5¢ Daily . . . 10¢ Sunday

'Thank Goodness, It's Over!'

Della Hicks, deputy in the office of Zerah LeFevre, county tax assessor, officially rings down the curtain on poll tax sales for the current year. Deadline fell at midnight Tuesday.

Curtain Drops On Poll Taxes

Annabel Baker, 200 N. Goliad, who works for the Bell Telephone Co., showed up at the office of Zerah LeFevre, county tax assessor-collector, at 11:59 p.m. Tuesday to apply for her poll tax receipt.

She was the last applicant to be served and when her receipt had been issued, the curtain dropped on the poll tax sales campaign for the current year.

Official totals are not available. The lists have to be rechecked to eliminate voided numbers and other errors. However, unofficially, the total poll tax and exemption certificate figure for the county is around 7,778. The combined total in 1959 was 7,730. In 1960 a presidential election year—the total was 10,984.

The tax office remained open until midnight Tuesday to accommodate late applicants for poll tax receipts. Business was brisk from 7 to 9 p.m. It slowed down later in the evening and there were long

intervals of inactivity while the deputies waited for customers.

Mrs. LeFevre said that her office has nearly 500 applications for poll tax which were filled out and submitted ahead of deadline. These will be processed and the receipts mailed to the applicants.

She said that her deputies issued 1,153 poll tax receipts on Tuesday and 128 exemption certificates.

2,101 Is Mitchell Poll Tax Count
COLORADO CITY (SC)—Mitchell County Tax Assessor and Collector Montie Hardegree reported 2,101 poll taxes paid by 10 p.m. Tuesday. Seventeen exemptions were issued to those turning 21. This is about 300 over 1959—the last "off" year, and about 400 over 1957. It compares with 3,011 in the presidential election year of 1960.

Right Out Of The Market Basket!

E. J. Earle, 1002 E. 14th, combines ordinary shopping with the payment of the 1961 car tag fee. He is shown at the Lewis 5-and-10 in the 11th Place Shopping Center, where Mrs. Jo B. Johnson, cashier, is "checking" him out on his new car

plates. The Lewis stores and the two Newsom Food Stores have been set up as substations where car owners may buy their current car tags and not have to go to the county court house.

Minuteman Missile Scores High Success In First Test

TEXAS LEGISLATURE

Anti-Turman Revolt Breaks Out In House

AUSTIN (AP)—A growing wave of dissent against the new administration of Speaker James A. Turman broke into the open today on the floor of the House.

There was more speculation it might endanger quick committee handling of vital taxing and spending bills scheduled next week.

After the House droned through its routine first half hour, Rep. Tom James, Dallas, questioned Turman sharply about the handling of a resolution to continue the life of the House Investigating Committee.

Turman explained the resolution by Rep. W. T. Oliver, Port Neches, had been moved from the Temporary Rules Committee to the Permanent Rules Committee and now was in the State Affairs Committee.

CHAIRMAN

Rep. Bill Hollowell, Grand Saline, Turman's right hand man in the speaker's successful race with Rep. Wade Spilman, McAllen, is chairman of the State Affairs Committee.

James, who attracted statewide and national attention for his part in the recent vice investigations at Beaumont and Port Arthur, supported Spilman for speaker.

"No one objected yesterday when Oliver's resolution was referred," Turman said. "We shall have a hearing on that in due and proper time."

"I still can't understand how the resolution got moved around without getting on the floor of the House," said James.

"Do you think it might have happened in some back room?" asked Rep. Eligio De La Garza, Mission, another Spilman supporter.

"I think this book of the House rules should be for the minority as well as the majority," said James.

PANEL INCIDENT

The flurry today followed a committee incident Tuesday when a majority of Spilman supporters pushed through several motions in the important House elections committee.

Another House member, who would not be named, predicted today that Spilman supporters would "take over" the important Liquor Regulations Committee at its first meeting Thursday. "We have a majority of 13," he said.

Another source said Spilman backers also had majorities in the Veterans' Affairs Committee, in the Public Lands and Buildings Committee and the Public Printing Committee.

"Turman tried to put us all in veteran affairs," said one source. "We have a majority of 19 Spilman men. We have a total of 126 years of experience in the Legislature and nine of us have been committee chairmen in previous legislatures."

Still another member pointed out today that the usually routine practice of adopting rules the House will follow the rest of the

session had not taken place. He said Rep. DeWitt Hale, Corpus Christi, who was chairman of the Temporary Rules Committee and is a member of the permanent committee, another Turman lieutenant, wants rule changes that would let bill be re-referred from committee where Spilman supporters have the upper hand as a simple majority vote of the House instead of the two-thirds votes required previously.

A Senate-approved bill (SB101) authorizing state payment of \$144 in social security taxes each year for each legislator was at the top of the House calendar. It won a preliminary approval Monday but

not by a margin large enough for final passage.

More than 10 House committee organizational meetings this morning and afternoon cleared the way for public hearings next week.

The Senate committee schedule called for important organizational meetings of the state affairs and criminal jurisprudence committees plus a continuation of finance committee hearings on spending requests.

Heads of both the House appropriations and revenue and taxation committees said Monday that public sessions on new spending and tax measures will begin early next week.

Chamber Adds 20 Seats For Banquet

The Chamber of Commerce added 20 more seats to the banquet hall, but the waiting list this morning still had over 20 residents wanting tickets to the annual banquet.

Dr. Kenneth McFarland, selected as the nation's No. 1 speaker, will address the gathering of over 500 in the Student Union Building of Howard County Junior College Thursday. The program will begin at 7:30 p.m.

Another highlight of the evening will be an announcement of the "year's outstanding young man," named by the local Jaycee organization. Also, the Webb AFB selection of the "pilot of the year" will be named.

John Taylor will preside during the meeting. The outgoing president, Cliff W. Fisher, and incoming president, Horace Garrett, will be introduced.

Arrangements for the banquet were made by Wesley Deats, Jim Watts, Darryl Robertz, Jack Little and Ted Snider. Peggy Tubb and the Big Spring Garden Club Council assisted in the decoration preparations.

Jack Hendrix, music department of HJCC, will provide background music at the organ for the dinner. Residents desiring to get on the waiting list for tickets may do so by calling the chamber offices. These requests will be filled in the event of cancellations.

McFarland is educational consultant for the General Motors Corp. and the American Trucking Association. He formerly served

as guest lecturer for "The Reader's Digest."

His educational background includes a bachelor's degree at Columbia University and his doctorate from Stanford University in California. He has received numerous honorary degrees.

For 24 years, Dr. McFarland served as a school executive. He designed and built the McFarland Trade School at Coffeyville, Kansas, which led to his designation as "the teacher who has made the whole continent into a personal classroom."

He lives on the family farm near Topeka, Kansas, and is widely known in agricultural circles for his Hereford cattle and prize-winning Tennessee Walking Horses.

Also a leader in the field of sales, Dr. McFarland is active in National Sales Executives. In 1957, the organization named him "America's outstanding salesman for the year."

In a nationwide poll, the United States Chamber of Commerce reported he was named "America's foremost public speaker." His speaking tours have carried him throughout the nation and he has been awarded a plaque as the "Nation's No. 1 air passenger." The speaker emphasizes that effective speech can be a medium of service to his fellow man. He believes the best way to get certain basic truths over to people is to look them in the eye and tell them. His addresses frequently concern government and economics.

8 Chlorine Gas Victims In Louisiana Near Death

NEW ROADS, La. (AP)—Eight persons, their lungs badly seared from chlorine gas which terrorized the tiny farm and lumber community of nearby Labarre, fought for their lives in a hospital today.

Whiffs of the chlorine gas, which escaped from a railway tank car derailed Tuesday, still hung in the air but the area is now considered safe.

A chemist said the ground was saturated with chlorine and it would "take a long time to wear out." The area was covered with soda ash and liquid caustic acid to neutralize the deadly green gas.

Seventeen people remain hospitalized, eight of them in "very critical condition."

The victims are likely to contract chemical pneumonia on the second day, doctors told newsmen. The gas killed an 11-month old boy and sent about 100 people to hospitals and clinics. Scores of farm animals were killed.

Eighteen cars of a Kansas City Southern freight piled up on the Louisiana and Arkansas tracks along State Highway 1.

The chlorine car burst open. Officers and volunteers, realizing chlorine gas was involved, began warning residents to seek high ground to escape the fumes.

Witness Says Return For Trial Voluntary

HILLSBORO, Tex. (AP)—L. V. Ruffin, formerly of Brady, Tex., and now living in Shreveport, La., testified Tuesday night he voluntarily returned to Texas to testify in the trial of B. R. Sheffield.

Ruffin, 41, a former Brady land dealer, said he had promised Dist. Atty. Les Procter of Austin he would testify and had not been assured of immunity from prosecution.

The witness gave his testimony under cross examination by defense lawyer John Cofer.

Sheffield, 54, a Brady land dealer, is being tried on charges of forgery and passing a forged instrument. The charges grew out of the veterans land scandals in the 1950s and involved a 10,750-acre ranch in Kinney County which was broken into 540 tracts for sale to veterans.

REVERSED

He drew a 10-year prison sentence in a trial in 1956 at Lubbock, but the Court of Criminal Appeals reversed the verdict on a technicality.

During cross-examination Cofer heatedly accused Ruffin of calling him a liar, in effect, by denying Ruffin had testified about certain points in the case previously.

"I usually hit people who call me a liar," Cofer declared. "But you're too far away from me to hit and you're a lot younger than I am."

Judge Sam Johnson protested Cofer's language. During a recess Johnson conferred with Cofer and Procter.

When court reconvened Cofer apologized to Ruffin for losing his temper and Ruffin said he did not mean to offend Cofer.

TRANSACTIONS

Ruffin testified Sheffield asked him to handle all the transactions with veterans in Ruffin's name.

Ruffin said Sheffield paid him \$5,000 for getting veterans to sign up for land handled in Ruffin's name and later promised Ruffin \$20,000 for attending to details of the Kinney County transactions. Sheffield subsequently trimmed the \$20,000 offer to \$15,000 and then to \$10,000, Ruffin testified. He said he actually collected about \$8,000, plus smaller sums at other times.

Juvenile Board To Meet Today

Howard County Juvenile Board is scheduled to meet at 5:30 p.m. today in the offices of the Howard County Judge Ed Carpenter from out of session which has developed between the newly appointed juvenile officer and the sheriff's office.

The dispute hinges on the duties of the juvenile officer in connection with investigation of offenses in which juveniles are involved.

The juvenile board has asked the police chief, Jay Banks, Sheriff Miller Harris and Bob Darland, the juvenile officer, to attend the meeting.

The late hour for the meeting was made necessary because it was found members of the board could not find any other time when all could be present.

Shows Champion

Clinton Hodges, Sterling County, showed the champion ewe at the 1961 Southwestern Exposition and Fat Stock Show. The reserve champion ewe was also shown by a Sterling County exhibitor—L. F. Hodges.

No Howard County exhibitors were reported competing in the Fort Worth Show.

ICBM On Target 4,000 Miles Away

CAPE CANAVERAL, Fla. (AP)—A Minuteman missile, America's hope for a pushbutton war weapon, scored an amazing success on its first test flight today.

A jubilant Air Force reported 20 minutes after the 10 a.m. (CST) launching that all three stages had fired successfully and that the rocket had landed on target in the South Atlantic Ocean, more than 4,000 miles away.

The Air Force had gone all out on the initial firing of this second generation intercontinental range missile, which will propel the countryside on hard-to-find railroad tracks, or stand poised in hardened underground holes, ready for firing on instant notice.

General Thomas D. White, Air Force chief of staff, called the success "one of the most significant steps this nation has ever taken toward gaining intercontinental missile supremacy in the critical years just ahead."

Never before had so many rocket components been tested on a first launching here. All three solid fuel stages, the guidance system and nose cone were tested today. The distance covered was just 2,000 miles short of the intended operational range of 6,300 miles.

This was the first time that all stages of a military rocket were manufactured by different contractors. Thiokol made the first stage, Aerojet the second and Hercules the third. Boeing Aircraft Co., is assembly and test manager.

GO FOR BROKE
"Anything beyond the first stage will be strictly a bonus," a project official said. "We decided to go for broke on the first launch because success would cut the test program by several months."

Previous multistage military rocket programs here started with testing of only one stage and worked up to the full configuration, gradually weaving in guidance, nose cone and other refinements.

The Air Force plans to have Minutemen ready for combat by mid-1962.

Once the missile is perfected, the Air Force plans the fastest buildup in missile history with at least 600 Minutemen to be deployed by 1964. About 450 of these will be spread across the western United States in underground silos designed to survive a near miss by a nuclear bomb. The remainder will be on special railroad trains.

2,000 ON STATION
Defense planners are talking of eventually having 2,000 Minutemen on station.

As the Minuteman force is built up, the so-called missile gap between this country and Russia will begin to close, many military experts predict. Many predict both nations will be even in number of long range missiles in 1965.

The advent of Minuteman will begin an era when rockets rather than manned bombers will be the dominant deterrent force in the Strategic Air Command. The rocket also reverses a trend toward more expensive missile systems.

Construction is expected to start soon on 200-foot deep silos and other facilities for three 55-missile Minuteman squadrons at Malmstrom Air Force Base near Great Falls, Mont.

Once in place, the missiles will be manned and guarded only through remote controls. Each silo will be capped by a 10-ton concrete hatch.

Nearly will be an underground checkout console whose electronic

(See MISSILE Pg. 8, Col. 4)

U.S. Puts Up New Satellite, Details Secret

POINT ARGUELLO, Calif. (AP)—Samos II is circling the globe every 95 minutes today on a pioneer mission which may lead to a whole system of United States electronic military scouts.

The ultimate goal of the program is to be able to make detailed photographs of any point on earth and thus detect a buildup by a potential foe.

The mission is so secret that the Air Force won't even confirm that the satellite, launched Tuesday, will radio pictures back to earth. The orbiting vehicle is equipped with cameras to photograph ground terrain and sensors to record electro-magnetic radiation.

It can be made to transmit information as it passes over stations where data can be reproduced, stored, integrated and interpreted by automatic display equipment.

Signals from Samos II were being picked up by tracking and telemetry stations at Vandenberg Air Force Base at Oahu, Hawaii and at Kodiak, Alaska.

All orbital data was being received at the Air Force Satellite Test Center in Sunnyvale, Calif., south of San Francisco.

Samos I, launched last October, failed to orbit.

No. 2 in the series roared aloft into a drizzly sky at 12:23 p. m. Tuesday and disappeared in a heavy overcast. Two hours later the Air Force said it had achieved polar orbit. Its path carries the satellite at altitudes ranging from 300 to 350 miles.

The launching was from the Point Arguello Naval Base, adjacent to Vandenberg Air Force Base, 170 miles northwest of Los Angeles.

Future satellites of this type are expected to take pictures from 300 miles up with equipment so advanced that quality will equal the view from a human eye at 100 feet.

Snyder Votes Down Changes

SNYDER—Snyder voters turned thumbs down on three proposals to amend the city charter, with a record 2,072 registering their choices.

The proposal to change the city government from a council-manager form to council-mayor form was defeated 1,504 to 558. Proposal No. 2, to provide for an elected corporation judge, city attorney, and police chief, lost 1,337 to 721.

A proposal to prohibit the annexation of territory by the city, except by the approval of a majority of the residents of the territory-to be annexed, lost 1,461 to 596.

The election was called in response to a petition presented to the city council in November.

Eager Beavers Get Auto Tags Early As Sale Begins

New car tags were placed on sale Wednesday morning and some eager beavers were on hand bright and early to obtain their plates.

The five substations set up by Mrs. Zerah LeFevre, county tax assessor-collector, seemed to be doing a brisker business than the official headquarters at the court house.

The substations are located in the two Newsom Food Stores and

at each of the three Lewis 5-and-10 stores. Motorists who are re-registering their cars and have no need for change of title or transfer can go to these establishments and obtain new tags. It is emphasized that the motorist must bring his car title and his license receipt with him.

Those who have to obtain transfers, or whose car tag operations are more involved, will have

to go to the tax office in the court house. The Texas licensed vehicles, including both commercial and farm pickups, are being registered in the real estate division of the tax office. Fleet owners, heavy equipment, and title transfers are being handled in the automobile section of the tax department.

It was pointed out that only passenger cars can be provided

with tags at the substations. The owners of the stores, where the substations are operating, are providing the employees to do the work. The tax office is supplying all papers and providing bond for the employees.

It is the hope of the merchants and the tax office that the substations will be of convenience to the motorists in getting new tags. Deadline for placing current year tags on cars is April 1.

Rules Victory Is Beginning Of Battle

WASHINGTON (AP) — After scoring an important victory on enlargement of its Rules Committee, the House Democratic leadership today for a long fight to enact President Kennedy's legislative program.

The fight probably will be a tough one, since Tuesday's victory for the Kennedy administration and Speaker Sam Rayburn of Texas was won with only a five-vote margin.

The House voted 217 to 213 to back Rayburn's plan to enlarge the Rules Committee from 12 to 15 members, wresting committee control from a conservative coalition. Theoretically this puts liberal Democrats in control by an 8-7 edge.

The White House reported Kennedy was pleased with the outcome. Officially he had taken no direct part in the fight, but left no doubt that he favored the Rayburn plan.

Under Tuesday's action, Democrats will add two members to the committee and Republicans will add one. Republicans also have two vacancies to fill on the committee.

The new lineup will be 10 Democrats and 5 Republicans. The

committee previously had 8 Democrats and 4 Republicans—with the Republicans and two conservative Southern Democrats usually in control.

Democrats slated to be tapped for membership on the committee were Reps. Carl Elliott of Alabama and B. F. Sisk of California, both of whom have voting records friendly to legislation expected to be advocated by the President.

Three normally conservative Republicans had the inside track for vacant GOP posts. They are H. Allen Smith of California, Elmer J. Hoffman of Illinois and Katharine St. George of New York.

The House vote, while nominally wrestling Rules Committee control from the coalition, indicated that the coalition is a force that must be reckoned with on the House floor.

It found 22 Republicans joining 195 Democrats to uphold Rayburn, and 64 Democrats and 148 Republicans voting against him.

Technically, the loser was Chairman Howard W. Smith, D-Va., of the Rules Committee, who directed the fight against what he called "packing" the committee.

2 Big Spring (Texas) Herald, Wednesday, Feb. 1, 1961

Earn \$100 Extra

Lt. Col. Robert A. Wiemer, Webb AFB hospital commander, presents \$100 checks to Mrs. Barbara Huskey (left) and Mrs. Melba Bishop. They were awarded the checks for sustained superior performance from September, 1958 through October, 1960. Mrs. Huskey is a clerk typist in the registrar's office. Mrs. Bishop, who is on her fifth year as accounting clerk in the business office, worked in CE Group 2 1/2 years before starting work at the base hospital.

Extra Points Earn Trophy

Extra points earned in On-the-Job-Training and the Military Personnel Suggestion Program gave the 3560th Field Maintenance Squadron (now inactivated) the extra points needed to win the Webb AFB Commander's trophy. The trophy is awarded for performance in all categories and includes ground safety, fire prevention, and other incident rates. Field Maintenance triumphed over Headquarters, M&S Group by attaining 2,173 points out of a possible 3,460 for a winning 62.8 average. M&S lost by a one point average and Pilot Training Group slipped third place with a 62.5 average.

The trophy was presented to Maj. Thomas S. Lane, former Commander of the inactivated squadron during a ceremony honoring graduates of Pilot Training Class 61-E last week. Maj. Lane is now assigned with M&S Group as standardization maintenance officer.

Auto Tags Go On Sale

AUSTIN (AP)—New motor vehicle license plates went on sale today with about 4,800,000 of the 1961 tags expected to be sold.

Deadline for purchasing new plates is April 1. State Highway Engineer D. C. Greer said Monday a different style of letters and numerals have made the plates more readable from a distance. The color scheme is black letters and numerals on a white background.

Trailers, truck tractors and buses have a new numbering system: A one-letter prefix with from two to five numbers. Other vehicle classifications have the same numbering system as in 1960.

There are more vehicles in Texas today than there were in 1920 and the per cent of increase in motor vehicles in Texas in the last four decades is 20 times the per cent of increase in population," Greer said.

Texas is third in the nation in the number of registered vehicles.

Texans Voted 14-7 For Rules Change

WASHINGTON (AP) — Texans voted 14 to 7 Tuesday to enlarge the House Rules Committee. These Texas Democrats voted to enlarge the committee: Brooks, Casey, Ikard, Kilday, Mahon, Patman, Poage, Rutherford, Teague, Thomas, Thompson, Thornberry, Wright and Young.

Voting no were Democrats Beckworth, Burleson, Dowdy, Fisher, Kilgore and Rogers and Republican Alger, Rayburn, the speaker, did not vote.

THE UNDENIABLE

Follow Christ

Read Jas. Ch. 21. In the last chapter of John, Christ revealed to Peter that he was to die as a martyr for his Lord. "And when He had spoken this, He said unto him, Follow me." (v. 19).

Our business is to follow Christ at all cost, even if it means martyrdom.

At this point, Peter turning about and seeing a fellow disciple, said, "Lord, and what shall this man do? Jesus said unto him, If I will that he tarry till I come, what is that to thee? Follow thou me." In other words, Tend to your own business; your business is following Christ; you cannot be "a busy body in other men's matters" without neglecting to follow Christ. See I Pet. 4:15, 16.

Don't be fearful of the consequences of following Christ; and don't get off on a tangent. Why not be just a Christian, instead of trying to divide your loyalty? Plan to attend our mid-week service tomorrow night, and hear the sermon, "Remember Lot's Wife." Question period follows.

—Adv.

NTSC Choir Wins Hearty Applause In Local Concert

The evening's first chord was bright and clear, and required no preliminary warming up of tuning that could be heard in Howard County Junior College Auditorium. It was an auspicious beginning for Tuesday night's concert by the

Mooney Leader Denies Charges

MIDLAND (AP)—The president of Mooney Aircraft Co. of Kerrville has denied charges leveled at the firm by the Federal Aviation Agency (FAA) in Washington.

Hal Rachal, a Midland lawyer and president of the company, said he would rather go to court than pay a proposed \$1,000 compromise fine. He said he was approached by the FAA office in Washington with the proposal.

The FFA charged the company with welding and gluing certain airplanes in violation of the Federal Aviation Act.

"I have refused such a proposal because we are not guilty of the charge," Rachal said.

The FFA asked U. S. Dist. Atty. Russell Wine of San Antonio to file a complaint based on 17 alleged violations of the act.

A Cappella Choir from North Texas State College, Denton. The audience, practically filling up the auditorium, was not disappointed and the singers earned many rounds of applause.

Conductor Frank McKinley steered his 42 singers through a program finely balanced between old and new numbers, classical and popular, vocal and instrumental.

If anything, the NTSC singers were improved over their previous appearance here. They were alternately vibrant and velvet, lusty and light. These vocalists can make a number deep and moving, and quite often can take a relatively unknown number and make it seem familiar.

The program's first selection was "Psalm 136" by Schutz. It was given in an antiphonal manner, which, as it was rendered last night, is almost the same as stereo. Half the choir, weighted with basses, stepped to the rear of the auditorium and sang counterpoint to the soprano-led group that remained onstage. It was the finest of the evening's classical-type pieces.

The choir then regrouped onstage, but still in two groups, for a Brahms religious piece, turning away from a cappella momentary.

ly, the singers presented Schubert's "Miriam's Song of Triumph," with Eugene Brister at the piano and Mildred Armstrong, soprano, as soloist. Miss Armstrong's voice was highly pleasing and she herself was proficient in her presentation, but she lacked the vocal strength to keep up with the choir's level.

Brister and Miss Armstrong gave the choir a rest with two dual piano selections, a sonata by Poulenc and Leduc's "Malagena." It was a deft fingering of two difficult compositions.

The choir, which had been clad in robes for the religious music, now returned in formal dress for the remainder of the program. Orff's "Drei a cappella-Chöre aus Catulli Carmini," sung in Latin, was highly effective in its ancient chant styling.

But the big event of the evening, and the one which drew the greatest applause, was excerpts from "The Music Man." The soloists were in their element here, and their spirited interpretation was as good as one generally finds on the professional musical stage.

These soloists included Miss Armstrong, Claudine Curb, soprano, and Vance McFadden, bass, with Brister again at the piano. In addition, there was a

quartet composed of Carroll Barnes, Jon Smith, Don Waugh and Dwight Whitsett.

The "Music Man" selections offered opportunity for a joke on Ira Schantz, HCJC vocal instructor and an NTSC ex-student. During the "76 Trombones" ditty, Schantz' name was tossed into the list of noted musicians "come to town."

The two-hour program ended with a couple of spirituals.

Key To Spring Jewelry Fashions

The length to a neckline is the clue to its fashion importance, according to the Fashion Coordination Institute. Upper left, an 18-inch choker; top right shows the classic 22-inch necklace; lower left, the fashion-wise 24-inch length with a pin worn on the shoulder to balance the new broad deep sleeves; lower right is the important

22 to 24-inch waistlength necklace. Pins take a starring role with necklaces. They are worn plumb center, on the shoulder, or pinned through the neckline. The matching big button earring is an important fashion made for pins this spring.

Rebekahs Initiate Member And Remove Drapery From Charter

An initiation and the removal of draperies from the lodge's charter were carried on at the sessions of the two Rebekah Lodges Tuesday evening in their halls.

JOHN A. KEE
In a candlelight ceremony, Mrs. Sylvia Rebeck was taken into the John A. Kee Lodge with the installing staff of past noble grand performing the ritual.

Announcement was made of the change to be made in the district, and recommendations were asked for a new district deputy president to serve in 1961. Included in the new district will be the two local lodges, Knott, Stanton and Lamesa Berta-H, Porter No. 286.

Members were invited to attend the second anniversary celebration of the Snyder Rebekah Lodge, slated for Saturday evening. Dinner will be served at 7 p.m.

Certificates of perfection in unwritten work were presented to Mrs. Horace Smith and Mrs. Letha Mannie. Mrs. Irene Dempsey, noble grand, announced that \$25 had been donated to the March of Dimes from the benefit coffee given in her home Saturday morning.

Birthday honors went to Mrs. Jones Lamm. Mrs. Charlie Boland and Mrs. Beatrice Mittel, with refreshments served to 41 by Mr. and Mrs. John Cate.

BIG SPRING REBEKAH
A candlelight ceremony for the removing of the drapery from a

charter that was draped 30 days ago was the highlight of the Tuesday evening meeting of the Big Spring Rebekah Lodge No. 284.

The charter was draped in memory of the late Mrs. Rosa O. Palmer, Mrs. Lewis Forgas and Mrs. Hazel Buckner. The ceremony was conducted by Mrs. Beulah Morrison, Mrs. Jim Ferguson, Mrs. Claude Gilliland, Mrs. Tom McAdams and Mrs. Travis Melton.

Mrs. Gene Crenshaw, recording secretary, urged all members to accept the invitation from Mrs. Ina Greaves, district deputy president, District No. 11, Berta H. Porter Rebekah Lodge No. 286, Lamesa, to attend the school of instructions to be held Feb. 7 at 7:30 p.m.

A letter was read from Mrs. Editha Schreiber, vice president Rebekah Assembly, IOOF of Texas, asking Mrs. Earl Wilson to accept an appointment to serve on

Forsan Club Plans Special Program

The Forsan Study Club will meet at 7:30 p.m. Thursday at the school. The program will be on Sweden.

All members are urged to attend this meeting as the outstanding teacher, program, club woman and report of the year will be chosen.

SUBTRACTS INCHES

Slenderizing Style For Fuller Figure

Irene Gilbert's chic day dress is proof positive that designer collections are no longer planned for only the woman with a will-o'-the-wisp figure, but now include high styled fashions for her more amply proportioned sisters.

By adding a slight flare to the loose edged peplum the reverse effect is achieved—that of seeming to subtract inches from generous hip measurements.

The skirt is slim yet unconfined. Contrast bias rings the comfortable 4 sleeves, edges the flattering neck square and confines briefly along the shoulder yoke.

Triads of buttons, color coordinated with the contrast, close the neckline and trim the peplum inset.

In sheer wool, plain or printed silk or rayon crepe, you'll wear it now through spring, then make it again for summer in novelty cottons, shantung or linen.

From these corresponding body measurements select the one size best for you. Our sizing is comparable to ready-to-wear.

Size 20 requires 3 1/2 yards of 46-inch fabric for dress; 1/2 yard of 36-inch, 28-inch or 42-inch fabric for contrast.

To order Pattern No. NA-2042, state size, send \$1.50. Add 25 cents for first class postage and special handling. Books No. 17 and No. 18 available at \$1.00 each.

Address: SPADEA, Box 1008, G.P.O., Dept. BZ-4, New York 1, N.Y.

NA-2042

Irene Gilbert of Ireland

Enlistment Coffee Given At Church

An enlistment coffee, given Tuesday morning at the College Baptist Church, brought out 19 members and three guests.

Entertainment for the affair was a playlet, "What Is the WMS?" and was presented by Mrs. Charley Wash, Mrs. Bob Travis, Mrs. Marshall Kuhn and Mrs. Bill Black. It brought out in skit form the work and projects of the society.

Mrs. Gorman Rainey and Mrs. Bob Zellars were accompanied at the piano by Mrs. Don Richardson as they sang "Longing for Jesus."

The missionary birthday calendar was read by Mrs. Fred Potts. Announcement was made of the next meeting, slated for Tuesday at 9:30 a.m. at the church. The program will be given on the topic, "Alcohol and Narcotics." Mrs. O. L. Stewart dismissed the gathering with prayer.

Luncheon Canceled

The luncheon of the First Methodist Sunday School Class slated for Friday at the church, has been canceled for the month of February, it was announced this morning by Mrs. A. C. Bass.

Methodist Circles Meet

Circles of the First Methodist WSCS met Tuesday morning and afternoon in the homes of members for studies along various lines.

MARY ZINN
Mrs. T. G. Adams was hostess for the Mary Zinn Circle Tuesday afternoon, when Mrs. Harwood Keith was program leader.

The opening prayer was offered by Mrs. Jake Bishop, and Mrs. W. A. Lawrence gave the devotion assisted by Mrs. W. A. Miller, Mrs. C. E. Shive and Mrs. H. H. Stephens.

Presenting the program were Mrs. Felton Smith, who spoke on the topic, "Five Million Alcoholics"; Mrs. E. P. Jones, who discussed "Accent on Youth," and Mrs. Clyde Thomas, who explained the church's youth program.

Mrs. Mary Guilliams discussed the subject, "The Best Is Yet to Be," and Mrs. Keith closed the program with "We Need to Un-

derstand." Fifteen attended the meeting.

The next gathering is slated at 3 p.m. Tuesday in the home of Mrs. S. R. Nobles, when she will be joined by Mrs. Jones as co-hostess.

STRIPLING, HODGES
The second session of study "Basic Christian Beliefs" was heard Tuesday morning by members of the Fannie Hodges and Fannie Stripling Circles of First Methodist Church at a joint meeting held in the home of Mrs. H. G. Keaton with Mrs. E. C. Howard as cohostess.

The study was presented by Mrs. Carl Richard. Twenty-one attended.

The next meeting of the circles also will be joint and is slated to be held in the home of Mrs. Dock Cose.

Mrs. O'Brien Gives Tri-Hi-Y Program

Mrs. P. D. O'Brien spoke to members of the seventh grade Runnels Tri-Hi-Y at a meeting Monday at the Y. Mrs. O'Brien took "How to Form a Good Personality" as her topic of discussion.

The devotion was given by Harvey Adams.

SPECIAL MUSIC

Coke Party Is Bridal Courtesy

A Coke party, given Tuesday afternoon in the home of Mrs. Ralph Newman, was in honor of Joan Durham, who is to be married Feb. 10 to Dean Blake.

Parents of the couple are Mrs. Fern Durham, 1825 Lincoln, and Mr. and Mrs. J. M. Blake, 1828 Dunley.

Mrs. Melvin Fryar was cohostess for the affair, to which about 15 school friends of the honoree were invited.

Refreshments were in a heart theme, with the table laid in lace and centered with a large silver Valentine. Written on the heart in gold were the names, "Joan and Dean, Feb. 10, 1961." This arrangement was based in greenery and flanked by red candles.

WMS Group Plans Day Of Study

All circle committees of the Baptist Temple WMS met at the church Tuesday morning to make plans for the 30-day session of study to be held Feb. 21.

A general session of the women was opened with the group repeating favorite scripture passages as the devotion. Mrs. A. W. Page read the missionary calendar and was followed by silent prayer. Mrs. Jim Leith offered a special prayer for those named on the list.

At the mission study session, an old-fashioned luncheon will be served. It was decided. New members names were distributed for the purpose of visitation.

The next meeting will be among all the circles of the church, with members entertained in homes. Community missions will be the basis of programs.

To Wed

February 11 is the date set for their wedding by Nina York and Baby Jack Barnes, according to an announcement made by Mrs. E. W. York, 1812 Sunset, mother of the bride-elect. The prospective bridegroom is the son of Ray Barnes, Old San Antonio Highway, and the late Mrs. Barnes. Vows will be taken in the York home.

Kitchen Shower Given For Church

About 25 attended the tea and shower given Monday afternoon at Kentwood Methodist Church when members of the WSCS served as hostesses.

Gifts for the kitchen of the new church were brought, and a tour of the building was conducted. Refreshments were served from a lace-covered table.

Elbow HD Change

The date for the Elbow Home Demonstration Club meeting has been changed from the usual time to Friday afternoon, it has been announced. The session will be held in the school at 2 p.m. with Mrs. James Caudle as hostess.

Three Give Coffee For Bride-Elect

An informal coffee Tuesday morning honored Sally Cooper, whose wedding day is close at hand.

Miss Cooper and Rodney Sheppard will exchange their nuptial vows Feb. 4 in the First Methodist Church, with the Rev. Donald Hungerford, rector of St. Mary's Episcopal Church, reading the ritual.

Parents of the couple are Dr. and Mrs. Roscoe Cooper and Mr. and Mrs. William J. Sheppard.

Friends gathered in the Blue Room at Couden Country Club for the coffee. Hostesses, Mrs. Dan Krause, Mrs. Milton Talbot and Mrs. Joe Fund, presented a gift to the bride-elect.

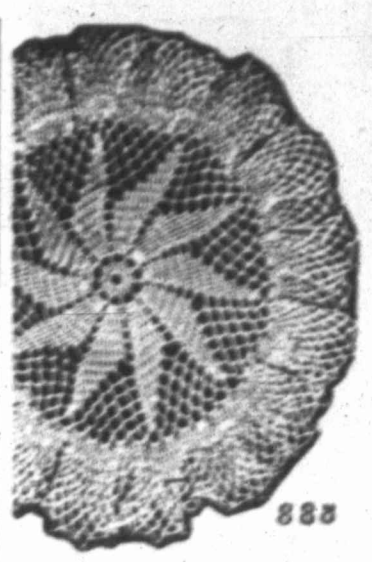

Purple and white Fuji chrysanthemums in a boat-shaped container decorated the table from which coffee and dainties were served.

About 25 were included on the invitation list.

Because of the death of her father-in-law, Dr. M. W. Talbot Sr., Mrs. Talbot was unable to be present at the coffee. She had left Monday for Leesville, La., upon learning of the death of Dr. Talbot.

Golf Association

The Ladies Golf Association of Big Spring Country Club will meet Friday at 1 p.m. at the club for the regular monthly luncheon. Games of duplicate and contract bridge will begin at 2 p.m. following the luncheon.

Ruffled Doily

Crochet a dainty frilly doily with a daisy center about 10 inches. Quickly and easily made with No. 80.

Send 25 cents in coins for this pattern to MARTHA MADISON, Big Spring Herald, Box 1496, New York 1, N.Y. Add 10 cents for each pattern for first class mailing.

Conrad Miller Is 4-H Club Speaker

Conrad Miller of the Texas Electric Service Co., was guest speaker for members of the Elbow 4-H Club Monday evening at the school. He showed a film, "The Mighty Atom," and explained projects adapted for the group.

Twenty-eight members were present, with four new ones, Teresa Mundell, Mary Ellen Woodard, Connie Foster and Linda Alexander. The next meeting is scheduled for Feb. 6 at 7 p.m. at the school.

Dressed And Ready

Bob Chambers and his son, Pete, are dressed and ready to begin the SCUBA classes at the YMCA Thursday, a special course designed to instruct interested Y Members in diving and swimming with special apparatus. The class meets at 8 p.m. and will include films and lectures as well as in the water instruction. Interested members are urged to be on hand in the Robb Room for the first class.

Ham, The Space Chimp, Opens The Way For Astronaut Flight

By ALTON BLAKESLEE
Associated Press Science Writer

CAPE CANAVERAL, Fla. (AP) — Winding up a space flight with a chipper, cheerful handshake, a chimpanzee called Ham today signalled a go-ahead for man to enter space safely.

Ham is due back this afternoon to the rocket space port—which he left abruptly Tuesday atop a Redstone rocket.

The largest animal ever sent aloft, Ham's trip 155 miles high and 420 miles southeast into the Atlantic into the rescuing hands of the U.S. Navy carried several main significances:

1. It indicates manned space flight is feasible. An American astronaut is scheduled this spring to duplicate Ham's daring flight.

2. The Soviets appear likely to win the race to be first to orbit a man around the earth.

3. A very slight mis-firing in the rocket system hurling out Ham's capsule may well require further tests with or without a chimp aboard, before a man goes up. But this also produced valuable dividends.

4. Ham himself is reported in excellent shape, a smart 37 pounds of amiability.

Plucked from the sea by a helicopter from the USS Donner, he shook hands with the veterinarian greeting him when his one-ton

space capsule was unlocked three hours after launching.

After a medical checkup, Ham drew a bonus of a banana and a bit more apple on top of his scientifically prescribed menu.

His flight was one of graduated steps in a National Aeronautics and Space Administration program hopefully intended to put an American astronaut into several round trips about the earth in 1961.

In a big first step, Ham twice felt the crushing weight of increased gravity. Taking off, he weighed seven times more than on earth, and on coming down at a 5,000-mile per hour clip into the atmosphere was subjected to forces 12 times normal gravity.

But, also, for about seven minutes he felt no weight at all in free fall as he lay strapped to a couch within a capsule exactly like that built to carry a man aloft.

All this didn't bother his senses, judging from early analysis of information radioed down to earth, said NASA officials. Ham had to press levers within certain time limits, or else get an electric shock. Partial checks so far show he never got a shock.

Ham's test was a prelude to sending one of seven human volunteers on a similar flight.

But the Soviet Union bids to

win on man in space for several reasons. The Soviets have long had far more powerful rockets. Sputnik II, launched in November 1957, carried up the dog Laika. Since then, the Soviets have recovered two dogs, each weighing about 10 pounds, aboard a space craft sent into orbit last August.

Soviet space capsules are big enough perhaps to carry even two men at a time.

Soviet ships now patrolling the Pacific indicate the Soviet Union is on the verge of some new launching.

Invaders Defeated

MANAGUA, Nicaragua (AP) — Seven members of a band described as part of a revolutionary group invading from Honduras were killed and nine captured in clashes with Nicaraguan National Guard patrols, the government said Tuesday.

Air Force Begins War On Rabbits

SAN ANTONIO, Tex. (AP) — The Air Force goes into battle Saturday against jackrabbits.

Kelly Air Force Base plans to use a cordon of airmen to drive the rabbits into an area at one end of the runways where air police will dispatch them with guns.

Officials say the rabbits have created a hazard to takeoffs and landings. Another menace is the buzzards and hawks attracted by carcasses of rabbits hit by planes.

More than 2,000 rabbits were killed in a similar one-day campaign 18 months ago but rabbits, being rabbits, have quickly taken over again.

Noble Flu

LONDON (AP) — Kensington Palace said Tuesday night the Duchess of Kent, aunt of Queen Elizabeth II, is confined to bed with flu.

Why "Good-Time Charlie" Suffers Uneasy Bladder

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restlessness, tension or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 8 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, leading to increased output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Now, large, economy size saves money. Get Doan's Pills today!

Roving Cattle Buyer Returns For Quiz In Murder Puzzle

PINE CITY, Minn. (AP) — A roving cattle buyer whom nobody knew very well heads home in handcuffs today to answer the questions of a quiet community puzzled by murder.

Levi L. Henter, 60, is charged with murdering John Doe, an unidentified elderly man whose remains were found in the smoking ruins of Henter's recently remodeled house Jan. 18. Shotgun pellets were found in the body.

For a time Henter was thought

to be the victim, although Sheriff Lawrence Thrun was not convinced. The sheriff, now returning Henter from Colquitt, Ga., knew of check forgeries and the somewhat mysterious death of Henter's second wife.

It was the wariness of a Georgia divorcee that turned up Henter—still very much alive.

Mrs. Arrie Newberry had met Henter through her son and listened to his proposal of marriage at her prospering farm near Col-

quitt. But she wanted to know more, and wrote to "the honorable mayor" of Pine City, a title held by Art Bietermann.

Did Henter farm? Was he divorced? How were his finances, and did he drink, she wanted to know.

Bietermann, a grocer, took the letter to the sheriff, who set Georgia officers on the trail of the cattle buyer. Henter was arrested Saturday. He waived extradition.

Who is Henter?

Few among Pine City's 2,000 residents and nearby farmers really know. Feed dealer Henry Bros recalled him as "the nicest guy in the world—always paid his bills."

Henter's closest neighbor, Joe Pittman, farms across the road from the 60 acres of covey bushland Henter bought about two years ago. Henter visited the Pittmans the night of the fire, leaving about midnight, three hours before the blaze.

Frank E. O'Donnell
Now With Cizon's

Cizon's Jewelers and the Otarian Listener Corporation announce with pride the association of Mr. Frank E. O'Donnell, audiologist, who will devote his full time to the problems of the hard of hearing.

Mr. O'Donnell, formerly manager of Texas State Optical Company of Midland, states that his decision to associate himself with Cizon's Jewelers and the Otarian Listener was made due to the tremendous engineering advancements being offered by Otarian for the benefit of those now wearing aids as well as those who may be in need of assistance.

Mr. O'Donnell invites those interested in better hearing to contact him at Cizon's Jewelers by calling.

DEAR ABBY

POINTED TOES

By Abigail Van Buren

DEAR ABBY: A while back you started a campaign to get rid of the sack dress. How about a campaign to get rid of those horrible pointed toes?

I have held out buying shoes for a year and my feet are almost back to normal again. There are just no comfortable, good-looking shoes to be had anymore. Even elderly women are hobbling around in those ridiculous pointed-toe, spindly-heeled shoes. And the steel tips are ruining everybody's linoleum and carpets! Gosh, Abby, can't you do something about it?

FOOTSORE AND WEARY
DEAR F. AND W.: I am told the women "love" the new pointed-toe shoes. (Yes, and even the spindly heels that ruin the floor covering.) I may be a heel—but I am not sold.

DEAR ABBY: Some neighbors of ours were very friendly at first. Then all of a sudden they stopped coming to see us, so I went over there one night to see what was wrong.

Through the window could see her and her husband sitting there watching television, but I couldn't get in because the screen door was latched. I wrote her a letter telling her I thought it was insulting to lock up a house as tight as a bank so people couldn't even get up on the porch to ring the bell. She ignored my letter. Don't you think there is something wrong

with people who lock themselves in?

FRIENDLY NEIGHBOR
DEAR FRIENDLY: Folks rarely lock themselves in—but they frequently lock others out. Latch on to some friendlier neighbors.

DEAR ABBY: My best girl-friend's husband is the type who "loves his wife but oh, you kid!" He tells her he has to work late, go to a meeting, etc., and in the meantime he is running around with other women.

She is a wonderful person. They have two small children. Do you think it's my place to tell her? This has been going on for about four years. They have been married for five.

A VERY GOOD FRIEND
DEAR FRIEND: If you are truly "a very good friend" . . . tell HIM, not her.

CONFIDENTIAL TO "TROUBLED TEEN": It's nice to be important, but it's more important to be nice.

"What's your problem?" For a personal reply from Abby, send a self-addressed, stamped envelope to ABBY, Box 3365, Beverly Hills, Calif.

Who pays for what? For Abby's pamphlet, "How to Have a Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly Hills, Calif.

Warm Left-Overs In Medical News

By The Associated Press

Ready-to-serve foods, and left-overs, hot and cold workers, school lunches and eyesight all have a focus on health.

TO THE ICE BOX

It's best to pop your left-overs into the refrigerator as soon as possible, hot or not, researchers report. Notions that the food should cool first are false.

The idea probably came from days when ice was used to cool the ice box and hot foods raised the temperature of the box and melted the ice.

But new studies show that disease-producing bacteria can grow in food from 44 degrees to 114 degrees Fahrenheit. Cooking above 116 degrees kills the germs, and cooling to 42 degrees inhibits germ growth. Keeping foods, including pre-cooked, ready-to-serve types and vending machine foods, in the growth temperatures should be avoided.

SCHOOL LUNCH

How important is an adequate diet? A school lunch program offered by U.S. researchers in the highlands of Peru offers a clue.

After several years of adding up to 1,000 calories a day and needed vitamins to the almost completely vegetarian diet, researchers report weight gains double what they were at the beginning of the study.

HOT OR COLD

If you are a long-time Southerner, you'll get used to hot spells quicker—and you'll sweat less and stay cooler in hot weather than a visiting Northerner.

Scientists found this difference with young college students from New England and Southern Florida. Life in the Southern climate seems to equip Southerners with better heat-regulating mechanisms.

When the armed services pick men for duty in hot areas, they might consider the individual's geographical origin as well as his

physical fitness, scientists suggested.

MOSTLY CIGARS

One of the little known dangers of smoking for susceptible people is tobacco amblyopia, a doctor reports. Long-term cigar smokers are most often affected.

Some victims have sudden blackouts of vision, probably due to spasms of cerebral blood vessels. Other possibilities: Weakened vision, loss of perception of red and green. Some women smokers develop dull headaches and weakened vision—then far-sightedness. Symptoms disappear when smoking is stopped, says Dr. H. S. Hedges in the Virginia Medical Monthly.

EYE AND MIND

Three-quarters of eye disorder cases involve some emotional conflict—often resulting in an abnormal, unrealistic sort of eye self-consciousness. This can lead to further, sometimes disabling symptoms, British doctors report.

Baptists Criticize JFK Use Of Liquor

LA MARQUE, Tex. (AP)—President Kennedy was criticized for serving liquor at the White House in a resolution adopted Tuesday night by District 4 of the Baptist General Convention of Texas.

Approved by 500 persons of 401 churches and 65 missions in 19 South Texas counties the resolution said: "Since it has been publicized in the press, on radio and television that hard liquor has been served in the White House, we express our opposition to such practice."

Seeks Asylum

MEXICO CITY (AP)—Dr. Fabio Castillo, last of the recently deposed junta to remain in El Salvador, flew here Tuesday for temporary asylum.

Former Red Prisoner Holds Services Here

REV. SIEGFRIED ENKE

Life behind the Iron Curtain has been a first-hand experience for the Rev. Siegfried Enke, a native of Germany, who will be speaking at the First Assembly of God Church tonight through Sunday.

At the age of 17, Rev. Enke was drafted into the Nazi army. He was captured by the Allies and spent six months in prison before being released and returned to his home in Elbing.

The Communists had taken over Elbing, and Rev. Enke found that his mother and father had been killed.

The minister's father was an outstanding preacher in Germany, and his name had been on a Communist liquidation list since early 1930s when he had won conversion of a Communist leader.

Many of Rev. Enke's brothers died as a result of the Communist treatment. His two sisters still suffer from diseases developed during the Communists' long marches and unsanitary conditions.

For three years, Rev. Enke ministered in the Russian zone of Germany—even though his church was seized and turned into a training center for young Communists. The evangelist left his work in the Russian sector of Germany when a church service was raided by Communist police. Rev. Enke was questioned for hours before he was released. It was then decided by other church officials that the young minister should leave the country.

Rev. Enke is now holding evangelistic meetings throughout America and speaking before civic groups—telling of the horrors of communism and trying to awaken the American people to the dangers of spiritual indifference.

Services will be held nightly through Sunday at 7:30 p.m. in the First Assembly of God Church. The public is invited.

Jobless Payments Show Increase

AUSTIN (AP)—Unemployment compensation payments last week totaled \$1,748,275, an increase of \$408,016 over the previous week, the Texas Employment Commission said Monday.

This was also \$501,428 more than the \$1,246,847 paid a year ago.

The 91,015 claims were slightly under the 92,496 filed the previous week but 16,809 more than for last year's comparative week.

New claims dropped by 1,922 from the preceding week. Total claims of 82,030 were 451 higher.

Lab Building Burns

PRINCE ALBERT, Sask. (AP)—A fire of unknown origin Tuesday destroyed the main administration building of the secret National Defense Radar Research Laboratory near here. The two-story building housed most of the laboratory's expensive equipment.

LAREDO, Tex. (AP)—Antonio Lemos, 24, charged in the slaying of his girl friend at Corpus Christi, was arrested here Tuesday night shortly after he crossed the border from Mexico.

Mild Weather Continues In State

By The Associated Press

Mild temperatures continued to prevail over Texas Wednesday while increasing cloudiness brought a forecast of scattered showers for the southern part of the state.

Only one point—Dalhart with 24 degrees—reported freezing weather early Wednesday. Elsewhere temperatures ranged from 34 degrees at Lubbock to 60 at Corpus Christi.

Skies were mostly cloudy in Central and East Texas and clear to partly cloudy elsewhere.

Top temperatures Tuesday afternoon ranged from 54 degrees at Childress and Lubbock to 73 at Brownsville.

No measurable rainfall was reported in the state Tuesday.

BIG SPRING HERALD

Space Traveler

The chimpanzee who rode through space aboard a Mercury-Redstone rocket grins from his couch as he is transferred to a waiting van and moved to the launching pad at Cape Canaveral, Fla. The chimpanzee, named Ham, is a male weighing 37½ pounds.

324 Girls End First Aid Course

Certificates for successful completion of the Junior Red Cross first aid course have been distributed to 324 girls at Goliad Junior High School.

More than 70 per cent of those who started out on the course taught by Jane Dotson, PE instructor at Goliad, completed the requirements. Actually, the standard first aid course of the American Red Cross was used as a guide for the 6 weeks of instruction. Included were bandaging, control of bleeding, artificial respiration (arm-lift, back-pressure method), accident first aid, etc. In addition, the pupils were required to produce 10 clippings from the Big Spring Herald illustrating accidents in which first aid might have been used, and how the pupil would have administered first aid in such cases.

2 Minor Accidents

Only two minor accidents have cluttered the police activity sheet since Tuesday morning. There were no injuries. Runnels and 2nd were the scenes of a collision between cars driven by Olin B. Hull, 700 Lancaster, and Prentiss W. Connor, Ellis Homes. The second happened in the 300 block of Gregg, with Cery Verna Walls, Sterling City, and Pearlene Jackson, Big Spring, as drivers.

Golfers Shoot For \$100,000 At P. Springs

Earlier in the day, the Yearlings had bombed Stamford, 69-35, to attain the finals.

Big Spring Golliad lost out in the consolation finals to Sweetwater, 47-41, after shading Colorado City, 47-41, earlier in the week.

DeerBob Gartman led the Runnels team against Travis with 16 points. Three of his teammates were also in double figures.

Monty Clemendinn led the Yearling pace setter against Stamford, with 19 points.

Monty Clemendinn led Golliad against Colorado City with 11 points, while Kenney Charles was the Maverick leader against Sweetwater with 10 points.

Runnels now has a 15-0 won-lost record and will take a rest until next week when they will return to visit San Angelo to play Edison. Golliad boasts a 4-13 overall rec-

By JIM BACON
PALM SPRINGS, CALIF. (AP)—

Golf's play for pay swinger enticed by a \$50,000 hole-in-one jackpot, tee off today in the second round of the \$100,000-added Palm Springs Golf Classic.

Some 128 pros, along with several famous amateurs as Bing Crosby and Bob Hope, begin the first round of a 36-hole event that lasts five days over as many courses.

Professionals all will be sharing shooting at par three holes and a hole-in-one is worth \$50,000 to the lucky clubber.

Last year Joe Campbell Knoxville, Tenn., scored the on-ace. The stocky pro was cut in so many pieces that he only netted \$12,500 for himself.

Semifinal game:
BS RUNNERS (88)—Gartman 6-0-12;
 Roden 0-3-3; Peters 1-9-19; Self 0-0-0;
 Fierco 1-3-3; Buell 2-4-14; DeLong 3-0-3.

4-0, Totals 29-11-40.

Tuesday Winner

In Tuesday's women's handicap golf play at the Big Spring Country Club, Mrs. Gil Jones emerged as the winner.

Bad weather limited the field to one flight. Ordinarily, enough players enter for two flights. Play starts at 10 a.m. each Tuesday. Pairings are drawn up at the pro shop.

A FRIENDLY HAND... WHEN YOU NEED IT

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. A small, dark, irregular stain is visible near the bottom center of the page. The overall tone is a warm, off-white or light beige.

YOU CAN GET BETTER GRADES

**3-Times Over System
Helps Tough Lessons**

By LESLIE J. NASON, Ed. D.,
with HARRY KARNS

Much of the knowledge you are expected to absorb must be obtained through reading.

But here's a very sad fact: Most of what nearly everybody reads evaporates quickly from his memory.

In today's chat, we are going to give you a plan which will help anchor in your mind a large part of what you read so it will be there ready for use when needed.

The outcome of reading by haphazard methods is so bad that we sometimes wonder why people bother at all. Tests have shown that a so-called good reader can get 30 per cent of the idea in an article in the first reading, but that a week later little of the information remains lodged in his mind.

You'll never be able to plug all the holes in this sieve called the human brain. But you can plug up many of them if you go about it in the right way.

George told us he couldn't answer questions on tests to the satisfaction of his teacher. We took a look at his papers. They revealed that George wasn't getting or retaining precise meanings from his textbook.

Our advice to George was simple. Here we suggest it to you as a general pattern for your reading. In a later article, we will go into greater detail.

ONCE ISN'T ENOUGH

Read your assignments three times, as follows:

One, skim through the entire assignment to get a general idea of what the chapter is about.

Two, keep this general idea in mind and read the assignment again with the aim of fitting the information and that idea together.

Three, having fitted the big idea and the information together in a main pattern, read for details and exact meanings and associate them with the proper large items in the general outline.

Thurman Wade, the speed-reader we told you about in the first article, compares reading with the working of a jigsaw puzzle:

"You don't progress very fast if you scatter the pieces on the table and try to fit them together by trial and error."

"The smart jigsaw puzzle first takes a good look at the picture on the box. Is it a landscape? Then he sees that the blue pieces are going to fit into the sky and the green pieces into the trees, and that spotted pieces represent the grazing cow."

"He conditions himself to what is coming, and he's ready to work the puzzle. It's the same with reading. You have to get that big idea before you can fit the reading material into its correct perspective."

But what about our hero, George? George practiced reading by the three steps described above for 10 days. He then took another test.

At the end of George's paper the professor wrote:

"Good, at last you've learned to think precisely."

HITTING ON ALL 10

George, who had been earning "D's" up to this point, received a grade of "B" for the semester. He had learned to read for meaning.

**2 More Enter
Senate Race**

AUSTIN (AP)—A Dallas businessman and an unemployed Laredoan have entered the special U.S. Senate race, swelling the total number of official candidates to 21.

Homer Hyrim Stalarow, 40, of Dallas and Harvill O. Eaton, 51, of Laredo paid their \$50 filing fees Monday for a place on the April 4 election ballot. Eaton said he is unemployed.

Stalarow, a native of Des Moines, Iowa, said he is a distributor for a corporation that manufactures check protectors.

Others officially in the race are Arthur Glover, Amarillo; Henry Gonzalez, San Antonio; Chester Brooks, Austin; William A. Blakely, Dallas; John G. Tower, Wichita Falls; Van Gorge Jr., San Antonio; Hugh Wilson, Port Arthur; Albert R. Smith, Normandy; J. G. Barker, Marshall; Charles Otto Foerster Jr., El Paso; Wesley Roberts, Seminole; Hugh O. Lea, Orange; Maury Maverick Jr., San Antonio; W. H. Posey, Houston; Mrs. Martha Tredway, Denison; Jim Wright, Fort Worth; Paul Elix, Dallas; James McKee, Kemah; and Will Wilson, Austin.

It's Like A Puzzle

Sandra Baker will never solve that jigsaw puzzle the way she's going—with pieces scattered over the table, being fitted randomly together. When she follows Dr. Nason's advice, she'll first study the picture on the box to see where the colors and lines belong. Incidentally, Sandra also will learn some fine points of reading, in which one must gain perspective before absorbing the material. Dr. Nason explains it all in today's article.

ing instead of just gazing at words. He had learned to use his entire thinking space while reading.

Few persons use their brains to full capacity.

Of the brain's conscious thinking space only one-tenth (just a half closet, nothing more) is needed to listen to the actual words said by a speaker. What happens to the rest of the floor space?

It doesn't stand vacant. Something moves in. The space is filled from some source, from the sights and sounds around you, from the radio, the TV, the honking of cars in the street.

It may be occupied by feelings of hunger, frustration, or weariness, or thoughts of ambition or resentment. It may be filled with apprehension, fear, worry or a jumble of all these things.

You should—and you can—fill in those improperly filled spaces with thoughts of your own choosing and employ them in definite and appropriate tasks of learning.

Thus, reading should be done against some background of purpose. If it is, full attention can be focused on the assignment at hand and an efficient use made of time.

Summary:

1. Read to get the purpose, the big idea, the general picture.

2. Read again to fit the material into that picture.

**save your hands
from detergent and cleanser chapping/
playtex' living' gloves**

When cleansers and detergents remove dirt and grease, they also remove the natural oils that keep your hands soft and smooth. Playtex Living Gloves preserve these precious natural oils and give you complete protection against this drying action. Now you can see on T.V. how actual tests at Good Housekeeping Institute confirm that you can have lovelier hands in only 9 days. And...

Playtex Living Gloves with soft all-cotton lining are so comfortable too — non-slip grip — so flexible you can pick up a dime. Extra-long cuffs. Fashion colors — pink, maize, turquoise, blue. Only \$1.39.
