Relay for Life Raises Money for Cancer Research and Treatment

The 2007 Relay for Life was held last weekend in Sonora. Proceeds from this year's event went toward education, research and financial assistance to cancer patients and their families. Complete results will be featured in next week's edition of the Devil's River News. Photo by Marrisaz Faz.

Annual FFA Banquet Held

Submitted by Michael Kissire

The Sonora FFA summed up their school year during the Annual FFA Chapter Banquet on Tuesday May 15.

The results of the year's competitions and special chapter awards were announced. The crowd of about 100 people was served a meal provided by Stagecoach BBQ and Catering.

The results of the awards presentation for the Fall contests were as follows: Sr. Chapter Conducting-2nd district, 8th area; Radio #1 - 3rd district; Radio - 5th district; Sr. Quiz 1st district, 9th area; Jr. Quiz - 4th district; Sr. Creed #1 - 1st district, 1st area, 8th state; Sr. Creed #2 - 5th district; Jr. Creed - 1st district, 8th area.

The results from the spring contests were: Ag Mechanics Project Show - 3rd place Houston stock show, Champion Trailer in San Angelo; Wool Judging - 2nd district, 2nd area, 2nd state (qualified for national

contest); Ag Mechanics Team contest - 1st district, 2nd area.

The following Chapter Proficiency Awards were also presented. Meat goat production - Colton Moore; Sheep production - Craig Leonard; Angora production - Laura Martin; Ag Mechanics - Tony Torres, Travis Valliant, Colton Moore, Justin Perez, Hunter Lawson, and Kyla Turney.

Senior Awards were presented to Allyse Edmondson, Shane Love, Brandy Neff, Tony Torres, Kaija Valkonen, Travis Valliant, McKenzie Watkins, and Justin Zuniga.

Caleb Gonzales earned the Star Greenhand award and Steely Ingham was awarded the Star Chapter Farmer Award for the 2006-07 school year. McKenzie Watkins was awarded the Distinguished Service award for her contributions to the Sonora FFA throughout her high school career. It was also announced that McKenzie advanced to the

State FFA Scholarship interview in June.

During the evening event, the Chapter Officers presented Appreciation Awards to Louise Moore and Sherry Ingham. Another highlight of the ceremony was when the officers awarded Shawna Faris with the coveted Honorary Chapter Farmer for her work and success with the students through the Wool Judging Contest.

At the conclusion of the ceremony, the 2007-08 Sonora FFA Officers were installed. The officers are: President - Steely Ingham, Vice President - J.T. Downing, Secretary - Stephani Morriss, Treasurer - Kyla Turney, Reporter - Sterling Love and Sentinel - Keeli Taylor.

The Sonora FFA would like to thank everyone for attending the Banquet and would like to show our appreciation to the community of Sonora for their continued support.

Remembering Our Fallen Soldiers This Memorial Day

We will forever be grateful and in debt to those making the ultimate sacrifice for our freedom and liberty.

Memorial Day began as a memorial for Civil War veterans. It has become both, a National Decoration Day of family graves, and the holiday that opens the summer season. It is celebrated with backyard barbecues, outdoor picnics, and parades.

Waterloo, New York was recognized by President Lyndon Johnson, and both houses of Congress, as the birthplace of Memorial Day because the town decorated the graves of Civil War veterans as early as May 5, 1866.

The claim is contested by Boalsburg, Pennsylvania, which claims to have begun the practice of decorating soldier's graves two years earlier than Waterloo.

Another source claims that two years after the Civil War, it was southern women in Columbus, Mississippi who decorated the graves of both Confederate

and Union men.

Nevertheless, sources agree that it was General John A. Logan of the Grand Army of the Republic who designated May 30, 1868, "as a day for strewing with flowers or otherwise decorating the graves of comrades who died in defense of their country, and whose bodies now lie in almost every city, village, or hamlet churchyard in the land...It is the purpose of the commander-in-chief to inaugurate this observance with the hope that it will be kept from year to year while a survivor of the war remains to honor the memory of the departed."

No survivor of that war remains, but the memories of it grow longer - As do our memories of the parades with floats; civic organizations and drum majorettes twirling their batons; lines and lines of young veterans from The Gulf War, Iraq or

Afghanistan, and shorter lines of older men who saw service in the Second World War, Korea or Vietnam.

As long as there are wars, there will be veterans and casualties. We will still decorate the graves of those men whose bodies came home and remember those who don't.

Whatever the flower, wherever the grave, this placing of flowers upon graves has always seemed the natural thing to do.

Today, most states officially recognize the May Memorial Day as a legal holiday, but it is not celebrated on May 30th in every state. Over time the holiday has expanded to encompass our other national wars. Although Veteran's Day is celebrated as well, Memorial Day has become the most important day of recognition of our armed forces.

Sutton County Memorial Day Celebration to be Held Monday

Submitted By Friends Historic Sonora Main Street Program-Ann Kay

Friends of Historic Sonora Main Street Program invite you to the Memorial Day Celebration on the Sutton County Courthouse lawn Monday, May 28, 2008, at 2:00 p.m.

The Veterans from All Wars and the Pioneer Ranch Women's Museum will be open 12:30 p.m. to 5:00 p.m.

We would like to express

our special note of appreciation to the Goodfellow Air Force Honor Guard for making our ceremony so meaningful for the Veterans and their families.

We will take this opportunity to express our appreciation to military personnel, wherever they serve, paying the price for the freedom we have each day. May God Bless them and keep them safe until they are once again home.

The Museum is located at

105 Concho Street at the corner of Main Street & Concho Street in the historical downtown of Sonora Texas. The Museum is normally open Monday through Friday from 10:00 a.m. to 5:00 p.m. and on weekends by appointment only. The Museum has beautiful fashions and uniforms, as well as artifacts and personal written accounts of Sonora's history.

Smile! You Are Being Counted

Submitted by Max Howorth

Those people smiling back at you from their vantage point at the intersections of Crockett Avenue and US 277 North and South are actually counting you. Members of the Transportation Committee of Sonora & Sutton County and volunteers have taken on the task of determining how many cars and trucks and what kinds of hazardous materials and oversized loads actually pass through our community. During the week of May 28, the volunteers will be counting traffic at two of our busiest intersections.

Although TxDOT routinely captures traffic count data through the use of those little rubber hoses stretched across the roadway, that procedure only

provides an axle count. It does not distinguish between cars and trucks and certainly does not identify materials being transported.

After discussions with TxDOT and a professional traffic survey company in Austin, the Committee decided to save the estimated \$45,000 cost of conducting the survey by doing it with local volunteers. The group got help from the U.S. Department of Transportation website by downloading guidelines and forms made available to communities that wish to conduct their own traffic surveys.

The data gathered in this survey will be added to the growing volume of information the Committee is gathering to answer key questions about the

need for a Relief Route associated with the anticipated increase in truck traffic to come with development of the Ports-to-Plains Trade Corridor.

The Committee is planning to discuss the preliminary results of this traffic survey at their regular monthly meeting in June. Those meetings are open to the public, and the time and place of the June meeting will be publicized at a later date.

Meanwhile, you may direct any questions regarding the Transportation Committee, the Ports-to-Plains Trade Corridor or the traffic survey to either John Friess or Max Howorth at the Sonora Industrial Development Corporation, P.O. Box 555 - telephone 387-5555.

Wool Growers Saga Continues

By MELISSA PERNER

Editor and Publisher of the Ozona Stockman

The former manager of Wool Growers Central Storage Co. has been officially charged by the U.S. Attorney's Office.

Donnie Laughlin is facing a federal felony charge for allegedly engaging in monetary transactions in property derived from specified unlawful activity, which falls under racketeering, or conspiring to organize a crime, in the U.S. Code.

According to court documents filed May 17 in the U.S. District Court for the Northern District of Texas, Laughlin carried on a scheme to defraud and obtained \$2,072,326.56 from the producers/owners of mohair and wool stored at the Ozona and Sanderson warehouses.

Laughlin allegedly carried out the scheme by selling producers' wool and mohair, and not paying the producers the money they were owed, the documents state. Laughlin also sold the products without the producers' knowledge or permission.

Instead of deducting fees for storage and commissions from these sales, and paying over the balance to the producer, Laughlin would either keep the money for himself or transfer the money from the mohair/wool sales bank account to the bank account of

the Wool Growers retail business, the documents state.

Once the money from the fraudulent sales had been transferred and deposited into the Wool Growers retail business bank account, Laughlin would then order the money to be used for regular business expenses of the Wool Growers retail business or would be used by Laughlin in the form of unauthorized additional salary checks and cash, the documents stated.

The documents also state that Laughlin allegedly committed mail fraud by taking approximately 34 envelopes from five buyers of wool and mohair that were addressed to "Wool Growers Central Storage" in Ozona. The envelopes contained approximately 34 checks payable to "Wool Growers Central Storage" or "Sanderson Wool Commission" totaling approximately \$758,552.63.

Each of the envelopes, and its contents, were to be sent and delivered by the United States Postal Service, the documents state.

The mail fraud scheme allegedly took place between Feb. 1, 2002 and May 25, 2006, the documents state.

Laughlin was hired in 1991 as manager of Wool Growers.

Former bookkeeper of Wool Growers, Tonya McGuire Stal-

cup pled guilty during a May 2 hearing to frauds and swindling and aiding and abetting, court documents stated.

Stalcup is out on bond awaiting sentencing, but is facing a possible prison term of 20 years and a fine to not exceed \$250,000, or a fine not more than twice the amount of the criminally derived property involved in the transaction.

There's also the possibility of an initial term of supervised release of three years, which follows a term of imprisonment, and restitution to the victims or community.

In the plea agreement, Stalcup agreed that the total loss amount is approximately \$200,000 and that she owes restitution.

Wool Growers filed for bankruptcy in April 2006. A hearing on the bankruptcy reorganization plan was held May 3 in the U.S. Federal Courthouse in San Angelo.

The majority of creditors have filed to approve the plan, but a group called the Wardlaw Creditors filed an objection and voted against the plan.

As of press time Monday, U.S. Bankruptcy Judge Robert L. Jones had not issued an opinion, ruling on the plan.

President George W. Bush, left, and a member of the Army Old Guard, right, lay a wreath at the Tomb of the Unknown Soldier during a Memorial Day Ceremony at Arlington National Cemetery, May 30, 2005. Defense Dept. photo by U.S. Air Force Tech. Sgt. Cherie A. Thurlby

Obituary

Shirley Radle Odom

SONORA — Shirley Jo Radle Odom won her race and went to be with Jesus on Wednesday, May 16, 2007, at her home in Marble Falls.

Services were held Saturday May 19 in the Chapel of Kerbow Funeral Home. Burial followed in Eldorado Cemetery.

Shirley was born to William and Louise Radle on May 16, 1954, in Coleman, Texas. Shirley graduated from Sonora High in 1973. She lived in San Angelo after graduation, then moved to Eldorado in March of 1976 to raise her daughter, Kelly Jo Blakeway. She worked for the Schleicher County Schools in the cafeteria for 17 years.

On June 5, 1993, she married Sam Odom and moved to Sonora. She went through training to become a member of the Sonora Volunteer Fire Department and was an active member for six years.

In 2000, she and Sam moved to the country in Marble Falls. She loved living in the country and taking care of her cows. She always had a funny story to tell about her life in the country.

She and Sam were very involved with the VFW in Marble Falls. She was a lifetime member of the Marble Falls VFW. Shirley is survived by her husband, Sam of Marble Falls; daughter Kelly Jo Blakeway of Eldorado; three sons, Sam III of Palestine, Shawn and wife Rita of Kingsland, and Justin of Marble Falls; parents William and Louise Radle of Eldorado; and grandchildren Jimmie Don Fleming of Fort Walton Beach, FL, and Dennis, Dakota and Alex Odom of Kingsland. She is also survived by one sister and her husband, Norma and Gary Brawner of San Angelo; nieces Amy Robledo and her children, Victoria and Zachary Brown of Mertzon, and Andrea Robledo of Fort Worth. She is also survived by many more family members and friends.

Letter to the Editor

An open letter to the community of Sonora and parents of all school children:

Please be aware that our educational system may be in serious danger of enabling a campus tragedy if adequate protocols are not instituted and strictly adhered to by all persons.

Recently, a potentially life-threatening situation was allowed to persist among our school children against the recommendations of involved professionals who had been alerted by numerous behavioral warning signs.

Student violence is an all too realistic threat that must be taken seriously. We cannot leave the safety of our children up to the discretion or perceptions of school officials, no matter how well meaning they may be.

The next school board meeting is scheduled for 5:30 p.m. Wednesday, May 30th at the Vocational Building. School administration, teachers and parents are in partnership to bring our children a quality education in a safe environment. Responsibility rests with us all to see that goal accomplished. Please take time to educate yourself on the issue and be a constructive participant in this meeting.

Sincerely,
Sandra Lewis

Thank You Notes

We, the family of Alvaro E. DeHoyos, would like to apologize for being so late in expressing our appreciation to all who assisted us during our time of loss of our father.

When writing this, it was very difficult to find the exact words that would express how we feel toward those individuals who lifted up this family through prayer and visitations at home, as well as at the funeral home.

To those who graciously gave food of all sorts, the many cards sent and the beautiful plants, we thank you.

We give thanks to Kerbow Funeral Home, St. Ann's Catholic Church, Petal Pushers, Flowers by Irene, La Mexicana, Mi Familia, the staff of Lillian M. Hudspeth Memorial Hospital, the First National Bank of Sonora, Sutton County Steakhouse and Dominion.

We do not wish to overlook anyone, and if that should happen, it is not our intent.

One never knows exactly how a person is remembered, and it is an honor for us to know that so many Sonorans will miss our father as we do.

The following words were shared during our loss and we found the words encouraging to us, thus we wanted to share them with you. "The memories of a Father's love mean more as time goes by."

Thank you,
The Alvaro E. DeHoyos family

When we moved to Sonora in January, 1986, we had no idea that we would be here for 21 years.

Sonora has been a great place to raise our kids, and Embre and Garrett have thrived.

We want to thank all the people who have been a part of our lives here, especially the members of Lighthouse Community Church.

We are not going far, and as one person told us, "once a Bronco, always a Bronco!"

Jack, Lauri, Embre and Garrett Smith

My name is Sydney Espinosa Robles. I, along with my parents, Staci and Mando, my grandparents, Bobi and Papa, would like to thank Sam, David, Betty and Linda Hernandez for the spectacular birthday gifts and sharing the spotlight with me at their party on Friday, May 18th.

Thank you for having such big and beautiful hearts and also for the beautiful cake you gave me, it was delicious. I had a wonderful time and I will never forget you.

God Bless!
Sydney Espinosa Robles

I would like to express my most heartfelt thank you to everyone who assisted with the Relay For Life Cancer Survivor Celebration; without you it would not have been possible.

I would especially like to thank those who made financial contributions; Martha and George Wallace, Victor's Automotive, Napa Auto Parts, Dr. William Wilson, Burnham and Burnham, Team Graphics, La Mexicana, Rosie Bud Florist, and Los Compadres Club.

It was an honor to serve as survivor chair and I walk away with memories to last a lifetime.

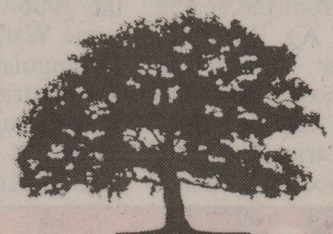

Again, thanks a million to everyone who was a part of the celebration, and may God bless you always!!

Noemi Samaniego

We would like to take this time to give a special thank you to all our sponsors for the donations given on behalf of the American Cancer Society. The luminaries would not be possible without their support.

We would like to thank Dollar General, Creek, Lighthouse Community Church, the ladies from First United Methodist Church, and Mudhouse Candle Company in Big Lake.

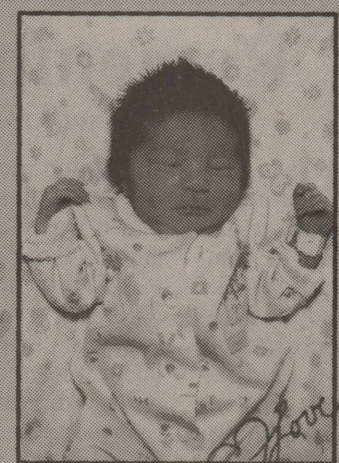

Thank you,
Teresa Harris

Historical Society

ASK THE HISTORICAL SOCIETY

by Jo-Ann E. Palmer,
Secretary
Sutton County Historical
Society

Q. Where is your office and what is your phone number?

A. Our offices are at 307 Oak Street and are open Tuesday, Thursday and Saturday mornings. Our telephone number is 325-387-5084, for emergencies you may reach me at 337-2855.

Notice to all members:

Jo-Ann Palmer will be having surgery on May 25, amputation of part of her foot. I will need volunteers to cover the office on May 26, 29, 31 and June 2.

Work in the office involves answering the phone, taking messages, and occasionally taking someone on a tour of the grounds.

Since there is a rental on May 26, the key will be out from the 26th to the 29th, so no rental will be involved that week. The weekends of June 9 and 23 are rented for large weddings, and I hope to be well enough to help in the office by then.

I will need that one week of rest after surgery and Rick at home to help me. Please call if you can help.

Also, since Sutton County Days will be held downtown once again, and most of our grounds will be incorporated into the activities, we will need some helpers to rock on the porch of the Miers Home, collect dues, sell books, and do an occasional tour of the Miers Home Museum. We can schedule this in shifts, and you can visit with all your friends in one of the most comfortable spots during the event.

Wouldn't it be great if some of the Miers Home family could have a mini reunion at the Miers Home during this time and do the tours. Give me a call at the office or at home if you can help during Sutton County Days.

Q. Do you have any mention in the old papers of how Fritz Huebner lost part of his hand?

A. In the Devil's River News, January 10, 1920; Fritz Huebner was the victim of a very serious and distressing accident Christmas Eve, and has lost at least two fingers of his left hand.

The hand was shoved into a whirling saw with which he was working in the Tom Smith machine shop and the injury was instantaneous. It will be some time before Fritz can again use his hand, and he will never regain its full use. Reprint from the Ozona Stockman.

In the same issue we found the answer to a question that has been on the bulletin board for a while:

Q. Who killed Jack Kirkpatrick?

A. Jack Kirkpatrick, a Crockett County ranchman, about 40 years of age, was shot to death, Wednesday, December 24 on the ranch of Mrs. Caruthers in Val Verde County, a mile south of the Crockett County line.

Boy Babb is said to have acknowledged the shooting and is out on \$5,000 bond to await the action of the Val Verde County Grand Jury.

According to Press reports, Kirkpatrick and the Babb brothers, Buster, John and Boy, met on the range near a disputed wa-

Interior of the Favorite Saloon located on Main St. in Sonora.
Shown are: Jim Barton, Frank Ibord, Burley Adams,
Jim Hughes, Henry Decker and Theodore Savell.
Photo from the Walter Pope Collection, donated by Janet Andrews

ter hole and the shooting took place. A Mexican was the only other witness.

When officers from Ozona and Del Rio reached the scene in answer to notification from the Babbs, the body of Kirkpatrick was lying face up, the right arm thrown over the head and the left arm reposing along side the body. A 45 Colts revolver all shells empty, was clasped in the right hand. None of the Babbs were wounded. Deceased was very popular in Ozona and is survived by his mother and two sisters and his widow and three children. His wife is the daughter of W. P. Hoover, a well known ranchman.

The paper lists that in 1919 it rained every month at the Sonora Texas Agricultural Experiment Station.

January, 4 days, 2.28 in.; February, 2 days, 1.45 in.; March, 4 days, 2.15 in.; April, 4 days, 2.49 in.; May, 7 days, 3.68 in.; June, 9 days, 5.18 in.; July, 5 days .95 in.; August, 5 days, 1.98 in.; September, 5 days, 9.14 in.; October, 4 days, 2.44 in.; November, 4 days, 1.16 in.; December, .51 in. For a total of 58 days of rain and 33.61 in.

Let us all pray that the Lord will bless us with a year like 1919 this year. We sure could use a drought buster year of rain. And please remember to say, "Thank You God for all the rain you have given us so far!"

Other news of that day: Devers Valliant was in town Monday from the ranch on Middle Valley. His brother, Perry is recovering from a long illness from Typhoid fever.

The best time in roping on New Years Day was made by Cal Johnson being 12 1/5 seconds.

The following nations owed us money from wars: Belgium, \$343,445,000; Cuba, \$10,000,000; Czechoslovakia, \$55,330,000; France, \$3,047,074,777; Great Britain, \$4,277,000,000; Greece, \$48,236,629; Italy, \$1,620,922,872; Liberia, \$5,000,000; Romania, \$25,000,000; Russia, \$187,729,750; Serbia, \$26,780,465.

When you get a chance check, out the internet and find

out how many of these nations actually paid these debts and how many of them made even larger debts in WWII. Korea, Vietnam, Iraq, for which we are still owed not only the original loan but interest never paid.

We are still paying millions to foreign countries as loans, many of which will never be repaid, while there are still huge problems in America that we are told there is "no money for these problems."

Decent schools, children needing homes, elderly, homeless from floods, hurricanes and tornado activity, teachers pay raises and many other items remain unfunded because we are giving all our money away overseas.

It is time we took care of our own.

Last night I saw where people living in trailers made for FEMA are getting sick from overexposure to chemicals, especially formaldehyde levels, 7 times the acceptable amount.

Seems they rushed to build the trailers and used materials that generate dangerous levels of toxic exposure to the people in them.

FEMA never inspected them properly when they accepted them and now on top of being homeless, these people are getting life threatening illnesses.

America deserves better than this, our tax payers deserve better.

We must push to have our government take care of our own people first then use surplus to help others, history shows that is the way our founding fathers planned our government but their doctrine has gotten lost somewhere.

Study history, get interested and pay attention to where your tax dollars go and insist that they be used wisely.

Until we stand up and protest, Congress and the Executive branch will continue to squander our hard earned money on pork barrel projects and overseas loans to countries that will never repay us. Let's put some of that money back into the American economy and help those who really need help right here at home.

Get back the agricultural

By Becky Covington

I hardly know where to begin there is so much going on in Sonora. The Chamber and other interested citizens met with the County Commissioners on Monday, May 14 to discuss the possibility of moving the Sutton County Days Celebration back downtown and to request permission to use the courthouse lawn. The county commissioners voted to approve the use of the courthouse lawn with some stipulations, such as no stakes, no driving on the lawn, no traffic on the new french drain, relocated food vendors, and the safe use of electricity. The County has a tremendous capital outlay in the renovation and improvements at the courthouse and want to, rightfully so, protect that investment. I have received so many positive comments about the move back that I know the community will pull together to make it an enjoyable fun event and respect their wishes. Here are some of the reasons citizens have indicated that they prefer SCD's being downtown. The crowd would stay longer, especially the Senior Citizens and the very young, the rock wall which surrounds the courthouse square provides more seating and the pecan trees provide natural shade. The Courthouse lawn is believed by some to be the ideal community gathering place, and the historic preservation qualities can be admired. Main Street businesses could promote their stores. The Miers Home Museum, the Depot and Amphitheater, Eaton Hill Wildlife Park and Friends of Historic Sonora's exhibits (Veterans of Foreign Wars and Pioneer Women) could be open and admired. The area churches and other organizations could use their facilities that are in close proximity to the courthouse, thereby coordinating fund raising activities. NOW--the Chamber goes back to square one and will start planning the celebration, with a little bit of what was done in the past and adding a few new ideas.

WEST TEXAS CHAMPIONSHIP COOK-OFF: On June 1 & 2 the West Texas Championship Cook-Off will be held at the Sutton County Civic Center. 100% pay-

back plus an estimated \$5,000 added money will be given away. On Saturday night after Cook-off, there will be a celebration at the slab. The mission of the West Texas Championship Cook-Off Association is to promote and support scholarships, youth involvement, and community improvements; and to promote the local economy of Sonora with the best traditions of West Texas. For more information you can call 325-650-0623.

MEMORIAL DAY: Don't forget to join Friends of Historic Sonora Main Street for a Memorial Day Celebration on May 28, 2007 at 2:00 p.m. on the Sutton County Courthouse Lawn. All Veterans will be honored.

NEW BUSINESS: The Chamber was delighted to celebrate on Thursday, May 17, with Cindy and Guy Colbath and representatives from NAPA for the opening of Big "C" Automotive. We all stood in front of the store, located at 501 S. Crockett Street, as Miss Sutton County, Lexie Ortiz, cut the ribbon to officially open the business under new management. A large crowd gathered to have a hot dog, chips, and cold drinks while registering for the fishing boat and other prizes to be given away. Please go by and welcome the Colbath's to our community.

TOWN AMBASSADOR: I have received a good response from citizens in the community who want to participate in a new marketing concept --- a town ambassador. Sonora's town ambassador would be located at local businesses throughout the community and greet people, present detailed information about local events, attractions, and places to eat, shopping, lodging and would give directions. Many retailers and communities also use greeters, as do restaurants, hotels and other businesses to promote and advertise. The program will start on Memorial Day and will continue through Labor Day, vacation traveling months.

TOURISM: Ann Kay, Keith Godwin and myself met at the new Main Street Office and did a "Heritage and Nature Tourism" Inventory of Sutton County.

Here is a list of a few items that were assessed: (1) heritage tourism destinations: historical, environmental and cultural (2) retail

business as "supportive services", retail gift/visitor destinations, major events, signage for visitors; city image, current promotional/marketing efforts for heritage tourism; future needs, challenges for improving visitor numbers and community liabilities. The meeting was very productive since an inventory of all the good things and liabilities about the community can collectively be used to build on the assets in order to sustain and enhance them for the future. Send us your feedback if you have something you might want to include that will help us

promote Sutton County to its best advantage.

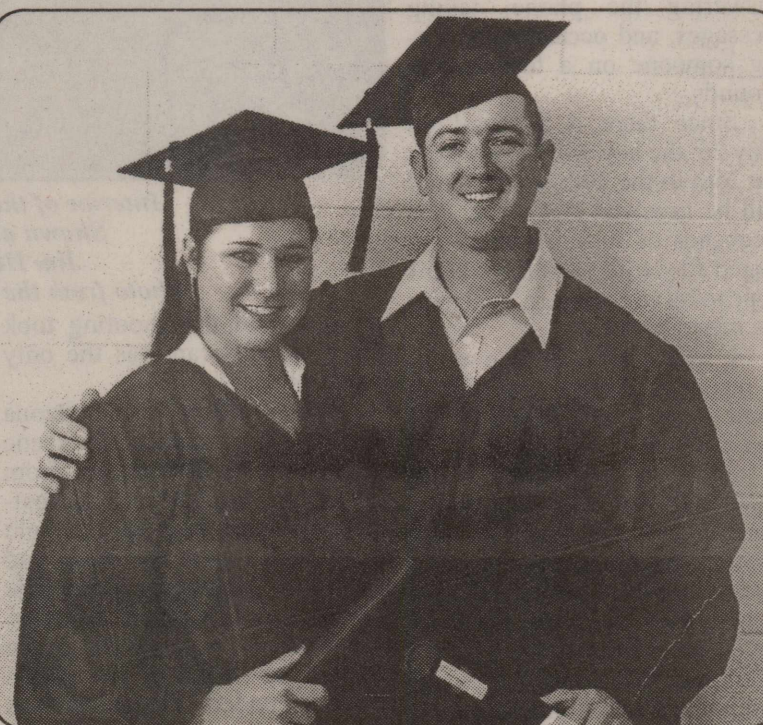

DUES: At the last Chamber Board Meeting, the directors voted the following membership rate per year is:

Base rate for one business \$120.00 + \$60.99 for each additional business.

\$ 60.00 for an individual.

The only change is there will no longer be an Associate Rate, which was \$100.00, and if you have more than one business an additional rate was added.

Recent Graduates of Texas A&M University

Koda Armke and Landon Brockman

On May 12th, two 2003 graduates of Sonora High School received diplomas at Reed Arena from the College of Agriculture and Life Sciences at Texas A&M University in College Station. Keynote speaker for the event was Dr. R. Douglas Slack, the Speaker of the Faculty Senate for 2006-2007.

Koda Armke received her degree in Agricultural Leadership and Development with an emphasis in Spanish. She plans to further her education beginning in the fall semester by pursuing an additional degree in radiology in College Station. Koda's parents are Pamela and Dayton Armke of Sonora.

Landon Brockman received his degree in Agricultural Econom-

ics with a concentration in Rural Entrepreneurship. While at A&M he worked at Texas Transportation Institute and the DeShazer Cattle Company. He has accepted a position with Warren Caterpillar in the Leadership and Development Program beginning in June. Landon is the son of Bob and Nancy Brockman. He is the grandson of the late George ('35) and Mary Brockman, the late Rex Jones, and Helen Jones Stafford and Charles Stafford of Coleman.

Both the Armke and Brockman families were at the graduation ceremony to celebrate Koda and Landon going to school together for the past seventeen years.

Texas Freshwater and Saltwater Fishing Report

AMISTAD: Water clear; 70 degrees. Black bass are good on Senkos, spinnerbaits, and topwaters. Striped bass are good on silver stripers jigs. White bass are fair on chartreuse/white crankbaits and silver slabs. Catfish are good on cheesebait, liver, and shrimp in 15 - 30 feet.

ALAN HENRY: Water lightly stained; 76 degrees. Black bass are good along brush on shad-colored spinnerbaits and crankbaits, dark jigs and watermelon pepper soft plastics in brush. Crappie are good on minnows and jigs.

BUCHANAN: Water clear; 70 degrees; 14.28' low. Black bass are good on white Terminator spinnerbaits, Bleeding Shad 'Traps, and weightless wacky rigged green pumpkin Whacky Sticks along break lines of flats with flooded grass in creeks and pockets in 5 - 15 feet. Striped bass are fair trolling and jigging white Curb's bucktail jigs and drifting live bait through schools of stripers from Shaw to Flag Island in 25 feet. White bass are fair trolling Shad Raps along Hog Island, and casting or jigging Pirk Minnows and Tiny Traps above Paradise Point. Crappie are fair on minnows and Curb's crappie jigs. Channel catfish are good on live bait and cut bait. Yellow and blue catfish are good on juglines and trotlines.

NASWORTHY: Water lightly stained; 69 degrees. Black bass are fair on spinnerbaits and green soft plastics. Crappie are good on minnows and jigs. Redfish are fair. White bass and striped bass are good on live bait. Catfish are good on live bait and cut shad.

O.H. IVIE: Water lightly stained; 70 degrees; 16.85' low. Black bass are good on live bait, shad-colored spinnerbaits or crankbaits and dark jigs with soft plastics along brush lines. Crappie are good on minnows and jigs. White bass are good on live bait. Smallmouth bass are good on jerkbaits and live bait. Channel catfish are good on live bait. **PORT O'CONNOR:** Trout are good on live shrimp under a popping cork on the grass flats. Redfish, sharks and black drum are good on live bait at the jet-

ty. Trout are fair to good in the back lakes on live shrimp under a popping cork, gold spoons and topwaters.

ROCKPORT: Trout are fair to good around Traylor and Mud Island on live shrimp and croakers. Redfish are fair to good on the Estes Flats and around Hog Island on live shrimp and finger mullet. Trout are fair on topwaters and live shrimp on the St. Joe shoreline.

PORT ARANSAS: Trout and redfish are fair in Shamrock Cove on bone Super Spooks and pumpkinseed/chartreuse Bass Assassins, Trout Killers, Stanley Wedgetails and Norton Sand Eels. Trout are fair at the jetty on live shrimp and finger mullet.

CORPUS CHRISTI: Trout and redfish are fair around the causeway and on the reefs in Nueces Bay on live shrimp. Trout are fair to good on topwaters and live shrimp around Pelican Island.

BAFFIN BAY: Trout, redfish and black drum are fair to good at the Land Cut on live shrimp under a popping cork. Redfish are fair on shrimp in Emmords Hole. Trout and redfish are fair to good around the rocks on live shrimp and croakers.

PORT MANSFIELD: Trout are fair to good on the grass beds adjacent to the Intracoastal on live shrimp and black Trout Killers, Sand Eels and Bass Assassins. Trout, redfish and black drum are fair to good on live mullet and shrimp around the Land Cut.

SOUTH PADRE: Trout, redfish and black drum are fair to good on gold spoons around Airport Cove. Trout and redfish are fair to good on topwaters, gold spoons and live shrimp at Holly Beach.

PORT ISABEL: Trout and redfish are fair to good in Cullen Bay on topwaters, black/chartreuse and plum/white Trout Killers, Sand Eels and Bass Assassins. Black drum and redfish are fair to good on the Gas Well Flats on live shrimp under a popping cork.

Stocking Rate Considerations

By Pascual Hernandez

Rangeland is the main resource for producing income and other benefits to a ranch. The use of the range affects all other ranch resources, the achievement of goals and the sustain-

ability of the ranch. The stocking rate for grazing animals is a crucial decision which affects the rangeland and, therefore, the success of the ranch. Stocking rate is defined as the area of land which the operator has allotted

to each animal unit for the entire grazable period of the year.

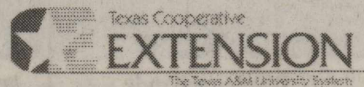

How does stocking rate affect ranch success? Stocking rate determines animal performance, financial return and the long-term condition of the range. Proper stocking rates will: 1) produce optimum animal performance; 2) make the ranch profitable; and 3) sustain or improve the range resource.

The amount of forage consumed in relation to forage supply determines the productivity of both the animals and the forage. This ratio of forage demand to forage supply is called grazing pressure. As grazing pressure increases, there is less forage from which animals can select. As regrowth is repeatedly grazed, the forage supply is depleted, the more desirable plants become unhealthy and don't reproduce well, thus the diversity of plant species decreases. High grazing pressure continued over several

years causes the range to deteriorate and future productivity to be lost. Reduced performance, as measured by decreased weight gain and reproductive capability, translates to lower economic returns per animal. High grazing pressure also increases the likelihood that livestock may consume poisonous plants.

Ranchers must decide stocking rates with limited knowledge of future forage and market conditions. But they can use past records, experience and range surveys to make realistic projections. Then, the planned stocking rate should be adjusted seasonally according to actual ranch conditions. If a conservative stocking rate is chosen initially, the rancher may not have to reduce the number of grazing animals, but may underharvest the forage resource. One can then consider bringing in stocker animals, lease grazing or using prescribed burning to improve the range. At each step of the decision-making process a rancher must balance forage demand with forage supply. By analyzing previous rainfall, animal performance, stocking rates and financial records, a rancher can better evaluate both potential forage production and risk.

Stocking rate decisions no longer have to be made on the basis of hunches, hope or luck. When stocking rates are determined by a forage supply approach, there is time for the rancher to predict potential forage shortfalls, determine the impact of the decision on finances and other ranch resources, and make any necessary adjustments. Through adequate planning and periodic evaluation of range conditions, forage utilization can be controlled so that short- and long-term ranch goals are achieved. For a complete discussion of this topic, visit the Sutton County Extension website at <http://sutton-co.tamu.edu>.

Angora Goat Test-a Continuing Tradition

By Steve Byrns

SONORA - A rite of spring for a number of registered Angora goat breeders are the regularly scheduled weigh-days associated with the Annual Angora Goat Performance Test conducted by the Texas A&M University System Experiment Station south of Sonora.

May 2nd saw a number of producers at the station to assist with weighing the animals and clipping hair samples.

"With few exceptions, the bucks are generally gorgeous," Dee Hadorn, an Oklahoma producer, and longtime supporter of the program said. "They are growing well and blooming right along with the wild flowers thanks to the abundance of moisture the region has had this year."

Hadorn said the bucks began the test as yearlings in early March when they were shorn, weighed and put on a free-choice feeding regime. They will be weighed two more times, photographed by Hadorn and assessed for basic conformation qualities.

"Their lovely locks will be shorn a final time on June 28th and sent to the Texas Agricul-

tural Experiment Station's natural fibers lab at San Angelo for testing," Hadorn said. "The lab reveals how much raw and clean mohair each animal produces, how fine and uniform each fleece is, how long the fibers are and the amount of kemp (a defect) if any, each fleece contains."

Hadorn said body shortcomings jump out in high relief when the fleece is shorn off the animal. A team then inspects each animal for correctness of legs, chest, heart girth, and several other conformational factors to decide whether or not the animal should remain on the test. Eventually by the end of the test, one buck will emerge as the highest-indexing animal. The decision is based on the buck's average daily gain, hair quality and lab scores.

This year's test animal photos will be available in mid-July. Many of the bucks pictured will be available for sale July 26th during the test's annual field day and sale. This year's field day will include an educational program on goats, mohair prices and goat health issues.

Walk Across Texas-A Big Success

By: Kelly L Thorp, MS
County Extension Agent-FCS
Texas Cooperative Extension-Sutton County

This spring, residents from Sutton, Schleicher, and Crockett counties walked across the Lone Star State. In fact, the miles accumulated by the 224 participants almost equaled traveling the circumference of the earth twice. Some twenty-eight teams walked 46,743.6 miles in eight weeks. These teams included local businesses, youth organizations, family and friends.

Walk Across Texas was developed by Texas Cooperative Extension ten years ago, and it has become a popular annual event in many Texas counties.

The purpose of the program is to encourage people to get up and to get moving, and participants are encouraged to do it in fun, creative ways.

Kelly Thorp credits the Wellness Center at Lillian M. Hudspeth Memorial Hospital for the success of this year's program. "Folks no longer can use the excuse not to exercise because of the weather, she said. We now have a facility that is climate controlled and has state of the art equipment. That is unheard of in a town our size. I believe our numbers and mileage were so high because people are excited about the many ways they now can get active. It also helped to have a wellness center staff who was dedicated to keeping everyone motivated."

To honor the participant's successes, the Wellness Center

Staff and the Extension Service held a celebration on May 15th. Each team prepared a low fat recipe, and participants had a pot luck dinner before awards were handed out. T-Shirts donated by The Wellness Center and Texas Cooperative Extension and were given to all the teams and their members.

The following "special" certificates were awarded:
The Person Who Had the Most Trouble With Their Pedometer

Rusty Garner
Most Creative Way to Get Miles

Bill Hodges
Lost Pedometer in a Foreign Country

Diane Reiner
Team That Worked Hard and Couldn't Quite Cut It

Hullabaloo Hikers

1940's Memorial Day Party in Menard

On Sunday, May 27th, the American Legion Hall in Menard invites you to a 1940's Memorial Day weekend party.

At the Hall, from 12:15-12:35 p.m. there will be a Memorial program honoring the Military and our fallen heroes. Following, a potluck with barbeque,

beans, and San Angelo sausage will be provided. Please bring covered dishes/desserts if possible, but not necessary. There will be live music, Thursday Night Jammers, until 4:00 p.m. Musicians are encouraged to come out and play.

Admission is free but dona-

tions are appreciated. All money raised will go towards a new floor at the Legion Hall.

Come join with the American Legion Hall in Menard, located on the Brady Highway, north side of town, for great food, live entertainment, and in memory of the brave men and women who fought for our freedom.

GAS Statewide rules 467/1200, 40.0 acres.

This well is to be drilled to an approximate depth of 8975 feet.

If you have questions regarding this application, please contact the Applicant at (713) 7566000.

PURSUANT TO THE TERMS of Railroad Commission rules and regulations, this application may be granted without a hearing if no protest to the application is received. An affected person is entitled to protest this application. Affected persons include owners of record and the operator or lessees of record of adjacent tracts and tracts nearer to the proposed well than the minimum lease line spacing distance. If a hearing is called, the applicant has the burden to prove the need for an exception. A Protester should be prepared to establish standing as an affected person, and to appear at the hearing either in person or by qualified representative and protest the application with cross-examination or presentation of a direct case. The rules of evidence are applicable in the hearing. If you have any questions regarding the hearing procedure, please contact the Commission at (512) 463-6848. If you have questions which are specific to the Application or the information set forth in this Notice, please contact the Commission at (512) 463-6848.

IF YOU WISH TO REQUEST A HEARING ON THIS APPLICATION, AN INTENT TO APPEAR IN PROTEST MUST BE RECEIVED IN THE RAILROAD COMMISSION'S AUSTIN OFFICE BY May 29, 2007 at 5:00 p.m.. IF NO PROTEST IS RECEIVED WITHIN SUCH TIME, THE REQUESTED PERMIT MAY BE GRANTED ADMINISTRATIVELY.

THIS NOTICE OF APPLICATION REQUIRES PUBLICATION

The Other Side

The traditional print and broadcast media paint a negative picture of what goes on in the War on Terror. We want to show you the other side of the story from soldiers and civilians who are fighting for freedom.

Security in Al-Anbar Improves, Number of Attacks Drops

BAGHDAD, Thursday, May 17, 2007 — The Multi-National Force-Iraq spokesman and the commanding general of the Ground Combat Element, Multi-National Force-West, held a press conference at the Combined Press Information Center Wednesday.

U.S. Army Maj. Gen. William B. Caldwell IV, the MNF-I spokesman, and U.S. Marine Corps Brig. Gen. C. Mark Gurganus, commanding general of GCE, MNF-W, discussed progress in operations and security in western Iraq.

"We want to help the Iraqi people develop a secure, stable and self-governing nation they can be proud of," said Caldwell. "We are here to help the Iraqis build institutions, which will offer their children a better life and a brighter tomorrow."

According to Caldwell, fighting terrorism in Al-Anbar is very complex and challenging.

"The main enemy facing the Iraqi people in Al-Anbar is al-Qaeda," he said. "They need for the people of Iraq to feel unsafe so that even their way of life seems preferable."

As the community leaders of Al-Anbar stand against al-Qaeda by providing information to Iraqi and Coalition forces, progress in security has limited terrorist activities in the region. "We're

seeing the attack numbers continuing to drop [in Al-Anbar] which is a very good indicator that the security system is getting better," said Gurganus.

One year ago, it was difficult to get the Al-Anbar citizens to join the Iraqi Security Forces. However, when tribal leaders and local sheikhs decided al-Qaeda didn't offer an ideology they were willing to follow, "the Awakening" began, said Gurganus.

"The Awakening" was coined by Al-Anbar leaders when the community leaders of Al-Anbar decided to fight al-Qaeda and began showing support for the Iraqi democracy.

"They're offering their sons to be part of the Iraqi Army and Police," Gurganus said. "Throughout the Euphrates River Valley and out in Rutbah, we have more people trying to join the Iraqi Police than we will be able to train right now."

"We owe the success in the building of the Iraqi security forces to the tribal leaders," he said.

As security in Al-Anbar improves due to Iraqi patriotism among the population, the Iraqi government is expected to take advantage of the opportunity given by Iraqi and Coalition forces to establish self-governance.

Pfc. Willie Green, of 1st Battalion, 325th Airborne Infantry Regiment, 2nd Brigade Combat Team, 1st Infantry Division, gives an Iraqi child an immunization while the child's mother watches during a medical assistance mission in Baghdad's Hurriyah neighborhood May 8. The paratroopers teamed up with Iraqi Ministry of Health physicians to treat more than 400 patients. U.S. Army photo by Sgt. Juan Santiago, 1st Battalion, 325th Airborne Infantry Regiment.

Baghdad Residents Receive Free Medical Care

By Sgt. Juan Santiago, Multi-National Division – Baghdad Public Affairs

Wednesday, 16 May 2007, BAGHDAD — Members of the Iraqi Ministry of Health, along with soldiers from the Multi-National Division – Baghdad, conducted a joint medical operation, May 8, to provide needed medical attention to the people in the western neighborhood of Hurriyah.

The ministry spearheaded the operation and provided four physicians. Coalition forces provided two Army surgeons, a physician's assistant and nearly a dozen medics to help screen and process all of the patients.

This is the second such operation in two months in which the Ministry of Health worked side-by-side with U.S. Army paratroopers from 1st Battalion, 325th Airborne Infantry Regiment (AIR), 2nd Brigade Combat Team, 1st Infantry Division.

In addition to providing immunizations for the local children, the medical providers screened more than 400 patients, treating everything from minor bumps and bruises to severe illnesses and mental disabilities. The medical team also donated boxes of medical supplies to the Hurriyah Clinic No. 2 to augment the clinic's pharmaceutical stock.

As the patients left the clinic, children were handed toys, T-shirts, Iraqi flags, school supplies and personal hygiene items. Their parents were given blankets, vitamins for their children, boxes of perishable goods and a brochure with information on how to contact coalition forces to provide tips on terrorist activity.

Paratroopers from Company A, 1-325th AIR provided security for the duration of the operation; conducting crowd control, traffic control and over-watch security while members of Company E, 1-325th AIR provided transportation and helped establish support infrastructure.

Five Iraqi Hostages Freed

BAGHDAD, Iraq — Five Iraqis who were held captive and tortured by terrorists were freed Monday morning during a Coalition Forces raid on the site where they were imprisoned.

Coalition Forces targeted the building northeast of Karmah during continued operations to disrupt the al-Qaeda network operating in the area. After a thorough search of the building, ground forces found a padlocked room. Inside were four men and a boy who had been kidnapped and severely beaten with chains, cables and hoses. The four captives also showed signs of torture, and the boy stated the terrorists had hooked electrical

wires to his tongue and shocked him.

Coalition Forces evacuated the five individuals and provided treatment for their injuries. The hostages indicated their captors were foreign fighters who spoke with different accents. The hostages, who are from different tribes, will be turned over to their respective tribal leaders for repatriation.

"The brutality and viciousness of these acts demonstrate the complete disregard terrorists have for human life," said Lt. Col. Christopher Garver, MNF-I spokesperson. "We will continue to hunt foreign fighters who bring this violence into Iraq."

Please Help Iraqi Children

Show your support of free societies worldwide by reaching out to the children of Iraq and helping them rise above terrorism. Donations can be dropped off at Light-house Church in Sonora, TX between 9:00 a.m.-12:00 p.m. All donations will be inspected and sanitized before they are sent to Iraq. "As for what the Iraqis need, they need everything. Anything you send I can guarantee will be used," said Major Sorensen, U.S. Civil Affairs Officer. "I can honestly say that the thousands of Iraqis I have met are very glad we are here. Nothing is wasted. If you send a pair of shoes, I can find a pair of feet to put

in them." Some other ideas are toys, clothing, school supplies, coloring books, and games for children of all ages (newborn to high school). Soccer is a favorite sport for most children in Iraq. Please use discretion when sending donations and do not send anything that looks too "American". Send plain colors and no logos. Terrorists do not respond kindly to the Iraqi children who embrace freedom. No perishables. For questions please contact Megan at the Devil's River News 387-2507. Thank You and God Bless the United States Military and the Iraqis.

It is the soldier, not the reporter, who has given us freedom of the press. It is the soldier, not the poet, who has given us freedom of speech. It is the soldier, not the campus organizer, who has given us the freedom to demonstrate. It is the soldier, who salutes the flag, who serves beneath the flag, and whose coffin is draped by the flag, who allows the protester to burn the flag.

- Charles M. Province

The Chamber is pleased to recognize Torres Lawn and Trimming Service for the May 2007 "Landscape of the Month".

The recipient is given a sign to be placed on their lawn for a month. At their business located at 1201 Glasscock Street, not only is the Torres's lawn an oasis of beautiful

palms, flowers, and trees but they offer a large supply of landscape products to purchase.

The Chamber welcomes nominations and strives to recognize businesses whose landscape efforts to beautify the city and be enjoyed by passers-by and locals, alike.

STAY AHEAD OF SCHEDULE.

New Holland wheel loaders move more material per hour to increase your overall productivity.

- Dig into heavy packed materials with ease - incredible breakout force
- More lifting power and more power to the ground - impressive engine torque response
- Fast cycle times - efficient, on-demand hydraulics
- Less effort and more comfort - large, uncluttered cab with an outstanding visibility
- Less maintenance time - reach daily checkpoints from ground level

New Holland loader backhoes out-push, out-dig, and out-power the competition.

- 4.5-liter turbocharged engines - more horsepower and more torque
- Superior backhoe dig force and crowd power - outstanding performance in tough or hard-packed conditions
- Narrowest backhoe boom in the market - the best visibility into the trench
- Fast backhoe swing - faster cycle times
- Tool Carrier and Long Reach versions available

NOTICE IS HEREBY GIVEN that the DOMINION OKLAHOMA TEXAS E&P, INC., [RRC Operator No. 222282] has made application for a spacing and density exception permit under the provisions of Railroad Commission Statewide Rule 37 and 38 (16 Tex. Admin. Code section 3.37 and 3.38). Applicant seeks exception to the DISTANCE BETWEEN WELLS requirement of Rule 37, and the DENSITY requirement of Rule 38, for the NEW DRILL permit in Sec. 20, Bk. D, GC&SF RR CO/ADAMS, T B Survey, A-1639, SAWYER (STRAWN, NORTH) and FAWCETT (WOLFCAMP) and SAWYER (CANYON) Fields, SUTTON County, being 11 miles SW direction from SONORA, Texas. The location and identity of the well is as follows:

FIELD: SAWYER (STRAWN, NORTH)

Lease/Unit Name : MAYER 20
Lease/Unit Well No. : 9
Lease/Unit Acres : 160.0
Nearest Lease Line (ft) : 865.0
Nearest Well on Lease (ft) : 699.0

Lease Lines : 865.0 F S L, 1151.0 F E L
Survey Lines : 1731.0 F N L, 1151.0 F E L

FIELD: FAWCETT (WOLFCAMP)

Lease/Unit Name : MAYER 20
Lease/Unit Well No. : 9
Lease/Unit Acres : 160.0
Nearest Lease Line (ft) : 865.0
Nearest Well on Lease (ft) : 792.0

Lease Lines : 865.0 F S L, 1151.0 F E L
Survey Lines : 1731.0 F N L, 1151.0 F E L

FIELD: SAWYER (CANYON)

Lease/Unit Name : MAYER 20
Lease/Unit Well No. : 9
Lease/Unit Acres : 160.0
Nearest Lease Line (ft) : 865.0
Nearest Well on Lease (ft) : 699.0

Lease Lines : 865.0 F S L, 1151.0 F E L
Survey Lines : 1731.0 F N L, 1151.0 F E L

Field Rules for ALL fields on the permit application are as follows:

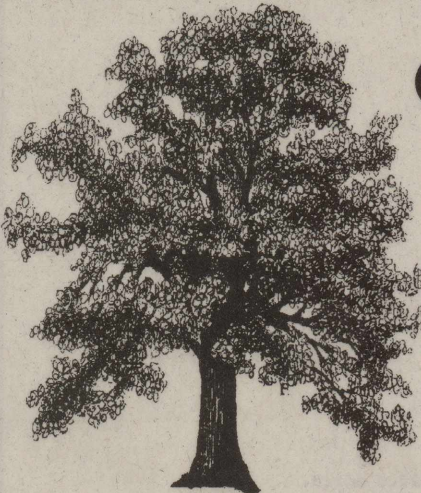

SAWYER (STRAWN, NORTH) : Statewide rules 467/1200, 40.0 acres.
FAWCETT (WOLFCAMP) : GAS Statewide rules 467/1200, 40.0 acres.
SAWYER (CANYON) : GAS Special Rules 500/1000, 320.0 acres.
GAS Optional Rules 500/1000, 40.0 acres.

This well is to be drilled to an approximate depth of 8975 feet.

If you have questions regarding this application, please contact the Applicant at (713) 7566000.

PURSUANT TO THE TERMS of Railroad Commission rules and regulations, this application may be granted without a hearing if no protest to the application is received. An affected person is entitled to protest this application. Affected persons include owners of record and the operator or lessees of record of adjacent tracts and tracts nearer to the proposed well than the minimum lease line spacing distance. If a hearing is called, the applicant has the burden to prove the need for an exception. A Protest should be prepared to establish standing as an affected person, and to appear at the hearing either in person or by qualified representative and protest the application with cross-examination or presentation of a direct case. The rules of evidence are applicable in the hearing. If you have any questions regarding the hearing procedure, please contact the Commission at (512)463-6848. If you have questions which are specific to the Application or the information set forth in this Notice, please contact the Commission at (512)463-6848.

IF YOU WISH TO REQUEST A HEARING ON THIS APPLICATION, AN INTENT TO APPEAR IN PROTEST MUST BE RECEIVED IN THE RAILROAD COMMISSION'S AUSTIN OFFICE BY May 29, 2007 at 5:00 p.m.. IF NO PROTEST IS RECEIVED WITHIN SUCH TIME, THE REQUESTED PERMIT MAY BE GRANTED ADMINISTRATIVELY.

Flylady &

The Dinner Diva

Time Machine

by The FlyLady, Marla Cilley

Not long ago I was setting one of my e-mails to send out at a later time in my e-mail program. The programmers who build these programs have a weird sense of humor. I accidentally set it to go out yesterday. I got the funniest error message; "I know you had to send this message yesterday, but I just can't do it until my Time Ma-

chine gets back from the shop!"

Wouldn't we all love to have a Time Machine so we could take back our reactions to circumstances? We can't ever go back in time or can we???? I think I have figured out a way to accomplish this and it is so simple!

The way we react to things is learned from our parents, spouse and other people close to us. You know whose

voice it is. I will use the term parent because we are going to re-parent ourselves. Our parents did the best that they could with what they had. If you hear a strange voice coming out of your mouth when you speak to your children or when you react to any situation then you have a wonderful opportunity to take this knowledge and change it for the better.

We don't have to live this way; we can turn back the hands of time and re-parent ourselves. The pivotal point here is the realization that we hear our parent's voice coming out of our mouths. The minute you have this epiphany, you can look back at what triggered that voice leaving your mouth. Did you have a flash of anger, did your ears get hot or did your face get red, and did you explode? Look at how your body reacted to the incident. The best thing to do at this moment is to observe what just happened so that you can stop it from happening again.

We are our own person! We are not doomed to spend the rest of our lives hearing that voice come out of our mouths. We can change this and act in a fashion that will help and not hurt. When I am talking about hurt, I am referring to the fear we put into our children (Keep in mind that fear is the opposite of love) and the guilt we have because we have done something we are not proud of!

Let me tell you! Recognizing this is the first step to changing! I am so proud of you when you have this realization!

We are all dealt the hands of life! We can choose to fold; which for most of us is not an option because we have people depending on us. Some of us have gone to bed for days to keep from having to deal with things. In the long run, we get out of our beds and play the hand we have been given. We are so blessed with our talents of creativity and stubbornness. We are survivors!

That is right! We can live and not just react with how we have been programmed. We are not computers! We are living breathing people, and we have a desire to love, to feel loved and be nice!

Key Energy Services is the world's largest rig-based, onshore oil well servicing company. We currently have the following opportunity available at our **Ozona, TX location.**

VACUUM TRUCK DRIVERS

We offer a competitive salary, depending upon experience, and a full benefits package, including affordable medical, dental, vision, life and 401K (includes 4% company match).

To apply, call 325-392-5553 or come by the office located 5 miles east of Ozona on I-10.

Public Notice

NOTICE OF APPLICATION FOR COMMERCIAL FLUID INJECTION WELL DISPOSAL PERMIT

Jalon Operation Co., P.O. Box 1270, Midland, Texas 79702, is applying to the Railroad Commission of Texas for a permit to inject fluid into a formation which is not productive of oil and gas.

The applicant proposes to inject fluid into the Sawyer Strawn (North), Vanderstucken Well Number 22-2. The proposed injection well is located 10 Miles Southeast of Sonora in the Sawyer Strawn (North) Field, in Sutton County. Fluid will be injected into strata in the subsurface depth interval from 5600 to 7100 ft. in non productive strawn zone and non productive ellenburger zone.

LEGAL AUTHORITY: Chapter 27 of the Texas Water Code, as amended, Title 3 of the Texas Natural Resources Code, as amended, and the Statewide Rules of the Oil and Gas Division of the Railroad Commission of Texas. Requests for a public hearing from persons who can show they are adversely affected, or requests for further information concerning any aspect of the application should be submitted in writing within fifteen days of publication, to the Environmental Services Section, Oil and Gas Division, Railroad Commission of Texas, P.O. Box 12967, Capitol Station, Austin, Texas 78711 (Telephone 512/463/6792).

Sutton County Lifeline Program

The Lifeline Program has been in existence in Sutton County since 1994, providing response for senior citizens and eligible disabled persons in the event of an emergency.

The Lifeline emergency response system is activated when a recipient is alone and needs help.

By pressing a button on an alarm worn around the neck, a phone call is automatically made to the Oilfield Answering

Service. Within moments, help is dispatched to the Lifeline subscriber in need.

Sutton County residents who are eligible may qualify for a unit at no cost; however, if someone is able to pay, donations will be accepted.

For an application and more information about the Lifeline Program, please call Virgil Pollock at 387-3496 or 387-2369, or call the Senior Center at 387-5657 or 387-3941.

Up On Eaton Hill

By Delyse Jeager

Glistening Gold

Perhaps it was a case of great minds thinking alike, perhaps not. Last week's article dealt with the delightful agarita shrub; however, I was unaware that the subject had already been covered by my dear friend Ruthie Bounds. Her story included gen-u-ine, tried in the kitchen recipes for the enticing red berries. It is not the first time she and I have found ourselves on the same wavelength, so I am not surprised. It did, however, prompt me to consider the many things Ruthie and others have shared with me about the land, history, culture and individualism that are uniquely Sonora.

About fifteen years ago as co-workers at Sonora Wool & Mohair Co., Ruthie first adopted me as a sister and thus began my indoctrination in the wiles and ways of west Texas sheep & goat country. Here are two life lessons every Sonoran should know:

Goat, s tails go UP; sheep tails go DOWN.

Horehound control does not include the use of chains or dog kennels.

We'll never run out of stories to share, and our special piece of Texas holds a bottomless trea-

sure chest of natural wonders to explore and appreciate.

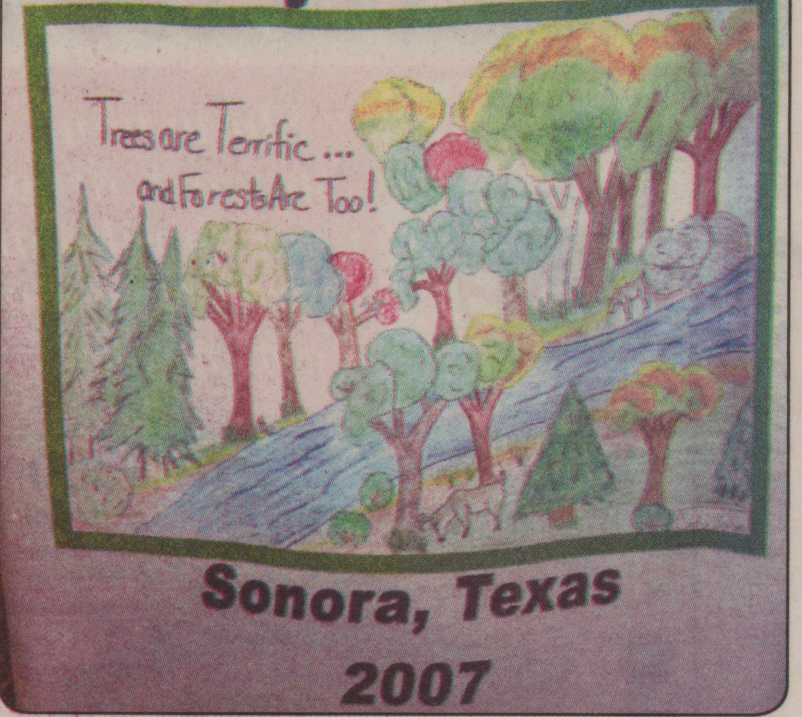

This week on Eaton Hill, we're taking a look at yellow: yellow, gold, ochre, amber, orange. In a sea of yellow wildflowers, a more than casual glance reveals a rich diversity of hues, designs and textures to be found. Even the tiny groundcover, a succulent known as sedum nuttallianum, is in the full throws of blooming garb – puttin' on the ritz, so to speak.

Nesting goldfinches, the undeserving "lesser" named, as well as several different orioles, the yellow-breasted western flycatcher, and a yet to be identified pair of yellow splashed parents, can all be observed at the water feature. But the real topper is the much maligned prickly pear cactus, gracing the hills and pastures with transparent hues that run the spectrum from pale yellow to vibrant orange, changing intensity with the movement of the sun. The real story cannot be told in words, may be grasped in pictures, and can only be fully appreciated in an unhurried stroll – preferably in the morning or evening light; the "gloaming", as PawPaw used to say. It too, is amber. Hit the trails.

Prickly Pear bloom glistens after a light rain.

Arbor Day Poster Winner

Winning the Arbor Day Poster contest, was 5th grader Cody Barber.

His entire class received a tee shirt with his poster printed on it.

Eaton Hill visitors enjoy the new picnic tables donated by Sonic Drive-In.
