

The City of Eldorado's new side-loading refuse collector arrived last week. Citizens should be enjoying the new improved garbage service in the near future.

New home for WTU

West Texas Utilities Co.'s familiar old local office building has become a victim of progress.

The building, which was constructed in the 1920s when the management favored Spanish-type architecture, has been torn down and the site cleared for a new structure.

"We were reluctant to tear the old building down," said Leroy Reeves, WTU local manager. "The Company really wanted to preserve it as an example of the early style local offices, but the heaving soil conditions had just about destroyed the foundation."

During the construction period,

the WTU staff is working out of a rented building on Main Street. Reeves said they expect to occupy the new building at the old site before the end of the year.

The new building will be 40 by 60 feet, with a steel framing and brick veneer. It will face the highway and will accommodate parking along Cottonwood Street on the east side.

The WTU workforce in Eldorado includes Reeves; Flora Hubble, bookkeeper-cashier; and John Pitts, serviceman. Eldorado is in WTUs San Angelo District, which includes 12 area cities. District Manager is Don Revell of San Angelo.

Rodeo two weeks away

The Eldorado Rodeo, to be held in conjunction with Schleicher County Days August 12-13, should prove to be one of the best rodeos Eldorado has ever had.

The winners in each event will be awarded a \$600 Skyline buckle. There will be a \$50 entry fee for bull riding, bareback and saddle bronc riding. A \$70 entry fee will be charged for team roping and \$30 for Jackpot Barrel Racing.

Also, on tap for each evening performance will be a raffle for 100 gallons of gasoline.

The stock contractor for this year's rodeo is Lester Miers of Fredricksburg, Texas. The books will be open from 9 a.m. til 2 p.m. August 10th. Anyone interested in entering this year's competition can call 512-997-4558.

Medical board meets

The Schleicher County Medical Center Board of Trustees met in regular session last week in what was to be a ho-hum meeting.

The board approved the last meeting's minutes and approved and paid all monthly bills.

Reviewing of the upcoming year's budget took most of the board's time but no action was taken at this time.

The board discussed the continuing problem of hiring of an additional physician for the medical center.

With no other business to attend to, the board adjourned.

County looks at budgets

The Schleicher County Commissioners met in a lengthy session Monday for their regular bi-monthly meeting.

The Commissioners read and approved the minutes from the last meeting. The Court also approved monthly bills for payment.

The Court heard a request from County Treasurer A.G. McCormack to transfer funds from the General Fund to the Jury Fund.

At 10:00 a.m. the Court held the Revenue Sharing Budget Hearing.

Although no interested citizens were in attendance at the meeting, the Commissioners were advised by Judge Johnny Griffin of requests made by certain individuals wishing to see some of the money used in the construction of an additional baseball field. The Commissioners took no action on the matter.

Dale Lipsett was next to appear before the county bosses. Rev.

Lipsett voiced his concern over the lack of ambulance drivers here in Eldorado and inquired as to whether the County would be willing to pay the tuition for interested individuals to attend a training school for ambulance drivers. The request was approved by the Court.

Road Superintendent Clay Burleson met with the Court in the afternoon session and advised them that he would begin paving the airport during the week of August 1-5 and that during that time the airport would be closed.

The Commissioners spent the remainder of the meeting reviewing budgets for various departments in the county. They are scheduled to continue these reviews in a meeting next week when it is expected that they will finish the budgets.

With no further business the Court adjourned its meeting.

Deposits and assets drop

The decline in the oil and gas industry locally as well as the long, dry spell we are currently experiencing has gradually begun to take its effects on the local economy. The first indicator was a decline in the sales tax rebate checks due the City and the most recent indicator of the economy slowing became evident as the First National Bank of Eldorado submitted their report of condition. During the last quarterly report the local bank lacked only \$11,000 reaching a total of \$30 million in assets.

The bank's report of condition which was filed on the last day of June reflects a \$1,394,000 decline in assets with deposits down by \$789,000. The overall general economy of the nation appears to be in an upward trend even to the point of the possibility of a high interest rate to hold a ceiling on consumer purchases. The overall trend of the nation's economy can best be seen in the number of single family housing unit starts. During the last quarterly report, these national indicators were not in a positive mode and yet the local economy was strong. Should all these factors remain true to form, the local economy should start its upswing sometime between now and the next quarterly report.

Scholarships awarded.....

Eldorado High School's two outstanding 1983 graduates were recent recipients of generous scholarships.

Stephanie Thomas and John Griffith were both presented the scholarships last week.

Stephanie the daughter of Mr. and Mrs. Kenneth Thomas was awarded an Honors Scholarship at Hardin-Simmons University. The scholarship is awarded to freshmen graduating from an accredited high school who have an ACT score of 27 or above; a total score of 1100 on the SAT; graduated in the upper 10 percent of their class; or are members of Phi Theta Kappa, the national junior college scholarship society. The scholarship is contingent upon a grade point average of 3.00 as a

freshman, 3.20 as a sophomore, and a 3.50 as a junior and senior. She was also awarded a Tuition Scholarship for Entering Students at Hardin-Simmons University. Tuition scholarships are awarded to full-time undergraduate students entering USU for the first time who fall into one of the following categories: ACT score of at least 24-25, or a total score of 1000-1050 on the SAT; student with a grade point average of 3.50 on thirty or more semester hours of HSU equivalent work. These awards are valid for eight semesters provided the recipient maintains an overall grade point average of 3.50 or better.

John Griffith, son of Bea Griffith received a four-year, \$8,000 college scholarship from the Houston Live-

stock Show and Rodeo.

John, who plans to major in agricultural economics at Texas Tech University, was one of 50 recipients of Houston Livestock Show and Rodeo scholarships presented at the Texas State FFA Convention. The Show, which also presented 50 four-year, \$8,000 scholarships to 4-H members during the State 4-H Round-Up in June, is the largest donor of agricultural scholarships in the United States. During the coming school year, the Show will have 499 students on scholarships in Texas colleges and universities, at a commitment of more than \$2.2 million. The winners, carefully selected from hundreds of applicants, are the best in the state from the standpoints of academics

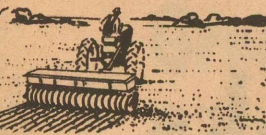

and leadership. They must major in some form of agriculture at a Texas college or university in order to receive the scholarship.

In presenting the scholarships, Show president E. Norwin Gerhart noted that the efforts, hard work and dedication of the Show volunteers are geared toward this direction. "We want to help these exceptional students become leaders in the agricultural field. Presenting these scholarships and insuring an education for these young people is one of the highlights of our year," he said.

Community News

By Evelyn Stigler

Mrs. Corrine Whitten has been on an extended trip to Baytown, Crosby, Hillister and Roanoke, La. visiting relatives. From Roanoke, La. several of the

family went farther up the coast through Mobile, Alabama, Savannah, Georgia, through South Carolina to Havelock N.C. From there they went to Inspiration Park which was between Cherokee and Bryson, City, N.C. It is located in the Great Smokey Mountains. Every year beginning July 4 and lasting several days groups of Gospel singers gather here for days of singing, camping, fishing and many other activities. Some of the singing groups they heard were the Inspirations, Rex Nelson Singers, The Kingsmen, The Kings Boys, a group of young boys under 15 years of age. The Dixie Echoes, The Hoppers, Jimmy Davis and Anna and many more were to be there later.

Another interesting place was the Tryon Palace in New Bern, N.C. North Carolina's Colonial Capitol and Governor's residence, which has been restored to its appearance of the early 1770's. The Palace is in the center of a 13-acre garden complex which includes several historic landmarks.

In this same area they toured Henderson House and The Harvey Mansion. These places served Continental cuisine and pastries served in 18th century atmosphere. It must have been a fun trip.

Dan Pfluger, son of Mr. and Mrs. Charles Pfluger, fell with a pair of scissors in his hand early Tuesday morning and the point of the scissors stuck in his head. He was rushed to the Shannon Hospital by ambulance where surgery was performed to remove the scissors. They were embedded in the bone. According to reports there was no damage to the brain and he is recovering nicely.

Mr. and Mrs. Elton McGinnes, Mr. and Mrs. L.V. Newport and Mrs. Evelyn Stigler attended the Ole Coke County, Home of the Rabbit Twisters, A Musical Pageant in the Mountain Creek Amphitheatre in Robert Lee, Texas Saturday night.

The colorful history of Coke County is presented by Coke County residents who built the set, the stage

and made the costumes. The story is centered around how Robert Lee became the County Seat of Coke County. The struggles with the Indians, the nesters and those who tried to take their land away from them. Citizens of Robert Lee won and it is still the county seat of Coke County.

There was a choir who sang many familiar numbers before the performance and helped throughout the performance with many original songs written especially for the pageant. Solos, duets, trios with piano accompaniment were used throughout the pageant.

The production was written and directed by Mrs. Wilson (Lucile) Bryan who along with her husband, Wilson Bryan, has been directing these performances since 1976. She is music director for the Heart of Texas District Federation and has directed volunteer choirs at District and State meetings for several years.

Mrs. Ada Belle Taylor, along with her brother and his wife, Mr. and Mrs. Tom Boy Johnson of Odessa, two sisters and their husbands, Mr. and Mrs. Luther Wood of Hamilton, and Mr. and Mrs. J.L. Moss of Garland, all traveled to-

gether in a van to the Grand Ole Opry. They were joined there by two more sisters, Mr. and Mrs. Billy Maness of Brownwood, and Mr. and Mrs. Zoom Schultz of Cleveland, Tennessee. They spend two days together in Nashville.

From Nashville they went to Cleveland, Tennessee, toured the Schultz home and spent a week on a lake in the hills of Cleveland, Tennessee.

Returning to Texas they visited two other sisters, Mr. and Mrs. Earl Cozart of Granbury and the Clifton Strughans of Coleman.

This was Ada Belle's first out of state trip.

The Arch Mittels, James Williams and Otis Deals have recently returned from a tour of Eastern Canada. They flew to Toronto where they joined a tour group who spent most of the time touring Canadian cities by bus.

In Toronto they saw the CN Tower, which rises nearly twice as high as the Empire State Building. It is the tallest needle in the world. From there one can see for 100 miles.

From Toronto they traveled to Niagara Falls, then to Kingston where they visited Fort Henry, an Historical Fort. Near there they toured the Thousand Islands on a sight-seeing boat.

Ottawa was one of the most interesting places they visited. As Canada's long time capital, Ottawa still is the most British of the country's eastern cities. There they saw the Parliament Bldg. and observed the changing of the Guards. They learned a lot of Canadian history especially about the War of 1812. They also saw Embassy Row and Montebello where the 1981 Summit Meeting was held.

Montreal, a very French city, where French is spoken much more than English, was an interesting place. They ate in French restaurants and rode on a subway.

From Montreal to Quebec City the countryside loses its last hint of British domination. It is a picture of France of yesteryear. There is no other city like Quebec in all of North America. It is a walled city where tourist homes are right inside the city. There is a boardwalk here that is similar to that of Atlantic City, N.J.

The group drove back to Montreal, flew to Ottawa and on home. It was a very informative and exciting ten days.

Canadians found out Texans are friendly, especially West Texans!

Thirty Senior Citizens gathered at the Memorial

Building Thursday afternoon to play games and to have an afternoon of fun. There were three tables of 88 or 84, one table of Bridge, one of 42 and one of Dominoes. Homemade cake and punch was served.

The plan is to make this a weekly time of fun so all Senior Citizens, 55 and over are invited to participate. The next game time will be Thursday July 28th at 2 p.m.

Treat for grubs

Have you been noticing the brown beetles about 1/2 inch long lying dead under lights that have been on at night? You might think these are harmless enough but they could spell real trouble if you don't take

action against them in the near future.

These beetles are the adult stage of the very troublesome white grub that destroyed many home lawns in Eldorado last year. The beetles that you find dead on the ground are

male beetles whose only function in life is to mate after they emerge from the soil. Female adults, which live much longer, bore back into the soil and lay about 30 - 40 eggs each. These hatch as grubs about 1 to 3 weeks later.

To determine whether or not you need to control white grubs in your yard, dig up a one square foot of sod section for each 1,000 square feet of lawn area.

Examine all of the roots and soil to a depth of 4 inches. If you find more than 2-3 small grubs (1/4 to 1/2 inch long) per sample, treatment is justified. After

examination, soil and sod should be put back in place, pressed down and watered so that it will continue to grow.

The tiny sorghum midge can be devastating to grain sorghums. The midge, a tiny black and orange fly, survives in Johnson grass until grain begins to bloom; then the

midge population explodes.

The insecticides most commonly used on white grubs include Diazinon (Spectracide) or Dursban. These can be purchased as granules or as liquid but the granules are easier to apply. These can be applied with a fertilizer

spreader using the settings specified on the package. Diazinon 5 percent granules are applied at 5.0 pounds per 1000 square feet. Immediately after application, the lawn should be watered to move the granules into the soil where the grubs are located. If liquids are used, water lightly immediately before

and immediately after application using the rates specified on the level.

Lawns requiring treatment should be treated between JULY 15 UNTIL AUGUST 15. Many people wait until grub damage is apparent in September or October before they begin to treat. These late treatments are usually not effective. Treatments in early

spring are likewise not usually effective.

Because of the potential damage from midge, producers should check their sorghum fields frequently while the crop is blooming.

For information on chemicals recommended for controlling sorghum midge, contact the county extension office.

Thank You's

We would like to thank each and every one of you who helped us through Dan's accident, surgery and recovery. Thank you to Dr. Shih, the nurses and Carolyn Porter for their quick, efficient and loving care. To Dale Lipsett and Buddy White who were ready on a moments notice and drove the ambulance with such care. To Clive Johnston who was with us through it all and supported us with his love and prayers. To each of you who called, sent cards, flowers, gifts and visited us, we appreciate your thoughtfulness and kindness. A very special thanks

to all of you who prayed for us. We felt your prayers and know God answered them. Our love to each of you.

A sincere thank you for all you have done for me and mine, while I have been in the hospital. There are so many, and so much done for me that I must include each of you in this, and with my prayers for each of you. I quote "Once in an age God sends to some of us a friend who loves in us...not the person that we are, but eh angel we may be."
