First Bale Of Cotton Brought In

The area's first bale of cotton was processed Tuesday, Nov. 12, at Olton Co-operative Gin, according to Lloyd Graham, manager.

Seed cotton, Paymaster 909, was brought in by the sons of Mr. and Mrs. Gary DeBerry, Chris, Craig and Cory. Olton Co-op Gin paid a premium for both lint and seed.

The first bale last year was processed Sept. 29, and was produced by Larry Nafzger.

Graham states that this is the latest date for a "first bale" since he came to the area in 1953.

He further commented that yields and quality this year will be down from last year. Last year was one of the country's better years.

Graham feels that if drying weather holds the cotton harvest should soon get underway.

PEP SQUAD KING - Bryan Allcorn, son of Mr. and Mrs. R.V. Allcorn, was crowned Pep Squad King at Thursday's pep rally by Donna Hodges, daughter of Mr. and Mrs. Johnny Hodges. Other candidates were Clarence Johnson and Pat Britton.

Water Meters - A Must

In a regular meeting, Tuesday night Olton city councilmen agreed to offer General Telephone an increase in rates. An ordinance was adopted by Councilmen to be presented to the company for its consideration.

In other action, a motion was made to purchase and install water meters in the city in accordance with state regulations. (See letters to editor)

Water meters should be bought and installed within a year, if possible. Councilmen instructed Orian Hackler to oversee the purchase and installation.

It was also noted that councilmen had agreed last month in their regular meeting that no reductions on water rates would be given to ANYONE except those on OLD AGE PENSIONS, stating that social security and welfare recipients would no longer qualify for reduction in rates.

Visiting during the meeting were three representatives of South Plains Association of Governments, who explained a program which has just been adopted that makes funds available for community betterment.

Although applications from cities under 50,000 population will not be accepted before April, the men said that cities who would be requesting a portion of funds for such projects as water and sewer improvements, street paving etc. should be working out a five year program in which they would receive monies to help with these projects, provided they are approved.

They cautioned the councilmen that since only $12.6 million is available to all small communities throughout the state, that the possibility of getting very much money in a given year was slight. However, they urged Olton to apply for the funds that are available.

City Attorney Andy Stroebel was instructed by councilmen to draw up an ordinance which would prohibit left hand turns from the right lane of traffic in the middle of the block. All U-turns would be illegal also except at intersections. Dangerous situations were noted by those present of incidents where persons "whip across the street" to park and nearly collide with oncoming traffic.

The council gave its okay for Hackler to purchase a lift and dump bed to be installed on one of the city trucks. And also instructed the water superintendent to repair the well located at the city yard.

Next meeting will be Dec. 5 at 7 p.m.

Comparison of proposed General Telephone rate increase

	Present rate	Gen Tel proposed	City's Offer
Individual business	14.25	21.95	16.80
Resident (1 party)	7.25	9.00	7.85
2 party resident	6.50	7.75	6.90

Extension costs remain unchanged.

FFA Building Discussed

The new FFA building located at the show grounds and its uses was the topic of discussion as the board of trustees of Olton Independent School met in regular session Monday night.

Appearing before the board was Commissioner Alva J. Spain and Stock Show Board President Dewey Hukill.

Land which had belonged to the FFA had earlier been deeded to the county in order that Revenue Sharing monies could be used to erect a building. It was determined Monday night, that the county would lease the land back to its original owners.

In discussing who would be eligible to use the building, the board agreed that the stock show board should continue to act as its governing body, along with the FFA as in the original charter and policies would be set up by them.

Approval of the textbook committee was unamimous, named Jack Burkhalter as chairman, with Joe L. Turner, Robert Sivley, Carl McClure, Ray Kinnison, Cathryn Lewis, Bobbie Hutson, Inocencia Rey, Raquel Salas, Virginia Kerr, Jane Spain, Mary Ruth Cary, Kay Jefferies, Margaret Lacy and Jerry Wilson as assistants.

Attendance dropped three from last month, with total now being 978.

A report from the lunchroom shows that it is still operating in the black.

In Lubbock

Local Artists To Display Paintings

Paintings of two of Olton's talented artists will be displayed this weekend at the grand opening of a new shop, "The Hanging Tree," in Lubbock's Cactus Alley. Work of Jean (Mrs. Willie) Green and Dot (Mrs. W.T.) Hankins will be exhibited during the three-day open house of the attractive art shop which was opened Oct. 19 by a pair of former Oltonites, Sandra and Duane Harrod.

The Hanging Tree features paintings of some of the South Plains area's most talented artists, sculpture, art supplies and hanging plants which, Mrs. Harrod says, "blend so well with paintings."

"Placed with paintings, they look great." She explains that only those plants which are easy to care for are found in The Hanging Tree.

Painting is a relatively new interest for Sandra who began painting about three years ago. Without benefit of lessons, she says "I just went out to Tech, got some books and started painting."

Jean began painting when she was 12 years old after getting her first oil paints as a Christmas present. She did not take lessons until her sophomore year in high school.

She has studied with Dorothy Irvin and Connie Martin, both of Lubbock, and with Ben Konis of Amarillo. Each summer she attends art workshops in Ruidoso, N.M., usually under the guidance of Tom Knapp.

"You do your own thing in his classes and that's what I like," she says. Jean feels honored that Knapp, who now works primarily in sculpture, traded one of his own works, a bronze cowtown preacher, for a painting she did of an old homestead.

"Nostalgia must be my thing," she says with a smile. "It's what I like to do best, there's just something about old things."

"There's nothing prettier, to me, than old rusty weathered things. I carried a piece of rusty barbed wire to my painting classes several weeks - it was pretty!"

Smiling, she tells of a recent incidence which illustrates her statement, "I guess if I could title my thing, it would be 'Nostalgia Unlimited'."

"Willie and I were driving near Monahans and off in a field I saw this old, forsaken two-storied house. I said, 'Oh, I wish I could paint that house' and Willie answered, 'Well, if ever a house needed painting, that one does.' But he knew what I meant."

Jean's latest work is a 24x48 painting which will be hung in the office of Olton Grain Coop's new building.

"I'm afraid my painting is beginning to look like I'm in a rut," Jean says.

But Sandra quickly answers, "Oh, no!" and says she has had people visiting The Hanging Tree who have readily recognized Jean's work and said, "Jean Green did that one," even before they read her signature.

Both take lots of Polaroid snapshots, using the instant-picture camera to record sights they might want to paint in the future and thus not have to rely on memory to do so. Although both carry sketch books in the glove compartments of their cars, there is not always time to sketch every thing that they want to capture.

Artists, both women agree, have the privilege of "changing, adding to or taking away" and Jean admits she does all three.

Jean says an old windmill she once painted was recognized by its owner with the solemn observation, "You cleaned up around it didn't you?"

A recent painting of an old house set back in pastureland was made from a Polaroid snapshot with the "addition" of a mailbox and two small quail in the path nearby.

"I'm putting life in all my paintings now," she says.

Jean has won awards for her work in judging exhibits but has not entered any the past year. She teaches nine classes including groups in Hart, Hale Center and Abernathy.

Sandra, too, teaches and has classes three night each week. Insisting she was persuaded to do so and says she has "learned so much from her students."

"I've been on cloud nine ever since I started teaching." After Christmas, she says, she'd like to start a class for children.

"Seems all I want to do now is paint. I live and breathe art," Sandra says. "I never thought I'd get into it but it's the best pill I've ever taken."

Jean echoes a similar comment. "I tell my students if they paint, they'll never need therapy. It's the best there is."

Entering the world of art has deepened her awareness of the world about, Sandra says.

"When I go to see Mother (Mrs. John Smoot of Questa, N.M., formerly of Olton), I just love to go off into the woods and look. I like to go fishing and if the fish don't bite, I couldn't care less, because there's so much beauty to see just looking around."

Sandra's preferred subjects reflect the Spanish-Mexican American and Indian influence. "I like adobe and things like that," she says, "But not cowboys."

Cactus Alley, Sandra says, has "an atmosphere that's delightful" and operating her own shop is "more fun than work."

Unique, hard to find items can be found in the shops at Cactus Alley. Included in the variety of shops is one owned by a blacksmith who uses his trade as art and is a talented sculpture.

There is also a pottery shop where one can stand at the window and watch the potter at work. That fascinating activity has also captured Sandra's fancy and she's taking pottery lessons.

Thus far, she says laughingly, she's learned to shape a bowl "with a hole in it where my fingernail went through," and is ready to have a lesson at the potter's wheel.

Soon after the Harrods opened the shop, Sandra invited Jean to exhibit her work at The Hanging Tree and Jean says she welcomed the opportunity.

"I'd like to grow with the shop," she says.

Her paintings, three of Mrs. Hankins' oils and work of other South Plains artists will be on exhibit during the open house Friday and Saturday and from 1 to 6 p.m. Sunday afternoon.

Other art featured will be watercolors and abstract oils by Kay Strawbridge of Lubbock; watercolors by Vickie Guess of Lubbock; and oil paintings by Brenda Billew of Sudan, Lovella Todd of Brownfield and Eddie Smith of Lubbock.

Letter Writing Contest To Improve City Looks

Want to help make Olton a better looking place and win prizes too? You might do both by entering a letter writing contest sponsored by a group of local businessmen.

In 250 words or less, write a letter, "Dear Olton" or "Dear Editor" and tell how you think Olton can be improved and made more attractive. Perhaps you might have a suggestion on what Olton can do to attract new people and new business and industry.

A panel of out-of-town judges will read each letter and pick a winning letter each week for eight weeks. The winning letter writer will receive a certificate for ten dollars which can be spent with any Olton merchant. All letters will be printed in the Enterprise.

Letters of the weekly winners will then be judged for top prizes at the conclusion of the contest. Writer of the letter judged best will receive a certificate for $60; second and third place winners will receive certificates for $35 and $25, respectively.

Sponsors of the contest are Thompson Chevrolet, Olton Grain Coop, Olton State Bank, Sluder Insurance and Sherman Insurance.

Any one is eligible to enter except sponsors, members of their families and employees of the Enterprise.

Community Services Set For Thanksgiving

Annual Community-wide Thanksgiving Services are being planned under the auspices of Olton Ministerial Alliance.

To be held in First United Methodist Church, Sunday, Nov. 24 at 6:30 p.m. the Thanksgiving message will be brought by the Rev. Richard Cook, pastor of the Church of the Nazarene.

Music will be furnished by combined choirs of participating churches. Special music will be provided by members of the high school band.

The Thanksgiving offering will be kept in the community and used by the Alliance for cases of need that may arise through the year.

Chamber Of Commerce Annual Reports Are Made

Annual report of Committees and suggested plans for future improvement were matters of concern Tuesday morning, Nov. 12, when members of Olton Chamber of Commerce and Agriculture met for breakfast in Coachman Restaurant.

Lloyd Graham, reporting for Membership Committee suggested that letters be written proposing membership to persons in the area who are not presently members of the chamber.

Dan Quigley of the Agriculture Committee introduced Raymond Lewis who had attended a recent meeting of State Soil and Water Conservation in convention in San Antonio.

Lewis quoted Rep. Bill Clayton, speaker, who suggested that "we follow through his insistence and familiarize ourselves with all agricultural and livestock bills to be proposed, so that we may support those that best suit the interests of our area."

Community Development, as reported by David Maxey placed paving of streets as their number one project. The committee suggests that a bond election should be called for this purpose.

Second in importance, according to this committee was to try to get some relief for the housing situation.

Leon Noack, reporting for Research Committee in the absence of Wandie Hutson, said that plans were being made to survey the entire Olton area in the near future, using students from social studies classes in the high school.

Speaking to this report, Carl McClure, Chamber president, asked the survey group to find out "What the people think the Chamber of Commerce and Agriculture is for?" Also, "What the people would like to have accomplished?" He asked that the committee formulate a questionaire to learn

Ministerial Alliance Organized

In a meeting held Wednesday morning at First United Methodist Church the Ministerial Alliance was organized for the year.

Re-elected as chairman was the Rev. John Lewis, pastor of First Baptist Church. The Rev. Richard Cook, Pastor of the Church of the Nazarene was named vice-president and Elton Wyatt, pastor of First United Methodist Church was chosen secretary-treasurer.

The ministers have agreed to meet regularly on a quarterly basis.

Upsets Plague Grid Contest

"They weren't supposed to have won--" must have been an oft-repeated phrase last weekend as results of high school, college and pro football games began pouring in with upsets at every hand.

Despite a number of upsets listed in the Enterprise football contest, winners for the week boasted just three wrong guesses. A total of 10 contestants missed three games each although the only miss common to every contestant in the game was the SMU win over Texas A&M.

Giving the tie-breaker a real work-out, Mike Hodges handily took first place, missing by just nine points with a 32-7 guess but four persons tied for the next best guessing.

Second and third place monies, a total of $5, will be divided equally four ways between Harold Lloyd, Johnny Hernandez, Joel Nelson and one feminine guesser, Jolene Chitwood. All were 20 points off on the tie-breaker although no two picked the same results.

Lloyd's prediction was 28-0; Hernandez, 22-6; Nel-

Chamber Maid Sez

By Frances Redinger

A number of good thoughts wer made known Tuesday at the monthly meeting of the Board of your Chamber of Commerce and Agriculture. Several visitors were present and they, along with the board members, made numerous outstanding suggestions for the betterment of our community. Improving our appearance seemed to be one of the things uppermost in the minds of those citizens present. Several unsightly sights were mentioned and then the named of "sightly sights" began to come forth, so it was quite evident that a positive approach was favored by all. We really ought to be more appreciative of those places of business (and homes as well) that put forth considerable expenditure of time, effort and money to make our surroundings more attractive. We never could compile an accurate record of what influence some neat front yards, clean gutters, or well-kept storefronts might have had on some prospective newcomer.

So compliment those you think are doing something to improve our image. Why not go to the telephone and call someone right now?

Subject: Public Drinking Water Supply
City of Olton
Lamb County, Texas

Dear Mayor Myers:
Dear Editor:

On October 4, 1974, our representative, Lawrence H. Sides, R.S., in company with Mr. Orian Hackler, Water Superintendent, made a sanitary survey of the subject water system. As a result of this survery, the following recommendations are made for your favorable consideration so that your water system may be operated and maintained in accordance with the requirements of a Texas State Department of Health "Approved" public water supply:

1. Section C3.1 of the current "Rules and Regulations for Public Water Systems" requires that accurate metering devices be provided at each service connection for the accumulation of water usage data at each service outlet. In our letter of May 16, 1972, to the Honorable Parley Myers, Mayor of Olton, it was recommended that service meters be installed at each service outlet. We received your letter of May 22, 1972, stating that you did not feel that at the time your City could make the improvements, but that they would have to be made in the future. On April 12, 1973, we again recommended meters be installed at each service outlet. It has now been more than two years since our recommendation was made for meters. We expect you to submit a plan to us for installing meters within thirty days, and we will expect the installation of meters within the year.

2. A one-half gallon sample of water collected from an active part of the distribution system should be submitted annually to the Texas State Department of Health Laboratories, 1100 West 49th Street, Austin, Texas 78756, for chemical analysis. In addition, a sample for iron and manganese determination should be collected in a clean 8-ounce glass bottle and mailed with the one-gallon container.

3. It should be called to your attention that the last chemical analysis from your water system indicated a fluoride content of 2.4 mg/1. As this exceeds the recommended limits established by Drinking Water Standards, your customers should be notified that it may cause mottling of teeth in children 14 years old and younger. This sample was from Well No. 2, but a sample should be sent from the distribution system.

4. Based on the population served of 1,750, your present elevated storage facilities of 50,000 gallons are deficient from the amount required. Elevated storage should be equivalent to 50 per cent of the average daily consumption or 55 gallons per capita, whichever is the lesser. Olton has 50,000 gallons of elevated storage, but the minimum requirements in your water system should include the installation of additional elevated storage, in order to comply with the latest "Rules and Regulations for Public Water Systems".

5. Prior to the construction of any major improvements or additions to the water system, completed plans and specifications should be submitted to the Department for review and approval as required by the latest "Rules and Regulations for Public Water Systems".

We wish to express the thanks and appreciation of our representative for the courtesies extended him during his recent survey. Should clarification of the various recommendations made be desired, please let us know.

Very truly yours,
Thomas D. Tiner, P.E., Chief
Domestic Water Supply Branch
Division of Environmental Engineering

MRS. JIM RICH

Cook Of The Week

Our Cook of the Week, Mrs. Jim Rich, likes to cook and admits that because of a busy schedule as teacher, housewife, and mother, she prefers easy-to-fix dishes. She shares a recipe for a yummy lemon pie which is made the easy way with a no-roll crust.

Betty teaches freshmen and sophomores English. Her husband, Jim, is boys basketball coach and helps out with football. They have a daughter, Jamie, ten years old.

The Riches came to Olton from Big Springs just before the 1973-74 school year. Both are graduates of Howard Payne College and that is where they became acquainted with each other. Betty grew up in Dumas.

Although she enjoys sewing, Betty hesitates to call that a hobby because she feels that, as the mother of a young daughter, it is important that she sew. Needlework, Betty says, is something which she "never thought" she'd become interested in but is a new pastime. She explains she has only attempted simple needlepoint patterns but enjoys it thoroughly.

The Riches enjoy tropical fish although that is primarily Jim's hobby.

Betty is a co-sponsor of the senior class and was also a sponsor of the same group last year as juniors.

The Rich family attends First Baptist Church.

Place meat, tomato sauce, onion, taco sauce, salt and pepper in skillet. Cook about 20 minutes. Add mashed beans and cook until beans are heated or to desired thickness.

Tortillas (not frozen ones) - cook in a skillet with small amount of grease. Drain. Spread mixture on tortillas and top with grated cheese. Place in the oven until cheese is melted.

LEMON FLUFF PIE WITH NO-ROLL CRUST

Crust:
1½ c. sifted flour
1½ t. sugar
1 t. salt
½ c. liquid shortening
2 T. cold milk

Sift dry ingredients into pie pan. Combine shortening and milk in cup and whip with fork. Pour over flour mixture. Press on bottom and sides of pan. Bake in 400° oven 10 minutes.

LEMON FLUFF

Separate three eggs. Beat yolks with spoon. Add ½ c. sugar, juice of one lemon, ¼ t. grated lemon rind and 3 T. hot water. Cook in double boiler until it reaches custard consistency.

Beat egg whites until stiff. Add ½ c. sugar and beat.

Fold meringue into custard. Pour into pie shell. Bake at 325° for 12-15 minutes.

FRESH APPLE CAKE

1 c. oil
2 c. sugar
3 eggs
1 t. vanilla
1¼ t. soda
3 c. flour
½ t. nutmeg
1 t. cinnamon
1 t. salt
½ t. cloves
½ c. pecans (optional)
3 c. finely chopped apples

Mix thoroughly. Bake one hour at 350° in greased tube pan.

Maintaining Strength For A Power-full Future

A power-full future means increased use of electricity at home and on the job. In November of 1971, we held open house at Jones Station where we were then capable of generating 256,000 kilowatts of electricity. This year we're doubling our capacity with our second unit at the largest electric generating station in West Texas, which brings our total system capability to 2,255,100 kilowatts. We're proud of our power plant and we want you to see it in operation.

OPEN HOUSE

Be sure to visit us this weekend. We'll be open Saturday and Sunday between 12 noon and 6 p.m. Take Farm Road 3020 to Jones Station.

Piano Recital Slated Sunday

The elementary piano recital sponsored annually by Plainview Music Teachers Association will be played on Sunday November 17 at 3:00 p.m. in the Fine Arts Center in Plainview, 410 West 11th Street.

Four young students from the class of Harold Carson will perform. A Trio by Vandever "Spanish Guitars' will be played by Brad Roper, Danny Oursbourn and Kregg Hukill. "A SaintlyBoogie" by Carson will be performed by Pamela McCoy.

Next activity sponsored by the PMTA will be a Sonatina - Baroque festival in January.

Senior Citizens Slate Luncheon

The annual senior citizens Thanksgiving luncheon will be held Thursday, Nov. 21 at the Women's Clubhouse, beginning at 11 a.m.

Each person is asked to bring a covered dish and a Bingo prize.

Olton Artists To Participate Hereford Show

Olton Art Guild will participate in an Art Show to be in the new Library Building in Hereford, according to Mrs. Frank Struve, president.

The show is scheduled for Nov. 24. All pictures to be entered should be brought to the Art Shack Nov. 21, the date of the monthly meeting.

Time of the meeting is set for 2:30 p.m. but persons wishing to spend the day painting are welcome to bring a sack lunch and spend the day.

Card Of Thanks

Members of Olton Women's Clubs wish to express gratitude to the many persons who were present for the annual Community Turkey Dinner last Friday. The presence of so many friends made the undertaking a success.

We wish to thank all who helped in any way in preparation and ticket sales, and we are especially grateful to the staff of the school cafeteria for their fine services.

Mrs. Jack Allcorn, President
Woman's Club Council

We would like to express our appreciation for the many acts of love and concern shown to us during the loss of our dear mother and grandmother. The visits, flowers, food and cards have been a great comfort to us. May God bless each of you.

Miss Cook Complimented In Pre-Nuptial Shower

Miss Judy Cook, bride elect of Steve Andrew, was complimented with a pre-nuptial courtesy Saturday morning in the home of Mrs. Elmer Lewis.

Mrs. Fred Carriker of Amarillo registered gifts and Mrs. Jim Ferguson registered guests.

The party table, laid with a white cloth, was centered by an arrangement of yellow mums and white taper wedding bells. Green satin streamers with the words "Judy and Steve" added to the decor of the table, coffee, punch and sweet breads were served from silver and milk glass appointments.

Special guests were Mrs. W.E. Andrew, mother of the prospective bridegroom, and her mother, Mrs. T.E. Clark of Plainview, the honoree's grandmother, Mrs. Leo Dove of Amarillo and Mrs. James Cook of Lubbock.

Out of town guest list included Miss Cook's aunt, Mrs. Vada Waver of Lubbock, a cousin, Miss Susan Waver and Mrs. Jess West, both of Plainview.

The hostesses presented the guest of honor with a vacuum cleaner, electric can opener, mixer, toaster and bed linens.

Party Fetes Justin Chaney

Four-year-old Justin Chaney was honored Monday afternoon with a party celebrating his birthday. The affair was held in the home of his parents, Mr. and Mrs. Bill Chaney.

Decorations carried out a "Snoopy" theme with tablecloth, napkins, plates and cups adorned with characters from "Peanuts." Multicolored balloons completed the decor.

Centerpiece for the party table was a dog house with Snoopy on top. The birthday cake was designed also as a doghouse and was topped with a miniature Snoopy. Ice cream and punch were also served.

Favors were sacks of candy, and paddle balls.

Attending were Cynthia and Christi Curtis of Earth cousins of the honoree; Melissa and Tifanee Chaney, also cousins; Chad Phares and Kary and Kory Noack. Other guests were the honoree's grandmother and aunt, Mmes. W.B. Hucks of Springlake and Don Curtis of Earth; and Mmes. Leon Noack and Wayne Phares.

FROM HEREFORD

Monday evening dinner guests of Mr. and Mrs. C.C. Gray were their son and family, Mr. and Mrs. Alvis Gray, Shayna, Bonnie and Paul of Hereford.

DAUGHTER ILL

Mrs. Robert Ausbrooks of Lubbock recently had surgery in West Texas Hospital there. She is the daughter of Mr. and Mrs. D.C. Eby.

Olton Musicians Enter Hymn Playing Festival

Nine students from the class of Harold Carson participated in the Hymn Playing Festival at First Baptist Church, Plainview, Nov 11 and 12.

The festival is held to encourage piano and organ students of the Baptist Churches of this area to become better church musicians.

Students must play a memorized hymn and a hymn to accompany congregational singing. Some of the categories require a memorized piece such as an offertory or a prelude. They receive an evaluation sheet and a rating from competent judges.

Students from Olton who entered were Jennie Lynn Gunter, Carol Prentice, Jimmy Brooks, Cynthia Sorley, Chris Elkins, Melanie Witten, Tim Franks, Nancy Norfleet and Sherilyn McGill.

FATHER VISITS

W.T. Ross Sr., of Flomot was a recent visitor of his son-in-law and daughter, Mr. and Mrs. J.L. Carson Jr.

WEEKEND GUESTS

Mr. and Mrs. Dick Watson had as weekend guests his son David, recently returned from a tour of duty in Germany, and his daughter Miss Laura Watson of Lubbock.

THEY HAD HIM (they thought) but Glen Johnson got away and scored for Olton.

Mustangs Tame The Cats

The fired-up Olton Mustangs, using an awesome ground attack and a fierce defense, treated the home-town fans to a 40-8 whipping of Littlefield. The win, which is known as "The Lamb County Championship", proved to be a tune-up for the week's showdown with the Dimmitt Bobcats for the District Championship.

And what a tune-up it was, as the Mustangs; completely dominated the statistics, amassing 423 yards rushing compared to Littlefield's 45. The Wildcats held the edge in passing as they completed 8 of 20 for 58 yards. The Mustangs completed one of two passes for 24 yards; the completion coming on a halfback pass from Glen Johnson to Jimmy Parker. Olton also had 20 first downs compared to Littlefield's six.

Both defenses dominated the first quarter action as it ended in a scoreless tie. Olton had won the toss and chose to give Littlefield the ball first, but the defense held and the Wildcats were forced to punt which was a common place as the Wildcats punted twelve times.

Things began to happen in the second quarter as the Mustangs scored two touchdowns, the first one on a 21 yard run by Joe Alcorta and the second on a 20 yard gallup by Gen Johnson. The halftime score stood: Olton - 14, Littlefield - 0.

The Mustangs looked invincible in the second half as they put four more touchdowns on the board, with Glen getting two more and Joe getting two more - the last one with just 20 seconds left in the game. That made the score 40-0 and it looked as though the Mustangs had a shutout, as well as a great offensive show. But, on the ensuing kick-off, Littlefield's Sammy Schlottman took the ball on his own 32 yard line, broke a few tackles, and then outsprinted Mark Stroebel for a 68 yard kick off return. Final Score: Olton, 40; Littlefield, 8.

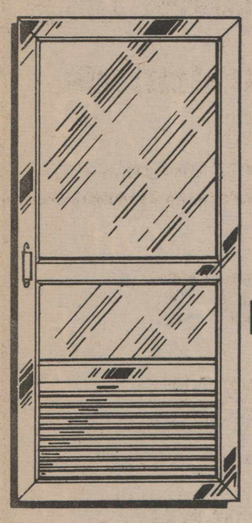

There were many great individual performances. Glen Johnson totaled an amazing 320 yards on 29 attempts for an 11 yard average. Alcorta gained 84 yards on 14 carries averaging 6 yards per carry. On the defensive side, Greg Gregory and Clarence Johnson again had fine games, and Stroebel got his first interception of the year.

Mostly, though, it was an overall team performance. The offense was devastating as they picked up a total of 447 yards, helped by great blocking. The defense was also devastating, as they thwarted every Wildcat drive and held them to only 103 total yards.

Be sure to read next week's paper for results of the Olton vs. Dimmitt contest which will decide who is the new District Champion.

A Look At District 3-AA

By Bill Ellis

The District 3-AA race goes down to the last game of the season - just like many predicted it would - when Dimmitt hosts Olton in the title game Friday night.

Dimmitt, 9-0 for the season and 3-0 in loop play, is seeking its first appearance in the football playoffs since 1960. Olton, 9-1 and like wise 3-0, wants to represent district for the first time since 1968.

The teams boast a lot of offense and a lot of defense. The game will pit the league's top two scorers, as Olton's Glenn Johnson leads with 106 points, to 92 for Dimmitt's Robert Mayberry.

In addition, four of the district's top six rushers will be pitted on opposite sides. Johnson, who had a fabulous game against Littlefield, leads with 1,376 yards, to Mayberry's 1,034. Gene Veals of Dimmitt is the district's fifth leading rusher with 514 yards, and Olton's Joe Alcorta is sixth with 458.

Olton coach Ed Miller says he thinks the Mustangs will have to control the football to beat Dimmitt. "They are dangerous when they have the ball, so we must try to keep it as much as possible," he says.

But the two teams also can play defense. Dimmitt has allowed the fewest points of any district team - 50 (Friona has given up 51). Olton has allowed nine opponents only about 100 yards per game.

It took several stellar defensive plays by the Bobcats last week against Friona to preserve their unbeaten mark, and set up the title match with Olton.

Robert Mayberry was involved in one of the plays, as he caught Friona's Clay Bandy from behind, at the Dimmitt one yard line, to prevent a score. End Travis Hampton intercepted a Bandy pass late in the game, in the Bobcat end zone, to prevent another attempted go-ahead touchdown.

While the leaders are slugging it out, Friona's Chieftains, just a hair-breadth separating them from a title appearance, will attempt to wind up their season with a win when they visit Morton.

Littlefield was the first district team to finish up, and Wildcat coach Jerry Blakely says it wasn't any too soon. Tailback Bill Turner suffered a knee injury against Olton, as did fullback Rick Hopping. Linebacker Reginaly Payton also was hurt. "We'd be hard pressed to field a team this week," Blakely says.

Patricia Brimhall, daughter of Dr. and Mrs. Van E. Brimhall and Connie Thomas, daughter of Mrs. Juanita Thomas and Harry Thomas are among the 12,894 students enrolled this fall in Southwest Texas State University.

The university's enrollment includes students from 208 Texas counties, 42 states and more than a dozen foreign countries.

TO OKLAHOMA

Mr. and Mrs. D.W. Pinson came back last week after staying several days in Oklahoma. They visited his sister, Mrs. Bertha Boozer, and her son-in-law and daughter, Mr. and Mrs. Jack Hinkle, all of Oklahoma City. They were with Pinson's sister, Mrs. Elsie Jackson who is in a convalescent home at Norman, Okla. Mrs. Jackson has been critically ill but her condition is now reported improved.

LUNCHEON GUESTS

Mr. and Mrs. W.E. Andrew and Alexia had as luncheon guests Saturday Miss Judy Cook, Mrs. Leo Dove and Mrs. Fred Carriker, all of Amarillo.

Write In The Groove

BRYAN ALLCORN AND FREDDY STOCKDALE

A few egg heads got together last Saturday night and planned what they thought would be an egg-citing idea. It just so happens that they got the Guiness World Book of Records. The record was the latest and fastest car wash. By the way, how much does a new antenna cost? What was meant as a little joke has gone too far. There were eggs all over the building and inside people's cars. The faculty has decided that if it doesn't stop, they have no alternative but to crack down and cut off privileges such as the Coke machine and assemblies, not to mention the band's ski trip. Most of you students know who it is and so it's up to us to make sure it stops. In other words - the "YOKE" is over!

COMMENTS:
The Capone Gang: By the way, how many people do live in Littlefield?
Sam and Brad: You better read a library book on eggs first!
Barbara: And all it turned out to be was a sore throat!
D'Lynne: Get well soon!
Scott: Elephantidise???
Kyle: Goofy Gafas!!!

CLIFFORD B. JONES STATION is Southwestern Public Service Company's largest generating plant. It is located southeast of Lubbock on Farm Road 3020, just west of the Buffalo Springs Lake Road and has a generating capability of 512,000 kilowatts. The public is invited to visit the station during open house Saturday and Sunday, Nov. 16 and 17, from 12 to 6 p.m.

SWPS Open House To Be Held Nov. 16-17

Southwestern Public Service Company will hold open house Saturday and Sunday, Nov. 16-17, at the Clifford B. Jones Station, southeast of Lubbock on Farm Rd 3020.

Largest of the Company's generating plants, the Jones Station now has a total generating capability of 512,000 kilowatts.

There are six million pounds of structural steel, and thirty thousand tons of concrete in the plant building. The cooling towers weigh two million pounds each and have a million board feet of redwood lumber in them.

The piping and tubing in Jones Station would reach from Lubbock to Abilene and back - if placed in a straight line.

Primary fuel for the boilers at Jones Station is natural gas, with number two fuel oil as a standby fuel.

The huge boilers can boil over ten million gallons of water per day into steam at two thousand pounds pressure. The water is used over and over again with only small loss.

The turbine control system was the first of its kind to be installed anywhere in the world. They are controlled by a computer which is programmed to perform all functions of starting, operating and shutting down.

The plant has a central information system which takes nearly 1,000 different readings every minute, records them and calculates their meaning insofar as the plant's efficiency is concerned.

The day to day operation is of greatest importance to the electric company's customers insofar as the cost of their electric service is concerned. The information provided to the control room helps make it possible to generate electric power at the lowest possible cost, at the same time it assures the customer of the most dependable service.

While it isn't something you could put together with a "do-it-yourself" kit, the plant is, in fact, a home-made product.

The design, engineering and constuction superivision was done by Southwestern Public Service Company's own engineering department, under direction of H.O. Hodson, vice president. Missouri Valley Constructors, Inc., Amarillo, was the mechanical and structural contractor and Budwine Service Electric Company, Carlsbad, N.M., was the electrical contractor.

J.B. Bottomas was resident engineer for Southwestern during construction of the plant, and Floyd Starks is the plant manager.

The public is invited to visit the plant Saturday and Sunday to learn even other facts of great interest. Tours may be made from 12 noon to 6 p.m. each day.

these desires and also what is wanted in the way of housing, paving and labor or employment agency.

Looking forward to the upcoming banquet, Melvin Rape, chairman asked for suggestions for ticket sales operations and type of menu desired.

Mayor Parley Myers spoke briefly concerning ideas of improvement in appearance of the city. Certain sites were suggested for condemnation.

Elmer Moore made the suggestion that art students be given the opportunity to paint murals on the sides of some of the more needful other buildings.

Moore also moved that the people of the community be given the opportunity to make suggestions or nominations for the annual Citizens Awards soon to be chosen. These suggestions should not be binding upon the committee, in that they should not have to confine themselves to those names only.

He further stipulated that persons who desire to make nominations for Citizen of the Year, Woman of the Year and Farmer of the Year, should send suggestions to "The Awards Committee," in care of the Chamber office, and that letters should be presented unopened to the Awards Committee.

Board members were in agreement that the Annual Meeting could be combined with the regular Board meeting in December.

Named as nominating committee to select new board members were Ken Burgess, Noack and Moore.

The December meeting will be held Tuesday, Dec. 10 at 7 a.m. in Hamill's Restaurant. All members are urged to be present. Interested citizens are cordially invited to attend.

Methodist Men Honor Lions

Olton Lions were guests Monday evening of United Methodist Men. The covered dish supper meeting was held in fellowship hall of the church.

Entertainment was provided by a quartet from Edmonson. Special guests for the evening were the Lions Sweetheart, Jenny Lynn Gunter, and Mayor Parley Myers.

Olton Lions voted to conduct Christmas tree sales. Trees are expected to arrive about Dec. 1 and will be offered only for a short time.

son, 20-8 and Mrs. Chitwood, 21-7.

Other contestants who missed just three games and their tie-breaker predictions were Coy Gullett, 22 points off, 20-10; Melvin Rape, 23, 22-13; Vince Hernandez, 25, 16-7; Dale Chitwood, 27, 14-7 and Monty Roberson, 34, 14-0.

Every contestant entering this week received a correct guess for the Nazareth-Happy game since that game was played Thursday, prior to the contest deadline.

Charles Didway maintained hold of first place in season standings although his lead was cut two points. He holds 126 correct guesses for the season. Jim Curtsinger and Coy Gullett are tied for the runner-up spot with 122 correct picks.

Contestants with 117 or more correct guesses for the season are listed elsewhere in this issue. No contestant should give up the competition. At least two contests remain to be graded and changes can still occur.
