Prisoner Exchange Ends; Reds Say All Returned

LATEST PICTURE OF POW

Cpl. Carl D. Peterson, Scurry County's only POW, is shown here as he looked soon after his release from 32½ months in a Communist prison camp. The Red Cross sent the photograph to Mrs. Ketner, county chairman, to be turned over to the family of the soldier.

Peterson Fund Jumps Nearly $200 Saturday

The Carl Peterson Appreciation Fund took a sudden spurt Friday afternoon and Saturday morning when $185 were turned in, making the largest amount contributed in any one day since the fund was started over a week ago.

The fund was started to purchase a gift for Cpl. Carl D. Peterson of Hermleigh who was released from prison camp last week after being a captive of the Reds for 32½ months. It has been hoped that enough will be raised to buy a car. The fund now totals $460.50.

He is expected to arrive on the West Coast Thursday. His parents are in California awaiting his arrival now.

Donations received from noon Friday until noon Saturday were $10 by B. Y. Rea, $10 by W. C. Rea, $5 by Hallie Rea, $5 by G. W. Ferguson, $25 by Line & Line, $5 by Burney Krasner, $12 annonymous, $25 by Mr. and Mrs. F. C. Hodges, $10 Leland Herod, $25 by E. L. Floyd, $5 by Lloyd Angel, $5 by Orville Paty, $25 by the Hermleigh Lions Club, $5 by Jearld Smith, $2 by A. M. Boyd, $2 by Milton Wall, $5 by W. B. Wither, $2 by H. L. Bradles, $2 by A. F. Weaver and $5 by McKinley Plumbing Co.

Donations may be given to the Snyder National Bank, the West Texas State Bank or the Snyder Daily News. Checks should be made payable to the Carl Peterson Appreciation Fund.

Lyndon Johnson To Speak Here Oct. 16

Snyder's seventy-fifth jubilee celebration the week of Oct. 11 will be highlighted with a speech by Sen. Lyndon B. Johnson on Oct. 16, it was learned here yesterday.

Sen. Johnson, senate minority leader, will speak at a barbecue in the high school football stadium. Arrangements have been made to use the high school cafeteria and auditorium if the weather does not permit the outdoor affair.

The Hardin-Simmons University band of Abilene will also be brought here.

Tickets costing $1.50 have not gone on sale yet. They will be handled by the chamber of commerce. C. T. McLaughlin of the chamber's program committee is in charge of arrangments.

Sen. Johnson has spoken in Scurry County once before. That was Nov. 12, 1950, when he spoke at the Diamond M Ranch. At that time he was the first United States senator ever to speak in this county.

Sen. Lyndon B. Johnson

The 45-year-old senator is completing his first elective term in the senate next year. After his election to the senate by a narrow margin in 1948, he rose to national prominence as chairman of the preparedness subcommittee of the Armed Services Committee.

This year, with the Republicans in the majority, his colleagues picked him to lead the opposition. One of his first moves was to break old seniority precedents and find a place for every Democratic senator on at least one major committee.

Later as the session wore on he found himself in agreement with the Eisenhower administration on major issues almost as often as he was opposed to it.

Slavs Anxious About Hearing Tito's Speech

TRIESTE, Sept. 5 (AP) — Yugoslavs in the thousands were pouring into the tiny village of Okrajaglica by flag-bedecked buses and trains tonight to hear President Tito make his much-heralded declaration on the flaming Trieste issue.

The Yugoslav President speaks tomorrow on the dispute with Italy over the future of this free territory which both nations claim. His Foreign Ministry has peppered Rome all week with diplomatic protests against armed demonstrations along the frontier, and has threatened reprisals.

In contrast to the sizzling notes here was an outward display of order tonight on both sides of the frontier which splits through the town of Gorizia, five miles west of Okrajaglica and 25 miles north of Trieste itself. Here Tito had set the scene for his oration.

On the Yugoslav side there was almost a festival air as the tide of travelers poured through Gorizia railway junction from north and south enroute to hear Tito speak. The flow of special trains and buses is expected to continue all night.

On the Italian side there appeared to be little excitement and no great evidence of popular concern despite a week of diplomatic bickering between the two countries.

Yugoslavia has charged that Italy rushed three divisions to the border area last weekend as a show of force under a pretense of fear that Yugoslavia intended to annex her occupation zone of Trieste. Zone B is occupied by 5,000 Yugoslav troops under the 1947 Italian peace treaty. Zone A is occupied by British and American forces.

Carabinieri and police along the Italian side of Gorizia seemed to have been reinforced to assure order but there were no soldiers in evidence. There were unconfirmed reports of a military roadblock a dozen miles or more to the west, toward Udine, the military headquarters of northeastern Italy. This, however, is well away from the frontier and in the normal Italian security zone around Udine.

110 Americans Are Freed On Last Day

PANMUNJOM, Sunday, Sept., 6 (AP)—Operation Big Switch involving the exchange of more than 88,000 Allied and Communist prisoners of war ended today in its 33rd day.

Both the U. N. Command and the Communists said they had sent back all prisoners willing to be repatriated.

For the Communists this meant 70,158 North Koreans and 5,639 Chinese Reds had been sent back to their homelands.

For the Allies, the Reds said they had returned 7,842 Koreans and 4,910 Allied personnel for a total of 12,752.

One hundred ten Americans returned today in the final day of "Operation Big Switch" which started 33 days ago. A total of 88,549 prisoners of both sides will have crossed the Panmunjom freedom line. Also coming back today were 8 British, 4 Turks, 1 South African and 1 Japanese.

The Reds waited until the last day to return a handful of American flyers who, the Communists said, "confessed" to dropping germs on North Korea.

The United Nations strongly denied the Communist propaganda charges of germ warfare, but the Reds are known, on the basis of statements by returning prisoners, to have extorted these confessions through physical and mental torture.

The U. N. command yesterday gave the Communists a list of men known to have been captured by the Reds but not yet liberated.

"We shall ask for an explanation of their non-appearance" if the men should not be among those returned today, the U. N. told the Reds.

"These persons have been identified as prisoners of war through supported statements of our repatriates and through letters these men have mailed while in your camps," the U. N. told the Reds.

Gen. O. P. Weyland, commander of the Far East Air Forces, said Saturday the Reds had released too few Air Force captives.

"It looks to me as though there are a lot more missing that we can't get back," Weyland said.

Lt. Gen. Samuel Anderson, 5th Air Force commander, said "we had a total of about 2,000 Air Force casualties and were hoping to get back at least 300."

He said Air Force men returned by the Reds as of Sept. 4 totalled only about 150. The general also said 608 Air Force men were listed as missing in action, of whom only 57 were seen safe on the ground.

The Allies today returned 2,353 North Koreans and 137 Chinese. The Chinese apparently were held to the last day as hostages to make certain that the Reds returned hgih ranking POWs.

The highest ranking prisoner in Red hands, U. S. Maj. Gen. William F. Dean, was returned to freedom Friday. The former commander of the U. S. 24th Division was captured Aug. 25, 1950.

The Communists have gained approximately six to one over the Allies in the total prisoners exchanged at the close of today's operations — 75,797 as compared with the 12,752 which the Reds have returned to the Allies.

Today's exchange boosts the American total to 3,596, or 283 more than the 3,313 the Reds admitted they held at the start of "Operation Big Swtich."

No South Koreans were slated for return today by the Reds, leaving the South Korean figure at 7,842 or 344 less than the 8,186 the Communists said they held.

The missing South Koreans apparently are those the Reds say have refused to go home.

Communists officials have told the Allies that about 400 U. N. prisoners have refused repatriation. Of these only about 20 are non-Koreans.

In contrast, about 14,500 Chinese and 7,800 North Koreans held by the Allies have refused to return to Red rule. These do not include 27,000 anti-Communist North Koreans who were released by their South Korean guards last June.

Prisoners of both sides refusing voluntary repatriation will be moved to a camp in the demilitarized zone. They will be guarded by Indian troops while "explanation teams" from the Allied and Communist sides seek to win them back.

If they still refuse repatriation, their fate will be placed in the hands of the post-armistice political conference. Failure of settlement by the conference will permit the prisoners then to go free in the country of their choice, or where they will be welcome.

Here are the figures for returned Allied prisoners, including today's repatriates, with the over or short differences in parenthesis:

Americans, 3,596 (283 over); South Koreans, 7,842 (344 short); British, 946, (24 over) Turks, 228; Filipinos, 40; Colombians, 22; Australians 20 (5 over); Canadians, 30 (13 over); French, 12; South Africans, 8 (2 over); Dutch 2, (2 over); Japanese, 2 (3 Japanese were listed, but one repatriate said he was actually a South Korean and was carried as such.)

Crucial Election On Rearmament Today

BONN, Germany, Sept. 5 (AP) — Europe's most crucial election campaign since World War II ended tonight, leaving West German voters to decide tomorrow whether they rearm with the West or seek neutrality in the cold war.

The 33 million-strong electorate will give its answer in voting for a new 484-member Bundestag (Parliament's lower house).

With West Germany the big prize in the East-West struggle, the United States and Russia have openly intervened in the bitter campaign.

In a virtually unprecedented move in recent American diplomacy, Secretary of State John Foster Dulles gave a forthright endorsement to stern old Chancellor Konrad Adenauer, Christian Democratic leader, who has headed a middle-road pro-Western government for the past four years.

His socialist foes immediately dubbed Adenauer an American puppet and hoped the Dulles' endorsement would prove a political "kiss of death."

The 77-year old chancellor wants to tie West Germany's manpower and vast industrial resources to the free Western world.

Soviet Premier Georgi Malenkov, determined to wreck Adenauer's program of German cooperation with the United States and West Europe, called for the chancellor's defeat.

Adenauer's main opposition is the strong Socialist party which wants to block any German alliance with the West and pursue an independent German policy in the cold war. Like Adenauer, the Socialists are staunchly anti-Communist but they are in favor of giving the Russians a voice in determining Germany's future role in international affairs.

They have placed the lure of a united Germany without rearmament before the war-weary German people.

The West Germans are overwhelmingly anti-Communist and Moscow's intervention in the campaign fell flat. But Dulles' endorsement of Chancellor Adenauer ignited a heated controversy.

In the last two days of the campaign "American intervention" became the biggest and hottest issue with the Socialists denouncing the United States for a "vicious attempt to interfere in the German election."

Opposition To UMT Assured

WASHINGTON, Sept 5 (AP)—Chairman Short (R-Mo) of the House Armed Services Committee said today he would fight any move to establish universal military training during the next Congressional session.

He made this statement in commenting on an American Legion resolution calling for establishment of a UMT program alogside Selective Service. The Legion adopted the resolution at its St. Louis convention.

"Even with all our wealth," Short said, "UMT and Selective Service together mean a luxury we can't afford."

President Eisenhower has ordered a review of UMT to determine whether it is feasible now.

But Short, a consistent opponent of universal training, said "if I can sit tight enough," the House will get no UMT legislation during the next session. He added that UMT legislation would have to be blasted out of his committee.

Short said he agreed fully with the Legion's stand for strong defenses, but he contended UMT would "weaken, not strengthen our defenses."

"In this day of A-bombs and H-bombs," he added, "large armies are a thing of the past. We depend upon skilled technicians, properly paid and given the right incentives....

"We need enough forces to hold off an enemy until we can mobilize, but the men we trained now under UMT would have to be taught all over again if in five years to keep abreast of developments."

Missouri In Tides Fight

JEFFERSON City, Mo., Sept. 5 —Missouri is going to get into the "tidelands oil fight."

Attorney General John M. Dalton announced today he plans to join other states, or perhaps file a suit of his own, to test a 1953 federal law giving the title of offshore oil lands to California, Florida, Louisiana and Texas.

"I think that the action of taking away property belonging to all of the states in the union and giving it to a few is contrary to the Constitution of the United States," Dalton said in a statement.

Arkansas already has filed a test suit in the United States District Court for the District of Columbia. But Dalton said he decided not to join the case because he thought the Arkansas suit "does not adequately present all of the issues which might bear upon the constitutionality of the federal law."

15 Cars Pile Up In Turnpike Accident

ELIZABETH, N. J., Sept. 5 (AP)—Twenty-five persons were injured in two major accidents on the New Jersey turnpike today—one a crash in which 15 cars piled up end-to-end in heavy rain and smog.

The grinding chain-reaction smashup occurred in the northbound lane of the highspeed superhighway about three miles from Newark Airport.

At about the same time 60 miles to the south near Mt. Holly, a car overturned, throwing its six occupants out. Five were injured and four of them are reported in critical condition.

In the 15-car crash here, four of the 20 injured were reported in serious condition at Elizabeth and Newark hospitals.

Wainwright's Burial Is Set For Tuesday

SAN ANTONIO, Tex., Sept. 5 (AP) — Comrades and civilians said farewell today to the leathery old soldier who didn't have a chance to win his greatest battle but fought until his country could strike back in World War II.

Simple funeral services were held in the Ft. Sam Houston chapel for Gen. Jonathan M. Wainwright, the renowned "Skinny" of Corregidor. His stubborn tough hopeless defense of "The Rock" earned him the Medal of Honor and made him a symbol of dauntless courage.

Wainwright, 70, died Wednesday.

His body will be flown to Washington tomorrow from Kelly Air Force Base, and he will be buried Tuesday in Arlington National Cemetery.

The funeral lasted 18 minutes.

There was no eulogy, no recalling of the tremendous deeds and suffering of the general, who was forced to surrender only after he had upset the Axis timetable in the Pacific by his defense of the Philippines fortress in the first months of the war.

The Rev. H. Osborn of St. Paul's Episcopal church read lengthy passages from the Scriptures and led those attending in prayer. Some 260 of the city's top military, government and civic leaders were present.

The casket was flanked by the American flag draped with crepe, and the general's own four-star flag. Flowers banked the altar and a candle flickered at each end of the casket.

The general's family and closest friends arrived shortly before the services began. They included his son, Navy Reserve Capt. Jonathan Wainwright V of Norfolk, Va., and the captain's wife.

Also present were the General's Negro maid, Mrs. Sarah Adams, and her husband who served as Wainwright's man-servant.

Led by the 4th Army band playing Chopin's "Funeral March," the funeral procession marched solemnly to the entrance to the post, headquarters of the army Wainwright commanded following his return from a Japanese prison camp.

Behind the hearse a sergeant led a cavalry horse, its saddle empty and a pair of gleaming boots turned backwards in the stirrups, traditional symbol of a cavalryman's death.

Tied to the saddle was the general's sword the one he presented in surrender to the Japanese on Corregidor and was later returned to him following defeat of the enemy.

Holiday Kills 83 So Far

By The Associated Press

The Labor Day weekend, summer's last holiday, has claimed at least 83 lives in violent accidents.

Traffic mishaps accounted for 61 deaths. Ten persons were drowned and 12 died of miscellaneous accidental causes.

In the 78-hour weekend, from 6 p.m. Friday to midnight Monday, the National Safety Council estimates highway accidents will take 440 lives—eight more than last year but 21 short of the record of 461 in 1951.

The 1951 Labor Day weekend also accounted for the highest number of accidental deaths from all causes—658. Last year's overall total was 558 including 432 in traffic, 55 drownings and 71 from miscellaneous causes.

Traffic fatalities in the first seven months of 1953 averaged four an hour, including deaths from injuries long after accidents.

Poultry Mart Held Steady

AUSTIN, Sept. 5 (AP)—The Texas broiler-fryer markets closed steady in all areas this week.

Closing prices: South 27 East 27; Waco 27; Corsicana.

Supplies in South Texas adequate for light to fair demand. Trading was light to moderate.

East Texas supplies adequate to scarce for a fair to good demand and trading about normal. Undertone steady.

Supplies adequate to fully adequate for a light to fair demand in the Waco area. Trading moderate, and undertone steady to about steady.

Year-ago prices were South 35, East and Waco-Corsicana 32.

In Arkansas, the northwest area was steady, closing quiet, while the Batesville-Floral was steady, closing steady.

Demand fair to good and trading active the early part of the week in the northwest area. Demand gradually decreased and was light at the close.

Demand in the Batesville-Floral area was fair to good for heavy weights, with offerings barely adequate to short. Demand was very light for light weights, offerings adequate.

Prices at the close unchanged in the Arkansas markets.

Fraud Possible UnderProgram

WASHINGTON, Sept. 5 (AP) — A "possibility of fraud" in the multibillion dollar government stockpiling program is under study by the Senate Appropriations Committee, Chairman Bridges (R-NH) said today.

Bridges said there are indications that "millions of dollars have been spent purchasing inferior materials, whereas satisfactory materials were available at the same price."

"Other complaints indicate the loss of goods through mishandling, and in some cases the possibility of fraud.

Target of the preliminary inquiry is The General Services Administration, big government housekeeping and buying agency set up after World War II.

Bridges said the agency has spent more than four billion dollars for a stockpile of critical and strategic materials since 1946, and still has most of another billion voted for this purpose.

Because such purchases involve metals and materials needed to make jet aircraft, guided missiles and many other major military items, a lid of secrecy has been kept over most GSA operations in this field.

Lewis Wants Forced Merger Of All Unions

WASHINGTON, Sept. 5 (AP)—John L. Lewis today called on the nation's union members to "rise up" and force their leaders to merge labor organizations into one big federation.

The AFL and CIO recently have renewed merger talks, but they did it without consulting Lewis. His statement today said they were "conferencing the matter to death," and never would get anywhere unless forced to it.

The Lewis statement was one of a series of Labor Day weekend messages from the nation's top labor leaders. Most of them dwelled heavily on the dangers of communism and the superior position of American workers over those elsewhere in the world.

Such statements came from secretary of Labor Martin P. Durkin, AFL President George Meany and CIO President Walter Reuther.

A cartoon labelled "Pravda, Please Copy" on the front page of the AFL weekly newspaper, the News Reporter, summed up the idea expressed by most. It showed a happy worker lugging a well-filled picnic basket out to his car with his smiling family.

Under it a legend described the American worker's benefits and asked: "What does Soviet Russia—the largest company union in the world—offer its workers? Gag rule, hovels for homes, poor food, low quality clothing and no right whatsoever to complain or strike aginst intolerable conditions."

A business leader, President Richard L. Bowditch of the U. S. Chamber of Commerce, had a word of praise for workers, saying that "in spite of some disputes and strikes, labor as a whole has worked more in the past year than ever before."

Garbage Ordinance Is To Be Studied By City Councilmen

A new garbage ordinance will be considered by the city council at its meeting Tuesday night, B. J. Shelley, city manager, said.

If adopted by the council, the new ordinance would prohibit use of open-top trash barrels as now in universal use here, and would prohibit burning of any trash or garbage inside the city limits.

It would specify that all residents and business houses provide containers of from five to 32-gallon capacity, constructed of metal and with a tight fitting lid. Pickup of garbage and trash in the residential districts would be twice each week and daily in the business district.

Shelley said that the ordinance was drawn up by W. W. Park, city attorney, after study of garbage and trash ordinances in use in many Texas cities, and in close cooperation with the county health unit.

The city council at various times has discussed the need for new garbage and trash regulations here. This proposed ordinance is a culmination of those discussions, Shelley said.

Under the ordinance, as proposed only the city or its duly authorized contractors would pick up trash and grabage, but individuals could haul their own trash and garbage.

"The county health unit sanitarian and director have studied the proposed ordinance, and they say it is one of the best they have ever read," Shelley said.

Dr. Hugh J. Stennis, health unit director, will be at the council meeting to explain the need for such an ordinance, Shelley said.

"The city could go into the garbage business itself, or could continue engaging a private firm to make garbage and trash collections as is now done," he said.

Charges for garbage and trash collections are not specified in the ordinance, but blank spaces are left for filling in the amount by the council if the ordinance is adopted.

Another ordinance regulating keeping of livestock inside the city limit is being prepared and will also be submitted to the council as soon as possible, Shelley said.

Shelley said that studies by the health unit sanitarian here show that flies are breeding in an average of three of every five of the open garbage cans now in use.

"Tightly covered garbage cans would do much to eliminate flies here," he said.

MY BIG FOOT

Nancy Parsons, three-year-old daughter of Mr. and Mrs. Robert Parsons of Decatur, Ill., was too [illegible] so doctors [illegible] spout. Capt. Otto Sterns of the Decatur fire department tries to comfort her while other firemen work to free her leg.

Demos Start Pledge Fight; Many Shun Chicago Rally

WASHINGTON, Sept. 5 (AP) — Democratic leaders moved today to stave off a showdown with Southern dissenters by agreeing at a Chicago rally Sept. 14-15 to a reexamination of their party's national convention "loyalty oath."

Govs. Hugh White of Mississippi and John Battle of Virginia are going to the rally ready to push a resolution calling for repeal by the 1956 presidential nominating convention of the pledge which split last year's convention into warring factions.

Stephen A. Mitchell, chairman of the Democratic national committee, said last night the Chicago meeting is not a convention and therefore will not deal with the pledge. However, there is nothing to prevent a committee member from discussing it and offering a resolution recommending repeal to the 1956 convention.

The chief complaint of the Dixie members appears to be that the 1952 pledge required convention delegates to "exert every honorable means" to get the national ticket on their state ballots under the Democratic label.

Gov. James F. Byrnes of South Carolina, among others, has contended that in his state the democratic label belongs to the state, not the national party. He supported President Eisenhower last year and has said he won't go to any future national convention that requires an advance pledge of backing for its nominees.

Mitchell said on the radio last night that Byrnes "has read himself out of the party." He added he did not think the Chicago meeting would miss the South Carolinian.

Byrnes and some others like Sen. Holland (D-Fla) have made it clear they have no interest in attending the meeting, where both former Gov. Adlai E. Stevenson of Illinois, the 1952 presidential nominee, and former President Truman will speak.

A check by The Associated Press indicated that only four of the 41 governors [illegible] to attend the Chicago meeting. Of the 22 senators, only seven indicated they planned to attend, although several others said they regretted they couldn't go.

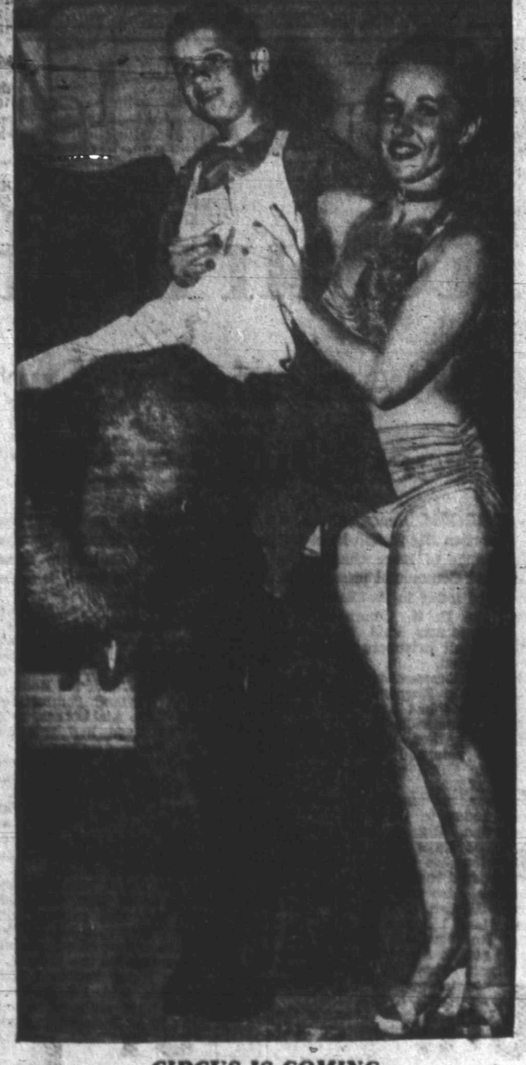
Among the governors [illegible] and Allan Shivers of Texas, shunned the meeting and Robert F. Kennon of Louisiana said he had an engagement in Baton Rouge of long standing on Sept. 16, The day after the Chicago rally ends. All three governors supported Eisenhower last year.

Gov. Frank G. Clement of Tennessee said official duties will keep him at home.

Governors Dan McCarty of Florida and William B. Umbstead of North Carolina cited ill health as the reason for their non-attendance. Gov. Herman Talmadge of Georgia had a previous engagement.

Besides Battle and White, governors Francis Cheery of Arkansas and Gordon Persons of Alabama said they would be on hand.

Although Rep. Rayburn of Texas, the House Democratic leader, plans to take in the rally, Sen. Lyndon B. Johnson, the Senate Democratic leader, said he couldn't go. Sen. Daniel (D-Tex), who supported Eisenhower, declined an invitation.



CIRCUS IS COMING

Pretty Jerry De Wayne holds a youngster from a Crippled Children's Hospital in one of the towns recently visited by the Shrine Circus. The young fellow is getting his first ride on an elephant. The three-ring circus will play two shows here Sept. 19 at the rodeo grounds. Proceeds from the circus go to support the Shrine's hospitals for crippled children.

Threat Of Suit Is Hurled At Council

The following was taken directly from a copy of a letter sent last week to A. W. Phillips, city councilman, by Garland Armstrong, attorney. It concerns the proposed rate increase for telephone service advised you as follows.

Dear Mr. Phillips:

This will confirm our conversation of this date wherein I advised you as follows.

It is my understanding that next Tuesday September the 8th 1953, is the final hearing before your Commission with reference to an increase in local telephone rates. In view of the fact that I will be compelled to be out of the City, it will be impossible for me to be present at this hearing

As I stated to you this morning I think the people of this City are entitled to a full and complete audit that will reflect the earnings of the Southwestern Bell Telephone Company, of Snyder, Texas. A true and complete audit MUST include local long distance toll charges.

I am reliably informed by good friends of mine who are outstanding citizens of this community that certain members of your Commission voted as they did at your last session, UNDER PRESSURE.

The people of this community are entitled to know where this pressure comes from.

I say to you now if any member of your Council voted under pressure he was not fair to himself, and to the people of the City of Snyder.

Your Council sitting in a Quasi Judicial capacity disqualify themselves when they vote under such conditions. Would these members want a Judge of a Court at law to rule on their property rights when they knew he was under pressure from the opposition?

This is to further advice as stated to you this morning, that if your Council takes final action without a true full and complete audit, litigation will be insituted immdiately by certain Citizens of Snyder, Texas, to question your Commissions actions.

Yours very truly
Garland Armstrong

Mistrial In Court

A mistrial was declared in civil district court Friday night when the jury reported a hopeless deadlock in the case of A. W. Browning vs. E. G. Browning and wife, a suit of trespass to try title.

The trial of the suit began Tuesday morning. It was a case in which the plaintiff sought to recover property alleged to have been previously deeded to the defandant for purpose of its custody.

Attorneys for the plaintiff were C. F. Sentell and C. E. McGaw. The defandants were represented by H. J. Brice of Snyder and Raymond L. Lynch of Midland.

PUBLIC RECORDS

MARRIAGE LICENSES ISSUED:
Willie Ray Boss, 21, and Anne Elizabeth Capps, Grand Prairie, Sept. 3.

DIVORCES GRANTED:
Sherman Harvey Merritt vs. Clara Merritt, Aug. 31.

FILED IN 32ND DISTRICT COURT: ....

Items Set For Action On Council Agenda This Tuesday Night

A public hearing on a proposed city budget for the next fiscal year has been set for 7 o'clock Tuesday night by the city council.

Also set for propable action is the second reading of an ordinance permitting an increase of telephone rates here, Jack Shelley, city manager, said.

The new budget calls for the same tax rate ($1.50 per $100 valuation) as is in effect now.

Other items on the agenda is the opening for bids for sale of gasoline to the city by various jobbers here and a new garbage ordinance.

Pair To Try To Break Record With Airplane

SALT LAKE CITY, Sept. 5 (AP)—Two Salt Lake City fliers hoping to set a new world light plane endurance record scheduled their takeoff today for 6:35 p. m. (CST).

Capt. C. E. Cowley, 29-year-old Frontier Airlines pilot, and Don H. Bean, 23, a commercial pilot, gave their Cessna a final check yesterday, tried out their refueling system, and announced they were ready.

They will attempt to stay in the air 50 days to better the present record of 47 days which was set at Yuma, Ariz., in 1949.

The plane will be refueled by hose from a truck speeding along the runway.

Norman Inman To Camp Lewis For Assignment

Pvt. Norman Inman, the son of Mr. and Mrs. Jack Inman, 2703 Avenue W, will leave tomorrow for Camp Lewis, Wash., for overseas assignment in the Far East.

Pvt. Inman has been here on leave following completion of his training at Fort Belvoir, Va.

E. H. Turner, 2807 Avenue W, was taken to a Big Spring hospital by a Bell ambulance Friday.

Elizabeth R. Leighton

Navy Officer To Talk Here

Three talks here Tuesday by Elizabeth Roby Leighton, Wave procurement officer for Texas, Oklahoma, and New Mexico, will be sponsored by the city council of the Parent-Teachers Association.

Mrs. E. N. Baker, president of the PTA council, said the navy lieutenant commander will speak at an assembly in high school, over radio station KSNY, and at the Lions Club luncheon.

Comdr. Leighton's addresses here may make use of audio-visual aids. She specialized in their use as a teacher in the public schools at Los Alamos, N.M.

She attended five colleges and universities receiving a bachelor of arts from Wellesley College, and a master of science degree in education at Rhode Island University.

Her experience in the navy includes having been public relations officer at the Naval Air Station, Barbers Point, Oahu, Hawaii, assistant industrial incentive officer; and inspector of naval materials office for the Pennsylvanian area at Pittsburgh.

Signs Get More Grace

LONDON, Sept. 5 (AP)—Twelve of the more dignified illuminated signs that give a touch of modernity to London's famous old Trafalgar Square have been given another three years of grace by the government, despite the protests by many Londoners that they are unsightly in the presence of the towering memorial to Lord Nelson. A dozen other electric signs were given another year.

H. H. Ruminer Dies, Services Are Set Today

Harris Hodge Ruminer, 71, of Hermleigh, died at 3:45 o'clock yesterday afternoon at the Johnson Hospital in Loraine. He was a resident of Hermleigh 21 years.

Funeral services will be held at 2 o'clock this afternoon at the Hermleigh Church of Christ with Ralph Aycock officiating. Burial will be under direction of Bolger Funeral Home.

Survivors include his wife, Mrs. Rutilla Ruminer; two daughters, Mrs. Dan Eastland and Mrs. L. D. Beavers of Lubbock; three sons, Carl Ruminer of Westminster, Md., Guy Ruminer of Colton, Cal., Dallas Ruminer of Hamlin; a brother R. A. Mindola of California, 10 grandchildren, and two great grandchildren.

Pallbearers are Jay Vaughn, Harold Mason, Dean Smith, Lloyd Reeves, Glenn Tate, K. P. Lofton, Jr., J. B. Tate, and Jervis Bullard. Honorary pallbearers will be R. L. Jones, Herman Richburg, I. A. Hurriey, O. B. Paty, Payton Anderson, and H. R. MacHaney.

Big Construction Year

AUSTIN, Sept. 5 (AP) — Another billion-dollar construction year in Texas in 1954 was predicted today by a new trade magazine, Texas Construction Journal.

In the first issue of his new monthly publication, editor Hanford Reed said his billion-dollar forecast is based on a detailed study of all possible agencies, departments, municipalities and subdivisions planning construction.

The Journal gave the following breakdowon on construction already approved for Texas next year, by governmental divisions:

Federal and federal participating, $165,845,676; cities and towns, $837,172,750; state, $130,440,936; counties, $50,000,000.

The grand total of this approved construction is $1,183, 459,362, the Journal said.

Pvt. Jack Colley, 20, son of Mr. and Mrs. D. T. Colley, Humble Oil camp, has been assigned to Fort Bliss for basic training as an anti-aircraft artilleryman. He entered the army on Aug. 13, and was a student at Texas Tech prior to that time.

Old Chambers, 413 Thirty-first Street, was taken from Battenfield Hospital to his home Friday by a Bolger ambulance.

Tigers Look Good Downing Two Teams In Scrimmages

The Snyder Tigers indicated Friday night and Saturday that they have the potential of being one of the better teams in District 1-AAA when they stomped two class AA teams in scrimmage.

The Tiger squad, made up of 26 boys who are prospects for the A team, downed Colorado City, which is expected to be one of the top teams in its district, by a margin of seven touchdowns to three Friday night.

Rotan, which is a weaker team in the C-City district, came here Saturday and was beaten by the Tigers seven scores to one.

Practically every member of the potential A squad, those who did not have minor injuries from practice, played in the two scrimmages.

Statistically, the Tigers had the two teams outclassed by far. Against Colorado City, the team had 19 first downs to 12, gained 436 yards in scrimmage to 195. Out of 12 times they held the ball, the Tigers made their seven scores, lost only once on downs, punted only once, lost on fumbles three times, and had one pass intercepted.

The Wolves, who also had the ball 12 times, made three TDs, lost on downs four times, punted once. Rotan scored once, lost on downs seven times, lost four times on fumbles, and had one pass intercepted.

There was hardly a player on the Snyder squad who did not look better than he did last year. In the quarterback position, Bernie Hagins and Alan Snead split the time about evenly. Both are improved over last year. Neither completed a pass against Colorado City. Against Rotan, Snead completed two passes to End Reagan White, one for nine yards and one for 35 and a touchdown. Back Joe Baxter completed one pass to End Paul Hays for 15 yards. Hagin tossed one to White for 55 yards and a touchdown, but it was called back. In all, the Tigers compelted three out of seven passes against Rotan, while Rotan completed two out of 10 for 12 yards.

Against C-City, the Tigers did not complete any of their six pass attempts, while their opponepts got one out of five for 35 yards.

Defensively, practically the en- out four times, and had one pass intercepted, which the Tigers turned into a touchdown.

The statistics were much the same against Rotan. The Tigers had 29 first downs to nine, 326 yards rushing to 173. They held the ball 13 times, seven of which they scored They had three passes intercepted, lost three times on fumbles, and lost on downs only tire team looked god. Their opponents found holes once in awhile, but as indicated in statistics, the Tigers stopped the holes are several kinks that Coach Speedy Moffett and his assistants will be ironing out between now and the time they go into their first game with Fort Worth Tech here Sept. 18. but they have two weeks to go for practice, along with two more scrimmages, with San Angelo and Midland, which are not yet definitely scheduled.

Guard Steven Blair appears to be potentially the best defensive guard the team has had in several years, while White tops the ends on the defensive. End Keith Pitner, who did not put as much time in the game as did White last year, was much improved, especially on offensive, while End Paul Hays, who has little experience, seems to be making up for his lack of time in the game.

Also showing up on the line in the scrimmages were Frankie Minton, 220-pounder with little experience, Jimmie Rodgers, Jerry Smith, and Norman Grimmett.

In the backfield, practically every player could be called outstanding. Big Jack Spikes is hard to stop once he gets started with the ball from his halfback position, as is Gerald Crawford, who is the speediest back on the team. Jackie Grimmett, fullback and three-year letterman, may turn out to be the leading ground gainer this season, while Joe Baxter, who plays all over the backfield, may be another top gainer.

Crawford led scrimmage gain against C-City with 189 yards, followed by Grimmett with 118. Against Rotan, Grimmett led with 82, while Baxter was next with 76. Crawford did not play in that scrimmage.

Jet Ace Wins With Average 603.5 MPH

DAYTON, Ohio, Sept. 5 (AP)—Maj. William T. Whisner, Jr., 29-year-old ace of two wars, streaked here from California in an F86F Sabre jet at an average speed of 603.547 miles an hour today to win the coveted Bendix trophy.

In the aerial equivalent of a photo-finish horse race, Whisner barely nosed out Maj. Edward R. Johnston, 30, of Reynolds, Ill.

Whisner's elapsed time for the 1,900-mile flight was 3 hours, 5 minutes and 45 seconds, only 4.8 seconds better than Johnston's.

Whisner, who is from Shreveport, La., and commands the 3596th Flying Training Squadron at Nellis Air Force Base, Nevada was one of two fliers representing the Air Training Command.

The other, Col. Clay Tice Jr., Phoenix, Ariz., also of Nellis AFB, placed third with a speed average of 598.573 m.p.h.

All 10 contestants exceeded the previous record, set in 1951 by Col. Keith K. Compton, also in a North American F86 Sabre jet at an average of 553.761 m.p.h.

The slowest of the 10 was Capt. James S. Carson of El Centro, Calif., an experimental test pilot at Edwards AFB, California, starting point of the speed run.

Carson's jet engine "flamed out" while he was still 100 miles short of the finish line.

The flier, at an altitude of about 40 000 feet, asked and received permission to glide in across the finish line.

Just before reaching the airfield, however, he managed to restart his engine with what other officers called "the few remaining cups of fuel in his tank," and sped across the finish line noticeably slower than the other planes.

Carson landed safely at nearby Wright-Patterson AFB with virtually empty fuel tanks for an average speed of 577.320 m.p.h. for an elapsed time of almost 3¼ hours.

Yankee And Aussie In Semifinals

BY GAYLE TALBOT

FOREST HILLS, N. Y., Sept. 5 (AP)—The curtain was rolled up today for a full dress rehearsal of the next Davis Cup challenge round in Melbourne when Vic Seixas, Philadelphia, and Lewis Hoad, Australia, drilled their way into the semifinals of the national tennis championships before 11,000 fans.

Seixas again proved himself the mast of Denmark's Kurt Nielsen by scores of 6-3, 7-9, 6-4, 6-4, in one of the finest exhibitions of forecourt tennis seen at the West Side Stadium all week.

Hoad, larger of the Aussies' two whiz kids, banged his way past the veteran Gardnar Mulloy, Coral Gables, Fla., 6-4, 6-2, 11-9, thus reaching for the first time in all his 18 years the semifinals of any one of the world's four major tournaments. He was beaten in the second round of this year's Australian title event.

Tomorrow's two matches, expected to pack the big horseshoe with 17,000 spectators, will pair Seixas against Hoad and Tony Trabert of Cincinnati against the other Aussie wonderboy, Ken Rosewall. That is exactly the way the championships were supposed to come out, and, barring the entirely unforeseen, that could be the way they will square off in the opening singles matches of the challenge round Dec. 28.

Maureen Connolly, San Diego, moved placidly toward her third straight women's crown with a quarter-final victory over Althea Gibson, the tall New York Negro, 6-2, 6-3.

Louise Brough, Beverly Hills, seeded fourth, hooked up in a long and exhausting baseline duel before she finally subdued Mrs. Helen Pastall Perez, Encino, Calif., 8-6, 6-3.

Doris Hart, Coral Gables, raced past Mrs. Jean Rinkel-Quertier of England 6-1, 6-0.

Mrs. Margaret Osborne du Pont bowed to Shirley Fry, Akron, O., in two closer sets 8-6, 7-5.

US Golfers Win Walker Cup 13th Time

MARION, Mass., Sept. 5 (AP)—U. S. Amateur golfers won the Walker Cup for the 13th time in 14 competitions today when Jack Westland, congressman and U. S. Amateur champion, humbled Roy MacGregor of Scotland, 6 and 5. It was the seventh point scored by the U. S. team in the first eight matches of the two-day event.

The Americans took three of yesterday's four alternate-shot foursomes and swept the first four of the singles matches to be completed today. Prior to Westland's triumph Don Cherry of Wichita Falls, Tex., defeated Norman Drew 9 and 7; Ken Venturi of San Francisco stopped Jimmy Wilson, 9 and 8, and Harvie Ward of Atlanta downed Joe Carr of Dublin, 4 and 3.

In the final round of the British Amateur this spring, Carr had beaten Ward.

Gene Littler of San Diego, Calif., aggravated British woes by turning in a 5 and 3 victory over Gerald Micklem.

The final count of 9-3 wasn't the most lopsided in the history of the competition, which began in 1922, but it came close. In 1936, the U. S. team captained by Francis Ouimet won nine matches and halved three that was scored as a 9-0 blanking, since points aren't awarded for tied matches.

The younger members of the American team—and six of the eight singles players are in their 20's—played the most impressive golf and wrapped up some of the most decisive victories on the rugged 6,545-yard Kittansett Course.

Still it was 48-year-old Westland the oldest player ever to win the U. S. Amateur, who clinched the American victory. Westland, who will defend his title at Oklahoma City starting Sept. 14, trimmed MacGregor to earn the deciding point.

The only American losers were former U. S. and British Amateur champion Dick Chapman, Pinehurst, N. C., and Charley Coe, Oklahoma City.

Qualifying In City Tourney

Forty-seven golfers had entered the City Golf tourmament by yesterday afternoon, J. T. Hammett, country club pro, said.

About 80 are expected to enter before the list is closed Tuesday. Qualifying rounds will continue through tomorrow.

Tournament play begins Tuesday with a schedule of one match per week set up for the contestants until Oct. 4.

Some of the low scores listed by Hammett for the qualifying rounds were Donald Ray Scott, 69; Manning Q. Davis, 71; Joe McLaughlin, 74; C. R. Smith, 77; Ned Butler, 77; Earl Fish, 77; W. S. Davis, 80 and Richard Brice, 81.

Pro Exhibition Monday Night

SAN ANTONIO, Sept. 5 (AP)—A preview of the National Football League opening will be presented here Monday night as the San Francisco 49ers play the Philadelphia Eagles.

This is an exhibition game but the same clubs meet again on the opening day of the pro season, Sept. 27.

Philadelphia boasts one of the undefeated records in exhibition games to date, having defeated the Baltimore Colts, 10-7, and the Chicago Bears, 24-10.

San Francisco has two losses against one victory in games with pro teams to date. The 49ers lost a first half lead in bowing to the Cleveland Browns, 20-7, and then suffered a 35-10 setback at the hands of the Los Angeles Rams last Thursday night—though trailing only 21-10 at the end of three quarters.

The 49ers have defeated Washington, 7-0.

Philadelphia has Adrain Burk, the former Baylor All-America passer, directing its attack. Y. A. Tittle, who grew up in Marshall, Tex., but did his college football at L. S. U., is the 49er director.

Texas Orange Gets 27-7 Win Over White

AUSTIN, Sept. 5 (AP)—A devastating ground attack plus timely passing gave the Texas Orange squad a 27-7 victory today over the Whites in the first scrimmage of the season.

After scoring on a first-quarter drive, the Whites wilted before the sustained running power of halfback Billy Quinn and Fred Weir.

Joe Youngblood, leading candidate for starting left halfback, injured his knee midway through the [illegible] showed there was no fracture.

Some Football For Schoolboys Set This Week

By The Associated Press

The Texas schoolboy football season opens at three-quarters speed this week with 358 of the 478 teams in the four top classes swinging into action.

Only two of the defending state champions will have games, Breckenridge, the Class AAA kingpin, taking on Graham of Class AA, and Wink, the Class A champion, meeting Class AA Monahans.

Mighty Lubbock, defending titlist in Class AAAA and winner of 26 straight games, doesn't open until Sept. 18, playing Class AAA Plainview. Terrell, champion of Class AA, also waits until Sept. 18 to start the season.

Only 14 of the 49 schools in Class AAAA and 32 of 58 in Class AAA have games this week but there are some headliners. The No. 1 game of the state will see Port Arthur going to Odessa Friday night. These two powers feature a card that includes games between Highland Park of Dallas and Abilene, Waco and North Dallas and Wichita Falls and Vernon.

The Waco - North Dallas tilt matches teams favored to win their district championships in Class AAAA. The Vernon-Wichita Falls game would have been a major battle not too many years ago when these schools were in the same class and their engagement usually decided the district title. But Vernon is in Class AAA now.

The feature game of Class AAA is that which sends Stephen F. Austin of Austin to Temple. Austin is a Class AAAA team while Temple for two straight years has been a finalist of Class AAA. It will be a strong opening test for Temple. Another feature is Tyler at Palestine. Tyler of Class AAAA will be testing a Class AAA outfit that is favored to give Temple a fit in the fight for the district championship in Class AAA.

Childress at Phillips, Haskell at Stamford, Brownfield at Pecos, Ennis at Weatherford, Van at Henderson and Pittsburgh at Daingerfield are top games of Class AA while Wink's struggle with Monahans will get most of the interest in Class A.

In Class AA 146 of the 174 schools see action while 166 of 197 in Class A play games.

Arcaro Rides New Winner

CHICAGO, Sept. 5 (AP)—Hasty Road, sweeping juvenile honors for Hasty House Farm, owned by Mr. and Mrs. Allie E. Reuben, Toledo, today scored an easy 3½ elngths victory in the 156,085 Washington Park Futurity.

Ridden by Eddie Arcaro, who became the first jockey ever to capture a victory twice in this rich 6-furlong fixture, the dark bay colt collected a winner's share of $99,645. This boosted the champion to earnings of $208,350 and almost cinched him the 2-year-old money winning championship for 1953.

It was the ninth stakes victory of the coordinated Arlington-Washington Park meeting for Hasty House Farm, topping the record of eight set last year by Calumet.

Hasty Road, who has scored four triumphs in five starts and never finished out of the money, stepped the six furlongs on a slow track in 1:12 and 4-5. He led most of the way, was ahead by a good six lengths midway in the stretch and passed the wire easing up. Backed down to a prohibitive 1-2 favorite by a crowd of 27,237, Hasty Road returned his backers $3, $2.20 and $2.20.

Hal Price Headley's entry of Athenian, Pinetum and Revolt, paid $4 and $4.80 for show and place. Athenian, ridden by Kenneth Church, was second and Pinetum, with John Heckmann aboard, was third, eight lengths off the pace in the 15-horse field.

Frazier Holds Lock On Top Of Batters

DALLAS, Sept. 5 (AP)—Just wrap up the Texas League hitting trophy and mail it to Mr. Joe Frazier, care Oklahoma City ball club. The veteran outfielder appears to have it sewed up.

The race ends Monday and if Jim Clarkson, Dallas third base man, can overtake jolting Joe in the remaining games that will be used to finish out the averages, it will be quite a feat.

Frazier is batting .338 on 179 hits in 530 times at bat. It is a nine point slump from the previous week but Clarkson, in second place with .327, also lost ground. He dropped three points.

Frazier also appears to have three other leadership pretty well in hand. He tops in runs with 106, in hits and in doubles with 55. Forrest Jacobs of Fort Worth might beat him out in hits, being only one behind the Indians outfielder.

Saturnino Escalera of Tulsa leads in triples with 19, Harry Heslet of Shreveport in home runs with 40 and Russ Burns of Oklahoma City in runs batted in with 123.

Gale Wade of Fort Worth leads in stolen bases with 28.

Howie Judson of Tulsa has the remarkable pitching record of 100 [illegible] the season but the winningest hurler is Red Murff of Dallas, who has won 17 while losing 12.

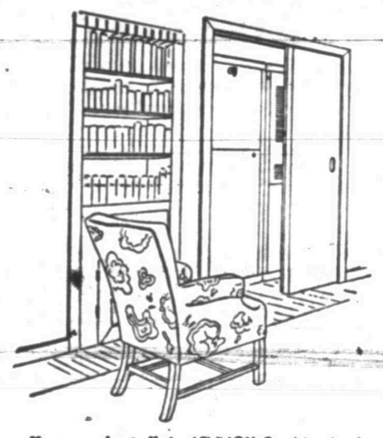
Air Conditioning Your Home?
THERE'S A
LENNOX ALL-SEASON AIR CONDITIONING SYSTEM
for any home...
OLD • NEW • BIG or SMALL!



You can install the LENNOX Combination heating and cooling unit in a closet—as above.

For the latest design of *residential* air conditioning equipment in the air conditioning industry, see LENNOX! If you're planning to build or remodel—or if your home has central forced warm air heating—you can have LENNOX All Season Aire-Flo Air Conditioning. And it makes no difference whether your home is new or old—big or small.

The LENNOX combination heating and cooling unit comes in 3, 4½ and 6 ton sizes with *twin* refrigeration units—one for "stand-by" to give you the extra cooling needed only in extremely hot, humid weather. You can add a LENNOX summer air conditioner to your heating system in 2 and 3 ton sizes so small and compact you'll hardly believe your eyes—at reasonable cost!

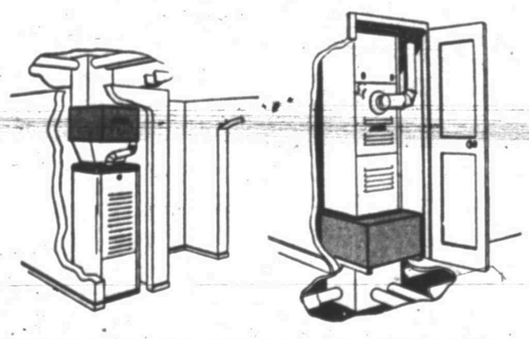
LENNOX Air Conditioners are designed for residential use—especially for your attic, closet, utility room, "crawl space," garage, or basement.

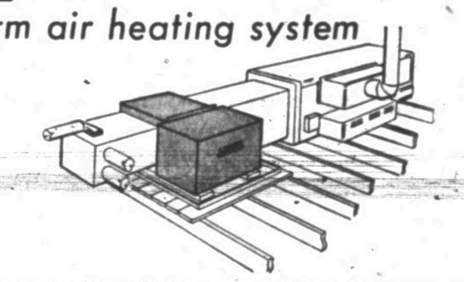
Each refrigeration unit is *guaranteed for five years*. Gas-fired heating units with the combination system are approved by the American Gas Association.

For 58 years LENNOX has led in providing *home* heating comfort in hundreds of thousands of homes, and this specialized home-comfort "know-how" is reflected in LENNOX Air Conditioning equipment.

Let us show you how you can have LENNOX Air Conditioning in *your* home.

YOU CAN ADD A LENNOX AIR CONDITIONER
to your present central warm air heating system





THE LENNOX "FLAT-TOP" AIR CONDITIONER
for average homes at reasonable cost

The LENNOX "Flat-Top" Air Conditioner fits directly over the furnace in your closet. Available in 2 and 3 ton sizes. Refrigeration unit guaranteed 5 years.

The LENNOX "Flat-Top" Air Conditioner is installed in a reverse-flow furnace in utility rooms or closets. Available in 2 and 3 ton sizes. Refrigeration unit guaranteed 5 years.

THE LENNOX "STOWAWAY" AIR CONDITIONER
Can be installed along with your present Stowaway-type furnace in either your attic or "crawl space". Or, it can be added to the ductwork of a "hi-boy" or "lo-boy" regular furnace. Refrigeration unit guaranteed 5 years.

THERE'S DANGER AHEAD...

SCHOOL BEGINS!

A SUDDEN SCREECH OF BRAKES! IT COULD BE YOUR CHILD UNDER THOSE WHEELS! EACH DAY THAT YOU SEND YOUR CHILD OFF TO SCHOOL, POTENTIAL ENEMIES STALK THEM JUST A FLASH - SECOND OF UNGUARDED ACTION CAN CAUSE TRAGEDY!

. . . The casualties mount! More and more school children, struck down by careless drivers lose lives or limbs on today's civilian battlefield — the public streets! Now is the time for extra driving caution! The toll of school bells, this Fall, is your warning bell: You can't be too careful behind that wheel. Until that peaceful day, when EVERYONE makes SAFE DRIVING his No. 1 civilian objective — make it an INDIVIDUAL matter with you. Your good example might set some reckless driver on the right road to safety! Show others the way. Be a leader at the wheel! Remember: "It takes years to raise a child — but less than a second to kill one."

TAKE THIS FOUR-POINT PLEDGE FOR SCHOOL - TIME TRAFFIC SAFETY:

Insure yourself -- and others -- against tragedy!

POINT ONE: "I WILL DRIVE SLOWLY:"

"When in the vicinity of schools, I will keep within the speed limit — or much less than that. I will be always ready to STOP in a flash — for that youngster who may dart from behind a parked car, or the unpredictable 'kid' on his bicycle. I will execute all traffic hand-signals."

POINT TWO: "I WILL OBSERVE ALL SIGNS:"

"I will heed signs that warn me where to-and-from school traffic is heaviest. Before coming to a crosswalk, or safety zone — supervised or not — I will give the proper hand signal, and if children are about to cross, come to a full STOP."

POINT THREE: "I WILL NOTE THE TIME OF DAY:"

"I will be doubly alert during the hours when school children are on the streets. Recesses, lunch hours, before and after school! These peak periods will find me ever-watchful — and prepared. In bad weather, I will guard against traffic 'unforseenables'."

POINT FOUR: "I WILL KEEP MY CAR TIP-TOP:"

"No matter how willing I am, I'll always remember that my car could be weak — just at the crucial moment. I will not handle the wheel unless I am certain that my car is in first-rate mechanical shape. I will have it checked and inspected, regularly, to be sure!"

BEST FRIEND OF THE KIDS: CIVILIAN SAFETY WORKERS!

Their good judgement holds many little lives at stake, each day .Obey them!

OFF TO SCHOOL — OR DISASTER? IT'S UP TO YOUR CAR AND YOU!

Happy children can often forget. But you, as a driver — CAN'T!

THERE'S PRECIOUS CARGO IN EACH SCHOOL BUS

Loading, unloading, or on the move, school buses are "caution" signs.

HEED THOSE JUNIOR COPS AT THE CROSSINGS!

They are carefully selected and trained . . . to KNOW their business.

Remember – A "STOP" In Time Can Save "MINE" . . . And I'll Be On The Look-Out For "YOURS", Too!

Domestic Producers Afraid Of Iran's Oil Making Its Return

By CHARLES HASLET
AP Special Washington Service

WASHINGTON, Sept. 5 (AP)—Independent oil operators are keeping a watchful eye on the Iranian situation.

A spokesman for one group of independents said that while effects of the overthrow of the Mossadegh government are not yet clear, the change may hasten return of Iranian oil to world markets.

"Such a development," said Russell Brown, general counsel of the Independent Petroleum Association of America, "would seriously aggravate the already existing threat of foreign oil surpluses."

Others who have been studying the situation express the opinion that if it takes some time for Iranian oil to flow again into world markets, the output may be absorbed by increasing European demand.

Brown said an early return of Iranian oil into world markets might mean that by the end of 1954 the crude oil production capacity outside the United States would exceed free world demand by a naillion barrels a day unless production is curtailed in other Middle East countries which have stepped up their outputs.

Most of the other Middle East production was increased when the Abadan Refinery in Iran shut down in June, 1951. The increase was a effort to make up about 700,000 barrels a day lost in Iran. Most of that oil had been flowing into European markets.

"What concerns us," Brown said in an interview, "is that if Iran oil comes back into the market it will look for some place to go. If the Middle East fields which stepped up production after Iran shut down will cut back when Iran oil again is available, no problem will exist."

But if there is no cutback in such a situation, he said he feared the price for Iranian oil would be reduced with adverse results on drilling and production in the United States and Venezuela.

Brown said many oil men believe that Iran must start selling its oil again soon in order to obtain funds its government needs. And they feel, he said, that much of the oil will go to the free world.

These observers say it isn't likely that any sizable production would go out of Iran for the rest of this year even if Great Britain and Iran reached an immediate compromise on operation of the Abadan refinery.

This view is based on the fact that considerable time would be needed to get the big Iranian wells back into full production and to restore the Abadan refinery and harbor facilities to maximum use.

Also most of the oil tankers used in the former Iranian trade have switched to other ports since the Anglo-Iranian Oil Co. refinery at Abadan shut down.

With demand outside the United States increasing, one oil man said he believed much of the Iranian output could be absorbed within a year or so if the production rate did not climb.

Approximately 11½ million barrels of oil a day is being consumed in the free world. Demand has been increasing by 5 to 6 per cent a year.

Some here hold the opinion that a compromise is likely under which Iran would pay indemnities to the Anglo Iranian Co. and the government would continue to hold and operate the refinery with its products being sold in available markets.

11 Rotary Rigs Are Operating Within County

Scurry County, with 11 rotary rigs in operation on Aug. 25, was tied for fifteenth place in drilling activity among counties in the Permian Basin area.

Lea County, New Mexico, continued to hold the greatest number of rigs, counting 115 units. Andrews County, where the survey showed 58 rotaries, was the leading county in Texas.

A total of 507 rigs were in operation in the Permian Basin on Sept. 25, according to the Reed Roller Bit Co. semi-monthly survey. It represented a sizeable increase over the 494 in operation on Aug. 10. On the same date in 1952, the county showed 489 active rigs.

A partial list of counties covered by the survey shows these figures:

Co.	Aug. 25	Aug. 10
Andrews	58	47
Borden	13	11
Coke	16	22
Crane	13	14
Crosby	1	1
Dawson	5	5
Dickens	1	2
Gaines	32	30
Garza	2	3
Howard	10	9
Kent	3	5
Mitchell	4	3
Nolan (West)	3	5
Scurry	11	11

Strawn Lime Discovery Found In Schleicher

C. L. Norsworth, Jr., of Dallas, has completed his No. 1-A Virgil Powell as a Strawn lime discovery in Central-East Schleicher County.

The wildcat reported a 24-hour flowing potential of 234 barrels of 39-gravity oil. The flow was through a one-quarter inch tubing choke.

The production came from perforations at 4,550-72 feet. That interval had been treated with 500 gallons of acid. Gas volume was at the rate of 234,000 cubic feet per day.

Flowing tubing pressure was 650 pounds. Casing pressure was 850 pounds. The project drilled to a bottom of 5,129 feet. It plugged back to 4,685 feet and cemented 5½-inch casing at that point.

Location is 660 feet from north and 1,980 feet from east lines of section 2-A-XAH&M. It is 23 miles east of Eldorado and two and one-half miles southwest of the Tillery (Canyon Sand) field, which was opened by Norsworth's No. 1 Powell.

7,000-Foot Wildcat In Terry County Filed For

John M. Ferguson, Jr., of Fort Worth has filed an application with the Railroad Commission requesting a permit to start drilling at once on his No. 1 H. Hayes Selber, a slated 7000-foot wildcat in northwest Terry County.

The project will be eight miles north of Tokio and 18 miles north west of Brownfield. The drillsite is 660 feet from south and west lines of section 13, block D-14, C&N survey.

This project is one-half of a mile east of Ferguson's No. 1 H. W. Osborne, a wildcat which has reached 6,224 feet and was fishing for junk at last report.

The No. 1 Osborne had not reported having found any shows of production down to the present level of operations.

Enemies Of Jews Meet

DAMASCUS, Syria, Sept. 5 (AP)—The heads of regional offices set up in Middle East capitals to direct the boycott against neighboring Israel meet early this month in Amman, Jordan, to work out ways of plugging loopholes through which the Jewish state continues to profit by trade in this area.

Oil On Three Tests Made In Upton Offset

Gulf Oil Corp. No. 3 McElroy, northeast offset to the Devonian discovery of the Adams field of Central - West Upton County, developed flowing oil on three drillstem tests taken in the Fusselman lime.

Last test reported was from 10,650 to 10,674 feet. Tool was open six and one-quarter hours. Gas surfaced in two minutes, mud in five minutes and oil in seven minutes. The project flowed 617.5 barrels of oil and no water during the remainder of the test.

Tool was being pulled at last report.

A previous drillstem test was taken from 10,515 to 10,650 feet. Tool was open three hours. Gas surfaced in four minutes, mud in 10 and oil in 17. The well gauged 240.12 barrels of oil and no water in three hours.

First test to flow oil was from 10,472 to 10,589 feet. Tool was open nine hours and 15 minutes. Oil surfaced in three hours and 15 minutes. The well flowed 20.7 barrels of clean oil in six hours.

Location is 1,980 feet from north and east lines of section 183-E-CCSDIRGMG survey.

If completed from the Fusselman, No. 3 McElroy would be a discovery from that formation.

Four Wildcats Staked In Area

Wildcat locations have been staked for immediate drilling in four West Texas counties.

In West-Central Upton County, Hunt Oil Co. has spotted No. 1 V. T. Amacker. It is 660 feet from northeast and southeast lines of section 106-D-CCSD&RGNG.

Rotary tools will be used to drill to 13,500 feet.

It is 13 miles northwest of Rankin and two miles southeast of the Windham (Wolfcamp) field.

Penrod Drilling Co. has the contract for this wildcat and is now moving in rig to begin operation.

Humble Oil & Refining Co. No. IX University is a new 9,000-foot rotary test is extreme Southwest Crockett Couty.

Drillsite is 510 feet from north and 660 feet from east lines of section 7-31-University survey and 13½ miles west of Ozona. There is no nearby production.

C. P. Burton of Dallas has staked location for No. 1 M. A. Miers in North-Central Sutton County five miles northeast of Sonora.

It is scheduled to be drilled to 8,000 feet with rotary tools.

It is 330 feet from south and west lines of section 74-B-HE&WT survey and seven miles southeast of the Brushy Top field.

In North-Central Pecos County, Tiger Minerals, Inc., of San Antonio will drill No. 1 Wilson to 3,000 feet.

Location is five miles southeast of Baldridge and 660 feet from south and west lines of section 17-145-T&STL survey.

Wolfcamp Discovery Flowing In Andrews

Flowing discovery from the Wolfcamp has been assured at The Atlantic Refining Co. No. 1-A-9 University, wildcat in South Central Andrews County.

After perforating five and one-half-inch casing from 8,430 to 8,448 feet and from 8,458 to 8,500 feet, operator ran swab an unreported length of time and the well kicked off and started flowing through a one-half inch choke.

During 12 hours of flowing, the oiler made 182 barrels of 35-gravity oil. Gas-oil ratio was 1,500-1. Testing continued.

location is 1,980 feet from south and 660 feet from west lines of section 13-9-University Lands survey and seven miles south of the town of Andrews.

Nolan County Gets Wildcat Location

Rowan & Hope of San Antonio have begun operations on the No. 1 F. M. Baucan, a 8,100-foot wildcat five miles east of Sweetwater in Nolan County.

The drillsite is 660 feet south and 467 feet west of the southwest corner of Dan McGee survey No. 298 and in section 38-31-T&P. It is one-half miles southeast of the Favor-North Ellenburger field, ject is to start within 30 days after the first one is completed.

Phillips Petroleum Corp. and the Ohio Oil Co. are contributing dry hole money to the project.

Californians Record Their Oil History

LOS ANGELES, Sept. 5 (AP)—California's first oil well and refinery, now 75 years old, were marked recently with a plaque by a group of men who are also part of the industry's history.

They are members of the Petroleum Production Pioneers, an organization which numbers 2,000 oil men in California.

Bylaws set forth these objectives:

"The accurate recording of significant episodes and events in the history of California oil, the marking of historically important sites, and tangible recognition of the men who built, and are still building, one of the nation's outstanding momuments to free enterprise—the petroleum industry."

Just outside Newhall, Calif., half a mile off the main highway, are the old stills, retorts and petroleum vats of the state's first refinery, erected in 1878. A mile farther into the hills, in Pico Canyon, is the original well drilled in 1876 by the California Standard Oil Works. This company was destined to become Standard Oil of California.

The presence of oil in the canyon was known nine years earlier. A deer hunter noticed the seepage of sticky black fluid in 1865.

When the Standard well was down only 300 feet it produced 30 barrels a day. Later the well was drilled to 600 feet, by what was probably the first steam-driven rig in California.

This raised production to 150 barrels a day, and the well has flowed continuously ever since. In recent years, the rate has dwindled to about two barrels a day.

Newhall, about 35 miles north of Los Angeles, is supposed to be the only area in the world where oil and gold can be found in the same canyon. Gold was found there in 1842, six years before the discovery at Sutter's sawmill in Northern California. Even today Newhall residents can show tourists where mud from an oil well hole can be panned, producing grains of gold.

Chaves County, N. M., Exploration Is Duster

Pacific Western Oil Corp. No. 1 Dumas-Federal, Northeast Chaves County, New Mexico exploration has been abandoned and plugged as a failure.

It drilled to a bottom of 8,550 feet in Mississippian lime and found no shows for production in any section it penetrated.

The duster is 48 miles northeast of Roswell and is at the center of the northwest quarter of the southwest quarter of section 7-7s-31e.

It is a one-location south offset to Forest Oil Corp. No. 1 Federal-General Amiercan Oil Co., a flowing discovery from the lower Permian which was completed several weeks ago.

Three Wildcats Are Failures

Three West Texas Counties have reported the plugging and abandoning of dry wildcats.

In Northwest Pecos County, Continental Oil Co. quit its No. 1 Edith Trees at total depth of 6,007 feet in lime.

Location was 660 feet from north and west lines of section 70-8-H&GN and four and one-half miles southwest of the Payton field, and seven miles southwest of Grand falls.

A. W. Cherry No. 1 M. A. Shannon, venture in Central - North Crockett County, has been abandoned at 2,640 feet in lime and dolomite.

It was 15 miles south of Big Lake which is in Reagan County and 330 feet from south and east lines of the northwest quarter of section 28-DB-EL&RR.

Murray Petroleum No. 1 A. H. Workman is a dry wildcat in Northeast Runnels County. It was drilled to total depth of 4,414 feet.

Location was 2,763.5 feet from north and 2,309.1 feet from east lines of section 525, H. C. Bliss survey and two miles northeast of Hatchell.

Faver 6100 Field Has New Well In Nolan

J. C. Barnes of Midland has completed his No. 1-B Martin as the second producer in the Faver 6100 field of Northeast Nolan County.

It was finaled for a daily potential of 50 barrels of 46.5-gravity oil pumping from perforations at 6,106-42 feet.

The casing is set on bottom of the hole at 6,152 feet.

Location of the new well is 660 feet from east and 330 feet from south lines of section 47-21-T&P and four miles east of Sweetwater.

British-American Is To Drill 2 Wildcats In SW Nolan County

British-American Oil Producing Co., Ltd., announced for two Ellenburger wildcats in Southeast Nolan County.

First project to be drilled will be No. 1-G Wilson Estate, 660 feet from south and east lines of the northeast quarter of section 216-64-H&TC survey.

It is four miles northeast of the Northwest Hylton field.

Second wildcat will be drilled in section 280, block 64, H&TC survey and on the Wilson ranch. This wildcat will be approximately four miles southeast of Genral Crude No. 1 Ussery, indicated discovery from the Ring Sand.

Tenative location is 660 feet from north and east lines of section 280, block 64, H&TC survey. This pro-

Three New Projects In Spraberry Trend Are Spotted By Companies

The Hanley Co. and Sohio Petroleum Co. have reported three new projects in the Spraberry trend area of Reagan and Glasscock Counties.

In Northwest Reagan County, Hanely No. 3-F TXL will be drilled to 7,800 feet with rotary tools.

Drillsite is 660 feet from south and 664 feet from east lines of the southwest quarter of section 43-36-T5S T&P survey and 15 miles northwest of Stiles.

Hanley No. 4F TXL is the other new explorations in the Northwest Reagan sector of the field. It is to be drilled to 7,800 feet with rotary tools.

Location is 660 feet from south and 671 feet from east lines of the northwest quarter of section 43-36-T-5-S, T&P survey and 15 miles north of Stiles.

In Southwest Glasscock County, Sohio has spotted its No. 1 C. C. Reynolds 1,994 feet from south and 662.3 feet from west lines of section 21-36-T-c-S, T&P survey and 19 miles southwest of Garden City.

Rotary tools will be used to drill to 7,560 feet.

Howard Gets Assured Well

Flowing oil from the Siluro-Devonian has been assured at Texas Pacific Coal & Oil Co. No. 1-A Tom Spencer, Central-North Howard wildcat.

At last report, this discovery was flowing steadily at the rate of eight and one-half barrels of 42-gravity oil per hour through a choke of unreported size.

Production is from perforations at 9,855-880 feet, and the flow is natural. It developed after the operator swabbed to clean out for three hours. The project was drilled to salt water in the Ellenburger and plugged back to 9,907 feet where five and one-half-inch casing was cemented.

The No. 1-A Spencer is three and one-half miles southeast of the Vealmoor-Pennsylvanian field and 14 miles north of Big Spring in section 14-32-t2n-T&P.

The potential test is scheduled to be run early this week.

Kent County Wildcat Is Plugged, Abandoned

A. G. Hill and Roark, Hooker & Roark No. 1 Charles Branch, Southeast Kent County wildcat, has been plugged and abandoned on total depth of 6,955 feet.

The plugging orders were issued after a two-hour drillstem test in the Ellenburger which recovered 140 feet of slightly gas-cut salt water. The test covered the zone from 6,933-955 feet.

The No. 1 Branch was drilled 660 feet from north and 467 feet from west lines of section 334-2-H&TC, about 10 miles northwest of Rotan.

Gas Flow Developed On Sutton County Test

Sinclair Oil Gas Co. No. 2 Hunt, wildcat in Southeast Sutton County, developed a gas flow on drillstem test in the lower Strawn.

The project was tested from 6,260 to 6,290 feet. Tool was open four hours and 30 minutes. Gas surfaced in 20 minutes at the rate of 10,000 cut mud and no water.

Recovery was 120 feet of gas-cut mud and mo water.

Another drillstem test was underway at 6,314 feet.

Location is 660 feet from south and west lines of section 71, block 14, TW—NG survey and 11 miles southeast of Sonora.

Good Oil Flow In Deep Well

Good flow of oil from an unidentified lime, probably Pennsylvanian, has been developed at Shell Oil Co. No. 2B University, scheduled 13,000-foot Ellenburger project in the Midland Farms, Northeast (Ellenburger) field of Southeast Andrews County.

The flow came on a drillstem test from 9,055 to 9,135 feet. Tool was open three hours and 15 minutes. Gas surfaced in five minutes, mud in 18 and oil in 19 minutes. After flowing to pits to clean, the project flowed two hours and 55 minutes to tanks.

During that time, the well produced 152 barrels of oil and 9.7 barrels of basic sediment and water. Recovery was 35 barrels of clean oil and no water.

Flowing pressure was from 1,715 to 1,765 pounds and shutin pressure after one hour was 3,885 pounds.

Operator was preparing to core ahead.

Location is 660 feet from south and 510 feet from west lines of section 16-1-University Lands survey and 10 miles south of the town of Andrews.

DRILLING REPORT

The Texas Co. No. 2 C. D. Jones, stepout to the Fluvanna-Mississippian field on Northeast Borden County, is drilling in lime and shale below 3,095 feet.

Texaco No. 1-B Clayton, Southwest Borden wildcat location, has not yet begun operations. It is slated to be drilled slightly northeast of the Good field.

In Dickens County Tri-Service No. 1 Grantham is drilling in lime below 7,378 feet.

Hunt No. 1 Morgan Jones, Crosby wildcat, is drilling below 5,969 feet in lime and shale.

Tests Being Made On Upton County Offset

Gulf Oil Corp. was flowing to test No. 3-L McElroy, offset to a recently completed Pennsylvanian discovery in Central Upton County, 16 miles north and slightly west of Rankin.

During the last 10 hours of flowing, the project made 140 barrels of oil through a one-quarter-inch choke, plus 14 barrels of acid water and one barrel of basic sediment.

Testing continued.

Location is 660 feet from south and east lines of section 109-D-CCSD&RGNG.

First memberships to the Civic Music Association were sold last week when the group opened its headquarters. Shown in the process of getting the drive underway are at left, the Rev. Ronald Hubbard, president, and Mrs. W. T. Dabbs, secretary. Purchasing memberships at right are Mrs. John E. Sentell, Mrs. H. Hicks Allen, B. J. Shelley and Mr. Allen. (Lee Watson photograph)

Civic Music Campaign Opens Annual One-Week Drive Here

The second annual membership campaign of the Snyder Civic Music Association is under way and will last through next Saturday.

Headquarters for the group this year are located in the building recently vacated by Frank's Department Store on the west side of the square.

The civic music association brings concert artists and musical attractions to Snyder for performances here.

The association, a non-profit cooperative community group is operated on a membership basis and admission to concerts is by membership card only with no single admission tickets sold. Membership privileges are open to all persons, the Rev. Ronald Hubbard, president, said.

Officers assisting Mr. Hubbard are: M. B. Montgomery, vice president; Mrs. W. T. Dabbs, secretary; H. W. Cargile, treasurer; and A. T. Nicholas, campaign chairman.

The annual kick-off dinner for the campaign workers will be held Tuesday night at 7 o'clock, in the cafeteria of West Elementary school.

Mrs. Genevieve Richter, New York representative of Civic Concert Service, Inc., will explain campaign materials to the drive workers at that dinner. She will remain here to assist in the drive next week, Mr. Hubbard said.

Team chairmen for divisions of the membership campaign include Mrs. E. N. Baker, R. B. Fulcher, Mrs. E. P. Ketner, James Kincaid, Mrs. Armor McFarland, Mrs. C. C. Miller, Mrs. Melvin B. Montgomery, Mrs. Waldo Montgomery, Tom Phillips, and Mrs. James Rosser.

The membership campaign lasts one week. After the end of the week, membership lists are closed, and the funds accumulated from the pooling of dues are deposited in a local bank. The amount necessary for operating expenses is set aside and the entire balance is used for engaging artists.

Artists for appearances here are selected by a talent committee composed of the executive officers and other representative citizens most active in the association, and only artists of national reputation will be engaged, Mr. Hubbard said.

During the past season the association presented here Ferrante and Teicher, duo-pianists; Roberts and Walker, a program of Gilbert and Sullivan music in costume; the Rabinofs, a joint recital of violin and piano; the National Operatic Sextet; and Hugh Thompson, Metropolitan Opera baritone.

Concerts this year will be held in the auditorium of the new high school.

Telephone number of campaign headquarters is 3-6997.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Admissions: Mrs. William Tolley, 2409 Twenty-sixth Street; Mrs. Cecil Ferguson, 1603 Twenty-seventh Street; Ike Ellis, 1408 Twenty-eighth Street; Mrs. B. W. Smith, Snyder; Mrs. W. M. Crowley, 1406 Twenty-first Street; Mrs. Keith Collier, Fluvanna.

Dismissals: Mrs. J. C. Watson and baby, 601 Twentieth Street; Royce G. McIver, 2907½ Avenue V.

San Angelo Man Admits Hold Up With Toy Gun

OKLAHOMA CITY, Sept. 5 (AP)—Oklahoma City police said today two escaped convicts from the Louisiana state prison farm admitted after arrest here they held up a filling station attendant with a toy pistol and took $50.

Police identified the pair as Ray Methvin, 21, New Orleans, and Bill Henry, 28, San Angelo, Tex. Both were serving prison sentences for armed robbery at the time of their escape. Capt. Ted Baughman, chief of homicide, said the pair admitted after questioning they held up the station last Wednesday and escaped police when a scout car broke down during a chase.

They were arrested in an alley later when detectives stopped to investigate four men drinking whisky from a bottle.

Conservative Democrats Hold Meeting In Abilene Last Week

Two key officials in Gov. Allan Shivers's campaign for governor last year met with about 50 Central West Texas conservative Democratic leaders in the Wooten Hotel Wednesday afternoon in a closed-door session.

The two men are on a fact-finding tour of the state to learn whether the so-called Shivers Democrats or conservative Democrats want to retain their organization next year, said a person who attended the meeting, and asked not to be quoted by name.

John Van Cronkhite, campaign manager for Gov. Shivers against Ralph Yarborough in the gubernatorial race last year, and George Sandlin, secretary of the Democratic Executive Committee, came to Abilene from a meeting at Wichita Falls. From here they went to Lubbock for a similar meeting, the source here said.

The Abilene group — including conservative Democrats leaders from Rotan, Hamlin, Haskell, Anson, Roscoe, Big Spring, Snyder, Sweetwater, Stamford and Albany, and possibly other points — took no concrete action, the spokesman said.

Those reported as attending from Snyder were James Rosser, attorney and county chairman of the Democrats for Eisenhower in the campaign last year, and C. T. McLaughlin, oilman and member of the state Democratic Executive Committee.

But the attitude of the group, in answer to questions, was that "We must stay in and fight for the principles we fought for before," the spokesman said.

The meeting was not, the source declared, to determine the sentiment towards a possible third term for Shivers. The question before the group was whether or not the organization would be retained. When Van Cronkhite and Sandlin return to Austin, a decision will be made, based on sentiment found around the state, the spokesman said.

The source pointed out that the liberal "Maury Maverick Democrats" are "working very hard," and that the conservatives must decide whether to stay together to defeat that group again, as it did last year in both conventions and the polls.

The two state leaders pointed out that "You are the fellows who did it before; do you want to do it again?" the spokesman said.

When and if another meeting will be held of the Central West Texas group has not yet been discussed, the source said.

10 From Here Are Registered

Ten men from Snyder were among those registering with selective service board 96 during August upon reaching their eighteenth birthdays.

Three other men from the county were among the registrants. They are Raymond Dee Stansell of Fluvanna and Jimmy Lee Cooper and Joe Boyd Groves, both of Hermleigh.

Snyder registrants were Mark Waylon Glass and Richard Wayne Glass, both of route 1; James Allen Perry, Lamesa highway, Felton Mardel Stephens, route 3, Edward Dale Beckham; Tommy Neilson Williams, route 2; Glenn Garland Huffman, 3741 Sunset Avenue; Bobby Wayne Burnett, and Ramon Luna Cadena.

No pre-induction physical examinations will be made during October, officials of the board said. Seven men are to be inducted into the army through the board on Oct. 30.

Binion Pleads Guilty To Tax Evasion Count

SAN ANTONIO, Sept. 5 (AP)—Benny Binion, Nevada gambler and one-time Texan, made a surprise appearance in federal district court here today to plead guilty to charges of income tax evasion.

Binion pleaded guilty to two counts in two separate indictments.

U. S. Dist. Judge Ben H. Rice Jr., set the sentencing date for 60 days from Saturday, in court here. He was released on the $25,000 bond on which he already was at liberty.

Binion's appearance here came without any prior notice.

Binion, who now operates a gambling house in Las Vegas, formerly was a Dallas gambler, and he had vigorously fought extradition to Texas, where it was expected that he would face other state charges.

Binion's two attorneys at hearing here were former Gov. Dan Moody of Austin, and Nash Adams of Dallas.

Mother Of Hermleigh Man Buried Saturday

Funeral services for Mrs. E. P. Neblett, 84, the mother of Robert Foster Neblett of Hermleigh, were held Saturday afternoon in the Sweetwater First Methodist Church.

Mrs. Neblett, a resident of Sweetwater for 58 years, was the widow of an early-day Sweetwater businessman and rancher. Burial was in Sweetwater Cemetery.

BIRTHS

Mr. and Mrs. Cecil Ferguson, 1603 Twenty-seventh Street, are the parents of a daughter born at 12:45 a.m. Saturday in Battenfield Hospital. She weighed six pounds, eight ounces at birth.

Mr. and Mrs. B. W. Smith, Snyder residents, are the parents of an eight-pound, eight-ounce daughter born at 5:05 a.m. Saturday in Battenfield Hospital.

Mr. and Mrs. Keith Collier of Fluvanna are the parents of a son weighing eight pounds, six ounces, born at 5:55 a.m. Saturday in Battenfield Hospital.

Mayors Set Conference

MONTREAL, Sept. 5 (AP)—The International Municipal Congress, jointly sponsored by the United States Conference of Mayors and the Canadian Federation of Mayors, is scheduled to hold its convention here Sept. 20-24.

THE SNYDER DAILY NEWS

VOL. 4, No. 110 SNYDER, TEXAS, SUNDAY, SEPTEMBER 6, 1953 SECTION TWO

Calendars may spin around to holidays, but for nurses it means just another day at their duties. Two nurses at Battenfield Hospital who will be working as usual tomorrow are shown consulting patients' records above. They are Mrs. A. J. Leeder, left, and Mrs. Doris Schneider.

During holiday week ends such as this one, more persons eat meals away from their own kitchens. One of the many restaurant waitresses who will be working on Labor Day here is Miss Louise Newcomb, shown above drawing a cup of coffee from an urn.

Lobor Day Is No Holiday For Many Snyder Workers

One of this year's big holiday week ends is under way, and will continue through Labor Day tomorrow, but that does not mean that everyone in Snyder will be taking a holiday.

A survey made last week shows that many services and businesses are their busiest during the long week ends.

A city fireman who will be on duty said, "we haven't had a bad fire here lately, but we can not take off for a holiday and just hope there will not be any fires."

That was similar to the expressions of nurses at Battenfield Hospital, members of the police department, service station and restaurant operators here.

"Holidays are our busiest times," they said.

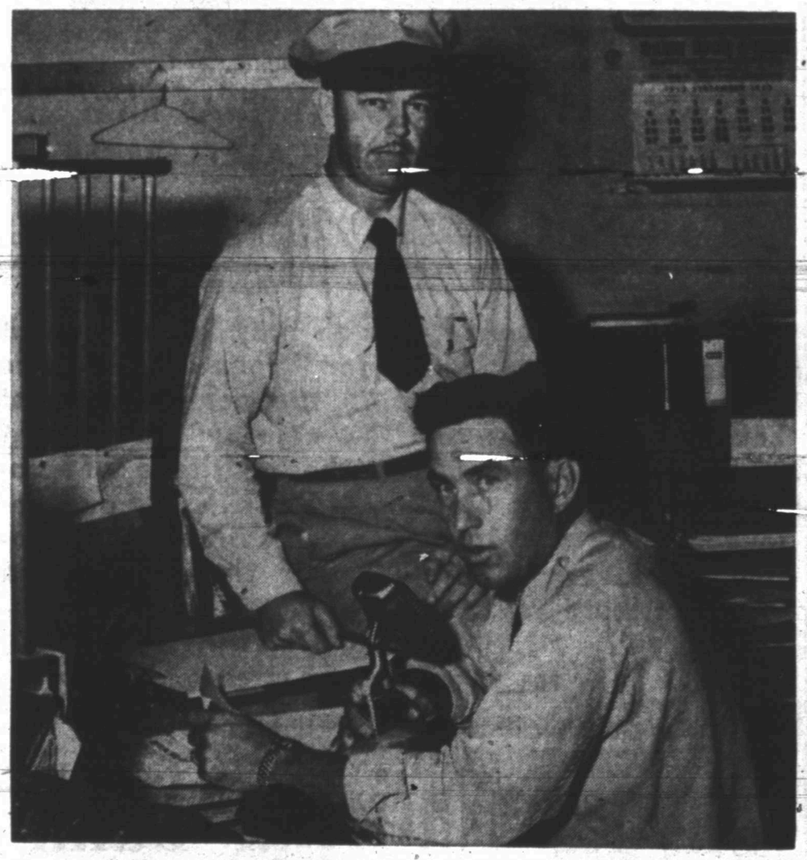
But for most persons in Snyder the Labor Day week end will be a holiday. To attempt to find out where and what fun-seekers would be going and doing this week end would be an impossible task, but it can safely be assumed that most persons will be seeking fun.

"That means more travel, and more danger on the highways," Walter Suttle, police chief, said in giving a warning that travel should be kept at a minimum if possible, and should be done carefully when necessary.

"Statistics show that holiday week ends are the most dangerous times to travel," he said.

As with bankers, and postmen, tomorrow will be a holiday for most city, and county employes, and personnel of retail establishments here, however.

"We will probably have the 'no vacancy' sign hanging out, but that will not mean we are closed for a holiday," Miss Maxine Crowder, desk clerk at a motel here, said. "Holiday week ends are our busiest times," she said.



Auston Bratton, seated at the desk, police radioman, and Wayne [illegible] city fireman, are two others who will not get a holiday on Labor Day tomorrow. "Fires and crimes do not stop on holidays. They increase sometimes," they said.

Henry Woellert, service station attendant shown filling the gasoline tank of a car, is one of the persons who will not get a holiday on Labor Day tomorrow. "Almost everyone except service station operators travel on holidays it seems," Woellert said. Holiday week ends multiply business for service stations. (Lee Watson photographs)

american designer's pattern

Choose fine wool, faille or bengaline for this Herbert Sondheim two-piece dress and you will be perfectly suited in every way. The smart jacket has a unique gusset, cut as part of the sleeves to eliminate a separate insertion. The slim skirt has a back pleat for walking ease. The pattern comes in sizes for women of average height and diminutive sizes for those under 5'5". The regular sized pattern starts with size 10 which fits bust size 32½, with size 12 for 34-inch bust, size 14 for 35½-inch bust, size 16 for 37-inch bust and size 18 for 38½ bust. Bust sizes are the same for the diminutive pattern, No. 854. To order the pattern, send $1 to Spades Syndicate, Inc., P.O. Box 535, G.P.O., Department 163, New York, N.Y.

TV Star Parks Cars For Hollywood Cafe Patrons

By JAMES BACON

HOLLYWOOD (AP)—Robert Cummings offers this tip to fellow players who want to embark on filmed television series: get a piece of the property.

Cummings cites a potent example:

"The other night I dined at a Beverly Hills restaurant. I did a double take when the attendant came up to park my car. It was 'Amos' of the 'Amos n' Andy" TV series.

"I asked him how come. He told me that while he parks autos for cafe patrons in Beverly Hills, people all over the country will think him a successful television star."

Syndication is a much-used word in Hollywood TV circles these days. With new stations opening every day, producers syndicate film that have already made the network rounds.

For instance, the "Amos n' Andy" show has 65 films completed, 13 of which have never been shown. Individual sponsors in individual towns will re-show them. No more new ones are planned. That means that old television movies now will replace old Hollywood movies on many stations.

Cummings said Amos told him that he was unable to get any other TV work in town while the series is being shown around the country. He's just too well identified with the role.

Tips being what they are in Beverly Hills, he probably is living better than most working actors.

The "My Hero" series which Cummings made last year also will be re-shown this year via syndication but he is more fortunate than Amos who was paid only while making his shows. Cummings owns 40 per cent of the "My Hero" series.

"To give you an idea of how much loot is involved in syndication," Cummings discloses, "I was offered $50,000 for my share of 'My Hero.' While I debated the price, the offer jumped until it hit $200,000.

"My business manager (Mrs. Cummings) advised me that if it was worth that much to the buyers, it was worth more to me. So I held on."

He now believes his characterization of Robert Q. Beanblossom, a wacky real estate salesman, could make him a nice fortune to leave to his children.

News From Fluvanna

By MRS. W. F. MATHIS

Speck Mayhaw of Amarillo visited Mr. and Mrs. Horace Carmichael Saturday.

Mrs. W. A. Reeder, Loy Reeder and LaRue Reeder spent the week end in Shamrock.

Mr. and Mrs. Clyde Smith and children of Sonora spent the week end with relatives here.

Mrs. Jessie Sims spent Saturday night and Sunday with her brother, Dr. N. C. Letcher, and Mrs. Letcher.

The Rev. and Mrs. J. W. Hawkins were in Moran Saturday, where Mr. Hawkins conducted a funeral.

Mr. and Mrs. C. D. Burrow and children visited Mrs. Burrow's mother, Mrs. L. R. Coleman, in San Angelo Sunday.

Mr. and Mrs. Dick Mull and children of Snyder visited relatives here Saturday and Sunday.

Mr. and Mrs. J. R. Jones, and Rodney and Royce Summers took Mrs. Billy Cade and baby to Fort Hood Saturday. She will remain with her husband, who is stationed there.

Rodney and Royce Summers are visiting in Fort Worth this week.

Mrs. Millie Gleghorn has returned from Abilene where she visited her daughter, Mrs. Virgil Tex, and her family.

Mr. and Mrs. John A. Stavely were in Sweetwater Sunday to see her parents, Mr. and Mrs. W. R. Craft.

A. C. Boren of Paducah visited his mother, Mrs. J. I. Boren, Saturday.

Mrs. J. W. Hughes and children of Shamrock visited her mother, Mrs. Hattie Reeves, over the week end.

Mrs. C. F. Landrum and Joe Landrum were in Lubbock on business Monday.

A guest of Mr. and Mrs. C. J. Harris is their daughter-in-law, Mrs. Julian Harris, of Houston. Her children, who have been visiting here recently, will return home with her.

Guests of Mr. and Mrs. W. F. Mathis last week were his niece, Mrs. Clayton Walsh, and family of Mission.

Mrs. Horace Carmichael and Mrs. Harry Kingston and Billie Don were in Erick, Okla., Monday and Tuesday. Mrs. J. L. Hughes, who has been visiting here, returned to her home there with them.

Saturday night guests of Mr. and Mrs. W. H. Jones were Mrs. Vera McCarter and daughter of Itasca and Mrs. Jesse Deitz of Ennis. The group visited in Hobbs, N.M., Sunday.

Mr. and Mrs. Fred Shaeffer and son of Killeen are visiting her parents, Mr. and Mrs. T. J. Rea.

Mrs. George Handback and granddaughter, Rita Margaret Handback, of Snyder, visited Mrs. J. F. Dowdy and Mrs. Ruby Benson Tuesday.

'25 YEARS AGO

(Taken from the files of THE SCURRY COUNTY TIMES for Sept. 6, 1928.)

Rural school bells started early in Scurry County this year when five of the country schools opened their doors to the students of their localities early Monday morning.

Snyder public schools will open Monday morning with a special opening exercise in the high school auditorium, with the public invited to attend.

According to County Supt. Bullock, this early opening of schools is something new in rural school circles in this country, as the schools ordinarily open the first Monday in November. The plan this year is to open the schools while the children have nothing to do and run them until the cotton is ready to pick. At that time they will be dismissed for such a period of time necessary to gather the cotton crop.

• • •

Snyder's first bale of cotton, 1,340 pounds of seed cotton that produced a 455-pound bale, arrived here last night and was ginned this morning by the Trice Gin Co. H. J. Turner, who resides on the Guinn farm, takes down the laurels for 1928. Hugh Taylor bought the bale, paying 21.25 cents a pound. As we go to press a premium was being made up among the businessmen, but had not been completed.

• • •

Citizens of Snyder and the Lions Club were advised at their opening meeting of the fall and winter season yesterday that the West Texas Girls High School A. A. U Basketball Tournament will be held next Feb. 14, 15 and 16. The Chamber of Commerce and Lions Club, who invited the tournament here, are responsible for this city securing these three days of enjoyment and entertainment.

• • •

Snyder has been selected as the home of the tenth Grissom store, J. E. Grissom of Abilene announced Tuesday. One of the largest new dry goods stocks in West Texas is being moved into their [illegible] at Snyder, former location of the Scott Dry Goods Co.

• • •

The State Highway Department has authorized the resident engineers to make a location and work up plans and specifications for the completion of the gap in Highway No. 7 between the Nolan County line and Hermleigh. When the paving is completed and the Nolan County project now underway on this highway is completed to Roscoe, Snyder will have a hard surface outlet all the way to Sweetwater.

• • •

Troop No. 47, Chubby Ritzenthaler scoutmaster, enjoyed an outing at Wolf Park Monday night, with a swimming contest. Tenderfoot tests of this group have been completed by William Lewis, Leighton Griffin, Baney Smith, Johnny Beggs and Adrian Banks.

Cheer Leaders At Ira Are Selected

Carolyn Smith has been named head cheer leader for Ira High School. Other cheer leaders will be Shirley Rosser, Marylan Moore, Dixie Kimmel and Anita Thomas.

Peggy Taylor is head majorette, with Connie Wiley and Sue Wishert other majorettes. Drummers are [illegible]ents and Mary Nell Mosley.

Billys Layne is president of the pep squad and Mrs. Kenneth Dismuke is sponsor. The pep squad is now practicing for the first football game of the season Friday when Ira will play Bronte in Ira.

BRAND NEW APRON IDEA!

So easy to remove the top and come to the party in your little tea apron! The coverall with the detachable top will answer all of your apron needs for the new season!

No. 2759 is cut in small, medium and large sizes. Medium coverall takes 2½ yds. 35-in. The "little apron" uses 2¼ yds. 35-in.

Send 30c for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Snyder Daily News, Box 42, Old Chelsa Station, New York 11, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5c per pattern.

Auxiliary Holds Party At Big Spring Hospital

A bingo party for patients in the Big Spring Veterans hospital was given Thursday night by the Snyder American Legion Auxiliary.

Cash prizes totaling about $75 were given to the participating patients, and refreshments of cake and punch were served following the games.

Snyder members making the trip were Mr. and Mrs. C. R. Agee, Mr. and Mrs. Hilton Lambert, Mr. and Mrs. Jack Caperton, Mr. and Mrs. Ernest Lloyd, Mr. and Mrs. Ray Niedecken, Mrs. Bess Nichols, Mrs. Joan Beavers and Mrs. H. E. Rosser.

H. B. Lewis, Jr., Of Hermleigh Weds Mary Robinson

Mr. and Mrs. H. B. Lewis, Jr., are now at home in Riviera, Tex., following their marriage Aug. 7 in Raymondville, Tex.

The bride, the former Miss Mary Frances Robinson, is the daughter of Mr. and Mrs. Bert Robinson of Raymondville. Mr. Lewis is the son of Mr. and Mrs. Buell Lewis of Hermleigh.

The wedding ceremony was read by candlelight in the Foursqaure Gospel Church by the Rev. James Enger. For her wedding, the bride chose a ballerina length dress of white organdy over ice blue taffeta and white accessories. A reception in the home of the bride's parents followed the ceremony.

Mr. Lewis was graduated from Hermleigh High School in 1947. He served two years in the army, spending 19 months in Germany.

NO WONDER A COUNTRY AS RICH AND GREAT AS AMERICA CELEBRTES
LABOR DAY...
It has always been America's way to give credit where credit is due — and on Labor Day we take time to give great credit to the achievements of Labor! Labor has made this country the greatest in the world by producing the multitude of products that makes our life so much easier and enjoyable. The busy factories...the fine transportation...the very hum and bustle that is America — is a tribute to Labor!

BUDGET BEAUTIES

Here are two examples of what the girl-on-a-budget can find this year in thrifty fur coat buys. Left, smart and youthful Persian lamb short coat, with wide adjustable cuffs, full swing back. (About $500.) Right, honey blond swagger coat in sturdy muskrat, right for all occasions. (About $250.) Both designed by Doris Day.

Make The Most Of Baths And Keep Fresh In Heat

By The Associated Press

You can take as many showers as you like these days. So why not take advantage of the opportunity to keep clean, cool and charming during the warm weather?

BATHROOM COOLER . . . After the shower rub cologne over your body. Use it for pincurling your hair.

Time was when buckets of water had to be carried from the well for the weekly bath and a hot body didn't stand a chance of being invigorated by a tub dunking during a busy day.

Nowadays just turn on the spigot and bingo—water to your fancy, hot or cold.

A cool shower has many advantages. It can calm the youngsters and Mom on a day when everybody's nerves are on edge. It can perk you up for work when you've had a restless night. It can put you in fine fettle for moonlight dancing after an exhausting day.

The nice part of a shower, too, is what goes with it. There are the delightful colognes, dusting powders and scented soaps to make a girl fresh as a rose. There is the big bath brush with its invigorating bristles for scrubbing hot backs. And for further pampering — a choice of subtly scented body oils and ointments, and even scented bath sponges.

One kill - two - birds - with-one-stone aspect of the shower is that a daily shampoo may be taken during the summer with absolutely no trouble at all. Just apply your favorite shampoo to your head when you get into the shower and massage the soap in briskly for a few minutes. Let the soap suds rinse away under the shower's fine spray while you relax and enjoy the cool trickle.

Pin-curl the hair with cologne for a jiffy drying and sweet fragrance after the shower. Inspect your pedicure and fingernails.

If this is your before-datetime showers, leave ten or 15 minutes for a snooze. Cover your eyes with pads saturated in witch hazel and your eyes will sparkle later.

NEWS FROM DUNN

By MRS. L. A. SCOTT

Mr. and Mrs. Archie Crabtree have sold their home here and have moved to Portales, N.M.

Mrs. Walter Brown and Jerry spent the week end in Midland with Miss Robbie Brown.

Hadden Jones returned home Monday from Albuquerque, N.M., where he was employed through the summer.

Jo, Cookie and Elizabeth Ann Scott spent last week with Mr. and Mrs. R. R. Ivy in Hobbs, N.M. Mrs. Ivy and Miss Merrian Hunt of Lamesa brought the children home.

Mr. and Mrs. Fred Hunter and daughters, Mary and Freddie, of Lubbock, were Sunday guests of Mr. and Mrs. Ollie Richardson and children.

Out-of-town relatives who attended funeral services for Mrs. Bessie Dunn Tuesday were Mrs. Nannie Smith, J. A. Smith, Rita Smith and Mr. and Mrs. Jim Faulkenberry, all of Abernathy and Mr. and Mrs. Fred Carey of Pampa.

Mr. and Mrs. John E. Brown and grandson, Bobby Brown, and Mrs. L. E. Russell were in Colorado Springs, Colo., last week on vacation.

Mr. and Mrs. [illegible] and children of Abilene were guests in the I. N. Richburg home Sunday.

Attending a picnic on Deep Creek Dip Thursday where Mr. and Mrs. Hack Billingsley and Mrs. and Mrs. N.A Billingsley of Dunn. Others present were Mr. and Mrs. J. P. Billingsley , Sr. Miss Frances Billingsley, Mr. and Mrs. J. P. Billingsley Jr., and daughter and Mr. and Mrs. N. A. Billingsley, Jr., and baby, all of Snyder; Mr. and Mrs. Muriel Blassengame and daughter of Buford, and Max Billingsley of Colorado City.

SOCIETY SCRIBBLINGS

Much Going And Coming In Oil Companies Recently

The dust rising around the offices of the Western Co. recently have nothing to do with West Texas weather. That dust was stirred up by the comings and goings of Western employes who have been moving in and out of Snyder with a speed understood only by frequently transplanted oil personnel.

Among the families leaving are Mr. and Mrs. MYRLE GREATHOUSE, 3011 Thirty-ninth Street, who will move to Abilene as quickly as they can find a house. They've been here two years, moving from Odessa. He'll open a sales office for the Western Co. there.

The Sea Scouts with whom Mr. Greathouse has worked so frequently here surprised him with a party Thursday night, and presented him a pen and pencil set for remembrance. They wheedled the money out of him (their acting treasurer) on the pretense of buying supplies for the troop, and set up a memorable evening by themselves.

Newcomers to Snyder with Western are Mr. and Mrs. HAROLD PARSONS, 3009 Avenue W. He will be district manager for the firm here under its new set up. They lived here for a short time two years ago, and have been in Ulysses, Kans., recently. They have two young sons, Bob and Jack.

Among the most recently arrived are Mr. and Mrs. ROY PRIOLO, formerly of Levelland, who are now living at 3112 Avenue A. Mrs. Priolo was active in Newcomers Club activities in Levelland, and plans to work with the group here when she has completed the aftermath of moving.

Mr. and Mrs. DAVE BUNKER, 3002 Fortieth Street, have lived in Snyder for almost a month now, moving from Odessa. He is a shooting engineer for Western. Their biggest excitement in recent days has been the advent of their oldest daughter's preparations for school. It's her first year, and that explains a great deal to any parent.

Other company employes who have already gone are Mr. and Mrs. HANK LANDUSKY and Mr. and Mrs. FRANK BURNER.

A farewell and get-acquainted party was held by the company's employes Tuesday night. Well timed, it seems.

Also leaving Snyder are Mr. and Mrs. F. D. FULKERSON, 3009 Thirty-eighth Street. They are moving to McCamey, where Mr. Fulkerson will be district manager for Schlumberger. He's been with the company for five years, three of them spent in Snyder. They're waiting on a house right now but expect to be moved by the middle of the month.

VISITING AT HOME

Visiting at home briefly before college opens for the fall semester are ROLAND BARTON and Mrs. B. J. NACHLINGER, the son and daughter of Mr. and Mrs. O. T. BARTON, 2807 Thirty-eighth Street. Roland plans to enter Tulsa University after working in Tulsa this summer, and Mr. and Mrs. Nachlinger have been attending Texas Tech.

LOOKING FORWARD

The Optimist Club has a new inovation—for September, at least. They are selling Christmas tree cards, with the purchase price to be applied toward the purchase of the tree itself later in the season. Ever bought a Christmas tree in the installment plan before?

Anyhow, proceeds from the sale of the cards will go into the boys' fund of the club. Cards may be purchased from Gene Best, Fred Davis, Woddy Worthington, Carl Herod, Bob White, Jimmy Clayton, Erich Arnold, Zeke Bridgeman, Johnny Nobles, Bill Davis or Chess Martin.

GIRL SCOUT PLANS

Facilities for Girl Scout work at the Little House will be doubled when a building formerly used as extra classroom space at the Central school is moved to the Little House site. The Alpha Study Club, which raised funds for the Little House, has donated the remainder of the fund for remodeling work on the building. A second building will be moved to the summer day camp site. Boy Scouts plan to move a building given them to Lake Thomas.

ON LEAVE

Back from a tour of duty in the Philippines is AOC-3C MARK THOMAS, JR., the son of Mr. and Mrs. MARK THOMAS, SR., 206 Thirty-second Street. He went first to Benton, Ky., to visit friends, arriving in Snyder Friday to spend the remainder of his 30-day leave. He is to report back to the Naval Air station at Coronado Island Sept. 18.

POPULAR GOLF

The Women's Golf Association attracted 16 to the links Friday morning to prove that the ladies will come out if the weather is just right. Low scorers were Mrs. NOLAN von ROEDER and Mrs. JIM REED.

Among those present were Mrs. PAUL JONES, 2250 Sunset Avenue, and her twin sister, Mrs. JACK ADAMS of Houston who is visiting the Jonses here. The women even cut their hair alike—short.

PERSONALS

Guests of Mr. and Mrs. Sam Parrish Jr., 1915 Coleman, are Mr. and Mrs. Sam Parrish, Sr., and Jimmy Parrish of Dallas.

Mr. and Mrs. J. M. Germany, 1195 Coleman, have as weekend guests Mr. and Mrs. Raymond Rumbo of Dallas.

Women Golfers To Elect New Officers

An election of officers for the coming year will be held at the Country Club Women's Golf Association meeting Friday. The meeting will start at 9:45, with the luncheon at 1 o'clock.

New members of the club who would like to play bridge during the association's regular meetings may contact Mrs. V. V. McGrew to make arrangements for partners.

NEWS FROM UNION

By MRS. J. B. ADAMS

Mrs. J. B. Adams was hostess for her family's annual reunion over the week end.

Those present were Mr. and Mrs H. W. Adams and children of McCamey Mr. and Mrs. E. M. Boles and children and Mr. and Mrs. Joe B. Adams Jr., of Lamesa, Nolan Adams of Laredo, Mr. and Mrs. Don Adams of Snyder, Mr. and Mrs. O.R. Adams and son of Rankin, and Mr. and Mrs. Virgil Jones and daughters of Bangs.

Other visitors on Sunday were Mr. and Mrs. Paul Wilkerson and children of San Angelo, Mr. and Mrs. John Adams of Earth, Mr. and Mrs. Lester Neimyer and Tohita of Lamesa, Mr. and Mrs. T. C. Martin and sons of Slaton, Miss Ella Adams of Hermleigh, Mr. and Mrs. Howard Hogue and Mr. and Mrs. Paris McPherson and daughter.

Mr. and Mrs. Thayne Mebane are the parents of a daughter born Aug. 26.

Mr. and Mrs. Tom Smith of McGregor have returned here to care for Mrs. J. L. Carell.

Mr. and Mrs. Byron Wren of Colorado City visited Mr. and Mrs. Howard Hogue Monday.

Mr. and Mrs. Ennis Woodson and Lanell and Mr. and Mrs. Jack Ramsey and Patsy have returned from a vacation in Colorado.

TERMINOLOGY
SOLANA BEACH, Calif. (AP)—Termites were found at work undermining the township justice court.
"We gave them some stuff that will terminate the termites' tenure, said Rufus Parks, county construction chief.
But Judge Thomas McLoughlin, who would prefer a new building, said: "This courthouse is so weak a weighty decision would tumble it."

LEGAL NOTICES

NOTICE
TO ALL PERSONS INTERESTED IN THE ESTATE OF LEMMIE MONROE WILSON, A NON COMPOS MENTIS:
Notice is hereby given that on the 8th day of September, 1953, I acting as guardian of the Estate of Lemmie Monroe Wilson, a non compos mentis filed with the County Clerk of Scurry County, Texas, a sworn application for authority to ratify and execute a Ratification and Royalty Unitization Agreement for the Diamond "M" Field, Scurry County, Texas, on the following interest:
All of the royalty interest of oil, gas and casinghead gas produced and sold from the Below land, said interest belonging to the Estate of Lemmie Monroe Wilson.
Said land lies in Scurry County, Texas, and is within the outer limits of what is known as the Diamond "M" Field, and is described as follows:
Being the Southwest one-fourth (SW-4) of Section 183, Block 97, H&TC RY CO Surveys, Certificate No. 43-8594, fully described by metes and bounds in the patent thereof of record in Vol. 2, Page 288, of the Paten Records of Scurry County, Texas, containing 160 acres, more or less;
And the Southwest part of the East one-half (E-2) of Section 183, Block 97, H&TC RY CO Surveys, Certificate No. 43-8594, described by metes and bounds as follows:
BEGINNING at a stk in the N line of Sur. No. 178, Blk. 97, H&TC RY CO which is 684.7 vrs W from a stone set in the NE cor of said No. 178 from which a mes stump brs S 23-¼ deg. W 128 vrs;
THENCE W 282.3 vrs to a stk in the SE cor of the SW 160 acres tract of said No. 183 for the SW cor this sur;
THENCE N 900 vrs with E line of said 160 acre tract to a stk for the NW cor this Sur;
THENCE E 282.3 vrs to a stk for the NE cor this Sur;
THENCE S 900 vrs to the beginning, containing 40 acres more or less;
Both tracts containing 200 acres, more or less, and being all the land owned, held or claimed by the said Lemmie Monroe Wilson in said Section No. 183.
Said application will be heard by the County Judge of Scurry County, Texas, in the County Court Room in the Courthouse of said County, in the City of Snyder on the 21st day of September, 1953, at 10:00 o'clock A.M., same being the time and place which has been duly designated by said Judge as the time and place when and where such application will be heard.
WITNESS MY HAND this 3rd day of September, 1953.
(s) Austin Addison
Austin Addison, Guardian of the Estate of Lemmie Monroe Wilson, a non compos mentis.

TO THE STOCKHOLDERS OF THE PAN-HANDLE AND SANTA FE RAILWAY COMPANY:
You are hereby notified that the Board of Directors of Panhandle and Santa Fe Railway Company have called a meeting of the Stockholders of the Company to convene at the principal office of the Company in the City of Amarillo, County of Potter, in the State of Texas, the 16th day of November, 1953, between the hours of 9 A.M. and 5 P.M., to consider and act upon a proposition to authorize the execution by the Company of a Mortgage or Deed of Trust to be called a General Income Mortgage or Deed of Trust, or by such other name as may be determined, on certain of its railroads and properties now or hereafter owned, to secure bonds to be issued in series from time to time to be used in paying, funding, or refunding the indebtedness of the Company for bonds assumed by, or for moneys advanced to, it, or for expenditures made on its behalf, for the acquisition or construction of its railroads and properties and additions or betterments thereto, and indebtedness constituting a prior lien on its railroads and properties now or hereafter owned, and to provide funds for the future extension of, and additions and betterments to, its properties, for the purchase of equipment therefor, for the reimbursement of its Treasury for expenditures so made, and for other lawful purposes; such bonds to be issued at such time in such amounts, of such series, and at a lawful rate of interest payable at stated periods, to the extent that the net income of the Company may be adequate therefor (except that the installment of interest due October 1, 1995, shall be payable whether or not earned, and that such bonds shall become fixed interest bonds on the first day of January following any default by The Atchison, Topeka and Santa Fe Railway Company under its General Mortgage or Adjustment Mortgage, both dated December 12, 1895, and shall continue to be fixed interest bonds during the period of such default), and maturing on October 1, 1995, and to be subject or not subject to redemption, tax free or not tax free, convertible or not convertible into shares of capital stock of the company, subject or not subject to sinking fund provisions, and containing such other terms and conditions as may be determined or prescribed by the Board of Directors; as limited in amount that bonds at any time outstanding, together with all the then outstanding prior debt of this Company and the par value of its then outstanding shares of capital stock shall not exceed the sum of $46,400,000 plus the amount expended after December 31, 1952, for the acquisition, construction, or extension of railroads and railroad property, and for additions and betterments to such railroads and properties now or hereafter owned by the Company; such mortgage or Deed of Trust to contain also such terms and conditions as may be prescribed or authorized by the Stockholders at said meeting; and to authorize the immediate issuance under said Mortgage of two bonds for $9,000,000 and $11,984,000, respectively, or such sum not exceeding said amount as may be approved by the Interstate Commerce Commission; said bonds to be dated July 1, 1953.
E. F. Browder,
Secretary.

Murder Near Van Horn Still Is Unsolved After 15 Years

VAN HORN, Tex., Sept. 5 (AP)—Purple mountains ring the setting of Texas' most baffling murder case.

From time to time a lead turns up. The Texas Rangers methodically check it out. It takes them nowhere, but they make a note in bulging files and hope the next will be better. For, 15 years later, they still hunt the killers of Mrs. Weton G. Frome, 46, and her daughter Nancy, 23.

The Rangers use the plural: killers. They believe there were two, but they aren't sure. What they know about the case today is just about what they knew when they found the two seminude bodies, hidden in the desert sagebrush.

This cruel country is the perfect place for cruel murder. It is a land where only the Mexican eagle and the coyote feel at home, a tangle of brush and boulder 125 miles east of El Paso, on the edge of the Big Bend country of the Rio Grande.

Into this tortured land Mrs. Frome and Nancy—on a leisurely trip from their home in the green hills of Berkeley, Calif.—drove on March 30, 1938. They got no farther.

The women were bound for Parris Island, S. C. to visit another daughter of Mrs. Frome. Their big new car had engine trouble when they arrived in El Paso on March 25.

Leaving it at a garage, they made several trips across the border to Juarez, Mexico. Sometimes they were escorted, sometimes not.

Five days later, they picked up the car, asked about the highway to Dallas and headed east.

On March 31 their car was found abandoned west of Balmorhea some 60 miles east of Van Horn. Ground and air posses sought the women for three days without success.

Then an El Paso truck driver named Jim Milam remembered something: he had seen the Frome car and a smaller automobile parked on the highway six miles east of here on March 30.

Officers doubled back to the spot and found tire tracks of the Frome car running into the brush. Next, half a mile off the road, they found the bodies.

It appeared the killers had swung the Frome car back onto the highway and driven it east to abandon it, then gone on in their own car.

Both women had been shot through the left temple. Both lay face down. Mrs. Frome still wore her brassiere, girdle, stockings and shoes. Dark-haired Nancy had been stripped to panties, stockings and shoes.

Neither had been raped.

Was robbery the motive? Officers couldn't be sure. Frome, a power company executive, flew in to help and said he thought it was.

His wife's diamond ring and $90 she kept hidden in her brassiere were missing. So was Nancy's bracelet.

But the killers passed up a diamond wrist watch and gold wedding band worn by Mrs. Frome, and a diamond ring and necklace worn by Nancy.

It looked as if the slim girl had put up a fight: blood, skin and dirt were wadded under her fingernails, and her toes had dug into the ground.

Eight cigarette or cigar burns were on her right hand, and the diaphragm had been ruptured by a heavy blow.

Why was the girl tortured? To make her tell where more money was hidden? Then why wasn't all the jewelry taken?

Some officers thought the Frome car had been mistaken for a similar one—also seen near Van Horn the day of the killing—believed to be used by dope runners. Perhaps Nancy had been tortured to make her tell what she could not know: where dope was hidden.

This theory was strengthened by the fact that the Frome car's spare tire was slashed open and the inner tube missing, as if the casing had been searched. The car had been stripped of luggage and wiped clean of fingerprints.

If there were other clues pointing to a motive or to the killer's identity they were ruined by officers and curious citizens who trampled the dust around the bodies.

Today, if you ask the Rangers whether they think the double murder was committed by robbers or dope traffickers, perhaps by someone the Frome women met or whose attention they attracted in Juarez, they will answer:

"We don't know. If we knew that much we could narrow down the case. But we don't know."

In trying to find out, the Rangers have built up the Texas Department of Public Safety's biggest file on an unsolved murder. It fills three large drawers, and thousands of index cards list persons questioned as suspects or witnesses.

Ballistics experts decided the women had been killed with a .32-caliber revolver, most likely made in Spain. The weapon has never been found.

Rewards offered added up to nearly $10,000. Nobody has claimed a dollar.

The investigation brought the arrest of dozens of crooks, but it has turned up no killers.

Some witnesses reported having seen a husky man and a blonde woman driving closely behind the Frome car. A nationwide hunt was made for the pair. They were never found.

Formal charges were filed once—10 years ago—when a West Texas sheriff got a tip that led to the arrests of two men and a woman in California and another woman in Mexia, Texas. Two Rangers spent weeks checking their alibis. Every word proved true, and they were freed.

Class Officers Are Elected At Hermleigh

HERMLEIGH — High school classes here have held their first class meetings of the fall term to elect officers and sponsors.

President of the senior class is Delbert Hess. Other officers are Betty Jo Whitehead, vice president; Nelda Kruger, secretary, Alvin Wimmer, treasurer, and Wanda Sue Vandiver, reporter.

Leonard Groves was elected president of the sophomore class, with Jackie Roemisch, vice president. Melroy Borland is secretary, Bernice Bartels treasurer and Collene Mason reporter.

Viola Roemisch is president of the freshman class. Barbara Spykes is vice president, T. J. Hillis secretary-treasurer, and Morris Light reporter. Gus Tolleson and Viola Roemisch are student council representatives.

Mrs. Roxie Soules is senior class sponsor. Room mothers for the class are Mrs. O. C. Hess, Mrs. G. G. Green, Mrs. C. H. Stahl, Mrs. A. E. Wimmer and Mrs. E. L. Vandiver.

Mrs. O. B. Jackson, Mrs. Howard Borland and Mrs. J. A. Bartels are sophomore room mothers.

Annual Staff Picked At Hermleigh High

Geral Mac Green has been elected editor-in-chief of the Hermleigh High School annual staff by members of the senior class.

Wanda Sue Vandiver was chosen assistant editor, Jackie Nachlinger, business manager, Betty Jo Whitehead, girls' sports editor, Delbert Hess, boys' sports editor, Nelda Kruger, snapshot editor, Leon Hale, art editor, Ann Borland assistant art editor. Typists are Nita Knight, Mary Tate, Bobby Smith, Alvin Wimmer and Betty Hillis.

Students may make deposits toward the purchase of their annuals at any time.

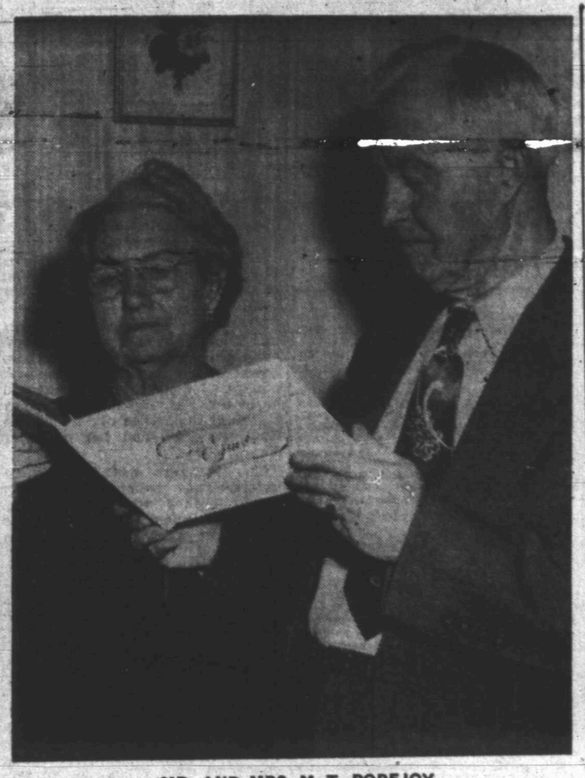
MR. AND MRS. M. T. POPEJOY
. . . wedding day, 1903



MR. AND MRS. M. T. POPEJOY
. . . golden anniversary

M. T. Popejoys Celebrate 50th Wedding Anniversary

By ALINE PARKS

Mr. and Mrs. M. T. Popejoy, 811 Twenty-fifth Street, don't usually celebrate wedding anniversaries, but they are making an exception this year. It's their fiftieth year of marriage, and "it just called for a party."

Mr. and Mrs. Popejoy were married on Sept. 3, 1903, and have lived in Scurry County for the last 25 years. Mrs. Popejoy said she sort of planned to have the anniversary observance on the third, but it just seemed more convenient to have to today so that more of their family and friends could be present.

They sent out 125 gold printed invitations to the open house which will highlight their celebration from 2 to 6 this afternoon, and Mrs. Popejoy has ordered a four-tiered cake with all the trimmings to serve their callers. All in all, it promises to be an occasion to make up for all the ones they missed.

On hand to celebrate with their parents will be a daughter, Mrs. H. C. Brook of Plainview, two sons, Fred Popejoy of Hart, Tex., and Bill Popejoy of Snyder. Their seven grandchildren are to be present, too, along with relatives from Itasca, Midland, Lubbock and Amarillo.

Displayed along with anniversary gifts will be a picture of Mr. and Mrs. Popejoy in their bridal finery of 50 years ago. Mr. Popejoy was a dark-haired, slender young man in a dark suit, a high collar, and black patent shoes. Mrs. Popejoy solemn-faced, posed with one hand on her new husband's shoulder as was the custom of the day.

The couple was married in Itasca where both had lived since childhood. She was Miss Ora Young before her marriage. The ceremony was read on the long veranda of the Young's house, with the couple standing in the front doorway and the wedding guests gathered in the spacious front yard. Mrs. Popejoy said she wanted a church wedding very badly, but her father insisted that all his daughters be married in their family home, and he won out.

Mrs. Popejoy's wedding gown a floor-length dress of white silk organdy, trimmed with shirring and a white ribbon belt. She wore a rosette of white net atop her high pompadour. She paused in her description of her costume to muse, "I wish I had worn a veil." Veils were hardly ever worn except at stiffly formal church weddings in 1903, she added, and it just wasn't in keeping with their ceremony.

There was a big reception after the ceremony, the couple recalls, with wedding guests "too many to count." A dinner on the following day in the home of Mr. Popejoy's parents finished the marital celebrations and the new family was ready to settle down to the business of living.

Snyder was very small when the Popejoy family moved here in 1928, Mrs. Popejoy said, and quite different from the country where they had always lived. "But I always liked it, and always thought of it as home," she hastened to add, "and I never really wanted to go back."

Mr. Popejoy agrees with her, and adds that many of the men whom he has known since moving here are as good friends as if they were his own sons and brothers.

Mr. Popejoy farmed the first years the family lived in Scurry County, and worked in town after that until he retired about eight years ago. He is 77 now, still keen-witted and spry as he moves about the neighborhood.

Both Mr. and Mrs. Popejoy are members of the First Methodist Church. That was one of the first places Mrs. Popejoy remembers going in Snyder, and she recalls vividly how much the friendly welcome there helped overcome her misgivings about moving into a strange town.

Asked if they had any sure-fire plans for a successful marriage, both Mr. and Mrs. Popejoy took a moment for thought.

"It's a matter of give and take," Mr. Popejoy said. "Both sides have to try to make it work. It sometimes seems to me as if people today just don't love each other as they used to, and that isn't only true between husbands and wives. People just seem to be different."

"People have to remember that there will be a lot of hard times," Mrs. Popejoy said. "There is a lot of pleasure in living, but the hard times will come just as sure as the good ones and you can't give up."

Recalling the advice he once gave a young man about to enter marriage, Mr. Popejoy added that he thought people should be ready to settle down before they are married.

"That doesn't mean that they can't go places together and be entertained outside of their home," he said. "but if they don't settle down and try to make a home they just won't stay together."

JACQUES HEIM . . . Costume consisting of slim gray wool jersey dress with wool coat lined to match.

Fire Prevention Plan

CHICKASHA, Okla. (AP) — Fire Chief Bill Suddarth has launched a new fire prevention campaign here to keep drouth-parched yards and roadside area free from glass bottles.

He explained: "When the sun beats down on that glass, it acts like a magnifying glass. We believe this is the cause of many grass and crop fires."

Helps For Homemakers

Send your questions to "Helps for Homemakers," Snyder Daily News, or call 4-4366.

I plan to repaint some of the walls in my house but I am afraid my choice of colors will not be as good as the original ones. Is there any sort of guide through which I can get an idea of how some different colors would look together? K.W.

One interior decorator suggests that you first select a drapery fabric for the room to be considered and take the colors from the fabric. Using a drapery fabric blending brown, turquoise and lilac with touches of white, this decorator chose brown for the carpet, beige for the walls and upholstery which picked up the turquoise and lilac with some brown.

If your rooms are small, you may like to use a single color scheme for the entire room with dashes of color in room accessories. Remember that dark colors will hold a large room together but can make a small room look smaller, while lighter colors give the impression of more space.

• • •

What kind of sandwiches would you suggest for freezing? B.K.

Roast beef, chicken or even lunch meat sandwiches may be frozen when they can be most conveniently prepared. Try any other kind you like and you will find many others. Remember to use butter or margarine on the bread rather than spreads such as mayonnaise, which does not freeze well, and leave off the lettuce or tomatoes. Pack the sandwiches in their freezer wrappers and they will thaw with the same fresh taste as if they were freshly prepared.

• • •

If your cake sticks to the hot pan, try putting a cloth soaked in cold water on the bottom of the pan, to contract and loosen the cake without breaking it.

• • •

For a dramatic but inexpensive new look in your bedroom, make a coronet for your bed. Get an extra pair of draperies to match those at the windows and tack the tops together to make one long piece. Center a good-size drapery hook with an ornamental head high on the wall and put two others in the wall on each side of the bed midway between the top hook and the headboard. Ease the long draperies over the top hook between ornamental hook and wall and use the tie back pieces to loop the fabric gently to the side hooks. It will give the effect of a graceful arch over the bed.

GLAMOROUS COVER-UP . . . This jersey shrug can be made in an evening, is useful with almost any costume.

Any Bright Teen-Ager Can Make This Pretty Shrug

By The Associated Press

Neatest trick of the season is the jersey shrug, popular fad for teen-agers, college and career girls, and simple for even a beginner to make.

To make the shrug shown here, you need only 1 and ⅛ yards of tubular ribbed wool jersey, 54 inches wide, plus mercerized sewing thread in a matching color, size 50 to 70. Use a size 14 needle in your machine.

Following the pattern sketch shown, measure and draw your pattern on brown paper. Round the underarm seam as shown and cut out.

Local sewing center experts advise pressing out the store crease before cutting the jersey and basting along a single rib to mark the grain. Fold fabric on basted line. Mark opposite fold with basting; the two folds will be the shoulder lines. Cut two sections, reversing the pattern.

Unfold the two sections and place together with the right sides facing. Pin and baste underarm seam; or, if your machine has a hinged presser foot which skips over pins, you can omit the basting.

Starting at center back, stitch to within 3 inches of end of each sleeve. Trim seam allowance to ¼ inch. Snip at intervals to prevent seam puckering; press open and turn right side out.

On the right side, stitch to end of sleeve as shown, again, trim seam to ¼ inch and press open.

Roll up end of sleeve until outside seam is covered. Tack roll loosely to sleeve.

Now try on your sweater, allowing the front edge to roll back. Pin roll in place and slip-stitch very loosely, letting roll taper to a point at both ends of center back seam.

To make tubing for the bow placed jauntily at the back waistline, cut a strip of jersey 2 by 24 inches. Fold length wise in half, right sides together. Stitch ½ in. from fold. Turn to right side, turn under raw ends and slip-stitch together. Tie in a bow and tack over the seam end of center back.

You can use the same pattern for a straight piece of fabric, being sure the grain of the cloth runs along the shoulder fold. Suitable materials are flannel or corduroy, through you may find it advisable to cut your pattern a little larger when using these fabrics, since they do not have the stretching qualities of jersey.

Mr. and Mrs. Howard W. Hutchins, Snyder Gasoline Plant, are announcing the engagement of their daughter, Margaret Hutchins, to John Anderson. Mr. Anderson is the son of Mr. and Mrs. T. W. Anderson of Snyder and an employe of Sun Oil Co. The wedding is to be held Nov. 1 in the First Methodist Church.

ARMS SMUGGLERS

SINGAPORE (AP) — The Sunday Standard, in an article, calls Hong Kong the new headquarters for arms smugglers operating in Southeast Asia. The smugglers shifted there from Singapore to be nearer the markets—Vietminh forces fighting the French in Indochina and the Nationalist guerillas resisting in Yunnan province—the paper said.

The paper said after the war large quatities of American arms were left behind in the Philippines and in numerous islands all over the South Pacific. Hostilities in Indochina and Burma and unrest in Thailand created a constant demand for arms, and Singapore, being nearest to these countries, acted as the smugglers' former headquarters.

Pearl Hunt In River

MCGREGOR, Iowa (AP) — They're hunting pearls again in the Upper Mississippi River near here after a lapse of nearly 40 years.

Clamming and pearl-hunting was a boom industry here in the 1890s, but the river was "clammed out" several years ago. Now, fishermen report the clams are coming back.

Two fishermen — Albert Langford and Norman Delphy — have reported finding large pearls. Langford sold his for $400, and Delphy's pearl brought $225.

Even if no pearls are found, the fishermen can always sell the clam shells. Pearl button factories pay 2½ cents a pound for them.
