Brundrett Elected To First Term

Bracht, Mundine Returned To Aransas School Board

By Pat Blair

Incumbents Polly Bracht and Ottie Mundine were returned to the Aransas County school board and Jerry Brundrett Jr. was elected to his first term in Saturday's, April 4, elections.

Some 1,177 county voters

went to the polls in the Rockport-Fulton Junior High School cafeteria to cast their votes in the election which saw seven candidates seeking three posts on the Aransas County Independent School District Board of Trustees.

Returns as of Monday

morning, April 6, were complete but unofficial. The school board will canvass the election returns in its next regular meeting Monday, April 13, at 7 p.m.

At that time, the board will appoint a canvassing committee which will canvass the returns and offi-

cially announce the results. New board members will then be sworn in and the board will elect its officers.

In Place 1, Mrs. Bracht, the incumbent, defeated Nelda Lee by a margin of 18 votes, taking the election 579 to Mrs. Lee's 561. Mrs. Bracht has served on the board for five years.

The race between these two women remained close with Mrs. Lee actually showing a lead over Mrs. Bracht in an early, partial count of votes.

In the Place 2 race, Brundrett defeated his opponent Danny Adams by a vote of 749 to 400. Neither candidate was an incumbent.

Gary Smith, who has held this post on the school board opted not to seek re-election.

In the Place 5 race, Mundine pulled 536 votes to defeat two challengers, Sue Casterline and James Metzner. Metzner received 363 votes and Mrs. Caster-

CELEBRATING LIBRARY WEEK

Brian Soliz, 12, plans to do a lot of reading in observance of National Library Week this week. The Aransas County Public Library is getting into the spirit of things with a week-long Open House, through Friday, April 10, from noon until 6 p.m. each day. Area residents are invited to drop by the library for cookies and coffee and — like Brian — "check out" what the library has to offer in the way of hardcover and paperback books and films. Eunice Hamon announces it is "fine-free" week at the library.

Public Hearing Anticipated In June

County Water Board Votes To Become MUD

By Pat Blair

The Aransas County Conservation and Reclamation District has voted to convert to a municipal utility district (MUD) with power to assess benefit taxes to pay for a proposed sanitary sewer system that would serve parts of the county.

The action was taken Monday, April 6, primarily to "close down" a study that began more than a year ago of the feasibility of a county sanitary sewer system.

A public hearing will be called — "probably in June," according to Jack McDavid, chairman of the ACCRD board of directors — to receive public reaction to the proposals adopted by the water board in its sessions Monday afternoon at the Aransas County Courthouse.

The decisions of the board Monday — which are

to be presented to the engineers in charge of the sanitary sewer study — are that the board will convert to a county-wide MUD at an as-yet unspecified time and that it will assess a benefit tax to cover the costs of providing sanitary sewer service to portions of Aransas County.

A benefit tax, as decided on by board members Monday, would be assessed only to owners of lots to which sanitary sewer service is provided.

Under the plan approved by board members, a sewage collection and treatment system would initially be provided only for the most heavily populated areas of the county: Fulton, Peninsula Oaks, Oak Terrace, West Terrace and Hills Village.

Cam Leonard made the motion to adopt the plan and it was seconded by Willene Schmidt after

determining that it was the most acceptable of the alternatives presented to the water board for the creation and funding of a county sewer system.

The decisions made by the board Monday are required under terms of the federal grant through which the sanitary sewer feasibility study is being made.

Board member Richard Beck told members of the audience at Monday's session, "We're going to propose this (plan) so we can end the Step 1 grant application, then go to the public hearing."

Laddie Janacek, the board's financial advisor, told board members there is "no way" they can finance sewer improvements in the district without an ad valorem tax base, and Beck asked Janacek to present that opinion at the subsequent public hearing on the matter.

Mills, Allen To Be Seated On Council

C.H. "Burt" Mills Jr. and W.B. Allen were the winners in Saturday's, April 4, elections to fill two seats on Rockport's City Council.

Election returns were complete but unofficial as of Monday morning, April 6, with a date for the election canvass pending.

The canvass was originally scheduled for 5 p.m. Monday, but the council failed to get a quorum for that time and the canvass was postponed.

In Ward 2, where Mills was being challenged by Brad Steiner, some 236 Rockport residents turned

out to vote. Mills took the election 176 to Steiner's 60.

In Ward 1, some 50 voters went to the polls at Rockport's City hall. Allen, running unopposed, received 43 of those votes, with the remaining ballots being cast for write-in candidates.

Charlie Garrett, Ward 1 incumbent who did not seek re-election, received one write-in vote. Four write-in votes went to Rachel Garcia and two to Simon Lee Sorenson.

Mills was re-elected to his second term on the council Saturday. He and Allen are expected to be sworn in and officially seated following canvass of the election results.

Help Wanted In Locating Missing Woman

PORT LAVACA — Port Lavaca police are asking help in locating Kathie Collins, 23, who has not been seen since April 1 when her car developed a flat tire on the Port Lavaca Causeway.

Police emphasize that Kathie is not a runaway and that "foul play is suspected" in her disappearance.

Kathie is five-feet six inches tall, weighs 115 pounds, is slender and has brown hair and eyes. She was last seen wearing a yellow T-shirt and blue bib overalls and she has a native Texas accent.

Anyone who has any information that might lead to locating her is asked to call the Port Lavaca police department at (512) 552-3788.

Fulton Council Canvasses Votes

FULTON — Elgin "M.C." Dietz, Katherine McLeister, Isabel Gutierrez and Pat Loflin were officially confirmed the winners of Fulton's city council elections.

The action took place during official canvass of Saturday's, April 4, election results on Monday night, April 6. All four of the candidates for the council were running unopposed on the ballot.

A total of 52 Fulton residents went to the City Hall to cast their ballots in the election, and six write-in votes were cast in three of the four council races.

In Place 1, Dietz, running to fill the remainder of an unexpired council term, garnered 45 votes. In addition, one write-in vote each was cast for Danny Cox, Leslie Cole and Antoinette Lamonte.

Dietz is filling out the

term left vacant last fall with the resignation of Fulton Alderman Ray Patterson. Dietz was first appointed to the council seat and, following Saturday's elections, will now serve until April, 1982, when Patterson's original term would have expired.

Remaining council members elected Saturday will serve until April, 1983.

In Place 3, incumbent Mrs. McLeister received 50 votes. No write-in votes were reported in this race.

In Place 4, Mrs. Gutierrez received 48 votes. One write-in vote each went to Cox and Dan Shelton. Mrs. Gutierrez is the one newcomer on the council, replacing Dominga Benevise who chose not to seek re-election.

In Place 5, Cox received another write-in vote. Mrs. Loflin, the Place 5 incumbent, pulled 49 votes.

I hope I will not have to take and use the pictures. Some of them are real dillies. All I saw were within a two-mile radius of the Courthouse.

I hear Pete Sanders, now county commissioner, has taken the matter in his hand, used his week's use of County equipment and buried a lot of his unwanted garbage around Copano Bay. Hurray for Pete!

Remember, I have no axe to grind — just want to see our area a pretty place to live in — one that I am not ashamed to show to visitors.

If you don't believe me, just take about an hour or so and drive up and down streets in older parts of town and see for yourself.

Here I am going to accept a new position — a positive one. Build a compost pile in your own back yard and eliminate a lot of your garbage. Then fertilize your garden, flower beds and lawns and make your home a pretty place.

How To Make A Compost Pile

Use a container made from fencing or blocks.

Thank You

I would like to thank the many people who supported and voted for me in the school board election. We fought the good fight for the students.

I was pleased to see the enormous turnout because it proves to me that there is concern for our children and school system.

There are many things that need to be changed and I hope that you will not be the silent majority.

Stay active and concerned.

Congratulations to Jerry Brundrett on his victory and his fine race.

This award can help you cut electricity costs

Look for it when you go house-hunting!

You've been planning it for years — and now you're finally ready to buy or build your dream home.

Before you reach a decision, make sure the house you choose qualifies for the Energy Efficiency Award (EEA) sponsored by Central Power and Light Company. The energy-saving features incorporated in an all-electric EEA home can help you reduce power consumption substantially — and that's important in these days.

To earn the EEA seal, a house must be well insulated, weather-stripped and equipped with efficient heating and cooling systems. These and numerous other features that boost the home's energy efficiency have been inspected and certified by a qualified technician from CPL.

Saving money on operating costs, of course, is the outstanding advantage of an EEA house. But people who already live in EEA homes in the South Texas area repeatedly mention other benefits they think others should know about — including increased comfort, ease of maintenance and higher resale value.

Find out more about the EEA program if you're planning to invest in a new home or remodel your present one. You can get the details from your builder, realtor, architect or designer — or ask for a free booklet at your CPL office.

FIRST PLACE AT BEEVILLE

Members of the Rockport-Fulton High School Varsity track team are shown following their first-place finish at Beeville this past weekend. In front row from left are Eddie Bechtol, Damaso Galvan, Joe Lara, Jeffrey Dickerson and David Ramirez. Middle row from left are Dwayne Walls,

David Williams, Mike Kautz, Raul Castro, Kroy DeForest and Mike Zloch. And back row, from left are Zak Green, Mike Simmons, Clyde Barre, Mike Arthur, Bubba Scott, Marty Davenport, Donnie Frels and Peter Booth.

Pirates Blaze To First At Beeville Track Meet

By Bob Crawford
With district competition just a couple of meets away, Rockport-Fulton began to tune-up with a strong showing in Beeville over the weekend, scoring

167 team points on the way to first place in that meet. Things broke quickly for the Pirates as the sprint relay team of David Williams, Micheal Simmons, Dwayne Walls and

Zak Green cruised to a first place finish in that event.

Also providing a fine showing for the Pirates was Raul Castro, who arrived at the track meet after participating in a typing contest, and won both the mile and two-mile events. Peter Booth, who also had good performances in both races with a third in the two-mile, and a fifth in the mile. David Ramirez chased Castro and finished fourth in the mile. Mike Zloch was fifth in the two-mile.

Putting together a mile relay team in only a week, the Pirates took fourth in that important event with the running of Jeffrey Dickerson, Joe Lara, Clyde Barre and Walls.

In the sprints, Walls took second place in the 100; Green took third in the 100 and sixth in the 220. Simmons took fourth place in the two events.

Williams placed second in the 330 hurdles and in the 110s. Eddie Bechtol, a freshman, was third in the shorter race, then took sixth in the 330s. Donnie Frels, just beginning to round into shape, was fifth in the 110 event. Mike Kautz was fifth in the 330s.

Damaso Galvan finished fourth in the 880 run.

The Pirates continued to show power in the field events, scoring 36 points in just two events. In the shot put, the Pirates took second, third and fourth. Both Marty Davenport and Kroy DeForest tossed for their best marks of the year, but Bubba Scott could never get loosened up, and took fourth.

Scott redeemed himself in the discus with his best throw of the season for first place. Davenport also had his best throw, just a foot behind Scott.

All in all, the Pirates gathered 167 points, 37

more than their next closest competitor, Beeville. Missing from the competition was Gregory-Portland but the Pirates must face them this weekend at the Wildcat Relays in Portland.

City Conducting Smoke Tests

Some Rockport residents may be seeing smoke in their homes or businesses during the next two or three weeks, according to J.C. Gurley, in charge of the city's public works department.

City officials are conducting smoke tests to locate breaks or other problems in the city's sewer lines.

If a line is defective, Gurley said, smoke may come into homes or businesses through the sewer lines. He added the smoke is harmless and is no cause for alarm.

The test is being conducted as part of the requirements under Rockport's Step 1 feasibility study of a proposed sanitary sewer expansion project.

Pet Fair Set For Sunday

FULTON — All Aransas County youngsters are invited to bring their pets to Fulton Sunday, April 12, for a "Pet Fair" at 2 p.m. The Fair is sponsored by the Aransas County Riding Association and will be in the Fulton arena. For this occasion, however, the Riding Association specifies that admission is for "pets only — no horses, please."

Steve Franklin will be among the "pet judges" and Dr. Charles Crusier of Rockport Veterinary Clinic is expected to be on hand to answer any questions about the care of pets. In addition to the judging, events will also include races of all kinds — including three-legged race, sack race, leap frog race and a bubble-gum blowing race. Association sponsors add if enough youngsters show

up with bicycles and/or tricycles, there'll be races for those too! All events will be 50 cents and everyone is guaranteed a prize. The concession stand will be open with soft drinks for the youngsters and coffee for the adults. Anyone who wants more information is asked to call Peggy McLeister at 729-5111 after 7 p.m.

Abandoned Waste Site Bill Passes Out Of Committee

AUSTIN — A bill that will allow Texas to qualify for federal funds for cleanup of abandoned hazardous waste sites in the State has been unanimously passed out of the Senate Committee on Natural Resources.

Sponsored by State Senator J.E. "Buster" Brown, the bill would qualify Texas under the Federal Superfund Act.

Presently, according to the Texas Department of Water Resources, there are seven abandoned waste sites in Texas where there is no responsible party to pay for the site cleanup.

Two of these are in District 17 — Texas City Wye and an abandoned tar pit outside of Dickinson.

The total cost of cleanup of these seven sites is \$55,626,000 with the Texas City Wye site estimated to cost \$30,846,000 and Dickinson tar pit \$4,470,000.

Under Brown's bill the state would pay 10 percent of the cost of clean up from general revenue funds and the Federal Superfund would pay 90 percent.

The superfund money comes from a fee imposed on manufacturers of chemicals in the United States.

Brown's bill has the support of the chemical industry in Texas. "With the upper Texas coast the home of over one-half of the

nation's manufacturing capacity for the petrochemical industry, it is only reasonable that the fees they are paying to the

Federal superfund return to Texas for the cleanup of these sites," Senator Brown said.

Thank You

for your vote of confidence in re-electing me to the school board. I will strive to provide the best school possible for the students of Aransas County.

Pet Talks By Dr. Hap Lutz

Avoiding Ear Problems

Dr. Lutz is a graduate of Baltimore City College and Texas A&M University. He specializes in small and exotic animal practice. He is an instructor of small animal diseases and surgery in the Veterinary School at Texas A&M and was in private practice in Waco for 25 years.

This article applies to cats as well as dogs. Last week, I discussed the diseases of the ear. This issue will explain how to prevent ear diseases.

Most of our pets seldom need to have their ears cleaned. Excessive cleaning is not desirable because a certain amount of wax is needed to maintain the health of the tissues.

To clean a dirty ear, moisten a clean cloth with mineral oil and wrap it around your finger. Then insert your finger into the ear canal as far as it will go. Gently wipe the surface to remove dirt, excess wax

and debris. Then clean the skin on the outside of the ear flap.

Folds and crevices can be cleaned with a cotton-tipped applicator moistened with mineral oil. A dirty ear is usually an indication of an ear problem.

How to avoid ear problems. When bathing a pet, be sure that no water gets into the ears. You can prevent this by placing a cotton wad into the ear canal before bathing. Do not syringe, swab or irrigate your pet's ears with ether, alcohol or other irritating solvents.

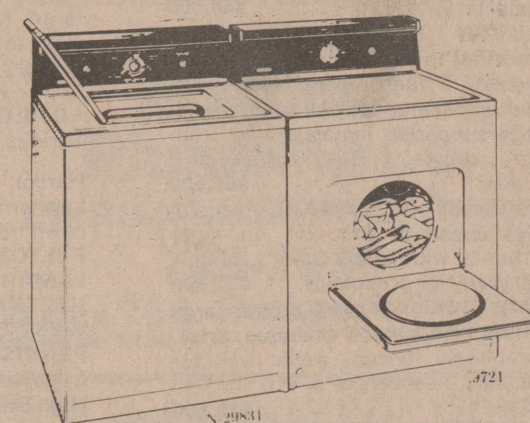

Hair that accumulates in the ear canal can become thick enough to interfere with air circulation. It should be removed either by plucking or cutting it out with scissors.

Some breeds of dogs, such as poodles and schnauzers, have a tendency toward excessive hair growth in the ears.

If you take care of a dog's ears and hearing, the dog's hearing will take care of you.

From your pet's friend, the one with a warm heart for cold noses.—Dr. Hap Lutz.
