Miller Rites Wednesday

Funeral services have been set for 3 p.m. tomorrow for Frank Miller, 78, Mr. Miller died at 11:35 Monday at Snyder Hospital.

Cold Front Nudges South Into Texas

A cool front nudging southeastward off the southern Rockies brought a prospect for lower temperatures over most of Texas Tuesday.

Emmy Awards Due Tonight

By JAMES BACON
AP Movie-Television Writer

HOLLYWOOD (AP)—Tonight the night that actor Vince Edwards, television's Dr. Ben Casey, may make one of the more forthright Emmy speeches in Hollywood awards annals.

The sulen medic and his show have eight nominations up before the 14th annual Television Academy awards.

A year ago, before "Ben Casey" hit the air, Edwards dreamed out loud: "If I should ever win an Emmy, I won't give one of those long speeches making the producer the director and the actor like everybody else."

Thank the California State Unemployment Insurance Board who really made it all possible.

At the time Edwards had barely graduated from the line at the Hollywood office of the unemployment board. He spent much of the previous 11 years there as an actor mostly out of work.

But the impact of "Ben Casey" and the rival "Dr. Kildare" series has been such that next season will see more medical shows than Westerns. The Kildare show, starring Richard Chamberlain, got only one nomination—for actress Suzanne Pleshette.

Edwards is a favorite to win tonight, largely because there are a lot of women voters in the

academy. He seems to have a special appeal for the judges.

The show will be seen on NBC-TV, starting at 10 p.m. Eastern Standard Time. Nominations will be spotted at three locations—Hollywood, New York and Washington.

Despite speeches by politicians and awards in categories—college try at entertainment will be made nominees for variety shows, will sing—Judy Garland, Yves Montand, Edie Adams, Carol Burnett and Perry Como. Emcees are Bob Newhart, Johnny Carson

Assassins Sought By French Police

By GODFREY ANDERSON

PARIS (AP)—French police spread a dragnet across France and terror-ridden Algeria today for more Secret Army Organization killers implicated in an abortive plot to assassinate President Charles de Gaulle.

At least 15 suspects were held for questioning in Paris as authorities announced the smashing of the second secret army attempt on De Gaulle's life in eight months.

Arrests made in Paris, in the French Mediterranean coast, of Marseille and in Algeria broke up the secret army conspiracy to kill De Gaulle during his tour of central France last week.

Some of the conspirators remained at large, however, and police pressed a search for them in France and Algeria.

Police pictured the suspects as a desperate band of killers intent on removing France's strongest-willed leader and plunging the nation into chaos in an effort to block Algerian independence.

De Gaulle stayed within the heavily guarded Elysee Palace in the heart of Paris. He had no announced public engagements today, but is due to appear before several Paris crowds Wednesday in connection with the state visit of President Moktar Ould Daddah of Mauritania.

Police indicated the killers intended to incinerate De Gaulle with gas bombs, but the newspaper Paris-Press asserted the assassins planned to pick him off with a high-powered rifle equipped with a telescopic sight.

Forty-eight hours before De Gaulle left on his grass roots speaking tour Wednesday, police in Algiers arrested five men. From these five came the first

and David Bradley.

Milton, Bertie is a complex time by a serious dramatic role in "Doyle Against the House" on the Dick Powell show.

If Uncle Milton wins, you may hear the second highest acceptance speech. Once when he was mentioned for a movie Oscar nomination in "Let's Make Love," Milton wrote out a speech.

He never got to use it, but it was a paragon of honesty.

The speech: "I thank you not but myself. I did it all, folks."

Plans Made For China Refugees

TAIPEI, Formosa (AP)—Vice President Chen Cheng met with the Nationalist Chinese government's special refugee committee today to begin planning for the resettlement of refugees from Red China who are willing to come to Formosa.

President Chiang Kai-shek's government set up the committee Monday after a storm of criticism because it had offered a haven to only a comparative few of the thousands of refugees British officials are harrying from overcrowded Hong Kong.

Chen said that most of the refugees want to remain in Hong Kong, close to their homeland, rather than come to comparatively remote Formosa. Many of the refugees

ever, that most of the refugees want to remain in Hong Kong, close to their homeland, rather than come to comparatively remote Formosa. Many of the refugees

ever, that most of the refugees want to remain in Hong Kong, close to their homeland, rather than come to comparatively remote Formosa. Many of the refugees

City Firemen Are Called Out Twice

The Snyder Fire Department answered a call at 10 a.m. this morning to the Masonic Lodge at 1926 Thirty-fifth. A short in a circuit breaker apparently caused the fire. No damage other than to the wiring was reported.

The department also extinguished a fire at 7 a.m. this morning at Avenue Z and Deep Creek. That fire caused no damage.

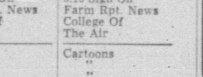

Two-Car Mishap Logged In City

The Snyder Police Department reported a two-car accident at 6:21 p.m. at the corner of Avenue M and Thirtieth Street Monday. Involved were a 1959 Rambler driven by Gerald Leland Brown and a 1957 Chevrolet driven by Gussie Ruppert.

The Rambler was driven into the side of the Chevrolet and both cars were damaged. There were no injuries.

Water Demand Up

The Snyder Water Department logged its largest day of the year yesterday. A total of 3,112,000 gallons were pumped through Snyder's water mains.

Attend Funeral

Mrs. Roy L. Stewart and Mrs. Frank Welch attended funeral services for Scott Doss in Seminole on Monday.

Man Injured In Mishap

Charlie Vanestrick, 27, Twenty-ninth, was taken from the Texaco refinery on the Clairmont Road to Bolger Ambulance Service.

Vanestrick, an employee of Unisul Oil Well Service, reportedly was injured when a rig door fell on him. He is said to be suffering from back injuries, a broken left ankle, and a possible broken right arm.

Bolger Ambulance Service also answered a call to the Pony League game last night. One of the spectators, Zay Hudson, 19, of Fifteenth, was suddenly taken ill. He was taken to Cogdell Hospital, and entered for treatment.

National Guard Sets Information Session

A general informational meeting has been called for tonight for the National Guard.

A team of speakers from Abilene and Brownwood will be present to present the program. The public is invited to attend the meeting.

The purpose and aims of the Guard are to be explained, along with interesting facts about the local unit and guard as a whole.

Billy Joe Brown, commander of the local unit, said that the program would be not only interesting but informative as well.

Pleas Are Changed By Two Suspects

Two of the eight Snyder suspects who pleaded not guilty to liquor law violations yesterday morning changed their pleas to guilty in the afternoon session of County Court.

Changing their pleas were Guy

de Barnes and John Wilson. Barnes was assessed a fine of \$200 plus costs of \$25.35. Wilson was given 15 days in jail.

Also in County Court yesterday afternoon Clyde Cecil Binion entered a plea of not guilty to a charge of DWI. He had been arrested by the Texas Highway Patrol May 19. Binion was released on \$500 bond.

CHOIR PARTY—The eighth and ninth grade choir of Lamar Junior High School, held its annual Spring Party at the Country Club Saturday night. Chaperones for the

party were Mr. and Mrs. Ted Zeck, Mr. and Mrs. Prentiss Bass, Mr. and Mrs. Ted Lamb, and Dr. and Mrs. Robert Hargrove. Seventy-five students were present.

KNIGHT'S ARMOR
Shirley Finds Support in Books

Whoa! Hollywood May Not Be For You

By VIVIAN BROWN
AP Newsfeatures Writer

If you're heading for Hollywood this vacation hoping to be discovered by some movie mogul, better unpack your dreams. Unless, of course, you are loaded with talent.

Like thousands of other girls who make the trek each year, you may be doomed to disappointment, says blonde screen actress, Shirley Knight. She made the grade, but understands the pitfalls:

1. Shirley, 24, 5-foot-5, 108 pounds, is one of the new crop of Hollywood actresses who have had acting experience in school plays and summer stock. She says:

"Most girls have a very romantic idea about show business. It's hard work. When I heard at the Hollywood Studio Club pretty girls arrived in droves with the naive idea that they were going to be discovered."

Beware of Phonies
The chances of discovery are meager, she points out, but the dangers to youthful aspirants are great.

"Young girls should beware of people on the edge of show business. Any time a man says, 'I can get you a screen test, honey' or 'I can get you in the movies,' you should know it is a phony gesture. It doesn't happen that way."

Shirley, reared outside of Lyons, Kan., was graduated from the University of Wichita. She went to California to get her masters degree at UCLA, but instead she hitched her talents to the Pasadena Community Playhouse. There all the agents advised her at first to "go back to Kansas."

"They were right," she says. "I was just lucky and determined. I had wanted to study acting in New York after graduating from high school, but I found that at 16, I was too young. I went to Phillips University on scholarship, then transferred to Wichita where I could get more chances to act."

She appeared in 27 plays there and was awarded a scholarship to UCLA. At Pasadena she got a break on a matinee television program when a girl failed to show, then a part in a play. Next came an agent and a contract. She now is working for the performance

ance in "Dark at the Top of the Stairs," has made six movies in 4 years. Her latest is "Sweet Bird of Youth."

Tips for Tyros

Shirley offers these tips to test whether you are impressed by his glamor or are really serious about acting:

1. Read every book of plays your local library has got—Shakespeare, Shaw, Chekhov, O'Neill. Read all the books on methods—Stanislavski is one. Read Boleslavski's "The Creature," a play about a person who wants to do nothing. After you read these books, if you are still interested, proceed.

2. Try to memorize and present monologues. Learn a reading from Shakespeare and present it at a local woman's club.

3. If you are going to college, think about it from the acting standpoint. Make an effort to go to an "acting school," such as Northwestern, Baylor, Los Angeles City College, Carnegie Tech.

Shirley says she'll never be through educating herself to the theater. She sings and has had countless television roles in these last years, and this summer she plans to study with Lee Strasberg in New York.

She is married to producer Gene Persson. They live in Hollywood Hills.

Local Residents Attend Birthday Party At Blackwell

Mr. and Mrs. Carl McDaniel and Carlene, and Mrs. Hazel Underwood, attended a birthday dinner for their grandfather, Mr. M. C. Phillips of Blackwell, Sunday. Mr. Phillips was celebrating his 75th birthday.

Also present were his two children, nine grand children, 10 great grandchildren, one, great, great grandchild, and 13 other relatives and friends.

Ideas For Entertaining In May

May with its blossoms and flowers, with its hum of bees, and birds in trees is the loveliest time of year. May, the time when brides-to-be are making plans and friends are giving showers. May offers its love and thoughtfulness of Mother on her day. It offers, too, remembrance of those patriots who gave their lives for their country. May is the month of May-poles and of luncheons which are the prettiest and tastiest of all the year. The luncheon table is bedecked with early flowers. The food brings the first of the season's fruit and vegetables. Friends enjoy the fun of being together. SO "sweet to the sweet" not only in word but in fact. Honey is a good way to add the touch of early summer to the menu.

Honey can be used to sweeten the first fruit cocktail of the luncheon. It can be used in breads, the salad, dessert, or even the main dish. For an easy yet delicious dessert try this Honey Delight.

HONEY DELIGHT
1 package lemon or orange flavored gelatin
1/2 cup boiling water
1/2 cup honey
juice of 1/2 lemon
1 can evaporated milk
1/2 pound vanilla wafers
Dissolve gelatin in boiling water. Add honey and lemon juice and mix well. Fold in the evaporated milk that has been chilled and whipped. Pour this mixture into a pan that has been lined with crushed vanilla wafers. Place crushed vanilla wafers on top of mixture and put in refrigerator to set. Cut into squares. Serves six.
If you desire, make May baskets by using your best pastry recipe to make baskets in large muffin cups. To make the handles for the basket cut pastry in strips—braid three narrow strips together or use but one if you prefer. Bake in muffin cups. When baked slip pastry ring handle off and put into baked muffin cup for handle. Then fill with above mixture which has been chilled but not set. The filling will hold handle down. Chill. A little ribbon bow may be tied carefully on handle.

Lou Ann Mathis Hostess To Union 4-H Club

The Union 4-H Club met at the home of Lou Alice Mathis recently. Mrs. Mathis demonstrated to the group how to make different kinds of cookies. Recreation was a game called "My Old Indian, My Old Squaw."
Lou Alice served punch and cookies to Brenda Murphy, reporter; Melodie McConnell, president; Regina Butler, treasurer; Rebecca Huddleston, a new member; Debra Murphy, vice president; Judy Tate, recreation leader; Elma Worley and Becky Mobane. Miss Mathis is secretary.

WOMEN

The Snyder (Texas) Daily News, Tues., May 22, 1962

Lamar To Hold Concert Tonight

The Lamar Junior High School choir will present its final concert of the year tonight at 8 o'clock in the high school auditorium.

Following numbers by the Girls Choir: "In The Still Of The Night," "Some Enchanted Evening," "Lonesome Valley," and "Climb Every Mountain."

The seventh grade choir will present: "Adornamus Te," "The Deaf Old Woman," "Battie Hymn Of The Republic," and "The Green Leaves Of Summer."

The united choir will sing three numbers: "Let There Be Music," "To My Captain," and "Comin' Through The Rye."

The Girls Choir and Mixed Choir will combine to sing: "The Cider Mill," "Wagon Wheels," and "Let's Take An Old-Fashioned Walk."

The last two numbers will be performed by all the choirs. They are "Geronimo-Arr. Ades" and "You'll Never Walk Alone," by Rodgers and Hammerstein.

Accompanists for the program are Diane Hargrove, Ann Patterson, Mary Bowlin, piano, James Hamblen on bass, and Eddie Skains on drums.

The concert will last approximately one hour and fifteen minutes. The public is invited to attend.

Seventh Grade Choir Has Picnic

The seventh grade choir of Lamar Junior High School was entertained with a picnic in the Towle Park Friday evening.

Chaperones for the event were Mr. and Mrs. Troy Lilly, Mrs. Clyde Gdwin, Mrs. Franklin Parsons and Mrs. Raymond-Differ.

Altrurian Club Has Breakfast

Twenty-four members, Mrs. D. M. Cogdell Sr., honorary member, and four guests met at 8 o'clock Friday morning in the home of Mrs. P. Brown.

This gala event was the annual May breakfast, held by the club at the close of each fiscal year.

Assisting Mrs. Miller as hostess were Mrs. Hugh Taylor, Mrs. H. P. Brown, Mrs. R. H. Odum and Mrs. J. W. Lettlich.

The lovely breakfast was served from the buffet, and guests found themselves matching their plates with the beautiful service.

Guests were Mrs. Freddie Bulard, Mrs. Lora Miller, Mrs. Wayne Boren and Mrs. Billy Boren of Ennis, who shared in the program which was a report on some travel experience or a contemplated one.

The accumulation of foreign points mentioned, as well as many scenic and historical spots through out the United States and Canada proved very interesting.

WOMEN'S CALENDAR

TUESDAY

Business and Professional Women business meeting and installation of officers at Martha Ann Elizabeth Beavers, hostess. Ladies Day at Martha Ann Woman's Club.

4-H Showing Of Pretty Attire

CHICAGO—Springtime not only brings forth the fresh beauty of nature, but it provides the setting for a bright array of feminine attire made and modeled by 4-H Club girls in virtually every county in the state.

More than one-third of all girls enrolled in 4-H Clubs from coast-to-coast participate in dress reviews, reports the National 4-H Service Committee. Last year a record 400,000 young home leavers took part.

Modeling in the county review is the first step toward preparation for the national event scheduled for the National 4-H Club Congress in Chicago. Here 30 of the best dressed girls from as many states will present a gala fashion show before an audience of some 2,000 delegates. The review will take place in the Grand Ballroom of the Conrad Hilton Hotel, the congress headquarters.

These talented teenagers will be the state dress revue award winners for 1962. They will be guests of Simplicity Pattern Company, sponsor of the program for the last 16 years, according to the National Committee.

Besides paying for the Chicago trips, simplicity provides attractive gold-plated medals to county blue award groups. And at the 4-H Congress each of the participants will receive a personalized, leather-cased set of scissors as a memento of the occasion.

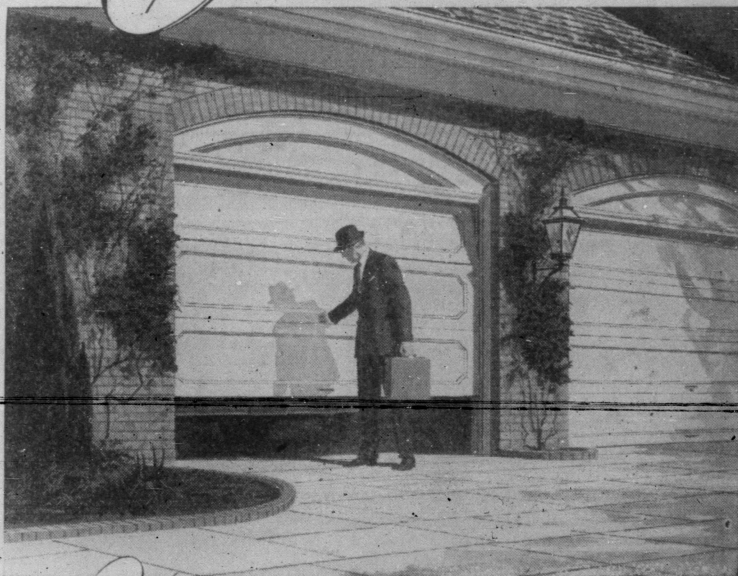

Oldest active military group in the United States is the Rhode Island Militia. It was chartered in 1741 to beat back marauding pirates.

INSURE WHAT YOU HAVE

Cadillac

How to pay for a Cadillac—and not get one!

There are several ways that a man can pay the price of a new Cadillac car—and find himself in possession of an automobile of far less stature.

Because there are many motorists currently considering the purchase of their next car, we would like to enumerate these ways of going astray.

1. Assume that the purchase price of a new Cadillac car is higher than it actually is. (There are eleven models of other makes that this year cost more than the lowest-priced Cadillac model.)

2. Fail to appreciate that the basic price of a new Cadillac includes many important things that are extra on other cars. (Including automatic transmission, power steering and power braking.)

3. Neglect to find out from a Cadillac dealer what your present car is worth in trade. (He is especially anxious this spring to welcome new owners.)

And if you take one of these detours, think of all the unique pleasures you could be missing. There is Cadillac's styling—so majestic that it attracts attention wherever it goes. There is Cadillac's comfort—so wonderful that every journey becomes a brief vacation. And there is Cadillac's performance—so great that it is without rival on the world's highways. So we suggest that you play it safe—and get all the facts from your dealer now.

You might be closer to a Cadillac than you think.

Training Is Stepped Up In Thailand

By TONY ESCODA
KHORAT, Thailand (AP)—U.S. paratroopers are stepping up their antiguerrilla warfare training in the heavily forested countryside of central Thailand.

They are also being taught what the Communist foes they may have to face look like.

The 27th Infantry Wulfbounds of Korea War fame are camped in the foothills near the big Thai military staging center of Khorat, 135 miles northeast of Bangkok.

The Wulfbounds came to Thailand six weeks ago to take part in a series of training exercises with the Thai army and other units of the Southeast Asia Treaty Organization. They were decided last week to station forces in Thailand to guard against Communist military thrusts from neighboring Laos.

Another 1,000 men and vehicles and heavy support equipment are arriving by air and sea from the Wulfbounds' base in Hawaii.

Capt. Charles T. Keaton of Morganton, N.C., the training officer, says emphasis is on such tactics as ambush and infiltration, along with defenses against them.

He said the men are also getting familiarization courses in the uniforms worn by the Communist-led Pathet Lao forces in Laos and the North Vietnamese.

No Thai soldiers are mixed with the Wulfbounds in their present camp site, however.

Col. William A. McKean, the 27th's tough commander, says his men will remain at their camp near Khorat until all support elements—including tanks and two batteries of howitzers—have arrived.

Nobody will say where they will go then.

Concert Set Here By Baylor Choir

Baylor University's 74-voice Chapel Choir will appear in a special concert at the First Baptist Church 7:30 Thursday night at 7:30 P.M.

The choir, under direction of Dr. Euell Porter, is scheduled to leave Waco tomorrow on a 19-day tour that will cover California, Oregon, Idaho, Utah, Nevada, Arizona, and New Mexico.

The Chapel Choir was organized in 1928 under the direction of Dr. Porter, and previous tours have taken the choir to California, Oregon, Idaho, Utah, Nevada, Arizona, and New Mexico.

One of the climaxes of its spring tour this year will be an appearance at the Southern Baptist Convention in San Francisco. The choir is scheduled to arrive in San Francisco on June 3 and will sing at the convention on June 8.

En route to San Francisco, concerts are set in Olney, Snyder, Odessa, Pecos, Wink, Monahans, El Paso, Phoenix, Ariz., Riverside, Calif., and Loma, Calif.

From San Francisco the choir will go to Salt Lake City, Utah, and visit the Mormon Tabernacle. On the return trip concerts are slated in Denver, Colo.; Pampa, Quitaque and Stamford.

While in California, the choir will sing at Disneyland, California's noted amusement park.

Each sacred concert during the tour will be divided into three sections. In Part I will be Beethoven's "Hallelujah," Brahms' "Create In Me A Pure Heart" and "Grant Unto Me the Joy of Thy Salvation." Hasler's "O Sing Unto the Lord," and Mozart's "Gloria."

Part II will be composed of Luther's "What Christ Said," Baker's "O Lord Unto Whom Vengeance Belongeth," Gardner's "I Believe in One God," and Williams' "Take Not Thy Holy Spirit From Me."

In Part III the choir will sing Thompson's "My Shepherd will Supply My Need," a hymn melody by Burford, Cornwall's "O Worship the King," Johnson's "Now Let Me Fly," and Christiansen's "Beautiful Saviour."

DR. EUELL PORTER

More Storms Lash Areas Of Midwest

By The Associated Press

More stormy weather pounded areas in the Midwest today in the wake of tornadoes and damaging wind, rain and hail storms.

Twisters injured 12 persons in Mitchell, S.D., and 3 in Tilden, Neb. Property damage was heavy in both areas and in wide sections of a half dozen states.

The storm belt, with heavy rain, hail as big as golf balls in some spots, extended from north central Kansas to southeastern South Dakota and southern Minnesota.

A tornado which struck Mitchell, a town of some 15,000 about 70 miles northwest of Sioux Falls, skipped along the edge of the city, cutting a path 500 feet wide and more than a mile long.

In Tilden, a town of about 900 in northeast Nebraska, several homes and a church were severely damaged. A small twister also struck near Tilden.

In extreme northeastern Nebraska, another tornado was reported to have struck Rock Rapids, Iowa.

Stormy weather also broke out in the hot, humid air covering the Southeast section of the country. A severe wind, rain and hail storm hammered Suffolk, Va.

Temperatures soared to record marks for the date in Southeastern cities Monday. Highs included 98 in Savannah, Ga., 97 in Montgomery, Ala., and 96 in Charleston, S.C.

Early morning temperatures ranged from 65 in Del Rio, Tex., and 82 in Macon, Ga., and San Angelo, Tex., to 36 in Houston, Maine, and 38 in Delta, Utah.

Dinosaur Caverns, existing in the same type of limestone reef formation as the Carlsbad Caverns, will open this year. Dinosaur Caverns are in western Arizona and Carlsbad Caverns are in southeastern New Mexico.

College Publication Building Is Planned

STANFORD, Calif. (AP)—Thomas M. Storke, a 1961 Pulitzer Prize winner and publisher of the Santa Barbara News-Press, has pledged \$250,000 for construction of a student publication building at Stanford University.

Stanford President Wallace Sterling said an additional \$50,000 in a special fund would be added to Storke's donation and work on the new building will begin in six months.

Storke won the Pulitzer Prize for his editorials on the John Birch Society. He graduated from Stanford in 1958.

Help Sought To Stem Tide From South

The Associated Press
The citizens of Cape Cod, Mass., have asked for help to stem the flow northward of Negroes given one-way tickets by segregationist groups in the South.

The actions were taken while Negro women and their children were aboard buses on the way from Little Rock to Hyannis, Mass.

President Kennedy and other members of his family own summer homes in Hyannis Port, which is only four miles from Hyannis where the bus riders terminate. Hyannis and Hyannis Port are parts of the Town of Barnstable.

At the statehouse in Boston, Republican Rep. Allan F. Jones of Barnstable appealed to Atty. Gen. Robert F. Kennon to join with Southern legislators to "do all in their power to stop this evil scheme."

Jones described the Negro riders as "pawns in a diabolical, inhuman game of revenge." He said they were being told "an incident lie that good homes and good jobs await them when they arrive."

At Hyannis, selectmen met in emergency session and appealed to U.S. House Speaker John W. McCormack, D-Mass., to formulate legislation against any state exporting welfare cases.

Twelve Negroes have arrived in Hyannis during the past 10 days and all but two have been given quarters in a dormitory of the Cape Cod Community College in Hyannis. The two mothers and their 20 children are to be lodged there.

In Pittsburgh, Charles R. Gordon, a Negro radio newscaster, said he has accepted an offer of a one-way ride to Africa from a white listener who wants to send him back where he came from. If he actually goes, he said, he'll be back soon—on tickets offered by other listeners.

At Jackson, Miss., target of many of the freedom rides last year, County Judge Russel Moore dismissed breach of peace charges against 15 Episcopal clergymen because of insufficient evidence. The clergymen were convicted in Municipal Court last fall after being arrested for trying to desegregate travel facilities during a "prayer pilgrimage" to Detroit. One of them was the Rev. Robert L. Pierson of New York, son-in-law of New York Gov. Nelson A. Rockefeller.

All appealed to County Court. The Rev. James G. Jones of Chicago, the first to be tried, was freed on a directed verdict Monday. Prosecutor Jack Travis said the other 14 charges were identical and recommended they be dropped.

Crude Flow Levels Off

TULSA (AP) — Production of U.S. crude oil leveled off slightly last week, the Oil and Gas Journal said today.

Production averaged 7,243,730 barrels per day, 600 below the average for the week before. Production in Oklahoma dropped 3,900 barrels daily to 548,600. Production was unchanged in Texas at 2,333,325 barrels per day; Louisiana at 1,275,850; New Mexico at 300,250; and Arkansas at 82,000.

Opera Star Faints During Curtain Call

DETROIT (AP) — Opera star Anna Moffo, 37, collapsed in a faint during a curtain call in the opera "Lucia di Lammermoor" Monday night.

The lyric soprano had just completed her death scene and was answering the applause when she crumpled to the stage.

Dr. Robert F. Drwys, a psychiatrist, examined the Metropolitan Opera star and said "she so immersed herself in the role that she thought she had died. It was a seizure we call 'momentary histrionic schizophrenia.'"

Davis Effective Weapon For Lefties

By MIKE RATHIET
Associated Press Sports Writer
Target: Destroy the most effective equipment used against the Los Angeles Dodgers.
Weapon: Tommy Davis, who slays giants and feasts on left-handers.
Final Objective: The National League pennant.
That could well be the story of the Dodgers' pennant chances. Executing his assignment with precision is the 23-year-old Davis, who last night placed third-place Los Angeles to an 8-1 triumph over league-leading San Francisco.

land moved into first place by whipping Baltimore 10-7, Minnesota downed Washington 5-3, Detroit defeated the Chicago White Sox 7-3 and Kansas City thumped Boston 10-8. New York and Los Angeles were not scheduled.
Davis, who was hitting .314 last year when sidelined by a bad back and "wound up at 28, honored off Billy O'Dell (5-2) after Willie Davis singled with one out in the fourth. His double in the sixth boosted the edge to 3-0 before Orlando Cepeda got the Giants' lone run with his 12th homer, leading off the seventh.
The Dodgers broke it open with five runs in the eighth after O'Dell was removed for a pinch hitter, Koufax (5-0) had the Giants well in control, walking only one and striking out 10 for his first victory since April '53.
Ray Washburn (3-0), who came on when starter Ernie Broglio pulled a leg muscle in the second inning, and Bobby Shantz limited the Phillies to five hits in the eighth. Shantz pulled Washburn out of a two-on, one-out jam in the eighth inning by getting Tony Gonzalez to line back to the mound for the start of a double play. The Cardinals' runs were taken care of by Bill White's two-run homer and a two-run single by Curt Flood. That tagged Dennis Bennett (0-1) with the loss. Dick Groat, hitting in his 13th consecutive game, and Bill Virden each stroked four hits and picked up three runs batted in as the

Pirates rapped out 13 hits to subdue the Cubs. Groat's single in the fifth inning drove in Virden, who had doubled, with the run that proved to be the clincher. Reliever Tom Sturdivant (3-2) held the Cubs scoreless over the final 1-1-1 innings to post the victory. Dick Ellsworth (3-5) was the loser.

Former Top Teams
In Odessa Tourney
ODESSA (AP) — Four former championship teams are among the entrants for the \$15,000 Odessa Pro-amateur, scheduled July 26-29.
They are Don January of Dallas and Dick Jennings of Lubbock, champions in 1960; Doug Higgins of Miami, Fla., and Buddy Brantum of Midland, winners in 1959; Chuck Klein and Ray Hudson of San Antonio, champions in 1953, and Iverson Martin of El Paso and John Paul Cain of Sweetwater, who won in 1949.
Bobby Nichols, one of the top players on the PGA tour, will have W. F. Wynn of Midland as his partner.
Ernie Vossler of Oklahoma City, who has won both as an amateur and a pro, will team with Ross Brunner of Midland.
The winning run across for the Colts and ended the Mets winning streak at three games. The victory moved Houston into eighth place, three percentage points ahead of New York in the battle

Jim Pendleton's pinch-hit triple leading off the eighth inning and a sacrifice fly by Roman Mejias between the leagues' two new clubs: Jim Golden (2-1) won it with a seven-hitter. Vinegar Bend Mizell (1-2) lost it.

Texas Loop Tightens Up
By The Associated Press
The Texas League race couldn't be much closer unless everybody were tied for first place. From fifth there's a spread of only two points.
Tulsa's leading but slumping Oilers lost their fourth straight game Monday night. As a result San Antonio pulled within a game of first and Austin within 1 1/2 games.
Albuquerque missed a chance to be the Tulsa for first as it took an 1-1-1 leading from Austin in 10 innings. The Ducks stayed in second place by a bare two percentage points.
Tulsa was trimmed 4-3 by El Paso, whose Monty Tarr scattered 10 other hits. He slugged a two-run homer in the second inning.
San Antonio also edged Amarillo 4-3 for its fourth straight victory. Ed Merritt held San Antonio to four hits for eight innings, but in the ninth the Missions jammed three runs across.

Giants, Indians Score Triumphs

A high-scoring duel in the American League and a tight, extra-inning battle in the National League made up the Little League program last night.
The Indians pounded out a 7-4 decision over the Yankees in the American League opener, while the Giants edged the Braves, 5-3, in a 7-inning struggle in the after-

double and a single.
The Indians broke a 3-3 deadlock in the second when they scored two runs, added two more in the third and then vaulted out of reach with a 6-run spurge in the fourth. Ray Nokes, Dick Watson and George's Ramirez each had two singles for the Yankees.
In the National League a game the Giants and Braves each scored three times in the first inning, and then wound up the scoring until the seventh. Richey Thompson, Gary Bailey and Bill Greif each had two hits for the Giants, accounting for all of their team's safeties. Bailey had the only extra-base blow, a double.

Smith, Harlin Teams Win

The Harlin Oilers won by forfeit from the City team, while R. E. Smith triumphed over Ray Taylor Well Servicing, 8-3, in City Softball League play last night.
Leroy Leard, who gave up only two hits, was the winning pitcher for R. E. Smith. Kenneth Foe was the loser, giving up six hits.
Kenneth Drake had a two-run homer in the third inning and also collected a single. Robison hit a double for R. E. Smith in the fourth for the only other extra-base blow of the evening.

Jackie Weaver's double in the first drove in two runs for the Braves and tied the score. Greif and David Casey were the opposing pitchers for the first six innings. Doyle Gallman relieved Casey for the Braves in the 7th and was charged with the loss. Gary Bailey, who pitched the 7th for the Giants, was credited with the victory. Greif fanned 10 batters during his tenure.

Snyder Driver Wins Trophies At Abilene

Clarence Wright of Snyder, driving two dragsters owned by Ace Automotive, won three trophies and \$25 bond in Abilene Sunday.
The competition was sponsored by the Abilene Jaycees and was run under the auspices of the Key City Timing Association.
Hunning the D dragster he took the Little Eliminator championship with an elapsed time of 12.14 seconds and a speed of 118 for the quarter mile. This car also won the D dragster trophy.
The X dragster entered by the Snyder team also won a trophy in the X class.

Rangers Blow 5-0 Lead, Lose, 6-5

Dallas-Fort Worth blew a 5-0 first inning lead and Louisville won 6-5 in an American Association game Monday night.
The Colonels failed to score until the seventh, when they managed one run. They chased starter Don Williams with three runs in the eighth and garnered two more in the ninth.

NUMBER ONE FOOTBALLER—Carl Herod makes the fourteenth annual presentation of the Herod Award to Snyder's outstanding football player, Tim Marcum. Marcum is shown attaching his name to the permanent plaque. In making the presentation Herod said, "Your size doesn't make a lot of difference, just so long as you're wound up tight — and here's a boy that was wound up tight all season long." Marcum, who played quarterback, was named to the all-district team, and has been awarded an athletic scholarship to Texas A&M College.

SPORTS

Colt Teams Tie; Sports Win, 2-1

A 3-3 extra-inning deadlock opened the Colt League season last night as the Citizens State Bank Tigers from Roby and the Wilson Motors Yankees matched each other stroke for stroke.
In the Pony League game, the Canyon Reef Sports Center Sports edged the Snyder Saving and Loan Buffs, 2-1, as David Cadena of the Sports and Ray Kizer of the Buffs hooked up in a pitchers' duel.
The Roby Tigers and the Yankees finished regulation seven innings of play in a 2-2 tie, and then each scored a run in the eighth before the game was halted because of the time limit. Bob Waddell and Tony Foreman buried for the Tigers, while Leslie Brown and J. N. Wall attended to pitching chores for the Yankees. Wall slapped out two singles and Brown contributed a triple in the fifth. The Sports pushed over runs in the first and fifth innings in the Pony League game, while the Buffs were unable to dent the dish until the seventh when David Hoff led off with a single and scored on a double by Tommy Sinclair.
The Sports collected six hits, all of them singles, off Kizer, while the Buffs managed only three safeties off the offerings of Cadena.

Card Assistant Going To Junction

R. C. McLaren, assistant football coach and head basketball coach at Hermleigh for the past three years, has accepted a similar position at Junction High School.
McLaren plans to report at Junction in mid-July, when he is scheduled to receive his masters degree from Sul Ross State College. He will be the first assistant on the football staff at Junction and will be head basketball coach. During his three years at Hermleigh, McLaren's boys basketball teams compiled a 32-22 win-loss record in winning two district championships. The Cardinals, under his tutelage, copped the district cage flag in the 1959-60 and 1960-61 seasons and finished third in the district the past season. During the same period he coached the Hermleigh girls team to a 19-13 record.
McLaren is married and he and Mrs. McLaren have two children. A graduate of Granddall's High School, he received his bachelors degree at Sul Ross. He was in Japan and Korea for two years while serving in the U.S. Army. He played football his freshman year at Sul Ross and also played one year of service football.

Tribe, Braves FL Victors

The Indians clubbed the Yankees, 19-11, in the American League and the Braves nipped the Giants, 10-6, in the National League in Farm Loop play last night.
The Indians had three big innings, scoring five in the second, four in the third and nine in the sixth. The Yankees staged a five-run rally in the sixth, but were unable to overcome the huge deficit. Terry Voss had two doubles and a single, while John Brimer rapped a triple and two doubles to lead the Indians hitters.
David Rusling and Rick Mirick each had a triple and a single for the Yankees.
In the National League game the Giants scored twice in the top of the first, but the Braves came back with four in the bottom half of the same inning and never gave up head. The Giants staged a four-run rally in the sixth, but to no avail.
Wayne Anderson, Tony Scott and Bernard Garrett each hit two-runners for the winners. Bruce Bell had a single and a double for the Giants, while Craig Alexander and Charlie Johnson each had a triple.

LIGHTEST MEXICO

BY JOHN ABNEY

MEXICO CITY—A few years ago, somebody got the idea this town was sinking. Sidewalks kept cracking, streets developed potholes and old buildings came over that way.

The city fathers roused out the engineers with their measuring equipment to check the situation. Sure enough, said the engineers, the 7,400-foot high city was dropping a foot a year. At that rate, somebody would be living 600 feet below sea level in only 8,000 years. They set out the artificial levee and proved it.

The problem was that Mexico City was built on a spongy sub-soil that squashed down when you put a lot of houses and things on it. Human nature being what it is, the citizens got busy and started putting up bigger buildings everywhere. The factory business surged and Mexico City became a highly industrialized town. Also, everybody decided it was a nice place to live and the population shot up from one million to five million in about 20 years.

The engineers said things were getting heavy and this was not good. Added weight would make the town sink faster. Tall buildings would tend to lean over.

"Why that is fine," said the landlords. "We might even be more famous than the Italian city of Pisa and have a whole town full of leaning buildings. This will be a very great tourist attraction."

"Not if they get to leaning too far," the engineers said.

Finally, the spirit of togetherness created many severe problems. Such as pedestrians and automobiles trying to occupy the streets at the same time and housing getting scarce.

The planning experts sat down for a short beer and worked out an idea.

"Why not build a series of satellite cities orbiting around the big town?" they asked. "Each little city would eventually become an independent unit and it would decentralize things a mite."

The first of these satellite cities was named Satellite City. Built on the rolling hills of Mexico State just outside the Federal District. About 20 minutes from downtown Mexico City by auto.

The land people cut the real estate up into lots and staked out brightly colored flags. Country living on the edge of the city, they advertised. Come see us next Sunday and buy a house on a solid foundation that won't squish. Pay for the whole week's event.

This was a new idea for Mexico. The Mexicans, however, are always trying out new ideas. I know a gentleman who lived in a small place where there were no autos years ago. He read about these contraptions and ordered one by mail.

It arrived tied to a fence on a train. The gentleman took all his family to the station and they stood by while he read the instruction book.

Then he loaded everybody in and drove home like a bucking horse.

Anyhow, this city dwellers began taking to the country and found it was a nice, quiet place. Houses began going up and somebody built a big shopping center. A nice new road cut into the super highway that is being built around Mexico City.

And real estate operators are busily marking off the countryside in several other places. Houses of all shapes, sizes and prices. When a few families move in, somebody builds a supermarket. After that, more people move in.

Mexico has one of the fastest growing populations in the world. Romance is at an all time high and this is good for the real estate people. Also, more tourists come to town and new hotels go up. Eventually, the city will spread out and engulf the new-rural residents.

Then the engineers will get together and say, "hey fellows, let's build a series of satellite cities a few miles out to sort of decentralize this big town."

Country living on the edge of the city.

Road Crash Kills Three

STEPHENVILLE, Tex. (AP)—A car-truck crash killed three persons Monday while they were en route home from their first family reunion in 34 years.

The car hit an empty gravel truck, which then skidded 185 feet with the auto jammed underneath.

Killed were Joseph White, 75, and his wife, Nellie, of Oklahoma City; and White's daughter, Mrs. Julia Segesman, 53, of Ridgefield, Conn.

Mrs. Segesman was returning to Oklahoma City for a brief added visit with her father and stepmother after a reunion in Corpus Christi.

The group gathered at the home of Doyle White, a son, in Corpus Christi. Also present was a second daughter, Mrs. Clara Miles of Los Angeles.

Bulgaria Lifts Ban On West Newspapers

SOFIA, Bulgaria (AP)—Communist Bulgaria has lifted an 18-year-old ban on the import of Western newspapers and magazines, a Bulgarian government official said today.

Fyodor Ignatov, director of the government tourist agency, said Western publications will go on public sale June 1 at a limited number of newsstands all over the country.

Bulgaria will be the second Soviet bloc nation in which Western news media are available. Communist Poland lifted its restrictions on Western publications after the anti-Stalinist upheaval of 1956.

The first recorded seiche was on Lake Geneva in 1750. It was noted by a Swiss engineer, Fatio de Duillier.

STEADY NERVES --- SO FAR!

More Color Is In Store For Father

By HAL BOYLE
NEW YORK (AP)—Inside every drab American man is a bright-hued human peacock struggling to get out—or so the fashion people say.

And the pre-Father's Day style forecast now is: Papa will be a lot more colorful in terms of neckwear.

"There has been a real return to 'male elegance,'" said Deborah Kantor, manager of shops which handle neckties ranging from \$5 to \$100.

Dad now is going for colors in neckwear that would have frightened him only a few years ago: They have such names as electric blue, Kennedy green, cactus, sapphire, orange, silver, turquoise and lemon-and-wood.

Like other's in the industry, Miss Kantor tends to blame the traditional dull look of American husbands on the fact that women buy 85-per cent of their neckties for them.

And too often they don't do a good job.

"Many wives, feeling guilty at having spent so much time in a beauty parlor or shopping for themselves, simply save their consciences by picking up a necktie for their husband on the way home," Miss Kantor says.

"Too often also they make it a rush job. They buy a drab tie for their husbands because they are afraid of color except on themselves."

But more and more men lately have been doing their own necktie buying.

"There is no doubt they are getting more fashion-conscious and brighter neckwear has become a new form of emotional outlet for them, a way to show their personality," Miss Kantor said.

"They want nice things, and they recognize them. You'd be surprised at the natural good taste men have. Those who buy for themselves have marvelous judgement. And they'll listen to suggestions."

Men at least love neckties the way women love perfume, earrings or furs, she says and "most of them have courage, too. A bright color no longer frightens them. Whenever I see a man with a dull tie, I suspect he wears purple polka dot underwear."

For the fearful male afraid to tread his own taste, Miss Kantor offered this advice:

"Wear a dark tie with a light suit, a light tie with a dark suit. If you have a florid face, tone it down with a softly colored tie."

Plans New Adventure

HOLLANDIA, New Guinea (AP)—The Dutch scientist who accompanied Michael Rockefeller on his ill-fated expedition into the jungle wilds of New Guinea has not lost his taste for adventure.

Rene W. Wassink, 35, an anthropologist on loan to the Dutch administration here, is planning his next jungle trip into a little known village that is the ax-making center of the area.

Wassink, stocky and with a bushy moustache, was with Rockefeller when he disappeared while swimming for help after their boat overturned in the mouth of the Ellanden River, on the territory's border with East Timor.

The search for the youngest son of New York Gov. Nelson A. Rockefeller—and his reluctant failure drew international attention.

Few clues ever were found. "It is a firm conviction he drowned," said Wassink.

Householder Is Unable To Keep Kitchen Up To Date

BY INEZ ROBB

It is with considerable annoyance, mingled with sorrow, that I realize that in the race with "modernity" and "convenience" the householder can't win.

My husband and I have just spent what to us is a sizable sum installing a dreamy, 21st Century kitchen in our New York apartment.

At least we thought it was a 21st Century kitchen—a symphony of maple, yellow floor tile, stainless steel, "star dust" formica and enough electric gadgets to require a refresher course at M.I.T.

But now, before the final installment on all this kitchen glamour is due, I pick up a household magazine and, to my despair, see that my kitchen is dated. We do not have—and of the shame of it—counter-height automatic dishwasher.

Our brand-new electric dishwasher sets firmly on the floor in a stance that is now as old-fashioned as a washboard.

Apparently we ordered our shiny new kitchen equipment just a few months too early to get one of these new in-the-air, electric dishwashers at counter height.

The lucky, lucky housewife who gets one of these new counter-height dishwashers will never develop the bends from loading and unloading her machine.

The picture accompanying the magazine story about the counter-height dishwasher shows a beaming housewife standing erect beside it. Her face shows no stress, no strain, no back-ache for her in a carload of dishes, no strained sacroiliac, no ruptured disc! Not only does this fortunate woman get clean dishes but a clean bill of health.

We thought we were pretty advanced with our magnificent stainless-steel wall oven complete with bell, timers and three electric spits. And for any dish as impressive as a baron of beef, the oven crows "America, the Beautiful!" during the roasting period, predetermined, ends.

But now we feel cheated that we do not have a counter-height dishwasher to go with our counter-height oven.

However, the fact that really intrigues me is one on which, to date, I have seen no comment in household, architectural or other magazines. If the housewife must be saved from stooping to conquer the oven, and to load the dishwasher, surely she must be saved from stooping to pick up pots, pans, dishes, household supplies and staples.

Is the space from the counter down to the kitchen floor to be dead space from now on? And

don't tell me the housewife will have to stoop to get the milk or tomatoes out of the refrigerator or the leftover pot roast out of the freezer.

Because the refrigerator and the freezer are now anchored at half-mast, too. Everything in the modern kitchen is at waist height and eye level. No longer does mama get housewife's knee or a Charley horse from getting down on the floor to hunt for that jar of mayonnaise in the back recesses of the lower shelf of the refrigerator.

The lower shelf is now waist-high and the top shelf is as high as an elephant's eye. Mama surely doesn't have to bend over but she may have to get a stepladder to find the mayonnaise in the back recesses of the top shelf.

Still, the thing that worries me is all that waste space from the counter down, since stooping and bending are out in the status kitchen. The problem is: what are we going to do with that waste space? Isn't that a problem akin to what we're going to do with all the time we save by rushing through life at the pace that kills?

Danny Kaye Set To Resume Performance

RENO, Nev. (AP)—Out of the hospital but looking pale and tired, comedian Danny Kaye will complete his night club commitment at a Lake Tahoe casino with performances tonight and Wednesday night.

Viruses and lack of rest, his doctors said, put him in a hospital here last Thursday night. He was released Monday.

Junior Editors Quiz on ANIMALS

QUESTION: Why did the water living animals in Prehistoric Ages move ashore?

ANSWER: Scientists believe that the first creatures to leave the water moved because there would be less competition on the land. The first creatures to live on earth were water creatures. The land was inhospitable and everyone believed it had been extinct for millions of years. Eventually the land became habitable. According to studies of evolution, some of the water-dwelling creatures were able to develop lungs and other organs. As some of these creatures slowly developed the organs which would make it possible for them to live out of the water, they moved onto dry land. It is very unlikely that these creatures simply wandered out of the water one day and took up residence upon the land, never returning to the water. Pioneer land-dwellers probably moved back and forth freely between both elements, the land and the water. Eventually, however, some stayed on the land and began the developments which have given us modern land-dwelling animals.

FOR YOU TO DO: There is an amazing fish recently discovered near Australia called the Lipfish. As the name suggests, this is a fish that has lungs, and everyone believed it had been extinct for millions of years. Other living creatures which might have retained these characteristics? (Name one.) The Emu bird and the Platypus, what are you thinking about them?

Christine Burgess of Abilene, Texas, won \$10 for her question. Send your questions on a postcard to Junior Editors, in care of this newspaper.

Many Sailors Are Set For Mercy Task

By FRANK CAREY
Associated Press Science Writer.

CAPE CANAVERAL, Fla. (AP) — Scores of sailors on ships at sea stand ready for a mercy task all the world hopes will not be needed—giving blood donations to astronaut Malcolm Scott Carpenter if he should be seriously injured during his forthcoming orbital flight.

Other stand ready for the same for Carpenter's backup pilot, Walter M. Schirra.

Deployed among nine warships in the three alternative recovery areas—and in various emergency contingency areas around the world—are nearly 47 tons of medical and surgical equipment which space flight medical officials hope and expect will not have to be used.

In the medicine line, the material ranges from aspirin to wonder drugs. In the surgical field it includes all instruments for major surgery.

Dr. Howard A. Minners, the No. 1 flight surgeon for the Carpenter flight, and other key officials of the medical task force, outlined these arrangements today.

Minners described to a reporter some changes in the medical-physiological setup for the Navy lieutenant commander's flight as compared with that for America's trailblazer in orbital flight—Marine Lt. Col. John H. Glenn Jr.

The changes include a different form of food in flight, a new device for exercising the astronaut during flight, a new semiautomatic instrument for taking the astronaut's blood pressure, and tests on a recovery ship to determine at the earliest possible moment whether spaceflight affected the astronaut's sense of balance.

Minners said that on each of three main recovery ships and six destroyers dispersed over the three potential recovery areas in the Atlantic Ocean, prospective blood donors were being selected among crewmen.

This is preparedness against the long-shot possibility that Carpenter, or his backup pilot, might need a transfusion.

Instead of taking applesauce or a beef-stew mixture from economy-size shaving-cream-like tubes as Glenn did, Carpenter will munch on bite-size concentrated foods of such possible composition as cheese, coconut or cake. The small pieces will have a special covering to prevent crumbling, which might constitute a problem in the weightless condition in space.

For exercise during flight Carpenter will periodically stretch a small piece of rubber cord held in front of his chest, instead of pulling a cord anchored between the feet, as Glenn did. Minners indicated Glenn's set-up was somewhat bothersome.

Tab Hunter Denies Role

LOS ANGELES (AP) — Actor Tab Hunter, former owner of an art shop raided by federal agents, denied any involvement in the smuggling of art objects from Red China.

Treasury agents said \$20,000 worth of art objects confiscated in the raid last week may have come from the Communist-controlled nation.

"It would be premature now to say whether or not charges will be filed against Mr. Hunter," said E. E. Minkoff, chief talking with the actor Monday.

"He has been very cooperative and has promised us access to all relevant documents."

Asked by newsmen whether he had ever taken part in bringing Red Chinese art objects here, Hunter snapped: "Of course not. That's illegal."

Author's Son Due Sentence

LOS ANGELES (AP) — Morton Thompson Jr., 27, son of the author of "Not as a Stranger," will be sentenced June 21 for first-degree murder in the ice pick stabbing of his mother.

He pleaded guilty to the charge Monday.

Helena S. Scheuer, 53, a factory worker and divorced wife of the late Morton Thompson Sr. was stabbed in the back 11 times Feb. 5.

Thompson told officers he killed his mother to "put her out of her misery."

Three psychiatrists told Superior Court Judge J. Howard Ziemann that Thompson was sane at the time. Earlier, he had pleaded insanity.

Mary has 1,420 partial solar eclipses each year from two moons. Photos and Details Most of the eclipses last only 18 seconds.

Odds Are Against Permanent Solutions In Economic Talks

By JAMES MARLOW
 Associated Press News Analyst
 WASHINGTON (AP)—The odds
 are against lasting accomplish-
 ments from the economic confer-
 ence — 200 representatives of
 labor, management and the pub-
 lic — which President Kennedy
 called here.

Although Secretary of Labor
 Arthur J. Goldberg says the meet-
 ing is a success, most such con-
 ferences in the past — except in
 wartime — have been busts.

Kennedy wants the conference
 to help solve serious economic
 problems, such as how to prevent

damaging increases in prices and
 wages. He asked the representa-
 tives to come up with ideas of
 their own if they don't like his.
 "No nobody's Monday the
 conference opened Monday with
 bickering.

One industry spokesman called
 for an end to industry-wide
 management of raising to support
 free collective bargaining.

The two most successful confer-
 ences of this kind occurred in
 wartime: in 1918 and again in

JEAN YOUNG accepts award from Bob Clinton

Man Is Held In Slaying

KERMIT (AP) — A slender, ruddy faced farmer was in custody today on charges of shooting down his wife, her sister and another man at a Kermit home. Officers said the prisoner, J.B. Frazier, 37, from Comanche in West Central Texas, stumbled into a motel near the edge of Midland, 85 miles east of here, and told a motel clerk Monday: "I'm looking for my wife. I'm supposed to meet her here. I've been hurt."

Frazier then collapsed on the floor and was incoherent after being taken to the Midland police station.

A search for Frazier began after the sound of gunfire drew neighbors to the Kermit home of R. J. Autry, an oil field worker, late Sunday night.

They found Mrs. Georgia Frazier, 36; her sister, Mrs. Autry, 50; and Carl Louis Conner, 39, also an oil field worker, mowed down by bullets from a small-caliber pistol.

Mrs. Frazier had come to visit her sister. She left three children, 14, 13 and 12, with their grandmother near Comanche.

Jean Young Wins Arion Award Here

Miss Jean Young was presented the National Arion Foundation Award at the final assembly of Snyder High School.

This annual award is presented to the senior band student who has contributed the most to his organization and school during his school career. Three nominations are made by the high school band members.

Final selection is based on musicianship, scholarship, and leadership by the high school faculty.

Miss Young has many accomplishments in the field of music including 13 first division solo and ensemble medals; member of Texas All-Star Stage Band for two years; member of All-Region Band for three years; member of All-State band for one year; and SHS band captain during 1961-62.

Runners-up for the award were Dale Cushman and Kay Powell.

ADMISSIONS: RITA Guerra, Diamond M Ranch; Audrey Snodgrass, 2706 Avenue Q; Walter Bishop, 3003 Avenue M; Enoch Browning, 507 Twenty-eighth; Jacquelyn Taylor, Rt. 2; Harry Lee, 2511 Twenty-ninth; Claude Flynnell, Paradise; John Lambert Box 183; Mike Nall, 1911 Oberman; Charlie Vastickie, 2307 Twenty-ninth.

DISMISSALS: Nina Rollins; Nancy Johnson; Lois Presley; Jimmie Miers; Art Disheroon; James Minor.

Allies Support Forces In Thailand

By LEWIS GULICK
WASHINGTON (AP) — A preliminary government sampling of worldwide opinion on the sending of American troops to Thailand indicated today wide support of U.S. allies and divided views in neutral countries of the Near East and Asia.

The initial study, by the U.S. Information Agency, is based mainly on newspaper and radio comment around the globe.

The U.S. initiative was hailed as the only effective way to save Thailand, according to the summary of the newspaper views in allied countries. The summary added: "Many influential papers, however, expressed skepticism regarding the possibility of improving the Western position in Laos. The thought that the West must withdraw from the country was a common theme. It was prepared for a second Korea war victory by a number of media."

In allied nations of Asia the U.S. move was seen as needed to show the Soviet Union and Red China that America intends to fulfill its commitments in Southeast Asia.

Some called even firmer U.S. commitment to an anti-Communist policy. In South Viet Nam, the survey found enthusiasm over the first reports of the dispatch of U.S. fighting units was dampened "as it became apparent that U.S. clashes with pro-Communist Pathet-Lao units was unlikely and that the United States was content only to reinforce neighboring Thailand."

If this area, too, some comments criticized U.S. pressures on the Laotian government of Prince Boun Oum as having led to ineffectiveness of anti-Communist forces in Laos. Washington has been trying to press the pro-Western Boun Oum regime into coalition talks with Laotian neutralists and Reds, using various means including withdrawal of \$3 million a month in economic aid.

The Japanese press expressed fear of Japan's being drawn into the Southeast Asia affair through U.S. use of bases in Japan.

The Indian press was reported strongly divided with some seeing the U.S. deployment as seriously threatening a peaceful solution of the Southeast Asian crisis while others considered it a welcome show of force to deter communism while not encouraging Boun Oum to expect U.S. military support.

Arab news media saw a shift of the cold war from Berlin to Southeast Asia. They were reported fearing a direct East-West clash with the Reds justifying a heightening of military offensive because of the expected-exception to this Latin-American view came in Cuba's Communist-line reaction.

A Havana commentary said, "Kennedy and SEATO, besides ordering the landing of Marines in Thailand, prepare for direct intervention in Laos, after the various passive violations by reactionary forces."

The expected-exception to this Latin-American view came in Cuba's Communist-line reaction. A Havana commentary said, "Kennedy and SEATO, besides ordering the landing of Marines in Thailand, prepare for direct intervention in Laos, after the various passive violations by reactionary forces."

Man Convicted Under Law He Supported

SACRAMENTO, Calif. (AP) — Assemblyman Charles E. Chapel today awaits sentencing for violating California's airplane bomb hoax law—a statute he voted for twice.

Sacramento Superior Court jury of eight men and four women deliberated only one hour and 20 minutes Monday before bringing in a verdict of guilty.

Sentencing of the 37-year-old Republican from Palos Verdes estates must await a probation report.

During the five-day trial, Chapel maintained his remark about having nitroglycerine in his briefcase aboard an airliner was a joke.

Asst. Dist. Atty. Neil Tocher conceded that Chapel was joking but maintained the law makes no exceptions for jokers.

the tops of all convertibles are just about the same . . .

people buy Pontiacs for the bottom.

A lot of people buy Pontiacs just because they're Pontiacs. Dandy. Even better "because," though, are a Pontiac's good looks, its superb Wide-Track handling, its way of shortening tedious trips. Try one. It's a refresher course in how an automobile really should be. Wide-Track Pontiac

★ ★ ★ ★ ★

MAY IT PLEASE THE VOTERS OF SCURRY COUNTY:

I deeply appreciate your support that enabled me to receive 40.2% of the total votes cast and to lead the ticket for you in support of continued good county government.

I invite everyone to examine my record of fair and impartial service to our people.

I ask you to stand with me and vote for me on June 2nd. Let your vote win the run-off for sound County Government. I cannot do it alone; I need your help.

Sincerely,
(J. Ray Martin)

(Pd. Pol. Adv.)

keep your hands out of soapy dishwater

with an automatic electric dishwasher

Each year, most women spend more than 400 hours at the sink, scraping, washing, rinsing and drying dishes by hand. It's a tiresome, messy, never-ending job. And so unnecessary when an Electric Dishwasher will do it for you at the flip of a switch. It washes your dishes in water so hot it actually sanitizes them . . . then dries them sparkling bright . . . automatically. Your kitchen stays tidy . . . your hands stay lovely . . . and you have more free time for other things. See your favorite appliance dealer soon for an electric dishwasher, built-in or portable, that will help you Live Better . . . Electrically!
