Officials hope to lure GM plant here

By Ray Mayo
Editor

Colorado City and Mitchell County has tossed its hat in the ring as one of the areas seeking to lure a General Motors plant which is expected to employ 5,000 people.

Colorado City City Manager Brenda Tarter said Friday that

the city along with the Industrial Team and B. B. Hardee of Texas Electric Service Co. is in the process of updating all promotional material on the area to send to GM.

"GM is looking for a West Texas site with a non-union labor force on Interstate 20 with access to the railroad," explained

Mrs. Tarter.

She said the \$25 million plant would produce the new small car Saturn. She said a 1,000-acre site is needed.

Mrs. Tarter said she has talked with Roger Boelio with the Argonaut Realty Division of GM in Detroit, Mich. and he encouraged her to send more

information about the area.

Mrs. Tarter said utilities is of prime concern to any industry and the Morgan Creek Power Plant at Lake Colorado City should enhance this area's chances of getting the plant located here.

Earlier this month, an article in the WALL STREET JOURNAL said "speculation about a

new GM plant is flowing through tiny Eastland, Texas, population 5,000."

Since that time a number of cities, including Abilene, have put in their bid for the plant.

Local GM dealer Joe Weaver said he talked to a GM official in Dallas who said a decision on the site should be made within four months.

CITY NATIONAL board chairman Raymond Fuller, right, congratulates Hank Hardwick on his recent promotion to vice president and trust officer. Hardwick had been a trust officer at the bank for the past year and a half.

Hardwick named bank VP

Hank Hardwick, a trust officer at City National Bank for the past year and a half, has been named vice president and trust officer, according to Raymond Fuller, chairman of the board of directors.

"The trust department is growing and we're real proud of Hank," said Fuller.

Hardwick, 37, is a graduate of Angelo State University and has completed one-half of the requirements at Southwestern Gradu-

ate School of Banking at Southern Methodist University in Dallas. He is a veteran of U.S. Army.

In making the announcement, Fuller noted that since Hardwick has been a trust officer, trust assets have increased 48 percent. Hardwick is also responsible for converting the trust department accounting system to computer and has written several computer programs.

Fuller noted that Hardwick

has also improved the bank retirement plan as well as the overall trust department performance and organization.

Before moving to Colorado City, Hardwick was with Western Container in Big Spring. He is a member of the First United Methodist Church and he and his wife Linda are parents of two children, Heath, nine, and Christina, nine. Mrs. Hardwick is employed at Lovell-Carr Insurance.

Conservation district names award winners

D. M. Smith, vice chairman of the Mitchell Soil and Water Conservation District Board of Directors, has announced that Morris Bros. was selected to receive the Outstanding Conservation Farmer Award for 1984.

Kirk Morris, Tommy Morris and Scott Morris comprise the Mor-

ris Bros. farming operations.

J. W. Greene was selected by the district to receive the Absentee Conservation Farmer Award and Jim Baum, owner of Radio Station KVMC, was selected to receive the News Media Award.

In making the announcement, Smith stated that Morris Bros.

was elected not only because of the conservation work completed on land they own but on other farms that are rented or leased.

Morris Bros. operates about 1,200 acres of cropland and 2,200 acres of rangeland. Contour fa-

Closed campus set for middle school

The Colorado Independent School District board of trustees Thursday night voted unanimously to have a closed campus at middle school starting Monday, Feb. 4 and continuing through the rest of this semester.

Supt. Charlie Uselton said that the decision came following a middle school faculty meeting Wednesday afternoon in which a majority voted in favor of the closed campus for the remainder of the school year.

Uselton explained that the closed campus will mainly affect students at lunch. Currently seventh and eighth grade students are allowed to leave campus at lunch. Sixth grade students are required to stay on campus during the lunch period.

He said the only exceptions will be if students live within walking distance of school and parents give permission for their children to go home for lunch.

Uselton said there are several advantages to a closed campus.

"We'll have better control and be able to supervise the students better," he said. He said the closed campus should also cut down on the number of tardy students who leave campus at lunch and do not come back.

Since more students will be eating lunch on campus, Uselton said lunch periods may have to be changed. He explained that students can either bring their own lunch, eat in the lunchroom or go through the snack bar.

He said the board will review the action at its June board meeting.

In other business, following an executive session, the board unanimously voted to expell Erasmo Salazar, a seventh grade student, for the remainder of the 1984-85 school year. Uselton said the expulsion was due to behavioral problems this school year.

'Snoopy!!!' provides entertaining evening

By Ray Mayo
Editor

A near-capacity crowd filled the Colorado City Opera House Thursday night for the premiere of "Snoopy!!!", a two-act musical comedy which left the theater-goers with a song in their hearts as the curtain closed.

Directed by Carl Beery Moore, the musical is based on the comic strip "Peanuts" by Charles M. Schulz and features the lovable comic characters that millions of readers look forward to each Sunday in the newspaper.

REVIEW

The cast includes Blake Bingham as Charlie Brown, Moises Molina as Linus, Staci Wood as Sally, Yvonne Lujan as Lucy, Barbara Heredia as Peppermint Patty, Amy Beinhauer as Snoopy and Larry Hearn as Woodstock.

The comedy sketches are interspersed with such foot-tapping numbers as "The World According to Snoopy," "Clouds," "Daisy Hill," "The Great Writer," "Don't Be Anything Less Than Everything You Can Be," and "Just One Person."

Miss Beinhauer as Snoopy has the audience licking out of her dog dish as she makes the lovable pooch with a sharp tongue come alive on stage. Her "Daisy Hill" number was an audience favorite.

Bingham proved to be a good man with his portrayal of Charlie Brown and his solo number "Where Did That Little Dog Go?" was a highlight of the first act.

Miss Heredia as Peppermint Patty proved her acting and singing ability with a second act solo "Poor Sweet Baby" and which brought roars of laughter as she sang to "Chuck," alias Charlie Brown.

Although it was his first time on stage, Molina sang his heart out and was particularly effective in the "Clouds" number which followed his solo number "Vigil."

Miss Lujan played the role of witty Lucy to a tee and was an integral part of many of the musical numbers including "Edgar Allen Poe," "The World According to Snoopy," and "Clouds."

Miss Wood, as the affable Sally, also turned in a memorable performance. She helped bring down the curtain in the final musical number, "Just One Person," which featured the entire cast including Woodstock played by Hearn.

Although his lines were limited to "bird talk," Hearn's gestures and facial expressions were all he needed to make the bird that befriends a dog an audience favorite, especially among the younger set.

No musical is complete without an orchestra and pianist Philip Hagar with Porter Richardson on bass and Gus Armstrong on drums filled the bill as they kept the performance moving at a fast clip.

There are only two more performances slated for "Snoopy!!!," a production of the Colorado City Playhouse. A 2 p.m. matinee is set for Sunday and the final performance will be Monday at 8 p.m.

This is one of those "don't miss" shows that will lift your spirits as the young, energetic cast brings the Sunday comics to life on the local stage.

Vandalism reported

Recent reports of vandalism at the Colorado City Cemetery have resulted in stepped-up police patrols of the cemetery, according to Colorado City Police Lt. Don Pennington.

Pennington explained that the caretaker at the cemetery has reported several incidents of criminal mischief which have occurred during the past several weeks.

Pennington said vandalism at the cemetery is a Class A misdemeanor and that persons found guilty of such crimes are punishable up to a year in county jail, up to a \$2,000 fine or both.

"We have increased patrols night and day," he said, adding that anyone caught in the act of desecrating the cemetery will be prosecuted to the fullest extent of the law.

Stolen pickup recovered

Colorado City Police Lt. Don Pennington and Sgt. Pat Taylor were enroute to El Paso late Friday to recover a pickup that had been stolen early Friday morning in Colorado City.

Pennington said that Roy Shaw reported a 1978 Chevrolet pickup stolen from his residence on Pine Street about 3:30 a.m.

Friday.

After the local police department dispatched news of the theft, border patrol officials in El Paso apprehended the pickup and two suspects as they tried to cross the border.

Pennington said the two suspects will be returned to Colorado City and charges prepared against the pair.

Conservation

From Page 1

rrming and conservation cropping systems were carried out on 1,200 acres. Also, 75,000 feet of parallel terraces were constructed. Proper grazing use was carried out on 2,200 acres of rangeland and has gotten excellent results from grazing management practices.

Greene was selected as Absentee Conservation Farmer.

Greene, a former resident of Mitchell County now residing in Abilene, is a cooperator under the Great Plains Conservation Program. Greene has built 58,000 feet of terraces and 6,400 feet of diversions. Brush control and range seeding has been completed on 68 acres. Deferred grazing was carried out on 360 acres. Five thousand, eight-hundred feet of crossfencing were completed and wildlife upland habitat management was carried out on 360 acres. Greene has gotten excellent results from his grazing management practices.

Baum, owner of Radio Station KVMC, was chosen for the News Media Award. This award is given for news coverage on soil and water conservation activities. Smith stated that Baum and Radio Station KVMC have been very helpful in promoting soil and water activities of the Mit-

chell Soil and Water Conservation District.

All three recipients will be entered in Region II of the Texas Conservation Awards Program.

Biggers celebrate 46th anniversary

Mr. and Mrs. Ernest Biggers celebrated their 46th wedding anniversary and Mrs. Biggers' birthday on Jan. 18.

What they thought was going to be an ordinary day turned out to be a very special surprise for them.

The celebration was shared by the Biggers' children, the Frank Biggers and Theresa Thompson families of Colorado City and phone calls from their children Ruthie Foote of New Mexico,

Evelyn Dillard of Washington and Nettie Brooks of Alaska. The Biggers also have nine grandchildren and four great-grandchildren.

The anniversary ended with a surprise steak dinner for the couple at Mac-Michael's with an anniversary cake for dessert.

Mr. Biggers is a retired Texas Electric employee at Morgan Creek Plant and Mrs. Biggers is a housewife.

Lopez participates in NATO exercise

Pfc Maria E. Lopez, daughter of Manuel V. and Anita G. Lopez of Lorraine, was involved in a NATO-sponsored exercise by participating in the Army's return of forces to Germany (REFORGER) 1985.

The exercise was designed to develop uniformity of doctrine, standardize procedures for ra-

pid response to a crisis and demonstrate solidarity in commitment to NATO goals and objectives.

Lopez is a telecommunication specialist with the 4th Infantry Division at Fort Carson, Colo.

She is a 1983 graduate of Lorraine High School.

Rundell is top reader

Rhyn Rundell of Lorraine was the top reader in Mitchell County who participated in the Multiple Sclerosis Read-A-Thon which recently concluded, according to Nancy Mayo, librarian.

Prize winners from Colorado City were Barbi Aston and Melanie Gilstrap.

The Read-A-Thon is an extra-curricular reading program that asks children to read books in their spare time and collect small pledges for each book read from parents, relatives, and neighbors. Money raised through the campaign is used to fund patient services programs and research.

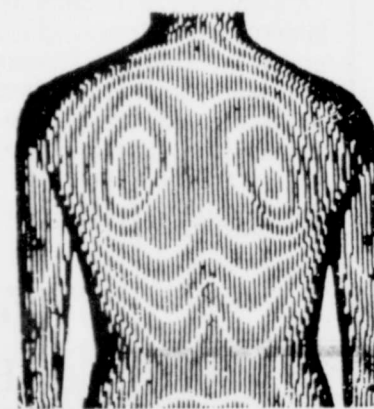

Children who join the MS Read-A-Thon are called Mystery Sleuths since they are helping to solve the mystery of MS. The Read-A-Thon concept was originated by the National Multiple Sclerosis Society in 1974. It is a particularly appropriate way to raise money because MS is a disease of young adults. Most often MS strikes the young people themselves or the parents of young people. The most common age of MS patients ranges from 15-50.

A common neurological disease, MS causes moderate to severe disabilities. Since the course of the disease is entirely unpredictable, the psychological burden, even when one is mildly afflicted, is heavy.

The National Multiple Sclerosis Society is the only national voluntary agency in the United States supporting an international research effort to conquer MS. The Society is not funded by United Way.

The Permian Basin Chapter, located in Midland, is dedicated to improving the quality of life for MS persons and their families. Services offered include rehabilitation, referral, equipment loans, therapy, information, seminars, and legal assistance. For more information, please contact the office.

Williams is host of Self Culture Club

Linnie Williams was hostess to the Self Culture Club on Jan. 4. Eddie Barclay read the Club Collect and the pledge to the flag was led by Mrs. Williams.

A report on child abuse was brought by Joy Culwell who noted that things to remember when a child is missing include recent photographs, the youth's physical characteristics, scars, birthmarks, height, weight, hair and eye color. She said that

Latimer receives A&M degree

COLLEGE STATION—John B. Latimer from Colorado City received a master's degree in crops at Texas A&M University's fall commencement exercises.

A total of 2,731 degrees were awarded, including 2,245 bachelor's, 387 master's and 99 doctorates.

children as young as age three are sexually abused and that the average age for sexually abused children is 11.

Mrs. Culwell reported that children are also abused verbally as well as by having proper nourishment and clothing withheld. She said one local case involved two children who were beaten for stepping on garden plants.

She further stated that foster parents for neglected and abused children are much in demand and suggested that service clubs and other organizations invite someone from the Human Resource Department to speak.

In other business, Fannie Beeman gave the Federation Report.

Refreshments were served to Eddie Barclay, Fannie Beeman, Lil Brown, Joy Culwell, Elizabeth Elliott, Della Fox, Ida Keith, Dona Reed, Jewell Tiller, Pearl Watson and the hostess, Linnie Williams.

Railroad Commission

approves contract changes

AUSTIN—The Railroad Commission approved Monday natural gas contract changes between Delhi Gas Pipeline Corp. and Lone Star Gas Co. which will reduce rates to Lone Star and its customers by some \$23 million annually.

The new rates are effective Jan. 1.

Customers of Lone Star will benefit from lower gas costs under the contract changes since the company must pass the reduced costs directly to customers using previously approved automatic adjustment clauses.

ses.

Two separate rate reductions are included in the contract changes. First, the rate charged by Delhi for the gas itself will be reduced from approximately \$6.36 per MMBtu to \$3.30 per MMBtu. Annual savings to Lone Star from this change are estimated at \$23,059,895.

Second, Lone Star agreed not to charge Delhi any transportation fees for gas transported under three agreements between the companies. Estimated annual savings to Delhi are \$292,000.

Stopping illegal drug traffic is a concern

By Lloyd Bentsen
United States Senator

A twin-engine aircraft flew low over the Gulf of Mexico one November morning last year, burdened with 1,786 pounds of cocaine as it entered the United States across our southern swamplands.

The pilot and co-pilot flew into a thunderstorm attempting to deliver their illegal cargo, and the heavily laden airplane crashed into a marsh. Authorities spotted packets of cocaine floating near the wreckage and later arrested the pilots, who were lucky to have survived the crash.

This case was hardly an isolated incident.

From January to November 1984, some 18,000 pounds of cocaine and 115,000 pounds of marijuana have been sized from private aircraft headed for the United States or already here, according to the El Paso Intelligence Center (EPIC), a drug intelligence effort of nine federal agencies.

The Drug Enforcement Administration projects that through 1985, 50 percent of the cocaine, 55 percent of the southeast Asian heroin, 75 percent of the Southwest Asian heroin, 35 percent of the marijuana and 80 percent of the dangerous drugs brought into this country will be smuggled in by air.

Although some of these drugs are carried aboard commercial airlines, most are transported by private aircraft. The drug-laden aircraft not only add to the drug abuse problem in this country, they create a serious air safety problem. EPIC confirms that, from 1981 through November 1984, drugs were on board 532 of the aircraft involved in crashes.

Considering the conditions under which drug traffickers fly, this is hardly surprising. They

fly in bad weather or at night without lights. They crash for lack of fuel or because they are overloaded, or because they attempt to take off or land on unmarked airfields.

Until now the Federal Aviation Administration could do very little to keep drug-smuggling pilots from flying again. The most the agency could do was impose a \$1,000 fine and suspend the pilot's certificate for a year.

My legislation to crack down on these pilots and put some teeth into laws dealing with them was passed by the 98th Congress and signed into law in October 1984.

The FAA Administrator may now revoke for five years the license of a pilot convicted of drug trafficking. Smugglers who continue to fly after their licenses are revoked, will be subject to five years imprisonment and a \$25,000 fine.

The bill also permits the Administrator to revoke a license for up to five years if he determines the pilot has been involved in drug trafficking, even if the pilot has not been convicted.

This provision is based on current law that gives the Administrator authority to suspend or revoke a license for air safety violations which, judging from the number of drug-related crashes, are certainly being committed.

Registration certificates may also be revoked for aircraft involved in drug smuggling.

I am pleased to have authored this law, which gives the FAA Administrator the means to deal effectively with pilots who would abuse the privilege of their certificates and registrations.

We must do all we can to ground these pilots and stop the flow of illegal drugs into this country.

Lake Club meets

The "C" City Lake TEHA met Tuesday, Jan. 22 in the Westbrook Tax Office with Wanda Heflin and Belle Snider as hostesses.

The club was called to order with Belle Snider leading the club prayer. Bea Harlow had recreation. A short business meeting was held and it was decided who was to work at the

stock show.

Mitchell County Extension Agent Debbie Christian brought the program on Medicare and supplemental insurance.

The roll call was answered with "One Way I Save Money." Those attending included Wanda Heflin, Marie Harlow, Bea Harlow, Billie Woods, Helen Wright, Lily Farrar, Belle Snider, Dorothy Sneed, Helen Oglesby, Bobbie Norman, Billie Patterson and Jessie Dorn, guest Debbie Christian and visitor Mrs. Clawson of Westbrook.

Gymnastics, tumbling set

January 29, is the starting date for gymnastics and tumbling with Nancy Gierhart as the instructor. Toddler gymnastics (ages 2-4 years) will meet on Tuesday from 4:15 p.m. to 5 p.m. Beginning tumblers (ages 7-14 years) will meet on Tuesday from 5 p.m. to 5:45 p.m. Tuition for these two classes is \$17.50.

All classes will meet in the Hutchinson PE building for six weeks. Pre-registration is required. To do so, come by the Wallace Center before noon on Jan. 29. For more information call 728-2392.

Parents Also Have A Role In Child's Learning

Parents often ask, "What can we do at home to help our children learn?" Some suggestions or hints that may be of some value in answering the questions include:

*Set a definite time for studying each night.

*Provide a quiet, well-lighted place for study (quiet means the radio and TV should be off.)

*Have the student do his/her work soon after he/she gets home.

*Encourage the student to keep a record of assignments.

*Have the student do his/her hardest assignments first (especially memory work), alternate written and reading assignments and relax brief between preparations.

*Students should try to formulate their own conclusions as they read.

*Students should try to select the main thought in each paragraph.

*Have a dictionary handy and encourage the student to use it, as well as reference books and a globe.

*As a general rule, the student should have daily homework in the form of worksheets, reading, math problems or studying for a test. Most of the core subjects have testing periods on a regular basis. In studying for a test, your child may benefit from reading textbook passages or worksheets verbally.

*A good night's rest is essential, especially before a school day.

*Children who do extra work outside the classroom should receive praise and encouragement.

*Be a good listener when your child talks about school activities.

*Provide opportunities to learn from experiences outside the school.

*Allow time for other worthwhile after school activities.

Bulldogs lead Wildcats throughout game, end with 56-48 win

The Loraine Bulldogs rode the first quarter shooting of Tony Morris to take a 12 point lead then hung on for a 56-48 district 12-A victory over the visiting Westbrook Wildcats last Tuesday night.

Morris finished the game with

22 points to lead all scorers while the Wildcats Donald Burnett had 21.

Loraine led 16-4 after one period, increased its lead to 13 points midway through the second period and even led by 15 early in the fourth period but

just couldn't shake the stubborn Wildcats.

Westbrook's Dwayne Hayes dominated the boards early in the game and scored the Wildcats first two goals but turnovers allowed Loraine to take an 8-4 lead.

A few more turnovers and a lot of Morris then allowed Loraine to pull away for its first big lead.

With the Bulldogs leading 8-4, Morris scored the next eight points to give Loraine its 16-4 lead after one period. In all, Morris was responsible for 12 of the Bulldogs 16 first quarter points as he also dished out an assist to John McAdams.

Loraine scored only four goals during the second period—one each by Tracy Rose, McAdams, Morris and Aundra Rose.

A Rose's score, on a left-handed shot, was Loraine's third of the period and gave the Bulldogs a 22-9 lead midway through the stanza. Loraine didn't score again until Morris' shot at the buzzer made for a 24-19 Bulldog halftime lead.

With Loraine leading 22-9, Burnett keyed a Westbrook spurt that brought the Wildcats within three at 22-19.

With the score 22-9 Burnett scored on a shot, dished out assists to Hayes and Frankie Fuentes, then added another goal and two free throws for 10 straight Bulldog points.

One minute, 19 seconds still

remained in the first half following Burnett's two free throws but the scoring stopped until Morris shot at the buzzer.

Neither team shot well during the first half as Loraine made only 12 of 43 shots while Westbrook made seven of 27 field goal attempts.

The third quarter was a different story though as Loraine burned the nets early in the third period and again late in the period.

While A. Rose and Danny Vasquez rebounded for the Bulldogs, Loraine outscored Westbrook 20-8 during the third period behind eight points from A. Rose, six from T. Rose, four from Morris and two from Landy Smith.

Loraine led by 13 at 44-31 after three periods then Morris sank the first goal of the final period to increase it to 15 at 46-31.

From there it was back and forth as Westbrook slowly narrowed the gap.

Westbrook got a goal from Hayes and two from Burnett—one on an assist from C. Browne—for six straight points and a 46-37 Loraine lead with six minutes to go.

Following scores by Loraine's A. Rose and Morris, Westbrook used a goal and free throw by Fuentes and a goal by Burnett on another C. Browne assist to null within eight at 50-42.

A Rose scored to again make it a 10 point game with 3:08

remaining.

Westbrook missed two free throws on a technical foul on Loraine's coach but pulled within six anyway with goals from Fuentes and Burnett.

That made it 52-46 with two minutes remaining in the game, but then Loraine was able to run valuable time off the clock.

A Rose scored Loraine's last goal, then Westbrook had time for only a Fuentes score before Morris' two free throws ended the scoring.

Loraine moved to 3-2 in 12-A standing while Westbrook dropped to 1-4.

Scoring totals for Loraine were Morris 22, A. Rose 18, T. Rose 10, McAdams four and Smith two.

For Westbrook, Burnett had 21, Fuentes 13, Hayes 12 and C. Browne and Cannon one.

The girls game was decided early as the Bulldogs had four players in double figures enroute to a 64-31 rout of the Wildcats.

Sheila Darnell scored six points to lead Loraine to a 14-6 lead after one period.

Ade Vasquez, who finished with a game high 18 points, scored eight second period points as the Bulldogs took a 28-16 halftime lead.

Loraine exploded for 22 third period points to seal the victory and Teresa Lopez accounted for eight of them. The third quarter was also the only one in which Westbrook scored more than

two goals.

Leading 50-28, Loraine then outscored Westbrook 14-3 during the last period behind Beverly Griffin's six points.

Scoring totals for Loraine were Vasquez 18, Lopez and Griffin 14, Darnell 10, JoAnna Barrera four and Jane Madrid and Railyn Rundell two.

For Westbrook, Elena Lopez scored 11, Elizabeth Burnett 10, Stephan Pierce five, Roberta Ficus four and Jennifer Beasley one.

Dear Customer:

The City of Loraine has been notified by the Texas Department of Health that the water being supplied by our system exceeds the maximum constituent level for Fluoride established by the Department's "Drinking Water Standards" which were promulgated as required by the "Safe Drinking Water Act," Public Law 93-523 (U.S.).

The limit for this area has been set at 1.6 milligrams of Fluoride per liter of water. The samples of water from our system contained 1.9 milligrams of Fluoride per liter. There is no immediate health hazard for drinking water containing Fluoride at this level.

The excessive Fluoride content of the water may cause mottling of the teeth in children under 14 years of age. All dentists in this area are aware of the Fluoride level. The City of Loraine has applied to the Texas Department of Health for either a variance or exemption from the Fluoride requirement while we search for alternate sources of supply and investigate available treatment techniques to lower the Fluoride to allowable levels.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 23rd day of January, A.D., 1985. Given under my hand and seal of said Court, at office in Texas, this 23rd day of January, A.D., 1985. B. H. ERWIN, District Clerk 32nd Judicial District Court of Mitchell County, Texas.

THE STATE OF TEXAS
TO: WOODARD (a natural person whose first name is unknown), J. W. WOODARD, and J. B. SMITH, if they be living, and if dead, the living representatives of said named Defendants; and the unknown heirs of each of said named Defendants; the legal representatives of the unknown heirs of each of said Defendants are dead; the unknown heirs of the named Defendants.

You are hereby commanded to appear by filing a written answer to the Plaintiff's Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 25th day of February 1985, at or before ten o'clock A.M. before the Honorable 32nd Judicial District Court of Mitchell County, Texas, at the Court House of said County in Colorado City, Texas. Said Plaintiff's Petition was filed in said court, on the 11th day of January A.D. 1985, in this cause, numbered 10,752 on the docket of said court, and styled, BURNICE RAMSEY HOPE and EMILEE RAMSEY BECKHAM Plaintiffs, vs. WOODARD, ET AL, Defendants.

The names of the parties to the cause are as follows: BURNICE RAMSEY HOPE and EMILEE RAMSEY BECKHAM are Plaintiffs and WOODARD (a natural person whose first name is unknown), J. W. WOODARD and J. B. SMITH, if they be living, and if dead, the living representatives of said named Defendants; and the unknown heirs of each of said named Defendants; the legal representatives of the unknown heirs of each of said Defendants are dead; the unknown heirs of the named are Defendants.

A brief statement of the nature of this suit is as follows, to-wit: A trespass to try title suit in which Plaintiffs, for cause of action would respectfully show the Court the following, to-wit: That on or about June 11, 1984, Plaintiffs were lawfully seized and possessed of the following described land and premises situated in Mitchell County, Texas, holding and claiming the same in fee simple, to-wit:

Lot Twenty-two (22), in Block Twelve (12), of the Amended Addition to the town of Westbrook, Mitchell County, Texas, as said lots are represented on the map or plat of said town, a copy of which is of record in the Deed Records of Mitchell County, Texas, in Volume 16, Pages 640-641, to which reference is here made; and that Defendants unlawfully entered upon said premises and ejected Plaintiffs therefrom and unlawfully withheld from them possession thereof to their damage. Plaintiffs pray for judgment for title and for possession of said land and in the alternative judgment for title and possession by adverse possession and other and further relief to which they are entitled as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved. The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Colorado City, Texas, this 11th day of January, A.D., 1985. Attest: B. H. Erwin Clerk, District Court, Mitchell County, Texas

Make the right move

Advertising helps you sell more effectively. It works by introducing you to new customers and by informing them about your products so your sales job will be a little easier when you get to talk to the customer personally. And it helps people form opinions about the kind of business you run.

Even if a customer isn't ready to buy when he sees your ad, it still influences his opinion about your business. So, over time, good advertising can help convince people you may never have met that you run a professional operation. Then, when the time comes for the customer to buy, your chances of making the sale are improved.

ARIES (3-21/4-19) You will be asked to enter a major sports competition soon, and must decide how much you really want it. If the answer is yes, then start now to train hard. You stand a good chance.

TAURUS (4-20/5-20) After consulting every personal and business acquaintance about a certain move, you must now make the decision on your own. Balance the pros and cons, take your pick, and stand by your decision firmly.

GEMINI (5-21/6-20) You and your mate may be working too closely for comfort. Sometimes this works, but perhaps you should consider seeking a position in another firm. Talk it over with the one most concerned.

CANCER (6-21/7-22) If you are feeling bored and in a rut, do something about it. If circumstances don't allow for a job or residence change, then strike out in new social fields.

LEO (7-23/8-22) Family is wonderful, but it is possible to see too much of them sometimes. You will appreciate each other if you take a breather from the same old routine for awhile.

VIRGO (8-23/9-22) Saving for a rainy day is commendable, but not when it involves neglecting the rewards of the present. Loosen up and relax a little. Splurge on an occasional night out.

LIBRA (9-23/10-22) Your little boy is showing growing pains, and the moodiness of the adolescent stage is getting you down. Try to keep a sense of humor. You will need it in the next few years.

SCORPIO (10-23/11-21) You want to give your mate everything, she wants to share the burdens as well as the good times. Don't shut her out. She needs to feel useful, and wants to climb off that pedestal.

SAGITTARIUS (11-22/12-21) A quick visit to the folks at home would do wonders for them, so interrupt your wanderings and mend the home fences while there is still time.

CAPRICORN (12-22/1-19) There is nothing wrong with changing careers in mid-stream if you are genuinely unhappy where you are. Just make certain your motives are real, and not a mere whim.

AQUARIUS (1-20/2-18) Marriage cannot be taken up as lightly as a new cause, so examine your feelings. You won't hurt the other party nearly as much by waiting, as you would by jumping in before you are ready.

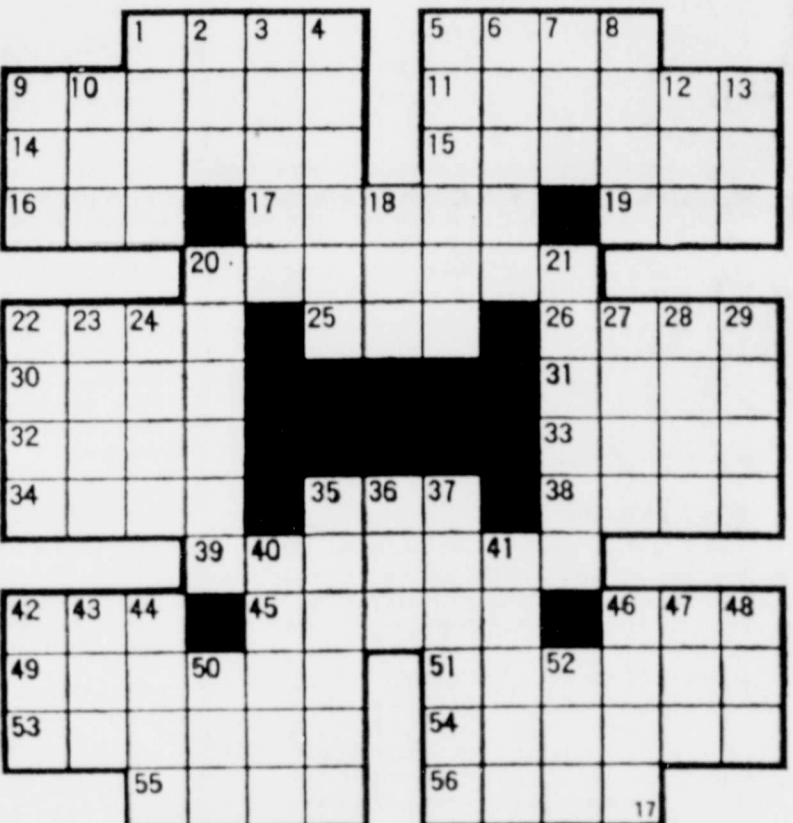

PISCES (2-19/3-20) A financial windfall is in your stars for the future. Use it wisely to make some much needed changes in your life. If you fritter it away, you may not get another chance for a long time.

Answer

Word Cage

BY TRACY ST. JOHN

RULES — There are three parts to THE WORD CAGE: (1) clues; (2) quiz; which lead to (3) the final answer, the MYSTERY WORD. The clues and quiz are hidden in the grid — up down, across, backward or diagonally. First circle the clue words (we've found the first word for you). You may find the same letter in more than one word, so circle each letter clearly. Next, circle the quiz words: the first letter and number of letters are given for each. When you have circled all the clue and quiz words, the remaining uncircled letters will spell out the answer to this week's WORD CAGE.

CLUES FOR: CARL LEWIS

A — Amazing; B — Baptiste, Bill, Black; C — California, Carl, Carol, Champion, Coliseum; D — Dash, Deft, Douglas; E — Evelyn; F — Fantastic, Feats, Feet, Fine; G — Gold; H — Houston; J — Jumps; K — Kirk; L — Lean, Legs; M — Meets, Meters; O — Olympics; P — Pace, Practice; R — Races, Rate, Running; S — Speed, Sports, Success, Superstar, Swift; T — Tall, Tellez, Timing, Track, Training; W — Warmups, Winner.

QUIZ

- A superb one (A-7)
- The world's this human (F-7)
- He piled them up (M-6)

THIS SOLUTION HAS 10 LETTERS

Solution to this week's puzzle: **Incredible**
Answers to quiz questions were: **Athlete, Fastest, Medals**
