MINERS FIGHT DEPUTIES

MAINLY ABOUT PEOPLE

By H. N. F.

Paul C. Miller is a noted geologist of and from the University of Chicago. He was in the city that faith built on his way to Stamford. He was accompanied on his Texas trip by E. C. Case, the geologist of the Michigan University. Paul C. Miller is a very interesting man, widely known in scientific circles and a prime favorite in the ranks of the American hunters for the fossils of the dead ages. He has been coming to Texas since 1907 and one of the most remarkable exhibits in America, that is to Texans, is the Miller collection in the Walker Museum of the University of Chicago. He has found fossils in Texas that have enriched this museum but on this trip he is the guide of the Michigan geologist who is making a tour and a research of the fields of Texas, New Mexico and Arizona. Paul Miller knows more about the fossils of Texas than any man living. This is what his friends say and it must be true. He knows more about the dead ages of Texas and when he tells you that the beginning of the creation happened at least 10 and perhaps 13 million years ago, you are convinced at once that this old earth is the rock of ages as well as the first of the ancients. Texans who visit Chicago should not pass up the Walker Museum if they care to know something of the fossiliferous ages of the Lone Star Commonwealth. It may be a musty topic but it is very interesting to those who read and think or investigate and form their own conclusions. Paul C. Miller is of Danish birth. His father was a sea captain. In fact all the Millers were navigators until Paul C. became a man of science instead of a king on the quarter deck of his own ship sailing the seven seas of the world. In his boyhood during vacation days he made short voyages with his father. At sixteen he entered the Danish navy and served two years. At the age of 19 an uncle who loved America and American institutions, advised his young nephew to come to the land of the free. He accepted the advice and before he was twenty he was a cowboy in Wyoming and this less than thirty years ago. For more than four years he tried his hand at all kinds of jobs under Wyoming skies. Then there came a leter from Denmark reminding him that it was time that he curbed his wanderlust, adopted a profession and became a staid and settled citizen. He tackled Columbia university but his love for Wyoming and the West was overpowering and at the earliest opportunity he returned to the Rocky Mountain lands where a noted geologist became interested in him and steered the course of his tiny bark. He won. All Danes win. They are tireless workers. They are tireless students. They have vision as well as imagination for the Danes are the most temperamental of all the sons of the Scandinavian family. Wherever you go the wide world over you find Danish navigators or explorers; Danish mining or electrical engineers; Danish soldiers of fortune who are not afraid of a plunge into the wilderness. Paul C. Miller is a very fascinating conversationalist. He knows the world, he knows mankind, and he knows the dead ages and where the fossils of antiquity are to be found and the story that they tell. H. N. F. had an interesting evening with this American citizen of Danish birth who was a student of the science of government as well as a hunter of fossils and whose views on the economic questions or issues of the day are as rational as those of the most intelligent of Americans who claim to be to the manner born. The two geologists will remain in Texas for thirty or sixty days and when their campaign of research is over the museum of the Michigan University will be enlarged and enriched by the collection gathered by these two sons of science under Southwestern skies. This is a hint to the University Club of Wichita Falls. Some forget in touch with Paul C. Miller for a short talk on the fossils of Texas and the story of that world creation that began from ten to thirteen million years ago. If urged to tell it he might relate the story of the fistic battle he had in the city of Chicago with a neighbor when the news came that Dr. Cook was a fraud after he had been decorated by a Danish king and accorded full recognition by the scientists of this most historic of all Scandinavian lands. His American neighbor volunteered the information that "the king of Denmark and the Danish scientists were the d——dest fools in the world." This provoked an argument; the argument participated a fight and the fight resulted in the geologist and his friendly neighbor being given a ride in a Chicago black Mariah to a police station where an Irish judge, with a vein o' humor, after hearing the tale told by the principals of the affray discharged them with this advice: "G'wan home, widyees. This is Ameriky. T'ell wid Docthur Cook. Oi don't know him. He don't live in this disthrict."

GULF'S MOVE WORKING OUT, IS BELIEVED

Action of Property Owners in Listing Property Promises Working Out of Housing Tangle.

Chamber of Commerce President Asks Property Owners to Continue Efforts Until Newcomers Placed.

The housing of employes of the Gulf Production company, threatening Wednesday to block plans for the removal of the North Texas headquarters of the company from Fort Worth here, was apparently solved Thursday evening, with the agreement of W. B. Pyron, vice president of the company, and Chamber of Commerce representatives on houses and prices. As a result of the day's work, most of which was consumed in showing houses which had been turned over tothe Chamber of Commerce representatives within the last 24 hours, Mr. Pyron announced that he would send the first contingent of the Gulf office force to Wichita Falls right away to seek out houses among those offered—the first of them probably coming on Sunday.

At the prices tentatively agreed upon the houses are renting for considerably less than the average rents in Wichita Falls, but are at least 15 per cent higher than the same houses at the prevailing prices in Fort Worth, and are that much more than the Gulf frankly expected to pay, Mr. Pyron said. He expressed himself as feeling, however, that the matter would be worked out without trouble if the Gulf people were placed as it was indicated they would be Thursday.

The houses shown Thursday had, as pointed out above, been for the most part listed within the 24 hours that it became known that lack of housing was about to block the move. The owners for the most part listed them with T. B. Noble, president of the Chamber of Commerce, to set the price for which they should be leased. The houses were shown by a committee representing the Chamber of Commerce headed by Mr. Noble and including W. S. Curlee and Jerome S. Stone. W. M. Priddy, who has taken an active part in working out the housing situation, joined the party later.

In connection with the move, now apparently settled, Mr. Noble points out that it will not be definitely and finally settled until all the people who are to be brought here by the move are definitely taken care of.

"This depends entirely on the property owners of the city," he said. "With their continued co-operation in a manner in which they have worked for the past twenty-four hours, I am confident of the carrying out of the proposition.

"It is entirely to the interest of the property owners to come in on this situation however. The move of this concern at this time will do more to stabilize property values than anything else which could happen. But we must remember that these people do not have to come here, and must be met half way in the matter, as was promised to them in the beginning.

"While we believe we have the matter well in hand now, we are anxious to secure more houses listed in order that there will be no hitch in securing accomodations for these men when they get here.

"Of the houses which were shown us, it schould be remembered that very few are rent houses—most of them were built for homes and were made available for renting to these people out of the interest their owners have in the progress of the city."

With the threatened disruption of the move at this end, it became known Thursday that leading Fort Worth business men had not been idle, but had sent a party of prominent men to the Gulf headquarters in Pittsburg in an attempt to keep the North Texas headquarters in that city, an account of the trip appearing in a Dallas newspaper. The Fort Worth men were advised that the decision of the Gulf to move was final, unless unforseen circumstances to prevent it should arise.

THREE KILLED IN EXPLOSION WHICH DESTROYS THIRTY TWO CARS LOADED WITH GASOLINE

By Associated Press.

YALE, Okla., Aug. 25.—One man was burned to death and two other died of injuries in the Mapiesville hospital here this afternoon as the result of a tank car explosion at the loading racks of the Sun refinery shortly after noon today.

The force of the blast threw flaming gasoline over a string of cars which were waiting their turn to be unloaded and the blaze spread so quickly that 32 tank cars of gasoline and a tool house belonging to Twin States Oil Company were totally destroyed before the fire was brought under control.

The dead:

R. L. Mead, survived by a widow and four children.

Edward Reed, high school student.

George Goodlink, survived by a widow and one child.

Officials of the Sun Refinery tonight estimated the property loss at from $15,000 to $20,000.

They were unable to assign a cause for the explosion.

INVESTIGATION OF "GOLDEN RAINBOW" REVEALS SWINDLE TRUST ACQUIRED $27,000,000

Special to the Record News.

CHICAGO, Aug. 25.—With $27,000,000 in stocks, bonds, notes and other securities—some good and some bad—in their possession, federal agents today renewed their search for the end of the golden rainbow which John W. Worthington, Charles W. French and their associates, spread across the country in what the agents believe to be one of the greatest "swindle trusts" on record.

Colonel John V. Clinnin, assistant United States district attorney in charge of the investigation, today fixed $50,000,000 as a conservative minimum for the total operations.

Twenty companies said to have been organized by French with a capital stock of $21,000,000 are under investigation.

A scheme for buying a chain of banks throughout the country—without the investment of any money—to handle the alleged spurious notes and securities, is said to have been uncovered.

With the voluntary appearance at the federal building today of H. L. Thornbur, who is characterised as the "Bummy" president of a small Wisconsin bank purchased by French's ring, Clinnin revealed the trail which led from John W. Worthington, so-called "master mind" of mail robbers, totalling $6,000,000, to French and his associates.

When Worthington's office was raided several weeks ago his books revealed humorous deals with French. The latter was indicted, questioned, and then released, practically on his own recognizance.

He returned to a loop hotel where he maintained a palatial suite. Meantime dictographs had been placed throughout the suite, telephone wires tapped, arrangements made to scan the contents of French's waste paper basket and two department of justice agents installed in an adjoining room. From the information gained, department of justice agents were on hand each time a deal was attempted and the persons involvd warned in advance.

While that end of the investigation proceeded, the examination of Worthington's books revealed the purchase of the Wisconsin bank. On its face the deal was apparently legitimate.

Owen T. Evans, a former national bank examiner, indicted with Worthington in the mail robbery case, was questioned in the belief that his knowledge as a bank examiner might have been utilized by the band for other purposes. Evans, according to Clinnin made a complete statement, but was unable to explain all the details of the Wisconsin deal. He suggested calling in Alva Harshman, of Milwaukee, Worthington's secretary, also under indictment. Harshman turned state's evidence.

OBREGON TO HEAR AMERICAN OIL MEN

MEXICAN PRESIDENT WILL RECEIVE AMERICAN DELEGATION

By Associated Press.

MEXICO CITY, Mo., Aug. 25.—Upon the return of President Obregon tomorrow from Cordoba, the plans for his conference with representatives of the important oil companies in New York, who are on their way here in an effort to arrive at an amicable and definite settlement of pertroleum questions, will be perfected.

It is understood the regular cabinet meeting over the week end will be devoted to a discussion of the impending conferences.

It is understood that the conferences will be confined to a discussion of the various tax degrees and that the alleged retroactivity and confiscatory phrases of article 27 of the constitution, which nationalizes the oil lands, will only be incidental.

George T. Summerlin, the United States charge d'Affairs here, has stated emphatically that in no sense will the American embassy act as the "introducer or go-between" of the visiting petroleum men.

AERIAL JOYRIDE ENDS IN TRAGEDY

By Associated Press.

WARSAW, Ind., Aug. 25.—L. D. Merrill, former lieutenant in the United States aviation service, and Jack Rodeheaver, 18 years old, of Winona Lake, Ind., were instantly killed tonight when an airplane in which they were taking a pleasure ride at Winona Lake crashed to the ground.

PEANUT CHOKES CHILD TO DEATH

By Associated Press.

AMARILLO, Texas, Aug. 25.—A twenty-month-old child choked to death here today on a peanut. Joe Glenn Gilbert, son of Mr. and Mrs. Guy Gilbert, was trying to eat a roasted peanut when it hung in his throat and cut off his wind.

CLOSE KANSAS BANK.

By Associated Press.

SPRINGHILL, Kansas, Aug. 25.—The Farmers State bank of Springhill was placed in the hands of the state bank commission today. The action followed a reported shortage in accounts said to aggregate $50,000. Announcement was made that Irwin Williams, the cashier and son of Thomas Williams, president of the bank, had made a statement to R. F. Ogg, county attorney, at Olathe, concerning the shortage.

DAIL EIREANN'S ANSWER SECRET

REPLY TO LLOYD GEORGE'S LETTER NOT TO BE MADE PUBLIC.

By Associated Press.

DUBLIN, Aug. 25.—The Dail Eireann cabinet has replied to the letter which Premier Lloyd George sent to Eamon DeValera, the Irish Republican leader, on August 13. It was in this letter that the British prime minister informed Mr. De Valera that there could be no compromise on the question of the right of Ireland to secede and also attempted to make clear the conditions of the proposed peace settlement.

While the text of the republican cabinet's letter will not be published until an agreed joint communique is issued, it is understood that it makes no mention of a republic, but enunciates the principle of independence and expression aversion to a resumption of warfare. Thus, it is considered, there still is a wide opening for a continuation of the peace negotiations.

SON WILL LEAD OLD REGIMENT OF DEAD HERO

By Associated Press.

DETROIT, Mich., Aug. 25.—"Little Colonel Joe" Westnedge, son of the gallant leader of the 126th infantry who made the supreme sacrifice overseas, will lead his father's old regiment when it participates in the "Old Arrow" parade in connection with the Thirty-second division's big peace reunion in Detroit, August 28, 29 and 30. "Little Colonel Joe" will wear a uniform corresponding with the dress uniform of a colonel and also will carry the side arms and full insignia.

Colonel Westnedge was one of the most popular officers of the Michigan National Guard for many years. His men regarded him as a comrade through the campaigns overseas. He was stricken with influenza and pneumonia and died November 29, 1918, shortly after the armistice. Both the French and American governments awarded him posthumus citations for bravery.

"Little Colonel Joe" already has participated in many affairs arranged by the 126th. Mrs. Eva Westnedge, of aKlamazoo, his mother, will be given a place of honor in the Thirty-second division grand review also.

DISABLED FREIGHTER REPORTED IN NO DANGER

By Associated Press.

PORTLAND, Ore., Aug. 25.—The freighter Canadian Importer, disabled at sea since last Friday, is still afloat and in no danger according to a radio message received by the Associated Press from the rescue ship Gordova.

LEGISLATURE ENDS SECOND SPECIAL MEET

Many Members Leave Austin After Educational Bill Adopted Wednesday Night.

Senatorial Redistricting Measure Finally Passed Before Houses Adjourn Sine Die.

By Associated Press.

AUSTIN, Aug. 25.—Adjournment sine die of the second called session of the thirty-seventh legislature came at noon today. Promptly at 12 o'clock Speaker Charles G. Thomas rapped for order in the house and announced that the house stood adjourned sine die.

With the hands of the senate clock pointing at the noon hour Lieutenant Governor Davidson gave the final rap with his gavel after announcing the senate adjourned sine die. However, the actual hour was 12:30 p. m. the clock having been turned back one half hour to allow the enrolling clerk to put the finishing touches on the educational appropriation bill.

There were only a few members present in the house when adjournment came. Immediately after the adoption of the educational free conference committee report last night the representatives began leaving and by noon today there was only a scant handful to hear the speaker declare adjournment.

Also only a few members were present in the senate when that branch adjourned.

Final passage of the representative redistricting bill marked the work of the last day. The house adopted the free conference report and the bill was sent to the governor. As Finally passed the bill provides for 150 representatives, the constitutional limit. Several changes were made in the districts but none of the present representatives were eliminited. The greatest change and additional representation was made in west Texas counties.

With the passing of the second called session which followed on the heels of the first called session there came to a close thirty-eight and one-half days of legislative activities such as the state has seldom seen, according to the views of the veteran law makers. The marked difference between the majority and the minority in the house and the senate and house disagreements caused the turbulent session, they said. Today there was one general feeling among the legislators outwardly apparent, that they were glad it was over.

YANKS IN RUSSIA TRYING TO RETURN

By Associated Press.

Riga, Aug. 25.—Some fifty Americans were in a sort of concentration camp in Moscow awaiting action on their applications for permission to leave Russia, when D. Senna, an American seaman who arrived here yesterday, left the soviet capital last week, he told Captain Evan Young, American commissioner in Baltic states, who is in Riga.

Armed Force Marches Into Strike Zone

CHARLESTON, W. Va., Aug. 25.—H. W. B. Mullens, porcsecutng attorney of Boone county, located at Madison, has reported that Sheriff Don Chafin of Logan county with three hundred deputies is now engaged in battle with a large body of armed men at Blair, in Logan county.

Blair is near the Boone county line. Mullens said that "authentic reports" he has received say residents of Blair, including old men, women and children, are fleeing the town in the direction of Madison.

Mullens said "a large group of heavily armed men" had reached Rock Creek, three miles from Madison this evening. He said he could not estimate the number.

GERMANS SIGN PEACE TREATY WITH AMERICA

Resolution Ending War With German Government Formerly Brought to an End.

Document Specifically Releases This Country From Provisions of Versailles Pact.

By Associated Press.

WASHINGTON, Aug. 25.—Signature of the treaty of peace between the United States and Germany was formally announced at the state department tonight by Secretary Hughes

WASHINGTON, Aug. 25.—The treaty with Germany, which was signed today in Berlin, puts into force the economic, reparations, military and various other provisions of the unratified treaty of Versailles, but provides specifically that the United States shall not be bound by the covenant of the League of Nations or by other enumerated parts of the Versailles settlement.

The declarations of the peace resolution are reaffirmed in the treaty and it contains, in addition a blanket provision that any benefit which might accrue to this country under the Versailles pact is to be regarded as of full forces. Germany's renunciation of her overseas possessions jointly to the big five powers is reaffirmed, as are the military classes of the Versailles treaty the sections relating to prisoners, reparations, finance economic settlements, commerce and abrogation of all other existing treaties between the two countries.

In disassociating the United States from the League of Nations the document provides not only that this government will not be subject by the covenant but that no action of the league shall be onsidered as plaing an obligation upon America. The United States also stipulates that it will not be bound by the setions of the Versailles treaty relating to the boundaries of Germany political readjustmens in Europe, the settlements effecting China, Siam, Liberia, Morocco, Egypt, Turkey, Bulgaria or Shantung, or to the establishment of an international labor organization.

In a state department statement issued to announce the signature of the treaty, special mention was made of the reaffirmation of this government's share in the renounced German overseas possessions, the statement declaring that this provision "confirms the rights of the United States with respect to Yap and other former German overseas possesion upon an equality with the other powers."

Text of Treaty

The text of the treaty follows:

"The United States of America and Germany:

"Considernig that the United States acting in conjunction with its co-belligerents, entered into an armistice with Germany on November 11, 1918, in order that a treaty of peace might be concluded:

"Considering that the treaty of Versaillies was signed on June 28, 1919, and came into force, according to terms of its article four hundred and forty, but has not been ratified by the United States.

"Considering that the congress of the United States passed a joint resolution, approved by the president, July 2, 1921, which reads in part as follows:

"'Resolved, by the senate and house of representatives of the United States of America in congress assembled, that the state of war declared to exist between the Imperial German government and the United States of America by the joint resolution of congress approved April 6, 1917, is hereby declared at an end.

GOVERNOR REQUESTS FEDERAL TROOPS

By Associated Press.

WASHINGTON, Aug. 25.—Renewal of restlessness in the West Virginia coal field manifested in the march of a large band of armed men toward the Mingo district, resulted today in an appeal from Governor Morgan for the aid of one thousand federal troops and in a decision by the senate investigating committee to resume its inquiry into conditions in the coal regions September 19 at Williamson.

Receipt of the West Virginia governors request at the war department was followed by orders from Acting Secretary Wainwright to Brigadier General George W. Read, commander of the fifth corps area, Fort Benjamin Harrison, Ind., to hold troops available for quick despatch to the region of trouble, and in the sending of Brigadier General H. H. Bandholtz, a former provost marshal general of the A. E. F. and now commander of the Washington, D. C. district and Lieutenant Colonel Stanley H. Ford to Charleston. The two officers were instructed to make a survey of the situation and on their reports to the department will demend the recommendation to be made to President Harding.

All Wires Cut.

PITTSBURGH, Pa., Aug. 25.—Sheriff J. L. Hill of Boone county, here, tonight told the Associated Press over the long distance telephone that all wires between Madison and Blair had been cut and that he was without information concerning a reported engagement between marchers and deputy sheriffs near Blair.

SHERIFF REFUSES TO DISCUSS FIGHTING

By Associated Press.

CHARLESTON, W. aV., Aug. 25.—Reports of a gun battle today between Logan county deputy sheriffs said to number 300 and a large body of armed men at Blair, W. Va., were received here tonight. Efforts to confirm these reports through Sheriff Don Chafin of Logan county, who was reached by long distance telephone were unsuccessful. When asekd by an Associated Press correspondent whether there had been fighting at Blair today his reply was:

"I cannot say anything about it; we are not giving out any information." He then hung up the receiver.

Reports from Racine tonight were that the several thousand marchers who left Marmet shortly after last midnight avowedly bound for Mingo county to protest martial law, in force there, were still encamped alongside Indian Creek, just outside the town. These results have given rise to the belief that the Marmet marchers had no part in the reported Blair engagement. Blair is twenty miles southwest of Racine and in order for the marchers to reach there they would have had to pass through Madison. Several residents of Madison reported tonight that none had passed through that town today.

FIREMEN INJURED IN COLLISION OF TWO FIRE TRUCKS

By Associated Press.

DALLAS, Texas, Aug. 25.—Ralph Deering of Engineering Company No. 3, was seriously injured and four other firemen were painfully bruised and cut when two fire trucks, responding to different alarms, collided at a street intersection in the business district here today.

The same trucks, manned by the same crews, collided on a busy downtown street several months ago and resulted in the death of one man.

TEMPERAMENTAL FRENCH ACTRESS NOT TO VISIT U. S.

PAIRS, Aug. 25.—Mademoiselle Cecile Sorel, of the Comedie Francaise, is not to visit the United States immediately. The actress, who recently smashed the glass covering a caricature of her on view in a picture show, has been misunderstood. She merely expressed to an interviewer how greatly she desired to go to America, to "interprete Moliere before the universities and celebrate with Americans the worship they pay to our grand classic genius."

GARAGE OUSTS LANDARK

ST. CLAIREVILLE, Ohio, Aug. 25.—A house built in 1800 is being razed here in order to make way for a garage. The structure is of logs which were weatherboarded seventy-five years ago.

AIR MINSTRY TO INVESTIGATE ZR-2 EXPLOSION

British Government Will Make Efforts to Determine Cause of Most Tragic Aerial Accident.

American Crew Not Authorized by Officials to Accompany Dirigible on Ill-Fated Flight.

By Associated Press.

LONDON, Aug. 25.—The air ministry today summoned a court to investigate the wreck of the KR 2. It will sit at Howden at 10 o'clock Saturday morning. Air vice marshal Sir John Salmond will preside. The American naval attache has been invited to attend and has consented to send a representative to sit on the court.

INVESTIGATION FAILS TO PRODUCE CAUSE

By Associated Press.

LONDON, Aug. 25.—Official investigations today at Hull into the ZR-2 disaster failed to produce results either minimizing its extent or throwing light on the reason why the big airship suddenly broke in two and fell with a majority of the crew into the Humber river. All hope has been abandoned that there are other survivors than Norman O. Walker, an American rigger, and flight Lieutenant A. H. Wann, the commander of the aircraft and three other British members of the crew.

The accident has stirred the British public as no event has since the world war.

The air ministry and the admiralty are omitting no efforts in salvaging the wreck and investigating the cause of the collapse.

HULL, Aug. 25.—It was learned today that the admiralty had not authorized the American airmen to accompany the ZR 2 on its fatal trip. Air commodore Maitland took the responsibility in his own hands. He invited the American officers and crew to take up positions throughout the ship, where they were assigned under American control in order to give the future navigators the greatest possible opportunity for obtaining experience.

SALVAGE WRECKAGE HUNTING FOR BODIES

By Associated Press.

HULL, Eng., Aug. 25.—Efforts to salvage the wreckage of the ZR-2 in the widespread mouth of the Humber river, in the hope that more of the bodies of her crew might be recovered from the twisted debris of the giant airship were resumed at low tide late today.

All Hull, it seemed watched from the quays along the river, which pours itself out, chocolate colored, into the sea. Thousands of persons stood patiently for hours watching while the salvage men struggled with the difficult task of running steel ropes under the wreck of the air ship to pull it from the muddy bottom with the incoming tide. During the late day admiralty officers went out in a tug to inspect the wreckage, while small salvage craft of the air department were gleaning what they could from the parts of the ZR-2 projecting from the water. The American air officers anxious to recover the bodies of their comrades, also inspected what was left of the dirigible that was to have taken them to the United States.

It is understood the bodies of the two Americans already found will be embalmed and sent home. Tomorrow the coroner's inquest on the bodies recovered will be held, but it is not expected the inquiry will develop into anything sensational in the way of a verdict, pending the official inquiry into the cause of the disaster.

THREE INJURED WHEN AUTO TURNS OVER AT MANGUM

Special to the Record News.

ALTUS, Okla., Aug. 25.—While making the annual booster trip this week for the Jackson County Fair to open next week one of the cars in the party was overturned and Oren Creed, Edgar Russell and Will Wyman, all business men of Altus, were seriously hurt. They were all taken to the Mangum hospital, near where the accident occurred and given surgical treatment. Creed is reported to be in a very serious condition, while Russell and Wyman, although badly hurt, are not considered in a serious condition. Russell sustained two broken ribs, while Wyman is badly cut about the head.

A little negro boy, the only other occupant of this car escaped injury. About forty cars made the trip.

PANAMA MOURNS OVER LOST COTO

By Associated Press.

PANAMA, Aug. 25.—President Porras signed a decree last night declaring the Republic of Panama in mourning for one month in consequence of the dispute over the award to Costa Rica of territory along the frontier.

HASSEL AND YOUNG LADY ACID BURNED

Special to the Record News.

DALLAS, Aug. 25.—Jess Hassell, president of the Dallas baseball club suffered several burns on the forehead, forearms and neck and Miss Grace Crane, 3205 Gaston avenue, sustained burns about her eyes and left shoulder from carbolic acid, Thursday morning about 1:30 o'clock.

Mrs. Jess Hassell, 214 Page street, was arrested about 2 o'clock Thursday morning and charged on the police blotter with maiming. Two charges were also filed in Justice Sam J. Barnett's court for maiming her husband and one (Kreck).

Mrs. Hassell found her husband and Miss Crane in Hassell's office in the grandstand at the base ball park Thursday morning at about 1:30 o'clock, the police said. She was said to have had a revolver in one hand and the carbolic acid in the other when she entered the office. After a few words with her husband she poured the acid over him and the woman with him. The police were notified and a physician summoned.

Hassell was seriously but not fatally burned. Miss Crane was struck in the face and it was at first feared that she was blinded. Physicians at the Bailey hospital, where she was taken, say the acid probably did not touch her eye ball and that it is believed her eye sight will not be permanently impaired. She was also burned about the shoulders.

An hour after the arrest of Mrs. Hassell she was released on bond of $750 in each case, pending her examining trial in the district court where the charges are filed.

ROCK ISLAND TO ENLARGE OFFICE HERE

Rock Island officials consider Wichita Falls almost a Rock Island station, with direct connections with this city, at three places, Grandfield, Graham and Bowie and the increased business here is causing the road to make plans for enlarging the local office, according to John G. Farmer, general passenger agent of the Chicago Rock Island and Gulf, who was in the city Thursday conferring with the local representative, L. T. Trice, and Wichita Falls and Southern officials.

With Mr. Farmer was Tom W. Bowdry of Fort Worth, division passenger agent.

An increase in both passenger and freight traffic on the Rock Island originating on local connecting lines, via the three different branches is reported by Mr. Farmer, who stated that the belief in further increases will result in more attention being paid the local office.

RAILROAD MEN VISIT CITY IN *LINES INTERESTS*

John G. Farmer, general-passenger agent, and Tom W. Bowdry, division passenger agent, of the Chicago, Rock Island & Gulf Railway company, with headquarters in Fort Worth, were visitors Thursday in the city that faith built. They were shown over the oil city of the southwest by Leland D. Trice, traveling freight and passenger agent of their company, who has his headquarters in Wichita Falls.

During the day the trio paid a visit to the office of the Record News and extended congratulations on the progress that the morning newspaper of the upper country has made since it was established a little more than two years ago.

Mr. Farmer is very hopeful that the future is bright for the country as he is satisfied that with remedial legislation by congress there will be a return to the prosperity of other years and he realizes that when the railroads are prosperous a like condition is to be found among all classes and conditions of men regardless of calling.

COTTON COMING IN AT BYERS

Special to the Record News.

BYERS, Texas, Aug. 25.—Cotton is coming to Byers at a rapid rate. The crop is going to be short, making a bale to every four acres. Corn is fine and is being gathered.

Byers is undergoing a building boom, four new business houses have been recently built and one new dwelling and a great deal of repair work has been done this summer. The public school has undergone a general repair and will be in splendid condition for the opening of school on September 12.

TEXAS YOUTH GIVES GRAPHIC DESCRIPTION OF EXPLOSION AND ROCKET TRIP TO EARTH

By Associated Press.

HOWDEN, Eng., Aug. 25.—Norman Walker, sole American survivor of the wrecked airship R-2, today gave the Associated Press the first circumstantial account of the disaster which late yesterday destroyed the great super-dirigible and every American member of the crew on board, except himself.

Walker was seen at the Howden airdome near Hull, where he had just been brought after the terrible experience through which he passed unscathed. He comes from Commerce, Texas, and was a rigger on the ill-fated airship. He is of boyish appearance, 20 years old, and of a wiry build.

"We were all in the highest spirits when we left Howden on the trial flight," he said. "We sailed over the North sea first and then started down the north coast of Pulham.

"A thick fog developed, so it was found impossible to land at Pulham. In fact the fog was so dense we were more or less lost, although we knew the general locality.

At Hight of 3500 Feet

"We were flying at a height of about 3500 feet with the wireless keeping in touch with both Howden and Pulham. The ship was behaving finely and there was not a sign of weakness anywhere.

"We drove out over the sea again and as the fog continued bad, we flew along the coast until Wednesday afternoon when we sighted land at Hull. We then flew across to Howden, where it was decided to land at 6:30 p. m., so we sailed over Hull again. We encircled Hull twice, and the speed trial was completed without a hitch.

"A test of the ship's control then began. I was at the lower rudder, proceeding back to the tail and had just reached the cockpit when there was a tremendous crash. The girders amidship broke and the ship split in halves.

"Both the tail and the nose immediately pointed downward and the halves started to descend toward the lumber.

"I certainly cannot describe my sensation but I thought my time had come.

"I made a rush for the tail to get a parachute, but I found two of my English comrades, Harry Bateman and Walter Potter, were already there. I knew there was only one chute there for the three of us. Bateman had the chute and jumped, but it fouled and he hung to the tail of the dirigible.

Flames Swept Ship

"Both Potter and I started to run just as I got in the keel there came an explosion of either a petrol tank or hydrogen, and flames began to sweep the forward part of our half of the ship.

"What was happening to our comrades in other parts of the dirigible I don't know. Most of the officers and crew were amidships, either seated or lying in their bunks when the girder broke. At least one man dropped through the gap made by the break. Possibly others did, but probably most of them rolled forward when the airship's nose went down.

"I ran back to the tail to get away from the fire in the bag. Bateman, Potter and I got in the cockpit. By this time the gas was becoming depleted and the ship was shooting down rapidly. The forward half had already beaten us toward the water. We couldn't use a parachute then, as we were too low—only a few hundred feet up.

"I saw we were going to land in the water, so I climbed on the fabric forward of the tail cup. I couldn't tell how fast we were falling but when I though we were going to strike I jumped.

"I was surprised to find my feet striking the bottom. I had landed in four feet of water near shore. Both my comrades stuck to the ship and continued to cling to her as she struck. I managed to scramble aboard the wreckage, and the three of us were picked up by a tug."

GERMANS SIGN PEACE TREATY WITH AMERICA

"(4) That, while the United States is privileged to participate in the reparation commissioner, according to the terms of part eight of that treaty, and in any other commission established under the treaty or under any agreement supplemental thereto, the United States is not bound to participate in any such commission unless it shall elect to do so.

"(5) That the periods of time to which reference is made in article four hundred and forty of the treaty of Versailles, shall run, with respect to any act or election on the part of the United States from the date of the coming into force of the present treaty.

"Article 3:

"The present treaty shall be ratified in accordance with the constitutional forms of the high contracting parties and shall take effect immediately on the exchange of ratifications which shall take place as soon as possible at Berlin.

"In witness whereof, the respective plenipotentiaries have signed this treaty and have hereunto affixed their seals.

"Done in duplicate in Berlin, this twenty-fifth day of August, nineteen twenty-one."

BLAME GUSSMAN FOR MINISTER KILLING PRIEST

By Associated Press.

BIRMINGHAM, Ala., Aug. 25.—Acting at the request of Peoria, Ill., police, local authorities today arrested as a suspicious person, Piedro Gussman, whose marriage to Miss Ruth Stephenson early this month is said to have resulted in the killing of Father James E. Coyle, Catholic priest, by the bride's father, the Rev. Edwin R. Stephenson.

PEORIA SEEKS GUSSMAN ON WIFE MURDER CHARGE.

By Associated Press.

PEORIA, Ill., Aug. 25.—Piedro Gussman is wanted by the Peoria police on a charge of murdering his wife here early last winter. The woman was found lying dead across a bed in the shack in which the couple lived, her throat having been cut. Gussman disappeared immediately. Neighbors told police the two had quarrelled frequently before the killing.

Prince of Wales' Marriage and Prayer Book Profits Stir Clergy

LONDON, Aug. 25.—The nod of a prince may cost the State much gold, and it would appear that the future nuptials of the Prince of Wales may involve the Church of England in quite a lot of expense.

At a time when Bishops with $50,000 a year and a palace are feeling the pinch, and Archdeacons are proclaiming among the "new poor," this burden may become embarrassing.

A Question of Profits.

The worst of it is that it is so uncertain. The finances of the Church of England will have to stand the strain without warning.

The matter arose in a quaint way at the National Assembly of the Church of England when Lord Selborne moved that the government should be asked to hand over to the assembly the income derived from the copyright of the revised prayer book, on the ground that it has been compiled by the labors and at the expense of churchmen.

The prayer book has hitherto been printed by the King's printers and the Universities Press, but no profits come to the church.

Looking Ahead.

So far all was plain sailing, for no doubt the newly-revised prayer book will have a large sale, and—National Assembly, like all newly-created bodies—would like to get hold of some revenue.

But up rose the Bishop of Ripon and disclosed a most delicate consideration on the other side. It was "quite conceivable," he said, that before long the Prince of Wales would be married, and this would entail alterations in the prayer book, the introduction of the name of the Princess of Wales, etc.

When even slight alterations were made the cost ran into thousands of pounds, and the cost of printing a revised prayer book would be very great.

Possible Losses.

He pointed out that meanwhile the sale of the revised edition would be stopped by royal order until the Princess of Wales' name was added, and he hinted very plainly that if they asked for the profits they might also be called upon to share the possible losses.

The Bishop's idea was that before the resolution was accepted the finance committee should make inquiries, to which Canon Partridge made the reassuring reply that the Central Board's information went to show that the profits would certainly be considerable.

Taking the Risk.

There can be little doubt that this is accurate in regard to the revised prayer book, because church people will want to follow alterations in the services, but it is evidently and obviously quite impossible to estimate before hand how large a proportion of these will be willing subsequently to buy another revised version in order to secure the wording of the prayer for the Princess of Wales when she appears on the scene.

If this number should prove small there might be, as the Bishop of Ripon suggested, a heavy loss on the transaction, but the National Assembly decided to risk it, and the resolution requesting the government to hand over the profits was carried.

The prince, we hope, will now realize that the Church of England looks to him with admiration—but with anxiety.

BROWN RESIGNS AS SECRETARY OF ROTARIANS

Resignation of Ira Brown, for the past five years secretary of the Rotary club of Wichita Falls was presented to the board of directors of the club at a called meeting immediately following the noon luncheon. John Gould, a charter member of the club, was unanimously named as his successor. Mr. Brown's resignation, which was accepted with expressions of real regret by the members of the board, is due to his leaving the city to engage in the confectionary business in Fort Worth. He has been in that business here practically continuously for several years.

Recognition of the faithful services to the club of "Ira" and of Mrs. Brown was accorded in a vote of thanks for them both, formally adopted by the board.

The noon luncheon of the club was featured by a report of the international convention in Edinburgh, given by Fred T. Couper, who was the local club's delegate. The enjoyable character of the trip, the cordial reception accorded all delegates, and those from the United States in particular, and the real power for international good will which the convention showed to have been attained by the Rotary movement in the twenty-five countries of the world represented in the international association were featured in the report, which held the undivided attention of the club members for a full thirty minutes. Souvenirs in the shape of views of historic Edinburgs and vicinity, with sprigs of the heather so dear to the hearts of the Scotchmen were presented to the club members.

Music was furnished by an impromptu quartette composed of R. E. Shepherd, "Dan" Daniels, John W. Bradley and Tom Bergin, accompanied by Miss Temple Bray at the piano.

FORMER BRITISH SOCIETY WOMAN ENTERS BUSINESS

DENVER, Aug. 25.—Forsaking the luxuries of a social "career," with its accompanying display of rich gowns and rare jewels, and travel in upholstered limousines and palatalial yachts, Mrs. Bulalia Leprite Campbell, widow of a former member of the staff of the late Lord Kitchener, is now seeking contentment in the competitive marts of trade.

Mrs. Campbell for years was a social favorite in several European capitals and has traveled extensively in all parts of the world. During the world war she was a member of the so-called "probe section" of the British army, and, in her own words, has stood "many a time ankle-deep in human blood."

Her husband was killed in the first battle of the Marne.

Mrs. Campbell has opened an embroidery and lace work "emporium" in Denver, where she personally cares for the wants of her customers.

SIR DRUMMOND FRASER TO ADDRESS BANKERS

By Associated Press.

LONDON, Aug. 25.—Sir Drummond Fraser, organizer of the Ter-Meulen Bonds scheme for international credits which was adopted by the League of Nations, has accepted an invitation from the American Banking Association to address the organization's convention at Los Angeles in October. Sir Drummond was appointed organizer of the Ter-Meulen scheme in March.

Mrs. Webb's condition is regarded as fairly satisfactory.

HEAVY LOSS SUSTAINED IN LUFKIN LUMBER FIRE

By Associated Press.

LUFKIN, Texas, Aug. 25.—The Cotton Belt Lumber company here with 1,225,000 feet of lumber was destroyed by fire last night, at an estimated loss of more than $50,000. The fire originated in the shaving house, it was said. The property had very little insurance.

PRAIRIE FIRE RAGING OVER WEST TEXAS

By Associated Press.

SAN ANGELO, Texas, Aug. 25.—A prairie fire which raged for thirteen hours yesterday was finally taken under control late last night after sweeping bare twelve sections of grass lands on the ranches of John A. March, J. Q. McCabe, Sim Weatherby, Roy Cummings and Harris brothers in Coke county, about thirty-five miles north of here. The destroyed area measured nine miles long and three miles wide.

The flames were finally checked by burning off a strip of grass in the path of the fire, after more than three hundred volunteer fire fighters had labored in an ineffectual attempt to stop the blaze with wet blankets and sacks.

The fire is believed to have originated from a lighted cigarette dropped by a Mexican sheepherder on the March ranch.

J. E. Duff, well known stockman, was severely burned while fighting the fire and the wife of Brooks Johnson, ranchman, barely escaped death when she abandoned an automobile and ran several hundred yards after being trapped in a lane walled in by a mass of flames.

A squad to combat the prairie fire menace in future was organized here today.

EMPLOYEES OF CIVIL SERVICE TO HOLD MEET

WASHINGTON, Aug. 25.—The National Federation of Federal Employes, men and women, in every occupation, from the professions and sciences to charwomen and laborers, in every state and territory of the United States, will hold its fifth annual convention in New Orleans September 12-16.

Every government service is represented in the membership of the National Federation of Federal Employes, which was organized "to advance the social and economic welfare and education of the employes of the United States and to aid in the perfection of systems that will make for greater efficiency in the various services of the United States.

The outsanding feature of the Federal progamme is its campaign for the Lehlbach-Sterling bills, which provide for reclassification of the entire Civil service on a strictly merit basis, the elimination of politics from appointments and promotions and standardized pay scale fixed according to the skill and training required for the job. The salary scale now in effect is based on standards of 1854.

Several hundred delegates are expected to attend the convention, and there will be numbers of women among them. Three of the largest and most active organized groups are composed entirely of women while several of the mixed locals have women presidents and secretaries who will be in attendance.

Preconvention sessions of the executive council of the federation will be held in New Orleans September 1 and 17.

MEXICAN OIL IMPORTS TO BE LESS IN AUGUST

By Associated Press.

TAMPICO, Mexico, Aug. 25.—Petroleum exportations from this port totalled during the month of July approximately 5,500,000 barrels, or one-fourth the amount shipped during the month of June, according to information, given out by oil companies here.

It was stated that August exportations will show a decrease over those of July, despite the fact that drilling is almost as active as early in the year. This is attributed to the low price of oil in the world's markets coupled with a recently imposed Mexican tax on petroleum exports.

MEXICO CITY HAS MASKED AUTO BANDITS

By Associated Press.

MEXICO CITY, Aug. 25.—Mexico City, like New York and many other cities, has its gangs of masked bandits who use automobiles and at times engage in revolver duels with the police. A lively exchange of shots took place, the other night, when a police car caught up with one of the gangs on one of the main downtown streets. Pedestrians took to cover as bullets flew freely, but the gang got away.

ROBBERS GET $500,000 FROM KATY LIMITED

By Associated Press.

DENISON, Texas, Aug. 25.—Loot secured by two masked robbers who held up and robbed the Katy Limited, north-bound, on the Missouri, Kansas & Texas railroad, as it entered the city early this morning by reach $500,000, postal inspectors intimate. Two sacks of registered mail and packages were taken. Postal authorities are now making a complete checkup and the definate amount of the loss is not yet known.

B. J. Polk, postal clerk, who was struck in the head with the butt of a revolver, when he failed to move fast enough for the robbers was not dangerously injured, it was stated. The robber apologised to the other mail clerks for his act.

Bridges across Red River and highways in Grayson county are being patrolled in an effort to apprehend the thieves. Sheriffs posses are scouring the district in the vicinity of Denison.

While only two men took part in the actual robbery it is believed that there were five in the party, the other three remaining in an automobile which was noticed near the spot where the robbers leaped from the train. After looting the car the thieves brought the train to a standstill by pulling the signal cord.

The men boarded the train at Bells thirteen miles south of here, and entering the car, at the point of guns, bound and gagged the mail clerks.

TURKS FROWN UPON WOMAN WITHOUT VEIL

By Associated Press.

ANGORA, Aug. 25.—Turkish men still refuse to look upon unveiled Turkish women when passing them in the streets or on the roads, despite the attempt of the latter to adopt the preschments of Halide Hanum and other workers for the freedom of the woman in Asia Minor.

According to our customs, it is impolite to flirt in public or address or look on the face of our women, and I can't break the custom," explained a "Turkish officer travelling with the correspondent.

In the nationalist capital of Angora Halide Hanum Mufide Ferid Hanum, the author and wife of the former minister of finance, and many other women who came out from Constantinople to support the national movement, go about the streets or ride horseback with their veils turned back and folded into a handsome head-dress, modelled after the Russian style.

But outsie of Angora, despite the example set by American women of charity organizations, or of the example by Greek and Armenian women, most of the Turkish womenstrictly maintain the old custom.

This applies not only to women of the households but also to the many women seen working in the fields or along the roads, driving ox carts or donkeys laden with army supplies, or what being exported to Russia.

The custom of veiling has long been modified to the extent that the face may be shown freely to the men of the village or of the party with whom the women may be working or traveling, but so soon as a stranger, whether Turk or European approaches the veil is drawn. If the stranger is a Turk he looks straight ahead, as if the women were not present. If the European or American turns his head to catch a glimpse of the women, they hurriedly pull the veil closer, so only the eyes can be seen. The older the woman, the closer the veil is drawn.

As the pretty gauze or thin cloths of pre-war days, white, blue, black or brown, cannot be had, the veils are often of coarse white cotton, and in the case of the working women, the cloth may be a stiff heavy cotton which serves as a sun bonnet. Sometimes the headpiece drops to the waist or further and can scarcely be distinguished from the loose, flowing garments so characteristic of the Orient. If the wearer be very poor, the veil and other garments may be but a crazy quilt thing of patches of all colors and thickness, pathetically mended and browned by sun and weather.

PROHIBITION GAINING FAVOR IN MEXICO

By Associated Press.

MEXICO CITY, Aug. 25.—There is a well-defined movement here which is said to have some official backing to make the federal district which embraces Mexico City bone dry by September 1.

It is proposed to close all saloons and cantinas and to stop the sale of all intoxicants, including pulque, the principal native drink.

During the administration of provisional President de la Huerta several prohibition measures were enforced but were eventually lifted after violent protests had been made by liquor vendors and their thirsty customers.

LOCAL NIMRODS GETTING READY FOR DOVE SEASON

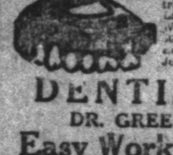

Local hunters are "rearing to go" with the start of the open season on Doves, September 1, approaching, and with a more plentiful supply of the feathered game in this section reported than for several years, according to local sporting goods men and sportsmen. Good feeding conditions and fairly strict observation of game laws during the summer have kept the young birds safe from harm and they are said to be found in large numbers, especially around the water holes in this region.

A plea to hunters to be "good sports" and let the doves have a fighting chance for their lives, is made by a local sportsman, who says that the true sportsman who loves to hunt and is not just out to slaughter the birds should wait until the birds fly before he shoots. The limit is 15 birds a day, on account of the tameness of the birds, he says.

The boast made by some that they have in the past been able to drive along the roads in an automobile with a shot gun and pick doves off almost at will, is not one of good sportsmanship, he says.

Minnesota Indians, who are farmers, are said to be, without exception, mixed-blood Indians.

CHILDREN AND ADULTS EXAMINED AT CENTER

Thirty-three children and three adults were examined at the clinic held at the Child's Health Center, between the hours 10 to 12:00 o'clock Wednesday morning. Miss Dorpat, local Red Cross nurse, was assisted by Mrs. Thompson a graduate nurse in weighing the babes and giving instructions.

Mesdames A. R. Cotton and C. Y. Tully assisted in bringing children to the clinic who were too far away to walk and also in receiving and registering them.

With the Women of Today

Mrs. E. Dorothy MacLaughlin.

Mrs. E. Dorothy MacLaughlin of Brooklyn, N. Y., has the honor of being the second woman to be elected to the presidency of the National Amateur Press Association in the forty-five years of the association's history. Mrs. MacLaughlin was elected at the recent convention held in Boston.

According to her statement the association of amateur writers object to the use of the word "amateur" as meaning novice or the inexperienced. They hold that amateur is taken from the Latin, "amo" therefore it means "we love to write or write for the love of it."

In connection with her work for the Amateur Press Association Mrs. MacLaughlin is editor and publisher of a magazine named "The National Tribute" and is co-editor of "The Zenith." In business life she is secretary-treasurer, of a New York city concern.

The charter members of the Amateur Press Association were boy printers who were publishing miniature magazines on a semi-professional basis. The boy printers today are in the minority and men and women interested in writing as an art from the bulk of the membership. Advancement of literary standards is the aim of the association. The organization numbers nearly 1,000 persons from every part of the world who are interested in journalism as a hobby and are known as amateur journalists.

WOMEN RAILROAD WORKERS INCREASE.

According to the interstate commerce commission, which is making a special study of the employment of women by the railroads with a view of determining the extent to which they are working in this field and the conditions of employment, women workers in large numbers are invading the field of railroading, until recently regarded as the last stronghold of the male. Appoximately five per cent. of the 2,000,000 employes of the roads are women.

Women who operate trains as conductors are not uncommon in some sections of the country. In other localities they are working as switching hands, while thousands are employed in shops and roundhouses as hostlers for engines. Women are engaged in nearly twenty different groups of operations, the reports indicate, including the signal service, where they handle messages directing the movement of trains.

Of course most women employes are found in the general offices and stations, where they sell tickets and handle telegraph keys. The invasion of these positions by women began several years ago. At first, however, their entry into even clerical positions was discouraged. Railroading, it was maintained, was a man's job. Women were longer in getting into the general offices as stenographers and filing clerks than they were in finding similar employment in offices of general commercial concerns. But the women kept flocking to the railroad employment offices, and they finally won out. More than 50,000 women are now employed in the general offices.

ASK ME

Charles Rayn's First National features, "A Midnight Bell," adapted from Charles Hoyt's famous stage success, was highly praised by Mrs. Eli T. Hosmer of the New York State Censor Commissioner, after she saw it at the Strand on Broadway.

While making a personal appearance at the Academy of music in New York the other night in connection with the showing of her production, "Love Penalty," Hope Hampton was taken ill, and went through her performance with difficulty. Unable to make the trip to her home in Park Hill, Yonkers, she was taken to the Ambassadors Hotel, where she was attended by specialists who pronounced her illness as appendicits. An immediate operation was considered, but after consultation it was decided to apply the freezing process. Miss Hampton's friends hope she will soon be able to resume her activities both on the stage and screen. Since the filming of "Love's Penalty," she has completed another production, "Star Dust," which will be released by Associated First National in the fall.

Those world famous feet did a new kind of shuffle the other day. They registered about everything in the gamut of human emotions—and there wasn't even a lone cameraman on the job.

Chalie Chaplin, having completed his latest First National film, "The Idle Class," has gone fishing. He landed an eighty-pound tuna, at Avalon. Not only that, but it was the only caught during the day. Can you vision a close-up of the greatest comedian in pictures when he brought it to gaff?

At the time Charlie was visiting the California resort as the guest of Edward Knobloch, the author.

Arrangements are now being made by Louis B. Mayer for the John M. Stahl company to leave Los Angeles for the Mojave Desert to film a number of location scenes for "The Song of Life," a future First National attraction.

As the work scheduled will require a few sets and other special reparation, a corps from the Mayer production staff will leave the studio in a day or two to get things ready for immediate filming upon Mr. Stahl's arrival.

Winwood—Who was the girl who played the part of "Ameera" in "Without Benedict of Clergy?" None other than Virginia Faire. Kipling was so pleased with her work in the picture that he made special mention of its excellence.

Dick—Of course Fatty Arbuckle is one of the screen pets. Its a distinction to be fat when you are Fatty Arbuckle. So you read that he had a fight with a waiter, did you? Well, without doubt it is true if you read it in the newspapers. Before long you will see him in a new comedy "Freight Prepaid."

A DAY'S RECIPES.

Chocolate Loaf Cake—Cream half a cupful of margaine, add one cup of surgar gradually, beat well and add two and a half quarts of shaved unsweetened chocolate melted over hot water and the beaten yolk of one large egg. Mix together one and a half cupfuls of sifted pastry flour, two and a half teaspoonfuls of baking powder and an eighth of a teaspoonful of salt. Blen the dry ingredients with the first mixtures, adding a half cupful of milk. Flavor with a half teaspoonful of vanilla, fold in the stiffly whipped egg white and turn into a well greased loaf pan. Bake forty minutes in a moderate oven. Ice when cold with boiled frosting.

Coffee Surprise—Soften a quarter of a package of gelatine in a quarter of a cupful of strained black coffee. Cook three-quarters of a cupful of granulated sugar to a caramel, add three-quarters of a cupful of hot black coffee and stir three eggs until lemon colored and until dissolved. Beat the yolks of cook in the coffee and caramel mixture until it thickens. Add the gelatine and when dissolved remove from the fire and cool. When the mixture begins to thicken beat well and fold in a cupful of double cream whipped solid. Turn into glasses lined with halved lady fingers and chill on the ice.

SUGGESTIONS.

For a Paste that will prevent wall paper from coming off, take a sufficient amount of pure buttermilk, strain and put in a kettle. Heat and thicken with folur as for any other flour paste. This will not soil the most delicate paper. If the wall to be covered is very crumbly, brush over with the paste before putting on the paper and it will stick.

Use Common Vaseline or petroleum jelly for cleaning brass electrical fixtures. Apply with a piece of clean cotton cloth and polish with old soft flannel. This gives a good results as olive oil and is much less expensive.

Always Put Scrubbing Brushes to dry with the bristles face downwards. This lengthens their lives considerably, as if dried the other way the water soaks into the wood and rots the bristles.

Stockings Wear Much Longer if washed before ever wearing. It tightens the threads, making them firmer.

Apply Alcohol to Grass Stains—Grain or wood alcohol will remove grass stains from washable goods when soap and water fail. It, too, is safe to use on materials which cannot be laundered.

To Save Time in Sorting Out Stockings—When the children change their stockings have them join mates with a sefety pin. The pins need not be removed for laundering and if mending is needed no time is lost in hunting for mates.

AMERICANS SHOULD GO TO WORK.

Walter Bremond of Austin advises the American people "to go to work." He is a close observer as well as a deep thinker. He says there are just two things the matter with this country. "One is Europe; the other is the United States." Germans are working. They are manufacturing goods. They are working long hours. They are cutting prices. They are going out for a share and a large share at that of the commerce of the world. Mr. Bremond had a dream. That is, he said he had a dream and when he came out of the trance, he interpreted his dream as follows: "I thought there was some psychological wave, and every man, woman and child woke up one morning with the desire and will to devote every leisure hour to some forms of work. The Elks put aside their dominoes and, meeting with the Lions, Kiwanians and Rotarians in their neighborhood streets, cleared the drains and gathered up the loose stones; the swarm of loafers at the Littlefield corner melted away, taking the best job that offered, cheerfully accepting one dollar if no one offered five; the League of Women Voters adjourned its meetings and the members found plenty to do in their own households; the moving picture censor closed his desk and went home to whitewash a chicken coop; the children pulled up the weeds in the school yard; the preacher talked about the dignity of labor, and made it clear that one could pray just as effectually in overalls as in pajamas; the ladies found the garden trowel just as restful to tired nerves as bridge, and the men that more could be accomplished with the hoe than with the golf club. Even the university professor quit his job of superintending the earth to mow the campus lawn. The great army of uplifters disbanded. Everybody was busy and there was nobody to reform. One afternoon the fire truck swung around the street, and not a single automobile chased after it. There was a dog fight on Congress avenue and no crowd gathered to see how it came out. A pretty girl got on the street car, exposing a dimpled knee, but nobody saw it. The man who had always stood on that corner was painting his front gate. Everywhere was heard the swish of the paint brush and the cheerful music of the hammer and saw. After a bit a stranger came to town. He found the most cheerful, friendly and self-respecting people he had ever seen, and Austin became the cleanest, most orderly and beautiful city in the world. A man who had been asleep for sixty days woke up. He thought he was in heaven."

COLLEGE OF INDUSTRIAL ARTS.

Speaking of retrenchment and reform, the legislative economists haven't been so slow. There is a decrease in amounts allowed for the Agricultural and Mechanical College for the first year, $775,881 to $772,441, and a slight increase in the amount for the second year, from $743,370 to $743,670. Publicity appropriations at A. & M. College also is eliminated, including that for the College proper. The budget of the College of Industrial Arts is increased from $310,440 to $313,440 the first year and from $289,940 to $292,940 the second year; that of the North Texas Normal from $244,330 to $245,130 the first year and from $233,580 to $234,580 the second year; that of the Southwest Texas Normal from $186,325 to $187,950 the first year and from $193,560 to $195,625 the second year. Sul Ross Normal from $85,240 to $85,690 the first year and from $79,490 to $79,940 the second year. Texas has the best state school for girls in America and the friends of the College of Industrial Arts rejoice that the lawmakers as well as the people of Texas are proud of the institution.

Members of the military committee of the United States Senate may prevent a favorable report on the bill to authorize retirement of Sergeant Alvin C. York of Tennessee with the rank and pay of captain. York was one of the mighty heroes of the world war. His bravery under fire won the admiration of the world. There are fat old senators who made slobbery speeches when the war was on, calling upon young men of the country to go forth and battle for the flag of the republic and the liberty of the world. Now these federal senators are willing that world war heroes shall hustle along as best they are able on their own resources without honor or emolument. When is a hero a hero? Is it before or after?

This is the message that Governor Neff sent to the lawmakers: "You are privileged to consider the wisdom of cutting down any appropriations made for any purpose in any bill passed by the thirty-seventh legislature." Fair enough. It was up to the senators and representatives who are placed in office by Jones and who are hair for their work by Jones.

A TEMPEST IN A TEAPOT?

Now the lower house of congress demands that the upper house shall administer a fitting rebuke to Senator "Jim" Reed of Missouri for his contemptuous references on the floor of the senate to Congressman Volstead of Minnesota.

This is the third time in history that the house has called upon the senate to reprimand one of its members.

This is a land of free speech.

Reed did not question the personal integrity nor the normal rectitude of the Minnesota congressman.

He merely said that if the face of a man is an index to his character then Volstead's ancestors must have witch burners, faggot-bearing fanatics and creed bigots willing at all times to burn at the stake those who did not accept their mode of worship or religious convictions.

Perhaps Reed told the truth.

Most of us had ancestors who were witch burners or creed fanatics.

Senator Reed is a iconoclast. He cannot be controlled. Modern conventionalities he hold in contempt. A democrat, he was a bitter opponent of Woodrow Wilson and the Wilson policies.

Reed has never bowed to a political boss. He is one of the ablest debaters in America. His personal integrity has never been questioned. Neither has his moral or physical courage ever waivered.

He may be right; he may be wrong; he is not a time server; he is never a hypocrit.

He is just "Jim" Reed of Missouri, king of political free lances and a man who never counts the cost.

Why should Volstead writhe or cringe? He is not responsible for his ancestors.

HARRELD OF OKLAHOMA.

Senator Harreld of Oklahoma is a Republican. Senator Harreld has introduced a resolution calling upon the federal trade commission to investigate the oil industry.

Senator Harreld says that there is a monopoly organized to force 21,000 independent producers into bankruptcy.

Senator Harreld is an independent oil producer. It is his conviction that the 21,000 independent oil producers in the United States are pioneers.

They find the oil fields he says.

"While those of the monopoly follow to get the benefit of that endeavor."

Senator Harreld should be told that the republicans control the government and that he is talking to save his face, politically speaking and knows it.

He hasn't any more influence with the government today, on matters effecting petroleum, than a Cantonese coolie in the flowery kingdom.

It is sad to relate it but it is the truth.

Oil importations are on the free list. This was the decree of powerful republicans in and out of congress. Now just what is Senator Harreld going to do about it?

WHY THE ATTACK?

Senator Harreld of Oklahoma wants the senate to instruct the federal trade commission to investigate and report to what extent the Standard Oil Company, The Royal Dutch Shells and the Doheny groups have been able to use the Federal Reserve system or borrow from other sources for the purpose of the acquisition of properties and pipe lines.

His resolution would direct the commission to make a report by December 15.

Isn't this a venomous attack on the Federal Reserve board.? If it isn't "what is it?"

It is well known that the Standard Oil group is composed of influential republics; that the Doheny group is composed of leading democrats; that Doheny is a democrat but is said to be generous enough to contribute to the republican as well as to the democratic campaign chest; that the Dutch Shells Company is officered by Hollanders and financed by Britishers. By why the attack on the Federal Reserve board.

THIS IS DOG DAY TIME

Representative Stewart of Reeves county, champion of the Davis Mountain park proposition, placed the governor in an ugly hole. Then to make it a 50-50 proposition the governor placed Representative Stewart in an ugly hole by a sweeping denial of a conversation the representative said he had had with the governor relative to the state park proposition. This is dog day time. Perhaps it would be best if the congress would adjourn and go home and the legislature follow suit. When men are heated they are irritable and often say that which they do not mean.

LODGE AND CURTIS.

Senator Henry Cabot Lodge is to be chief of the Harding Peace Delegation. This will call for the selection of a new majority leader. Lodge is the intellectual leader of a republican senate. Senator Curtis of Kansas is the party whip and the physical leader of a republican senate. There is a difference; Lodge is an intellectual iceberg and a political scorpion; Curtis is a human being; he is a standpatter; he isn't a Pharisee or one of the scholars of the senate but he never walks about with his head in the clouds and his feet on the top rail of the highest fence.

A THOMASON LEGISLATURE.

Thirteen senators and representatives will go to Davis Mountains to investigate the State Park site. Their railroad fares will be paid out of the contigent fund but members of the committee must pay all other expenses out of their own pockets. This is a Neff administration but a Ewing Thomason legislature. This is what they say in the haunts of the politicians of Austin and these old corridor politicians know where of they speak.

Now the war finance corporation has been given power by congress to buy secured notes or drafts but direct loans are barred. In other words, the corporation loans the money to organizations and banks and the needs of the farmers are supplied by the banks and organizations. This is called "farmers relief legislation," and it is needed.

Mingo county reports another war. Mingo is in West Virginia where the miners go armed and the mining operators have an army of private gunmen. The six-shooter appears to be the higher law in the districts of that state and wherever the six-shooter is the higher law organized government is a failure for the time being.

CURTIS OF TAR-RANT.

Representative A. B. Curtis hails from Tar-Rant. He was and is the king of the retrenchers. This is his viewpoint: "We should first make appropriations for the public schools and whatever is left should be given to higher education. The trouble is we never have had a real university and I don't believe the public ought to support a real university but a first-class college." The Record News gets him. The gentleman from Tar-Rant favors a business college where shorthand, typewriting and bookkeeping equips a man for a place in the diplomatic service of his country.

HOW THE PROFESSOR WON 'EM.

This is a gay old world regardless of the growlers. A wise university professor of Texas walked down Congress Avenue all dressed up in jumpers, coveralls and brogans. Seven of the retrenchers saw him. Representative Marshall of Hardin said to his fellow economists, "Boys. Come, it is time for us to quit," and the seven voted for harmony, the adoption of the conference report and adjournment. If you are a fly catcher, use honey.

Rippling Rhymes

SILVER LINING.

With temper sweet I bear the heat, and do no idle swearing, for solar rays are good for maize, and prune trees, richly bearing. I don't despair or rend my hair, though in the heat I smother; whatever things the season brings are good for which or t'other. Sometimes I rise and roast the flies that spoil the summer season, ere I recall that insects all are here for some good reason. If flies and fleas and things like these were all obliterated, new kind of pests would plague our breasts, it may be safely stated. Dame Nature's sane and not in vain are any of her doings, she goes her course though we grow hoarse from cussings and beshrewings. Dame Nature's wise, and if she fries the voters on this planet, some purpose fine, some high design is there, if we could scan it. Dame Nature wends to her own ends, no wails of ours can stop her; I say, "Gee whiz, whatever is, is right, and good, and proper." If I must bake, there's no mistake, it is the goal I steer for; if I must cook, why then, gadzook, it's what she put me here for. Whatever haps to mortal chaps is what the Dame's provided; her way is straight, she goes her gait, and smiles when she is chided.—Copyright by George Matthew Adams.

WELFARE BOARD ACTIVE TRYING TO SAVE GIRLS

Parental indifference, which is declared by welfare workers here to be the prevailing cause for the shameful laxity of morals of a number of girls less than 14 years of age, will not be tolerated by the local welfare council, working with the help of the police department, in putting delinquent girls in proper institutions, according to Mrs. C. E. Ousley, exe-

Heretofore the parents permission has been obtained in sending young girls found guilty of improper conduct to institutions for reform, but several cases recently where the parents not only smiled upon their children's loose conduct but made pro- they call it,) have convinced the council workers that real cases of delinquincy must be handled regardless of whatever their parents desire.

In some cases, Mrs. Ousley says, the parents are not only indirectly responsible by their lack of attention but seem to allow their young daughters, in some cases only 13 and 14 years of age to "run around" with older men of questionable morals. When approached by welfare workers it is said, some of them became very indignant and seem to think their children should be allowed to follow their own desires without hindrance.

The fact that there are in Wichita Falls something like 100 young girls who roam the streets after dark, not all perhaps who are really "bad," but all well on the road, is vouched for by workers in touch with the local situation.

An active campaign, regardless of any objections, is being waged, they say, and will continue until them town is rid of objectionable characters and the young girls are given a chance to live under more wholesome surroundings.

ASKS $50,000 FOR ALLEGED SLANDERING

Alleging that the statements made in public by the defendant had injured his reputation in the community and caused him a large loss in his business, T. Y. Young, former proprietor of the Young Drug company, corner of Ninth street and Indiana avenue, brought suit for $50,000 in the 78th District court Thursday against Mrs. Carrie Joline, owner of the Joline hotel. The store room occupied by the drug company occupies part of the ground floor of the hotel.

According to the plaintiff's petition the defendant on several occasions made remarks damaging to his character on one occasion falsely stating "you are a crook, a dope fiend, and bootlegger." The plaintiff alleges that she tore down a store sign from in front of his store, damaging his business.

WILL PICK ARCHITECT VERY SOON

An architect to draw up plans for the proposed new high school building near the Floral Heights addition probably will be selected by the school board in the near future, according to announcements made Thursday. The proposed building, when completed, is expected by school board members to incorporate the most modern of construction features being used in school buildings in other cities.

A bond issue election will be called directly after plans are drawn to the approval of school board members.

ROADWARMERS COMES HERE SEPTEMBER 12

PARTY OF TOURISTS WILL SPEND SEVERAL HOURS HERE ON TRIP

The official "roadwarmers" of the Colorado to Gulf highway, who are scheduled to leave Denver, Colo., on September 12, will arrive in Wichita Falls at 10 o'clock on the morning of September 17, according to a communication forwarded to the Record News Thursday by Bernard S. McMahan, Gulf director. Among the men making the trip for the purpose of promoting interest in the highway are announced to be many men of prominence, who are deserting their own interests for nearly a month to promote the work of developing the highway.

Among Texas cities scheduled for visits by the officials are; Memphis, Childress, Quanah, Chillicothe, Vernon, Electra, Alvord, Bowie, Decatur, Fort Worth and Dallas. They will cross the Texas line at Texline and direct their course by Amarillo. They expect to reach Galveston on September 22, double back to Temple and reach the coast again at Brownsville on the afternoon of September 29, after which they will return to their homes.

Mr. McMahan declares that the trip will be an arduous one and asks that cities and towns along their course assist the party in maintaining their schedule as nearly as possible.

SOUTHARD TO BE BURIED IN N. Y.

BROTHER ARRIVES TO TAKE BODY HOME FOR INTERMENT.

Edwin Southard of New York arrived in Wichita Falls Thursday to take charge of the body of his brother, Thomas Southard, 24 years of age, assistant circulation manager of The Record News, who died Saturday afternoon at 5 o'clock at the Wichita General hospital, where he had been removed after being found in a dying condition with a bullet hole through his head.

The body probably will be shipped Saturday morning for New York for burial. Mr. Southard will accompany the body.

The family will welcome an appetizing aspic in place of soup these warm days.

PYRON WANTS AMUSEMENTS FOR WORKERS

Sunday amusements is a question which is taken into consideration by large employers of men and one which was taken into consideration by the Gulf Production company in their move to Wichita Falls, it became known Thursday in the course of a conversation between W. B. Pyron, vice president of the Gulf company, and a representative of the Record News.

"This question is one which gave us a great deal of concern in considering this move," said Mr. Pyron. "We did not expect to find the variety of amusements here that prevail in Fort Worth on Sunday, but the fact that some are available was a fact that we satisfied ourselves on."

The moving picture show now being operated on Sunday under the club plan was called to his attention by one of the Chamber of Commerce representatives, and it's presence as affording one avenue of Sunday amusements was commented on by those present.

"I don't want it understood that I am preaching for Sunday shows, or that I believe that that is only kind of amusement," Mr. Pyron said. "I am not, but I believe that the operation of this show will help in the amusement situation in Wichita Falls.

"As far as I personally am concerned, and you, and you (pointing to Chamber of Commerce directors present) the question does not amount to anything. It is the employe of my company who has no automobile nor no golf club membership that I am compelled to look out for.

"These men of our spend every week day in the various fields in which the company is operating, but are all here on Sunday.

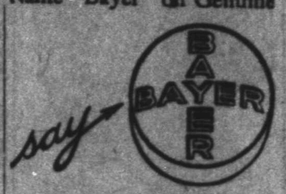

"And, naturally, they want some amusement and recreation after a week in the field. I don't want to give the idea that Sunday amusements are the whole thing in life for our employes, for I know that most of them are regular attendants at various churches and Sunday schools. It is in the afternoon that they seek amusements, and this is one thing that one responsible for the satisfaction and efficiency of an organization has to take into account."

PLACE MAN UNDER BOND ON CHARGE OF MAKING WHISKEY

G. C. Ruckman was arrested Wednesday night at his residence by Sheriff Fred Smith and Ranger McCormick for the alleged illicit manufacture of liquor was placed under $1,500 bond Thursday by Justice of the Peace Maxwell. Ruckman is alleged to have a still in operation when officers raided his home.

YOU NEVER CAN TAME A WILD-CAT

Mr. Dodson Warns Against Use of Treacherous, Dangerous Calomel.

Calomel salivates! It's mercury! Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it causing cramping and nausea.

If you feel bilious, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; Besides it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Adv.

THERE MAY BE SOME DOUBT

about the cotton crop, or how much oil will be sold this fall, or whether the railroads will carry the crops or whether there will be money to collect from the sales—but there is no doubt about one thing—the crop of education this fall will be bigger than it ever has been in the history of the world.

POTATOES DROP TO $3.75 CWT. IN LOCAL MART.

A 50 cents drop per hundred pounds was registered Thursday by potatoes in the local wholesale markets, dropping from $4.25 to $3.75 to go into effect at the opening of the day's business Friday. This is the only change that has been reported in the fresh vegetable market.

No changes have been listed in the allied grocery lines, including canned goods and sugar, neither has there been any change in poultry and eggs.

Developments in the poultry and eggs market, while not showing a scarcity marked enough to cause any additional changes in price, show that the quality of eggs is growing worse and that the per cent lost by candling is on the increase. However, the undertone of the market is steady.

No changes in flour or meal have been reported.

The following prices were obtained at the opening of the day's business from local jobbers and can be relied upon as official, although subject to fluctuation:

NEW YORK SUGAR.

NEW YORK, Aug. 25.—The raw sugar market was a little more active today, but there was no change in the quotations which are quoted at 4.50 for centrifugal for uncontrolled sugars and 3 1-4 for Cubas cost and freight, equal to 4.86 for centrifugal. The sales included 9,450 bags of Philippine Island, due early in September; 22,400 bags of Porto Ricos early September shipments and 11,900 bags of Colombian from store all at equal to 4.50 for centrifugal with no sales of Cubas reported.

The raw sugar futures market was irregular with near months higher on covering. Final prices were 3 points higher to 6 net lower. September closed at 2.88; December 2.64; March 2.52; May 2.58, all bid. The market for refined was easier and prices were unchanged to 11 points lower with fine granulated now listed at from 5.50 to 6.00 while second hand sugars are said to be available at 5.70.

There were only a few sales in refined futures, but the undertone was steady. September closed at 5.90; December 5.70; March 5.60 and May 5.65.

FAMOUS CREAM PONIES SUPPLANTED BY BLACK

By Associated Press.

LONDON, Aug. 25.—The famous six cream ponies, which were formerly part of the state pageantry of London, will never appear again drawing the royal coach through the London streets as, owing to in-breeding, the stock has grown too small for ceremonial purposes and their places have now been taken by the "royal blacks."

The stock of creams, however, will not be allowed to die out altogether for the King has presented them to the Army Council and in future they will be used as cavalry drum horses.

RENEWAL OF BUYING SENDS COTTON HIGH

NEW YORK, Aug. 25.—There was a renewal of the recent buying movement in the cotton market, which became more excited as prices worked higher and carried October contracts up to 15.20 or 108 points above the closing figure of yesterday. December sold as high as 15.40 or 238 points above the low level reached on the recent reaction. That delivery closed at 15.29 compared with 14.46 yesterday, and the general market closed very steady at a net advance of 69 to 83 points. The market opened firm at an advance of 14 to 22 points on the higher Liverpool cables and reports of increasing activity in Manchester. There was a good deal of realizing and southern selling, but it was absorbed on reactions of 10 to 12 points with every indication of a broadening commission house and trade interests reports of grains and continued high temperature in the southwest evidently strengthened confidence in a very bullish government crop indications next week, while the better trade news from Lancashire seemed to bring in a good deal of rebuying by recent sellers. After the first half hour there was very little southern selling and the advance was accompanied by reports of a firmer spot basis, which probably stimulated the demand from October shorts, as prices worked above the 15 cent level. Realizing became more active and after showing net advances of 78 to 108 points during the middle of the afternoon, prices reacted several points in the late trading. All deliveries made new high records for the season, while January and later months made new high prices for the life of the respective contracts, that is, since trading in them started. Private cables were received here attributing the increased activity of Manchester to a renewal of demand for goods from India. Reports from the domestic goods trade also attracted favorable comment, but local traders attributed the advance chiefly to increasing apprehension of a very short crop. For the fifth day in succession, all stations in Oklahoma reported temperatures of 100 degrees over, ranging up to 106 and the forecast was for continued dry weather in the southwest tomorrow. Port receipts 11,961. United States port stocks 1,330,819. Exports 17,426, making 281, so far this season against 126,347 last year.

WHEAT CLOSE STRONG AFTER DULL OPENING

CHICAGO, Aug. 25.—A strong finish after a general dull start ristinguished today's dealings on the Chicago board of trade. Net gains were recorded in all options, wheat advancing 2 to 2 3-4, corn 1-8 to 5-8, oats 1-8 to 3-8 and provisions from 2 1-2 to 22 1-2, with lard the leader, and ribs lagging.

There was little activity in the early wheat market, fears that the new Capper-Tincher law might restrict trading in futures serving to offset the cinging of the war finance bill with its provisions for agricultural export loans. Later timidity of buyers was overcome. A rather strong rally carried prices about 3 cents above the low figure of the day.

Corn showed a strong undertone because of the cash situation, the industrial demand in the sample market being good and bids to arrive on thirty day shipments advanced 1-2 cents. Oats were dull but held well in sympathy with corn and the late strength in wheat.

Provisions are early inclined to sag in sympathy with the live hog market gained strength when packers and commission houses bought lard.

COTTON BURNS AT ROSEBUD

By Associated Press.

MARLIN, Texas, Aug. 25.—Fire of unexplained origin early today destroyed the farmers' Union warehouse, twelve hundred bales of cotton and four freight cars at Rosebud, twenty-five miles southwest of here, at an estimated loss of one hundred thousand dollars. About half the damage was covered by insurance.

STOCKS SET SEVERAL NEW LOW RECORDS

NEW YORK, Aug. 25.—The stock market today consistently followed its recent reactionary course. The liquidation and short selling caused many new low records, involving leaders as well as vulnerable issues.

Easier money rates, the further strength of foreign exchange and adoption of the farm credit bill by the senate evidently played no part in the calculations of traders being neutralized by the keener competition in the steel industry and other unfavorable factors.

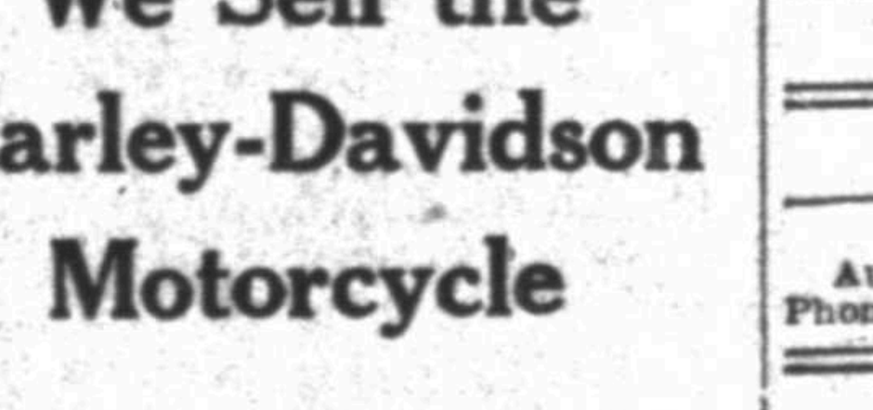

Gross declines of one to six points were sustained by oils, steels, equipments, coppers, rubbers, textiles, tobaccos, chemicals and an array of miscellaneous issues. Prices were lower at the start but strengthened before noon, only to react again in the last half of the session. Mexican petroleum featured the setback, dropping from 91 1-2 to 84 1-2, a new minimum, making up virtually all its loss.

Call money ruled at 5 1-2 per cent but much of the days offerings were at 5 per cent. British and other European exchanges were materially better, continental rates rising from 5 to about 25 points.

Industrials, especially coppers and shippings, were among the heaviest features of an irregular bond market, including liberty 3 1-2's which lost a fraction over 1-2 of 1 per cent.

CALVES SELL MORE FREELY AT FT. WORTH

By Associated Press.

FORT WORTH, Texas, Aug. 25.—Calves sold freely at fully steady prices today, but the cattle market was slow and generally 15 to 25c lower on all kinds, except heifers and yearlings. Steers were not in demand at any price and the demand for common to fair cows was exceptionally weak. Receipts amounted to 2500 head of cattle and 2000 calves.

The hog market was uneven, but averaged 15 to 25c higher. Only 400 arrived seasonably, but enough more were reported back to increase receipts to 1000 head. A shipper paid $9.25 to $9.35 for good hogs and packers bid to $9.25. Bulk sales ranged from $8.75 to $9.00. Pigs sold freely on a steady to strong basis. Some choice pigs brought $7.75 and another lot went at $7.50, but $7.25 was the logical market top.

The day's run of sheep and lambs contained almost entirely of mixed stuff. The market was steady and active. Quotations:

SPUDDERS BREAK EVEN, WINNING FIRST AND LOSING SECOND, BUT SHOWING GREAT FIGHTING SPIRIT

The Spudders busted even on a doubleheader yesterday, winning the first battle 10 to 9, and dropping the second to the Exporters 5 to 8—but the burning mystery still remains unsolved; namely, why didn't Walter Salm and the bat boy get in the game?

The Spudders used sixteen different players in the two games. They just naturally battled those Exporters to a frazzle in the desperate effort to collect every dad-blamed ball game lying around loose. When they ran out of catchers and infielders both, why Cecil Griggs went behind the plate and "Wild Boy" Knadler grabbed a glove and hustled for flies in left field! You've got to hand it to Skipper Salm and his gang for fighting; they most assuredly tried every trick in the book of baseball to turn Pat Newnam's clan back. The Spudders were still slugging the old apple, and driving in runs when the second game was called on account of darkness after four and one-half innings had been played—and there's no telling what the final score might have been if those Spudder bats had been given free play for a few innings longer.

Abe Bowman was bumped badly in both games—but we have no complain to make. Big Abe has worked too hard and too loyally for the Spudders for any fan to raise a whisper in criticism of his work. The Exporters socked Abe's offerings wickedly, but you can wager a few bopecks that Abe was trying his level best, and that he feels a durn sight worse about it than we all do.

A Slugging Infield.

The fighting Spudders grabbed the gravy in the first contest after one of the greatest uphill slugging exhibitions ever staged by a ball team. The Spuds, we must admit, are weak in the outfield, but how that infield did pound the pellet! The boys altogether gathered 18 hits off three Beaumont twirlers, and 13 of those wallops were contributed by Clark, Tanner, Works and McDonald—and among those blows by the infielders were four two-baggers, a triple and a home run.

Heavy firing started in the opening frame of the first game when with two out and Tex McDonald on second base, Danny Clark belted the apple over the center field fence for the circuit.

But Beaumont promptly proceeded to take the lead back by scoring four runs in their half. With one out and DeMaggio on first by virtue of a walk, Durst smote a long double to right center that scored "Cuckoo." Smith popped to Tanner, and Alexander also was walked by Abe. Brennan then doubled to right, scoring Durst and sending Alexander to third. Dorough relieved Abe at this point and Ripperton promptly slammed a single to center that scored Alexander and Brennan, Ripperton being nailed at second trying to stretch the hit.

But the Spudders didn't quit. They hammered in two more runs in the third on a base on balls, an error, a double by Tex and a single by Clark—and Beamount promptly came back with two more, driving Dorough to the bench and bringing forth Uncle Jimmy Sewell.

The Spudders took a breathing spell for three innings, and then began raising Ned in the "lucky seventh." McElwee opened it with a single, and scored when Buddy Tanner pasted a triple to left. Tex again kicked in with a hit, a single this time, and Buddy scored. Tex went to second on a wild pitch, and Newnam yanked Scott and rushed in Meine. Clark beat out an infield hit to short and McDonald made third. Jake Miller, limping badly, but back in the game again, scored Tex with a sacrifice fly to right. Brennan threw out Griggs, but Caddy Works dropped a Texas leaguer in left that brought Danny home. Kitchens walked and Sewell was thrown out by Stansbury.

Still They Score.

You'd think that ought to be enough, wouldn't you? But it wasn't—for the Spudders landed on Uncle Jimmy, who thus far had been going fine, and proceeded to drive in three more runs. Can you imagine such a fool proceeding? Holly relieved Jim, and to give Jim Sewell his proper credit, we hasten to state that two of those three runs were made off Holly.

But the Exporters were simply playing with fire. The Spuds were mad clear through. They fired both barrels again in the eighth, after McElwee and Tanner had been retired. Tex McDonald pasted a single to left, his fourth wallop of the day, and Danny Clark likewise slammed out his fourth, a two-bagger over the right field wall that put Tex on third. Jake Miller brought delight to the hearts of his loyal admirers at this critical juncture by singling sharply to left, and bringing both Tex and Danny across the rubber. Griggs doubled right, putting Jake on third, but Works popped to third for the final out.

And then the Exporters hollered, "Enuf." They quit right there—and so the Spudders also ceased firing, and grabbed the game 10 to 9.

But that second contest was rawther sad, eh, wot? Big Abe got off on the wrong foot, and after two runs had been scored in the first inning was de-ricked in favor of Knadler. The Oklahoman was wild as a whole family of hawks, and four more runs came home before the disastrous frame ended. The Spudders got busy, and pounded Jake May for eight blows and three runs, one each in the third, fourth and fifth, but the Exporters also made one in the third and another in the fourth, and had the game won 8 to 3 when the Umps called the pastime over on account of darkness.

It was a great afternoon at that, for the boys showed more fight than a wounded bull moose—and while they retain that spirit we refuse to worry a great deal over this pennant race.

KID COLE VICTOR OVER JACK ARNOLD

Special to the Record News.

BURKBURNETT, Aug. 25.—Flooring his opponent once each in the fifth and eighth rounds Kid Cole defeated Jack Arnold in a ten-round battle here tonight at the American Legion club. Cole, according to the newspaper decision, bested Arnold in eight of the ten rounds, winning a draw in the other two.

Fight fans, who crowded the club rooms to overflowing, declared that Arnold could not have lasted another round before Cole. The two men weighed in at 121 pounds ringside.

Abe Bowman and Tom Collins, former champion of the First Division, while overseas, are scheduled for a ten-round bout here on September 8.

INVENTOR DEAD.

THREE PRIZES GIVEN IN WEEKLY SHOOT OF GUN CLUB TODAY

Three prizes have been offered to the nimrods who take part this afternoon at 4:30 o'clock in the weekly shoot of the Wichita Falls Gun club. The shoot will be a handicap affair, and a big attendance is expected.

J. L. Nabb has put up a fountain pen for the marksmen to shoot at; that is, so to speak, J. L. has offered the pen as a prize to the man who fractures the greatest number of clay pigeons—if any man takes a shot at the fountain pen itself, he'll be lynched. The Little Sporting Goods company has donated a box of shells as another prize, while the gun club will give free targets as a third inducement to the gang to do their durndest.

The dove season opens September 1st. Better warm up at the traps this afternoon, heh?

WISDOM and WORSE

By C. F. C.

Bill Ruggles has a quaint, delicious sense of humor. There are not many better sport scribes in the Southwest than Bill, but now and then, like the rest of us, William has to fool his readers just as protection to himself. The Marines have got Bill in a bad hole right now, due to the fact that they started with a rush to burn up the league and very shortly thereafter ran out of coal—the result being that Ham Patterson's charges will be mighty lucky if the Buffs don't ease 'em out of third place.

In the Dallas News yesterday morning Bill Ruggles admitted that "the Dallas Marines have little chance to win to the top of the heap," and then he adds, with that quaint, delicious streak of humor rising to the surface:

"It looks as if the race is up to the Spudders and Fort Worth now, with the advantage with the Cats, as the Marines should break the heart of the Wichita Falls team in the seven games carded in four days here in September."

By golly; we got a good laugh out of that one! The Marines will "break the heart of the Wichita Falls team!" Can you beat that, or even tie it? We would have laughed almost as heartily if Bill had stated that the Marines would take the long end of the next series with the Spudders—but to make the assertion that there is a ball club anywhere in this broad land that can "break the heart of the Wichita Falls team;" well, we've got to pass, that's all; let someone else open this pot. If there is one thing the Spudders don't do, it's quit. You can't break the heart of that ball team, brothers. There are too many fighters on it; too many players who battle to the finish always and forever. The Spudders haven't got a heart, that's all, and the more crippled becomes their condition the tougher they are to lick. We've got a fighting, rambunctious, larruping ball club, and we haven't any moans to utter about hard luck. If any club in the Texas league thinks the Spudders are soft pickings because their outfield is shot to ribbons, let that ball club prove it by licking the Spuds. A fighting spirit that never quits is worth more to the Spudders right now than a new outfield—and Bob and Jake will be ready just in time to step in and assist in demonstrating to Dallas fans that you can't break the heart of a fighting ball club that ain't got no heart, no how.

But Bill Ruggles had to fool his readers somehow. He couldn't get away with any contention that the Marines have a chance to win the second half, so Bill thought he'd argue that the mighty Marines would just naturally break the heart of the slipping, sliding Spudders. Poor, misguided William! Poor, deceived Dallas fans!

How about a little more money for that Spudder bonus fund? A number of fans have informed us voluntarily of their willingness, their anxiety, even to contribute to the fund in order to encourage the boys to battle to the bitter finish—but the complaint is general that no one is around collecting the dough. How about it, Virgil, wasn't that your job? The fans decage that a canvass from the business house and office to the next would reap a harvest for the fund. Let's get started right on this matter, and see if we can't have a juicy little wad collected by the time the boys get back.

Speaking again of the Marines, wonder why Chick Mattick shows in the line-up of Wednesday's game as receiver for Dallas. What's the matter with Robertson, "All-Texas League backstop," and why should Robbie be out and an outfielder be back of the plate for the Marines? Guess Ham Patt also has given up hope, and don't care what position his men play.

Wednesday dealt a cruel blow to baseball precedent. In the National and Texas leagues five doubleheaders were played—and only one twin bill, Fort Worth and Houston, was divided. The Giants licked the Pirates twice, the Phillies smeared Cincinnati a couple of times, the Cardinals knocked the Braves for two in a row, and the Spudders poured it on the Exporters twice in one day. That's something very rare in baseball, such a string of doubleheaders in which one team grabs both contests. The law of average is all in favor of bargain bills in baseball being split—but the law wasn't on the job Wednesday.

They *satisfy*.

They give to your smoking a "completeness" that is altogether new and different.

Those fine tobaccos—Turkish, Burley and other choice Domestic varieties—are blended right.

Just right!

That's why you get "satisfy" in Chesterfields.

And the blend can't be copied.

There's no use looking for "satisfy" anywhere else.

THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon the Merritt Construction Company, whose residence is unknown, to appear at the next regular term of the Justice of the Peace Court, Precinct No. 1, Wichita County, Texas, to be held at the court house thereof, before Justice of the Peace R. V. Guinn on the 26th day of September, A. D. 1921, being the first day of the September term, 1921, then and there to answer a petition filed in the said court on the 28th day of May, A. D. 1921, in a suit No. 7704 on the docket thereof wherein Sherwin-Williams Co. is plaintiff and the Merritt Construction Company is defendant, the cause of action being for goods sold and delivered by the plaintiff to the defendant in the sum of $58.08 during the year 1920 and also garnishee action in connection with said case wherein the plaintiff garnisheed the City National Bank of Commerce of Wichita Falls, Texas, and said garnishee answers it was indebted to the said defendant in the sum of $43.04.

You are further commanded to so summon said defendant and serve this citation by making publication of this citation once in each week for four consecutive weeks previous to the return date hereof in some newspaper published in your county; and the said plaintiff will take judgment for said amount in case the said defendant fails to answer in said action.

Herein fail not but have you before said court on the first day of the September term thereof this writ with your return thereon showing how you have executed the same.

Witness my hand this the 24th day of August, A. D., 1921.
R. V. GWINN,
Justice of the Peace Precinct No. 1.

THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
Whereas on the 15th day of July, 1921, J. H. Crumpler recovered in the Thirtieth District Court of Wichita County, a judgment against M. J. Saunders for the sum of $11,513.70 with interest thereon from the 10th day of April, 1920, at the rate of 6 per cent per annum and costs of suit and attorneys fees, and, whereas, the said judgment is a foreclosure of a vendor's lien on the following described property, to-wit:

Being lot No. 6 in Block No. 36 of the Southland Addition to the city of Wichita Falls, Texas, as shown by the map or plat of said addition now on record in the office of the Deed Records of Wichita County, Texas as said vendor's lien existed on the 10th day of April, 1921, and it is ordered and decreed by said judgment that said property be sold as under execution in satisfaction of said judgment. And if said property shall sell for more than sufficient to pay off and satisfy said sums of money, the excess should be paid over to the said M. J. Saunders. But if said property should not sell for enough to pay off said sums of money, the balance due shall be made as under execution, and such order of sale shall have the force and effect of a writ of possession, and the officer executing same shall make a good and sufficient deed of same and place the purchaser of said property in possession thereof within 30 days from date of sale.

Therefore, you are hereby commanded that you proceed to seize and sell the above described property, as under execution, and make good and sufficient deed of same and to place the purchaser of the same in possession thereof within 30 days after the day of sale, and you apply the proceeds thereof to the payment and satisfaction of said sum of $11,513.70, together with the interest that may be due thereon, and the further sum of Eleven and 95-100 dollars, costs of suit, together with your legal fees and commissions for executing this writ. And if the said property shall sell for more than sufficient to pay off and satisfy said sums of money, then you are hereby directed to pay over the excess thereof to the defendant, M. J. Saunders. But if you fail to find said property, or if the proceeds of such sale be insufficient to satisfy such judgment, then you are directed to make the money, or any balance thereof remaining unpaid, out of any other property of defendant, as in case of ordinary executions.

Herein fail not, but due return make hereof within 60 days, showing how you have executed the same.

Given under my hand and the seal of the Thirtieth District Court of Wichita County, at my office in Wichita Falls, Texas, this 10th day of August, 1921.
A. F. KERR, Clerk
District Court Wichita County, Texas.
By EUNICE JACKSON, Deputy.

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon Tom W. Gresham by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Seventy-eighth District court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in September, A. D., 1921, the same being the 5th day of September, A. D., 1921, then and there to answer a petition filed in said court on the 2nd day of August, A. D., 1921, in a suit, numbered on the docket of said court No. 11279-B wherein Roscoe Homan and Manhattan-Texas Petroleum Company are plaintiffs and Tom W. Gresham is defendant and said petition alleging that on January 1st, 1920, and now plaintiffs were lawfully seized and jointly possessed of the 7-8 working interest in and to the oil and gas lease and leasehold estate covering the following described property: Beginning at a point which is 799.4 feet south and 330 feet west of the northeast corner of Block 88 Red River valley land subdivision, for the place of beginning: Thence west 330 feet thence south 2.6 feet, west 330 feet thence south 25.6 feet, north to the place of beginning. That defendant Tom W. Gresham unlawfully entered upon said premises and ejected plaintiffs therefrom and now unlawfully withholds same from plaintiff to their damage of $5000.00. The plaintiff further shows to the court that their assignors and vendees, the then owners of the leasehold estate above described on or about the 1st day of May, 1919, entered into a conditional contract with H. C. Bluhm and the Missouri Oil Co. for the development of the above leasehold, wherein said Bluhm and Missouri Oil Co. were to have an undivided interest therein conditioned upon the faithful compliance of said contract: that after drilling said well to the approximate depth of 200 feet, they abandoned same and surrendered all their right to same. That during the time said Bluhm and Missouri Oil Co. were at work on said lease with full knowledge of said contract, the defendant, Tom W. Gresham contracted with them to render certain service and labor whereby said Bluhm and Missouri Oil Co. became indebted to him in the sum of $117.00. That account of Gresham was thereafter fully paid by said Bluhm and Missouri Oil Co. but that in the meantime said Gresham made and filed his affidavit together with said account with the County CVlerk of Wichita County, Texas, whereby he sought to fix a laborer's lien on the aforesaid premises to secure said indebtedness, but all of said items in said account had been rendered more than 30 days before the filing of said lien. Wherefore same is voide that said account and affidavit although void constitute a cloud upon their title to said premises.

Wherefore plaintiffs pray that defendant be cited by publication to appear and answer herein as the law directs, for judgment for title and possession of said premises; that the affidavit and account herein be cancelled and the cloud removed from their title for cost and for general and special relief.

Herein fail not, but have you before said court, at its aforesaid next regular term, this writ with your return thereon showing how you have executed the same.

Given under my hand and the seal of said court, at office in Wichita Falls, Texas, this the 3rd day of August, A. D., 1921.
A. F. KERR, Clerk
District Court, Wichita County, Texas.
By EUNICE JACKSON, Deputy.

SHERIFF'S SALE.
STATE OF TEXAS,
COUNTY OF WICHITA.
By virtue of a certain order of sale issued out of the Honorable Thirtieth District Court of Wichita County, Texas, on the 29th day of July, 1921, on a judgment rendered in said court onthe 22nd day of June, 1921, in favor of B. H. Rankin and R. F. Heflin, comprising the partnership of Rankin & Heflin, plaintiffs, in cause No. 10585-A, in said court, and against Burk-Louisiana Oil Company and Tom Wills Oil Company, defendants in said cause for the sum of ten thousand two hundred and fifty dollars and forty cents ($10,250.40), together with interest thereon at the rate of 6 per cent per annum from said date of June 22, 1921, and costs of suit, I, Fred K. Smith, as sheriff of Wichita County, Texas, did on the 4th day of August, 1921, levy on all the right, title and interest of said Burk-Louisiana Oil Company and Tom Wills Oil Company, and of either of them, same being a seven-eighths mineral leasehold interest in and to five acres of land out of F. W. Huseman Survey 819, in Wichita Count, Texas, described as follows, to-wit:

East one-half (1-2) of Lot No. Eight (8) in Block No. Two (2) of Lee Tidwell's Subdivision of Block No. 819, Red River Valley Lands, according to map or plat of said subdivision recorded in the deed (plat) records of Wichita County, Texas; and on all property and equipment thereon; said lease being commonly known as the Burk-Louisiana lease; about three and one-half miles northeast of the town of Clara, Wichita County, Texas, and levied upon as the property of said Burk-Louisiana Oil Company and Tom Wills Oil Company. And on the 6th day of September, A. D., 1921, being the first Tuesday of said month, between the hours of 10 o'clock a. m. and 4 o'clock p. m. on said day, at the court house door of said county, in the city of Wichita Falls, Texas, I will offer for sale and will sell at public vendue for cash and to the highest bidder, all of the right, title and interest of the said Burk-Louisiana Oil Company and Tom Wills Oil Company, in and to said property.

Witness my hand this, the 11th day of August, A. D., 1921.
FRED K. SMITH,
Sheriff of Wichita County, Texas.
By H. C. DAKAN, Deputy.

CITATION BY PUBLICATION.
THE STATE OF TEXAS
TO THE SHERIFF OR ANY CONSTABLE OF WICHITA COUNTY, GREETING:
You are hereby commanded to summon Laura A. Atchley by making publication of this citation once each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the Seventy-eighth District court of Wichita County, to be holden at the court house thereof in Wichita Falls, on the first Monday in September, A. D., 1921, the same being the 5th day of September, A. D., 1921. Then and there to answer a petition filed in said court on the 2nd day of August, A. D., 1921, in a suit, numbered on the docket of said court No. 11280-B wherein, J. W. Atchley is plaintiff and Laura A. Atchley is defendant and said petition alleging, that plaintiff and defendant were married on or about the 10th of January, 1882; that they continued to live together until on or about the 5th day of June, 1921, that plaintiff during their married life has endeavored to make defendant a good and faithful husband, working hard at all times for the maintenance and support of defendant and their family; that he has at all times provided defendant with all the necessaries of life to the best of his ability. That defendant unmindful of her obligations towards the plaintiff began a course of cruel treatment towards plaintiff many years ago. The defendant would become mad and angry at the plaintiff for no just cause on his part and would for weeks and months live in a disgruntled state of mind and put and refuse to speak a kind word to this plaintiff during said time; that such conduct continued from year to year until it finally culminated in their permanent separation on the date above alleged; that plaintiff was compelled to sleep away from home some time before their final separation. That on account of the cruel and outrageous conduct of the defendant towards the plaintiff their further living together has been rendered insupportable.

Wherefore, premises considered, plaintiff prays for citation to issue to defendant by publication as the law provides, citing her to appear and answer this petition and on trial hereof he have judgment against defendant, dissolving the bond of matrimony between plaintiff and defendant and that he be awarded absolute divorce from the defendant and for all costs in this suit expended and have whatever further relief, in law and equity, he may show himself entitled to.

Herein fail not, but have before said court, at its aforesaid next regular term this writ with your return thereon showing how you have executed the same.

Given under my hand and seal of said court, at office in Wichita Falls, Texas, this the 3rd day of August, A. D. 1921.
A. F. KERR, Clerk
District Court, Wichita County, Texas.
By EUNICE JACKSON, Deputy.

SHERIFF'S SALE.
THE STATE OF TEXAS,
COUNTY OF WICHITA.
By virtue of a certain order of sale issued out of the Honorable Thirtieth District Court of Wichita County, on the 29th day of July, 1921, by A. F. Kerr, Clerk of the District Court, Wichita County, Texas, against C. V. Milholland and L. P. James for the sum of Twenty-seven hundred ninety-one dollars and sixty cents ($2791.60 and costs of suit in cause No. 10588-A in said court, styled S. Heyser vs. C. V. Milholland and L. P. James and placed in my hands for service, I, Fred K. Smith as sheriff of Wichita County, Texas, did on the 1st day of August, 1921, levy on certain real property situated in Wichita County, described as follows, to-wit:

Parts of Lots Nos. fifteen and sixteen (15 and 16) in Block No. two (2) in Floral Heights addition to the City of Wichita Falls in Wichita County, Texas:

Beginning at a point in the east line of said block No. 2, 50 feet north of the S. E. corner of said Block No. 2; said beginning point being the N. E. corner of the tract or parcel of land conveyed to J. B. Maxey; Thence west, 100 feet, to the west boundary line of Lot No. 15 and Maxey's N. W. corner; Thence north with said west boundary line, 50 feet, the S. W. corner of that certain tract or parcel of land conveyed to W. E. Campbell; Thence east with said Campbell's south boundary line, 100 feet to the east boundary line of said Block No. 2; Thence south with said east boundary line, 50 feet to the place of beginning, and levied upon as the property of said C. V. Milholland and L. P. James. And on Tuesday the 6th day of September, 1921, at the court house door of Wichita County, in the city of Wichita Falls, Texas, between the hours of 10 a. m. and 4 p. m. I will sell said real property at public vendue for cash to the highest bidder as the property of said C. V. Milholland and L. P. James by virtue of said levy and said order of sale.

And in compliance with law I give this notice by publication in the English language, once a week for three consecutive weeks immediately preceding said day of sale in The Wichita Falls Record News, a newspaper published in Wichita County.

Witness my hand this the 11th day of August, 1921.
FRED K. SMITH,
Sheriff Wichita County, Texas.

SHERIFF'S SALE.
THE STATE OF TEXAS,
COUNTY OF WICHITA.
Notice is hereby given that by virtue of an order of sale issued out of the Honorable Thirtieth District Court of Wichita County, Texas, by the clerk of said court on the 11th day of August, 1921, in the case of the Farmers' State Bank of Burkburnett vs. A. E. Boger, No. 9660, on the docket of said court, on a judgment rendered in said court on the first day of July, 1921, in favor of the said Farmers' State Bank of Burkburnett and against the said A. E. Boger for the sum of Seventeen Thousand Five Hundred Seven Dollars and Ninety-one Cents ($17,507.91), with interest thereon, from the 1st day of July, 1921, at the rate of 10 per cent per annum and costs of suit, with a foreclosure of an attachment lien on the following described property, to-wit:

20 acres in the form of a square out of the southwest corner of Block 2, J. A. Kemp's Wichita Valley Farm lands. Also an undivided one-half interest in and to west one-half of subdivision 18, 20 and 21 of S. I. and H. M. Munger Block 25, J. A. Kemp's Wichita Valley Farm lands situated in said county.

Also an oil and gas lease on the northeast one-half of Block 17, of S. I. and H. M. Munger subdivision of said J. A. Kemp's Wichita Valley farm lands situated in Wichita and Archer counties said northeast one-quarter being 40 1-2 acres, being all of the interest of said A. E. Boger of said oil and gas lease on the said 40 1-2 acres.

All of said property being situated in Wichita County, Texas.

As said attachment lien existed on the 6th day of December, 1920, and levied upon as the property of A. E. Boger and that on the 1st Tuesday in September, 1921, the same being the 5th day of said month, at the courthouse door of Wichita County, Texas, in the town of Wichita Falls, between the hours of 10 a. m. and 4 p. m. I will offer for sale and sell, at public auction, for cash, to the highest bidder, all the right, title and interest of the said A. E. Boger in and to said above described real estate.

Witness my hand this the 11th day of August, A. D., 1921.

INDIANS GO INTO FIRST PLACE AGAIN

CLEVELAND, Aug. 25.—Cleveland went back into first place today by defeating the Yankees 15 to 1. Sothoron was a puzzle to the Yankees with men on base, while Bob Shawkey and Collins were ineffective, and Harper, who pitched the last inning was wild. A near riot took place in the last half of the eighth inning. Harper hit Jamieson in the ribs, Gardner on the arm and O'Neill in the back. O'Neill, enraged grabbed the ball and threw it wide of Harper. The two then squared off to use their fists but were separated before either had inflicted any damage. O'Neill and Pitcher Piercy then were chased. Mounted policemen came on the field when the game ended and protected the New York players and the umpires from molestation. Score:

SPIRIT OF THIS CITY PREVAILS

"The housing situation with regard to the Gulf move of the Gulf Production company here gave rise to an incident that proves that the Wichita Falls spirit still prevails," said W. M. Priddy, who has been one of those working on this problem, Thursday.

"A young Wichitan who is about to be married turned over the new cottage he has just completed to the committee to use at any price they should determine upon. He said that he and his intended wife consulted with each other on their plans and the good they could do with their new home in this connection and decided to change their plans and turn the house over to us."

SCHOOLS TO RECEIVE SUM OF $170,000

Wichita county will receive approximately $170,000 from the state school fund during the coming year according to information received Thursday by Burl Bryant, county superintendent of schools from Annie Webb Blanton, state superintendent of schools. According to the letter received from the state school head, $13.00 has been allowed by the state for each scholastic in the state.

Wichita county according to the schoolastic census recently completed has approximately 13,000 children of school age. The $13.00 allowed is $1.50 less than the per capita appropriament last year.

Superintendent Blanton stated in her letter to Mr Bryant that Governor Neff had signed the special aid fund for rural schools. This fund allows $1,500,000 as special aid for the coming year and $1,000,000 for the year following. The appropriation is a decrease of $1,500,000 for the two years over the previous two years.

A new provision of the special aid appropriation passed by the legislature provides that no rural school shall receive aid from the fund where more than a $100 month's salary is paid for teachers with a second grade certificate, $150 per month for first grade certificate and $175 per month for permanent certificates.

Mr. Bryant said Thursday that this provision might require some adjustments in certain county schools before they could obtain the special aid. Last year the Iowa Park, County Line, Barwise, Enterprise, Pond Creek, and Fowlkes Stations schools received $3,500 aid from the special fund. Additional schools have made application for the aid for the coming year.

STORY HOUR FOR KIDDIES SATURDAY

A story telling hour for children between the ages of 4 and 9 years will be held Saturday morning at the Kemp public library, it was announced Thursday by Miss Vera L. Dodge, librarian. The children will meet between the hours of 9 and 10:30 o'clock.

GUARDSMEN GO THROUGH FROM RANGE

Something of a touch of the late war was given to the bystanders at the union station Thursday afternoon when a detachment of infantry belonging to the Vernon unit of the Texas national guard cesieged the cold drink stand at the union station during a brief stopover of the northbound Fort Worth and Denver train enroute home from 10 days rifle practice at Camp Mabry.

Here and there among the two score who got off the train to stretch their limbs a little could be seen the insignia present non-coms with their side arms and conspicuous chevrons. The point of difference between this delegation and a regular army unit, was not in the carriage of the men nor in their uniforms, for nearly all of this unit, according to a member, are ex-service men with overseas experience, but in the salutations passed between the officers and the men.

"Say, Bill, gotta match," chirps a buck to a hard faced officer. "Sure, trade you one for a smoke," the black and gold cord wearer replies.

The war is surely over, ex-number three, rear rank says.

FIND ABANDONED AUTO ON STREET

The two young men, who Wednesday afternoon were seen to drive away a five-passenger Oakland touring car, belonging to C. E. Wheeler, 1115 Monroe street, either wished to make only a short drive or became frightened and abandoned the car within less than two hours, according to the report of police Thursday.

The machine was found late Wednesday parked on Indiana street, near Tenth, according to officers.

NEGRO AWAKENS TO FIND MONEY GONE

The ability to spend the entire night in slumber, regardless of surrounding disturbances is blamed by Will Davis, negro, 1411 Tenth street, for the loss of $21 in currency, $18 in checks and an ice coupon book, stolen from his trousers on the rear porch of his home Wednesday night.

Davis reported to police that he found that his trousers had been rifled while he slept.

TRAFFIC LAW ON ROADS TO BE ENFORCED

Traffic regulation on the concrete roads between this city and Iowa Park and the Lake will in the future be rigidly enforced according to information Thursday from Judge J. P. Jones of the county court.

According to Judge Jones when the two special deputy sheriffs riding motorcycles were placed on the two roads the first of the month they were instructed to warn drivers of all kinds of vehicles regarding the traffic rules when caught violating them.

This policy has been followed Judge Jones said and only a few arrests have been made by either Deputy Sheriff McDonald on the Lake road, or Deputy Sheriff Reeves on the Iowa Park road.

"Automobile drivers have now been given sufficient warning," declared Judge Jones, "and the officers have been instructed to make arrests wherever the traffic regulations applying to county roads have been violated."

According to the two special officers the warning given by them has eliminated a large amount of the speeding that was customary when they were first assigned to duty. Officers McDonald has made twenty-five arrests during the present month.

M'PHERSON BACK FROM INSPECTION OF PROPERTIES

A. M. McPherson, consulting engineer of this city, has returned from an extensive tour of the west, where he conducted an investigation of the properties of the Mid Continent Utilities corporation, a $10,000,000 corporation organized to purchase and operate gas, electric and other utilities in the west and middle west.

The trip was taken to look over holdings, according to officials of the corporation here, which are being considered in the merging plans of the corporation and to pass on the valuations and so forth.

The per capita foreign trade of the United States has risen from $13.23 in 1820 to $127.81 in 1921.

BOARD WILL DECIDE ON NEW SCHOOL

The contract for a new four-room school building in the Bowie addition, near the stockyards probably will be let by the school board on Friday evening if a reasonable bid is obtained from contractors, it was announced Thursday by W. W. Brown, business manager for city schools. The school board will meet at 5 o'clock.

Wooden parts for approximately 1000 new desks for school students arrived Thursday morning and the cast parts are expected to arrive about Wednesday, according to Mr. Brown. The desks were ordered by the school board about a month ago, to furnish newly completed school rooms.

About 300 of the desks are to be installed in the auditorium of the Senior High school building, which is to be used as a study hall during the coming school year.

PANHANDLE DUE BUMPER CROPS, WAMPLER SAYS

"If appearances, as you drive over the rural roads, count for anything, the Panhandle country is due for a bumper crop this year," was the comment Thursday of Henry Wampler, chief of the Wichita Falls internal revenue district, on his return from a three week's trip in the interest of delinquent and special taxes.

Mr. Wampler was accompanied on the trip by Deputy Collector G. M. Lutts.

LIONS' CLUB FORMATION PROGRESSES

Organization of a Wichita Falls Lions club is progressing nicely, according to R. L. McKinney of Dallas, field director, who is in the city signing up members according to the different classifications and carrying on the preliminary details of the work. Quite a number of the local clubs quota for membership have been signed up and new members are being signed daily.

The first luncheon of the newly organized club will be held about the second week in September, he says. At that time the club will elect permanent officers and will complete the organization.

"The spirit of cooperation which I have received from local business men, and members of other clubs in McKinney says.

"They are helping me fill the classifications and assisting in other ways so that I know the Wichita Falls Lions club will be a booster from the start," he added.

POLICE RECEIVE TIP ON FUGITIVE

Leaving a trail of "hot checks" for which he had received mostly cash, a young man believed to have been from Wichita Falls made a hurried departure from Aubrey, some time Wednesday night, according to a long distance telephone call received Thursday by Police Chief Morgan from officials at that place.

Chief Morgan declared that the description given fits a young man of this city, who is well known to police.

SUSPECTS IN THEFT CASE GRANTED BOND

Bond in the sum of $500 each was allowed Thursday to Mr. and Mrs. J. J. Dunnan, held for several days at the city police station on charges of receiving, concealing and disposing of diamonds valued at $2500 and identified as those stolen by highjackers who, on the night of July 25, entered the apartment of A. L. Huey at 1008 1-2 Eighth street.

Police reported Thursday that no further developments have been reached in the investigation of the case. The two men sought by the police in connection with the case, officers declare, are believed to be in hiding in some larger Texas city. City Detective Jack Miller declared Thursday thta it is expected the two men will soon tire of their enforced retirement and come out from their hiding places, and their arrests will follow.

It was announced Thursday that the police are in possession of a revolver believed to be the one used by the burglar who "covered" Mr. Huey, while his confederate ransacked the room. He also declared that the owner of the revolver is known to police.

ARREST BOY ON INDECENCY CHARGE

Charged with indecently exposing his person by crawling under the floor of a business house on Seventh street, east of the railroad tracks and then appearing unclothed at openings near the street, a seven-year-old youth was taken into custody Thursday by Motorcycle Officers Eyerly and Johnson.

Police Chief Morgan declared that the youth is now on parole from the reformatory for boys at Gatesville.

The youth was turned over to Juvenile Officer Yates.
