EDDIE GUFFEE, curator of the Llano Estacado Museum in Plainview, gave some background on the discovery of the prehistoric mammoth to the Friona Evening Lions Club on Thursday.

Guffee said that the discovery of the skull of the mammoth with the tusks still intact was a rare find, indeed.

"Usually, you might find 18 inches of tusk, or maybe two feet (intact). When we first began to dig at the site and found the tusk socket still attached to the skull, that was exciting," Guffee told the Lions.

The archaeologist said that at this point, he isn't sure if the mammoth was of the wooly variety, or whether it was the Imperatur, as some of the scientists implied. Further studies need to be made, he said.

Guffee, who is associated with Wayland Baptist University in his position with the Plainview museum, explained some of the problems involved with the recent excavation, in light of the fact that the skull was discovered in a barrow ditch of a county (Castro) road.

"The roads technically belong to the state, so we had to get an excavation permit before we could get serious about digging up the skull. Also, the problem everywhere is lack of money. You know how budgets have been trimmed due to the bad oil economy," Guffee added.

Due to the fact that the excavation site was on the edge of a roadway, it made it very easy for the general public to come take a look, after the news got out about the "find." Guffee said he would estimate that between 4,000 and 5,000 people visited the site during the four-day excavation period.

Hereford and Dimmitt schools bussed elementary children to the site for a look at the discovery. It was a chance of a lifetime for the youngsters to see such a scientific find.

Excavating the skull was simplified due to the fact that no human artifacts (spears, points, etc.) were discovered.

"If they had been, then the state would have become even more involved, and the excavators would have had to have used minute implements such as dental picks and toothbrushes. The work we accomplished in three or four days could have taken weeks or months," Guffee said.

Due to the volunteer labor, and donation of needed equipment and supplies, Guffee said the job was accomplished at very little expense. If the state had contracted out the project, the removal of the skull could have cost as much as $10,000, the Plainview archaeologist said.

The main reason the mammoth skull now rests in the Plainview museum is the fact that Guffee was the scientist who made the discovery.

The Llano Estacado Museum is a virtually new facility, dating only to 1976. "It has been a fairly well-kept secret, but we invite residents from the area to visit us at any time," said Guffee. He explained that the museum's set-up is similar to the Panhandle-Plains Museum on the WTSU campus in Canyon.

Guffee hopes to do a little more probing at the site to see if more of the mammoth skeleton might be there. "The hip bones, leg bones and vertebra should be there, probably in the pasture. We also don't know if the owner wants his pasture dug up," Guffee said.

The museum curator gave credit to Friona's Gordon Stokes, a Castro County employee, for helping in the excavation process. Stokes spent most of a Saturday and Sunday at the site, running a back-hoe. He also built the platform on which the skull was placed for moving.

The scientist praised all of the donations made on behalf of the excavation, saying it could not have been accomplished without them.

TWO COACHES

Three Instructors To Leave System

Three instructors in the Friona School system have resigned their positions to accept jobs elsewhere.

Steve Williams, a coach and high school instructor in the local system for the past nine years, has resigned for a position as assistant coach at the new Randall High School of Canyon.

Vicki Hatton, who has served as head coach of the girls' sports at FHS the past three years, has taken a position as physical education instructor at Southwestern Oklahoma State University at Weatherford, Oklahoma.

Zane Polson, assistant band director, has accepted a post as band director for Lockney High School.

Williams said that leaving Friona was tough, because it was the longest he had ever lived in a particular community. "Friona has become home to us, but we felt this would be a good opportunity in a new school system," he said.

Hatton said she had enjoyed coaching the Squaws. "I wish only the best for the girls, and I know they will continue to be successful," said the three-year girls coach.

In her three years as girls' basketball coach, the Squaws were in the playoffs twice. Hatton compiled a won-lost record of 57-29 (66.3 per cent wins)

Her team was 19-9 in 1986, soared to 29-4 in 1987 (winning district both years), and were 9-16 this past season.

"I'm sure I'll miss coaching when the season rolls around," she added.

Polson likewise has had a successful band career. He was unavailable for comment at our press time.

The Friona Riding Club will begin their annual Playnight competition on Friday, June 3 at 8 p.m.

The competition will be held at their arena on West Highway 60. The Playnights will last six weeks.

For the first time, a jackpot barrel race will be held. The entry fee will be $5.00. All money will be paid back.

The payback will be set up according to the number of entrants. The jackpot barrel race will have only one age group, 18 and under. It will be the first event of the night.

The five other events include the barrel race, pole bending, flag race, stake race and rings. There is not an entry fee for these events.

There will be three age groups: nine and under; ten-fourteen years old and fifteen-eighteen years old.

Ribbons will be given nightly through six places in each age group. Points will be kept toward a larger prize to be given in each age group at the end of the six weeks of competition.

Because of summer vacations, points will be counted for only five Playnights. Those who attend all six Playnights will choose what week they want to throw out.

The Friona Riding Club will sponsor a High Plains Junior Rodeo on Friday and Saturday, July 22-23.

Letters To The Editor

Mr. Bill Ellis, Editor
The Friona Star
Friona, Texas 79035

Dear Bill:

Just a short note to let you know how much I am enjoying reading your paper each week. I especially enjoy the editorial column which you write most of the time and share with your wife at other times. Both of you are super editors in my books.

The article you wrote in the May 14 issue regarding the festivities in Austin celebrating the 100th anniversary of the state capitol building was really outstanding. The information your article provided should be required reading for all school children and adults alike. Maybe we read something similar years ago, but it is so nice to be reminded of our colorful history, etc.

As you know, Bernice and I worked with Bill Clayton and his Legislative Consulting firm during the last legislative session and the special session that followed and we thoroughly enjoyed it. It was a great experience for both of us. Our State Capitol is the most impressive Capitol in the U.S. and it stands about nine feet taller than the U.S. Capitol in Washington, D.C.

We were in Austin during the anniversary celebration and got to see the great parade and the original goddess which stood on top of the Capitol dome. It was a fun weekend for us even though it did rain most of the time. All of the ex-governors who are still alive were in attendance except for Mark White and I do not know why he was not there for the big celebration.

Next time you are in Lubbock (on a Monday or Thursday) drop by the office for a cup of coffee or a Coke. Or, if you are in Littlefield, except for those days, give me a call at the house.

Best personal regards!

Sincerely yours,
B.W. Armistead, O.D.

COME ON FOLKS, LET'S GET TOGETHER:

OPEN LETTER TO THE COMMUNITY OF FRIONA:

Here is an excellent opportunity for everyone in the community to become involved.

Plans are underway for a July 4th celebration. Last year, Friona did not have a fireworks display. It was missed by some and some apparently did not care and therefore went elsewhere.

This year, in order to have a fireworks display we need and want your help. If everyone in Friona would give one dollar (man, woman and child) we would be able to have a fireworks display.

Show you care and help us with this event. This is not for just a few, it's for the entire community.

There is a fund started at the Friona State Bank for contributions. You can also give at the Chamber of Commerce office.

We only have a couple of weeks left to collect the money needed, so don't wait until the last minute.

We want your support.

PUBLIC NOTICE

The United States Environmental Protection Agency (EPA) had adopted requirements that all public water systems notify their customers about lead exposure. This notification is intended to educate consumers on this issue in light of the fact that your drinking water may be a potential source of lead exposure. This is being done even though the Friona Municipal water system is not in violation of the current standard. There are also other potential sources of lead contamination in the environment.

The United States Environmental Protection Agency (EPA) sets drinking water standard and has determined that lead is a health concern at certain levels of exposure. There is currently a standard of 0.050 parts per million (ppm). Based on new health information, EPA is likely to lower this standard significantly.

Part of the purpose of this notice is to inform you of the potential adverse health effects of lead. This is being done even though your water may not be in violation of the current standard.

EPA and others are concerned about lead in drinking water. Too much lead in the human body can cause serious damage to the brain, kidneys, nervous system, and red blood cells. The greatest risk, even with short-term exposure, is to young children and pregnant women.

Lead levels in your drinking water are likely to be highest:
1. If your home or water system had lead pipes, or
2. If your home has copper pipes with lead solder, or
3. If the home is less than five years old, or
4. If you have soft or acicid water, or
5. If water sits in the pipes for several hours.

Ways to avoid potential lead exposure are to "flush" faucets before use and to use cold water for drinking and cooking. You may wish to have your home tap water tested for lead content by a competent laboratory. You may also wish to check to see if lead pipes, solder, or flux were used in your home plumbing.

Additional information on this subject can be obtained at Friona City Hall, 623 Main, Friona, Texas, 247-2761.

Industrial Students In State Contest

Once again, the students who are enrolled in Industrial Arts courses and participated in the regional and state industrial arts competition have done our school and community proud.

The regional competition was held April 29 and 30 at West Texas State University. Kenneth Smith, Cody Bracken, Cody Burney, Brad Harguess, Dempsey Jordan, Ben Osborn, David Rejino and Steven Smith participated in this competition and all qualified for state. The results at regional were seven firsts, six seconds and two thirds.

The state competition was held May 6 and 7 at Waco. All the students mentioned above placed in the competition bringing home six firsts, four seconds and one third. All these young men should be congratulated for their outstanding accomplishments.

STATE QUALIFIERS....Eight members of the FHS Industrial Arts class participated at the state meet in Waco. In the back, l-r, are Steven Smith, Brad Harguess, Cody Bracken, Ben Osborn and Cody Burney. Seated are David Rejino, Dempsey Jordan and Kenneth Smith.

Reception Honors Book Publisher

A reception from 2-4 p.m. Sunday, May 22 in the Community Room of Friona State Bank was a courtesy for Mildred May, who recently had a book of poems, "Whispering Leaves" published.

The serving table was covered with an ivory lace cloth over pink, which had been hand made by one of the honoree's late husband's aunts and given to the couple for a wedding gift more than sixty years ago.

The centerpiece was adorned with two pink roses on a hexagon shaped mirror surrounded by an old jewelry box in which a string of pearls and a locket, which had been gifts from the honoree's late husband, Hardy May, before the couple's wedding and as a Golden Anniversary gift, had been placed. An heirloom silk handkerchief completed the arrangement.

A silver punch service completed the table decorations. Pineapple sherbet punch, finger sandwiches and mints were served by the hostesses.

The registration table, which was covered with a hand made cloth, crocheted by the honoree's sister, the late Beulah Jarrell, and centered with a bouquet of pink roses interspersed with baby's breath, was a gift from Ilene Osborn.

The autograph table was covered with a linen cutwork cloth and centered with a bouquet of spring flowers. A late photograph of the author and one that was made when she was a teenager were displayed.

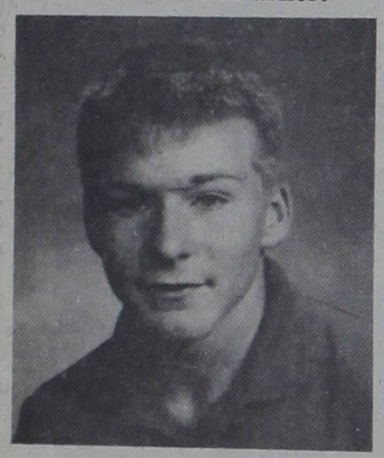

Hostesses were Patsy Bandy, Betty Jarboe, Joy Graham, Frankie Wilcox, Joyce Broyles, Lavelle Lillard, Loretta Hand, Margaret Duggins, Sue Procter, Linda May, Kathi Miller, Dana Burton and Nelda Miller.

Out-of-town guests attending the reception were Adolph Shotts of Broken Arrow, Oklahoma; Berniece Southerland, Mr. and Mrs. R.D. Dolcater of Amarillo; Mike Davidson, of Clovis; Betty Mabry of Lubbock; Hal Blackburn of Carlsbad, New Mexico; Sarah Geries of Canyon.

Also, Kim Glorioso and Pam Campbell of Trinidad, Colorado; Mr. and Mrs. Charles Sanders of Clovis; Mrs. Doug Whatley of Plainview; Mr. and Mrs. Arlen May of Duncan, Oklahoma; Mr. and Mrs. Curt Miller and Jacob of Andrews; Mr. and Mrs. Kendell Burton and Ellen of Wolfforth.

MIMIKA HONORED...Mimika Papakosta, FHS exchange student from Greece, (left), was honored at an ice cream social Sunday evening at the First United Methodist Church. Also shown are Sharon White, of the host family, and pastor Archie Echols.

KIRK JESKO

Jesko Is Honored

The United States Achievement Academy announced this week that Kirk Jesko has been named a United States National Award winner in industrial arts.

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than ten per cent of all American high school students.

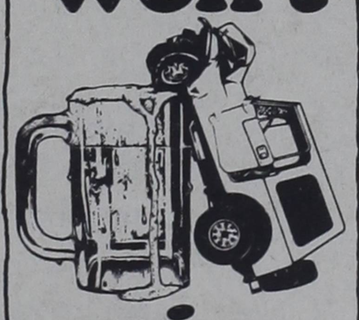

Kirk, who attends Lazbuddie Junior High School, was nominated for this national award by his teacher, Mark Scisson. His picture will appear in the United States Achievement Academy Official Yearbook, published nationally.

"Recognizing and supporting our youth is more important than ever before in America's history. Certainly, United States Achievement Academy award winners should be congratulated and appreciated for their dedication to excellence and achievement," said Dr. George Stevens, Executive Director of the United States Achievement Academy.

The Academy selects USAA winners upon the exclusive recommendation of teachers, coaches, counselors or other school sponsors and upon the Standards of Selection set forth by the Academy. The criteria for selection are a student's academic performance, interest and aptitude, leadership qualities, responsibility, enthusiasm, motivation to learn and improve, citizenship, attitude, and cooperative spirit, dependability, and recommendation from a teacher or director.

Kirk is the son of Wayne and Liz Jesko. His grandparents are John and Virginia Drager of Texico, New Mexico and the late Alex and Lucy Jesko of the Lazbuddie community.

FHS Senior Wins SPC Scholarship

SHELLY SALYER

Shelly Salyer, May graduate of Friona High School, has been selected to receive a $2,000 Smallwood Scholarship at South Plains College in Levelland, Texas, for the 1988 fall semester, SPC officials announced this week.

Miss Salyer, daughter of Mr. and Mrs. Glen Salyer of Friona, is among 57 South Plains and West Texas graduating seniors who have been selected to receive South Plains College's most prestigious freshman scholarship award. It is the largest number of incoming college freshmen at SPC ever to be named to receive the scholarship award.

"We feel this group of young men and women represent the very best of those college-bound seniors who are graduating from our area high schools this spring," said Dr. Marvin L. Baker, president of South Plains College. "They have shown themselves to be scholars and leaders in their respective high schools and we are proud to name them Smallwood Scholars at South Plains College."

An honors graduate, Miss Salyer has been active in 4-H, receiving the Gold Star Award and 4-H Danforth Award. She has been named to Who's Who Among American High School Students and to the U.S. Leadership Achievement Academy. She has been a member of DECA, FTA, FFA and the National Honor Society. She plans to study nursing in college.

The Smallwood Scholarship is a $2,000 award which is dispensed in amounts of $500 per semester for the student's two years at South Plains College. Recipients are selected from a pool of scholarship applications by the SPC Scholars Committee comprised of college faculty and administrators. Recommenations are sent to the college president and to the trustees of the Smallwood Estate for approval.

The scholarship was established by the late John L. and Vergie Belle Smallwood, who were active community and church leaders in Levelland. The Smallwoods had no children, but they knew the value of a college education and helped a number of young people attend college.

To be eligible to receive a Smallwood Scholarship, candidates must make application for the award and graduate in the upper fifty per cent of their high school class. Selection is based on academic potential, scholastic achievement and leadership potential.

An investment in Your Future

...ATTEND CHURCH

"For where your treasure is, there will your heart be also"

GREEN THUMB

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

GREEN THUMB . . . is the way of describing those that have a way with plant life. The ones, who are so gifted, will tell you that to be successful with plants, you must see that they have plenty of water. God knows too, that a soul must be watered in order for it to mature and grow.

". . . and thou shalt be like a watered garden, and like a spring of water, whose waters fail not." Isaiah 58 :11

When classes resume in Friona this fall, it will be the first time in 38 years that Richard and Lillie Mae Perkins have not had one or more children attending school here.

Their oldest son, James, who was a member of the 1960 graduating class, started to school here in 1950. Since that time the other children, Bobby, Billy, Linda, Anita, Angela and Alisa, who is a member of the current graduating class, have attended school here.

Later in the afternoon, the Weatherleys met Randy's mother, Owanna Weatherley of Celeste, Texas, and Della Weatherley, who lives at Caddo Mills, Texas, at the Lubbock Airport.

These two are guests in Randy's and Kassie's home.

Out-of-town visitors in the Floyd home this week have been Mr. and Mrs. Neal R. Jones, who live in Stockton, California. Jones, a former Castro County resident, was a neighbor of my family when we first moved to the Texas Panhandle back in 1930.

On Tuesday, I accompanied this couple to Dimmitt, Hart and the Mulkey Community, where we lived 58 years ago. It was a fun day and we noted many, many changes since the time we lived in that community.

One of the biggest changes is the addition of high line poles in the fields and pastures. Back in the early thirties, there was no electricity in the rural areas of this country and the trees, which were mere sapplings at that time, have grown into large trees.

We visited in the homes of Mrs. L.J. Rice and son, Scott, in Hart and Mrs. G.I. Clingingsmith in Dimmitt.

Carolyn Trimmell spent the weekend visiting in the home of her parents, Elvin and Wilma Johnston, who live at Kingston, Oklahoma, and attended a bridal shower for Dana Lambert of Madill, Oklahoma.

Dana is the bride-elect of Kevin Trimmell, who is Carolyn's and Roy's son.

The Johnstons, formerly of Friona, came home with Carolyn and plan to be here through the weekend so they can attend Friona High School's graduation. One of the Trimmell's sons, Glen, is a member of the graduating class.

Terri, Ben and Katie Welch of Carlsbad, New Mexio, were accompanied to Friona last weekend by Terri's sister, Debbie, who also lives there.

These four were guests in the home of Mr. and Mrs. Nelson Welch. The Welch family moved from here to Carlsbad several years ago.

The reception in the Community Room of Friona State Bank honoring Mildred May, who recently had a book of poems, "Whispering Leaves" published, was one of the prettiest affairs of the season.

Several old homemade table cloths were used and the decorations included items of jewelry, which dated back to the honoree's girlhood days, added interest to the decorations.

Having both her children and their spouses, Arlen and Linda May of Duncan, Oklahoma, and Stan and Nelda Benge of Friona; and two of her five grandchildren with their spouses and children, Dana and Kendell Burton and daughter, Ellen, who live at Wolfforth, Texas and Curt and Kathi Miller and son, Jacob of Andrews, Texas, present really wasn't a surprise to her, but having a nephew Adolph Schotts, who lives at Broken Arrow, Oklahoma, walk in unexpectedly was somewhat of a shock.

Another nephew, Sterling Graham, and his wife, Joy, and their son, daughter-in-law and granddaughter, Ky, Lanis and Kyla Ann, who live here. completed the list of relatives present.

Teresa Wilcox, Rodney Allen United In Church Ceremony

Teresa Wilcox of Hereford and Rodney Allen of Friona exchanged wedding vows Saturday, May 21 at 6:30 p.m. in the Sixth Street Church of Christ.

Hal Blackburn of Fox and Lake Church of Christ in Carlsbad, New Mexico, performed the wedding ceremony.

The bride is the daughter of Roger and Betty Wilcox of Hereford.

The bridegroom is the son of Frankie and Oneida Allen of Friona.

The altar was decorated with two heart-shaped candleabras entwined with English ivy accented with a peach bow and two nine-branch candleabras entwined with English ivy.

Wedding selections were presented by the Sixth Street Church of Christ Singers. They sang "The Wedding Song," "Follow Me," "God, A Woman, And A Man," "Wedding March," and "To Me."

As the bride was presented in marriage by her father, she wore a formal length white taffeta gown. The gown featured a "v" neckline, leg of mutton sleeves, a fitted bodice of ordained schiffli lace and pearls, a low back, and dropped waistline. The slightly gathered skirt of matching lace fell into a soft chapel length train, finished with scalloped lace encrusted trim around the border of the skirt and train.

She wore a fitted headpiece with veil accented with pearls, pearl drop necklace with pearl earrings and studs.

She carried a cascade bouquet of silk white freesia, peach roses and baby's breath. Two pearl hearts were centered in the bouquet holding two pennies minted in the years of the birth of the bride and groom. The bouquet was adorned with picardy satin and lace ribbon tied in love knots.

Mrs. Rick Dunham of San Antonio served her sister as matron of honor. Bridesmaids were Mrs. Tracy Straughan of Amarillo and Stephanie Wilcox of Hereford, sister of the bride.

The feminine attendants wore peach embossed taffeta tea length dresses with puffed sleeves, dropped fitted waistlines with lace trim around the necklines, and carried brandy sniffers with peach flowers centered with a votive candle.

Eddie Allen of Canyon served his brother as best man. Groomsmen were Brian Edelmon of Lubbock and Kip Frye of Canyon. Serving as ushers were Rick Dunham of San Antonio and Steven Smith of Austin.

V'Laura Wilcox of Friona, daughter of Terry and Varla Wilcox, served as flower girl. She is a cousin of the bride.

Kyle Campbell of Gunnison, Colorado, cousin of the bride, was the ring bearer. He is the son of Mark and Pam Campbell.

Mrs. Steven Smith of Austin registered the wedding guests.

The reception was held in the church kitchen.

The three-tiered wedding cake was surrounded by four heart-shaped cakes accented with peach flowers. Mrs. Terry Wilcox and Shannel Woodard, both of Friona, and Stephanie Miller of Decatur, Texas, served the wedding cake.

Punch was served by Mrs. Jarod Standlee of Abilene and Mrs. Andy Fleming of Lubbock. Mrs. Charlie Glorioso of Trinidad, Colorado served coffee.

For a wedding trip to Disneyland in California, the bride chose a blue dropped waist tea length dress with a white lace collar.

The couple will make their home in Canyon after May 26.

Out-of-town guests were Ray Ridenour, grandfather of the bride, Mr. and Mrs. Dillard Collins, Clayton Ridenour family, and Ruby Cusick, all from Oklahoma; and Minnie Glasscock of Albuquerque, New Mexico.
