President Lukewarm To Khrushchev Visit Plan

WASHINGTON (AP)—President Kennedy is reported to be sending word to Soviet Premier Khrushchev that he is willing to have an informal talk on the Berlin crisis and other world issues if Khrushchev decides to come to the United States in the next few weeks.

In a meeting with Khrushchev's foreign minister, Andrei A. Gromyko, at the White House, Kennedy, it was learned today, sought to avoid being either encouraging or discouraging on the prospective Khrushchev trip.

His reaction to feelers about a meeting was described as a neutral response.

Gromyko spent two hours and 15 minutes in the White House conference with Kennedy, Secretary of State Dean Rusk and a number of advisers on both sides.

On leaving the White House, he said the exchange of views with the President on a number of topics, including Berlin, had been useful. Neither the President nor his press office had any comment.

Later, Gromyko and Rusk met at a working dinner at the State Department and continued the discussion for four hours and 15 minutes, until after midnight.

The talks failed to yield any evidence of possible accomplishment that might come of a Kennedy-Khrushchev session. Gromyko was reported adamant on the Soviet demand that the Western powers abandon West Berlin, and he talked of a need for a Soviet peace treaty with East Germany without indefinite delay.

Kennedy and Rusk both tried to impress him with U.S. determination to defend West Berlin and its lifelines from West Germany.

The possibility of a Khrushchev visit was discussed only in the White House phase of the meeting.

Khrushchev made known through U.S. Ambassador Foy Kohler, whom he received in Moscow on Tuesday, that he was considering coming to the United Nations and that there were a number of things that he would like to discuss with the President.

Although his remarks were casual, he referred several times to his consideration of a trip and his handling of the matter was taken by officials here as a probing for Kennedy reaction.

The President is known to have had serious reservations about a meeting. He and his advisers wanted to avoid any action that would build up false hopes for an accord on Berlin.

At the same time the President thinks, as Gerhard Schroeder, West German foreign minister, said at the White House on Wednesday, that "talking is better than fighting." He wants to continue U.S.-Soviet exchanges on Berlin.

Kennedy is understood to have made it clear that any talk on Berlin with Khrushchev would have to be entirely informal and that Khrushchev would be under grave misapprehension if he thought that U.S. policy in late November would be any different from the present stand on Berlin.

The President is also believed to have cautioned Gromyko about the adverse effect on a talk of any action by Khrushchev to change the Berlin situation prior to a meeting.

TAX-PAYING TIME AGAIN—R. E. McBride, tax expert with Standard Oil Co. of Texas, center, presents his company's check for $718,153.50 to Geral Greene, tax assessor-collector. The check is a portion of the more than $2 million the company will pay in various taxes in the county this year. Looking on are the county judge, county commissioners, the county auditor, the county treasurer, and officials of the company.

TWO DIVISIONS OF THE UNITED FUND shared a kick-off breakfast this morning. Joe Cargile, holding the ball, chairman of the general division is shown with team captains Bob Norris, Bill Sikes, Roy McCloskey, Sam Stephens and Russell Wright. At left, with Cargile is Bill Brown, chairman of the Special division with his team captains Stewart Gent, Calvin Lange, Billy Bob Hardy and Gerald Pullig. First reports from these divisions are scheduled for next Tuesday.

Radiation Is Blamed For Ranger Damage

By RALPH DIGRTON

PASADENA, Calif. (AP) — The United States' third straight attempt to scout the moon by television has failed—possibly because of damage to the Ranger 5 lunar rocket by radiation from recent high altitude nuclear blasts.

The 755-pound camera-toting spacecraft, launched Thursday from Cape Canaveral, Fla., ran out of electrical power eight hours and 44 minutes later.

Scientists said this meant it would be unable to corrects its course and would miss the moon by 300 miles.

It also meant Ranger 5 would not be able to operate its television camera nor to land a quake-measuring device on the moon's surface.

Pasadena's Jet Propulsion Laboratory, which built Ranger 5 and is tracking it through space, said the spacecraft apparently failed to draw electrical power from its wing-like solar panels to operate its instruments.

Its only source of power then was a small reserve battery with a life of eight to nine hours. That battery went dead just as scientists were trying to command the spacecraft to fire a small rocket that would re-aim it at the moon.

Cause of the failure of the solar power system was not announced, but there was unofficial speculation by some space experts that the craft's delicate solar cells could have been damaged by radiation from recent high altitude nuclear blasts over the Pacific.

"It's too early to say what went wrong," a laboratory spokesman said. "We may never be sure. All we know at the moment is that the spacecraft failed to get power from its solar panels."

Radiation of the kind emitted in nuclear explosions sometimes is trapped in the dangerous belt of radiation surrounding the earth. Ranger 5 had to go through this belt on its flight toward the moon.

This was the third straight failure in the hard-luck Ranger program to scout the moon electronically for upcoming manned moonships.

Eades Rites Set Saturday

Funeral services for Mrs. Drucilla Belle Eades, 82, of 1605 Avenue S will be held at 2:30 p.m. Saturday.

Mrs. Eades died at 9:30 p.m. Thursday at the Fisher County Nursing Home where she had been for the past few months. A resident of Scurry County for the past 40 years, Mrs. Eades was born May 6, 1880 in Kentucky. She was the widow of the late Mr. John William Eades who preceded her in death in April of this year.

The services will be conducted at the First Baptist Church of which Mrs. Eades was a member.

Burial will be in Snyder Cemetery under the direction of Bell Funeral Home. Grandsons of Mrs. Eades will serve as pallbearers.

Survivors include two daughters, Mrs. C. M. Davidson of Denton and Miss Louella Eades of Phillips; eleven sons, F. Sheridan, Doyle E., Virdie Lee, and Ralph of Snyder, B. Franklin and Carl M. of Hobbs, N.M., Edgar M. of Ira, Arthur F of Rankin, W. Cecil of Andrews, John Jr. of McCamey and W. D. of Rotan; one sister, Mrs. Bea Lawhon of Bledsoe; two brothers, Jack Skaggs of Whitesboro and John Skaggs of Houston; 30 grandchildren and 35 great-grandchildren.

Rainy Spell Hanging On

By The Associated Press

Rainy weather hung on Friday in the Panhandle-Plains area of West Texas and eastward along the Red River to near Wichita Falls.

Skies were clear to partly cloudy in most other sections.

It was a continuation of the state's mixed weather pattern, which kept North Texas comfortably mild Thursday while humid heat gripped South Texas.

Hard rains Thursday along the Rio Grande brought 1.90 inches of moisture at Sanderson and 1.24 at Del Rio. High water blocked roads near Juno, in the Del Rio vicinity, for a time.

In the Lower Rio Grande Valley, Raymondville caught 1.50 inches of rain in a briefly violent downpour. It caused minor street flooding.

Temperatures Thursday afternoon ranged from a 91-degree high at Laredo down to a top of 62 at Lubbock. Readings early Friday varied from 58 at Dalhart and Texarkana to 76 at Galveston.

OLD RECORDS TELL OF TRANSITION

Old court records give a vivid insight into the transition of a community, and the gradual development of the "old West is graphically depicted in early-day records in the Scurry County Clerk's office.

The gradual decline of complaints on such activities as "fence-cutting," "carrying a pistol," etc., gives clues to the transition in this area.

You may read about these events and many others in the "Snyder on the GO" edition of the Snyder Daily News, which is coming soon.

Advance orders for copies of the big special edition are now being accepted at 50 cents per copy, and we will mail them wherever you desire.

S. O. S. Campaign In Second Phase

The second of Snyder's Sabin Oral Sundays is no more than a stone's throw away now, with this coming Sunday being "the" day.

Sponsored by the Jaycees, the Type II anti-polio vaccine—two drops of which are taken orally on a lump of sugar—is ready for distribution, and will be given at Travis and Lamar Junior Highs, Northeast Elementary and Lincoln School continually from 10 a.m. until 6 p.m.

Those persons receiving the Type I immunization last month here have been requested to return to the same sites for the Type II dose if at all possible in order to help speed up the process.

Dr. Harry Ward, medical director, urges all citizens to take advantage of Sunday's immunization regardless of age. No question as to the safety of the type II vaccine has been raised.

Though the vaccine is given free of charge, a donation of 25 cents per dose is asked so as to cover the cost of it.

One question raised pertains to whether a person who missed the Type I dose should go ahead with Sunday's Type II. The answer is an unqualified "yes," since each of the three types serves as a preventive to three different types of polio which can be contracted.

PAVING IS DISCUSSED

Council Okays Transfers

A special meeting of the Snyder city council was called Thursday evening to give final approval to transfers authorized by the group last January.

Monies were transferred from "underspent" accounts to those accounts which were in the red for the fiscal year which ended Sept. 30. Such transfers are actually for bookkeeping purposes only.

The City of Snyder ended the year with approximately $22,000 in the general fund and $55,000 in the water and sewer fund.

While the meeting was in session two other items of pressing business were presented.

City engineer Bill Kimzey reported on the paving program in which the city prepares the street for paving and the county does the paving. Some requests had been received to have such paving done in the Colonial Hill section of Snyder. Kimzey pointed out to the council members that in this program only "ribbon" paving was done. That is, only a 26-foot strip down the center of the street is paved, and there are no curbs or gutters.

Kimzey said that such paving was in many instances giving the city a greater maintenance problem than did plain dirt streets due to the water washing out the ditches alongside the pavement and giving the residents a problem in getting from their driveways to the streets.

The question before the council was whether or not they should permit this sub-standard type of paving, especially in areas where curbs and gutters are already in existance in much of the area.

The council members agreed that such paving was adequate in such areas as had little housing, or little prospect of having much housing, but that in residential areas the paving should be at least of such quality that they require from new developments coming into the city.

The council authorized the city manager to begin a survey of areas where paving is in prospect, and also in areas which are established and developed where "ribbon" paving is either contemplated or is being used. If the number of blocks in need of curbs and gutters is found to be large enough, the council will initiate an assessment program, and have the curbs and gutters built.

The present cost of curb and gutter is $1.35 per foot in small quantities. City Manager George Patterson said that perhaps an even better rate could be obtained if a large enough number of blocks was involved. Payment of the assessed charges could be prorated over a number of years if the property owner desires.

Mayor John Hamblen said he doubted that there would be many objections since normally the property owner is charged not only for the curb and gutters but for one-third of the cost of paving as well. He said he felt that almost everyone would see what a bargain they were getting if they only had to pay for the curb and gutter.

Money spent by the county for roads can be for paving only, and curb and gutter costs are not authorized.

In the other item of business the council authorized the city manager to advertise for a new machine to be used in the sanitary land fill operation at the city dump. The bulldozer now in use is over 16 years old and is broken down quite often requiring maintenance work and repair expense. The machine to be advertised for is of a slightly different type, but will be used for the same purpose. Exchange price was estimated to be in the neighborhood of $16,000.

2 More Divisions Start UF Drives

Two more divisions of the 1962 Scurry County United Fund swung into action at a kickoff breakfast this morning at the 66 Restaurant. The Special division under Bill Brown as chairman and the General division under the leadership of Joe Cargile received their quotas and workers kits from their respective chairmen.

The Special division was given a quota of $2,050, and the General division received a quota of $1,250.

E. H. Williamson, general campaign chairman who presided at the meeting, urged all the workers to "work" their cards as soon as possible as experience has proved that the best results can be obtained by contacting prospects as early as possible in the campaign.

Team captains and workers in the Special division are W. R. Wright, captain, Gene Dulaney, Bill Scheibel, Billy McCormick, Bill Vestal, Howard Gray, and Dick Roberts; Bill Sikes, captain, Jurden Brunken, Bill Byers, Junior Stephens, Roy Wood, Jake Phillips, D. V. Merritt, Jr.; Bob Norris, captain, Earl Brewer, Billy Joe Brown, Renal Rosson, R. L. Lunsford, L. A. McClanahan, and Raymond Prather; Roy McCloskey, captain, Bill Baldwin, Roy Hanson, Rev. Roy Havens, Rev. Walter Lentz, and R. H. Melton; Sam Stehpens, captain, Damon Weaver, Bill Butler, A. H. Floyd, Jr., F. J. Chapman, W. M. Stephens, Jr., and Claude Williams; and, Bill Dryden, captain, Ken Aldridge, J. C. Scott, Cap Hernandez, Lloyd Hatcher, John Montgomery, and Jim Easdon.

Team Captains and workers in the General division are Calvin Lange, captain, Stewart Gent; Billy Bob Hardee, captain, Lyle Alexander, J. L. Browning, Bill King, R. C. Patton, and Bernie Dunnam; G. W. Ferguson, captain, and Ernest Searcy, Herb Reed, captain, John Reed, Joe Sentell, and Frank Taylor; and Tommy Ivison, captain, Gerald Pullig, Keith Pitner, Quaid Richburg, Tommie Defebach, and Herb Barnett.

The women's division, with Mrs. J. D. Hinton as chairman and members of the Acacia Study Club as team captains and workers, will begin work in their division on Monday. The Rural division, under Mrs. Alvin Koonsman, will have a kickoff meeting on Monday at 2 p.m. at the Town House. All community captains are urged to attend. The Public Employee division, Wayland Holt, chairman, will initiate their efforts at a kick-off breakfast next Tuesday morning at 7 a.m. at 66 Restaurant.

Silver Price Hits Record

LONDON (AP)—The price of silver reached a record 104 pence —$1.213—an ounce on the London bullion market today.

With little silver coming on the market, the price of the metal Thursday equalled the previous record price of 103.75 pence an ounce. Continued moderate demand pushed the price up another quarter pence to the record at today's official "fixing."

The slightly increased demand for silver came mainly from home and European consumers but there also was some speculative buying.

Silver consumption usually increases at this time of year and market sources anticipate the price will remain firm for some time to come.

'MEDAL' AWARDED—Joe Carroll pins the "Hero Medal" on James Rosser at the United Fund Campaign report meeting this morning. The "Medal" was won by the Professional Division for its top report, based on the number of working days it has put in on the campaign so far.

UF Drive Reports Total Of $11,000

A total of $11,076.50, or 28.3 per cent of the total campaign goal, was accounted for this morning at the first report meeting in the Scurry County United Fund campaign.

The division reporting the highest percentage of its quota raised to date was the Advance Gifts division, under the chairmanship of Max West. That division reported 37.9 per cent of its quota of $21,000.

The "Hero Medal," determined by the division having the highest index equal to the percentage of quota divided by the number of days worked, was awarded to the Professional Division, headed by J. Mark McLaughlin. The medal was accepted by James Rosser, team captain in that division, in the absence of McLaughlin who was unable to attend the report session.

Other divisions reporting included the Employe Gifts division, $308 (6.4 per cent of quota); Branch House Division, $2,290, and Special Gifts Division, $1,000 (4.8 per cent of its quota).

The General, Rural, Women's and Public Employe Divisions will make their first reports at the second report session scheduled for Tuesday at 10 a.m. in the Town House.

All division chairmen, team captains and workers were reminded that interim reports may be made at the Scurry County United Fund Campaign headquarters in the community room of West Texas State Bank. Telephone numbers at the headquarters are HI 3-5324 and HI 3-9325.

The Women's Division will get its drive underway Monday, the Rural Division will have a kickoff meeting at 2 p.m. Monday at the Town House, and the Public Employe Division will have its kickoff at a breakfast session at 7 a.m. Tuesday at the 66 Cafe.

Storm Ella Stationary

CAPE HATTERAS, N.C. (AP)—A massive hurricane remained almost stationary 290 miles south of here in the Atlantic today, a menace to shipping and a threat to the mainland.

Hurricane Ella, the season's fifth tropical storm, was expected to remain in her position until about 5 p.m. tonight, when the Weather Bureau forecast it would begin a slow northeastward movement.

GUIDE CEREMONY—President Stuart Long (standing), with the help of secretary-treasurer Judy Richardson and vice president Carl Bailey, accepted 20 new members into the Snyder High School National Honor Society yesterday afternoon in a candlelight ceremony held in the auditorium. Others assisting in the program were superintendent of schools T. E. McCollum, high school principal Bob Clinton, assistant principal J. M. Kayser, school board chairman William Schiebel, and First Methodist pastor Rev. Harry Vanderpool.

Wound Fatal To Czech Diplomat

By RAY KOHN

NEW YORK (AP)—A Czechoslovak diplomat, who killed his wife and led police in a wild two-state chase Thursday, died today of a bullet he fire into his brain after cracking up his big limousine.

The diplomat, Karel Zizka, about 40, died at St. Luke's Hospital at Fountain Hill, Pa., despite efforts by doctors to keep him alive.

Zizka stopped breathing around 7 a.m. Doctors immediately administered oxygen, began external massage of the chest around the heart and his breathing resumed. However, his heart stopped again a little after 10:20 a.m. and this time it could not be restarted.

Zizka was an attache of the Czech United Nations mission here.

He also had a shoulder wound inflicted by a Pennsylvania State trooper.

The body of Zizka's brown-haired wife, Vera, 40, a bullet through her head, lay unnoticed in their apartment in the Czech mission on upper Madison Avenue for rours as Zizka, leaving behind a note telling of the murder and his suicide intent, began his frenzied 75-mile flight. He drove a black Cadillac, owned by the mission and bearing diplomatic license plates.

Roaring away from the mission building, Zizka's car was involved in two minor traffic accidents near his home. He got out of them by claiming diplomatic immunity.

Zizka, 6-feet-2 and 240 pounds, then headed the car into New Jersey and stepped on the gas as he sped west on Route 22. Three Jersey State Police cars were after Zizka at speeds up to 110 miles an hour when the limousine crossed the state line, where Pennsylvania highway patrolmen took up the chase.

Near Easton, Pa., Zizka's car roared off the road, down an embankment, and overturned.

Cpl. John Uditis, alerted by radio, found the limousine with Zizka lying beside it.

"The man was lying there on his stomach," Uditis said. "He had a cigarette in his left hand and his right hand was concealed from view under his body."

Advancing with gun drawn, Uditis ordered Zizka to bring his right hand into view. But, said the trooper, "he just kept on smoking and kept his eyes trained on me. Upon my second order to bring out his hand empty it came out with a revolver in it. He pointed it at me and I fired."

In the next instant another shot rang out. Zizka had put his revolver to his right temple.

Inside the car, police said they found two broken bottles of vodka.

In the Zizka apartment were broken bottles of wine, whisky and gin, and wild disorder. The official Czech statement said: "The flat was in a terrible state and demolished."

Mrs. Zizka, mother of two children still in Czechoslovakia, was clad in a nightgown and lay on the bedroom floor. She apparently had been shot through the head while in bed, then rolled to the floor.

Miles Vejoda, mission counsel, told of breaking down the door to get into the third-floor apartment after Mrs. Zizka failed to answer the telephone or repeated knocks at the door.

Two-Car Mishap Logged In City

The Snyder police department reported a two-car mishap at 8:38 p.m. Thursday at the corner of Twenty-sixth Street and Avenue Q.

Involved were a 1957 Chevrolet driven by Nancy Allen and a 1960 Chrysler driven by Dana Falls. Damage to the Allen car was estimated at $250 and to the Falls car at $75.

There were no injuries.

Votes Still Being Counted By Priests

VATICAN CITY (AP) —Vatican priests continued today the counting of votes for members of the Roman Catholic council's working commissions.

Results in the voting are expected to be announced Saturday when the council convenes in its fourth session.

A French source said counting of votes for the liturgical commission has been completed, and that the 16 positions had been filled. Pope John XXIII must name an additional eight members to each commission, bringing total membership of each to 24. Liturgy will be the first topic before the council when discussions start next week.

Presumably, if the liturgical commission has been selected, these discussions could start whether or not voting on the other nine commissions is completed. There had been reports discussions would not start until voting on all commissions had been completed.

It is still not known if additional ballots will be required on some of the commissions. Council rules provide that a majority is needed for election on either of the first two ballots, pluralities thereafter. Prelates considered traditionalist, or conservative, have asked Pope John to provide for plurality election on the first ballot, now being counted. Such a move could favor Italians, who make up the biggest national group. The Pope has the power to change council rules. His decision may be announced Saturday.

Memphis Zoo In Need Of Ape House

MEMPHIS, Tenn. (AP) — City commissioners have been given a choice: Provide money for an ape house at the zoo, or prepare to receive three gorillas as house pets.

The alternatives were proposed —jokingly, of cours—by commissionr James W. Moore, whose department includes the zoo and who wants $80,000 for the ape house.

The gorillas—now 3 years old—are being reared in the zoo hospital. Moore told his fellow commissioners if funds aren't appropriated soon, the apes will be big enough to tear the hospital apart before their new home can be built.

More Arrests Expected In Dope Probe

HOUSTON (AP)— Police indicated more people will be jailed in a narcotics investigation that already has led to the arrest of lawyer Bob Looney and James Hazeltine.

Looney, 38, and Hazeltine, 30, were arrested late Wednesday after officers seized $36,000 worth of marijuana and heroin in a search of an office they shared and a car driven by Hazeltine.

Both were charged with possession of marijuana and heroin.

Police Capt. Jack Renois said his investigation was far from finished. He said he has information four more persons are involved and they will be arrested soon.

Federal agents entered the probe. Dan Yates, U.S. customs agent-in-charge, said: "We have good reason to believe the narcotics came from Mexico."

Looney, twice a candidate for attorney general, spent one night in jail before he was released on $7,000 in bonds.

Hazeltine, a building supply dealer, was still being held in jail, ineligible for bond as a parolee. He served 10 months of a four-year term for theft by bailee in 1959.

Newest Met Production Is Generous

By MILES A. SMIT H
Associated Press Arts Editor

NEW YORK (AP)—In the first new production of the season, Wagner's "Die Meistersinger Von Nuernberg," the Metropolitan Opera is giving its audiences a generous outlay of music.

This story about a singing competition in the 16th century contains 17 roles, and 9 of the singers are new to this production.

The settings and costumes, designed by Robert O'Hearn and created in the Met's own workshop, are strikingly done. Nathaniel Merrill's staging is deftly handled.

And the Met is generous about Wagner's score, cutting very little. From first to last curtain it is nearly five hours.

Two singers, both of whom have been appearing in Vienna, were imported for this opera and made their met debuts Thursday night. Baritone Otto Wiener, a native of Vienna, had the key role of Hans Sachs and gave a fine performance. Murray Dickie, a native of Scotland, demonstrated a light tenor voice in the role of David, Sachs' apprentice.

Ezio Flagello, Ingrid Bjoner, Sandor Konya, Helen Vanni, Norman Mittleman, Andrea Velis and Roald Reitan of the Met staff were new to their roles in this opera at the Met. Miss Bjoner was a pleasing soprano lead in the role of Eva Pogner, and Konya handled very well the tenor role of Walther Von Stolzing, who wins her hand in the singing contest.

It was not a first performance for Karl Doench in the comic role of Sixtus Beckmesser, but he shared the spotlight for an excellent portrayal.

This production, the first of five new ones scheduled for this season, was made possible by a gift from Mrs. John D. Rockefeller Jr.

Four Die In Road Crash

ELECTRA (AP)— Four young men died as their car and another collided head-on in the north edge of Electra Thursday night.

Police Chief Jack Green said their auto veered to the wrong side of State Highway 25 for no apparent reason. The other driver suffered critical injuries.

Green identified the dead as Larry Davidson, 22, and Maurice Hood, 18, both of Electra; Eddie Yount, 22, of Rawlins, Wyo., and Darrell Switzer, 22, of Stillwater, Okla.

Officers said Yount and Switzer were believed to have been working for Goodman Construction Co. of Denison. The firm is building rural electric lines near here in Northwest Texas.

Fred Hamlin, 39, an Electra carpenter driving the second car, was taken to a Wichita Falls hospital in grave condition.

Soviet Bloc Still Pouring Equipment Into Castro-Land

By ELTON C. FAY

WASHINGTON (AP) — The Soviet bloc poured equipment and supplies into Cuba the past month at a rate of more than a shipload a day, U.S. sources said today.

They estimated that about 40 cargo ships—Soviet and chartered non-Communist vessels — arrived at the Caribbean island carrying material to bolster the regime of Prime Minister Fidel Castro.

This compares with about 15 to 18 ships a month in the early phase of the Soviet buildup of her Cuban ally, said the sources. But, according to previous estimates, the sea traffic last month was still well below peak.

The U.S. government reported about a month ago that more than 100 vessels of all kinds were arriving monthly in Cuba ports.

On Sept. 20 American officials said that between 65 and 75 Soviet ships landed cargo there since late July. They said possibly half the ships carried general cargo—including food and industrial equipment—and the rest, military equipment and personnel.

Last week Assistant Secretary of State Edwin M. Martin estimated that over-all aid to Cuba was costing the Soviets more than $1 million a day "above and beyond what they are getting from Cuba."

Soviet military aid to Castro, he said, was running at a rate of 200 million for this year.

The White House said Thursday plans are being worked out for a U.S. quarantine on Cuban shipping but that the details probably won't be ready for announcement this week.

Among other things, these curbs are expected to deny U.S. cargoes to ships and shipping firms involved in carrying supplies to Cuba. The purpose: To make the Cuban buildup as expensive as possible for the Soviet bloc.

Reportedly, the proposed curbs are running into stiff opposition from foreign shippers who figure they would be hit hard by the U.S. penalties.

Although merchantmen continue to stream into Havana and other Cuban ports, the close U.S. surveillance of Cuba's sea lanes have sighted no Soviet navy fighting ships entering or leaving the ports sources report.

Moscow sends warships on formal, show-the-flag visits to foreign ports, including those in some non-Communist countries, but apparently is refraining now from such demonstrations for Cuba.

U.S. experts believe that the new port in Banes Bay, near the eastern end of Cuba, which the Soviet Union is building may be used primarily to supply and service the extensive trawler fleet the Soviets keep off the Atlantic coast of the United States and Canada. Repors indicate the facilities would be untitted for handling combatant or large merchant shipping.

In an address Thursday to the Washington Post of the American Ordnance Association Vice Adm. Elton W. Grenfell, commander of the Atlantic Fleet submarine force said Soviet trawlers fish off our banks and support their submarines and gather intelligence."

Singer Doesn't Hear Orchestra

By The Associated Press

Nanette Fabray says she doesn't hear the orchestra when she is singing in a show. She disclosed that she wears a hearing aid under her brown tresses. But, she said, her hearing is impaired to the point where she has to sing as though unaccompanied.

Miss Fabray, who will sing in the Broadway opening Saturday of the musical show "Mr. President," told a group of deaf children recently, "We're in the same boat. When I miss a beat, the conductor has to catch up with me."

Den Mother Selected At West School

Mrs. Dee Lockhart has taken over the job as a new den mother for West Elementary's Pack 37, it has been announced.

Dr. R. J. Kidd is continuing as Cubmaster there, and will meet with the den mothers and make assignments to dens this week.

New members of Pack 37 are Tommy Johnson, William Lockhart, Bill Stoker, Dwayne Ri_s, Jack Gorman, Joe Gilmore, Michall Edwards, Tommy Welsh, Bill Laroux, George Kitchens, Scott McCaleb, Jimmy Maxwell, Mike Dennis, Randy Gay, Brett Bell, Gary Cotton, Danny Reynolds, James Vandiver, Terry Butler, Terry Arnold, Barry Womack, James Minor, Ray Derrick, and Jimmy White.

A. Leon Higginbotham Jr., Philadelphia attorney, took the oath of office as member of the Federal Trade Commission. The Washington swearing-in ceremony was the usual kind, except for one thing—Higginbotham, 34, is the first Negro ever to serve on a fedcral regulatory agency.

Sen. Henry M. Jackson, D-Wash., says he expects to hear the patter of little feet around the house His wife, the former Helen Eugenia Hardin, is expecting—late next January or early February, he said. They were married last Dec. 16 in her home town, Albuquerque, N.M.

Joseph P. Kennedy, father of the President, is returning to the New York University Institute of Physical Medicine and Rehabilitation, a White House spokesman says.

He spent some time at the institute last spring after suffering a stroke in December. He was in Hyannis Port, Mass., for the summer, and arrived early this week at the White House. When he will depart for the institute in New York City was uncertain.

Nikolai Bucharin has been legally rehabilitated, Soviet sources say. He's dead, but this means the criminal charges of espionage and treason against him have been wiped from the record.

Now surviving relatives can collect compensation payments. Similar legal rehabilitation, Soviet sources in Moscow added, has been given to a number of other Communist purge victims, including Karel Radek and an ex-premier, Alexis I. Rykov.

FBI Chief Traces Rise Of Communism

A STUDY OF COMMUNISM. By J. Edgar Hoover.

In this volume the director of the FBI casts a cold eye on the machinations of world communism and strives to put them in historical, psychological and political perspective.

He traces the origins and rise of the movement from Karl Marx through the Russian revolution and its conquests beyond; analyzes the psychological causes of communisms appeal, and finds that its threat to the United States has increasd substantially over the past few decades.

Without minimizing the external pressures from Moscow and its satellites, Hoover also restates his conviction that the Communist Party in the United States, though shrunk to some 10,000 "hard core" members, still presents a distinct threat to internal security.

He calls for vigilance without vigilantism. "Reckless charges against individulas and false statements about the nature of communism, and the extent of its penetration into various areas of our life," he writes, "serve the cause of communism by creating disunity among Americans.

"Too often, the label 'Communist' is used indistriminately against those whose views are unpopular or merely different from those of the majority."

But the maig purpose of Hoover's primer is to show how, by deceptive exploitation of legitimate needs and aspirations, political chicanery and violence, communism has achieved its serious inroads. He retells the familiar but still instructive story of the Bolshevik seizure of power in Russia in the name of a majority which never had a chance freely to render its verdict. And he devotes considerable space to de the worldwide Red apparatus.

To students of communism and political scientists, Hoover's concise dossier will present little new, but as an introductory course it has merit. Perhaps, among other things, this volume is intended for use in school courses in communism. Some of Hoover's historical parrallels and examples may be oversimplified, but the main outlines of the story are clear and firm.

Carolyn's A Charmer

By VIVIAN BROWN
AP Newsfeatures Writer

NEW YORK (AP)—Pretty and polite Carolyn Barre, 20, of Yoakum, Tex., won the hearts of some blase types she met here on a recent trip as a contest winner.

"I just love people, that's all," Carolyn, 5 - 7½, 128 pounds, explaining why a cab driver refused to accept fare from her.

"If you are nice to people, they'll be nice to you," she says. "I just told that driver that his taxi picture didn't do him justice; matter of fact most cab driver pictures are terrible," she says in a Southern drawl. "Then he showed me lots of pictures he'd taken and we had a conversation about photography. He was a fine man."

She's Miss Wool

In the midst of her explanation Carolyn stops to tell a brand new acquaintance, relative of a Croton, N. Y. boy attending Texas Western University at El Paso, Tex., that "you must make sure that he comes down to Yoakum, now d'ya hear? Maybe for a good Thanksgiving dinner. My mother would love it."

In a fashionable restaurant Carolyn exuded such charm that the waiter ran after her to present her with the table centerpiece, complete with imported vase. She has made a big hit with the 40 designers of the 47-piece wool wardrobe and accessories she was awarded as Miss Wool of America.

"All my life I've heard about Yankees, but I've been treated as nice here as I ever was in Texas. Everyone should have a travel education. I wouldn't want to live like this all the time or have a glamour job in the movies or on TV. I feel sorry for those girls like Elizabeth Taylor who can never lead a real life because the public won't let them. Marriage and family life is the only real life for a woman."

Northerners Preoccupied

The basic difference between Northern and Southern boys is muscle and sideburns, she says.

"Southern boys are tanner with shorter hair and more muscle because they get outdoors so much. Northern boys wear their hair long with sideburns, but they're awfully nice, just preoccupied sometimes, and more sophisticated than Southern boys. They always seem to know the right thing to do."

CAROLYN BARRE

A junior at Texas Tech at Lubbock, she began majoring in psychology but switched to English a shorter route to a career in case she must work after she gets married, she says.

"But I'm not serious about anybody. I've dated most of the boys my age in Yoakum. Our town is like one big happy family, and we have buddy relationships with the boys, sort of like brother-sister, so I know I won't be marrying one of them," she says.

She has been dating a medical student in New York, a friend from Texas, and the fun ot it is, she says, they can "do the Texas Twist together."

Toynbee Analyzes Major Trends

AMERICA AND THE WORLD REVOLUTION, And Other Lectures. By Arnold J. Toynbee.

For a high-level view and a historical perspective on what is going on in the world today, read these nine Toynbee lectures.

Toynbee is better than you think. Some readers, seeing the size of his monumental "A Study in History," may be scared off. But his lectures are sharp and to the point. And he has one important quality that appeals to all readers.

In an age when scholars work themselves into increasingly narrow passageways of learning, and like a man on a rockpile "make little ones out of big ones," this historian has the sense and courage to summarize, to search for major trends, to go beyond analysis into synthesis, to speak in generalizations and principles. Perhaps he is not always right—who could be?—but at least he builds with his rocks instead of breaking them into little peices.

There are three lectures on the present Western civilization, seen in the light of an earlier "world state," the Hellenic civilization carried on by Greece and Rome. In this series Toynbee finds the 20th Century concept of social justice for the submerged billions to be a greater force than atomic energy. He sees parliamentary rule as a luxury in which only the "have" nations can indulge, and warns that we need a world government quickly if we are to avoid mass nuclear suidide, regardless of whether the new world governments can be parliamentary in form.

The three lectures of the book's title are of particular interest to Americans. He contends that Concord Bridge's "shot heard round th world" has awakened world revolution in many countries. But he says that in the last century and a half America has become affluent, has subsided into conservatism ever since the 1920s, has been wallowing in senseless consumer goods and has let Russia take the upper hand in the revolutionary drive toward social justice in the world.

He declares that America cannot win friends in the uncommited nations while she is fat and conspicuously affluent. But he holds out hope that America can rejoin the majority and regain her revolutionary status through such efforts as the Peace Corps, if she tries hard enough.

The last three lectures are on the economy of the Western Hemisphere, relating how ripe the Latin American nations are for turmoil. He praises President Kennedy for launching the Alliance for Progress, but reserves judgment on the prospects for its implementation.

This book is lucidly written. It is free from academic jargon. It has the ring of authority. It may jolt you, and you may not want to agree with it. But you owe it to yourself to read it and think about it.

Las Vegas Vigilantes Should Rally To Defense Of Monaco

BY INE ROBB

Is the United States, the guardian of the weak and the friend of the oppressed everywhere, getting ready to abandon to the tender mercies of French customs officials and tax collectors a beautiful representative of American womanhood, Princess Grace of Monaco, nee Kelly of Philadelphia?

Is there no chivalry in government? Is Washington going to turn its back on this lone girl fighting so valiantly for home, for country and chemin de fer?

First things first. It is high time the Kennedy Administration quit fooling around in odd corners like Laos and Vietnam, which are halfway round the world, and began to concentrate on Monaco, which is just across the pond.

Are the State and Defense departments prepared to face the consequences if we refuse to help brave little Monaco in her undeclared tax war with France? Can we afford to let Monaco seek aid of the Soviets? Russian roulette, indeed! Russian Bank has long since infiltrated Monte Carlo, preparatory to the big takeover. Enough said! We must not waver!

Most of us Americans, no matter how much we read, can't tell who's on first in Vietnam, much less Laos. But we all know Princess Grace, the home girl who made good in Hollywood and is now playing the palace circuit in Europe.

It is high time that Foggy Bottom addressed a note or an aide memoire to Gen. Charles de Gaulle, telling him to pick on someone his own size. Some one should tell the general for his own sake, that no man ever really wins a fight with a pretty woman.

What is needed now is a show of strength to reinforce Princess Grace's hand, which has been pat so far. What she needs is a Foreign Legion, preferably from Las Vegas. Let the Las Vegas volunteers dig in at the Casino and the Sporting Club with the rallying cry of "Let the chips fall where they may!" (How did that creep in here? I abhor puns.)

On the other hand, there is a fighting motto that might raise an ever larger levy of troops, i.e., "Tax Dodgers of the World, Unite. You Have Only Your Shirts to Lose." For years Monaco has been a haven for men and women who entertain an indignant antipathy toward payment of taxes in the United States, Argentina, Belgium, Canada or any other global point they call "home".

These expatriates feel such repugnance toward paying their fair share of the tax load in their native lands that they are willing to sacrifice their personal comfort and live in Monaco, where the livin' is easy, the tax burden nil and the money piles up.

If General de Gaulle should really get tough and send a dozen of the Garde Mobile over the border into Monaco, these tax dodgers, American division, would first flee home for protection and then clamor for Uncle Sam to arm the Monagasques and support a counteratack.

However, it seems reasonable to expect all the tax-dodging colony in Monaco to help man the Monaco barricades. With the Las Vegas volunteers, they ought to be able to hold out until the French start tearing up the paving blocks and the 10-franc slot machines.

It is only fair to point out that Monaco existed as a tax haven long before Princess Grace mounted the throne. Furthermore, blood is thicker than baccarat. She is one of us and we cannot let her down.

So my final proposal is one in which all Americans can participate. Remember Bundles for Britain? As of now, I am organizing a campaign that can be called either Moola for Monaco or Packages for the Princess. It will enable all of us to clean out the attic or basement while simultaneously warning General de Gaulle to stop pushing around the American Dream Girl. Who does he think he is? Gary Grant?

Junior Editors Quiz on HORSES

QUESTION: Where did the quarter horse get it's name?

ANSWER: Three centuries ago, in Virginia and the Carolinas, horse racing was a favorite sport. The distance raced was generally short, because races were held on village streets and country lanes. A quarter of a mile was the usual length and the horses became known as "quarter milers." Stallions of the Turk, Arab and Barb breeds had been brought to America very early, by Spanish explorers, and these, when bred with a group of mares brought from England in 1620, produced a kind of horse which was very fast over a short distance. These were used in the southern quarter mile races and so became known as Quarter Horses. Their deep, broad chest and rather short, heavily-muscled legs gave them their wonderful getaway speed. As the pioneers moved west, the Quarter Horse went along, pulling wagon and plow. Cowboys found they were ideal for the fast work needed when handling cattle and discovered, too, that this horse had what is called "cow sense". Registration of Quarter Horses by the American Quarter Horse Association began in 1941.

• • •

FOR YOU TO DO: Go through some books or magazines which have pictures of horses and see if you can pick out the Quarter Horses. Their legs are shorter, more stocky looking than the others. 10-19

Columnist Opens His Mail Early

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Those who are happy themselves, psychologists have found, are best at judging correctly the qualities of others. The unhappy man tends to see his own faults in the other fellow.

Women, generally, are also better than men at sizing up other people. Exception: Love blinds them to what's wrong in their own husbands.

Many doctors now agree that the first signs of an approaching illness often show up in a dream, long before the actual physical symptoms appear.

An old ruling in Washington, D.C., made it illegal for a man to marry either his grandmother or his mother-in-law.

Our quotable notables: "The more a man knows, and the farther he travels, the more likely he is to marry a country girl"—George Bernard Shaw.

During the 18th century, homes of the European wealthy often had two tubs in a bathroom—one for washing with soap, the other for rinsing it off.

Fewer than 10 per cent of those who diet to lose weight manage to keep it off. The simplest way to keep your weight constant is to cut down the amount of food you eat one per cent each year after the age of 25.

Can you name the only man who signed these four crucial documents in early American history—the Declaration of Independence, the U.S. Constitution, treaty of alliance with France and treaty of peace with England? He was Benjamin Franklin.

The Journal of the American Medical Association notes: "Scientists now tell us there are 1,600 things a married man can worry about; a bachelor has only 1,100 things to worry about."

Paper money was invented by the Chinese, but the world's most highly valued notes are those of $100,000 denomination issued by the U.S. Treasury and bearing the portrait of President Woodrow Wilson.

There is poetry in words. Our word muscle comes from the Latin term "musculus," meaning "little mouse," for the ancients truly observed our muscles move like little mice beneath the rampart of our skin.

A whale can dive a mile beneath the surface. A dog's nose-print is as individual as one of your fingerprints. Ants will eat practically anything people will.

It was Oscar Wilde who observed: "We live in an age when unnecessary things are our only necessities."

Hoover Is On Wanted List

HOLLYWOOD (AP) — The Bachelor Girls Club of Hollywood is once again putting the finger on J. Edgar Hoover, director of the Federal Bureau of Investigation.

The club named him Thursday as one of the "five most wanted" bachelors in the nation. But the standing is nothing new. Hoover has been a regular on the list since the girls began rating unmarried males in 1955.

The others on the 1962 list: Baseball pitcher Bo Belinsky; pianist Van Cliburn; U.S. Sen. Warren G. Magnuson, D-Wash.; and television actor Bob Fuller.

Actress Piper Scott, president of the bachelor girls, explained: "We pick our eligible bachelors every year just to shake them out in the open as matrimonial targets."

Junior High '11s' Win Four Of Five

Snyder Junior High teams batted a cool .800 in games of Thursday, with Travis emerging on the big end of the score in both of its scheduled encounters and Lamar copping wins in two of three outings.

The details and whodunnits:

Travis 9th 20, Goliad 6

The Blue Devils of Travis 9th gained for themselves sweet revenge here last night, swarming over Big Spring Goliad 20-6 for their fourth victory in five outings.

In a previous meeting the Mavericks marked up a 12-6 win to put the only blot on the Blue Devil record.

Quarterback Powers Boothe hit Donnie Newman on a 30-yard scoring aerial to set the mood of things early in the second period.

Authoritative running fullback Jerry Kincheloe wheeled untouched around left end for eight yards and a touchdown the stanza following, and the Blue Devils left the field at intermission sporting a 12-0 bulge.

Midway through the fourth quarter Kincheloe hit paydirt again, this time on an 82-yard bolt around right end. Danny Howell spurted through the middle of the line for the two bonus points.

The Mavs fought back late in the game to score their only touchdown with 1:25 left to go. Danny Kirby skirted end 25 yards for the tally.

Edison 42, Lamar 9th 0

SAN ANGELO—Julio Guerrero romped to 34 points on five touchdowns and a pair of two-point conversions here Thursday in taking a rain-soaked 42-0 victory for his Edison Junior High eleven over outweighed and outmanned Lamar 9th of Snyder.

The contest was halted in the third period due to the downpour. Playing on the high school field, it was stopped by mutual agreement in order to keep from tearing up the turf any more than necessary.

Edison sported a 28-0 halftime advantage, and then added two more markers early in the third pediod on a punt runback and an intercepted pass.

The visitors mustered one drive of some 45 yards early in the game, but were staved off before reaching paydirt.

Travis 8th 22, Goliad 6

BIG SPRING—The Travis 8th Blue Devils, sparked by the running of Juan Hernandez and David Cadena, ripped and snorted to a 22-6 triumph over Goliad 8th here Thursday to keep intact their unbeaten and once-tied status.

Hernandez charged over left tackle on a six-yard scoring jaunt in the first quarter, then in the second period Goliad came back to knock on the scoring door but were staved off by stiff Blue Devil defenses that held them for four downs on the two-yard line.

Next up was Cadena, who sighted a gaping hole in the right side of the line and took advantage of it by scurrying 99 yards into paydirt. Hernandez ran the conversion.

Hernandez also uncorked a long run in the third period, barging through left tackle on a 60-yard touchdown traipse. Cadena slipped through right tackle for the points.

Goliad recovered a Blue Devil bobble on the Travis 25 late in the game and drove in for their sole six-pointer of the evening.

Travis saw three of its drives carry either near or inside Goliad's 20, only to lose the ball by fumble.

Lamar 8th 30, Sweetwater 0

SWEETWATER—The Lamar 8th Grade Texans, featuring a stingy defense and an explosive offense, decisioned the Sweetwater 8th grade football team, 30-0, here Thursday night.

Sweetwater made only one first down, and that came on a penalty in the second half.

Meanwhile, the Texans already had run up a 22-0 advantage and went on to add 8 more before the engagement ended.

The Texans moved to a touchdown in the first quarter after recovering a fumble on their own 38. Good gains by Tommy Sinclair moved to the Sweetwater 6, from which point Sinclair swept right end for the score. Sinclair then added the two extra points.

The Texans had moved to the Sweetwater 15 by the end of the first quarter, and early in the second Sinclair hit the middle for four yards an another touchdown. Two passes from Murry Bowden, one to Doug Hill and one to Ronnie Clemmer, figured prominently in the drive.

In the third quarter, Sinclair received the opening kickoff and returned it 50 yards to the 25 yard line. Bowden rolled out a moment later from the 7 and went over for the touchdown and then used the same play for the extra points.

The Texans got another Sweetwater fumble and a pass from Bowden to Sinclair sent them on their way again. Sinclair ate up yardage on sweeps and then went over from the 8. He also ran over the extra points.

Bowden completed 3 of 6 passes, Clemmer intercepted two Sweetwater passes, and Texan runners were afforded excellent blocking throughout the evening.

Lamar 7th 28, Sweetwater 0

Lamar 7th's Texans steamrolled to their largest point total of the season here Thursday and at the same time retained their unscored upon record after four games by slamming Sweetwater 28-0.

O. L. Cooper leaped on a Sweetwater fumble with the game only two minutes old to put the Texans in position for their first tally. Z. B. Rinehart swept around right end for the score from 35 yards away.

Early in the second quarter Pat Vanderpool plowed through left guard on a one-yard scoring plunge, and Steve Moffett rifled to Tony Suttle on the conversion to give the Lamar eleven a 14-0 halftime advantage.

Rinehart ripped through the middle of the line on a 40-yard scoring scamper lata in the third period, Cooper following up by slipping over for the extras.

Mickey Almond pulled in a pitchout and raced 59 yards around right end as fourth quarter play got underway to cap off scoring for the evening.

Sweetwater's one serious threat transpired during the final minute when they drove all the way to the Texan two-yard line.

Bengal 'B' Waxed By Midland Lee

MIDLAND—Midland Lee's B team rolled to three touchdowns in each half here Thursday in taking a soggy 38-12 victory over the Snyder Tiger B delegation.

The loss snapped Snyder's win streak at two.

Halfback Albert Williams skirted end on an eight-yard scoring scamper in the second period for the initial Tiger touchdown. An attempted pass for the connversion failed to get off.

Halfback Jay Williamson capped off Tiger point-making in the final period on a five-yard power stab over right tackle.

Snyder moved the ball well throughout the game, but saw a number of fumbles and penalties stall them in their scoring efforts.

Rain pelted the field throughout the contest.

Colts Clinch Championship With 12-6 Win

The Colts, who waltzed through their Boys' Club League campaign in undefeated and once-tied fashion, clinched the title here yesterday by nudging the Hotshots 12-6.

It took a fourth quartr touchdown to turn the trick after the two teams fought to a 6-6 standoff at halftime.

George Kay paced the 246-yard Colt attack with 94 yards rushing. Kenny Sehested picked up 74 of the 125 yards gained by the Hotshots.

The season will be wrapped up next week when the Colts batle the Frogs Tuesday and the Bears tangle with the Hotshots Thursday.

Late Drive By Cubs Pays Off In 10-7 Win

WACO (AP)—A 76-yard drive that ended in a touchdown with a minute and a half left to play gave the Baylor University Cubs a 10-7 victory over Texas A&M freshmen Thursday night.

Mike Marshall of Mount Pleasant went the final yard for the winning tally. Guard Tommy Schaffner of Odessa, who booted a field goal earlier, kicked the extra point.

The Aggies scored late in the third quarter after recovering a Cub fumble on Baylor's 34-yard line. Glen Lindsey of Mineral Wells sneaked over from the one for the touchdown. Bobby Lee of San Antonio Jefferson kicked the extra point.

Rigney Named AL Manager Of The Year

INDIAN WELLS, Calif. (AP)—There was a tinkling of cocktail glasses and happy talk in the backgrounud as Bill Rigney was called to the telephone in the lounge of the Indian Wells Country Club.

The call advised Rigney that he had been named the 1962 Manager of the Year in the American League in the annual poll by The Associated Press.

The vote was overwhelming for the pilot of the Los Angeles Angels, whose third place finish this year might be termed the critics' no. 1 consternation of the year.

They had overwhelmingly picked Rigney's Angels to finish well in the second division in this, only their second year in major league baseball.

Of the 108 votes cast by members of the Baseball Writers Association 80 went to the Angel skipper.

Sam Mele of the second place Minnesota Twins was second, with 25, and Ralph Houk of the World Champion Yankees was third with three.

The reaction of Rigney, who is playing here in the annual major league ballplayers' golf tournament, matched the merriment in the background of the lounge.

"Naturally," Rigney led off, "I am very honored. I can only say at first that there are other managers in the league. Sam Mele, Houk—who deserve this honor as much as I do.

"A lot of our managers did remarkable jobs, so I am particularly happy and pleased. I feel wonderful."

Throughout the season Los Angeles baseball fans and writers used such adjectives as "amazing" and "astonishing" for the Angels, and "remarkable" was the favorite for the 43-year-old Rigney.

For the remarkables actually led the league on the traditional July 4, they were still tough and in contention by Labor Day.

In the final two weeks Los Angels tailed off and wound up 10 games behind New York and five behind Minnesota.

Yes, said Rigney, the 1962 Angels were indeed an inspirational team

"I had a club that never stopped playing all year long. Often," said Rigney, "We were counted out during the season but we bounced back

"My 25 ballplayers liked each other and liked to play ball with each other. It was a great team to work for."

Raider Frosh Slosh To Win

LUBBOCK (AP) — Ignoring a heavy rain, Texas Tech freshmen racked up three touchdowns in the first quarter and went on to wallop the Hardin-Simmons B team 33-8 Thursday night.

End Benny Shows scored for the losers on a 51-yard pass play from Ronnie Fulmer. They added two extra points as Tech end Malcolm Leich fumbled the ball and fell on it in his end zone.

Tech's scores came on a 54-yard run by Hal Hudson, a fumble recovered behind Hardin-Simmons' goal by guard Hardy Burke, a 13-yard run by Dannie Scarborough, a one-yard run by Dennis Tucker and a 14-yard pass to John Agan from Ben Elledge. Phil Brown accounted for two of the extra points and Bobbie Carbone one.

Writer Climbs Out On A Shaky Limb

By JACK CLARY
Associated Press Sports Writer

NEW YORK (AP) — Balance, the bane of a forecaster's existence, has begun to show itself in both the National and American Football Leagues. It is now time for the femme fatale to enter — namely, Lady Luck.

Injuries may have a definite bearing this week on success or failure of the Green Bay Packers and New York Giants while the return of injured players may spell the difference for the Baltimore Colts and Los Angeles Rams.

This week's selections (last week 5 correct; 5 wrong; 1 tie; season 30-31-2.)

NFL

San Francisco over Green Bay —Packers are expected to be without halfback, place kicker and top scorer Paul Hornung because of an injured knee. After 13 consecutive victories, including a toughie and a breeze in last two games, Packers could fall to momentum 49ers have gained from running of J. D. Smith and Bill Kilmer and passing of John Brodie.

Detroit over New York—Not by much but absence of end Del Shofner and questionable status of halfback Paul Dudley, plus Lions' big defense will be the difference.

Philadelphia over Washington—King Hill takes over quarterbacking for Eagles, whose ground offense showed signs of reawakening despite drubbing by Dallas last week. Norm Snead may be running out of miracles and Philly's fierce desire to win to keep glimmer of title hopes should make the difference.

Pittsburgh over Dallas — This may be the Steelers year and running of John Henry Johnson and Joe Womack, Bobby Layne's quarterbacking, plus that huge defense too much for Cowboys.

Baltimore over Chicago—Lenny Moore is back at flanker for the Colts and quarterback Johnny Unitas is back in the groove with his passing. These two, plus improvement of Tom Matte and R.C. Owens, too much for Bears.

Cleveland over St. Louis—Jimmy Brown will play with a sore wrist but even the Browns have more all-around talent than do Cardinals, who again go with soph quarterback Charley Johnson.

Los Angeles over Minnesota—Rams at home and Jon Arnett back for full service means end to five-game losing streak. Vikings also 0-5, improving but will have to wait for another day.

AFL

Boston over San Diego — This American Football League game tonight will keep Patriots in thick of Eastern division fight while Chargers' youth policy may backfire.

Buffalo over Oakland, Saturday night—New Oakland Coach Red Conkright finds out what Marty Feldman knew all along, Raiders still aren't able to compete with more established clubs. Bills big win over Chargers last week finally got them untracked.

Denver over Houston — The Broncos' Frank Tripucka has supplied all the offensive answers so far and the defense has been exceptional. Return of Billy Cannon to Oilers' backfield will make it tougher.

Dallas over New York — The Texans Len Dawson and Abner Haynes should romp over the Titans bedraggled defense.

Babe Ruth may have hit a record 714 home runs during his 22 year major league career but he also struck out more than any other player—1,330 times.

Showdown At Schoolboy Gulch Nears

By The Associated Press

Texas schoolboy football races grind closer to the showdown stage this weekend with the elite list of undefeated and untied elevens due to be trimmed to 50 or fewer.

In a Thursday night game, Dallas Samuell rolled over Dallas Adamson 47-0 to keep a perfect record and continue its domination of Dist. 6-AAAA.

Four games match unbeaten and untied teams—two in Class AAA and one each in Classes AA and A. There are 54 clubs with spotless records.

Two defending champions are idle this week—Wichita Falls of Class AAAA and Dumas of Class AAA

Featured games in Class AAA send Lamar Consolidated against Bay City in Dist. 11 and San Marcos against Cuero in Dist. 14.

Bellville battles La Grange and Stamford meets Hamlin in the top games of Class AA. In Class A the spotlight is on the Groesbeck-Rosebud battle, pitting undefeated and untied teams in Dist. 22.

Two favorites to win state crowns are expected to have an easy time. Brownwood, picked to win in Class AAA, is expected to roll over Mineral Wells. Denver City, the favorite in Class AA, meets winless Spur.

Hermleigh Homecoming Set Saturday

HERMLEIGH—Homecoming activities will hold the spotlight here Saturday, featured by the District 8-B clash between the host Cardinals and the Bronte Longhorns.

Ex-students may begin registering at 1:30 p.m., and a barbecue is planned for all attending from 4:30 until 6 o'clock. A student association business meeting is slated from 6-7 p.m.

The Redbirds, after dropping their first five contests, came back last week to knock off Sands, 8-6. They will sport an approximate five-pound per man weight advantage in the backfield, while Bronte will have the same edge up front.

Included in the list of Coach Leslie Johnson's offensive and defensive starters are Cards Don Taylor, Dane Hudnall, Joe Vernon, Rodney Mayo, Floyd Thompson, Tom Winter, Pete Garcia Jr., Fred Gifford, J. B. Roberson, Jim Kubala, Terry Smith, Paul Kinzey, Terry Hobbs, and Curtis Brown.

Highlighting halftime activities will be the crowning of the homecoming queen.

Another short meeting for all exes will be held in the auditorium immediately following the game. At that time an 8-transistor radio and case of permanent type antifreeze will be given away.

Female Form In England Is Improved

By ANTHONY WHITE

LONDON (AP) — English girls look a sight better in the nude today than they did 40 years ago, says an 82-year-old expert on the female form.

"Girls of today," said Sir William Russell Flint, "have good, strong, square shoulders. They have a more athletic physique."

Sir William is the acknowledged dean of British painters of the undraped woman. More than a million prints of his nudes have been sold since he started specializing 40 years ago.

Age hasn't slowed his brush. The Royal Academy opened a one-man show of his paintings—nudes and landscapes—Thursday.

"Perhaps at 82 I still feel youthful myself," he said as he looked over one of his nudes on display. "I certainly enjoy the painting.

"I've always enjoyed painting attractive women. Provided a girl has good features, good bone formation and coloring, and so on. I've always been glad to paint her.

"Tell you one thing I've noticed in 40 years of painting the nude—how the English girl's physique has improved.

"When I started painting, you always saw what we used to call 'champagne bottle shoulders'—girls with poor, sloping shoulders, poor muscles."

But the muscles have tightened now, the shoulders have squared, and Sir William said: "I must say, I think it's a very good thing."

TOP TV TONIGHT

By BUD EVANS

7:30 CBS "Route 66". A downtrodden stock clerk's telephone romance with a mysterious voice earns ridicule for him from his co-workers and a beating for a sympathetic Buz Murdoch. Guest star Sorrell Booke portrays Sam Frazier, the meek, middleaged clerk who wins the friendship of Tod and Buz when they go to work for a Chicago wholesale supply house.

OTHER HIGHLIGHTS

6:30 NBC "International Showtime". Lilting music and dance on ice, mixed with comedy, comprise the program of "Scala Ice Revue" with world champion and Olympic star Jacqueline du Bief heading the cast. One of the highlights is Australian speed champion Jack Lee in a racing exhibition.

6:30 ABC "The Gallant Men". Robert Conrad is guest star as Sgt. Griff Benedict, who joins the Infantry company commanded by his brother, Capt. Jim Benedict, and panics on a dangerous patrol. Later, the captain admits his brother is too emotionally immature to lead the men.

6:30 CBS "Rawhide". A wealthy man's son, suffering badly from thirst and exposure, is found on the trail by Gil Favor's drovers. When the headstrong youth joins the drive until the next town is reached, he is scorned by all the drovers except one.

7:30 NBC "Sing Along with Mitch" and soloists Leslie Uggams and Louise O'Brien as they pay homage to Hawaii and luck, and then salute the works of composer Richard Whiting. COLOR.

8:30 NBC "Don't Call Me Charlie". Believing his efforts as Cupid will earn him a promotion, Colonel Barker arranges a date for General Steele with a countess, Penny Santon is featured.

8:30 CBS "Fair Exchange". Encounters with fellow countrymen embarrass teenagers Patty Walker and Heather Finch until some misunderstandings are cleared up with the help of a gin rummy game and an American-styled barbecue.

9:00 NBC "Jack Paar" greets guest stars Gordon and Sheila MacRae, Woody Allen and the Harlem Magicians Basketball team. Jose Melis serves as musical director. COLOR.

Shelter Helps To Ease Hay Fever

CROSSILLE, Tenn. (AP) — If you suffer with hay fever, get a fallout shelter, says Sanders Kuzmanovich, 75.

He is living in his fallout shelter beneath his home during the goldenrod season. He said it has freed him of the hay fever which plagued him for 43 years.

All One Gives to God COMES BACK TO THE GIVER

every hour

... should be everybody's theme song. Time is a graph or chart which measures what we are. We have no time to kill. "Whatsoever thy hand findeth to do, do it with thy might," Eccles. 9:10. Constantly strive to be a better father, mother, husband, wife, son, daughter... a better church member. There is always a friend or neighbor less fortunate than you. "He that knoweth to do good and doeth it not, to him it is sin. James 4:17. If you have had a kindness shown, pass it on; 'twas not meant for you alone... pass it on.

ABOVE ALL, "every hour" is God's gift. Wasting time is wasting God's Bounty. Keep on killing time and time will kill you. "Every man must give an account of himself to God," Romans 14:12. Spend your spare time at home, at Church or on errands of mercy... "I Need Thee Every Hour."

So They May See -- Psalm 91 -- So They May Hear

HE THAT DWELLETH in the secret place of the most High shall abide under the shadow of the Almighty.

2. I will say of the Lord, He is my refuge and my fortress: my God; in him will I trust.

3. Surely he shall deliver thee from the snare of the fowler, and from the noisome pestilence.

4. He shall cover thee with his feathers, and under his wings shalt thou trust: his truth shall be thy shield and buckler.

5. Thou shalt not be afraid for the terror by night; nor for the arrow that flieth by day;

6. Nor for the pestilence that walketh in darkness; nor for the destruction that wasteth at noonday.

7. A thousand shall fall at thy side, and ten thousand at thy right hand; but it shall not come nigh thee.

8. Only with thine eyes shalt thou behold and see the reward of the wicked.

BECAUSE THOU hast made the Lord, which is my refuge, even the most High, thy habitation;

10. There shall no evil befall thee, neither shall any plague come nigh thy dwelling.

11. For he shall give his angels charge over thee, to keep thee in all thy ways.

12. They shall bear thee up in their hands, lest thou dash thy foot against a stone.

13. Thou shalt tread upon the lion and adder: the young lion and the dragon shalt thou trample under feet.

14. Because he hath set his love upon me, therefore will I deliver him: I will set him on high, because he hath known my name.

15. He shall call upon me, and I will answer him: I will be with him in trouble; I will deliver him, and honour him.

16. With long life will I satisfy him, and shew him my salvation.
