

Antelopes Invade Mustang Territory

Abernathy comes to Olton this Friday night and game time is 7:30.

Abernathy is riding high in the saddle with four wins under their belt for the season. They lost their opener to Petersburg but came back the next week and defeated the top team in the state in Class A, Seagraves by an impressive score. Next to fall were Hale Center, Morton and Lockney.

They defeated Lockney last week with their tailback Charlie Johnson scoring three TDs and rushing for over 300 yards in that game.

This week's game could develop into a ground game battle

between Olton's Keith Workman and Johnson from Abernathy. Both these boys were named as outstanding backs of the week in this week's Lubbock Avalanche Journal. Workman gained 343 yards in the Mustang victory over Littlefield while Johnson gained 307 yards in helping to defeat Lockney.

They also run an offense nearly like Olton with quite a

bit of passing. Abernathy will run several different defenses and will probably blitz the line-backers some.

They have good size and are real quick to get off the ball.

Olton will be out to even up last year's 21 to 7 defeat by the Antelopes this Friday night. Olton had 7 starters out due to injuries and sickness last year but they will all be there this

Friday.

Abernathy's offensive line-up will probably be Kirk Lane 86, end, Mike Hedges, 65, tackle, Roger Phillips, 62, guard, Larry Klaska, 50, center, Keith Lambert, 60, guard, Steve Phillips, 75, tackle, Bruce Kinast, 89, end, Dave Davenport, 10, at quarterback, Mark Harrison, 44, fullback, Mike Koer, 12, halfback, and Charles Johnson, 22, at tailback.

Two Contestants Battle For Cotton Bowl Tickets

Predicting wasn't easy last week - whether you were picking winners in the Enterprise football contest or predicting Thursday's weather. Both areas suffered "considerable turbulence".

Jerry Mathis of Farwell weathered the football upheavals a little better than all other contestants, missing only four games.

Six persons were wrong on

five games with second and third place wins going to James Ray Hyatt of Amarillo and W. E. "Andy" Andrew. Hyatt was 12 points off on his tie breaker guess of 25 to 8. Andrew missed by 14 points with a prediction of 21-14.

Others who missed just five games were Don Nafziger, W. E. Thomas, Mike Smith and Mrs. D. R. Leonard.

Bovina's upset victory over Springlake-Earth fooled all but six contestants. Only four persons guessed that Friona would whip Dimmitt. The Ropesville-Hale Center and Sudan-Vega battles also upset numerous contestants.

Marilyn Miller and Jack Williamson held onto their possession of the top spot in the season's standings, moving up to a two-point lead. Contestants with 62 or more points are listed on page 6.

Anyone can be a weekly winner in the contest - why not try your luck? Pick up last week's Enterprise and enter. Just pick a winner in each of the games, predict the tie breaker score and complete the entry blank. Two contestants failed this week to circle the numbers on their entry blanks and another forgot to sign his name.

Drop the entry blank off at any of the sponsoring merchants and remember to let them know you appreciate their making the contest possible. They'll appreciate your trade.

Pancake Supper To Be Sponsored By Booster Club

Olton Booster Club will sponsor their annual pancake supper Friday evening prior to the Abernathy-Mustangs football game. Serving will begin at 5 p. m. in the school cafeteria and continue until 7:30.

Supper tickets are \$1 for adults and 75 cents for children under 12.

Participating by supplying the "makings" are Don's Super Market, donors of the sausage; Ben Grantham Meat Company, bacon; Harley Miller Egg Farm, eggs; Blackburn Foods, syrup; New Mexico Milling, Golden West flour and Cloverlake Dairy.

Burglars Hit

Dennis Home

A burglary occurred at the home of Mrs. Ineta Dennis this past week, according to City Marshal Fred Hunt. He said the incident happened during the six days in which Mrs. Dennis was out of town and that the case was under investigation at the present.

Hunt asks residents who are leaving town to notify his office so that their property might be kept under surveillance during their absence.

UMM-M-M-M, GOOD EATING! Five-year-old Patrick White, son of Mr. and Mrs. James White, acts as "official pancake taster" as Booster Club members get ready for their annual pancake supper Friday night. Looking on and waiting for Pat-

rick's approval is Greer Hamill - one of the Booster chefs. (Early bird batch of pancakes for the Enterprise camera, courtesy Hamill's Restaurant).

Springlake-Olton Service

Survey Requested By Councilmen On Additional Telephone Service

Jerry Kehoe, representative of the General Telephone Company, met with the city council Tuesday night in an effort to help bring the council to a decision on the issue of telephone service being provided toll free between Springlake and Olton.

However, councilmen told

Kehoe that they felt that some sort of survey should be conducted by the city before making a decision on the telephone service which would mean an increase of 50 cents per month for businesses and 25 cents per month for residents in the city.

Kehoe told the council that the Springlake council had de-

cided that they would like to have the service, which would enable them to call Olton toll free. Their increase in rates would be \$1.50 per business and \$1.00 per resident. However, before the services can be installed, both Olton and Springlake have to okay the change.

Councilmen asked that the

Enterprise print a questionnaire in this week's issue for city residents to fill out showing whether they desired this toll free service to Springlake. This questionnaire is found on page 2. Simply clip out the form and mail back to the Enterprise, Drawer E.

Other business at the council meeting was the discussion of a new meeting time, which was set at 7 p. m., beginning with the next regular meeting and a look at the proposed budget for the upcoming year.

Fencing the new dump grounds was agreed upon and discussion of the manner of transportation of the trash to the new grounds was discussed. Councilmen appointed Jimmie Jenkins and K. Y. Givens to look into the possible purchase of a used dump truck for that purpose.

Texas Absentee Voting Period Now In Effect, Ends Oct. 30

Wednesday, Oct. 14 to Friday, Oct. 30, inclusive, is the period for absentee voting by personal appearance in the Nov. 3 general election.

Any qualified voter in Texas who expects to be absent from the county of his residence on Nov. 3 may cast an absentee ballot. To do so, he should take his voter's registration certificate to the county clerk's office during its hours of operation in the Oct. 14-Oct. 30 period.

In addition to state, district and local races, the Nov. 3 ballot will include seven proposed amendments to the Texas Constitution.

By subject, the proposed amendments relate to: (1) censure and removal of judges; (2) authority for mixed beverage law; (3) assessment of farm,

ranch and forest lands; (4) reconstitute State Building Commission; (5) county road bonds and assessed valuation; (6) increase value of homestead exemption from forced sale; and (7) authority to consolidate

functions of government. Texas has a record 4,150,645 registered voters this year. Normally, absentee voting accounts for approximately five per cent of the total vote turnout.

Mustangs Undefeated

Workman, Stockdale Records Win Them Area Recognition

Olton's Mustangs are undefeated for the season and Steve Stockdale and Keith Workman are two of the reasons that they have the 5-0 record.

Both of the lads have been named as the player of the week in the Lubbock Avalanche Journal and Amarillo Daily News papers.

The two Mustang stars are quick to share their acclaim with fellow team members. Without a united team effort, none of it would be possible, they said.

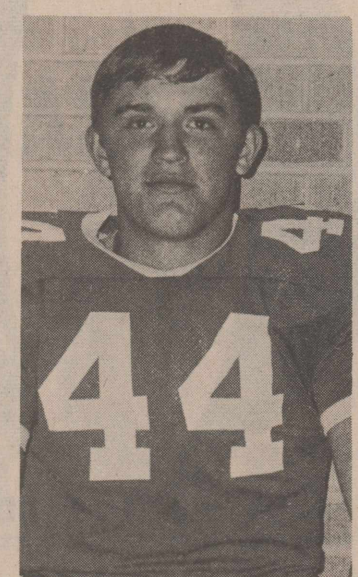

Workman is the first double winner for either of the papers. He was again named this week's Class AA Co-Player of the week, sharing the honor with Abernathy's tailback Charlie Johnson. He was player of the week the first week of the season this year.

Stockdale was named player of the week last week for his effort in helping the Mustangs to defeat Friona. Stockdale was named to both papers as the Class AA player of the week for a great passing performance as he passed for 12 yards and three touchdowns. He kicked five extra points in that game. He has completed 50 per cent of his passes for the season good for 758 yards and 5 TD's.

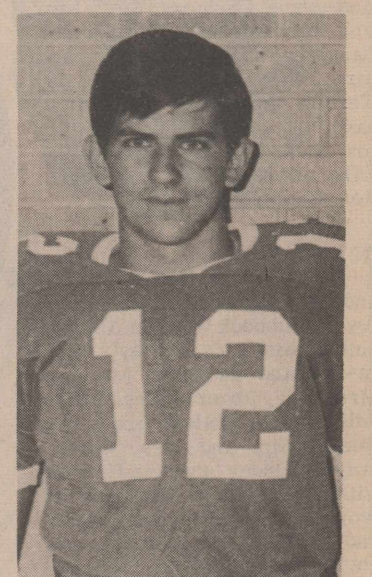

Workman has picked up the nickname of "Hoss" this year as he has been the workhorse carrying the ball 125 times for 909 yards and 11 touchdowns. He has a rushing average of 7.3 yards per carry.

Workman has caught one pass for one T.D. to be the top Class AA scorer on the plains of West Texas with 72 points for the season.

A special of this week's

KEITH WORKMAN

STEVE STOCKDALE

game for the Mustangs is that Workman and his Co-Player of the week will meet headon as Olton plays host to Abernathy in the game of the week on the High Plains as both teams are tied for the district title along

with Floydada. Floydada meets Lockney this week for the Floyd County football championship. This always proves to be a real good game as there is an old rivalry involved in this game.

Color Week Slated Here By OHS Cheerleaders

"Color Week" will be observed in Olton next week, according to Janie Jones, head cheerleader at Olton High School.

Businessmen are urged to display the Blue and White next week and to attend a pep rally Friday afternoon at 3:35 in the high school gymnasium to form a victory line and help boost the spirit of the Olton Mus-

tangs, before the Floydada game that night.

The parents and friends and all supporters of the Mustangs are also invited out to the pep rally this week to show the Mustangs that the town is 100 per cent behind them in their effort against Abernathy.

Everyone is asked to wear Blue and White!

School Attendance Shows An Increase

Routine business was the only items on the agenda of the regularly scheduled school board meeting Monday night.

Following the reading of the minutes and the approval of the payment of the bills, Superintendent Joe Turner reported to the school board on the attendance.

He stated that elementary and kindergarten had shown an increase of 19 students since the last report which was made Sept. 14.

Junior High had an increase of seven while high school had an increase of five.

A total of 31 students have

A report from Supt. Turner on the lunchroom showed that the lunchroom was operating without a loss thus far this year, with about 90 per cent student enrollment participation.

In other action, Turner was asked what constituted an excused absence. Turner told the board that according to the school policy, that sickness or a death in the family were the two stated reasons for excused absence and any others would be left to the judgment of the principal.

Before adjournment, the board listened to a tape recording of a panel discussion held at the board and administrators convention in Austin which Turner and Uil Gunter attended.

Sue's Views

BY SUE CANNON

Would you believe that the "Ladies' Gazette" is now being used as an example of women's liberation?

True!
Last Thursday's Amarillo paper carried a column called "Clips and Quips from the Panhandle Press" in which Jean Wade said:

"We are elaborating the Women's Lib business. We talk about it too much -- a thing our psychiatrist could probably explain as some secret female guilt complex. But some of the saddest, funniest, strangest news these days concerns that very subject, so here we go again:

"It's certain that every subscriber to the Olton Enterprise and many another besides probably knows this, but the Enterprise is completely liberated, according to its masthead the entire newspaper is produced by women only. Sue Cannon is the manager; Lilly May Silcott takes care of the women's news; Mozelle Trotter is news editor; Margaret Burrus, Maenette Houston and Darla Stone are all compositors; Juanita Thomas is a linotype operator and Joyce Hoover is the bookkeeper. They may have a small boy who sweeps the floor but other than that, it's a feminine business

and a darned fine newspaper!"

Well, let us be the first to correct the columnist or rather inform her that we have a cleaning -- you guessed it -- LADY! Rosie Garcia cleans each week after we finish putting together not only the Olton paper but also the Kress Chronicle and the Hart Beat, which by the way is also comprised of lady reporters and lady advertising managers.

Doing the reporting for Kress is Leola Glenn and advertising manager is Larue Murray. At the Hart Beat, Alva Henderson gets the news while Joby Sanders gathers in the ads. Then it's all sent to us and we get to altogether!

Once in a great while, my little boys talk me into letting them carry out trash, but their price is usually so high I can't afford them very often!

We will have to confess that we have some high school boys covering football games for us at the present time and also one of the girl's husbands writes the football story, but that is just during the football season so we won't really count them.

Speaking of football, don't forget to go to the pep rally this week and help boost the Mustangs to victory over Abilene!

PIONEER NATURAL GAS COMPANY

Natural gas is the healthiest, most economical way to heat your house this winter. Gas is economical because it's the direct way to produce heat -- you don't pay to convert heat to another energy source and then back to heat. And with gas you can afford to bring clean outside air into your home this winter instead of having to re-heat the same old stale air time after time.

So, if you're building or remodeling, be sure to specify gas heating. Gas is the "natural" fuel. It's like buying direct from the manufacturer. Call your heating contractor, plumber, or Pioneer Natural Gas.

Mustangs Tame Wildcats In Thriller

Olton finally got it all together in the fourth quarter Friday night to score the winning TD with 9:37 remaining on the clock. Sophomore Keith Workman carried five yards for the winning score.

Workman carried the ball 43 times for 343 yards Friday night. He scored both of Olton's touchdowns and had two others called back due to penalties. Olton came out on the long end of the game on the penalty situation. The Mustangs were penalized 11 times for 120 yards.

These penalties rubbed out two touchdowns and numerous good plays by the Mustangs.

Olton moved nearly at will until they got deep into Wildcat territory and then they invariably drew a penalty setting them back.

Olton received the opening kickoff and felt out the Wildcat defense as they tried a penalty, a pass and a running play before punting on fourth down.

Stockdale's punt rolled dead on the Littlefield 42. Danford got 7 yards on first down to the

49. On second and one Funk got the needed first down at the Olton 46.

Danford tried it again on first down only to be brought down by Jimmy McCurry for a one yard gain. Another running play got 2 yards and a pass fell incomplete to bring up fourth down and 11 yards needed for the first down.

The Wildcats' punt rolled dead on the Olton 8. On first down Workman broke up the middle to the 27 before having the ball jarred loose by the

tackler. Luis Rey recovered at that point for the Mustangs. Stockdale passed to end Alonzo Springer for 8 yards at the Olton 35. One red flag later, Workman cut loose up the middle and ran 65 yards for a TD only to have it called back by a penalty.

Olton punted on fourth down with Littlefield starting from their own 28. On first down Olton recovered a Wildcat fumble at the Cat 37.

On second, Littlefield blitzed a linebacker who hit

Stockdale just as he released the ball. Funk intercepted and was long gone down the sideline for Littlefield's only TD of the night. Kilby kicked the point after to give the Cats a 7-0 lead that they carried into the fourth quarter of play.

Olton received the kickoff and moved to the Littlefield 47 before another pass was batted into the arms of a Cat receiver who returned it to the Olton 39.

Three plays later Olton recovered a Cat fumble on the Olton 34. Workman blasted 21 yards to the Cat 45 for another first down. Olton picked up another red flag before Stockdale passed to Luis Rey at the Wildcat 25 for a first down.

Another red flag, incomplete pass, and Wildcat defense left the Mustangs with fourth down and yards needed for a first down.

Stockdale went to the air on fourth down to end Alonzo Springer. A desperation lunge by a Littlefield defender just barely knocked the ball from Springer as he crossed the goal line. Had the defender not been able to touch the ball it would have been a TD for O.H.S.

But Littlefield took over on downs at their own 27. On the last play of the first quarter Luis Rey, Olton defensive half-back intercepted a Wildcat pass at the Littlefield 48.

Workman moved the ball to the Wildcat 10 in four plays. With first down just outside of the ten Workman bulled his way into the end zone behind good blocking for the TD. Extra point try failed and Littlefield led 7-6.

Littlefield returned the kickoff to the Olton 44 aided by another big penalty against the Mustangs.

Danford and Funk alternated carrying the ball in moving to the Olton 22 before losing the ball on downs.

A penalty moved the Mustangs back to their own 17. Workman broke loose up the middle to the Mustang 41 only to have the Mustangs fumble the ball on first down with the Wildcats recovering on the Olton 45.

Littlefield picked up three first downs and another Olton penalty in moving to the Mustang 11.

Halfback Funk scored from the 7 only to have it called back due to an infraction of the rules. On fourth down at the 11 the Wildcats tried a fake field goal with a pass to the Olton 10. This was not good enough for the first down.

Workman carried out to the 15 and after the play Littlefield's No. 77 was personally escorted to the side lines by an official. He was not suited out during the second half. Olton ran out the clock to end the half.

Olton really took control of the game in the third quarter and did everything but score. The Mustangs outdid the Cats 6 to 2 on first downs and moved to the Cat 6 once only to have a field goal attempt fail.

Littlefield recovered an Olton fumble and moved to the 15 before losing it back to the Mustangs on fourth down. Olton took over on their 15 late in the quarter with Work-

CARRYING THE BALL is Keith Workman who carried 43 times for a total of 343 yards against the Wildcats last Friday night when the Mustangs defeated the Cats 14-7.

MR. FARMER—MILO \$2.50 cwt

This could be the price offered for your grain before another crop is harvested. Don't be misled by over estimated crop reports, statements by grain buyers that blight situation is not too bad and statements that there are enough reserve stocks to fill all needs.

THE TRUTH IS:

1. Government crop estimates have continually dropped from August reports of 4.6 billion bushels of corn to 4.4 billion in Sept. and 4.187 billion in Oct.
2. Crop could drop below 4.0 billion bushels before final statistics are in.
3. This is approximately 20% below anticipated usage of corn, or 1 billion bushels short of needs.
4. Latest Government reports of CCC owned corn was 250 million bushels and much of these stocks have already been used.
5. Milo production is now estimated to be off at least 10% and could be much less.
6. Milo reserves are less than 3 months total supply.
7. Some statisticians estimate that if corn drops below 4 billion bushels it will require all reserves of corn, all reserves of milo and much of the wheat reserves just to fill this year's feed grain needs.
8. There are reports of some researchers that there will be only enough blight resistant seed corn for 20% of the 1971 crop which should result in a greater shortage in 1971-72 marketing year.
9. Early freeze across the milo belt could reduce yields drastically.
10. Farmers deserve more than 70% of parity for their grain, by becoming more alert in the market place could better this situation, better prices could be ahead for those who are able to wait awhile before selling.
