Johntown Youth Drowns Friday In Cotten Pool

Glyn Alvin Mauldin, 15, son of Mr. and Mrs. Ocie Mauldin of Johntown, drowned in a pool in the Cotten pasture at Johntown about 4:30 Friday afternoon. He and several other boys had gone there to swim. Young Mauldin who was unable to swim, waded into water over his head and his companions, unable to rescue him, called to Wesley Askins who was seining for minnows nearby and Mr. Askins came to the rescue, but his efforts were unsuccessful and he came near losing his own life in the attempt.

Artificial respiration was given when the body was recovered, but young Mauldin was pronounced dead upon the arrival of a doctor.

Glyn Alvin was born at McCrury, Oct. 17, 1932, and is survived by his parents and two grandmothers, Mrs. Nettie Thomas of Johntown, and Mrs. N. D. Mauldin of Bogata, and a host of other relatives and friends who are saddened by the tragedy of his death.

Funeral services were conducted at the Johntown Baptist Church Sunday afternoon at 2:30 by the Rev. Curtis Hoover, with burial at Bogata Cemetery.

Votes Extension Price Supports Farm Products

WASHINGTON. — The House Saturday voted extension of price supports for farm products to June 30, 1950 and sent the bill to the Senate.

The legislation is intended as a stop-gap until Congress is able to work out a permanent long-range agricultural program.

Present supports on farm commodities would end Dec. 31.

The House extension bill carries on present supports for the basic commodities at 90 per cent of parity, except that cotton is cut from 92½ per cent to 90 per cent. The basic commodities are cotton, wheat, corn, tobacco, rice and peanuts.

R. C. Henderson of Dallas, accompanied by Miss Gloria Suggs, spent the week end with his parents, Mr. and Mrs. R. A. Henderson.

Oilers Win Over Tomics 7-3 at Talco Park

By CLAUDE PARR

Talco Oilers, under the stock work of Westbrook, Jones, Carter and Cato, swamped the Red River Ordnance Tomics 7 to 3 Sunday at Oiler Park.

The Oilers led off with Sikes' double, followed by Westbrook, who reached first on a fielder's choice. Westbrook and Sikes scored on a double by Jones, who in turn was scored on a single by Cato.

The Oilers came back heavy in the third when Westbrook singled to right; Parish singled to left, and they both were scored on a double by Jones. Carter singled to right, but was thrown out on second. Cato singled to right, Auld reached first by a walk; Jones scored on a fielder's choice.

R. R. O. also scored in the third when Sullivan took a double and scored on a fielder's choice.

The Tomics also scored two in the 6th on a walk and a hit.

Scoring by pitchers:

Johnston gave up 5 hits, 2 walks; took 6 strike-outs.

Strawn gave up 8 hits, 2 walks; took 1 strike-out.

Kight gave up 1 hit, 3 walks; took 2 strike-outs.

Federal Spending Is Bankrupting This Nation

Says Curtis Morris, financial expert of the East Texas Chamber of Commerce:

A notable speech by Virginia's Democratic Senator Byrd in debate May 20, should be required reading for all voters. The Congress, Republican controlled, has not reduced Federal spending. You can recall perhaps that a year ago the House by resolution said the President's budget for fiscal '48 should be cut by $6.0 billions. The Senate by resolution put the contemplated cut at $4.5 billions. When the books are closed for this fiscal year in about six weeks the actual savings will be perhaps $0.5 billions.

Senator Byrd sometime back got headlines when he predicted early annual Federal budgets of $50.0 billions. Last week the careful Senator presented well-documented estimates covering the next three years' expenditures: for fiscal '49, $43.5 billions; for fiscal '50, $47.5 billions, and for fiscal '51, $49.3 billions.

To cover such colossal spending Senator Byrd in the same speech marshaled his figures to show either additional taxes, or new borrowings: for fiscal 1949, at least $0.9 billions; for fiscal 1950 at least $7.0 billions; and for fiscal 1951, at about $10.0 billions. The Senator has based his estimates on the hope that national income would continue at $200.0 billions a year! Now are you convinced that Federal spending is getting out of hand?

U. S. Employees Up to 650 a Day In Last Motnh

The number of civilian employees of the Federal Government increased at the rate of 650 a day during April, Sen. Harry F. Byrd (Dem.) of Virginia reported.

Byrd, in a report for the joint committee on the reduction of non-essential federal expenditures, said 19,559 persons were hired during the month, bringing civilian employment to 2,050,420.

New civilian employees of the national military establishment accounted for 7,666 of the April increase, the post office for 6,447, agriculture for 3,710, interior for 1,876 and the new Economic Cooperation Administration for 113.

The War Assets Administration dismissed 1,537 employees, Veterans' Administration 693, Federal Works Agency 218, Panama Canal 257, RFC 131.

Mrs. A. V. Flanagan and Miss Merle Flanagan visited Mrs. Flanagan's daughter, Mrs. James Shields and family in Commerce and her grandchildren, Connie and Ronnie Holloway in Wolfe City durig the week end.

Five Oilers Hit Above .300

By CLAUDE PARR

After the 8th League game, the Talco Oilers have come to a very good margin of hitting. Five are hitting over .300; one over .400 and one over .500. Only three men are below the .200 mark.

Titus Dairymen Buy Holsteins

L. D. Harris and Conly Hess went with County Agent A. H. Karcher to Red River County last week and bought three Holstein cows. The cows were Grade Holsteins belonging to H. F. Bandemer, who lives five miles east of Clarksville. They were high-priced, but Hess and Harris would like to have a few Holstein cows to increase milk production and to breed with a Jersey bull. There are very few Holsteins in Titus County and this may be the beginning of more of his dairy type.

Quite a few dairymen have been buying good Jersey bulls lately. Some of these men are Floyd Benton, Ray Stanley, L. D. Harris, and the Hess Dairy.

Ray Stanley also bought a Hereford bull from the Glover Hereford Ranch at Bogata. This animal is of the Compressed breeding and is sure to do a lot for Mr. Stanley's beef production.

A daughter, named Marion Deanne, was born June 9 at the Grant Hospital in Deport to Mr. and Mrs. Harold Boyd of Talco.

A 35-pound catfish was caught recently by D. J. Smelley and his daughter, Juanita, as they were trot-line fishing in Sulphur river.

New Methodist Pastor Begins Ministry Sunday

Rev. C. D. King Jr., new pastor of the Methodist Church in Talco, delivered the opening sermon of his ministry here Sunday to a large and appreciative number of Talco people. He and Mrs. King arrived Wednesday of last week from Leonard, where he was pastor of the church.

Rev. King is a native Texan, being born and reared in Tarrant County. He is a graduate from the University of Texas law school and received his academic work there. He later attended SMU, Dallas, and it was here he received his theological training. Prior to his entry into the ministry, he was county attorney of Armstrong County. In the ministry for 28 years, Mr. King served his first church at Brookston in Lamar County. Among churches he has served in this area are Dallas, Clarksville and Winnsboro.

Mr. King was married 40 years ago to Miss Addie Lucile Hill of Moody, daughter of the late Rev. and Mrs. D. M. Hill, a Methodist preacher and school teacher. She attended the University of Texas prior to her marriage. They have two daughters, Mrs. B. H. Gregg of Jacksboro and Miss Margaret King, employed in Dallas, and one granddaughter, Margaret Sue Gregg.

Rev. King expressed himself as favorably impressed with Talco people and the nice reception given him and Mrs. King since their arrival in Talco.

MOUNT PLEASANT COUPLE MARRIED SIXTY YEARS

Mr. and Mrs. Charles Oscar Lide, Mount Pleasant, celebrated their wedding anniversary Sunday, June 13. They were married sixty years ago in Edwardsville, Ill.

Lide was a merchant for many years in Mount Pleasant, retiring a few years ago.

Mr. and Mrs. Jim Price have returned from their vacation.

Finish Dirt Work Sulphur Bluff To Near Talco

Dirt work, bridges and culverts on the Farm-to-Market highway from Sulphur Bluff in Northern Hopkins County, eastward across Franklin to the Titus County line, a mile and a half west of Talco, have been completed and foundation sand is now being spread on the roadbed from Sulphur Bluff to Hagansport, according to B. L. Gieger, mail carrier on Talco R1.

This work is being done by the State Highway Department, and many trucks are now engaged on the sand-hauling job.

A great mountain of gravel is piled up near the Talco railroad depot to be used in the topping treatment on the road.

Byars, Peveto to Drill Near Como

B. G. Byars and R. L. Peveto, Tyler, have made definite plans for a Paluxy exploration in the area west of the Como field where production has been established in the Eagleford. The 6,300-foot test is to be No. 1 William D. Kennedy, on a 75-acre tract in the Nacogdoches University survey. Footage has not been checked.

Misses Bettie Sue and Creda Baxley of Little Rock, Ark., returned home Thursday after visiting their uncle, A. R. Cole and family.

Tomato Market Open Wednesday At Bogata

Alexander Market Co. of San Benito, has opened a green wrap tomato market in the cotton warehouse at Bogata with D. E. Harrell in charge. The company will buy tomatoes brought there. It formerly operated in Bogata a dozen years ago, until farmers got excited over oil at Talco and quit growing them.

M. B. Trimm, Bogata agriculture teacher, estimates there are about 275 acres planted to tomatoes this year, and those brought in by growers Tuesday and Wednesday were of good size.

Hail destroyed about seven acres of the crop two weeks ago, when it cut a path a mile wide and several long north and east of Bogata.

TWO TALCO STUDENTS MAKE HONOR ROLL

Two Talco students are among 192 on the dean's list at East Texas State Teachers College for scholastic accomplishments last semester.

A student, to be listed on the dean's record, must take at least 15 semester hours of college work. Grades are evaluated with three points for an "A," two for a "B," and one for a "C."

Talco students are: George Warren Barrow, son of Mr. and Mrs. Warren Barrow, Rt. 2; Billy Holmes, son of Mr. and Mrs. W. L. Holmes, Rt. 1.

Formal obituaries, cards of thanks, resolutions of respect and poems are published at regular advertising rates.

Member TEXAS PRESS ASSOCIATION

With 134 cases of polio reported this year, Houston is calling upon experts to tell them what else to do to combat the disease. DDT is being sprayed everywhere. With warm weather here, the disease is moving northward and cities and towns are conducting cleanup campaigns to prevent spread of polio.

Most of the work on a newspaper is pleasant, but there are times when it is a big headache in trying to report the news fairly. A newspaper does not make the news — it just prints what happens. There are times when it would like to leave out something of a distasteful nature, but a newspaper is not a newspaper if it suppresses the news.

Years ago Ford's engineers were endeavoring to get Henry to paint his model T's in various colors. "Paint 'em any color just so it is black," said the automobile kingfish. The new Ford which goes on display Friday may be had in any choice of ten colors. Still, a lot of mail carriers would give their eye teeth for a new Model A.

2,4-D Will Kill Rosin Weed

About 8 weeks ago County Agent A. H. Karcher sprayed rosin weed and bull nettle and other pasture pests with 2, 4-D. To date, both plants have been killed and have failed to come back from the root. From this and other reports, it is believed that 2,4-D will definitely control both of these plants. Raymond Brown is mowing his pasture this week and will spray it for rosin weed when the plants show new growth. A field day will be held on July 6 at 2 p. m. in Latson Heights to observe a 2,4-D demonstration and study the results of spraying done on June 10.

Titus County Bull Wins at Mt. Vernon

Jessie Ramsey's Jersey bull, "Rose Lad," won the junior champaion at the Mt. Vernon dairy show. Jessie is a student in Alvin Lain's Monticello Veterans Agricultural class. Ramsey is in the Grade A dairy business and showed his interest in making a real dairy herd by owning a bull like this one. The bull was bred by Raymond Brown, registered Jersey breeder.

EDITORIALLY SPEAKING

BURT LOCKHART
in Pittsburg Gazette

Man has licked everything in the universe except himself.

Straws may show which way the political winds blow, but straws don't vote.

Blessed are those who don't expect from the government more than they get from it.

Following the leader is commendable as long as the leader represents something worth following.

Most of us would be more enthusiastic about reaching the top if only we could find room on an escalator.

Someone has observed that it's a sign of prosperity when a man's pants bag at his pockets instead of the knees.

Our reader up the street in announcing a new arrival at his home says his house is now heir-conditioned.

In view of the mess the world is in today, are we to assume that Mr. Average Man is not keeping up his average?

If Miss Fortune ever knocks at our door we hope there will be some way of knowing whether it is the dame or the bill collector.

Many a fellow wastes a lot of time looking for an opportunity on Easy street. He would come nearer find it on Hard Way street.

The cause of so many highway accidents may be traced to our anxiety to get somewhere in a hurry, only to hurry back to the starting point.

Most of the good radio programs are going off the air for the summer. Some of the other kind should not wait until summer.

Fifty-two years ago last Monday the first movie kiss was filmed. The kiss has gone a long way since then in technique, but the old fashioned article still smacks of popularity.

The New York blond who advertised for a husband with $10,000 has received sixteen replies to her advertisement. Since she admits she doesn't believe in love and that all she wants is "money, money, money," the guy who pulls the cork under may eventually realize that he is a caught sucker.

HAGANSPORT

By MRS. E. W. BURKS

By MRS. E. W. BURKS

Douglas Pennington left last last Monday for Kansas City, Mo., to work and to stay with his brother, Ernest, who is in school there.

Buddy Burks and family of Talco, E. W. Burks and family spent Sunday with their sister and daughter, Mrs. C. W. Watts, and Mr. Watts at Miller Grove. Sally Ann remained for a longer visit with her mother.

Hershal Kelley of Dickerson, came Sunday to move his sister, Mrs. Louie Craft and family down south, where they will make their home.

Gill Cannon is visiting his sister, Mrs. Willie Ramsey, at Caddo Mills.

A quilt will be sold at Lake Chapel Church at Lakeview Saturday night. The money will be for seats for the card class.

Those who spent Sunday with Luther Cannon and family were Mr. and Mrs. Howard Cooper and family of Rugby, Mrs. Bullard and children of Lakeview and M. L. Brown of Bogata. Afternoon visitors were Mrs. Drake, Mr. and Mrs. Bun Stretcher of Hamilton and Mr. and Mrs. R. D. Crowston and children.

Insects Damaging Cotton Crop, Says County Agent

Fleahoppers are doing considerable damage to cotton, says Lamar County Agent Trew. Some of the older cotton that is beginning to try to put on squares is suffering from heavy fleahopper damage.

The fleahopper is not hard to control. Two applications at the rate of 10 pounds per acre, 7 to 10 days apart, of 5% DDT containing 75% sulphur will do a good job of knocking out an ordinary infestation. The old standby, sulphur, will kill the young fleahoppers but not the adults.

To determine the amount of fleahopper infestation one must make a count. To do this, walk a few yards out from the corner of the cotton field and examine the terminal buds of about 33 plants, looking for the hoppers; go to the middle of the field and examine about 34 more plants; then go to the opposite corner and examine another 33 plants. If 25 or more fleahoppers are found on the 100 plants, then they are doing enough damage to justify poisoning.

In some fields, the boll weevils are sitting on the plants waiting for squares to form. A combination poison that will kill both fleahoppers and boll weevils is 10 pounds per acre of a dust containing 3% gamma benzene hexachloride, 5% DDT and 40% sulphur. The material should be applied at 7 to 10 day intervals until satisfactory control is obtained. The same amount per acre of 20% toxaphene will do the same job.

Mercury Climbs Above 100 Mark

Summer does not officially begin until Monday, June 21, however, old Sol has been on the job as summertime weather has prevailed in this area for several days. The mercury has reached above the 100 mark for three days and the record high for the year was reached Tuesday when thermometers registered 104 degrees. Thunder clouds appeared Wednesday afternoon giving some relief to the heat.

Farmers are well up with their work and prospects are good for a bumper crop.

Conditions will be looking normal again when used cars are cheaper than new ones.

Gander's Life Is Happy One

AUSTIN. — Texas Game and Fish credits this wildlife essay to an unnamed Texas school child:

"Geese is a low heavy bird which is most meat and feathers. Geese can't sing much on account of the dampness of the water. He ain't got no between-his-toes and he's got a little balloon in his stummick to keep from sinking.

"Some geese when they are big has curls on their tails and is called ganders. Ganders don't have to sit and hatch, but just eat and loaf around and go swimming.

"If I was a geese I'd rather be a gander."

APPETIZING DISH

The other day, a lady we've heard from had occasion to buy her dog, a setter of keen sensibility, a new feeding bowl, and on the urgent recommendation of a sales clerk chose one made of chaste white plastic. The excellence of her choice was rather overwhelmingly confirmed that evening when she gave the dog his supper. He attacked his food with good appetite and, when he had finished it, ate the bowl as well. It doesn't seem to have done him any harm.

New 1949 Ford Goes on Display Friday, June 18

The new 1949 model Ford will be on display Friday and you would never know that she is the great granddaughter of old tin lizzie,

The car is lighter, lower, longer and more expensive than old models. Interior and exterior color is imaginative, but there is a marked reduction in the use of flashy chrome finishing inside and out that characterized so many post-war automobile models.

Henry Ford spent $37,400,000 on tools to make the car, and it required more than a year.

What strikes the eye immediately is the styling. The silhouette is unbroken from the blunt nose to the fenderless rear. A balance was achieved by moving the body forward five inches to cradle it between the wheels.

Mechanical improvements are stressed by Ford engineers who made scores of changes such as rubber engine mountings to reduce vibration, a 10 per cent increase in gasoline mileage in normal operation and a 25 per cent improvement with the optional engine overdrive.

The style change is emphasized by the large windshield and windows, a maximum of 20 square feet of glass. Color choice is wide and vivid in label—Bayview blue metallic, birch gray, sea mist green, Arabian green, colony blue, gun metal gray metallic, midland maroon metallic, black, fez red and Miami cream. Interior fabric also departs from tradition with a gray tweed mixture with a blue stripe, green stripe broadcloth, or mohair in a green and maroon stripe and a green and gray stripe.

Prices of $1,113 to $1,980 are 8.7 per cent higher than current models.

For the mechanically minded, here are a few specifications of the new 1949 model with 1948 comparisons in parenthesis:

Wheelbase 114 inches (114), overall length 196.75 inches (196.08), weight 3,175 pounds (3414), maximum width 71.7 inches (73.2'), height 62.75 inches (66.15), V-8 engine displacement 239 cubic inches (239), six-cylinder displacement 226 cubic inches (226) V-8 horsepower 100 (100), six-cylinder horsepower 95 (90), brakes hydraulic (hydraulic), tire size 6.00 x 16 (6.00 x 16).

Health Officer's Warning Against Typhoid Fever

AUSTIN. — A warning against the hitch-hiking germ of typhoid fever has just been issued by Dr. Geo. W. Cox, State Health Officer. They must catch a ride from an infected preson to the well person; this is generally accomplished by water, milk, flies, fingers, or food. Every case is contracted by way of the mouth and digestive system.

Typhoid fever is unnecessary and preventable. Every case is due either to community negligence or to the ignorance or carelessness of some individual. Persons planning a vacation or trip where sanitation may not be rigidly enforced should protect themselves against this disease by being vaccinated. Inoculation with typhoid vaccine, a week apart, is all that is necessary to secure protection against this disease for two years. The purity of water, milk, or food cannot be judged by looking at it so the best thing to do is to play safe and have your physician protect you.

A carrier is a person who has had typhoid fever at some time and who even after recovery carries the germs of the disease in the urine and discharge of the bowels. Carriers who are careless in their personal habits are likely to infect any food they handle with unwashed hands. Some of the most serious and far-reaching outbreaks of the disease have been caused by drinking milk or eating foods that have been handled by carriers. Persons may be carriers without knowing it.

Last year, 2,600 persons were killed and 96,000 injured in U. S. traffic accidents as a result of driving on the wrong side of the road. Drive right!

WHY HE WISHED HIM THERE

Brother James, member of a backwoods church, was so argumentative and headstrong that he was always causing trouble. One night at prayer meeting, a member said:

"Brethren and sisters, I wish Brother James was in h—."

"I'm shocked at such a wish."

"Well," the member explained. "I figger if Brother James was in h—, he'd have it busted up in six months."

MUSIC WITHOUT TEARS

At the dancing school, little Johnnie was performing in his usual carefree manner—jumping around on the dance floor in a series of wild and irregular gyrations which bore no relation whatever to the music which was being played.

"Johnnie," called out the teacher, "don't you hear the piano?"

"Yes," came the olerant rejoinder, "I hear it—but it doesn't bother me any."

Spanish Students Back Home After School Bus Journey to Mexico City

A school bus pulled away from Talco High School at 5 o'clock in the morning of May 22. It carried a party of 20, including 13 pupils, four teachers, a dietician and two drivers, enroute to Mexico City. Mrs. Lucille Perkins, Spanish teacher at the high school, sponsored the jaunt.

"Every minute seemed crammed with exciting adventures," one pupil said after the party got back home about 6 o'clock June 5—just 15 days from the time they left, and after having covered 3,000 miles.

Mrs. Perkins proposed the trip to increase interest in Spanish courses at the school. Students soon got the fever and started raising money for the project. They sponsored a movie and sold candy, cold drinks and magazine subscriptions—netting a total of $155. Each person was expected to ante up $50 more, but actually only $40 each was spent and everyone got a $10 refund.

"We saw everything," was a common expression from the tourists, and apparently they just about did just that. Before they got to Mexico the group visited their own state capital in Austin. In San Antonio they went to the historic Alamo and the famed Sunken Gardens in Brackenridge Park.

Overnight stops going down were made at Austin and Laredo, Texas; and in Monterrey, Victoria and Tamazunchale, Mexico. They spent three days in the City of Mexico, where they visited many famed and historic places, including the National Palace, the Palace of Arts, The Shrine of Guadalupe, the Pyramid of the Sun, the Citadel, floating gardens, the great Cathedral of Mexico, Chapultapec Castle and others. And, of course, they took in the traditional Sunday afternoon bull fights.

While it all was just a larke and now seems like a dream to the youthful Texans, weeks of work and planning went into making the adventure such a success. Mrs. Perkins left nothing to chance. Reservations for each night were made several days in advance. She was already familiar with Mexico as she studied at the University of Mexico in the summer of 1945 before joining the Talco faculty in 1946. Also, her sister, Mrs. Francisco Valdes, now lives in the City of Mexico, and she and her husband assisted in every way possible.

Senor Valdes is a government official in the Mexican capital. He sent his friend, Benjamin Azeas, to meet the party in Laredo, check their papers and assist them in crossing the border.

Something else which proved of invaluable assistance in making the trip such a success was the "home-cooked" meals supervised by the school's dietician, Mrs. Kathryn Wimbish. Even in Mexico City, Mrs. Wimbish supervised preparing of meals in Mrs. Valdes' kitchen and the whole party ate in the Valdes dining room. This system not only cut down on illness but also shaved quite a bit off expenses.

But all the fun was not in Old Mexico. Returning home, the first night in Texas was spent at Corpus Christi. The whole party went to a big carnival there where they were given free rides for school children. The next morning they went swimming in the Gulf. A guide conducted them on a tour of the city and then—to top it all off—they had lunch aboard a yacht.

Students on the trip were Jo Ann Byrd, Bonnye Worden, Patty Reed, Bette Smith, Fredda Swope, Patricia Hammond, Earlene Lee, Mary K. Wimbish, Faye Cox, Eugene Davis, Delois Horn, Lynn David Hughes and Forrest Wimbish.

Adults on the trip, besides Mrs. Parkins and Mrs. Wimbish, included Miss Merl Flanagan, Miss Nadine McClung and Miss Martha Kunkel, teachers in Talco High, and James Watts and Jim Pirtle, bus drivers.

Truman's trip west is supposed to be non-political, but the president makes a political speech at every stop, just the same, to let them know he is on the receiving line for votes.

Those were the "good old days" when schools had no cafeterias nor school buses and pupils had to walk two miles to school and carry their lunch in a tin bucket.

Last year, 33 per cent of all persons killled on America's streets and highways were pedestrians. Watch while you walk!

College is the land of the midnight sons.

ELECT

James P. Hart

of Travis County

Associate Justice • Supreme Court of Texas

Judge Hart was appointed to the Court Oct. 1, 1947 . . . is now seeking his first elective term.

We Want You to Know JUDGE BOYET STEVENS

He is a candidate for District Judge of the 76th Judicial District, composed of Franklin, Titus, Camp, Marion, and Morris Counties.

He is qualified for the office he seeks—has been practicing law since 1933.

He served as County Judge of Morris County for two terms, 1939-43, and did not seek a third term.

Before his enlistment in the United States Navy he was employed as an attorney by the United States Department of Justice.

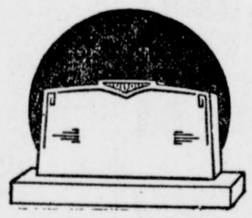
He is the only Veteran seeking this office, having served as an enlisted man in the Navy from 1943 to 1945—18 months of which was sea duty.

Your Vote and Influence for

BOYET STEVENS FOR DISTRICT JUDGE

Will Be Appreciated

(Political Adv. paid for by friends of Boyet Stevens)



A Vital Part of

YOUR FAMILY ESTATE

The family memorial is an essential part of your family estate. It is a most permanent possession, a most durable heirloom. It is an investment which, once made, becomes an inheritance for generation after generation and pays the splendid dividend of family pride and remembrance.

As you build your family estate, consider a memorial as a vital part of it. We will be happy to consult with you—to help in the planning—and, if you wish, to build a monument you will be proud of.

We create and manufacture memorials in granite and marble.

It's the '49 FORD

It's The Car of the Year!

We'll have it Friday . . . The Car of the Year, the Ford Forty Niner! It's the one and only NEW car in its field, and you can see it at our showrooms Friday! There never was an automobile like this before. There is no other like it today.

The revolutionary, new '49 Ford is a complete break with the past. It was designed by you—all the way through. Yes, in surveys, letters and personal interviews, you told Ford what you wanted. And it's on its way! It looks like a custom-built car!

Just for the thrill of it, look at the list of new features. And for an even bigger thrill—your biggest thrill of the year—see the '49 Ford, "The Car of the Year"; at our showrooms Friday!

It Will Be At Our Showrooms June 18!

NEW! You wanted ROOM. So we gave you a 57" front, and 60" rear seat, new frame, extra head room.

NEW! You wanted SAFETY. So we gave you a 59% more rigid "Lifeguard" Body, "Magic Action" King-Size Brakes, and new "Picture Window" Visibility.

NEW! You wanted COMFORT. You GET comfort in a new "Mid Ship" Ride, new "Hydra-Coil" Front Springs, "Para-Flex" Rear Springs.

NEW! You wanted ECONOMY. New V-8 and SIX engines. Up to 10% more gas economy. (Up to 25% greater savings with new Overdrive, optional at extra cost.)

NEW! You wanted BEAUTY. Well, you'll see for yourself June 18! It's "The Car of the Year!"

FELIX JONES

Church of Christ Has Good Meeting

W. R. Jones, minister of the Talco Church of Christ, reports great success in the meeting which began June 6. Visitors have been present from every city and community around Talco, and there have been a goodly number from Talco for almost every service.

The building was over half filled for every morning service and well filled for every evening service, and on several evenings it was necessary to bring in all available folding chairs and class room benches.

"This is an evidence" said Bro. Jones, "people are still interested in hearing the simple gospel of Christ." Through Tuesday morning nine had been baptized into Christ; one restored and two placed membership.

The meeting ended with the Wednesday evening service. Bro. L. L. Gieger who did the preaching in this meeting is to be commended for the fine gospel lessons he brought our way.

"Even though the meeting is over we continue our invitation to be wtih us in any or all services. Watch this paper next week for a continuation of our weekly religious article," said Minister Jones.

Talco Happenings Ten Years Ago

Week of June 17, 1938

Talco's new school building was 20 per cent completed.

W. A. Miller and A. Tilman of the Mahafey Gin Co. of Mt. Vernon, had been in Talco in the interest of a new gin.

Talco's school district had turned in a valuation of $7,622,680, according to C. T. Mitchner, O. S. Goodloe and J. E. Sikes, school board members.

Food and drink had been served to the men who had worked several hours in an effort to recover the body of Horace Boswell from Sulphur River.

Work had begun on Highway from Sulphur River through White Oak bottom.

Tentative plans were underway for a WPA project to provide a lighted football field with bleachers, 1600 feet of water and sewer piping from the city main to the school building, with walks, drives and shrubbery. Costs of the project would be approximately $30,000.

Will H. Patton, famous oil well fire fighter, had been fatally injured in a blow-out from a gas well at New Iberia, La.

A daughter had been born to Mr. and Mrs. Marvin Randle.

Funeral services had been conducted at Mt. Pleasant for Mary Newman.

Funeral services had been conducted at Bogata for Mrs. Tucker Quinton.

Lightning had killed a pair of mules on the Ben Pennington farm at Fulbright.

Red River County farmers were to receive approximately $200,000 in soil conservation checks.

Horace E. Boswell, Talco insurance man, had been drowned when his car left the highway bridge on Sulphur River between Talco and Bogata.

Methodist Church Annex Nears Completion

Work is nearing completion on the new annex of the Methodist Church in Talco. The new addition will have six Sunday School class rooms, a recreation room, fully equipped kitchen, lavatory facilities and auditorium. Fluorescent lights and an air conditioning unit have been installed. Complete redecoration of the entire buildig is expected to be finished soon.

FORETHOUGHT

"What odd names for dolls," said the visitor to the little girl. "You say they are Miss Astor, Miss Morgan, Miss Ford and Miss Firestone?"

"Yes," said the imaginative youngster, "I don't want them ever to worry about money matters."

Talco relatives and friends of Glen Alvin Mauldin, who attnded his funeral Sunday, were Mr. and Mrs. Leonard Mauldin and family, Mrs. Troy Lewis, Mrs. J. W. Patterson and Jimmy, Mrs. Brazil and son, Mrs. N. W. Neugent, Mrs. Dick Dickinson and S. R. Harper.

First in quality and
LOWEST-PRICED LINE
in its field!

CHEVROLET Today, when *real value* means most to every American family, Chevrolet continues to offer the *lowest-priced line* of passenger cars in its field as well as the *only* line of cars giving BIG-CAR QUALITY AT LOWEST COST! Yes, Chevrolet gives *more value*, any way you look at it, any way you figure it. That's why more people *buy* Chevrolets—and more people *drive* Chevrolets—than any other make of car. That's why we believe you, too, will agree that CHEVROLET AND ONLY CHEVROLET IS FIRST in dollar value as it's first in registrations.

SPECIAL EXTRA-LOW PRESSURE TIRES*—on Wide-Rim 15-inch Wheels (24-lb. pressure only all around). Chevrolet offers you the *tire of tires* for easy, restful riding. Remarkable new *extra-low pressure* tires that give a much safer, more comfortable ride; absorb road shocks instead of transmitting them to you and your car.
*Optional at small extra cost.

CHEVROLET -and ONLY Chevrolet- IS FIRST!

IRVIN-SANDLIN CHEVROLET COMPANY
Highway 67 at North Jefferson Ave—MT. PLEASANT Telephone 600

LIABLE TO LOSE

A negro, wearing a flashing gem about the size of a locomotive headlight, was asked by an awestruck friend:

"Is dat diamond genuine?"

To which the proud possessor replied :

"Ef it ain't, I done been beat out of a dollah and a half."

Tries to Pin Candidate Down On Roads, Gets Confused by Words

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm has been trying to get the rural roads they promise, and has been keeping a map of the state handy so they could mark where the roads will be built so he can vote intelligently, as he puts it. This week he claims he talked to a candidate, his letter reports.

Dear Editar: I would like to report that I run into a candidate who got lost and turned up at my place out here on Sulphur Monday afternoon and I pinned him down on the proposition of country roads, and while I pulled out my map of the state and asked him to eliminate the vague promisin and mark with a pencil exactly where he was gonna build country roads, I thought I'd report our conversation and let you be the judge. It went something like this:

"What I want to know is where them new country roads is goin. How about markin on this map just where you're gonna build them roads you been talkin about?"

"Uh huh. Good idea. Now there is no question in my mind but that the people want additional farm-to-market roads. I propose that they shall get those roads."

"Here's a pencil. Just draw a line along where the roads will be built."

"I repeat my promise: I am going to try to get the legislature to appropriate $20,000,000 to supplement federal funds expected for the farm road program."

"Yeah. That's good. Now you take this road. In the same same shape it was when my grandfather went broke farmin this place. What I want to know is, will one of them new roads you gonna build come by my mail box?"

"Our goal three years ago was an additional 25,000 miles of rural roads. We have 16,200 of them now built, under construction, or with finance in sight. That leaves another 9,000 miles of rural roads which should be put under construction without delay."

"Have you ever traveled over a country road in muddy weather, don't make no difference if the finances for improvin it was in sight? All I want to know is, where will them 25,000 miles of rural roads you have already obtained with the exception of buildin them be built?"

"As I have said many times before and I say it to you now in your humble but honest home out here on Sulphur, I pledge the people of Texas to help them get those roads."

About this time he asked me to draw him another bucket of water from the well, and he laid the map aside, took another drink and shook my hand and said I could depend on him not to forget me.

I still got my map, without no marks on it.

Yours faithfully, A. A.

Father Has His Ups and Downs History Reveals

Dad's had his ups and downs in history. He hasn't always been the popular guy who will be honored on Sunday, June 20.

Back in the Stone Age, the family's "head man" was a tyrant. As he grew older, one of his sons usually disposed of him in a fierce hand-to-hand battle and then "took over" the family.

The first known tribute to fathers is by Elmesu, a Babylonian. It was written on a clay tablet about 2,000 years before Christ, and implored the gods to grant his father good health and "enduring days."

In Biblical times, it was considered a crime punishable by death for a son to disagree with his father. Early Romans called down the curses of the ancestral "Numina" or family gods on children who cut themselves loose from parential authority.

Thruout pre-Christian Northern Europe, it was a disgrace for any son still in his teens to appear publicly in his father's presence.

Among the ancient Greeks, when a son was old enuugh to marry, his father selected his wife for him—with no questions asked. The same belief in Dad's matrimonial wisdom was held in India, where children were betrothed in childhood, and sometimes a young man was not permitted to unveil his bride until after the wedding ceremony.

But Indian women had their revenge. An old law decreed that if a father got into debt, his wife could sell him into slavery to pay off his creditors. This was just the opposite of some African countries, where the husband could put the wife up on the auction block.

And in African Sudan today, Dad definitely comes out second best. After bearing five cildren, a wife there may return to her parents, leaving Papa to look after the kiddies.

Ecuador, too, recognizes Dad's trials as a family man. There it is customary for an expectant mother to be put out of the house while her husband is coddled and humored until he recovers from the shock of becoming a father.

In the United States, statistics show that women own an ever-increasing portion of the national wealth. Dad's in danger of becoming the "forgotten man," many sociologists believe. But while Dad may be shorn of his tyrannical powers, the annual outpouring of affection shows Dad's place in his family's heart is stronger than ever.

Trade with those who advertise —they keep prices down.

Peltz Shows New Lines in Fine Luggage

BEN S. PELTZ

Mr. Ben S. Peltz announced Monday that Peltz's Shoe Repair is now featuring smart new Tripmaster Luggage by Enzlers of New York. According to Mr. Peltz this luggage is perfection in travelware for both men and women.

Describing his luggage, Mr. Peltz said, "It is dashing, custom built luggage in genuine leather, rawhide or rugged airplane fabric bound with shock-absorbing, top-grain cowhide on two and three ply veneer box, and featuring solid brass Yale locks." Continuing, he said, "The luggage is available in eye-catching colors in both end-bound and long-bound styles, and at prices that are far below what one woud expect to pay for such out-standing merchandise."

Mr. Peltz has also added several new patterns in ladies' round hat boxes in red, blue and green with all around zipper or lock-type closing.

"We are also showing at our complete leather goods shop a wide selection of brief bags, brief cases, men's and ladies fitted or unfitted cases; and billfolds and belts in both dress and Western styles, which will make an ideal gift for Father's Day," stated Mr. Peltz.

"Peltz's caters to the finest in shoe repairing, shoe dveing, shoe shining and stocks all colors of laces and polish, including easy to apply gold and silver polish," he continued.

"We invite you to visit our store at 14 Clarksville St., for your all-round needs in leather," concluded Mr. Peltz.

REV. TRAVIS WHITE GOES TO LUBBOCK

Rev. Travis A. White, former pastor of the First Christian Church in Paris, and his family have been visiting in the home of Mr. and Mrs. John Roach near Deport.

Rev. White has been pastor of the First Christian Church in Little Rock, Ark., for the past five years, but resigned to accept the pastorate of the Christian Church in Lubbock. He assumed his duties as minister of that congregation Sunday.

A BRIGHT OUTLOOK

Susannah," said the preacher, when it came her turn to answer the questions, "does yo' take dis man to be yoah wedded husband, for bettah or wuss?"

"Jest as he am, Pahson," said the muscular scrub-lady, "jest as he am. Ef he gits any bettah Ah'll know de good Lawd's agwine to take him, en ef he gits any wuss A'll tend to him myself."

JOHNTOWN

Mr. and Mrs. J. B. Teel and daughter, Mr. and Mrs. Zeke Morrow and son of Paris, Mr. and Mrs. J. C. Vaughan and Mrs. J. F. Vaughan and two children of Bogata, visited Sunday afternoon in the homes of Mr. and Mrs. G. A. Vaughan and Mr. and Mrs. D. A. Baxter. Mrs. Teel was formerly Miss Lela Bell McCall

Mrs. Jess Morris and son, Stephie Baxter, who for the past 30 days hase been visiting her sister, Mr. and Mrs. H. E. Hawkins at Corpus Christi, returned to the home of her parents, Mr. and Mrs. W. R. Baxter, to join her husband who having served an enlistment with the U. S. Navy, is home on leave.

Mr. and Mrs. H. D. Martin and Mrs. John Blankenship visited Sunday in the T. A. York home.

Tomato growers of this community are very busy this week starting this crop to market. All are interested in establishing a shed and market close to home.

Mrs. W. L. Stringfellow and children, Mrs. M. J. Dodd and children of Longview, spent the week end with their parents, Mr. and Mrs. T. A. York, returning home Sunday.

Mrs. D. B. Anderson and infant son, Tommy Dee, accompanied Mrs. W. L. Stringfellow to Bogata Saturday afternoon for a visit.

Morris Whitten of the U. S. Army, stationed in California, is here on leave, visiting Mr. and Mrs. Fred Whitten and Mr. and Mrs. Henry Kidd.

Our town was shocked and saddened by the tragedy that occurred here Friday afternoon. Glenn Alvin Mauldin, 16-year-old son of Mr. and Mrs. Ocie Mauldin, was drowned when he stepped into 15-foot water on the W. A. Cotten farm where flood water of Sulphur River had broken thru the levee. Glenn Alvin who was unable to swim, was seining for fish bait with other teen age boys. One man, Wesley Askins, was close enough to hear their call for help and after a run of some distance, plunged into the water fully dressed, but was unable to bring the boy to safety. By the time other help could reach them and locate and bring the body out, efforts to revive him failed. Tom Pirtle brought the body to the shore.

Funeral was held Sunday with services at the Baptist Church, conducted by Rev. C. H. Hoover of Bogata, assisted by the pastor, J. B. Pruitt of Talco with interment in Bogata cemetery. Glenn leaves a host of friends and relatives to mourn his passing, and we wish to extend sympathy for the community to his parents.

WANTED

Corns and Calluses

Guaranteed Exclusive New Treatment

GUARANTEE

You will have feet free of corns and calluses with your Third Treatment — (within Seven Days.)

They WILL NOT Come Back.

- Reasonable Rates
- Free Examination
- Private Treatment

Now you can enjoy the self assurance of having feet that will "go" instead of "corns that grow."

That is not just a promise. We are able to make that guarantee for three reasons:

1. **I have the exclusive rights to this treatment for Northeast Texas.**
2. **Actually, less than 3 % of those suffering are hopeless cases.**
3. **Six years and combined experience are behind perfecting this treatment.**

STOP Saying "My Corns Are Killing Me."

From where I sit ... *by* Joe Marsh

How to Live Longer

Someone asked Pappy Miller last week how he stayed so spry at ninety. Pappy told him:

"Well, sir—when I work, I work hard. When I set, I set loose. When I think, I go to sleep."

According to Doc Hollister, that formula isn't far amiss. "Hard work," says Doc, "never wore out anyone before his time, providing he knew how and when to relax."

Doc himself works overtime, with his daytime patients at the office, and his evening calls. And when he gets home he takes it easy with a mellow glass of beer and chats with the missus until it's time to go to bed.

From where I sit, relaxing is a fine art—especially in these tense, fast-moving times. And there's nothing like a temperate glass of beer—enjoyed with pleasant company—to restore that easy frame of mind that one needs after a hard day's work.
