THE JUNCTION EAGLE

Volume 45

Junction, Kimble County, Texas, Thursday, November 15, 1928

Number 31

COMMISSIONERS' COURT KIMBLE COUNTY ORDERS \$50,000.00 BONDS SOLD

At a meeting of the Commissioners' Court of Kimble County last Monday an order was passed ordering the bonds voted in the Noxville district to be offered for sale. The notice appears elsewhere in this issue.

Mr. H. L. George, former division engineer for the State Highway Department, was employed some time ago to locate this road. With this road built a direct route from El Paso through Austin to Houston would be open. The people of Fredericksburg and Harper are very anxious that this road be built.

At the present time no aid has been promised by the highway department but it has been noticed in the past that no help is obtained from the highway department until the counties along the proposed highway have done something. When this road from Harper to some point near Segovia is completed, it is believed that assistance can be obtained from the State Highway Department.

The selection of the committee of thirty-one by Governor Dan Moody to recommend highway legislation to the next legislature shows that the Governor believes the time has come when Texas must make a fundamental change in her method of financing state highway construction, in order to speed up the development of good roads. If she does not she may soon find herself left behind in the race of progress among the states. With more mileage than any other state in the Union, and ranking fifth in population, Texas last year was classed 40th in highway building. With 20,000 miles of state roads, and constantly increasing demands for new designations, Texas spends only about one-third as much as several other states on her highways.

Trapping Season Opens This Week

The trapping season opens this week and will close on February 15. The following wild animals are declared as fur-bearing animals: Beaver, otter, mink, ring-tail cat, badger, polecat, raccoon, muskrat, opossum, fox and civet cat.

The term "trapper" is applied to any person who traps, kills or takes any of the animals or pelts thereof, mentioned in the above list, for the purpose of sale or barter, and every trapper must have a license to trap, except landowners and their tenants trapping on their own lands. Resident license fees are one dollar and non-resident, fifty dollars.

JOSEPH'S TOYLAND

Philip Joseph is remodeling the building recently vacated by the Junction State Bank and will show a full line of Christmas novelties and holiday gifts Saturday morning. His present large building and this additional building have been thrown together, and he now has one of the largest buildings in all this section of Texas. Mr. and Mrs. Joseph state that they are prepared to keep holiday purchases until Christmas time.

Mr. Joseph says that he will have the most complete stock of dolls and toys ever shown in Junction. In fact, I think he has had word from Santa Claus that he will establish headquarters at his store. He has a full page advertisement in this issue of the Eagle telling of his opening Saturday morning.

Among those from Junction who attended the dance in Menard on November 11, were Mr. and Mrs. W. P. Riley, Misses Tottie Martin and Julia Weathered, Mr. and Mrs. Aubrey Hill, Lucile Taylor, Fred Mudge and Max Riley.

HUNTING SEASON

With the opening of the hunting season many accounts will be found in the papers telling about accidental discharges of guns in which some friend is killed or maimed. Everyone thinks when he goes out on a hunt that he will be careful, but when in the woods he forgets all his good resolutions and often tragic accidents happen. It is too late to think after some friend is hurt or killed.

New Location Made For City Standpipe

Every week finds further developments in the Junction Water Works system, and it will not be many days until actual construction will begin. Messrs. O'Neil and Garner of the Municipal Engineering Company of Dallas were here this week, and they are as anxious as the people of Junction to get the work started.

The location for the large tank was made Tuesday on the side of the mountain in the western part of the city. The base of the tank will be more than one hundred feet above the business section of the city. This elevation with the large mains will give everyone all the pressure needed.

In a meeting of the City Council Tuesday afternoon, the contract for hauling the pipe etc., from Menard was awarded to Buck Frazier. There will be about 600,000 pounds of the material which will mean many loads. Four bids were submitted to the Council.

Ocean Claims 122 When Vessel Sinks

More than 200 of the 328 passengers and crew of the steamer Vestris who abandoned their sinking ship off the Virginia capes Monday were safe Tuesday, but for the rest, some of whom could be seen floating dead upon the stormy waters, there was almost no hope.

As darkness of the second night since the castaways took to lifeboats and a makeshift raft settled over the gray waters Vice Admiral Taylor of the battleship Wyoming reported by wireless that it was not thought possible any more of the unaccounted for were living and that he was leaving the scene of the disaster.

If the admiral's belief proves to have been well founded, the death list will be in the neighborhood of 120.

WEATHER REPORT

The past week has been unusually warm for this season of the year. It is cloudy every morning, but during the day the clouds pass away leaving almost summer weather. Very little moisture has fallen. It has been fine weather on goats and sheep that have been clipped the past few weeks.

BIERSCHWALE TAKES BOYS TO BROWNWOOD

Mr. A. J. Bierschwale, vocational agriculture teacher in the Junction High School, and some members of his class left Wednesday for Brownwood to attend a convention of pecan growers. At this meeting every phase of the pecan industry will be discussed and we shall expect to hear about the meeting when our representatives return.

The readers of this paper have noticed from week to week the good work Mr. Bierschwale is doing in his vocational agriculture class in the Junction school. They will make real farmers in the future. Everything pertaining to the farm and farm work is taught the boys by Mr. Bierschwale.

Partners in Service

KIMBLE COUNTY C. OF C. HOLDS ANNUAL MEET

Good Report Made by Sec'y. J. B. Stevenson
C. T. Holekamp Succeeds W. H. Baker;
Nine Directors Elected.

An interesting, enthusiastic and enlightening annual meeting of the Kimble County Chamber of Commerce in connection with a bounteous banquet was held at the Fritz Hotel Tuesday evening, attended by about seventy-five members of the organization. The lobby and dining room were beautifully and profusely decorated with chrysanthemums of various colors. The Chamber of Commerce band played several numbers before the program opened at eight o'clock. President Weaver H. Baker presided during the evening in that free and easy manner of which he gave a spirit of freedom to the meeting that was enjoyed by all. Elder J. S. Newman, pastor of the Church of Christ, led the invocation.

Secretary J. B. Stevenson read his report of the accomplishments of the organization during the year, which appears at the close of this article. He prefaced his report with a brief history of the organization since its beginning in the early part of 1927, which revealed the fact that the Kimble County Chamber of Commerce has accomplished practically all the objects set forth in a resolution adopted by the body following its reorganization.

Rev. G. W. Crabb, pastor of the Baptist Church, offered thanks for the banquet which began at 8:30. This was one part of the evening's program in which everyone present took an active part. Following the banquet three brief addresses were delivered before the benediction was pronounced by the Rev. Milton F. Hill, pastor of the Methodist Church.

Judge J. B. Randolph, speaking on the subject of "Twenty-five Years Ago and Today," brought out many laughable incidents. To show that the country has grown better as it has developed he told how gambling used to be indulged in under a tree just north of the courthouse; how protracted meetings were sometimes broken up by giving dances in the courthouse while the meetings were in progress, or horse races held here

SUBSCRIPTION LABEL

The management of the Eagle appreciates the liberal response to the little notice in the paper recently about the expiration dates on the label. Many have called and renewed and there have also been several new subscriptions brought in. If your label reads 11-28, it means that your subscription expires this month. If it reads 6-28, it means that it expired last June. An early renewal will be appreciated.

Hoover Majority Is Now 22,258 In Texas

The election returns were canvassed by the various counties last Monday and the daily newspapers have had to turn to other sources for material for their columns. Many wondered what the editors would find for the dailies after the election closed. There are enough robberies and murders every day to fill the columns of a large paper. This is poor food for the mind, but many papers are full of it.

Reports from all of Texas' 253 counties, 234 of them complete, Tuesday gave Herbert Hoover a 22,258 vote majority over Alfred E. Smith.

The totals, as announced by the Texas Election Bureau at 2 p. m., were: Hoover 369,409, Smith 347,151.

The Republican Congressman from the San Antonio district is leading by 128 votes with a few not yet reported. It is believed that he will be re-elected.

Look Out, Wild Game Hunters Are Coming

Hunters have been coming in this week from many parts of Texas and other states to be here when the season opens in the morning. Several have stated that the turkey crop is light this year, but the number of deer is about as usual. The cold weather in April probably affected the turkey crop. However, there are a number of them over the country.

In last week's issue of the Eagle was given a summary of the game laws for this section. There was one error in the article relative to permits to be secured by ranchmen who let people hunt on their ranches. The article stated that ranchmen must secure permits to let friends hunt on their lands. This is true only when a charge is made. Anyone can invite friends to hunt on their premises without securing a permit from the State, provided no charge is made for hunting. This is the first year that it has been necessary for land owners to secure permits from the State.

Mr. S. O. Durst reports that Mayor T. C. Dunklin of Sonora woke him up about 1:30 o'clock Saturday night and turned over to him a young buck that he had struck with his car between Junction and Kerrville. He was running rather fast when he struck the deer and his car was damaged considerably. This is the second deer that has been blinded by the lights of cars and killed during the past three weeks.

Lucille Williams, Elsie Martin, Lucile Taylor, Nancy Fred Dunderstadt and Lemuel Jones were considerably shaken up Wednesday evening when the car they were in had a wreck turning a corner. It was reported to the Eagle office that the car, belonging to Roy Williams and driven by Elsie Martin, struck a telephone post. Lucile Williams suffered a bad cut over one eye which required six stitches, it was stated. Elsie also received a cut on her face. The others received only minor bruises.

RED CROSS DRIVE IN KIMBLE COUNTY SEEKS ONE HUNDRED MEMBERS

Mr. John S. Munn, chairman of the local chapter of the Red Cross, and Mr. J. B. Stevenson, chairman of the 12th annual roll call of the Red Cross, are anxious for the drive for one hundred memberships for Kimble County to be completed this week.

The American Red Cross in order to meet the increasing demands for service in disaster work and in the development of its other most necessary activities, which are increasing in significance and extent in response to the public interest, finds it necessary to have a representative membership in this country of five million members. Kimble County has been asked to secure only one hundred of these. These memberships cost one dollar each and half the money remains with the local chapter.

Mr. Munn furnished us some data this week which shows that nearly seventeen million dollars were expended last year in relieving suffering and distress among our people in section hit by disasters. When a storm, a flood, cyclone, or some other disaster strikes a community, it is not many hours until the Red Cross is on the scene relieving the suffering.

Committees are at work in Junction this week securing the memberships asked for Kimble County. If you have not been seen, hand or send your money to Mr. Stevenson, Mr. Munn or some member of the committee.

Mr. Shaw made a brief address at the annual meeting of the Chamber of Commerce Tuesday evening. He told of the relief work at Rocksprings following the storm there, and the work in the Mississippi Valley during and following the flood several months ago. The activities of the Red Cross are not limited to war times, but functions as effectively in times of peace.

Commissioners' Court Appoints Auditor

At the regular term of the Commissioner Court in Junction Monday, November 12, Mr. John S. Munn was appointed to audit the books of the county, including the books of the Kimble County public schools, by the close of the year 1928. Some of the present officers will retire at the close of the year and they are anxious that an audit of the books be made before they retire.

The retiring officers, those re-elected and the officers elect are all capable and efficient men, and the affairs of the county have been well cared for and with the new administration everything will continue to move along smoothly.

AUTO LICENSE PLATES

Tax Collector Dee Gibbs received word from Austin this week that his receipts for automobile licenses had been mailed to him. He has had the numbers some time. The new numbers are supposed to be purchased by January 1.

One and one-half million pairs of 1920 automobile licenses have been distributed to the 252 counties of Texas. The registration period will open in most counties when the receipts are received and close on January 1.

The metal plates were shipped from the factory direct to the counties in approximately 29,000 boxes weighing 40 pounds each, for a combined weight of 1,160,000 pounds or 20 carloads of 60,000 pounds capacity each.

There was a total registration of 1,126,982 automobiles in Texas in 1928 as compared with 194,720 in 1917, an increase of about 800 per cent. In recent years the annual increase has been 10 per cent Lloyd said.

(Continued on Page Four)

Grand Opening of Toyland

We are pleased to announce to the people of Junction and Kimble County that we will open up an addition to our store in the building that has just been vacated by the Junction State Bank, adjoining our store. We will open on Saturday morning with an enormous stock of Christmas and Holiday goods.

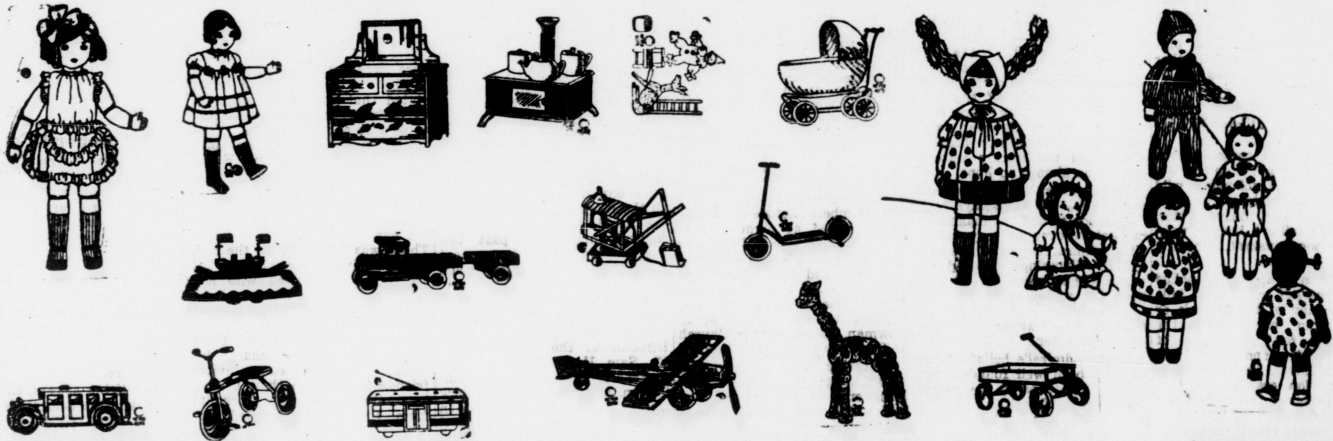

We will have everything in there to enable you to do all your holiday business, and all your Dry Good trading in one large, convenient store. We are going to be able to handle the crowds, and everything will be well displayed. We will have a large room where we will keep all your purchases for you up until Christmas Eve, which will enable you to make your selection early and be all prepared for Christmas when it gets here, and still not be bothered with packages at home until you are ready for them.

We are going to have the most complete stock of dolls and toys that has ever been shown in Junction, at prices that are considerably lower than they have ever been. We will also have a complete stock of other Holiday Goods for every member of the family.

We are going to open up this addition with a bang Saturday morning and we are going to have special prices all over the building on things that you need for this cold weather. We want you to come in Saturday and look over our stock and see for yourself what a wonderful store you will have to do your dry goods and holiday trading in. Now that we will have larger quarters for our business we will be able to handle larger stocks than we ever have, which enables you to buy things cheaper from us, and have more of a selection to choose from.

Please take notice of the prices printed below, and come in and take advantage of them.

We will again say that we are pleased and proud to announce the first opening of our newer and larger store, for the convenience of the people of Kimble County, and hope to welcome you all at your earliest opportunity.

THE NOXVILLE BRAND

One of the largest ranch deals of recent years in the Noxville country was made last week, when H. W. Bierschwale sold part of his ranch and stock to R. C. Tatum for approximately \$65,000.00. Mr. Bierschwale will build a new home on the remainder of his ranch.

Charles Phillips, who has been staying with his sister at attend school in Christoval, came home this week and will start to school at James River.

Mrs. Lon Whetstone is visiting in San Antonio this week.

H. F. Sofge and family motored to San Antonio Saturday to do some shopping.

Miss Norma Lee Self is visiting in McKavett with her grandmother this week.

Grandpa Bierschwale spent a few days with his son, H. W. Bierschwale, of this community.

Mr. Fish and family of the Murr settlement, spent Sunday with Mr. and Mrs. Silas Self.

Remember Sunday, November 18, is our regular church day. Everyone come and bring a full basket.

SEGOVIA SIFTINGS

Mr. and Mrs. W. B. Dixon were business visitors in Junction Friday.

Miss Naomi Knowles spent the week-end in Ballinger visiting her parents.

Junction visitors Saturday were: Misses Louise Keithley, Louise and Teony King, Messrs. Frank Rembold, Walter Blackmon, Bryan Keithley, Mr. and Mrs. J. B. Murray, Mr. and Mrs. Travis Williamson and Mrs. Annie Beasley.

Miss Audrey Kirkpatrick was a Sunday afternoon guest of Miss Louise King.

Miss Louise Keithley spent Sunday afternoon with Mr. and Mrs. Justice Rouse.

Mr. and Mrs. Doug. Jones and children, H. D. and Eloise, were guests in the home of Mr. and Mrs. W. H. Dunk Sunday evening.

Robert and Ellis Davis visited in Kerrville Sunday.

Misses Opal and Maxine Jones and Nobel Jones, John Keithley and Granville Barker were guests of Louise and Gordon King Sunday night.

Mr. and Mrs. W. N. Hatch and son, Arlton, visited Frank Hatch at Mountain Home Sunday.

Mr. and Mrs. J. B. Murray spent a pleasant evening with Mr. and Mrs. W. N. Hatch Sunday.

Those who attended the football game at Kerrville Monday were: Mr. Bill Bishop and son, Mutt, Misses Naomi Knowles, Louise Keithley and Louise King and Gordon and Max King.

Edward Keithley visited relatives and friends in Segovia Monday. He is moving to Hunt, Texas, where he will work on a ranch.

Mr. and Mrs. Enoch Hatch and sons of Hunt, are visiting in the home of W. N. Hatch for a few days.

Mr. I. L. Wyckoff of Hunt, spent Monday with his daughter, Mrs. Luther Jones.

Mr. and Mrs. Luther Jones are moving to Junction this week. We regret to lose this good family from our community but wish them well in their new home.

There will be two basketball games on the Segovia courts Friday afternoon. Come and enjoy the fun.

We are sorry to report Nell Phillips on the sick list this week.

There will be a program and box supper at Segovia Friday night, November 23. Everyone is invited.

TEACUP TIPS

Teacup school has an enrollment of twenty-eight pupils.

The membership contest in the Teacup P. T. A. closed and the "reds" have to entertain the "blues." The P. T. A. has a paid membership of thirty-four.

The carnival at the school on November 2nd was very successful.

Miss Cartwright, teacher of expression in Junction has organized a class of twelve here.

School was dismissed last Thursday for Mr. Sam McCaleb's funeral.

Mr. and Mrs. J. B. Fisher have moved into their new

home. Mr. Wiley Fisher is now managing his father's ranch.

Mr. Algie Chandler of London has moved to the Wiley Fisher farm.

Mrs. Christian Simon reports her father still very sick in the hospital at Brady.

Mrs. Brown did not meet her music pupils Wednesday. We hope she was not ill.

The patrons of our school are to meet Friday and bring their lunch. The day will be spent in building see-saws and swings and have a general cleaning day.

The P. T. A. meets also and a short program on Armistice and Thanksgiving will be given by the pupils.

CURRENT NEWS

The jury convicted both Jose de Leon Toral and Mother Superior Maria Concepcion. The jury was out 1 hour and 40 minutes. The Judge pronounced a sentence of death for Toral and of twenty years' imprisonment for Mother Concepcion. The defense announced that it expected to appeal to the Mexican Supreme Court.

Taxable valuations in the city of San Antonio for the current year total \$230,080,000, an increase of \$16,114,380 over the preceding year, according to Frank H. Bushick, Commissioner of Taxation.

When the Forty-first Legislature meets in January it will be called upon to appropriate \$800,000 to support government on wheels. In other words, to expend that amount for traveling expenses of officials and employees for the next biennium. Various branches of the government requested that the Board of Control recommend more than \$1,000,000 for this item, but the board did some slashing here and there, deleting \$200,000.

Herbert Hoover will sail from San Pedro, California, next Monday on his good-will tour of South America. His first port of call will be Balboa, Panama Canal Zone, where a day's stop will be made so that he may inspect the Panama Canal. Beyond that the itinerary has not been announced.

COL. GOODNIGHT GIVES INDIAN TRIBE ROBE, EMBRACED BY MAIDEN

Col. C. C. Goodnight, 92, Texas Panhandle pioneer, recently made a trip to New Mexico to visit places he knew more than 50 years ago, when he and the great country of the Southwest were young together. On that trip he met in a lonely cabin a man he had not seen for 53 years.

Accompanied by his wife and J. Evetts Haley of the Panhandle-Plains Historical Society, and Mrs. Haley, Colonel Goodnight went to Taos to present a buffalo robe to the members of the Pueblo tribe. This was a significant gift to the Indians as it is a necessary part of their ceremonial equipment. This was known to the colonel.

The robe was presented to council of the tribe, which is composed of ex-war chiefs, ex-governors, present lieutenant governors and war chiefs.

The presentation ceremony was impressive. The council room was dimly lighted, and the floor and walls were bare. Around the room was a bench on which sat the Indians. On one side was Colonel Goodnight, members of his party and the interpreter.

As the old Texas pioneer spoke there were grunts of approval, but no great show of enthusiasm until it was found that they were to receive the much coveted ceremonial robe. Then grunts of pleasure came from every Indian.

After Colonel Goodnight's talk, the governor of the tribe responded. He was an old, one-

eyed man who was on the last hunt which the Pueblos made in the Panhandle Plains region many years ago.

Many years ago Colonel Goodnight saved the life of Standing Deer, chief of the Pueblo tribe. The daughter of Standing Deer lives with her people. Her joy when she found that her father's white friend had come was shown when she threw her arms about Colonel Goodnight's neck and embraced him, with tears in her eyes.

Members of the Goodnight party who had been tagged that Indians never show emotion, were much surprised at the demonstrations of love and affection and gratitude they saw on this trip.

The Pueblos have always been a generous people and when they found that the Goodnight party was interested in them, and not merely curious, they gave of their most precious possessions.

A visit was made to the

THE "WRIGHT"
WAY TO HEALTH

Apache reservation where the Goodnight party attended a fiesta at Rock Lake. Next the car climbed over the mountains to Antonita, Colo., then back to Questa, and to Taos.

As night was falling the driver of the Goodnight car was seeking a good place to spend the night. No town could be reached. They stopped at a tiny cabin where Haley inquired if they might spend the night. The man in charge proved to be H. C. Chapman. When introduced to Colonel Goodnight he said:

"I know a Goodnight in Pueblo, 53 years ago."

"I am that man," said the

colonel, who had befriended Chapman when he had driven a herd north and found himself in the Colorado town without enough money to take care of his needs.

The night sped rapidly as the two pioneers recalled the days of Indians, trail riding and struggle.

The Junction Eagle

EDGAR McLENDON
Editor and Manager

Published every Thursday by
The Junction Publishing Co.,
Junction, Texas

Entered as second class matter, at Post
Office at Junction, Texas.
Subscription: In Kimble and
adjoining counties \$1.50
Elsewhere in Texas \$2.00
Outside the State \$2.50

All cards of thanks, resolutions of respect,
or club notices, where there is a
money consideration, will be run only as
paid matter at regular rates.

Any erroneous reflection upon
the character of any person or
firm appearing in these col-
umns will be gladly and
promptly corrected upon call-
ing the attention of the man-
agement to the article in ques-
tion.

The editor of the Eagle ap-
preciates the co-operation the
people of Junction has given
him since moving here a few
weeks ago, but there are still
many news items each week
that fail to reach the paper.
Every club, every church and
every organization is urged to
send in reports of meetings.
The editor has not lived here
long enough to be a mind reader
and must have help to get all
the news. It is better to write
the items on account of getting
the names correct, but if you
cannot send news in, use the
telephone. All Sunday School
class meetings, league socials,
B. Y. P. U. parties, Endeavor
outings, etc., make good news
items and the pastors and
church officials are urged to
co-operate with the paper
along this line. Whenever
a preacher, justice of the peace
or county judge marries a cou-
ple, that is news and the Eagle
needs it. Whenever there is a
wedding telephone the editor
and he will go to any part of
the city to get the correct data.
This is enough to let everybody
know that we want all the news
and will appreciate your co-op-
eration in making the Eagle a
real newspaper.

Anyone wanting to read that
part of a newspaper to which
the most time and thought has
been given should read the ad-
vertisements. In order that the
various goods advertised may
be placed before the readers in
the most interesting and attrac-
tive form, many hours of time
and much serious thought must
be given to the advertisement
being prepared.

Much valuable information can
be gained from reading the ad-
vertisements in addition to the
money that can be saved by
studying them from week
to week. Many times the
subscription price of the
paper for a year can be saved
on purchasing one small article
advertised. There is no longer
any question in the minds of
business men about the advan-
tages of advertising. All know
that it pays if it is properly
done. Well equipped printing
offices are able to assist the
merchants in preparing their
advertisements.

The Eagle office is equipped
to offer many valuable sugges-
tions in the preparation of ad-
vertisements. A glance at any
edition of the paper will show
that our merchants believe in
telling the people of Kimble
County about the goods they
have to sell. A further study
of the paper, compared with
other papers, will reveal the
fact that the Eagle force knows
how to put out attractive ad-
vertisements.

NO PERMIT NEEDED

Ranchmen are not required to
secure a permit to let their
friends hunt on their premises
as was stated in last week's
issue of the Eagle. Where a
charge is made by the ranchmen
for hunting a permit from the
State is necessary, but if he in-
vites friends out to hunt and no
charge is made, no permit is
needed.

BIDS WANTED

The Commissioners' Court of
Kimble County, Texas, on the
15th day of December, 1928,
will receive sealed bids for the
\$50,000.00 Kimble County Road
District No. 4 Bonds. Said
Commissioners' Court reserving
the right to reject any and all
bids.

L. R. Hodges,
County Clerk, Kimble Co. Texas.

KIMBLE COUNTY C. OF C.
HOLDS ANNUAL MEET

(Continued from Page One)

never be without a Chamber of
Commerce again. The develop-
ment of Junction and Kimble
County has reached the stage
that a live organization is im-
perative.

At the close of Mr. Baker's
address the body proceeded with
the election of officers and di-
rectors for the ensuing year.
Mr. Baker made it plain that he
would not serve any longer and
Mr. C. T. Holekamp was elected
by acclamation. Captain H. S.
Rieck, in nominating Mr. Hole-
kamp, made one of the best
speeches of the evening. The
following directors were elected
by ballot: E. A. Loeffler, J.
A. Heyman, W. P. Riley, Weaver
H. Baker, Chris Schraub, J. S.
Farmer, H. W. Rieck, E. P.
Furr and Edgar McLendon.

The secretary's report fol-
lows:
Mr. Chairman, Executive Com-
mittee and Members of the
Kimble County Chamber of
Commerce:
You will probably remember
that a meeting of this organi-
zation was held on the 21st day
of January, 1928, being the first
regular meeting of the organi-
zation held this year. At that
meeting it was fully realized
by those present that an ex-
tensive program should be for-
mulated for the current year.
It was realized that this pro-
gram must be practical and com-
prehensive, and have a breadth
of scope that would put this
organization on a par with sim-
ilar organizations in this section
of Texas.

President Weaver H. Baker,
at the January meeting, outlined
what we thought was a complete
and practical program and time
has proven that we could not
have improved on the civic
undertakings, which he outlined.
We have tried to adhere strictly
to the policies to which we com-
mitted ourselves at that time.

First we took up the propo-
sition of widening the Old Span-
ish Trail Highway from the
Kerr County line to Junction,
which has been accomplished to
the satisfaction of all, and the
same has been tarviated accord-
ing to the plans of the State
Highway Department. And we
feel sure that when the second
application of tarvia has been
applied that we will have a
highway second to none in its
class. It took quite a good deal
of co-operation on the part of
both the city and the country
people to put this project over,
but we want to stress here and
now the fact that the co-opera-
tion was hearty, spontaneous
and complete.

The second proposition was
the establishing for this county
a golf course, without which our
facilities for entertaining the
throngs of tourist who visit us
annually would not have been
complete. As you all know our
first golf undertaking—I mean
the Agapiz plan—went sadly
upon the rocks of misfortune,
but our second trial has proven
good thus far, and we predict
that it will eventually be one
of, if not the very best country
clubs in the Southwest. The
formation of this golf and coun-
try club has entailed more or
less energy and executive ability
to insure its promotion and com-
pletion.

The third project which has
disclosed a breadth of spirit and
enterprise of which we are in-
deed proud, has been our adver-
tising campaign for this season.
I am positive that the number
of tourists that have been
reached by our folders and Kim-
ble County Magazine have far
exceeded those reached in any
previous year by any method.

Another activity which may
seem at first to be a compara-
tively negligible item, but which
we believe will eventually be a
good business proposition for
our town, is the securing of a
bus line directly from Llano,
Texas, to Carmeey, Texas, and
which line makes its noon head-
quarters from both directions
in Junction. We also secured
a change in schedule on the
San Antonio-Junction line, which
in our opinion has been bene-
ficial to this trade territory.

Another feature of this year's
program has been the securing
of 30 memberships from this
territory for the West Texas
Chamber of Commerce. We
think that the West Texas
Chamber of Commerce has and
is doing more for the upbuild-
ing of the Southwest than any
other organization in the State.
The organization of a Junc-

tion Chapter of the Boy Scouts
of America has been completed
this year. You are all familiar
with the Boy Scout movements
of America, and we know that
this will in time develop to be
a moral and financial benefit to
this country.

Another project in which the
officers of this organization have
been intensely interested, is a
first class road leading to Kim-
ble Courts, which has been
opened and a first class concrete
bridge erected across the South
Llano river, making an entrance
to Kimble Courts easy and pleas-
ant. We figured at the time, and
at this time we are confident,
that we were right that the
taxes and increase of business
which will be derived from Kim-
ble Courts will pay back the
money expended by the county,
together with a handsome reve-
nue to the business men of this
town, and will directly or in-
directly be a financial benefit
to every citizen in the county.

The last, and what we deem
the most beneficial, of all the
projects on which we have been
working, both financially and to
the health of the community, is
the tarviating of the main street
of Junction. In order to effect
this improvement it has re-
quired the utmost solidarity and
co-operation by the Commis-
sioners' Court and each and every
property owner who adjoins the
main street, but we now have
the necessary funds and the
contract has been let, the work
begun, and will be completed
in a short time. The elimina-
tion of dust alone, which will
reduce the chances for the con-
traction of various diseases,
which in themselves are a men-
ace and financial loss, will be
decreased to a degree which
ought to please the most exact-
ing. Right here and now I want
to take this opportunity to
thank the Commissioner's Court
of this county for their gener-
osity and far sightedness in
agreeing to tarviate the main
street intersections.

In conclusion I wish to state
that the relationship of the out-
going active officers with the
executive board, and with the
membership as a whole, has
been very cordial and is a
heartening sign that this organi-
zation ought to improve and
have a wonderful growth the
coming year. We appreciate to
the fullest extent the co-opera-
tion which you have given us
in both word and action. Your
hearty support has been the
means whereby the things that
have been accomplished was
made possible, and it is our in-
tention to give the in-going
officers our hearty support in
every worthy project which will
be considered by them. It has
gotten to the point in our exact
and fast life that a town or city
to really exist must have a
strong Chamber of Commerce
which functions properly under
any and all conditions, and
which assumes the leading role
in every undertaking regardless
of its nature.

NEW PORT ARTHUR BABY
WEIGHS OVER 15 POUNDS

Port Arthur, Nov. 12.—Mr.
and Mrs. D. E. Weldon of Port
Arthur are boasting of the big-
ger "new baby" in town. A
15½-pound son was born to
them Nov. 9.

CLAUDE B. HUDSPETH
INVITES LIVESTOCK
MEN TO HIS RANCH

Claude B. Hudspeth, has sent
out invitations to friends to
meet at his ranch on Saturday
November 17th, where they will
be entertained with a barbecue
and dance. The Congressman
wants to meet his friends and
discuss with them the work
coming before the Congress. His
statement in part follows:
"Many matters of vital im-
portance to the livestock inter-
ests such as procuring right-of-
ways for the delivery of live-
stock, will be discussed.

Also all ranchmen having full-
blood or registered livestock are
invited to bring them and show
them in order to encourage the
breeding of better stock thru-
out West Texas. I have plenty
of all kinds of feed to take care
of same gratis.

"Sports, such as goat roping,
and foot racing for men over
eighty years will be provided
for. And an old fashioned dance
will begin at sun down to the
soul-stirring tunes of "Sally
Goodin'" and "Big Potatoes in
the Sandy Land," the grandest
music that ever stirred the soul
of a Texan from the violins of
old fashioned fiddlers.

"The president and executive
committee of the Sheep and
Goat Raisers' Association are
especially invited to be present
and participate in the delibera-
tions.

Many State officers will be at
the meeting and share the days
entertainment of the Hudspeth
Brothers.

TYLER EDITOR BUYS
BONHAM NEWSPAPERS

Tyler, Nov. 9.—H. A. (Arch)
McDougal, who was the editor
of the Tyler Courier-Times for
25 years, announced Friday that
he had purchased the Bonham
Daily Favorite and Fannin
County News, associated publi-
cations, from Sherwood Spotts
of Bonham, and would take
charge of these publications on
Nov. 25.

McDougal possibly has been
continuously in the newspaper
business longer than any other
East Texas editor. He estab-
lished the Tyler Daily Dispatch
here 34 years ago. He and his
family will move to Bonham at
once.

Dr. E. F. Gough, Eye, Ear,
Nose and Throat specialist, will
again be in Junction two days—
November 16th and 17th, at
Standifer Hospital. 29-3fc

Volume Production Has
Meant Greatly Reduced
Prices

There's a Chrysler for EVERY Income

In 1924	32,000 Cars
In 1925	137,526 Cars
In 1926	170,414 Cars
In 1927	193,750 Cars

In 1928 a new record being made

The result of volume means that today you can buy a
Chrysler "Plymouth" Coupe, delivered completely equipped,
for \$850.00; a Roadster is \$840.00; a Fordor Sedan is \$900.

You can buy a "65" for \$1250.00 in a Coupe, \$1275.00 in
a Coach, or \$1355.00 in a Fordor Sedan. The "65" not
only is greatly reduced in price over its predecessors, the
"60" and the "62," but it is now a car that compares
in general size to the original Chrysler "70."

Likewise, the "75" has been vastly improved—and yet
its price has been graduated to a lower plane. A Coupe
or a Fordor Sedan is now \$1775.00. It compares today to
the original Chrysler "80."

There is a Chrysler for EVERY Income

Before your buy any car, come in, and
investigate the Chrysler.

And one other thing! After some fifteen years' ex-
perience in building automobiles, at the head of many of
the largest companies, some did not know Chrysler well
enough to believe in him when he built his own car.

But now he has been building his own car for an
additional five years! We believe that in this time it has
made the most phenomenal success of any Automobile
ever built. The reason for this success has simply been
VALUE! See for yourself just how far ahead Chrysler
Automobiles are—and find out for yourself the VALUE
that is built into them!

The new Models—the still lower prices—the greatest
demand for them in all Chrysler history—is still making
it hard for us to get cars. We urge you to let us dem-
onstrate, and then give us your order for this model that
you prefer.

SEVENTEEN YEARS AGO

C. A. Stapp was a business visitor in Junction last Saturday.

Mr. Stephenson, a nephew of N. H. Skaggs and a merchant of Menard, was in Kimble County this week.

A number of young people were delightfully entertained at the Loeffler home Saturday evening. Games were enjoyed, refreshments of cake and coffee were served and when at the midnight hour the merry party dispersed, all declared they had had a most enjoyable time. The occasion was in honor of Mrs. Loeffler's sister, Miss Mae Spencer.

Misses Blanche and Lucille Barrett entertained a number of the Junction girls last Friday night with an apron party. All the girls came dressed in their aprons ready for a good time. They played numerous games until a late hour after which delicious refreshments were served. Those present were: Misses Reba Wright, Will V. Kountz, Willie Wright, Loma Kelley, Ausie Durst, Grace Roundtree, Sarah Cox, Annie Ragland, Alice Heyman, Eula Hodges, Agnes Jarvis, Ruth Kelley, Lillian Randolph, Lottie Heyman, Minnie Skaggs, Mattie Hodges, Ola Jetton, Ella Stevenson, Vida Batchelor, Dovie Lamb, Ruth Stevenson, Dorothy Mudge, Doris Holekamp, Lucy Lee Garrett, hostesses Misses Lucille and Blanche Garrett. The girls all report a delightful time (as there were no boys there).

Mrs. Eva Martin Baker of Owensville is here visiting her parents, Mr. and Mrs. J. R. Martin.

Mrs. Rufus Nethery left last week to visit her parents at Kenedy, Texas, and spend the holiday with homefolks.

Roy Blackburn and family moved this week to their new home just completed on the old M. E. Church lot.

Mrs. Lon Cowser has returned from Missouri where she has been visiting relatives. A nice up-to-date family carry-all, nearly as good as new; almost as light as a surrey, and as strong as a hack, for one horse or two. Price \$100 with harness thrown in. Cost over two hundred new. Come out to my place and see it, three and one-half miles up South Llano. R. S. Price.

Ed Cowser passed through Junction Tuesday enroute for the Chas. Simon ranch after cattle.

Mr. and Mrs. Elisha Baker of Sherman are here visiting their nephew, Thomas Baker.

Miss Pet Smith returned from a visit with relatives at Fort Stockton and San Antonio.

Clint McCollum, a prominent merchant of London was in Junction Wednesday.

Miss Lizzie Martin of Goldthwaite is here visiting her aunt, Mrs. Otto Tierce.

On account of the change of the dates for services at the Methodist Church to the second and fourth Sunday in each month by the Methodists, the Presbyterians will in the future use that church on the third Sunday in each month, commencing with December. There will be no services by the Presbyterians on the fourth Sunday in November, but Rev. Bierschwald will preach at the Methodist Church on the first Sunday in December, morning and evening if the weather permits.

Will Kelly, of Fort McKavett, was in Junction on business Monday.

Miss Kate Bishop has purchased half interest in the South Llano telephone line.

Mrs. Ben Bode is teaching a class at Noxville how to cut and fit by measure. All are learning fast.

A number of young people attended the singing and musical at the home of Mr. and Mrs. D. M. Stewart at London Friday night.

The Kimble County Teachers' Institute will convene at Junction on December 18.

With the completion of a new 20,000 horsepower generating station at Lake Pauline, increasing the available generating capacity of the company to 79,000 horsepower and the building of hundreds of miles of new transmission lines over the properties, the West Texas Utilities Company has anticipated the electrical development of West Texas oil fields for several years.

PROCLAMATION

President Coolidge has issued his annual Thanksgiving proclamation by calling the people to offer thanks on Thursday, November 29, for prosperity in agriculture, industry and commerce, and for the peace which has existed in the last year.

The proclamation said the country as a whole had been protected against pestilence and disaster and had been directed in the way of national prosperity. It follows:

"By the President of the United States,

A proclamation.

"The season again approaches when it has been the custom of generations to set apart a day of Thanksgiving for the blessings which the Giver of all good and perfect gifts has bestowed upon us during the year. It is most becoming that we should do this, for the goodness and mercy of God which has followed us through the year deserve our grateful recognition and acknowledgment.

"Through His divine favor peace and tranquillity have reigned throughout the land. He has protected our country as a whole against pestilence and disaster and has directed us in the way of national prosperity. Our fields have been abundantly productive; our industries have flourished; our commerce has increased; wages have been lucrative and contentment has followed the undisturbed pursuit of honest toil.

"As we have prospered in material things, so have we also grown and expanded in things spiritual. Through divine inspiration we have enlarged our missions; we have been imbued with high ideals which have operated for the benefit of the world and the promotion of the brotherhood of man through peace and good will.

"Wherefore, I Calvin Coolidge, President of the United States, do hereby set apart Thursday, the 29th of November as a day of general Thanksgiving and prayer, and I recommend that on that day the people shall cease from their daily work and in their homes and in their accustomed places of worship devoutly give thanks to the Almighty for the many and great blessings they have received and seek His guidance that they may deserve a continuance of His favor.

"In witness whereof I have hereunto set my hand and caused to be affixed the great seal of the United States.

"Done at the City of Washington, this 23rd day of October, in the year of our Lord, 1928, and of the independence of the United States, the 153rd.

"By the President,
CALVIN COOLIDGE,
FRANK B. KELLOGG,
Secretary of State."

THE REMEMBERED GIFT

"Remember it? I should say I do!" The big man's face beamed with happy recollection. Someone had, in more or less of a business way, spoken of The Youth's Companion. And just the mention of its name—so far as business was concerned—broke up that meeting. But what fun those busy men had swapping recollections of the days when the arrival of The Youth's Companion was the high spot of the whole week.

Rare, indeed are the pleasures that we remember so warmly over half a century of years. But The Youth's Companion is still among them.

Isn't there some boy or girl whom you would like to make happy with a gift subscription?

In its new enlarged and improved form as a monthly magazine, The Companion has more to offer its young readers than ever before—a full book-length novel complete in each issue; short stories and serials so thrilling they will never even suspect that they are "good influence" or the "right kind of reading"—articles by outstanding men and women that will fire their young ambition—comments on current affairs—puzzles, poems, guides to the best in books and moving pictures—special departments for both boys and girls covering their own favorite activities.

You may give some boy or girl a truly fine gift by accepting the following offer:

1. The Youth's Companion, 12 big monthly numbers, and
2. Two extra numbers to new subscribers ordering within 30 days, and
3. A copy of "WE" in 12 colors, framing size 18-24 inches. All for only \$2.

QUICK SERVICE TAILOR SHOP

ROBT. E. LEE ROOM

There are only eight rooms in the hotel at Fort McKavett, but there is one room that is scarcely ever vacant. It is the room that was occupied by Gen. Robt. E. Lee, later Chief Confederate general, when he was stationed at the fort built in 1852.

This fort is the best preserved of any of the forts in Southwest Texas built in the 50s and maintained until the 80s, to protect the settlers from the Indians. There are now only four stores at Fort McKavett. Some of the old stone buildings in the fort have crumbled, but many are now occupied by people engaged in ranch work. There were some 30 buildings in the old fort.

Most visitors ask to be allowed to spend the night in the room of General Lee. It is a large room with an old fashioned lock, the same flooring and door and some think the original dresser. General Lee is also credited with having laid out the highway from Fort McKavett to Menard, 22 miles distant.—Star Telegram.

Masons of Kimble County are looking forward to the Scottish Rite Reunion and Shrine Ceremonial in San Antonio for the week beginning November 19. The Shrine Ceremonial will be held on the 23rd.

E. O. LOWGREN
JUNCTION, TEXAS

TO MAKE SMOKED OR COUNTRY SAUSAGE

The following ingredients are used in making smoked or country sausage:

- 85 pounds lean pork
- 15 pounds beef
- 1 1/2 or 2 pounds salt
- 4 ounces black pepper
- 1 ounce red pepper
- 1 ounce sweet marjoram
- 1 ounce mace

Cut the meat into small pieces and sprinkle seasoning over it, then run it through the grinder, using the small plate. Put it away in a cool place for 24 to 36 hours, then add a little water and stuff into hog casings, and smoke in a very cool place until a dark-mahogany color is obtained. Cook sausage well before eating.

MAN FINDS LOST EAR ON HIS WRECKED CAR

Covington, La., Nov. 6.—"Say have any of you fellows seen my ear?" asked John Dunn, whose bandaged head showed he had met with an accident.

"I lost it when the wreck occurred and I thought maybe it was lying around here somewhere," he added.

Walking up to his wrecked car, he exclaimed:

"Here it is," and picked it up. "I don't suppose it will ever do me any good again, but I want to show it to my wife."

Dunn was driving his car on the Talisheek Road Sunday night and a car going in the opposite direction ran into his car, turned it over and completely wrecked it.

CHRISTMAS CARDS

MASON COUNTY BOYS REPRESENT TEXAS IN LIVESTOCK JUDGING

Three Mason County boys, Roy Gross, Karl Kothmann and John McGford, will represent the 4-H Club boys of Texas at the national livestock judging contest for 4-H Club boys to be held at Kansas City, tomorrow November 16, in connection with the Kansas City Royal Livestock Show. Similar club teams from twenty or more states are expected to compete in the judging. The Mason County team, coached by W. I. Marschall, Mason County farm agent, won the right to represent Texas in the contest by virtue of winning the state championship over thirty-eight other county teams in competition at the Farmers' Short Course at the A. & M. College of Texas last summer. Last month at the State Fair of Texas at Dallas, this team defeated the champion 4-H Club livestock judging team of Louisiana.

Accompanied by A. L. Smith, district agent of the Extension Service, the Mason County boys left San Antonio yesterday. Their participation in the Kansas City judging will be the first time for a Texas club team in the national competition there. Texas club teams competing regularly for years at the International Live Stock Exposition at Chicago and in 1920 a Texas team won national honors at the Southeastern States Livestock Exposition at Atlanta, the members being awarded a free trip to Europe.

BRIDE, 14, IS FOUND AFTER LONG HUNT

Dallas, Nov. 9.—Marion Sherman, 14, returned home Thursday from her honeymoon trip, sadder but wiser for the interval since she married and started out with her husband afoot on the marital trail.

For Marion the last several months have been eventful, to say the least. First she lost her husband. Either he deserted her, as she tells it, or she was forcibly taken from him by two men in a roadster, as the youthful bridegroom has related it in his jail cell here.

After wandering about for weeks, Marion said, she was picked up by an agent for a welfare association, who found a job for her at Helena, Ark. She was working there when located after a southward search had been instituted.

That the young couple had become separated was discovered when her husband was arrested in Mobile, Ala., and returned here on a charge of false swearing in connection with statements made when he obtained a license to marry Marion. A charge of statutory assault later was filed against him by Marion's mother.

PRIVILEGES

Don't think for a moment that your hunting license entitles you to trespass privileges—it does not. The owner of the land upon which you would hunt has prior rights of ownership which should be respected. Most farmers and land owners are good sportsmen and if approached properly will respond cordially. If they object to hunting on their premises the decision should be respected and considered as final. If privileged to hunt, observe carefully the following suggestions:

1. Replace bars taken down and close or leave gates as found.
2. Do no shooting in immediate vicinity of farm buildings and dwellings.
3. Keep the dogs at heel until you enter the covers and don't allow them to worry domestic animals or pets.
4. Be careful of fire and matches. If a fire is found do your utmost to extinguish it.
5. Thank the land owner personally if possible or later by a letter. Another shooting season is due in another twelve months and courtesies are seldom forgotten.
6. Don't overshoot the covers but leave something for seed. "Skinning the place out" is poor sportsmanship.
7. Have your license always with you and meet the local Game Wardens cordially. They can be of much assistance to you and you to them. Play the game squarely with them and you will make worth-while friends every time.

NEW GASOLINE LAWS ARE BEING DRAFTED

Austin, Nov. 12.—Laws to be offered in the Forty-first Legislature for the purpose of collecting for the State new taxes exceeding \$12,000,000 on gasoline and its products are now being drafted. The next session promises to be busier on "gas" than any other subject, judging from leakages that are being discovered.

But nearly half of this amount would accrue to the State on gasoline that has been escaping taxation, fly-by-night concerns, small dealers and some who are not so small but in financial difficulties managing to beat the state authorities, somewhat crippled through lack of enforcement officers, gasoline, like liquor, requiring forces to help put over its laws. The larger companies cause no trouble and the law proposed for curbing such losses would help more than the major companies.

Here are six laws on gasoline that are certain to be put before the Legislature:

1. Requiring wholesalers and jobbers of gasoline to take out state permits. This would give the comptroller information on which to check.
2. Require filling stations to obtain state permits. This law is favored by George B. Terrell, agricultural commissioner, in whose department is the weights and measures division.
3. Increasing the tax on gasoline from 2 to 3 cents a gallon.
4. Levying a tax on lubricating oils.
5. Increasing the number of inspectors in the comptroller's office to allow extensive investigations over the State on tax payments.
6. An anti-discrimination law, which would have as its objective prevention of price fluctuations. This is favored by Galloway Calhoun, first assistant Attorney General.

NEGRO CONGRESSMAN ELECTED IN ILLINOIS

Chicago, Nov. 12.—Oscar de Priest, negro real estate man and former Chicago alderman, was elected to Congress from the First Illinois District.

He will be the first of his race sent to Washington from Illinois and the first to occupy a seat in the National House of Representatives in more than a quarter of a century.

De Priest, who will fill the vacancy caused by the death of Representative Martin W. Madden, chairman of the House Appropriations Committee, represents a district including a large section of the city's negro population.

KNOW TEXAS

The value of buildings on farms in Texas is about \$500,000,000.

It is estimated that there are about 20,000,000 chickens on the farms of Texas.

Almost 300,000 farms are operated by tenants in Texas.

Public utilities plants of Texas consume almost three billion feet of gas a month in generating electricity.

There are about 750,000 women and girls 10 years old and over on the farms of Texas.

Prompt—Careful SERVICE

Modern laundry machinery, skilled workers and scientifically prepared soaps and soft waters insure the safeguarding of the finest fabrics. Punctual service and moderate charges are our watchword. Those who try us once always become regular patrons thereafter.

HAZELWOOD LAUNDRY

ELECTRIC LIGHT BURNS 22 YEARS IN THEATER

A forgotten electric light burned for 22 years in a room of a theater in Scotland, according to a story printed in "The Sou'wester," publication of the Southwestern Light & Power Company, Oklahoma City. It used over 7,000 kilowatt hours during the time. Here is the story:

How a light in an unknown room in a theater at Glasgow, Scotland, burned unseen for 22 years, has just been reported. When electrical engineers were asked to give quotations on overhauling the lighting system a certain line of conduit disappeared in a wall, and the trail ended. Nearby was a locked door, the key to which had been lost. No one from the manager to the call boy could remember that the door had ever been opened. It was forced. The unknown room had been used by billposters, and according to a poster lying there the place had not been used since 1906. A 16 candle-power lamp was burning brightly just as it had evidently been left by the last occupant of the room.

KERRVILLE KIWANIS CLUB HAS BEAR MEAT

Feasting on bear steak was the unusual experience of the Kerrville Kiwanis Club at its luncheon last week. The meat was from a 400-pound black bruin brought back from a hunting trip in old Mexico by R. H. Chaney. The treat was provided also by Jules Remschel and Ricardo Mestre.

There is a financial crisis impending, the thousand of persons who went to the Worlds Series being virtually bankrupt.

WANTED

The Eagle is anxious to secure a correspondent from every community in Kimble County. If your community is not represented in the columns of the Eagle come in to see us and we shall try to help you. It is our desire to give Kimble County a first class newspaper. We cannot give you the paper you want unless we can get someone from your community to send in the news. You help us and let us help you.

WORLD'S DEEPEST WELL DOWN 8,411 FEET IN REAGAN COUNTY, TEXAS

San Angelo, Nov. 10.—Setting a new record every day it is drilled deeper, just as it has been ever since it passed the 3,200-foot mark, Group One Oil Corporation's (Texon) No. 1-B University, in the Big Lake field of Reagan County, now has drilled to 8,411 feet. It is the deepest well of any kind ever drilled. It is more than one and one-half miles deep.

The well is standing almost full of oil, just as it has been for several months, from a pay encountered at 6,250 feet. The oil seems to be increasing to a small extent, according to word received in San Angelo during the last few days.

LET'S TRADE

I want to trade some new and good second hand household goods for some good pecans. W. E. Cloud.

MENARD LOSES GAME TO CROOKED HOLLOW

Crooked Hollow polo team came back Friday to even matters with the Menard team that had beaten them a week previous by a score of 5 to 4. The score in last Friday's game was 4 to 2 in favor of the visiting team.—Menard Messenger.

IF YOU WANT SERVICE

Just tell the truck driver to call on me when you want a barrel of gas or drum of oil.

I'll appreciate your business and you'll appreciate my service and the quality of my products

To the first half-million new

Ford owners

TO THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a check-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection means a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

FORD MOTOR COMPANY

LOCAL HAPPENINGS

Mrs. Mary Lee Smith was ill last week.

Mr. Wade Smith was a caller at the Eagle office Tuesday.

Mr. and Mrs. Ovie Buster and son, Lloyd, spent the week-end with relatives in San Marcos.

Mr. and Mrs. Pierce Hoggett spent the week-end in San Antonio.

Miss Ruth Beasley is the guest of her sister, Mrs. Walter Buckner, in San Marcos.

Mr. and Mrs. Rudolph Tatum were San Antonio visitors last week.

Postmaster Earl Tracy is able to be out again after a severe siege of the flu.

Let us grease and wash your car. We guarantee satisfaction. 31c McDonald Chevrolet Co.

Our motto is to give an honest service at a fair price; try us. 31c McDonald Chevrolet Co.

Dr. E. F. Gough, Eye, Ear, Nose and Throat specialist, will be in Junction November 16 and 17 at Standifer Hospital. 31c

Mr. D. Smitherman of Johnson City, a former citizen of Kimble County, was visiting in this community last week.

Mr. Gene Tomberlin returned last week from San Antonio where he underwent a successful operation for goiter.

Mr. C. W. Vest is spending several weeks in San Antonio where he is undergoing treatment for his throat.

Miss Tottie Martin spent the week-end with Misses Flo and Mary Spiller on the Spiller ranch.

Mr. and Mrs. Alton Miller and Mr. and Mrs. Doug. Nance were among those who attended the game in Menard Monday.

FOR SALE—100 laying White Leghorn pullets, \$1.50 each. C. A. Mogford, London, Texas. 31-2p

Mr. and Mrs. J. R. Turnbull of Houston arrived Tuesday. They will be guests at the Fritz Hotel until the first of the year.

Dr. E. F. Gough, Eye, Ear, Nose and Throat specialist of Waxahachie will be at the Standifer Hospital, November 16 and 17. 31c

Mr. and Mrs. John S. Harrison of McCarney visited Mr. and Mrs. N. C. Patterson last week. Mrs. Harrison will be remembered as Miss Elizabeth Patterson.

Mr. and Mrs. Guthrie Williams and Mr. Acuff returned Saturday to their home in Lubbock after a visit with Mrs. D. L. Williams here.

Mr. and Mrs. W. T. Carpenter spent Monday in Menard where they saw the Crooked Hollow Polo Team defeat all comers in grand style.

Mr. and Mrs. A. G. Farmer returned Sunday from Austin where they had been to visit their mother and sister, and two daughters who are students in the University of Texas.

Mrs. Coke R. Stevenson, Marguerite Ray and Junior Stevenson attended the football game between Sul Ross Normal and Schreiner Institute in Kerrville Armistice Day.

Messrs. Joe Hawkins, Mc Briety, Bill Smith and George Davis of Ennis arrived in Junction Sunday to make arrangements for a place to hunt before the season opens on the 16th.

Carmen Viaral of San Antonio was brought to the Standifer Hospital Sunday with a hand badly lacerated due to an accidental shot from a pistol. One finger was amputated, but Dr. Standifer believes that he will have fair use of his hand.

Mr. and Mrs. H. G. Perry and son, Wilbur Wright, left Sunday for Carrizo Springs to pack their household effects for removal to Junction, where they will make their future home. Mrs. R. H. P. Wright accompanied Mr. and Mrs. Perry to Carrizo Springs.

School Notes

Junction was well represented in Menard Monday, November 12, when the Junction basketball girls played the Menard team. Both teams showed a fighting spirit and when the final whistle blew the score stood 24-3 in Junction's favor. Menard's score was obtained by free pitches, as the Menard forwards were unable to ring the goals against the team work of the Junction guards. Vivienne Livingston played in her first match game and showed the ability of becoming quite a run center. Menard seemed to be having hard luck Monday, as they lost four games—two polo games, one basketball game and one football game. When we reached Menard Monday, we found that Fleta Maddox, formerly a student of Schreiner High School, was being run for athletic queen. By the help of Junction friends, she was elected by a large majority.

A Junction football team composed of High School boys played Ozona Saturday at Ozona. Again a Junction team was victorious. The score was 12-9. Although this was not a school game, the High School students were well pleased with the victory.

Friday afternoon the students of Schreiner High School were happily surprised when they were told that a holiday would be given Monday to celebrate Armistice Day.

Thursday morning all books were dropped when the fire alarm was heard and the students marched orderly to the front of the building. Instead of a fire it was only Mr. Murf's camera focused to take the picture of the students and teachers. The picture is now being displayed in Mr. Cowles' office. Two weeks' reports have just been announced; some reports caused tears and others smiles.

Vivian: What was it?
Jack: My ear.

55 MEN ESCAPE FROM PEN DURING OCTOBER

Austin, Nov. 10.—Fifty-five convicts escaped from Texas penitentiary farms during October, according to the monthly report of the Prison Board to Governor Moody Thursday. This is five more than during October, 1927.

During the month 35 prisoners who had previously escaped were recaptured, but some of these had obtained their freedom during previous months.

The prison population is increasing, the report showed, there being 4,499 inmates Oct. 31, compared to 3,661 on the same date one year ago. Eight hundred and two of the men are within the walls at Huntsville and 30 are in state insane asylums. The Ramsey farm holds the largest number of any farm, 664 men being assigned there.

TRUE MASONS

There are many members of the Masonic Fraternity who are not in truth Masons. Many who display the Square and Compasses on the lapels of their coats are not aware of the real significance or meaning of the emblem. To be sure they may have witnessed the working of the degrees, and have their name upon the membership roll of some lodge, but that is as far as their Masonry goes.

For it is not by witnessing the degree work, nor by paying dues, that one becomes in reality a member of the Craft. First, the applicant should be of good material and earnest in his desire. Just as it is impossible by taking a ball of wood, and painting it red and labelling it apple, to give it the flavor and edible qualities of that fruit, so it is impossible to make a Mason of one who is not of Masonic material by making him a member of a lodge and giving him the privilege of wearing the Fraternity's emblem. Therefore, it is of vast importance that those upon whom is the responsibility of casting a ballot for or against the applicant should use care in the exercise of that duty and not adopt an apathetic attitude towards it.

Nor does the responsibility of the members end there. After the candidate, who has been found worthy, has witnessed the degrees and had bestowed upon him the privilege of membership, he needs aid in the search for knowledge in order that he may become a "True Mason," and this aid can be furnished only by those who have traveled the path and can point out the pitfalls, consisting largely of lack of interest and indifference.

If, counselled by older members, the interest of the new initiate is sustained and developed, by study and practice of Masonic principles he will become a "True Mason."

TRESPASS NOTICE

Hunting and trapping is positively forbidden on my place, and all violations will be prosecuted.
30-12p W. R. McKee.

MISUNDERSTOOD

There was a little lawyer man Who gently smiled as he began Her dear dead husband's will to scan.

And thinking of the coming fee He said to her quite tenderly, "You have a nice fat legacy."

Nexa morning, as he lay in bed With plasters on his broken head, He wondered what he had said.

RE-ELECTED JUSTICE FOR TWENTIETH TIME

Fredericksburg, Texas, Nov. 21.—A. W. Petmecky, 69, thinks he is entitled to some sort of a record.

In Tuesday's election he was re-elected Justice of the Peace of Precinct 1, Gillespie County, for the twentieth time, and when he completes this term he will have served in that office forty years.

The New Ford

When you buy a nice new automobile and you feel so proud of it and in three or six months or less out comes a nice new model and you find that yours is out of date and called an OLD model—doesn't it make you mad?

Not so with the New Ford. While there are constant improvements there are no yearly models and you do not have to spend all your money trying to keep up with the new style and for YEARS to come the New Ford will give you the best of service for the least money invested.

Thirty-four Model T cars, forming a part of the Ford fleet operated by the Chicago postoffice, have already traveled more than 200,000 miles. Despite their mileage, which on a normal average of 10,000 miles a year would correspond to twenty years service, all 34 cars are in daily use and are giving satisfactory results. The most mileage in the group has been rolled up by Model T numbered 37, which on July 31 had attained 287,595 miles. Twelve other cars had passed the 250,000 mark.

In the New Ford you have still a better car, comfortable, easy riding, easy driving, FAST and everything that is necessary in the most modern automobile, all for the LEAST investment and always in style. In less than a year Ford has again swept into First Place. Think it over.

KIMBLE COUNTY PIONEER ANSWERS FINAL SUMMON

In last week's issue of the Eagle was a brief mention of the death of S. H. (Uncle Sam) McCaleb which occurred just before we closed the forms of the paper. "Uncle Sam," as he was familiarly known in this section was a pioneer citizen of this county and had a host of friends who regret his home-going. He was born in Llanos County on January 9, 1863. He was the fourth child of Mr. and Mrs. W. H. McCaleb, both natives of Alabama. In early childhood he moved with his parents to McLennan County where the family lived until 1875 when they took up their residence in Llano County. After a brief stay in Llano County, the McCaleb family moved to Kimble County the year it was organized.

After some reverses in the hog and cattle business and a few skirmishes with Indians, the elder McCaleb and his family bought and settled on what was known as the Sultimer Ranch, which was the home and property of Uncle Sam when he died.

In 1887 Uncle Sam went to Sutton County where he soon became the foreman of a large ranch, but soon tiring of this he went to the Indian Territory in 1892 where he became a scout and inspector for a large cattle company. Later he was employed by the Texas Cattle Raisers Association where he rendered valuable service. He then went to Kansas where he remained a year or two, but becoming tired of this wandering life returned to his ranch in Kimble County where he lived until his death.

He was married to Miss Lillie Brewer in 1896. His widow, one sister, Mrs. Dollie Wooten, and two brothers, William and W. H. McCaleb, survive him, besides many other relatives. Among the relatives who attended the funeral were: Mr. and Mrs. H. McCaleb and son, Kerrville; Mr. and Mrs. John McCaleb and Miss Angles Chesser, Kerrville; Sam McCaleb and family, Harper; Chester McCaleb, Junction; Fred Wahrmond, Mr. and Mrs. Gus Wahrmond, Mrs. George Crime, Mrs. Jop Hensley of Melvin; Mrs. Dink Stewart, Anson. Other relatives and hundreds of friends were also present.

The active pall bearers were: Leaver Baker, Walton Kothmann, Louie Grobe, Harvey Pearl, Joe Bissett, Raymond Hodges, Fayette Hodges, Doug. Jarvis. The honorary pall bearers were: W. T. Jarvis, J. B. Randolph, Jim Browning, C. M. Hughes, Fred Wahrmond, J. N. Hodges, M. N. Harrison, Bob Jarvis, Herbert Woods, Deb Ivy, Will McGonigall, A. C. Schreiner, Tom Johnson, Otto Brockman, J. M. Hankins, G. Lewis, Sam Hunter, Henry Murr.

The funeral services were held at Red Creek cemetery last Thursday afternoon, Elder J. S. Newman of Junction officiating and paying a beautiful tribute to the memory of the deceased. The floral offering surpassed in profusion and beauty anything ever seen at the Red Creek cemetery. In addition to the flowers by relatives and

friends at London, Junction and other places in the county, several friends from Brady and Melvin brought beautiful floral offerings. These flowers, so typical of the life of Uncle Sam, mutely speak the pathos of a parting word, and were brought by friends who appreciate him for his real worth. He was a man of generous impulses and never forgot the hospitable ways of the pioneer. The stranger, even though a beggar, never failed to find food and shelter if he sought it at his hands. No one was more willing to aid the suffering, cheer the desponding, sustain the weak and to throw over the frailties of our race the mantle of charity than was Uncle Sam.

With the passing of Uncle Sam another is stricken from the ever lessening roll of our old settlers, and a solitary woman in the sunset of life and a lonely home are left to attest how sadly they will miss him. These sad dispensations must come but the tender human ties cannot be severed without a pang. None but those who have sat in the shadow of a great bereavement can justly weigh such a sorrow as this. Those who have gone into the valley

of suffering and stood for weeks by the side of a loved one, as hope after hope dropped away as the petals of fading flowers, know that such anguish cannot find solace in the tenderest words.

MISSISSIPPI ASKS FOR LEE AND JACKSON

Jackson, Miss., Nov. 9.—Senator Homer H. Casteel, Canton, in a Senate concurrent resolution introduced Friday and referred to the rules committee, requests the State of Virginia to permit Mississippi to remove the bodies of those great Southern patriots, Robert E. Lee, Stonewall Jackson and Jefferson Davis, to Southern soil of Democratic Mississippi.

The resolution reads: "Whereas, we learn with great sorrow and grief that the State of Virginia has trampled upon and counted as naught its great and glorious Southern traditions and has embraced and has accepted the policies and politics of the Republican party and has thereby made its State Republican soil and whereas, it is evident to all, that the great Southern leaders, Robert E. Lee and Stonewall Jackson, can not rest or sleep peacefully in said Republican soil.

"Be it resolved, that we hereby request the Governor of the State of Virginia to permit the State of Mississippi to remove to the Democratic soil of said State the bodies of the said beloved Southern patriots, and, "Be it further resolved that the Governor of our great Democratic State be requested at once to transmit to the Governor of the State of Virginia a copy of these resolutions."

Nothing is difficult to a brave and faithful man.—Muskerry.

Construction work has begun on the new all-steel 66,000 volt substation of the West Texas Utilities Company at Trent, Texas, which will replace the old wooden structure that burned on September 17th.

You want your land abstracted; then you had better see E. Holekamp; he has complete index of all County lands. (adv)

SAN ANTONIO PROGRAM

The Tuesday Musical Club of San Antonio announces a Schubert Centenary Celebration for the final week of November in observance of the 100th anniversary of the death of the great composer. The major event of the commemorative program will be a concert of Schubert works to be held at the Municipal Auditorium, Tuesday night, November 27. Southwest Texas is invited to participate in this commemoration for which there will be no admission charge. Tickets may be obtained by out-of-town music lovers at the Municipal Auditorium, November 24-27, or by mail with stamped, self addressed envelope to the chairman of admission cards, Mrs. Richard Craig, 219 Water St., San Antonio. Tickets will not be issued to children.

In the past 14 years people of America have invested \$3,570,000 in motion picture enterprises and \$3,750,000 in other amusement projects in foreign countries.

Civic Pride, a statue near New York's City Hall, gave threats of toppling over and causing an accident until a bronze bracelet was rivited to her arm. Just like a woman!

OWN HOME!

The couple in the picture above are very happy. They are looking at the home that they have purchased, and feel a glow of pride.

You, too, can own your own home. It's easier than you think.

Our plan of easy payments make it possible for YOU to take the great step—stop paying rent. Let us show you how conveniently you can become a house owner.

McCarroll Lumber Company

Junction Trade Notes

Members of Vocational Agricultural Class of Junction public school, accompanied by their instructor, Mr. A. J. Bierschwald, are in Brownwood this week-end attending a pecan exhibit and demonstration. Llano valley pecans will have a place in the exhibit. Members of the class attending are: Wilbur Jeter, Junior Stevenson, Carlton Wright, Raymond James.

Delay in obtaining busses from the factory will prevent opening of the new bus line of West Texas Coaches from San Antonio via Junction to Pecos, until November 27, according to statement of R. C. Bowen, president of the transportation company, who was in Austin this week to obtain permit for operation. The San Antonio chamber of commerce is planning a trade trip to cities along the new line.

Green stock Lima Beans, in tins, received this week; dry Baby Limas, assorted Del Monte Jams in No. 2 tins. Gann Grocery Company.

S. O. Durst has voluntarily severed his connection with State Game Department after years of faithful and efficient services. Acquaintances throughout the State, who have had business acquaintance with Durst, will attest his efficiency and fairness in the discharge of official duties. Also, local friends are glad that he will have a better job after first of the year.

Cecil Craven, one of the proprietors of the B-C Radio Shop of Junction, frequently has a pretty young lady accompany him when he goes out to install a radio. And that may account for the static.

J. W. Sylvester and Mr. Lee, of Driscoll, were prospecting in Junction early in the week and expressed themselves as highly pleased with the future outlook for the capitol of the Llano.

Fruit Cake ingredients: Fresh stock crystallized cherries, pineapple, orange and lemon peel, citron, seeded raisins, currants, nuts. Gann Grocery Company.

It behooves Kimble County people to eat liberally of mutton and chevon, not only because the meat affords a wholesome diet but because it is part of our stock in trade. Public taste for lamb and mutton in Texas has, after a great deal of effort, firmly become established. The San Antonio Express says that during the supper hour in one small restaurant of that city a few evenings ago there were 20 orders for lamb chops in one hour.

The following recipes for roast chevon taken from the Junction P. T. A. Cook Book:

Baked Chevon: Prepare any part of chevon for baking. Season with pepper and sauce; place in pan. Make paste of two cups water, two tablespoons flour, two tablespoons vinegar, pour over meat and place in oven. Bake until brown.—Mrs. B. M. Halbert.

Roast Chevon: Serve hot thinly-sliced chevon with flowing tomato sauce. Mix one cup sliced strained tomatoes, one cup white stock, six canned pimientos rubbed through sieve, one onion finely chopped, two cloves garlic finely chopped, 1/4 cup of butter, two teaspoons salt. Pour over chevon.—Mrs. John R. Martin.

"Everybody's Store"

PECAN CROP HEAVY
IN KIMBLE COUNTY

Pecans are being harvested rapidly and are beginning to move the past few days. However, the price remains unsatisfactory to the growers.

The Schreiner-Hodges Company has shipped out 150,000 pounds during the past week. The company is buying large quantities daily and by the time the season closes will have handled many tons of the famous Kimble County nuts.

Truck loads have been going out to various sections of the country and many from east Texas have made trips here to buy pecans off the trees.

Society

GHOST CONVENTION

Miss Mary Ellis Blackburn entertained Friday evening at her home with a Halloween Ghost Convention, complimenting the faculty and school board of the Schreiner High School, and their husbands and wives, as the case might be.

Across the front entrance the sheeted arrivals found a grim, black coffin, over which they must step to gain admission to the weird land that had been prepared for them. Ghostly guides conducted them up stairs that were guarded by skeletons and flanked with evergreens throughout which dismembered arms and hands reached out to clutch them. Across one dim landing lay a "murdered" human body.

The top floor of the Blackburn home had been transformed into a grave yard. Gleaming headstones bore the names of the arriving ghosts. Each silent shrouded figure took its place behind its own grave marker. The only light came from the moon's rays through the windows on four sides of the big room, and from dim blue lanterns swung high among the rafters. Dried grains and grasses rustled softly. The "atmosphere" was ideal for spirits.

The ghostly roll was called by a black-garbed witch, who, at unmasking hour, proved to be Mrs. Forrest Weldon. The story of a murderer's ghost was told by Mrs. Conde Hardeman and the company conducted from tomb to tomb of the victims, the tour ending in the living room on the first floor. Here all furnishings had been shrouded in white and weird figures peered out at every angle.

A Silence Contest was held with Earl Bowers and his ghosts winning from the spook band of Grady Kindrick, and receiving as a prize a box of candy. The witch brewed fortunes in an iron pot and various Halloween games were played. A Pantomime Contest was won by E. R. Borden and he was presented a Halloween horn.

After the unmasking hour the guests were conducted to the library where Halloween decorations prevailed, and from a beautifully appointed table were served a plate supper and hot drinks that carried out the Halloween motif.

MRS. TURNER HOSTESS MERRY WIVES' CLUB

A pleasant time was enjoyed by those attending the party given by Mrs. Watt Turner, honoring the Merry Wives' Club Friday afternoon.

A profusion of lovely cut flowers made the rooms most attractive. Mrs. Guy Wynne made high score and Mrs. Roy Spiller second high score. They were presented with pretty hand embroidered towels. Mrs. H. G. Hubert received the cut prize, a hand embroidered table cover. The booby, a sewing set, went to Mrs. Clifford Hamer.

Raisin nut pie, topped with whipped cream, was served with coffee. There were orange baskets filled with mints. Those enjoying Mrs. Turner's hospitality were Mesdames L. E. Standifer, H. D. Taylor, Coke R. Stevenson, U. D. Kindrick, Clifford Hamer, H. G. Hubert, Guy Wynne, Roy Spiller, Jas. Prentice, Felix Watson, S. A. McDonald, Irvin Jarvis, Joe Watson, Lester Hodges, C. T. Orth, H. G. Perry of Carrizo Springs, Slaton Fleming, Misses Mary and Flo Spiller.

MRS. PATTERSON HONORS MRS. JOHN S. HARRISON

Mrs. Frank Patterson complimented Mrs. John S. Harrison of McCamey with a bridge last Saturday evening. Mrs. U. D. Kindrick made high score and was rewarded with a quart jar of preserves. Mrs. Aubrey Hill received a pint jar of preserves for consolation. The honoree was presented with dainty lingerie.

Pumpkin pie with whipped cream and coffee were served to Mesdames John S. Harrison of McCamey, H. D. Taylor, C. R. Stevenson, H. G. Perry of Carrizo Springs, Aubrey Hill, U. D. Kindrick, Dorothy Westmoreland, Lester Hodges, Alton Miller, S. A. McDonald, Miss Lela Taylor and the hostess.

NEAR EAST RELIEF

The organization caring for the children who are the first beneficiaries of Golden Rule Sunday was chartered by Congress, August 6, 1919, and operates in three areas: Greece and Persia; Syria and Palestine. Egypt and France are sheltering "ex-orphanas." Annual report is made to Congress. It is endorsed by President Coolidge; the National Information Bureau; the Churches; civic, commercial, industrial, fraternal, educational and social organizations and by many American and foreign officials. Its present work is aiding over 30,000 orphaned children, giving them a simple schooling, training them for self-support and launching them. The donations of Golden Rule Sunday, December 2, will be used for this purpose.

THE GOLDEN PRECEPT

International Golden Rule Sunday will be observed on December 2, 1928. "Whatever ye would that others should do unto you do ye even so unto them." The immediate beneficiaries of International Golden Rule Sunday are the orphaned children of the Near East. Their parents were killed or died of persecution, deportation, exposure or starvation in connection with the various disasters of the late war. The children are practically all under sixteen years of age. All of them are too young to be thrown upon their own resources.

SAN ANTONIO MAN SAVED FROM LIFEBOAT

San Antonio, Nov. 13.—After spending a sleepless night, the specter of death hovering over his son, J. F. Slaughter, of San Antonio, was overjoyed Tuesday to learn from the San Antonio Light that C. S. Slaughter, a passenger on the ill-fated liner, Vestris, was safe. Young Slaughter, according to news dispatches, was picked up from one of the lifeboats that took the passengers from the sinking ship.

Slaughter is a representative of the International Harvester Company of Chicago. He sailed Saturday from New York for Buenos Aires. He was accompanied by his wife.

HIGHWAYS

A recent estimate states that over \$9,000,000,000 has been spent for state, county, federal and local road construction in the last 10 years.

Highways were once luxuries; today they are absolute necessities. They bring prosperity and progress, growth and industrialism, the four great elements of our present civilization.

CURRENT NEWS

Bright Baggett, secretary of the Sheep and Goat Raisers' Association, says the result of the election has been to raise the value of animals of the ranges of the West. He said in Crockett it will take \$10.50 to get the good ewe lambs and \$13 to acquire good yearling ewes, while bred ewes should bring up to \$15 or more. Everything for sale in Crockett County has been sold practically, he said. He estimates that from 10,000 to 12,000 lambs had been bought for 1929 delivery at prices of \$7.50 for ewe lambs and 10 cents a pound for mutton lambs.

Four persons were killed when the engine of a southbound Missouri Pacific train from Fort Worth to Houston crashed into a car at a crossing one-half mile north of Venus shortly after nine o'clock Monday morning. Mrs. John Leaman, 32, and her sister, Mrs. J. R. McAnster, 28, were instantly killed and John Leaman, 38, died a few minutes after the collision. Marcell Leaman, 6, daughter of Mr. and Mrs. Leaman, was taken to a hospital at Waxahachie but succumbed shortly after noon.

Three educational meetings will be held in Fort Worth—the first week in December—the thirty-third annual session of the Association of Colleges and Secondary Schools of the Southern States, Dec. 4 to 7; a state meeting of the Association of Texas Colleges, Dec. 4 and 5, and the national convention of the American Association of Junior Colleges on Dec. 3 and 4.

Of all the evil spirits abroad at this hour in the world, insincerity is the most dangerous.

MRS. McDONALD HONORS HER MOTHER WEDNESDAY

One of the prettiest parties of the fall season was given by Mrs. S. A. McDonald, at her home Wednesday afternoon, honoring her mother, Mrs. S. A. Nelson, of Center Point.

Cut flowers in pastel shades adorned the rooms, while paper streamers in the same pretty colors floated from the draperies and walls. During the games mints were served in dainty cups of corresponding pastel tints.

Mrs. Coke R. Stevenson won a set of rose colored sherbets for high score; the second prize, a pretty ivory score pad and card holder went to Mrs. Guy Wynne.

Mrs. McDonald presented her mother with a pair of handsome wall vases, while Mrs. Bill Burke was consoled with a deck of cards.

Chicken salad, potato chips, olives, toasted crackers with melted cheese, coffee with whipped cream, cake in white and pastel shades of pink and green topped with pineapple and whipped cream were served to about forty guests. The plate favors were pink rosebud cups filled with salted nuts.

BAPTIST STUDY COURSE

The W. M. S. of the Baptist church met for an all-day study Tuesday of the book "Baptist Missions in Nigeria." They

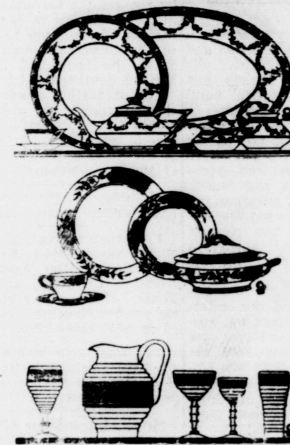

were assisted by Mrs. W. A. Clark and Mrs. Lindsey of Rock-springs, Mrs. Clark teaching the book. This study course was a benefit to all who attended as much helpful information was given on manners, customs and needs of the people of Nigeria. The charts, maps and pictures were especially interesting. About 14 women attended.
