams claims nobody had a right to sell the house for her debts—about $3,000—because she owns it jointly with four other members of her family.

"I think it's just old meanness that's making her stay out there," says Police Chief Ray Wells. "She's stubborn as a mule."

As she sat in the chill, rocking in a family rocker and talking with passers-by, the telephone in the house rang. Someone answered it. It was from Mrs. Williams' son Lowel, a sailor stationed at the Great Lakes Naval Training Station in Illinois.

No one heard the conversation but Mrs. Williams came out of the house crying.

Moments later she was just as determined as ever. "I may stay out here forever," she said. "My parents died in that house, and I'm going to die there too."

Creditors brought the eviction suit three years ago. The house was sold by order of the Circuit Court. She stayed in it three months before she was turned out.

"Only after all peaceable means were exhausted did we turn her out," said a county officer.

The man who bought the house at auction, Oscar Sturgill, estimates it's worth about $7,000.

"But I'm not thinking about trying to claim it until all the commotion dies down," he says.

Hearing Is Due On Lone Star Request

AUSTIN (AP) — The Railroad Commission will hold a hearing after Jan. 1 on a request by Lone Star Gas Co. to boost the gas price to its own distributing companies in 350 Texas cities.

Lone Star filed the application yesterday.

Lone Star seeks to up the price from 30 to 40 cents per thousand cubic feet. A company spokesman said it would not immediately affect commercial and residential rates but probably would later.

The increasing cost of gas at the wellhead was the major reason for the price increase request, the company said. Wellhead gas has gone up eight cents a thousand since 1951.

Astronomy Program To Be Stepped Up

EL PASO (AP)—J. R. Sorrell, chairman of the board of regents of the University of Texas, says the university will spend up to $400,000 on a stepped up astronomy program at McDonald Observatory.

The university-owned observatory is near Fort Davis in the Davis Mountains of far West Texas.

Columnist Had Only Two Weak Drinks

LOS ANGELES (AP)—Chicago columnist Irv Kupcinet, 46, says he had only two weak drinks of scotch and water before his arrest on a drunk driving charge in Hollywood last Aug. 26.

Russell Says Armed Force Cut 'Wrong'

WASHINGTON (AP) — Sen. Richard Russell (D-Ga) said today the administration is wrong in ordering the armed forces' manpower cut, but that he doubts congressional critics can do much about it.

Russell, chairman of the Senate Armed Services Committee, said his group would start hearings early next year on the cutback, and on whether the top military people believe it to be safe.

He said he considers the planned reductions "are penny wise and pound foolish."

"But I don't know of anything affirmative the Congress can do," he said. He conceded the White House has the authority to refuse to spend money even if Congress appropriates it to permit a bigger uniformed service.

"You can't impeach the President, and he seems determined to increase foreign aid and reduce the defense establishment," Russell continued in an interview.

Rockefeller Center Yule Lights Go On

NEW YORK (AP)—Rockefeller Center's traditional Christmas tree was lighted Thursday night for the holiday season. The 64-foot tall white spruce, a gift from East Madison, Maine, is adorned with 1,000 big red and white globes plus 2,000 smaller white lights. It is topped by a huge white star.

TELEPHONE DIRECTORY GOING TO PRESS SOON

No lost calls here. Grandmother lives with the children, but she has her own phone book listing.

Can friends find you in the telephone book?

If you're living in the home of a married son or daughter, shouldn't you be listed in the phone book under your own name?

Often would-be callers don't know (or can't remember) your children's name and address . . . have no way of looking up the number. Long Distance calls may be lost or delayed because you're not listed.

Make sure you get *all* your calls by having your name listed in the directory.

Now is the best time to order extra listings, too, because they will appear in the new telephone directory that is going to press soon. A call to the telephone business office is all it takes to arrange for your name to be in the new phone book.

Solons Won't Create Issues

SAN ANGELO (AP)—Sen. Lyndon Johnson (D-Tex) says the new Congress convening next month "will try to resolve, rather than to create, issues."

He made that prediction last night in a speech at the annual dinner of the San Angelo Board of City Development.

The Senate Majority Leader said he was taking issue with unnamed prophets who figure Congress will be highly partisan and will weigh every move with an eye to the 1960 presidential election.

"It is my belief that the next Congress will do the best it can with materials it has at hand to solve the problems of our times," he said.

Johnson said he expected one of its most important undertakings to be a study of means to solve inflation problems, adding:

"We need light in dark corners, and we need it soon."

The Senator said his San Angelo speech was the last public appearance he plans in Texas this year.

Commission Still Denied State Fund

AUSTIN (AP)—The Texas Industrial Commission may use privately-donated funds to advertise and attract industries, but it can't use state money now, Atty. Gen. Will Wilson said yesterday.

In an opinion to Commission Chairman E. B. Germany, Wilson said the last Legislature's law reactivating the commission specifically denied the use of state funds.

The commission is asking $100,000 annually in tax monies for its program for the 1960-61 biennium. Before it could spend the money, its own law would have to be changed.

SDEC Meet Set Jan. 10

AUSTIN (AP)—The first meeting of the new State Democratic Executive Committee will be held here Jan. 10 with county chairmen.

SDEC Chairman Jim Lindsey said yesterday the meeting would be the first in which county chairmen had met jointly to discuss party affairs.

Lindsey said the SDEC would set up committees, discuss administrative affairs, adopt a budget and outline a program for the next two years.

Gov. Price Daniel will address the conference.

Lindsey said many of the problems to be aired center around procedures relating to party primaries. Others involve fees and administrative matters.

"Our overall objective is to build a stronger party by promoting harmonious working relations between the official state and county committees," Lindsey said.

Martin To Speak On Daily Devotions

Speaker on the Daily Devotions program on KSNY next week will be the Rev. A. J. Martin, pastor of the Avenue D. Baptist Church.

The program is at 9:15 a.m. weekdays, scheduled by the radio committee of the Snyder Ministerial Alliance.

Yule Choral Programs Open Sunday

Choirs of a number of churches and of the public schools have scheduled special Christmas music to be presented between now and Christmas.

The first three of those will be Sunday afternoon and evening at the First Methodist Church, First Baptist Church, and Trinity Methodist Church.

Another is scheduled by the First Christian Church for the following Sunday evening, while St. Elizabeth's Catholic Church will have high mass on Christmas Eve. The school Christmas choral festival is scheduled for next Thursday evening. The St. John's Episcopal Church has slated the Choral Eucharist, a midnight service, for Christmas Eve.

FIRST METHODIST

"The Christmas Oratorio" by Camille Saint-Saens is the cantata to be presented by the adult choir at the First Methodist Church at 5 p.m. service.

The special afternoon vesper service will take the place of the one usually held Sunday nights. The choir, directed by Bob Clinton, has about 30 voices. Accompanyment by organ will be by Wayne Pitner.

Soloists will be Mrs. Bob Womack, soprano; Mrs. Tim Dennis, mezzo soprano; Mrs. Bill McLaughlin, alto; Bob Clinton, tenor; Wade Burrough, baritone; and Bill McLaughlin and Bob Womack, bass.

FIRST BAPTIST

The cantata at the First Baptist Church will be "The Music of Bethlehem" by Fred B. Holton. The 40-voice choir is directed by R. Virgil Mott.

Featured prior to the cantata will be the 30-voice primary choir, directed by Kathleen Mott, in two numbers, "Knock, Knock, Knock," and "There Is No Cradle Ready."

Soloists for the cantata will be Mrs. W. G. Herring, soprano; Wayland G. Holt, bass; and Mrs. J. C. Barnett, mezzo soprano. A quartet to be featured will be composed of a group of young people. Kathleen Mott, Judy Wallace, Tony Bearden, and John Weaver. Accompanists will be Mrs. Virgil Mott on the organ and Mrs. M. M. O'Rear on the piano.

TRINITY METHODIST

Christmas carols and hymns will be presented by the junior choir at 7:30 p.m. Sunday.

The choral program will fill the entire evening service. The 20-voice choir is directed by Don Bryson.

There will be several solos and duets.

CORAL FESTIVAL

The fifth annual school Christmas choral festival will be held at 7:30 p.m. Thursday in the high school auditorium.

About 600 students from sixth graders up will be involved, including high school and junior high choirs and ensembles and elementary choirs.

All choral directors will be used in the program. There will be no admission charge. Bob Clinton heads the choral program.

FIRST CHRISTIAN

"A Child Is Born" by Fred B. Holton will be presented by the 25-voice choir of the First Christian Church at 7 p.m. Dec. 21.

The choir is directed by Mrs. Novis Rodgers.

The cantata will be a part of a white gift service, and following the music and offering will be taken for the Juliet Fowler Orphans Home.

Soloists will be Mrs. Malven Stevenson, soprano, and Graydon Hicks, bass. A duet to be featured will be composed of Judy Johnson and Elizabeth Williams.

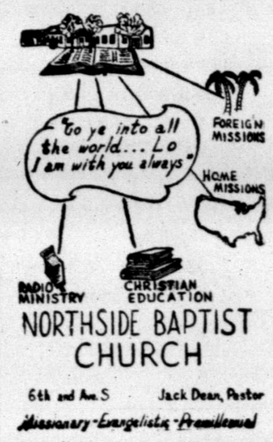

The church will also present an outdoor Christmas pageant for three nights, Dec. 21-23, with about three performances nightly. In charge of the pageant are Robert von Roeder, Vernon Young, and Joe Vincent.

That Word in Anger...

You spoke it loudly and without concern, but did it solve any problems for you. You told him off, but did you get the order? Sure, relief at the time may seem sweet and bear up your own ego, but soon a dirty, gray regret sets in. Count ten??? *Ah, you'd better count to a hundred or more and, by so doing, have a word fitly spoken.* God said, "Be not hasty in thy spirit to be angry: for anger resteth in the bosom of fools." Eccl. 7:9. Angry words can't be called back. One can't unsay them. The damage they do may be irreparable. Want to quit your foolishness? Then, seek out righteous men for your companions and ask God to help stay your tongue for, "He that is soon angry dealeth foolishly."

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.

THE GOD OF THIS WORLD

(Question) "Why will people reject he Lord's invitation?"

(Answer) The solution is found in 2 Cor. 4:4. In whom the god of this world hath blinded the minds of them which believe not, lest the light of the glorious gospel of Christ, who is the image of God, should shine unto them." Notice the man who hears the truth presented, he is impressed with its beauty and power. He is visibly agitated, yet he says, "Go thy way for this time; when I have a convenient season, I will call for thee." (Acts 24:25) Likely this man thought he would someday obey his Lord but did not feel that he was ready to give up some evil practice. He hardened his heart and the god of this world blinded his eyes. He never obeyed. Another hears the gospel and knows its the best course to follow, he sees the merit of Christianity and nearly obeys. "almost thou persuadest me to be a Christian." (Acts 26:28) He came near to the kingdom, yet so far. "A road to hell is found from the gate of heaven." Jesus illustrates this power of the devil in the parable of the sower. The wayside hearers are those who hear but permit the devil to delude them into waiting. Then, " . . . Satan cometh immediately, and taketh away the word that was sown in their hearts." (Mk. 4:15) This is why the Hebrew writer says, "Today when you hear his voice, do not harden your hearts. (Heb. 3:7-8)
