GOPs Drawing Own Anti-Inflation Plan

Most Of HST's Proposals Rejected; Credit Curbs, Housing Bill Studied

By FRANCIS M. LEMAY
Associated Press Staff Writer

WASHINGTON, Aug. 2—The congressional Republican high command today drew the outlines of a GOP anti-inflation program, flatly rejecting most of President Truman's proposals.

Chairman Wolcott (R-Mich) of the House Banking committee told reporters he probably would introduce the Republican bill on Wednesday.

The GOP program, in a preliminary stage and not formally announced, was reported to include—

Housing Bill Talked

1. Legislation to tighten bank credit by increasing bank reserve requirements.

2. A housing bill that would (A) re-enact the so-called "title 6" under which the government insures mortgages on new dwellings; (B) legislation giving investors in rental property tax savings by increasing the rate of depreciation of the property; and (C) yield insurance, guaranteeing a profit for investors in large rental properties.

The housing bill, eliminating the controversial federal low-rent housing and slum-clearance, passed the House during the regular session and is pending in the Senate.

GOP Outlines Program

Mr. Truman has asked for that measure, with the subsidized housing feature back in it, along with price and rationing controls, and a multi-billion-dollar excess profits tax.

The Republican program outline was drawn at a meeting of House Speaker Martin, Senator Taft of Ohio, House Republican Leader Halleck of Indiana, and Wolcott.

They also discussed whether wartime controls on installment buying should be restored. Indications were that no agreement was reached on this subject.

The session was held amid indications that Congress might clean up its extra session work and quit in a few days.

"Politics" Scored

The Truman profits tax bill was sent to the capitol earlier in the day.

Republican leaders let it be known immediately it has no more chance of enactment than the President's price control plan.

Adjournment Move Beaten

* * *

By H. K. REYNOLDS
INS Staff Correspondent

WASHINGTON, Aug. 2 — The Senate tonight voted 58 to 13 against a move by Southern Democrats to force adjournment of the special session of Congress on Wednesday.

The adjournment motion was presented by Sen. Johnston (D-SC), as part of the southern filibuster against the anti-poll tax bill.

Earlier, Senate Republicans attempted to end the southern filibuster, but failed when President pro tem Vandenberg (R-Mich), ruled that no "gag" can be applied to debate on calling up a bill. Sen. Taft (R-Ohio), joined in one unsuccessful attempt to end the filibustering.

Legality Questioned

Johnston questioned the legality of continuing the special session in view of the provisions of the reorganization act which requires adjournment on July 31 of each year unless a national emergency is proclaimed by the President.

Johnston previously had introduced a provision to provide for adjournment last Saturday.

Unable to present this proposal to the Senate before today, Johnston amended it to provide for adjournment on Wednesday.

Session Said Unnecessary

He explained the new date was suggested because the House is in recess until Wednesday and could not act on the resolution before then.

Johnston charged that the special session call was unnecessary, and said he agreed with those who charged that the administration's motivation was political.

He said that a prolonged controversy over civil rights legislation would divide the country, "threaten the bases of permanent peace and might lead to a third World war."

Referring to the sustained opposition which the group of 21 southern senators have organized against the anti-poll tax bill, Johnston said this would prevent any action on anti-inflation or housing legislation.

GOPs Vote Down Move

Just before the vote was taken, Taft had been in conference with House Speaker Martin and returned to the Senate floor to communicate to the Republicans a decision to vote down the southern Democratic move to end the session forthwith.

All of the 13 Senators who voted for the Johnston resolution were Democrats, but Sen. Jenner (R-Ind), who was paired and unable to cast a vote, announced that he would have voted for adjournment.

Those voting for adjournment were:

Byrd, Va.; Eastland, Miss; Feazel, La.; Fulbright, Ark.; George, Ga.; Hill, Ala.; Holland, Fla.; Johnston, S. C.; Maybank, S. C; McQuillan, Ark.; McKellar, Tenn.; Russell, Ga.; and Stennis, Miss.

Hotter Weather Seen For Today

Air conditioners and fans are scheduled to get a good working out today according to the weatherman's prediction. The temperature today is expected to reach 95 degrees, four degrees higher than the 91 maximum recorded Monday at the weather station north of Lubbock.

The high reading followed an early morning minimum of 67 degrees. Humidity for the day was slightly above normal, the weather forecaster said. At noon the humidity was 48 per cent, at 4:30 p. m. 38 per cent and at 8 p. m. had climbed to 50 per cent.

Cooler Over State

Skies today are due to be partly cloudy with possible scattered thundershowers during the afternoon and evening.

It was cooler over the rest of the state Monday for a change, the Associated Press reported. Only three towns reported temperatures of 100 degrees or higher. In Texas, in the summer time that's unusual.

Generally the mercury hovered in the 90's. Generally except at Presidio, where the mercury reached 100, at Crystal City where it rose to 101 and at Victoria where it soared to 102.

Light showers fell at Brownsville on the coast. It wasn't much, but it cooled things off. The precipitation reading: 14.

Dust storms were reported earlier in the far West Texas area near El Paso. Winds blowing between 30 and 40 miles an hour kicked up the dust. Rain settled it.

Senators Told U. S. Reds Are Fifth Column

By W. H. MOBLEY
Associated Press Staff Writer

WASHINGTON, Aug. 2—A "considerable" Red fifth column has wormed its way into the U. S. government, Senate investigators were told today by Louis Budenz, former Communist editor.

And while some Communists are "confused" enough to believe their loyalty is to the United States, he went on, the majority of party members would stand with Russia in case of war.

The party aim, Budenz asserted, is to serve Moscow's purpose of world domination, including "dominance of the Soviet government of Russia over the United States." The party itself, he said, is a Soviet "fifth column."

Spy Story Believed

Budenz gave that sweeping outline of Communist goals and tactics in testimony to a Senate Expenditures subcommittee. He said he had "every reason to believe" a sensational espionage story previously told to the committee by Miss Elizabeth Bentley.

Miss Bentley, telling of wartime activities as a Soviet secret agent, named dozens of U. S. officials and employes, all the way to the White House, as sources of a flood of secret information she said she collected.

Budenz furnished a moment of drama in today's hearing when he turned in the witness chair to identify the 36-year-old Vassar graduate as a woman he knew as a trusted Russian agent.

Red Party Official Named

He said she was so introduced to him by the late Jacob Golos. Miss Bentley rose and smiled acknowledgement of the identification. She has identified Golos, with whom she was in love, as a central cog in the Soviet espionage machine in America.

Today Budenz added another line to the Golos picture by naming him as head of a Communist party control commission. That agency's function, he said, is keeping party members in line and administering discipline.

But Golos' group, Budenz went on, was only one of a number operating in this country. And he said they were "vigilant" at getting members into government posts.

Asked directly by Senator Ferguson (R-Mich), chairman of the subcommittee, whether the Reds are penetrating the government,

U. S., Reds Clash Over Arms Cut

LAKE SUCCESS, N. Y., Aug. 2. (AP)—The United States accused Russia today of obstructing United Nations attempts to reduce and regulate world arms. Russia heatedly replied that the United States and Britain had sabotaged the arms cutting program.

The flare-up between Frederick H. Osborn, United States delegate, and Jackob A. Malik, Soviet deputy foreign minister, came at an open meeting of the UN commission for conventional armaments. It was the latest and apparently the most intense clash between U. S. and Soviet delegates in a long series of wordy arguments in the commission.

Full Reply Promised

The commission decided to meet next Monday as a working committee. Malik promised he will reply to Osborn in full at that time.

The commission virtually has given up efforts to write an arms regulation convention because Russia and the western powers cannot agree.

Today Osborn told the commission—

"The work of this commission has continued to be hampered by demagogic appeals and irresponsible propaganda. We cannot but note regretfully that the Soviet system of obstructionism in this commission is the same as that employed by them in the Atomic Energy commission (which has already given up attempts to agree on world atomic control because of the East-West conflict). Nevertheless, the United States believes that the commission must proceed with its work."

Malik and Dmitri Z. Manuilsky, foreign minister of the Soviet Ukraine, flushed deeply as Osborn read his charges of "obstructionism." They demanded the floor promptly.

Manuilsky said those who have wrecked the work of the atomic commission must bear the responsibility for the situation in the arms commission. Russia has often charged the U. S. with wrecking the atomic discussions. Manuilsky said he will reply later.

LAND VALUABLE

Promoter's Record Washed Clean By Oil

(By The Associated Press)

LOS ANGELES, Aug. 2—An oil strike cleared a promoter's record today.

George Leingang of Bakersfield was convicted in 1944 of grand theft. Two men charged Leingang had sold them worthless oil land. Recently, oil was found in the Cuyama valley, between Bakersfield and Santa Barbara.

Today Leingang testified land for which he had paid the men $6,500 in restitution, was worth "close to a million dollars" as a result of the strike. A superior court judge ordered the record of his conviction expunged.

NAMED BY EX-SOVIET AGENT—Lauchlin Currie, right, one-time aide to the late President Roosevelt, and Harry Dexter White, left, former Assistant Secretary of the Treasury, were named by former Soviet agent Elizabeth T. Bentley as two from whom the Russians got secret wartime information. The charge was made by Miss Bentley at a Congressional hearing in Washington. Both Currie and White have denied the charges. Union Rejects Governor's Peace Plan

Troops Are Sent To Dayton Strike Area

(By International News Service)

DAYTON, O., Aug. 2—Fully-armed, fully-equipped National Guard troops were rushed to Dayton tonight to maintain order in the 89-day-old strike at the Univis Lens Co.

The troops were called out by Gov. Thomas J. Herbert at the request of Mayor Louis Lohrey and Montgomery County Sheriff Ben H. Smith.

It is the first time state troops have been used in a labor dispute since the bloody Youngstown "little steel" strike in 1937.

Claims Agreement Broken

Herbert was obviously angered by what he termed "repudiation" by the CIO-United Electrical Workers' local 768 of an agreement the governor engineered Sunday to end the walkout which erupted into picket line violence four different days last week. He stated:

"It is time the public knows about the Communistic pattern followed in the conduct of this dispute."

The governor charged the strikers with a "breach of faith" in his 1,250-word statement calling out the troops.

Declaring that "our efforts to secure a peaceful settlement . . . have failed," Herbert continued:

"I have no alternative but to respond to the request of Dayton and Montgomery county authorities for assistance in maintaining law and order."

Pickets Block Gates

The troops are segments of the war-tested 147th infantry, under command of Col. George Schiele.

The local authorities requested the troops to maintain order when the plant attempts again to reopen tomorrow morning. Lohrey told the governor that "they can't reopen without help."

A court injunction limits picketing to three pickets at each of the plant's two gates. However, at least 60 pickets blocked entrances today, Lohrey said, and the plant was forced to remain closed and send those employes who wished to work back home.

The union lost an election July 23 to continue as bargaining agent for the plant workers. However, the result of that election has not yet been certified by the National Labor Relations board. Lohrey wired the NLRB in Washington for a "quick decision."

At the plant today, a sound truck urged the pickets to "return tomorrow morning and see what the National Guard looks like."

Louis Kaplan, UEW field agent, belittled a Congressional subcommittee conducting hearings into the dispute to see if the Taft-Hartley act is being violated. Kaplan told the pickets:

"They don't frighten the UEW under political blackmail."

Army Reveals U. S. Developed Rockets Out-Perform V-2s

LAS CRUCES, N. M., Aug. 2—Rockets developed in the United States since the war will shoot higher and farther than the German V-2s, the Army said today.

Details on the rockets and their performance were not given. But Brig. Gen. Philip G. Blackmore said an extension of the southern New Mexico proving grounds is necessary to test them.

More Land Sought

German scientists have told the U. S. experts at the White Sands rocket-proving grounds that their top range for the wartime V-2 was around 250 to 300 miles. Best U. S. performance on reconstructed V-2s was 114 miles in altitude on Dec. 17, 1946.

Blackmore, commanding officer at White Sands, gave his report in testifying before a Department of Interior hearing on a proposal to add 1,500,000 acres to the White Sands-Alamogordo testing area across Organ mountains from Las Cruces.

May Move Plant

Testimony also included the declaration of Maj. Gen. J. L. Homer of the White Sands research center that southern New Mexico provides the only suitable area in the continental United States for anti-aircraft and guided missile testing and development.

A Navy spokesman, Capt. W. A. Gorry of White Sands, asserted that an important manufacturer of a large Navy missile is considering moving his plant to the southwest.

The hearing was called by the Department of Interior to determine the public interest. Livestock and mining interests have declared opposition to withdrawal of additional land for military use.

Five American Soldiers Dead After Drinking Paint Thinner

SEOUL, Tuesday, Aug. 3 (AP)—Five American soldiers are dead and two others are being treated for partial blindness as a result of drinking paint thinner they mistook for alcohol, the Army said today.

Army officiers explained that a party was held at Chinhai, South Korea, three weeks ago when a noncommissioned officer found a can of what he believed to be alcohol. He asked 30 other soldiers to share it with him. They mixed it with fruit juices.

Four Western Police Jailed In Red Zone

By OMER ANDERSON
INS Staff Correspondent

BERLIN, Aug. 2 — Soviet zone German police tonight arrested four western police in a move which widened the East-West rift even as a Kremlin session was underway to settle the Berlin crisis.

The three policemen and one policewoman seized were sent by western sector police chief Dr. Johnannes Stumm to his former headquarters in the Russian sector to bring back some private papers.

Russian-sponsored police chief Paul Markgraf ordered the quartet arested. He previously had warned that any west sector police straying into the Russian area would be arrested.

Police Force Split

The split in the Berlin police force broke last week when the city's pro-west deputy mayor suspended Markgraf and named his deputy, Stumm, in his place. Markgraf had been criticized for the disappearance of large numbers of anti-Communist Berliners.

The Russians refused to recognize Markgraf's suspension and asserted he still is head of the Soviet zone police. The western police under Stumm then set up their own west sector headquarters.

The arrests occurred as western envoys from the U. S., Britain and France met in the Kremlin with Premier Stalin in an effort to settle the Berlin and all-German issues.

Allies May Advance Funds

In addition to the blockade of Berlin, the Russians have now frozen bank accounts of western firms deposited in Soviet zone banks. Industrial collapse because of the blockade and the monetary move threatened and the western powers prepared steps to avert the breakdown.

Western occupation officials were understood to be ready to advance sufficient western marks to firms whose funds are blocked so their employes could be paid. Many Berlin workers have not been paid for two weeks.

Western firms were forced to make deposits in the Soviet sector in connection with the recent Soviet currency reform.

Soviet Offer Spurned

Western officials, as well as Berliners, waited anxiously for details of the meeting in Moscow, between Stalin and the American,

'Loyal' Demos To Rule State Meet

HILLSBORO, Aug. 2. (AP) — State Democratic chairman Robert Calvert expressed confidence today "loyalist" Democrats will control the state convention Sept. 14 at Fort Worth.

"It might be somewhat of a struggle, but we'll control it," said Calvert.

The state chairman is under attack by states' rights Democrats who seek to have a referendum on the Aug. 28 primary ballot so that voters can direct electors to vote either for the Truman-Barkley or Thurmond-Wright "Dixiecrat" national ticket.

Rump Conventions Held

Calvert said he based his prediction not only on newspaper accounts of the county conventions last Saturday, but also on "my own reports." He declared "those who are loyal to the Democratic nominee (Mr. Truman) will have control."

The states' righters won control of the county conventions in some big cities, particularly Dallas, Houston and Fort Worth, but an Associated Press survey indicated the loyal Democrats controlled a majority of the conventions.

Calvert was asked if the convention at Fort Worth might be

U. S., British, French Envoys Visit Kremlin; Additional Talks Hinted

By NATALIA RENE
INS Staff Correspondent

MOSCOW, Aug. 2—Top diplomats of the United States, Britain and France conferred with Soviet Premier Stalin for two hours at the Kremlin tonight in a momentous effort to settle East-West differences in Germany.

U. S. Ambassador Lt. Gen. Walter Bedell Smith, French Ambassador Yves Chataigneau, and Frank Roberts, a special emissary of British Foreign Secretary Bevin, went behind the thick walls of the Kremlin to place their proposals directly before the Soviet leader.

They had requested the meeting at an interview with Soviet Foreign Minister Molotov Saturday night. Molotov also was present at tonight's parley.

Envoys Maintain Secrecy

Results of the meeting were cloaked in heavy secrecy, but the three western envoys emerged from the Kremlin in apparently good spirits. They refused to give any hint as to what had happened.

Despite the secrecy, the general feeling in Moscow tonight was that at least some of the East-West tension had been relieved.

It also was believed possible another Kremlin meeting may be arranged soon.

The length of the meeting was regarded as a good sign by political observers, who pointed out it has been some time since Stalin talked to foreign diplomats for as long as two hours.

Other Meetings Possible

Observers believed the western envoys proposed a meeting of the Big Four foreign ministers, or even heads of state, in the near future to tackle the Berlin crisis and German problem.

The Kremlin conference, regarded as the strongest western move to settle the acute East-West problem in Soviet-blockaded Berlin, also was seen as an instrument that may open the way to settlement of the whole East-West "cold war."

That further Kremlin meetings may be in prospects was suggested by the brevity of the official announcement on the Kremlin parley. It said merely that the meeting had taken place.

Reports Sent Quickly

Future meetings will depend on reaction of the American, British and French governments to whatever they learned tonight.

The western envoys sent reports on their meeting with Stalin to their respective governments immediately after they left the Kremlin.

It was believed the western proposals placed before Stalin called for a swift end to the Berlin blockade.

In the opinion of informed observers the Soviet leader probably will stress in his reply that his country desires peace and ironing out of differences that have arisen between East and West since the end of the war.

Stalin's Statement Recalled

These observers in Moscow pointed to Stalin's statement that he sees no reason why the capitalist and socialist system can not exist peacefully together, a view he is believed to still hold.

They also recalled Stalin's reply to Henry A. Wallace's open letter to the Soviet leader in connection with the keeping of world peace, and Stalin's indication of his desire to discuss all problems threatening the peace.

Tonight's meeting in the Kremlin began at 9 p. m. (1 p. m. CST) and ended at 11:00 p. m.

Diplomats Confer

It was understood that the western envoys had requested a face-to-face meeting with Stalin when they saw Molotov Saturday night.

Three hours before they went to the Kremlin, Smith, Chataigneau and Roberts conferred on their new approach to the Soviet government at a meeting in the U. S. embassy.

After the Kremlin meeting, they went back to the embassy for further talks.

Settlement of the Berlin and German problems obviously would be the chief aim of any Big Four conference that may come out of tonight's Kremlin meeting.

Moscow Likely Site

Observers in Moscow speculated that the most likely place for a Big Four meeting of foreign ministers or heads of state would be Moscow.

If agreement is reached to arrange a meeting of chiefs of government, it would be the first time

Southern Educational System To Be Planned

TALLAHASSEE, Fla., Aug. 2 (AP)—Dr. John E. Ivey of the University of North Carolina today was chosen to prepare a detailed plan on which the south can build its regional educational system.

The 30-year-old specialist on southern resources was named by a committee of educators to direct an 18-month study of the region's needs and opportunities for interstate co-operation in training of youth in technical and professional fields.

He will have headquarters in Atlanta. He has resigned from the University of North Carolina faculty and will begin his new duties immediately.

Gov. Millard Caldwell of Florida, chairman of the 14-state regional council for education, said Dr. Ivey will have two major jobs—

1. To draft plans for setting up regional courses and research facilities quickly in fields where there is an immediate need.

2. To prepare a long-range study on which the south can build a system of co-operative institutions designed to give southern youths the technical training they need without leaving the south for educations and never bringing their talents home again.

MURDER CHARGE FILED

BIG SPRING, Aug. 2 (AP)—Dreshay Franklin, 35-year-old Austin negro, was charged with murder here tonight in the death of O. E. Johnston, 41. Johnston died in a hospital here earlier in the night. He was found unconscious two days ago in a clump of weeds in a railroad yard. Sheriff R. L. Wolf said Franklin declared in a statement that he had fought with Johnston.

HST To Confer With Marshall

INDEPENDENCE, Mo., Aug. 2 (INS)—President Truman will vote in Missouri's primary tomorrow, then fly back to Washington to confer with Secretary of State Marshall on the meeting of western diplomats with Soviet Premier Stalin.

Sources close to the President said tonight in Independence Mr. Truman's first business on his return will be a report from the Secretary of State.

Has Been Kept Informed

Those sources said the President had received a complete fill-in on the situation from Washington during his stay in his hometown.

They had no comment, however, on the foreign developments.

The chief executive will cast his ballot in the state primary at 6:30 a. m.

He will depart for Washington aboard the presidential plane, "The Independence," at 8 o'clock, arriving at the White House in time for lunch.

To Cast Vote

The President will leave his old-fashioned white frame cottage a few minutes before 6:30 to go to the American Legion Memorial hall two blocks away. Voting booths have been set up there.

After casting his vote on a ticket containing a slate of 48 candidates for 18 county, state and congressional offices, the President will return to his home for breakfast.

Later, he will motor to the Fair-

ORANGE GROCERS TO BACK MOVE BY CLOSING MARKETS

Housewives In Five Texas Cities Organize For One-Week Boycott To Curb High Prices Of Meat

(By The Associated Press)

HOUSEWIVES in five Texas towns were joined today in a rebellion against the high cost of meat.

The move to curb the high costs of meat began in Dallas and spread to Orange, Waco, Corpus Christi and Austin quicker than a butcher could wrap up a pound of steak.

At Orange, budget-wise women got unexpected support—two grocers said they were for the women 100 per cent and would close up meat counters in their stores.

"We're not making any profits on meat anyway," said one of the Orange grocers.

The women are carrying on their fight by telephoning "every number in the phone book" to ask others to quit buying meat until prices drop within their reach.

They set Aug. 9-16 as the date for a boycott. One housewife said —"we are confident that we are employing the only effective weapon—a voluntary consumers strike."

Women in Atlanta, Ga., were reported taking similar action.

The group in Austin, headed by Mrs. Lila J. Markham, started telephoning other housewives yesterday.

The Orange housewives, however, appeared to have won over not only the householders in town but also rural housewives and grocers themselves.

"We're all for it," said L. E. King, manager of two Orange chain stores. "If the ladies mean business we will close our markets next week. We're not making any profits on meats anyway."

An independent grocer at Orange, Charlie Taylor, agreed. He said he was ready to close his

NEW YORKER ISN'T 'DICTATING'

Dewey Keeps Tabs On Congress Through His Campaign Manager

By WILLIAM F. ARBOGAST
Associated Press Staff Writer

WASHINGTON, Aug. 2 — GOP presidential candidate Thomas E. Dewey may be keeping hands off the special session of Congress personally, but an effective "grapevine" has been set up in his behalf.

The "grapevine," Republican congressional leaders said today, is Herbert Brownell, jr., the New York governor's campaign manager.

And an appropriate slogan, they added jokingly, would be:

"Don't make a move without seeing Herb."

Brownell Close By

Brownell has set up headquarters in Washington for the Dewey campaign, and party leaders on Capitol hill have been in frequent contact with him.

"Some of us have talked things over personally with Brownell, and others have conversed with him on the telephone," one GOP House chieftain said. "While the Republican steering committee is making the major policy decisions as always, we know what Brownell thinks about them and we assume that he reflects Governor Dewey's sentiments."

"After all," this leader said, "we are trying to bring about Dewey's election as President and it is only good sense to coordinate our actions with his campaign strategy."

Dewey Not "Dictating"

Speaker Martin, boss of the House, told newsmen the election of Dewey is part of the GOP congressional "cause." But Martin insisted that Dewey has not sought to dictate or even suggest to the leaders what they should do.

Senator Taft of Ohio, chairman of the Senate's Republican Policy committee, said last week "there has been more or less consultation with Dewey but not in detail."

That was Taft's explanation after Senator Robertson (R-Wyo) told newsmen the Ohioan had relayed to a policy committee session advice from Dewey to stay around a week or so and then go home.

James Hagerty, Dewey's press secretary, described the governor's position as believing Congress should stay long enough to give "careful consideration" to President Truman's program.

Purchase Of Home By Negro Singer Protested By Whites

LOS ANGELES, Aug. 2 (INS)—Negro singer Nat "King" Cole today received a protest from homeowners in the fashionable Hancock park district that he has violated a property owners' covenant in buying a mansion in the restricted area.

Property owners said that mansions in the district were restricted to anyone not belonging to the Caucasian race. The affidavit filed with Cole's attorney, Irving Hill, warned of "appropriate legal and equitable remedies in event of their breach."

The singer's attorney declared that in view of the recent United States ruling outlawing race restricting covenants, no legal action is maintainable.

Children Welcome In Huge New York Housing Project

By HAL BOYLE
Associated Press Staff Writer

NEW YORK, Aug. 2 — The rhymester who wanted to live in a house by the side of the road can have it.

I'll take my house by the side of a river, where the race of men go by in boats. Railroad cars float by, too.

My river is the East river, and the waters wash with a fine impartiality the sinful banks of Manhattan and the moral shores of fair Greenpoint, the acme of Brooklyn.

Firm Is Popular Landlord

My house stands on the Manhattan side. It is a quaint new brick cottage 14 stories high, lost in a cluster of buildings that look as much alike as a rack full of cue balls.

The development was built by a big insurance company to hold 40,000 people, and it is one of the largest real estate ventures since the hanging gardens of Babylon.

The insurance company is a popular landlord. It reverses the dictum of most New York landlords: "Dogs, yes — children, no." Here man's best friend has to be smuggled in, but the leases allow the tenants all the children the Lord will send.

Life Of Grandeur

Life in a huge housing development has its aspects of grandeur. The insurance company didn't just send a gardener around with a hoe to pretty up the place. It dispatched a crew of bulldozers to level the land. Then came landscapers in battalions. They threw grass and crab apple trees around. The vines must be planted in some new kind of "grow-quick." They're climbing faster than the price of sirloin.

We can watch from our window the ever-changing life on the river. And what do we care if the people below us and above us look out and see the same ships come in, the same barges float past carrying railroad cars and freight cars to terminals across the water? Nobody ought to want to own a wonderful view alone.

Sixteen U. S. states prohibit marriage between white persons and an "Oriental or Mongolian," and six won't issue a license to a white person and an Indian.

Missouri Voters To Ballot Today

ST. LOUIS, Aug. 2 (INS) — Missouri voters go to the polls tomorrow in a primary election highlighted by Republican and Democratic races for gubernatorial nominations.

The predicted vote is higher than that cast in 1944, the last comparable primary. Then, 625,243 persons voted in a primary distinguished by the races for the U. S. senatorial nominations.

Candidates for the Republican gubernatorial nomination are Missouri House speaker Murray E. Thompson of Marshfield; Manvel H. "Cap" Davis, Kansas City attorney, and William McKinley Thomas, St. Louis shoe factory worker.

Principal contenders for the Democratic gubernatorial nomination are state auditor Forrest Smith; former state attorney general Roy McKittrick, and Dan M. Nee, former internal revenue collector at Springfield.

The voters also will nominate candidates for state auditor, secretary of state and various municipal offices.

Illinois Sergeant Shot To Death At Perrin Air Base

SHERMAN, Aug. 2. (AP)—Tech. Sgt. John J. Kroszkwicz, 27, Alton, Ill., was shot to death at Perrin field here last night.

A 19-year-old private was held under arrest at the field hospital where he was under observation.

Capt. George N. Labounty, provost marshal, said Kroszkwicz was slain by a blind shot in the dark about 10:45 p.m. Sunday. The captain said that a guard sergeant with a submachinegun disarmed the private later of two pistols. He said several wild shots were fired.

Kansas Primary Vote Expected To Be Light

TOPEKA, Kan., Aug. 2 (INS)—The Kansas primary will be held tomorrow to nominate six congressmen, a senator, governor and principal state offices in each of five parties.

Also to be named is a slate of presidential electors for each group.

The five parties participating in the primary election are the Republicans, Democrats, Prohibitionists, Socialists and the Progressives.

The voting is expected to be light because of a lack of spirited races, except in isolated local contests.

Only one Republican contest promises to draw fire—the bid for renomination by Albert M. Cole of Norton for representative in Congress from the first district. The incumbent is opposed by Thomas B. Wilson of Williamstown.

Former Gov. Andrew F. Schoeppel, of Wichita, is expected to be an easy winner for the renomination to the post being vacated by retiring U. S. Senator Arthur Capper. Harold H. Malone of Wichita is Schoeppel's opponent.

Gov. Frank Carlson also is expected to gain an easy victory over two opponents for the gubernatorial nomination. Gov. Carlson's bid for renomination is being challenged by W. P. Lambertson of Fairview, an announced dry, and Nemaha County Attorney James A. McClain of Sabetha.

FRIENDS ASTONISHED AT CHANGE IN HIM SAYS RETONGA USER

He Suffered So Much From Acid Indigestion Distress He Ate Only to Keep Going. States Well-Known Watchmaker. Now Eats Anything, Looks and Feels Stronger.

MR. A. J. WILKINSON

"My friends are all telling me how much better I look, and I am glad to tell them that Retonga deserves the credit," Declares Mr. A. J. Wilkinson, well-known resident of 2829 Johnston St., Los Angeles, Cal., and for many years a widely-known watchmaker and jeweler. He gratefully states:

"For several years I was so badly distressed by acid indigestion and loss of appetite that I ate only to keep going. Gas in my stomach and belching up particles of undigested food kept me feeling miserable. I was a victim of constipation, my face was thin and pallid, and I seemed never to sleep soundly. I felt so tired and worn out that I never felt like going anywhere.

"Retonga promptly relieved all this distress after everything else I tried had failed. I have a good appetite, and my food digests so well I have regained several pounds. I sleep soundly, the constipation is relieved, and I have a healthy appearance once more. My friends, who were used to seeing me just mope around, are astonished at the change in me. Retonga is the best medicine I ever used."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You can get Retonga at all good drug stores, including Walgreen Drug Store. Adv.

More Ground Needed For Reports Of Optimism In East-West Talks

By J. M. ROBERTS, JR.
Associated Press Staff Writer

Optimistic reports from Moscow as to the possibility of improved East-West relations still lack factual backing.

Indications that the Russians have not turned down Allied suggestions for negotiation, and word that Stalin himself is entering the picture, mean no more than that the Russians are glad to do what they have always been glad to do—talk. By making the suggestions the Allies are actually doing what Russia has been demanding, even though they expect a lifting of the Berlin blockade in return.

Belgrade Meeting Cited

Take the current Danubian conference at Belgrade. Russia's agreement to hold it was hailed in some quarters as containing possibilities of conciliation. But it had hardly convened when the Communists told us that we would take their program, like it or not. And their program contains the flat assertion that the western powers are to have no hand in control of the river.

They propose to set up a completely Communist commission to handle river regulations, which means that its traffic, ostensibly actually will be subject to the same sort of unilateral manipulation which the Allies have encountered in Berlin.

There is not the slightest sign in Berlin or Belgrade that the Russians contemplate any conciliation.

The big question as the Allied diplomats prepared to meet Stalin was whether Russia would lift the Berlin blockade in return for a four-power conference. Or whether the Russians might demand, in return, a hand in Allied preparations for establishment of a government in western Germany.

The next question, if a conference is held, is whether the Russians would make any reasonable agreements and, more importantly whether she would live up to them once made.

The answer, as long as Communist imperialism remains the dynamic force behind Russian policy, is bound to be "no."

Draft Board Holds Organization Meet

Members of draft board No, 88, composed of Lubbock, Garza, Lynn, and Crosby counties, met Monday night for purposes of organizing.

Dr. J. T. Hutchinson of Lubbock was named chairman of the board, and Bill Barton of Post was named secretary. Mrs. Viola L. Younger was selected board secretary.

The group appointed George Wolffarth to find office space for the board.

Final Rites Held At Lamesa For Mrs. Hester E. Rainey

Funeral services for Mrs. Hester E. Rainey, 81, who died early Sunday at the residence of a daughter, Mrs. C. A. Phillips of 2813 N. Second, Lubbock, were held Monday afternoon in the chapel of Higginbotham Funeral home in Lamesa. Burial was in Lamesa cemetery.

Mrs. Rainey had been making her home with Mrs. Phillips for about a year. Prior to coming here, she had resided at Lamesa for about 20 years. The body was taken to Lamesa Sunday afternoon by Rix Funeral home.

Other survivors include two daughters, Mrs. Mary Royalty of Grand Prairie and Mrs. Angie Hall of Byers, one son, David E. Rainey of Fort Bliss, 29 grandchildren, 31 great grandchildren and 2 great great grandchildren.

Three Negro Women Denied Admission To Oklahoma U.

NORMAN, Okla., Aug. 2. (AP)—A state court today denied admission to the University of Oklahoma to three negro women, and negro leaders announced they would carry the fight against Oklahoma's racial segregation laws again to the U. S. Supreme court.

One of the three rejected was Mrs. Ada Fisher of Chickasha, who for more than two years has waged a court fight to enter the university law school.

The others were Mauderie Hancock-Wilson and Helen Maxine Holmes, both of Oklahoma City.

Charges Are Filed As Result Of Car Collision Near City

A charge of aggravated assault with a motor vehicle was filed Monday against Bud Olen Foreman, 33, of Idalou highway, after his car was in collision about 8:30 p. m. Sunday with one driven by Walter Eugene Brownfield, 20, of Lubbock route 1.

Brownfield was released from West Texas hospital after treatment of contusions and bruises of the left elbow and arm, suffered in the collision which took place about three miles east of Lubbock.

Foreman had not appeared late Monday to enter a plea in the case. Complaining witness was J. A. McVean, State Highway patrolman.

The State Highway patrol reported that the accident occurred in the middle of Highway No. 62, with both cars engaged in a sideswipe accident. Foreman's car received a smashed left front wheel and rumpled fender, while the other car turned on its side, slid several feet, righted itself and received considerable damage on the left side.

Brownfield, an employe of the First National Bank, was approaching Lubbock. Foreman, an Idalou farmer, was driving toward Idalou.

Six Men Nabbed After Serving Up Beer And Wine 'On House'

LOS ANGELES, Aug. 2 (AP) — The beer flowed like wine, and vice versa, at Jim Mun On's cafebar.

"Drinks are on the house," shouted the six men behind the bar. They helped customers consume 10 cases of beer and more than 100 bottles of wine. A 100-pound sack of potatoes and 50 pounds of onions also were carted off.

Then somebody tossed a beer bottle through the front window. It struck a passerby who called police—who broke up the party.

Oh, it seems, was off, and an unwitting, unwilling host. The six self-styled bartenders, police said, had opened the cafe by kicking in the front door. They were jailed on suspicion of burglary.

NO PLUMBERS
Texan Pipes Answer To GOP Query

WASHINGTON, Aug. 2 (AP) —"Will someone tell me where I can get a plumber?" Rep. Bender (R-Ohio) asked in the House today.

He complained that he had been unable to find a plumber to do some work around his house. They are all busy on new construction, he said.

"Yes," interrupted Democratic leader Sam Rayburn of Texas. "Just have another Republican depression and all the people are out of work and you can get plenty of them."

Nash Plants To Close Down For Changes For 1949 Model

DETROIT, Aug. 2 (INS)—The last 1948 Nash will be built in Kenosha, Wis., tomorrow and assembly lines at both Kenosha and Milwaukee will be silenced for the month-long task of retooling for the 1949 edition.

R. A. Devlieg, vice president of the Nash-Kelvinator company, said in Detroit that the holiday ends the most productive period in the company's history.

An all-time record of 16,339 cars were produced in July.

Devlieg said no new automobiles will be assembled until well into September, but both plants will be partially manned at the end of August.

JUMPING TO CONCLUSIONS

NEW YORK, (U.P.) — Police arrived at the second floor apartment of Mrs. Anna Atkinson to prevent a reported suicide. Mrs Atkinson was sitting on the window sill. "Jump from here, my foot!" she exclaimed. "A fine thing when a person can't get some air without someone calling the police."

T&P's New Passenger Train To Start Operation On August 15

DALLAS, Aug. 2 (AP)—Texas & Pacific railway announced today its new passenger train, Texas Eagle, would go into operation Aug. 15.

The train will run between El Paso and St. Louis via Fort Worth and Dallas.

The Louisiana Eagle between Fort Worth and New Orleans will be inaugurated in September.

The diesel-electric powered, blue and silver trains will replace the Sunshine special and T&P's trans-Texas run.

The run between El Paso and St. Louis will be cut by eight hours.

TO AUCTION COTTON

DALLAS, Aug. 2 (AP) — Dallas county's first bale of cotton will be auctioned on the floor of the cotton exchange at 11 a. m. tomorrow, Exchange President Karl Hunt said the bale, rated middling, came from 13-year-old Speer Waldrum of Seagoville.

Old tin cans have been used in paving the bed of the Los Angeles River to keep the river from undercutting its banks.

High and Low Blood Pressure Cause Has Been Discovered

Some of the symptoms are: Headaches, Dizziness, Pain in back of the head and neck, irregular heart action, nervousness, and cramping in the legs. (These symptoms are helped and many times entirely relieved by taking one tablet orally before each meal). This is a new discovery and has been successfully used for five years by E. H. Boaz, M. D., Childress, Texas. Have accurate records to prove my discovery and what it has done for hundreds of others. Dr. Boaz will be at the Hilton Hotel, August 2nd through August 7th 1948, for examination and treatment of those suffering from High and Low Blood Pressure. Room 502. Adv.

U. S. Reds Open Party Meeting

NEW YORK, Aug. 2 (INS)—The American Communist party opened its first national convention since 1945 tonight with a scorching broadside on everything capitalistic—and a few bouquets for Henry Wallace's new Progressive party.

National chairman William Z. Foster set the pace in the keynote speech, blistering Wall Street in almost every paragraph and accusing "economic royalists" of trying to lead the world into another catastrophic war.

Progressives Praised

Foster also took the occasion to praise the Progressive party as the outlet for the "forces fighting for peace and against inflation and Fascism to organize and express their strength." He said those who charge that the Communist party is trying to dominate the new party, or claim credit for its formation are "brazen liars."

The national chairman's bitter attack on capitalism was echoed by two other key speakers in a convention-opening rally at Madison Square garden. Sharing the spotlight with Foster were Eugene Dennis, general secretary of the party, and John Williamson, national labor secretary for the Communists.

All three were indicted last month by a special federal grand jury which charged them and nine other top party officials with plotting the overthrow of the American government by force and violence. In addition, Williamson is facing deportation charges.

Others who addressed the opening meeting were New York City councilman Benjamin Davis, jr., and Elizabeth Gurley Flynn, long a fund-raiser for the movement.

A year's output of tin from U. S. steel mills would make a can 14½ miles high and large enough in diameter to enclose Pittsburgh.

TAKE A LOOK AT YOUR INSIDES

Study the above drawing for a few minutes. Notice particularly how the bile flows from the liver into and out of the gall-bladder and thence into the small intestine where it mixes with the partly digested food just below the stomach. Bile is a necessary adjunct to proper digestion. Its absence from the intestines inevitably causes putrefaction and fermentation.

NATURE'S DANGER SIGNALS

When your stomach, liver, and gall bladder have been upset by improper eating or drinking, or when they are not working well because retained and putrefying food matter in your intestines is poisoning your entire body, you, sooner or later, begin to feel some of the following symptoms:

Your breath may become unpleasant (halitosis), your tongue coated, a bad taste in your mouth, your coffee (and tobacco) lose their natural flavor, your food does not agree with you; you may have heartburn, gas and dizzy spells, you may be troubled with belching; at night the gas in your bowels may press upon your bladder making you get up frequently, thus breaking into your sleep.

In the morning you are tired instead of refreshed. Gradually your health is impaired.

Your complexion may become sallow or bilious; dark rings may appear under your eyes, you may feel lazy, dull and irritable or blue and melancholic. You may have frequent colds (catarrh) or dull head-ache; your bowels stop their free, full and natural action; you have constipation, gas, putrefaction and self-poisoning ("intestinal toxaemia" or "acute gastritis" as many doctors call it).

HOW TO GET RELIEF

You can relieve this condition, usually overnight, by taking Calotabs at bedtime and drinking water freely next day.

The beneficial effects of Calotabs lie in the fact that they are (1) laxative, (2) antiseptic to the intestines, (3) diuretic to the kidneys, (4) effective in relieving symptoms of biliousness and acute gastritis due to constipation or faulty digestion.

Calotabs are pleasant to take (sugar coated), prompt and effective. Try them and see. Follow label directions. At your druggists'.

Suggested Vitamin Provision:

Wheatamin "Basic Four" . . . 1 capsule daily.

Wheatamin Thiagards . . . 3 tablets daily

Wheatamin Dried Yeast . . . 1 dessertspoonful in liquid, 3 times daily, between meals.

DISCUSSION:

Substitution of alcohol for vitamin-bearing food calories is the established background for delirium tremens, alcoholic neuritis, and (at its worst) the rapidly fatal encephalopathy described by Joliffs. In all but the last, treatment consists of providing an ample, well-balanced diet plus water-soluble vitamins as proposed above.

Alcoholic encephalopathy calls for emergency parenteral administration of niacin or niacinamide, 500 to 1000 mg. daily, with other vitamins and nutritional therapy. The physician will be alert for indications of liver damage and pneumonia.

The suggested program provides, daily:

Vitamin B1	30 mg.
Vitamin B2	7.5 mg.
Vitamin C2	100 mg.
Niacinamide	100.0 mg.

Plus other factors of the entire natural B complex and about 15 grams of protein, as derived from 30 grams of dried yeast.

Alcoholics should be instructed to take a generous multi-vitamin supplement at all times . . . say, one Wheatamin "Basic Six" capsule daily.

CONCERNING ASPCA

SPEAKING of dogs, a letter has come to the desk from a reader who noticed mention of the possible need of a humane society in this column several days ago. She writes:

I have been hoping for some time you would mention the American Society for the Prevention of Cruelty to Animals in your column. I believe Lubbock is the worst place for being cruel to dogs I have ever seen. Their owners beat and kick them, leave town and force the animals to hunt scraps from garbage cans in alleys and worry neighbors. The dogs do not have warm, dry places in which to sleep during the winter.

The neighborhood in which I live must be about one of the worst for the things I have mentioned, but perhaps it's that way all over town. I do not own a dog at present but I feed every stray that comes in my yard. It costs to feed animals, with meat so expensive, but it seems to me people would realize that and not get the dogs and cats and then allow them to half starve.

I'd gladly put my name at the head of a list to help to organize a humane society for the prevention of cruelty to animals. I would appreciate some advice on how it is organized.

Sincerely,
Mrs. M. N. R.

• • •

DEAR MRS. M. N. R.: Others have spoken to the writer about such an organization in Lubbock. In some cities, the society is run from revenue from licenses for pets. We doubt that the fund here would be large enough to maintain an office or any sort of headquarters. Does anyone know how you bring a ASPCA chapter to town?

SUMMER STOCK

SLEEPY, romantic, sun-washed Santa Fe, vacation mecca for so many now, boasts "El Teatro de Santa Fe," a summer stock company, directed by lovely Ann Lee, talented Broadway star whose home town is Amarillo.

This is an interesting bit of news to those who have dreamed of attending summer theater, but who cannot get as far away from home as Connecticut or Maine, where most of the barn theaters are held.

Fifth offering of a nine week's season is "Ladies in Retirement," a mystery-drama with Anne Revere featured. Sam Rosen, husband of Miss Revere, who won an academy award for her role in "National Velvet," is directing the play and supporting cast comes for El Teatro's resident company.

CRAPE MYRTLE

WOULD you like to keep your crape myrtle blooming several weeks longer? Three things are said to do the job: Cut the faded blooms, see that the plant has plenty of moisture and fertile soil. As soon as the blooms begin to fade, cut them off. If seed are formed they will take food from the plant, which otherwise would go into new blooms.

If you did not fertilize your crape myrtle last year, it may need some now. For a large bush use two or three cups of commercial fertilizer, spreading it around the plant in a ten by ten foot square area. Water it right away, letting a small stream of water soak into the ground several inches deep around the plant. Water it this way every week or ten days, but be sure the plant is well drained.

100 Methodists From Plainview District Attend Ceta Camp

HALE CENTER, August 2. (Special)—One hundred boys and girls and adult workers attended the Plainview district Methodist intermediate camp at Ceta canyon last week.

Attending were representatives of churches in Plainview, Floydada, Ralls, Abernathy, Hale Center, Amherst, Lockney, Petersburg, Crosbyton, McAdoo, Olton, Bula, Silverton, Anton, and Bellvue.

Rev. Woodrow W. Adcock of Hale Center served as camp director, with Rev. Lloyd Hamilton of Crosbyton as assistant director and business manager. Others who assisted in the camp included Mrs. W. E. Peterson, Plainview, dean of girls; Rev. Ellis Todd, Petersburg, dean of boys; Rev. U. S Sherrill, Sudan, director of worship; Katharine Forman, Plainview, camp nurse; and Geraldine Rogers, Plainview, director of recreation.

The camp theme was "Our Hungry World," and the five quest leaders who carried out the theme in the camp's study classes were Mrs. Jimmie Allen, Plainview; Rev. Grady Adcock, Silverton; Rev. W. V. O'Kelly, Plainview; Rev. Claude Lemond, Olton; and Mrs. Lloyd Hamilton, Plainview.

Cabin counselors were David Pinson, Abernathy; Mrs. W. W. Evins, Bula; Mr. and Mrs. Coleman Ward, Hale Center; and Mrs. Marjorie Prewitt, Ralls.

The Santa Fe Trail, when it was known as the "Mexican Trace", led from the woodlands of Missouri over the prairies, plain deserts and mountains to the capital of New Mexico.

Californian Observes Second Silver Wedding Anniversary

LONG BEACH, Calif., Aug. 2 (AP)—In these divorceful days, it might seem like quite an achievement to celebrate one silver wedding anniversary. Fred Marquardt, 91, observed his second such event today.

He was married first in 1879, and his wife, died in 1921. On Aug. 2, 1923 he married his present wife, Sophia, now 66 Mr. and Mrs. Marquardt were host to a groups of friends and relatives for the occasion.

Absolute Death May Not Exist, Latest Heat Studies Show

By HOWARD W. BLAKESLEE
Associated Press Staff Writer

NEW YORK, Aug. 2 — There probably is no such thing as absolute death, according to studies of heat published today in the scientific journal Physics.

The possibility of absolute death has been a scientific concept of what must happen when all heat vanishes. This occurs at absolute zero, which is 499 below zero fahrenheit and 273 below centigrade.

Concept Is Upset

At that point all motion was supposed to cease completely. As all substances were chilled closer and closer to absolute zero, even their internal motion, the movement of molecules to and fro and the movement of atoms in the molecules became slower and slower.

Helium studies recently made have upset this concept. They indicate that even after all heat is gone at absolute zero there still will be some motion.

Although motion is not of itself life, motion is part of anything that is alive.

The helium studies are described by Dr. Lazio Tisza, a physicist of the Massachusetts Institute of Technology. They were made at Yale university, in Moscow and in other laboratories.

Helium has been cooled to within four thousandths of one degree of absolute zero. Nothing else has yet gone that low. Even at this incredibly low temperature helium doesn't freeze.

The helium molecules slow down, but not enough to indicate that they will stop moving.

Scientists don't know for sure that the molecules won't die.

But Dr. Tisza, after applying the mathematics of quantum mechanics, which predict what to expect, writes:

"It turns out that molecular activity slows down with decreasing temperature, but it can never come to a complete standstill."

MOLDED CHAIR—The average proportions of fifty models were taken in clay, were used to develop this molded plastic chair, with steel base fastens on to the solid plastic seat and back to give it weight and stability.

Bill To Hike Post Office Workers' Pay Introduced

WASHINGTON, Aug. 2 (AP) — Legislation to increase the pay of most post office workers $350 a year and to set up a 35-hour work week was introduced today by Senators Langer (R-ND) and Johnston (D-SC).

Langer said in a statement he hopes the measure will be studied with the view of action early next year.

Texas Farmers Step Up Acreage Devoted To Cotton; Sorghums

COLLEGE STATION, Aug. 2 (AP)—Texas farmers have about the same number of acres in crops this year as last but a big shift from wheat and oats to cotton and sorghums is reported.

E. A. Miller, extension agronomist of Texas A. & M. college, pointed out today that the July report from the USDA crop estimates shows a shift of approximately two million acres from wheat and oats to cotton and sorghums.

Cotton Acreage Up

Wheat acreage is down about a million and a half, while oat acreage is down a half million, Miller said. Texas land under cotton went up about three-fourths of a million acres, and sorghums climbed a million and a quarter acres.

More land went into barley, rye, flax and rice, while there was a drop in corn, sweet potatoes, peanuts and hay. The estimated 9 million acres plus in cotton is a nine per cent increase over 1947, and the largest crop in 11 years.

Corn for harvest was a little under 3,000,000 acres, five per cent below last year and the smallest acreage for harvest since 1925. Grain sorghums are still replacing some of the corn land. The grain sorghum land stands over 6,000,000 acres, more than twice the corn total.

The wheat decrease of over 7,000,000 last year to 5,500,000 this year was caused mainly by the drouths last fall and lasting well into this past spring. The spring drouth was one of the big reasons much of the corn land was plowed under or turned over to grazing.

Rice was up about six per cent over last year with a 1948 acreage of 500,000. This year's estimated yield of 24,000,000 bushels of rice would be a record rice crop in Texas. The number of acres in hay, oats and peanuts all dropped a little, but Texas' newest crop—flax—was estimated at 160,000 acres, said Miller.

SCHOOLS ORDERED CLOSED

BUCHAREST, Romania, Aug. 2 (AP)—All foreign schools were ordered closed as of today by the government. At the same time a decree announced the state has taken over all confessional schools, this including Catholic and Jewish institutions.

Recluse Starves To Death With $100,000 Hidden In House

MIAMI, Fla., Aug. 2 (AP)—Police began a methodical check today of a junk-crammed house rented by a 67-year-old recluse who died of starvation although she had over $100,000 hidden away.

Amid stacks of newspapers, piles of furniture and crates of odds and ends, city attorney George F. Meister and police Sgt. John Perkerson sought a clue to some relative of Mrs. Julia Kearney.

A search of her shabby, one-story hovel already has uncovered more than $20,000 in cash and $80,000 in negotiable bonds and securities.

Good Foreign Market For U. S. Wheat Seen

WASHINGTON, Aug. 2 (AP)—The Agriculture department said today the United States may be able to sell at least 450,000,000 bushels of wheat abroad from this year's crop.

This is only 35,000,000 bushels short of last year's record shipments of 485,000,000. It is 75,000,000 bushels more than the government had expected this country would be able to spare.

This favorable export outlook for 1948 was somewhat offset in the department's view by prospects for a sharp drop in exports and prices within another year or so.

This concern over future foreign markets was expressed by Secretary of Agriculture Charles F. Brannan before a closed session of the Senate Foreign Relations committee.

The committee took up an administration-backed international wheat agreement designed to stabilize future world markets by means of a system of export quotas and of maximum and minimum prices.

Delegates To American Legion Auxiliary State Meet Named

Delegates and alternates to the state convention to be held at Corpus Christi September 12 to 14 were named by the American Legion auxiliary at a meeting held at the American Legion hall with Mrs. Floyd Lebow, vice-president, in charge.

Delegates are Mrs. Fred Kincaid, Mrs. Marvin McLarty, Mrs. Riley Duff, Mrs. George Berry, Mrs. Sid Lowery, Mrs. J. R. Eagan, Mrs. W. G. Doss, Miss Mae Murfee. Alternates are Mrs. H. J. Kendrick, Mrs. J. O. Cade, Mrs. J. W. Day, Mrs. J. M. Hall, Mrs. Lebow, Mrs. W. K. Lancaster, Mrs. L. L. Strader, and Mrs. May Flynn.

The auxiliary voted to help the American Legion sell tickets to the Junior baseball games here Thursday, Friday and Saturday. A booth will be manned by members of the organization at Wylie's drug Tuesday, Thursday and Friday.

Mrs. Lillie Roberts Of Lamesa Succumbs

LAMESA, Aug. 2. (Special)—Mrs. Lillie Ann Roberts, 46, died early this morning at her home here.

She was the widow of former city secretary, G. M. Roberts, who died in January of this year.

Funeral services will be conducted at 3 p. m. Tuesday in the First Methodist church here, with Rev. Berry Baker of Amherst officiating. Burial will be in Lamesa Memorial Park cemetery under direction of Higginbotham Funeral home.

Survivors include two sons, Verneal and Angus Roberts, both of Lamesa; her mother, Mrs. T. M. Mayhew, Winters; three brothers, Rev. Lloyd Mayhew of Andrews, Weldon Mayhew of Abilene, and Elmo Mayhew, Winters; four sisters, Mrs. J. B. Bellew of Winters, Mrs. J. B. Smith of Winters, Mrs. J. B. McRory, Fort Worth, and Mrs. Odell Clayton, address unknown; and two grandsons.

Pallbearers for the funeral will be Charnell Jobe, G. L. Trice, Joe Spikes, Jack Goodloe, W. K. Crawley, Henry Norris, Sam Richardson and W. E. Sealey.

Fire Balls, Floating Objects Seen Over Illinois, Indiana

CHICAGO, Aug. 2 (INS)—Balls of fire and floating objects have reappeared over Indiana and Illinois.

Indianapolis residents are mystified by a large ball of fire which reportedly circled the city late last night, dripping sparks.

Observers agreed it came out of the east, moved slowly south, turned west, then north. Alternately it glowed brightly, then dimmed. Once it disappeared behind a cloud. The spectators said it was over the city for a half-hour.

A Trans-World airline pilot flew his St. Louis-bound plane off course in an effort to spot the fiery ball. However, he reported he could find nothing unusual.

The "strange, floating object" was sighted by Morgan county residents in Illinois. They said it wasn't a flying saucer, a wingless plane or a spinning disc, just an object that hovered over the area for several hours.

Police believed it was a "weather balloon."

Israel Threatens To Renew Palestine War

CAIRO, Aug. 2 (AP)—Israeli foreign minister Moshe Shertok threatened today to reopen the Palestine war if Arab armies continue to break the United Nations-ordered truce.

Shertok told a news conference in Tel Aviv the "presence of invading armies on the borders of Israel is a continuation of a state of war and is quite intolerable."

He said he had learned the Egyptians had opened a full scale offensive in the south today with air and ground attacks in the Negeb desert area.

"We have informed the United Nations mediator," he said, "that unless normalcy is restored in the south and elsewhere, we shall take determined action against the attacking positions and against any other Egyptian positions we feel necessary."

"Indefinite prolongation of this truce," he added, "is not justifiable because it is neither peace nor war."

Hoover Given $70,000 Check For Expansion Of War Library

PALO ALTO, Cal., Aug. 2 (INS)—A $70,000 check for expansion of the Hoover war library at Stanford university was presented to former President Herbert Hoover at a surprise birthday party in his honor today.

The fund was raised by a group of the former president's friends and associates headed by Fred A. Wickett of Palo Alto, Dr. Ray Lyman Wilbur, chancellor of Stanford, and Edgar Ricard of New York.

The birthday party, however, was slightly premature as Mr. Hoover will not be 74 until next Tuesday. He plans to celebrate the occasion at his birthplace in West Branch, Ia.

"A FADED PHOTO OF YOURSELF"

Borderline Anemia can steal your color and freshness*

How do you look to your friends? Have you kept the fresh, glowing complexion of youth? Or are you a pale, tired, "faded photograph" of the person you used to be?

Often, when people look older than their years, weak blood cells are to blame. They may suspect a Borderline Anemia, due to a ferro-nutritional blood deficiency. Medical studies reveal that up to 68% of women—many men and children—have this tiring blood condition.

Weariness and pallor have many causes—always consult your doctor regularly. But if you have this Borderline Anemia remember: Ironized Yeast Tablets can help you reclaim your vitality and healthy good looks. They are specially formulated to help build up faded blood cells. To feel better—look better—act more alert—try IRONIZED YEAST TABLETS!

*Due to a ferro-nutritional blood deficiency, a condition for which Ironized Yeast is specially formulated.

Hubbers Trounce Lamesa Loboes, 12-5

Ramsey Scatters Nine Lobo Hits

By JOE KELLY
Avalanche Sports Editor

The Hubbers welcomed the Lamesa Loboes to Rosenthal Field last night, but hardly played the part of the perfect hosts, sending the visitors down to a 12-5 defeat.

Red Ramsey, making his first start on the mound at home since July 5, scattered nine hits in pretty fair style to bring his average for the year up to .500 on six wins and six losses. He also helped his own cause in the seventh when he slammed a two-run homer over the leftfield fence.

Big Bill Jones, the leading chucker in the loop last year, had the Hubbers somewhat mystified for the first four innings. The wrong arm hurler threw a tantalizing change of pace ball that no one was hitting hard, while Ramsey had a rough second inning in which four straight Loboes hit, two of them getting doubles in succession.

School's Out

Once the Hubbers fathomed Jones' southpaw slants, school was out for the night, with Don Moore setting off the spark in the fifth. Gene Hixson opened the inning with a single to left, the second of his four safeties of the night. He moved to third on infield outs by Manager Jackie Sullivan and Virgil Richardson, setting the stage for Moore. He looked at one pitch, then drove the ball over the leftfield barrier.

That gave the home club a 5-3 margin and they continued to increase it. Three more runs scored in the sixth off Jones when Charley Scarborough was safe on an error and moved to second on a wild pitch. Ramsey walked and Jackie Wilcox, after attempting to bunt once, suddenly lashed into a pitch, driving a hot smash into leftfield. Both Scarborough and Ramsey scored on it, although Coach Royce Mills tried to flag the fleet Ramsey down at third.

Grzywacz Vs Groth

Hixson doubled to drive in Wilcox and Sullivan fouled to the first baseman. Hixson, attempting to steal third on Jones, was thrown out easily, wasting a double by Richardson that followed.

Two runs crossed the plate in the seventh on Ramsey's homer that scored Frank McAlexander, who had doubled to open the inning and bring in Lee Ellyson in relief.

The final two markers were earned off Manager Tony Fiarito, who pitched a double to Hixson to open. But when Sullivan singled to center, Hixson was thrown out at the plate, even though the umpire changed his mind twice after the catcher dropped the ball. Richardson walked and moved to third on Moore's single, which scored Sullivan and Richardson came in on McAlexander's loft to center.

Tonight Stan Grzywacz will hurl for Lamesa, with Lefty Fred Groth going for the Hubbers.

Final TSL Games Slated Tonight

Final Texas Softball league games of the season in Lubbock will be unreeled at 8:30 o'clock tonight at Jumbo Webster park when the potent Stamford nine clashes with Baldridge Bakery in an important twin bill.

If either team sweeps the double tilt, it will clinch a place in the loop Shaughnessy playoff for the winner and drop the loser from the race. Baldridge is currently tied for second place, while Stamford is one-half game behind in fourth.

Roy Weakes, who won the T.A.A.F. tournament for San Angelo in 1946 and 1947, will take the mound for the Stamford crew in the opener, with E. W. Mickler slated to handle the hurling chores for the visitors in the nightcap. Weakes was voted the outstanding pitcher of the state T.A.A.F. tournament in 1947, but has gained a "hard luck" title this season.

Big Loy Hubbard, Baldridge ace, will probably oppose Weakes in the opening tilt, with speedy Bill Kiser taking over in the finale.

Broyles, Hester Lead Court Play

Favorites chalked up top-heavy wins in the first round matches of the City-Wide tennis tournament Monday, although one men's singles ace—Glenn Ivy—was temporarily blocked from the victory list.

Ivy, Texas Tech netter and court veteran, copped the initial set in his match with Techsan Joe Wheatley, 6-4, but dropped the second set to his former teammate, 5-7. The final set was postponed until today because of darkness.

Jake Broyles of Lamesa and Texas Tech, favorite in the men's open singles bracket, surged into the second round eliminations with an impressive 6-0, 6-0 win over the Tech letterman Eddie Scudday.

Broyles took an early lead in the match on a series of placements and steady backhand play, then coasted to the victory as Scudday lost control of his forehand shots.

In another men's open singles setto, David Hester defeated Hubert Burgess, sr., 6-3, 6-2. Hester stroked steadily to chalk up the win over the southpaw court veteran, who was the victim of erratic backhand stroking.

Mrs. Houston Boyd notched a triumph in the women's singles bracket, blanking Betty Bachman, 6-0, 6-0. In the junior boys' division, Julian Kornfield defeated Charles Strehli, 6-2, 6-1; B. T. Rucker dropped George Sewell, 6-2, 6-2; Wiley Yates eliminated Dean Miller, 6-1, 6-0; and Charles Beat bested Clem Barrier, 6-1, 6-1.

Seeded Players Move Up In Gulf Tourney

GALVESTON, Aug. 2 (AP)—Seeded players found the sailing smooth here Monday as they advanced handily in opening play of the 14th annual Gulf Coast tennis tournament.

Top-seeded Felix Kelley, twice winner and defending champion in men's singles, got off to a good start for a third victory in that event by defeating Jack Lanham, Houtston, in straight sets, 6-3, 6-3.

The other seeded players in men's singles advanced easily by scoring straight sets victories also. Second-seeded Jason Morton, Houston, turned back Philip Ciaccio, New Orleans, 6-4, 6-1. Ed Braswell, San Antonio, seeded three, topped George Willis, Wharton, 6-1, 6-1, and fourth seeded Howard Stratzman, Houston, topped Charles Eck, 6-3, 6-2.

The story was the same in two other events played Monday in the week-long tournament.

The top-seeded entry in boys' singles, Sam Giammalava of Houston, drew a first round bye, but the other seeded players saw action and scored easy wins.

Michael Welch, Corpus Christi, seeded No. 2, defeated Hershal Zinn, Galveston, 6-0, 6-2. The No. 3 man, James Schmidt, Galveston, defeated Donald Dalbosco, Galveston, 6-1, 6-1. Fourth-seeded Charles Workman of Corpus Christi scored straights over Charles Russo, Houston, but he was pressed rather hard to take the second set. The scores were 6-2, 9-7.

John Hernandez of San Antonio, top-seeded in junior boys' singles, beat Louis Runge, Galveston, 6-0, 6-1, in that event. Another Mission City entry, Aaron Cohen, second seeded, beat Al Leissner, Austin, 6-0, 6-0. Bob Duncan, Corpus Christi, turned back George Sigler, Austin, 6-3, 9-7, and Eugene Letsos, Galveston, beat Howard Walker, Garland, 6-0, 6-1. Duncan and Letsos were seeded three and four.

Bobby Layne, Johnny Lujack Drill For College Star Tilt

EVANSTON, Ill., Aug. 2 (AP)—Coach Frank Leahy today greeted an All-Star collegiate squad potentially so powerful it may unleash a double-barreled attack—T-formation and single wingback—against the Chicago Cardinals at Soldier field Aug. 20.

Johnny Lujack, Leahy's brilliant quarterback at Notre Dame, and Bobby Layne of Texas headed early arrivals for this afternoon's opening drill at Northwestern's Dyche stadium.

Some 30 huskies donned shorts for a light inaugural workout. Within the next few days, remainder of the 70-player squad, billed as the finest collegiate crop in the 15-year-old series, will be in full practice pitch for the tangle with the champion Cardinals of the National Football League.

Cards Go On Scoring Spree

Redbirds Halt Giant Win Streak, 21 To 5

NEW YORK, Aug. 2 (AP)—Staging the largest scoring spree in the majors this season, the St. Louis Cardinals today shattered the seven-game winning streak of the New York Giants by pounding five assorted flingers for 20 hits and a humiliating 21-5 victory.

The high-flying Redbirds scored in every inning but the seventh and ninth. They routed starter and loser Ray Poat with a four-run first-inning after two were out and continued their assault on Clint Hartung, Ken Trinkle, Monte Kennedy and Clem Dreisewerd. Their big inning was the fifth when they counted eight times.

The Cards collected 12 extra-base wallops, only one away from their own league record of 13. They smashed four homeruns and eight doubles.

CINCY BEATS BRAVES, 3-2

BOSTON, Aug. 2 (AP)—The lowly Cincinnati Reds made the most of their opportunities tonight and imposed a 3-1 defeat on the National League leading Boston Braves who flubbed most of their opportunities against the veteran left hander Johnny Vander Meer.

The tribe stranded a dozen base runners before 12,994 paid fans, the smallest night home crowd of the season.

Yankees, JC's Win Kid Baseball Tilts

Raymond Stevens' single with two men out in the upper half of the seventh inning, gave the Pee Wee League Yankees a slim 11 to 10 victory over the Cardinals Monday afternoon at the Lubbock Boys Club.

Pitcher Donald Dunnigan was credited with the win. George Jones batted out a double and a triple for the Yankees. The Yanks got across three consecutive runs in the seventh frame, which coupled with Stevens' single gave them the one point win.

The Cards were paced by Dean Fawcett, who had three singles in four times at bat.

The Jaycees downed Methodist Men, 8 to 4 in the Junior League tilt, with Caroll Walker getting credit for the victory.

The game was won in the sixth, when Morgan Hall smacked out a single that drove in two runs, to give the JC's the victory and a total of five homers in the same frame. Billy Presley and Charles Lackey paced the winner's attack with two singles and a double in four and two for two respectively.

Tuesday, the White Sox will play the Tigers in the Pee Wee League, while in the Junior League, the ABC's meet the Exchange Club nine.

FIRST BAPTISTS WIN, 16-5

George Smith hurled the First Baptists to an easy 16-5 win over the Salvation Army in a City Softball loop tilt Monday afternoon.

Clovis Nine Cancels Exhibition Tilt With Local Legion Squad

A scheduled exhibition baseball tilt between the Lubbock American Legion nine and Clovis was cancelled Monday afternoon after Clovis officials notified H. J. McCabe, local team manager, that their squad could not be present for the game.

Exact reason for the cancellation was not known by Lubbock officials, but several of the Clovis players reportedly have been hospitalized by illness.

McCabe, local Legion baseball director and acting manager, said Monday night that the Lubbock team would probably not play again until the opening of the Area 1 tournament Thursday afternoon at Rosenthal field.

Lamesa, El Paso and Wichita Falls nines will provide the opposition in the area tourney, which will determine the team to represent the entire West Texas area in the state meet at Paris Aug. 12-15. Lubbock is the area defendinig champion.

Tickets for the area tourney are now being sold by American Legion members, officials have announced.

By Earl Scudday

A full 10-day schedule of events for the 1948 National Skeet championships, which will be held Sept. 16-25 at Las Vegas, Nevada, has been released by the National Skeet Shooting association and foretells a busy period for shooters who plan to attend the big event.

The first four days of shooting, Sept. 16-19, will offer warm-up handicap events in all guages, culminating in the Governor of Nevada all-guage event which will pit the West's top shooters against the best shots from the East. Monday, Sept. 20, will feature the Champion of Champions 100-target match between the state winners, and this will be followed by the junior championships. Tuesday and Wednesday events will decide the titlists of the sub-small guage, small guage and 20-guage.

* * *

On Thursday, Sept. 23, the opening gun will be fired in the All-Guage championship, and from then until the sound of the final shot fades away on the 25th, shooters from every section of the country will vie for national honors and for recognition as skeet marksmen.

* * *

Closer to the home sports front, Lubbock fans will have an unusual opportunity to see junior baseball at its best in the American Legion area tournament which opens here Thursday. Only four teams will compete in the tourney, and all won the right to appear here through a stiff district and bi-district elimination schedule. The Lubbock nine will probably be rated as a slight favorite, because of superior pitching and greater experience, but any of the other squads—Lamesa, El Paso or Wichita Falls—are quite capable of copping the championship and the coveted place in the state tournament Aug. 12-15.

* * *

Lamesa actually defeated Lubbock, 8-6, in the only encounter between the two nines this season, and the Dawson county boys will be seeking the area crown that they last won in 1946. Wichita Falls has a dangerous diamond squad that has shown steady improvement since early tussles, while reports from El Paso indicate the Border city representatives have one of the fastest nines in the entire Legion program.

* * *

The Lubbock youngsters will have two advantages, however. The Lubbock mound staff is probably the best in the state, both in quality and depth, and it is supported by an experienced squad that knows "what to do and when to do it." Just as in any other business, it is "know how" that makes the difference between almost-succeeding and succeeding. It is true that each of the other teams in the area tournament have at least one good pitcher with some of the nines boasting two or three good hurlers. But, unless reports are incorrect, there are only two clubs in the entire state that can match the Lubbock team, pitcher for pitcher, through the entire staff. One of the clubs with a potent hurling crew is the strong Adamson of Dallas nine, the defending champions, and the other is a Fort Worth team.

* * *

The fans should remember the old saw about "never count your chickens before they're hatched," though. This spring the Lubbock High Westerners had one of the best ball clubs in the state, only to get nosed out by Amarillo and eligibility ruling. And Lamesa's Bill Hart, Donald Conner, Bobby Hawkins and Lefty Royce may make the Lubbock slugging attack look very weak, indeed.

One thing is certain, though. The tourney will provide some exciting, well-played ball games worth the price of admission.

STARS BEGIN TRAINING

CHICAGO, Aug. 2 (INS)—What has been called the most powerful college All-Star squad in the history of the August football classic opened training drills today at Northwestern university in suburban Evanston. The Collegians, coached by Frank Leahy of Notre Dame, will meet the Chicago Cardinals, National Football League champions, in Soldier field, Chicago, Aug. 20.

Yank Track Stars Win More Olympic Crowns

Whitfield Breaks 800-Meter Record

OLYMPIC STADIUM, Wembley, England, Aug. 2 (AP)—A record-breaking victory by Mal Whitfield in the 800-meter run and a magnificent flight by Guinn Smith in the pole vault gave America's track and field stars two more Olympic titles before another capacity crowd of 84,000 today.

Whitfield, an army air force sergeant stationed at Lockbourne field, Columbus, O., established a new Olympic mark of 1:49.2 for two laps of the wet, heavy track in beating the greatest field ever to run in the event in the games.

Two of the human deer he defeated either beat or equalled the former Olympic record of 1:49.8 set by Britain's Tom Hampson in 1932 and all six finalists ran the 800 faster than Johnny Woodruff's winning time of 1:52.9 in the 1936 games at Berlin.

Arthur Wint, a tall Jamacian, finished second about three yards back after putting on a thrilling sprint in the stretch.

Smith Wins Despite Rain

Smith, forced to make his approach along a soggy, slippery runway, soared to 14 feet 1¼ inches to win the pole vault. He fell short of Earle Meadows' Olympic mark of 14 feet 3½ inches, but it was a great effort under the conditions. A light but steady rain fell through the last four hours of the competition.

Erkki Kataja of Finland was second at 13 feet 9 inches and Bob Richards of the United States took third at the same height. He had more misses than the Finn. Erling Kaas of Norway placed fourth, Ragnar Lundberg of Sweden fifth and Richard (Boo) Morcom of the United States sixth. All cleared 13 feet 5 inches.

The day's most spectacular and pulse-stirring event saw Gaston Reiff, a balding little fellow from Belgium, just last to snatch victory in the 5000-meter run from Emil Zatopek, the Czech star who had won the 10,000 and was trying to complete a classic double.

Reiff's time of 14 minutes, 17.6 seconds, as well as Zatopek's 14:17.8, were under the former Olympic record of 14:22.2 set by Gunnar Hockert of Finland at Berlin in 1936.

Stone Finishes Sixth

Custis Stone of State College, Pa., the only American who qualified for the event, had nothing to be ashamed of in finishing sixth against 11 of Europe's distance stars.

With two husky Italians taking turns throwing the discus out of sight, Uncle Sam could manage no better than a third in that event. Adolfo Consolini, the winner, shattered the Olympic record with a toss of 173 feet 2 inches and so did his teammate, Giuseppe Tosi, with 169 feet 10½ inches.

Fortune Gordien of the University of Minnesota grabbed third place at 166 feet 7 inches, which also bettered the Olympic mark of 165 feet 7½ inches set by Ken Carpenter of the United States at Berlin. The two other American entries, Victor Frank and Bill Burton, fell far short of their best and failed even to qualify for the final throw-off.

Anderson Injured In Dive

Uncle Sam's aquatic forces also suffered a couple of set-backs, one of them as the result of an accident.

Miller Anderson of Ohio State was injured in an exhibition dive, dimming American chances for a sweep in the men's diving championships.

Anderson finished second to Bruce Harlan as the United States took the top three places in the springboard diving Saturday, but no such sweep will be possible in the tower diving starting Wednesday unless he recovers by that time.

Ann Curtis of San Francisco could place no better than second in the women's 100-meter freestyle swimming final, won by Greta Andersan of Denmark in 1:06.3

No official score is kept in the Olympic games.

The unofficial scoring table follows:

FOREHAND'S GRID OUTLOOK

ABILENE, Aug. 2 (AP)—George Forehand, whose Brackenridge team swept to the Texas schoolboy football championship last fall, was feeling mighty low today when they mentioned grid prospects at the Texas coaching school.

"We just don't have it," he said. "Why I'm going to have to play four or five 15-year-old boys next season."

CITY ATHLETE ACCORDED NEW HONOR

Jack Alderson Elected Alumni President Of Baseball Office

Jack Alderson, son of Mr. and Mrs. Walter G Alderson, 2222 17th street, has been elected president of the alumni association of the National Baseball Office.

The announcement was made this morning by Joseph J. Tomlin, director, following a meeting last night of the NBO board of directors in Philadelphia, Pa.

In a letter to H. J. McCabe, American Legion commander responsible for Alderson's participation in the recent National Baseball Festival of the Ozark Mountains the week of July 11 at Fort Smith, Ark., Tomlin said:

"Jack Alderson sincerely deserves this honor. His behavior, reserve, carriage and unusual intelligence placed him head and shoulders above the majority.

"His closest competitors for this honor were, in the order of their names, Billy Grant of Valdosta, Ga.; Sam Newton of Ft. Lauderdale, Fla.; Pat Harrington, Jr., of Hattiesburg, Miss.; and Dale Reid of Henderson, Nevada.

"We are ever so grateful to you for sending Jack to the series and compliment young Alderson in having a sponsor who knows talent, both athletic and intellectual. Sincerely. (Signed) Joe Tomlin."

An Outstanding Athlete

Alderson was an outstanding performer at the baseball series, playing in the outfield and taking a leading role at the plate. He corresponded for The Morning Avalanche and The Evening Journal daily and his work led to the distinct possibility that Lubbock may be the host city for next year's classic.

The young Lubbock athlete and scholar was a Spring graduate of Lubbock High school, where he was outstanding in football, basketball and baseball, as well as taking a leading part in extra-curricular activities. His age this year prevented him from playing American Legion Junior League ball, but his past performances aided in his selection for the NBO baseball series.

Davis Rebuys Lamesa Lobo Baseball Club

LAMESA, Aug. 2 (Special) —The Lamesa Lobo Baseball club again changed hands today, becoming once more the property of Dan Y. Davis, who only recently sold the local cellar-dwelling nine of the West Texas-New Mexico League.

Davis announced that he had repurchased the club from Dr. O. L. McIlroy and his son Dale, who had been named president. Davis said that he would operate the club the rest of the season.

Dr. McIlroy and his son bought the club from Davis and two associates on July 15, after Davis had purchased ownership last winter from Dr. Sam Frazier and Dr. Urban Zee.

Spiking reports that the local club might "fold up," or that the WT-NM League might dwindle to six teams, Davis stated that he would operate the club until Sept. 10 and that then "about 50 business men will take over the club, with plenty of money already pledged to guarantee a team here in the 1949 season."

It was during ownership of the McIlroys that Chris Haskins, one of the two most consistent Lobo hurlers, was sold to the Lubbock Hubbers.

Mulloy, Bartzen Advance In Annual Grass Court Tourney

SOUTHAMPTON, N. Y., Aug. 2 (AP)—The "name" players had their troubles today before they advanced in opening play of the Meadow club's 58th annual Grass Courts tennis tournament.

Top-seeded Gardnar Mulloy of Miami, Fla., was carried to deuce twice before he could eliminate young Leonard Steiner of Brooklyn, 7-5, 7-5.

Bernard Bartzen, San Angelo, Texas, defeated Robert Kerdasha, New York, 6-4, 6-1.

$80,000 Reported Paid For Catcher

DETROIT, Aug. 2. (INS)—The Detroit Tigers today announced the signing of Henry Frank House, Jr., a sensational 18-year-old catcher, at a bonus reputedly approaching a history - making $80,000.

Tigers general manager Bill Evans refused to disclose the bonus price, but it apparently was large enough to draw the youngster's interest from "eight or nine" other offers.

The 184-pound youth, standing six feet-two inches, has worked out with the Birmingham club of the Southern Association for the past two seasons. His home is in Bessemer, Ala.

He joins the Flint Arrows, the Tigers' farm club in the Class A Central League, and will be called up in one year.

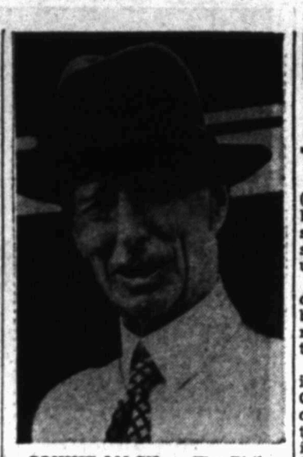

The last substantial bonus paid by the Tigers was the $55,000 awarded outfielder Dick Wakefield for signing upon his graduation from the University of Michigan in 1941. Wakefield recently was benched for his fielding and hitting performances.

Hogan Adds Western Open To Other Titles

BUFFALO, N. Y., Aug. 2 (AP)—Bantam Ben Hogan today added the Western Open golf championship to his National Open and PGA crowns—the first man ever to hold the three titles the same season.

And he did it, in an 18-hole playoff with Seattle's Ed (Porky) Oliver, in such impressive style that he had his pudgy opponent rooting for him at the finish.

The stone-faced 137-pounder from Hershey, Pa., who hits like a heavyweight and putts like a billiard shark, turned the sunfilled finale into a route as he smothered the westerner under a nine-stroke avalanche—64 to Oliver's 73—the most one-sided playoff since Bob Jones whipped Al Espinosa by 23 shots in the 36-hole playoff for the 1929 National Open laurels.

CONNIE MACK — The Philadelphia Athletics' manager has amazed the baseball world by keeping his ball club in the first division of the American League. And today they are in first place in a bitter battle with Boston, Cleveland and New York.

Football Coaches Like T Formation

ABILENE, Aug. 2 (AP)—Matty Bell of Southern Methodist and Bobby Dodd of Georgia Tech extolled the advantages of the single wingback and T formations respectively in lectures at the Texas coaching school's opening session today but both agreed on one point—if you have the material you can win with either one of them.

Bell declared that there were more variations in defenses against the T formation and he accounted for this by the fact that the T is a balanced offense. He also said boys could learn defense against the T easier than any other defense.

The Southern Methodist mentor declared that the defense was catching up with the T. "It is making inroads every year," he said, but wouldn't hazard a guess as to when it would actually catch up. Dodd said he changed from the single wing to the T four years ago when he found the T would better fit any material that came along.

"A good quarterback—one who can pass—and speed in the backfield are the major things involved in the T," said the Georgia Tech mentor. "You can come nearer finding a place for every boy under the T than you can the single wing because in the wing you need more specialists."

He said the T still was one jump ahead of the defense and declared he thought it always would be because the T also is progressing.

All-Star high school football and basketball squads that will appear in games later in the week held first practice sessions today. All of the 48 footballers invited to participate were present but two basketball players did not arrive. One was Joe Ed Falk of Milby, (Houston), who couldn't leave summer school, Billy Wimp of Lufkin was substituted for him. W. J. Harrell of Maydelle was found to have enlisted in the Navy and a substitute will have to be obtained for him. Both Falk and Harrell were on the south squad.

Bogley Pacing Junior Tourney

KALAMAZOO, Mich., Aug. 2. (INS)—The National Junior and boys' tennis championships ground slowly through the preliminary stages today with nothing like an upset to mar the proceedings.

The seeded favorites in both divisions—the juniors and the boys—advanced to the second round, and in some cases, to the third.

National interscholastic champion Gilbert Bogley of Chevy Chase, Md., third seeded, was one of the first juniors to reach the third stanza. Bogley drew a bye in the first round and beat James Bentley of Toronto 6-1, 6-0 in the same frame.

Bogley was joined in the third round by Keston Deimly of River Forest, Ill., who outscored Donald Kaiser of Louisville, 14-12, 6-1. George Gentry of La Jolla, Cal., easily eliminated Bill Randall of Milwaukee 6-0, 6-2, and the Canadian champ, Lorne Main of Vancouver, B. C., won from Harlan Mayes, Jr., of Dallas, 6-1, 6-0.

Dixon Osburn of Dallas, eighth seeded, was the only junior favorite to encounter trouble during the day, being carried to three sets before disposing of Gene Echols of Topeka, Kan., 6-2, 4-6, and 6-1.

In the boys' division, the defending champion and top-seeded favorite, Bob Perry of Los Angeles, had only a mild workout in defeating Joe Dickson of Pittsburgh 6-1, 6-3.

Nabors To Play With All-Star Grid Squad

NEW YORK, N. Y., Aug. 2 (Special)— Roland "Tuffy" Nabores, former outstanding Texas Tech center, left the New York Yankee professional football team's training camp today for Chicago, where he will join the College All-Stars.

Nabors will train with the All-Stars at Evanston, Ill., in preparation for the game against the Chicago Cardinals, National Professional League champions last year. The contest will be played the night of Aug. 20 in Chicago's Soldiers Field.

Nabors was urged to play in the game, against his wishes, by the Yankees. He told his wife today that he had no choice in the matter, that the Yankees had insisted on his taking part in the grid spectacle. Earlier, Nabors had conceded he would rather stay in the Yank training camp, feeling that he had more chance to make the squad that way.

Floydada Cattle Reported Stolen

After a weekend in which numerous theft reports were investigated by Lubbock law enforcement authorities, the meat situation was reflected in a theft report made to the Lubbock sheriff's office Monday afternoon.

Leland A. Hart, sheriff of Floyd county, informed the local sheriff's department late Monday that a 400-pound steer and two heifers, weighing about 450 pounds each, had been stolen at Floydada. The animals were said to be branded on the left hips with an "F."

An 18-year-old Slaton man, James Richard Turner, who had been allowed suspension recently of a five-year sentence for burglary, was arrested over the weekend, allegedly caught in the act of trying to cut a hole in a safe of the C. O. Bain Auto store at Slaton.

Turner was arrested in the store by Slaton police, and was brought to county jail by Lubbock deputies sheriff.

Complaint Is Filed

A burglary complaint sworn to by Chief Dep. Sheriff George Eubank was filed by E. G. Pharr, assistant district attorney, in the justice court of D. W. Robertson for investigation of an Aug. 9 grand jury in Judge Dan Blair's 72nd district court.

Turner was convicted April 9 of burglary of Hall Produce company in Lubbock. He waived a jury and pleaded guilty.

The weekend also produced investigations into burglaries, thefts, knifings, drunk driving and liquor law violations.

Watch, Money Taken

The Lamond Forrest residence at 2116-B Fourteenth was burglarized, and a 21-jewel wrist watch and $5 in money was taken, reportedly when residents slept.

From the 2113 Thirteenth residence of Mrs. J. D. Harris, burglars took a dress, a pair of levis two sports shirts, a pair of "pedal pushers," total estimated value $50.

Ninety dollars and a woman's wrist watch were reported taken by burglars from the J. B. Crisler residence at 2112 Fourteenth. Entrance was at a back door.

Stoves Are Missing

Ira Duke, of 2621 Twenty-eighth said four large "school trye" stoves were missing from a Carlisle house.

Police reports said Rufus White and Jessie Tolliver had a fight and that one of them had been cut. There were no further details, except that one had been treated and that the fight happened at Lubbock route 2.

A Mexican, Reyes Bustillos, police said, had been stabbed in the left shoulder, east of Lubbock at a Mexican dance. They said the victim, not otherwise identified, did not know his assailant.

Gum Machine Stolen

A ball gum machine was reported stolen from Kennedy-Edwards Insurance and Loans, at 1113 Ave. G.

Acting assistant County Attorney A. W. Salyars said County Judge Walter Davies had fined Jack Fred Billingsley, 27, of Lubbock $50 and costs for drunk driving; Cleburne Masters, 26, of Lubbock $100 and costs for liquor law violation. Lee Verne Jones, a negro, pleaded innocent of liquor law violation, and bond of $800, returnable for trial Aug. 10, was set by Judge Davies. Jones later posted bond.

Fine Is Assessed

A fine of $100 and county court costs later was assessed against Lee Edwin Guillot, 21, of Slaton, who had been charged with drunk driving, court officials said.

A woman's $400 diamond-studded platinum wrist watch was lost in a store here, Gene Quest of 2614 Twenty-sixth informed police.

Andy W. Hatton reported that a government check for approximately $200 had been stolen from a mailbox at 407 Sixteenth.

Mrs. H. E. Mather of Lubbock route 5 informed the sheriff's department that a gasoline hand pump had been stolen from the Birdwell farm two and a half miles southwest of Wolfforth.

Two men, 17 and 32, were arrested by police last night, both charged with indecent exposure. The former was arrested in 2100-block of Twenty-seventh, and the other in an eating establishment in 1100-block of Ave. K.

A. G. Waller, 30, of Lubbock, was fined $50 and county court costs on a drunk driving charge.

Genelle Wilhite of 2106 Sixth street reported to city police that a quantity of jewelry was taken from her residence, probably sometime within the last week. Taken were two rings, a yellow gold with a topaz setting and a yellow gold flower design, valued at $15 each; a gold-filled necklace; two pairs of earrings valued at $5; a costume pin; and a pearl necklace valued at $10.

slowed up by the credentials subcommittee's task of deciding contests for seats between differing delegations from the same counties.

"I understand there will be a number of contests, involving a number of counties," Calvert said. He would not say, however, what effect he thought the accrediting task will have.

In several instances, loyal or states' right Democrats held "rump" county conventions, naming state convention delegations in addition to those designated by the opposing camp.

Adjournment Move

(Continued From Page One)

Democrats voted against adjournment.

At the end of the day, the southern group was in a better parliamentary position than before to control the legislative program of the special session despite its failure to bring about immediate adjournment.

Immediately after the vote the Senate recessed until noon tomorrow.

News Briefs

Mrs. J. F. Wylie of Monroe, who underwent major surgery in West Texas hospital Monday morning, was reported "doing nicely" late last night by members of the family. She is the mother of Mrs. W. H. Emery and Mrs. W. L. Davis, both of Lubbock route 3, and Mrs. Martin Graves of 2316 Sixth. Other children of Mrs. Wylie live at Muenster and Nocona, and near Idalou, Morton and Floydada.

Members of the Women's Missionary society of East Side Baptist church met at 4 p. m. Monday at the church parsonage for a business and social hour. Mrs. Jones offered the opening prayer and Mrs. D. L. Caffee brought the devotional. Mrs. H. H. Hinkel of Enid, Okla., led the dismissal prayer. Eight members and 10 guests attended.

Meat Buying Strike

meat market and said "my meat sales are way below normal because of high prices."

The Orange campaign is led by Mrs. L. A. Rex, young wife of a Navy civil service worker and mother of four. Her committee includes Mrs. A. O. Rabideau, wife of the Naval commodore who heads the big Orange navy operations.

The Orange boycott was endorsed by officials of women's service organizations.

At Dallas, Mrs. R. D. Vaughn marshalled an army of housewives in order to carry out plans to call "every number in the 'phone book." Mrs. Vaughn is president of the Dallas Women's Chamber of Commerce and is a business woman.

Waco housewives laid preliminary plans to start their boycott Wednesday instead of waiting until next Monday. The campaign was spearheaded there by Mrs. Ted McDonald, president of the Catholic Women's Guild.

No One Blamed

Mrs. Vaughn explained:

"We are not blaming anyone, but we are determined to bring meat prices down to where the average family can afford to buy. We are confident that we are employing the only effective weapon —a voluntary consumers strike."

Dallas retail outlets meanwhile reported meat sales off "30 to 50 per cent over two weeks ago. Prices were reported standing even today or falling slightly.

LUBBOCK WOMEN BACK MOVE TO LOWER PRICES

Lubbock housewives, if not actively in favor of the current warfare and boycott being waged by housewives in Dallas, Waco, Orange, Atlanta and other cities in the nation against high-priced meats, are at least sympathetic to the movement, and hopeful that meat prices can be trimmed down by it.

Such a conclusion results from a survey conducted Monday among local housewives, whose names were picked at random from the telephone book. Each housewife contacted was asked if she had read about the boycotts in her newspaper, and if she had, what her reaction was to the movement, and her opinion as to the probable effects such movement may have.

Buys Less Costly Meat

One local woman, who preferred not to be named because she "hadn't thought or read much about it," sympathized with the Dallas women who are spearheading boycott movements there, and favored the setting up of similar programs throughout the nation. To be really effective, she thinks, the movement must be widespread.

She thinks Lubbock would do well to start such a movement, but feels that its chances of success would be greater if "somebody with influence" would head the movement here.

Another housewife, also anonymous, commented that "meat is awfully high, isn't it?" but said she hadn't given the boycott movements much thought. Until meat prices come down some, she added, she's buying meat only a few times a week, and the less expensive cuts, at that.

"If they can do any good with their meat boycotts, power to them!" So said Mrs. Clarence H. Loving of 1506 Thirty-second. She added that she had read about the boycott movements in the various cities, and was heartily in favor of them. "If they will bring meat prices down, I'm all for them," she repeated.

Others Favor Move

Mrs. Edward L. Donelson, 3318 Twenty-first, is not only sympathetic to the movement, but heartily in favor of it. She is of the opinion that if enough of these movements are started throughout the nation, meat prices likely will come down. She thinks the public will be hearing quite a lot about such movements because of "exasperation on the part of people who've just about reached their limit."

"I'm mighty glad to see they're doing it. Maybe they'll get some results," was the response of Mrs. F. Eric Ming of 1923 Dixie Drive. She is heartily in favor of the Dallas movement, and hopes the participants are rewarded with lower meat prices for their efforts.

Mrs. Robert L. Warren of 809 Ave. O, said she hadn't given the matter much thought, but was in sympathy with the Dallas housewives, and approved of any movement that might help scale meat prices downward. Like most of the other local housewives contacted, Mrs. Warren buys less meat now than when prices were lower, and says she'll buy more vegetables and less meat until prices fall.

MARKET AGAIN SLOW

NEW YORK, Aug. 2. (AP)—The stock market tried to get on base today but popped out with a weak fly.

Only 710,000 shares of stock changed hands, a bottom since the total dropped below 700,000 on March 15.

Plymouth Oil showed one of the widest swings. The stock advanced about 4 points at one time but fell back and closed 2½ ahead at 48½.

Others lower included Mission Corp. at 86½, Youngstown Sheet 79⅝, Chrysler 58⅝, Goodrich Tire 85, Curtiss-Wright 10⅛, Western Union 21, American Smelting 59, Santa Fe 113½, Great Northern preferred 42½, Northern Pacific 23½, Standard Oil (NJ) 78⅝, and Paramount Pictures 21½.

U. S. Steel at 78¾, Bethlehem Steel at 35½, and American Telephone 153⅝, were up fractionally.

Cotton

NEW YORK REPORT

NEW YORK, Aug. 2 (AP) — Cotton futures moved lower today under pressure of commission house liquidation and hedging. Failure of the mid-July cotton parity to show an advance over the June figures brought out selling, along with the continued favorable prospects for the crop and expectations of a high government cotton forecast on Aug. 9.

With futures selling about a cent a pound above the loan on the 1948 crop, traders felt a good deal of cotton will move into government hands this season unless market prices firm.

Futures closed 75 cents to $1.60 a bale lower than the previous close.

Germans in the western sectors of the city again spurned Russia's offer to help feed them.

In all, only 20,640 western Berliners have registered in the Soviet sector for promised extra food rations. This is less than one percent of the population of the western sectors.

Germans who signed up in the Soviet sector returned to report that the Russians will have difficulty in meeting their normal bread and grain rations in their sector without supplying the western sectors of the city.

The western air supply service to blockaded Berlin continued. The British set another new record when they flew 277 planes into the city with 1,514 tons of supplies, plus 4,800 gallons of gasoline.

A total of 1,995 tons of supplies was brought into Berlin by American airmen who made 324 flights, five less than yesterday.

HST Takes It Easy

The President and Mrs. Truman motored into Kansas City last night to have dinner with a Republican, Harry C. Jobes, who was a member of Mr. Truman's artillery battery in World War One.

Also a dinner guest at the Jobes' home was the President's World War One chaplain, Father Lucius Curtis.

The President has been taking it easy for the past two days at his Independence home.

There was no word from the Chief Executive or his aides on the meeting of Allied ambassadors with Soviet Premier Josef Stalin.

Bridal Shower Is Held To Honor Mrs. Lloyd Smith

Honoring Mrs. Lloyd Smith, the former Miss Ola Mae Jones, Mesdames G. W. Sudduth, Leroy Wright, and Fred Lambert were hostesses at a bridal shower held Monday afternoon from 4 until 6 o'clock in the home of the latter.

The shower was a "blue Monday" event, and a wash day theme was carried out. The house was decorated with garden flowers.

Attending were Mesdames H. H. Hinkel of Enid, Okla., Jethro Sims, Marcie Rexroat, Cecil Rexroat, Troy Cannaday, D. L. Caffee, Neil Hill, Myrtle Jones, Clifford Jones, sr., John Hufstedler, Homer Branum, Clyde Roberts, Janie Gill, and Myrtle Tatum, and Misses Charlotte Branum, Margaret Marquit, and Rosiles Hill.

Grain

CHICAGO REPORT

CHICAGO, Aug. 2 (AP) — Grains slid into new low ground in the first few minutes of trading today and spent the rest of the session without doing much of anything.

Selling was heavy at the start. With the exception of September and December wheat, all contracts of major grains reached new seasonal lows.

The market steadied after the early selling. Increased flour business helped to hold the drop in wheat. Fewer offerings of corn by the country brought a halt in the corn decline.

Wheat closed 1½-2½ lower, September $2.22¼-2.22, corn was ⅛-⅜ lower, September $1.64½-¼, oats were ⅜ to 1 cent lower, September 71⅝-¾.

FORT WORTH REPORT

FORT WORTH, Aug. 2 (AP) — Wheat No. 1 hard 2.26-30.

Oats No. 2 white 87½-88¾.

Corn No. 2 yellow 2.16½-19½.

Sorghums No. 2 yellow milo per 100 lbs. 2.32-37.

Anti-Inflation Plan

inflation plan of their own. They hoped to get action on this and then adjourn the extra session next week.

Simultaneously, there were these developments on the cost-of-living front:

1. Paul Porter, last OPA administrator, presented Mr. Truman's program to the Senate Banking committee. He said congressional foes of Mr. Truman's program were indulging in "sheer politics" and "much precious time is being wasted."

Probe Of Steel Hikes Urged

2. An effort to force an immediate vote on housing legislation, providing among other things for publicly-owned low-rent housing, failed in the House.

3. A congressional investigation of recent price boosts by big corporations — especially U. S. Steel — was proposed to the House Banking committee by Rep. Spence of Kentucky, senior committee Democrat. Chairman Wolcott (R-Mich) said representatives of the steel and meat industries might be invited to testify.

4. The Senate Banking committee was informed by Porter that if Congress passed a price control law, first consideration would be given to price ceilings on meat, butter, fluid milk, dairy products, steel, non-ferrous metals, building materials and some wearing apparel.

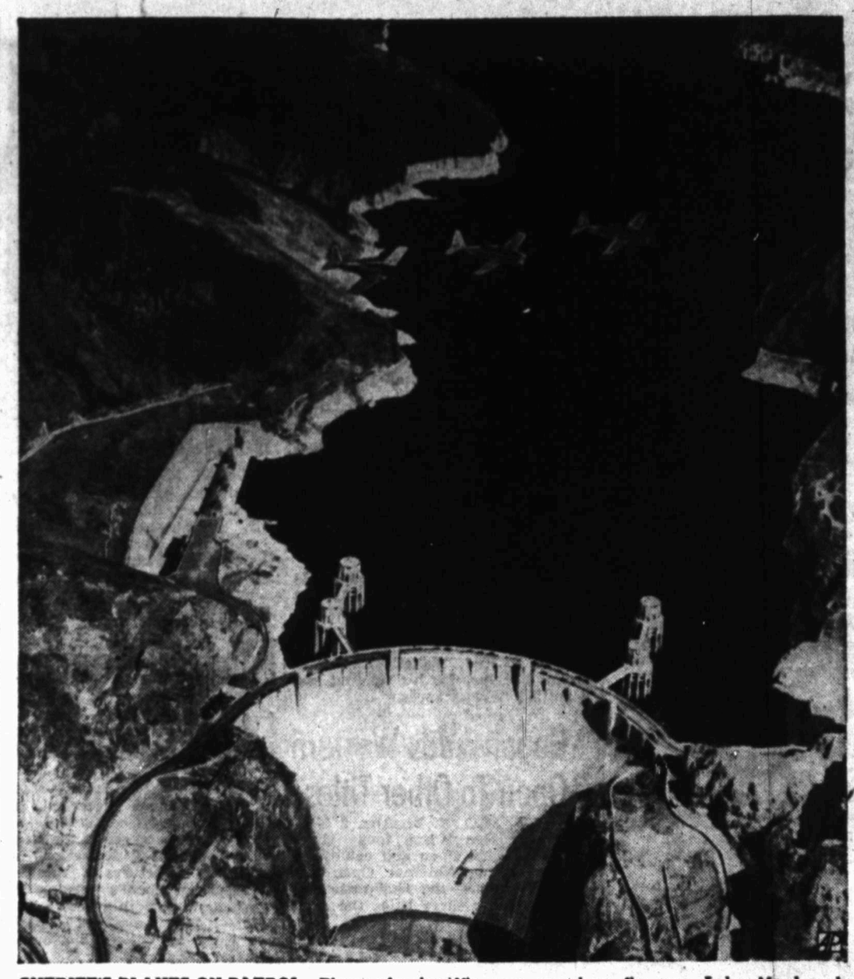

The excess profits tax bill was sent to Capitol Hill. Its details were not immediately disclosed. But one informed person said that if enacted it would collect about $3,000,000,000 a year.

It would be patterned, with some changes after the wartime excess profits levy.

Rep. Rayburn (D-Tex), who had the bill in his possession today, decided not to make it public until it is introduced in the House, probably at the next session on Wednesday.

French Plane With 52 Aboard Missing

PARIS, Aug. 2 (INS)—Air France announced tonight it is discontinuing service between Bordeaux and Martinique, the route on which one of its six-engined planes vanished Sunday with 40 passengers and 12 crewmen.

No trace of the giant plane—the world's largest commercial airliner — was found today by French and American planes and ships which scoured a wide stretch of sea 1,400 miles off the French West African coast.

The U. S. Coast Guard cutter Campbell also was reported in the area from which the missing plane's pilot sent his last radio message at 6:10 p. m. CST Saturday.

An Air France spokesman expressed fear that the luxurious big twin-deck seaplane had plunged into the sea. No Americans were known to be aboard.

In commenting on the fact that no radio message had been received from the plane in almost 48 hours, the spokesman said its radio equipment was "excellent" and only a severe shock could destroy it.

The spokesman, however, still held out hope that survivors may be picked up by rescue vessels.

Air Force's Globe Girdling B-29's Land At Tokyo Base

TOKYO, Aug. 3 (Tuesday) (INS) —The Air Force's two globe-girdling B-29s landed at the Yakota, air base near Tokyo this morning.

The planes arrived from Manila and will leave Wednesday en route to Anchorage, Alaska.

A third of the United States superfortress trio which took off from Tucson, Ariz., July 22 on the projected round-the-world flight crashed into the Red sea off Aden last Wednesday night, killing 17 of its 18 crew members.

The two remaining planes continued their flight after military services were held for the five men whose bodies were recovered from the shark-infested Gulf of Aden.

The Superforts are on a training flight and do not seek to establish a record.

Hogs Set Another New Price Record At Chicago Market

CHICAGO, Aug. 2 (INS) — Live hogs set another new price record today in Chicago at $31.10 a hundred pounds. That price was 10 cents higher than last Friday's record.

Cattle were steady to 50 cents lower and sheep steady to 50 cents a hundred pounds higher than on Friday.

At Indianapolis hog prices equalled the all time high of $31 a hundredweight at the Indianapolis stockyards for the third straight day.

States' Rights Democrats To Meet In Houston August 12

HOUSTON, Aug. 2 (AP)—A mass meeting to form a statewide organization to support the Thurmond-Wright presidential ticket will be held in Houston at 10 a.m. August 12.

E. E. Townes, Houston attorney and States' Rights Democrat leader, announced plans for the meeting today.

Townes also said invitations are being mailed throughout the state for the August 11 rally at Houston's Miller memorial theater in Hermann park when Governor J. Strom Thurmond of South Carolina will formally accept the presidential nomination of States' Rights Democrats.

The August 11 rally will begin at 8 p. m. Details of the program have not been announced.

Russia Proposes Danube Be Controlled By Soviet Block

BELGRADE, Yugoslavia, Aug. 2 (AP)—Russia unfolded today a plan for placing the Danube river under the exclusive control of central Europe's Communist bloc. The Soviets made it plain quick approval will be sought regardless of the action of the western powers.

Andrei Vishinsky, Soviet deputy foreign minister, circulated the plan among the delegates of 11 nations here just after nipping in the bud a French suggestion that major conference decisions be reached by a two-thirds vote.

He insisted on a simple majority vote to decide the future of central Europe's most important trade artery, a 1,800-mile long waterway. He got his way, even though he apparently has safe in his pocket seven of the conferences' votes. Austria is sitting only as an observer.

Mama Deer And Three Fawns Visit Ranch Daily For Milk

DAISY, Okla., Aug. 2 (AP)—There's one native, white-tail deer in this southeastern Oklahoma area that just doesn't believe in following the laws of nature.

According to wild life books, mama deer won't let anyone around her little dears—not even a friend.

But there's one modern type of mother doe here who isn't worrying too much about rearing her family.

The doe brings her three fawns, one at a time, to the back door of the ranch house owned by George Rowland. A bucket of warm milk is left out each day for the triplets.

They drink their fill, then mama deer takes her family off into the woods.

Cards' Star Pivot Man, Bill Campbell Suffers Injuries

WAUKESHA, Wis., Aug. 2 (INS) —Center Bill Campbell of the Chicago Cardinals may be lost to the defending National Football League champions when they meet the College All-Stars in Chicago's Soldier Field Aug. 20.

The star pivot man suffered a couple of bruised ribs in a Sunday scrimmage and doctors said today he probably wouldn't be available for the clash.

The Cardinals went through kicking and passing drills this afternoon and a signal running exercise.

COOPER GETS HOLE-IN-ONE

CLOUDCROFT, N. M., Aug. 2 (AP)—Leon L. Cooper (1616 Lipscomb St.), Amarillo, Tex., sank a hole-in-one here today on the links of the Lodge, highest golf course in America. Cooper drove his ball into the cup on the first hole, 223 yards from tee to cup. He was playing with his brothers, Forrest W. Cooper of Ysleta, Tex., and Morris R. Cooper, Washington, D. C.

Western Envoys Talk With Stalin

(Continued From Page One)

in more than three years that Stalin sat down around a conference table with western leaders to discuss world problems.

The last meeting of big power heads of state was held at Potsdam in July, 1945. This was attended by Stalin, President Truman, then Prime Minister Winston Churchill before his election defeat, and Prime Minister Attlee after the elections. The French premier did not attend.

Until today, the Soviet government has given hardly any indication of its attitude toward a new Big Four meeting.

President Truman recently said he would be willing to have Stalin come to Washington to discuss mutual problems.

Prime Minister Attlee at present is on vacation in Eire. Premier Andre Marie of France took office only a week ago.

It is known that until recently, British Foreign Secretary Ernest Bevin opposed taking Big Four problems to the highest level for solution. He insisted instead on the use of normal diplomatic channels to try to get a settlement.

But in the past few days, he has been represented as having been persuaded to follow the American attitude that only a conference at the highest level of government could produce desired results.

U. S. Reds Accused

(Continued From Page One)

Budenz replied:

"I know they were when I was active. They have a number of methods. One is by their unit here in Washington seeing that people get into government. This unit has been very vigilant in that."

At another point in his long testimony Budenz asserted:

"There was considerable penetration into the government. I wouldn't want to become panicky and say it was overwhelming, but it was considerable."

Questioned by committeemen about courier work of the sort Miss Bentley said she was doing, Budenz said he knew "a couple" of others who did the same sort of thing and believed there were many.

The witness, one-time editor of the Comunist newspaper Daily Worker who now teaches economics at Fordham university in New York, said party members are subject to a sort of discipline incomprehensible to the American mind.

"The Comunist party has a slogan," he said. "It is, 'you can never resign voluntarily from the party, you must always be expelled.'"

That discipline, he said, is administered by every measure from blackmail for the reluctant to character assassination for rebels. And he said Golos' "control" committee kept complete information on party members for that purpose—including records of members' family affairs, associations, financial affairs.

With Golos on the control committee, Budenz said, were Clarence Derba and sometimes Alexander Biddleman. It was a highly secret organization even within the party, he said.

Discipline is so strict, he went on, that a party member is not allowed even to ask questions.

"Can a person be a loyal member of the Communist party and loyal to the United States of America," Senator McClellan (D-Ark) asked.

"Not in fact," Budenz responded.

He added that some party members were "confused" and thought they were loyal to this country.

McClellan asked if the party purpose is "overthrow of the United States government, by force if necessary," and Budenz answered:

"That's right, and the dominance of the Soviet government of Russia over the United States."

In addition to the ring headed by Golos at the time Budenz was active, the former Red editor said, another big one was under Eugene Dennis, party secretary, one of a dozen party leaders recently indicted by a federal grand jury in New York.

HEADS BANK AT 89

WHITEHALL, Wis. (U.P.)—W. J. Webb is 89 years old but the directors of a bank here aren't too worried about his advanced age. Despite his protests that he was too old for the job, they re-elected him head of the John O. Shelby and Co. Bank. Webb has been with the bank since it was founded in 1888.

Oil Industry First Half Profits To Exceed Record Billion Dollars

By ALFRED F. CONNORS
United Press Staff Writer

NEW YORK, Aug. 2—Net profits of the oil industry for the first half of 1948 will top $1,000,000,000, highest half-year earnings in the industry's history and approximately 82 per cent higher than in the first half of last year, a study by the United Press of the semi-annual reports of the nation's leading oil companies revealed today.

Twenty-seven leading oil companies already have reported net earnings of $776,307,740 for the initial half of this year, an increase of $348,203,219, or 82 per cent, over the $428,104,521 reported for the first half of 1947.

Seven Firms Unreported

Seven other oil firms, including the Texas company whose earnings in the first half of 1947 were second only to those of Standard Oil company (New Jersey), earned a net of $130,831,807 in the opening six months of 1947 but have not yet reported 1947 half year income. If the rate of improvement shown by the 27 reporting companies carries through to the other seven, their net income for the half year will approximate $238,112,000.

Percentage improvements ranged all the way from 260 per cent for Superior Oil Co. (California) to 28 per cent for Deep Rock Oil corporation. Eleven of the 27 reporting firms more than doubled while 15 showed improvements of 90 per cent or more.

Standard Oil company (New Jersey), the largest industrial organization in the country, maintained its position of preeminence in the opening half, topping, not only all the oil companies in earnings but every other industrial organization as well.

Jersey Standard Leads

Jersey Standard, whose half-year figure is always an estimate, said its net for the opening six months of this year would approximate $210,000,000, a gain of 50 per cent over the $140,000,000 reported for the first half of last year. Estimated earnings for 1948 half-year are equivalent to $7.50 a capital share, compared with $5.12 a share in the corresponding 1942 period.

Second largest first-half oil earnings were reported by Standard Oil company of California whose net of $77,611,483, or $5.97 a share was 90 per cent higher than the $40,808,200 or $3.14 a share this firm reported in the corresponding half of last year.

Closely pressing California Standard was Gulf Oil corporation with an improvement of 81 per cent to $77,100,000, or $6.80 a share, from $42,500,000 in last year's half. The fourth company to top the $70,000,000 mark was Socony-Vacuum Oil which had a net of $71,000,000 or $2.28 a share, up 74 per cent from the $40,900,000 or $1.31 a share reported in the 1947 period.

Shell Union Oil corporation doubled its 1947 first half net, reporting net income of $55,861,176 or $4.15 a share, a gain of 139 per cent from the $23,325,059 or $1.73 a share reported in the previous year.

Sinclair Oil corporation followed with earnings of $44,295,509 or $3.70 a share compared with $20,476,207 or $1.71 a share in the 1947 half.

Rounding out the top 10 companies of those reporting were, in order of earnings: Phillips Petroleum company, Continental Oil company, Sun Oil company and Tidewater Associated Oil company.

Mexican Government To Sell Bread In Fight On Inflation

MEXICO CITY, Aug. 2 (AP)—The government today announced a new measure against high prices by selling cheaper bread directly to the people.

Nacional Distribuidora y Reguladora, the government price control agency, said it has arranged to throw 500,000 two-ounce rolls on the market at five centavos (1 cent) each. Private bakers have been getting double the price for a similar roll.

Many retailers took advantage of devaluation of the peso to boost prices, though the government points out there is no reason for Mexican-produced foods to go up. In the case of wheat and corn, the government subsidizes wholesale purchases to keep prices level.

B-29s Cross U. S., Return In 22 Hours

NEW YORK, Aug. 2 (AP)—Three U. S. Army B-29 bombers landed on a rain-soaked runway of New York international airport yesterday to complete in less than 22 hours a non-stop flight to the Pacific coast and return.

The end of the cross-country trip, which began Saturday after the dedication by President Truman of the new airport, was witnessed by fewer than 100 persons. Nearly a quarter-million witnessed the take-off.

Rain Washes Out Program

Rain kept the crowds from the field for the second day's events in the week-long celebration of the opening of the new airport, the world's largest. The Sunday program was cancelled.

The first of the bombers landed at 1:38 p. m. (CST), 21 hours and 38 minutes after leaving for Los Angeles. The second and third planes landed four and 16 minutes later, respectively.

The 5,000-mile journey was described by Lt. Col. James H. Thompson, trip commander, as a "strictly routine flight that could have been performed by any of the other crews in the bomb wing."

Each of the bombers left New York with 9,500 gallons of fuel. They returned with about 700 gallons each.

The combat-equipped ships carried ballast equal to full bomb loads for the transcontinental flight.

The bombers are attached to the seventh bomb wing of the Strategic Air command at Carswell field, Fort Worth, and are scheduled to return to their base.

Senator Blasts Export 'Frauds'

WASHINGTON, Aug. 2 (U.P.) — Sen. Kenneth S. Wherry (R-Neb) charged today that a "multimillion dollar fraud" in export licenses contributes to high prices and jeopardizes the nation's economy.

In an article in the American magazine, Wherry said "forgery, bribery, and illegal sale of official documents" were disclosed by an investigation by his Senate Small Business committee—along with "corruption, laxity and inefficiency in the conduct of federal offices."

Export Procedure Altered

The Commerce department has already drastically altered its export licensing procedure as a result of the investigation by the Wherry committee.

Wherry called export license irregularities "one of the most flagrantly dishonest rackets in the history of international trade." The "swindle" he said, hits the American people "right in the pocketbook." He added that it is probably "the straw that is breaking the camel's back in the matter of skyrocketing prices."

"Unscrupulous exporters," the Nebraska senator said, are openly dealing in export licenses and customs declarations. Forged documents allowed shipments to countries "which have no right to them," he added.

He said his committee discovered that shipments of flour were made on export licenses for second-hand automobiles and that one exporter admitted paying $28,000 for an export license.

Wherry said the committee uncovered a "ring of chislers" on the east coast that had counterfeited a Commerce department perforating machine that was used to validate export documents.

One man, Wherry said, made at least $100,000 in six months of illegal traffic. During that time he shipped goods worth more than $2,000,000.

"In my opinion there is no difference between the prohibition day gangsters of Chicago and the present day gangsters of the docks," he added.

Wherry recommended the use of safety paper for export documents to end the racket in licenses.

Senate Committee To Make Inquiry Into Charges Of Censorship In Education Setup

By DARRELL GARWOOD
INS Staff Correspondent

WASHINGTON, Aug. 2—A Senate inquiry was promised today into former U. S. Education Commissioner John W. Studebaker's charge that the administration opposed anti-Communist teachings in the schools.

Studebaker, who was engaged in a vigorous campaign for such teachings before he resigned July 15, levelled his charge at Oscar Ewing, head of the Federal Security administration and friend of President Truman.

The former commissioner also raised the issue of censorship in government by declaring he was required to submit speeches and statements to Ewing's office for approval.

Hearings Are Set

Sen. Ferguson (R) Mich., investigating subcommittee chairman said he would summon both Studebaker and Ewing before his committee "as soon as possible" for testimony on the subject.

Ewing, vacationing in Maine, said he "knew of no censorship" in FSA, but Studebaker insisted that Ewing's office opposed his plan to promote exposure of communist tactics in high schools and colleges.

An aide of Ewing's Studebaker said, refused to approve a strongly anti-Communist speech on "zeal for American democracy," and said exposure of Communism should be left to "the FBI and the State department."

Whether the disagreement on policy figured in Studebaker's resignation was not indicated. He left his $10,000-a-year government post to accept a higher-paying position with a New York scholastic organization.

Censorship Is Denied

In Ewing's absence, his assistant J. Donald Kingsley explained today that the Office of Education is an agency of FSA, and that speeches and statements were submitted to a central office for "clearance."

There was no censorship, Kingsley declared. He said the "clearance" was for the purpose of obtaining co-ordination and proper distribution of the material.

Kingsley pointed out that both the speeches to which Studebaker said Ewing's office objected were in fact delivered.

If there was a disagreement on policy in which Studebaker was asked to "tone down" his "zeal" for anti-Communist teachings, Kinksley said he did not know about it.

Studebaker's charges were contained in a 3,500-word letter which he sent o Rep. Keefer (R) Wis., and Sen. Knowland (R) Calif., chairmen of subcommittees handling appropriations for federal agencies.

The former commissioner said that objection raised to his anti-Communist program was that it "would arouse unfavorable reaction among a large number of teachers."

Bronco Bill, Colorful Figure Of Old West, Taken By Death

ALHAMBRA, Calif., Aug. 2 (AP)—The death of William Calvin Morgan, 79, better known as Bronco Bill, was disclosed today.

A colorful figure of the old west, Morgan won the world's championship for breaking wild horses at the Chicago World fair in 1893.

At one time he performed as a marksman and trick rider with Buffalo Bill's wild west show and later toured the country with a show of his own.

In 1895 Bronco Bill was a pony express rider in Nevada. In later years he operated ranches and sold horses.

A native of Ogden, Utah, Morgan died here Saturday. Funeral rites will be held tomorrow.

Traffic Halted First Time In 100 Years Over Niagara Bridge

NIAGARA FALLS, Ont., Aug. 2 (U.P.)—Traffic over the whirlpool bridge at Niagara Falls was halted today for the first time in 100 years.

Joe Hanley, lieutenant governor of New York, and Premier George Drew of Ontario met in the middle of the bridge to mark a century of uninterrupted traffic across the span.

They were also to knot two ribbons together over the center to celebrate a century of friendship between the two countries.

Lights Cut Off In Home Where Model On 'Sit Down' Strike

WHITE PLAINS, N. Y., Aug. 2 (INS) — The Westchester Lighting Co. shut off power today in the palatial Rosedale home where Mrs. Doris Furst is staging an unique "sit down" in a paternity fight.

A serviceman pulled five fuses and sealed the fusebox in the kitchen of millionaire Joseph Bancroft's residence, thus cutting off the lights, the stove, the refrigerator, the hot water heater and the deep freeze.

The suspension of electrical service represented a defeat for the former Houston model who only last Friday talked another serviceman out of doing it.

Mrs. Furst, a 24-year-old redhead, moved into Bancroft's nine-room home last Wednesday and vowed she'd stay there until he arranged to take care of the child she expected in November. She charges that the wealthy manufacturer is the father.

The pretty Texan was not dismayed by the latest development. Said she:

"Got plenty of candles on hand. I knew he'd try this."

LIONS FOUNDER CLAIMED

CHICAGO, Aug. 2 (AP)—Funeral services will be conducted tomorrow for Milton E. Page, jr., 78, Indian fighter, manufacturer and a founder of Lions International. He died Friday.

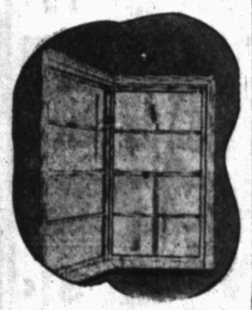

"Starboard" in nautical parlance is believed to stem from the fact that Vikings placed the steering or "star" oar on what they called the "board" side.

New Well To Be Drilled In Garza

Honolulu Oil Corporation No. 1 Shelby County School Land fee, is to be a 5,400-foot wildcat, to explore into the lower Permian in Northwest Garza County, three miles southeast of the town of Southland.

It will be 440 feet from the east and 3,360 feet from the north lines of the Shelby County School Land survey, Abstract 397.

Drilling will be with rotary tools and will start by August 6. The nearest production is in the PHD field, about four miles to the south.

Woodley Petroleum Company has filed an application with the Railroad Commission of Texas, requesting a permit to start operations immediately at its No. 1 J J. Alderson, et al, as a 6,300-foot prospector in East-Central Hockley County, to test into the Glorieta section of the middle Permian.

It is located 660 feet from north and west lines of section 10, block A, R. M. Thompson survey. That puts it three miles northeast of the town of Smyer.

The drillsite is a considerable distance west of the nearest producers in the Smyer field, and it is about three miles east of the recently completed Honolulu No. 1-A-13 Ellwood, discovery well for commercial prduction in the Spade field, three miles northwest of the town of Symer.

Shell No. 1 Hawkins, slated 12,000-foot prospector in South-Central Gaines County, 1,983 feet from north and 665 feet from east lines of section 8, block A-23, psl survey, is bottomed at 6,010 feet, in middle Permian lime, and is fishing for lost tools.

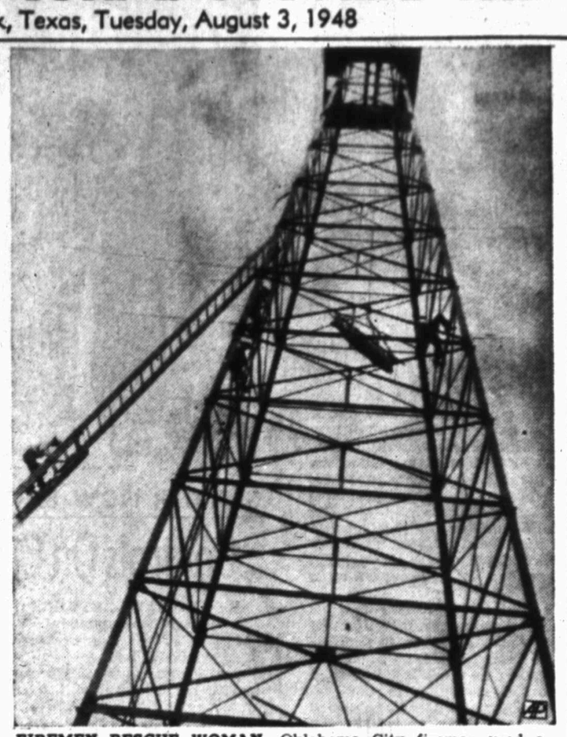

That activity has been underway for more than two weeks.

Negro School Closed To White Students

AUSTIN, Aug. 2 (AP)—The Texas State University for Negroes may not lawfully admit a white student.

That was the legal opinion issued today by Attorney General Price Daniel after Jack Coffman, a white citizen of Houston, recently applied for admission to the negro school.

Two reasons were given by the attorney general for his finding—

1. The Texas constitution and Texas laws provide that white and negro students shall be educated separately.

2. Substantially equal courses of study and physical facilities are offered for white students at the University of Texas and other state colleges.

The negro university was established by the 50th legislature in answer to a court suit brought by a Houston negro, Heman Marion Sweatt, to gain admission to the University of Texas law school. The case is now pending in the Texas Supreme court.

The legal opinion was requested by the board of directors of the negro university.

MORE "TEA PARTIES"

The famous Boston Tea Party was not the only uprising of its kind. In addition, the American colonists held five other "tea parties" protesting the Tea Act of 1773, according to the Encyclopedia Britannica.

Commissioners To Cash Bonds

War bonds of a maturity value of $75,000 will be cashed by county commissioners precinct 1 and 2, commissioners decided in Monday's special business meeting.

The bonds, costing $55,500, were acquired from precinct surpluses in September of 1943 and February of 1944, when machinery and other needed precinct supplies could not be bought because of wartime restrictions. Now, the court was informed by R. O. Short, commissioner of precinct 1, and Ben Mansker, commissioner of precinct 2, the money is needed for essential road construction projects.

Other Bonds Cashed

Precincts 3 and 4 had cashed bonds of a maturity value totaling $40,000, in February. Those bonds costing $29,600, also had been purchased in 1943 and 1944.

The court also authorized contribution of $50 from the county general fund for defraying expenses of "an intelligent presenting at the next session of the legislature of a rural roads program." Such a resolution, calling on all counties of the state, had been passed at the November session of the County Judges and Commissioners Association of Texas, at Laredo.

The court will conduct another called meeting Wednesday, it was announced.

Commissioners Ottis Isom of precinct 2 and Pat Corley of precinct 4 also were at the Monday meeting. County Judge Walter Davies presided, and Louie F. Moore, county clerk, took notes of the proceeding.

OUT OF THE FRYING PAN—

BOSTON. (U.P.)—Edgar Larsen, a Swedish seaman, climbed to the roof of an apartment house to escape what he termed the "torments" of a group of children. While walking along the edge of the roof, he lost his balance and toppled to the ground. A tree broke his fall and he survived.

GLOUCESTER, Mass. (U.P.)—The sea gulls at Pigeon Cove have a practice pool for their young. In one of the large granite quarries is a deposit of water, much like an artifical pond. There the gulls make their nests and teach their young to swim and fly before taking them to sea.

Johnson Seeks Big City Vote

(By The Associated Press)

Rep. Lyndon Johnson said Monday he's going after the big city vote as the best bet to win the runoff primary senatorial race.

He told reporters in Dallas that he wouldn't have run second to former Gov. Coke Stevenson in the first primary if he had spent more time in the big cities.

The congressman arrived in Dallas a few steps ahead of Stevenson, who also planned conferences with his Dallas backers Monday evening.

Says Trip Successful

Stevenson said his trip to Washington was "highly successful" and proved to him that "our foreign policy is not a political issue."

Johnson frequently has accused Stevenson of being an isolationist. Stevenson denies it.

Before leaving Austin for Dallas, Stevenson told newsmen his conferences in Washington with foreign policy officials confirmed his conviction the policy is bipartisan.

"Our foreign policy is not a political issue," he asserted. "Attempts in any such campaigns as this to make it a political issue are harmful to the nation as a whole. It is an American, not a political, foreign policy that we have in the United States. It is the only kind that will meet the needs of the times. This is a question of patriotism, not politics."

Claims Peddy Votes

Johnson, however, declared again "the people want a senator who will stand up and be counted, . . . And they do not want an isolationist."

Johnson told Dallas newsmen he is ready to return to Washington immediately if needed there. He resumed his Texas campaign, he said, after determining that no meetings are scheduled by the Armed Services committee, of which he is a member.

The natty congressman again called attention to the 720,000 votes in the first primary cast for candidates other than Stevenson. Johnson expressed confidence that in the runoff primary he will harvest these votes — the ones which went to George Peddy and the other candidates of the first primary.

To Concentrate On Cities

"The big cities went against me because I didn't get a chance to visit them enough," Johnson said of the first primary results.

"Everywhere I spoke and visited I led the ticket. This won't happen in the runoff. I plan to spend considerable time in the big cities during the next month."

Johnson will address a rural electrification conference at San Augustine Tuesday. He will spend Wednesday and Thursday in Houston. Friday he will open his run-

Mechanization On Farms Given As Reason For Fuel Shortage

Helping in a measure to explain the shortage of gasoline and other petroleum products in some parts of the nation, and the threatened shortage in this area where oil is produced in abundance, the Oil Industry Information committee has issued a brochure detailing the heavy increases in consumption of the products by American farmers.

Not mentioning the fuel shortages as such, the committee, of which Fred F. Murray of Dallas is the Gulf-Southwest chairman, takes great pride in the part the oil industry has played in the vastly increased farm production in recent years, and cites the interdependence of the nation's 20 billion dollar oil industry and the 111 billion dollar agricultural industry.

Mechanization On

The farm production increase is credited largely to the changeover from man and animal power to petroleum power, and points out that American farmers now use an overall total of more than ten billion gallons of oil products annually.

The report points out also that with three million less workers and five million less draft horses than were employed in 1940, American farms still produced 35 per cent more food last year.

It is set out that in one generation the use of mechanical power has changed the whole aspect of farming. For example, there were in the United States in 1910 about 1,000 tractors in use. In 1935, 25 years later, there were a million, and today there are more than three million tractors working on farms.

The increase in trucks and automobiles has shown a similar climb. Today there are about 1,880,000 trucks and 4,860,000 autos employed in agriculture, according to the Bureau of Agricultural Economics of the U. S. Department of Agriculture, source of most of the statistical information contained in the oil industry committee's report.

Airplanes also are in wide use in farm work. The number of planes has increased from 100 in

Four Added To Tech Faculty

Four more men will join the faculty at Texas Technological college Sept. 1, Dr. W. M. Whyburn, president, announced Monday afternoon. Two of the men will instruct in geology, one in finance, and one in government.

Frederick Warn, geology, took his A.B. from Hanover college in 1936, and his M.S. from Northwestern university in 1941. He has been affiliated with the Chicago Land Use Survey and the Adult education program in Illinois, an oil geologist in Wyoming, and an analyst in a California iron and steel laboratory. He is a member of Delta Epsilon and Sigma XI, national scientific fraternities, Gamma Sigma Pi, honorary organization, and of the American Association for the Advancement of Science.

Has Co-Edited Articles

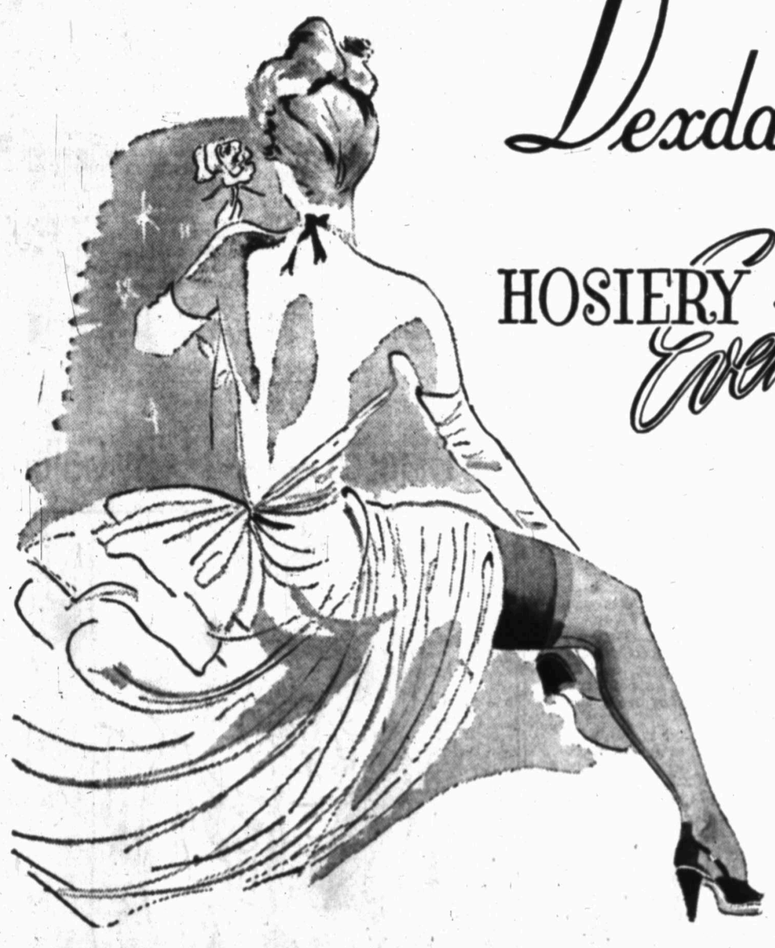

Charles A. Renfroe, geology, is a 1942 graduate of Texas Tech, and has his master's degree from the University of Oklahoma. His experience consists of being a petroleum engineer in Pennsylvania, a geologist for two oil companies, instructor of Geology at Oklahoma university, and he has most recently spent nine months as petroleum geologist for the Arkansas Geological survey. He is an active member of the American Association of Petroleum Geologists.

Renfroe has co-edited two articles with Raymond Sidwell head of the Geology department at Texas Tech, both of which have been published in the Journal of Sedimentary Petrology. The first of the articles was "Heavy Mineral Study of Recent Volcanics in Chihuahua, Mexico," and the latest was entitled "Heavy Mineral Study in Taos County, New Mexico."

J. Emerson Titus is the addition to the government staff. He took a B. A. and M. A. degree from the University of Oklahoma in 1943 and 1948, respectively. During the recent war, Titus served as an officer in the Field artillery, and he is a member of Sigma Delta Chi, honorary professional journalism fraternity.

The new instructor in finance at Tech is Jefferson M. Hooper, who has a B. S. from McMurry college, and took his M. A. from Sul Ross college in 1948. He served as a captain in the U. S. Marines.

"ILL WIND," ETC.

Crisis Bears Fruit

IT is a little difficult to recognize or appreciate anything that might suggest a "silver lining" thought in connection with the Berlin crisis. But the crisis is producing constructive experiences just the same.

Through the necessity of providing bare necessities for the several million people in the blockaded Berlin areas, the United States and Britain are learning more about the practical problems of air transport than anyone ever knew before. Yanks and Limeys are moving essential supplies in quantities and at speeds which would have been considered impossible as recently as a few months ago. Not even the requirements of World War II presented a problem of such pressing magnitude.

The hope naturally is that no future emergency will require application of the experience gained. But it is re-assuring just the same that our airmen are obtaining in the hard way a certain know-how which could be exceedingly useful to the needs of peace and absolutely vital to the requirements of a successful war.

It is doubtful whether any nation has learned so much so swiftly about one of the fundamentals of victory—that of getting there "Fustest with the mostest."

Fence-Ridin' Coke

SINCE former Gov. Coke Stevenson pointedly dodged answering inquiries as to how he stands on the Taft-Hartley Labor Regulations act, voters of Texas must draw their own conclusions from the undisputed record.

That record shows that Mr. Stevenson has the declared endorsement and the solid support of those elements in organized labor who, to the virtual exclusion of all other issues in this election, are fighting for the repeal of the Taft-Hartley law.

They are acting, of course, under orders of national labor bosses who have declared that they intended to concentrate this year upon the efforts to "purge" all members of Congress who did not actively oppose that law, and to elect senators and representatives pledged to repeal it. They have not claimed directly that Mr. Stevenson, if elected, would work and vote for repeal. But the fact remains that they supported him with their energy and cash before the first primary, and they are supporting him now.

In contrast with Mr. Stevenson's evasions, reticence and silence, Rep. Lyndon Johnson has left no doubt as to how he stands. He voted for passage of the law in Congress and then helped to override the President's veto of the measure. He has refused to take the orders of the labor bosses and, as a consequence they are trying to kick him out of Congress.

Nor should sight be lost by Texas voters of the fact that Mr. Johnson, as a member of the House, deliberately challenged them to do their worst. He knew they would leave no stone unturned to purge him if he supported the Taft-Hartley bill. He knew he could gain that support if he opposed it, or even if he would straddle on the issue. He refused to do that.

Consequently, everyone who wishes knows exactly where he stands. "Calculatin' Coke" as usual, is fence-straddling.

I Hate To Rush You, Boys

Bitter Reprieve

By DREXEL DRAKE
Distributed By NEA Service, Inc.

THE STORY: Playboy Marcus Sterling owes Harry Bindle a gambling debt of $10,000 he cannot pay. His wealthy wife, Miriam, has refused him the money. He comes home late after dodging Bindle all day. Miriam is out. Bindle phones that he will be over at 11 to collect. Marcus is desperate. Miriam comes in, wearing her fabulous diamond necklace. In order to get her out of the library before Bindle arrives, Marcus gives her a doped drink. Keyed up, he speaks cruelly. Miriam, wounded, takes her drink to her room. At 11 on the dot, Bindle shows up. He demands the money under threat. Marcus, cornered, gets an idea. He goes up to his wife's room. Miriam is asleep. Marcus takes her diamond necklace from a wall safe. To make it appear a burglary, he also takes a sealed package, then scatters things about. Bindle accepts the necklace as security. Marcus is to pay up by Saturday. After Bindle leaves, Marcus sets the stage for robbery. A disconnected electric clock, set ahead to 1:30, will mark the time. Satisfied, Marcus calls for a cab to go to his club.

VIII

EDGECRAFT COUNTRY CLUB was a squat silhouette against the grayish nightlight over Long Island Sound. From the broad doors of the porticoed wing beamed light but the rest of the rambling two-story structure was dark.

The clock above the desk in the main foyer showed 10 minutes of one. Sterling glanced at his watch, frowned at the genial, baldheaded man behind the desk. "Aiming at an early getaway, Travers?" he asked.

"How's that, Mr. Sterling?" Travers smiled, arresting a yawn.

"Your clock's a full five minutes fast; six, in fact."

Travers blinked at the clock, pulled an ancient watch from his vest pocket. "Right, Mr. Sterling. I've got 16 to one. That clock's hardly ever right."

Sterling arranged for a room, asked that his bag be taken to it and left a call for 7 in the morning. He dropped his coat and hat at the check room. From around a corner of the foyer came sounds of life.

Thursday night was a popular dinner night at Edgecraft, and dinners frequently ran on into late parties.

Sterling walked into the grill, went over to the bar. Two men, bath well into their 50's, were being served. One of them glanced around as Sterling came up. His face broadened into a smile. "Well Marcus, my boy. Pete and I are just having a nightcap. Join us."

Sterling said, "Thanks, Mr. Shaw, I will." To the other man, who was smiling his greeting, he said, "Nice seeing you, Mr. Crabfield."

• • •

THE bartender was mixing Sterling's order. "Don't mind if we dash off our drinks," Shaw said. "We're turning in. Golf bright and early tomorrow." He looked at his watch, turned quickly to Crabfield. "Hey, Pete, we'll have less than seven hours' sleep. It's almost 1 o'clock."

Sterling said, "If it isn't going to be a serious match, I'd like to join you."

"Staying out here tonight?" Shaw asked.

"Yes. Just came out, hoping I'd find a morning game. I'm rusty and need practice. But don't let me spoil your match."

"Spoil it! We'd love to have you with us. Maybe we can pick up a few points, Pete and I. Teeing off at 8:30! Make it?"

"Righto, Mr. Shaw. First tee at 8:30."

When Shaw and Crabfield had gone, Sterling finished his drink, they crossed through the grill, accepting nods and acknowledging them. He halted at the door of the dining room. Half a dozen parties were still in progress at scattered tables. One of them was breaking up.

Sterling stooped back as the dissembling guests filed through the door. He knew most of them and there was an exchange of nods. A woman separated herself from the others and came over to him.

"Well, Marcus, darling, so you did finally get here," she said.

"Was I supposed to?"

"If I've still got anything on the ball when it comes to having my way, you were. Where's Miriam?"

"At home decently asleep."

"But why waste the superfluous adverb? So she didn't jell."

"Jell? Was Miriam supposed to jell?"

• • •

"TO my little scheme to have you out here tonight? But of course! If I can't have you alone, then I'll have to take you with Miriam. Don't tell me Miriam didn't even pass along my invitation! But of course she did. You said yes. She said no. Big fuss. You said so you'd come alone and here you are, even if you couldn't make it until 1 o'clock."

"Sorry, Janet, but this is the first I've heard about it."

Janet Weirhaven's normally wide hazel eyes widened even more. "That little . . . excuse me, darling, but we won't call names." She glanced around. The three couples who had made up the rest of her party had gone on a short distance and were waiting. She dug fingers into Sterling's arm.

"Wait, Marcus, until I send that menangerie on its way."

"But Janet, it's . . ."

The woman waved aside the intended protest. "Wait, darling, I won't be a second."

It was not much more than that before she was back. Sterling was finding it uncomfortable. He dared not look into the dining room. He was sure a great many eyes were on him.

Janet Wierhaven, in her early 30s, was the complete answer to a man in quest of pleasurable excitement, provided she liked the man. As to that proviso, she never left a man in doubt beyond a reasonable warmup period.

"I need a drink," Sterling said abruptly.

"That goes for me double. A double scotch and soda."

"Then suppose you find a table in the lounge. I'll bring the drinks."

Looking At Life -- By Erich Brandeis

HUNDREDS of books have been written on the subject of success.

If you want to become a successful executive, all you have to do is to go to the nearest bookstore, ask for the latest volume on the subject and, bingo, in two or three years you rise from office boy to president of your firm.

BRANDEIS

If the formula doesn't work, almost any secondhand bookdealer will give you twenty-five or thirty cents for that book which cost you originally about three or four dollars, so that by losing only ninety or more per cent on the deal you will at least be a partially successful executive.

So much for success.

But who has ever told you how to be a failure?

Who has ever helped you into bankruptcy?

So far, almost every man who has failed had to do so by his own initiative and unaided by experts.

But all that has changed now.

Hereafter you may have expert guidance in failure just as there is expert guidance in how to bring up children so that they will be brats, or how to be a failure in marriage by reading psychology books instead of cookbooks.

• • •

A group of University of Chicago psychologists, headed by Dr. Burleigh B. Gardner, have formed Social Research Inc., and will tell anyone who wants to know why he can't get ahead.

As usual, statements by scientists are n very clear, and Dr. Gardner's statement is no exception.

Here it is:

"The failure of some business executives has been ascribed to laziness, overwork, stupidity, drinking too much, dishonesty, unfriendliness, inability to handle people and many other things.

"Research into the personalities of executives, successful and otherwise, reveals that the outward behavior which leads to incompetence, resignation or discharge, is often an end product, and that the raw material of failure lies buried in emotions and attitudes."

• • •

DR. GARDNER apparently has twelve primary reasons for failure. However, fortunately, when a man fails in one thing it does not necessarily mean that he must be a failure in all; it means most likely only that he is misplaced.

Here are a few of the twelve primary reasons for failure:

Being unwilling to accept criticism; resisting authority; being arrogant with subordinates; having prejudices that interfere with judgment; overemphasizing work without play; fear of success.

I notice "work without play" given as one of the primary reasons.

In my opinion, "play without work," or with not enough work, is a much more important reason for failure.

And what a lovely reason it is—if you can afford it. I am going to try a bit of it right now.

TRUMAN IS BLAMED

Foreign Policy Hit

By RAY TUCKER
Special Correspondent

WASHINGTON—The most severe assailants of the Truman-Marshall foreign policy are the Administration's diplomatic representatives abroad, and the most critical member of our diplomatic corps is Lewis W. Douglas, ambassador to the Court of St. James. He is also Mr. Truman's key man in the attempt to implement the Marshall Program and in the move to block the Russians at Berlin.

If Ambassador Douglas has the courage of the convictions which he expressed at private gatherings of politicians, Congressmen and businessmen on his recent visit to Washington, he ought to resign and let the American people in on the secrets and the story of blundering foreign policy which he has seen from his watch-tower at London.

TUCKER

He probably will not quit because he is a loyal party member, and his account would insure Mr. Truman's defeat next November.

Ambassador Douglas is preserving a political and diplomatic silence.

• • •

POLICY: Mr. Douglas was particularly sore because our foreign policy under the Truman Administration has been handled by military men rather than trained civilian diplomats. He does not believe that ex-Army Generals, no matter how high their military prestige, are equipped to negotiate delicate problems involving Berlin and Germany.

He blamed the Berlin crisis on the fact that several military men had President Truman's ear, and had sold him the idea of fighting with Russia rather than sitting around a table with Stalin and Molotov.

The men he named as responsible for this hard-boiled program were Secretary of State Marshall, Moscow Ambassador Smith and Admiral William D. Leahy, Chief of Staff and foreign affairs adviser to the White House.

President Truman, according to one description which Ambassador Douglas gave of him at a small dinner party, is a "babe in the hands of the military."

• • •

DISCUSSIONS: Ambassador Douglas has naturally been influenced by his conversations with Ernest Bevin, British Foreign Minister, and with George Bidault, the foreign minister in the fallen French Cabinet. Like him, they think that President Truman has been too much under the influence of a military clique.

This trio do not want and see no reason for a war between the United States and Russia, especially as France and Britain would again become a battleground in such a conflict.

They believe that both the Berlin and German problems can be settled if President Truman will agree to top-level discussions on the subject with Stalin. At least, they see no harm from such a pour-parler.

• • •

CONFERENCE: Washington has agreed, somewhat timidly and cautiously, to an overall conference with the Russians on the general German and European problem. There is little expectation here that the get-together will produce any agreement. Moscow is expected to pursue the same antagonistic policy that she has at previous conclaves.

Nevertheless, Ambassador Douglas has won his point. He has sold Mr. Truman on the idea that delicate questions involving the peace of the world should not be entrusted to the military.

• • •

DISSATISFIED: Ambassador Douglas also told various audiences of American business men that he is completely disgusted and dissatisfied with European nation's reaction to the Marshall Plan's gift of more than five billion dollars for the coming fiscal year, and a possible outlay of twenty billions over a four-year period.

Not a single European beneficiary has complied with the conditions laid down by Congress as a prerequisite for the grant, according to Ambassador Douglas and Paul Hoffman, head of ECA, now on an inspection tour of Western Europe.

Unless conditions change, according to Mr. Douglas, who was once Director of the Budget, "We will be pouring American taxpayers' money down a European sewer."

• • •

COOPERATION: The European nations receiving Marshall money have taken not a single step for mutual cooperation, according to Ambassador Douglas. They have not agreed upon a convertible currency, which is an essential first step toward recovery.

They have not broken down tariff barriers. They have not arranged for an exchange of products on a sensible, economic basis.

In short, they have not fulfilled any of the requirements laid down when Congress agreed to advance billions of American dollars to rehabilitate Europe and to contain Communism.

The Douglas - Hoffman report, in short, reads like an indictment of our foreign policy written by the most isolationist Republicans on Capitol Hill.

• • •

RESIGNED: Despite the farcical nature of the convention which Henry Wallace's so-called "Progressive Party" staged at Philadelphia, the Trumanites regard him as a distinct threat to the President's re-election.

Unless they can discredit him as a "Stalin stooge" which will be their strategy between now and November, they figure that he will be a Truman nemesis.

The fact is that President Truman, hitherto cocky and confident, now begins to realize that he is licked even before the votes are counted. He listened and saw the Wallace convention by television, and the enthusiasm of racial groups, new voters and left-wingers surprised him. He realizes, of course, that at least 75 per cent of the Wallace vote will be taken from his total rather than from the Republicans'.

So, although he will not admit it publicly, Mr. Truman is now resigned to defeat next November.

A person may not admit it, even to himself, but nevertheless he is pleased when Fate kicks a fellowman in the pants, probably mainly for the reason that misery loves company.

"The meat of a single whale would feed an average family three years," says a British food expert. Perhaps so, but after 12 months or so the family would begin to get awfully tired of eating its way through a whale.

If you worry about what others may think of you, it's likely because you have given them cause to think unfavorably of you.

"Talking to oneself is an indication of mental unbalance," says a psychiatrist. Perhaps so, but it's the only way to secure a thoroughly attentive and sympathetic listener.

A psychologist says he can't account for the fact that moviegoers are showing marked preference to cartoon pictures. We can. People are getting tired of people.

Believe It Or Not—By Robert Ripley

SNYDER NOW BACKS PLAN

Controls On Credit Are Urged

By THOMAS L. STOKES
Special Correspondent

WASHINGTON—The conversion of amiable banker John W. Snyder, our Secretary of Treasury, comes a bit late, but still we all perhaps should be grateful for it.

He has come around now, if somewhat grudgingly, to the view that maybe Congress should do something about curbing free-and-easy bank credit, which was what Marriner S. Eccles, then Federal Reserve chairman, urged way last November to check the rapidly mounting inflation.

STOKES

Banker Snyder was against any such curb then and sold President Truman on that attitude. As a result of the conflict on policy in the higher financial levels of government, Mr. Eccles was demoted from chairman. Luckily he did not quit in a huff—as he had every provocation to do—but stayed on the Federal Reserve board so that we still have him around to help, as he is doing again by telling the blunt and necessary hard facts of life to congressional committees.

• • •

Snyder's Comment Hit

To get back to banker Snyder—he made an observation the other day which revealed his fraternal feeling toward bankers, to wit:

"I have always believed that our chief reliance for the control of inflationary bank credit lies in the good judgment of the individual bankers in the 15,000 banks in the United States."

An understandable fellow-feeling—yes. It is not the purpose here to disparage bankers, at least not much. In fact, their judgment is traditionally so cold that they look hard to find some of us ordinary mortals, whence comes the caricature of the tight and mean fellow at the other side of a big, shiny desk who squints so doubtfully at our collateral and at the spot on our coat front.

• • •

But bankers do have some of the human qualities of the rest of us. They can get caught up in the exhilaration and excitement of such a boom as we have now. Some of us can remember how that happened once before, back there in the high-rolling, let-'er-rip days of the late nineteen twenties before the crash.

It's a sharp memory still, especially to us who sat as reporters afterward at congressional investigations and learned how some bankers, too, had finally succumbed to the boom fever and had extended themselves too far and loaned on enterprises that were not sound. Some of them got mixed up in speculative ventures, and the story of how some of our biggest bankers had misused their stewardship was one of the disillusioning episodes of that era.

Bankers became the villians of that time, as some of us can remember. They were pilloried. A worn-out vaudeville trouper could always get a bitter laugh and pick up his act by some gag about bankers.

The government moved in as a result of what had been disclosed and Congress put more stringent regulations on banking and bankers and financing generally. Marriner Eccles came to Washington in those days and had a part in much of that. Since that time he has had a part continuously in management of the Federal Reserve system and in shaping our financial and credit policies. At the risk of making a bad pun, it may be said that he's a good man to bank on in these times because he has seen it all and knows from experience what can happen.

• • •

Curbs Now Needed

Bankers won back their respect eventually and could walk down the street again, head high, without hearing a dirty crack and a snicker behind their backs. But they could become the goats again very quick, so important roles do they play in our lives.

It should be a warning to them, as to everybody else, that it again has become apparent to government officials—even banker Snyder—that some curb is necessary on bank credit, for this is an indication that bankers, too, have been hypnotized by the boom along with so many others.

• • •

Politicians never like to put any kind of a damper on a boom, especially in an election year. They are acting true to form now in Congress, devoting their time to blaming each other, with few ready to take the hard road and do the necessary unpleasant things.

What we all need possibly, bankers, businessmen, farmers, labor, everybody, is something of the spirit of that hard-fisted banker of the caricature—that is, if we don't want to end up in that "bust" about which Marriner Eccles talked, and of which so many of us know from hard experience of not too many years back.

It's wise to regiment ourselves a little now rather than be regimented later in bread lines and bank lines.

SOME SKILLED CONSTRUCTION WORKERS
ARE GETTING THEIR PLANS FOR THE FUTURE INTO HIGH GEAR

HERE'S THE STORY
The high cost of living is putting a crimp into most everybody's hopes for the future. You can't save for that new house (or new anything) when it takes every penny to just get by. This is why many skilled construction workers are turning to overseas work to build a big enough stake to get out of the bind. Some figure to turn an 18-month hitch into a nice four-figure bank account.

NOT MANY OPENINGS
Middle-East, Inc. wants a limited number of responsible men for oil refinery and power house construction in Saudi Arabia, near the Persian Gulf. This company will pay top wages, monthly bonus, monthly vacation allowance and living expenses to those who can qualify.

BASIC QUALIFICATIONS
You must know your trade from the ground up. You must also be 30 to 50 years of age, have proof of U. S. citizenship and be able to pass a physical exam.

Certain Trades Needed Most
PIPE WELDERS
PIPE FITTERS
CRANE OPERATORS
ELECTRICIANS
BOILERMAKERS
BRICKMASONS
CEMENT FINISHERS
PLUMBERS
IRON WORKERS
CARPENTERS
Welders must be certified by pipe test. All others must have plenty of industrial construction experience.

NO BED OF ROSES
This is not a travel for romance deal. It's an opportunity for far-sighted men. Good food and a fine clubhouse hardly make up for terrific heat and isolation. Think this over before inquiring

Get The Story First Hand
. . . from Mr. A. L. Anderson of Middle-East, Inc. He will be in Lubbock, Texas, August 5th through August 10th at the State Employment Service Office.

NOTICE TO BIDDERS

Sealed proposals addressed to Mr. Marlin R. Smith, Jr., City Manager, Lubbock, Texas, will be received at his office until 2:00 P. M. August 12, 1948, for the construction of grading, drainage, concrete curb and gutter, caliche base, and asphalt surface treatment on certain streets in the City of Lubbock as hereinafter specifically designated.

As soon as possible after receiving the bids they will be considered and the successful bidder notified.

Prices in the Proposal shall be made on the basis of unit measurement for each of the seven items in the proposal. The approximate quantities are as follows: Subgrade preparation 111,595.13 square yards; Concrete Curb and Gutter 59,161.18 linear feet, and Pavement (includes caliche base and asphalt surface treatment) 95,151.86 square yards.

Bidders must submit cashier's or certified check issued by a bank satisfactory to the Owner, or a Bidder's Bond from a reliable Surety Company, payable without recourse to the order of the City of Lubbock in an amount not less than five (5%) per cent of the largest possible bid submitted as a guarantee that Bidder will enter into contract and execute bond and guaranty in the forms provided within ten (10) days after notice of award of contract to him. Bids without required check or Proposal Bond will not be considered.

The Successful Bidder must furnish performance bond on the attached form in the amount of one hundred (100) per cent of the total contract price from a Surety Company holding a permit from the State of Texas to act as Surety, or other Surety or Sureties acceptable to the Owner.

The City reserves the right to reject any or all bids, to waive formalities, to accept the bid which seems most advantageous to the City's interest.

Bidders are expected to inspect the site of the work and to inform themselves regarding all local conditions.

Attention is called to the provisions of the Acts of the 43rd Legislature of the State of Texas, page 81, Chapter 45, (Article No. 5159A Civil Statutes 1925), covering the wage scale and payment of prevailing rates of wages as established by the Owner. Said scale of prevailing rates of wages is set forth in the specifications.

Information for bidders, proposal forms, plans and specifications are on file at the office of John P. Buhmann, City Engineer, at the City Hall, Lubbock, Texas, and maybe procured upon a deposit of $10.00 as a guarantee of safe return of the plans and specifications. The full amount of this deposit will be returned to each bidder immediately upon return of the plans and specifications in good condition. No refund on contract document and plans returned later than ten (10) days after the date of receiving bids will be obligatory. Additional sets of plans maybe obtained at the cost of duplication.

The bidders attention is called to the fact that although he will be paid in cash by the City of Lubbock for work performed under the terms of this contract, no work shall be commenced by the Contractor on any unit unless and until the City Engineer has issued his written order to the Contractor to proceed with construction of the unit and the City Engineer will not issue such written order unless contracts for the paving have been executed by all abutting property owners in the unit or the City Commission has otherwise by resolution authorized the City Engineer to issue such written order.

No bid maybe withdrawn after the schedule closing for receiving of bids for at least thirty (30) days.

Farm Mechanization

(Continued From Page One)

1941 to 9,000 this year. Thus, about one-tenth of all privately-owned airplanes in the United States are now engaged in agriculture, in such tasks as dusting, spraying, and in some instances, seeding land.

Other power tools, ranging from giant self-propelled combines to specialties such as cotton pickers and nut harvesters, add to the total mechanization, not to mention the motor power used in spreading irrigation practices.

Then there are farm heating devices, which assume more importance in the rising standards of rural living each year. These include oil burners and space heaters for homes, brooders, incubators, smudge pots and other devices.

Some petroleum goes into manufacture of chemicals for use as fertilizers, fungicides, weed killers and insecticides. Other petrochemicals preserve fruits, vegetables and grains during shipment and storage, and even keep certain types of fruit hanging on the tree until it is convenient to pick it.

Conservation Is Urged

Pointing up the inter-dependence of the two industries, the report lauds the response which farmers and the public at large have given to industry appeals to use gasoline and fuel oil freely during the period of unprecedented demands that have created localized shortages despite record high production figures.

The report believes that it is largely through the great increase in agricultural mechanization that American farmers have been able to meet the food needs of the nation and of the world, stepping up their production 20 per cent since 1941 with much less farm labor.

From 1910 until the mid 1930s food production increases barely kept pace with the increase in population in the United States. During that period this country actually imported more food than it exported. Since 1935, however, the picture has changed completely. U. S. population has increased ten per cent since then, while U. S. food production has increased 40 per cent.

At the same time, world population has increased ten per cent while, due to destruction and dislocation caused by the war, world food production has declined by seven per cent. The result is a demand on the American farmer to make up the deficiencies.

And this is being met despite a sharp drop in farm population, in number of farm hands, and of horses and mules employed. Total farm population in 1910 numbered 32,077,000. Since then the number had dropped 14 per cent and today there are only 27,439,000 people on U. S. farms, while the total U. S. population has increased from 92,406,536 in 1910 to an estimated 143,329,000 today (Bureau of Census figures).

Farm Population Drops

In other words, 30 per cent of the total U. S. population was on farms in 1910, while today there are only 19 per cent.

The drop in rural horse and mule population has been even more startling. In 1910 these numbered 24,211,000. The number declined to 14,478,000 by 1940, and today stands at 9,151,000, a total decrease of 62 per cent in the 38 years.

Figures, if available, would probably paint an even sharper picture of conditions on the South Plains, where until a few years ago farming was done almost entirely by animal power, and today they are practically nil.

Remember that during the 38 years when farm population of all kinds were decreasing, agricultural production increased 71 per cent, and the shift to mechanical power made it possible since 1918 to divert 55,000,000 acres of land from the growing of feed for horses and mules to the production of food for humans.

It is estimated that each of America's 3,000,000 tractors is today doing the work once performed by four mules and horses, and farm hands have increased their productivity by 81 per cent since 1910, having its effect on the costs of production.

At the end of World War I the Department of Agriculture estimated that a farm worker would produce enough to support himself and nine others. Today he can support himself and 14 others. Thus each farm worker is producing, on the average, 46 per cent more than he did in 1935.

The oil industry points out that the increase in production facilities for the petroleum industry has not kept pace with such agricultural strides, due prmiarily to shortages of materials, and this, combined with heavily increased consumption by the driving public places a burden on the oil industry it is struggling to overcome.

The industry points out that shortages, if and when they occur, are attributable to lack of facilities for increased refining, and not to shortages of crude oil production or depletion of underground oil.

Sixty-six of the elements found on earth have been located in the sun.

(Continued From Page One)

off campaign formally at Center in Shelby county, home county of Peddy. Then he will make several East Texas speeches.

Stevenson spent Monday at his state headquarters in Austin. After his Monday evening conferences with Dallas supporters he will be in Fort Worth Tuesday and Wednesday.

At Austin last night, John Connally, manager of radio Station KTBC there, made a statewide broadcast in Johnson's behalf.

He depicted the Texas congressman as a "champion of preparedness" in a time when "the voice of isolationism becomes stronger and stronger each day.

Connally expressed the hope Texans would have "the courage and the vision to choose men of courage and vision to lead us in the days ahead . . ."

NOBODY'S IMMUNE

NEW YORK (U.P.)—The Greater New York safety council says that when someone brags he is immune to poison ivy you can tell him it isn't so—everyone is susceptible to a bad enough exposure. The council warned that poison ivy season is here.

IT WORKS

GRAND RAPIDS, Mich. (U.P.)—An ordinance such as the one the New York city council proposes to forbid motorists to leave keys in ignition locks while autos are unoccupied, has been in effect here for two years. It has reduced car thefts by more than 50 per cent.

RIVER GETS BLAME

FORT WORTH, Tex., (U.P.)—Ol' Man River was declared the culprit in the case of the homes smeared with paint. Police decided what appeared to be paint smeared on the homes probably was caused by sewage gases or fumes from nearby Trinity river.

TRUMAN INVADES OREGON

SALEM, Ore. (U.P.)—Republicans in this GOP stronghold were indignant when a land turtle was discovered crawling on the capitol lawn. On the turtle's shell, in yellow paint, were the words "Harry Truman."

CRUDE MOTION PICTURES

The zoetrope, a toy revolving cylinder with slits through which a series of pictures were seen in apparent motion, was invented 30 years before the motion picture.

Demos' Platform Found Getting More Attention Than GOP Program

DCAL — DEMOS' PLATFORM
By GEORGE GALLUP, Director
American Institute of Public Opinion

PRINCETON, Aug. 2—One effect of the fight within the Democratic Party over President Truman's program has been to stimulate public interest in what the Democratic party platform has to say about controversial issues.

A survey among voters finds that a higher proportion took the trouble to read all or some of the Democratic platform than was the case with the Republican platform — although neither document got a very widespread reading.

GALLUP

About four out of every ten voters say they have read all or part of the Democratic platform, as compared to fewer than three in ten who read the Republican document. The civil rights plank in the Democratic platform seems to have aroused particular attention.

To test public interest in the Democratic platform the Institute put the following question to a cross-section of voters in all parts of the country:

"Did you happen to read the Democratic party platform in Philadelphia?"

A similar poll on the Republican platform was reported early this month. A comparison follows:

	Dem. Platform	Rep. Platform
Yes, all of it	7%	7%
Yes, only part of it	32	21
No, not any of it	61	72

Those voters who said they had paid some attention to the Democratic platform were then asked a series of questions concerning its contents, such as "Will you tell me what the platform says about civil rights? About Housing? About prices?"

The results show that nearly two out of three persons who had read the platform remembered the major ideas in the civil rights plank, which promises to work toward ending all racial or religious discrimination and pledges abolition of poll taxes, anti-lynching legislation and other civil rights reforms.

The planks on housing and on prices got somewhat less attention, with nearly half unable to remember what the platform said about housing.

It seems clear from these results that presidential campaign platforms get comparatively little attention from the mass of voters.

But the contents of a platform may have a highly significant bearing on the behavior of special interests or minority groups, as witness the anti-Truman revolt in the South which stems largely from the President's stand on civil rights.

Had the Democratic platform been less forthright on civil rights, some political observers think that the rump convention of Southern Democrats who nominated their own ticket might not have taken place.

City Recreation Program Is Discussed At Jaycee Meeting

A. C. (Stump) Hamilton, city recreation head, spoke briefly on the value of a planned city recreation program to members of the Lubbock Junior Chamber of Commerce meeting for luncheon Monday at the Hilton hotel. The group also witnessed a colored sound film, "Playtown, U.S.A.," depicting the development and results of planned recreation.

The club passed a unanimous resolution of appreciation to Capt. Vincel Larsen, Salvation Army head who is being transferred to Concord, N. C., and heard announcement that all Jaycees and their wives are invited to attend the free annual barbecue scheduled for 7 p. m. Friday at the Lubbock Boys' club, sponsored by the American Business club as a climax to the fourth birthday celebration of the Boys' club.

Turner Kimmell was introduced as a new member. Tom Estes of Wichita Falls was a guest. Horace Gearhart presided. Invocation was by Asher Thompson.

Grain Shipments At Houston Set New Record During July

HOUSTON, Aug. 2 (U.P.)—Grain shipments in Port Houston for the month of July broke all previous records, Gen. W. F. Heavey, port director, said today.

During the month, 7,037,717 bushels were received in comparison with 5,973,165 bushels July of last year, the previous record month.

Exported were 6,907,987 chiefly to Europe and Japan in contrast with 4,037,000 in July last year. Last August, previous top export month, 5,107,458 bushels were shipped.

Gen. Heavey said that he anticipitated that August would be a very active month, but he doubted if it would match July's mark.

He said 24 ships, mostly full but some with part grain cargoes, were loaded here in July in comparison with 13 the same month last year.
