The Farm Bureau is a grass-roots organization, and its foundation is the county Farm Bureau. There are 216 organized county Farm Bureaus in the state, including the Donley County Farm Bureau.

Therefore, I W.R. Christal, County Judge of Donley County, do hereby designate February 7-12, 1983, as FARM BUREAU WEEK in Donley County, and urge our citizens to give due recognition to this Golden Anniversary Year observance in Texas.

In official recognition thereof, I hereby affix my signature this 28th day of January 1983.

Texas Farm Bureau to celebrate it's 50th year

The Texas Farm Bureau is 50 years old this year, and County Judge W.R. Christal has signed a proclamation designating Feb. 7-12, 1983, as FARM BUREAU WEEK in Donley County in recognition of the observance.

The week is part of a state-wide observance during which county Farm Bureaus will make a special effort to enroll new members according to H.L. White of Hedley, president of the Donley County Farm Bureau.

Don Springer of Hedley is chairman of the membership committee which is responsible for membership acquisition and maintenance. Other committee members are: Darrell Holland.

"For the first time in its history, the TFB is now the

largest state Farm Bureau in the nation with more than 300,000 member families enrolled," the proclamation reads.

"The Farm Bureau is a grass-roots organization, and its foundation is the county Farm Bureau. There are 216 organized county Farm Bureaus in the state, including the Donley County Farm Bureau," the proclamation states.

Don Springer said the local county Farm Bureau has 591

member families and is seeking to exceed that figure in 1983.

He said that the Farm Bureau is a general farm organization that seeks to improve income and living

conditions of farm and ranch families. It represents the farmer and rancher at the local county court house, at the State Capitol in Austin, and in the nation's capital, Washington, D.C.

Winter storm brings ice and snow

For the second time in as many weeks the weather has virtually closed down Donley County. What started as light rain Sunday night, turned into a winter storm, which saw temperatures drop into the high teens.

This storm which covers most of Colorado, Oklahoma, New Mexico and parts of Texas brought sleet, heavy winds, and drifting snow. Drifts as high as three and four feet covered parts of Donley County. With the heavy snow fall, the ground was soon covered, and within a short time highways and streets became sheets of ice.

By Tuesday morning several trucks were jackknifed off highway 287 and Price Truck Stop and LaRue Restaurant parking lots were covered in trucks waiting for icy road conditions to clear.

West Texas Utility reported Tuesday morning, they had no reports of any of their customers without service.

Most of the stores in

Clarendon were open Tuesday, but few customers ventured out and the streets for the most part were vacant.

Clarendon schools closed Tuesday morning, while Hedley remained open, but the buses ran late.

The sheriff's department reported no major accidents or injuries caused by the storm.

Pantex was reported closed Tuesday, except for the security force because of the weather, which may have been the first time they have ever been closed due to the weather.

There have been no reports of any damage to cattle, most farmers and ranchers had to put out extra feed and break ice from water tanks.

The Amarillo Weather Bureau reports that there is a 80% chance of more snow, and predicted as much as three more inches could fall, before the storm moves out of the area.

County designated eligible for FmHA loans

Donley County Judge Billie Christal received a letter from Robert A. Lansford, State Coordinator Texas Department of Public Safety, Division of Emergency Management this past week stating that the Secretary of the United States Department of Agriculture had notified Governor White, that Donley County has been designated eligible for Farmers Home Administration emergency disaster loans.

The FmHA emergency loans will be available as a result of the adverse weather conditions sustained by farmers during the period January 1, 1982 through December 31, 1982. This designation is the result of Judge Christal's request last year for assistance to those affected farmers in Donley County.

Hedley Players of the Week

The players of the week are the entire boys and girls Jr. High teams. These students will give you 100 percent in anything they do.

We put a lot of stress on running and skills with a basketball. As their coach, I am very proud of each student.

At Hedley, we like to see that every student has a chance to participate in sports. You never can tell how good you might be until you have tried, even then with a little help and someone believing in you, you can reach your goal. We do believe in each of these students and they are very special people.

In Your GARDEN

By NAOMI GREEN

This week Mrs. Tullis Davis was kind enough to talk with me about their Fall garden. Those two gardeners, Mr. and Mrs. Davis are well up in years but still very much "at it". Mrs. Davis says they planted from fence to fence three times last spring before they were successful in getting their gar-

den in. They use Grier's Almanac weather circumstances delay too long for the season.

Stately brussels sprouts were producing right out of a snow bank and greens were evident amid the turnips. Mrs. Davis said the Tullis "heeled in some turnips but they had not dug them as

they continued to be good in the garden. Past winters even with irrigation, mine have gone tough and bitter by this time. When I ask her if she thought the winter moisture we have had this year had anything to do with garden turnips still being eatable, her reply was, "God just waters better than we

can".

The Davises have enjoyed cauliflower and cabbages which she measured with a plate for size. Broccoli has produced abundantly. They recommend looking at Burpee's late and early varieties and selecting "early" or "late" for the proper season. I had read that winter gardens required more nitrogen than spring and summer. I suspect that the Davises nitrogen sources are happily cackling and producing eggs in the side yard.

Mrs. Davis not only has a hand in producing vegetables but she has flowers. Winter weather does not stop her from flowering. Presently she is painting a state flower quilt top for a lucky child or grandchild. She says you have to "really want" to paint to find time for it. This busy person finds time for more projects than there are soap operas.

Mrs. Davis orders her strawberry plants from Bloomington Ill. When I ask her what was so special about those plants, she stated, "because the berries are BIGGER". She had already told me she brought them in by the dish pan full. Some commercial growers have decided that seed strawberries do not develop

runners and produce just as abundantly. I am sure you would need a hot bed so start them and transfer would be another set back so if you want berries in this county, I recommend listening to Mrs. Davis.

Although my time to interview this energetic gardener interrupted the lunch preparation, she took time to meet my needs. Tullis stirred the green, yellow and white vegetables and saved the cornbread from burning by turning off the oven. I suspect that if I get a chance to make a return visit to these wise gardeners and watch what Tullis does I may learn some more valuable gardening tips.

As I went out the door, a recipe for roasting peanuts which was sadly needed as I always scorch mine, was added to crown my visit. Horace will especially appreciate the recipe because it starts with "cook a pan of cornbread, while you have the oven that hot turn it on up to 500 degrees for a few minutes. Put in a pan of peanuts single layered, the size of the pan depending on your appetite, turn the oven off and wait for it to cool for eating." Have you noticed most gardeners sure have a way about also knowing how to cook?

Broncos bout Memphis in 2A competition

A District basketball game between Memphis and Clarendon was played last Tuesday night at 7:00.

The Lady Broncos played first. They played a very competitive game. The final score of the game was 49-48. Linda Weatheron once again was high point with a score of 12, all of which came from the field. Close behind her was Connie Garmen with 10 points and 12 rebounds. The Lady Broncos next home game will be February 1 against the Panhandle Panthers.

The Broncos were up next against the Memphis Cyclones. The Broncos made a fantastic showing against the Cyclones. The Broncos were behind most of the game until the third quarter at approximately 5:13 on the clock. The Broncos caught up and tied the game 38-38.

The Cyclones pulled out in front once more and won the game 57-73. High point for the evening was Ray Crump with 16 points and 7 rebounds. Kelly Hill and Arlis Thomas had 10 points while Johnny Gaines accomplished 10 (8 from the field and 2 from the line).

Broncos vs.

Irish

The Clarendon Varsity basketball teams played the Shamrock Irish Friday night at Shamrock last week.

The Ladies opened with a very high pressured game. The game was not a very high scoring one however. Both teams were tied at the half with 11 points. The second half was equally as close with a score of 17-17 for the third quarter. The final score was 24-25 Shamrock's favor.

Connie Garmen and Dena

Green both were tied for high point with a score of 6. Linda Weatheron connected for four. The Ladies record so far for District play is 2-4.

The Broncos looked very good against the Irish. The guys came out the first few minutes of the game with a good lead, but some fouls were made which helped the Irish catch up and put the Broncos under a lot of pressure.

Several of the Broncos had good scores for the night. Leading in points and rebounds were Ray Crump with 13 points and 11 rebounds. Arlis Thomas managed 12 points and 8 rebounds. Also Kelly Hill captured 8 points and 8 rebounds. A factor keeping Hill from scoring more was the fact that he had 4 fouls which kept him from playing as much. The final score was 57-53 Shamrock's favor.

Bulldog Basketball

Sunday, January 23, Howard County traveled to Clarendon to meet the Bulldogs in conference play. The game was originally scheduled to be played Thursday, January 20.

The 16th nationally ranked Howard County won over the Bulldogs 84-81. The Bulldogs shot 48% from the field and sank 71% from the line.

The Bulldogs had 4 in double figures. Basil Brown had 22 points and also grabbed 6 rebounds. Tim Thomas followed closely behind adding 18 points, 11 rebounds and 7 assists. Richard Miller had 13 points and Greg Pinkney had 16 points and 6 assists.

In the ladies game, the

Bulldogs led the 4th nationally ranked Howard County until the last minute. Key turnovers by the Bulldogs were capitalized on by Howard County and turned the game around. The Lady Bulldogs fell to Howard County 81-76.

Leading the way for the Bulldogs were Denise Posey with 18 points, Rose Benson 17, Janet Brunson 14, and Paula Dotsen with 13 points.

Jan. 24 the Lady Bulldogs faced Odessa College. The Lady Bulldogs lead the game as much as 10 points. With 3 Bulldogs starters fouled out, Odessa took the lead with 48 seconds left on the clock. Odessa went on to win over

Bulldogs upset New Mexico

Monday night, the Bulldog Gym was the setting of a conference battle between the Clarendon College Bulldogs and New Mexico Junior College.

In the first minutes of the game, the score remained close with each basket being answered by the opponent. By the 12 minute mark, the Bulldogs had driven their lead to 10 but couldn't hold on to it as New Mexico came back within 2 points. With less than a minute left in the first period, New Mexico was leading by 2 but a missed freethrow was rebounded by the Bulldogs and put back up

the Bulldogs 63-60. This loss brings the record to 2-4 in conference play and 9-10 on the year. Janet Brunson was high point with 14, followed by Denise Posey with 12.

The Bulldogs next game will be against Amarillo College. The game is Feb. 3 in Carter Gym in Amarillo. Games starts at 6 p.m.

Denise Posey has been chosen Lady Bulldog Player of the Week. Denise averaged 16 points per game this week and 8 rebounds.

Denise Posey is a sophomore education major at Clarendon Junior College. She is from Ardmore, Oklahoma.

to retire the half with the score tied 40-40.

In the second period, the game was close all the way. Each team had the lead during the period but never more than 6 points. The Bulldogs were strong on the boards, rebounding and putting the shot back up for 2. They worked the ball around to find the open man. For this teamwork, the Bulldogs prevailed. They won over New Mexico 83-80.

There were four Bulldogs in double figures. They were Dean Jackson, 27; Basil Brown, 23; Tim Thomas, 18; and Daniel Spivey added 10.

THANK YOU

To the people of Clarendon, Hedley, Lelia Lake and Howardwick. I would like to thank all of you who contributed to helping my family and I while I was injured. With our deepest gratitude
