THEY DEFY ALL SUPERSTITIONS

★ ★ ★ ★ ★ ★ ★ ★ ★ ★ ★

This is the last day of 13 days of defiance of superstition by the Anti-Superstition society, composed of 13 Chicagoans. Two members were hurt in automobile accidents and another became ill soon after the society began its 13-day program. As a ritual, they defied all the superstitions which came to mind. Here, practicing, are Annamae Downey, lighting three on a match; Nathaniel Levermore, smashing mirrors while standing under a ladder, and Herman Powers, holding a black cat he lets cross his path. And the cat has seven claws on each paw.

Farm Bill Will Face Obstacles

FIVE ARRESTED IN KIDNAPING

TWO POLICEMEN FACE CHARGES IN RECENT ABDUCTION CASE

(By The Associated Press)

NEW YORK, Jan. 13—Five men, including two policemen, were arrested today charged with kidnaping Ernest Schoening of Pleasantville, N. J., from the Brooklyn federal building on Dec. 27 and holding him prisoner for 15 days.

Schoening was said to have gone to the federal building in Brooklyn in connection with a liquor case and the kidnaping was carried out, police said, in broad daylight by the two patrolmen, an ex-convict with a long record, and two other men.

Ransom Demanded

Detectives were told that the kidnapers demanded $100,000 ransom but when negotiations failed to produce results they released their prisoner.

The patrolmen under arrest are John Nevins and Arthur B. Craef, who have been in the police department five and 11 years respectively.

The other prisoners described themselves as Frank Miller, a clerk living on Riverside Drive, Max Geller, a seaman, and Leonard Gawelczyk, a chauffeur.

Miller has a record of some 20 arrests and has served a term in Sing Sing prison.

Aimee Reported To Be In A Coma Today

LOS ANGELES, Jan. 13. (AP)—Ill more than two years, Aimee Semple McPherson Hutton, evangelist, was reported today by her physician to be in a coma.

The physician, Dr. L. C. Audrain, described her condition as serious but declined to discuss the nature of her ailment.

The evangelist was said to be confined to her bed in the parsonage of Angelus Temple of which she is pastor.

THE WEATHER

WEST TEXAS: and OKLAHOMA: Generally fair, not much change in temperature tonight and Saturday.

EAST TEXAS: Generally fair tonight and tomorrow except partly cloudy near the coast; frost to the coast if weather clears tonight; somewhat warmer in the southeast portion Saturday. Light to moderate northerly winds on the coast.

OPPOSITION IS SEEN FROM SENATE AND THE PRESIDENT

(By The Associated Press)

WASHINGTON, Jan. 13. — The emergency price-fixing plan voted by the house in the hope of adding millions to the 1933 national farm income today faced two new obstacles—the senate and President Hoover.

Senators for the most part reserved opinions pending a closer study of the intricate allotment bill's provisions. But in some quarters there was strong opposition as hopeful sponsors began a drive for the needed majority.

Hoover Veto Feared

Even should this be obtained Democratic leaders have said they believe Mr. Hoover will veto the one-year plan.

By a vote of 203 to 151, the measure was passed by the house yesterday—the rumored friendliness of President-Elect Roosevelt being a big factor in mustering this strength.

But despite the reported desire of Mr. Roosevelt to see such legislation enacted, the ranking Democrat on the senate agriculture committee—Smith of South Carolina—has indicated his opposition.

The Republican chairman of that committee, McNary of Oregon, has questioned the wisdom of the plan, and Borah of Idaho, without committing himself, also has expressed doubts about it.

Prompt Action Assured

Nevertheless, prompt committee consideration of the house bill which would pay a bounty to producers of seven commodities — wheat, cotton, tobacco, hogs, rice, dairy products

Three Youths Die In Electric Chair

OSSINING, N. Y., Jan. 13. —(AP)—Three more murderers — youths whose age totalled only 59—have paid.

Swaggering and cursing, Peter Harris of Olean, went to the electric chair last night. Only 21 years old, he fought a gun battle with policemen, killing a bystander.

As soon as Harris was dead, Thomas Carpenter, and Charles Bates, negro youths, each 19, were electrocuted for slaying a man in a Bronx holdup. They wept and had to be half carried through the green door to the death chamber.

Man Is Wounded In Attempted Robbery

CONROE, Jan. 13. —(AP)—A man was wounded seriously early today near Willis in an attempted hijacking.

Ed and Curtis Wells, en route home at Huntsville from Houston, were fixing a puncture about two miles south of Willis when two men came up.

One of the men ordered them to "stick 'em up," officers said, but the intended victims beat him to the draw and fired. One bullet struck one of the hijackers in the shoulder. The other ran and escaped. The wounded man was brought to Conroe.

HEADS B. C. D.

★ ★ ★

Dr. I. E. Barr, below, today was elected president of the Lubbock Board of Development. Picture of other officers are found on page 7.

JAPS ADVANCE INTO JEHOL

CHINESE RETREAT AS INVADERS CAPTURE STRATEGIC TOWN

(By The Associated Press)

CHINCHOW, Manchuria, Jan. 13 —Japanese forces were reported today in control of another strategic town in southeast Jehol as they pushed their lines farther into the ancient Chinese province.

Japanese land and air forces turned their attack upon Yunganpao, about 150 mies southwest of here, yesterday, and claimed a decisive victory against a large force of Chinese defenders.

Bombing planes laid siege to the town to aid the advance of a column of Japanese cavalry. Japanese sources said Chinese troops were driven in hasty retreat. Reports were received at the Japanese military base here that the town was a stronghold of the Chinese commander, Cheng Kuei-Lin.

The move was expected to strengthen the Japanese attempt to shut off Chinese troops in Jehol from possible reinforcements from south of the great wall over the coast level routes.

The Japanese army, which began activities in that section with the occupation of Shanhaikwan, where the great wall tumbles down to the sea, ten days ago, was carrying its advance northward from there along the Jehol-Manchuria border. Following occupation of passes through the wall at Chiumenkow, 12 miles north of Shanhaikwan, on Tuesday, the Japanese force pushed northeastward to Yunganpao.

Japanese estimated there were 130,000 Chinese troops in Jehol.

FLIGHT CONTINUED

PORT ETIENNE, French West Africa, Jan. 13. (AP)—The French plane Arc-En-Ciel (Rainbow), carrying seven persons in a projected flight from Istres, France, to Buenos Aires, hopped off at 11:15 a. m., today for Dakab, Senegal.

GREENVILLE SELECTED

FORT WORTH, Jan. 13. (AP)—Directors of the Interior Protective and Development association in meeting here yesterday designated Greenville as permanent headquarters.

Three Captured In Eleven-Mile Chase

AUSTIN, Jan. 13 (AP)—An eleven mile chase early today by Comal county sheriff's officers was rewarded by the capture of three men who were identified as having held up the owner of a tourist camp on the outskirts of Austin.

One of the robbers was shot in the hip. Sheriff August Knetsch's men began shooting after the men had refused to halt.

Officers were told the men robbed and bound Julian Rankin, the owner of the tourist cottages, shortly before 2 a. m. They then fled. The amount of the loot was $350 in cash, $1750 diamond ring and a watch and pistol.

OFFICERS ARE SELECTED BY DIRECTORS

GRANT, SIMMONS AND FRIEND NAMED TO OTHER C-C POSTS

Dr. Irwin E. Barr, veterinarian and representative of several vaccine manufacturing concerns, today was elected president of the Lubbock Board of City Development and Chamber of Commerce to succeed Sam C. Arnett.

The term of Mr. Arnett, president of the Citizens National bank, expired on January 1.

Other Officers Named

Other officers chosen by the BCD directorate were:

Vice-presidents: Homer D. Grant, who succeeded himself, and George A. Simmons. Mr. Grant is a Panhandle Construction company executive and Mr. Simmons general manager of the Lubbock Cotton Oil mill.

F. R. Friend, vice-president of the First National bank, was elected treasurer, succeeding C. E. Maedgen, president of the Lubbock National bank.

At the regular directors meeting following the election routine matters were discussed. The Interior Protective and Development association's plans were considered as was a suggestion from the Plainview Chamber of Commerce that efforts be made by the local association to secure national legislation of benefit to the agricultural situation.

Highways Discussed

After a discussion concerning highway matters, the organization voted to aid in forming a South Plains Good Roads association to foster completion of 125 miles of paved highways, now under construction in this area, and to seek further paving of 363 additional miles.

Directors present at the session, held at City hall, were, in addition to Messrs. Barr, Grant, Simmons, Friend and Arnett:

Durwood H. Bradley, J. O. Jones, Thos. B. Duggan, sr., Ray F. Hinchey and Charles A. Guy.

BREW CONTENT LOWERED IN NEW BILL

MODIFICATION WOULD ALLOW WINES; HELD CONSTITUTIONAL

(By The Associated Press)

WASHINGTON, Jan. 13. — A modification of the house of representatives beer bill was agreed upon today by a committee of senators, to provide a 3.05 per cent brew instead of 3.2 per cent and also to allow wines.

The house bill was drastically rewritten to make it air-tight against constitutional objections.

Goes To Committee

The committee now will report to the full judiciary committee, which must pass on the proposition before it reaches the senate.

The new alcoholic content represents 3.8 per cent by volume as compared with the house figure and 4 per cent by volume.

The committee attempted to remove constitutional objections by avoiding a definition of what constitutes an intoxicating beverage, but limiting the penalties of the Volstead act to those beverages above 3.05 per cent alcoholic content.

Senator Walsh, Montana Democrat, explained the subcommittee adopted this percentage because it had been arrived at after a scientific study by a commission appointed by the British parliament as non-intoxicating.

The language of the change in the new proposal, to limit penalties to beverage above 3.05 per cent, follows:

"Nothing in the national prohibition act as amended and supplemented shall apply to any of the following, or to any act or failure to act in respect of any of the following containing more than 3.05 per cent of alcohol by weight: beer, ale, porter, wine, similar fermented malt or vinous liquor, or fruit juices."

BALTIMORE BLAZE DESTROYS ARMORY

BALTIMORE, Jan. 13. (AP)—The historic Fifth regiment armory of the Maryland national guard was destroyed by fire today at a possible loss of $1,500,000.

Only the granite walls, among which the flames raged for hours, remained of the 30-year-old building where Woodrow Wilson was nominated for president in 1912 and Franklin D. Roosevelt ended his southern presidential tour last fall.

The fire, of an undetermined origin, was discovered at 1:50 a. m. and within a few minutes a general alarm summoned all the fire fighting apparatus of the city.

Greek Government Is Defeated Today

ATHENS, Greece, Jan. 13. (AP)—The government of Premier Panayoti Tsaldaris was defeated in parliament by a vote of 109 to 91 this morning and thus was removed from power after existing ten weeks.

Former Premier Eleutherios Venizelos had withdrawn his conditional toleration of the government headed by the royalist leader notwithstanding its denial of a rumored "dictatorship."

Russian Steamer Is Reported Afire

TOKYO, Jan. 13—(AP)—The Soviet steamer Sakhalin, with 254 Russians aboard, was reported afire in the sea of Okhotsk, in a message received today by the government wireless station at Ochiishi.

Other Russian ships were going to the aid of the Sakhalin, off the northeast coast of Siberia. Distress calls from the vessel were received at Ochiishi late yesterday.

APPEAL FILED

AUSTIN, Jan. 13. (AP) — F. M. Birchfield, convicted in Cass county of the murder of Morris Whetsone and given life imprisonment, has filed an appeal in the court of criminal appeals.

Senate Refuses Pay Slash Plan

TEXAS SENATORS NOT TO TAKE CUT UNLESS HOUSE MEMBERS DO

(By The Associated Press)

AUSTIN, Jan. 13.—The Texas senate voted today, 13 to 9, not to concur in the house action fixing senators' salaries at $8 a day and the representatives' pay at $10 daily. This was a defeat for the "$8 a day" bloc, which took the position that the house would not agree to reduce all the legislators' pay and that the best chance of effecting any economy was in agreeing to the house amendment.

Sponsors of concurrence admitted that the variance in pay of members of the two houses might be unconstitutional but they said no one would raise the constitutionality question. They contended that concurrence in the house amendment would show that the senators were sincerely desirous of cutting salaries.

Court Changes Urged

Reformation of the Texas court system was proposed in a constitutional amendment offered in the house of the legislature today by Representative T. H. McGregor of Austin.

The proposed amendment would abolish the eleven courts of civil appeals and the district courts.

The amendment provided for the maintenance of a nine-judge supreme court, a five-member court of criminal appeals, county courts, justice of the peace courts, and commissioners' courts.

The county courts would take the place of the present district courts and would have concurrent criminal and civil jurisdiction on all matters now handled by the district courts. The district attorneyship would be abolished and the duties taken over by the county attorney. County courts would be established in each county having a population of 5,000 or more.

The supreme court would be divided into three divisions of three members each.

McGregor also introduced a bill

Cuban And Helene Costello Married

HAVANA, Jan. 13 (AP)—Helene Costello, sister-in-law of John Barrymore, and Arturo Del Barrio, member of a prominent Cuban family, succeeded in keeping their "secret" just six days. An entry in court records today disclosed their marriage on January 6.

The "former" movie actress—the "former" is her own adjective—was married to Del Barrio by Notary Ricario Biurrun in the apartment of the bridegroom's mother, Mrs. Cora Del Barrio. Miss Costello has been visiting the mother since early in December.

Three Sentenced In Conspiracy Trials

HOUSTON, Jan. 13.—(AP)—Sentences were meted out today to three men found guilty Thursday in connection with the "telephone" liquor conspiracy cases tried this week in federal court.

Judge Charles B. Kennamer sentenced Arch Pressler to two years in federal prison; George Ingram got 18 months and Walter R. Hays was ordered to serve 18 months and pay a fine of $1,000.

WHO WANTS HER?

★ ★ ★

In order to support her sick father, mother and ten small brothers and sisters, pretty Mary Jezowski, below, of Lynn, Mass., is offering herself in marriage to any man who can afford to create a trust fund yielding an income of $2,500. She has had many offers, but none has come up to the financial requirements.

WOMAN HURT IN TRAIN WRECK

SEVERAL ARE SHAKEN UP WHEN PASSENGER TRAIN DERAILED

(By The Associated Press)

GLADEWATER, Jan. 13—One woman passenger was injured and many others were badly shaken up when the "Texan" crack passenger train of the Texas & Pacific railroad westbound, from Texarkana was wrecked today two miles west of Gladewater.

Officials of the road expressed the opinion the train had struck a broken rail. There was no switch along the line at that point.

Six Cars Overturned

Six passenger cars turned over into a ten-foot ditch and two others were derailed. The engine remained on the tracks, however, and in a short time pulled a new train, made up of coaches taken to the scene from Mineola, toward Dallas, noon terminus of the schedule, with all but a few of the passengers.

Dr. H. J. Sweptson, in charge of a Gladewater medical clinic, said only three persons were hurt badly enough to require first aid treatment. Harry Silverman of New York City suffered a wrist injury, and an unidentified woman suffered a slight bruise on her ankle. Mrs. Alexander H. Robinson of St. Louis, the most seriously hurt, sustained

PRESIDENT IS OPPOSED TO FREEDOM

HOUSE PREPARES FOR VOTE TO OVERRIDE HOOVER ACTION

(By The Associated Press)

WASHINGTON, Jan. 13. —A flat veto of the Philippine independence bill was placed by President Hoover today before a house of representatives primed for an attempt to override it.

Asserting the measure invited grave dangers of foreign invasion and war, the president contended in a lengthy message that its terms would lead to the economic downfall of the islands. The United States, he said, would be given the responsibility without authority for maintaining order in a degenerating social and economic situation."

HOUSE OVERRIDES VETO

WASHINGTON, Jan. 13. (AP)—The house today passed the Philippine independence bill over the veto of President Hoover. The senate has yet to act, however.

The vetoed measure provided for the creation of an intermediate government after about two years, if approved by the Filipino people. A ten year period of economic and political weaning would follow, during which American authority would be curtailed. Complete independence would be established in the eleventh year.

Pointing to a "chaotic" situation in the Orient, and to the "immense neighbor populations" near the islands, the chief executive suggested that there be no immediate curtailment of American power and that the plebiscite on freedom "be taken 15 or 20 years hence."

"This legislation," the president said, "puts both our people and the Philippine people not on the road to liberty and safety which we desire, but on the path leading to new and enlarged dangers to liberty and freedom itself."

Arguments Given

Some of the arguments given by Mr. Hoover for disapproving the bill follow:

1. The Philippines economically

(Turn to Page 7, Column 1, Please)

ONE MAN DEAD IN NEW YORK BLAST

NEW YORK, Jan. 13 (AP)—Terror gripped a section of Manhattan today when a big gasoline station blew up with a roar, killing one man and injuring two.

The blast, followed by the crash of hundreds of window panes, spread fear through a populous area a few blocks north of the "crossroads of the world"—the Times Square theatrical zone.

Gilman Osgood, 27, of Hempstead, father of two children, was killed when the wreckage of the station buried him in an oiling pit.

Bulgarian Princess Born This Morning

SOFIA, Bulgaria, Jan. 13. (AP)—All Bulgaria was celebrating the birth of a princess this morning—the first child of King Boris III and Queen Joanna. The mother and baby girl were reported in excellent health.

Although Bulgaria's constitution prescribes direct succession by the male line, the princess was welcomed with a warmth of affection reminiscent of the reception accorded Queen Joanna when her royal husband brought her home from Italy two years ago.

Governor Conner Extended Welcome

CORSICANA, Jan. 13. (AP)—Governor Mike Conner, of Mississippi, was officially welcomed to Texas this morning by the press of the state in a telegram from Lowry Martin, president of the Texas Press association.

"The Texas Press welcomes you and hopes you will enjoy yourself to the fullest while our guest," the telegram read.

ROOSEVELT REGIME TO JAR CAPITAL POLITICAL AND SOCIAL PRECEDENTS

(By The Associated Press)

NEW YORK, Jan. 13—Staid old Washington is due for some surprises from the Roosevelt rule—politically and socially.

The complete informality that surrounds almost all the activities of the president-elect is already bringing gasps from some of the callers here from official life.

In this same spirit Mr. Roosevelt is looking over the field of cabinet material and some jolts appear due for the political prognosticators. He told newspapermen last night that no offers have been extended on the cabinet portfolios and none probably would be for some time, at least until next month.

Night time has found Mr. and Mrs. Roosevelt dining out frequently with friends. Last night they were guests of Basil O'Connor, the law partner of Roosevelt.

Friends of the family are convinced they intend to pursue the informality that characterizes their moves on these days after entering the White House.

He is demanding the following two-fold pledge from those who enter the cabinet: "absolute loyalty to the Democratic platform and especially to its economy plank; complete cooperation with me, looking to economy and reorganization in his department."

FRIDAY THE THIRTEENTH PROVES JUST ANOTHER DAY FOR LUBBOCK—SO FAR

Although today is Friday the Thirteenth, hospitals and law enforcement agencies to early this afternoon had no reports of mishaps.

At least two Lubbock persons, a business man and a small boy, had birthdays today. Mrs. Allan Hill, besides saying today was her husband's birthday, asserted he had not experienced misfortune on Black Friday yet.

O. H. Allen, jr., of 2002 Avenue J, was two years old today. His father remarked that junior's mishaps were no greater "than usual: bumps and falls."

Lubbock High school students today—of all days—were to receive report cards of their first semester's work and behavior.

Primitive man liked the number 12 because he could parcel 12 objects into groups of 3. But 13, what could be done with that?

Dr. Eugene S. McCartney, University of Michigan classical scholar who has studied ancient and modern superstitions,

(Turn to Page 7, Column 6, Please)

MATADORS AND RANDOLPH FIELD CAGERS PLAY HERE TONIGHT

ARMY TEAM TO COME HERE BY PLANE

TWENTY-FOUR MEN TO ARRIVE LATE TODAY FROM SAN ANTONIO

Flying here from San Antonio to keep their engagement with the Texas Tech Matadors, the Randolph Field basketball team will arrive about 5 o'clock this afternoon. They meet Tech's cagers at 8 o'clock tonight at Matador Gymnasium.

Twelve army airplanes will bring the Fliers from the army training camp at San Antonio. The ships will circle over Lubbock about 5 o'clock, then land at Municipal airport. Twenty-four men comprise the party, twelve of whom are basketball players.

Admission Price Low

The low admission rate installed for the first game holds good tonight. Fifty cents is the ticket price for adults. High school students and "kids" may enter for 25 cents.

It will be the first visit in Lubbock by the Randolph Field cagers, who boast a strong array of former college and university basketball talent.

Ray Stecker, all-American halfback at West Point, the army school, a few seasons ago and captain of the cadet basketball team, headlines the personnel. He is listed as a starting forward.

Eskridge, a former Citadel star, is the other forward. The University of Omaha produced Arthur, tall center for the Fliers. Gibson, No. 1 guard, saw college training at the University of Illinois, and Abell, the other starting guard, starred at the University of Indiana before going to West Point where he was a basketball player on the Army team.

Seven Others Ready

Seven other players are listed. Bruse, a center, is the same who played for the University of Kansas. West Point sent Carver and Powell, the former an outstanding tackle and cager for the Cadets. Center, another forward, is from Colorado university and Gaughn formerly played for Creighton. Darrow, former star at University of Puget Sound, now a student at the army aviation base, is a guard. Mead played for Georgia Tech as a tackle and forward.

Coach Dell Morgan should have almost full strength to pit against the visitors tonight, who are here for only one game. It is the fifth game of the season, and the last one for Tech's gymnasium until February. In two previous series, the Matadors have split even, dividing with the House of David and the Southwestern Oklahoma Teachers here.

LUBBOCK HIGH TEAMS WIN

BOTH SLATON TIGERS AND ALL-STARS ARE DEFEATED HERE

Showing the best offensive form of the season, the Lubbock Westerners defeated the Slaton All-Stars, 41 to 23, yesterday afternoon at Lubbock High gymnasium.

The Lubbock athletes took a double header yesterday, the Cowhand cagers winning the opener from the Slaton High school regulars, 32 to 16. Former Slaton High school athletes, including the Cannon brothers, Demp and Otis, comprised the Slaton All-Star lineup. Demp, a varsity athlete at Texas Tech but not a candidate for the college basketball team, displayed his old-time ability to shine out for the All-Stars on defense and passing. He was high-point man for the visitors.

Robert Hale Stars

The fine goal shooting of Robert Hale, Westerner guard, featured Lubbock's offensive play. Curly Wilkinson played a better game than he has shown on the local court so far, scoring five field goals and three free shots to tie Hale, who had the identical record, for high scoring honors. Possum Blackwell and "Shorty" Kerr, the latter making his second appearance as a regular, were other effective scorers for Lubbock.

The long goal shooting of Grant and Porter in the first quarter and Demp Cannon's beautiful long shot took an early lead but the Westerners came back in the second quarter to gain a tie, then a one-point lead as the half ended.

Gain In Third Quarter

Lubbock gained consistently in the third period, scoring fifteen points to the All-Stars' four. The visitors scored four more in the fourth quarter, to Lubbock's ten. It was a fast, hard-fought game.

The first contest started slowly and continued without much fireworks. Late in the game Rayburn Hale and Jackson, forward and guard respectively, got hot to score field goals and increase a big lead gained in the first half. The Cowhands held the Slaton Tigers to five points in the first half, to a single point in the first quarter.

Rayburn, brother of Robert who starred for the regulars, was high point man with seven field goals, or 14 points. Jackson shot five field goals and two free ones for second place. Greer, Slaton forward, with three and three for nine was third.

Play Lamesa Tonight

The Westerners go to Lamesa tonight and meet the Golden Tornadoes of Lamesa High school, said to be gunning for a state championship. Coach McMurry fears defeat at Lamesa tonight, the Tornadoes having defeated Big Spring and other good teams of that section this season.

Saturday night finds the Westerners playing their fifth game of the week when they invade Ralls for a try against the Ralls High school Jackrabbits.

SPYING ON SPORTS

BY COLLIER PARRIS

BASKETBALL TONIGHT at Texas Tech gymnasium. Texas Tech vs. Randolph Field Fliers. Tip-off at 8 o'clock. Admission four bits and a quarter. Your patronage urged. Come early for good seats.

* * *

The Fliers will arrive by plane this afternoon, circling over Lubbock about 5 o'clock in twelve army airships. Twenty-four men comprise the party from Santone.

* * *

Faith and begorra, but it's an interesting schedule Mr. Dell Morgan has arranged for his college cagers. Tonight's game is the last home affair for a spell, but next week the Matadors go to Canyon for a two-game tangle with Sad Sam Burton's West Texas Buffs, long the elite of college basketball teams in this section, or any section. Simmons university Cowboys are next, the first series to be played in Abilene January 23-24. Those Cowhands are doing things. Didja read about what they did to Austin college? Ran up 65 ponts to set a new Texas conference scoring record. And Gene McCollum, who gave the Matadors such a fit last year, scored 33 of those points for another record! The Cowboys play a return series here February 16-17. Oklahoma City university's Goldbugs, Durant Oklahoma Teachers and Canyon Teachers play in Lubbock later on.

* * *

But, taking 'em as they come, you are hereby notified that the Army fliers are here tonight to put on what looms as a classic. Red Williams, of Snyder and A. C. C., will officiate. As a football official, Williams is something of a favorite in these parts. We have never seen him work a cage game. We hope they make it tough for him—as tough as he made it for the writer early this week on an all-day, heel-blistering, quailless quail hunt on the banks of the Colorado river. Weldon Chapman, another party on the hunt, probably hopes for the same thing. Had it not been for Chapman's four-for-one shot there would have been just half as many birds to grace the respective festive boards. At that, the total number lacked one of being the amount which Mule Davis consumed at a single sitting Wednesday night. But that was a different hunt.

* * *

Where were we? Oh, yes, about basketball. That reminds us of a letter we got yesterday from a Slaton friend. Attention, Mr. Brownie Akers.

* * *

Mr. Collier Parrish,
Lubbock, Texas,
Dear Sir:

As you claim credit for bringing the U.S.C.-Notre Dame picture to Lubbock, I desire to thank you very kindly for doing so.

It was good. So good I sat through it twice, and enjoyed it the second time more than the first.

We are taking advantage of low labor costs and putting our golf course up in good shape. Come down and visit with us and have a few rounds.

Yours truly,
Charles Taylor.

* * *

Thanks for them kind words, Mr. Taylor, and you may be looking for us as soon as the norther blows over. Glad you liked the picture show. Maybe we didn't replace the divots or something. Anyway, that is the last invitation up to this time.

* * *

Now let us go from basketball, football, hunting and golf to another big sport, baseball. There is to be a big convention of baseball men here Sunday. Delegates from the towns in which it is planned to locate baseball teams as members of the proposed West Texas-New Mexico league will be here. J. Alvin Gardner, president of the Texas league, which is interested in the formation of a league here, will attend. Various major and minor league representatives are scheduled to be present. Purpose of the meeting is to organize the league, provided the towns under consideration are ready to get going. From Amarillo, Albuquerque, El Paso, Pampa and San Angelo will come delegates. Lubbock is the sixth city under consideration. What we are seeking is a large crowd of Lubbock folks at that meeting. C. A. (Call me Sheff) Sheffield has kindly consented to the use of his Hotel Lubbock as a meeting place. The fun starts at 2 o'clock Sunday afternoon.

LONGHORN-HOG GAME TO BE HEADLINER

FARMERS AND PONIES TO MEET; BEARS TO PLAY RICE OWLS

BY BILL PARKER
Associated Press Sports Writer

A two-game series and two single battles will feature this week's second round competition in the Southwest conference basketball championship marathon. Tonight at Austin, the University of Arkansas Razorbacks make their 1933 conference debut against the University of Texas Longhorns. They will play the Longhorns again Saturday night. In other Saturday night combats, Texas A. and M. plays Southern Methodist at Dallas and Baylor meets Rice at Houston.

Three Pace Loop

The University of Texas, Southern Methodist and Texas A. and M. are pacing the championship race with undefeated records, each having won opening games.

The Arkansas and Texas series will be a headliner. It will bring together two well coached teams who have carried their cage rivalry down through the years. The Longhorns are the only conference quintet with a margin of victories over Arkansas.

When Referee Ziggy Sears sounds his starting whistle tonight in Gregory gymnasium, the Razorbacks will start a defense to halt the goal shooting of big Bill Kubricht, Texas center, who scored 19-points last Saturday when Texas whipped Baylor, 48 to 26. Kubricht is the conference leading scorer.

Coach John Reid's Aggies, fresh from an impressive 35 to 18 decision last Saturday over Rice, are on a northern trip that will see them playing Southern Methodist and Texas Christian. Their battle with the Mustangs is expected to be torrid.

Although both were defeated last week, Baylor and Rice are not yet out of the race. The Owls are determined to atone for their weak showing against Texas A. and M. Baylor won the 1932 championship.

MURRAY SOLD TO CHISOX

LEADING PITCHER IN TEXAS LEAGUE WILL GO TO CHICAGO

DALLAS, Jan. 13. —(AP)—George "Tarheel" Murray, leading pitcher last season in the Texas league in games won, has been sold to the Chicago White Sox by the Dallas Steers. Vice-President Bob Tarleton of Dallas, said the Sox agreed to make a substantial down payment with the remainder due May 15. If he is not retained after that date, Murray will be returned to Dallas. In addition to money, Dallas will receive two young pitchers. One is Leslie William Tietje. The other has not been announced.

Murray, 201-pound right hander is only 29, according to his birth record, but in the baseball blue book is listed as 33. He explains this by saying he jumped his age a few years when he broke in professional baseball because at that time youngsters had a tough time making the grade if they were too young.

Murray came to Dallas in 1930 from the Kansas City Blues. He has been the ace of the Dallas club since. Since June, 1930, Murray has won 58 games. Last year he won 24 to lead the league. He tied for lead in games pitched with 44, and led in games started with 37.

Frenchman Ranked Best Professional

NEW YORK, Jan. 13. (AP)—Big Bill Tilden ranks Martin Plaa of France as the No. 1 Professional tennis player of the world.

Big Bill ranks himself at No. 2. Hans Nusslein of Germany, No. 3, and Karel Kozeluh Czechoslovakia, No. 4 Albert Burke of France, Bruce Barnes of Texas and Roman Najuch he ranks on a par in the next three positions; Robert Ramillion of France at No. 8. Vincent Richards No. 9, and Emmett Pare, Chicago, No. 10.

UNIVERSITY OF MICHIGAN SWIMMING COACH SAYS OXYGEN USED AS "DOPE"

ANN ARBOR, Mich., Jan. 13. (AP)—Matt Mann, coach of the University of Michigan's national collegiate championship swimming team, today announced a "war against doping" of amateur swimmers, such as, he said, "was done by the Japanese in the 1932 olympic games."

Mann said it is established that "oxygen or some stimulant" was administered to Japanese swimmers within ten minutes of the time they entered the water for finals of the races at Los Angeles last summer. Japanese men won five of the six races. Their victories generally were credited to a new Nipponese stroke for the free style, but Mann pointed out that they also won the backstroke and breaststroke events, and that their times were considerably better than in trials for places on Japan's team.

Robert Kiphuth of Yale, coach of the United States olympic swimming team, and Coach Mann are acting as a sub-committee of the National Collegiate Athletic association swimming committee to report on alleged "doping" at the committee's next meeting March 24 and 25 at New Haven, Conn. Mann said Western conference swimming coaches already have ruled against administering oxygen to swimmers, "to forestall the danger of the practice spreading in this country." A similar rule will be sought in the N. C. A. A., he said.

University of Michigan medical men said administering oxygen just before a race would not produce greater speed "except possibly by the effect on the minds of the athletes." Dr. Frank Lynam, physician of the athletic department, said any physical effect "would last only for a breath or two if at all."

Coach Mann said giving oxygen "or any dope" should be prevented, "because it is unethical, regardless of harmful effects."

Browns To Arrange For Farm In Texas

ST. LOUIS, Jan. 12. —(AP)—L. C. McEvoy, vice-president of the St. Louis Browns, said he would leave today for Wichita Falls, Tex., to make arrangements for a Browns' farm in the Texas league this year.

The Browns were affiliated with Wichita Falls for several seasons, but last year the Wichita Falls franchise was transferred to Longview, Tex. McEvoy said it has not been definitely determined whether the franchise will be operated in the Texas loop this year.

San Marcos Cagers Down Southwestern

SAN MARCOS, Jan. 13. (AP)—The Bobcats of San Marcos Teachers' college withstood a last half rally of the Southwestern university Pirates here last night and defeated them 29 to 25, for the second Bobcat victory this week over a Texas conference quintet.

The Bobcats held a 23 to 13 margin at the half. Germer, of the Bobcats, was high point man with 11 tallies.

The San Marcos team defeated Southwestern in Georgetown earlier this week.

RAY MANGRUM HOLDS LEAD

YOUNGSTERS SETTING GOLF PACE IN AGUA CALIENTE TOURNEY

AGUA CALIENTE, Mexico, Jan. 13. (AP)—The youngsters, who take their chances for birdies in disdain of par, continued to lead the field in the Agua Caliente 72-hole, $7,500 open golf tournament today.

It was Ray Mangrum, 22-year-old sharpshooter of Waco, Tex., who refused to crack under the strain of the contest and the stubborn course, to stand alone in first place. He had a par 72 yesterday on top of a dazzling 69 Wednesday for a total of 141.

Paul Runyon, White Plains, N. Y., 24 years old and a bit more experienced in tournament play than Mangrum, moved along in second position as the field of 108 remaining players put the half-way mark behind. He had to break the course record with a 32 on the out nine, however, to move up in the standings, for he finished with a 37 for a 69 and 143 strokes total.

Archie Hambrick, young Zanesville, O., pro who left the accountant's desk for the golf course, also refused to fold up as the race gained momentum. He shot a 74, a bit less certain than his 70 of the first round, for third place at 144.

The nearest veterans to this trio of youngsters were Leo Diegel, home pro and former National P. G. A. champion; Craig Wood, Deal, N. J., leading money winner of the western jaunt, and Tony Manero, Greenwich, Conn. Each had 146.

MORE EXTENSIVE PARTICIPATION IN AMATEUR SPORTS LOOMS THIS YEAR

BY DANIEL J. FERRIS
(Secretary-Treasurer, National Amateur Athletic Union)

NEW YORK, Jan. 13. (AP)—Amateur sports, and particularly those over which the Amateur Athletic union has jurisdiction, should and I am sure will be participated in more extensively than ever during the current year.

The Amateur Athletic union and collateral organizations must accelerate their efforts and amplify their programs to provide wholesome recreation for the countless thousands who suddenly find themselves with many more hours of leisure time on their hands.

Such sports as track and field, swimming, boxing, handball and wrestling probably are the most inexpensive sports to engage in. They are within reach of all. Here is a fine opportunity for each state are within reach of all. Here is a fine opportunity for each state in the union to do something for these young men.

If every state would order all of its national guard units to throw open their armories on at least one night a week for informal athletic activities and on another night provide a sport program including contests in all of the sports for which they have facilities, then the major problem of finding suitable places for recreational and athletic activities during the winter months would be solved.

Outdoors, similar activities can be carried on in all parks and municipal playgrounds with the assistance of city recreation commissions, municipal park boards and similar agencies.

For the athletes in the championship and embryo championship class, the visit of foreign competitors to our shores and the contemplated European invasion by American teams will help to keep up the interest in track and field athletics. The World's fair in Chicago will be the mecca of amateur sport this summer.

PAUL IS FAVORED TO RETAIN TITLE

CHICAGO, Jan. 13. —(AP)—Tommy Paul of Buffalo, N. Y., will pitch his world featherweight championship into the Chicago stadium battle pit tonight against a southpaw, Freddie Miller of Cincinnati— and the old "Friday the Thirteenth" superstition.

Notwithstanding the notion that Friday the Thirteenth is supposed to be unlucky and that lefthanders only complicate situations, Paul probably will be a slight choice to retain his title, possession of which is limited to states holding membership in the National Boxing association in the 10-round bout. In his last engagement, Paul boosted his own championship stock by punching out a clean cut decision over Fidel La Barba, who a short time before, had been edged out by Kid Chocolate, holder of the world championship as far as New York is concerned.

A total tobacco crop about 30 per cent smaller than in 1931 is forecast for Kentucky in 1932.

WHICH GAS WILL YOU BUY?

FACTS

Phillips 66 gravity now ranges from 65.6° to 72.4°

Phillips 66

CLAIMS

"HIGHEST TEST"
at the price of ordinary gasoline

While the imitators' chorus sings, "We are high test, too"—Phillips continues its solo performance by plainly printing its gravity figures.

If every gasoline did likewise, you could see at a glance, the outstanding superiority of Phillips 66 . . . the greater gasoline. You could quickly compare the simple figures and immediately know how much higher test you get in every gallon of Phillips 66.

All experienced drivers know that high test determines the speed of starting on cold days. They know that high test vitally affects the operation of the engine every day in the year. And they know that Phillips high test DOES NOT cost 3¢ more per gallon.

This is the simple secret of Phillips sensational rise to high place among the leaders. All in the shortest time ever known in the entire history of the petroleum industry.

Phillips entered the business by giving greater value. Phillips is still doing it, still offering a gasoline that is short on claims but long on performance—a gasoline with CONTROLLED VOLATILITY, always perfectly matched to your weather.

Experts call it the most dramatic, self-demonstrating gasoline ever presented to American motorists. You step on the starter, and your engine couldn't get under way any faster if you had a handful of dynamite under the hood.

Man, you don't have to think and ponder whether this gasoline is better! You instantly feel the difference! And every mile, which you drive thereafter, adds convincing proof of greater power, extra pep, and longer mileage.

Certainly, when the world's largest producer of natural high gravity gasoline says that you can save 3¢ a gallon, that is exciting news. And the way to find out just what it means to your motor and your pocketbook is to try some.

Switch to high test Phillips 66 for just one week. Then see if you ever think of getting gas any place but the Orange and Black 66 shield—where extra high test costs not a penny extra.

Phillips ETHYL — Also Phillips 66 Ethyl at the regular price of Ethyl Gasoline

UNIQUE — A gasoline of U. S. Motor grade at a competitive price

Phillips MOTOR 66 OIL — BIG NEWS! This oil lubricates perfectly even at 30° below Zero

BLAME FLOYD FOR ROBBERY

BANK IN MISSOURI IS ROBBED BY BANDITS AT NOON THURSDAY

SPRINGFIELD, Mo., Jan. 13 (AP)—The report gained credence here today that it was really Charles Arthur "Pretty Boy" Floyd, Oklahoma outlaw, and his gang who held up the bank of Ash Grove near here at noon Thursday and robbed it of nearly $3,000.

It was reported by a man who knew Floyd in Oklahoma that he saw Floyd and recognized him on the street here Wednesday afternoon. He was said to be driving a Ford V-8 sedan answering the description of that used in the robbery. Two men were with him.

Bandit Car Lost

The bandit car was lost in the hills four miles south of Ash Grove on the road to Lawrenceburg a few minutes after the robbery.

Walter Justice and Lynn Nicholson, who pursued the fleeing car several miles, once were close enough to fire into it, but as they drew up to take aim, the bandits poked the muzzle of a rifle or sub-machine gun through the shattered back window of their sedan and forced the Ash Grove car to fall back.

Heads For Oklahoma

Reports to the highway patrol here indicated the bandits probably headed for U. S. Highway 60 by way of Mount Vernon. This tended to bear out the belief it was Floyd who robbed the bank, as he would head toward Oklahoma.

The bandit leader introduced himself as Floyd, but J. H. Perryman, cashier of the bank, to whom the robber introduced himself thus, had not seen pictures of the Oklahoma outlaw to attempt an identification.

AMARILLO BADGERS LOSE

AMARILLO, Jan. 13. (AP)—The Amarillo college basketball team opened its season here last night by dropping a 34 to 17 decision to the Panhandle Aggies of Goodwell, Okla. The two teams met again tonight.

The first of existing roadside markets in Ohio, were established as early as 1903, though more than three-fourths were established in the last six years.

Kum On, Hossie

The little lad is starting out young. But he doesn't intend growing up to place bets on the horsies. He's going to be a groom, if his father, Jim Carpenter, one of the country's noted horsemen, has anything to do with it. The lad is Peter Carpenter, and the hoss is "Pancho," of the Del Monte, Calif., stables.

FIGHTS LAST NIGHT

(By The Associated Press)

GRAND RAPIDS, Mich.—Wesley Ramey, Grand Rapids, outpointed Tony Herrera, Chicago, (10). Chuck Woods, Detroit, outpointed Bud Jones, Elkhart, Ind., (5). Joe Alvarado, Chicago, outpointed Heinie Smid, Grand Rapids, (4).

BUFFALOES DOWN OKLAHOMA CAGERS

CANYON, Jan. 13. (AP)—The West Texas Buffaloes caught the Bulldogs of Southwestern Oklahoma Teachers at the end of a long road trip here last night and swamped them, 51 to 19.

The Buffalo reserves started the game and played the entire half, the first period ending 14 to 12 for Canyon. Once the giants' regulars went in, the Bulldogs were hopelessly lost and scored but two field goals and three free points, while the towering Teachers were poling 37 points.

Colvin and Fortenberry, forward and center, led the Buff scoring parade. Although they played but half the game, they chalked up 13 and 11 points respectively.

The ease and grace with which the giants handled the ball were a distinct improvement over early season games.

Simmons Cage Team Wins At Commerce

COMMERCE, Jan. 13. —(AP)—The Simmons university Cowboys from Abilene defeated the East Texas Teachers' college quintet 45 to 28 here last night.

Seed of the Cowboys was high point man, scoring 18 markers, while Prickett, for East Texas, was second with 9 points.

The score at the half stood 11 for Simmons and 8 for East Texas but in the second half, Seed and Pee teamed together to roll up a safe lead for the Cowboys.

A second game will be played here tonight.

Fish do not sleep. They rest by remaining quiet in still pools.

BASEBALL CONFAB POSTPONED HERE

Due to other attractions in the city last night, baseball meeting for for fans and business men announced for Hotel Lubbock, was postponed until Sunday, at which time representatives from every town being considered as a West Texas-New Mexico league site will be here.

It is probable that organization will be perfected here Sunday. Word has been received that at least four towns in the proposed league are ready to go. If that is the case, a four-team league probably will be organized when officials meet at Hotel Lubbock at 2 o'clock Sunday afternoon.

Lubbock fans and business men are invited, and urged to attend the meeting, which will be an open affair. It is hoped that a large delegation of Lubbock fans will be at the meeting.

J. Alvin Gardner, president of the Texas League and member of the organization and executive committee of the Minor League association, will come here from his Texas League offices in Dallas to attend the meeting. Marty Fiedler, president of the Albuquerque club, will be here, as well as the president and secretary of the El Paso club. Amarillo, Pampa and San Angelo will have representatives here.

Battaglia And Ben Jeby Meet Tonight

NEW YORK, Jan. 13 (AP) — Ben Jeby, durable east-sider, and Frankie Battaglia, clouting Canadian, meet in a 15-round bout in Madison Square Garden tonight for New York state recognition as middleweight champion.

Jeby, although knocked out in one round by Battaglia a few months ago, rules a 7 to 5 favorite.

SALT LAKE CITY, Utah—The exultation of sitting behind the wheel of a fast car was worth the $8 fine Ethel Crane had to pay for her first ride in her new car. She had been used to an old car, and when she drove the new one she didn't realize how fast she was going, because she didn't know where the speedometer was. However, she admitted to the judge that the new machine was pretty fast.

Chief's Now Chef

Chief Meyers, famous old-time Indian catcher, could sure handle the hot ones served up by National League pitchers during his stay with Boston, Brooklyn and the New York Giants from 1909 to 1917. But the chief doesn't handle them any more. He's dishing them out himself. Above you see him as chief cook, dish washer and proprietor of a cafe he recently opened at Duarte, Calif., testing a tasty ladle of soup.

Poughkeepsie Race Erased This Year

NEW YORK, Jan. 13. (AP)—The depression has erased the Poughkeepsie regatta, college rowing's classic competition, from the 1933 sports picture.

Confronted by dwindling receipts from other sports and unbalanced athletic budgets, stewards of the Intercollegiate Rowing association have decided that the regatta, an annual fixture since 1895 with the exception of the war years of 1917-18-19, should be abandoned this year.

The longest electrified railway line in the British Empire is a 200-mile stretch in the Union of South Africa.

Horned Frogs Win Over Denton Team

DENTON, Jan. 13. (AP)—The Texas Christian university basketball team rallied sharply in the last five minutes of play to come from behind and defeat the North Texas Teachers last night, 24-20.

A free shot by Sumners, Texas Christian forward, tied the score when but five minutes remained of game time. A couple of minutes later he sank a field goal to put the Horned Frogs ahead for the first time.

Led by Borchardt and Smyers, the Teachers piled up a lead of 13 to 7 at the half. Smyers, a forward, was high individual scorer with nine points.

Sumners, usually a dangerous scorer, was wild most of the game. The Teachers covered him successfully until he broke loose in the closing minutes of play. Brannon, at guard, turned in a stellar performance for T. C. U.

Temperatures of 10 degrees below zero were encountered above 30,000 feet altitude over the Panama Canal Zone by air corps fliers in testing the use of liquid oxygen in the tropics.

Levelland Mishap Victim Taken Home

Having suffered a broken pelvis, severe shock, and possibly internal injuries when two automobiles collided Thursday morning at Sixteenth street and Texas avenue, O. M. Rhea was taken to his home in Levelland, Thursday afternoon, in an ambulance.

Emergency treatment was given at West Texas hospital here, where Rhea was taken in a Rix ambulance. He also suffered severe burises, contusion of the chest, and an injury to the left shoulder. Mr. Rhea's son, C. J. Rhea, a Levelland hardware merchant, and three other persons in the car escaped injury.

Drivers of the automobiles were C. M. Elder of Levelland and M. D Fuwell of Lubbock, police said.

Downtown Class To Hold Dinner Here

A dinner of the Downtown Bible class at 7 o'clock tonight in the basement of the education building of the First Baptist church is expected to attract about 300 persons.

W. L. Stangel, W. A. Jackson, and the Rev. R. C. Campbell will speak. A program of music also has been arranged. Losers in a recent attendance contest will be hosts.

ADJUSTABLE

No package contains genuine "BLUE BLADES" unless it carries the portrait of King C. Gillette.

● A slight turn of the razor handle instantly adjusts the "BLUE BLADE" to the requirements of your face and beard. This is one of the many important advantages that contribute to your shaving comfort when you use the "BLUE BLADE" with its patented slot.

Church Affairs For Students Lead In Week-End Events; Baptist Reception Is To Be Tonight

Presbyterian Group Attends Party At Church; Religious Council In Meeting

Church affairs for students lead in the number of events for this week-end, although parties, club meetings and other events are scheduled.

There were about forty-five Presbyterian students at a party Thursday evening at First Presbyterian church annex. The Tech student group, an organized body, attended with John Harper's unit entertaining. Miss Mary Evelyn Gordon was acting chairman of arrangements.

This was a hunting party and the scenes and games carried out this theme.

The initial meeting of the Student Religious Workers council for the year was conducted Thursday evening in the Tech home economics tea room. During a business session officers were elected. A program was presented under the direction of Miss Virginia McLean.

Carter Is Chairman

The Rev. O. W. Carter, pastor of the Asbury Methodist church, was elected chairman of the group with Marshall Rhew as vice-chairman and Miss Ruth Douglas as secretary.

Talks on extra-curricula activities that the church may offer to interest college students were made by Mrs. P. H. Laverty, Mrs. Ray Mowery and Miss Margaret Turner. Miss Margaret Rose Adams read a one-act play.

W. P. Clement presided for the meeting. Supper was served to 18, preceding the business meeting and program.

Members of the College club, a stag organization, are to entertain with a dance in the ballroom of the Hilton hotel this evening. This is the sixth annual winter dance to be sponsored by the club.

Students at Texas Technological college who are affiliated with the First Baptist church have been issued invitations to an annual open house at the educational building of the church this evening at 7:30 o'clock. This affair is being fostered by the Baptist Student Union council.

Miss Scott In Charge

Miss Mary Alyce Scott is in charge of arrangements. She is to be assisted by Misses Georgia Knight, Bonnie Thomas and Estelyne, Evelyne and Lois Jeffreys.

There will be a meeting of the First Presbyterian Stephens Memorial class at the home of Mrs. R. D. Moxley, 1805 Fourteenth street, at 3 o'clock this afternoon.

Plans for observing National Business and Professional Women's week in March will be made at a meeting of the local club at Hotel Lubbock at 6 o'clock this evening. Several other important matters will be decided.

Mrs. William Dingus has planned a series of four afternoon teas for the Sunday school class she teaches in the First Methodist Sunday school. The first of these teas will be from 4 until 6 o'clock this afternoon in Mrs. Dingus' home at 2501 Twenty-First street.

Have Host Committee

The host committee will be made up of class members and is as follows: Misses Freddis Adkins, Louise Bates, Sue Brown, Mary Beth Sheely, Lizzie Belle Clements, Ruth Carter, Messrs. Vincent Cox, Canon Clements, Ralph Douglas, Carl McAdams, Garland Smith and Lyle Hargrave.

Other events of the week-end include a meeting of the Lubbock Music club at the Hilton hotel Saturday afternoon at 3 o'clock. MacDowell Music club members will be special guests.

Officers will be elected at a meeting of the American Association of University Women at 3 o'clock Saturday afternoon with the president, Miss Jonnie McCrery, 2005 Broadway.

Mrs. Royce Fulton of Booneville, Mo., is to be an honor guest at an afternoon bridge party given by Mesdames Merle Fulton and Gerald Fulton Saturday. Bridge is to be played. This affair is to be given in the home of Mrs. Merle Fulton, 2207 Fourteenth street.

Is Palm Queen

Miss Marquerite Sweets (above) was chosen as the queen of the Festival of Palms at Miami, Fla., in connection with the football game between New York's Manhattan's College team and that of Miami University.

Chaucer Tales Are Studied By Women

Mrs. Robert Bean lead a program on "Tales from Chaucer" Thursday afternoon when Lu Beta Delphian chapter met with Mrs. J. B. Edwards, 2620 Twenty-Second street. She was assisted by Mrs. R. J. Murray and Mrs. F. A Kleinschmidt. The club meets next with Mrs. J. H. Hankins, 2121 Fifteenth street.

Aid Circle Meeting Is On Saturday

A meeting of Circle 3 of the First Christian General Aid society has been called for 10 o'clock Saturday morning in the home of Mrs. A. O. Thomas, 1916 Seventeenth street.

Installation Held By Rebekah Lodge

With Mrs. R. R. Holmes officiating, officers were installed in the Rebekah lodge Thursday evening. Several committees were appointed by the new leader, Mrs. F. A. Kleinschmidt.

The new officers are as follows: Noble grand, Mrs. Kleinschmidt; Vice noble grand, Mrs. E. Burdett; past noble grand, Mrs. H. S. Denton; chaplain, Mrs. Lily Ford; conductress, Mrs. I. B. Ishmael; warden, Miss Neva Holmes; inside guardian, Mrs. S. M. Delaney; outside guardian, Mrs. H. B. Williams; musician, Mrs. P. R. Tate; left supporter to the noble grand, Mrs. J. O. Ford; right supporter to the noble grand, Mrs. W. G. Cross; left supporter to the vice grand, Mrs. E. T. Burdette; right supporter to the vice grand, Mrs. A. C. Davis; reporter, Mrs. J. O. Ford.

Committees were appointed by Mrs. Kleinschmidt as follows: Entertainment—Mesdames Ishmael, J. O. Ford and Tate; finance—Mrs. Cross, N. M. Gosdin and Miss Holmes; program—Mesdames J. O. Ford, Ishmael and Denton; refreshments—Mesdames Davis, E. Burdett and Tate; visiting—the noble grand, vice noble grand, secretary, Mrs. Holmes and A. L. Bettes; reporter to the Odd Fellows news—Mr. Ishmael.

College Girls Are To Become Scouts

The first meeting of a Girl Scout troop that will be open to Tech girls is to be conducted Wednesday evening at 7 o'clock at Seaman hall, according to Miss Alma Girand, director. Miss Johnnye Gilkerson is to be assistant leader.

The troop committee met Thursday afternoon with Mrs. Bradford Knapp to organize, naming Dr. Fred W. Sparks as chairman. Mrs. Mary W. Doak, Mrs. J. L. Barstow and Mrs. Knapp are other members. Mrs. H. F. Godeke, secretary of the Girl Scout community committee, assisted in the organization.

TO HAVE SALE

The Awakened Wesleyan class in the Asbury Methodist church is to sponsor a food sale Saturday at Brewer's Store No. 2., it was announced this morning.

Only eight-tenths of one per cent of the population of Spokane, Wash., are classed as illiterate.

SAVES SCHOOL TIME

Two-thirds fewer school days lost due to colds—in tests of Vicks Colds-Control Plan. You have Vicks VapoRub for treating colds. Now, get Vicks Nose Drops—the new aid in preventing colds—and use as directed in Vicks Plan.

VICKS Nose & Throat DROPS VICKS VapoRub

for BETTER CONTROL OF COLDS

Luncheon, Card Party Are Enjoyed

Among the Thursday events was a bridge-luncheon at which Mrs. Dick Abbott, 2001 Main street, was hostess. Mrs. Bill Watson made high score in the card games and Mrs. Lola Shuey scored low.

Other guests were Mesdames H. R. Tucker, Clayton Carter, L. E. Grimes, J. D. Shaw, Charles C. Files, C. A. Nowlin, Paul Faulkner, Olen Stewart and V. R. Plummer.

Two Are Speakers Before Carter PTA

Members of the K. Carter Parent-Teacher association heard two talks Thursday afternoon at a meeting at the school. Miss Johnnye Gilkerson, physical education instructor at Texas Technological college, and Miss Mae Murfee, county superintendent and chairman of public instruction in the seventh district, Texas Federation of Women's clubs, were the speakers.

Miss Murfee discussed problems of public education which confront Texans today. Miss Gilkerson talked on the physical education of the child.

Pupils taught by Miss Mildred Boone presented a program.

Central Baptists Go To Grovesville

Sixteen members of the Central Baptist church, accompanied by the pastor, the Rev. J. D. Welch, presented a program on the work of the Baptist Young People's union at Grovesville Thursday evening. The meeting was at the school building. "Consecrating Our Calling" was the topic discussed. Miss Mattie Cameron read and musical numbers were presented by Donald Smith, M. M. Meek and Reuben Dyess.

First Luncheon In Series Is At Mills'

The first of a series of luncheons that will be given by women in the First Christian General Aid society is at the home of Mr. and Mrs. R. A. Mills today. Mrs. Mills, president of the aid, is the hostess.

The four circle chairmen in the society, Mesdames C. C. Files, A. L. Brown, W. R. McCarroll and S. S. McKay, and a representative from each of the circles are guests. These latter are Mesdames O. A. Terry, C. R. Miner, W. L. Harbison and C. C. Crenshaw.

Mr. and Mrs. George P. Kuykendall have been called to Searcy, Ark., by the illness of Mrs. Kuykendall's sister.

Clue Brings About Arrest Of Suspect

The arrest of George Curtis Taylor, a negro, and recovery of loot obtained in burglaries of two Red & White stores here resulted from finding a piece of wood, about two inches long, an inch wide, and a quarter of an inch thick, presumably from the handle of a screwdriver, Sheriff Tom Abel has revealed.

Taylor, charged with burglary of the stores, was arrested Wednesday. He has denied any part in the offenses.

Following the Clark burglary and attempted safe-break this week, George Eubank, assistant police chief, found the piece of wood near the safe. A futile attempt had been made to break open the vault, apparently with a screw driver. Sheriff Abel said he was driving through an alley between Sixteenth and Seventeenth streets in the 2200-block Wednesday. He saw a screw driver in the alley.

Examination showed a portion of the handle missing. He obtained the piece Eubank found; it fitted the handle exactly. A garbage can at the back of a servants' house gave up ham and bacon taken from the Clark grocery, and search of the house resulted in discovery of the remainder of the loot. A negro woman living in the building implicated Taylor, and the arrest followed.

LAUGHS AT DEATH

LONDON, — Duncan Neale made arrangements for his death—and then went out and got himself married. He arranged his own funeral, bought his tombstone, supervised its erection and affixed to it a tablet to his memory. Then, although 70 years of age, he went and married the sweetheart of his boyhood days.

City Officials To Gather At Austin

DALLAS, Jan. 13 (AP)—A meeting of Texas city managers and other officials of large municipalities has been called for next Sunday and Monday at Austin for the purpose of discussing legislation affecting their welfare, John N. Edy, Dallas city manager, has announced.

Harvey Draper, secretary of the League of Texas Municipalities and secretary of the Texas City Managers' association, called the meeting.

Velvet and felt are favored for the new handbags, with nubby wools also liked. Bags may match coats.

Hand work on dresses, especially drawn work in yokes and fagoting, are very much in evidence for resort and spring wear.

Novelty organza is stiffened chiffon, and is used by M. Lucien Lelong for one of his newest evening dresses.

Taxpayers Body Is Conducting Drive

After a meeting Tuesday night in the district criminal courtroom to plan a membership canvass, the Lubbock County Taxpayers association, through its president, Dr. J. G. Hall, announced Thursday a concerted drive was under way in Lubbock and adjacent territory to increase the membership of the association. About 50 members attended Tuesday's assembly.

"Every tax paying voter will be solocited to join if interested in the reduction of taxes in every unit of our government," Doctor Hall said. Women as well as men are eligible for membership, he said.

Dotted motifs are appearing in the later models of evening gowns—silver dots on black, black with gold dots.

Denatured alcohol will remove shellac if placed on the spot from which it is to be removed. A softening effect results which loosens the shellac.

"NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter:

"Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it.

"For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines — often harmful. Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

HEAVY DAMAGE IS CAUSED

BOATS DESTROYED BY GALE WHICH SWEEPS CALIFORNIA COAST

LOS ANGELES, Jan. 13. (AP)—Reports of small boats destroyed or missing came in today as the aftermath of the gale which boomed along the southern California coast Tuesday night, killing two men and doing damage estimated at $1,000,000.

Three enlisted men from the navy aircraft carrier Saratoga unofficially reported missing in a shore boat in San Pedro harbor, later were found to be safe. They had been isolated by rough water and unable to reach a dock or their ship.

Coast guard cutters were searching for the 38-foot cabin cruiser Punkie of Newport Beach, en route for San Diego with Capt. Halsey Denham and two unnamed men aboard.

The 44-foot cabin cruiser Nigger Boy, owned by Clyde Endregad of Saticoy, was wrecked on Point Diablo of Santa Cruz island. The three members of the crew were picked up by the state fish patrol boat Fluefin.

Fire destroyed the 70-foot sloop Pandora 15 miles off Oceanside beach. Capt. John Smith, skipper, and Earl Schetma of Wilmington, were rescued.

Escaped Prisoner Returned To Jail

CLAUDE, Jan. 13. (AP)—The Armstrong county jail is occupied again—by one of the two prisoners who recently sawed their way to freedom, leaving the jail deserted.

Roy J. Duckworth, awaiting trial, was arrested in Amarillo two weeks after his escape. Officers said he had dyed his hair during his freedom, but the disguise failed to hide his identity.

INTEREST RAISED

SAN ANGELO, Jan. 13. (AP)—The regional Agricultural Credit corporation has been notified by the Reconstruction Finance corporation that the rate of interest to be charged on loans will be 6 1-2 per cent, instead of 5 1-2 per cent as originally announced.

Answer to Previous Puzzle

A herd of 250 buffalo recently was rounded up on a 7,000-acre pasture in the Wichita federal game preserve in Oklahoma.

Five-minute speeches featured a "heads up" community dinner sponsored by the Oklahoma City Chamber of Commerce.

STREETS WILL BE IMPROVED

RELIEF FUNDS TO BE USED FOR LUBBOCK HARD SURFACING

City commission Thursday afternoon approved plans for hard surfacing of Eighteenth street north of the senior high school building and of Avenue T from Eighteenth to Twenty-first street. Reconstruction Finance corporation funds allotted to Lubbock will be used to pay for labor. Material will be provided by the city.

The improvement on Avenue T is adjacent to the high school property, to a city park, and to Dupre ward school.

Allotment Is $12,000

Allotment for Lubbock, Slaton and Idalou for January and February will total $12,000, the West Texas Chamber of Commerce, which is serving as intermediary between the finance corporation and communities obtaining unemployment relief funds, has announced. Representatives of the Lubbock Chamber of Commerce, Slaton and Idalou will go to Sweetwater Saturday for a district meeting at which instructions in the expenditure of these funds will be given.

The paving project adjacent to the two schools and the city park was recommended by a sub-committee from the relief work committee. Members of the sub-committee are Mayor J. J. Clements, Spencer Wells and J. O. Jones. They recommended the project as one on which RFC funds might be spent for labor, providing the city would pay for materials.

Start Is Undetermined

The paving, according to city officials, will consist of a caliche base topped with crushed rock.

Date the project will be begun had not been determined yesterday. Engineering plans and other details must be worked out first.

Routine business was attended at the commission meeting. A saving of approximately $350 was anticipated as the result of retiring of $5,000 in six-per cent Lubbock city warrants at $93. The warrants, par value of which is $100, were to have matured this year, in 1934 and in 1935.

Indiana reported a consumption of 598,081,000 feet of lumber, or 185 feet per capita, in 1930.

Is An Actress

Vice President Charles Curtis' granddaughter, Ann George (above) will have the leading role in a play to be staged by the Gordon Junior High School in Washington. She is the daughter of Col. and Mrs. C. P. George.

Hale Center Opens Its Poultry Show

HALE CENTER, Jan. 13.—(Special)—An annual Hale Center poultry show, foreshadowed by more inquiries than ever before, began here this morning and will continue through Saturday in the Center Implement company building.

Hale county merchants are cooperating by arranging for a number of booths for displays. Ribbon prizes will be awarded.

The chamber of commerce is sponsoring the show. Vocational agriculture students from the high school, under R. H. Maxwell, teacher, are to assist in handling the birds. Mr. Maxwell is superintendent of the show.

The Great Lakes and their connecting waters have more than 400 harbors.

Though it is a nation without a seaport, Hungary has a high-class merchant marine of 64,100 gross tons.

POULTRY SHOW OPENS TODAY

HOCKLEY COUNTY HAS ANNUAL SHOWING AT LEVELLAND

LEVELLAND, Jan. 13.—(Special)—An annual Hockley county poultry show having opened here at 9 a. m., judging was to begin at noon with C. Murphrey, a licensed American Poultry association judge, of Lubbock as official scorer.

Premium lists will be as follows: For cock, hen, old hen, cockerel pullet and young hen in each standard breed, $1 for first, ribbon for second and third.

For the best male bird $2 sweepstakes are offered, with the same amount for best female and for the best pen.

In an effort to get an exhibit of young turkey toms a special prize of $2 is offered.

The chamber of commerce, through C. M. Elder, secretary, and the extension service through W. T. Magee, county agent, are cooperating in the handling of the show. Local business men are supporting the shows also by assisting in raising prize money.

Farmers and breeders have been invited to exhibit.

AIDS COLLEGE FIGHT

CANYON, Jan. 14 — The West Texas Gas Company has made a special donation of $100 to the Canyon Chamber of Commerce this month to supplement its monthly pledge. The extra amount is to be used in safeguarding the interests of Northwest Texas citizens in the West Texas State Teachers College.

DR. W. C. ROUNTREE, Pellagra Specialist, 2722 Travis Avenue, Fort Worth, Texas.

Sufferers from Pellagra should communicate with me for a remedy which has proven successful for more than fifteen years.

Dr. Rountree will be in Lubbock, Monday, January 16 at the Painter House.

To get rid of itch, rash, tetter, foot itch, ringworm or eczema, cover with soothing Blue Star Ointment which contains tested medicines that melt and soak in quickly and kill every germ. Money back if it fails.—Adv.

How CARDUI Helped Weak, Nervous Woman

"I was nervous and weak and my back hurt," writes Mrs. Emma Nichols, of Murfreesboro, Tenn. "I could hardly rest. I had a nervous, weak trembling in the lower part of my body, and a bearing-down feeling. I had read of Cardui and decided to take it. After my first bottle, I felt better and kept taking it. It helped me. I took three bottles, and by then I was much improved and rid of the nervousness, so much so that I have recommended Cardui to my daughters and friends. I think it is a splendid medicine to build up the whole system."

Take Cardui to give you a better appetite, to give you more strength from the food you eat — to build up and increase your feeling of well-being. Aches and pains go away as you build up with the help of Cardui. Sold at drug stores here.

Sing Sing prison got its name from the Indian words meaning "stony place."

Connection for Vernon, Wichita Falls, Lawton, Duncan and Oklahoma City

"I'm working and Smoking overtime_ hence a *Milder Cigarette*

"WHEN I work hard, I usually smoke more; and when I smoke more, I usually work harder—and that's why I want a cigarette that's milder."

We use in Chesterfield Cigarettes mild, ripe Domestic and Turkish tobaccos which have been aged and re-aged.

These good tobaccos in Chesterfield are used in the right proportions—that's a very important matter.

These good tobaccos in Chesterfield are blended and cross-blended—welded together; that, too, helps to make a milder cigarette with better taste.

THEY'RE MILDER — THEY TASTE BETTER

The Journal is an independent Democratic newspaper, supporting in its editorial columns the principles which it believes to be right and opposing those questions which it believes to be wrong, regardless of party politics; publishing the news fairly and impartially at all times.

Thought For Today

Thus saith the Lord, as the new wine is found in the cluster, and one saith, Destroy it not; for a blessing is in it; so will I do for my servants' sakes, that I may not destroy them all.—Isaiah 65:8.

* * *

Kindness has converted more sinners than either zeal, eloquence, or learning.—F. W. Faber.

Income Taxes

President-Elect Roosevelt seems to be ready to advocate a substantial increase in income tax rates; and, considering the federal deficit, it is hard to see how such a move can be avoided, distasteful as it may be to a nation already sorely overtaxed.

After all, it is imperative that Uncle Sam's income be raised. He simply has to have more money; and since the income tax is, all in all, the fairest tax yet devised, an administration can hardly do better than try to make it yield more money.

To be sure, the plan will meet with opposition. But the bulk of that opposition will not come from the man of modest means. That man knows that if the income tax rates aren't boosted, some such device as a sales tax will be adopted; and he also knows that a sales tax would rest proportionately more heavily on his shoulders than on anyone else's.

Difficulties in learning to read are four times as common in boys as among girls, says a neurologist. Which may account for dad's consistent failure to read what's on mother's mind.

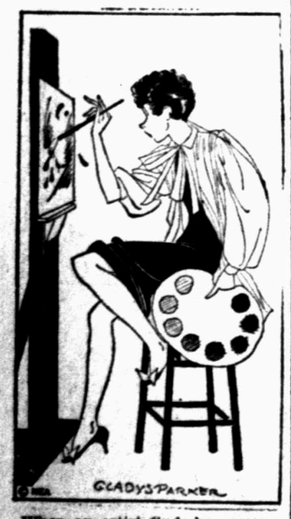

Wouldn't it be refreshing to read sometime that the old theatrical tradition had been broken by some touching incident and that "the show did NOT go on"?

Hardened to Chicago's rigorous climate, Samuel Insull professes a sudden delight in the mild winters of Greece, and Robert Elliott Burns, the "chain gang fugitive," disavows Georgia's temperate clime in favor of a habitat in wintry New Jersey. So it goes.

Well, it appears that the folks who were afraid President-elect Roosevelt would do something radical were right. He says he'll keep every campaign pledge.

Most comedians, says a producer, have a conviction they can play tragic roles. And so, alas, do a lot of misguided tragedians.

Flapper Fanny

When an artist finds her accoum in the red, she just brushes it away.

The Plainsman Says:

That Girl on Broadway says when Cupid hits his target he usually Mrs. it.

DELAYED LETTER TO SANTA

Dear Santa Claus: In case you happen to come through Lubbock enroute to your home in the Polar regions, please leave us a pair of riding boots to wear with evening dresses.

Lovingly yours,
The Two Tech Co-eds Who Haven't Already Got 'Em.

* * *

MEMBERS of the International Typographical union in Lubbock and everywhere else are doing their part to take care of their own. Under the organization's new five-day week plan, thousands of printers who have here-to-fore been out of work—or practically out of it—are getting enough time on linotypes and at the cases to 'get by' while the going is so tough.

Right here in the Avalanche-Journal office the operators and makeup men each are giving a day a week, at their own expense, so that other union men whose services have not been needed in recent months, may 'take up the slack' in the old pocketbook.

* * *

The practice does not effect the day or night wage scale paid by the publishing company.

It only means that the printers who hold priority rights are taking a day's layoff out of every six working days and giving the work over to the substitute who collects for his own work.

The plan is of sufficient merit to bring it to the careful attention of other crafts and organizations the nation over.

* * *

ASIDE from its humanitarian standpoint, the plan is economic in its very foundation, simply because it increases the spending power of the entire craft.

Anyone who will stop long enough can figure that two families need more things than one family—and consequently buy more things.

That keeps more money in circulation—something that is sorely needed throughout this nation.

* * *

Either there is a whale of a lot more distress and unemployment in Smith county than there is in Lubbock county—or else there's something rotten in Denmark.

The Reconstruction Finance corporation has granted Lubbock county $12,000 for relief employment here during the months of January and February.

To Smith county, where Tyler is the capital, it has granted a cool $40,000 for the same period.

Evidently there isn't so much prosperity to an oil field now adays.

* * *

THERE is optimism, optimism—wonder working optimism abroad in the land despite everything that has happened, or is likely to happen. As proof of the pudding The Plainsman offers the fact that letters have gone out over the countryside, calling for today a meeting of League of Nations enthusiasts!

Can you imagine anything like that—League of Nations enthusiasts?

* * *

The human mind is a wonderful thing.

It can imagine Utopia, it can imagine heaven and hell, it can imagine a duck that lays golden eggs and a wolf dressed in Little Red Ridinghood's grandma's mother hubbard.

But how anyone can imagine a League of Nations enthusiast is more than we can bear.

Quick, Watson! The needle!

* * *

AFTER the league's long history of nothing but pomposity, silk hats and high browed conversation it flopped, as practical people knew it would, at its first world crisis—the Sino-Jap rookus.

The Japs have kicked the league in the pants.

They've slapped it in the face with a dead rabbit.

They have said "we'll do as we darn please—what're you going to do about it?"

Yet somebody mentions league enthusiasts.

What a giggle!

* * *

That Man on Avenue Q says times haven't changed much. His father used to have to put the cat out every night and now he has to put his daughter's boy friends out.

* * *

The girl who is easiest on the eye isn't always easiest on the pocketbook.

NOTE TO BOTH READERS

The Plainsman's column will be temporarily discontinued on the editorial page and in its place will be a front page column of news and views of the political circus at Austin.

Beginning Monday, your humble servant will write a daily feature from the capital city, under the heading 'Capital Chatter From The Austin Front'. In addition he will write special articles on the political situation for both the Avalanche and the Journal.

This column, in its regular form, will be continued upon The Plainsman's return from Austin.

The Traitor

Debate Flares Anew On Government In Business But The Depression Has Eliminated Many Of Critics' Arguments

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, Jan. 13 — The theory that private business is vastly more efficient than the government is not faring as well as it did in the days when large corporations were making money hand over fist.

Argument as to that point is beginning all over again. The visit of President-elect Roosevelt and Senator Norris to Muscle Shoals center of a long fight between advocates of government ownership and those private operation draws renewed attention to it.

Dutcher

So do such developments as the report of the Committee on Social Trends with its suggestion of social-economic planning and the popularization of technocracy with its inevitable vision of a controlled economic structure.

Several competent students have recently hurled spears at the notion that government is not to be trusted in any form of business, even to the point of insisting that the cost of operating the federal government itself is relatively low.

* * *

Even the berated Farm Board, whose stabilization operations appear to have cost two or three hundred millions, is defended by comparison with private business in an analysis by William F. Schilling, one of its members.

Schilling compares the young Farm Board with older, seasoned industrial groups, points out that the board ran head-on into the depression almost as soon as established and says that although it is contended the board's capital structure has been reduced 63.4, a list of 421 industrial stocks shows an average decline of 78.5 from the 1926 index in reports of the Standard Statistics company.

Also, he says, the board was forced by law to take a secondary position on all loans. So Schilling suggests it might be a good idea for the Farm Board to take over industries for operation.

Then there's Judge George W. Anderson of the federal bench, former Interstate Commerce commissioner and U. S. district attorney, who suggests a 15 billion dollar government corporation to take over the railroads on the theory that they can be run more efficiently that way.

"In general, government business is managed on sounder and less wasteful lines than private corporation business," he has written in the Atlantic Monthly. "There is less fraud in government operation. Private corporations, however, are more successful in concealing both their frauds and inefficiencies than the government bureaucracies. In general, our government functions with less disregard of essential human rights and interests.

"It is also clear that government officials can hardly show less 'individual initiative' than our railroad executives. We are now disillusioned as to all our great leaders. There are none . . . More than half our senators are abler than all but a few of our industrial or banking leaders."

* * *

Comes also Dr. Isador Lubin, a widely-known economist of the Brookings Institution, who contends that federal government would appear far less expensive and Treasury deficits almost non-existent if the Treasury did not charge to current budgets investments of a personal or long-time character.

Lubin lists $1,227,000,000 in Reconstruction Finance Corporation stock investment, federal land bank capital stock, farmers' marketing and seed loans and the half billion investment in public construction which he says no private business would charge up for immediate payment as the Treasury charged it this year to the taxpayer.

Public construction charges should be spread over the life of the projects, he says, and the loans charged on a separate investment account.

Further, there is the analysis of David Lawrence, editor and writer, who proclaims that the real cost of the civil government of the United States is only $545,000,000 despite the 1933-34 federal budget of $3,500,000,000. The rest goes for the public debt, veterans, army and navy and the postal deficit which could be eliminated.

The real point in that breakdown of expenses is that it shows that the actual cost of operating this government represents only about one per cent of the national income.

FLASHES OF LIFE FROM EVERYWHERE

INTERESTING BITS OF NEWS GROUND FROM THE GRIST OF THE DAY'S HAPPENINGS

(By The Associated Press)

Puzzles Puzzlers

NEW YORK—Whether technocracy puzzles you, it's a puzzle for the puzzlers.

In other words, the riddler's club, chapter of the National Puzzlers league, has made some anagrams out of technocracy—an anagram being a word or phrase made out of another word utilizing all the letters in the original word.

Is technocracy, for instance, a "chance to cry?" A person who entitles himself Oedipus, president of the Riddlers, made this anagram.

Or is it an "achy concert?" This one by a gentleman known to puzzlers as Diskellog. Another suggested that technocracy was an opportunity to "catch one cry."

Oedipus, pressed for a statement, admitted that "technocracy has puzzling possibilities." These possibilities will be further explored and progress reported at the convention of the National Puzzler's league Feb. 12 in Paterson, N. J.

Cat Worries Him

MINNEAPOLIS—Frank Corcoran, jr., will be 13 years old Friday, the thirteenth; his name contains 13 letters, he lives 13 blocks from school, one of his class rooms is 213 and he received 13 presents for Christmas.

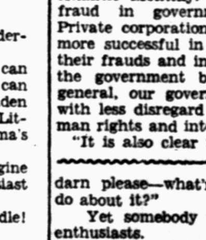

Does that bother Frank? Naw, he says, but an old black cat that sneaks around his back yard—and sometimes crosses in front of him—has him worried.

Stuck Up

SAN FRANCISCO—Twenty-two months old May Alice Larsen was described by emergency hospital attendants as the neatest case of "home-made lockjaw" they had seen. Her mother explained the baby tried to eat a tube of crockery cement.

More Woe

INDIANAPOLIS — Patrick Donahue, 80, shot himself in the head last November in the home of Mrs. Mary Woods here. He recovered. Now Mrs. Woods has named him defendant in a suit seeking $2,000 damages, alleging she suffered a long illness.

Our Charges
are most moderate and we positively will not advise Glasses unless you need them.

ANDERSON BOOS JEWELERS

COOLIDGE HAS BRIEF WILL

SEVENTY-FIVE WORDS GIVE THE ESTATE TO HIS WIDOW

NORTHAMPTON, Mass., Jan. 13. (AP)—In 75 words Calvin Coolidge left all his worldly goods to his widow.

The will of the former president who died a week ago was filed in Hampshire probate court Thursday. It was dated December 20, 1926.

It was written in Mr. Coolidge's own handwriting on a folded sheet of White House stationery. At the top of the sheet were the printed words: The White House, Washington. The will was signed by two secretaries and a stenographer.

It read:

"Will of Calvin Coolidge, of Northampton, Hampshire county, Massachusetts.

"Not unmindful of my son, John, I give all my estate both real and personal to my wife, Grace Coolidge, in fee simple.

"Drawn at Washington, District of Columbia, this twentieth day December, A. D. nineteen hundred and twenty six.

"(Signed) Calvin Coolidge."

After the signature were the words:

"Signed by us on the date above in the presence of the testator and of each other as witnesses to same and the signature thereto:

"Everett Sanders.
"Edward T. Clark.
"Erwin D. Geisser."

A World of Traveling to Do

George Bernard Shaw, with Mrs. Shaw, starts around the world, and as he explains it, will have to touch the United States some place, for he could not make the trip otherwise. The famed Irish writer and Mrs. Shaw are shown leaving their London residence for Victoria station, from where the world tour started.

Around the RADIO Clock

BY C. E. BUTTERFIELD

(Time Is Central Standard)

NEW YORK, Jan. 13.—(AP)—Musical comedy in tabloid, even running as long as two hours, may be the further development of the production type of programs now current on the air. The plan is under advisement, and its introduction is said to rest on whether "big names" can be obtained.

One scheme provides that musical comedies of past Broadway fame be revamped so that the audible parts would be heightened and the visual cut out or replaced by sound effects, something along the line followed for radio light opera. While it is thought that an hour would be sufficient for a single production, there has been some discussion of extending it longer.

Try These Tonight:

WEAF-NBC: 6—Friday the 13th sketch. "Tomato Surprise;" 8:30 — Mrs. F. D. Roosevelt and Reitman orchestra; 9—Al Jolson; 9:30—Stephen Foster Memorial concert.

WABC-CBS: 5:30—Talk on Technocracy by Dr. H. C. Parmlee; 7:30—News drama; 8:45—Dr. Nicholas Murray Butler addressing 500 local League of Nations association meetings from New York; 9:30—Columbia Revue.

WJC-NBC: 6:30 — New Charlie Chan story, "The Chinese Parrot"; 8:30—Eddie and Ralph; 9—Howard Scott and Prof. Walter Rautenstrauch on technocracy; 11:30—Joe Furst orchestra.

One Sure Way to End Coughs and Colds

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist. (Adv.)

PAIR CHARGED IN ROBBERY

TWO WOMEN HELD FOR AIDING SLAYERS OF DEPUTY TO ESCAPE

DALLAS, Jan. 13 (AP) —Mrs. Lillie McBride and Miss Lucille Hilburn, who were held for questioning last week after killing in west Dallas of Deputy Sheriff Malcolm Davis of Fort Worth, were charged here Thursday as accessories to robbery.

The complaints were made in Justice E. John Baldwin's court.

Two complaints were filed against Mrs. McBride, one charging her with complicity in the robbery of the bank at Cedar Hill, Dallas county, on October 8, 1932, and the other of being an accessory to the holdup of the home bank at Grapevine, Tarrant county, last December 20. The complaint against Miss Hilburn was in connection with the Grapevine robbery.

Concealment Charged

The two women were charged with helping to conceal the robbers and aiding them in escaping, knowing that the alleged robberies had been committeed.

The complaint in connection with the Cedar Hill robbery alleged that Mrs. McBride aided Raymond Hamilton to escape. He later was captured in Bay City, Mich., and now is charged also with the killing of W. N. Bucher during a filling station holdup there.

Fugitive Sought

Both Mrs. McBride and Miss Hilburn are named in the other two complaints, which allege they aided Odell Chambless to escape after the Grapeville home bank robbery. Chambless is a fugitive. Officers assert they have learned he escaped after the Grapevile robbery by posing as a posse member and forcing two farmers to drive him to west Dallas, where he dressed in women's clothing. The two women allegedly drove him away from Dallas that night in an automobile.

Officers all over the southwest have been searching for Chambless and Clyde Champion Barrow, ex-convict, for questioning, since the fatal shooting of Deputy Davis.

HOOVER VETO

(Continued from Page One)

are "absolutely dependent upon their favored trade with the United States," and the period during which this would be whittled down and finally shut off is "too short, too violent."

2. Without favored entrance to American markets many Philippine industries could not compete with nearby lower costs and standards of living, leading eventually to a flight of capital, diminishing tax revenues and an unbalanced budget.

"No Farm Protection"

3. American agriculture would be given "no protection of any kind" during the first two years, and during the following five would have "no effective protection."

4. The civil authority of the United States in the islands would be brought "to a point of practical impotence," but with the American flag still flying would be "faced with the likelihood of having to employ military measures to maintain order."

5. With the non-Christian population opposed to the controlling group, yet constituting a majority of the total population, "the maintenance of order in this considerable element" would be more difficult than at present.

6. The Philippine government has not had sufficient income to support "even the Filipino scouts, much less an army or navy," while the United States now spends annually on a minimum necessary American military force a sum equal to approximately 26 per cent of the entire island income.

In comparison with neighboring Oriental countries the Philippines offer large areas of undeveloped resources, and the "pressures of their immense neighbor populations for peaceful infiltration or forceable entry into this area are most powerful."

Threat Is Cited

The president pointed out that while the present bill would give the United States an option on continuing its military and naval bases in the islands after the ten-year period, it would give no promise of maintaining independence against outside pressures except an offer to accept "neutralization."

Other nations are unlikely to become parties to neutralization if they continue such bases," he added, and neutralization is a feeble assurance of independence in any event unless we guarantee it. That guarantee is the perpetual engagement of the United States in their affairs.

"But with the impression that the ideas in the bill convey it is my belief that the Philippine people will vote in two years in the belief that independence is thereby assured and with the more or less general belief that we will indefinitely engage our power and our future welfare in the altruistic mission of preserving their independence from international forces against which they are incapable of defending themselves.

"Therefore, before any plebiscite is held we should honestly and publicly declare our intentions. This bill does not do this. in discharge of the moral responsibilities of our country we have no right to force the irrevocable decision of their people to be taken two years hence at a moment in history when the outlook in the world and of their surroundings is at best unfavorable to their permanent independence."

THEATER DESTROYED

RENO, Okla., Jan. 13. (AP)—The Criterion theater, motion picture house, was destroyed by fire which broke out this morning in the basement. Combustion in a coal bin is believed to have caused the fire which left a $50,000 loss.

DAILY MARKETS

Cotton Market

NEW ORLEANS REPORT

NEW ORLEANS, Jan. 13. (AP) —Cotton had a steady opening today. Liverpool came in about as due and first trades here on near months showed gains of one to two points but July advanced five points in sympathy with a firm opening in New York cotton.

The market continued to improve after the start on fair trade buying, March advancing to 6.22, May to 6.36 and July to 6.48, or 4 to 5 points above the previous close.

The early improvement attracted more or less hedge-selling and near the end of the first hour the market eased 3 points from the top to levels about a point above the close of yesterday.

The market ruled rather quiet all morning and prices eased off gradually owing to weakness in stocks and wheat and some week-end liquidation by recent buyers, coupled with moderage hedge-selling. March eased to 6.17, May to 6.31 and July to 6.43, or 5 to 6 points down from the earlier highs and unchanged to one point down from yesterday's close.

At noon the market was quiet and steady at the lows.

NEW YORK REPORT

NEW YORK, Jan. 13. (AP)—Cotton opened steady, 5-7 higher on steady Liverpool cables, and trade buying. Jan. unquoted; Mch. 6.26; May 6.39; Jly 6.49; Oct. 6.69; Dec. 6.81.

There were some overnight buying and brokers with continental connections were reported among early buyers. Demand was supplied by southern selling combined with some local selling on the early action of the stock market, and prices sagged after the opening. March sold down from 6.26 to 6.20 and July to 6.44, or within a point or two of yesterday's close by the end of the first half hour.

There was some Liverpool selling here during the early trading but the comparatively small offerings were absorbed on the decline to 6.2 for March and prices held fairly steady later in the morning with trading quiet. The south seemed to be selling very little here while there was some further trade buying with March holding around 6.23 and July 6.48 at midday when the general list was about 3 to 5 points net higher.

Grain Market

CHICAGO REPORT

CHICAGO, Jan. 13. (AP)—Fresh downturns in wheat values took place early today. Traders' attention focused on problematic effects of agricultural allotment legislation. Opening unchanged to 3-8 lower, wheat afterward declined all around. Corn started unchanged to 1-8 higher and subsequently sagged.

Stock Market

WALL STREET REPORT

NEW YORK, Jan. 13. —(AP)—The stock market today teetered through a dull session in which prices generally ranged either fractionally below or above their previous close.

Considerable attention was paid passage by the house of representatives of the farm allotment bill, but judgment was largely withheld. Farm equipment shares were fairly steady.

Homestake broke 4 points, a performance which was at variance with the small fluctuations of stocks as a whole, Brooklyn-Manhattan Transit lost a point. Major fractions were surrendered by Allied Chemicals, Chrysler, Consolidated Gas, Drug, Loew's, National Dairy, Lackawanna and Santa Fe. U. S. Steel, American Telephone and Union Pacific were slightly lower. Case dipped a fraction while Harvester gained as much. The tobaccos were firm, shares of the "big three" gaining as much as a point. Eastman and Columban Carbon were fractionally higher.

FARM BILL

(Continued from Page One)

and peanuts—was assured. It was after the last three commodities had been added to the original bill that 139 house Democrats, 63 Republicans and one Farmer-Laborite united against 101 Republicans and 50 Democrats to secure its passage.

One hopeful sign cited by senate advocates was last year's action by that body in passing a bill—though it later was recalled—containing a form of the domestic allotment plan.

Lasts One Year

The house bill is intended, for a one-year period, to put into the farmer's pocket a cash return approaching a pre-war ratio with industrial commodity prices. It would start in this way:

For all benefitted commodities except tobacco, an initial marketing period beginning 30 days after enactment and ending when the 1933-34 marketing year starts would be established. In this period, these minimum prices would prevail: Seventy-five cents a bushel on wheat and rice; 9 cents a pound on cotton; five cents a pound on hogs; 26 cents a pound on butterfat; three cents a pound on peanuts.

Whenever average market prices received by the producer dropped below these prices—as they are now—the secretary of agriculture would declare the difference between the two and that difference would be levied as a tax on processing. Collections would be paid out as a bounty to farmers on their percentage of domestic consumption, or, in the case of dairymen, on 80 per cent of their production.

COP NEEDED COPS

PITTSBURGH, Pa. — Constable M. J. McCann, of the 15th ward, vows he'll never stop his auto to aid a fair motorist in distress. He recently stopped for a woman driver who seemed to be having trouble. When he did three men stepped from behind her car and robbed the officer of his revolver, blackjack and $9.

Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry Lubbock poultry and egg company, delivered Lubbock; Grain—S. S. Cone Grain and seed company, following prices being bid by Lubbock grain dealers; Cotton, Hoover Cotton company. All prices subject to change during day.

TRAIN WRECKS

(Continued from Page One)

two scalp lacerations, and a nose injury.

Dr. Sweptson said those three remained at the scene after he left, awaiting the start of the new train westward.

Pending clearance of the wreckage, the road routed another fast passenger train over the tracks of the St. Louis-Southwestern through Big Sandy, Tex. Officials believed through traffic between Dallas and Texarkana would be delayed four or five hours.

FOUR TRAINMEN KILLED IN WRECK

KNOXVILLE, Ia., Jan. 13 (AP)—The head-on crash of two Burlington gas-electric railroad trains on a wooden bridge near here resulted in deaths to four trainmen and injuries to 28 passengers.

The collision occurred last night and was followed by a roaring fire which destroyed the bridge and left one victim buried amid the charred wreckage.

George MacIntosh of Knoxville was one of the heroes of the wreck—battering down a baggage room door and leading hysterical women to safety after they had attempted to jump through windows into a pool of blazing gasoline.

Cut off by a curtain of fire, helpless witnesses watched Engineer Charles D. Hayes, 65, struggle vainly to free himself from between engine and tender. Hayes of Albia, Iowa, piloted the steam engine, train No. 28, en route from Des Moines to Ottumwa.

Workmen hunted for the body of J. I. Warren of Ottumwa, engineer of train No. 179, en route from Peoria, Ill., to Des Moines. The other dead were H. G. Hallberg of Burlington, Iowa, baggageman, and J. A. Baker of Ottumwa, conductor of No. 179.

Sentence Woman To Hang For Slayings

SZEGEDIN, Hungary, Jan 13. (AP) —Victoria Rieger, a 50-year-old peasant woman who was charged by the state with killing two men, was convicted of murder today and was sentenced to be hanged. The state charged she was retained by two women to murder their husbands, and that she hanged them to rafters in their own barns, and then assisted in making it appear that the deaths were suicide.

WHAT! THE DUCE!

ROME, — Traffic policemen in Italy don't feel the influence of politics, as is shown in a recent instance here. Fired with civil zeal, a traffic policeman stepped boldly out into the middle of the Via Flaminia and hailed the driver of a car to stop. To his dismay Signor Mussolini climbed out of the car. Instead of admonishing the policeman, IL Duce congratulated him on carrying out his job.

The manufacture of ale or beer was known as far back as the Egyptians of ancient days.

CLIFTON WILL BE RETURNED

COMPANION OF SLAIN YOUTH TO BE TAKEN TO NEW MEXICO

TAHOKA, Jan. 13.—(Special)—A Roosevelt county, N. M., deputy sheriff was expected here this morning from Portales to take into custody Charles Clifton, 19, of Portales, a companion of Walter Lackley, 21, also of Portales, when Lackley was shot and fatally wounded here Thursday morning by Sheriff B. L. Parker of Lynn county.

Upon being informed 10 guns were found in an automobile which the two youths had when the deadly pistol fire occurred, the Roosevelt county sheriff's department began preparations to determine whether the firearms were stolen from the Portales Hardware company store last December 20. Eleven guns were stolen. Burglary charges were filed against Clifton late Thursday at Portales in connection with the thefts.

Car Thought Stolen

The Chevrolet coupe which the youths had here is believed to have been stolen from Lee Carter of Portales, Christmas eve, officers there said.

Efforts began last night to connect Lackey and Clifton with burglaries in Plainview, Roby, and Vernon, in addition to the Portales job.

A 64th district court grand jury in Plainview returned indictments of burglary and automobile theft Thursday against Lackey before Plainview authorities learned he had been shot to death about 10:30 a. m. Thursday.

Complaints charging Clifton with car theft and burglary have been filed in Plainview, Deputy Sheriff Kelly Hooper said here. A .38 caliber pistol when Lackley allegedly drew, and a derringer found on Clifton were stolen in a burglary of the Donohoo-Ware hardware store in Plainview the night of Dec. 23, Hooper said. A Chevrolet sedan owned by D. C. Selman of Plainview, and stolen the same night, later was recovered in Portales, the deputy sheriff said.

Auto Identified

Upon being told he was under arrest, Lackey drew a pistol, Sheriff Parker said. The sheriff and Milt Finch, Tahoka city marshall, each fired once. Sheriff Parker said the bullet from his gun struck Lackey, entering his left side and emerging from the right chest, puncturing a lung. Lackey died about 30 minutes later.

About 100 hens, attempted sale of which led to Lackey's death and his companion's arrest, were in a trailer attached to the coupe. The hens were said last night to have been identified as having been stolen in another county northwest of here.

Fisher, Lamb, and Bailey county officers were expected here today in an attempt to determine whether Lackley and Clifton were involved in recent burglaries in those counties.

Brevities

Plan Dairy Auction—The sales committee of the sixth annual Texas Panhandle-Plains Dairy show, to be in Plainview, April 10 to 13 inclusive, was to meet at 2 o'clock this afternoon in the Plainview Chamber of Commerce to plan an auction customarily conducted at the end of each dairy show. J. W. Jennings of Plainview, Oscar Stansell of Floydada, and Tom L. Shepard of Lubbock compose the committee.

• • •

Detectives Here—Two railway detectives were here this morning to question a 27-year-old man arrested at Spur and held here after suspicions of officers were aroused by his attempts to dispose of a diamond ring. A Lubbock jeweler, who said the suspect previously had attempted to pawn the ring to him, upon seeing the ring again said the original stone had been removed and an imitation substituted, police said.

• • •

Car Theft Reported—A slate colored 1928 Buick two-door sedan, with trailer attached, was stolen last night in Plainview, Lubbock police were informed.

• • •

Negro Jailed Here—A negro, arrested Thursday at Idalou as a burglary suspect, was put in county jail here late Thursday. Some apparel taken in the burglary was recovered with the arrest of the negro, the sheriff's department reported.

• • •

Report Accidents—Police Thursday began use of a detailed form, obtained from the National Safety council, in reporting vehicular accidents, and used three of the folders before the day ended. A Levelland man was injured seriously in a collision Thursday morning here. At 4 p. m., a Hudson driven east on Main street by Mrs. W. W. Lindsey and a Ford driven west on Main street by C. D. Boss of Levelland collided. None was reported hurt, although the left side of the Ford was damaged. At 5:45 p. m., a Chevrolet driven west on Sixteenth street by Curtis Busby, 26, of 1632 Avenue Y, and a Dodge driven north on Avenue T by Mrs. Eppie Sowder, 45, of 1020 Avenue O, collided at Sixteenth street and Avenue T. Although the Busby car was knocked about 50 feet, police said, no one was injured.

• • •

Pitts To Attend—County Judge E. L. Pitts of Lubbock was to attend a meeting of the executive committee of the County Judges and Commissioners association of West Texas today in Mineral Wells. Before leaving Thursday, Judge Pitts said the executive committee would prepare for the next meeting of the state association, and would discuss probable legislation to be introduced in this session of the legislature.

• • •

Four Indictments Returned—Burton S. Burks, assistant district attorney, Thursday said a 72nd district court grand jury in Crosbyton had returned four indictments, one for burglary, two for forgery, and one for automobile theft. Seventy-second criminal district court will convene at Crosbyton, January 30.

• • •

Suspect Is Held—C. M. Dillard, indicted for forgery in Palmer county, was taken into custody here Thursday by Sheriff Bill Hall of Farwell, in Parmer county, for whom Dillard was arrested by the Lubbock county sheriff's department.

• • •

Hawkins Trial Set—Joe Hawkins' second trial for shooting to death his father-in-law, S. M. Walker, in October, 1929, will begin in 64th district court in Plainview, Monday, January 23, the district attorney's office here announced. Hawkins, a Crosby county farmer, was found guilty of murder and sentenced to 50 years in the penitentiary in his first trial. The criminal court of appeals reversed the case.

• • •

Man Arrested—The sheriff's department late this morning here arrested a man, about 35 years old, accused of taking the renter's furniture with him on vacating a rented house here. A complaint would be filed this afternoon, the sheriff's department said.

• • •

Club Hears Musician — Willette Merrill, local musician, entertained members of the American Business club with accordion and piano selections at the club luncheon program at the Hilton today noon. Floyd Williams had charge of the program. The club voted to organize a volley ball team and will challenge other organizations for games.

Boys and girls are equally divided in the Needham Broughton high school at Raleigh, N. C. There are 477 students of each sex.

ELECTED AS LUBBOCK BCD LEADERS

* * * * * * * * * *

Homer D. Grant and George A. Simmons were elected vice-presidents of the Lubbock Board of City Development and Chamber of Commerce by directors of the organization this morning. F. R. Friend was elected treasurer. Dr. I. E. Barr, whose picture is shown on page 1, was chosen president.

HOMER D. GRANT

GEORGE A. SIMMONS

FLASHES OF LIFE

* * *

As Brought Over Associated Press Wires Today

He's Disappointed

CHICAGO — One of life's big disappointments seems to have come to Attorney Patrick L. McArdle, as he relates the story.

It goes back 34 years when an eager boy of 13 walked into his office, asked for a job and got it despite the fact McArdle wasn't doing much in those days except waiting for clients.

But the business grew. So did the boy's intellect. McArdle liked him. He regarded him as a son. He sent him through law school and when the boy was graduated from college as Attorney Anthony J. Schmidt, McArdle was so happy he gave him a partnership.

Yesterday things were different. McArdle called for two policemen and they arrested Schmidt on embezzlement and obtaining money under false pretence charges.

"Several weeks ago people told stories of being victimized by him," McArdle said. "I would not believe them, but the final proof was a real estate mortgage which he sold me four years ago for $2,500. On investigation I learned that no such property existed.

"Now look at this," said McArdle to the policemen as he produced a will naming Schmidt as beneficiary.

With this, he slowly tore it up.

Tuesday's Unlucky

NEW YORK — Spanish and Latin-American residents laugh at this theory that Friday the Thirteenth is unlucky. . . . now if this were Tuesday the Thirteenth!

A Spanish proverbs warns: "On Tuesday, neither marry nor travel." Tuesday is poison to the Spanish and to them Friday is just another day.

But 13, that's unlucky in any language.

Their Lucky Day

AMIRET, Minn.—Evelyn and Ethel Rowell, twins of a family of thirteen, are thirteen years old today, Friday the Thirteenth.

What's In A Name

WAYNESBURG, Pa.—Here's one way of cutting taxes:

Freeport borough, a community with no regular streets, changed its name to Freeport township, thereby gaining a reduced tax rate, and profiting from highway-aid programs not obtainable by boroughs.

F. R. FRIEND

BLACK FRIDAY

(Continued from Page One)

believed that the unpopularity of number 13 undoubtedly began before there were any written records, probably before our early European ancestors migrated out of Asia.

The earliest mention of unlucky 13 in Greek literature dates back to 850 B. C. when Hesiod in the first "Agriculture bulletin" advised against sowing seed on the "thirteenth of the waxing month."

There are several theories about the origin of "unlucky thirteen," Dr. McCartney says, and also several explaining "unlucky Friday." It was natural to combine the two and make Friday the Thirteenth the worst day of all.

Adam and Eve are said to have partaken of the "forbidden fruit" on Friday, which caused their eviction from the garden of Eden. Jesus was crucified on Friday.

There was fear of number 13 among the Norsemen, whose mythology says there were 12 demogods until Loki came among them to make 13 and cause plenty of trouble.

LEGISLATURE

(Continued from Page One)

to provide for repeal of the headlight testing law. It was set out in the bill that it would save automobile owners approximately $300,000 annually.

Representative Otis Dunagan of Big Sandy introduced a bill to reduce poll tax payments from $1.75 to $1.00.

Senator Arthur Duggan of Littlefield introduced in the senate a bill to permit towns of less than 5,000 population to levy taxes to support municipal chambers of commerce or boards of city development.

The tax levy could not exceed three mills per $1. A majority vote in a city wide election would be necessary for the establishment of the tax-supported chamber of commerce.

Senators Duggan and Thomas J. Holbrook of Galveston offered a bill to minimize the losses of hospitals in accident cases.

Youth Doesn't Know How He Was Injured

Although Buster Thompson, 22, of 2102 Fourteenth street, suffering from a fractured skull, body bruises, and other injuries, regained consciousness after he was received at West Texas hospital Thursday, hospital attaches late this morning said Thompson declared he did not know how he was hurt.

Passersby found Thompson, unconscious near a badly damaged bicycle, near Texas Technological college, which he attends, and took him to the hospital. He was received there about 1:30 p. m. He had been riding the bicycle. It was believed he either fell or was struck by an automobile.

Police this morning said they had no information which would explain how the student was injured. Mrs. Thompson also had no explanation, she said.

CHARGES HURLED

WASHINGTON, Jan. 13. (AP) — Resuming the filibuster against the Glass banking reform bill, Senator Thomas, (D., Okla.), today charged in the senate the federal reserve board had taken $80,000,000 out of circulation in the past week and "canceled the money."

Libby Not To See Her Baby For Week

PHILADELPHIA, Jan. 13. (AP)—Although the public already knows some details about Libby Holman Reynolds' baby boy, she may not get her first look at him, physicians said today, for perhaps another week.

The underweight infant, potential heir to a large share of his late father's estate, is being kept in a modified incubator from which, Dr. Norris said, it might be dangerous to move him for some time. He said the mother is "very anxious" to see her son.

Duck feather in El Salvador find some use as powder puffs.

Seven Persons Are Bitten By Mad Dog

PARIS, Jan. 13. (AP)—A rabid dog at large in a Paris neighborhood today was known to have bitten seven persons and other dogs. A baby was bitten on the lip.

Those attacked by the animal, a family pet, were Cary Connor, his wife, their 11-month-old baby, Irving Connor, 21, Robert Lee James, 20, Bettis Gurley, 20, and Miss Avel Murdock.

It was planned to treat those bitten with serum.

"Bargain day" in court has been announced by Judge James M. Peeler of Jacksonville, Fla., to clear the docket of trivial cases.

RUBBER DOLLARS

HOW OFTEN have you and friend wife wondered how "the Joneses" seemed to do so much on their income? From remarks dropped by Jones, you're almost certain you earn as much as he. You're dead certain you and your wife are not extravagant or wasteful. Yet the Joneses do little things you can't afford—and have little things for which you can't spare the money. How come?

The truth is that the Joneses have a secret. They have discovered a way of putting rubber into dollars. Through the knowledge of this secret they have learned that a dollar can be stretched beyond its ordinary buying limits.

What is this secret? They read the advertisements!

In the advertisements in this newspaper, reliable merchants and manufacturers offer you their finest values. Before going to the stores to buy, shop here first. Compare products until you've found just what you want. Compare prices until you've pleased your purse. You'll save endless hours of weary walking. And you'll buy with the comforting assurance that every dollar has done its duty!

INTERESTING NEWS, COMMENT FROM AUSTIN

BY R. W. BARRY

AUSTIN, Jan. 13 (AP)—Harry P Hornby has published a newspaper at Uvalde, home-town of John N. Garner, vice president-elect, for as many years as Garner has represented that district in congress. Hornby has been urged by friends throughout the district to aspire to the congressional seat that will be vacated by Garner afer March 4. Hornby, like Garner, was at one time a member of the Texas house of representatives.

Hornby prefers staying on the job as a country publisher and editor he said while in Austin attending a meeting of presidential electors chosen to cast this states twenty-three votes in the electoral college.

Has No Guess

Hornby said he didn't have any guess as to who would be chosen in his district to succeed "Cactus Jack."

Robert Lee Bobbitt of Laredo, former speaker of the Texas house of representatives and former attorney general, had not definitely decided whether he would ask for the place, Hornby said.

Milton West of Brownsville, member of the Texas legislature now, already is campaigning for votes. It was reported here that Senator Archie Parr of Benavides, a political power in the district, was inclined to look with favor on West's candidacy.

Tips In Race

Charles R. Tips of Three Rivers has announced for the place. He has been interested for years in a number of industrial enterprises he undertook to build for his community.

Oscar Dancy of Brownsville, judge of Cameron county for many years, is another candidate who must be reckoned with. He is known as one of the pioneer advocates of good roads. Concrete roads were his specialty, and he was instrumental in getting them constructed throughout his county.

Moulton Cobb, young newspaper publisher of Mission, is making an aggressive campaign for the Garner place. There are a number of other strong candidates, with prospects that many more aspirants will get their hats in the ring before the election actually is held.

LEGAL NOTICES

39.—Legal Notices

NOTICE OF BANKRUPT'S PETITION FOR DISCHARGE

In the District Court of the United States For the Northern District of Texas in The Matter of Robert Aubrey Thompson, Bankrupt. No. 196 in Bankruptcy.

OFFICE OF REFEREE

Lubbock, Texas, January 11, 1933

Notice is hereby given that Robert Aubrey Thompson, of the County of Bailey, and district aforesaid, did, on the 10th day of January, 1933, file in the Clerk's office of said Court, at Lubbock, a petition setting up that he has been heretofore duly adjudged a bankrupt under the act of Congress approved July 1, 1898; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the Court touching his bankruptcy, and praying for a discharge from all debts provable against his estate in bankruptcy, save such debts as are excepted by law from such discharge.

On considering the above mentioned petition, it is ordered that any creditor who has proved his claim, and other parties in interest, if they desire to oppose the discharge prayed for in said petition, shall, on or before the 13th day of February, 1933, file with the Referee for the Lubbock Division of said district, a notice in writing of their opposition to a discharge in the above entitled cause.

W. D. GIRAND,
Referee in Bankruptcy.

ROAD PROJECT IS EXTENDED

PROGRESS MADE LAST YEAR IS SHOWN IN REVIEW OF WORK

AMARILLO, Jan. 13.— (AP) —The Panhandle looked toward connected paved highways in 1932.

The result was the greatest regional paving program in the state's history, involving 828 miles of highways and an expenditure of more than $4,000,000.

Program Extended

There will be an extension of unfinished projects into the new year, which, coupled with new construction proposed by state highway department engineers, will total 400 miles in 1933. By the end of the year, if the highway department is permitted to carry out its program, the 1,182 miles of state and federal highways in the upper 20 Panhandle counties will be completed, the total extenditure amounting to approximately $12,000,000.

Upwards of 5,000 men, a majority of whom were residents of the counties where construction was done, were given employment in 1932, and a proportionate number will find similar employment in 1933.

241 Miles Paved

Paving actually completed during the past year totaled 241.2 miles, built at a cost of $3,334,052. Of this amount 150 miles were of high-grade concrete construction, and the remainder of caliche base with bituminous topping.

By the time the program is completed, the average mile of paving in the Panhandle will have cost about $10,000. Landowners in the territory were paid more than $30,000 in 1932 for native rock, or caliche.

The year brought the region its longest connected strip of paving, from Higgins, on the Oklahoma line in Lipscomb county, to Canyon, south of Amarillo, a distance of 160 miles. The streamer is laid on state Highway No. 33 and U. S. Highway 60. Only topping remains to be laid on 16.5 miles between Pampa and the Roberts county line. By spring the paving will be extended another 15 miles from Canyon to the Deaf Smith county line.

Two Gaps Remain

Only two gaps on state Highway No. 75 and U. S. Highway 66—a 16-mile strip near Jericho and the entire distance through Oldham county—remained to be paved in 1933 to complete this route across the Panhandle.

Extensive paving was done on state Highway No. 9, which traverses the division north and south from Swisher county through Randall, Potter, Moore, and Sherman counties. Likewise, state Highway No. 117 which describes a huge arc from Panhandle north and northeast through Borger, Stinnett, Spearman, Perryton, and northern Lipscomb county, witnessed much activity, and soon will furnish another paved route from Amarillo to the Oklahoma line.

Biggest Sheriff Is Claimed At Pampa

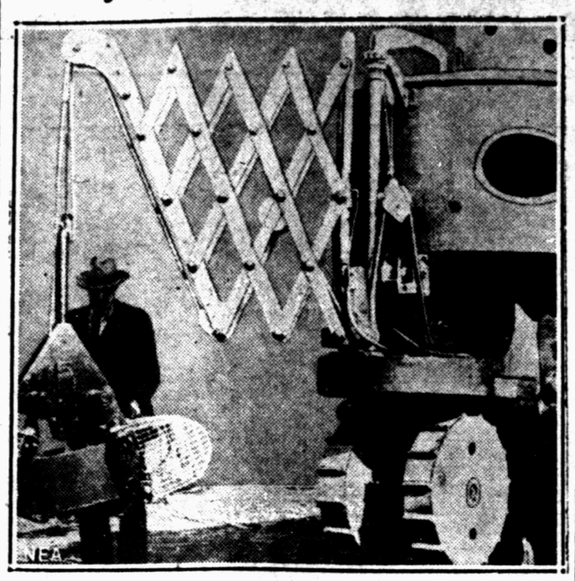

PAMPA, Jan. 13.— (AP)—Friends of C. E. "Tiny" Pipes, Gray county's new sheriff, are putting him forth as the biggest sheriff in the southwest.

Pipes took office weighing 375 pounds, and he is six feet two inches tall. His girth measurement is 56 inches. Pipes, who is proud of his weight and height, boasts of being a real "he-man" sheriff, worthy of the West Texas county he serves.

Baby Sub Can Walk on Sea Floor

It's neither man, beast, fish nor fowl but it walks under the water, testcording to its inventor, Simon Lake. This diminutive submarine, tested in New York harbor, rolls forward and backward on the sea's floor, has a derrick for salvaging operations, and a powerful undersea searchlight to guide divers. The inventor claims the scoop-derrick will revolutionize the pearl and sponge fishing industries.

HOOVER LOOKS TO FUTURE

PRESIDENT HAS BEGUN EVACUATION OF THE WHITE HOUSE

WASHINGTON, Jan. 13. (AP)—His evacuation of the White House already begun—with 82 new filing cases assembled to hold his personal papers — President Hoover today considered another sail fishing expedition as one of his first activities after turning over the presidency to Franklin D. Roosevelt on March 4.

Just what Mr. Hoover plans to make his job after returning to his Palo Alto, California, home, his aides say even he himself has not decided. But for a while at least he probably will sort out and whip into shape the great sheaf of now historical data he has collected since his World war days abroad.

May Go By Sea

Tentative arrangements now are being discussed for Mr. Hoover to travel by sea to Palo Alto through the Panama canal. He has never seen that great waterway.

Should this trip be made, the president would stop off in Panama to try to sailfish and other deep sea game of the southern waters.

Sailfish have been caught in that vicinity more than ten feet long, topping the prize catch of his recent Florida angling expedition by more than two feet.

Start Packing

Quietly, the Hoovers already have started to move some of their personal belongings from the executive mansion. An expert packer from the army quartermaster corps has been at work for several days, crating some of the vast store of personal gifts accumulated by a president in office.

The 82 filing cases were brought into the White House offices during the president's recent Florida fishing trip. Only a few of them have yet been filed, and some are stored in an attic.

The entire population of Christmas Island, 190 miles south of Java in the Indian Ocean, devotes its time to producing phosphate.

Farm Bureau Meet Will Be Saturday

The Lubbock County Farm Bureau federation will have an annual meeting Saturday afternoon, beginning at 2 o'clock, in the district criminal courtroom, H. J. Bower, outgoing secretary, has announced.

James A. Burroughs of Carlisle is president; W. W. Ferguson, living southwest of Lubbock, is vice-president and Mr. Bowers, secretary. There is a group of directors from all sections of the county.

E. L. Corbin, Dallas, secretary of the state federation, is expected here and will make a talk on state work. Mrs. M. S. Hudson of Hale Center, for many years district director and this year a vice-president also, is expected to talk.

The Lubbock county federation is one of the most active groups in West Texas.

TECH COMMITTEE OUTLINES PLANS

Data pertaining to Texas Technological college underwent examination by members of the Lubbock Board of City Development's Technological college legislative committee, a protective body, which met in the chamber of commerce last night.

The committee, headed by Spencer A. Wells as chairman and C. E. Maedgen as vice-chairman, is working toward frustrating legislative action detrimental to the college—action which is threatened as a result of a survey made for the Joint Committee on Economy and Organization of the legislature.

Last night's meeting, Chairman Wells said at its conclusion, was purely routine. Committeemen present in addition to Messrs. Wells and Maedgen, were: J. E. Vickers, W. A. Bacon, Bert Pinson, Ben Kucera, Dr. J. T. Hutchinson, J. A. Humphries, G. P. Kuykendall and Chas. A. Guy.

DANCES PROHIBITED

DUMAS, Jan. 13. (AP)—Dumas commissioners have passed an ordinance prohibiting public dances within the city limits. The commissioners found that such dances were disturbing "the peace and quiet" of the city.

More than thirty million pounds of tobacco have been sold at the Greenville, N. C., market this year.
