VOLUME LXXI *** NWN SERVICE *** Memphis, Hall County, Texas THURSDAY AFTERNOON, August 31, 1961 *** TEN CENTS *** NUMBER 15

comes Mr. Boll Weevil to the cotton crops in this area. It has been found in fields in Hall County. Some are spraying their crops with DDT to cut short the devastation. All of us are hoping for a good crop this year. Damage will be slight if at all. It never before have crop been better.

first bale of cotton of the season was raised by James J. D. Evans, within the city limits, and several days ago. The bale weighed 461 pounds and was sold by M. C. Allen who paid \$50.00 per pound for same. With the kind of weather the next week, a lot of cotton will be gathered and ginning.

McElreath and Mrs. Floyd McElreath have offered to donate sand and gravel that may be needed in the erection of rest room building at City Park. Mrs. Anna McElreath offers a \$5 donation to the rest room fund; the Blades offer \$50, and the REA, \$100.00. The cost of rest rooms, connections, plumbing and pool, will run an estimated \$20,000. Due to the short time until the Hall County election, no attempt will be made to get the rest rooms now, but they will be accepted right when sufficient funds are secured, the work will be

meantime, it is presumed that all rest room facilities at City Swimming Pool will be for Hall County Days.

Jeff Fore had so much luck trying to raise enough chix to feed the picnic. Four heaves have been donated. Various other foods are being donated. Among the items is one made by Holmes for Mead's Bread to furnish bread for the occasion, and provide a public address. Let's hope that all Hall County and all former citizens of county will attend. Mrs. Laurell (Ellis) Caviness of Ark., and two children are this week. Her letter of two weeks ago in The Democrat was widely and commendably upon to the extent that she was invited to write us "Hill Billy letters" and we hope she will have an appreciative reading audience.

Bill Phleguer of West St. was asked, "What does your income tax dollar do?" He replied, "When I give the dollar, I never see it again." He went on to quote Ben Franklin who among other things said, "There are many other things which are much more grievous than paying government taxes. We are taxed twice as much by our idleness; three times as much by our pride; and four times as much by our folly, and these taxes the authorities do not ease nor deliver us by abatement." And now another tax—sales tax to us still more.

There is a letter from Versa (Baldwin) Dyer of Fort Worth to the Baldwin family. The husband and myself recently celebrated the 71st anniversary of our 71st anniversary for number 17th, and our family to meet in Memphis on September 16th for our family reunion. Therefore we plan to stay over for a picnic.

We wish to pay something on our bill and would like for you to accept the attached check to any way you and the company see fit. Will also try to find to make another cake. From the reports we have been getting in The Democrat on the anniversary celebration, am sure it will be a huge success as the last year. I can't tell you how much pleasure we get out of reading about the plans for this occasion. I have back so many memories of my childhood when my father and I were so very hard to help to Memphis where it would prosper. Prosperous City, and I remember so well his advice to his children and to others as well, to patronize your home town. Every thing would thrive and prosper.

WEATHER

FIRST GRAIN SORGHUM — Pictured above are the first cuttings of the 1961 grain sorghum crop to be brought to Memphis. J. D. Evans, pictured on the left, cut an average of 2,000 lbs. per acre from a 20-acre field one and one-half miles north of Memphis last Friday. The dry land field was planted April 10 and was all that was left of 250 acres which was hailed out in July. Pictured at right is Omer Hill, owner of Omer Hill Elevator in Memphis. Farmers are predicting a good yield from the grain sorghum crop this year.

Near 200 Farmers Vote In Referendum

Hall County wheat farmers voted 185 for, 13 against, in the 1962 wheat referendum, held at polling places in the county last Thursday. This information was announced this week by Lynn McKown, manager of the ASCS office here.

Over the nation, the referendum carried by 80 per cent. McKown pointed out that over twice as many persons voted in this year's referendum than in the past. Seventy-nine persons voted in the 1961 and 1960 referendums while this year 198 turned out to vote.

Since the quotas were approved by the necessary two-thirds, price support at the national average of \$2 a bushel will be available on 1962 wheat crop to those producers who comply with their 1962 farm wheat allotment and who participate in the special "wheat

stabilization program for 1962." "Wheat growers who cooperate with the special 1962 wheat stabilization program may earn payments for diverting a portion of their wheat acreage to conservation uses," McKown said.

It was also explained that the "15-acre exemption law" has been replaced. For 1962 the exemption for those who planted not more than 15 acres during any one of the three years 1959, 1960, 1961 will be decreased to 13.5 acres. For those who have planted less than 13.5 acres during any one of these years the exemption will be the highest planted acreage during any one of such years. Producers who have not grown wheat during 1959, 1960, or 1961 will not be exempt from marketing penalties if they plant wheat in the 1962 crop year without an exemption.

Services Held Today For James A. Evans

Services were held this afternoon at 3 p. m. at Spicer Funeral Home Chapel for James Anderson Evans, 74. Rev. O. B. Herring, pastor of the First Methodist Church, officiated. Burial was in the Lakeview Cemetery under the direction of Spicer Funeral Home.

Mr. Evans was born March 16, 1887, in Ganesboro, Tenn. A retired farmer, he had resided in Hall and Cottle counties since 1907.

Survivors are his two brothers, Thomas and John B. Evans, both of Memphis.

Pall bearers were Quilla M. Clark, J. B. Duren, John Capps, Joe N. Berry, J. W. Driver and R. S. Wansley.

Estelline School Homecoming To Be Held Saturday

The annual Homecoming activities of the Estelline School will be held Saturday, Sept. 2, in the high school building, according to officials.

Beginning the day with registration at 9 a. m., coffee and doughnuts will be served until noon in the Homemaking Cottage to all ex-students.

A noon meal will be served by mothers of senior students in the cafeteria.

At 1 p. m., an assembly will be held in the high school auditorium. Arthur Eddleman, Class of 1913, will give the invocation. The welcome will be presented by J. W. Coppedge, Class of 1934. Recognition will be given to the student coming the farthest distance and to the oldest ex-student. The honor class is 1931. A roll call of classes will be held with the business session following. A memorial service will also be held with silent prayer and the song, "God Shall Wipe Away All Tears," directed by Mrs. C. L. Sloan. Jake Morrison, Class of 1929, will give the benediction.

Class meetings will follow the business session.

All former residents, teachers, students and pioneer residents are invited to attend.

Increase Is Foreseen In Memphis Independent School Dist. Budget

Pep Rally To Be Held Thursday

A pep rally for all Cyclone fans will be held at the Cyclone stadium at 7:30 p. m. Thursday.

Music will be furnished by the Cyclone Band, and the Memphis High School cheer leaders will lead the assembly in yells.

Both the band and the school cheer leaders will accompany the football team to Tulia for the opening game of the season Friday night.

Lakeview School Voters Approve Tax Increase

Voters of the Lakeview School District voted 40 for, 11 against an issue to authorize the Board of Trustees to levy an annual ad valorem tax at a rate not to exceed \$150 on \$100 valuation of taxable property for the further maintenance of the school Saturday, Aug. 26.

"The administration of Lakeview School would like to express their appreciation to the community for their support of their school in helping to adequately finance the school program in the recent tax election," Superintendent (Continued on Page Twelve)

Two Percent Sales Tax Effective Friday, Sept. 1

The new state two per cent sales tax will go into effect Friday, Sept. 1. Right now it is a big problem to figure out just exactly what items are to be taxed, and which ones are to be exempted.

Most local merchants have a general idea of what they should collect on and until a definite list is published, customers will pay the tax on items the merchant has listed.

The tax will be collected on the following method:

Amount	Tax
\$.01 to \$.24	No tax
.25 to .74	.01
.75 to 1.24	.02
1.25 to 1.74	.03
1.75 to 2.24	.04

For each additional 50 cents of purchase, or fraction, there is an additional one cent tax.

"The tax hereby imposed shall be collected by the retailer from the consumer," states the law.

It was pointed out that the use of tokens or stamps in collecting the tax is prohibited, and retailers are forbidden to tell their customers in any way that the tax will not be added to the retail price or will be absorbed or refunded (Continued on Page Twelve)

The official budget for the Memphis Independent School District for 1961-62 was adopted recently by the Board of School Trustees.

The budget lists a total expenditure for the year of \$317,290.00 as compared with the total expenditure listed last year of \$293,850.00; showing an increase of \$23,440.00.

This figure includes: administration expense of \$21,045.00; instruction expense of \$214,278.00; pupil transportation, \$1,400; total operation of plant \$20,050.00; total maintenance of plant, \$7,500.00; total fixed charges, \$4,664.00; total student body activities, \$2,200; total capital outlay, \$9,500; total debt service, \$36,653.00.

Estimated revenues for the school year totals \$298,150.00.

The district expects to receive \$107,100.00 from local sources such as maintenance tax and debt service tax; \$400 from county sources; \$190,650.00 from State sources; and nothing from incoming transfers.

The \$190,650.00 from State sources is broken down into \$64,758.00 per capita apportionment, \$123,900.00 foundation fund salary and operation, \$992.00 vocational education, and \$1000 from NDEA and Civil Defense.

Under expenditures, salaries for administration personnel total \$16,875.00, instruction salaries total \$207,128.00. The expenditure increased \$23,440.00 over last year. Due to the recent pay raise (Continued on Page Twelve)

Cyclone, Tulia Hornets To Open Season Friday

The Memphis Cyclone will open its 1961 schedule against the powerful Tulia Hornet team at 8 p. m. Friday night at Tulia.

Tulia has been picked as a strong favorite over Memphis. However, indications are that the Cyclone will be a stronger team at the opening of the season this

year than they were last year.

The Cyclone will be handicapped without the services of Guard Dee Miller and QB Bunky Adcock. Adcock was admitted to a local hospital last Friday suffering from spinal meningitis. Miller's right wrist is in a cast. Coach Lambert stated that it is possible

that Miller will see action in the Tulia game.

Other than these injuries, the team is in good condition and has excellent spirit, Coach Lambert stated.

Probable starters in the Tulia game will be: Center Ronald Ables, 175 pounds; Guards Don Gailley, 165, and Dee Miller, 170; Tackles Dale Sexton, 226, and Rex Gresham, 195; Ends Dwight Gailley, 170, and Jackie Bridges, 170; QB Perry Wright, 145; FB Eddie Jones, 180; RB Bill Pounds, 170; and LH Doug Peters, 150. Probable starters in the defense line will be James Carrol, tackle, 200, and Mike Crow, corner back, 150.

Coach Lambert stated that he thought Tulia was one of the strongest teams the Cyclone will face during their season.

"Tulia has two of the best backs in the Panhandle," he said, "however, they lost some of their good linemen they had last season."

Memphis Cyclone line against Tulia will average 181 pounds, while the backs will average 161 pounds.

The local team will play its first home game against Estelline at 8 p. m. Friday, Sept. 8.

Estelline To Open Season With Price College, Fri.

The Estelline Bear Cubs will open their 1961 football season at 8 p. m. Friday, Sept. 1, with Price College at Amarillo.

The club will be under the guidance of the new coach, Jimmie Don Adams. The squad's 1961 schedule includes five home games and five out-of-town games. The team will play in a district composed of three schools, Matador, Turkey and Estelline.

Estelline Schedule

Sept. 1, Price College	There
Sept. 8, Memphis	There
Sept. 15, Vega	Here
Sept. 22, Rochester	Here
Sept. 29, Wheeler	There
Oct. 6, Lockett	Here
Oct. 13, Boys Ranch	There
Oct. 20, Matador	There
Oct. 27, Open	
Nov. 3, Turkey	Here

INTRODUCING THE 1961 CYCLONE — Pictured above is the 1961 Cyclone team composed of 19 athletes. Bunky Adcock, quarterback for the squad, is not pictured due to a recent illness. On the first row from left to right are: Back, Bill J. Pounds, 40; End Jackie Bridges, 80; Lineman Larry Wynn, 61; Lineman Dee Miller, 63; Back Mike Crow, 41; Lineman Jerry Beasley, 62; and Asst. Coach Bob Martin. On the middle row from left to right are: Lineman Don Gailley, 60; Lineman Rex Gresham, 74; Lineman Dale Sexton, 73; Lineman Donny Bridges, 51; Lineman B. H. Cook, 70; Back Perry Wright, 10; Back row from the left are: Coach Don Lambert, Back Eddie Jones, 30; Lineman James Carrol, 71; End Dwight Gailley, 81; Center Ronald Ables, 50; Lineman John Lemons, 72; and Back Doug Peters, 20. Team captains are Bunky Adcock, Eddie Jones and Don Gailley, all seniors. Other seniors are Dee Miller, Perry Wright, Ronald Ables, and Doug Peters.

Cafe Operators For 38 Years

Mr., Mrs. B. H. Hayes Set Record as Long-Time Business Owners

Few persons, if any, in this area can excel the record set by Mr. and Mrs. B. H. Hayes—they have operated a cafe in Memphis for the past 38 years and from the same place of business on the west side of the square for the past 24 years.

As is their custom each summer, the cafe is closed for a short period and during that time the interior is usually freshened up with new paint. This summer was no exception; however, a new front was added along with re-modeling the interior of the building.

After a two months vacation, Mr. and Mrs. Hayes said Monday they were glad to be back at work and happy to see all their friends again. Usually they go to Tennessee during their vacation, but settled for shorter trips this year and did some fishing on the side, which is one of Mr. Hayes' chief hobbies.

Looking back, Mr. Hayes said he came to Hall County in 1913 and took a job with W. P. Dial working on the ranch. After two years, he moved into Memphis and went to work for Bill Goodnight in the produce business.

But after a year in the produce business, he took a job which led to his life's profession of cafe operator. He went to work for Carl Lemmon in a Hamburger Wagon and worked there for three years. He later worked a

BRIDE HONORED—Mrs. Jimmy Bradshaw, nee Ouida Massey of Dumas and formerly of Memphis, was honored with a coffee recently with 400 guests attending. The event, given by her mother-in-law, Mrs. Leo Bradshaw, was held in Waco where the honoree and her husband will live. This is the third such event given by the hostess for a daughter-in-law. From left are the three daughters-in-law, Mrs. Leo Bradshaw, Jr. the honoree and Mrs. Bob C. Bradshaw.

Foster Watkins of Wichita Falls was a business visitor in Memphis over the weekend. While here he also visited relatives and played in the golf tournament at the Memphis Country Club.

Ronald Davidson of Abilene is a guest in the R. C. Lemons home this week.

Miss Bobby Lemons is enjoying a few days vacation here with her parents, Mr. and Mrs. R. C. Lemons between semesters at McMurry College. Bobby completed her practice teaching during the summer session and will be enrolled as a senior at McMurry this fall.

Mr. and Mrs. Bobby Helm and family of Pampa are visiting here this week with their parents, Mr. and Mrs. Marz Spencer and at Newlin with his parents, Mr. and Mrs. J. M. Helm Sr.

Mr. and Mrs. Clinton Voyles and Nancy and Carol visited at Sentinal, Sayre and at Quartz Mountain Lodge Friday and Saturday.

Mr. and Mrs. J. S. Hinds daughter Nancy of Silerton Memphis visitors Monday. Mrs. Hinds formerly taught the Quail Schools, but now teaching in Silerton.

Mr. and Mrs. Claude E. visited in Amarillo Sunday their son, Mr. and Mrs. Bill and family and with their daughter and son-in-law, Mr. and Mrs. Durwood Henderson.

Mr. and Mrs. Herman V. and family returned home Sunday following a two-week vacation. While gone they visited at South Fork, Colo., Eagle and Taos, N. M.

Billy Thompson was a visitor in Dallas from Sunday Wednesday. Mrs. Thompson to Dallas on Monday and accompanied her husband home.

year for Jones Cafe, and then he took over the Busy Bee Cafe which he operated for 14 years.

In 1937 Mr. and Mrs. Hayes opened their present business on the west side of the square.

"Many people have worked for us during the past years," Mr. Hayes said. "Among those were our own girls and another which we consider a favorite, Mrs. Alma Weir, who has worked for us at various times since 1928."

Time To Get Heaters Ready Says Gas Co.

Lone Star Gas Company this week reminded local residents that now is the time to have gas heating equipment inspected and pilots lighted before the temperatures begin to drop.

All users of gas central heating systems, floor furnaces, wall heaters, unit heaters and other gas equipment should call a heating contractor or Lone Star Gas Company now to avoid any delay in having their equipment serviced.

CARD OF THANKS

We want to thank Dr. Clark, all nurses and cooks for the wonderful service I got while in the hospital. Also, Bro. Herring, Mrs. Herring and all the other visitors.

The W. L. Gardenhires

Airman Second Class and Mrs. Charles Holt and Donna attended the wedding of Mrs. Holt's sister, Miss Elvira Sahagun to Frances E. Williams in Amarillo Saturday. Mrs. Holt served as her sister's

Locals and Personals

Airman Second Class and Mrs. Charles Holt and Donna of Clarksdale AFB, La., are home on leave visiting with their parents, Mr. and Mrs. H. A. Holt and Mr. and Mrs. Lupe Sahagun. They visited in Amarillo Friday night with Mr. and Mrs. Bobby Scott.

Mr. and Mrs. Wayne Brown of Omaha, Nev., visited here Sunday night with Mr. and Mrs. O. L. Helm and family. Mrs. Brown and Mrs. Helm are sisters.

Art Richards of San Francisco returned here after the funeral of his wife to spend an indefinite time with his parents, Mr. and Mrs. W. W. Richards.

Jim and Nell Beeson spent the past weekend in cool Colorado.

Mayor Cearly R. Kinard and family and Dwight L. Kinard and family of Abilene spent the weekend here with their mother, Mrs. D. L. C. Kinard, and sister, Mrs. Ace Gailey and family.

Mr. and Mrs. Rex Rea, Mr. and Mrs. H. A. Holt and Mrs. W. C. Whitfield were business visitors in Amarillo on Friday of last week.

Mr. and Mrs. W. H. Adams enjoyed a visit from their son and family of Amarillo Sunday.

Mr. and Mrs. Wayne Saunders and family of Amarillo visited here over the weekend in the home of his parents, Mr. and Mrs. J. R. Saunders and attended the Joutett family reunion at the City Park.

Mr. and Mrs. Douglas Lawrence and David and Lisa of Dumas visited here over the weekend with their parents, Mr. and Mrs. Johnnie Brewer and Mr. and Mrs. Ira Lawrence.

Mr. and Mrs. W. H. Butler and daughters, Susan, Sharon and Tami of Arlington visited here over the weekend with their parents, Mr. and Mrs. J. R. Saunders and Mr. and Mrs. J. H. Butler. While here they attended the Anthony family reunion.

ESTELLINE NEWS

Friday.

Mr. and Mrs. L. E. Greeson of Memphis visited in the home of their daughter and husband, Mr. and Mrs. Cap Orcutt.

Recent guests in the home of Mr. and Mrs. Erbin Gilbert were Mr. and Mrs. A. B. Stuart of Amarillo and the Erbin Gilberts are planning a trip to Silsbee, Tex., to visit Mr. and Mrs. J. T. Gilbert and family.

Mr. and Mrs. J. E. Hudlow, Mr. and Mrs. Ted Hudlow, Jan and Jay Edward have returned from a vacation at Red River, N. M.

Kenny Gilbert of Bakersfield, Calif., is visiting his grandparents, Mr. and Mrs. Erbin Gilbert.

Mrs. R. J. Gilbert has returned from visiting her son, R. J. Gilbert, and family in Amarillo. While there, she visited other relatives also.

Mr. and Mrs. Son Wade have been in Honey Grove with her father, who is seriously ill.

Mr. and Mrs. Elam Orcutt and his sister, Mrs. E. E. Koeninger and family are vacationing at Buchanan Dam. The group plans to return via Arlington to visit with another brother, Collie Orcutt and wife.

Gary Walker has been a patient in a local hospital.

Mr. and Mrs. Dee Walker visited their daughter, Mrs. Bennie Nelson and husband in Dimmitt over the weekend.

Mrs. Mary Hood, Brenda and Sandra of Electra visited here last weekend.

Mr. and Mrs. James Roberts and Rod of Quitaque visited her parents, Mr. and Mrs. Joe Eddins and Donna Sue recently.

New families enrolling children in school this year are Johnsons of near Gilpin, Easleys from Tell, Dunlops from Hulver Store, Lonnie Shawhart on the Mutt Mc Clendon farm, Dunlops on Milford farm, and the W. M. Gowdy, Jr., family who have purchased the Texaco Station.

Jenne and Gene Bruce returned to Amarillo after a lengthy stay with their father, Ted Bruce, and grandparents, Mr. and Mrs. Leslie Bruce of Parnell.

Visitors in the Ben Jackson home several days have been her sister and husband, Mr. and Mrs. A. A. Vermillion of Wichita Falls. While here, the group visited a brother and wife, Mr. and Mrs. S. P. Greenwood, in Alanreed.

Laynette Seay, who is attending North Texas University in Denton, is home with her parents, Mr.

HALF-PAST TEEN

and Mrs. T. H. Seay, and Elaine. The Gary Joe Rogers of Clarendon are the parents of a daughter born Wednesday.

METHODIST S. S. CLASSES ENJOY SWIMMING PARTY

The Primary and Junior Sunday School classes of the Methodist Church attended a swimming party in the City Park pool in Memphis Sunday, Aug. 27, at 2:30 p. m. Those attending were: Mmes. Lonnie Richburg, and R. V. Wood; also Marsha Helm, Cherri Rapp, Bob Wood, Anne Rapp, Kelly Hutchins, Jan Rapp, Debbie Hawkins and Mike Wood.

In a one-month period last year, official motor vehicle inspection stations in Texas checked over 268,000 vehicles. Of these, over 36 per cent needed adjustment or repair for safe operation, 9 per cent needed brake adjustment or repairs, 20 needed headlight adjustment or repair. Average per car cost, including inspection fee, was \$2.06.

A \$3.15 license is required of every Texan between the ages of 17 and 65, who hunts outside his county of residence. A license is required of every Texas citizen hunting deer or turkey anywhere in the state.

Hunters have been asked to observe all safety measures while in the field. Conservation officers say never point a gun at anything you do not want to kill.

It is unlawful in Texas to take any game bird by net or trap.

Any person convicted of violating any Texas game law may forfeit his hunting license and all hunting rights for one year from date of conviction.

Special hunting regulations may differ from county to county, so be sure to consult a Game and Fish Law Digest or a local conservation officer before entering the field.

SENATOR

Yarborough's Report

My amendment to provide a possible death penalty for aircraft hijacking was passed by the Senate, and the House passed it in almost identical form by a resounding 375-to-3 vote.

There are some minor differences in the Senate and House versions but the essential features of the bill are intact.

The bill would provide for a death penalty on recommendation of a jury if force, violence or the threat of force or violence had been used to seize a plane. There is an optional scale of lesser penalties, down to 20 years imprisonment.

If an airplane crew member is attacked, for example, the attacker could get 20 years imprisonment or a \$10,000 fine.

By this legislation, Congress is serving notice that the atrocious crime of plane hijacking is going to be something far more dangerous than a swift flight to the sheltering arms of the Cuban Communist regime of Fidel Castro.

Piracy on the high seas was a heinous crime. But it was nothing compared to the danger in the skies when armed men who know nothing of flying seize control of a plane and crew.

The spectacle of scores of our citizens held captive on planes moving several hundred miles an hour, four of five miles above the earth, and with the pilot helpless at gunpoint, demanded preventative legislative action.

The legislation will serve as a powerful deterrent to would-be plane hijackers. The El Paso hijacking incident may never have occurred if the men who plotted to seize the plane had known they would face the possible death penalty.

Another measure which I introduced in the Senate has also been approved by the House. My bill now to be law, is important to the Gulf Coast shrimping industry.

The bill clarified a law that might have seriously interfered with the shrimp industry, by au-

thorizing fishing vessels to take the catch of another fishing vessel aboard on the high seas and transport it free to a U. S. port.

This enables one boat of a fleet to bring in the catch of the entire fleet without thereby becoming an importer.

The practice of transferring cargo had already been in effect but a strict interpretation of the law would have prevented it, and would have seriously interfered with shrimp fishing.

More than 4,523,000 licensed Texas drivers drove more than 4,660,000 registered motor vehicles more than 46.3 billion miles in 1960 to set a new all-time record for motor vehicle miles driven in a single year.

Personal injuries in 1960 Texas traffic dropped to 239,000 from the all-time record of 260,000 in 1959, a reduction of 8 per cent.

Report From Washington

By WALTER ROGERS
Representative, 18th
Congressional District

Exports

Exportation of goods from this county to members of the Sino-Soviet bloc has been the subject of much discussion in recent weeks. The export problem as a general matter is not new. Its proper handling requires continued vigilance both with regard to exports to nations whose government ideologies are opposed to ours, as well as to friendly nations. In 1949 the Congress passed a law dealing directly with this problem. It is popularly called the Export Control Act of 1959. The second section of that Act spells out a declaration of policy, which I quote as follows:

"Congressional declaration of policy:

"The Congress declares that it is the policy of the United States to use export controls to the extent necessary (a) to protect the domestic economy from the excessive drain of scarce materials and to reduce the inflationary impact of abnormal foreign demand; (b) to further the foreign policy of the United States and to aid in fulfilling its international responsibilities; and (c) to exercise the necessary vigilance over exports from the standpoint of their significance to the national security."

This is a clear statement of policy to which everyone could subscribe. The question, therefore, is whether or not this policy has been and is being carried out. Congress intends to find out, if the House passes H. Res. 403 (Kitchin, D., N. C.), which was passed by the Rules Committee on August 23, 1961. This is a resolution creating a Select Committee to be composed of five Members of the House of Representatives for the purpose of assessing the accomplishments under the Export Control Act in a number of particulars, especially "The problems involved in the control of trade between the United States and foreign countries, particularly the foreign countries

comprising the Sino-Soviet bloc." This resolution was introduced by Congressman Paul Kitchin of North Carolina on August 3, 1961, and was approved by the Rules Committee on August 23, 1961. It is expected that it will be presented to the House and passed before the end of this session.

Many recent developments caused consternation among the Members of Congress as to the manner in which our export trade was being conducted. We felt that, in keeping with the Congressional declaration of policy, full and complete information on all of these matters should be constantly available to the Congress. Charges and countercharges as to the shipment of strategic materials to the USSR required a full report to the American people on the subject matter. Especially was this true with relation to statements that U. S. wheat was being shipped to the Soviet bloc at bargain basement prices. There were also the charge that certain machines for the production of miniaturized ball bearings were being shipped to Russia. These are only two of the many matters involved in the general discussion, but I point them out because I have specific information on both.

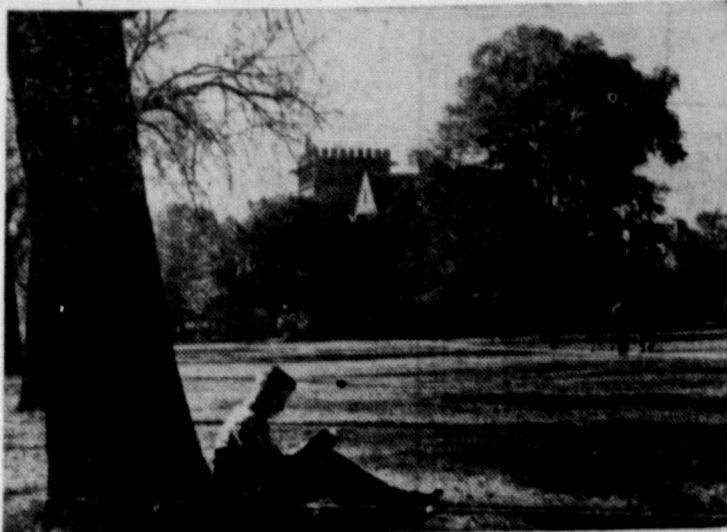

With relation to the proposed export to Russia of the machines for the production of miniaturized ball bearings, there was an export license issued in February of 1960. However, this license was subsequently suspended and the matter was restudied. After considering all facts involved, the Secretary of Commerce revoked the license as of March 2, 1961. THESE MACHINES WERE NOT SHIPPED TO RUSSIA, ACCORDING TO THE UNITED STATES DEPARTMENT OF COMMERCE, AND WILL NOT BE SHIPPED.

Now, with relation to the shipment of wheat and other subsidized agricultural products at bargain basement prices—I have been advised by the Department of Commerce that the only authorization for the sale of sur-

AMERICANA

College Notebook

Bradley University

Bradley University is located in Peoria, Illinois, a city of nearly 250,000 population, mid-way between Chicago and St. Louis. The campus occupies some fifteen square blocks overlooking the city and the Illinois River valley.

Bradley University was founded in 1897 as the result of the generosity of Mrs. Lydia Moss Bradley, a woman of wealth and vision who called upon several of America's most distinguished educators as advisors in planning the school.

At first, Bradley was a four-year academy offering an additional two years of college work. In 1920 the four-year college program was started and the academy discontinued. In 1946, Bradley was accredited as a university granting the master's degree.

Today, Bradley includes seven colleges: The College of Liberal Arts and Sciences, the Bennett College of Industrial Education, the College of Business Administration, the College of Engineering, the College of Education, Peoria College (for pre-professional and two-year terminal students), and the Evening College. The University also includes the Graduate School, the School of Art, the School of Music, the Institute of International Studies, the School of Speech Therapy, and the Summer Session.

Buildings on the campus include two original structures, Bradley Hall and Westlake Hall, plus the

plus commodities to the Eastern European Soviet bloc was on three conditions. First, the sale must be at prevailing world market prices. Second, the merchandise must be paid for in dollars or in currency convertible to dollars. Third, exporters must obtain commitments

from importers in the bloc countries that the commodities would not be re-exported to another country. Whether or not these conditions are distasteful to potential exporters and importers is not readily discernible. HOWEVER, THE DEPARTMENT OF COMMERCE ADVISES ME THAT AS A MATTER OF FACT, IT HAS NOT RECEIVED ONE SINGLE APPLICATION FOR AN EXPORT LICENSE TO SELL SUBSIDIZED SURPLUS AGRICULTURAL COMMODITIES TO ANY COUNTRIES IN THE SOVIET BLOC. HENCE, NO SUBSIDIZED COMMODITIES HAVE BEEN SHIPPED TO THE SOVIET BLOC, NO EXPORT LICENSES HAVE BEEN REQUESTED AND NONE HAS BEEN GRANTED FOR SUCH SHIPMENTS.

This information that has come to me from the Department of Commerce is, in my opinion, information that is of vital importance to the people of our area, including the many who have written me on both subjects.

Mrs. Charlie Wisenberg and children of Dallas visited here over the weekend with their parents and grand parents, Mr. and Mrs. Hollis Boren.

Mr. and Mrs. Seth Watts of Craig, Colo., visited here over the weekend with their sons, Steve and Don Watts.

Mrs. J. H. Norman, accompanied by her daughter, Mrs. Eloise Shipp of Midland, left Saturday for Dallas where she will enter the hospital for medical treatment.

NEWLIN

Sunday Mrs. T. K. Wilton had several of her relatives in for a good old visiting and "I remember when." Those who came were H. A. Nelson of San Marcos, Ruben Meeks, John, Sara and Charles of Houston, Mrs. C. T. Read and Annie Margaret Turner of Lubbock, Mr. and Mrs. Bill Ross of Chil-dress, Mr. and Mrs. Cecil Lockhart, Mr. and Mrs. J. O. Cobb and grandchildren, Lois Ann, Steve and Debbie, Mr. and Mrs. J. N. Helm, Jr., and Jane, Miss Agnes Nelson of Memphis and Mr. and Mrs. A. M. Sims.

Mr. and Mrs. W. D. Stewart, Mrs. Donnie Collins were Stinnett business visitors Friday.

Mrs. Stella Phillips visited Mr. and Mrs. S. P. Phillips, Mr. and Mrs. Barney Russell in Estelline recently.

Carolyn Hoover went to Canyon last week on business.

Mr. and Mrs. Hubert Wells, Sonja Gayle Gresham of Quanah were Newlin visitors Thursday night.

Mr. and Mrs. A. H. Jones of Estelline visited Inez McCraw Tuesday afternoon.

The Newlin Progressive Club will meet with Mrs. D. W. Lawrence Sept. 5.

Mrs. Mona Clark and two daughters of Lakeview and Mrs. J. W. Longshore of Memphis were recent guests of Mrs. Lelia Hughs. Mr. and Mrs. Ralph Pavaland,

their daughter, Kay, and her new husband of Lawton, Okla., were weekend guests of their parents and grandparents, Mr. and Mrs. D. W. Lawrence.

Mr. and Mrs. Will Smith went to Lakeview to see their daughter and husband, Mr. and Mrs. D. M. Hancock, Saturday.

Guests in the home of Mr. and Mrs. Will Smith this last week were his brother, Alvin Smith, Arlington; brother-in-law, H. H. Fish, and grandson, Bill Prater of Paducah; Mr. and Mrs. Elmer Gardenhire and Mrs. Lelia Hughs. Mrs. Jess Cornelius and a friend of Houston came by Thursday to see Mrs. John Hoover.

Mr. and Mrs. J. N. Helm, Sr., had most of their children home Sunday. Present were: a daughter and family, Mr. and Mrs. Clyde Smallwood and daughter of Liberal, Kans.; Mr. and Mrs. Leon Helm and Mike; Mr. and Mrs. George Helm and Marsha; Mr. and Mrs. Dude Helm and Janie; and their son and family from California.

Mr. and Mrs. O. S. Misenheimer visited in Lakeview with her brother and wife, Mr. and Mrs. Worth Howard Sunday.

Mr. and Mrs. Schyler Ballard of Plainview were Newlin visitors recently.

Mrs. Ruth Misenheimer visited her sister at Lazzbuddie Wednesday.

Mr. and Mrs. M. F. McKinney spent last Saturday in Amarillo.

Helm Families Enjoy Vacation To California

Mr. and Mrs. J. N. Helm, Sr. and Mrs. Leon Helm, Jr. and Mike and Miss Judy Smallwood recently returned from a three-week vacation in California, Utah and Colorado.

In California they visited their son and brother, Fred, and Mrs. Jack Helm and children, and also enjoyed sight-seeing. While there they visited the land, Marineland, Farmer's Market, Santa's Village, Knott's Farm and San Clemente and across the border in Mexico.

They also enjoyed the game between the Los Angeles Dodgers in Los Angeles and visit in Sacramento where Helm's nephew, Charles L. Roe and family.

Also visiting in the home of Mr. and Mrs. Helm were old G. Smith and children Van and Lisa of Escondido.

Mr. and Mrs. Elmore B. visited in Hollis, Okla., with his parents, Mr. and H. T. Branigan.

Mrs. Florence Fitzgerald daughter Kathryn of A. visited in Hollis, Okla., with his parents, Mr. and H. T. Branigan.

Home Safety Program Kickoff Due Sept. 1

around home safety pro-
gram will be launched September
1 by the Lone Star Gas Company and
the Memphis Democrat.
The National Safety Council find-
ings show that home ac-
cidents are the leading cause of
death and disability in the
United States. They are available to interested
companies and groups desiring to
conduct home safety meetings in
their plants and may be obtained
from Lone Star's office at 119
South 6th Street.

Dr. A. Baldwin, Jr.
Becomes Chief
Of Proctology

Betty Lemons To Be Employed In Washington D. C.

Betty Lemons, daughter of Mr.
and Mrs. R. C. Lemons, left Sun-
day for Washington, D. C., where
she will be employed.

A teacher in Lubbock's Mon-
terey High School last year, she
will now be employed in the exe-
cutive offices of the Methodist
Church.

IN MEMORIAM

Our next-door neighbor, Mrs.
Ollie Tribble, died August 23. We
have lived side by side thirty
years.

The house is closed, the win-
dow shades are down, and all is
quiet. We miss her so much. Dug-
ing our illness, she always came
in the back door, and I can hear
her say, "How art you?" She was
a good neighbor, a good Christian
and when I meet her up yonder,
I want to hear her say, "How Are
You?"

Mrs. W. B. Funk

Mrs. Jack Bumpass of Farmers
ville is visiting here this week with
her sister, Mrs. D. A. Neeley.

Jimmy Fields, Jimmy Roden,
Phil Howard and Donald Widener
enjoyed vacationing at Red River,
N. M. last week.

Dr. A. Baldwin, Jr. Becomes Chief Of Proctology

Dr. Alvin Baldwin Jr. of Dallas
brother of Mrs. T. L. Rouse and
Byron Baldwin, became Chief of
Proctology on July 1, succeeding
Dr. Curtis Rosser who resigned ef-
fective on that date.

Dr. Baldwin is a graduate of
Memphis High School, Baylor Uni-
versity and Baylor University of
Medicine. He served his junior
and senior internship at Charity
State Hospital in New Orleans,
La. He did post graduate work at
the Graduate School of Medicine,
University of Pennsylvania, in
Philadelphia.

Dr. Baldwin is, an has been for
many years, Associate Professor
of Proctology at Southwestern
Medical School. He is a past pre-
sident of the Dallas Southern Clin-
ical Society and holds membership
in a long list of organizations, in-
cluding the American Medical As-
sociation, American Proctologic
Society, American College of Sur-
geons, Texas State Medical As-
sociation, Dallas County Medical
Society, Southern Medical Assoc-
iation, Texas Society of Gastro-
enterologists and Proctologists,
Dallas Southern Clinical Society,
past president of staff of Baylor
University Hospital, and member
of Midwest Proctological Society.

Dr. Baldwin was admitted to
the Baylor Staff in September
1943 and is a past president of the
group. He is also on the attending
staff of St. Paul's, Methodist,
Gaston and Parkland Hospitals.

Dr. and Mrs. Baldwin reside
with their three daughters, Jennie,
11, Molly, 12, and Patsy, 18, at

Presbyterian Youth Attend Study Conference

Three youth from the local
Presbyterian Church are in San
Antonio this week attending a
Study Conference of the United
Presbyterian Youth of the Synod
of Texas. Going from here were
Misses Leslie Helm, Celia Leslie
and Allyn Harrison.

The conference is being held at
Trinity University. The session
opened on Sunday and will con-
tinue through Friday.

The purpose of the meeting is
to explore depths of Christian
Faith with Dr. John S. Jansen ser-
ving as study conference leader.

Theme for the six-day confer-
ence will be Modern Rivals to the
Christian Faith.

Mrs. J. W. Oliver is visiting
her daughter, Mrs. R. A. Wells
and family in Amarillo, and a sis-
ter-in-law in Plainview this week.

Mrs. Jo Ann Hamill and chil-
dren of Lubbock visited here over
the weekend with her father, Mr.
and Mrs. Bill D. Hart.

John D. Clark of Dallas is vis-
iting here with his mother, Mrs.
R. E. Clark and other relatives.
Mrs. Clark and children, who have
been here for the past three weeks
will accompany him home later
this week.

Mr. and Mrs. Olton Pate and
family and Mr. and Mrs. James
Bray and family have returned
home following a vacation trip to
Hot Springs and Eureka Springs,
Ark., and Missouri.

Mrs. Guy Ward of Amarillo
visited with her sister, Mrs. W. L.
Gardenhire, this week.

Mr. and Mrs. W. W. Blair of
Petersburg visited in the home of
the W. L. Gardenhires recently.
Mrs. Blair is the sister of Mrs.
Gardenhire.

Mr. and Mrs. B. F. Davis and
W. A. Davis were visitors in the
Robert Milton home Sunday after-
noon.

Miss Helen Madden left Monday
for Geneseo, Ill., where she
teaches in the high school. Miss
Madden had spent the summer
here with her mother, Mrs. R. L.
Madden.

Mrs. Reba Stroehle visited in
Midland over the weekend with
her daughter and son-in-law, Mr.
and Mrs. Marvin Smith. Mrs.
Carrie Belle King accompanied
her to Odessa where she visited
with her sister.

Rev. and Mrs. Eddie Hundley
and Mark and Majetta of Galves-
ton visited here last week with
Mrs. Hundley's parents, Mr. and
Mrs. Aldon Edwards and daughter
Jo Ann.

Mr. and Mrs. Ray Crawford and
family of Lubbock visited here
over the weekend with Mrs. Craw-
ford's parents, Mr. and Mrs. E.
S. Morrison.

M. and Mrs. B. F. Davis of
Lakeview toured in parts of New
Mexico and Colorado last week.

Recent guests in the home of
Mr. and Mrs. E. C. Barnett were
her children, Babe Duncan and
family of Denver, Colo.; Guy Dun-

NOW'S THE TIME to save more truck dollars on the more-for-your-dollar trucks!

THE AMERICAN TOBACCO CO.

Around and About

By HELEN COMBS

Taxes, Taxes, Taxes . . . and what items to collect on—and what system to set up for collecting in your particular business was the chief topic of conversation about town this week. This is all due to the state sales tax which goes into effect Friday.

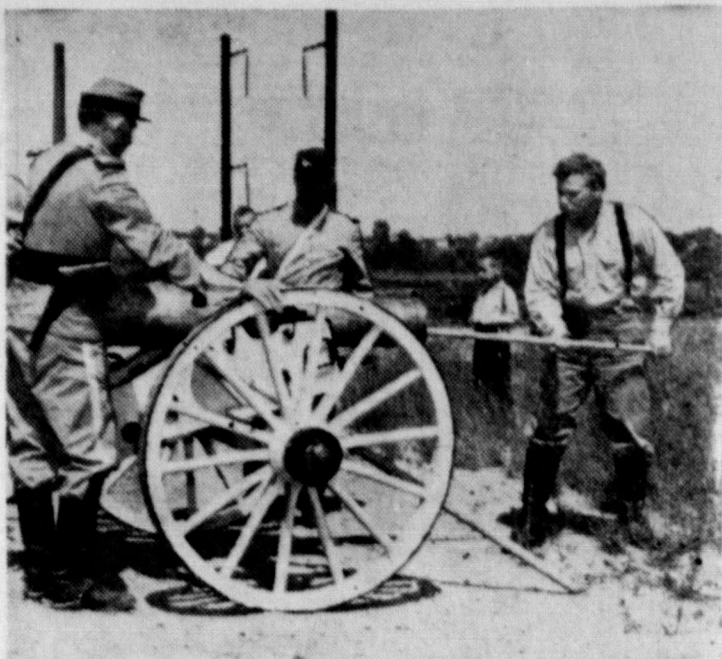

Like all other businesses we are going to have our individual problems here at the office: such as, collecting tax on in-state subscriptions and none on out of state. Even at that, we know that our problem will not be as great as some other firms that handle many more taxable items than we do.

Today marks the beginning of a new school term, and tonight the introduction to the football season with a pep rally at the Cyclone Stadium. The time is 7:30. The Cyclone Band will be there to play; so take the family out and let everyone enjoy the music and the cheers. I know our Debbie and Kent will enjoy the rally.

Full introduces all kinds of activities and this year two new forms of entertainment are being provided . . . a modern bowling alley of which the whole county can be proud. We understand it will be open within a few days—possibly Saturday. Then, for the first time, Duplicate bridge will be introduced in Memphis. We have been informed that Mrs. Sam Moore plans to start classes about mid-September. Mrs. Moore has recently moved to Memphis, and is a sister of Mrs. Roy Guthrie and Mrs. Ernest Lee.

Few cafe owners, if any, can equal the record of Mr. and Mrs. B. H. Hayes. They have operated a cafe in Memphis for the past 38 years—and 24 of those years in the same building on the west side of the square. It would be interesting to know just how many meals they have served to their friends and customers during that time.

Thinking about food reminds us of the picture we published recently of a 32-pound banana pumpkin grown by Mrs. F. G. Watkins. Peaches Harrison, who was visiting in California at the time with former Memphians, said the vegetable is grown in abundance there, and is sold in all the markets, but it is called the banana squash. In fact, she had already enjoyed several dishes made from the vegetable when the paper arrived . . . and she brought

BATTLE RE-RUN . . . Corporal Thomas Taylor packs new iron cannon ball and black powder charge into barrel of a rare Confederate howitzer, preparing for re-enactment of the Battle of Bull Run.

Will Wilson Advises On Hall County Hospital

Attorney General Will Wilson in a recent letter gave an opinion to Hall County officials on legal matters pertaining to the County Hospital.

The opinion was submitted in a letter addressed to County Attorney Sim Goodall.

The questions submitted were as follows: No. 1. Is the commissioners court authorized to purchase existing hospital facilities

several of Mrs. R. E. Martin's recipes home with her. Now if Mrs. Watkins would like to distribute some of her seed to friends here, we will be glad to hand them out for her at the office.

Can you remember—Five most important words—I am proud of you.

Four most important words—What is your opinion?

Three most important words—If you please.

Two most important words—Thank you.

Least important word—I.

Today's chuckle: Tenderfoot: "How can I tell mushrooms from toadstools?" Second Class Scout: "Eat some before you go to bed. If you wake up the next morning they're mushrooms."

with the proceeds from the sale of hospital bonds?

No. 2. Is the commissioners court authorized to employ an attorney at the rate of \$20.00 per hour to investigate the problems with regard to the construction of a county hospital and to advise the court on legal issues? This legal fee to be paid by the county.

No. 3. Out of which funds will the attorney's fee be paid?

No. 4. Is it practical or legally possible to establish a hospital district within the boundaries of this county this year?

No. 5. May the commissioners court delay the construction of a county hospital until such time as a hospital district is established?

No. 6. Are the tax consequences and other facts stated in the enclosed financial analysis prepared by the attorney by three of the commissioners correct?

Atty. Gen. Wilson gave the following opinion on the above questions:

No. 1. "The power of commissioner's courts in regard to county hospitals are found in Article 4478, Vernon's Civil Statutes. Explicit power to 'Purchase or erect all necessary buildings' as is set out in that article, seems to us the clearest authority for the purchasing of existing hospital facilities."

No. 2. "In answer to your second question we are of the opinion that the employment of an attorney in this instance was authorized. While a commissioner's court may not retain an attorney for general legal service, it may

Harold Rampy, Former Lakeview Resident, Dies

Harold Rampy, 31, who was reared at Lakeview, died Friday at his home in Dallas after a four-month illness.

Mr. Rampy was machine accounting superintendent for the Southern Union Gas Company and had lived in Dallas for five years. He was born in Clarendon and

employed an attorney for service in a particular matter that is of unusual public importance.

No. 3. "Fee for such legal services should be paid from county's general fund."

No. 4. "Your fourth and fifth question relate to the establishment of a hospital district in Hall County. According to the United States census of 1960, Hall County's population is 7,322. Legislation permitting the creation of hospital districts does not apply to counties with a population of less than 190,000 other than Galveston County. Although special provisions for the establishment of hospital districts in certain specified counties have been enacted in recent years, Hall County is not one of those so favored."

No. 5. "Your sixth question is not within our province. This office is authorized to render opinions of law only."

In making a summary of the questions, Atty. Gen. Wilson said, "The commissioners court of Hall County is authorized to purchase existing hospital facilities for use as a county hospital; and to employ an attorney for the special purpose of advising the court in regard to legal matters relative to the construction of such county hospital. Fees for such legal services should be paid from the county's general fund. No authority exists for creation of a hospital district in Hall County."

YOU'LL NEVER GET HOOKED... IF YOU STICK WITH REGULAR PAYROLL SAVINGS!

Buy U.S. Savings Bonds REGULARLY

moved with his parents to the Lakeview community where he was reared. He was a graduate of the Lakeview High School and Texas Technological College. He received outstanding honors in 4-H Club work in Hall County.

He served in the U. S. Air Force during the Korean War.

Services were held at 3 p. m. Sunday at Lamar & Smith Funeral Home in Dallas. Rev. Claude Stinson of Oak Cliff Christian Church where Mr. Rampy was a member officiated.

Graveside services were held at 2 p. m. Monday in Clarendon with Rev. Paul Hancock, minister of the Christian Church, officiating.

Survivors include his wife, Betty, and a daughter, Karen, all of Dallas; his parents, Mr. and Mrs. O. B. Rampy of Lakeview; a sister, Mrs. Ben Moss of Memphis; a grandmother, Mrs. S. D. Churchman, of Clarendon; a niece, Laura Sue Moss of Memphis, and a nephew, Larry Moss of Memphis.

Pall bearers were class mates of the deceased and included: K. D. Nabers, Carroll Fowler, Don Hillis, Don Hancock, Bill Fowler, Wayne Adams, David Horace DuVall and Jiggs Mann.

Farm Facts

Planting seed is no little item on the list of production expenses showing up on the U. S. farmer's balance sheet. The amount of seed bought annually in the past few years has averaged about \$530,000,000.

Efficient farmers, however, consider the money spent for high-grade planting seed a sound investment. They realize that plant breeders have spent years developing and improving varieties.

Hybrid corn is a good example. Average retail price paid by farmers for hybrid corn has been about \$11 a bushel. In 15 years, however, hybrid seed corn jumped U. S. corn yields by 45%.

All of us are reaping the benefits of plant breeding. Good seed, for example, assures vegetable growers of a high quality, uniform product. These vegetables end up in the produce bin at your supermarket.

Commercial vegetable seed growers, according to the U. S. Department of Agriculture, usually account for 95% of the total commercial production

Farmers spend more than \$530,000,000 annually for seed.

of vegetable seeds. Their output in 1955 amounted to more than 128,000,000 pounds of seed—ranging from 20,524,000 pounds of dwarf green bean seed to 1,000 pounds of Chinese cabbage seed.

EDITORIAL

Our Nation's Agriculture

The U. S. Department of Agriculture recently published in Leaflet No. 491 many startling facts about Agriculture of which most people are not aware.

The informative article covers everything from why farming is considered the nation's biggest business to what the farmer receives for his products.

Farming employs 7.1 million workers—more than the combined employment in transportation, public utilities, the steel industry, and the automobile industry. Investment in agriculture is nearly \$200 billion, equal to: three-fourths of the value of current assets of all corporations in the United States, or three-fifths of the market value of all corporation stocks on the New York Stock Exchange. The investment in agriculture represents \$21,300 for each farm employee, as compared with \$15,900 for each worker in manufacturing industry.

This biggest of the Nation's industries is composed of 3.7 million independent producers: 44.2 percent sold less than \$2,500 worth of farm products; 16.7 percent sold farm products worth \$2,500 to \$4,999; 17.7 percent sold farm products worth \$5,000 to \$9,999; 21.4 percent sold farm products worth more than \$10,000. Out of this last group only 102,143 farms had sales of farm products totaling more than \$40,000.

The farmer spends \$25 to \$26 billion a year for goods and services to produce crops and livestock; another \$15 billion a year for the same things that city people buy—food, clothing, drugs, furniture, appliances, and other products and services. Each year farmer's purchases include: \$3 billion in new farm vehicles and machinery; \$3.5 billion for fuel, lubricants and maintenance of machinery; \$1.5 billion for fertilizer and lime; and 27 billion kwh of electricity—or about 4 percent of the Nation's total, or more than is needed annually by Baltimore, Chicago, Boston, Detroit, Houston, and Washington, D. C. Farming uses more petroleum than any other single industry.

Also, four out of every 10 jobs in private employment are related to agriculture. Ten million people have jobs storing, transporting, processing, and merchandising the products of agriculture, while six million people have jobs providing the supplies farmers use.

One hour of farm labor produces four times as much food and other crops as it did in 1919-21. Crop production is 65 percent higher per acre. Output per breeding animal is 88 percent greater.

Productivity of the American farm worker in the 1950's increased by six and a half percent a year. Output per man-hour in nonagricultural industry increased by about two percent a year. One farm worker produces food for himself and 25 others.

Farmers paid 3 billion, 682 million dollars in taxes during 1960.

What does the farmer receive? For food, he receives 39 cents of each \$1 spent for food, 2.3 cents for the corn in a 26-cent box of cornflakes, 60 cents of each \$1 spent for choice beef, 9 cents for the oranges in a 23-cent can of frozen orange juice concentrate, 2.3 cents for the wheat in a 20-cent loaf of white bread, about 11 cents from a 25-cent quart of milk.

For cotton a farmer receives about 27 cents for the cotton in a man's \$4 business shirt.

In 1960, farm people received 82 cents an hour income for farm work. By contrast, one hour's work in a factory averaged \$2.29, and hourly earnings in food marketing averaged \$2.14.

The leaflet explained that food costs have risen less since 1947-49 than most other consumer items in the cost-of-living index. For all items on the lists, the increase in cost to early 1961 was 27.5 percent. For all food, the increase was 21.2 percent. For rent, it was 45.7 percent, and for medical care, 59.6 percent.

The farmer gets none of this increase in cost for the food he produces. In fact, he receives 12 percent less for the farm food "market basket" than he did in 1947-49. This accounts for the fact that the cost of farm-grown food has risen only 12 percent, although processing and marketing costs have risen 36 percent.

Hall County is definitely "agriculture." It is playing a definite part in this nation's biggest industry. For the business and professional people residing here, a potent \$12 million-plus is available from home county people.

If the facts are recognized, and this amount "stays at home," the county will progress in all phases of community life.

LAST BIG SPLASH OF SUMMER

ACROSS the DESK

What Other Editors Say

The American Spirit

This is a time of uncertainty for our young men. This is the age in which the old men all over the world should be fighting the wars for they are the ones responsible for the present seemingly unsolvable problems.

This is the time for us to come to grips with ourselves in body and soul for the coming conflict. This is a time in which young boys will be confined in stockades for going AWOL, and it is a time when irresponsible editors should awaken to their duties. Papers like the Dallas News are going to drive this nation to ruin if they do not learn to be a newspaper.

Fighting would be an easy thing. Americans have always faced the fire of battle, and accounted themselves well. But this may not be a fighting conflict. This may be another of the Russian maneuvers to extend America.

It is entirely possible that this crisis may vanish as the morning mist when America again has two million souls under arms. Then the clamor of boys who love liberty will be loud. Then the clamor of those who think only in dollar signs will be most persuasive at the polls.

After twenty years of such conflicts, the inner strength of America, the undying love for America and its freedoms must still be intense. During the next twenty years, America may well spend more than one trillion dollars to maintain our liberty. And still it must be done. If our liberty is lost, then what will the dollar be worth?

America must win for the sake of humanity. America is the only country that can continue to lead the fight of the philosophies of Jesus Christ and the cynical little Lenin.

When we say the words of the Golden Rule we must mean them. We must have the courage to put the words into action. That alone will continue the uncommitted peoples of the world of the worth of Jesus Christ. Certainly the uncommitted peoples of the world will learn the tragic error of their choice if the choose not our side.

but it will be to late for generations.

The Eastern Tartars of the early ages ruled the world for three hundred years. They held a tight rule with only their swords and fast horses. We who have developed the machine gun and Madison Avenue will have the two weapons used against us for untold centuries.

It is time now for you to ask: "What can I do for my country?" If you are not called to get into uniform, and that is a high honor, then serve where you are. Read. Study the problems facing us. Ignore the irresponsible rantings of the Dallas News and The Times Herald.

Learn to love your country in spite of the newspapers. Learn to fight for your country in uniform or not in uniform. You will be needed, friends, all of you. This is a battle for the minds of men everywhere. The weak and the ignorant will be of little value except as slaves to a victorious enemy.

—The Midlothian Mirror

The Nauseating World of Words
People talk too damned much. Americans appear to have lost the art of saying anything in less than 10,000 badly chosen words.

Just as we have mass-produced consumer goods to make them cheap, so we have mass-produced words and made them cheap.

It took 5 million words (count 'em) to talk Carl Chessman to death. Words to fill three movie-length novels were employed to try to get back from Moscow the fancy jet fishing rig President Ike was going to ribbon-deck as a gift to N. Khrushchev—before they fell out. Down in Texas an ordinance to discourage people from spitting on the sidewalks consumes eight pages of 8-point type; a decision of the Supreme Court as to its constitutionality is considerably longer.

We get the cranial bends trying to follow the words ways of modern statesmen from their bottoms to their summits, and end not only without solution to their problem, but drowned in rhetoric. Few children, spoonfed on parental

verbosity, have ever been able to cope with a simple "no" to a routine request because they have been rendered insensible to anything but droning diatribes.

If you, too, are weary of mountains of words signifying nothing, please join in reading the proclamation by Ethiopia's Haile Selassie in his Mobilization Order of 1934:

"The country is now mobilized. All men and boys able to carry a spear will report for active duty immediately. Married men will bring their wives to do the cooking. Men who are not married will bring any woman they can find. The very young children need not report for active duty. Anybody else found at home after issuance of this order will be hanged."

President Kennedy couldn't have made his recent "mobilization order" more clear had he consumed two hours on television instead of only one.

—Sepsatopol Times

Memories Turning Back Time From The Democrat Files

30 YEARS AGO September 4, 1931

Miss Cora Ethel Thornton daughter of Mr. and Mrs. Lee Thornton, 1022 West Main Street, and Mr. T. A. Pausel were married Thursday at seven o'clock at the home of the bride's parents.

A meeting was held Saturday afternoon in the office of the County Superintendent for the purpose of considering propositions to place sanitary drinking fountains in the rural and independent schools of Hall County that do not have access to city water systems, Mrs. Roy L. Gutrie, county superintendent, stated.

Suits were issued to 33 aspirants for the Memphis High School Cyclone football squad Monday afternoon when Coach Nolan Walter held the first practice session for the 1931 season.

James Hammond and Ezell Champion will leave Tuesday for Lubbock where they expect to enroll in Texas Tech. They are leaving early in order to report for football practice.

Miss Mamie Patrick, of Mobile, Ala., was a house guest of Mrs. W. C. Dickey here from Saturday until Monday. Miss Patrick taught in Memphis High School several years ago.

20 YEARS AGO September 4, 1941

Frank W. Foxhall was chosen as president of the Memphis Country Club for the coming year at the regular meeting of stockholders at the clubhouse Monday night. He succeeds O. V. Alexander.

Two combination trench silo and ensilage harvesters have been bought and are available for use by Hall County farmers, county agent W. B. Hooser said this week. M. C. Allen of the Memphis Compress Company bought one of the harvesters, and the First National Bank of Memphis, the other.

A total of 913 students had enrolled in the Memphis Public

County Sports

By Bill Combs

The sports front in Memphis and the surrounding area, things beginning to happen. Football, bowling, and bicycling have moved to the forefront.

Memphis Cyclone will face their toughest opponents tonight at Tulsa in their opening game of the season. From Tulsa, the Cyclone lost many of its experienced linemen, but it has two of the Panhandle's best backs, one of which is three TD's against Memphis last year. The Cyclone probably will be playing without Dee Miller, and will certainly miss QB Bunky Adeock, who has been in the hospital this week. It is possible that Miller will see action if the cast on his right wrist is taken off Friday. He is reported to be recovering from spinal meningitis. It is indefinite at this time if he will be able to return to the Cyclone lineup.

Friday night, the Cyclone scrimmaged one of the best Class AA teams in the Panhandle, the Shamrock. The team came out of scrimmage with only minor injuries and bruises. Coach Don Miller said he was pleased with the team's showing. The Irish scrimmaged the Stinnett earlier in the week.

The Memphis Booster Club voted Friday night to purchase rubber markers for Cyclone. This is one of the best the club has taken. The new markers will help spectators and locate the yardlines. The club also undertook the project to improve the washing facilities at the Allen Field House. The club will meet every Monday at 7:30 at the Cyclone Drive to see the game films. President O. Pounds has extended invitation to the women as well as men to attend these meetings. The club has 82 paid members.

Monday night, team members of the first men's bowling league met and organized the day night league. It will be the Intercity League, and will begin play at 9 p. m. Monday, Sept. 18.

The Boy Scouts of Troop 35 have taken two more 25-mile trips on their bicycles. One was made last Thursday night and the other one was taken Tuesday night. Dr. Jack L. Rose, Homer Tribble, Les Sims and Bill Hall along with many other parents of troop members are to be commended for their efforts in making the trips safe and without undue incidents. The boys showed good discipline during the trips. It was my pleasure to take the Thursday night tour with the troop.

In conclusion, from all indications, everyone connected with the Memphis Invitational Golf Tournament, held at the local Country Club last weekend, seemed to be well pleased with the affair. Frank Foxhall, one of the favorites, led the field until the last four holes in the championship flight, yielding to Don Kaplan of Amarillo. Frank injured his back on the 50th hole, according to reports. He finished by taking a bogey on the 51st, a double bogey on 52, triple-bogeyed 53, and came in 1-under par on the last hole. He finished 7 over for the 54, while Kaplan finished 1 over, 205. Ben Parks of Dallas fired a 209 to be runner up, and H. D. Cogburn of Amarillo won the president's flight with a 209.

Troop 35 Scouts Make Third 25-Mile Ride

The Boy Scouts of Troop 35 made the third of their 25-mile bicycle rides Tuesday evening, Aug. 29.

They rode out the Wellington Highway 12½ miles and then returned to Memphis. The trip took four hours.

The purpose of the trips is twofold: (1) to earn a merit badge award in cycling, and (2) to improve the physical condition of the boys.

Scouts making the trip were: Danny Clark, Gaylon Clark, David Douthit, Neal Hughes, Kenneth Mc-

Don, Danny Miller, David Lemons, Gary Rea, David Rose, Paul J. Smith and Neil Tribble. Jack Rose, adult leader, accompanied them on bicycle, while Sim Goodall and Betty Rose helped out by car.

Scoutmaster Les Sims is recuperating from surgery, and was unable to make the trip.

According to information received by friends here, Mrs. Ruth Pendergrass Dunn is ill and is receiving treatment in a Lubbock hospital. A former Memphis teacher, Mrs. Dunn has lived in Lubbock for a number of years.

Mr. and Mrs. M. F. McKinney returned Wednesday after spending two days in Wellington with her sister, Mrs. M. E. Foster, who is ill.

Mr. and Mrs. Perry Hale and daughter, Linda, and their daughter and husband, Mr. and Mrs. Bob Anderson, were in Lubbock Thursday where Mr. Hale underwent treatment on his leg. They continued their trip to Amarillo where they visited with the Andersons in their home until Saturday.

Mrs. E. W. Ward and daughter, Carol, visited their aunt, Mrs. M. F. McKinney, last week.

Mr. and Mrs. M. F. McKinney returned last Monday from a 10-day vacation.

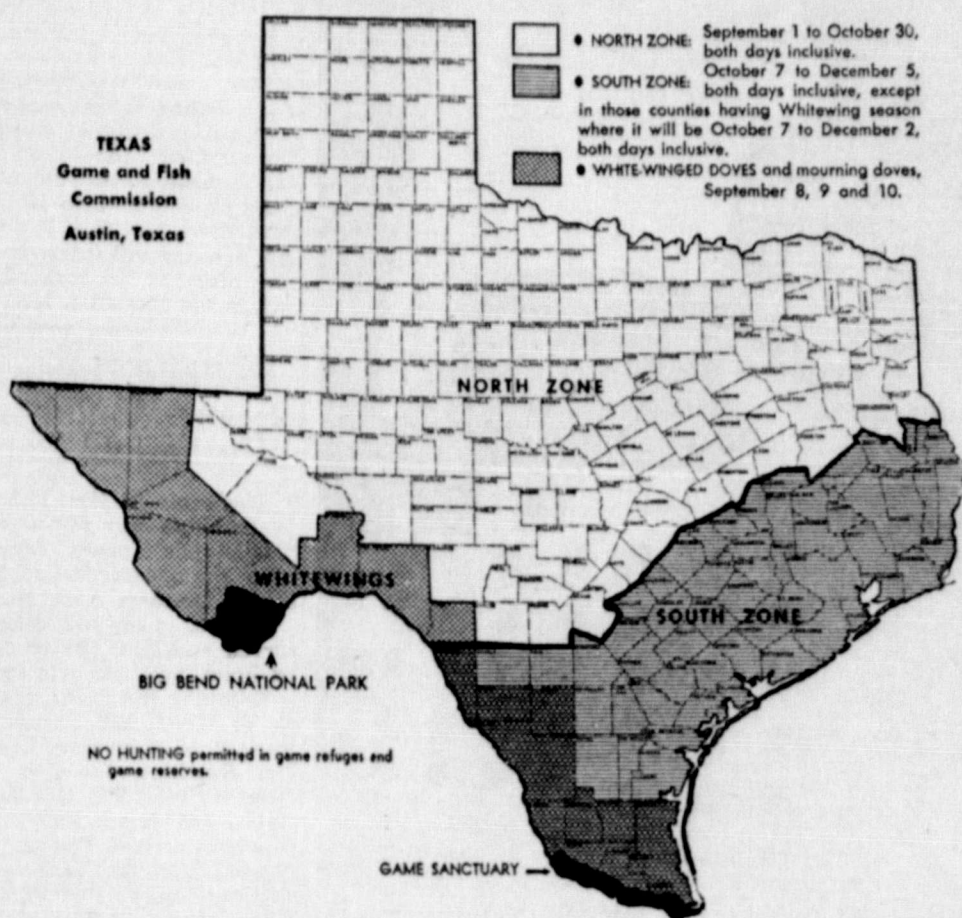

ANING DOVE - WHITE-WINGED DOVE

Open Seasons 1961

MOURNING DOVES: Daily bag limit—15. Possession limit—not to exceed 30.

WHITE-WINGED DOVES: Daily bag limit—10. Possession limit—10.

NOTE: When both mourning doves and white-winged doves are possessed—Possession limit—30, in the aggregate, and not more than 10 may be white-winged doves.

NO HUNTING permitted in game refuges and game reserves.

SPECIAL NOTE: Unlawful to take white-winged doves or chachalacas South of U.S. Highway 83, formerly State Highway 4, in southern tip of Texas, marked on map as "Game Sanctuary," and the Big Bend National Park in Brewster County.

SHOTGUNS: Must be plugged permanently to three-shell capacity, may not be larger than 10 gauge. Hunting doves with rifles prohibited.

SHOOTING HOURS: Mourning doves, 12 noon to sunset—except in areas having white-wing season, where the shooting hours will be from 2 p.m. to sunset on September 8, 9 and 10 (consecutive days) only. White-winged doves, in season, 2 p.m. to sunset.

Cunningham Is New Vumore Company Manager

Keith Cunningham is the new manager of Vumore Company in Memphis, it was announced this week.

Cunningham, his wife, Mary Ann, and their children, Melanie, 4, and Becky Jeanne, 2, are living at 1015 Bradford Street.

Cunningham took over the management of the local system following the transfer of Serviceman Stanton Trimble, who has moved to Altus, Okla.

The new manager has been with the Vumore Company since 1955, and served the past three years as manager of the company's system at Port Lavaca, Texas.

Cunningham is a graduate of Wellington High School in the class of 1949.

Jehovah's Witnesses To Hold Assembly In Wichita Falls

An assembly of Jehovah's Witnesses of Texas Circuit No. 9 will be held in Wichita Falls Sept. 9 through 10, Steven E. Lane of Memphis announced this week.

"The purpose of the 17th congregation assembly is to encourage one another in keeping integrity with Jehovah, the Sovereign of the universe," Mr. Lane said.

Wichita Falls is on the east boundary of Circuit No. 9 with Hobbs and Portales, N. M., on the west, he pointed out.

A number of persons from Circuit No. 9 who attended European assemblies this summer are expected to attend the Wichita Falls meeting, he concluded.

Mr. and Mrs. T. T. Stewart have returned to their home in Shreveport, La., after visiting here with Mrs. Helen Parker.

Residents Asked To Annual Field Day At Lubbock

"Hall County residents have been issued a special invitation to attend dedication ceremonies and the annual field day at the new home of the Lubbock Experiment Station on Sept. 19," County Agent W. B. Hooser announced this week.

Guided tours of experimental plots and laboratory facilities will begin at 1 p. m. Highlights of the field tour will include latest research results on cotton, grain sorghum, irrigation, fertilizers, insect control, and vegetable and oil crops. Formal dedication ceremonies will follow the evening meal.

The new headquarters for the 62-year-old experiment station is located about seven miles north of Lubbock and east of the Plainview highway. Charles E. Fisher is station superintendent.

Former Memphis Resident Dies In California

Mrs. Dee Farmer, sister of Mrs. Jim Webster, died Sunday night at her home in Oxnard, Calif.

The former Ruby Wheeler, Mrs. Farmer was born in April, 1901, in New Mexico.

Mrs. Farmer lived here for a number of years before moving to California. She was married to Merian Burks while living here, and he passed away during that time. She later married Dee Farmer.

She is survived by her husband and five children. She was a sister-in-law of Mrs. Floyd McElreath of Memphis.

Mrs. Ruth Turner of Shreveport, La., is visiting here this week with her sister, Mrs. Helen Parker.

"loaded gun" in your home ?

Dangerous as a loaded gun are the accident hazards in any home. They cost 28,000 dead, 4.2 million injured in a typical U. S. year. Believing profoundly that something can be done about this, we urge you to take part in the 1961 Home Safety Program. Costs you nothing. We would like you to have the free Home Safety Kit that will help safety-condition your home. Pick it up at the offices of the sponsors listed below... what could you lose?

Delphian Club Begins New Year With Breakfast In Home Of Mrs. McKown

Members of the Delphian Club entered the new club year with much enthusiasm on Tuesday morning with a breakfast in the home of Mrs. Lynn McKown assisted by Mrs. W. B. Wilson, Jr., as hostesses. Members of the social committee helped with the serving.

The card tables were laid with white cloths emphasized with gold, each table centered with an attractive arrangement of black grapes, white grapes and ripened wheat. The breakfast consisted of fresh fruit in a nest, bacon, scrambled eggs, biscuits and Danish rolls and coffee.

Mrs. C. D. Morris offered thanks.

Mrs. C. D. Keith, serving as president, opened the meeting with all standing for a moment of silent prayer. She expressed her appreciation to the program committee for their diligent work on the yearbook, recognized two new members, Mrs. W. E. Stinson and Mrs. Joe Allen Ballard, expressed high plans for the new club year, stressed club loyalty, and to give warmth and feeling toward the new club year.

Mrs. Clyde Smith is serving as program chairman aided by Mrs. E. A. Combs and Mrs. McKown. Mrs. Smith presented the year-

books and the program parts for the ensuing year. The course of study is entitled "Responsibility Educates."

The club voted to do a window for the Hall County Picnic in co-operation with other clubs.

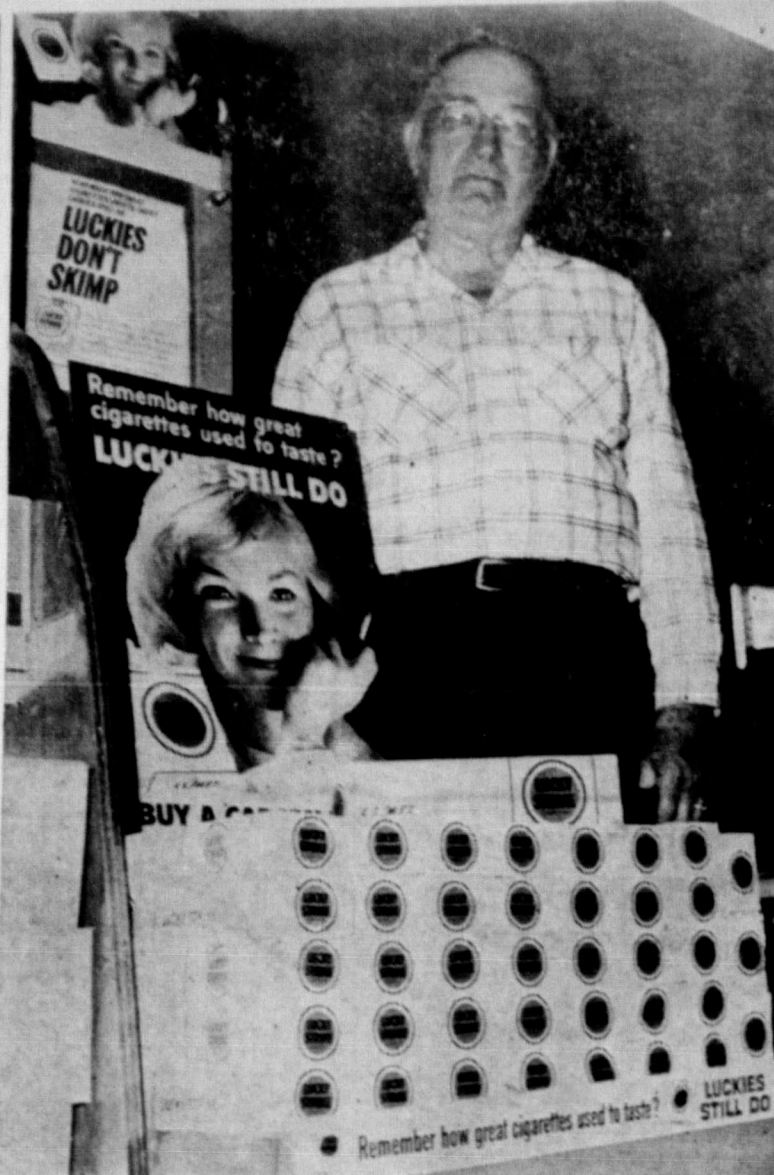

Members present were Mrs. A. Anisman, Mrs. W. C. Dickey, Mrs. R. E. (Bob) Fowler, Mrs. Keith, Mrs. Combs, Mrs. J. W. Stokes, Mrs. J. S. McMurry, Miss Maud Milam, Mrs. Wilson, Mrs. Joe Lloyd Mothershed, Mrs. Morris, Mrs. Henry Hays, Mrs. C. C. Hodges, Mrs. Mildred Stephens, Mrs. J. L. Barnes, Mrs. Sim W. Goodall, Mrs. R. H. Wherry, Mrs. Stinson, Mrs. Smith, and one guest, Mrs. John Clark of Dallas.

Brown Home Is Scene For Family Reunion

Visitors from Los Angeles, Calif., marked the occasion for a family reunion at the home of Mr. and Mrs. Sam Brown on Tuesday and Tuesday night.

Honor guests were Mr. and Mrs. Horace Hallmark of Los Angeles, who are visiting here and at Wellington with Mrs. Hallmark's mother, Mrs. Katie Cummings. Mrs. Hallmark will be remembered as the former Willie Jean Cummings.

Enjoying the occasion were Mr. and Mrs. Willie Biffle and family of Hedley, Mr. and Mrs. John Nash, Mrs. Katie Cummings and children, Mr. and Mrs. Fred Cummings and family, Mr. and Mrs. Wayne Cummings and family, all of Wellington, Mr. and Mrs. Hill Wells and family, Mr. and Mrs. Buster Morrison and family, all of Memphis, and hosts, Mr. and Mrs. Brown.

PROMOTER— Pictured above is John W. Vallance who is shown with a display of Lucky Strike cigarettes which he set up in the Vallance Food Store last week.

Mrs. Calvin Jackson and son Penny and Mark of Salida, Colo. Also visiting in the Clifton home were Mr. and Mrs. Clois McGuire of Amarillo.

Rev. and Mrs. R. Darrell Gaut and girls of Amarillo visited in the Dr. Jack L. Rose home over the weekend. Mrs. Gaut and Mrs. Rose are sisters.

Mr. and Mrs. Noel Clifton and family had as house guests last week Mrs. Harold Thornhoff and

Women's Bowling League Organized Tuesday, Aug. 29

The Pin-Busters Womens Bowling League was organized Tuesday night, Aug. 29.

Officers elected are as follows: Charlene Douthit, president; Mary Reddell, vice president; Shirley Miller, secretary-treasurer; and Joan Edwards, sergeant-at-arms.

Another business meeting has been called for next Tuesday night, Sept. 5, at 7:30 p. m. The meeting will be held in the Memphis Bowl, and as it is an important meeting, all interested women are urged to be present, according to the president, Mrs. Douthit.

Holland Home Scene Monday for 'Hallelujah' Party

The home of Mrs. Rab Holland in Estelline was the scene of a "Hallelujah" party immediately after the opening assembly of the school Monday, Aug. 28.

Coffee, cake and cokes were served and later the group enjoyed lunch together at a local cafe.

Enjoying the party were Mes. R. V. Wood, Bill Abram, Harold Burk, John Browning, Leon Helm, Jim Hutchins, Joe Bob Nivens, George Helm, Roy Gresham, J. N. Helm, Jr., Jerrel Rapp, Kenneth Hawkins, Gerald Fowler, Rayford Jones, Billy Joe Rothwell, Paul Collins, Jack Boney, Jr., Jack Kinard and Claudia Welch.

Lynn McKown, manager of the Hall County ASC office, underwent surgery at St. Anthony's Hospital in Amarillo Wednesday morning. Mrs. McKown is in Amarillo with her husband.

Mrs. Hester Bownds is visiting in Amarillo this week with her daughter and family, Mr. and Mrs. Andy DeWees. They have a new son, born Aug. 26. He has been named David Arthur.

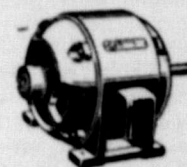

Locals and Personals

Miss Melissa Starr returned to Dallas after spending a week in the home of Mrs. Mildred Stephens and Marcene.

Mr. and Mrs. Don Hudgins of Fort Worth are visiting here for two weeks with their parents, Mr. and Mrs. David Hudgins and Mr. and Mrs. J. W. Driver. They are students at Texas Christian University and are enjoying a vacation between semesters.

Mrs. Gene Corley and daughter Claudia Mack are visiting in Dallas this week with Mr. and Mrs. Don Corley. The Corleys have a new son, Ronald Leroy, born on Aug. 23. He weighed 7 pounds.

Mrs. Geo. Greenhaw returned recently from Cheyenne Wells, Colo., where she visited with Mrs. Ethel Quinn. Mrs. Quinn was Mrs. Greenhaw's traveling companion.

SOIL ★ OUR STRENGTH

Hall County Soil Conservation District News

Management are the two main factors in soil and water conservation on croplands for the county Soil Conservation Service.

Soil Conservation Service soil surveys for farmers help them to learn the nature of soil and of land, slope, and other factors affecting the producing abilities of the soil. Surveys and the relation of water to the soil are the starting points of a soil and water conservation program. Management and store of water, by use of irrigation, ponds, terraces and other means, and especially in the soil. This water is the life of the soil. Here in the United States we also develop crop varieties that will grow best on different soils.

Management is the means by which we bring soil, water, and crops together in a good relationship that serves the crop. This is as old as the hills. George Washington and Jefferson who grew peas on the soil on their Virginia plantations.

Management is the same as it has always been, but different in modern agriculture. We still plant fish with manure and cotton but the fish are in the form of commercial fertilizers. We still plant peas and legumes for soil improvement.

Does the future hold for farmers, ranchers, and consumers? It depends largely on how we use our soil and water resources.

Summer Is Time To Check On Home Heating

Summertime is the best time for Memphis residents to check their home heating needs, according to T. J. Bridges, local Lone Star Gas Company manager.

"Cold weather has a way of sometimes hitting without much warning," the Lone Star manager said. "In the interest of your health and convenience, Lone Star is urging all homeowners to compare their existing heating equipment with the family's needs."

Mr. Bridges pointed out that by checking now, the homeowner can avoid last minute calls for equipment and service during cold weather when heating contractors are experiencing their busiest season. Lone Star is offering special discounts on gas heating equipment during its annual pre-season heating sales campaign in August and September.

Vented gas heating equipment with its automatic controls is recognized as being safe and dependable and is most economic to operate, said the Lone Star manager.

Lone Star is stressing fresh air heat which minimizes staleness and stuffiness in a home. It aids also in controlling the amount of moisture released in a home by body heat and such day-to-day living habits as bathing and cooking.

The gas company's engineers point out that this stale air condition is controlled to a degree in older homes by air leakage around windows and doors. In newer homes, which have tighter construction and more insulation, normal outside air leakage usually is insufficient.

But, in new gas central heating installations, provisions for adequate outside air can be made easily by providing a fresh air intake in the return duct system, the engineers reported.

Lone Star is offering a special discount on gas lights with the purchase of a vented gas heating system during the heating campaign, the Lone Star manager said.

If you have a soil and water problem on your farm or ranch, why not start today in developing a soil and water conservation plan. The Soil Conservation Service will develop a soils map of your farm or ranch and will assist you develop a soil and water conservation plan.

Mr. and Mrs. Ed Hutcherson and Lera Kate, Mr. and Mrs. Bobby Dick Hutcherson and Ed Jerald and Dick, Wayne Hutcherson and Rayford Hutcherson were in Lubbock recently to attend the Hutcherson family reunion at MacKinzie Park.

Mrs. Jim Caviness and Cheryl and Keith of Gravelly, Ark., are visiting here this week with her parents, Mr. and Mrs. Frank Ellis. Mr. Ellis and granddaughter, Cindy Bell, visited in Arkansas last week and Mrs. Caviness accompanied them home. Smokey Bell, who spent the summer in the Caviness home, also returned home.

Mrs. J. M. Morton has returned to her home in Graham after visiting here with her sister, Mrs. J. H. Norman. Mr. and Mrs. James Norman accompanied her home and stopped in Wichita Falls en route home to visit with their son Frank Norman and family.

Laff Of The Week

"Pay no attention—that's just the method they use to beat you down on our 'trade-in.'"

Locals and Personals

Mr. and Mrs. Burl Smith returned from Temple Sunday where Mr. Smith had been in the Scott and White hospital for treatment.

Benny Parks of Dallas visited here over the weekend with his parents, Mr. and Mrs. Ben Parks and while here he entered the golf tournament at the Memphis Country Club.

Mrs. Naomi Perkins is visiting in Oklahoma City, Okla., this week.

with her daughter and family.

Mr. and Mrs. H. H. Lindsey and granddaughter, Mitzie Lindsey, took Mrs. Norman Heath and girls to their home in Lubbock Sunday. They returned to Memphis on Tuesday.

Mr. and Mrs. H. H. Lindsey and Mrs. Norman Heath and girls visited in Dumas last week with Mr. and Mrs. Arlis McBee and Arlis and David. Mrs. McBee and daughters accompanied them to Memphis and visited here until the weekend.

Gene Lindsey was in Lubbock

Tuesday to attend a school of instruction on the new state sales tax.

Miss Virginia Diane Getz of Dallas returned home last Friday after visiting here for the past two weeks with her grandmother, Mrs. Virgie Montgomery. While here she also visited with several girl friends.

Mr. and Mrs. G. D. Stephens visited in Amarillo Sunday with Mr. and Mrs. B. B. Clark.

Estelline Hawthorne of Abilene visited here over the weekend with her mother, Mrs. Estelle Barber.

Boll Weevils Are Infesting County Cotton Fields

Reports of boll weevil infestation from over the county have been received here this week.

Spraying began last weekend in the Pliska area for boll weevils, and cotton crops in the area north of Memphis have been infested with the insects.

On giving advice on how to check for boll weevils, County Agent W. B. Hooser stated, "examine cotton weekly for boll weevils. Pull 100 squares, at least one-third grown, at random, removing a few squares at several representative places in the field. If 15 to 25 per cent or more have weevil punctures, begin treatment. Two or more applications of insecticides are required to control weevils."

He stated that calcium arsenate dust used for boll weevil control is less effective for bollworm control than other materials.

"During heavy weevil infestations, shorten intervals to 4 days. With Methyl parathion and malathion, shorten the interval to 3 days until control is obtained," he said.

Apply dusts at 10 to 15 pounds per acre at 5-day intervals. Increase dosages where heavy bollworm infestations occur. Apply sprays at 5-day intervals. In areas where pink bollworms and bollworms are a problem, use a minimum of one and one-half pounds of DDT per acre, Hooser added.

Increase Foreseen — (Continued From Page One)

voted by the Texas legislature, the district's administration salaries increased \$2,841.00 while the instruction salaries increased \$32,487.00 for a combined total of \$35,328.00. The plant operation personnel salaries total \$11,000 in this year's budget while last year they totaled \$12,000, a \$1,000 decrease.

The district's capital outlay for furniture and equipment is expected to be \$8,500, plus \$1,000 for sites and buildings.

Under bedt service, the district's total principal of debt is expected to be \$23,000 while the total interest on bonds is expected to be \$13,653 for a total of \$36,653.00.

Copies of the budget will be filed with the county clerk and the Texas Central Education Agency, school officials said.

In Texas, it is unlawful to hunt for hire or to hire anyone to hunt.

PROCLAMATION

WHEREAS: The home exposes a person to more hazards in a routine day than he is likely to encounter anywhere else, and

WHEREAS: Home accidents occur at the rate of one every eight seconds, and

WHEREAS: A victim of a home accident dies every 19 minutes, and

WHEREAS: Accidents are the leading causes of deaths in the 1 to 35 age group, and

WHEREAS: More than one-half of the accidental injuries annually reported in the United States occur in the home, and there are probably many more that never get into the official records, and

WHEREAS: In a recent year, 28,000 fatalities and 4.2 million injuries were attributed to home accidents, and

WHEREAS: The financial loss arising from these accidents was approximately one billion dollars, and

WHEREAS: In 1959, workers injured in home accidents lost 27 million man-days, an appalling loss to both the worker and the employer, and

WHEREAS: Most home accidents are fundamentally the result of inadequate knowledge, insufficient skill and faulty attitudes, and

WHEREAS: These home accident deaths and injuries can be prevented if all members of our families learn to recognize home hazards and take effective action to eliminate these hazards, and

THEREFORE: I, by the power vested in me as Mayor of Memphis, do hereby proclaim September to be 1961 Home Safety Month and urge that all citizens of Memphis take part in this splendid program to make all of our homes true havens of safety for our loved ones.

WITNESS MY HAND AND SEAL this 29th day of Aug. 1961.

(Signed)

H. J. Howell, Mayor

Don Kaplan Of Amarillo Wins Local Tourney

Don Kaplan, of Amarillo, finished in first place over a field of 16 golfers to win the Memphis Invitational Golf Tournament here Sunday.

Kaplan, who shot a one over par, 205, finished four strokes ahead of his closest competitor, Ben Parks of Dallas. Kaplan won a set of new irons, and Parks received a new golf bag.

In the president's flight, the bottom half of the championship flight after the first day's play, H. D. Cogburn of Amarillo was named winner after he turned in excellent rounds Sunday to finish with a 209 total for the 54 holes. He won a set of woods.

In the first flight, Don Kinard of Plainview won, defeating Dink Miller in the medal playoff Sunday. Jimmy Winters won the consolation prize.

In the second flight, Bill Gibson was winner, and King was runner-up. Dana Gibson was the

consolation flight winner.

In qualification play Friday, J. Wilcoxson of Childress fired a one-under par 67 to lead the field.

Fishermen are warned to take along life preservers for each person in the boat.
