Fisher County Test Gets Two Shows Of Oil

Woodson Oil Co. No. 1 S. E. Knox wildcat in Central Fisher County, recovered oil on two drillstem tests and is now drilling deeper.

A three-hour test was taken at 3,616-638 feet. Gas surfaced in two hours, and recovery was 10 feet of oil and gas cut mud, 290 feet of muddy oil, and 10 feet of clean oil.

Another test was taken at 3,663-673 feet with tool open one hour. gas surfaced in 17 minutes, and recovery was 540 feet of oil and 120 feet of muddy oil. Flowing pressure was 200, and 15-minute shut-in pressure was 1,200.

It is 330 feet from north and east lines of the west half of block 4-318-Gillespie County School Land survey, two miles northwest of Longworth, southwest of production in the Roby field.

TEST FLOWING

Claude E. Heard and Estil S. Hesyer, Jr., and associates No. 2 Burt Rushing, Canyon lime, discovery in Central Fisher, is flowing to test through perforations at 5,258-268 feet. On the latest test it flowed oil at the rate of 150 barrels per day through an 18-64th inch choke. Flowing tubing pressure was 525.

It is 660 feet from north and west lines of section 75-1-H&TC, two and one-half miles northwest of Royston, three-eighths of a mile northwest of the same operator's No. 1 Rushing, and three and one-half miles southwest of the Round Top field.

FISHER FAILURE

Lloyd H. Smith, Inc., will plug and abandon its No. 1 Rives, Northwest Fisher wildcat, after finding only salty sulphur water in an Ellenburger drillstem test at 6,711-875 feet. Tool was open an hour and 15 minutes, and recovery was 255 feet of drilling mud with a sulphur odor and 210 feet of salty sulphur water, with no shows of oil or gas. None of the upper sections had possibility of production.

It is 2,310 feet from east and 330 feet from south lines of section 110-3-H&TC, one and one-half miles south of Rotan.

FIELD COMPLETION

Lone Star Producing Co. has completed its No. 3-B E. H. Williamson in the Kelley Snyder field for a daily pumping potential of 63.44 barrels of 43-gravity oil with no water. It is 467 feet from east and 1,667 feet from south lines of the southwest quarter of section 256-97-H&TC, eight and one-half miles west of Snyder.

Gas-oil ratio was 1,387-1. Top of pay was found at 6,870 feet, and total depth was 6,945 feet, where five and one-half inch casing was cemented. The pay section was treated with 3,500 gallons of acid.

Chapman & McFarlin have completed their No. 19-B-A D. M. Cogdell in the Cogdell San Andres field of South Kent County. On 24-hour potential test it made 21.34 barrels of 38-gravity oil with no water. Gas-oil ration was 325-1.

Five and one-half inch casing was cemented at top of pay at 1,549 feet. Total depth was 1,574 feet. The pay section was treated with 5,000 gallons of acid.

Bryan Pilot Gets His First Mig Easy Way

SEOUL (AP)—Lt. Raymond Nutt of Bryan, Tex., flew his Sabre jet behind a flight of four Communist pilots in today's record jet victory day and scared one Red pilot right out of his MIG.

Nutt said before he could fire a shot "one of the MIG pilots bailed out."

The pilotless plane went into a spin, rolled over and smacked into the ground.

It was Nutt's first MIG kill.

POACHER PILFERS PIGEONS

Policeman John Elliott is shown approaching Warren Davis, 27, in Chicago, as he sat on the curb of a bridge luring pigeons within his reach with peanuts. One foot holds a fluttering bag. A city code prohibits trapping, snaring or otherwise capturing birds on park property.

Reds Relaxing Hold On East Zone Germans

BERLIN (AP)—Soviet tank forces gradually pulled back today from leading East German provincial cities still in the grip of martial law.

More than 1,300 new arrests by the East German government's security agents were reported in the strike-crippled steel, uranium, coal and automobile industries.

A sabotage fire inflicted heavy damage to open pit installations in the big coal field at Bitterfield, in Saernhalt, but no other serious flareup of resistance was confirmed in the Soviet zone.

The 14-day siege following the June 17 workers' rebellion was reported ended in the cities of Chemnitz and Rostock. Large farming districts in Brandenburg and Mecklenburg had been turned back to civilian Communist control yesterday by Soviet command.

In Leipzig and several other centers of the rebellion, Soviet armor withdrew in an intimation that further lifting of martial law was in prospect. Many of the Red Army units patrolling East Berlin already have been recalled to their barracks.

There were other overtures to the Easterners.

The anti-Communist West Berlin intelligence organziation, Information-Bureau West, reported the release from two Soviet military prisons of 52 German prisoners convicted five years ago on charges of espionage and other anti-Russian activities.

The East German Supreme Court commuted to 15 years imprisonment the death sentences of two 18-year-old youths convicted of murdering a Red secret service agent during the revolt.

Lord Salisbury (above), Lord President of the British Council, has been named by Prime Minister Winston Churchill as Acting British Foreign Secretary, to fill in for ailing Anthony Eden, who, incidentally, was discharged from a Boston hospital after 3 weeks treatment Monday.

Inoculation Of Children In Polio Area

MONTGOMERY, Ala. (AP)—Years of weary trial-and-error research that cost millions of dollars gets the first full-scale tryout here today in a history-making effort to save a stricken city from a polio epidemic.

The first of more than 30,000 youngsters scheduled to be inoculated with polio-resisting gamma globulin during the next four days trooped to injection stations with anxious parents this morning.

The nation's polio fighters hope this unprecedented mass inoculation will not only stop the fierce outbreak, but will also sound the death knell for future unchecked ravages of crippling infantile paralysis viruses.

The National Foundation for Infantile Paralysis has shipped in 67 gallons of the scarce GG serum together with 30,000 hypodermic needles, 15,000 syringes and stacks of other equipment.

The community itself, frightened by the daily climb to 81 polio cases, is tackling the huge inoculation job on a volunteer basis unparalleled in the city's history.

The gamma globulin doesn't give permanent immunity. But experts think the month of protection it does provide will halt the pending epidemic through the worst of the hot weather "polio season."

At 18 inoculating stations, hundreds of volunteers helped today in the task of dressing and undressing thousands of babies and small children.

Medical staffs at nearby Maxwell and Gunter Air Force Bases aided doctors here in the emergency. And the county health board at Columbus, Ga., 80 miles distant, has offered to help.

Murder Charges Result From Highway Accident

MULESHOE (AP) — Charges of murder with a motor vehicle have been filed in Bailey County's worst traffic accident in history. Five persons were killed Sunday.

Four murder charges were filed against Gordon Smith, 30. Five children of Mr. and Mrs. Lucas Martinez of Meadow were killed in the head-on collision near here of cars driven by Smith and Martinez.

A highway patrolman who filed the charges said Smith's car was in the wrong lane.

2.31 Inches Of Rain Falls On Abilene While Most Of State Helped

(By The Associated Press)

Rain edged Tuesday into West Texas and Oklahoma areas for which President Eisenhower has set up an eight - million - dollar drought disaster fund.

The shower belt extended from Corpus Christi in the south, up through San Angelo to Wichita Falls.

Abilene got the best rain, a 2.31 inches overnight fall.

Eisenhower named 122 Texas counties as disaster areas and eligible for federal aid. The area was almost two-thirds of the state.

Everything west of a line from just west of Gainesville down to Corpus Christi was declared in the disaster area.

The line passed between Fort Worth and Weatherford, ran roughly down the eastern edge of the hill country of Central Texas, took in Bexar County (San Antonio) and then angled over to take in Nueces County (Corpus Christi). All of the counties along the Rio Grande were included.

Downpours, as heavy as 6 inches at Baytown, scattered over East and Central Texas yesterday in time to save pastures, cotton, peaches, late corn and vegetables in many counties.

Forecasters expected scattered rain to drift into dried-up West Texas and Oklahoma. But in much of the area a four-year drought has so denuded the soil of plant cover that rain would fall only on sandy wastes. Most of the West Texas wheat crop and much of the cotton is gone. Pastures are crisp and useless.

Other rainfall in the 24-hours ending at 6:30 Monday included College Station 2.31, San Antonio 1.83, Beaumont 1.30, Austin 1.24, Galveston 1.02, Fort Worth .52, Victoria .50, Cotulla .44, Wichita Falls .27, Mineral Wells .12, Waco .12 and Texarkana .10.

Houston's 82 degree high Monday ended 34 days of 90 degrees or hotter weather. The thermometer climbed to 107 at Presidio and 101 at Alice and Wink. Most high temperatures were in the eighties.

Two Houston deaths were blamed indirectly on the rain. Eric Lorane, 7, was killed when he touched a charged wire fence apparently shorted into an outdoor light. Karney Ragsdale, 38, owner of a battery company, died after a shock blamed on seepage of rain water onto a concrete floor where he was standing.

Three members of the Dean Ault family of Houston died Sunday night in the crash of their small plane near Tomball during a rainstorm.

In Tyler, county agent Ben Browning said rains had broken the county's drought, benefited pastures and saved cotton and vegetable crops.

The rain came too late in many areas. In Guadalupe County, rain was too late to help corn and most grain. Uvalde had its best rain in two years, 1.30 inch.

WRONG IN ONE COUNT

Wheeler Pressing Action To Impeach William O. Douglas

WASHINGTON (AP)—Rep. Wheeler (D-Ga) said today he was wrong in linking Justice William Douglas to an Oregon divorce case, in his efforts to have the justice impeached.

Wheeler, still pressing his charges of "high crimes and misdemeanors" against the Supreme Court justice, told a special House judiciary subcommittee he had listed the divorce angle on the basis of a newspaper report.

The Judiciary Committee is holding hearings on the impeachment resolution which Wheeler filed June 17 after Douglas stayed the execution of the convicted atom spies, Julius and Ethel Rosenberg.

Wheeler maintained that Douglas' "political predictions" and "partisan political enterprises" have brought both him and the Supreme Court into ill repute.

In a sense, he contended, Douglas' statements and activities have indicated he was an active seeker for the Presidency. He said Douglas thus "jeopardizes his position on the court."

Wheeler said Douglas' action in the Rosenberg case was "obviously and patently an impulsive yielding to a clamorous and partisan group."

Only four members of the federal judiciary have ever been removed by impeachment. In only one instance has a Supreme Court justice been brought to trial before a Senate court of impeachment, and he was acquitted.

In the present case, it appeared improbable that Wheeler's resolution would ever get to the floor of the house.

Wheeler yesterday rejected as "completely repugnant" a suggestion he said had been made that he apologize to Douglas after the full court, while setting aside Douglas' stay of execution, said he had full authority to grant it. The Rosenbergs were executed June 19.

"If apology is due," Wheeler said, "it is from Mr. Douglas to all the fine members of the American courts and to all Americans who have had every right to hold the court as the ultimate bastion of our liberty."

Fight Forming Over Acreage Put In Cotton

WASHINGTON (AP)—A bitter, intersectional battle over cotton acreage began before the Senate Agriculture Committee today with farmers from the Southwest throwing the first punch against opponents from the Deep South.

Producers from Texas, Arizona and California testified for legislation they say is needed to protect the Southwest's expanding cotton production.

Speakers today on an amendment to the Agricultural Adjustment Act were Gov. Pyle of Arizona; Sen. Goldwater (R-Ariz); and John Davis, president of the Department of Agriculture's Commodity Credit Corporation.

The committee hears from national farm organizations tomorrow. It will schedule a hearing later for opponents from the South who declare the Southwest seeks to "run off with our cotton acreage."

Sponsors of the bill, with Goldwater, are California Republican Sens. Knowland and Kuchel and Sen. Hayden (D-Ariz).

Several companion measures are pending in the House.

The bills would change the basis for allotment of cotton acreages to the states during times of cotton surplus. They would provide that allotments be based on acreage planted during the preceding three years. The basis now is five years.

The bills would limit any cutback to 25 per cent of a state's 1952 cotton acreage.

Only 94 Yesterday

Light showers beginning in the dawn hours this morning and continuing until about 8 o'clock were enough to cool Snyder for a few hours.

There was not enough moisture to measure. Yesterday's temperatures reached a high of only 94, according to Mrs. D. P. Strayhorn, weather observer. Low last night was 71, and reading at 7:30 o'clock this morning was 73.

Mig With Big Dragon On Its Belly Downed

SEOUL (AP)—A Texas jet pilot sent a Red MIG with a big yellow dragon painted on the body spiraling to earth over North Korea today.

Lt. Col. Earl Maxwell of Bellaire said the painted dragon "seemed to reach the entire length of the plane."

The Red flier balled out.

Air officers have speculated that the dragon may decorate MIGs flown by Communist air regimental commanders. One other MIG similarly decorated was shot down in mid-May.

Maxwell said he was flying his F86 Sabre jet at 5,000 feet above the Suiho Dam on the south bank of the Yalu River when he spotted his target. He said the MIG "came looming up from underneath . . . and I opened fire immediately. He flew into a hail of bullets and they lit up his wings and tail.

The MIG broke to the left and started circling. But Maxwell said the Red jet finally pulled straight up and the Sabre flier closed to 30 feet behind the Communist fighter. "He was burning all over," Maxwell said. "He finally stalled out and flopped out on one wing and spiralled downward. As I moved in on him again going straight down, the pilot ejected."

Another kill went to Lt. Raymond D. Nutt, 1003 Travis St., Bryan, Tex., his first.

Lt. Cecil Lefevers of Fort Worth shared a MIG. It was his first claim.

WEATHER

WEST TEXAS: Considerable cloudiness with scattered thundershowers, mainly from Pecos Valley eastward this afternoon and tonight. Not quite so warm. Wednesday partly cloudy with widely scattered afternoon and evening thundershowers.

NORTH CENTRAL TEXAS: Considerable cloudiness with scattered thundershowers this afternoon and early tonight. Wednesday partly cloudy with widely scattered afternoon thundershowers. A little warmer Wednesday.

EAST and SOUTH CENTRAL TEXAS: Partly cloudy through Wednesday with scattered mostly afternoon and evening thundershowers. Not much change in temperatures. Moderate to occasionally southeasterly winds on the coast.

RECORD MONTH OF MIG KILLS SET BY PILOTS

SEOUL (AP)—Sabre jet pilots shot down 15 Communist MIGs and raised their June bag to 74, a record-smashing total run up without the loss of a single Sabre in air combat.

"Never has the issue of Sabre versus MIG been so convincingly resolved," said Lt. Gen. S. E. Anderson, Fifth Air Force commander, in a message to his pilots.

Anderson put out figures asserting not a single Sabre was shot down by a MIG in June. He said 143 MIGs were shot down in 75 days at the cost of one Sabre. That Sabre was lost in May when the Fifth Air Force ran up a 55 to 1 margin.

The Sabres closed out June in a blaze of glory. Not only did they smash the monthly record of 63 set last September, but they also erased the old single day mark of 13 set last July 4.

The ground war dwindled to mostly probes and skirmishes, but the Eighth Army announced that the Communists fired a record-breaking 1½ million artillery and mortar shells this month. That's more than double the number of shells fired by Red guns in any previous month of the war.

It meant that almost two shells crashed down on Allied lines for every single foot of the 155-mile front—more than four for every Allied soldier on the line.

The U. S. jets scored their greatest victory over the swept-wing Red jets as battered infantrymen on the Western Front rested momentarily from two weeks of bloody battling.

The 36th jet ace of the war emerged from afternoon battles high over North Korea. He was Lt. Henry Buttlemann of Bayside, N. Y. He scored his fifth kill.

Maj. James Jabara of Wichita, Kan., history's first jet ace, also had a spectacular day. He downed two MIGs to boost his kills to 14 in two combat tours. Jabara now is only two below the all-time jet mark of 16 set by Capt. Joseph McConnell Jr. of Apple Valley, Calif.

Col. James K. Johnson of Phoenix, Ariz., bagged his 10th MIG and became the seventh double jet ace.

The record - breaking victory came on the first day of good flying weather in nearly a week—a week that gave the Communist infantry a chance to drive forward without serious punishment from Allied air power.

While ground fighting died on most of the line, a see-saw battle still raged on the slopes of Lookout Mountain in the East. Neither the Reds nor South Korean infantrymen have been able to hold the crest in six days of attacks and counterattacks. The hill is one anchor for the ROKs new front in the Pukhan River sector.

Natural Gas Pipeline To California Approved

WASHINGTON (AP)—The Federal Power Commission approved yesterday a project by El Paso Natural Gas Co. to build a 1,056-mile pipe line from West Texas and New Mexico to California.

The authorization allows El Paso Gas to deliver 300 million more cubic feet of gas daily from the Permian Basin in West Texas and Southeast New Mexico and an 100 more million cubic feet daily from the San Juan Basin in Northwest New Mexico and Southwest Colorado. Most of the gas is for California.

The commission said El Paso's project will cost about $175,250,000. It will give the firm a total capacity of 1,910,010,000 cubic feet daily for delivery in Texas, New Mexico, Arizona and California.

Still No Water From Lake Yet

Water from Lake Thomas is being pumped into the dyke built around the Snyder intake at the lake, but no lake water has arrived at this end of the line yet, Dick Knowlton, member of the water engineering frim of Freese & Nichols, Fort Worth, said today.

Knowlton said that a considerable amount of water will be necessary to fill the pipeline from the lake, then one million gallons of water will be necessary to fill the sedimentation basin.

The engineer said that he could not predict accurately when the lake water will start arriving, but that everything at his end of the line is ready, and that the installation at the lake is being completed.

Knowlton said that representative samples of water from the Lake Thomas watershed had been analyzed by the United States government in Washington and that they have reported the water will be free of obnoxious taste and odor.

Some parts of town ran out of water during the watering period yesterday afternoon because the city's storage capacity has been reduced by removal of water from the million-gallon sedimentation basin which has been used for water storage.

The basin had to be drained to be cleaned and prepared for lake water, Roy Dunlap, city water superintendent, said.

OH NO, YOU FIRST

President Vincent Auriol and General Matthew B. Ridgway, retiring NATO commander in Europe, appear to be doing an impromptu dance step during Ridgway's farewell visit Monday at the Elysee Palace in Paris. Auriol awarded the Grand Cross of the French Legion of Honor to Ridgway.

Truce Fouled From North, South Korea

SEOUL (AP) — The North Korean Red radio today promptly and coldly rejected the U. N. Command offer to sign an armistice now on terms already agreed upon at Panmunjom.

Shortly after, President Eisenhower's special emissary to South Korea conceded that President Syngman Rhee also persisted in his refusal to accept the truce.

Walter S. Robertson, assistant secretary of state for Far Eastern affairs, told reporters after his fifth secret session with Rhee:

"Obviously, there are points which need clarification in our negotiations. Otherwise there would be no need for these meetings. President Rhee and I are trying to work out a solution which will be acceptable to our two governments and, at the same time, sacrifice the principles of neither."

Robertson's remarks contrasted with earlier expressions of optimism from himself and Rhee. He said he would meet again with Rhee Wednesday. He did not say how long he expected the conversations to continue.

Communist reaction to U. N. Commander Mark Clark's proposal for a truce now—irrespective of Rhee's opposition — was unexpectedly swift.

The broadcast from Pyongyang, North Korean capital, charged that Clark's letter to Communist military leaders Monday lacked "sincerity" and was "inconsistent" with the facts. It insisted there had been "connivance" between the UNC and South Korea in Rhee's order releasing more than 27,000 anti-Communist North Korean war prisoners since June 18.

Pyongyang added that Clark's letter — delivered at Panmunjom through liaison officers—gave "no guarantee" on the future conduct of the South Korean government and that, therefore, the Communists could not accept it.

It also demanded again the return of all escaped prisoners.

Clark had reminded the Red high command and the Panmunjom negotiations were for a military armistice and that while he doesn't control the South Korean government he does command its Army.

The U. N. commander promised to do his best to get Rhee's cooperation and pledged his command to enforce the terms of a truce.

Grand Jury Indicts Father On Rape And Incest Charge

The grand jury late yesterday indicted a man on two counts of incest and rape of his daughter, re-indicted another man, and considered allegations in a new case against a man it "no-billed" two weeks ago but took no action in the new case.

At the time the grand jury "no-billed" Roland Davis, 19-year-old professional rodeo performer from Snyder, he was free on $5,000 bond on a charge of armed robbery at Fort Worth.

Yesterday, Davis was arrested in Cheyenne, Okla., on information he was wanted in connection with a Texas bank robbery. It was believed later, however, that officers had confused the armed robbery charge at Fort Worth with one of bank robbery.

DROP FROM WINDOW

Davis was arrested after a dramatic attempt to elude officers there, according to Nelson Taylor, staff member of the Daily Oklahoman. Arrested with Davis was Annette Higgs, 15-year-old Snyder school student.

Taylor said officers at Cheyenne attempted to arrest Davis and the girl after she had tried to cash a check in a Cheyenne bank. She was later arrested in a store there, and Davis was arrested on the streets after he had escaped from pursuing officers by dropping from a second-story window of his hotel room. He had locked himself in his bathroom when officers pursued him to the hotel room, Taylor said.

A sister and a brother-in-law of the Higgs girl were before the grand jury yesterday testifying of the girl's accompaning of Davis to Oklahoma. Renal B. Rosson, district attorney, said Davis was not indicted here and that the grand jury found evidence of nothing serious enough to warrant indictment in connection with taking the girl to Oklahoma. He said, however there was possibility of his being charged in county court with contibuting to delinquency of a minor, a misdemeanor.

"COUPLE" POSSIBLE

Asked about indictment on charge on violating the "Mann Act," Rosson said the grand jury probably would not want to indict him on such a charge because of the possibility that another couple could have been with Davis and the Higgs girl when they crossed the state line. "There was no evidence the grand jurors saw fit to indict him on," Rosson said.

It was not revealed publicly until yesterday that Davis had been "no-billed" exactly two weeks earlier of a charge of stealing saddles from W. P. Herring, who lives on a ranch about two miles north of Dermott. Three saddles were stolen, and Davis and two other teenagers were charged with theft of two of them.

The other youths were also "no-billed." They were Marvin Creswell, 17, of 1901 Nineteenth Street, and Billy Ray McCright, 19, Hermleigh. Rosson said the grand jury "no-billed" McCright and Creswell "because the boys seemed very repentant," but he said the grand jury "gave no particular reason for 'no-billing' Davis," who had been returned here after his arrest in Fort Worth on a charge of robbery of a Negro woman by using a pistol.

STILL HELD

The Oklahoma City newspaperman said Cheyenne officers were holding Davis for Fort Worth on accusation of "bond-jumping" inasmuch as he had left the state while free on bond in a felony case.

Taylor also quoted officers at Cheyenne as saying the Higgs girl told bank officials she lived in Woodson, Tex., where her father was a bank official. He said the Cheyenne bank called Woodson and found an account there was being held up by the bank. Her father now resides in Albuquerque.

RAPE CHARGE

B. F. Rushing, 29, who gave his address as 905 Twenty-fifth Street, was indicted on a charge alleging two counts of raping his nine-year-old daughter. The daughter and her mother appeared before the grand jury.

The grand jury considered their testimony and results of a "lie detector" test given Rushing in Austin Friday. The child has maintained her testimony against the father continuously since the charge was filed June 20 on information given the sheriff's department by her and the mother.

Two physicians who have examined the child said there was possibility she had been raped, that she had been sexually injured, but that evidence of intercourse could not be determined at either of the times she was examined, which were several days after the dates of the alleged offenses.

RE—INDICTMENT

The grand jury re-indicted Billy Jack Higgs, 22, formerly of Snyder, on a charge of forgery. He was indicted two weeks ago, but Rosson said the new indictment was made because of technical error in the first.

The grand jury also considered two cases of alleged child desertion, passing the cases for further consideration later.

Grand jurors were Leo H. Beaver, foreman, Rex Miller, J. T. Trice, L. L. Peek, Schley Adams, O. C. Hess, L. B. Rea, O. T. Richardson, I. T. Riggs, C. O. Holder, C. C. Kent, and Chester Likes.

152 Texas Counties Are Disaster Areas

WASHINGTON (AP) — President Eisenhower formally designated today 152 drought-stricken counties in Texas and 40 others in Oklahoma as disaster areas.

This makes cattlemen and stockmen in those counties eligible to share in the eight million dollars allocated yesterday by the President from his emergency fund for drought relief.

Eisenhower sent telegrams to Govs. Shivers of Texas and Johnston Murray of Oklahoma. The telegrams said:

"I have today allocated funds to FCDA (the Federal Civil Defense Administration) to initiate federal financial assistance in drought affected areas of your state declared a major disaster under public law 875, 81st congress of June 30, 1953. This assistance is to be furnished on terms and conditions recommended by the secretary of agriculture and approved by the Federal Civil Defense Administrator. Representatives of FCDA and Agriculture will contact you re funds available, required agreements, assurances etc. etc.

The Texas counties are:

Andrews, Archer, Armstrong, Atascosa, Bailey, Bandera, Baylor, Bexar, Blanco, Borden, Brewster, Brisco, Brooks, Brown, Burnet, Callahan, Cameron, Carson, Castro, Childress, Clay, Cochran, Coke, Coleman, Collingsworth, Comanche, Concho, Cottle, Crane, Crockett, Crosby, Culberson, Dallam, Dawson, Deaf Smith, Dickens, Dimmit, Donley, Duval, Eastland, Ector, Edwards, El Paso, Erath, Fisher, Floyd, Foard, Frio, Gaines, Garza, Gillespie, Glasscock, Gray, Hale, Hall, Hamilton, Hansford, Hardeman, Hartley, Haskell, Hemphill, Hidalgo, Hockley, Hood, Howard, Hudspeth, Hutchinson, Irion, Jack, Jeff Davis, Jim Hogg, Jim Wells, Jones, Kendall, Kenedy, Kent, Kerr, Kimble, King, Kinney, Kleberg, Knox, Lamb, Lampasas, LaSalle, Lipscomb, Live Oak, Llano, Loving, Lubbock, Lynn, McCulloch, Mc-Mullen, Martin, Mason, Maverick, Medina, Menard, Midland, Mills, Mitchell, Montague, Moore, Motley, Nolan, Nueces, Ochiltree, Oldham, Palo Pinto, Parker, Parmer, Pecos, Potter, Presidio, Randall, Reagan, Real, Reeves, Roberts, Runnels, San Saba, Schleicher, Scurry, Shackelford, Sherman, Somervell, Starr, Stephens, Sterling, Stonewall, Sutton, Swisher, Taylor, Terrell, Terry, Throckmorton, Tom Green, Upton, Uvalde, Val Verde, Ward, Webb, Wheeler, Wichita, Wilbarger, Willacy, Winkler, Wise, Yoakum, Young, Zapata, Zavala.

Lawyer Held In Contempt Here Saturday

Judgement has been signed awarding a plaintiff mother child custody in a habeas corpus hearing held here Saturday morning, in which an attorney was temporarily held in contempt of court and a witness was ordered to jail.

Neither the contempt finding nor the ordering of the witness to jail was effected, however, when the persons involved apologized and obeyed directions of the court.

Sterling Williams, district court judge, assessed Keith L. Merrick, defense lawyer from Lubbock, former county attorney here, $100 for contempt but remitted the fine when Merrick apologized to the court and to plaintiff witness he had accused to giving false testimony.

The judge ordered the court bailiff, L. E. Haynes, deputy sheriff, to take Miss Leah Davis, county health nurse and a witness in the case, to jail when she told the court she was refusing to testify. Judge Williams said he would not order her to answer questions asked her but would have her confined in jail until she answered. She later answered the questions. She was a witness for the defense.

Merrick was held in contempt when he told the plaintiff witness she had testified falsely according to directions give her by her attorney, Garland Armstrong. She had testified that Merrick, white county attorney here, had given her legal advice which Merrick denied he gave her.

Miss Davis was questioned in connection with alleged aid in adoption of a child. Armstrong, when Miss Davis refused to testify, asked to take the case before the grand jury.

10 Entered In Beauty Contest

A total of 10 girls had entered the Kiwanis Club beauty contest, which will be held Saturday night, this morning.

With the exception of two, all girls entering are 16 years old. One is 17 and one is 22.

The contest, which will be competition of girls parading in bathing suits at the swimming pool at Town Memorial Park, is open to married or single girls from 16 to 25 who are residents of Scurry or nearby counties.

Entry deadline is noon Saturday. Entries are being taken at the Chamber of Commerce or at King & Brown.

First prize in the contest will be a loving cup from the Kiwanis Club and a train case from Dunlap's. Other prizes will be a jewelry case from Williams Jewelry for second, a dress from McDonald's for third, a dress from Owens Department Store for fourth, and a hair styling by Modern Beauty Salon for consolation prize.

Those now entered are Miss Peggy Ritter, 16, 1907 Coleman Street, sponsored by Dunlap's; Miss Jane Houston, 17, 1010 Twenty-fifth Street, sponsored by B&PW Club; Miss Margie Hilliard, 16, 1300 Twenty-fifth Street, sponsored by Dr. N. E. Gambrell; Miss Jerry Slaughter, 23, sponsored by Modern Beauty Salon; Miss Doris Crawford, 16, 3102 Avenue V, sponsored by Snyder Drug; Miss Nancy Jordan, 16, Post Highway, sponsored by Sears-Roebuck; Miss Mamie Lou Burditt, 16, 3408 Avenue E; Miss Betty Koonce, 16, 2004 Avenue S; Miss Anniece Hardy, 16, Route 1; and Miss Margaret Leath, 16, Route 1.

It is not necessary to have a sponsor to enter.

Mother Held For Brutally Beating Son

CHICAGO (AP)—Mrs. Thelma Hoffman, 30, was charged with aggravated assault and battery yesterday in the beating of her 10-year-old son, who was found in a ditch with both legs broken below the knees and other serious injuries.

Policeman Jack St. Clair of the suburban Homewood sheriff's police said Mrs. Hoffman admitted beating the boy "because he had stolen candy from other children and did not do well in school."

St. Clair said her son Dennis told him his mother struck him with a heavy piece of a tree limb.

Taken to a hospital, Dennis was reported to have suffered a fractured rib, broken sacrum (part of the pelvis wall), groin injuries and severe bruises over his body. St. Clair said Dennis is Mrs. Hoffman's only child and that his stepfather, Vincent, 30, is a civil engineer.

Mrs. Hoffman was released on $500 bond pending a hearing Wednesday in Homewood sheriff's police court.

Lonesome Gal Uncovered On Radio Tonight

HOLLYWOOD (AP) — Lonesome Gal, seductive-voiced radio star, performs a little strip tease today and sheds her famous mask.

She has even permitted the first newspaper photos taken without her mask in the six years she has been wooing lonely males via the airwaves.

The reason for the shedding is a sound one. She is shrewd enough to know that any gimmick can be overdone. Also, her fan mail has tipped her to a new idea.

When she first started, her mail, averaging 1,000 letters a month, used to be about 10 to 1 male over female. Lately, it has switched to 7 to 3 female over male.

"So I decided that from now on I'll slant my show more toward the women, giving beauty hints and so forth," she said.

She has adhered so rigidly to the no-picture policy that she and her husband never before had posed together—not even for a wedding picture.

Yes, Bellows, Lonesome Gal has been married for four years and is quick to credit her husband for boosting her into the better than $100,000-a-year income bracket.

She is Jean King Rousseau, wife of Bill Rousseau, veteran radio producer and director who was one of the originators of "Dragnet."

An attractive brunette of 30, she was born in Dallas, Tex., but lived most of her life out here. She has been a Goldwyn girl in the movies, a radio actress, even a radio engineer. In 1947, she found herself broke and homesick for her family who were living in Dayton, O.

She went there and got herself a job on station WING as a disc jockey. Lonely in a strange town, she conceived the idea for Lonesome Gal. She stayed there for two years and decided, on an impulse, to come back to Hollywood.

"Would you believe it?" she asks. "I had an awful time selling the show here because Hollywood, of all places, thought it was too sexy for radio. I never had that complaint in Dayton."

Then she married Rousseau, who saw the national possibilities of Lonesome Gal. They started making transcriptions.

"When we married in 1949," she recalled, "our combined income was $90 a week. Nine months later we had grossed $100,000. It's been that way ever since."

The whole operation is carried on in a $90,000 home in the San Fernando Valley. A studio is located by the swimming pool, and there the two make the transcriptions used by 60 stations throughout the country.

Even her next-door neighbors aren't aware that she is anything but a housewife.

Murder And Suicide In Center Is Discovered

CENTER (AP)—A school teacher killed his wife with a shotgun and then killed himself on an isolated road 14 miles southwest of here yesterday.

Deputy Alton Hughes said V. E. Walker, 60, had been studying for his master's degree at Stephen F. Austin College at Nacogdoches.

The Walkers were last seen alive in a Nacogdoches attorney's office yesterday. Walker transferred title to his car to Mrs. Walker.

Gambling Raid Here Yesterday

Anderson Davis, Sr., Snyder Negro bootlegger, was fined $35 in justice court on a charge of permitting gambling in a house controlled by him, and five other Negroes were fined $14 each for gambling.

Davis paid his fine, and three of the gamblers paid their fines. The other two gamblers, Willie (Snakeeye) Miles and Buck Shaw, were taken to the county jail in lieu of payment.

The three who paid gambling fines were Mrs. Charlene Willis, Maebell VanZandt, and Robert Smith.

The charge alleged Davis permitted gambling with a game of cards to be done in a house then under his control. The house was listed as Anderson Davis Dance Hall. All six persons pleaded guilty. The charges were filed by the sheriff's department after a raid on the premises in the Negro section of town yesterday.

State Liquor Revenue Is Up

Revenues collected on legal liquor sales in Texas during May totaled $1,391,889, an increase of more than $33,000 over the total for April, according to Liquor Control Board Review, a monthly pamphlet.

In April, revenues totaled $1,357,776. The total for May also showed an increase over that of the same month last year, which was $1,225,396. And in May, 1951, the total was $896,612. The annual increase is typical of most months, reflecting the amount of liquor sold each year. The annual total for 1936, for instance, was only $6,127,438, and the total for 1952 was $18,959,582. The board's first fiscal year was 1936.

The pamphlet reported the board's agents had filed 344 charges of liquor law violations in May and that there were 303 convictions, resulting in fines and court costs assessed to total $50,875. Fines and court costs are not included in revenues but are collected and retained by court systems in the various counties.

Of the fines and court costs assessed those in legally dry areas totaled $44,870, and the total in wet areas was $16,696. The pamphlet reported 18 different types of liquor law violations in the wet areas and seven types of violations in the dry areas.

The totals of fines and court costs for convictions in wet and dry areas were more nearly equal in April when the figure for the wet areas was $19,657, and the total for dry areas was $21,801.

State liquor inspectors seized three illicit stills, along with a quantity of monshine liquor and mash. Three arrests were made in these seizures, which were in Harrison, Mills, and Leon Counties.

Flood Victims Dig Out In Japan Today

TOKYO (AP) — Weary and grim residents of Japan's Southern island of Kyushu today began to clear debris left by modern Japan's worst flood even as more disaster threatened.

Rainclouds and scattered showers were predicted for at least two more days and a typhoon was heading toward the island, expected to hit within a week, barring a change in course.

Much of the northern part of Kyushu still is underwater. Property damage was estimated at 280 million dollars. A million are homeless.

The human toll stood at 474 dead, 682 missing, and 979 injured, as reported by Japanese national police headquarters.

No American casualties were reported.

Aid poured in from all parts of Japan. Foreign envoys promised assistance from their governments. Some 20,000 American servicemen on Kyushu were readied for relief work.

El Paso Labor Union Meeting Attacks Ike

EL PASO (AP)—Loud applause for attacks on the Eisenhower administration marked opening yesterday of the four-day Texas Federation of Labor convention.

E. H. Williams of Baton Rouge, president of the Louisiana State Federation of Labor, asserted in a keynote utterance:

"I'll tell you this right now, the real job the laborer has to do is to get to work now and make sure that come next year we elect a good Democratic Congress . . .

"Those people trying to destroy trade unions are trying to destroy the system under which we live. I cannot understand the Republican citizens who spend so much time trying to destroy us since it takes both sides to make the system work."

Connie Hopping of Littlefield was selected "Miss Texas Labor of 1953" and sent by plane to Miami to contest for the title "Miss American Labor."

Crude Oil Production Drop Noted In Journal

TULSA (AP)—The daily average domestic crude oil production dropped 6,500 barrels during the week ended June 27 to 6,453,425, the Oil and Gas Journal said today.

Cumulative 1953 production is 1,143,877,425 against 1,094,017,250 a year ago.

The top gainer was Oklahoma, up 6,200 barrels to 538,900.

Other increases were in Arkansas, up 800 to 78,550; Louisiana, 300 to 703,350; and Colorado, 800 to 102,700.

Production was unchanged in New Mexico at 195,925; and Texas at 2,805,350.

Guardsmen Drag Out Raincoats At Camp

NORTH FORD HOOD (AP)—Long unused raincoats were brought out by National Guardsmen of the 36th Division yesterday as the Tpatchers hit the rifle ranges for the first day of their 1953 field training.

The rain settled the dust on range roads and tank tracks.

Troops from 66 Texas towns moved out to the ranges to begin firing. They were praised for their smoothness in moving into camp by Maj. Gen. Carl L. Phinney of Dallas, division commander.

Scurry Group Had 7 Recommendations For Ag Secretary

Seven recommendations for aid to drouth-stricken farmers of this area were made during the week end by a committee of men representing this county.

The committee included Nolan von Roeder, who was spokesman at Lubbock for several West Texas counties in stressing the needs to Ezra Benson, secretary of agriculture. Other committee members were Jake W. Greene, D. L. Pogue, and Harrie Winston.

Benson told farmers at the Lubbock meeting that he would propose recommendations along the same line as those made to him. Those of other counties were much the same as those from Scurry.

The recommendations submitted by Scurry Countians included that West Texas be declared a disaster area; that agricultural products be put on a parity in line with the cost of labor and the price of other commodities; that the government enter the livestock market and buy about three million head of slaughter cattle to bring closer corrolation between the livestock prices and that of consumer products; that feed for livestock be made available at a price consistent with the price of livestock; that the number of disaster loans needed are such that a part-time Farmers Home Administration supervisor, as Scurry has now, cannot administer a disaster loan program and that Scurry should have a full-time supervisor; and two more recommendations on the loan program.

The loan proposals asked for two types of credit to be made avilable through FHA, one a refinancing of short-term loans on the long-term basis, and one a current disaster loan continuation to furnish short-term credit to those needing it. The proposal asked that the loan program rules be modified to allow more discretion to the disaster loan committee, allowing use of the loans for payment of back bills, for advancement to farmers or ranchers even if they have no crop prospects this year, and for use to pay taxes and land interest.

In its report to Benson, the committee said that the last general rain fell here Sept. 3,1950, that the county made one-fourth of its normal crop in 1951 and one-fortieth in 1952, that due to the drouth that 80 per cent of the cattle has been sold from farms and that more than 50 per cent has been sold from ranches, and that 52 per cent of Scurry's cultivated acreage is now bare, indicating that this year's prospects are no better than those of the last two years.

Godfrey Goes To Virginia

LEESBURG, Va. (AP)—Arthur Godfrey settled down on his expansive Northern Virginia estate today to live the life of a country squire for awhile.

The 49-year-old entertainer flew here suddenly yesterday after checking out unnoticed from the Boston hospital in which he had been resting since a serious hip operation May 15.

In his private plane, piloted by Frank Lavigna, Godfrey put down at Leesburg Airport just before nightfall and immediately went to his nearby 350-acre estate, Beacon Hill Farm.

He'll take it easy for awhile, but late in July or early August probably will resume his radio broadcasts—and perhaps his television shows.

He was whisked away from Boston's Massachusetts Hospital so quickly yesterday that many hospital officials were unaware of his departure.

"Mr. Godfrey was just discharged, paid his bill and left," said one hospital official.

A second operation on his left hip has been postponed indefinitely. The red-haired radio and TV star broke his hips 22 years ago in an automobile accident. They have pained him ever since.

Religious Side Of 4th

WASHINGTON (AP)—Rep. Judd (R-Minn) said today President Eisenhower will sign Thursday a brochure sponsored by the National Association of Evangelicals which calls for emphasis on the spiritual side of Fourth of July celebrations.

The pamphlet, "March of Freedom," is based on what it says are seven divine freedoms taken from the 23rd Psalm. These are set forth as freedom from want, hunger, thirst, sin, fear, enemies and to live abundantly.

Frisco Collects From 1902 Train Passenger

ST. LOUIS (AP)—The Frisco Railroad is $5 richer today because a passenger kept worrying about a free 100-mile ride he took in 1902.

The money came from a California resident (not identified by the railroad) who said he took advantage of a confused conductor on a train running late and rode from Lenea, Kan., to Springfield, Mo., without a ticket.

The man added "thanks for the favor" and said he was short of money at the time.

because no other coffee gives you the same superbly-rich flavor, cup after cup, pound after pound . . . and no other coffee gives you the same important savings in extra cups per pound . . . because no other coffee enjoys the same masterful blending of choice coffees renowned for their unique flavor-richness. Four Robbers Have Party For 'Guests'

NEW YORK (AP) — Four young bandits — with time on their hands and larceny on their minds—staged a "surprise party" yesterday for a dentist, a woman physician and 18 others.

The quartet took over for four hours the Brooklyn house used by the dentist and physician, admitting 15 patients as they arrived, robbing them of jewels and cash, and keeping them prisoner through the siege.

But the four young men, before fleeing in fright when the physician fainted, treated their victims to drinks and snacks and even returned some of their loot at the request of three patients.

It all started late in the afternoon in the three - story house owned by Dr. Sonya A. Monen, 50. She lives there and has an office there. The dentist, Dr. Irving K. Madow, rents rooms there for an office.

The four robbers, apparently in their late teens or early 20s, first invaded the dentist's ground floor offices. One youth held a pistol, two others carried switchblade knives.

Madow and a patient he was attending were promptly herded into Dr. Monen's dining room. Then the robbers rounded up a maid and Dr. Monen's daughter, Mrs. Isabel Whitehall, who also happened to be in the house at the time. Dr. Monen was absent.

At first, the bandit quartet went about their business in a determined and rough manner. They bound and gagged the four persons with adhesive tape.

However, after a half hour, when the victims complained of thirst, the intruders released them.

Soon patients started arriving. The robbers greeted them and took them into the dining room.

The thieves split up, a pair ransacking the house while the others stood guard in the dining room.

During the ordeal, the bandits raided Dr. Monen's refrigerator and passed out beer and soft drinks, crackers, cheese and raw carrots to their "guests."

The quartet leisurely relieved their captives of cash and jewelry. But they returned some watches and rings of modest value to the three patients, who pleaded they be allowed to keep the articles.

It was about 7:30 p. m. when Dr. Money returned to her home and found the "party" going on. She too was greeted by a robber, who demanded that she open a safe in a hall closet.

Her reply was a scream. Then she collapsed.

Obviously alarmed, the robbers made a hasty departure.

An inventory by their victims disclosed that the four obtained loot consisting of $345 and a $500 cocktail ring. Police said they apparently took nothing from the house.

BOYLE'S COLUMN

Life Below The Seas Takes You Completely Out Of World

By HAL BOYLE

SHELLY BAY, Bermuda (AP)—Do you ever feel like you want to get out of this world?

Well, one way is to go for a walk on the ocean floor. Then you are in a strange and exciting world, and a wonderful one to see. Tropical fish are a lot prettier than most people, and, by and large, more sincere.

I was somewhat less than eager when Bronson and Martica Hartley who escort tourists on conducted tours of the sea bottom, suggested I make a deep sea dive.

"It has been a long time since I got my Boy Scout merit badge in swimming," I hedged. "And besides, it was in calm water and I didn't even get my ears wet."

"You won't get your ears wet this time, and you don't even have to hold your nose," said Martica.

And if the helmet had been on your head, this is how it would go:

Everything except the quick-darting small fish is in slow motion. You have a feeling of floating and sinking, rising and falling. You can't walk standing upright. You move in a crouch, moving one leg slowly and finding a footing before you draw up the other leg.

Hartley looks out through his helment and grins. He takes you by the hand and leads you to a coral reef outcropping. He pats it to show you it is safe for you to hold onto. Some live coral can sting and is mildly poisonous.

Everything around you seems delicate and wavy and beautifully colored.

Then you are struck by the fact the only sound you can hear is your own breathing. You are in a world of rainbow loveliness and sunlit silence, a world without noise.

Hartley pulls out a knife, digs out a mussel, and cuts it open. One half he holds behind him to draw away the eager small fish, and thrusts the other half in your cupped hand so you can feed his pet, Helen.

Helen is an angel fish, with blue-purplish stripes and bright yellow tail.

You move slowly across the floor of the sea, with Helen following. Hartley points out the branched animals that look like plants, and the plants that look like animals.

Here around this small reef are some 200 forms of plant life, 50 to 60 kinds of fish, and more than 1,000 varieties of lower animals. This one small patch beneath the sea is actually more crowded than Times Square on New Year's Eve.

When you come up the side of the boat and take off your helmet, the air seems wondrously fresh and sweet and the sky never more fair.

FFA Boys In District Plow Competition

Fourteen Future Farmers of America students, including one from Snyder, are to compete in a district contest of tractor operators here Wednesday afternoon, according to Sid Worrell of the Scurry County Tractor Co.

Contestants will be winners of county contests held early this month in 14 West Texas counties. The winner of the Scurry County contest was Billy James, route 2.

The contest, sponsored by Ford tractor dealerships, is to be held at the Jake Green farm, four miles northeast of here, beginning at 1:30 o'clock. The contest is one of 10 district contest in Texas. Winners will compete in a state plowing contest later.

Winners of the district contests will receive trophy cups awarded at an honor banquet in the Baker Hotel at Dallas the night of July 21.

The state contest at the Rocking Horse Ranch will be held near Dallas July 21, and the winner will be awarded a "Golden Jubilee" Ford tractor. The second-place winner will receive a Gruen "Royalty" diamond wrist watch, and the third-place winner will receive a 17-jewel Gruen wrist watch.

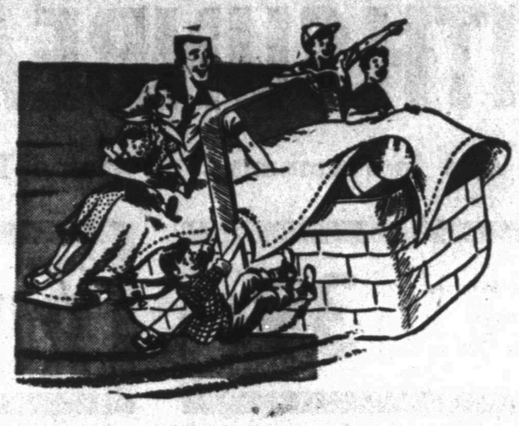

Besides James, 11 of Wednesday's contestants are to be Weldon Henson, Blackwell; Ronnie Davidson, Big Spring; Dom Ham, Plains; Chick Carter, Roby; William Conaway, Colorado City; Jimmy Merrick, Ackerly; Mack Terry, Post; Billy Gene Harrison, Jayton; Judson Hewlett, Wilson; Bob Stanton, Pecos; and Beryle Robertson, Jayton.

Although it has proved impossible to keep the Arctic blue fox in captivity, it is kept on small Alaskan islands fed and then trapped when the fur is prime.

Slumping Yanks And Braves Hit Circuit

By BEN PHLEGAR
AP Sportswriter

The slump - ridden Milwaukee Braves and New York Yankees packed up their troubles in their old kit bags and hit the road today hunting for something to smile about.

The two clubs, deep in their longest losing streaks of the year, misplaced their winning touch in their own ballyards and they were hoping a change of scenery would make a radical difference. The Yankees went to Boston for three games starting tonight. The Braves headed for Cincinnati, where they open a three-game stand with a twilight-night twin bill tonight.

Both teams have dropped seven straight. But because of the tight National League pennant race the sudden blackslide has proved considerably more costly to the immediate standing of the Braves than to the Yankees.

Milwaukee skidded from first place, which it held by 2½ games over Brooklyn, to second—a full game behind the Dodgers.

The Yankees, of course, are still in first place—by six games. That's a bigger margin than they've held at the end of the last four seasons when they won pennants, but it represents a loss of 5½ games of their lead over the second-place Cleveland Indians.

The Yankees are so much off form that they can't win on the exhibition circuit either. Before New York's largest crowd of the season, 56,136, the world champions were overpowered by Brooklyn, 9-0, last night.

In the only regular game played in either league, the lowly Chicago Cubs stopped the St. Louis Cardinals, 6-2, on the six-hit pitching of lefty Paul Minner.

The third-place Cardinals had figured to gain half a game on the idle Braves and Dodgers but Minner kept them well under control and didn't yield a run until Ray Jablonski homered with the bases empty in the eighth.

The loss put the Cards 2½ games back of Brooklyn and 1½ behind Milwaukee.

Eddie Miksis and Frank Baumholtz contributed home runs to the 10-hit Chicago attack against loser Joe Presko, Mike Clark and Ed Erautt.

Minner handcuffed Stan Musial, stopping The Man's hitting streak at 10 games.

Cleveland Manager Al Lopez, angry over a strike called against Al Rosen by Umpire Ed Rommel in the Indians-Yankee game in New York Sunday, snorted and applauded the ump and urged the fans to join in. Rommel (back to camera) ejected Lopez (right). Rosen then hit a 3-run homer that won the game 4-1.

Teams At Top Play Tonight In Little Loop

The Legion Yankees, champions of the first half of the Little League schedule, downed the Optimist Cardinals last night to move themselves into a tie with the Kiwanis Braves for first place.

The Braves and Yankees are scheduled to meet at 7 o'clock tonight, deciding which will stay in first place. At 9 o'clock, the Holder Indians will play the Cardinals.

The Yanks led their game all the way, bringing in three runs in the first and in the second to the Cards' none. Richard Mahan accounted for the three runs in the second when he slammed a home run, his second in the league, with two men on base.

Norman Gladons, winning pitcher, gave up four hits, and his team got 13 hits off Gayle Courtney. The Cards committed four errors and the Yanks had two.

The Lions Cubs dug their way out of the cellar by defeating the Quarterbacks Giants 10-5.

The Cubs also led their game throughout. Devane Jones and Gene Wiggs, Cub pitchers, allowed only four hits. Mickey McGrew, the loser, gave up nine hits.

McGrew homered in the sixth with one man on. It was his seventh home run of the league. For the Cubs, Kenneth Drake hit a homer with two men on base.

The Cubs committed three errors and the Giants had only one.

LEAGUE STANDINGS

Braves	2-0
Yankees	2-0
Cardinals	1-1
Indians	1-2
Cubs	1-2
Giants	0-3

Ted Williams Heading Home

WASHINGTON (AP)—Ted Williams will head home from Korea tomorrow, the Marine Corps says, but it is unlikely that he will get back to the Boston Red Sox outfield this season.

Williams has been ordered back to the U. S. for treatment of an ear and nose ailment which impairs his usefulness as a jet pilot with the First Marine Air Wing. The captain had flown 38 missions before being grounded this month.

Williams, 35, was called back to active duty in May, 1952, for a hitch due to expire in October. A Marine Corps spokesman said yesterday it is "most unlikely Williams will be released from active duty before then."

He said Williams will enter a hospital near San Francisco and if physicians are not convinced his ailment has been cured, he may be held in service beyond October.

Surgeons in Korea have described Williams' ailment as "lack of ventilation in the ear and nose that causes interference with jet flying."

Lou Boudreau, Red Sox Manager, has voiced confidence Williams would get back in the lineup if released from active duty before the season's end. Williams hit .318 in 1951, his last full season.

ROAD TRIP LIFT

White Sox Look Like They Might Get In Pennant Race

CHICAGO (AP)—The revived Chicago White Sox, victorious in 11 of 13 road games, returned home today and Manager Paul Richards talked hopefully of the American League pennant.

Hope was all but dead in the Sox camp when the Comiskey crew left town June 12.

The Sox had been losing monotonously and were 13 games behind the New York Yankees—the team that then was winning 18 straight and threatening to make a joke of the pennant race.

But something happened abroad. The once - dispirited Southsiders broke out on a rampage in the East and ended their road trip with seven straight wins, including sweeps of three-game series a New York and Boston. The victory string, coupled with a Yankee slump, has put the Sox only 6 games out of the lead. They trail second-place Cleveland, also on the upswing, by half a game.

En route to Chicago for a Comiskey Park game tonight with the St. Louis Browns, Richards cast off his usual reticence when asked if the Sox could win the pennant, and said:

"Why not"

"The race isn't half over yet and we're only 6 games behind," he elaborated.

"On the first trip East in the latter half of May I went on record that the Yankees could be beaten if their big three pitchers—Allie Reynolds, Vic Raschi and Ed Lopat—began to fade or if something happened to either Phil Rizzuto or Yogi Berra.

"Well, it begins to appear that father time is coming to our aid. Rizzuto is hampered by an injury and the big three have begun to sputter.

"I don't care how many other pitchers Casey Stengel has. He won't win the pennant with pitchers like Jim McDonald, Bob Kuzava, Tom Gorman, Ray Scarborough and Ewell Blackwell.

"Reynolds, Raschi and Lopat have to do it. If they falter, Casey's in trouble.

"Besides, the Yankees used up a lot of good breaks and good baseball in their 18-game winning streak. The percentage seems to be catching up with them."

Mantle May Get Rest For Pulled Muscle

NEW YORK (AP)—Mickey Mantle climbed off the rubbing table, stepped gingerly on his injured left leg and nodded in satisfaction.

"Feels better," he muttered. "Not much pain."

The young slugger of the New York Yankees walked briskly around the room, then lifted the leg a couple of times, bending the knee sharply.

"I can still feel it. It's right there," he said, placing his hand on the fleshy part above the left knee. "I'm sure it won't bother me at the plate, but I don't think I can run on it yet."

Did he think he'd be able to play tonight in Boston?

"I will if Casey wants me to," Mickey said, "but I think a couple of days rest should fix me up okay."

Was he referring to his leg or his batting slump?

"The leg," he answered. "A fellow can't get out of a batting slump sitting on the bench."

What is wrong? Could he account for his drop from .345 to .310 in the space of two weeks

"Nope," he said. "There's nothing wrong with me, outside of this thing (pulled leg muscle). I'm swinging the same way. It's just one of those things, I guess."

Reluctant to talk further about his sudden sag at the plate Mantle excused himself, went over to his locker and donned his street clothes.

He already had departed from Yankee Stadium by the time the Yankee-Dodger exhibition got under way. He was to have participated in the special homer-hitting contest preceding the game but had received Manager Casey Stengel's permission to bypass the game.

"I don't know whether I'll play him or not," said Casey. "I'll ask him about the leg tomorrow. If he says it's okay, I suppose I'll play him."

Trainer Gus Mauch, who taped up the region where Mantle pulled a muscle while running out an infield grounder in Sunday's game against Cleveland, declined to guess how serious the injury may be.

A rest for Mantle might be just what the doctor ordered at that. In his last 18 times at bat, he's made but one hit, a single. His batting average for the 14-game home stand was an anemic .192.

Hammett Will Start Plan In PGA Tourney

Beginning participation tomorrow in the national Professional Golf Association tourney at Birmingham, Mich., will be J. T. Hammett, Snyder golf pro.

Hammett fired a four-under 136 at Waco last month in qualifying for the meet, just one stroke over that of Iverson Martin of Fort Worth. Hammett, Martin, and three other Texans qualified for the meet.

The pro, who has lived here since he moved from Breckenridge in 1951, has shown that he can compete with some of the top golfers in the country but does not travel much any more.

Hammett was low qualifier in the Houston Open in Februrary and ended in the money. At the Pan American tourney in Mexico City, he came out tied for twenty-second. He qualified for the National Open at Fort Worth this year with 152 but later withdrew.

Last year, Hammett went to both the national PGA and Open but failed to play into the top brackets.

At 36, Hammett is the winner of 39 invitation tourneys. Most of his winnings were from 1935 until 1941, when he entered the Army.

In qualifying for the PGA in 1951, Hammett established a new course record at Amarillo with a 62. He now holds the record at the golf course here with 62.

Pony League Starts Tonight

Pony League play is scheduled to open at 7 o'clock tonight at the Towle Memorial Park baseball diamond when the Lions Club Phillies meet the Von Roder Red Sox.

Slated to meet at 9 o'clock are the Courthouse Tigers and the Scurry Butane Dodgers.

Pony League, which is a baseball organization of boys 13 and 14 years old, was begun in Snyder this year. The group is headed here by Forrest Beavers. The teams will play 36 games with schedule lasting until Aug. 7.

The Phillies, managed by Phillip Fisher, Bill Wilkinson, and Bob Bunselmeyer, has on its roster John Ward, Robbie Robins, Richard Dickerson, Jackie Tucker, Carroll Wylie, Tommy Morriss, Don McNew, Richard Snyder, Max Ware, Mickey Craig, Weldon Smith, Jim Stewart, Dickey Martin, Jerry James, Morris Head, Billy Green, Jerry Angel, Leonard Chandler, and Arlan Groves.

Managers of the Red Sox are Miller Price, J. W. Coffee, Roy Staton, and Jake Hodges. On the roster are Orville Paulk, David Hale, Bud Morgan, Darrell Parrish, J. T. Meyers, Robert Dabbs, Bobby Joines, Joe Overton, Jerrell McHaney, Tony Anger, Jimmy Hardy, James Bowen, Kenneth Keyser, Bob Harlan, Roger Kerbow, Richared Miller, Sam Martin, Orville Rogers, and Earl Burleson.

Heading the Tigers is Virgil Joines, and players include Bobby Staton, Buddy Brown, Dean Staton, Tommy Pritchard, Ed McDainel, Jimmy Allen, Joe Reaves, Gary Vice, Arthur French, Mike Hull, Jerry Procter, Davie Floyd, Dwayne Prince, Roger Hensley, Bobby Brown, Billy Phillips, Robert Glasscock, Tiffen Stone, LeRoy Selman.

Dodger managers are Bill Morgan and Arel Faver. Players are Harley Merritt, Dwayne Overman, Ronnie Baker, Lawson Dennis, Milton Hamm, Ronald Smith, Powell Berry, Roe Lashaway, Tom Falls, Wade Anthony, Skipper Moore, Lynn Tankersley, John Partain, Jimmie Crowder, Max Gillean, Glendale Burch, Eldon Fowler, Boyce Holder, Royce Holder, and Pat Braddock.

Chemical Engineer Wins GMC Contest

DALLAS (AP)—A Brazoria County chemical engineer took $1,500 last night for the top state honors in the General Motors better highways awards contest.

J. C. Sanders Jr. of Lake Jackson was the winner. He works at Dow Chemical Company.

EVEN BIG STATE

Baseball Leagues In State Are Riding Out Rough Times

By HARDOLF V. RATLIFF
By HAROLD V. RATLIFF

Baseball in Texas appears to be back on a stable footing but just how long that will last is problematical. The league that was supposed to be the richest and most unlikely to run into trouble at all is the one that has had the most trouble. That is the Big State League.

When the season started, all the talk concerned the Gulf Coast League. There were predictions that it wouldn't even go to the post. The circuit has had its up and downs but nothing like the Big State.

Here's what happened in the Big State:

Longview was transferred to Greenville before the season even started. Waco was transfegred to Longview because its park was destroyed by a tornado. Greenville was transferred to Bryan because there wasn't enough attendance to much more than pay the ticketsellers. Temple, which had been looked upon as a Rock of Gibraltar, couldn't meet the payroll and the town had to get together to raise money. The money was raised and Temple will finish the season.

In the Gulf Coast circuit the group of stockholders operating Laredo quit and the league took over the club, then sold it to Nick Canavati, the former owner, and his cousin, Jesse. Port Arthur, also considered one of the strongest clubs in Texas baseball, ran into attendance trouble and it is up for sale. However, there appears no chance of Port Arthur quitting whether it finds a buyer or not.

The Longhorn League was the first to hit the skids. One club quit, it now is operating with seven clubs and is going to make it all right.

The Sooner State League hasn't had smooth sailing. Gainesville, for instance, changed hands when its owner ran out of money. He offered it to the organization that formerly operated a club in the Big State League for nothing, asking only that the baseballs on hand be paid for.

Gainesville was averaging 92 paid per night at the time. It now is up to 250. Detroit, the Browns, the Cardinals and Milwaukee sent them some players on option and the club is now able to win a game once in awhile.

The whole trouble with Texas baseball has been operating at too much expense, mainly by paying veterans high salaries (much of it under the table) when they can't be sold to higher company and thus bring profit to the club. It's all a matter of "keeping up with the Joneses."

Snead Picked In PGA Meet

BIRMINGHAM, Mich. (AP)—Golf's longest and toughest grind, the PGA Championship, begins its week-long run tomorrow with two strong-backed tournament pros sharing the favorite's role—Sam Snead and Cary Middlecoff.

Jim Turnesa, the mild-mannered defending champion from Briarcliff, N. Y., himself is picking Snead, a three-time winner, as the man most likely to survive the 203-hole medal and match play.

"You have to pick Snead in every tournament he plays," said Turnesda.

Middlecoff, winner of the Carlings Open at Cleveland over the week end, comes to Birmingham with his clubs "hot," as the boys say, and with a big collection of backers, including former Champion Vic Ghezzi.

Ghezzi, the giant Italian who is the favoring golfing partner of the Duke of Windsor, said: "This is a course which will pay a premium to good drivers. That shoots Middlecoff right into the limelight."

Eleanor Parker And Husband Have Problem

HOLLYWOOD (AP)—Actress Eleanor Parker and her husband, producer Bert Friedlob, have separated.

"Our difficulties are personal ones," Miss Parker said yesterday through a studio spokesman. "We have tried to solve them, but we do not think it is possible."

The couple was married Jan. 5, 1946. They have three children, Susan, 5, Sharon, 3, and Richard, 8 months.

You can drive this bargain

Come in and ask us about the low delivered price on this
1953
Buick SPECIAL
2-door 6-passenger Sedan

WE make that statement for a mighty good reason.

A lot of people have no idea that this big, roomy, sweet-riding 1953 Buick SPECIAL costs just a little more than the so-called "low-priced" three.

Maybe you're one of them—and we'd like to clear the picture for you.

We'd like you to know that you can buy the most beautiful, the most comfortable, the highest-powered SPECIAL in Buick history for a lot less than you may think.

But there's more to this great automobile than just more room and power and thrill per dollar—more than just the solidness of Buick structure, the pride of Buick styling, the steadiness of Buick riding.

There's walloping big value above all this.

For here you get as standard equipment a host of other things that most other cars of similar price charge as extras—things like twin sunshades, lighter, automatic glove-box light, direction signals, dual map lights, trip-mileage indicator, oil-bath air cleaner, full flow oil filter, bumper guards front and rear.

The key—and the thrills—are waiting for you.

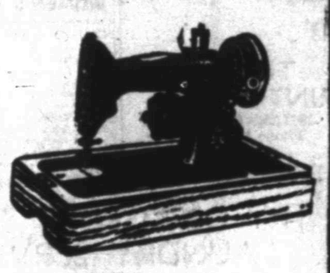

Why not drop in on us this very week and try the most exciting Buick SPECIAL ever built? We *know* you'll find it a buy too good to pass up.

USSR Oil Output Is Rapidly Increasing

MOSCOW (AP)—The Soviet press indicated today that oil output in the western Ural fields is increasing rapidly.

Newspapers reported that output in the Bashkiria field had increased 21.5 per cent the first half of 1952, as compared with production in the corresponding 1952 months.

LEGAL NOTICE

THE STATE OF TEXAS

TO: JAMES H. Bullard
GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation,-the same being Monday the third day of August, A. D., 1953, at or before 10 o'clock A. M., before the Honorable District Court of Scurry County, at the Court House in Snyder, Texas.

Said plaintiff's petition was filed on the 12th day of March, 1953.

The file number of said suit being No. 6118.

The names of the parties in said suit are: Maxine Bullard as Plaintiff, and James H. Bullard as Defendant.

The nature of said suit being substantially as follows, to wit:

Plaintiff sues for divorce, for the custody of their three children named Jana Kae Bullard and Francis Raeann Bullard and James Michael Bullard, and for costs of suit, alleging cruel treatment that they married July 1,1948 and finally separated April 18, 1953, and that they have not lived together since said final separation, and that there is no property for disposition by the court; that plaintiff has been an actual bona fide inhabitant of Texas for a period of twelve months and has resided in Scurry Co. Texas, for a period of six months, next before the filing of suit.

Issued this the 15th day of June, 1953. Given under my hand and seal of said Court, at office in Snyder, Texas, this the 15th day of June, A. D., 1953.

Eunice Weathersbee, Clerk
District Court Scurry County, Texas
By Deputy

Helps For Homemakers

Send your questions to "Helps for Homemakers", Snyder Daily News, or call 3-8488.

Could you tell me how to apply dye on unpainted furniture? I have heard that fabric dyes can be used. L. K.

The advantage of staining furniture with an all-fabric dye is the extensive color selection. The dyes come in 54 regular colors. If you are good at mixing two or more colors you can get an endless variety of others. This is the application process. First prepare dye in usual fashion, and then apply dye with brush or cloth. When dry brush on coat of white shellac and let dry again. Rub down wood lightly with fine sandpaper and apply clear varnish with brush. Remember to cover your hands if apply the dye with a cloth.

• • •

Many home owners are finding out that ordinary active yeast, either in dry or compressed cake form, is helping to keep down maintenance problems in their individual sewage disposal systems. The bacterial action is necessary to keep the contents of septic tanks and other disposal systems in a fluid state. Ten cakes or envelops of the active yeast will usually be sufficient to "start" a new tank. One envelope should be flushed into the tank every one to three weeks.

• • •

We are going vacationing and keeping the baby's formula from spoiling is going to be a problem. Can you think of any convenient way? D. G.

If your baby is on a whole milk formula ask the doctor about shifting him to evaporated milk a couple of weeks before you start your trip. If that is possible you can fill the bottle with the required amount of sweetening and sterlized water. As you use each bottle you can pour in the right amount of canned milk and heat it in a heat cup which plugs into the cigarette light on the dash board. A number of parents favor a fiberglass bottle carrier. This keeps the formula cold or warm for three or four hours.

Canasta Party Given At R. Jones Home

FLUVANNA—Mr. and Mrs. Robert Jones entertained with a Canasta party here Thursday night.

Punch and cookies were served to Mr. and Mrs. Alton Milliken, Mrs. Ruby Benson, Mrs. J. F. Dowdy, Mr. and Mrs. Bobbie Warren, Mr. and Mrs. Horace Carmichael, Mr. and Mrs. W. F. Mathis, Mr. and Mrs. C. F. Laundrum, Mr. and Mrs. V. L. Patterson, Mrs. Jessie Sims and Mrs. Millie Gleghorn.

Mrs. Clara Jones looks up from entering new material in the city's minute book. The secretary said every voter would understand city problems better if he were required to serve as secretary for a month.

Mr. Bogan Higgs is visiting in the home of his daughter and son-in-law, Mr. and Mrs. Billy Jack Maupin, 2701 Avenue . Mr. Higgs is from Albuquerque, N. M.

Mrs. Clyde Thomas, 611 Twenty-seventh Street, visited last week end with her daughter, Mrs. A. Ceutschlander in Houston.

SOCIETY SCRIBBLINGS

Mrs. Clara Jones Is Busy City Secretary

By DOLORES KETCHERSID

Mrs. CLARA JONES, Snyder's busy city secretary, is now in the fourth year at the job she took for a month. "That month has never been up," she said.

Taking the job at the request of former Mayor FOREST SEARS on March 8, 1950, Mrs. Jones remembers that the mayor called her at 6 o'clock that morning. She put off her decision until after she had had breakfast.

At that time city secretaries were appointed. Previously they were elected, she said.

Since that time Mrs. Jones has been buried deep in the maze of city government—much of it spent with a five-inch-thick minute book. She also keeps the township's books, makes out the payrolls, and has the unique duty of swearing in new policemen.

There was the time, before the coming of City Manager JACK SHELLEY, that she listened to all the complainers and general information seekers who drifted into the office. In fact, during the boom there was a continuous line at the desk, she said.

"I don't guess I'd ever be satisfied not working," Mrs. Jones said. Before taking the job as secretary she was employed 17 years by Stinson's Drug Store. She is a graduate of Snyder High School and has also attended Draughon's Business College at Wichita Falls. She is the daughter of Mr. and Mrs. J. T. WHATLEY.

Besides cooking Mrs. Jones liked playing her piano. But she hasn't been studying music all her life. The fact is she only bought the instrument and began taking lessons about two years ago.

She is a member of the Church of Christ.

WITH THE COLORS

BILLY JOE YORK, son of Mr. and Mrs. JOE YORK of 1501 Avenue T, left yesterday for Quantico, Va., where he will enter officer's training for the Marines. Mr. York graduated from Snyder High School in 1946. Later he attended Sul Ross College where he majored in animal husbandry.

NEW FAMILY

Newcomers to Snyder is the W. G. HERRING family formerly of Monahans. Mrs. Herring and two children GEORGE, 16, and SALLY, 12, expect to move into their home at 3726 Austin sometime this week. Mr. Herring is already working here. The Herrings are members of the Baptist Church.

Bavousett, Harris Families Reunite At Camp Springs

The Steve Bavousett and J. C. Harris families of Scurry County held a reunion Sunday at the home of Mr. and Mrs. M. W. Bavousett near Camp Springs. Botn are pioneer families.

Those present were Mr. and Mrs. B. G. Porter, Mrs. Ray Stewart, Dr. and Mrs. N. C. Letcher and Mrs. Ruth Eades and daughter, Jo Anne, all of Snyder; Mrs. C. E. Wade, Kingsville; and Mr. and Mrs. Walter Bavousett, and Kenny Swader, Clint; Mrs. Edith Cox, El Paso; Mr. and Mrs. Edgar Bavousett and son, Sandy, Las Cruces, N. M.; John Bavousett and Mr. and Mrs. Leonard Bavousett and daughter, Marlene, Graham; Mr. and Mrs. R. L. Jones and sons, Troy and Royce, and Mr. and Mrs. Clint Bavousett and daughter, Beverly, and son, Tommy Lee, all of Fort Worth.

And Mr. and Mrs. Roe Bavousett and daughter, Sara, and Mr. and Mrs. Barney D. Crume, Mrs. Lillian Deen and Mrs. Ruth Duff, all of Lubbock; Mr. and Mrs. Roy Melugin, Clovis, N. M.; Mrs. Marian Mangum and daughter, Betty, and son, Jimmy, Midland; Lynn Bavousett and son, Dan, Seminole; and Mr. and Mrs. H. T. Duff, Slaton.

PERSONALS

Mr. and Mrs. R. E. Gray, Jr., of Stone Mountain, Ga., will arrive Thursday to visit in the home of his mother, Mrs. R. E. Gray, Sr., at 701 Twenty-ninth Street. They will also visit Mr. and Mrs. P. W. Cloud and family who live on the Clairemont road. Mr. Gray and Mrs. Cloud are brother and sister.

Mr. and Mrs. L. D. Harris and family of Abilene will arrive in Snyder Saturday to see her mother, Mrs. I. E. Gray, Sr., and her sister, Mrs. P. W. Cloud, and family.

Mr. and Mrs. J. E. Goss of Alexander City, Ala., are guests in the home of her sister, Mrs. U. B. Blacksher, 3100 Thirty-ninth Street. The Blacksher's daughter, Lucy Ann, recently returned from a two-week vacation in Baytown where she visited her aunt, Mrs. Alene Davis.

The OASIS on your route

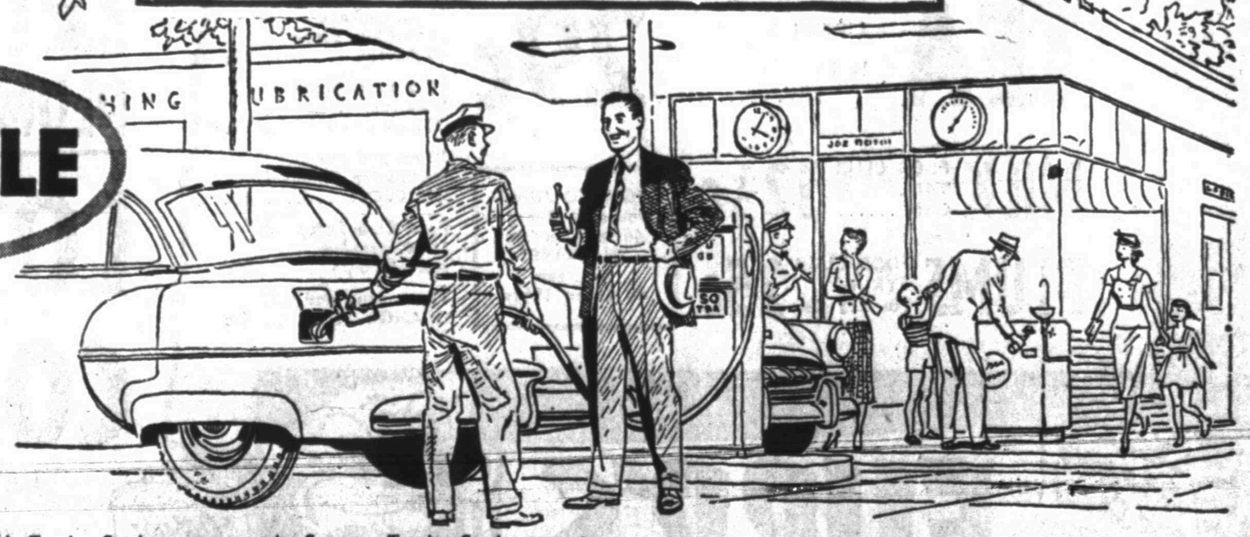

The traveler of ancient times sought rest and refreshment at an oasis on his route.

So does the traveler of modern times . . . he stops at an oasis that prepares his automobile for another hundred miles or more of driving . . . at an oasis that provides ice water and a chance to stretch . . . at an oasis that offers clean and sanitary rest rooms . . . at an oasis where our traveler can give and get a friendly greeting.

Today's oasis is the service station on the American highway. It *makes* your trip. It provides your contact with the country through which you're driving. On its driveway you feel at home; you get the impression, wherever you stop, that this is your America.

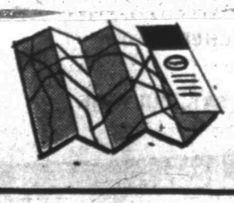

Not one service station, but thousands of them. All along the highways you'll find them, staffed and equipped to give your car the expert care it requires, to make your brief visits on their driveways comfortable and pleasant.

The service station where you buy gasoline and motor oil is your chief contact with the American oil industry. It is probably an individual enterprise; and it competes to give you better service and better products than another station down the street or on the other side of town. No small part of the oil industry's progress in the service of the motorist finds final expression on service station driveways . . .

HUMBLE

An added service to vacationers

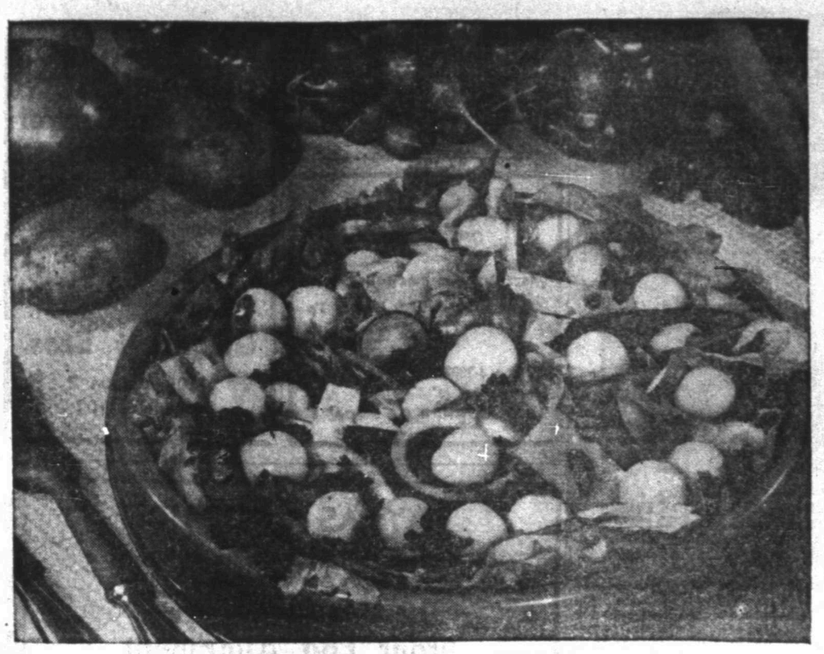

Let Humble Touring Service map your trip. Secure a Touring Service request card at the Humble sign in your neighborhood, and use it to tell Humble Touring Service where you want to go. Soon you receive clearly marked road maps to and from your destination, a trip log and other helpful information. Use this service for travel anywhere in the U. S., Canada or Mexico. HEARTY POTATO CHEF'S SALAD
. . . made with boiled potato balls

Potatoes Plus Imagination Equal To Cheap Summer Menu

Good news for the budgeting homemakers, the fact that potatoes are dropping in price. That means that this vegetable which we think of almost as a staple, can be used in a variety of ways to brighten a summer menu while keeping costs down.

There is more to the potato than meets the eye. Potatoes contribute many essential nutrients, including vitamin B complex, vitamin A and valuable minerals. And they are not the weight producing villains some persons accuse them of being. Actually they contain no more calories than a large apple or orange.

So take this economical and adaptable vegetable and serve it up with culinary imagination. Here are some ways to begin.

The ordinary potato is featured in one of the summer salad favorites, potato sald. The potato is still used for heartiness, but various other vegetables are added to provide extra nutrient value.

HOT POTATO SALAD
. . . top with cheese and broil

POTATO CHEF'S SALAD

1½ cups potato balls
3 tomatoes, peeled and diced
¼ pound Swiss cheese slivered
cup lemon-French dressing
1 small green pepper, diced
1 small head lettuce
1 quart mixed salad greens
1 small onion, sliced thin
8 radishes, slice thin
¼ cup grated raw carrot

Cook potato balls in water until just barely tender. Drain and cool Place in salad bowl. Add tomatoes, cheese and lemon French dressing. Marinate for one hour. Add remaining ingredients. Toss lightly and serve at once. Serves six.

The greens for this salad may be selected from beet greens, celery leaves, dandelion greens, escarole, spinach leaves or watercress.

The lemon-French dressing for this salad is made as follows:

LEMON FRENCH DRESSING

2-3 cup olive oil or salad oil
1-3 cup fresh lemon juice
¼ teaspoon sugar
1 teaspoon salt
⅛ teaspoon black pepper
1 clove garlic, mashed
¼ teaspoon powdered dry mustard.

Stir until well blended. Strain to remove particles of garlic. Approximately 87 calores to 1 tablespoon dressing. Yields one cup.

For a heavier potato salad, the "he-man" kind, add meat cubes and mushrooms. Ham, beef, lamb or canned luncheon meat all are suitable. Or chicken or turkey could be substituted.

HE-MAN POTATO SALAD

1½ cups sliced fresh mushrooms
6 tablespoons olive oil
¼ cup minced onion juice
1 teaspoon salt
⅛ teaspoon black pepper
2 cups sliced booked potatoes
¼ cup shredded raw carrots
½ cup chopped celery
2 cups diced meat
2 hard-cooked eggs
Lettuce
Mayonnaise dressing

Saute mushrooms gently in olive oil until tender. Let cool slightly. Add lemon juice, onion, salt and pepper. Let stand until cold. Combine potatoes, carrots, celery and meat. Pour mushroom mixture over all and marinate for at least an hour. Serve, garnished with sliced hard-cooked eggs on bed of lettuce. Mayonnaise may be served if desired. Serves six.

Potato salad is good served hot, too. The ingredients are not so very different with the exception of hot bacon fat being substituted for mayonnaise or salad dressing.

HOT POTATO SALAD

6 medium potatoes
½ cup diced celery
1-3 cup diced green pepper
1-3 cup vinegar
1½ teaspoons salt
¼ teaspoon pepper
1 teaspoon dry mustard
2 hard cooked eggs, chopped
1-3 cup hot bacon fat
2 cups grated sharp cheddar cheese

Cook potatoes; peel and cube Combine with celery, onion, green pepper, vinegar, seasonings and eggs. Toss gently to mix. Add bacon fat. Spoon into shallow baking dish. Top with cheese. Broil, with surface of food 3 inches below source of heat, until cheese melts and browns. Makes six servings.

Cheese combined with potatoes has long been popular. Here is a new recipe that that is varied by crushing cornflakes and combining with cheese, paprika and salt, then baking for 15 minutes.

CHEESE POTATOES

3 tablespoons melted butter or margarine
4 medium sized boiled potatoes
½ cup finely grated cheese
½ teaspoon paprika
1 teaspoon salt
2-3 cup corn flakes

Pour 2 tablespoons butter into shallow bakng pan. Cut potatoes into one-half inch slices and place close together in pan. Brush tops with remaining butter. Roll corn flakes into fine crumbs; combine with cheese, paprika and salt; sprinkle over potatoes. Bake in preheated moderately hot oven (425 degrees F.) about 15 minutes. Makes four servings.

Fluffed franks is a main dish that is easy to prepare. The mashed potatoes must be smooth, fluffy and seasoned to perfection.

For proper fluffiness of the potatoes, break them up with fork or masher, add a big piece of butter or margarine and some hot milk. Beat them until they are creamy white, smooth and fluffy.

FLUFFED FRANKFURTERS

5 medium-size potatoes
1 teaspoons salt
¼ cup margarine
½ cup hot milk
⅛ teaspoon pepper
6 frankfurters
1 tablespoon prepared mustard
butter or margarine pats

Cook washed, peeled potatoes with salt in 1 cup boiling water until the can be easily pierced with a fork. Drain and mash. Add margarine or butter, hot milk and pepper. Beat until smooth and fluffy. Split frankfurters lengthwise, cutting almost but not quite through, so they can be flattened. Spread cut surfaces lightly with prepared mustard. Pile mashed potatoes into each frankfurter leaving tops rough. Place filled frankfurters on baking sheet or shallow pan. Set under broiler or into moderately hot oven (425 degrees F.) until potatoes are lightly browned and frankfurters heated through, about 12 to 15 minutes. When brown, press one or two margarine pats into top of potato on each serving.

FLUFFY POTATOES IN OPENED FRANKFURTERS
. . . serve with peas and fresh salad for supper

CRISPY CHEESE POTATOES MADE WITH CORN FLAKES
. . . sprinkle mixture on sliced boiled potatoes

SCALLOPED POTATOES WITH SAUSAGE
. . . pre-cook sausages in skillet

No story on the ways to serve potatoes would be complete without mention of scalloped potatoes. This recipe tops them with link sausages.

SCALLOPED POTATOES WITH SAUSAGES

1 pound large link sausages
¼ cup water
4 cups sliced raw potatoes
1 teaspoon salt
2 tablespoons flour
1½ cups milk

Place sausages and water in a skillet over moderate direct heat. Cook for seven minutes, turning once. Drain. Arrange half the potatoes in a well greased heat-resistant glass layer cake dish. Sprinkle with half the salt and flour. Repeat the procedure using the other half of potatoes, salt and flour. Pour milk over potatoes. Arrange drained sausages on top and bake in moderate oven, 350 degrees F., for about 1¼ hours or until potatoes are done. Sausages should be turned once after about 45 minutes of baking. Serves four.

Potatoes make good soup, too. This recipe for potato chowder uses bouillon cubes for added flavor. A sprinkling of paprika adds color when serving.

POTATO CHOWDER

4 cups diced raw potatoes
3 cups water
2 slices onion, finely minced
2 chicken bouillon cubes
3 tablespoons butter or margarine
½ teaspoon celery salt
⅛ teaspoon ground black pepper
½ teaspoon salt
½ teaspoon powdered, dry mustard
2 cups light cream or top milk
1 teaspoon dried parsley flakes

Combine potatoes, water, onion and bouillon cubes. Boil gently until potatoes are well done—about 15 minutes. Strain, saving liquid. Mash the potatoes thoroughly, being sure all lumps are out. Add butter or margarine and seasonings. Beat again. Gradually blend in cream and potato stock. Add parsley flakes. Heat and serve topped with a sprinkle of paprika. Serves six.

Had Wad In His Mouth

ST. LOUIS (AP)—Police, checking on a drugstore holdup, questioned a man last night, but he wouldn't talk—just kept chewing.

The officers soon found out why—he had seven $10 bills in his mouth.

They booked John Sawyer, 24, St. Louis laborer, as suspected of larceny.

AN AIRBORNE BLOCK— Nuernberg goalie Eduard Schaffer is fully airborne as he stops a scoring attempt by Liverpool's Bill Jones, left, during their soccer match in New York. The British team won, 4-3, for the 25th straight victory on its North American tour.

5 Years Since Tito Broke With Soviets

BELGRADE, Yugoslavia, June 30 (AP)—Firm and still free, Communist Yugoslavia will mark tomorrow the fifth anniversary of its defiant revolt against Russian rule, the first nation to slip the chains of Soviet subjugation.

It was on June 28, 1948, that the Moscow-dominated Cominform alliance of Eastern Europe's Communist countries disclosed its decision to kick out Yugoslavia because Prime Minister Marshal Josip Broz Tito and his top lieutenants had been pursuing "nationalistic Trotskyite" policies.

For Yugoslavia—a Balkan nation of 16½ million, lonely in its isolation, hungry in its needs, and weak except for will—the action leveled heavy odds, politically and economically and defensively, against the country's struggle for independence.

Its politics were—and still are—east in Communist molds. Its leaders were steeped in the schooling of Marx and Engels and Lenin, and Stalin was revered as their god and interpreter. There was little wonder the world of the West hesitated in welcoming such a maverick partner.

Its economic life was skimpy at best, partly because of tremendous war devastation and partly because of transitory plans to balance a top-heavy agriculture with an industrial machine. Its five-year plan was dependent upon supplies from the Cominform. The pipeline was turned off in 1948.

Its armed forces were woefully weak. Its patchwork weapons came from a dozen different countries with scant chance of replacement.

But times have changed in Yugoslavia.

Five years of grace and freedom from open aggression—aside from countless border provocations, some sabotage and widespread spying on both sides—have given Yugoslavia a chance to correct many mistakes and to trim its program on a basis that essentials must come first.

After a lonely year until late 1949, while the West wondered whether the Yugoslav-Cominform break was a Russian ruse or the real thing, Tito has obtained material support from the non-Communist countries. Well over 600 million dollars have been poured into the country to meet economic and defensive needs.

Those dollars, British pounds and French francs perhaps are reflected best of all now in the fighting fitness of the armed forces. Light armor, medium tanks and rolling equipment have put the troops on wheels. Tito's forces still bear little resemblance to Patton's mechanied divisions, but they are a far cry now from the time five years ago when they depended on old dobbin.

Jet planes from the United States have begun arriving, partly through the help of Western technicians but largely as a result of their own effort, the Yugoslavs have developed a skilled small arms industry.

The change in Yugoslavia, however, is reflected not only in the army, but also in the people here, and in their way of life. It has been gradual, so gradual that it is hardly apparent and particularly so to one accustomed to the well-stocked stores and economic conditions of the West.

Take a look at some of them—both psychological and economical:

Five years ago, a Westerner here found himself roughly just about as popular as a polecat at a lawn party. For Yugoslavs then, association with Western foreigners frequently meant accusations of espionage and not infrequently imprisonment.

The bright lights of Belgrade, up until the Cominform denunciation, were spotted upon the Russian "House of Culture," with caviar passed freely and champagne flowing steadily from dusk until near dawn. A luxurious establishment, it is now a silent shell except for occasional parties when the Cominform's diminished number of diplomats gather to recall the old days and plan for the new.

The shop windows then were as bare as Mother Hubbard's lean cupboard. Radios, electric gadgets of all kinds, plumbing, furniture and clothes were priced far above the range of the average Yugoslav wage earner—even with special low-cost coupons for state workers.

Now, the stores are chock-full of utility goods. Prices still are high and quality low. A pair of man's working shoes sells for 3,000 to 4,000 dinars, (roughly about $11), a housewife's dress for 3,500 dinars The figures should take into consideration the fact that the average Yugoslav's salary is less than $33 a month if you include the peasants.

The name "bauxite" for aluminum ore derives from the town of Baux in Southern France where one of the first deposits was found.

Reds Find Bloodsuckers Making Profit From Selling Medical Leaches

MOSCOW (AP)—Pravda told today of a gang of millionaire "bloodsuckers" who raked in enormous profits from the resale of medical leeches.

Soviet doctors still often prescribe the old-time remedy of leeches to draw blood in the treatment of certain ailments.

Pravda said two brothers named Namedov bought the leeches for the equivalent of 3 to 4 (U. S.) cents from pickers in Southern Soviet Azerbaidjan, near the Iranian frontier.

The Namedov's resold the worms for the equivalent of 30 cents, pocketing the difference.

The newspaper called for action against the Namedovs, asserting that although one was in jail, the other, with his "bloodsucking" relatives, was still at large.

Man Seeking Coast To Coast Walking Record

WHEELING, W. Va. (AP)—A 61-year-old man trying to break the transcontinental walking record stopped briefly in Wheeling for a rest late yesterday.

David Will Power, who said he left California April 20, admitted the hills of neighboring Eastern Ohio had left him a little tired when he arrived in Wheeling. After a short rest, he set out again last night.

Power is accompanied on his coast-to-coast walk by two men who remain close by in a small automobile. The trio camps out at night.

Power said he is trying to break the 77-day record which was set in 1910 by Edward Payson Weston. Power hopes to be in New York City by July 11.

Quicker Citizenship For Veterans Sought

WASHINGTON (AP) — President Eisenhower called congressional immigration specialists to the White House today to witness the signing of legislation to speed citizenship to aliens who serve in the U. S. armed forces.

The legislation, backed by leading veterans' groups, the Defense and Justice Departments, makes eligible for citizenship aliens who serve 90 days in the U. S. armed forces between June 25, 1950, and July 1, 1955. In some cases, residence in this country for one year prior to military service is required.

The first auto traffic death occurred when an auto killed a pedestrian in New York in 1889, says the National Geographic Society.

PISTOL-PACKIN' COUPLE—Mr. and Mrs. Robert Lewis show firearms from his collection in Tujunga, Cal. Lewis holds an 1816 Simeon North flintlock government pistol. Mrs. Lewis holds 1860 Colt, a six-shot percussion cap and ball pistol.

Eden Recovering On Financier's Estate In Newport, Rhode Island

NEWPORT, R. I. (AP)—British Foreign Secretary Anthony Eden and his wife settled on a private estate facing Newport harbor today hopeful of a quiet convalescence from his recent operation.

The 56-year-old diplomat, appearing much healthier than on his arrival from England 3½ weeks ago, left the New England Baptist Hospital in Boston yesterday. He underwent an operation June 10 to clear a bile duct obstruction.

Eden and his wife Clarissa, 33, niece of British Prime Minister Sir Winston Churchill, came directly from the hospital to the estate of John Barry Ryan, grandson of the late Thomas Fortune Ryan, multimillionaire New York financier.

Dr. Richard Cattell, the diplomat's surgeon, said in a bulletin, "We are convinced that after a full period of convalescence a complete recovery can be assured."

The bulletin said the obstruction in Eden's bile duct, "which was non-malignant, has been shown to be entirely relieved."

The reindeer is the only deer which has been domesticated.

Although auto traffic deaths remain at peak levels, the killing of pedestrians by cars in the United States has been cut from a peak of 15,500 in 1937 to 8,600 in 1952.

Germany, Russia Turning Into Symbol Of David And Goliath

BERLIN, June 30 (AP)—The Soviet tide is turning back in Europe.

Germany, the country feared and coveted by the Kremlin, is where the great change is happening first.

A young German David pitched a rock at a Goliath Russian tank in East Berlin. That's a convenient real-life symbol for this history in the making.

Two million German workers, men and women, sprang up unarmed in mobs that would have toppled their detested Communist government literally in another hour if six Soviet armies had not intervened.

The finest of 30 Russian divisions, once heralded as the invasion force threatening the very life of Western Europe, have been temporarily diverted to the ugly police job of breaking a strike.

The illusion of a German springboard from which Soviet armor could hurtle almost overnight to the English Channel is gone.

The springboard is in fact a nest of anti-Communist sedition, widespread underground subversion, and distrust reaching through the overt apparatus of government and party.

It is not idle boasting when escaping fighters of the June 17 revolution in East Germany say, "It will happen again." It will—if Soviet statesmanship finds no satisfactory way out of a dilemma it can not solve by sheer force of arms.

Western strategists have always worried what the millions of voting Communists in France would do if war came and the long Allied military communications stretching from the Rhine to the Bay of Biscay were exposed to partisan attacks.

But what of the concern of Soviet Gen. A. A. Grechko, holding the Elbe line—300 miles from his own frontier at Brest-Litovsk—with the East German people bitterly against him? And the Poles never reliable either.

There are only 250,000 hard-core Communists out of an East German population of 18 million. They are "refrozen"—weary old-timers of the prewar class struggle, over 50 years of age, looked upon as aliens by their own countrymen because of years in exile or in concentration camps.

The Socialist Unity (SED) party, a synthetic Soviet creation in 1946 to absorb the members and annihilate the independence of the Social Democrats, lists 1,700,000 members and 300,000 candidates now.

The large majority are dragooned ex-Socialists. Others are youngsters who joined the party to get ahead, their ideology not even skin-deep, mature turncoats who dropped their middle-class principles to make the best out of a bad situation as a conquered people, disgruntled economic failures who thought there would soon be a red paradise, idealistic intellectuals, with their heads in dialectical clouds.

When the chips were down June 17, the party folded. The SED party button in the lapel was a badge of dishonor. Many nominal members suddenly showed their true colors—Germans, first, last and always. That was absolute defiance to the Kremlin.

This ineffaceable strain of Germanism ran right through the ordinary Volkspolizei and the East German fledgling army, which goes under the nom de guerre of Kasernierte (barracks) Volkspolizei.

It ran through the great industries of coal and steel, textiles, rubber and gasoline, optics and uranium—and all the smaller enterprises which a technically skilled people in the 20th century have developed.

SED functionaries in factory administrations and labor councils sided in an astonishing number of cases with the workers. Only at the very top of the supposed party monolith—the Central Committee and Politburo—was there unshaken loyalty to Russland Ueber Alles.

The Vopos did most of the deadly shooting in East Germany on June 17, not the Soviet Army. They were under mob attack, their headquarters were being burned, they fired as men desperately in fear of their own lives.

But there were plenty of Vopos, too, who tore off their tunics and threw down their arms for the rioters. The East German army and police force—25,000 all told—were beaten and disintegrating when the Russians stepped in. These Germans never had much stomach for swinging a club for Moscow communism.

The six Soviet armies went into action as gingerly as if they were stepping on eggs. They got tough when it seemed necessary. But they did a lot of firing over Germans' heads, much more than directly at them.

This is behavior which implies the Russians can hardly be thinking of staying much longer in Germany. It presumably isn't how they would have acted while Stalin lived.

The Kremlin has not converted East Germany to communism in eight hard years of trying. If the Reds got 5 per cent of the vote in a free election, it could be regarded as a wonder.

Beyond the "Green Frontier"—the forests along the western limits of Mecklenburg, Saxony-Anhalt and Thuringia—are 48 million West Germans who aren't converted either.

And in Berlin, an escape hatch for resistance fighters, a psychological cannon blasting Communist shibboleths at zero range, are two million free Germans who are the fiercest anti-Communists of all.

June 17 is a convenient date for marking the turn of the tide. But many important factors preceded it, not the least the political gyrations in the Kremlin since an old dictator died.

In a way, Stalin himself had seen into the future in 1945 when he said, "Hitlers come and go, but the German people, the German state, remain."

There were two big grievances which set the Soviet zone marching in revolt: the increasingly miserable life under Moscow rule, the increasingly unbearable discrimination of living as slaves while 50 million other Germans were free.

So the thing has started. It is no longer a question of whether Germany will be unified. It is: How soon?

The Soviet statesmen have no monopoly on dilemmas. The Allies have some of their own, and they will have to start thinking about the future when there are 68 million Germans together in a united Germany.

Public Roads Not For Planes

DALLAS (AP)—A crop duster pilot was told yesterday he cannot use a public road to move his plane on, even if he has been doing it for four years.

Russell Walters of Dallas landed his plane on a county road near here, taxied down the road toward the barn where he parks his craft, and suddenly saw a car coming toward him.

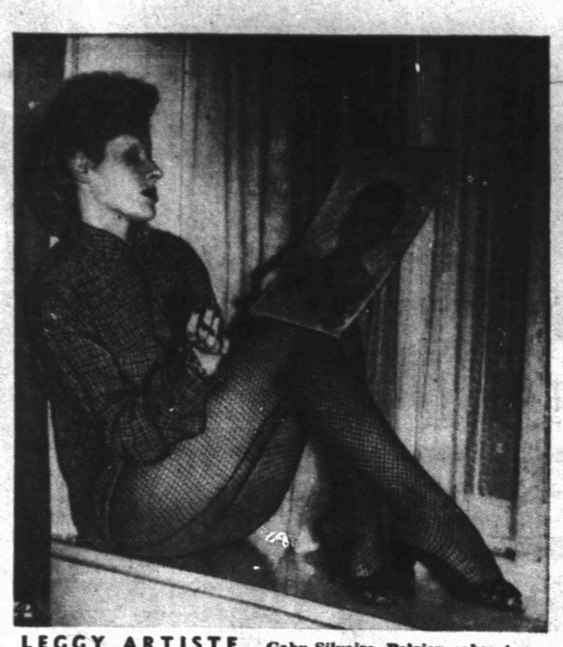

Walters "bailed out" and ran to a nearby field. Frightened occupants of the car — Alvin Casselberry, 40; General Lyons, 50, and Miss Martha Lee Lyons — were flabbergasted as the plane's wing smashed their windshield.

Deputy Sheriff W. W. Mabra said of Walters:

"We gave him a ticket for using the county road for a landing strip. He said he'd been landing on it for four years thinking it was O.K. because it was not a state highway.

"We informed him it was not O.K.—he can't drive any motor vehicle down a public road with no license plates and he sure can't buy plates for his airplane."

Unofficial temperature readings of 180 degrees in the sun have been recorded along the Persian Gulf Coast of Iran says the National Geographic Society.

LEGGY ARTISTE— Gaby Silvaire, Belgian cabaret entertainer, relaxes between rehearsals in London for a nightclub engagement. Gaby, who holds a sketch of Queen Elizabeth II, paints and writes plays in her spare time.

Big Marlins To Get Break

OCEAN CITY, Md. (AP)—Say you spent several hours tugging and reeling. Your arms, neck and back ached from the strain, but you finally landed a whopper—say a 60 or 70 pound, 6-foot marlin. Would you throw him back?

That's what the Ocean City Marlin Club has suggested. It's all for conservation.

Russell Kline, president of the club, says when the catch is so big that the fisherman doesn't care to have it mounted, the marlin should be tossed back.

"It's part of a program to preserve favorable fishing conditions," Kline said, citing that 385 marlin were caught off Ocean City last year.

It costs about $100 to mount a 6-footer, and Kline reasons few people keep marlin for eating because the meat is "a little strong and very rich."

The club will present fishermen who co-operate with a certificate, a gold marlin club pin and a cigarette lighter as a souvenir.
