By Mike Pomper

### The contest has started!

Well, folks, the annual football contest got off to a great start last week, with a huge number of local folks entering.

If you missed last week, please enter this week. You are eligible for the weekly cash prizes and you still have a chance at the overall Grand Prize - the Dallas Cowboys tickets.

I always enjoy the start of the football contest, since I get to see folks I haven't seen in awhile. On the other hand, by week 10 or 11, I'm ready for the contest to end. It takes a bit of time to score the games each week.

The part I like best about the contest is seeing the number of families who participate, like the Taylors, the Cargiles, the Kirklands, the Cochrans, the Dannheims, the Nicholises, the Browns, and so on.

As I've written, the contest is a fun family game that parents and their kids can chat about over the dinner table.

And it's always fun to talk with the kids who like to brag that they do better on the contest than their folks. And they often do! Remember last year? Brett Curtis, a Farwell 12 year old, won the Grand Prize.

Another fun part of the contest is having so many area businesses participate. Employees from many firms, ranging from Fab Steel in Clovis to Bovina Feeders to Sherley-Anderson grain elevator in Lazbuddie to Tri County Tire in Farwell play the game.

This year, we have employees of two more businesses playing along, and we'd like to

welcome them: Sherley - Anderson - Pitman grain elevator in Farwell, and Friona Motors.

And we get individual entries from a large area. While the bulk of our entrants are Texico - Farwell and Lazbuddie folks, we do get entries from folks in Lubbock, Muleshoe, Clovis, Friona, Hereford, Portales, Bovina, etc.

That's great. Our contest is open to everyone. It's just for fun.

\*\*\*  
I watched the Dallas Cowboys play their opener against Pittsburgh Sunday, and the 'Pokes look devastating.

If Dallas stays healthy, everyone else is second best.

I felt one of their keys this year would involve their field goal kicking. Well, that rookie Boniol hit 4 of 4 field goals and both extra points. If that doesn't help, his self-confidence, nothing will.

And watching those offensive mastodons open gaping holes for Emmitt Smith was something else. And it was done against a very good team! Impressive...

Aikman, as usual, showed why he's the best QB in the league. Unflappable, he seems to always be on target. And that offensive line gives him the time he needs to pick apart any team.

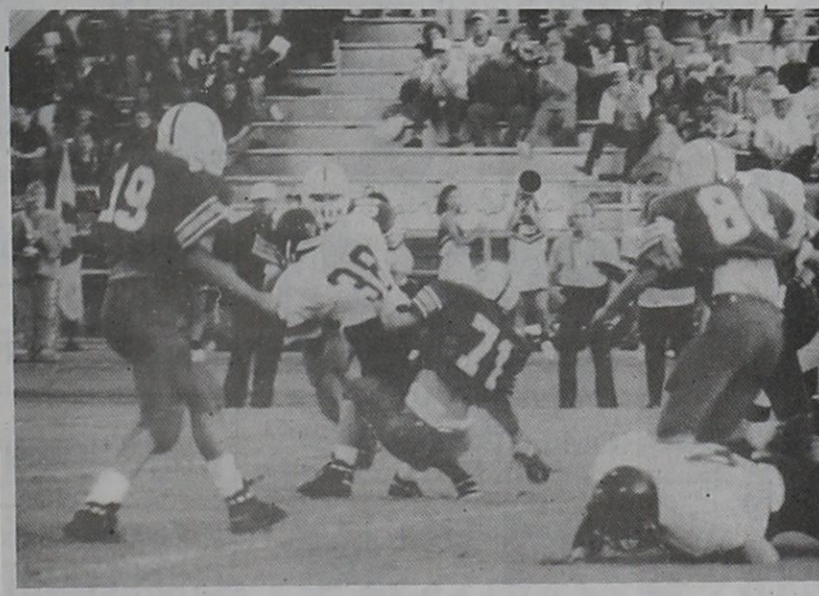

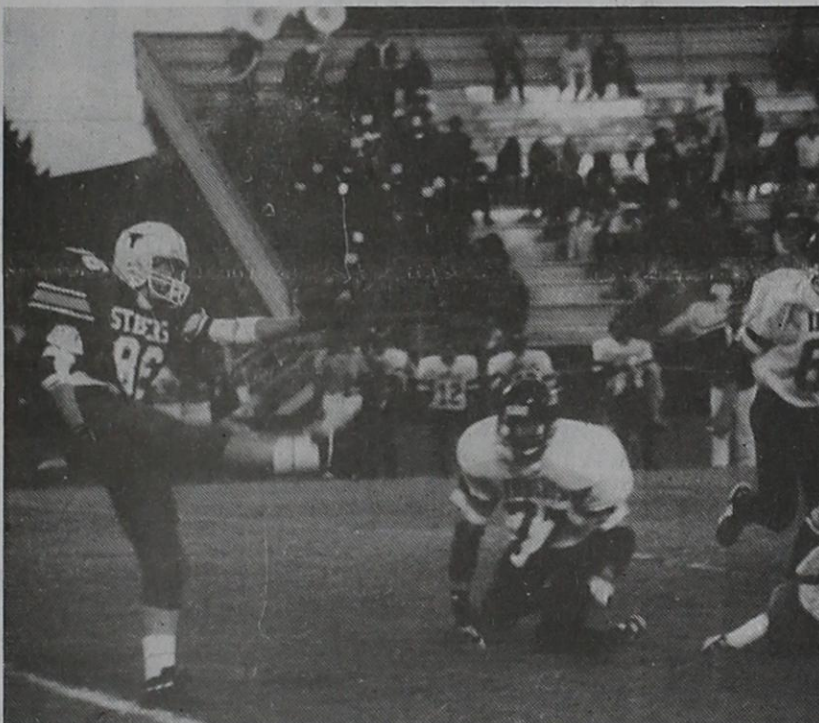

I realize that one game doesn't a season make. But all those folks who picked the Cowboys to fall apart with the departure of Jimmy Johnson better take a second look.

I'm looking forward to the game against the 49'ers in the playoffs. I bet the Cowboys will kick some butt.

\*\*\*  
Although Farwell lost to Morton last Friday, the Steers are much improved and far more competitive than last year. I predict a good season for the kids.

## Taylor wins 1st grid tilt

It was another huge start for the annual Area Merchants Football Contest last week.

The number of first-game contestants was very high - 377. By game's end, about 600 folks are expected to participate.

There were a lack of upsets in the games on last week's card, which always spells high scores. And that was exactly the case.

But only one of the 377 entrants managed to pick all the games correctly - Greg Taylor, of Farwell. For his feat, he won the first place cash prize of \$10.

Eleven contestants had 11 games picked correctly. By virtue of being closest to the tie breaker, the second place cash prize of \$5 went to Johnny Crozier of Lubbock. He was 5 off the tie breaker - Morton 20, Farwell 8. He is the father of John Crozier, of Farwell.

Others with 11 right, and their totals off the tie breaker, were: Sheryl Taylor, 12; Stan Stroebel, 17; Jim Mosier, 7; Ysleta Kittrell, 6; Shaun Haseloff, 6; Doug Dillon, 7; Tracy Devault, 14; Wade Cargile, 6; Kyndra Allen, 22, and Scott Brown, 21.

With 10 right were:

Tim Allen, Bill Bournon, Vicki Bowery, Claire Brown, Courtney Carthel, Darla Cochran, David Dannheim, Melissa Garland, Tonya Gartin, Mark Williams, Smokey Gast, Charlie Gustin, Bob Hart, Allen Jobbs, Julian Jaime, Jack Allen Kirkland.

Also, Rick Lewis, Mike Woods, Michael Lucio, C.L. Mahaney, Gail Morris, Alan Warren, Clyde McDonald, Otis McMillan, Tom Nichols, Dick Pylant, K. Risher, Billy Roberts, Appy Sanchez, Jason Schilling, Brock Taylor, Dolores Taylor, Jack Taylor, Matt Taylor and Lois Thornton.

Last week's results were: Amarillo over Clovis, Muleshoe over Portales, River Road over Friona, Meadow over Lazbuddie, Southern Cal over Washington, Florida State over Virginia, Michigan over Boston College, Texas Tech over New Mexico, NY Giants over Philadelphia, Chicago over Tampa Bay, Green Bay over Minnesota, and Dallas over Pittsburgh.

The games most missed by the participants were the Lazbuddie - Meadow, Amarillo - Clovis, Southern Cal - Washington and Dallas - Pittsburgh contests.

Rules for the 1994 contest are the same as in the past. A person must be at least 12 years of age to enter. Games are divided among high school, college and pro games.

Each entrant must remember to pick a tie breaker score, since many weekly winners and some overall grand prize winners have been determined by this method.

Each week's scoring is tabulated and kept on public view at the Tribune office. Standings are posted each Monday and may be seen during regular business hours.

All entry blanks must be turned in to the Tribune office by 5 p.m. cdt Fridays, or if mailed, bear a Friday postmark.

The overall winner of the 12-week contest wins a pair of free tickets to the Dallas Cowboys - Cleveland Browns game at Texas Stadium on Dec. 10, plus \$50 in cash, overnight lodging at the Radisson Hotel and other goodies.

Greg Taylor, right, receives his first place cash prize for winning last week's football contest from Fred Chandler, manager of the Sherley - Anderson - Pitman grain elevator in Farwell. Three of the Sherley - Anderson elevators - in Farwell, Lariat and Lazbuddie - are among the contest sponsors.

## Substation goes on line near here

Deaf Smith Electric Cooperative recently completed a state-of-the-art electric power substation about 1 mile north of David Norton's home northeast of Farwell.

This substation converts high voltage electrical energy to usable voltage. It was built to ensure that Deaf Smith Electric will be able to reliably serve the increasing irrigation loads in the Farwell and Bovina area.

According to Tommy Weems, of Deaf Smith Electric, the project should also add to the economic development of the

### Farwell Homecoming to include open house

Plans are underway for the events leading up to the Farwell High School Homecoming Sept. 16.

All next week, students will participate in a series of dress-up days. Monday is crazy hat and cap day. Tuesday is Woodstock day. Wednesday is Roman toga day. Thursday is blue and white day. Friday is dress-up day.

There will be a door decorating contest. Each class will vie for the neatest door decorations to build that victory spirit. It will be judged by the Student Council.

Farwell JV will play at Whiteface at 7:30 p.m. on Thursday. The Farwell Junior High will play at Whiteface at 5 p.m. Thursday.

This year's Homecoming Queen will be chosen in a slightly different manner than they have been during the past few years. This year the whole student body will vote for the queen, not just the team members.

The Junior Class is sponsoring a brisket dinner in the cafeteria from 5 - 7 p.m. Friday night.

There will be an Open House from 5 - 7:30 p.m. Friday so that returning alumni can see all of the new facilities. Members of the Student Council will be available to greet guests in each building.

There will be a pep rally Friday at 2:50 p.m. to build spirit and to honor the Homecoming King and Queen. They will be crowned at this event.

The Steers play O'Donnell at 8 p.m. on Friday for the big Homecoming game.

### Acreage report completed

The 1994 conservation tillage acreage report has been completed by the Soil Conservation Service with assistance from the Parmer County SWCD and ASCS.

The total acreage estimated planted in a conservation tillage system is 75,000 acres. This represents about 23% of the acres planted for 1994 harvest.

To be considered conservation tillage a minimum of 1000 lbs. / acre of flat small grain equivalent residues are present at planting time.

Conservation tillage is broken down into categories of no till where the soil is left undisturbed from harvest to planting, ridge - till where the soil is left undisturbed except for reshaping, existing beds, and mulch - till where the soil is disturbed yet at least 1000 lbs. residue is still planted into.

The breakdown of these

(Continued on Page 2)

Parmer

(Continued from Page 1)

three categories has 4300 acres no - till, 500 acres ridge - till, and 71,000 acres mulch - till. Wheat drills into corn stubble accounts for the majority of acres classified as conservation tillage.

No replacement at this time

Texico Mayor Butch Tharp said there are no plans to hire a replacement at present for Billy Hammitt, who retired last Friday as water department superintendent. Hammitt will continue to help the city on a contractual, as-needed basis. However, when next summer comes, the possibility increases of Texico hiring another employee.

Obituaries

Nancy Nutt

Graveside services were held for Nancy Sears Nutt, 46, of Clovis on Sept. 1 at Sunset Terrace Memorial Garden with the Rev. Rick Sullivan officiating. Steed-Todd Funeral Home handled the arrangements.

She died Aug. 30 at the Clovis Hospital. She was born Sept. 29, 1946 in Clovis. She graduated from Clovis Community College in nursing. She later worked for Conway Oil Co., and at the 21st and Main streets Chevron Station.

Surviving are her parents, Lester and Davis Sears, Farwell; one sister, Carla Sears, Clovis, and several aunts and uncles.

She was preceded in death by two daughters, Leslie Lee in 1980, and Misty Shawntaw, in 1984.

Memorial contributions may be made to the Baptist Children's Home.

Texico defeats Dexter

by Greg Bass

The Texico Wolverines evened their season record at 1-1 with a resounding victory over the Dexter Demons at home last Friday, 26-22.

Texico started off a great game with Pat Chumley returning the kickoff. Dexter recovered a Wolverine fumble at the Texico 36. But Kyle Stamps saved the day by recovering a fumble on Dexter's first play.

On offense, Chumley capped the first Texico drive of the game with a 19-yard TD run with just under a minute left in the first quarter. The TD followed a great interception by Johnny Salinas.

During the second quarter, with 5:20 left in the first half, the Wolverines scored their second TD. It was 4th down and 6 yards to go when Salinas took a pitch-out and ran it in from the 13 yard line for a score.

Just seconds before halftime, Texico's Luciano Hinjas sacked the Demon QB. The Wolverines led at the half, 12-0.

In the third quarter, Dexter got on the scoreboard on a 25-yard scamper. The extra points left Texico ahead 12-8 at the end of this quarter.

Things quickly changed when Cody Drager scored on a 25-yard run with 8:21 left. The extra point try failed and it was 18-8 in Texico's favor.

The Demons came back with another TD with about 5 minutes left in the game, on a 5-yard run. Their extra point try misfired and it was 18-14.

Just over a minute and a half later, at 3:34 of the final quarter, Salinas scored again, this time on a 58-yard run, probably the most exciting play of the game. Drager followed with a run for the extra points and Texico led, 26-14.

With under 3 minutes to play, Dexter scored again, on a 53-yard pass play. The extra points run was good and it was Texico 26, Dexter 22.

Defensively, the Wolverines played an excellent game, with outstanding pass coverage from Drager, Salinas and Byron Morris. This was needed because Dexter mainly relies on its passing game.

Stamps and Salinas had important fumble recoveries, in addition to Salinas' interception noted above. There also were some nice tackles by Drager, Morris, Ruben Escamilla, Pecos Chumley, Hadley Gilbert, Rodney Chaves, Hinjos, Kip Taylor and Clint Hamilton.

Richard Luscombe, assistant coach, said the team had shown major improvement over the season opener, and if the Wolverines keep on this track, they will do well this season.

Team statistics were: first downs - Texico 11, Dexter 7; net yards rushing - Texico 267, Dexter 63; net yards passing - Texico 22, Dexter 129; net yards - Texico 300, Dexter 192; passing - Texico 3 of 8, Dexter 10 of 30; punting - Texico 1

Arthur Salguero Jr.

## Salguero returns to Texico

Texico High School's new counselor is Arthur Salguero, Jr. who returns to Texico after years of roaming far and wide. Salguero attended Texico High School until his sophomore year, and then transferred to Clovis. He earned both his graduate and undergraduate degrees at Hardin Simmons, and then he entered the military.

While in the military Salguero got the chance to chip away at the once famous Berlin Wall. Salguero was stationed in Berlin, Germany when the wall came down.

"At first we couldn't believe it; we were right there and we had access to East Berlin, and we just couldn't believe it," he said. "When we went out to Check Point Bravo, we could see a long line of East German cars trying to get in; miles and miles of cars trying to get across. You could tell the East German cars; they were those boxy, little ones."

Salguero also went to Saudi Arabia where he commanded a Patriot Battery during Desert Storm. He handled a long range air defense systems near Riyadh. "I didn't see much; what we got to see was mostly just on a radar screen," Salguero noted. Before he left the U.S. Army, Salguero had risen to the rank of Captain in the Army Air Defense Command.

When he left the service, Salguero worked as a mental health counselor in Levelland. He was a family and mental health counselor during the past year. Because he was so close to home, he applied for the counseling job in Texico, and got it.

"I never thought I'd come back here, but here I am. I never planned to work at a school system, but the only one it would be is right back here," said Salguero.

For a while Salguero and his 16 year old son, Steven, will be living with Mr. and Mrs. Arthur Salguero, Sr. in Texico until they find a permanent home. Arthur's wife, Corina, is still living in Levelland with their daughter, Lisa, 14, while Mrs. Salguero is awaiting a transfer from her job at Reese Air Force Base to a similar position at Cannon Air Force Base.

The Salgueros also have another son, Marcus, 19, who is in the U.S. Army.

## Schwertner head 4-H club

Melissa Schwertner was elected president of the Farwell-Oklahoma Lane 4-H Club on Aug. 29. Other officers include: Shiloh Roberts, vice president; Jacque Sides, vice president; Sarah Montgomery, secretary; Amy Hartzog, treasurer; Melody Montgomery, parliamentarian; Brett Curtis, reporter; Shane Roberts and Jacque Sides, Council Delegates, refreshment chairman, Jade Mahaney; Clint Patterson, recreation chairman.

About 30 4-H'ers signed up for a variety of projects ranging from foods and nutrition, to livestock handling, safety, home economics and leadership.

Clint Patterson reported on the photography project, and Jade Mahaney reported on the Parmer County Project Fair and Awards Picnic. Recitation of the 4-H Motto and Pledge were led by Karissa Foster, and the Pledge of Allegiance to the United States flag was led by Christy Cochran.

The Farwell- Oklahoma Lane 4-H Club next meets Sept. 26.

## The Latest

Billy Hammit, who retired last Friday as Texico water department head, plans to take some time off to do some fishing, and some country western singing before he makes up his mind about the future.

"I don't plan on just sitting down and quitting," he says, but he isn't sure what he will do.

Jodi Chadwick has returned from a trip to Ireland.

Truman and Audrey Kittrell spent the weekend at Red River.

The Texico Junior High team will play their first game this week before the varsity game. Coach Richard Luscombe has 45 students out for the team.

The Texico Wolverine Band will play at the Eastern New Mexico State Fair in Roswell Oct. 4.

Joe Crowley of Farwell has been in Methodist Hospital.

Special note to Texas ENMR Telephone customers:

A lot of your September bills were higher due to a programming error that some long distance calls hadn't been billed since March 23. So those old calls were added to the September bills.

It seems that not all the old calls were put on the September bills. So some ENMR customers will get higher October bills than usual due to some of these old calls added in at this time.

# Meadow tops Lazbuddie in season opener

The Lazbuddie Longhorns lost their season opener last Friday to Meadow in an away game, 60-38.

Meadow jumped out to a big 36-8 lead at the end of the first quarter. The second quarter saw little scoring - Lazbuddie was shut out and Meadow scored on a safety. So the half ended with Meadow ahead 38-8. Lazbuddie staged a comeback in the second half, outscoring Meadow, 30-22.

## Longhorns of the Week

Coach Mark Scisson named as Longhorns of the Week - Jon Colby Miller, left, for Offense, and Jr. Lopez, for Defense.

## Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

On Sept. 3, Juan Rodriguez, 45, Texico, was arrested by Bovina police on charges of DWI 2nd and theft by worthless check. The case is pending in county court.

In 287th District Court, with Judge Jack Young pre-

siding on Sept. 1:

- Jerry Michael Parker, 35, Morton, charged with DWI subsequent, was sentenced to 3 years in the Texas Department of Corrections.

- Willie James Lewis, 31, Friona, charged with unauthorized use of a vehicle, was sentenced to 4 years in the Texas Department of Corrections.

## Newspaper honors Gilbert

Here's a look at our local teams according to the Top 10 lists carried in the Lubbock newspaper:

Texico - Hadley Gilbert made the newspaper's Area Honor Roll for his game against Dexter. He had six tackles, five assists, blocked a punt and recovered a fumble. On team

### The Chief's Corner

by Roy McGaa, Farwell police chief

Last week, I attended the "Penal Code Update" class in Muleshoe. This is when peace officers are briefed on changes in the law and on new laws. I guess I'm not as smart as I thought I was. I am not able to figure out how reducing a felony crime to a misdemeanor crime is getting "tough on crime." No, I won't say which ones are reduced, but many 3rd degree felony crimes were reduced to misdemeanor class or State Jail Felony class (called by some a 4th degree felony).

(AP) CHICAGO - 11 year old killed by gang members. The 11 year old brought too much "police heat" on the gang when he killed a 14 year old girl in a shooting spree.

Catch that folks? He was killed by his own gang. His mother was reported as saying that if she knew it was that deep, she would have looked into it herself.

There is no such thing as being "a little bit" involved in a gang. While it is more likely that something like this will happen in Chicago, it can and has happened in West Texas. In the near future, I will put on a program for parents concerning gangs. If you have children, I urge you to attend because you can't guard against the unknown.

offense, the Wolverines 8th among area New Mexico teams, with 243.5 yards a game. Gilbert was listed as the 10th individual rusher, with 76 yards a game.

Farwell - Quarterback Brock Anderson was listed as the top passer among area Class 1A teams - with 129 yards and 8 completions. Chase Hardage was listed as the top receiver with 3 catches for 84 yards. Jason Taylor was listed as the 10th receiver with 2 catches for 17 yards.

Lazbuddie - Lazbuddie was ranked 10th among Area Six-Man teams for team offense, with 322 yards. Justin St. Clair was listed as the top passer with 209 yards and 10 completions. Josh Warren was listed as the top receiver with 7 catches for 144 yards. Jon Colby Miller was listed as No. 2 in scoring with 26 points.

### Recipe of Week

#### "Teri-ific" Pork Chops

1/2 c. Kikkoman Lite Teriyaki Marinade & Sauce  
2 Tbs. prepared horseradish  
1/2 tsp. ground cinnamon  
4 rib or loin pork chops, about 3/4" thick

Blend lite teriyaki marinade and sauce, horseradish and cinnamon; pour over chops in large plastic food storage bag. Press air out of bag; close top securely. Turn bag over several times to coat all pieces well. Refrigerate 1 1/2 hours, turning bag over occasionally. Reserve marinade; cook chops on grill 5 - 7 inches from the coals 10 - 12 minutes; turn over and brush occasionally with reserved marinade, or broil chops in the broiler.

Combine butter, evaporated milk, sugar and salt in medium saucepan. Bring to a boil over medium heat, stirring constantly. Boil for 4- 5 minutes, stirring constantly; remove from heat.

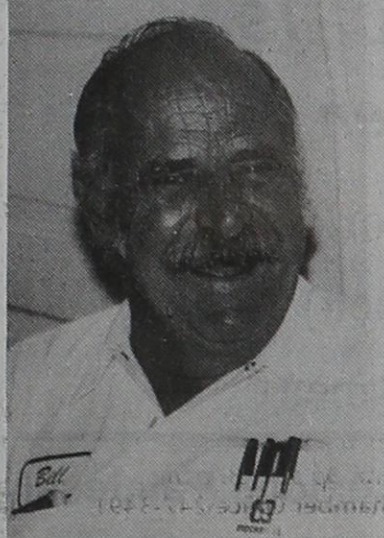

Stir in marshmallows, chocolate morsels and vanilla. Stir vigorously for 1 minute or until marshmallows melt completely.

Pour into prepared pan, spreading evenly. If fudge is difficult to spread, let stand 1 minute. Sprinkle with filling. Let cool for about 5 minutes. Starting with long sides of pan, roll up the fudge jelly - roll style. Use wax paper to assist, if necessary. Wrap fudge roll in wax paper, cool and cut into slices.

### Marriage Licenses

There were seven marriage licenses issued in Parmer County last week:

Rebecca Schacher and Gregory Sava

Engagement told

Gene and Vernie Schacher of Lazbuddie announce the engagement and approaching marriage of their daughter, Rebecca, to Capt. Gregory William Sava, son of Bill and Jacque Sava of Dimmitt.

The couple plan to exchange vows at 3 p.m. Oct. 22 at St. Ann's Catholic Church in Bovina.

The bride-elect is a 1985 graduate of Lazbuddie High School. She received an associate of applied science degree from South Plains College in 1987. She was formerly employed by University Medical Center in Lubbock.

The prospective groom graduated from Dimmitt High School in 1985. He received a bachelor's degree from the U.S. Air Force Academy in 1989, and a masters degree in aeronautical science from Embry Riddle Aeronautical University in 1994. He is currently stationed at F.E. Warren AFB, Cheyenne, Wyo.

The couple will reside in Cheyenne after the marriage.

VFW plans ceremony

Clovis Veterans of Foreign Wars Post 3280 will have a special ceremony to honor all former Prisoners of War and to remember those listed as Missing in Action.

It will be held Sept. 18 at 2 p.m. at the Parmer County Veterans Memorial in Farwell City Park.

Letter To The Editor

Dear Mike,

After having read Mr. Dillion's commentary concerning our President I thought I would throw in my two-bits. When he referred to your comment that President Clinton is trying his best it triggered the question in my mind: "What is he trying his best to do?" The answer which followes is a result of some reading I have done recently combined with a recent newsletter I received from James Dobson's "Focus on the Family."

After having read almost two thirds of Paul Johnson's book "Modern Times, " which is a history of the 20th century, one can summarize in one word (by no stretch of the imagination) the last 80 years, "Holocaust." Usually when we hear that word we think of Hitler's "final solution" for the Jews, but it began sometime earlier with Lenin and Stalin who murdered, by conservative estimates, 15 million men, women, and children. On the heels of these two came Hitler with an estimated 11 million destroyed including 6 million Jews (men, women, and children). Cambodia's "killing fields" claimed over 1 million and Idi Amin's regime killed hundreds of thousands if not into the millions. All of this without mentioning the innocent killed from WWI until the present including the two wars and all the other miscellaneous conflicts.

But the greatest holocaust goes on right under our noses here in America. Over 30 million lives have been claimed via abortion under the pseudonym "Freedom of Choice." What used to be the safest place on earth - the mother's womb - has now become one of the most dangerous! Hitler waged a race war against the Jews, Lenin and Stalin a class war against the Bourgeuise. It seems in America it is again a clas war being waged against the unborn with the justification fo it being the same as for the Jews in Germany. Fetuses are considered - as were the Jews - to be sub-human.

Anyway, back to Bill. In the July edition of the "Focus on the Family" newsletter, James Dobson reiterates his warnings given in a previous newsletter of what to expect from the Clinton administration. He summarizes by stating

For Tribune delivery, call 481-3681

that "11 of 12 pollicies anticipated in 1992 are in place, 20 months later." Four of the twelve policies directly related to abortion including harvesting aborted fetuses for use in

medical research, authorization to legalize the abortifacien' RU 486 and requiring military hospitals to provide abortions at government expense.

The fourth - the not yet accomplished - policy is an aggressive attempt to pass legislation which makes abortion a guaranteed right regardless of any overturning of Roe v. Wade and any existing state regulations.

In summary it seems Mr. Clinton - whether he is aware of it or not - is "trying his best" to prolong and exacerbate the greatest holocaust this world has ever experienced - the torture and slaughter of innocent unborn children.

For He who avenged blood remembers: He does not ignore the cry of the afflicted. Psalm 9:12 NIV

Sincerely,

Gene Christian

Dear Editor:

What kind of a country do you want to live in?

All that is necessary for crime and all kinds of evil to exist is for good people to do nothing.

Fortunately in this great country of the United States of America there is a lawful way to make a change for the better. All that is necessary is for a majority of voting citizens to vote for candidates who will vote to stamp out crime, deficit spending and work on other issues that will make a country great and strong.

To vote wisely, a citizen must know the main characteristics and beliefs of the candidates and if he or she is persistent in working for what he or she believes in or if he or she will go along to get along.

For the past number of years only a small number of people have voted in most elections. Voters should realize that each vote is important because many issues both good and bad have been won or lost by only one vote.

Let each of us study the candidates and vote in the general election that will soon be here.

Sincerely,

Frank Hinkson

## Guidelines clarify producer options

The effect of this summer's drought is now evident across the High Plains as yield potential, especially in dryland cotton, continues to plummet.

Lubbock-based Plains Cotton Growers reports that a unique situation faces many producers in 1994 because of drought and the rapid accumulation of heat units during the summer months. This combination has teamed to accelerate maturity of the dryland crop and bring about an earlier than normal harvest window for producers.

In order to expedite the process of getting the 1994 dryland crop out of the field PCG and various agencies, along with representatives from the Federal Crop Insurance Corporation and area crop insurance companies, have coordinated efforts to clarify options open to producers who have crop insurance.

Producers have several options open to them under current crop insurance procedures that will allow the early termination and harvest of the 1994 crop. The following is a brief rundown of the guidelines:

**First:** Boll Count Method of Appraising yield.

**Option A** - Contact crop insurance agent to request a boll count method of appraising yield. The boll count method estimates yield by counting both green and open bolls.

**Option B** - To increase the accuracy of the boll count method producers can choose to wait until most of the bolls are open or, once the crop is mature, apply a harvest aid to the entire field or just to representative strips within the field. Producers are encouraged to check with their insurance agent to determine the size and number of strips required by their policy. Waiting for the bolls to open or use of harvest aids should increase the accuracy of the boll count method.

**Second:** Test Strip Method of Appraising

If the producer is unsatisfied with the yield estimate from

the boll count method, he can choose to harvest, gin and class bales from representative strips through the field. This data can then be submitted to increase the accuracy of the yield estimate applied to the field and also provide an estimate of quality loss.

Destruction of portions of the field not included in the test strips should be postponed until the entire field has been released by the appraiser. If the field is released by the appraiser and the producer decides to destroy the crop, the producer should then contact their county ASCS office to file an application for disaster credit.

**Third:** Harvest Entire Field

Many producers may prefer to harvest the entire field to determine precisely the yield and quality of the crop for insurance purposes.

Individuals who decide to harvest their entire acreage under option three are reminded that even though they have harvested everything they need to have the field released by their insurance carrier before beginning any tillage operations.

"Producers need to recognize when making decisions about this year's crop is that by bringing the crop in early they create a win-win situation for themselves," says Extension Cotton Specialist Kater Hake. "Early termination of the 1994 crop will provide a two-fold benefit. Producers will be assured of harvesting the highest quality lint possible and also have the opportunity to catch and store September and October rainfall for next year."

Hake adds that recommendations for harvest aid applications are now being put together to give producers the most cost effective treatment alternatives under different conditions.

A copy of these guidelines will be available from County Extension Offices as well as PCG.

## Barnes, Nydam excel at fair

## THANK YOU

The family of Carl Davis wishes to extend our sincere appreciation to those friends and relatives who have been our comfort and strength through our recent loss. Your thoughtful deeds and acts of kindness shown to Dad while living in Farwell as well as the gifts of flowers, food and cards after this death will always bring pleasant memories of such as nice community.

A very special thank you to all who made living in Farwell such an enjoyable experience for both of our parents, Carl and Elva Ruth Davis, as they enjoyed their service as operator of C.G. Mercantile and later the Piggly Wiggly grocery store. May the Lord continue His blessing.

## Deaf Smith

(Continued from Page 1)

area since it cost about \$750,000 to build.

An article by Weems in "Texas Co-Op Power Magazine" says that the new substation has a standard capacity of 10,000 kva, and it has fans to cool the insulating oil during periods of high load demand so that it can be increased to 14,000 kva. At maximum capacity of 14,000 kva could serve about 17,000 horsepower or 170 hundred horsepower wells, or it could handle 1,700 individual homes if everyone in these homes turned on all their electric appliances, heaters, lights, power tools, etc. at the same time.

The plant contains state-of-the-art monitoring equipment, to increase both the efficiency and reliability of the substation.

Deaf Smith purchases its power from Golden Spread Electric which sells bulk power to individual electric companies over a very large area. The power is transmitted in very high voltage, which is not usable to most people. It must be transformed into a usable form of energy.

# Morton outlasts Farwell

The Farwell Steers lost their season opener at home last Friday to Morton, 20-8.

Farwell electrified the crowd when they scored a TD on their opening play - a 66-yard pass from Brock Anderson to Chase Hardage. It was a slant over the middle which Hardage grabbed in full stride. Anderson then scored the extra points on a keeper to put Farwell ahead at 8-0 with the crowd barely in their seats.

Jason Miller kicked to the Morton 29. Landon Lunsford and Justin Mahaney had strong tackles. On 4th and 2 at the Farwell 35, Morton failed on a pass - but a penalty literally turned the tide of the game by giving Morton a first down on the Steer 11.

Miller had a good tackle on defense. On 4th down, Morton scored on a 16-yard pass at 7:41. The extra point try failed and Farwell led 8-6.

Farwell took over at its 42 and went with a no-huddle offense. It didn't click and Chad Martin punted to the Morton 43. Morton succeeded on a fake punt and got a first down at the Steer 42. Lunsford had a good tackle. But a penalty put Morton at the Steer 2. Morton tallied on a QB sneak at 2:15 of the first quarter to pull into a 12-8 lead.

On the ensuing kickoff, Farwell lost a fumble at its 37. The Steers held and took over at their 12. At the start of the second quarter, Nic Ketcherside had runs of 8 and 4 yards, while Miller scampered for 6 and 2. Martin boomed a punt of more than 50 yards and Michael Phillips tackled the returner at the Morton 34.

On defense, Blaze Hardage broke up a potential TD pass, and Mahaney and Chanse Stephens had good tackles. On a 4th down play, the Morton pass try failed when Jason Taylor hurried the QB. Morton recovered a Farwell fumble at the Steer 24, and scored moments later at 5:44. The extra points' run was good and it was 20-8. After the possessions changed, Steve Miller had a good tackle on the punt returner as the half ended.

In the third quarter, Miller had two strong tackles. Morton punted to the Steer 11. Morton got the ball back deep in Farwell territory but a good tackle by Anderson stopped their drive.

On defense again, Taylor had a good tackle of the punt returned near midfield. Phillips then recovered a fumble at the Farwell 30. Farwell was held and punted. On defense, Lunsford and Anderson had strong tackles.

In the fourth quarter, Farwell mounted their strongest drive of the game after Mahaney blitzed and tackled the Morton QB at the Steer 35. Anderson hit three straight passes - to Taylor for 12 yards, Phillips for 3 yards and Chase Hardage for 10 yards. A pass interference penalty put the ball at the Morton 15. Anderson ran to the 6. But a pass failed on fourth down and Morton took over, running out the clock.

Farwell plays at Olton tonight (Friday) at 8 p.m.

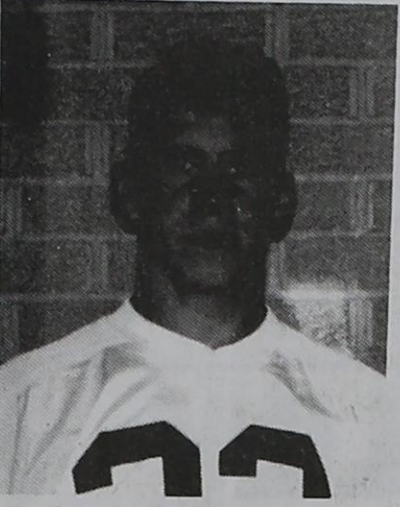

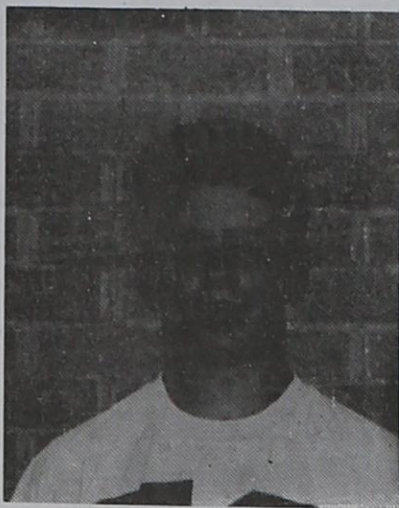

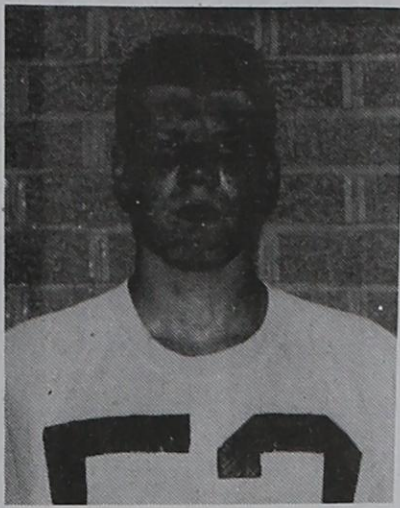

Comments from coach Stan Stroebel:

"After our opening play TD, we were shut out of the scoring from then on. We made a lot of mental mistakes due to inexperience and age. We gave them the ball 30 times."

Also, Morton "did have a lot more quickness," said Stroebel. "The second half, we finally settled down and played a lot better defensively. We did a lot better job of getting that ball."

Statistics were: Farwell had 171 yards total offense, including 121 yards passing. Morton had 295 yards total offense, with 68 yards passing.

Other highlights: Brock Anderson had 121 yards passing. Chase Hardage had 83 yards receiving. Blaze Hardage had 2 knockdowns of passes. Justin Mahaney had 10 tackles, including 3 QB sacks. Steve Miller had 11 tackles.

Lady Spikers fall to Melrose

The Texico Lady Spikers dropped their opening game of the season on Sept. 3 to Melrose, 16-18, 3-15, 15-13, 11-15. Statistics included:

Kelley Cooper, 7 aces, 3 kills, 1 assist and 1 block; Carol Servatius, 4 aces, 3 saves, 10 assists, 2 blocks; Jessica Hadley, 1 kill, 6 blocks; Misty Barnes, 1 ace, 9 kills, 1 save, 3 blocks; Kristy Adams, 1 ace, 3 saves, 2 assists; Brandi Norvell, 1 ace, 2 blocks; Kristi Neie, 1 ace, 1 kill; Mandy Helmer, 1 ace.

Coach Michael Littlejohn will be looking for consistency from his players in the weeks ahead.

"We started out real well, and got ahead 14-6 the first game, but we missed too many opportunities," he said. "We had too many missed serves. From the junior high on up we need to work on passing and serving, and we need to improve."

This weekend the Lady Spikers will be playing in the Mountain Top Tournament in Cloudcroft. There they will meet some of the best teams in New Mexico, such as Cloudcroft, Estancia, Loving, Animas, which is second in the state, and Dexter, one of the top teams in the state.

"When you play good teams like this at the start of the season at least you are prepared (for district)" said Littlejohn. He did not believe that here would be any easy games for a while.

Starting Sept. 15, the Lady Spikers will be in the Roadrunner Tournament in Dexter and Hagerman.

Fire Calls

The Texico ambulance answered two calls.

On Sept. 2, the ambulance went to 105 S. Ave. D at 8:18 p.m. A patient was transported to the hospital.

On Sept. 5, the ambulance answered a call to assist an ill person at the Farwell Convalescent Center at 10:34 a.m. The person was transported to the hospital.

The Farwell ambulance was called out at 10:33 p.m. on Sept. 2 to 205 4th St. to make a transport to Clovis hospital.

Dr. Chasteen announces new services

Dr. N.B. Chasteen, of the Farwell General Medical Clinic, is announcing new services there.

The clinic now offers executive physicals for men and women. This includes EKG, blood work, pap (for women) and PSA (for men) tests.

Another new service includes the removal of skin tags and skin lesions painlessly, said Dr. Chasteen.

And flu shots will be available after Oct. 1.

For details and appointments, Dr. Chasteen can be contacted at 481-3200.

Farwell Convalescent Center Chit Chat

By Chickie Henderlite

Hello again,

I would like to start off by saying hello and goodbye to two important persons in our lives - Helen Killius and Ron Kilgore.

Helen, our interim administrator, left us on Aug. 31. Department heads took her out to lunch on the 29th, and then we gave her a surprise going-away party. She received a Bible from the department heads which sits in a beautiful cedar box. We all got to sign it. She did a great job the four months she was here. Goodbye and good luck, Helen, at your next nursing home.

We now have a permanent administrator - Ron Kilgore. Ron is from Florida and is 23 years old. I hope you all come in and say hello. His door is always open to everyone. Residents and staff already think very highly of him. All of us here would like to welcome Ron to the Farwell Convalescent Center. Welcome.

On Sept. 5, we celebrated Labor Day by having ice cream sundaes. Residents loved it. Some had five bowls, but still managed to eat supper. I don't see how they still had room to eat, but they did.

\*\*\*

A reminder to all Auxiliary members: you will be having a meeting on Sept. 12 at 4 p.m. in the sunroom.

Also, on Sept. 20 at 3:30 p.m., the Auxiliary will have a watermelon feed for the residents. We look forward to it.

\*\*\*

We need volunteers to answer the phones and greet the residents' family members every day from 5 to 7 p.m. Please call me and let me know if you can help us. We really do need your help.

\*\*\*

You won't be seeing very much of me two days a week, since I started school on Sept. 6 for an activities director course. Residents will benefit from what I learn in this class. Until next time ... so long.

Telephone anniversary on tap

Sept. 11-17 is National Small Independent Telephone Company Week, and also marks the 50th anniversary of the Independent Telephone Pioneers Association of Texas.

Hubert Kidd, general manager of Five Area Telephone Cooperative, reports that "the nation's 1,000-plus small independent telephone companies have been providing this nation with quality telephone service at reasonable rates for more than 100 years. They also have a strong record of community involvement. Our theme for the week is

Open house planned for new tractor

Area farmers will be among the first in the U.S. and Canada to see an all-new John Deere 8000 Series tractor during an open house at Dent and Company, Mabry Drive, Clovis on Tuesday. The open house will run from 7 a.m. to 5 p.m. and refreshments will be served. Farmers and other interested people are invited.

"These new high-horsepower row-crop tractors set new standards for maneuverability, visibility, power, and control in this size class," said Dale Dent. "With features like fingertip control, all-around visibility that you have to experience to believe, and much more, these tractors are going to cause a lot of excitement."

Some farmers and other members of the community may have been able to catch a glimpse of one of these new tractors as it was being transported to the dealership. However, the tractor was partially concealed by a cover.

"About all that was visible was the top of the cab and the wheels," said Dent. "You could tell it was a John Deere tractor by the color, but that was about it. However, during the open house, everyone will have an opportunity to closely inspect the tractor and have their questions answered. It's going to be a lot of fun."

"Small Telephone Companies - Bringing the Future to Rural America."

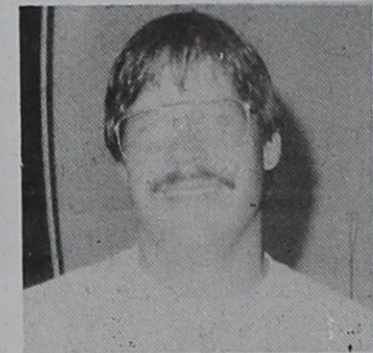

In a proclamation signed by Gov. Ann Richards for Independent Telephone Company Week, she notes:

"These independent companies provide state-of-the-art telecommunications service, linking rural areas to the nation's public network to the benefit of all Americans, both rural and urban, and contribute to the overall competitiveness of our nation."

"The majority of these small, independent companies are family-owned businesses or subscriber-owned cooperatives, thus demonstrating their close ties to and interest in their local communities."

"These companies provide jobs and leadership in their local communities and take an active role in rural development efforts."

"Designating a week to raise awareness of small independent telephone companies promotes the important role they play in the continued development of the nation's telecommunications infrastructure, as well as their role in their local communities."
