Chamber of Commerce Doings: New Road Connects Spur With Clairemont, Kent County Oil Field

SPUR-CLAIREMONT ROAD NOW OPEN

Arner Watson, Dickens County commissioner, recently completed the Dickens county segment of the road connecting the Kalgary road with the Kent county road that intersects the Jayton-Clairemont road east of Clairemont. This road was among the major projects of the Highway committee of the Spur Chamber of Commerce.

The completion of the three-mile segment in Dickens county opened the road through to the oil field in Kent county via the segment which was constructed by interested oil companies.

Although there is at present no all-weather crossing at the river, the road is in good condition for light traffic and offers ranchers and farmers in that area far more adequate roads into Spur.

It is hoped by the highway committee that the road can be graveled in the near future and that a suitable bridge can be built across the river.

Delivery Service Approved

Word was received this week from Congressman George Mahon that postal delivery service for the City of Spur has been approved by the U. S. Postal Department.

However, Congressman Mahon stated in his letter to Postmaster Guy Karr, funds are not at present available to install the service here. The project will be completed when funds are available. Plans for mail delivery in Spur were initiated by the Chamber of Commerce.

Dickens-Garza Courts Meet

The commissioners courts of Dickens and Garza counties met last Thursday in Post to discuss the allocation of the farm-to-market road allotments toward the Spur-to-Post segment of the Broadway to the Big Bend Highway. Meeting with the two courts were J. D. McCain, George S. Link, Jr., George Gabriel and Grady Elder, representatives of the Spur Chamber of Commerce.

Although no definite commitments were made by the counties' officials, it was tentatively agreed that plans for this project will be furthered when Garza county completes an already-planned five mile stretch of highway toward Spur.

News Notes Published

This week marked the initial publication of the Spur News Notes, official news sheet of the Spur Chamber of Commerce. The sheet contains statistical information about the city and lists rental property available along with news from the chamber's office.

The publication is mailed to all members, oil companies, and others interested in the city of Spur.

Storm Warning System Explained
With electrical storms nearly a daily occurrence and with twisters hitting over the southwest, citizens are again reminded of the storm warning system in the city of Spur.

In cooperation with the Highway patrol and local law-enforcement officers, the city will receive by radio information concerning any storm thought to be dangerous in this area. When word is received of any such storm, a series of blasts on the air whistle at the city light plant will be sounded.

Citizens are cautioned of the danger of panic in the event of a serious storm in Spur, and are urged to use sane and reasonable measures to protect themselves and their property from storm damage.

Pvts. Smiley, Mullins Complete A. F. Basic

Pvt. C. W. Smiley, 19, son of D. P. Smiley, Roaring Springs, and Pvt. Lewis R. Mullins, 19, son of Mrs. Raydell Mullins, Rt. 1, Afton, have completed their AF basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training, for airmen and women, indoctrination station for prior service reenlistees, and home of AF's Officer Candidate School.

Their basic training has prepared them for entrance into Air Force technical training and for assignment in specialized work. The course included a scientific evaluation of their aptitude and inclination for following a particular vocation and career.

John H. Moore and a friend, Frank Steininger, of Wausau, Wisconsin, visited in the home of his parents, Mr. and Mrs. Thurman Moore this weekend. Both men are stationed at Fort Sam Houston in San Antonio and will soon be sent to North Carolina for three months of specialized training. Also visiting in the Moore home was Thurman, Jr. of Lubbock.

SLIGHT EARTHQUAKE FELT IN LUBBOCK, AMARILLO

Lubbock (Special) — A very slight earthquake was felt in Lubbock and as far north as Exell, 14 miles north of Amarillo, shortly after noon yesterday.

The earth tremor was reportedly felt in Lubbock, Plainview, Littlefield, Amarillo and Exell. It was apparently centered near Amarillo, according to geologists at Texas Tech.

The geologists state that it was more than likely caused by faulting in the underground Amarillo mountain range extending from the West Texas town into the southwestern part of Oklahoma.

The tremor was reported at 12:37 p. m. in Amarillo and was reportedly felt for about one minute. No damage was reported.

LOCAL BUICK DEALER TO ATTEND MICH. SCHOOL

T. T. Kizer, local Buick dealer, and his wife will leave Spur Friday morning, June 22, for Flint, Mich. where he will attend the General Motor Institute.

Kizer will enroll in the advanced service training school of the Buick Motors division. The couple will be gone from Spur approximately 16 days.

Gruben Speaks To Rotarians At Feed For Ladies Tuesday

Approximately 100 Rotarians, their wives and other guests attended a barbecue held at the Methodist Roundup building Tuesday night.

Walter Gruben, president of the Spur club spoke on his trip to the Rotary International convention in Atlantic City recently. During his talk he reported on the extended trip made by him and his family to historical points of interest along the Eastern coast, and in the South.

Ladies and other guests were welcomed to the gathering by George S. Link, Jr. George S. Link, Sr. was chairman of the barbecue committee with O. S. Arthur, W. F. Godfrey, Jack Reitor and Bob Weaver acting as committeemen. Chicken barbecue, beans, "and all the trimmings" and ice cream were served.

Gruben stressed the beauty and impressiveness of the City of Philadelphia in his address. He stated that this historical site is truly the "City of Brotherly Love," adding that they received a warm welcome there. The Independence Hall, the Liberty Bell and the home of Betsy Ross were points of interest visited there.

The family spent one day in Washington, D. C. where they sat in on a session of Congress and visited the Dept. of Printing and Engraving. While in Washington they visited the Smithsonian Institute and other museums.

In Vicksburg, Mississippi, the family visited the old battle ground and was impressed by the gun emplacement still intact at the historical spot. They visited Mr. Vernon on the Potomac River and Gruben stated that it is "even more beautiful than the pictures."

The family drove over 5000 miles during their 18 day trip.

U.N. Staff Buys Food for India

Within two weeks after receiving an appeal to aid famine-stricken India, United Nations staff members had contributed over \$11,000 to buy grain for India. Here, Dr. Ralph Bunche, Director of the U.N. Trusteeship Division and Chairman of the U.N. Secretariat's Committee for Food Relief to India, presents a check to George E. H. Marshall of UNICEF. Looking on, from left to right, are: T. A. Raman of India, Secretary of the U.N. Secretariat Committee for Food Relief to India; U.N. Secretary-General Trygve Lie, and Assistant Secretary-General Shamaladhar Lall, also of India.

Boy Scouts Start Clean-up Campaign In City Park; Weeds Being Mowed

The Boy Scouts, the Cub Scouts, the Spur Chamber of Commerce and the City of Spur combined efforts this week to start an extensive clean-up of the City Park over the hill.

Led by Raymond Gilcrease, the Cub Scouts gathered cans, bottles, paper and other rubbish over approximately one half of the park area on Monday morning.

Cubs helping in the campaign were Stanley Roy Odwin, Bobby Belcher, Eddie Hilley, Jett Barnett, Conner, Benton Watson, Guy Hugh Goe, Kenneth Hurst, Bobby Joe Smith, Johnny Mack Campbell, Ronald Williamson, David Marion, Ike Swenson, Randall Gilcrease, Kenneth Gilcrease, and their leaders, Raymond Gilcrease and Mrs. J. E. Swenson.

With a power mower furnished by Edwards-Kelley Implement company, a city employee started mowing the mowed area Wednesday morning.

At 6:00 p. m. this evening, the Boy Scouts, their fathers and any one else interested in helping beautify the City Park will finish gathering up the rubbish. Mowing over the entire park should be completed by this week end.

The initial clean-up of the park area is sponsored by the Health and Sanitation committee of the Chamber of Commerce.

City Drug Team Takes Lead; H.-McA. vs V. F. W. Tonight

The City Drug Softball team took over undisputed lead in the Spur Softball league Tuesday night by defeating the V. F. W. nine 7-3. This victory for the City Drug and last week's Phillips "66" victory over the Fireboys broke up the four-way tie for the lead that existed last week.

Last Thursday night James Morrison pitched the "66" boys through a close one over the firefighters with Fred Kinney on the mound. When the smoke and dust cleared it was Phillips by a 13-12 score. It marked the second win in as many games for the up-and-coming Phillips "66" bunch.

Refusing to remain in the cellar alone, the Baptist Brotherhood matched the Phillips win with a surprise victory over Proctor's too. Glenn Williams was a winning pitcher.

Tuesday night's opener saw Proctor's fighting for a first division berth with a 16-11 win over Phillips "66". Jay Austin received credit for the victory after being relieved for an inning by Dub Brumfield.

J. B. Haralson lasted the distance in the City Drug-V. F. W. game Tuesday night for the victory over Dupree Allen and D. R. Gilbert. Allen was charged as losing pitcher.

The Hoover-McAtee will have an opportunity to move up with City Drug on the top rung tonight when they meet the V. F. W. in the opening game. The Fireboys and Baptist Brotherhood meet in the night cap tonight.

Next Tuesday the City Drug meets the Baptists in the opener followed by Fireboys vs Proctor's. Phillips "66" has been assigned gate duty tonight with the V. F. W. in charge of the gates next Tuesday.

VACATION BIBLE SCHOOL TO OPEN AT LAKESIDE

Vacation Bible School will open for the colored children of Spur with Preparation Day Friday, June 22. Classes will be held for one week beginning Monday, June 25, from 8:30 until 11:00 a. m.

The school is sponsored by the W. M. U. of the First Baptist Church, Spur, and Mrs. C. P. Scudder will act as principal. Rev. Robert Castle, III, pastor of the colored church will assist Mrs. Scudder.

SINGING CONVENTION TO BE HELD

There will be a singing convention Sunday afternoon at 2:30 at the Spur Assembly of God Church.

Included with the guest singers will be the Martin quartet from Matador, the Rigby quartet from McAdoo and Mr. Hall and his quartet. Several other outstanding singers are expected to be present.

The public is cordially invited to attend.

BASEBALL GAME SCHEDULED

The Spur Hawks will meet the Childers Tigers Sunday afternoon at 2:30 o'clock at Koonsey Park in Dickens.

Pfc. K. Hairgrove To Speak Sunday

Pfc. Kenneth Hairgrove, son of Mr. and Mrs. Dee Hairgrove, will preach at the First Methodist Church, Sunday morning, June 24 at the 11 o'clock worship service.

Pfc. Hairgrove has been in training at Fort Sill, Lawton, Okla., and expects to be assigned to overseas duty in the near future.

Mr. and Mrs. C. P. Scudder spent the weekend at Possum Kingdom Lake as guests of Mr. and Mrs. M. E. Bass of Tahoka. Other friends from Arlington met them at the lake.

Work Is Begun On Spur City Directory

Chamber of Commerce officials have given the Moorhead Directory Co., the "go ahead" signal to begin a canvas of the business and professional firms of Spur for the publication of a City Directory.

The book is to be composed of five sections:

1. Alphabetical section showing head of house, wife's given name, number of children under the age of eighteen, home ownership, occupation, street address and telephone number. Each firm will be in alphabetical order, showing address, telephone number, ownership, and the type service rendered.

2. Classified section: Each and every firm will be classified in separate section under their proper heading, without change.

3. Street Section: Each street name in alphabetical sequence, with house numbers in numerical sequence, with head of house name, home ownership, and telephone number.

4. Numerical telephone section: Each telephone number appearing in numerical sequence.

5. County List: Showing heads of house outside City of Spur throughout Dickens county.

A supplementary book is to be given free to every home in the City of Spur and rural box holder in Dickens County.

The firm is a member of the Association of North America Directory Publishers, which will furnish a directory library of other cities to be placed in the Chamber of Commerce office for free reference to the people of Spur.

Business and professional offices will be canvassed before the residence enumeration starts, which will begin about July 10th. Several local ladies will be hired to make the residential enumeration.

Full co-operation in giving this information and data is asked by Grady Elder Sec.-Mgr., Spur Chamber of Commerce.

Tentative delivery date September 20th 1951.

Mr. and Mrs. Winston Barclay of Midland were guests in the homes of their parents, Mr. and Mrs. A. M. Karr and Mrs. Claude Barclay, last weekend.

Mr. and Mrs. W. L. Richey were guests in the home of their daughter, Mr. and Mrs. Alfred Walker Sunday.

Mrs. G. W. Rash underwent minor surgery in Sweetwater and is reported to be improving rapidly.

Officials Study Plans For Spur City Hospital

Mexican Laborers Available To Farm Bureau Members

The Dickens County Farm Bureau has had its application for imported Mexican farm laborers processed and approved by both the U. S. and the Mexican governments, according to S. L. Benefield.

The laborers are now available for bureau members for cotton choppers and will be available for pullers this fall.

Members must submit the number of workers needed prior to Saturday, June 23, states Benefield. The laborers should be in Spur on or before June 30.

To acquire the services of these Mexican nationals, the farmers must pay transportation from the border and must post bond for each laborer used, according to Benefield. The bureau will transport the Mexicans both ways but the farmers must reimburse the bureau for transportation costs.

Mr. and Mrs. James Schultz and Dana of Odessa, and Mr. and Mrs. Grayford Head of Lubbock were guests in the home of Mr. and Mrs. Bob Westerman last weekend.

Election of Spur School Faculty Additions Announced By Board

Several additions and replacements to the Spur Public Schools faculty was announced this week by the Spur School Board, states C. F. Cook.

Weldon A. Skinner has been elected as principal of the high school and junior high. Skinner received his B. A. degree from Howard College, and his master's degree from Hardin Simmons University. He has also done work at Texas University and the University of Wyoming.

Formerly, Mr. Skinner was with the Post Public Schools for five years. For the last five years he has been a training specialist in this work he devised courses and worked out rehabilitation plans for veterans and also counseled veterans and their families with problems that arise in both on-the-job training and institutional training.

Most of Mr. Skinner's work has been done in supervision of institutional personnel, namely at Hardin Simmons University, Abilene Christian College and McMurry College in Abilene, Texas.

"Supervision, counseling and coordination are the essentials that make a good principal in any school," states Cook, "and we feel that we have all these in Mr. Skinner."

Elected by the school board as assistant principal of junior high school was Henry L. Mullins. Mullins received his BA degree from Howard Payne College and will receive his masters degree this August from Texas Tech. He has been a high school principal for two years, and has had three years of experience in Plainview as junior high school coach and teacher. Mr. Mullins will be under the supervision of the high school principal and will teach and help in other administrative tasks in the school. Mr. and Mrs. Mullins and their two year old son will move to Spur as soon as he receives his degree in August.

Mr. and Mrs. Paul Sweat have also been elected to the faculty as vocational agriculture teacher and elementary teacher respectively. They have worked in this county for four years in the Patton Springs community Supt. Cook states that he is sure that Sweat will be a great asset to the faculty.

J. E. Baughman, a graduate of Spur Schools and Texas Tech with a bachelor of science degree has been elected to teach the fifth grade in East Ward School next year. He has been teaching in Crosbyton Public School for one year and is now attending Texas Tech doing graduate work in elementary education.

Miss Sue North, a graduate of Post high school, and now attending Hardin-Simmons University, will teach the second grade in the Primary School. Miss North has taught in Post for one year and Dickens for two years. She has been elected to teach the fifth grade in East Ward School next year.

Miss Sue North, a graduate of Post high school, and now attending Hardin-Simmons University, will teach the second grade in the Primary School. Miss North has taught in Post for one year and Dickens for two years. She has been elected to teach the fifth grade in East Ward School next year.

Cook states that "we are proud to welcome these teachers to our faculty."

David S. Castle, Jr. and Daniel Boone, representing the David S. Castle and Son architectural firm of Abilene, met with the City Commission and the Hospital committee Tuesday night in Spur and submitted a preliminary drawing of the floor plan for the Spur hospital.

The plans were submitted for the approval or alteration or rejection by the city officials. Mayor Ned Hogan states that the city officials will make a thorough study of the proposed floorplan and will invite local doctors and nurses to make a similar study. Copies of the plans are in the City Hall and the Texas Spur office for all citizens interested in the project to see.

Misses Rector, Wade Enroll At T. S. C. W.

DENTON, Tex. June 21—Miss Myra Creola Rector and Miss Gladys Parrylea Wade, both of Spur, are enrolled in summer session classes at Texas State College for Women.

Along with academic courses regularly offered at the college during the summer session, TSCW has also scheduled about 29 workshops.

These workshops are designed to appeal to teachers, housewives, writers, lunchroom workers, recreation supervisors, swimmers and office workers.

Miss Rector, daughter of Mr. and Mrs. Jack Rector, is a senior student majoring in speech while Miss Wade, daughter of Mrs. Mary Bingham, is a sophomore home economics education major.

Voc. Ag. Teacher To Move To Spur

Mr. and Mrs. Paul Sweat, who have been teachers in the Patton Springs schools for the past four years, were recently elected to teach vocational agriculture and second grade, respectively, in the Spur Public Schools this year.

Mr. Sweat received his Bachelor of Science degree from West Texas State Teachers College at Canyon and his Master's degree from Huntsville. Mrs. Sweat is also a graduate of Huntsville. They taught at Coahoma before coming to Patton Springs.

The Sweats are accompanying the Patton Springs senior class on a trip to Colorado Springs, Colorado this week, but plan to move to Spur July 1.

The teachers and other officials of the Patton Springs Schools complimented the couple with a luncheon Thursday, June 14. They were presented with a farewell gift of a table lamp.

Mr. and Mrs. Sweat and their two small sons, Marcus and Ronald, will be at home in Spur at 503 East Second.

RECEIVES B. A. DEGREE

Jeff Smart, received his bachelor of arts degree from Highlands University with the third largest graduating class in the history of the school.

Buick's newest engine—
the F-263 Fireball—
gives this year's SPECIAL
the highest power in SPECIAL history

Remember—only BUICK has a
FIREBALL ENGINE

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

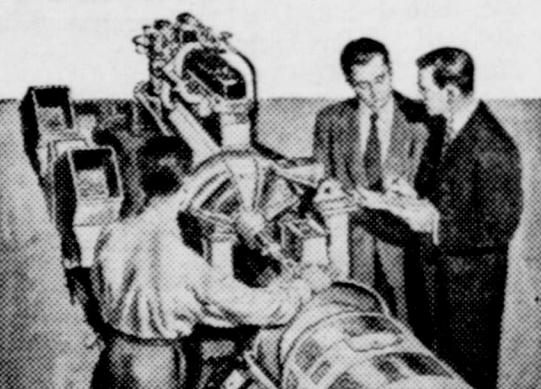

You'll note that the key feature of their design in every case is the valve-in-head principle—whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression"—and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this:

No other type of engine has ever been used in a Buick—which means that Buick owners, all along, have

When you come to check the field you'll find that there's a sweet freedom from roughness to this engine's operation—tracing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Micropoise balancing after assembly.

been getting a lot of things that others have just "discovered."

But that's not all. They get something more—vastly more—because today's Fireball Engine has one standout feature found in no other automobile.

That name "Fireball" isn't just a

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Equipment, accessories, trim and models are subject to change without notice.

DODGE

"Job-Rated" trucks

...with features you've always wanted

More power with thrifter performance

You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 134 horsepower—give power increases up to 20%. High compression gives flashing performance with less fuel. For year-in, year-out economy you get 4-ring pistons with chrome-plated top ring, "hotter" spark plugs (on models through 1-ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, and moisture-proof ignition.

Better load protection...easier handling

Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers jolts on any road. And driving is made even safer with easy-acting, worm-and-roller steering gears on most models. To add to safe handling ease, you also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

What "Job-Rated" means to you

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer.

Every unit from engine to rear axle is "Job-Rated"—factory-engineered to haul a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed.

Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

Greater safety for both driver and load

Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! A brand-new development—Tapered Molded Cyclebond lining—is featured on all models, 1½-ton and up, except air-brake models. It's extra-quiet, extra-smooth, extra-long-lasting! And Dodge gives you the added safety of all-steel "Pilot-House" cabs—with super-sized windshield, lower hood line, and relocated windshield wipers for better visibility.

For smoother performance . . . longer truck life FLUID DRIVE! A Dodge exclusive

Available on ½-, ¾-, and 1-ton models. This proved fluid coupling between engine and clutch, cushions drive line. Smoother starts give added protection to your load. Driving is easier! Less gearshifting! Your Drive Booklet.

Crime - Busting Limelighted As Texas Legislature Closes 52nd Session

AUSTIN—The crime-busting 52nd Legislature has adjourned but the laws it passed were being studied by law enforcement officials this past week and its House Committee to Investigate Organized Crime was preparing for another public hearing.

The House crime committee was studying records and getting set for the public hearing on the Maceo gambling group in Galveston. The hearing is slated for June 25.

With the aid of Attorney General Price Daniel, Director of Public Safety Homer Garrison and State Auditor C. H. Cavness, the five-man House Committee is assembling its evidence. The committee also has asked public officials of Galveston to testify at the hearing.

Six major crime-prevention laws were passed during the session and a dozen or more bills tightened court procedures bringing criminals to justice.

The new laws outlaw the mere possession of slot machines, punchboards, and policy or "numbers" games, and nitro-glycerin used for safe-cracking and bombing. The Legislature placed a tighter clamp on "goof balls," the small barbiturate pills that frequently lead to criminal activities, and wrote a new and strong law against "hot checks."

The Texas House of Representatives' big club in the war against organized crime is the creation of the continuing crime committee to investigate local crime conditions in Texas and report back to the next session of the Legislature with recommendations for further laws curbing crime. The State Senate authorized its general investigating committee to do likewise.

Slot machines were a principal target of the Legislature. The new law gives owners or those possessing slot machines until Sept. 7 to get rid of the one-arm bandits. After that possession of slot machines can mean to four years in the penitentiary.

Punchboards were outlawed with penalties of \$100 to \$1,000 fines or 30 days to a year in jail, or both, slated to be given violators for the possession of such devices.

The policy games, or "numbers racket," were made illegal in the closing hours of the session. Violations of this law will result in fines of \$100 to \$1,000, or up to 90 days in jail, or both.

The new "hot check" law is aimed at the bad faith writer of such checks. It provides for fines of \$200 to \$10,000 or prison sentences of two to 10 years, or both, if the maker of a bad check does not make it good in 10 days after notice. The bill was written this way to protect a person who innocently writes a bad check.

People who illegally sell, manufacture or possess "goof balls" will be punished by a fine of \$1,000 or a jail sentence up to two years, or both.

Proper Amount of Poison Per Acre Urged By Expert

COLLEGE STATION, June 21—Good control of cotton insects has been obtained experimentally with nozzles that deliver quantities of spray ranging from 1.8 to 13.5

gallons per acre. The important thing is to apply the proper amount of insecticide, says Texas A. & M. entomologists.

For farmers who have trouble figuring the amount of poison they are applying per acre, Extension Entomologist A. C. Gunter has a simple solution. He suggests filling the tank with water and spraying an acre of ground. Then, the gallons of water used can be determined, and the amount of insecticide needed in the tank can be figured.

For example, a farmer with a 50-gallon tank might want to apply one pound of poison per acre. If five gallons of water were required to fill the tank after one acre had been sprayed, he would need 10 pounds of poison in the 50 gallons of spray solution.

Under experimental conditions dusts and sprays have given equally good insect control. But because of weather conditions common to Texas, applying insecticides by spraying is preferred by many farmers. A. & M. entomologists believe the hollow cone type nozzles give better coverage than the fan type nozzles. An ideal spray pressure is about 60 pounds.

One nozzle per row gives satisfactory control of cotton plants that are not more than 10 inches

high. For plants between 10 and 22 inches high, two nozzles per row are needed. Three nozzles per row are recommended for plants over 22 inches high—with one on each side and the third directly above the row.

Gunter says it is usually better to have the spraying equipment mounted on the rear of the tractor. This keeps the insecticide from collecting on the tractor and getting on the operator.

Texas A. & M. agricultural engineers have developed plans for a new home-made row crop sprayer. The design calls for rear mounting, which will permit cultivation along with the spraying operation. Plans for constructing this sprayer may be obtained by requesting Plan No. 379 from county Extension agents.

Gunter suggests that cotton growers ask their county agents for copies of the 1951 Guide for Controlling Cotton Insects.

At least one and preferably two tons of good hay should be put up during the haying season for each cow in the dairy herd.

ARTHRITIS

Hundreds Claim Its Grip Broken!

Dear Friend:

Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?

I came upon a simple remedy, that ended by long search and battle to rid myself of Arthritis. I had teeth pulled, tonics out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. It helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity, I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

Mafoi Carlisle Weds Burton Bogitsh In Recent Single Ring Ceremony

Miss Mafoi Carlisle, daughter of Mr. and Mrs. Rex Carlisle of Spur, became the bride of Burton J. Bogitsh, son of Mr. and Mrs. Leonard Bogitsh of Brooklyn, New York on Wednesday, June 6.

The ceremony was performed at 5 p. m. at Garfield Temple in Brooklyn with Rabbi Eugene Sacks officiating for the single ring ceremony.

Maid of honor was Miss Claire Bogitsh, sister of the groom. George Saporin served as best man.

Given in marriage by her father, Rex Carlisle, the bride wore an informal wedding gown of ivory satin and imported Venise type lace. The strapless gown, outlined at the top edge with a band of lace and tied with a satin bow at the left side, was worn with a bolero of lace. From the fitted bodice the ballerina length skirt

was gathered into colonial fullness. The short veil of silk illusion was joined to a Juliet type cap of lace. The bride wore ivory pumps of matching satin, and she carried a white orchid on a white prayer book.

The wedding dinner and reception were held in the home of the groom's parents.

After a honeymoon trip to Nevele Country Club in upstate New York, the couple will reside at 366 East 58th Street, Brooklyn, 12, N. Y.

HD Club Studies Energy Savers

Mrs. Paul Hotcho was hostess to the Dry Lake Home Demonstration Club at her home Tuesday, June 12.

The program was based on ideas for work simplification. Mrs. Lon Bass and Mrs. W. E. Ballard gave demonstrations on how to plan housework in order to save steps, energy and motions, even on something as simple as making a bed.

Members present were Mmes. Dopson, Draper, Calvert, Pickens, Bass, Gordon, Gamon, Karr, Lassetter, Smith, Bingham, Hotcho, Ballard, and McMahan. Guests attending were Mmes. Crockett and Hatcher, and Misses Gaynel Bass and Alice Jo Crockett.

Roberson - Cypher Vows To Be Read

Announcement is being made of the engagement and forthcoming marriage of Miss Byrdan Roberson, daughter of Mr. and Mrs. Everett Roberson of Spur, to Hugh F. Cypher, Jr., son of Mr. and Mrs. H. F. Cypher of Borger.

The ceremony will be read at 10 o'clock in the morning, June 30, in St. Elizabeth's Catholic church, Lubbock. Rev. William F. Blakeslee will officiate.

RECENT BRIDE OF SPUR MAN

Miss Martha Jane Barnes of Dallas became Mrs. William Paige Gollihar in a double ring ceremony performed recently in the Munger Place Church of Dallas. William Paige Gollihar is the son of Mr. and Mrs. Paige E. Gollihar of Spur.

1933 Study Club Selects Theme

The 1933 Study Club met for a call meeting at the home of Mrs. Larry Boothe, Tuesday afternoon, June 19.

Plans for the new club year's study were discussed and a course of study theme voted on by the club. Members were given names of their "adopted" daughters who are members of the Daughters of the 1933 Study Club.

New members voted into the club were Mmes. Walter Gruben and Ray Galloway.

Ice cream, cookies and iced tea were served to Mmes. H. W. Durham, Coy McMahan, C. F. Cook, J. C. Payne, O. R. Cloude, Grady Lackey, R. L. Walker, W. F. Patrick, Cal Wright, and the hostess, Larry Boothe.

WMS Studies Minister Relief

The members of the First Baptist WMS met in the church annex for a program on ministerial relief Monday afternoon, June 18, with Mrs. Elmer Hagins as program leader.

The program, entitled Fishers of Men, was based on Mark 1:16-20. "Jesus Calls Us" and "Follow On" were hymns used to emphasize the theme. Mrs. Hagins discussed "I Will Make You Fishers of Men." "And Follow Him" was the topic used by Miss Maybelle Thornton and Mrs. Jean Sneed discussed "And They Beckoned." Malcolm Edwards sang a solo, "All on the Altar," at the close of the program.

Rev. and Mrs. H. L. Burnham were honor guests and were presented with a gift of appreciation. Punch and cookies were served to the approximately twenty members present.

Husbands Feted With Steak Fry By Cauthen Circle

The members of the Eloise Cauthen Circle of the First Baptist WMS were hostess to their husbands at a steak fry Friday evening in the picnic area behind the Starcher apartments.

Broiled steaks headed the menu including potato salad, vegetable salad, baked beans, iced tea, and ice cream.

Attending were Messrs. and Mmes. Alfred Walker, J. B. Haralson, E. E. Caudle, Jesse Morrison, Jimmy Hudson, W. B. Francis, Grady Lackey, Grady Elder, C. P. Scudder, Wendell Smith and Doug Hinson.

Many Texas cotton farmers favor the use of sprays for controlling insects. The reason—sprays can be used with good results even on dry, rather windy days. Recent experiments have shown that very little water is needed as an insecticide carrier.

30 States, Canada Enter Hereford Show

More than 50 aristocrats of the Hereford cattle breed from 30

states and Canada will compete in the Pan-American Hereford Show at the 1951 State Fair of Texas, Oct. 6-11, Ben E. Cabell, chairman of the fair's livestock committee, has announced.

Premiums of \$25,000 plus six silver service trophies valued at \$3,000, will be at stake in this, the greatest cattle show in the history of the fair. The awards are the highest the state fair has

ever posted for any one show. One of the highlights of the 1951 fair will be the spectacular Parade of Champions on the evening of Oct. 9 in the fair's new \$125,000 Livestock Judging Pavilion. This big free show will be

a dramatic presentation of the great Hereford breed, a tribute to the importance of the Hereford industry in Texas and the Southwest, Mr. Cabell said. The show will be widely publicized in all Pan-American coun-

tries. Livestock and agriculture leaders and government officials from Western Hemisphere nations will be invited. And, of course, all state Hereford associations in the United States have been invited to participate.

Silver service trophies will be awarded owners of the champion and reserve champion bulls and females, the get-of-sire class winner, and the best ten head.

The show will take a practical approach to Hereford raising that will appeal especially to commercial cattlemen in the newly developed livestock areas of East and North Texas, as well as to ranchmen of West and South Texas, Mr. Cabell said.

"It is entirely fitting," Mr. Cabell said, "that our new Livestock Judging should be opened

with the Hereford show of the year, the Pan-American National. Coupled with our \$250,000 cattle barn, which it adjoins, the new pavilion gives us facilities for showing and viewing fine livestock equal to the best in the Southwest."

"I just knew this would happen!"

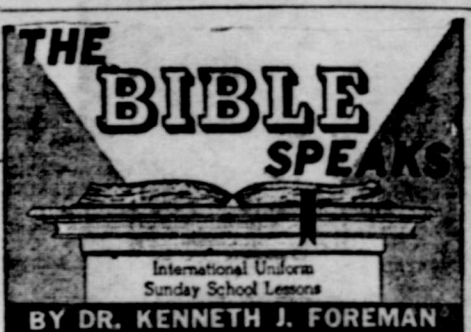

THIS YEAR about 13 million couples are getting married and setting up homes of their own. The brides of today want modern homes, modern conveniences. They demand the best... they're insisting on cool, clean, thrifty electric cooking... on the safety and economy of electric refrigerators that make once-a-week shopping possible. Yes, these modern brides want the many electric servants that make life comfortable and convenient.

Here in West Texas, they'll have them, too! For power lines and power plants are

ready in advance. Your business-managed electric service company plans things that way. There's ample electric power to make all these new homes comfortable and convenient—as well as power for industry and defense as needed.

In fact, the West Texas Utilities Company has increased by 63% its generating capacity since 1946. Actually added more than 70,000 horsepower capacity during the last five years... and has scheduled for the near future installation of additional power units.

Tell the Story!

Lesson for June 17, 1951

"TELL me the old, old story" is a favorite hymn in many places. But the first Christians would have been considerably puzzled by that hymn if you had tried it on them. It was no old, old story for them, it was not news. Whatever objections people may have had to Christianity in those days, they never said it was "old stuff." More than that, Christians did not go around telling one another the story of Jesus. When Jesus said, "Be my witnesses," his first hearers did not think he meant "—only to those for whom it is an old story."

The early church was by no means an organization devoted to repeating something they knew by heart, like the ritual of a lodge. It was devoted to telling the good news about God to people who did not know that God had any good news.

The Gospel Is a Story
THE saying has been quoted in this column before: Christianity first came to the world not on the editorial but on the news pages. Christianity is not God's new advice to the world. It is first of all the something God has done for the world.

"Gospel" in Greek means simply good news. It is the story of Jesus, the kind of person he was, the kind of truths he taught, the kind of work he did, the death he died. But the story of Jesus is more than the story of a man, uniquely great though he was.

It is, after all, the story of God. God who became man so that in the life of Christ Jesus we can read the unreadable God, see the invisible, know the Great Unknown. The early Christians were not theologians, and they did not use the language of the formulas that centuries of

thought were to hammer out. They never used the word "Incarnation" and seldom used the word "Atonement." But that was what they were driving at.

The early church taught and told this; but not just as a story to entertain or inform, not as a puzzle to be solved, not as something to be believed or not, as we please; but as THE story, not only the "greatest story ever told" but beyond any comparison the most important.

If you cannot see God in Christ, where can you see him? If you will not take God's forgiveness for Christ's sake, then what right have you to look for forgiveness at all?

Christianity Is a Life
THE readers of the book of Acts will discover that the early Christians were not simply preachers. They lived a new sort of life. The essential thing was that they lived as a family—the family of God. They so lived that few have fully imitated them since.

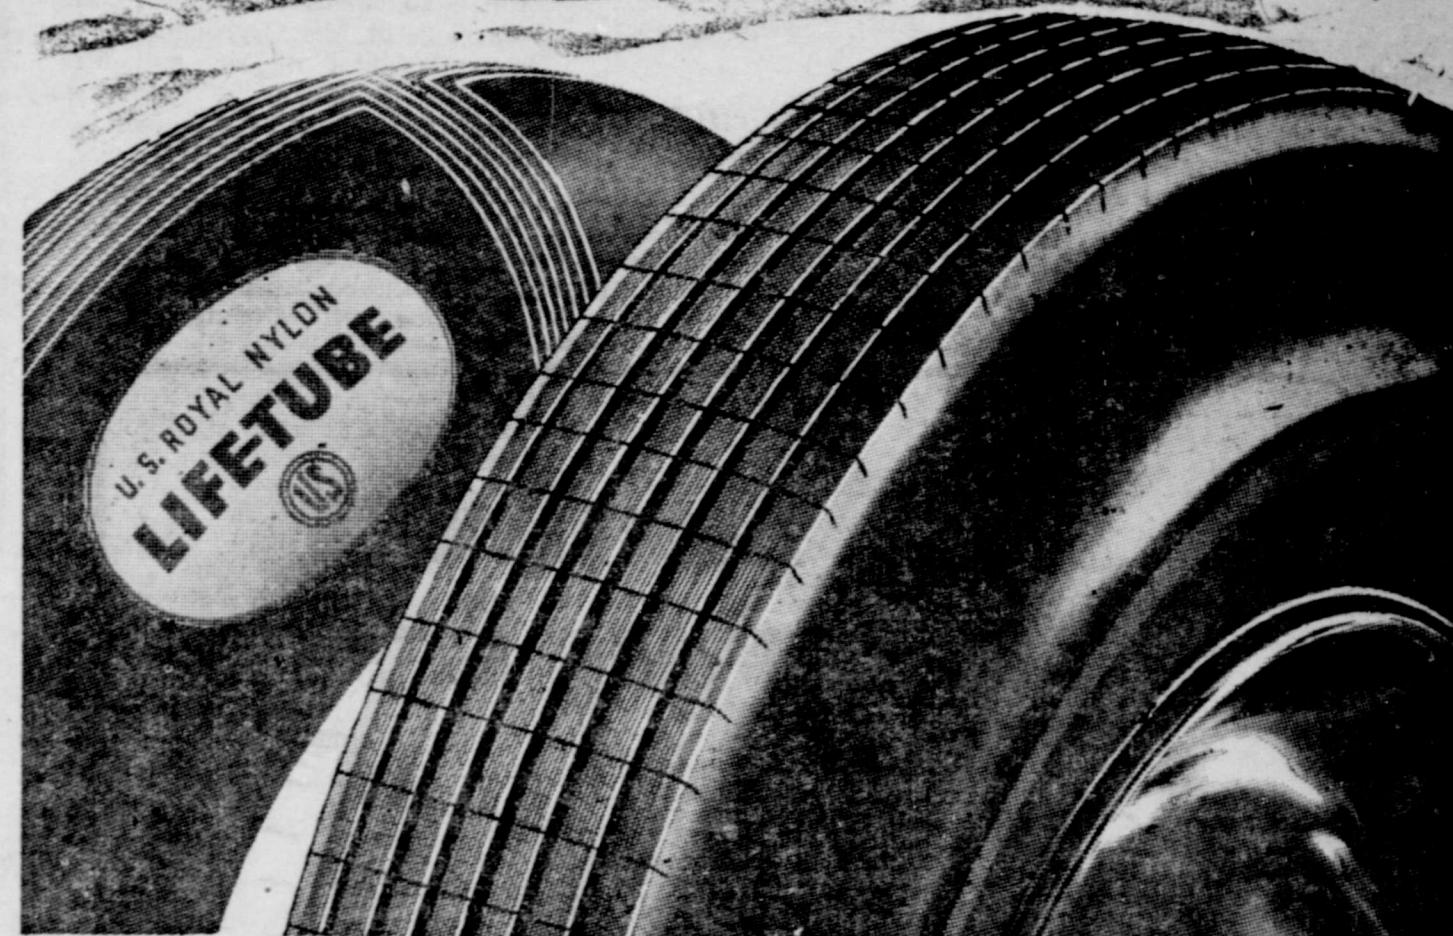

The way in which Christians treated one another was so different from what the world was used to, that an almost new word had to be used for it. When Paul went about preaching, a good deal of what he said was about himself. Was this because he had taken the place of Jesus? No, it was the other way around—Jesus had taken his place. That is, what Paul had to tell was not simply the story of Jesus "from Bethlehem to Calvary," it was not even the story of the Resurrection.

What always aroused Paul's finest eloquence was his story of what Christ had done to him, for him, through him, in him. The Gospel is the power of God, he said to the Romans. And if this were not true, do you suppose the Christian religion could have lasted as long as it has?

But the telling of this story, and the living of it, is not something the church can leave to the women, or to the preachers, or to "missionary societies." Letting the world know the news, the good news, is the business of the whole family of God.

New Notes in Cooking

Quick and easy, hearty and substantial too, are dumplings made quick-as-a-wink with packaged biscuit mix and dropped into canned chicken soup, brought to the boiling point. Cover tightly and steam about 15 minutes.

For the maximum in chicken flavor, sprinkle Ac'cent (pure monosodium glutamate) inside the bird before stuffing, and use a little in the bread stuffing itself. It brings out those wonderful chicken flavors.

Spanish as a serape is chicken, cut in pieces and browned first, then slow-baked with rice, canned tomatoes, green peppers and minced garlic.

Leftover cooked chicken, not enough to make another meal, stretches to six good servings when made into a baked chicken loaf. Any once-cooked meat regains its full, natural flavor when pure monosodium glutamate is used in its second preparation.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many deeds of kindness and expressions of sympathy extended us in our recent bereavement caused by the long illness and death of our darling husband and daddy, George Goodall. We especially want to thank Rev. Lee Hollis, Rev. Vernon Hager and Rev. J. E. Peters for the loving words of comfort, so beautifully expressed and also Mr. Chandler for his faithful service, for the floral offering, the food, the song led by Rev. Lee Vaughn and the prayer that was beautifully worded. May God's richest blessings be on each of you is our family. The Goodall and King families.

In Memory of George Goodall

Thou art gone but not forever We shall greet thee here no more But we know thy spirit's waiting For us on the other shore, Tho for days in pain you lingered E'er life's burden to lay down To exchange all pain and sorrow For a bright and shining crown On a holy Tuesday evening When the night had passed away Angels came to bear his spirit To that land of endless day To that bright eternal city To the mansion of the blest Where no pain or death can enter And the weary are at rest. Farewell, till your loved ones

greet you On that bright celestial shore Where no pain or death can enter And parting comes no more. Mrs. R. H. King, daughter.

CARD OF THANKS

We want to thank our many friends for their kind and sympathizing words of comfort during the sickness and death of our loved one, Patricia Ann. We wish to thank them for the nice food they brought in and the visits they made during the hours of sorrow for they were comforting to us. May God bless each and every one is our prayer.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many deeds of kindness and expressions of sympathy extended us in our recent bereavement caused by the long illness and death of our darling husband and daddy, George Goodall. We especially want to thank Rev. Lee Hollis, Rev. Vernon Hager and Rev. J. E. Peters for the loving words of comfort, so beautifully expressed and also Mr. Chandler for his faithful service, for the floral offering, the food, the song led by Rev. Lee Vaughn and the prayer that was beautifully worded. May God's richest blessings be on each of you is our family. The Goodall and King families.

In Memory of George Goodall

Thou art gone but not forever We shall greet thee here no more But we know thy spirit's waiting For us on the other shore, Tho for days in pain you lingered E'er life's burden to lay down To exchange all pain and sorrow For a bright and shining crown On a holy Tuesday evening When the night had passed away Angels came to bear his spirit To that land of endless day To that bright eternal city To the mansion of the blest Where no pain or death can enter And the weary are at rest. Farewell, till your loved ones

greet you On that bright celestial shore Where no pain or death can enter And parting comes no more. Mrs. R. H. King, daughter.

CARD OF THANKS

We want to thank our many friends for their kind and sympathizing words of comfort during the sickness and death of our loved one, Patricia Ann. We wish to thank them for the nice food they brought in and the visits they made during the hours of sorrow for they were comforting to us. May God bless each and every one is our prayer.

Chamber of Commerce Doings: New Road Connects Spur With Clairemont, Kent County Oil Field

SPUR-CLAIREMONT ROAD NOW OPEN

Arner Watson, Dickens County commissioner, recently completed the Dickens county segment of the road connecting the Calgary road with the Kent county road that intersects the Jayton-Clairemont road east of Clairemont. This road was among the major projects of the Highway committee of the Spur Chamber of Commerce.

The completion of the three-mile segment in Dickens county opened the road through to the oil field in Kent county via the segment which was constructed by interested oil companies.

Although there is at present no all-weather crossing at the river, the road is in good condition for light traffic and offers ranchers and farmers in that area far more adequate roads into Spur.

It is hoped by the highway committee that the road can be graveled in the near future and that a suitable bridge can be built across the river.

Delivery Service Approved
Word was received this week from Congressman George Mahon that postal delivery service for the City of Spur has been approved by the U. S. Postal Department.

However, Congressman Mahon stated in his letter to Postmaster Guy Karr, funds are not at present available to install the service here. The project will be completed when funds are available. Plans for mail delivery in Spur were initiated by the Chamber of Commerce.

Dickens-Garza Courts Meet.
The commissioners of courts of Dickens and Garza counties met last Thursday in Post to discuss the allocation of the farm-to-market road allotments toward the Spur-to-Post segment of the Broadway to the Big Bend Highway. Meeting with the two courts were J. D. McCain, George S. Link, Jr., George Gabriel and Grady Elder, representatives of the Spur Chamber of Commerce.

Although no definite commitments were made by the counties' officials, it was tentatively agreed that plans for this project will be furthered when Garza county completes an already-planned five mile stretch of highway toward Spur.

Storm Warning System Explained
With electrical storms nearly a daily occurrence and with twisters hitting over the southwest, citizens are again reminded of the storm warning system in the city of Spur.

In cooperation with the Highway patrol and local law-enforcement officers, the city will receive by radio information concerning any storm thought to be dangerous in this area. When word is received of any such storm, a series of blasts on the air whistle at the city light plant will be sounded.

Citizens are cautioned of the danger of panic in the event of a serious storm in Spur, and are urged to use sane and reasonable measures to protect themselves and their property from storm damage.

Pvts. Smiley, Mullins Complete A. F. Basic

Pvt. C. W. Smiley, 19, son of D. P. Smiley, Roaring Springs, and Pvt. Lewis R. Mullins, 19, son of Mrs. Raydon Mullins, Rt. 1, Afton, have completed their AF basic airman indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training, for airmen and women, indoctrination station for prior service enlistees, and home of AF's Officer Candidate School. Their basic training has prepared them for entrance into Air Force technical training and for assignment in specialized work. The course included a scientific evaluation of their aptitude and inclination for following a particular vocation and career.

John H. Moore and a friend, Frank Steininger of Wausau, Wisconsin, visited in the home of his parents, Mr. and Mrs. Thurman Moore this weekend. Both men are stationed at Fort Sam Houston in San Antonio and will soon be sent to North Carolina for three months of specialized training. Also visiting in the Moore home was Thurman, Jr. of Lubbock.

Slight Earthquake Felt in Lubbock, Amarillo

Lubbock (Special) — A very slight earthquake was felt in Lubbock and as far north as Exell, 14 miles north of Amarillo, shortly after noon yesterday.

The earth tremor was reportedly felt in Lubbock, Plainview, Littlefield, Amarillo and Exell. It was apparently centered near Amarillo, according to geologists at Texas Tech.

The geologists state that it was more than likely caused by faulting in the underground Amarillo mountain range extending from the West Texas town of Oklahoma. The tremor was reported at 12:37 p. m. in Amarillo and was reportedly felt for about one minute. No damage was reported.

LOCAL BUICK DEALER TO ATTEND MICH. SCHOOL

T. T. Kizer, local Buick dealer, and his wife will leave Spur Friday morning, June 22, for Flint, Mich. where he will attend the General Motor Institute.

Kizer will enroll in the advanced service training school of the Buick Motors division. The couple will be gone from Spur approximately 16 days.

Boy Scouts Start Clean-up Campaign in City Park; Weeds Being Mowed

The Boy Scouts, the Cub Scouts, the Spur Chamber of Commerce and the City of Spur combined efforts this week to start an extensive clean-up of the City Park over the hill.

Led by Raymond Gilcrease, the Cub Scouts gathered cans, bottles, paper and other rubbish over approximately one half of the park area on Monday morning.

Cubs helping in the campaign were Stanley Roy Odwin, Bobby Belcher, Eddie Hilley, Jet Barnett, Conner, Benton Watson, Guy Hugh Goen, Kenneth Hurst, Bobby Joe Smith, Johnny Mack Campbell, Ronald Williamson, David Marion, Ikey Swenson, Randall Gilcrease, Kenneth Gilcrease, and their leaders, Raymond Gilcrease and Mrs. J. E. Swenson.

With a power mower furnished by Edwards-Kelley Implement company, a city employee started mowing the police area Wednesday morning.

At 6:00 p. m. this evening, the Boy Scouts, their fathers and any other else interested in helping beautify the City Park will finish gathering up the rubbish. Mowing over the entire park should be completed by this week end.

The initial clean-up of the park area is sponsored by the Health and Sanitation committee of the Chamber of Commerce.

Pfc. K. Hairgrove To Speak Sunday

Pfc. Kenneth Hairgrove, son of Mr. and Mrs. Dee Hairgrove, will preach at the First Methodist Church, Sunday morning, June 24 at the 11 o'clock worship service.

Pfc. Hairgrove has been in training at Fort Sill, Lawton, Okla., and expects to be assigned to overseas duty in the near future.

Mr. and Mrs. C. P. Scudder spent the weekend at Possum Kingdom Lake as guests of Mr. and Mrs. M. E. Bass of Tahoka. Other friends from Arlington met them at the lake.

Mexican Laborers Available To Farm Bureau Members
The Dickens County Farm Bureau has had its application for imported Mexican farm laborers processed and approved by both the U. S. and the Mexican governments, according to S. L. Benefield.

The laborers are now available for bureau members for cotton choppers and will be available for pulpers this fall.

Members must submit the number of workers needed prior to Saturday, June 23, states Benefield. The laborers should be in Spur on or before June 30.

To acquire the services of these Mexican nationals, the farmers must pay transportation from the border and must post bond for each laborer used, according to Benefield. The bureau will transport the Mexicans both ways but the farmers must reimburse the bureau for transportation costs.

Mr. and Mrs. James Schultz and Dana of Odessa, and Mr. and Mrs. Grayford Head of Lubbock were guests in the home of Mr. and Mrs. Bob Westerman last weekend.

**Work Is Begun On
Spur City Directory**
Chamber of Commerce officials have given the Moorhead Directory Co., the "go ahead" signal to begin a canvass of the business and professional firms of Spur for the publication of a City Directory.

The book is to be composed of five sections:
1. Alphabetical section showing head of house, wife's given name, number of children under the age of eighteen, home ownership, occupation, street address and telephone number. Each firm will be in alphabetical order, showing address, telephone number, ownership, and the type service rendered.

2. Classified section: Each and every firm will be classified in separate section under their proper heading, without change.
3. Street Section: Each street name in alphabetical sequence, with house numbers in numerical sequence, with head of house name, home ownership, and telephone number.

4. Numerical telephone section: Each telephone number appearing in numerical sequence.
5. County List: Showing heads of house outside City of Spur throughout Dickens county.

A supplementary book is to be published which is to be given free to every home in the City of Spur and rural box holder in Dickens County.

The firm is a member of the Association of North America Directory Publishers, which will furnish a directory library of other cities to be placed in the Chamber of Commerce office for free reference to the people of Spur.

Business and professional offices will be canvassed before the residence enumeration starts, which will begin about July 10th. Several local ladies will be hired to make the residential enumeration.

Full co-operation in giving this information and data is asked by Grady Elder Sec.-Mgr., Spur Chamber of Commerce.

Tentative delivery date September 20th 1951.

Mr. and Mrs. Winston Barclay of Midland were guests in the homes of their parents, Mr. and Mrs. A. M. Karr and Mr. and Mrs. Claude Barclay last weekend.

Mr. and Mrs. W. L. Richey were guests in the home of their daughter, Mr. and Mrs. Alfred Walker Sunday.

Mrs. G. W. Rash underwent minor surgery in Sweetwater and is reported to be improving rapidly.

Cook states that "we are proud to welcome these workers to our faculty."

City Drug Team Takes Lead; H.-McA. vs V. F. W. Tonight

The City Drug Softball team took over undisputed lead in the Spur Softball league Tuesday night by defeating the V. F. W. nine 7-3. This victory for the City Drug and last week's Phillips "66" victory over the Fireboys broke up the four-way tie for the lead that existed last week.

Last Thursday night James Morrison pitched the "66" boys through a close one over the firefighters with Fred Kinney on the mound. When the smoke and dust cleared it was Phillips by a 13-12 score. It marked the second win in as many games for the up-and-coming Phillips "66" bunch.

Refusing to remain in the cellar alone, the Baptist Brotherhood matched the Phillips win with a surprise victory over Proctor's too. Glenn Williams was the winning pitcher.

Tuesday night's opener saw Proctor's fighting for a first division berth with a 16-11 win over Phillips "66". Jay Austin received credit for the victory after being relieved for an inning by Dab Brumfield.

J. B. Haralson, lasted the distance in the City Drug-V. F. W. game Tuesday night for the victory over Dupree Allen and D. R. Gilbert. Allen was charged as losing pitcher.

The Hoover-McAtee will have an opportunity to move up with City Drug on the top rung tonight when they meet the V. F. W. in the opening Phillips. The Fireboys and Baptist Brotherhood meet in the night cap tonight.

Next Tuesday the City Drug meets the Baptists in the opener followed by Fireboys vs Proctor's. Phillips "66" has been assigned gate duty tonight with the V. F. W. in charge of the gates next Tuesday.

Officials Study Plans For Spur City Hospital

David S. Castle, Jr. and Daniel Boone, representing the David S. Castle and Son architectural firm of Abilene, met with the City Commission and the Hospital committee Tuesday night in Spur and submitted a preliminary drawing of the floor plan for the Spur hospital.

The plans were submitted for the approval or alteration or rejection by the city officials. Mayor Ned Hogan states that the city officials will make a thorough study of the proposed floorplan and will invite local doctors and nurses to make a similar study. Copies of the plans are in the City Hall and the Texas Spur office for all citizens interested in the project to see.

Mayor Hogan states that his initial opinion of the plan is very favorable, pointing out that the architects have so arranged the floor plan that maximum efficiency should be possible.

After reasonable consideration and any alterations that seem to be necessary, the plans will be submitted to Austin for final approval.

Although the federal funds for the construction have not yet been allocated, Mayor Hogan states that he is reasonably sure that word will be received concerning this by July 15. The architects will prepare the working plans and specifications as soon as this information is received.

Misses Rector, Wade Enroll At T. S. C. W.

DENTON, Tex. June 21—Miss Myra Creola Rector and Miss Gladys Parrylea Wade, both of Spur, are enrolled in summer session classes at Texas State College for Women.

Along with academic courses regularly offered at the college during the summer session, TSCW has also scheduled about 29 workshops.

These workshops are designed to appeal to teachers, housewives, writers, lunchroom workers, recreation supervisors, swimmers and office workers.

Miss Rector, daughter of Mr. and Mrs. Jack Rector, is a senior student majoring in speech while Miss Wade, daughter of Mr. Mary Bingham, is a sophomore home economics education major.

Local Pool Used To "Beat The Heat"

Managers of the Spur Municipal Swimming Pool announced yesterday that the initial "Ladies Day" at the local pool was successful considering the cool weather.

It is planned to continue the Tuesday morning session for ladies only over a long enough period of time to indicate whether a sufficient number of ladies ladies wish to swim at this time, states James Cowan, city manager.

At the regular session of the pool, attendance has been good this summer, states Cowan.

A new vacuum-type cleaning instrument is being used by the managers of the pool to keep the water as clean as possible. The pool dressing rooms and grounds are cleaned daily and the water and bottom of the pool are being cleaned once a week with the vacuum cleaner.

Ladies who wish to swim during the special ladies session are invited to come each Tuesday morning from 9:00 until 11:00 a. m.

Camp Dates Slated For 4-H Girls

The Dickens County 4-H Club girls encampment will be held at Roaring Springs on Friday and Saturday, July 13 and 14, Mrs. Jack Gordon, 4-H adult leaders chairman announced today.

Every 4-H girl and her mother are invited to attend. An outline of the tentative program includes group singing, craft period, basket weaving, baseball, swimming, stunts and other activities.

A bakery sale will be sponsored by the 4-H club girls in Spur, Saturday, June 30, to pay camp expenses of the girls.

Gail Williams is spending the summer in Bastrop attending the band school conducted by her brother. Gail is the daughter of Mr. and Mrs. Al Williams. On their return trip from Bastrop, the Williams were caught in the storm that hit Abilene.

Buick's newest engine — the F-263 Fireball — gives this year's SPECIAL the highest power in SPECIAL history

Remember-only BUICK has a FIREBALL ENGINE

WE get a chuckle, sometimes, over all the fuss that's being made about "new engines."

You'll note that the key feature of their design in every case is the valve-in-head principle — whether these engines are already in production or still in the dream stage.

Fact is, it takes this design to get the most from "high compression" — and how high you can go depends upon the available fuel. Using this design, wartime aircraft engines operated on 100 octane gasoline.

It also takes this design to get the more-miles-per-gallon which folks like in an automobile.

So what gives us a chuckle is this: No other type of engine has ever been used in a Buick — which means that Buick owners, all along, have

When you come to check the field you'll find that there's a great freedom from roughness in this engine's operation — owing to the fact that the whole mechanism itself is engineered smooth, and the further fact that every Fireball Engine gets a Maropulse balancing after assembly.

trick word. It describes what happens in this engine. Inrushing fuel rolls into a swirling ball of gasoline vapor compacted around the spark plug. And when the fat spark sets it off, a cyclone of power lets go.

Of course, a Fireball Engine, being a valve-in-head, keeps pace with high-test fuel, when it comes to "high compression."

But what's more important in the present state of the world is this: A Fireball Engine is designed to handle the not-so-high-test fuel we may be getting in the not-too-distant future.

So, if you want to sample all that's fine in motorcar engines, your Buick dealer is the man to see. Come in soon, and find out what the rest of the world has been missing.

Development, engineering, price and model are subject to change without notice.

The trucks that do the most for you.

NEW DODGE

"Job-Rated" trucks

...with features you've always wanted

More power with thriffter performance

You'll get power to spare—with economy to boot! Eight Dodge truck engines—94 to 154 horsepower—give power increases up to 20%. High compression gives flashing performance with low fuel. For year-in, year-out economy you get 4-ring pistons with chrome-plated top ring, "hotter" spark plugs (on models through 1 ton), heat-resisting exhaust valve seat inserts, 45-ampere generator, and moisture-proof ignition.

Better load protection...easier handling

Load and driver get the smoothest truck ride ever known! Revolutionary new "Oriflow" shock absorbers on 1/4-, 3/4-, and 1-ton models smooth out bumps and jolts on any road... And driving is made even on most models. To add to safe handling ease, you also get cross-steering, shorter wheelbase, wide front tread, and shorter turning diameter.

What "Job-Rated" means to you

A Dodge "Job-Rated" truck is engineered at the factory to fit a specific job... save you money... last longer. Every unit from engine to rear axle is "Job-Rated"—factory-engineered to handle a specific load over the roads you travel and at the speeds you require.

Every unit that SUPPORTS the load—frame, axles, springs, wheels, tires, and others—is engineered right to provide the strength and capacity needed. Every unit that MOVES the load—engine, clutch, transmission, propeller shaft, rear axle, and others—is engineered right to meet a particular operating condition.

Greater safety for both driver and load

Cyclebond brake lining on all models assures positive, smooth stops with long lining life—because there are no rivets! Crime - Busting Limelighted As Texas Legislature Closes 52nd Session

AUSTIN—The crime-busting 52nd Legislature has adjourned but the laws it passed were being studied by law enforcement officials this past week and its House Committee to Investigate Organized Crime was preparing for another public hearing.

The House crime committee was studying records and getting set for the public hearing on the Maceo gambling group in Galveston. The hearing is slated for June 25.

With the aid of Attorney General Price Daniel, Director of Public Safety Homer Garrison and State Auditor C. H. Caviness, the five-man House Committee is assembling its evidence. The committee also has asked public officials of Galveston to testify at the hearing.

Six major crime-prevention laws were passed during the session and a dozen or more bills tightened court procedures bringing criminals to justice.

The new laws outlaw the mere possession of slot machines, punchboards, and policy or "numbers" games, and nitro-glycerin used for safe-cracking and bombing. The Legislature placed a tighter clamp on "goof balls," the small barbiturate pills that result in emotional binges which frequently lead to criminal activities, and wrote a new and strong law against "hot checks."

The Texas House of Representatives' big club in the war against organized crime is the creation of the continuing crime committee to investigate local crime conditions in Texas and report back to the next session of the Legislature with recommendations for further laws curbing crime. The State Senate authorized its general investigating committee to do likewise.

Slot machines were a principal target of the Legislature. The new law gives owners or those possessing slot machines until Sept. 7 to get rid of the one-arm bandits. After that possession of slot machines can mean to four years in the penitentiary.

Punchboards were outlawed with penalties of \$100 to \$1,000 fines or 30 days to a year in jail, or both, slated to be given violators for the possession of such devices.

The policy games, or "numbers racket," were made illegal in the closing hours of the session. Violations of this law will result in fines of \$100 to \$1,000, or up to 90 days in jail, or both.

The new "hot check" law is aimed at the bad faith writer of such checks. It provides for fines of \$200 to \$10,000 or prison sentences of two to 10 years, or both, if the maker of a bad check does not make it good in 10 days after notice. The bill was written this way to protect a person who innocently writes a bad check.

People who illegally sell, manufacture or possess "goof balls" will be punished by a fine of \$1,000 or a jail sentence up to two years, or both.

Proper Amount of Poison Per Acre Urged By Expert

COLLEGE STATION, June 21—Good control of cotton insects has been obtained experimentally with nozzles that deliver quantities of spray ranging from 1.8 to 13.5

gallons per acre. The important thing is to apply the proper amount of insecticide, says Texas A. & M. entomologists.

For farmers who have trouble figuring the amount of poison they are applying per acre, Extension Entomologist A. C. Gunter has a simple solution. He suggests filling the tank with water and spraying an acre of ground. Then, the gallons of water used can be determined, and the amount of insecticide needed in the tank can be figured.

For example, a farmer with a 50-gallon tank might want to apply one pound of poison per acre. If five gallons of water were required to fill the tank after one acre had been sprayed, he would need 10 pounds of poison in the 50 gallons of spray solution.

Under experimental conditions dusts and sprays have given equally good insect control. But because of weather conditions common to Texas, applying insecticides by spraying is preferred by many farmers. A. & M. entomologists believe the hollow cone type nozzles give better coverage than the fan type nozzles. An ideal spray pressure is about 60 pounds.

One nozzle per row gives satisfactory control of cotton plants that are not more than 10 inches

high. For plants between 10 and 22 inches high, two nozzles per row are needed. Three nozzles per row are recommended for plants over 22 inches high—with one on each side and the third directly above the row.

Gunter says it is usually better to have the spraying equipment mounted on the rear of the tractor. This keeps the insecticide from collecting on the tractor and getting on the operator.

Texas A. & M. agricultural engineers have developed plans for a new home-made row crop sprayer. The design calls for rear mounting, which will permit cultivation along with the spraying operation. Plans for constructing this sprayer may be obtained by requesting Plan No. 379 from county Extension agents.

Gunter suggests that cotton growers ask their county agents for copies of the 1951 Guide for Controlling Cotton Insects.

At least one and preferably two tons of good hay should be put up during the haying season for each cow in the dairy herd.

Go to church Sunday

Fireproof housekeeping should be practiced by every homemaker. It just means doing the job neatly and thoroughly.

Foreign students from some 20 different countries will participate in the activities planned for the 1951 Texas 4-H Club Roundup.

The annual Texas 4-H Roundup and Extension Conference will be held on the campus of Texas A. & M. College during the week of June 24 - 29.

The recreation program conducted by the Texas Agricultural Extension Service provides a training ground for the development of talent, social poise and self confidence of youthful rural leaders.

ARTHRITIS

Hundreds Claim Its Grip Broken!

Dear Friend:

Do you have Arthritis? Have you a relative or friend that is suffering from this painful, distressing ailment?

I came upon a simple remedy, that ended by long search and battle to rid myself of Arthritis. I had teeth pulled, tonics out, serum shots, electric fever treatments, special built shoes, hot baths, pills and salves. The Arthritis withstood them all, and examination in several of the best known clinics could detect nothing. Finally, I discovered Sulgly-Minol. Today, after seven months I am more free of pain and soreness than at any time in twenty years. Can work ten hours a day, with nothing more than tired feet. Legs, hips, back, neck and arms are practically free of pain and soreness. This has cost me less than six dollars.

This is all I did, and all you will have to do to try Sulgly-Minol. Just rub it on the soles of both feet before going to bed. A bottle will last about a month and will be enough to tell whether it will help. If it helps, keep it up for a month, and after that, just as you feel. If my feet feel sore from too much activity, I rub some on for a night or two. In my opinion, the benefits of Sulphur are more sure and complete on the soles of the feet. The results obtained have been acclaimed by many as a Godsend.

Mafoi Carlisle Weds Burton Bogitsh In Recent Single Ring Ceremony

Miss Mafoi Carlisle, daughter of Mr. and Mrs. Rex Carlisle of Spur, became the bride of Burton J. Bogitsh, son of Mr. and Mrs. Leonard Bogitsh of Brooklyn, New York on Wednesday, June 6.

The ceremony was performed at 5 p. m. at Garfield Temple in Brooklyn with Rabbi Eugene Sacks officiating for the single ring ceremony.

Maid of honor was Miss Claire Bogitsh, sister of the groom. George Saporin served as best man.

Given in marriage by her father, Rex Carlisle, the bride wore an informal wedding gown of ivory satin and imported Venice type lace. The strapless gown, outlined at the top edge with a band of lace and tied with a satin bow at the left side, was worn with a bolero of lace. From the fitted bodice the ballerina length skirt

was gathered into colonial fullness. The short veil of silk illusion was joined to a Juliet type cap of lace. The bride wore ivory pumps of matching satin, and she carried a white orchid on a white prayer book.

The wedding dinner and reception were held in the home of the groom's parents.

After a honeymoon trip to New York, the couple will reside at 366 East 58th Street, Brooklyn, N. Y.

HD Club Studies Energy Savers

Mrs. Paul Hotcho was hostess to the Dry Lake Home Demonstration Club at her home Tuesday, June 12.

The program was based on ideas for work simplification. Mrs. Lon Bass and Mrs. W. E. Ballard gave demonstrations on how to plan housework in order to save steps, energy and motions, even on something as simple as making a bed.

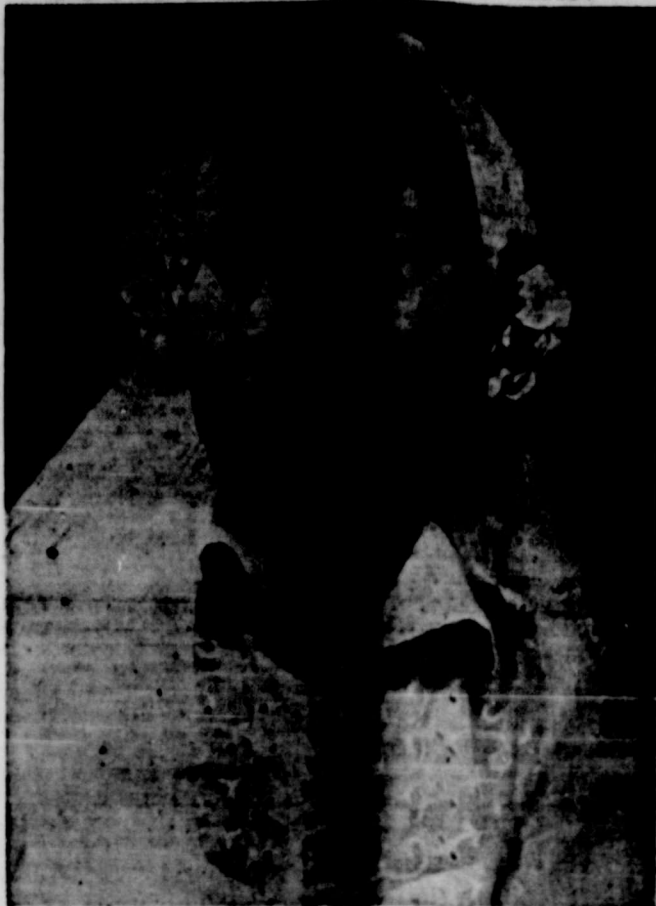

Members present were Mmes. Dopson, Draper, Calvert, Pickens, Bass, Gordon, Gamon, Karr, Lasseter, Smith, Bingham, Hotcho, Ballard, and McMahan. Guests attending were Mmes. Crockett and Hatcher, and Misses Gaynel Bass and Alice Jo Crockett.

Roberson - Cypher Vows To Be Read

Announcement is being made of the engagement and forthcoming marriage of Miss Byrdan Roberson, daughter of Mr. and Mrs. Everett Roberson of Spur, to Hugh F. Cypher, Jr., son of Mr. and Mrs. H. F. Cypher of Borger.

The ceremony will be read at 10 o'clock in the morning, June 30, in St. Elizabeth's Catholic church, Lubbock. Rev. William F. Blakeslee will officiate.

RECENT BRIDE OF SPUR MAN

Miss Martha Jane Barnes of Dallas became Mrs. William Paige Gollihar in a double ring ceremony performed recently in the Munger Place Church of Dallas. William Paige Gollihar is the son of Mr. and Mrs. Paige E. Gollihar of Spur.

1933 Study Club Selects Theme

The 1933 Study Club met for a call meeting at the home of Mrs. Larry Boothe, Tuesday afternoon, June 19.

Plans for the new club year's study theme were discussed and a course of study theme voted on by the club. Members were given names of their "adopted" daughters who are members of the Daughters of the 1933 Study Club.

New members voted into the club were Mmes. Walter Gruben and Ray Galloway.

Ice cream, cookies and iced tea were served to Mmes. H. W. Durham, Coy McMahan, C. F. Cook, J. C. Payne, O. R. Cloude, Grady Lackey, R. L. Walker, W. F. Patrick, Cal Wright, and the hostess, Larry Boothe.

WMS Studies Minister Relief

The members of the First Baptist WMS met in the church annex for a program on ministerial relief Monday afternoon, June 18, with Mrs. Elmer Hagins as program leader.

The program, entitled Fishers of Men, was based on Mark 1:16-20. "Jesus Calls Us" and "Follow On" were hymns used to emphasize the theme. Mrs. Hagins discussed "I Will Make You Fishers of Men" and "And Follow Him" was the topic used by Miss Maybelle Thornton and Mrs. Jean Sneed discussed "And They Beckoned." Malcolm Edwards sang a solo, "All on the Altar," at the close of the program.

Rev. and Mrs. H. L. Burnham were honor guests and were presented with a gift of appreciation. Punch and cookies were served to the approximately twenty members present.

Husbands Feted With Steak Fry By Cauten Circle

The members of the Eloise Cauten Circle of the First Baptist WMS were hostess to their husbands at a steak fry Friday evening in the picnic area behind the Starcher apartments.

Broiled steaks headed the menu including potato salad, vegetable salad, baked beans, iced tea, and ice cream.

Attending were Messrs. and Mrs. Alfred Walker, J. B. Harrison, E. E. Caudle, Jesse Morrison, Jimmy Hudson, W. B. Francis, Grady Lackey, Grady Elder, C. P. Scudder, Wendell Smith and Doug Hinson.

Many Texas cotton farmers favor the use of sprays for controlling insects. The reason—sprays can be used with good results even on dry, rather windy days. Recent experiments have shown that very little water is needed as an insecticide carrier.

30 States, Canada Enter Hereford Show

More than 50 aristocrats of the Hereford cattle breed from 30

states and Canada will compete in the Pan-American Hereford Show at the 1951 State Fair of Texas, Oct. 6-11, Ben E. Cabell, chairman of the fair's livestock committee, has announced.

Premiums of \$25,000 plus six silver service trophies valued at \$3,000, will be at stake in this, the greatest cattle show in the history of the fair. The awards are the highest the state fair has

ever posted for any one show. One of the highlights of the 1951 fair will be the spectacular Parade of Champions on the evening of Oct. 9 in the fair's new \$125,000 Livestock Judging Pavilion. This big free show will be

a dramatic presentation of the great Hereford breed, a tribute to the importance of the Hereford industry in Texas and the Southwest, Mr. Cabell said.

The show will be widely publicized in all Pan-American coun-

tries. Livestock and agriculture leaders and government officials from Western Hemisphere nations will be invited. And, of course, all state Hereford associations in the United States have been invited to participate.

First prizes will be awarded in all individual and group classes, starting at \$100. A new feature will be the award of \$200 to the champion bull and female and \$150 for the reserve champion bull and female. First prize award for the get-of-sire class will be \$200.

Silver service trophies will be awarded owners of the champion and reserve champion bulls and females, the get-of-sire class winner, and the best ten head.

The show will take a practical approach to Hereford raising that will appeal especially to commercial cattlemen in the newly developed livestock areas of East and North Texas, as well as to ranchmen of West and South Texas, Mr. Cabell said.

"It is entirely fitting," Mr. Cabell said, "that our new Livestock Judging should be opened

with the Hereford show of the year, the Pan-American National. Coupled with our \$250,000 cattle barn, which it adjoins, the new pavilion gives us facilities for showing and viewing fine livestock equal to the best in the Southwest."

The planting of supplemental forage crops is insurance against a shortage of summer grazing and forage for winter feeding.

"I just knew this would happen!"

THIS YEAR about 1½ million couples are getting married and setting up homes of their own. The brides of today want modern homes, modern conveniences. They demand the best... they're insisting on cool, clean, thrifty electric cooking... on the safety and economy of electric refrigerators that make once-a-week shopping possible. Yes, these modern brides want the many electric servants that make life comfortable and convenient.

Here in West Texas, they'll have them, too! For power lines and power plants are

ready in advance. Your business-managed electric service company plans things that way. There's ample electric power to make all these new homes comfortable and convenient—as well as power for industry and defense as needed.

In fact, the West Texas Utilities Company has increased by 63% its generating capacity since 1946. Actually added more than 70,000 horsepower capacity during the last five years... and has scheduled for the near future installation of additional power units.

Tell the Story!

Lesson for June 17, 1951

"TELL me the old, old story!" is a favorite hymn in many places. But the first Christians would have been considerably puzzled by that hymn if you had tried it on them. It was no old, old story for them, it was not news.

Whatever objections people may have had to Christianity in those days, they never said it was "old stuff." More than that, Christians did not go around telling one another the story of Jesus. When Jesus said, "Be my witnesses," his first hearers did not think he meant "only to those for whom it is an old story."

The early church was by no means an organization devoted to repeating something they knew by heart, like the ritual of a lodge. It was devoted to telling the good news about God to people who did not know that God had any good news.

The Gospel Is a Story
The saying has been quoted in this column before: Christianity first came to the world not on the editorial but on the news pages. Christianity is not God's new advice to the world. It is first of all the something God has done for the world.

"Gospel" in Greek means simply good news. It is the story of Jesus, the kind of person he was, the kind of truths he taught, the kind of work he did, the death he died. But the story of Jesus is more than the story of a man, uniquely great though he was.

It is, after all, the story of God. God who became man so that in the life of Christ Jesus we can read the unfathomable God, see the Invisible, know the Great Unknown. The early Christians were not theologians, and they did not use the language of big formulas that confuse the

thought were to hammer out. They never used the word "Incarnation" and seldom used the word "Atonement." But that was what they were driving at.

The Story Is a Challenge
LOOK through the book of Acts for the story of Jesus as the early Christians told it, and you will see that the Incarnation and the Atonement are there. The Incarnation—that God has lived among us as a man among men, that the glory of God is in the face of Christ. The Atonement—that for Christ's sake God offers forgiveness to all men, that the door to God's love is a wide-open portal.

The early church taught and told this; but not just as a story to entertain or inform, not as a puzzle to be solved, not as something to be believed or not, as we please; but as THE story, not only the "greatest story ever told" but beyond any comparison the most important.

If you cannot see God in Christ, where can you see him? If you will not take God's forgiveness for Christ's sake, then what right have you to look for forgiveness at all?

Christianity Is a Life
THE readers of the book of Acts will discover that the early Christians were not simply preachers. They lived a new sort of life. The essential thing was that they lived as a family—the family of God. They so lived that few have fully imitated them since.

The way in which Christians treated one another was so different from what the world was used to, that an almost new word had to be used for it.

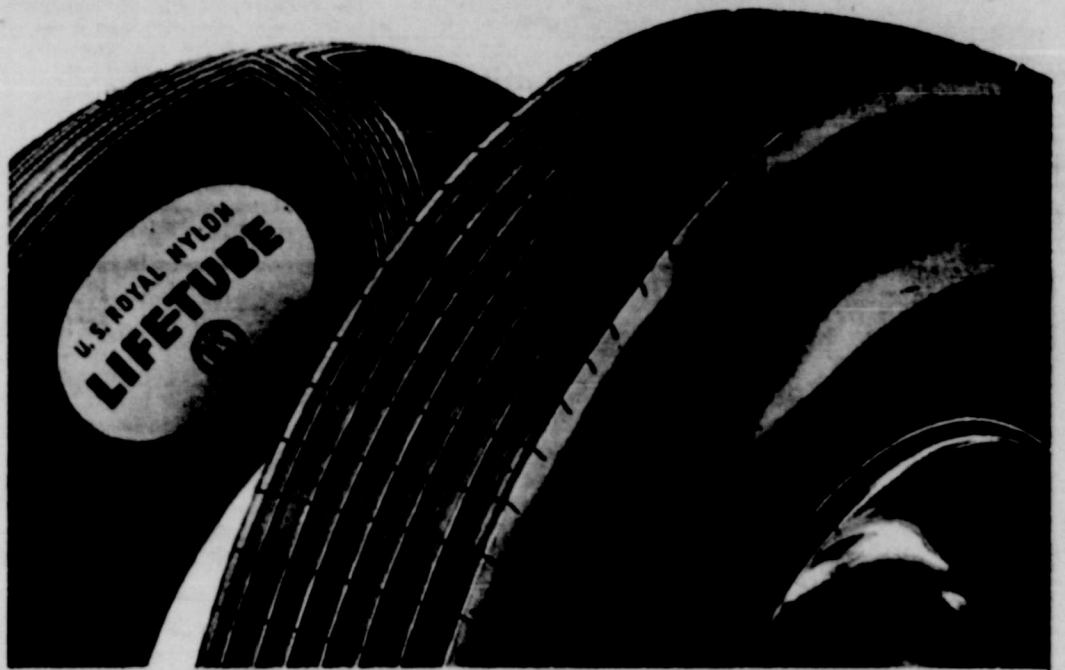

When Paul went about preaching, a good deal of what he said was about himself. Was this because he had taken the place of Jesus? No, it was the other way around—Jesus had taken his place. That is, what Paul had to tell was not simply the story of Jesus "from Bethlehem to Calvary." It was not even the story of the Resurrection.

What always aroused Paul's finest eloquence was his story of what Christ had done to him, for him, through him, in him. The Gospel is the power of God, he said to the Romans. And if this were not true, do you suppose the Christian religion could have lasted as long as it has?

But the telling of this story, and the living of it, is not something the church can leave to the women, or to the preachers, or to "missionary societies." Letting the world know the news, the good news, is the business of the whole family of God.

New Notes
in Cooking

Quick and easy, hearty and substantial too, are dumplings made quick-as-a-wink with packaged biscuit mix and dropped into canned chicken soup, brought to the boiling point. Cover tightly and steam about 15 minutes.

For the maximum in chicken flavor, sprinkle Accent (pure monosodium glutamate) inside the bird before stuffing, and use a little in the bread stuffing itself. It brings out those wonderful chicken flavors.

Spanish as a scrape is chicken, cut in pieces and browned first, then slow-baked with rice, canned tomatoes, green peppers and minced garlic.

Leftover cooked chicken, not enough to make another meal, stretches to six good servings when made into a baked chicken loaf. Any once-cooked meat regains its full, natural flavor when pure monosodium glutamate is used in its second preparation.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many deeds of kindness and expressions of sympathy extended to us in our recent bereavement caused by the long illness and death of our darling husband and daddy, George Goodall. We especially want to thank Rev. Lee Hollis, Rev. Vernon Hager and Rev. J. E. Peters for the loving words of comfort, so beautifully expressed and also Mr. Chandler for his faithful service, for the floral offering, the food, the song led by Rev. Lee Vaughn and the prayer that was beautifully worded. May God's richest blessings be on each of you is our prayer. The Goodall and King families.

In Memory of George Goodall

Thou art gone but not forever. We shall greet thee here no more. But we know thy spirit's waiting. For us on the other shore. Tho' for days in pain you lingered. Ever life's burden to lay down. To exchange all pain and sorrow. For a bright and shining crown. On a holy Tuesday evening. When the night had passed away. Angels came to bear his spirit. To that land of endless day. To that bright eternal city. To the mansion of the blest. Where no pain or death can enter. And the weary are at rest. Farewell, till your loved ones

greet you
On that bright celestial shore
Where no pain or death can enter
And partings come no more.
Mrs. R. H. King, daughter.

CARD OF THANKS

We want to thank our many friends for their kind and sympathizing words of comfort during the sickness and death of our loved one, Patricia Ann. We wish to thank them for the nice food they brought in and the visits they made during the hours of sorrow for they were comforting to us. May God bless each and every one of us in our prayer.
