Gordon T. Hill To Fill The Post Of City Manager Here

City Mayor Sam Richardson has announced that Gordon T. Hill has been named city manager for Lamesa and will assume his duties as such upon his arrival here sometime between August 10 and 15. Mayor Richardson made the announcement Tuesday, July 17, after receiving a telegram from Hill advising him of his acceptance of the position.

Interviews with Hill were held Friday and Saturday of last week in this city by local officials.

Hill, who is 32 years of age, is a native of Camp County, Texas, and for the past few years has been located in College Station where he has been employed as instructor of civil engineering at Texas A&M College.

He is well educated, having received his Bachelor of Science Degree in Civil Engineering from Texas A&M College. In addition to this, he has completed approximately 75 per cent of the work required for a Master of Science Degree. His college courses have included studies of municipal government which have familiarized him in this field of work.

Hill's experiences have dealt closely in the field of engineering, which is a pre-requisite of filling the post of city manager in small cities, according to Mayor Richardson, who points out that a vast knowledge in this type of work is necessary as it will tie in closely with the job of city manager.

From July, 1935 to March of 1939, Hill was employed by R. B. Butler, contractor in Bryan, Texas, as time-keeper, construction superintendent, and construction engineer for highways. His duties at that time also involved general construction work.

In March of 1939 he accepted employment with the state office, and served as junior engineer, chief clerk, and examining engineer, checking plans, specifications and estimates on road and street work for the Work Projects Administration of Texas with headquarters in San Antonio. He filled this post until October of 1942 when he went to Camp Swift where he was employed in the office as post engineer to supervise and maintain roads and grounds.

In March of 1943 he accepted employment at College Station, serving as instructor of Civil Engineering at Texas A&M College. Hill, who is a licensed civil engineer, was recommended to Lamesa to fill the post of city manager under the charter form of government which was recently inaugurated here, by G. B. Gilchrist, president of A&M College.

Hill has been active in the Kiwanis Club in Bryan during his residence there. He holds membership with the Baptist Church.

He will be accompanied to this city by his wife and child, and they are expected to arrive here around the middle of August.

Pointers To Aid Orchard Owners Given By Agent

T. A. Barfield, local county agent, has submitted some timely orchard hints, which he believes might be helpful to persons who have orchards.

He states that one thing to keep in mind is to prevent trees in your orchard from sunburning. He advises the orchard owner who has set out an orchard during the past season to wrap the trunks of the trees with two or three thicknesses of paper to protect them from the hot summer sun.

He also points out that summer cultivation in the fruit orchard is more important from now until Fall than during any other season. He states, "Cultivate shallow. This controls weeds and grass and gives a dust mulch all of which are needed to conserve moisture. Trees at this period should be given every advantage as they are forming fruit buds for next season's crop of fruit."

He warns, "San Jose Scale is on the move during June and July. Watch out for this ashy, gray scale. If it shows up, wash the trunk and main limbs down with 1 pound of lye to 8 gallons of water. Care should be exercised not to get the lye solution on the foliage."

The agent continues, "Pear or fire blight is breaking out here and there on apples and pears. This disease is difficult to control. Withhold fertilizing trees with materials high in nitrogen as now, quick growth is attacked severely. Infected twigs should be cut back several inches below signs of the trouble. Prunings should be burned."

Pvt. Herndon On Furlough After Serving Oversea

Pvt. Rayburn Herndon arrived here Sunday, July 8, to spend a thirty day furlough visiting with his parents, Mr. and Mrs. W. B. Herndon of this city. Upon the completion of his leave he will report to Camp Roberts, California, where he will be given further training prior to going to the Pacific Theatre of War.

Pvt. Herndon is a veteran of the European Theatre of War having served with the Infantry Division in France and in Germany. He arrived in the European Area in March.

Wearer of the Combat Infantry Badge, Pvt. Herndon was in service for approximately 2 1/2 years, prior to which time he was in this country.

He has one brother, Sgt. Wayman Herndon, who is also in service, and who returned from the European Theatre of Operations in the Spring and is currently stationed at a camp in Florida.

County Wide Four-H Club Meet Set For Saturday, August 4

County Agents T. A. Barfield and Mrs. Myrtle Dickie Negy have announced a change in the date of the next county wide meeting of local 4-H Clubs. They report that the next meeting will be on August 4, instead of July 28, as previously announced. The session, which will be in the Recreation Hall, has been announced for 2:30 p. m.

At a meeting a team demonstration on farm safety will be given by 4-H Club members. In addition an hour of recreation will be enjoyed.

All 4-H Club girls and boys are invited to be present for the August 4 session.

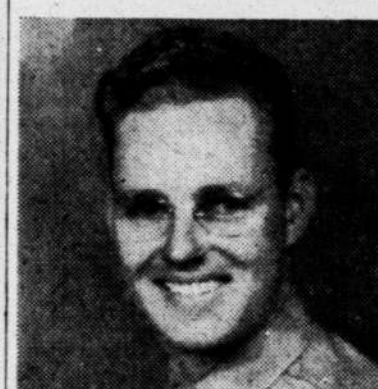

Central Club Meet Has Been Postponed

The meeting of the Central Home Demonstration Club which was to have been held in the basement of the Methodist Church Friday, July 20, at 2 p. m., has been postponed. Letters are being sent to club members.

The date for a make-up meeting will be announced soon.

Cpl. N. B. Leatherwood, son of Mrs. Hazel Leatherwood entered service in October, 1942. He is a member of the Air Corps and has been stationed in Lubbock until recently when he was transferred to Chanute Field, Ill. At Chanute Field, he is receiving specialized training in a mechanized course concerned with B-29's. His wife, the former Lillian Holt, daughter of Mr. and Mrs. H. Holt, and 19 months old son are with him. Cpl. Leatherwood, 26, attended the Fairview School, and farmed here prior to enlisting in service.

Also the son of Mrs. Hazel Leatherwood of this county is Corporal Wayne Leatherwood. Enlisting in the Army Air Corps in October of 1942, he was stationed at the Lubbock Air Field for some time. Recently he was moved to Amarillo and is currently taking a special engineering course which will qualify him to work with B-29's. The corporal who is 23 years of age, is a former student of the Fairview School in this county. Before he entered the service, he was engaged in farming in Dawson County.

Report On Crop Situation For The County Is Given

C. E. Tarter, administrative officer at the local AAA office, stated this week that although at first it was thought that a large percentage of the crops had been ruined by the moisture received during the past week, it has developed that only approximately 30 per cent of the crops will have to be planted over.

He states that the feed which was not damaged by rain looks very good and that it is growing swiftly. He reports that probably not over 100,000 acres will be replanted and says that this will possibly be planted over in feed or black-eyed peas if the seed can be obtained.

Cotton crops seem to be doing fine," he states. "The recent rain storm did some damage to the cotton, but it is believed the acreage will be about the same as estimated earlier and there will be approximately 20,000 acres of cotton raised in Dawson County."

THAT AIN'T HAY
NORFOLK, Va. (AP)—One Navy refrigerator at the Norfolk depot has a storage capacity for 39,000, 100 pounds of meat, or enough to feed a million men for a month, and 15,000,000 eggs.

S-Sgt. Goad Is Returned After Duty In Europe

Mrs. Marie Goad of this city has gone to San Antonio to be with her husband, S-Sgt. Floyd E. Goad, who has just returned from 21 months of service in the European Theatre of War.

He arrived in the States July 6, and in San Antonio July 14, where he will remain approximately 3 weeks prior to being given a furlough to visit home.

During his foreign service, S-Sgt. Goad, the son-in-law of Mr. and Mrs. H. F. St. Clair of this city, served in England, Belgium, and Germany with the finance department.

He entered service 2 1/2 years ago, prior to which time he worked with the Army Engineers in Albuquerque, New Mexico. Prior to that time he had been employed by the Cicerio Smith Lumber Company in Tahoka for approximately 7 years.

Paper Drive Plans To Be Discussed At Council Meet July 21

Mrs. J. H. Adkins states that the Dawson County Home Demonstration Council will meet Saturday afternoon, July 21, at 2:30. The session will be held in the council room of the agents office.

A council chairman will be elected and an attempt will be made to make final plans for the paper drive which that organization plans to sponsor in August.

Baseball Match Between Lubbock And Lamesa To Be Played Here Sunday At 3:30

Slated to invade Lamesa Sunday afternoon, July 22, are members of the Lubbock Junior American Legion baseball team. They will come here for a game to be played with the local Junior American Legion team. The game has been announced for 3:30 p. m., and will be played in the local ball park.

The match should feature plenty of competition. Lubbock's team was winner of their district meeting last week and will enter the division game to be played in Lubbock next week. They won their district title without a defeat.

Lamesa was runner-up in their district tournament, having been defeated by San Angelo.

Joe Spikes has submitted a list of the local players and the positions they will hold during the Sunday game. W. L. Patterson will do the catching, George Hart will pitch, Orville Nieman will serve on first base with Arthur Bizzell on second and Homer Rippey on third. Bill White will serve as short stop, Bill Merritt will be left fielder, and Allen Smithson will serve as center fielder.

Either J. R. Bizell or Bill Nix will fill the post of right fielder. Lubbock boasts one of the finest young pitchers seen in this section for many years in Bob Galley. They also have two strong supporting pitchers, including Charley Presley and Jack Vaughn.

Local teammen, George Hart, pitched a good game at the San Angelo tourney. Although only 15 years of age, he shows promise of making a fine hurler. Bottles White's hitting has been outstanding in all the games to date, and Patterson's catching was all that could be desired at the San Angelo district meeting.

The local club has been busy this week getting ready for the Sunday game. They have had two very good practice games this week and will be in top condition for the Sunday match. All the boys on the local team are showing a decided improvement and are coming along fine. They are believed capable of giving Lubbock a run for their money Sunday.

Officials are hoping that a large crowd will be present for the match Sunday to encourage the local boys. A small admission will be charged to cover the cost of the game.

Mrs. Babe Cox is visiting with relatives in Raton, New Mexico.

Judge and Mrs. E. F. Cummings of Abilene spent Sunday visiting in the home of Mr. and Mrs. V. O. Key.

Pfc. McKee, Who Was Missing Reported Dead

Mr. and Mrs. H. L. McKee of this county, received a communication recently, stating that their son, Pfc. Harvey Lee McKee who had been listed missing in action since the fall of Corregidor, had died one month later in a Japanese Prison Camp.

The letter which Mr. and Mrs. McKee received was written by Edward P. Witsell, Major General, acting for the Adjutant, and is printed below:

It is with profound regret that I confirm the recent telegram of July 9, 1945 informing you of the death of your son, Pfc. Harvey Lee McKee of the Infantry, who was previously reported missing in action in the Philippines from the date of the surrender of Corregidor, May 7, 1942.

An official message has now been received which states that he died on June 8, 1942 at Cabanatuan Prison Camp, Philippine Islands.

I realize the great suspense you have endured during this "unfortunately long period and now, the finality to those hopes which you have cherished for his safety.

Although little may be said or done at this time to alleviate your grief, it is my fervent hope that later the knowledge that he gave his life for his country may be of sustaining comfort to you.

I extend my personal sympathy in your bereavement.

Sincerely yours,
Edward P. Witsell.

Public Invited To Bring Pictures Of Local Service Men

Parents, wives, or relatives of Dawson County service men are invited to bring pictures of these men to the Dawson County Courier office, and they will be run in the paper without cost to you. The Courier is making an effort to publish a large number of pictures of the local military personnel in its editions. Bring in clear face views of your Dawson County service men, so they can be easily recognized when they appear in the paper. Snap shots are undesirable, as they usually are not clear enough to make a good picture for the paper.

Three Local Men Dismissed From Military Service

Three local men who have served with various branches of the military service have received their honorable discharges and have returned to their civilian status.

Clyde E. Haynes, a former technician fourth grade with a medical detachment at the William Beaumont General Hospital received his discharge papers at the Separation Center at Ft. Bliss, June 16.

He served three years and 3 months in military service, having entered the Medical Corps February 24, 1942 at Ft. Bliss.

He has the Good Conduct Medal Haynes, whose address is Route 2 in this county, was a salesman in civilian life.

Receiving a medical discharge recently was Pfc. Hollis T. Ogden, a veteran of the South Pacific Theatre of War. He was dismissed at the Naval Training Base in Corpus Christi, June 12.

Enlisting in El Paso on March 16, Ogden, a member of the Marine Corps, left for an assignment in the Pacific area on July 22, 1944 and remained on foreign duty until March 3, 1945.

Ogden participated in action against the enemy at Guam from September 21, 1944 to November 3, 1944.

J. C. Turner is another Dawson County man to have received a discharge, having been dismissed July 11, 1945 at the Separation Center at Ft. Bliss through the Army's demobilization plan.

Turner had served as a sergeant with the 271st Field Artillery Battalion. He entered service April 3, 1941 in Lubbock and left for overseas service July 3, 1941, going first to Australia.

He spent 2 years overseas during which time he participated in the Bismarck-Archipelago, New Guinea, Luzon, and Southern Philippines campaigns.

He is holder of the American Defense Service Medal, Good Conduct Medal, Asiatic-Pacific Campaign Ribbon with 4 Bronze Stars and the Philippine Liberation Ribbon with 2 Bronze Stars.

Turner returned to the States July 5, 1945.

His local address is 512 North Fourth Street. In civilian life he was a truck driver.

D. Hardwick Who Served Oversea Spent Leave Here

Douglas Hardwick, R. M. 3-C left Tuesday night, July 17, for the West Coast after spending his leave here visiting with his parents, Mr. and Mrs. W. A. Hardwick of 1309 South Third Street.

Radioman Hardwick has been overseas for a period of 13 months, leaving the States on June 16, 1944 and returning on July 6, 1945. During that time he saw duty in the Central Pacific, and in the Northern Pacific area and was attached to a destroyer.

He holds the Central Pacific Ribbon and North Pacific Ribbon with 2 stars.

Hardwick has been in service for the past 22 months. He received his training in San Diego, California, and went through radio school in Colorado.

He is a graduate of Lamesa High School and prior to entering service was employed at Hatch Grocery in this city.

Loans Up To \$12,000 Can Be Made To Veterans For Farm Purchases Through F. S. A.

R. J. Kendrick, Fireman 2-C, is the son of Mr. and Mrs. C. L. Kendrick who reside in O'Donnell. He is currently stationed in San Diego, California. Fireman Kendrick entered the service in December of 1944 and received his training at the United States Naval Training Center in San Diego, California. He is a former student of the O'Donnell Schools and prior to joining the Navy was a farmer. His wife and sons, Roy and Richard, reside on Route 1 in O'Donnell.

Farmers Invited To A Livestock Feeding Course

County Agricultural Agent T. A. Barfield reports that he will attend the fifth Livestock Feeding Short Course to be given from Monday, July 23, through Thursday, July 26 in the auditorium of the Agricultural Building on the campus of Texas Technological College, Lubbock.

He states that he would like to have farmers of this area who are interested in livestock to attend the short course with him. He plans to go to Lubbock each day of the course, returning to this city in the afternoons and would be glad to have any farmers from this area ride with him back and forth. He states that they may attend the entire course or any part of the course in which they are interested.

The course of study will open Monday, July 23, at 8:30 a. m., with registration and with R. C. Mowery presiding throughout the day. Topics to be discussed during the day will be "Livestock Feeds," "Parasites Affecting Feedlot Animals," "Lambing-Down Mils," "Field Fattening of Lambs." Monday's session will also include a round table discussion and the judging of hogs and sheep.

Tuesday's program will begin at 9 a. m., with W. L. Stangel presiding. Topics for discussion that day include "Amarillo Grazing Experiments," "Meeting Protein Requirements of Range Cattle," "Three Way Cattle," "Range Management," "Minerals for Livestock," a round table discussion, and the judging of beef cattle.

On Wednesday, July 25, J. D. Strickland will preside. Opening the study will be a discussion at 9 a. m., on "Delayed Fattening of Cattle," to be followed by talks on "Feeding and Care of Dairy Cattle," "Feeding for Milk Production on the Farm," "Feeding Swine Winners," "Sears-Roebuck Swine Program." Succeeding a round table discussion, dairy cattle will be judged.

The final day of the course, Thursday, will be used for discussions of "How to Keep the Soil Productive in West Texas," "Cotton Production in West Texas," and "The Grain Sorghums." The course will be concluded at noon that day.

The topics which will be included in the course will be discussed by College professors, deans, personnel of the Extension Service and other experts in the field.

Board and room can be had at the college dormitory by those wishing to attend for \$2.50 per day.

Lt. and Mrs. Roundale Walker of Roswell, New Mexico spent Sunday here visiting with his grandparents, Mr. and Mrs. W. D. Thorp.

The article which is printed below and which concerns Farm Security Administration farm ownership loans for returning servicemen was submitted by William D. Mitchell, local Farm Security Administration supervisor whose offices are located in this city:

Congress has increased the loan authority of the Farm Security Administration by \$25,000,000 to permit loans to returning veterans for the purchase of family sized farms and ranches. The loans are to be made under the provisions of the Bankhead-Jones Farm Tenant Act through which approximately 37,000 loans to tenant farmers have been successfully completed since the program was authorized by Congress in 1937. Loans of a maximum of \$12,000 which can be made under this program will bear interest at 3 per cent and are repayable over a 40 year period.

A committee composed of experienced farmers in each county will assist in the administration of the program by determining (1) eligibility of the applicant with respect to farm background, experience and likelihood of success as a farmer, (2) the adequacy of the farm to provide a living for the family and to pay off the loan, and (3) the soundness of the loan. The functions of the committee in reviewing the applicant's qualifications and the soundness of the loan is considered extremely important by Farm Security Administration officials in protecting veterans and other eligible families from entering into an unsound operation.

The local Farm Security Administration Supervisor, William D. Mitchell, who is now receiving applications from veterans, has warned that due to sharply increased land prices in some localities, veteran applicants may find it impossible to purchase land on a sound basis. "Under this program," Mitchell states, "farms must be purchased within their earning capacity value as determined by long time prices."

Eighteen Men Are Re-Classified Here

Members of the local selective service board met Tuesday, July 17, and re-classified the following group of men:

Men designated as 1-A were Lester Ramsey, Alfredo Guerrero, Alvin Biggerstaff.

Those who are 1-C discharged include Truman Wall, Mack Ray Cooper, William Reavis, Clyde Haynes, J. R. Boyd, Bryan Handley.

Joe Oberlechner and Edward Callis are 2-A's. Classified as 2-B's were Jim McKennon, Herbert Kirkland, Willie Carpenter, and Dewey Davis Jr.

Everett Clominger is 2-C and Curtis Jones and Lambert Astin are 4-F's.

COMPATIBILITY NOTE

TWIN FALLS, Idaho (AP)—Pharmacist Asher Getchell received \$20 to settle a 34-year old account, but he didn't keep it long. It went to Mrs. Getchell under a longstanding agreement that she gets any money paid on old debts.

Recently receiving his wings and commission at the Honda Army Air Field, Second Lieutenant Joe C. Shackelford is now qualified as a combat-ready aerial navigator. His graduation ceremony marked the successful completion of 24 weeks of intensive training at the airbase, where he received training under the expert hand of battle-wise instructors. The new flying officer who is 22 years of age is the son of Mrs. Lettie E. Shackelford of Route 4 in this city.

F-O J. E. Merritt Spending Leave Of Absence Here

F-O Johnnie E. Merritt of 410 North Lincoln Street in this city is now spending a twenty day leave of absence at his home.

He is stationed at Dyersburg Army Air Field in Tennessee which is an installation which trains heavy bomber crews. Battle wise veterans who have returned from every major war front give instruction to each member of the training crews from pilot to tail gunner.

F-O Merritt, the son of Mr. and Mrs. Johnnie A. Merritt who reside in this city, has been in service approximately 3 years. He received his commission in the Air Corps at the field in Stockton, California, on June 26, 1944.

Proclamation

BY THE
GOVERNOR OF THE
STATE OF TEXAS

TO ALL TO WHOM THESE
PRESENT SHALL COME:

BE IT KNOWN, THAT I, Coke R. Stevenson, Governor of the State of Texas, do hereby order a Special Election to be held throughout the State of Texas on the Fourth Saturday in August, A. D. 1945, same being the twenty-fifth day of August, A. D. 1945; and notice is hereby given to the people as required by law; and the County Judge of each county is directed to cause said election to be held at each precinct in the county as required by law, at such time.

FOR THE PURPOSE of adopting or rejecting the following Constitutional Amendments submitted by the 49th Legislature of Texas at its Regular Session in 1945:

1. Amendment to Article VI of the Constitution of Texas, providing that any person in the armed forces of the United States, or the Armed Force Reserve of the United States, or of any branch of component part thereof, or of the United States Maritime Service, or the United States Merchant Marine, or who has been a member of same within eighteen months prior to the holding of any election in this state authorized by law, and is otherwise a qualified voter, shall not be required to pay, or to hold a receipt for the payment of, a poll tax in order to vote at any such election, if same is held while the United States is at war or within a certain stated time thereafter.

2. Amendment to the Constitution of Texas providing for continuous salary per diem of all members of the Legislature during their tenure of office.

3. Amendment to the Constitution of Texas providing for a Supreme Court of nine members.

4. Amendment to the Constitution of Texas giving the Legislature the power to set up a system of payments of old age assistance to those above sixty-five (65) years of age; provided that monthly payments from State funds to any one person may be in valid amounts based on need, that the maximum payment per month per person from State funds shall not be more than Twenty Dollars (\$20) per month; giving the Legislature the power to set up a system of payments for the needy blind persons over twenty-one (21) years of age; giving the Legislature the power to set up a system of payments to needy children under sixteen (16) years of age; providing for the expenditure of funds from the Federal Government; limiting the total amount which may be expended for such assistance out of State funds; and providing conditions as to residence within the State in order to become eligible to receive assistance.

IN TESTIMONY WHEREOF, I have hereunto signed my name and caused the Seal of State to be affixed at my office in the City of Austin, Texas, this 23rd day of June, A. D. 1945.

COKE R. STEVENSON
Governor of Texas

By the Governor
CLAUDE ISBELL
Secretary of State

In accordance with Texas Election Laws, I, Kilmer B. Corbin, County Judge of Dawson County, Texas, do hereby notify all legally qualified voters of said County that the above proposed amendments to the Texas Constitution will be submitted in a special election to be held in all voting precincts within said county on August 25, 1945.

KILMER B. CORBIN
County Judge
Dawson County, Texas.

Miss Addie Ruth Fulkerson of Gaines County spent several days here this past week visiting with Mrs. Crystal Greene.

Mrs. Wayne Griffin is visiting with friends in Lubbock this week.

Mrs. W. H. Lollis was admitted July 16 for medical treatment.

Mrs. H. M. White was admitted July 17 for medical treatment.

Nora Marcos was admitted July 17 for major surgery.

Mr. and Mrs. John E. Long are the parents of a baby boy born July 17.

Mrs. H. P. Morris was admitted July 17 for medical treatment.

Charles Martin was admitted July 18 for medical treatment.

SAND

Julia Grayson

We were glad to have visitors at both services Sunday and invite you to all services. Come early Sunday night for a song service.

Mr. and Mrs. David Grayson and children of New Orleans are visiting her parents, Mr. and Mrs. W. P. Cozart of Higginbotham and his parents, Mr. and Mrs. Grayson.

Miss Nellie Brooks of Abilene and Mrs. Roy Brooks and James Royce and Lena Rae Nichols spent Sunday with Mr. and Mrs. Ted Kohn in Lamesa.

Pfc. Hershel Rains and Mrs. Rains of Camp Hood spent Saturday night with his parents, Mr. and Mrs. Charlie Rains.

Mrs. Jude Smith and son spent the week end with Mrs. Herman Freeman of Wilson.

Mr. and Mrs. Alva Lee and Charlotte left for their home in Denver Colorado Saturday after a visit here with relatives.

Mrs. Lon Holley of Fresno, California and Mrs. Annie Bishop of Los Angeles, California accompanied Mrs. Otis Lee of Lamesa to Eastland Monday for a visit with relatives.

Mr. and Mrs. W. P. Cozart, Mr. and Mrs. Logan Cozart and children, Letha, Ronnie and Kay of Higginbotham, Mr. and Mrs. David Grayson, Gordon, Shirley and Carol Ann of New Orleans and Mr. and Mrs. Grayson visited with Mr. and Mrs. Luther Lee Saturday evening.

Mrs. A. P. McGuire and children spent the week end with Mr. and Mrs. C. K. Smith.

Mr. and Mrs. Alvin Menix visited Mr. and Mrs. Charlie Rains Saturday night.

Mr. and Mrs. Tom Frank Stringer have moved to Lamesa.

A nautical mile equals the length of one minute of latitude.

All Requirements For Holding Food Locker Outlined

Requirements for persons who hold frozen food lockers were outlined today by the Enforcement Division of the District Office of Price Administration. Sam H. Allred, Enforcement Attorney, pointed out that the basis of the locker-inspection program is the requirement that no rationed meat may be transferred or acquired without surrender of ration points.

Under certain conditions, persons are entitled to have point free meat in their lockers. A livestock producer may have slaughtered any animal he produced or raised without giving up points provided:

1. That he either operates a farm at which he resides more than six months of the year, or actually supervised the raising of the animal and was on the premises on which the animal was raised at least one-third of the life of the animal.

2. That the animal was raised by the owner from birth until time of slaughter, or owned and fed 60 days preceding slaughter, or long enough for the weight of the animal to increase 35 per cent of its weight when acquired.

3. That the resulting meat is for the owner's own household and that he does not intend to sell or transfer any of the meat.

If the locker plant does custom slaughtering for his locker patrons he is required to give information to the Local Board of the livestock owner and to the District OPA office showing the weight of the live animal, dressed weight, kind of livestock and facts about the offal. If the locker holder was not entitled to meat point free, then he is required to have a slaughterer's license and to have surrendered points for the meat transferred.

A locker operator is required to grade all meat handled or slaughtered by him, whether it belongs to a locker holder or any other person, before breaking, storing or delivering it.

If the locker holder is a farm slaughterer and is entitled to the meat point free for his own consumption, he is required to grade or have graded all of his meat,

but if he kills cattle for sale he must grade it or have it graded before the carcass is broken, delivered or stored. He may grade the meat without applying for permission from the Federal Grading Service.

Mr. and Mrs. W. W. Griffith spent several days this week in Abilene visiting with friends.

Mrs. Bill La Dear is visiting in McCamey this week with her husband.

THE CHURCHES OF CHRIST SALUTE YOU. Rom. 16:16

Just Who Is A Christian According To The Bible?

1. One who has sanctified or enthroned in his heart "CHRIST AS LORD." 1 Pet. 3:15.
2. One who has resolved to believe and practice only what the Bible authorizes. Matt 7:21.
3. One who has enthroned in religious practice the teachings of Christ and that alone. 2 Jno. 9.
4. One who has obeyed the Lord, by believing on Christ, Repenting of his sins, being baptized in the Name of Christ, for the remission of sins. Acts 2:38.
5. One who has become a disciple—a christian—NOTHING ELSE. Acts 11:26.
6. One who has been baptized into NO SECTARIAN PARTY, but has been BAPTIZED INTO CHRIST. Gal 3:27.
7. One who has died with Christ, been buried with him, and by God's power been raised, with Christ, to walk in NEWNESS OF LIFE. Rom. 6:3-4; Col. 2:12; Col. 3:1.
8. One who is living as the Lord demands and continues steadfastly in his teachings. Matt. 28:20.
9. One who has been born again of "Water and the Spirit" and by that birth added to the Family of God as a child and heir of God. Jno. 3:5; 1 Tim. 3:15.
10. One who has obeyed God in all things and has obeyed MAN IN NOTHING.

This kind of man is a BELIEVER . . . HE IS PENITENT . . . HE IS FAITHFUL . . . HE IS A CHURCH MEMBER . . . HE IS LIVING RIGHT . . . WEARING THE RIGHT NAME . . . WORSHIPING IN RIGHT WAY. WHICH OF THE ABOVE POINTS WOULD YOU OBJECT TO?

ROYAL SERVICE PROGRAM HELD BY BRASWELL CIRCLE

The Boswell Circle of the First Baptist Church met Tuesday evening at the church for a Royal Service program. Topic for the evening was "Citizenship, Today and Tomorrow."

Member attending were Mesdames Billie Boswell, Loretta Davis, Inez Roberts, Fairy Mae Myers, Maxine McKinnon, Frances Stuart, Helen Costin and R. R. Townsend. The next meeting of the Braswell Circle will be Tuesday evening, July 24, at the home of Mrs. A. E. Jacobs.

Cpl. J. C. Land left Monday after a visit here with his parents. He will report to Fort Benning, Georgia.

Mr. and Mrs. Swanson Hurt and daughter Virginia left Wednesday for Kentucky where they will spend several days attending to business.

WEDDING OF MISS INA WAYNE SHEPARD TO DONALD D. SPECK HELD JUNE 30 AT CARLSBAD

The marriage of Miss Ina Wayne Shepard, daughter of Mrs. H. H. Shepard of Dallas to Donald D. Speck, son of Mr. and Mrs. Guy Speck of Carlsbad, New Mexico took place Monday, June 30 at 9 a. m. at the First Presbyterian Church, Carlsbad.

Dr. Dando, pastor of the First Presbyterian Church officiated and the organist presented the traditional wedding music. The church was beautifully decorated with spring flowers.

The bride was attired in a two piece orchid suit with a white sheer blouse. She wore a corsage of rose buds.

Mrs. Arthur B. Thomas, sister of the groom, attended as matron of honor and A. B. Thomas attended as best man.

Following the wedding a reception was given at the home of Mr. and Mrs. Guy Speck.

Mrs. Speck is a former teacher in the Odessa schools having resigned her position there she accepted a position with the schools in Dallas.

Mr. Speck was employed at Bryant Link Company here before entering the service. In service for almost three years he spent two years overseas in the European Theatre of War. Having recently returned to the states he received his army discharge in the early part of June.

After a short wedding trip Mr. and Mrs. Speck will make their home in Carlsbad, New Mexico at 818 North Canal Street.

MRS. CHARLES COX JR. COMPLIMENTED WITH DINNER PARTY

Mrs. Charles Cox Jr., who before her recent marriage was Miss Helen Monthey, was honored with a dinner party in the E. W. Gregg home Thursday evening, June 28.

A delicious dinner of fried chicken was served from a table laid with a white linen cloth and centered with a large reflector surrounded with fresh fruit.

Those attending were Mrs. M. H. Hamilton, Mrs. Mozelle Stanfield, Mrs. Bonnie Molsburger, Misses Lowmore, Marie Garrett, Anna Vogler, Juanita McCraw, Alma Patterson, Jana Ruth Cox, Mrs. Charles Cox, and the hostesses Mrs. E. W. Gregg, Mrs. Emma Magrane and Miss Iris Gregg.

VOWS FOR DOUBLE WEDDING CEREMONY READ WEDNESDAY

In a double wedding ceremony Miss Norma Tunnell became the bride of Pfc. Wallace N. Cooper and Miss Frances Shropshire became the bride of Pfc. Alvin V. Brown. The wedding was held Wednesday evening at 8:30 at the Baptist Parsonage with Dr. Clarence A. Morton officiating in the double ring ceremony.

Mrs. Cooper was attired in a navy blue dress trimmed in white with black and white accessories. She wore a corsage of white carnations.

Mrs. Brown chose a navy blue crepe dress with blue and white accessories and a corsage of white carnations.

Mrs. Cooper, daughter of Mrs. Joe Kellum and W. O. Tunnell of this city, is a graduate of the Lamesa High School finishing with the class of 1944.

Mrs. Brown is the daughter of Mr. and Mrs. G. D. Shropshire of this city. She attended the Lamesa High School.

Pfc. Cooper, son of H. Cooper of this city attended High School at Colorado City. He entered the service in February of 1943 and served in the European Theatre of War. He was a prisoner of the Germans for several months.

Pfc. Brown, the son of J. M. Brown of this city attended the Lamesa High School and entered service in February 1944. He served in the European Theatre of War and was a prisoner of the Germans.

After a short wedding trip Pfc. Cooper will report to Fort Sam Houston and Pfc. Brown will report to Hot Springs, Arkansas.

Attending the wedding were Mr. and Mrs. G. D. Shropshire, Buford, Donald, Pat, Dewey Frazier Brown, Mrs. Burline Brown, Mr. and Mrs. Joe Kellum, Mrs. K. H. Cooper, Anita Tunnell and Yvonne Moore.

W. M. S. MET MONDAY FOR ROYAL SERVICE PROGRAM AT CHURCH

The Woman's Missionary Society of the First Baptist Church met Monday for their regular Royal Service program.

Mrs. Victor Crawley was in charge of the program which was on "Citizenship, Today and Tomorrow." Mrs. Crawley was assisted on the program by Miss Nancy Hollingsworth who gave several musical numbers. Mrs. Ross Gibson talked on "Moral Standards for Ourselves," Mrs. Z. T. McMullen talked on "Moral Standards for the Family" and Mrs. Charnell Jobe talked on "Moral Standards for the Community." Mrs. A. B. Maxwell spoke on "Moral Standards for the World." Miss Janice Barron gave a reading for the closing number.

At the close of the program refreshments were served to about 45 guests.

BUSINESS MEETING TO BE HELD MONDAY BY W. M. S. AT CHURCH

The Woman's Missionary Society of the First Baptist Church will meet Monday July 23 at 4 p. m. at the Church for their regular monthly business meeting.

Mrs. Owen Taylor, president of the W. M. S. will be in charge of the meeting.

FULKERSON RANCH SCENE OF FAMILY REUNION RECENTLY

Mrs. T. B. Wilkerson held a family reunion at her home 16 1-2 miles west of Seminole, Texas, last week. The Kay family formerly of Colorado City were united for the first time in 14 years.

Those present were Mrs. Lila B. Kay mother of Compton, California, Mr. and Mrs. W. M. Cunningham of Raton, New Mexico, Mr. and Mrs. W. B. Tyer and daughter Ann of Ardmore, Oklahoma, Mrs. Douglas Bush and son Bill of Longview, Texas, Mr. and Mrs. S. E. Howe and daughters Kay and Joy of Fort Stockton, Texas, Mr. and Mrs. Harry E. Kay and son Harry Jr. of Montclair, New Jersey, Mr. and Mrs. Ben Kay and daughters Rosamond and Sheila, Compton, California.

Mrs. Howard Kay and daughter Barbara Ann of Compton, California, J. W. Kay Jr. of Long Beach, California, J. T. Kay of Raton, New Mexico and Howard Kay was unable to attend as he is serving with the armed forces in the Southwest Pacific Theatre of War.

MISS ADDIE FULKERSON COMPLIMENTED WITH BREAKFAST SATURDAY

Complimenting Miss Addie Ruth Fulkerson of Gaines County who spent several days here this week visiting, Mrs. Crystal Greene entertained with a breakfast Saturday morning at the Plaza Hotel.

The table was laid with a white linen cloth and centered with a blue reflector and a crystal bowl of red roses.

Places were marked for Misses Addie Ruth Fulkerson, Betty Jo Hill, Billie Ward, Ann Morton, Tennie Marie Dyer, Polly Carroll, Elwanda Gilbert, Mrs. Kenneth Esmond, Mrs. T. B. Fulkerson and Mrs. Crystal Greene.

Mr. and Mrs. Hubert Nelson and family are visiting with relatives in Gilmer this week.

Mr. and Mrs. E. O. French and daughter Sue of Sweetwater spent Tuesday here visiting in the home of Mr. and Mrs. D. Freeman.

Earnest Gambill and Perry Land spent Tuesday in San Angelo attending to business.

— BUY MORE WAR BONDS —

ENGAGEMENT OF RUTH MERRICK TO C. B. STRAIN ANNOUNCED

Mr. and Mrs. A. H. Merrick announce the engagement and approaching marriage of their daughter Miss Ruth Merrick to Mr. C. B. Strain of Big Spring. A definite date has not been set but a fall wedding has been planned.

Miss Merrick is a graduate of the Lamesa High School and attended San Angelo Junior College and Mary Hardin Baylor. She was employed in the County Clerk's office here for several years but has recently moved to Fort Worth where she is now employed with the Danciger Oil and Refining Co.

Mr. Strain who makes his home in Big Spring is employed with the Department of Public Safety as a Drivers License Examiner.

J. C. AND PERRY LAND HONORED WITH PICNIC THURSDAY

The Employees of Gambill's Variety Store entertained with a picnic Thursday evening honoring Perry and J. C. Land who are visiting here on furlough.

Those attending were Mr. and Mrs. Earnest Gambill, Mrs. Franklin Denna, Jarvis Ray Russell, Mrs. Jackie Costin, Mr. and Mrs. W. L. Bedwell and Maulee, Mr. and Mrs. L. G. Wood and Mr. and Mrs. Land and family.

A. A. Bradshaw of San Angelo spent the week end here visiting in the home of Mr. and Mrs. W. J. Smith.

Our Country Needs Still More Used Fats... And We're the Folks to Save them!

IN between the good news about the war these days, careful readers of the paper will see grave words about a serious national shortage that has a direct bearing on military and civilian production schedules.

Our domestic supplies of fats and oils will be approximately one and one-half billion pounds less than last year. Yet thousands of tons of fats are still needed to help make countless essentials for the battle- and home-fronts.

While country people have been doing an even better job of saving fats than the city folks, we must remember that, because of the meat situation, we are in a better position to save. That's why we can't afford to miss a trick.

So, let's save not only the big amounts from frying and roasting, but also meat trimmings, plate scraps, and scrapings. Melt them down once a week and add the liquid fat to the salvage can. Skim soups and gravies. Scrape every pan. Every drop is important.

When your salvage can is full, take it to your butcher, and get 2 red points and up to 4¢ for each pound. If you have any difficulty, call your County Agent or Home Demonstration Agent.

100,000,000 More Pounds of Used Fats Are Needed This Year!

Approved by WTA and O.P.A. Paid for by Industry.

Glad you drifted over... Have a Coke

... refreshment time for the younger set

Wherever the gang gets together, those friendly words *Have a Coke* play a big part in the fun and refreshment. Whether it's served from the family refrigerator or from a bucket of ice down at the pier, Coca-Cola draws a smile from everyone. Be sure to keep a supply of Coca-Cola on hand.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY TEXAS COCA COLA BOTTLING CO.

Coca-Cola
the global high-sign

"Coke" = Coca-Cola
You naturally hear Coca-Cola called by its friendly abbreviation "Coke." Both mean the quality product of The Coca-Cola Company.

TOWN and FARM IN WARTIME

CIVILIANS AT WAR

The Government needs and asks its citizens in this 189th week of the war against Japan to:

1. Return to duty if you are one of the 30,000 inactive graduate registered nurses or a trained nurse's aide. Your local hospitals need you to help care for a record number of patients.

2. Buy only what you need and at ceiling prices. Supporting price, wage and rationing controls will save your money and help prevent the ruinous inflation which, in World War I, came after fighting had ceased.

3. Help care for the wounded or fill important Navy job by joining the Waves. Twenty thousand new recruits are needed, and food and housing allowances have been substantially increased. See your nearest Navy recruit office.

MAXIMUM SUGAR FOR CANNING IS 15 POUNDS

Fifteen pounds of sugar is the maximum to be allowed to any one person for home canning. OPA emphasized, correcting a misunderstanding by housewives concerning home canning sugar allotment. Only housewives planning to can enough foods to require this amount of sugar are eligible to receive this much and they will receive it only where local sugar quotas permit such allocation, OPA said. In order to secure this amount, the housewife must establish to the satisfaction of her local ration board, that she actually is going to do this much canning.

MEN TO GET INCREASE IN TWILL WORK CLOTHES

A temporary increase in the amount of herringbone twill available for production of men's work clothing will result from the declaration of a "holiday" for about three months in procurement of this type of finished cotton fabric by the Army Quartermaster Corps, WPB announced. Though the "holiday" is effectively immediately, WPB said, it will be about six weeks before it is reflected in increased quantities of work clothing.

MORE FEED BAGS TO BE MADE OF DRESS PRINTS

The farm woman who likes to have animal and poultry feed delivered in bags she can make into dresses and household articles will be permitted a continuance of this wartime aid, WPB said. A ceiling approximating the 1944 peak-year "cut-up" of such material, has been established on the use of dress prints for making new commercial bags.

NEW SHOE STAMPS VALID IN AUGUST

The new shoe ration stamp that OPA announced would become valid August 1, 1945, will be Airplane Stamp No. 4 in War Ration Book No. 3, the agency said. Airplane stamps Nos. 1, 2 and 3 are good indefinitely, OPA added. The last stamp was validated November 1, 1944. OPA pointed out that the intervals between validation of stamps

HELPFUL SUGGESTIONS for the many electric refrigerator owners we serve

Your electric refrigerator is waging a continual battle in your home against harmful bacteria, against waste. It is as important in the war effort on the home front as are planes and ships on the battle fronts.

Take good care of your refrigerator and enjoy even greater efficiency and longer life from your food-saving electric servant by following these simple suggestions:

Don't place hot foods in your refrigerator. Let them cool first.

Place a cover over warm foods.

Don't open the refrigerator door more often than absolutely necessary.

Don't leave the door open while carrying food to other places.

Defrost frequently, at least once a week. When the frost on the freezer unit becomes more than a quarter of an inch thick, it lowers efficiency of your refrigerator.

Speed up defrosting by placing hot water in the ice cube trays. After defrosting is completed, change the hot water to cold water for making ice cubes.

Keep the refrigerator at the normal temperature recommended by the manufacturer. Too low a temperature isn't necessary and may be wasteful.

depend on the available supply of shoes.

That the supply of shoes for civilians will be increased is indicated in the downward trend in the production of Army footwear. The War Department announced that production of Army combat boots will be reduced in September from 2,100,000 to 1,500,000 pairs and that of Army service shoes will be lowered from 700,000 to 350,000 pairs during the same period. This decreased schedule will be continued throughout the fourth quarter of 1945. Announcement at this time of the reduction in Army footwear needs will provide a 60-day span during which time the shoe industry will be able to prepare for increased civilian production.

To increase the serviceability of non-rationed shoes for juveniles and men, manufacturers will be permitted to use leather welts and lightweight leather insoles in these types of non-rationed shoes. OPA said. Straight or short shield tips and backstays of pigskin leather also will be allowed on these shoes.

PRESIDENT TRUMAN URGES FARM SAFETY

By Presidential Proclamation the week beginning July 22 will be observed as National Farm Safety Week. In issuing this proclamation, President Truman noted that the skill and labor of the Nation's farmers is a vital factor in winning the war and the production of food one of the most essential means of winning the peace, that the inevitable decrease in available farm labor this year creates an especially urgent need for conserving farm man and womanpower to meet production goals in 1945. The President accordingly urged that farm people everywhere observe National Farm Safety Week by making a check in their homes and on their farms to eliminate accident hazards.

The necessity for accident prevention is clearly seen in figures compiled by the National Safety Council showing that nearly 17,000 farm people were killed and 1,500,000 were injured last year. Of the injured, at least 15,000 were crippled for life. More farm people were killed by accidents in America's first two years participation in the war than the number of United States fighting men killed in the war itself. Enough time was lost from farm accidents last year to produce any one of the following:

93 pounds of beef for each of the 137 million people in the U. S.

144 pounds of pork for each of the 137 million people in the U. S.

10 bushels of corn for each of the 137 million people in the U. S.

7 1/2 bushels of white potatoes for each of the 137 million people in the U. S.

More than half of the accidents occurred in the farm home. According to the Council, 7,500 members of farm households are killed accidentally at home each year. These home accidents, the Council continues, place a firm responsibility on the woman behind the man behind the plow. It therefore suggests that, in keeping with the plan of the National Farm Safety Week, Mrs. Farmer learn the hazards around her home, eliminate as many of them as possible, and act in a manner to avoid any remaining hazards which cannot be removed.

Perhaps it will take some actual building to remove some of the hazards. For instance, are there handrails on all stairways? Are there broken stairs on which members of the family have already tripped or fallen? Those hazards can be "built out" of the farm home. And what about lighting? Are there dark passages in the halls, stairways, and storage rooms? Adequate lighting is a prime requisite for safety in any home. Dual switches at top and bottom of stairways will make for convenience as well as safety. Lamps, vases, which frequently are tripping hazards, should be placed so there is no danger of a person falling over them.

Storage space plays an important part in home safety, the Council further points out. Adequate storage means that housekeeping tools, such as brooms, mops, pails and solvents, have a special place and are kept in that place instead of cluttering stairways and halls. It means that seasonal equipment is out of the way and safe from fire. A locked compartment for all poisonous products and for firearms will protect the family from accidental poisoning and death from firearms. There should be a place for storing children's toys and sports equipment, and children should be taught while yet toddlers to put things in that place. In the kitchen, storage space is especially important. A knife rack out of the reach of children, a separate drawer for

Out-Of-Town Men Buy Pigs From Local 4-H Club Boys

The county agent from Tahoka and the vocational agricultural teacher from Wilson were in this city Tuesday, July 17, in the interest of securing pigs for 4-H Club programs.

They bought 9 pigs from Dawson County 4-H Club boys. Five were purchased from Walter Truitt, 1 from Edd Lauderdale, and 3 from Jeff Rainey.

The local county agent reports that he is shipping one of Edd Lauderdale's gilts to Amherst to be used in 4-H Club programs there. The shipment was made today (Thursday).

All the gilts, which were sold were registered duroc pigs.

4-H'ers Will Secure Calves Here Aug. 1

A number of Dawson County 4-H Club boys will meet August 1 in the county agent's office to proceed to the Woodward Ranch where they will buy beef calves for dry lot feeding. The boys are to meet at the agents office at 8:30 a. m. Wednesday morning, August 1.

4-H Club boys who have indicated their intentions of securing calves include Ben Mac Dopson, Gilbert Sherman, Clarence Wright, Willie Gene Davis, J. C. Freeman, Jr., Billy Ray and Adron Anderson, Wilburn Lobstein, Wilbur Ray, Ralph Earnest, and James Pearson.

Rev. Morton To Bring Saturday Sermon

The Rev. Clarence A. Morton, minister of the First Baptist Church in this city, will deliver the regular Saturday afternoon lawn service this week at 3 p. m.

This will be Rev. Morton's first time to preach at the summer afternoon lawn services, and everyone is cordially invited to hear him.

HENNINGSEN FEED DEPARTMENT

Henningsen's Are Grading Eggs As Part of Activities

Executives and employees of Henningsen Lamesa, Inc. are busy using the resources at their command to supply Army personnel and civilians with the various products and food essentials which they need. They have complete equipment for their production program and at the present time employ approximately 125 workers to keep the operation at Henningsen Lamesa, Inc. going at top speed and in good order.

The firm, which includes three units—the main plant, poultry division, and feed mill—is located just off the Lubbock Highway.

At the present time activities at the egg division of Henningsen Lamesa, Inc., are varied. The firm is currently grading eggs, as the Army demands strictly clean eggs. Officials state that egg producers can

make more money by selling their eggs on grade, and they hope in the future to inaugurate routes which will cover all Central West Texas by which they can receive your eggs sooner, thus enabling the business to pay higher prices for the eggs which will be in a better condition because of earlier and quicker deliveries.

If you are interested in realizing more money for your eggs, it pays to produce better eggs and to sell them on a graded basis. You can produce better eggs by gathering them often each day, by keeping clean, dry straw in the nests, by providing plenty of nests, by feeding well balanced diet, and by holding the eggs in a cool uniform temperature until making delivery. Dirty eggs are said to be the cause of more undergrades than any other defects.

The company is breaking and freezing the balance of their eggs. They have an output of approximately 3,000 cases per week in their various egg programs.

Additional activities at the firm involve the dressing of poultry for Army and civilian use. Henningsen Lamesa, Inc., averages dressing 26,000 pounds of poultry per week to supply citizens with this meat.

The company has been in the forefront of the business life of this district for a number of years, being the largest plant of this type in this territory and employing numerous people to fill their quota of quality production.

Lamesa BUSINESS AND PROFESSIONAL Preview

Presenting each week news about live, progressive firms and individuals of Lamesa

Britt Trucking Company which is owned by E. A. Britt and which is located on the Seminole Highway is recognized as the largest livestock hauling firm throughout Texas and New Mexico. The company features livestock hauling, and in addition to this they are equipped to haul furniture, feed, oil field equipment, frozen poultry and eggs. The firm has a fleet of 12 trucks and is prepared to service Texas, Oklahoma, Arizona, and New Mexico. Appointments for hauling service can be made by calling 175 or by calling in person at the company.

Twelve Trucks Enable The Britt Trucking Co., To Offer Extensive Service Over A Large Territory

Recognized as the largest livestock haulers in Texas and New Mexico is Britt Trucking Company which is located in this city on the Seminole Highway, and which has maintained this record for the past 7 or 8 years.

E. A. Britt is owner of this firm which has the needed equipment to service and cover all Texas, Oklahoma, Arizona, and New Mexico.

Mr. Britt operates a fleet of 12 trucks to carry out his hauling activities. The trucks vary in sizes and types and include vans, reefers or refrigerated vans, stock trailers, and two wench trucks. With these various trucks included in his fleet he is able to haul all types of livestock, which is a specialty of the business, as well as furniture, feed and oil field equipment. The refrigerated vans which can be adjusted to a proper temperature for the products carried in them afford the delivering of frozen poultry and frozen eggs. The wench truck enables the firm to tow in wrecked cars and trucks and to do oil field work.

When the business is operating in full swing a total of 25 men are employed at the firm. Hauls made by the Britt Trucking Company are insured.

Mr. Britt has had long experience in the hauling business, having trucked in Northern Colorado for 2 years, as well as in New Mexico, prior to coming to this city.

When he first came here he operated a fleet of two trucks, and since that time he has seen his business expand until it presently maintains 12 trucks.

The Britt Trucking Company has been situated at its present location since 1939, and five years previous to that time it was located at Gordon McGuire's Service Station in this city.

Latest News From THE HOME DEMONSTRATION AGENT

MYRTLE DICKIE NEGY
County Home Demonstration Agent

FALL GARDENS

One statement that garden specialists make to home demonstration agents in the South Plains area is, "there is usually a period between the last freeze in the Spring and the first Fall frost when there is moisture enough in the ground to grow a garden."

It looks like that time may be now. We have talked to garden specialists at Texas Tech and have a letter dated this week from C. H. Hoston, Emergency Horticulturist Assistant of Extension Service, about Fall gardens.

Here are some of the things they say to plant now:

English Peas: Plant from July 15 through August 1. Same varieties as for Spring should be planted at this time. Soak seeds in ice water 4 to 6 hours.

Greens: Small patches at intervals for the next two months or longer can be planted, as well as

spinach, tender greens, Swiss Chard, etc. Remember to roll Swiss Chard seeds.

Radishes: Plant short rows at intervals for the next two months. Scarlet Globe is a good variety.

Beets and Carrots: Plant plenty to last through until Spring. Roll beet seeds on rolling board with rolling pin. Be sure all hulls are cracked. Soak cracked beet seeds and carrot seeds 4 to 6 hours in ice water before planting. Good varieties are Detroit Dark Red for beets and Conover's Half Long for carrots.

Lettuce: Short rows of Black Seeded Simpson should be planted at intervals for leaf lettuce; and one longer row or bed of New York for head lettuce can be planted. Soad seeds in ice water 4 to 6 hours before planting.

Corn: Plant corn from July 15 through August 1. Good varieties are Honey June Corn and Golden Bantam.

Squash: Plant it from July 15 through August 1. Yellow Crook Neck is a good variety. Four or five hills around a "tub" garden would probably furnish a family with all they want.

Beans: Plant them from July 15 through August 1. Three good varieties are Giant Stringless Green Pod, Foodhood Lima and Blue Lake Green Beans. The Blue Lake is excellent for freezing.

Cucumbers: A few hills around a "tub" garden or in the field or garden might make lots of cucumbers. Stays Green is a good variety. Cabbage: Get seed and plant in rows immediately. Thin out later to 12 to 15 inches. Try Jersey Wakefield or your favorite variety.

Kohl Rabi and Collards: Start them now, as they will furnish good greens after the first frost.

Onions: Plant seeds directly in row. Thin at 2 1-2 inches to 3 inches. Try yellow or white sweet Spanish, Bermuda, or a good multiplier. They may not make bulbs but should make plenty of good green onions for the table.

Okra: White Velvet is a good variety to plant.

Peas: Plant plenty of these. They can and freeze wonderfully well. Blackeyes, cream, purple hulls are good ones to plant.

Tomatoes: Try planting a few in rows or around "tub" gardens. Plant seeds where they will not have to be transplanted. Porter, Porter Improved, and Bison are good varieties.

Scientific Care Of Cosden Dealer Will Benefit You

On America's wartime highways Cosden users have watched their mileage climb and smile with satisfaction as it rolls up and as they receive high mileage reading from each gallon of gas, and as they have smooth driving at all times.

Cosden dealers are pledged to help keep the nation's motor transportation units rolling — and their unmatched system makes it possible for them to provide you with the service you want whenever it's needed. The products they stock are the right products to preserve the vital motor transportation of America.

Army regulations on machine servicing are strict. The Army has proved that regular, scientific care pays off—in terms of more machines in action and fewer mechanical failures.

This is exactly what's needed on the home front. Your older car and machines must last. More than ever they need the finest care — regularly. The place to get it is at Mc. McGuire & Campbell, your Cosden dealer.

Like the Army specialist, your Cosden dealer leaves nothing to chance. He is well equipped, and when he finishes with your vehicle, engine, gears, and radiator are thoroughly protected, and are ready for the services they need to perform.

Next time you need oil and gas call at McGuire & Campbell. Their oil is tougher in strength and tougher, too, in resisting sludge formation. Their gas will keep your cars and other vehicles smooth-running longer.

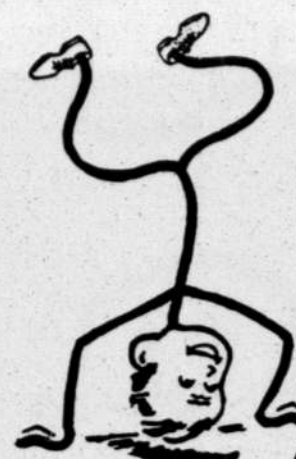

Exceptional service and quality products are your assurance when you trade with your Cosden dealer, and with vehicles having to last longer, you will want to take advantage of their service.

The firm keeps a fleet of trucks at their business to make prompt and efficient deliveries to farmers in both Dawson and Gaines Counties, and they will be happy to service you upon request.

ies. Marglobe might do well. Grow that garden and forget about food shortages.

They Just Happened To See Eye To Eye

SPRINGFIELD, ILL. (AP) — A rare instance of double trouble was written recently into the records of St. John's Hospital. Two men came in at three p. m., for emergency treatment. Both had eye injuries. Both lived in nearby Riverton. Each was 58. Both had the same family name—Rosetti—although one was cristened Valentino and the other John. Attaches figured they were twins, but it turned out they were unrelated.

BRYAN STREET MISSIONARY BAPTIST CHURCH

E. L. JONES, Pastor

PULLING A SEINE THROUGH THE CHURCH.

Matt. 13:47-48.

I was reared in East Texas where my brother and I spent much of our spare time fishing. Often we take our home-made seine and drag it through the small streams, picking out what good fish we would catch and throwing the bad away. In each drag we would catch many things that were not fish. The above Parable calls to my mind these experiences and suggests the following:

Should we drag a seine through the average church today we likely would find some things in it that God would not be able to use for his glory. One of the things we would find would be the Sucker. He never grows large enough to be of any use to man. So often we find church-members that have been in the church for many years and have not grown spiritually, but are still babes in Christ. One of the saddest sights we have ever seen is a child that is several years old and for some reason beyond our control is very little larger than when they were born. This we cannot do anything about. But Christians can grow into stalwart men and women for God. We have too many 'sucker' church-members.

Another thing that my brother and I would find was the Leech. This little fellow was a parasite. He would fasten himself on our feet and legs and he was hard to remove. He lived at the expense of others, sucking blood from their bodies. Many church-members never contribute to the expense of the church but derive the blessings the church gives to the world and hold on to the church as long as they are not called on to support it. The most numerous thing that we would catch was the Crawfish. This guy could be found anywhere there was a hole of water. He will seldom go forward. Sometimes he would venture forward slowly, provided there was something to feast upon, but just as sure as some little disturbance came in the water he would run backward just as fast as he could. So some church-members will come to church as long as there is something for them to derive benefit from, but let some little disturbance come and they run back home and cry: 'I will not go there again, all they do down there is fuss.' Another of their characteristics is to always be hunting something to pinch. Pinch, Pinch, Pinch. Never helping, but always Pinching.

The most inactive of all was the Mussel. He would lie on the bottom of the stream with his shell open to catch any food that passed his way. He never traveled about very much, but always waited for the food to come to him. Many church-members never put forth any effort to help the church and go to church very little. They will not go to hear the preacher but complain if the preacher does not come to see them. They want the other person to do the 'going.' If someone disturbed them in their ease they would close up in their shell and would have to be pryed open. Inactivity is their main characteristic.

The least appreciated of all was the old Mud Turtle. He would spend the winter months buried beneath the mud at the bottom of the stream. Then when the warm summer sun would shine out he would come creeping up to the bank and take his seat on a log. But when the summer was over he would go back to the mud. He is like the church-member that stays at home and in the 'Mud of worldly pleasures' until the Summer Revival begins, then he will show himself for a few weeks. When the summer months are gone he cannot be seen again until the next summer.

If it were not for the active, wide-awake 'Trout' and the dependable 'Channel Cat' the church could not carry on for the Lord.

FOLLOW ME AND I WILL MAKE YOU FISHERS OF MEN. Matt. 4:19.

COURTHOUSE NEWS

The following records were taken from the county clerk's office beginning July 7 and extending through July 16:

THE Army Answers
Your Personal War Problems

Your questions on allotments, insurance, legal problems or other matters as they relate to Army Personnel and their dependents will be answered in this column or by letter. Write Headquarters Service Command, Dallas 2, Texas.

Q. My husband was killed in action. I have been told that I will not be able to collect both a pension and benefits from his National Service Life Insurance. Is this true?
A. No. You are entitled to receive both the pension and the National Service Life Insurance payments, providing you were named beneficiary for the insurance and can prove eligibility for the pension.

Q. My husband has been overseas 22 months. How many more months will he have to stay before he can get a furlough home?
A. While time limits cannot be set for furloughs home from overseas, it is the Army's intention to grant such furloughs wherever possible. Your husband can be given a furlough only if he can be spared from his organization, if a suitably trained soldier can be secured to take his place, and if transportation is available.

Q. If a soldier over 40 years of age applies for a discharge because of age, does he lose his mustering-out pay?
A. A soldier discharged because he is over 40 loses none of the benefits for which he is otherwise eligible.

Q. My Army discharge contains reference to certain physical disabilities which have been embarrassing to me. I understand the Army will issue me a new certificate without these references. To whom should I apply?
A. Application for changes in discharge certificates should be sent direct to The Adjutant General, Washington 25, D. C. Include your original discharge certificate with the application. To safeguard your discharge, registered mail is advised.

Q. If a soldier over 40 years of age applies for a discharge because of age, does he lose his mustering-out pay?
A. A soldier discharged because he is over 40 loses none of the benefits for which he is otherwise eligible.

Women Learn Facts About Marketing At Tahoka Meeting

Three Dawson County women including Mrs. C. F. Gowen, chairman of the local council's marketing committee, Mrs. Lance Furlow, member of the committee, and Mrs. Myrtle Negy, county home demonstration agent, attended a marketing meeting in Tahoka Tuesday, July 17.

Miss Kate Adele Hill, district agent, and Mrs. Myrtle Murray, home industry specialist from the Extension Service of A&M College, conducted the meeting which was also attended by Miss Carolyn Dixon, county home demonstration agent and 9 council members of Lynn County.

Mrs. Murray gave a detailed account of accomplishments of marketing committee over the state and discussed ways to make marketing more helpful to women of the two counties represented. She stressed the fact that marketing should include good buying as well as profitable selling.

Mrs. Negy reports that meetings will be held in Dawson County by the chairman of the marketing committee to train leaders in the communities in the marketing line.

Pfc. Troy L. Jones Is Given Battle Stars

Pfc. Troy L. Jones of 401 North Dallas Street in this city is a member of the 185th Port Company and helped accomplish successfully two of the U. S. Transportation Corps most gigantic supply projects, and has been awarded battle stars for the campaigns of Normandy, Northern France and the Rhineland.

On the Omaha beachhead in Normandy on D-Day and at the Antwerp Port last November, men of the 185th unloaded supply ships under fire. For five months, Antwerp was subjected to intense V-bomb attacks, but the port of Antwerp became the chief port of entry for war material.

It unloaded supplies into rhino barges and landing craft during the Normandy operation. At Antwerp, these men operated cranes and other dock equipment and supervised civilian laborers.

Mr. OLIVE
Bertrena Stoudt

We will have preaching Sunday morning and evening. Everyone is invited to come.

Those who have been visiting with Mr. and Mrs. Howard Stoudt were Mr. and Mrs. W. E. Sargent of Granbury, Gordon Payne of Dallas, Mr. and Mrs. Thurman Sargent and son of San Antonio.

Miss Bessie Lisenbee of Lamesa spent the week end with Mr. and Mrs. Alvis Lisenbee.

Lee Cooper made a business trip to Sweetwater Wednesday.

Sgt. James Young who has recently returned from the European Theatre of War is visiting here with his parents, Mr. and Mrs. Elmer Young.

Try Hot Water Plus After Meals For Acid Upset Stomach

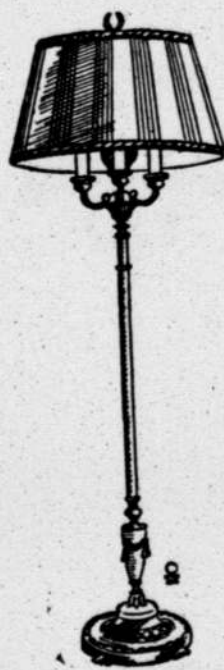

Here is welcome relief from the distress and discomfort caused by excess stomach acid.

Just introduced to the druggists of this state is a remarkable formula called Neutracid. Its name tells the story of excess irritating stomach acids being robbed of their power to cause upsetting distress.

There's nothing quite like Neutracid. Its fast action means quick relief and this alone should merit a test. So why not get a package today. Put one teaspoonful of Neutracid in half a glass of hot water and drink right after meals when distressed. Bryant Drug and all good druggists have this new and remarkable formula for excess stomach acid.

Price Brothers, Overseas Vets, Here For Visit

James S. Price MMR, 2-C and Pfc. Lynn C. Price, both sons of Mr. and Mrs. S. O. Price of 708 South Second Street in this city, are visiting here now, each having served on foreign duty on two separate occasions. Their meeting here marked the first time the brothers had seen each other since February of 1942.

James Price arrived here Monday, July 9 for a 30 day leave, after which time he reports to Dallas, and from there he will be sent to San Francisco, California. He entered the service in October of 1942, and received his training in Rhode Island. He received orders for foreign service and sailed for his first time the latter part of 1942. He went to Ireland first, landing there in December of 1942. From there he went to a point in the southern part of Africa where he remained for five months, after which time he was transferred to Casa Blanca. He returned to the States in June of 1943, and was given a furlough for a visit home.

James remained in the States approximately 1 month and was given an overseas assignment, this time sailing for Burma Islands where he remained approximately 20 months, after which time he was sent home and was given leave to visit here.

He is a machinist mate refrigeration man, and his duties are to care for supplies in storage houses.

His brother, Pfc. Lynn C. Price entered service in February of 1942. He is a member of the Marine Corps, and sailed for his first overseas assignment in October of 1942 when he went to New Zealand. He went from New Zealand to Guadalcanal, where he saw action and participated in several battles. He took malaria and was sent home in April of 1942.

Marine Pfc. Price remained in the States approximately 2 years and then sailed for Pearl Harbor. He was at Pearl Harbor for several months, and was then transferred to Camp Pendleton in California where he has been receiving infantry training for the past 3 months.

He arrived in this city Friday, July 13 for a 20 day furlough after which time he reports back to Camp Pendleton, California.

Both boys were employed in this city prior to entering the military service. James worked at the ice plant, and Lynn, who is a former student at Lamesa High School, was employed for a short time at Lamesa Creamery.

Lamesa I. O. O. F. Installed New Officers Tuesday

District Deputy Grand Master Pat Garrett visited Lamesa Odd Fellow Lodge No. 289 Tuesday night, July 17, and installed the following officers: King Gist, N. G.; Rex Smitherson, vice grand; J. E. Garland, chaplain; and W. C. Land, warden.

The new officers appointed their assistants who also, were installed. A complete list of officials was unavailable at this time.

Retiring officers included J. D. Dyer who served as N. G., for the past 2 terms. During this time the lodge had experienced a remarkable growth, having tripled its membership during the past year according to the secretary of the lodge, Frank Lane retired from his position of vice grand.

After conferring degree work Tuesday night, the newly installed officers invited members to a local cafe where they served refreshments to all present.

Local Schools Got \$2 Apportionment Payment Recently

P. K. Humes, county superintendent, stated this week that the schools in this county had received their final apportionment payment for the 1944-1945 school term.

He reported that the payment amounted to \$2,000 and that it completed the \$25 apportionment payment for the year.

Mr. and Mrs. Jim Phillips of San Angelo are visiting here this week with Miss Louida Hatchett and other relatives.

D. Rogers, Who Has Six Battle Stars, Home Now

Seaman First Class Dalton Rogers, wearer of six major battle stars and the Philippine Liberation for the Philippine Campaign, is now home on furlough.

The son of Mr. and Mrs. B. A. Rogers of 1207 Garner Street in this city, he entered service 17 months ago. He received overseas orders and sailed for foreign duty 15 1-2 months ago.

After the completion of his leave, he is slated to report to Long Beach, California, on August 1.

His wife and son, Gary, who is four years old, live in Saginaw, Texas.

Official Sales Of Seventh Loan Drive Are Given

Carl Rountree local War Finance Chairman has received final Seventh War Loan official sales figures from Judson S. James, Jr., executive manager. Ed Dierose served as chairman of the Seventh War Loan Drive. The information on the official sales is printed in the letter which follows, which was sent to committee chairmen:

The Seventh War Loan sales tabulation has been completed by the Federal Reserve Bank. Since it will be several days before we can prepare for distribution the detail sales report showing sales of all issues by counties, we felt that you would like to know immediately your final official series E and over-all figures. \$375,596.25 series E bonds were sold during the drive, and \$840,563.25 over-all bonds were sold. The E quota amounted to \$445,000,000 with the over-all quota was set at \$770,000,000.

This tabulation is final and we hope it approximates your figures. You may not be able to accurately reconcile it with your unofficial tabulation due to outside credits unknown to you or reports and credits which failed to arrive at the Federal Reserve Bank by July 9.

This has been a tough drive for everyone, but thanks to you and your organizations of workers Texas, on the final tabulation made its Series E quota. Series E Sales for the state were \$107,529,967 or 101.5 per cent of the quota. Over-all sales were 178 per cent of the state quota.

M. B. Hill, county agent from Smith County, and his wife were Lamesa visitors this week. They visited with Mr. and Mrs. John W. Palmore here, and with Mr. and Mrs. T. A. Barfield.

The letter A represents six principal vowel sounds.

GOOD NEWS! To All Who Need a Laxative Now and Then

When you feel sluggish, stomach upset, low in spirits and somewhat "no account" because you need a good cleaning out, just LET YOURSELF IN FOR THE QUICK RELIEF THAT KRUSCHEN SALTS CAN BRING YOU. When you want relief you want it NOW!—you don't want to wait 6 hours (Kruschen acts usually within an hour). Caution—use only as directed. Regulate the dose to suit your own requirements. Plans Develop For Local Girls Softball League

Three local teams for the girls softball league have been formed in this city with 47 Lamesa girls signing up for play. The league will also include girls teams from Sparenberg and Ackery.

Modern Cleaners team which is to be managed by Millard McDonnell has these girls included on their team roster: Sybil Aten, Neil Scott, Francis Scott, Wanda Gregory, Una Ruth Friday, Juanita Taylor, Sudia Bell Tennyson, Faye Langham, Mae Braswell, Biddy Braswell, Viola Stovall, Nila Fay, Bonnie Malsburger, Blanch White, and Jane Riddle.

Modern Beauty Parlor's team which will be managed by Dutch Leuenberger includes these girls: Lavern Smith, Joan Neill, Charlene Atterbury, Dorothy Davis, Nellyne Martin, Lottie Parchman, Willie Bedwell, Billie Joyce Thurman, Nell Wade, Eddie Generasky, Almeta Griffin, Marie Weaver, Juanita McGraw, and Emma Gregg.

J. P. White will serve as manager for the Lamesa Tire & Battery team. The team roster lists Hazel Henderson, Darlene Russell, Elizabeth Atterbury, Anna Vogler, Freda Ragland, Rae Davis, Olena Shillburg, Iris Gregg, Verla Lowmire, Lavell Wood, Evelyn Scott, Faye Ruggles, Bobbie Anderson, Marie Garrett, Jonita Cox, and Edith Esmond as members.

The girls softball schedule will be worked in with the mens major league schedule, and they will begin play when the men complete their second half schedule for the summer season.

Miss Lunelle Zeek left Thursday for Washington D. C. where she will make her home.

H. A. Shipp, Jr., Seaman First Class in the United States Navy, is shown as he is being congratulated by Captain E. W. Litch, U.S.N., aboard a warship in the Pacific, after receiving a fleet commendation. Seaman Shipp is the son of Mr. and Mrs. H. A. Shipp, Sr., who reside in this city. (Official U. S. Navy Photograph).

Fifty Attended Water Meeting Held Here July 17

Approximately fifty were present for the Permian Basin Water Association's meeting which was held in this city Tuesday, July 17, at the park. Twelve local men attended the affair, and also present were representatives from Post, Levelland, Lubbock, Big Spring, Odessa, Midland, Slaton, and other nearby cities.

A watermelon feast was enjoyed by the group as a prelude to the program.

H. M. Roberts, engineer from Lubbock gave the program for the evening, speaking on the production and development of wells. He had some charts about wells and discussed well testing for quantity, how to treat wells, as well as pumps, power and equipment for different sized wells.

A business session was also held

at which time it was decided that the next associational meeting would be held in Odessa in August. Plans for getting a mimeograph were also approved.
