Showdown On Truce Is Set For Tomorrow

MUNSAN (AP)—Gen. Mark Clark huddled for three hours with U. N. truce negotiators today in advance of a showdown meeting tomorrow afternoon at which the Communist high command is expected to answer an Allied demand for a quick Korean armistice.

There was no hint of what was discussed during the secret eleventh-hour conference, but sources said there was no question but what the U. N. commander and his negotiating team mapped strategy for the crucial session at Panmunjom tomorrow.

The top-level delegations are to meet at 2 p. m. (midnight today EST).

Clark told newsmen before flying back to his Tokyo headquarters that he talked over the truce situation with the U. N. delegation, led by Lt. Gen. William K. Harrison Jr. He refused to discuss details.

The negotiations were in recess Friday. The Reds asked for a 1-day recess Thursday after the U. N. delivered what Washington sources called a firm demand that the Reds agree immediately to steps leading to a prompt armistice.

Informed quarters have said efforts to agree on final details of a truce were stalemated by Red demands for the recapture of 27,000 anti-Korean war prisoners liberated last month and ironclad guarantees that South Korea will honor a truce.

Harrison was said to have told the Reds:

1. The U. N. will not meet their demand for the recapture of the prisoners freed on orders of President Syngman Rhee.

2. The U. N. has given adequate assurances that South Korea will abide by a truce.

3. There no longer is any reason why the Communists should delay signing an armistice.

President Eisenhower's truce envoy back in Washington after more than two weeks of conferences aimed at winning Rhee over to a truce, told Congress Thursday the South Korean President promised in writing to cooperate in an armistice.

Clark told newsmen he had "nothing to say" when asked about prospects for a truce signing.

The U.N. Commander said all meetings at Panmunjom will remain secret and "regardless of whether they (The Reds) break their word, I will not. We have an agreement for executive sessions and neither I nor any of my subordinates will in any way violate it."

Peiping radio accused the Allies of walking out on the negotiations Wednesday and Clark later called the Red broadcast a violation of the secrecy agreement.

Wildcat Staked In NE Scurry For 8,000 Feet

I. Weiner of Big Spring has staked location for his No. 1 Sidney Johnson, an 8,000-foot wildcat, eight miles notheast of Snyder in Northeast Scurry County.

The location is 660 feet from south and east lines of the southwest quarter of section 265-2-H&TC. Operations are to begin immediately.

FISHER DISCOVERY

Southwest Fisher County appears to have a new flowing discovery from the lower Pennsylvanian lime in propsect at B. M. Hester & Son of Wichita Fallas No. 1 Gena Cooley.

The project has flowed oil at the estimated rate of 50 barrels per hour on a drillstem test from 6,778-812 feet. The tool was open 30 minutes, with gas at the surface in three minutes. Drilling mud started flowing at the top in five minutes and oil flowed at the surface in six minutes.

During the next 24 minutes the well was flowed to pits at the estimated rate of 50 barrels per hour. No water was reported. Some sources estimated the flow to have been as high as 100 barrels per hour. Others thought it was at the rate of about 10 barrels per hour.

Open flowing bottomhole pressure was 1,945 pounds. Shut-in pressure after 30 minutes was 2,330 pounds.

Electric logs are to be taken and it is expected that the operator will then set casing and make production tests. Previsouly a one-hour drillstem test from 6,640-780 feet recovered 480 feet of oil and gas-cut drilling mud with no water.

The No. 1 Cooley is 660 feet from no.th and east lines of section 176-3-H&TC, three miles northwest of the Claytonville-Pennsylvanian field and four miles northwest of the town of Claytonville.

NEW LOCATION

Sam D. Ares of Lubbock has staked the No. 1 Dennis Brothers as a south offset to the discovery well of the South Gail-Spraberry field nine miles north of Gail in Borden County.

The project will be 660 feet from north and west lines of section 10-30-t6n-T&P. Contract depth is 6,000 feet for a test of the Spraberry.

The discovery well of the field, a Hunt Oil Co. completion, has been depleted and is not now on regular production.

Robert M. Bass of Kilgore is to drill his No. 1 D. E. King as a 4,700-foot wildcat in Northeast Fisher County.

Location has been made 300 feet from north and east lines of the southeast quarter of section 193-1-BB&C survey, about four miles west of Hamlin and one mile east of Hamlin and one mile east of the Pardue field. Drilling is to start at once.

A 6,500-foot Ellenburger wildcat is to be drilled in Southeast Nolan County by C. L. McMahon, Inc., of Wichita Falls and Associates.

It will be the No. 1 G. B. Slider, 467 feet from north and west lines of the southeast quarter of section 188-64-H&TC, two miles north of Hylton and one mile northwest of the Hylton-Moore-Fry sand field which produces from pay above 5,000 feet. Drilling is to start soon.

SCURRY COUNTY

The Texas Co. has completed the No. 3 M. A. Fuller, in North Scurry County for a 24-hour flowing potential of 10.36 barrels of oil plus 40 barrels of water.

Production was from perforations in the upper Permian lime between 2,428-440 feet. Gas-oil ratio was 1,085-1. No. gravity was reported. Flowing tubing pressure was 20 pounds, with the flow through a one-inch choke.

Princess Back, Looks Happy

LONDON (AP)—Smiling and seemingly carefree, Princess Margaret came home today to a Britain buzzing with fussing about her latest romance and lacking the presence of her reported boy friend.

The man in the story, divorced RAF Group Capt. Peter Townsend, went to Brussels two days ago as the new air attache at the British Embassy there. Many Britons think he was exiled from his post as a palace aide because the 22-year-old princess reportedly wants to marry him.

But if his absence or the talk about them bothered the princess, there was no outward sign of it on her pretty face as she and Queen Mother Elizabeth arrived at London Airport by Comet jet airliner after a 16-day tour of Rhodesia.

Margaret quickly set at rest any apprehension that she might be embarassed by the stories being told about her. She faced the 2,000 Londoners behind the airport railing with utmost poise and confidence.

Dressed in pink, she stood under a silver wing of the sleek airliner and waved gaily at the crowd.

Queen Elizabeth II, in a light green frock and white shoes and gloves, was the airport to greet her younger sister and her mother. With the Duke of Edinburgh, she entered the plane for five minutes of private greeting.

After goodbyes to the crew and officials, the royal party drove off to Buckingham Palace and to Clarence House, where the Queen Mother and Margaret now reside.

The press furor over the royal romance rumor continued unabated.

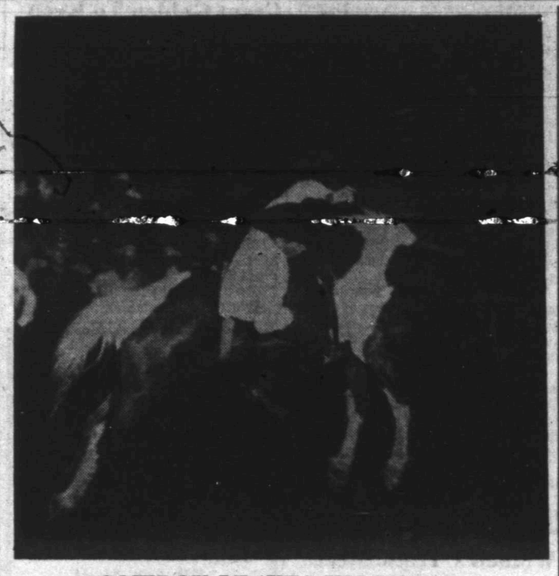

No Action On Request For Postal Rate Hike

WASHINGTON (AP)—Sen. Knowland (R-Calif), acting majority leader of the Senate, said today he believes Congress will take no action on President Eisenhower's request for higher postal rates.

Knowland said this after a two-hour meeting of the Senate GOP policy Committee.

Eisenhower wants postal rates boosted to diminish a Post Office deficit of about 600 million dollars. One proposed boost would make letter postage 4 cents instead of 3 cents.

The request has encountered serious opposition in the House and time is running out. Knowland said a July 31 adjournament looks "more likely today than ever before."

COWBOY LEAVES HIS HORSE

John Farris, Iowa Park, cowboy, is shown about to take to the dust rather than the bouncing back of his mount, Roby, in the bareback bronc riding event of last night's rodeo performance. Preliminary rides will be made tonight, and the rodeo will end with finals beginning at 8 o'clock tomorrow night. (Lee Watson photograph)

BLACKWELL MAN LEADS RODEO MONEY WINNERS

Billy Bynum, cowboy from Blackwell, led money winners in the seventeenth annual Scurry County Rodeo as it finished the first go-round last night.

The rodeo is scheduled to continue at 8 o'clock tonight when the second go-round begins.

Bynum has taken two first places for total go-round money of $200. His firsts were in calf roping with a time of 14.6 seconds, and in the yearling tie down with 19.1.

Running second so far in winnings is Jimmy Moore of Post, who has been awarded $100 for his second place bareback and saddle bronc rides. Next is James Mickler of Stamford, who took $75 for first in the bareback bronc ride, and Bill Barton of Abilene, who got $75 for a first place saddle bronc ride.

Other top contenders in the rodeo include Sonny Mayo of Petrolia, first in senior steer riding; Doug Riley of Snyder, first two nights in the wild mare race; Tommy Riley of Snyder, fourth in saddle bronc and steer riding; Bugger Nixon of Breckenridge, third in saddle bronc and tied for third in bareback bronc; and Sidney Johnson of Snyder, tied for third in bareback bronc and fourth in junior ribbon roping.

A crowd of about 2,200 persons saw last night's show, in which about 120 persons performed. The show continued to have no serious injuries.

WILDER STOCK

Some of the stock was a little wilder last night, with broncs trying to butt their heads against sideline cowboys and steers turning on riders after throwing them. The wild mare race was wilder.

Riley, who won the event for his second night, finally saddled his mare, mounted, then almost got to the finish line before the mare stumbled and dumped him on the ground. He remounted, got the mare back on its feet, then the mare balked. A little prodding with a stick finally forced the animal across the finish line.

Seven out of 17 bareback bronc riders completed their rides. Charles Rushing of Rotan got the most applause from the crowd when he landed side-saddle on an especially high buck and finished his ride in that position. Others completing rides last night were Robert Watts of Snyder, Jimmy Brannon of Snyder, Joe Collier of Wichita Falls, Frank Bush of Odessa, David Rushing of Abilene, and Billy Kerley of Fluvanna.

EXTRA EVENT

An extra feature of last night's show was the "middle-age spread," in which the cowboys who had aged to the "past performing" stage roped their horses, saddled them, then roped and tied calves. Joe York of Snyder won that event.

Last night's ropers who tied their calves were Bilby Wallace of Clairemont, 18.0 seconds; Bill Herring of Dermott, 19.2; Jesse Everett of Snyder, 21.4; Mac Bowyer of Abilene, 26.4; Pete Rasco of Ira, 29.3; and Jerry Keen of Stamford, 32.0.

Only two men completed ties on the yearling tie-down: They were Thell Brown of Clairemont, 23.3, and Bobby Gray of Snyder, 25.6.

Completing saddle bronc rides were Bill Barton of Abilene, John Farris of Iowa Park, Travis Burney of Odessa, and Riley Miller of Snyder.

Two juniors, Curtis Greene of Snyder and Delbert Hataway of Fluvanna, made their bull rides. Last night's junior ribbon ropers were Joe Rollins of Snyder, 19.2, and Ed Kerley of Fluvanna, 31.2.

The seven out of 23 men who rode their bulls last night were Mayo, Shipp, Jimmy Lynn of Strawn, John Farris, W. D. James of Colorado City, Riley Miller of Justiceburg, and Sidney Johnson of Snyder.

Last night's girl sponsors in the barrel race were Dorothy Askins of Sanderson, 21.0; Florence Youree of Addington, Okla., 20.4; Pat MacDaniel of Abilene, 21.8; Billie Jameson of Silver, 20.2; Marie Gist of Colorado City 20.7; Sherry Price of Addington Okla., 19.5; Marilyn Williams of Abilene, 20.8; Connie Connell of Snyder, 21.5;

Joe's New Snoop Is Rapped By Johnson

WASHINGTON (AP)—The head of the U. S. overseas library program has denounced a prospective new member of Sen. McCarthy's investigating staff as "completely incompetent as an observer or downright malicious."

Dr. Robert L. Johnson demanded that Karl Baarslag be called to testify on statements attributed to him.

Baarslag was quoted in a Washington dispatch to the New York World-Telegram & Sun as saying the 189 libraries operated by Johnson's agency in 63 countries "just don't go in for anti-Soviet literature."

Johnson, retiring chief of the State Department's International Information Agency (IIA), said he had written McCarthy requesting full details of Baarslag's inspection of overseas libraries.

"I can not understand why anyone would deal in such patent falsehoods unless he were completely incompetent as an observer or downright malicious," Johnson added in a statement last night.

Baarslag, who lives in Silver Spring, Md., was not immediately reached for comment. He formerly was research director on subversion and un-American activities for the American Legion's National Americanism Commission.

McCarthy picked him last week to be research director for the Senate investigations subcommittee he heads. But the Wisconsin Republican said he wanted to consult with other committeemen before making the appointment.

McCarthy and his investigating methods were the subject of two actions in the Senate yesterday:

1. Sen. Monroney (D-Okla) took the floor to say his recent criticisms of McCarthy have brought a flood of "fan mail" and a lesser amount of "pan mail." Among the latter, he said, was a letter which said, "You are a murderer and a traitor read this fall dead."

2. Sen. Goldwater (R-Ariz) inserted in the record an article by Richard Gray, president of the AFL Building and Construction Trades Department, saying too much attention is being paid to McCarthy's methods and not enough to his "expose of U. S. Communists who have infiltrated into high places."

Pioneer Checks Winston Field But Sets No Date For Service

No definite commitment has been given by Pioneer Airlines as to when it will begin serving Snyder at Winston Field, but the firm still has Snyder in mind, County Judge Edgar Taylor said.

The county judge said that George Harris, a representative of the Pioneer traffic department, was here to inspect facilities at Winston Field yesterday to see that the field is ready for Pioneer to set up shop here.

Pioneer was ordered several weeks ago by the Civil Aeronautics Board to start serving Snyder by Aug. 1. Since that time, Pioneer has said it will start service here as soon as it can sell its Martin 202 carriers and buy DC-3s. The larger planes have not yet been sold.

Harris told Taylor that another Pioneer official will come here about two weeks before Pioneer inaugurates service. He will establish the firm's ticket office and other facilities.

Harris' inspection included the ticket office, baggage room, and waiting room in the administration building, the steel fence between the ramp and building, runways, service facilities, and telephone outlets.

"He had no criticism to offer and said the airport was as good as any he'd seen," Taylor said.

The CAB, in ordering Pioneer to serve Snyder, designated two round trips daily between Abilene and Lubbock. Both Pioneer and the City of Lubbock have since filed briefs asking that Snyder be included on the Abilene to Midland - Odessa route.

Snyder and Scurry County have not contested or supported the two briefs asking for the change. This week, the community air service committee filed a short brief with the board recognizing the Pioneer and Lubbock petitions.

"Snyder is gratified with the findings of the board as announced by the decision.....and does not wish to question the wisdom of such decision," the Snyder brief said.

"Snyder does not deny the statement of Pioneer Airlines in their motion for reconsideration as follows: 'The primary reason for this recommendation is that the latter routing would deprive Snyder of direct air service to the Midland-Odessa area with which it has strong community interest,' " the committee told the board.

The brief concluded, "Snyder is firm in its belief that the traffic potential of this area is more than sufficient to justify the service determined by the board and is most anxious that such service be begun at the earliest possible time; that the convenience and necessity of some thirty thousand persons of this area will be served by favorable scheduling of the service provided by the board and the commencement of such service on or before the date prescribed by the board."

Big Sum Said Misapplied By Bank Employe

SCRANTON, Pa., (AP)—The Federal Bureau of Investigation probed today into the background of a 40-year-old assistant cashier charged with misapplying $236,814 in funds of the Third National Bank of Scranton over a period of five years.

The FBI was hastily summoned into the case yesterday by bank officials who discovered the shortage after a business firm asked for a tally of its balance.

Free on $10,000 bail is Gilbert J. McCauley, 40, recently promoted to the $3,500-a-year post of assistant cashier in charge of bookkeeping.

McCauley was on his two-week vacation when arrested yesterday at his West Scranton home.

Ray J. Abbattichio, special agent in charge of the FBI's Eastern Pennsylvania district said McCauley readily admitted misapplying the funds. The man contended, however, Abbattichio said, that he gained no personal benefit from the money. The FBI is trying to find out just where the money went.

McCauley started with the bank 24 years ago as a messenger.

Light Shower Keeps Heat Away From City

Scurry County sat high and almost dry north and west of counties which received more rain early today.

Showers and sprinkles last night and today brought Snyder slightly more than .03 of an inch. Three and four-inch rains were reported east of here in Taylor and Jones Counties.

A high temperature of 82 was recorded in Snyder yesterday, with an overnight low of 67 degrees. The temperature remained at 67 degrees at 7:30 this morning and then began rising slowly.

Snyder's total rainfall for the year now stands at 4.95 inches.

UN Holding Reds Back As Full-Scale War Is Reopened Along Front

SEOUL (AP)—Fiercely counterattacking Allied infantry, perhaps including Americans, whittled down Red gains of up to seven miles on the flaming Central Front today in what Gen. Maxwell Taylor called "the first resumption of open warfare in two years."

South Koreans overran about 1,500 Chinese Reds in the Kumsong River valley.

Taylor, 8th Army commander, said the Chinese Reds' big 10 division offensive this week flattened the Allies' Kumsong bulge. This meant a U. N. withdrawal of up to seven miles and total Red gains of up to 60 square miles.

The 9th American Corps and 2nd Korean Corps were manning the Kumsong River line.

Tight censorship hid official mention of whether Americans were in the counterattacks.

Taylor said the front was stabilized "generally along an east west -line at the base of the former salient"—where the Allies held a seven-mile northward bulge from gains 20 months ago.

Dispatches cleared by censors told of successful South Korean counterattacks at both sides of the front, backed by swarms of planes and by thunderous artillery.

Forrest Edwards of the AP called the Kumsong counterattack the biggest Allied advance since late autumn, 1951.

Taylor said U. N. units recovered rapidly from blows of the Chinese offensive, which he estimated at 10 divisions or 80,000 to 100,000 troops.

"Commanders have regrouped their units and have pressed back to contact with the enemy, in the first resumption of open warfare in nearly two years," he said.

"The attack has been intermittent across the front during the past two days," Taylor said, with the exception of the two major ROK actions at Kumhwa and in the Kumsong valley, about 15 miles apart. Presumably there were U. S. troops somewhere between.

Latest available information showed the U. S. 9th Corps made up of the 40th, 3rd and 45th Divisions and the ROK 2nd and 3rd divisions.

Backed by a swarm of American and Allied warplanes, tanks and artillery, the South Koreans scored even larger gains—more than a mile—on the Kumsong River front to the east, where they had yielded an officially-disclosed four miles this week to the mightiest Red push since 1951. Associated Press Correspondent Forrest Edwards called it the biggest Allied advance since late autumn, 1951.

Other fighting raged far to the east, as the Communist made light assaults around Luke the Gook's Castle and Anchor Hill.

"We stopped them cold last night —they didn't move an inch after midnight," said the senior adviser to the crack ROK division guarding an approach to Kumhwa. He is Col. William Spicer, Cortland, N. Y.

"They ran into a bunch of wild horses in this division."

"We went back up the hill this morning and took two outposts back that we had to give up last night," he added. "We wanted them."

Edwards flew over the eastern half of the battlefield, just west of the Pukhan River, and reported a steady movement north toward the Kumsong River.

Edwards said it was more a reoccupation of lightly held territory than a genuine riproaring offensive such as the Chinese launched Monday night.

4.25 INCHES IN CITY

Floods From Heavy Rains In Abilene Force Out Residents

By The Associated Press

Floodwaters forced out residents in several sections of Abilene Friday morning. Heavy rains in a small area around the West Texas city sent small creeks booming from their banks.

Elsewhere light showers offered slight relief from the drouth. The weather bureau predicted moderate to heavy rain in East and Central Texas through Wednesday. Moderate rain was seen for West Texas.

The heavy rains in the Abilene area Thursday night and Friday morning covered a small area from Potosi, eight miles southeast of Abilene, to Hamlin, 40 miles northwest.

The total inside Abilene was 4.25 inches.

The six inches reported at Potosi sent Lytle Creek out of its banks. Water flowed 2½ feet deep over the spillway of Lytle Lake Friday morning. Resort homes around the lake were flooded.

In Southwest Abilene water was waist deep in several blocks of Negro houses. Residents were taken out by boats.

Two miles north of the Negro addition, on Cedar Creek, residents in a two block section near Abilene Christian College were warned to leave their homes to escape rapdily rising waters. At one point Cedar Creek, usually dry, was 300 feet wide.

Catclaw Creek flooded a small area in the southwest section and covered about three blocks in the northwest.

A total of 2.83 inches was reported at the Abilene airport east of town. Merkel got one inch, Sweetwater .03, Clyde 1½, Cisco 1, Eastland .22, Coleman .61, Snyder .03, and Aspermont 1.31.

Other hard showers were reported over the state Thursday night but most of the drouth-stricken sections were skipped.

Daring RaidBy French Catch Reds OffGuard

WITH FRENCH AIR FORCE AT LANGSON, Indochina (AP)—French Union paratroopers in the most daring surprise raid of the 7-year-long Indochinese war today captured the city of Langson within 10 miles of Communist China's border.

The airborne units attacked as the Communist - led Vietminh forces breakfasted. The French troops quickly overwhelmed light enemy resistance.

The attackers then blew up all bridges over the Kycua River connecting Langson with China's Kwangsi Province.

Thus, at one lightning blow, the paratroopers knocked out the chief link in the supply line over which French officers say the Chinese Reds have been sending 3,000 tons of war equipment each month to the Vietminh guerrillas.

Langson, on the traditional invasion route from China, long as a key French post in the north. Most of the time after the war resumed in 1946, the French were forced to supply it from Hanoi by air or by heavily-guarded convoy from the coast.

$35-Ton Cake Said 'In Mill'

CHICAGO (AP)—The President of the American Feed Manufacturers Assn. said today he "understands" a "program now is in the mill" which will enable hard-pressed ranchers to buy range cubes of cottonseed meal "for about $35 a ton."

W. C. Glennon said he expected the Production Marketing Administration in Washington will give out the details early next week.

"There is nothing official yet," Glennon added, "and the exact price has not been established. But I understand the ranchers will be allowed to buy the range cubes from feed makers at the goverment price instead of the present price—around $60. The feed maker now is practically out of business."

Allowable Is Same As July

AUSTIN (AP)—The Railroad Commission today set the permissive oil flow in Texas for August today at 3,146,920 barrels daily, the same as the current adjusted allowable for July.

The present producing pattern of 21 days statewide and 18 days in the big East Texas Field was continued into August. The Spraberry trend was kept at 11 days, Pantex at 16 and Pickton at nine.

The August allowable is 10,180 barrels daily above the allowable of a week ago when the Spraberry was under a nine-day production order, but the commission adjusted the order Wednesday to allow 11 days this month. The adjustment results in duplicate allowables for both months.

The commission's order quickly followed one of the briefest of statewide proration hearings. It lasted less than 15 minutes.

Humble, Sun, Shell and Texas oil companies all asked that the July pattern be continued. Gulf suggested one day less statewide. Magnolia and Sinclair wanted one day more in the East Texas field.

H. P. Nichols of Tyler, speaking for the East Texas Oil Assn., said a reported pressure drop in the East Texas pool of 0.63 pounds per square inch indicated the field "about held its own" last month. He asked continuation of the current 18 days there.

The next statewide proration hearing was set for Aug. 18 in Austin.

WEATHER

ALL TEXAS: Partly cloudy through Saturday with scattered thunderstorms. No important temperature changes. Moderate southeasterly winds on the coast.

Report On State Drouth Aid Is Sent To Governor Shivers

By The Associated Press

Gov. Shivers had under study today 13 ways the state might help drouth stricken farmers with a five million dollar relief program. The report was issued Thursday by Atty. Gen. Shepperd.

The governor requested the report on possible state aid measures after a conference with President Eisenhower and governors in Amarillo last week.

In Washington Agriculture Secretary Benson announced a "clarifying" order on distribution of emergency feed, drawing criticism of Rep. W. R. Poage of Waco. Poage asserted a "need requirement" would restrict help to those ranchers who could take a "pauper's oath."

In Dallas for a Texas survey, the head of the Farmers Home Administration; R. B. McLeaish of McAllen, said distressed cattlemen and farmers will not have to sign a "pauper's oath." He said the farmer must "merely certify he cannot get the loan elsewhere and meet other qualifications."

While relief plans developed, more showers and clouds were forecast over Texas. Thunderstorm dotted Texas Thursday with rain reported in Midland, San Angelo, Wichita Falls, Beaumont, Childress Big Spring, Fort Worth and Dallas.

Lightning killed a boy at Odessa. High wind and hail battered Fort Worth. Fort Worth's rain was an unofficial 3.33 inches in parts of the city. San Angelo's 24-hour rainfall total up to 6:30 p.m. Thursday was 2.52 inches. Substantial showers fell in the watershed of Lake Dallas in North Central Texas. Baytown near Houston had 1.50 inches late Thursday with more rain forecast in Harris County.

Maximum temperatures ranged in the 80s and 90s over much of the state Thursday. Highs ranged from 81 in Dalhart and Lubbock to 104 at Presidio. Similar temperatures were expected through Friday.

Shepperd, in a 30-page memorandum, said the governor had the authority to marshall the forces of state and local government in a five million dollar relief program.

Shepperd detailed steps that could be taken without calling a special session of the Legislature and also listed things a special session could do.

Proposals included relaxing of state banking regulations for easier loans; rainmaking projects by cities and counties; city - county aid; state supplied transportation of feed and seed; remission of certain taxes and a cooperative system of voluntary price supports.

Shepperd said at least five million dollars for drouth relief could be raised through contributions from local governments, money in the governor's deficiency appropriation fund and an estimated half million that could be raised by public gifts.

McLeaish, appointed FHA chief 15 days ago, met with FHA directors from seven states. He told of technicalities of the loan program. He began a tour Friday that was to take him to San Angelo, Del Rio and the Lower Rio Grande Valley.

He said distressed farmers can get loans by presenting applications to a local area special loan committee. The committees made up of people who have knowledge of the livestock industry will be set up in a few days. They will have power to reject or approve applications. The business reputation of the borrower will be considered.

Poage said this of the loan program:

"These regulations are based on the idea that all that is necessary in this crisis is to make a little gesture of aid. It now appears that our government aid is going to be too little and too late."

The report of the attorney general told Shivers:

"It is our opinion that . . . you are authorized to mobilize and utilize the manifold services, equipment, supplies and facilities of existing state agencies and political subdivisions to assist in a drouth relief program."

Lake Water Coming To Snyder After Stopping

Water started flowing to Snyder from Lake Thomas about 3 o'clock yesterday afternoon after a power failure at the lake pump station had caused the water to stop, B. J. Shelley, city manager, said.

Shelley said that the current went back on at the lake about noon yesterday, and the water reached Snyder about three hours later.

Shelley said that rains this week have relieved the water shortage experienced by some residential areas here which are served by small water lines, but that the watering schedule for Towle Place and Highland Park is still in effect.

Browns Make Yankees Sorry They Invented The Home Run

By BEN HLEGAR
AP Sports Writer

It didn't take the New York Yankees long to find out that this Western trip is going to be different.

Only a month ago the league leaders blazed through St. Louis, Chicago, Cleveland and Detroit on an all-victorious tour of 14 games. This time they got stopped before they got started.

The Yankees virtually invented the home run and the lowly St. Louis Browns made them mighty sorry for it in the opening game of a twilight-night twin bill. The Browns pounded three in a row out of the park in the first inning—tieing the major league record—and added two more later in the contest for an 8-6 victory.

The defeat was the first of the year for the Yankees in St. Louis and although they rallied to take the nightcap 7-3 they lost a full game of their first place margin to the hustling Chicago White Sox, double winners over Washington.

The Sox won the first game in 10 innings 6-5 and the second 5-4 over the regulation distance. Billy Pierce, pitching in relief for only the second time this season, drove home the deciding run with a single in the first game for his 11th victory. A pinch hit home run by Eddie Stewart made the difference in the second. The Sox now trail by four.

The two other first division American League team also triumphed. Cleveland beat Philadelphia 5-3 on Al Rosen's grand slam home run and Beston nipped Detroit 3-2 with Mel Parnell winning his 13th game, tops in the circuit.

Brooklyn increased its National League lead to 2½ games by trouncing St. Louis, 9-2, while second place Milwaukee was losing to Pittsburgh, 5-2. Philadelphia won a couple of squeakers from Cincinnati, 3-1 and 3-2. And the New York Giants, who had won eight in a row before the Dodgers stopped them in the final game before the All-Star break, resumed their winning habits with a 10-3 decision over Chicago.

Home runs were a big item in almost every game. Out of 11 contests in the two leagues the only one without a homer was the Milwaukee-Pittsburgh affair. The total production was 24 of which 15 were in the American League.

In addition to tying the 3-in-an-inning record the Browns equalled the major league mark of 17 homers in 5 consecutive games. It was the first time this mark had been tied since it was set by the Yankees of 1940.

Washington forced the White Sox to come from behind for both of their victories.

A double by Mike Garcia and a pair of walks set the stage for Rosen's grand slam at Cleveland. The blast broke up a scoreless duel between Garcia and Marion Fricano, the A's rookie.

The Dodgers struck quickly and decisively against the Cardinals. With one out they loaded the bases in the first inning and Gil Hodges drilled a Stu Miller pitch high and far for the Dodgers' first grand slam home run of the year. Hodges and Duke Snider hit two more home runs later in the game as Preacher Roe scored his sixth victory.

Pittsburgh broke a 10 game losing streak with a rookie Carlos Bernier playing the starring role. He drove in two runs and scored a third by stealing home. Johnny Antonelli was the loser against Bob Friend.

Robin Roberts won his 15th game of the year in the opener against Cincinnati although he gave up 10 hits to only 3 by loser Bud Podbielan. The Cincinnati righthander retired the first 20 men he faced but the Phillies bunched a walk, two singles and a double by Smoky Burgess to score three runs in the seventh inning.

Granny hamner drove in two tallies with a home run in the eighth inning of the nightcap as the Phillies ran their winning streak to seven games.

Hank Sauer homered with two on for Chicago in the first inning at New York but from then on the Giants were in complete command. Sal Maglie won his eighth game with home run help from Whitey Lockman, Al Dark and Don Mueller.

Negro Fireballer Is Giving Up Fight To Play In Cotton Loop

HOT SPRINGS, Ark. (AP) —A fireballing Negro pitcher, who has compiled a 20-7 record for Knoxville in the Class D Mountain states League, has given up for this season his fight to play in the Cotton States League.

James Tugerson said yesterday that attempting to play with Hot Springs in the Class C circuit would be a "waste of time to me. It would hurt my record."

Tugerson has a $50,000 civil rights suit pending against the Cotton States League. He has charged the league with conspiring to prevent his playing in the loop because he is a Negro.

Public Links Tourney Goes Into Semi-Finals

SEATTLE (AP) —A couple of Californians, a Denver trucking executive and a University of Florida student headed down the semi-final trail today each anxious to become the new National Public Links Golf Champion.

Ted Richards of Santa Monica, Calif., took on the straight-shooting student, Doug Sanders of Cedartown, Ga., in one of the 36-hole matches. The other sent Irving Cooper of Long Beach, Calif., against Husky Ed Hart of Denver. The two survivors will go 36 holes tomorrow for the title.

Nelson Wins Arkansas Meet

TEXARKANA (AP) —Byron Nelson birdied the fifth hole of a sudden-death playoff yesterday to win the Arkansas Open Golf Tournament by defeating amateur Paul Collum.

The semi-retired Nelson and Collum ended the 36 holes of the meet with three under par 143's.

Nelson had started the day two strokes behind the El Dorado, Ark., Amateur, who shot a sizzling 68 in the first round.

Nelson built up a two stroke lead, only to blow it on the last scheduled hole. The veteran professional from Roanoke, Tex., missed an 18-inch putt.

In the playoff, the two halved four in a row, parring two of them, getting birdies on one and slipping over par three on the 220-yard third hole.

On the 375-yard par-four fifth hole, both drove down the middle. Collum's second shot was eight feet from the pin. Nelson was about three feet closer. Collum two putted.

Nelson asked: "Tired of Walking Paul?"

Then he sank the birdie to win $300.

Women's Track Meet

MEXICO CITY (AP) — A Mexican Women's All - Star Track Team will compete in the national championships at San Antonio July 24-25. The team recently defeated a squad from Houston in a meet here.

Grant Golden To Keep His Tournament Play

CHICAGO (AP) —Grant Golden of Wilmette, Ill., upset winner over Defending Champion Art Larsen, will try to continue as giant killer of the National Clay Courts Tennis Tournament today in a semifinal match against Hamilton Richardson, Baton Rouge, La.

Golden scored the first major upset yesterday by ousting Larsen 6-2, 4-6, 6-1, 6-3.

The upper bracket semi - final to be played Saturday, pits top-seeded Vic Seixas against Tony Trabert of Cincinnati, the 1951 Clay Courts Champion.

Native Dancer And Jamie K Vie Again

CHICAGO (AP) —Native Dancer and his shadow, Jamie K., will renew their rivalry, one of the greatest in horse racing, at Arlington Park tomorrow in the richest mile ever run by 3-year-olds.

The two Thoroughbreds head a probable field of nine for the $155,000 Arlington Classic, baited with a first prize of approximately $100,000. Second is worth $30,000 with $15,000 and $10,000 for the next two places.

Ben Hogan Is Rave Of European Press

PARIS (AP)—Mechanical man? A golf machine? Nerveless?

These superlatives have been heaped on Ben Hogan, golfdom's mighty mite from Fort Worth, Tex.

But what does the winner of the United States Open and British Open think?

"Well," he smiled last night before boarding the boat train for Le Havre where he embarked for New York on the United States, "I'm only human, of course. But there's no point in getting ruffled. It just interferes with your game."

He said the European courses were a great deal different from those he was used to playing in the United States.

"Here they just make a tee and a green and then cut the grass in between," he observed. "Then they toss in a few bunkers and traps. This was true of Carnoustie (where he won the British Open). In the United States we tailor our courses more. We manicure them."

Before taking off from Paris Ben learned that New York was planning a ticker tape welcome when he arrived there. The United States was scheduled to dock Tuesday. He said it was fine with him.

(In New York Grover Whalen, the city's official greeter of dignitaries, said Hogan and his wife, Valerie, would be escorted in a motorcade to City Hall for a greeting by Mayor Vincent Impelliteri, then taken on the traditional ticker tape ride up Lower Broadway.)

He was impressed by the rave notices he received in the British press. Some English sports writers said he was the greatest golfer ever.

"It's real kind of those folks to say so," he said. "It's nice to know they have so much confidence and faith in you. But I hope I never become perfect. Because then, where do you go from there? Down, that's where."

After the New York welcome, Ben and Valerie are going fishing in Canada.

"I need the rest," he said. "I've been playing and practicing since last March and I feel pretty tired."

How about his shootin' irons.

"I'm taking my clubs with me. They go wherever I go."

Hammett Wins Tourney In Levelland With 68

About $125 in winnings will be awarded to J. T. Hammett, Snyder golf pro, for his low shooting at the Levelland pro-am tourney this week.

Hammett was low individual pro with a score of 68.

His team tied for second in the tourney with a score of 66, while a foursome with 64 won the tourney.

Members of Hammett's team were Paul Jones of Artesia, N.M., Paul Clark of Levelland, and Mrs. Isabel Walker of Levelland.

The Snyder pro said his tournament will probably be at Odessa next month.

Mrs. Ethel Hanna of 2107 Twenty-ninth Street, is pictured beside a storm cellar she built at her home. Besides the walk-in feature she also included three ventilation holes, an electric light and linoleum on the floor to help her regard it as a room instead of a hole under the ground. She said she doesn't like that "closed in feeling."

SOCIETY SCRIBBLINGS

Storm-Wise Persons Have Appreciation For Cellers

By DOLORES KETCHERSID

The Waco and San Angelo disasters not only prompted cellar building in those towns but also started the shovels moving in Snyder.

Mr. and Mrs. E. V. BERRY who live on the Lamesa highway have built three cellars in the last five years because they have moved to that many different locations in town. After the funnels dipped on Waco and San Angelo, Mr. Berry said his wife "didn't ask me to build this last cellar, she told me."

Mr. and Mrs. H. D. ROBINSON also have a cellar in their back yard at 3746 Rose Circle. Formerly of Sentinel, Okla., Mrs. Robinson has a healthy respect for the damage a twister can do. Although the new housing additions don't have cellars she said she thought one in every yard should be a 'must.' "A lot of people think you just ruin the appearance of your back yard, with a cellar, but I'd rather have mine messed up a little," she said.

Mrs. Robinson has been in the new cellar once and that was because lightning was hitting close. However, she said she had "seen times I would have gone if I had thought I could have gotten there."

Actually she has been really scared only once since moving to Snyder, and although she doesn't remember the date, she remembers the occasion. It was one night when it rained and then hailed and 15 minutes later dust blew so hard she couldn't see across the street.

Their cellar is about eight feet deep and has plastered walls. Heavy timbers are laid across the top for which sheets of tin and dirt provide a cover. She doesn't like concrete tops because she had heard they can be pulled out of the ground by the vacuum in the funnel.

A pick is always left inside the cellar in case there should be a tree or some object blown across the door. She also carries a thermos of water should the stay be longer than anticipated. Mr. Robinson and a group of his friends built the cellar.

Mrs. Robinson doesn't store articles in the cellar because "I have a cellar for just one purpose, and I believe more people could get in it if I didn't have anything stored there."

But one couple in town is unhappy because they do have a cellar. Mr. and Mrs. ROY C. WOOD moved here about two months ago from Cheyenne, Wy. Previous occupants at their home at 504 Thirty-third Street constructed the storm shelter out of timbers that are too light, and, besides, Mrs. Wood is sure the termites are taking over. They plan to remove the wood and push the dirt back in the hole.

The Woods moved last week from a nearby house. While moving Mrs. Wood said she lost more household items than on the trip from Wyoming. Although they had visited here with her parents, Mr. and Mrs. B. F. PINNELL, Mrs. Wood has never lived in Snyder before. Ther son, two-year-old JOE, may someday believe he wasn't welcomed properly to the town. When they visited here on his first birthday he got chicken pox and on the last birthday here caught measles.

VOLCANIC OBSERVATIONS

Mrs. MOLLIE PINKERTON, county treasurer, received a letter Wednesday from her brother who formerly lived in Snyder. BARTON CHURCH wrote his sister concerning the eruptions of three volcanoes July 9 near Anchorage, Alaska where he is working.

When the ash first began filling the sky the residents mistook it for rain but "it got darker and darker and by 12 o'clock cars had their lights on and ash(volcanic) had begun to fall pretty heavily... ...the ash was falling so thickly you couldn't see approaching car headlights until they were about 50 to 75 feet in front of you. By 2 o'clock it was about one-half inch deep on the ground and cars. I have never seen anyone stay out in a West Texas sand storm all day and get as dirty as 'you could in five minutes in this ash. There wasn't any bouncing off when it hit you; it stuck where it landed."

Shorter, Fuller Figures!

2826
SIZES
14½ - 24½

A half-size dress proportioned especially for the shorter, fuller figures, this shirtwaist basic has the kind of styling to treasure in shantungs as well as cottons to put an exclamation point to your new season's wardrobe

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 3-5486.

We have a new vacuum cleaner. Can you give me some rules for the care of it? S. G.

Clean the cloth bag before each use or dispose of the paper bag when it is three-fourths full. Buy a new cloth bag when the old one begins to leak fine dirt. Clean brushes with wand attachment. Wash brushes frequently in warm soapy water, rinse thoroughly and dry. Buy a new belt when the old one is worn. Store carefully with the cleaner firmly on the floor and the cord loosely looped. Don't use your cleaner to pick up pins, tacks nails, hairpins or coins.

Here are some extras in the way of service that you may not have discovered. The dusting attachment whisks dust from the insides of a piano, dusts piano keys, empties ash trays, dusts books, Venetian blinds, lamp shades and furniture. The extension wand plus a flat brush nozzle dusts the high places such as ceilings, mouldings, window and door frames. The crevice tool cleans dresser drawers. You might also try this tool, too., for cleaning shoe bags, coat pockets, pocketbooks and luggage.

* * *

If your floors and furniture are waxed, never use an oil-treated dust mop or duster. Oil makes the wax soft, sticky and dingy. Instead, use a clean, soft lintless cloth, an untreated mop or the dusting attachment of the vacuum cleaner.

* * *

What is a cake recipe using apricots, that I can use?

You'll need 1 cup fresh apricots, chopped, ½ cup shortening, 1 cup sugar, 2 eggs, 1 teaspoon lemon juice, 2 cups flour, 3 teaspoons baking powder, 1 teaspoon salt, ½ cup milk and ¾ cup chopped filberts or walnuts. Grease loaf pan and set aside. Cream shortening and sugar together and add well beaten eggs. Pour lemon juice over chopped apricots and fold into egg mixture. Sift dry ingredients together and add alternately with milk to first mixture. Fold in chopped nuts and pour into loaf pan. Bake at 350 degrees for 1 hour.

TREES ARE HOBBY

HAMILTON (AP)—Whenever George Sinclair wants to give someone a gift, he goes into his backyard and digs up a tree. He grows trees from seed as a hobby. He has given away more than 300 saplings most of which now are on lawns from Hamilton to Toronto.

Mrs. Ethel Roberts

Mrs. Ethel Roberts Will Speak Monday About Civil Defense

Mrs. Ethel Roberts, Parent-Teacher Association civil defense chairman, will give a report on a recent workshop she attended Monday night at 7:30 o'clock in the old high school auditorium.

Mrs. Roberts will tell what individual and civic organizations' responsibilities are during disasters such as tornadoes, warfare, epidemics and floods. At least one state officer is expected to participate in the meeting.

Mrs. Roberts attended the four-day civil defense workshop in Austin June 8.

WOMEN'S CALENDAR

Mrs. Ray Stipes and family of Hico visited Mr. and Mrs. W. V. Stipes over the week end.

Mrs. J. B. Adams is visiting Mr. and Mrs. H. W. Adams and family in McCamey and Mr. and Mrs. O. R. Adams and family of Rankin this week.

Rare Bones Are Found

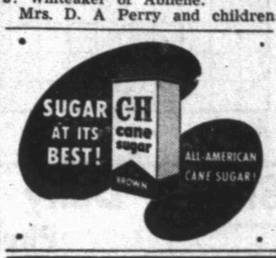

VICI, Okla. (AP) — All they wanted was water. But drillers recently found some bones of a Mamosaurozekae, reports Palph Cain. A Mamosaurozekae was the result of an accidental cross of a Pterodactyl and a Ceratosaurus. It was rare even in the Meozoic period.

A hydroelectric project is planned on the muddy Volta River of the African Gold Coast, principally to supply power to process aluminum.

HOMER HOOPEE

THE ADVENTURES OF PATSY

ASSOCIATED PRESS NEWS IN PICTURES

ANNIVERSARY MARCH— Motorized howitzers file past triumphal arch of Emperor Constantine in Rome during parade as Italy celebrated 7th anniversary of birth of republic.

ALL OUT FOR THE QUEEN — Youngsters wave British flags and lead the cheers as Queen Elizabeth II tours their section of northeast London, the day after her coronation.

NEW SUCCESSOR TO DANISH THRONE—King Frederik and his daughters, Princesses Anne Marie, Benedicte and Margrethe, left to right, at Christianborg Castle, Copenhagen, where the King effected a constitutional change putting Margrethe, 13, in line for the throne.

TO AUSTRALIA— Amos J. Peaslee, of Clarksboro, N. J., a veteran of both World Wars, has been nominated by President Eisenhower as U. S. Ambassador to Australia.

ROYALTY TOPS TIMBER— Dutch Princess Beatrix and her Argentine mount, Atalanta, sail over a jump in horse show near Soestdijk Palace. She was fourth in general standing.

GETTING ACQUAINTED— Mrs. Helen Martini, in charge of nursery at New York's Bronx Zoo, helps Bambi, a 4-day-old fawn, make friends with a pair of 3-day-old tiger cubs.

UNDER FOREBEAR'S TOPPER—Mrs. Roberta Oshkosh Robinson, descendant of Indian chief who gave name to Oshkosh, Wis., sits under his headdress held by Mrs. Abner Napstad in New York before shipping it west for Oshkosh Centennial.

EIFFEL PATTERN— The shape of this chain-trimmed calf bag, made in Paris, seems to have been influenced by a view of the Eiffel Tower, famed Parisian landmark.

MODELS HIS PRODUCT — Asere T. Sokeore of Basutoland, South Africa, showing his skill at Rhodesian Exposition, uses grass to make a hat similar to the one he is wearing.

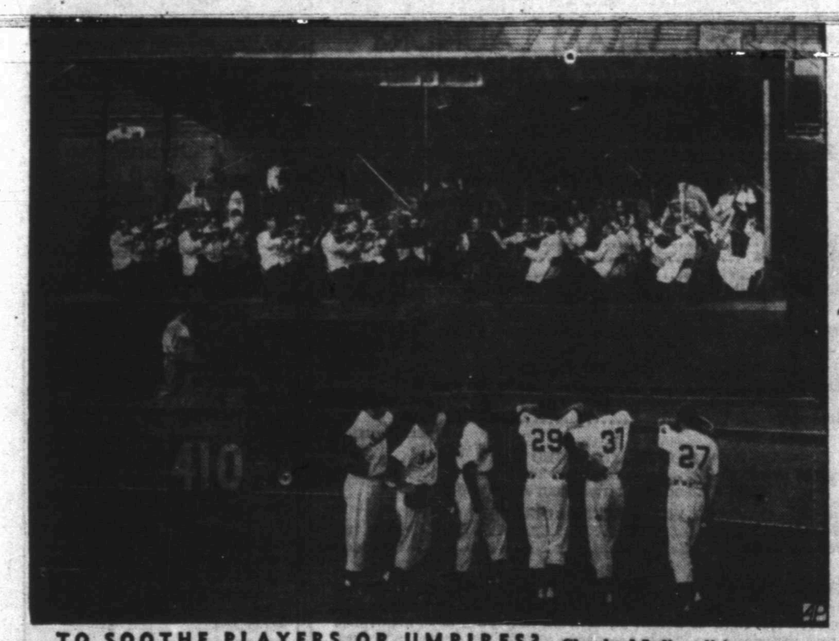

TO HEAD AMA— Dr. Walter B. Martin, of Norfolk, Va., president-elect of the American Medical Association, who will be installed at the San Francisco meeting next year.

ALL-WAVE MIDGET—Glen K. Ecker, Pasadena, Cal., metal worker, holds his eight-ounce, soapdish-size radio which receives both standard and short-wave broadcasts

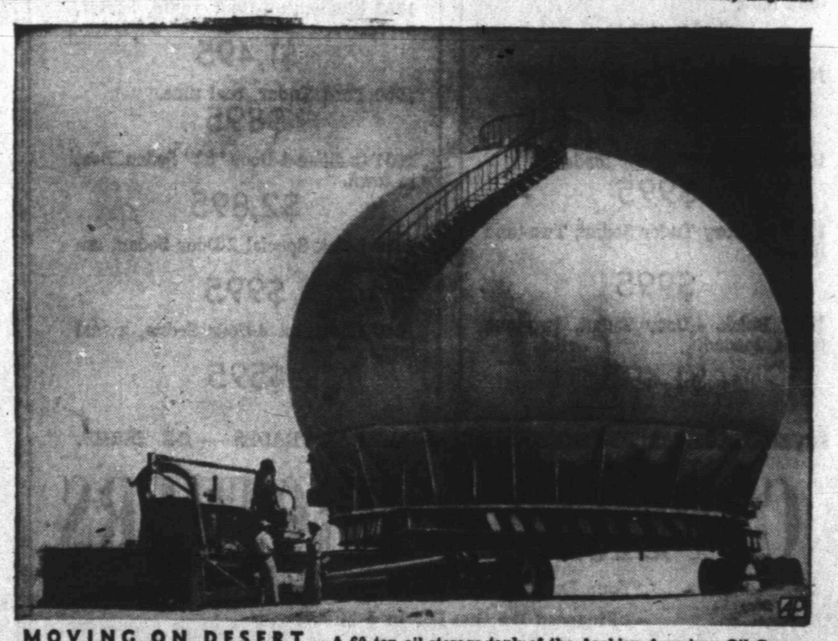

AFFAIR OF STATE— Winthrop Aldrich, right, U. S. Ambassador to the Court of St. James's, stands with the Marquess of Blandford at a garden party at Blenheim Palace, England.

TO SOOTHE PLAYERS OR UMPIRES?— Cleveland Indians listen as summer orchestra presents first of 12 concerts as a pre-game feature in Cleveland Stadium.

MOVING OFF WITH TITLE— Mrs. Bertuncello-Gorini settles her 305 pounds and pet dog onto a motor scooter after winning "Fattest Lady in Northwest Italy" title in Turin.

MOVING ON DESERT — A 60-ton oil storage tank of the Arabian American Oil Company in Saudi Arabia is hauled on four-day, 65-mile trip across the sands from Abqaiq to Ain Dar.

Douglas Would Set Out Rules For Investigation Committees

WASHINGTON, (AP) —Sen. Douglas (D-Ill) has offered a set of 10 commandments to congressional investigating committees, saying they should be adopted by "all believers in fair play."

Douglas told the Senate his proposed rules would not handicap the committees and would be much fairer to witnesses and others involved in their inquiries.

On the other side of the Capitol, however, Rep. Dies (D-Tex) advised against the drafting of restrictive rules for inquiry groups.

"You can't put a committee in a straitjacket and do a good job," he told a House rules subcommittee that is studying proposals for general rules covering House probes.

Dies, who once headed the House Un-American Activities Committee went on to suggest that some kind of a code probably could be worked out to reduce the criticism of congressional investigations.

While Douglas did not criticize the handling of any specific probe, he said Senators Hoey (D-NC) and Fulbright (D-Ark) had been "conspicuously fair" in inquiries they had conducted, and commented dryly:

"Not all have been able to reach that standard and some have erred."

Fulbright conducted a sensational investigation of the Reconstruction Finance Corporation several years ago.

Hoey was the predecessor of Sen. McCarthy (R-Wis) as chairman of the permanent Senate investigating subcommittee.

Here in brief are the 10 rules Douglas said would increase the prestige of Congress and strengthen democratic institutions:

1. Witnesses reflecting adversly upon other persons should only be called to testify at a public hearing after they have been examined relative credibility established. Unreliable witnesses should not be allowed to wreck reputations.

2. Testimony adversely affecting any person should not be received in a public hearing unless it has first been heard in private and corroborated.

3. Derogatory material not developed in public hearings, rumors, and other unsubstantiated reports should not be issued to other private citizens or "leaked" to the press by the members or staff of a committee.

4. If it seems probable that a person is likely to be adversely reflected upon in public testimony, he should be notified in advance, invited to be present, and permitted to make an adequate statement if he wishes.

5. Persons charged with offenses or otherwise subjected to derogatory comment should have a limited right to cross-examine adverse witnesses and to produce witnesses on their behalf.

6. Witnesses before the committees should have the right to be represented by counsel and, if not in contempt of the committee, to make brief statements in their defense.

7. The general purpose of the hearing should be stated in advance and authorized by a majority of the committee so that the relative relevancy of the questions asked may be judged. Vague and unauthorized "fishing parties" should not be indulged in.

8. No report should be filed or published which has not been submitted to the members of the committee and approved by a majority. The minority would retain its right to file a dissent.

9. Staff appointments should be approved by the committee as a whole or by mutual agreement between the chairman and the ranking minority member.

10. Meetings of the committe should require 24 hours notice and members should be informed of the general subjects to be discussed and the witnesses to be examined.

More Cake Is Arriving Here

Twenty tons of cottonseed cake is now en route from Lamesa to Snyder for the disaster feed program, according to Irelan Finley, head of the Production & Marketing Administration here.

Finley said those who will get delivery out of this cake load, which is made up of cow-size pellets, will be notified by his office.

The cake from Lamesa is the only feed being shipped now. Finley said Lamesa Cotton Oil Co. is holding orders from here on two more carloads of cow-size cake and that Western Cotton Oil in Abilene holds orders for 120,000 pounds of sheep-size cake.

The PMA had already delivered 40 tons of cake and 60 tons of corn. Several tons of other feeds have been ordered.

The PMA administrator asked that farmers and ranchers who ordered cake and did not specify the size pellets wanted to notify the PMA.

"Knots" as the term for the speed of a ship derives from the ancient method of measuring speed by counting the number of knots in a line pulled over the stern by a piece of wood thrown into the water.

Semi-Finals In Miss Universe Beauty Contest

LONG BEACH, Calif. (AP)—Which of 16 near-perfect contestants is the most beautiful girl in the world?

The answer—sure to give judges of the Miss Universe contest some uneasy moments—will be known tonight.

There were at least 16 impressive performers in the field of 26 competing in last night's preliminaries, judging from the applause of 2,500 spectators in Long Beach Municipal Auditorium.

The judges somehow accomplished the job of narrowing the group to 16 semifinalists, but their identity will not be announced until tonight. From there, the field will be cut to five finalists, from whom will come Miss Universe.

The most popular girls, on the basis of audience reaction, included Christiane Martel of France, Turkey's Ayten Akyol, Japan's Kinuko Ito, Italy's Rita Stazi and the newly crowned Miss United States, Myrna Hansen of Chicago.

Perhaps the biggest single hit of the evening was Miss Japan's appearance in a white evening gown with hand-painted red roses on the skirt.

Another group with an extremely good chance of winning the gold and silver Universe crown might include: Alicia Ibanez, Uruguay; Christel Schaack, Germany; Emita Arosemena, Panama; Maxine Morgan, Australia; Lore Felger, Austria; Ana Lepe Jiminez, Mexico; and Doretta Xerou, Greece.

Some 16,000 Texans Stand To Be Drafted

HOUSTON (AP) —Even if the Korean war ends, between 15,000 and 16,000 Texans stand to be drafted during the current fiscal year, the State Selective Service Director says.

Brig. Gen. Paul Wakefield of Austin said yesterday that number will probably be drafted regardless of the status of the Korean war.

He said his estimate for the fiscal year which ends next June 30 is based on the state's share of a projected nationwide need for 307,000 men.

He said 28,000 Texans were drafted last year.

"Since the beginning of World War II Texas draft boards have called more than the equivalent of 33 infantry divisions and more than the equivalent of four divisions since the start of fighting in Korea," he said. "This is more than a half million men."

Willard Jones Is In Fort Worth Hospital

Willard Jones, former publisher of the Scurry County Times, has kept his perfect record for Lions Club attendance even while confined to a Fort Worth hospital.

The South Side Lions Club in Fort Worth, which Jones visited shortly after entering the hospital, held its meeting in the hospital this week for Jones' benefit. It gave Jones a perfect record for eight years attendance.

Jones, who now lives in Hamlin, was injured while helping his son, June Jones, in the publication of the Hamlin Herald. Most of his right hand was lost in the acident, and he has undergone plastic surgery in the Fort Worth hospital.

Stoker Completes Army Course In Japan Post

Pfc. Richard L. Stoker, the son of Mr. and Mrs. Guy Stoker of Snyder, has completed a course in chemical warfare at the Eta Jima specialist school in Japan.

Stoker, who entered the Army in May, 1952, arrived overseas in May, 1953. He was stationed at Camp Chaffee, Ark., prior to his overseas assignment.

RODEO

Joan L. Garrison, 18, unemployed waitress, waits in Long Beach, Calif., to be arraigned before the U. S. commissioner on charges of illegally wearing a Navy uniform. She was discovered aboard the cruiser Los Angeles during a one-day firing practice cruise wearing Navy blues and a sailor hat. Authorities said she boarded the ship in the middle of the night on a dare with the aid of two sailors who gave her a crew cut and supplied her with Navy clothes.

Minor Accident Here Yesterday Morning

A minor automobile acident involving a bus and car did damages estimated at $105.45 to the car here about 11 o'clock yesterday morning.

The accident occurred at Twenty-fifth Street and Avenue Q, involving a 1952 Oldsmobile driven by J. C. Button, 213 Thirty-fifth Street, and an army surplus bus driven by Aurdie Valenzuela, of Mexicale, Mexico. The bus was not damaged, Marvin Brister, policeman who helped Walter Suttle, chief, investigate, said.

Brister said that a convoy of the army surplus busses were being taken from an army base in the Eastern part of the country to the Mexico town to be used as city busses there.

Brister said the bus company officials paid the damages to the car after a body shop appraiser estimated the cost to repair the car.

Bidault Would Stress Hope, Not Difficulties

NEW YORK (AP)—French Foreign Minister Georges Bidault believes the proposed 4-power conference of foreign ministers would strengthen hope for world peace.

Answering newsmen's questions yesterday, Eidault said "There are many difficulties that have to be faced, but this is not the time to stress the difficulties, but rather a time for hope."

He said he was "extremely satisfied" with conclusions reached at the recent foreign ministers conference in Washington.

Bidault arrived from Washington by train and left by plane for France last night.

Girl Kept In Closet Will Be Taken To State Institution

A nine-year-old Snyder girl who has been kept in a two-by-three-foot closet much of her last seven years is to be accepted by the Abilene State Hospital at Abilene, it was learned today.

Bill Ballard, county juvenile officer here, received word today from the hospital that it would accept the child July 27. Ballard has been working on the case about a month, attempting to place the girl in an institution.

When the child's plight was discovered June 12, Ballard contacted the Austin State Hospital and requested care for the girl because it had been determined she was feeble-minded. The hospital there has a continuous long waiting list, and it appeared then that she would have to wait from one to six months to be admitted.

Shortly later, it was learned the girl was a victim of epilepsy, and the hospital at Austin does not admit epileptics. The hospital at Abilene is primarily for epileptics but does not usually take patients who cannot care for themselves to some extent.

It was learned from the child's parents soon after her condition was made known to officials here that she had been extremely feeble - minded since she was about two years old. She suffered some illness accompanied by a high fever at two, but she could talk and walk and appeared to be normal prior to the illness, Ballard learned. The child's parents, Latin - Americans, speak very little English, and full details were not learned.

The girl cannot talk but can make noises understood to some degree by her parents. She does not walk very well, Ballard said, but shuffles along, stooped; and she eats directly from a bowl without spoons or other utensils.

Ballard, who has a degree in psychology and has studied psychiatry and tested feeble-minded persons in clinical studies, says the outlook at present is that she will spend the rest of her life hospitalized.

The parents had kept the girl in the closet during most of each day because they knew of no other solution, Ballard said. The child did not object to the closet but occasionally whined to get out. She was allowed to roam the house at night and slept on pallet. The parents did not know the state had institutions that would care for her at no cost to them.

Ballard said the girl had the worst of two types of epilepsy but that her attacks were not as frequent as in many cases of this type. She is the oldest of five children. The others are normal.

Former Gail Resident Succumbs In Lamesa

LAMESA — Funeral services for Mrs. Frank B. Jones, 52, were held this morning in the First Methodist Church. Mrs. Jones died Thursday at her home here.

Mrs. Jones was the former Miss Forrest Wicker of Gail, the daughter of Mr. and Mrs. Joe Wicker. She had lived in Lamesa about 20 years.

Survivors include her husband; two sons, Frank B. Jones, Jr., and Jerry Jones, both of Lamesa, and a sister, Mrs. George Gray of Lubbock.

Borden Superintendent At Austin 'Work-Shop'

S. P. Steward, superintendent of schools in Borden County is among 78 school officials from over the state attending a work-conference at the University of Texas this week.

"State Action for Powerful Schools" is the topic of the conference. Discussions on the future of the county superintendent as an intermediate school administrator are also planned.

AIR CONDITIONING FOR CHURCH

Year-round air conditioning and heating is being incorporated into the new red-brick First Christian Church building under construction on Thirty-seventh Street. The building is more than half complete. G. W. Hicks and Joel Tinker are shown beside two 13,000 cubic feet per minute air conditioners that are being installed in the building today. (Lee Watson photograph)

SERMON TOPICS

The Rev. T. Gerald Cates will speak on "Success of Christian Living" at the 11 o'clock service Sunday morning in the Calvary Baptist Church.

• • •

"Lovest Thou Me?" will be the sermon topic for Ted Norton, minister of the Twenty-fifth Street Church of Christ at 10:45 Sunday morning. The Sunday night sermon will be "The Power of God's Word." Bible classes meet at 9:45 Sunday morning, with young people's training classes at 6:30 Sunday afternoon.

• • •

"Why Did Jesus Die?" will be discussed by the Rev. Woodrow W. Adcock at the First Methodist Church Sunday morning at 8:30 and 10:55 o'clock services. Sunday night at 8 o'clock the subject will be "Does God Guide Us?" The Lord's Supper will be available at Sunday services.

• • •

"A Whole Christianity" will be the message of the Rev. Glenn Ricketts at the First Christian Church Sunday morning. Reports on the international convention of the Disciples of Christ will be heard at the evening service.

• • •

The Rev. James A. Stewart will speak on "The Man Who Sold Out for Nothing" on his 1:30 broadcast Sunday afternoon. He is to conduct service at 7 o'clock Saturday night, speaking on "What is Meant by the Baptism".

Tent Revival Closes Here This Week End

The tent revival south of the post office sponsored by the Calvary Baptist Church will be concluded this week end with the final message by the Rev. David Cavin, Fort Worth, tonight and with the Rev. T. Gerald Cates speaking tomorrow night and Sunday night.

Mr. Cates will also speak at his regualr Sunday morning broadcast at 8:30 and at church services that morning. A baptismal service will follow.

District Meeting Of Men's Fellowship Here

The Men's Fellowship of the First Christian Church was host to about 75 persons at a district-wide dinner held last night.

Barney McCasland of Lubbock was the guest speaker. Other Lubbock visitors included H. F. McKissick, Henry Owsley, Floyd Rector and Wayne McMurry.

Friendship Class Social

Members of the Friendship Class of the First Methodist Church will have a social meeting—Saturday night.

The group will meet at the church at 7:15 Saturday night to go to the rodeo. They will return to the church for a watermelon feast following the rodeo. All young, unmarried adults are invited to attend.

Trout Fishing To Music

INTERLOCHEN, Mich. (AP)—Trout fishing goes along with music at Bridges Lake, which is just west of the National Music Camp here. Fishermen take trout—some running to 22 inches—while listening to Bach and Beethoven.

Reindeer milk has an unusually high fat content.

WELCOME

HUMAN AND DIVINE

Christ was human and divine. He was human in that He inherited a physical body from Mary, His mother. He is divine in that He was begotten by the Holy Spirit—He is one of the trinity. His body grew tired, hungry and thirsty as any other man's. He was tempted in all points like other men, yet He did not sin (Heb. 4:15, 16). He was tempted through the three avenues of temptation (1 John 4:15-17). Consequently, Jesus can sympathize with men who undergo temptation and can help them. (Heb. 2:18).

The Bible is human and divine. It is human in that it was written by men. It is divine in that the writers were inspired men. (2 Pet. 1:21). It is written for men to understand (Eph. 3:2-6; (1 Thess. 5: 27). Whether men understand it or misunderstand it, the Bible continues to say the same thing every time it is read and studied. The Bible is right! No church, synod, council, assembly, etc., can interpret the Word of God for men. When men understand the Bible at all, they understand it alike. The church did not produce the New Testament. The New Testament taught and obeyed produced the church. The inspired word (New Testament) was revealed through the apostles and prophets beginning at Pentecost. It was not all recorded until about sixty or seventy years after the Church of Christ began.

The church is human and divine. It is human in that its members are men and women. It is divine in that its "Head" is Christ (Col. 1:18). He has all power (authority) both in Heaven and in earth (Matt. 28:18). That leaves no place for a "visible head over a visible church." The Church of Christ is composed of members who are living as well as those who have died (Eph. 3:14, 15; Heb. 12:18, 22-24). The "law" of the church is divine—it is the New Testament. The "worship, organization, and manner of living" are revealed in the New Testament—hence, they are divine. The members of the Church of Christ do not always correctly represent Christ nor conform to the teaching of the New Testament, but this is in spite of the doctrine of the New Testament—not because of it.

Members of the church are human and divine. They are human because all are men and women. They are divine in that their spirits came from God (Heb. 12:9). As long as men and women pattern their lives after the "law of the Lord," they can become partakers of the "divine nature" (2 Pet. 1:3, 4). All who so do are neither Catholic nor Protestant. They are a "peculiar people" (KJV)—"a people for God's own possession" (ASV), 1 Peter 2:9, 10.

CHURCH OF CHRIST
1411—25th St.
TED NORTON, Evangelist

Organization Of New Church Is Set Sunday

Dr. O. W. Carter, superintendent of the Big Spring Methodist Church, will deliver the sermon Sunday afternoon at 3 o'clock at the old high school auditorium during the organizational meeting of the new Methodist Church.

Dr. Carter will be assisted by the Rev. W. W. Adcock, First Methodist Church pastor, and the Rev. B. W. Lewis, pastor of the new church. Congregational singing will be under the direction of Floyd Boston. J. H. Anderson will be pianist.

Church membership will be open, and the new members will be charter ones, Mrs. Lewis said. No definite plans have been made yet about a building for the church, he said.

Dale Clemmer has been chosen to head the Sunday school department of the church, Mr. Lewis said.

Training Courses For Sunday School Workers Planned By 1st Baptists

Training courses for Sunday school workers will be held at the First Baptist Church next week, Ralph Wesson, educational director, has announced.

Wesson will teach "Building a Standard Sunday School" for one class, and the Rev. E. K. Shepherd will teach "Soul Winning Doctrines." G. C. Coleman will teach "Outlines of Bible History," and Myron Fenton will have charge of a class study on "Effective Work with Intermediates." Mrs. G. C. Walton and Mrs. Fred Walton will direct junior workers in a study of "Better Bible Teaching for Junior Workers."

Classes will meet at 7:30 each night Monday through Friday with the exception of Wednesday when classes will meet at 7 o'clock.

New Officers Elected In Mary-Martha Circle

New officers for the Mary-Martha Circle of the First Methodist Church were elected Wednesday when the group met for a business discussion.

Mrs. J. W. Phillips is new president. Mrs. Ross Hemphill is vice president, Mrs. W. J. Young secretary, and Mrs. F. G. Hoefer treasurer.

Committee chairmen named are Mrs. Clyde Godwin, Mrs. W. A. Vestal, Mrs. Ned White, Mrs. E. A. Brooks, Mrs. Victor Deike, Mrs. John Blum, Mrs. Ted Zeck, Mrs. John Hamblen, Mrs. M. L. Sneed, Mrs. Paul Keaton and Mrs. D. M. Hire.

Mrs. Dale Clemmer was a guest at the meeting.

Berean Circle Plans Future Study Course

The Berean Circle of the First Methodist Church met Monday morning with eight members and Mrs. Lida Hardy, WSCS president, present.

Plans for future work were discussed, after which Mrs. S. M. Curry presented a discussion on life in India.

Fellowship Supper At David Harlin Home

The First Christian Church will hold its monthly fellowship supper at 6:30 Sunday afternoon at the home of Mr. and Mrs. David L. Harlin, 3032 Thirty-eighth Street.

Following the supper at 7:30, reports on the international convention of Disciples of Christ held July 4-9 in Portland, Ore., will be heard. Mr. and Mrs. Ronald Vaugh, Kenneth Lawrence and Fred Williams, who attended the meeting, will be speakers on the program.

Evangelism Discussed

Mrs. Glenn Ricketts discussed evangelism at a Monday night meeting of the Christian Women's Fellowship of the First Christian Church.

Refreshments were served to 12 persons present.

HARVEST TIME...

When the harvest comes the farmer reaps his grain, threshes and stores it, and soon it is on its way to the markets of the world.

The girl pictured above, posing amid the wheat shocks, takes the mind back to the days of Ruth of the Bible when the maidens of Judea gleaned the fields and gathered the sheaves behind the reapers of Boaz.

But sowing and reaping are not confined to the earthly fields of the physical world. In our moral and spiritual relations we are constantly scattering seed and reaping the results of our sowing.

If we cultivate the field of the spirit, and sow good words, good deeds and good thoughts, we will have an abundant harvest of the fruits of the spirit—peace and joy, hope and faith and love.

Those who sow to the spirit will find the Church an invaluable helper and the Bible an infallible guide.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Sunday	Book	Chapter	Verses
