MRS. McGUIRE LOSES $100

Lady Luck's Smile Fades for Winner

Lady luck smiled, then threw Mrs. Henry McGuire a curve.

The Seven Wells housewife won the first $100 given away by Colorado City's Cash & Car Days.

Then she lost the $100 — and more, too.

Hope for return of the money was fading Thursday just as the first smile from lady luck had faded away.

Mrs. McGuire was all smiles last Thursday afternoon when she was one in a crowd of about 2,000 persons here with the lucky number in the first Cash & Car Days drawing.

She stepped out of the crowd to receive 100 crisply new $1 bills from Charles Root and Jeff Taylor, officials for the merchants-sponsored Cash & Car Days event.

But slightly more than 48 hours later Mrs. McGuire was thrown a curve by lady luck.

Saturday she lost her purse containing the $100 in prize money, additional cash, driver license, Home Demonstration Club book and other papers.

Despite the identification inside the purse, no finder has notified the owner.

Mrs. McGuire believes she lost the purse — black patent with handle and two white buttons on the side—on busy U. S. Highway 80.

"I was just leaving Hock's Service Station on East Hill and driving onto the highway," she said, "when I noticed my front car door was not shut good.

"I opened the door to shut it again and that's when it must have fallen out."

Mrs. McGuire said she drove her car "straight home" and discovered the purse missing then. That's why she is certain the purse was lost when she opened the car door, between 5:30 and 6 p. m., as she left the station.

The Cash & Car Days' first winner does not know exactly how much cash was in the purse. But she knows it included at least all of the prize money.

She was back at the Cash & Car Days drawing Thursday for the second round of prizes hoping luck will smile her way again.

Court Test Possible In Gin Problem

City Council plans a citizens committee study to determine if the community needs public housing.

Move toward the study was made Monday night by councilmen at their monthly session in City Hall.

At the same time council authorized City Attorney John Worrell to seek cooperation from gins for better control of cotton dust at local gins.

The city plans court action if the cotton gins fail to cooperate.

Action toward both the housing study and the dust control plan came after suggestions from citizens groups.

Suggesting a fact-finding body to explore the possibility of public house for the community was the Chamber of Commerce housing committee.

Bill Quimby, chamber manager, presented the recommendation to the council on behalf of Jeff Taylor, housing committee chairman, who also is a councilman. Other members of the committee represented by Quimby are G. D. Foster, Johnny Moore and Frank Deregibus.

"The housing committee of the Colorado City Chamber of Commerce," the committee statement said, "hereby recommends that the City Council of Colorado City determine the need for a public housing program in Colorado City.

"Let this not be considered an endorsement of the public housing program," the statement continued, "or an endorseeent of any architectural firm, but rather a request for the appointment of an impartial, fact-finding body to ascertain need."

* * *

Quimby re-emphasized that the committee was not recommending a public housing program.

"If a need is found," he said, "then maybe public housing will not be the answer, but some other remedial."

Mayor Trevor Crawford and City Manager Rollin K. Snethern said they favored a survey directed by a local fact-finding committee instead of an architectural firm from outside of the city.

The mayor said also that he wanted the public to understand that the council, in authorizing a study, was not "pushing" or "hindering" a public housing program.

"I believe we can get an impartial study," Crawford said, "and I wouldn't want to do anything unless we had the support of the community as a whole."

The mayor named Councilmen L. J. Taylor and R. B. Baker to select a committee to look into the housing situation.

Their committee selections will be presented to council next month for approval.

Scouting Expansion Plans for Eight More Troops and Packs

Organization plans are moving ahead for at least eight new Boy Scout and Cub Scout units in Mitchell County.

The expansion program is expected to add approximately 150 more boys immediately to scouting.

Heading the Mitchell County expansion are District Attorney Eldon Mahon, organization and extension chairman for Lone Buffalo District in Mitchell County, and Elmer Martin, chairman of new units for the district in Colorado City, Loraine and Westbrook.

Seven of the eight units organized or planned for organization are in Colorado City. The other is in Westbrook.

Four of the proposed Colorado City units are Cub packs, two are Explorer troops and one regular troop. The Westbrook unit is a Cub pack.

First to be organized in the new expansion program is a Cub pack at St. Luke Methodist Church.

Cubmaster for the St. Luke pack is Bill Horton and a leader in the organization is Rev. Tommy Nelson, the churchpastor.

Kiwanians have voted to sponsor an Explorer troop, and the troop is now in the organizational state.

Parent-Teacher Associations at Primary and Hutchinson Elementary schools have been contacted in regard to sponsoring Cub packs. Mrs. Bill Carter, Primary PTA president, reported that her PTA approved the Cub Scout program Tuesday for Primary and organizational work is being started.

Rev. J. F. Selcraig, president of Hutchinson PTA, told scouting leaders that Hutchinson PTA will discuss the pack program Tuesday.

Organization of a Cub pack Church has been contacted in regard to sponsoring an Explorer troop.

Junior Chamber of Commerce directors were authorized Wednesday to study possibility of

DRILLING SITES STAKED

Three Producers For Sharon Ridge

Sharon Ridge-1700 Field logged three oilers this week for Mitchell County.

Locations were staked, too, for three new drilling tests within the county.

Melton-Krug finaled two of the producers and spotted one of the new locations.

Finaled as 91.86-barrel oiler with 28.5 gravity oil, 10 per cent water, was Melton-Krug No. 3-B Mills, 990 feet from north and 1,650 feet from west lines, Section 196, Block 3, H&GN Survey.

Perforations were between 1,552 and 1, 580 feet with pay topped at 1,495 feet and hole bottomed at 1,625 feet.

Melton-Krug No. 3 Strain was completed with a potential of 46.60 barrels of oil, 20 per cent water, with perforations between 1,680 and 1,696 feet over total depth of 1,725.

Site is 1,650 feet from north and 2,310 feet from east lines, Section 82, Block 97, H&TC Survey.

Third completion was Carter, Mandell & Simons No. 1-C J. H. Humphreys, about eight miles northwest of Colorado City and 1,564 feet from north and 330 feet from west lines, Section 15, Block 27, T&P Survey.

Potential was 56.55 barrels of 30 gravity oil daily plus 12 per cent water with perforations between 1,508 feet, top of pay, and 1,522 feet over total depth of 1,535 feet.

Spotted as a new Sharod Ridge 1700 Field project is Melton-Krug No. 6-B Mills, which will drill to 1,625 feet. Location is 7.5 miles southeast of Ira at a site 330 feet from north and east lines, Section 196, Block 3, H&GN Survey.

Two new drilling tests in the Westbrook Field are Brennand-Hefran No. 4-B Hale and Standard Oil Company No. 10 Smartt.

The No. 4-B Hale, 12 miles north of Westbrook, will drill to 3,600 feet at a site 1,650 feet from south and 1,007 feet from west lines, Section 2, Block 28, T-1-N, T&P Survey.

No. 10 Smartt, projected to 3,200 feet, will be 330 feet from north and 990 feet from west line of northeast quarter, Section 21, Block 28, T-1-N, T&P Survey.

District Legion Convention Set Here Oct. 20

Legionnaires from a wide West Texas area will gather here Oct. 20 and 21 for the American Legion's 19th District convention.

Meeting in conjunction with the Legion convention will be American Legion Auxiliary members also of the 19th District.

Official hosts for the convention will be Colorado City's Hooker-Pond Post.

Plans for the two-day event have been completed by post committees and officers headed by Howard Bynum, Hooker-Pond commander.

Bynum said a special feature of the opening day's program—Saturday, Oct. 20—will be a rehabilitation conference. The conference is scheduled at 3:30 p.m. with Ernest Davis, American Legion service officer at Lubbock, reviewing recent rulings and laws relating to the veterans program.

Davis, in addition to the review, will conduct a question and answer period.

Memorial service will be conducted Sunday morning, Oct. 21, by Perry Barber, Colorado City attorney.

Presiding at the district convention will be Warren Liner of Seminole, 19th District Legion commander. Also attending will be Hilton Lambert of Snyder, the Legion's Fifth Division commander.

Official welcome to the Legionnaires will come during the opening session Saturday, Oct. 21, from Mayor Trevor Crawford.

Mrs. Mike Fry of Lubbock, 19th District president of Legion Auxiliary, will conduct the auxiliary's business meeting. Speakers for the auxiliary will include Mrs. R. T. Redies of Abilene and Mrs. Ira Ott of Hereford, both scheduled for Sunday afternoon, Oct. 21.

FFA Greenhands Tour TESCO Power Plant

Greenhands from Colorado City Junior High, freshmen FFA boys, toured Morgan Creek Power Plant Thursday afternoon.

Twenty-four students were in the group with their sponsor, Gene Williams, vocational agriculture teacher. Their tour began at 1 p. m. and was sponsored by Texas Electric Service Company.

Pair to Show Herefords At State Fair

Two local Future Farmers will show Hereford calves at the State Fair in Dallas.

The animals will be entered in the commercial division of the Fair's livestock show.

Mickey Cooper, Colorado City High sophomore, and Waymon Thurman, now a student at John Tarleton State College in Stephenville, will be the exhibitors.

The calves have been fed under the supervision of James Trammell and Gene Williams, vocational agriculture instructors.

Both calves will be transported to Dallas Sunday and will be shown there by their owners through Friday, date of the commercial division sale.

DEADLINE NOW NOV. 30

ASC Extends Date For Reserve Plan

Farmers will have an additional six weeks to sign for Soil Bank's conservation reserve program.

State Agricultural Stabilization & Conservation officials Thursday notified Mike E. Custer, Mitchell County ASC office manager, the deadline had been extended to Nov. 30.

Previously, the deadline for participating in conservation reserve program was Oct. 15.

State ASC officials said the extension will allow the ASC to provide additional details of the five-year program to farmers.

Custer pointed out that the extension to Nov. 30 does not affect the wheat reserve acreage deadline that expired Oct. 5.

The local ASC manager said his staff in Barman Building had been rushed for the last two weeks by farmers making application for the reserve program. Phone calls from inquiring farmers have poured into the office from all areas of the county.

Custer said farmers could participate in the conservation reserve phase of Soil Bank on three, five or 10 year periods.

"But to eligible for the three-year period," he emphasized, "the acreage must be in permanent cover that already is established.

"That provision for the established, permanent approved cover makes it so that few persons can qualify for the three-year period.

"If a farmer doesn't have cover on the acreage, then he must sign for at least five-year period."

Custer said the government will reimburse a farmer 80 per cent of the cost for seeding and establishing cover, but a lease of at least five years is required to qualify for the reimbursement.

Trio from Washington Visits Mrs. Hamrick

Mr. and Mrs. Ralph O. Staggs and Mrs. Staggs' mother, Mrs. Lily Cato, all of Silver Springs, Md., have been visiting here with Mrs. Staggs' aunt, Mrs. Maggie Hamrick.

Mr. Staggs is employed by Diamond Ordnance Fuze Laboratories, Department of Defense, and Mrs. Staggs is a staff member of sub-committee for special investigations, House Armed Services Investigation Committee, in Washington, D. C.

Crownover to Serve as FHA Committeeman

Frank Crownover of Loraine is a new member of Farmers Home Administration Committee for Mitchell County.

Appointment of Crownover was made by Walter T. McKay, state FHA director in Dallas, and announced Thursday by John M. Russell, Mitchell County supervisor for FHA.

The new committeeman, who operates a stock farm south of Loraine, is named to a three-year term on the county committee.

Crownover succeeds J. Luther Anders of Loraine, whose term expired this year.

Other members of the committee are Lon A. Strain of Cuthbert and Herman P. Hines of Westbrook. Hines, chairman of the committee, has one more year remaining in his term and Strain has two years remaining.

The committee determines the eligibility of local farmers who apply for Farmers Home Administration loans.

It also certifies value of farms being purchased or improved through Farmers Home Administration loans and makes recommendations for loan approvals and loan servicing actions.

Russell said that advice of committeemen is sought for good farm management and for refinancing of FHA loans when borrowers build up enough equity to get credit from banks and other lenders.

VOICE OF DEMOCRACY

Jaycees Sponsor Student Contest

Plans to conduct a county-wide Voice of Democracy contest were announced Thursday by Junior Chamber of Commerce.

Voice of Democracy is a broadcast script writing and voicing competition which gives high school students an opportunity to think, write and speak of democratic principles that have made America great.

Contest entries will be judged on content, delivery and originality of five-minute scripts on the subject, "I Speak for Democracy", according to R. H. (Bob) Ratliff Jr., chairman of Jaycee Americanism committee.

All 10th, 11th and 12th grade students in the county are eligible to enter the contest.

Winner in the Mitchell County contest will receive a $25 gift certificate, a plaque and right to enter the regional competition in November.

Directing the contest in cooperation with the Jaycees will be Miss Gladys Miller, speech teacher at Colorado City High.

Regional winners will compete for tri-regional honors and opportunity to enter the state finals. Texas state champion will receive a trophy, all-expense trip to Washington, D. C., to participate in the national contest.

Four national winners will be selected and each will receive a $500 college scholarship and gold recording of his award-winning script.

Mitchell County's Voice of Democracy winner must be decided before Nov. 17. Loraine and Westbrook students in the three designated grades are invited to participate in the contest, according to Ratliff.

Details and entry deadlines will be announced later by Miss Miller.

Voice of Democracy contest celebrates its 10th anniversary this year as a project sponsored by Jaycees in 48 states, Disttrict of Columbia, Hawaii and Alaska.

Scripts must be prepared by the student and must not be more than five minutes nor less than three. Scripts will be delivered orally in the county contest, then judged by tape recording in regional, state and national finals.

IN RATLIFF HOME

Mrs. Gunning Speaks To 1921 Study Club

Mrs. Joe Gunning was guest speaker Friday afternoon for the 1921 Study Club in the home of Mrs. R. H. Ratliff Sr.

Mrs. Gunning, an employe of Sam L. Majors Jewelers, spoke about silverware in the 20th century.

She discussed the use and making of silver by craftmen through the ages. The speaker also presented hints about entertaining and table setting.

A formal table setting with the autumn motif was displayed in the dining room of the Ratliff home. An informal table was set by Mrs. Gunning in the den.

Topic for the afternoon program was "The 20th Century." Mrs. U. G. Hardison and Mrs. W. W. Rhode, club members also presented talks concerning the present century.

Mrs. Hardison, whose topic was "100 Years of Furniture and Decorations", traced furniture from the Victorian Age through the present day.

Mrs. Rhode's topic concerned 100 years of home and living. She compared the home of 1856 to the 1956 home, including the mode of work and menus.

Roll call was answered by each member telling why she is glad she is living today.

Members attending the meeting were Mrs. Pete Ainsworth, Mrs. J. S. Craddock Sr., Mrs. M. J. Dawson, Mrs. W. L. Doss, Mrs. Hardison, Mrs. A. O. Hickman.

Also, Mrs. W. C. Hooks, Mrs. Ed S. Jones, Mrs. Sam L. Majors Sr., Mrs. W. R. Martin, Mrs. R.P. Price, Mrs. J. T. Pritchett, Mrs. Rhode, Mrs. C. L. Root Sr., Mrs. V. R. Trulock, Mrs. Lee Lavendera, Mrs. E. L. Dorn, Mrs. Oscar Rhode and Mrs. Ratliff.

at D. W. Wallace School also is being discussed and First Baptist organization of a new Boy Scout troop under sponsorship of Jaycees.

Martin said prospects for a Cub pack in Westbrook have been discussed with parents in that community, but plans have not yet jelled.

At present without the additional Cubs and Scouts in these eight new units there are 920 Cub Scouts, Boy Scouts and Explorers registered in Mitchell, Scurry and Borden counties (area of Lone Buffalo District).

Joe T. Bohannan, Lone Buffalo Scout executive, says there are almost 2,000 prospects who could be added to existing or new Scout units.

And the campaign is on within the three counties to enlist as many of those 2,000 as possible.

The work by Martin toward organization of the eight new units is the first major action in Mitchell County in that district campaign.

Attend Church Jubilee

Mrs. J. A. Murrell Jr. and son, J. A., of Shreveport, La., were here last week end for the diamond jubilee celebration at the First Baptist Church.

While here they were guests in the home of Mrs. Murrell's mother, Mrs. Jack Smith.

L. L. Bassham Funeral in Local Church

Funeral service for Leonard Lawrence Bassham, 76, was conducted Wednesday morning at the Church of Christ at Fifth and Elm Streets.

Bassham died early Monday morning in his home at 717 East Fourth Street following a long illness.

Floyd J. Spivy, minister of the Church of Christ, officiated in final rites. He was assisted by Ted Norton of Snyder. Burial was in the Colorado City Cemetery under the direction of Kiker and Son Funeral Home.

Pallbearers were Huston Lindsey, W. A. (Buddy) Lindsey Jr., G. D. Foster, John Hale, Sam Hale, Dennis Fortenberry, Hulet (Gramp) Williams, Charles Williams, Ed Roach and M. A. Stinson.

Bassham was born in Bonham May 25, 1880. In 1901 he married Zella C. Lee, who died in 1930. He later married Mrs. Ella Bell of Halletsville.

He moved to Mitchell County in 1912 and settled in the Seven Wells community, where he farmed until 1953.

He was a member of the Church of Christ.

He is survived by his wife; five daughters Mrs. Joe Hartman of El Paso, Mrs. Cullen Wilson of Midland, Mrs. J. C. Sale of Stanton, Mrs. B. J. Rayborn of Houston and Mrs. C. H. Vanderhider of Texas City; five sons Carl Bassham of Hobbs, N.M., Lanier Bassham and Roy Bassham of Midland, Bill Bassham of the Army in Baltimore, Md., and Neal Bassham of Snyder.

Also one brother, W. P. (Billy) Bassham of Colorado City; a sister, Mrs. Rich Barrett of Mt. Pleasant, and 20 grandchildren.

COUNCIL—

gram here—as a possible improvement for housing for lower income brackets in the city—was given to councilmen and the chamber committee recently by Federal Public Housing officials from Fort Worth.

* * *

Leonard Morris presented a petition signed by more than 200 citizens protesting gin dust in the areas near gins and asking for the city obtain improvement in the condition.

"This is not a personal matter," Morris told council, "for those boys who work at the gin are our personal friends.

"But we are suffering undue hardship."

* * *

City Manager Snethen and City Attorney John Worrell reported to council they had contacted gin operators here in an effort to obtain voluntary improvements to cut down on dust during gin operation.

The city attorney said also that he had recommended to the protestin citizens that their best route for relief from the gin dust would be in a civil suit in district court, seeking damages and injunction against the gins.

He named the Swift & Company Gin as the source of most of the current problem.

But he also said that the city's ordinance regulating gin operation may not be adequate for the city to take action in court against the problem.

Worrell recommended that the city authorize him to contact gin owners at their headquarters out of town (not the local operators) and ask that the protested condition be alleviated.

And the attorney recommended that he be given authority to start court action if the problem can not be worked out satisfactorily with gin owners.

Council then voted unanimously in support of his request and provided him with authority to take the two-prong action.

week increased the weekly cash giveaway from $100 to $150.

Top cash prize of the weekly drawing every Thursday in front of Palace Theater — remains at $100. But two $25 awards have also been added to assure three lucky persons each week instead of the original one.

It was announced also that the automobile to be given away Christmas Eve will be a 1957 Chevrolet Bel Air sedan fully equipped.

The V-8 powered sedan will be equipped with automatic transmission, air-conditioner, deluxe heater and radio, tinted glass, two-tone paint, directional signals, back-up lights and other accessories.

The 106 merchants participating in Cash & Car Days as sponsors were notified, too, that civic and tax-supported organizations receiving Cash & Car Days tickets will be eligible for prizes, not the persons representing the organizations.

Stubs of tickets held by the organizations must be properly identified before being deposited at stores at time of purchases, the committee added.

Society Says 'Thanks' For Cancer Support

Mitchell County unit of American Cancer Society has expressed appreciation to the public for support of its program.

The appreciation was voiced in a resolution adopted and made public by the organization.

Text of the resolution, pointing out cooperative endeavor in the Cancer Society's finance and educational drives, follows:

"Mitchell County, Texas, in the early part of this year, organized as a unit under the American Cancer Society, and elected officers and directors for the purpose of the local organization and,

"Whereas, the local officers and directors instituted an educational and financial drive for Mitchell County, Texas, in the earlier part of the summer; and,

Whereas, many persons, all over Mitchell County, Texas, graciously gave both their time and money in assisting and enabling the Mitchell County Unit of the American Cancer Society to reach its financial goal for the year 1956; and,

"Whereas, as a called meeting on the 26th day of September, 1956, the Board of Directors passed a unaminous resolution expressing its sincere thanks and gratitude to all of the persons helping and assisting in this financial and educational drive;

"Now, therefore, be it declared; that the Board of Directors of the Mitchell County Unit of the American Cancer Society to take this opportunity and occasion to express their heartfelt sincere thanks and gratitude to each and every person who aided and assisted in this work, both by giving of their money as well as their time."

The resolution was signed by County Attorney Frank Ginzel, vice president of the unit, for the organization's membership.

AT HAMLIN STADIUM FRIDAY

Speedy Pipers to Seek Revenge Against Wolves

Hamlin Pied Pipers—for years a district foe of Colorado High—will be seeking revenge for past defeats Friday night at Pied Piper Stadium.

Hamlin, who remained in Class AA last year while the Wolves were moved up to Class AAA, will be favored.

The Pipers have not been able to defeat Colorado City since 1952 when they eked out a narrow one-touchdown victory.

And it was back in 1950 when Hamlin and Colorado City played right down to the wire for the district championship before C-City nudged out a 14-7 victory.

For the past several years Hamlin has been the doormat of District 4-AA. For instance, last season they won only two games and finished in the conference cellar.

But the tables are turned this year and Coach Truman Nix's crew would like nothing better than to lick the Wolves.

* * *

In their five games this season, Hamlin has won two, lost two and tied one.

They have defeated Roby, 34-6 and Spur, 18-12 while dropping close ones to Merkel 39-32 and Winters, 28-13. They tied Rotan 14-14.

In contrast, C-City has dropped all four starts this season, but probable to stronger clubs than Hamlin has played.

Hamlin possesses something the Wolves have lacked this year—a scoring punch.

They have scored 111 points in five games while the Wolves were scoring only 32 in four games.

In lightning-fast Doug Ford they have one of the best broken field runners in West Texas football.

Ford, 155-pounder, who scored 73 points last season, is rated by Colorado City scouts as one of the toughest and fastest ball carriers the Wolves will meet this season.

Wolf scouts cited an example in Hamlin's game against Winters last week. Ford was injured during the game, but came back in the last quarter to make a sterling 63-yard touchdown run.

He's been a regular in the Piper backfield for the past three seasons and well rated as a dash man in track.

Ford is one of seven regulars returning from the 1955 team which the Wolves defeated 28-0.

The other six regulars are in the line, which averages 170 pounds, only about two pounds per man heavier than the Wolves' forward wall.

Regulars back in that Hamlin line are ends Lane Fletcher, 160-pound "pass-catching specialist; and Jerry Jay, 140, who was out last week with an injury; tackles Dee Prewitt, 178, who was all-district last season and Don Drummond, 160; guard Davey Weaver, 160 and center, Murl Don Smith, 185.

The other guard position is occupied by Don Pyron, 170 while Drummond has lost his starting position to a newcomer, Charles Jenkins, 196.

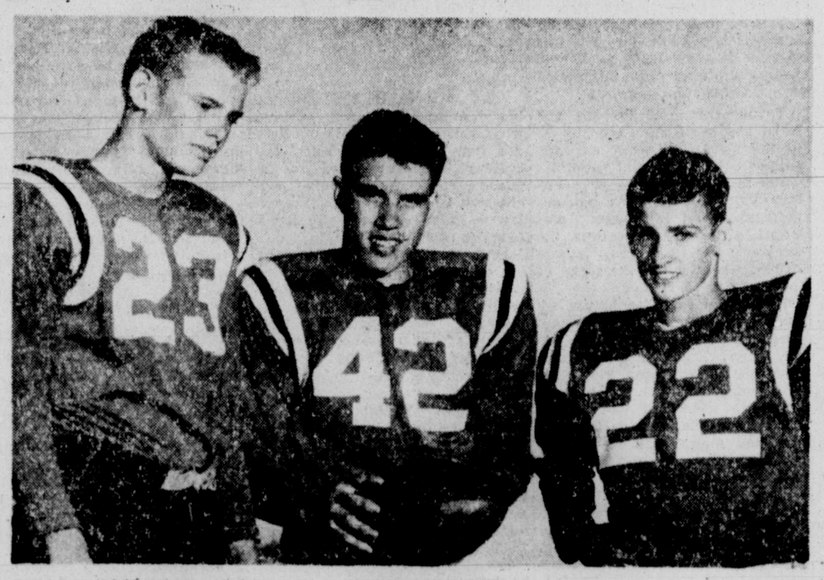

Joining Ford in the backfield is a trio of backfield lettermen on the Hamlin squad which boasts 15 letterman from last season.

At quarterback is Don Adair, slender 145-pounder who possesses a good passing arm.

At left half is Virgil Wilson, 150, and at fullback, Herbert Lakey, 160.

John Ritchey, 145, and Jim Bryson, 165, will see relief duty in the backfield.

The entire Hamlin backfield is of the scatback variety, the type that has given C-City plenty of trouble on the gridiron field this season.

READY FOR PIED PIPERS—Three Wolf backfield players who will see action against Hamlin Friday night are, left to right, Don Powell, Delbert Lewis and Freddie Womack. Powell and Lewis alternate at wingback while Womack plays a halfback position. (Record Staff Photo)

Wolves were reported in good shape for the Hamlin game Thursday.

Bancker Cade, starting halfback, has been bothered this week with a bad ankle. If he isn't ready Friday night, Coach Bob Reily will probably start Roy Maples, 140-pounder who has been converted from the quarterback spot to a running position. Maples showed well against Kermit last week.

Roy's twin brother, Troy, has been hampered by injuries the past several weeks.

James Shoemaker, the 163-pound sophomore, will probable get the starting call at fullback.

Another sophomore, Slingin' Bobby Caffey will start at the quarterback post.

Caffey has been the Wolves' best offensive weapon this year with his adept passing game.

With ends Don Black and Jimmy Richardson on the receiving end, Caffey has been able to gain considerable yardage against all four foes this year.

Delbert Lewis and Don Powell will split duties at the wingback post.

Joe Maddox, junior guard, is suffering with an ankle injury. But he can take it easy since he won't be eligible to play until next week against Brownfield.

Dru Vowell is gradually gaining his 1955 form after a slow start this year due to thyroid trouble.

All-District Jim Windham will occupy the right tackle post opposite Vowell while Kenny Simmons, 165, and Paul Free, 157, line up at the guard posts. Bobby Carpenter, 166-pounder, will start at center.

West Texas Picked Over Texas Tech

For the first time in many years, West Texas State will go into the Texas Tech game favored to defeat the Red Raiders here Saturday night.

In three games, Texas Tech has failed to post a win, while the Buffaloes have been unbeaten in as many starts. Tech has lost to Texas Western 17-13, to Baylor 27-0, and to Texas A&M 40-7. West Texas State's wins have been over University of Corpus Christi 29-6, McMurry 33-7, and Sul Ross 48-0.

With 30 lettermen returning, Coach Frank Kimbrough has most of the Buffaloes who held Tech to a 27-24 win last year. Graduation was a lot kinder to West Texas State. Whereas the Buffs lost a total of seven gridders who had earned a total of 13 letters, the Raiders are missing 17 men with 42 letters.

A pair of former District 1-4A gridders will be in the spot-light as quarterbacks. They're Bubba Hillman of Borger, for the Buffaloes, and Buddy Hill of Lubbock, for the Red Raiders. Hill, slowed by a knee operation, hasn's played a lot fro Tech, but looked so good against A&M, completing a touchdown pass to Ken Vakey, that he's due to see more service against West Texas State.

BUDDY HILL, Tech man-under.

West Texas State's last victory over Tech was in 1950, by a 28-13 score. This team is rated on a par with, or better than, that powerhouse, winner of the Border Conference and the Sun Bowl.

Lindsey Group Attends Dallas Reunion, Fair

Mr. and Mrs. W. A. (Buddy) Lindsey Jr., Mr. and Mrs. H. C. Lindsey and daughters, Jan and Kay, of Colorado City were in Dallas over the week end for a reunion of the Lindsey family.

They were accompanied by Miss Dorothy Lindsey of Amarillo, daughter of the W. A. Lindseys, and Miss Ann Lindsey of Abilene, daughter of the H. C. Lindseys, and Mr. and Mrs. W.A. Lindsey Sr. of Lamesa.

The reunion was in the home of the senior Mr. Lindsey's brother-in-law and sister, Mr. and Mrs. Abner Castleberry.

Miss Dorothy Lindsey and her parents attended the State Fair while in Dallas.

WINS TEXAS-OKLAHOMA GRID TICKETS

Mrs. Higgins Outpicks Experts For Second Consecutive Week

The so-called "football experts" could take a lesson in picking the winners from Mrs. Floyd R. Higgins, 1142 Cedar St.

For the second consecutive week, Mrs. Higgins has won the Record's football guessing contest.

Week before last she picked all games correctly and picked the exact key score. Her name was drawn from the hat with two other persons who also picked all correctly.

Last week, she picked 10 winners of 11 games and missed the key score of 33-6 only three points with a guess of 35-7.

The only game missed was the Brownfield win over Lamesa. The Ballinger-Lake View game was marked out of the contest since the teams tied and no one picked them to tie.

For her efforts, Mrs. Higgins, receives two tickets to the Texas U. vs. Oklahoma U. game Saturday in Dallas at the Cotton Bowl.

Allen Clifton of Fluvanna won second place with only one game missed and a key score of 38-6, only five points off the correct score.

Clifton wins a one year subscription to the Record.

Taking third and fourth places, respectively, were T. D. Harper, 158 Dallas St., and Faye Byrd, 848 Chestnut. They win movie passes.

The second, third and fourth place winners each missed the Brownfield upset of Lamesa.

Harper's key score was 38-13 and Byrd's 40-0.

Also missing only one game, but further off on the key score, were D. M. Costlow, Jack Burkhalter, and Mrs. Philip Berman.

Missing only two games were Herman Parsons, Eldon Mahon, Mrs. Glenn Thomas, Earl Taylor, Drew Ballard, Jerry Treadwell, B. H. Gary, Julius Smith, Jackie Benson, Elinor Harvey, David Taylor, Joan Swann, Jackie Don Burkhalter, E. F. Rothwell, Don Peck, J. V. Bolin Sr., Bill Quimby, Anne Burkhalter, J. D. Baker, Philip Berman and Melvin Biggers.

First prize for this week's contest is two tickets to the Texas Tech vs. Oklahoma A&M game Nov. 3 in Lubbock.

And the games appear to be pretty tough to pick.

Lamesa at Big Spring will be a close one while Andrews at Levelland could go either way.

Breckenridge at Snyder, Monahans at Sweetwater and Pecos at Lake View should also be tough ones to predict.

If the college games go true to form, they shouldn't be too hard to pick.

Contestants are allowed only one entry, but the whole family may enter.

Deadline for bringing entries to the Record office is 5 p. m. Friday while mailin deadline is 8 p. m. Friday.

Parkhurst to Start Against Oklahoma U.

AUSTIN—Arlis Parkhurst, 210-pound center from Colorado City, moved up to a starting offensive center position for the University of Texas Steers this week prior to the Steers' game against Oklahoma U. in Dallas.

Parkhurst was moved to a starting position when Louis Del Homme of Baytown was shifted from center to guard.

Parkhurst has been seeing plenty of action for Texas this year as Del Homme's understudy, both on offense and defense.

J. B. Padgett, 205-pounder from Colorado City, will be used mainly on defense for the Steers at the center guard position.

Both Padgett and Parkhurst played outstanding defensive games last week in Texas' 7-6 loss to West Virginia.

Parkhurst and Padgett will be meeting an old rival this week end in Bob Harrison of Stamford, now a center on Oklahoma's second unit. Last meeting for the trio was the Stamford-Colorado City High School football game of 1954 when Colorado City won 20-14 to cinch the district championship.

LONE STAR FARMER

Soil Bank Revives Famed Hog Letter

By JOHN C. WHITE,
Agriculture Commissioner.

Is history repeating itself again? A certain "famous" letter is back in circulation again which would indicate we are completing another agricultural cycle.

Back when Henry Wallace was Secretary of Agriculture, one Ramon Ortiz de la Munoz inquired about the possibility of "not raising hogs". The letter appeared again recently in the Gorman Progress in Eastland County and, in these days of soil bank when it is profitable not to raise wheat and cotton, it has a very timely note. Here is the letter:

Amigo Mior:

My amigo, Pedro in Eastoria County received a check for $1,000 from the government this year for not raising hogs. So I am going into the "not raising hog business" next year.

What I want to know is, in your opinion, what is the best kind of farm not to raise hogs on and the best kind of hogs not to raise? I would prefer not to raise razor-backs, but, if that is not a good breed not to raise, I will just as gladly not raise any Berkshires, Durocs or Poland China.

The hardest work in this business is going to be in keeping an inventory on how many hogs I haven't raised.

My Amigo Pedro is very joyful about the future of this business. He has been raising hogs for more than 20 years and the best he ever made was $400 back in 191s, until this year, when he got a thousand dollars for not raising hogs.

If I can get $1,000 for not raising 50 hogs, then I will get $2,000 for not raising 100 hogs, etc. I plan to operate on a small scale at first, holding myself down to about 4,000 hogs, which means I will have $80,000.

Now, one other thing. These hogs I will not raise will not eat 1,000,000 bushels of corn. I understand that you also pay farms for not raising corn. So will you pay me anything for not raising corn not to feed the hogs I am not raising?

I want to get started as soon as possible as this seems to be a good time of the year for not raising hogs.

Yours Truly,
Ramon Ortiz de la Munoz

P. S. Can I raise 10 or 12 hogs on the side while I am in the business of not raising hogs? Just enough to get a few sides of bacon to eat?

BIBLE COMMENT

'War in Heaven' Has Significance

"There was war in heaven." Surely heaven is the last place where one would expect war.

It is a common assumption that, if we could only perfect our social conditions and environment, everything would be well. Yet there in heaven, where we think of conditions as ideal, there was war.

We are reminded that as eternal vigilance is the price of liberty, so it is the price of peace. Good conditions do not guarantee suppression of evil ambitions and the lust of power.

"There was war in heaven." Even in heaven, the forces and the power of evil could not be overthrown without conflict. There is a point where the appeals of grace, overcoming evil with good, and turning the other cheek, have their limitations, and the powerof evil has to be met with uncompromising opposition.

The Christian way is a way of peace, but Michael and his angels went forth to war and there was no peace until the great dragon was cast down and forced out of heaven.

Surely there is a parable in this for our own time. A good woman recently wrote me to protest against our plans of defense and military preparation on the plea that "war is senseless." Of course war is senseless. It is worse than senseless; it is criminal.

But must we not make a distinction between a senseless war and the force that law-abiding and peaceable men would use in suppressing crime and in meeting invasion or the threat of invasion? When the Christian, however, wars for anything but righteousness and peace, his warfare is not of God but of the devil.

FOR SPRINKLER SYSTEM

Irrigation Needs Maintenance Job

The useful life of sprinkler irrigation equipment can be extended through proper maintenance.

Bob Thurmon, Texas A&M Extension Service irrigation specialist, says as soon as the irrigating season is over, it is time to do some of the maintenance jobs.

He says the engines should be checked by a qualified mechanic and if the pumping units are left in the field over winter, they should be covered by a waterproof tarpaulin or a suitable structure. Special care should be taken to see that no moisture enters the exhaust pipes of internal combustion engines.

Impellers and seal rings on centrifical pumps should be checked. Sprinkler heads should be removed and checked for excessive wear and repairs made if needed. Gaskets should be inspected and all sand or packed soil removed.

He advises storing pipe on racks well above the ground and in the colder areas of the state prefer indoor storage. If pipe is left in the field during freezing weather, it should be completely drained after use. Buried lines must have complete draining facilities in colder areas unless they the buried below the frost line.

If fertilizer is applied through sprinkler systems, he says make sure all equipment is thoroughly flushed and is clean before shutting down. Should corrosion be detected in any part of the system, he advises getting in touch immediately with the supplier. If corrosion is detected early, several remedial steps can be taken to stop the damage.

Ike Can't Make It Rain, But He's Still Best Man

The other day I asked a farmer if it was dry out his way. He said it sure was. "Looks like we just can't get any rain," he said. "Why, when Noah had his 40-day flood, we didn't get over half an inch."

There's no mistake about it, Texas is having itself a real drouth. Some of the farmers and ranchers in our county are in such bad shape that they may vote for Stevenson.

Old Man Jones, from across the river, said he wasn't going to go to any such extreme. He said he needed rain as bad as anybody else. He claimed water was so scarce in his community that the preacher was baptizing new members with a wet handkerchief. But he was holding out awhile longer, anyway.

"I may be stubborn," said Old Man Jones, "but I just ain't been convinced that President Eisenhower is keeping it from raining."

He said he knew that Stevenson and Kefauver acted like they thought so, and they had a right to their opinion. Lyndon Johnson, he figured, knew better, but he was sticking with Adlai and Estes for the sake of unity. He said he didn't figure Mr. Sam Rayburn had known whether it was raining or not for the last 25 years.

"I hate not to go along with such a widely known crowd of weather observers," Old Man Jones said. "If there's anybody who keeps up with which way the wind is blowing, generally speaking, it's Stevenson, Kefauver and Johnson."

Then he went on to say that he realized the national farm program hadn't pleased everybody—including him. If he was in the White House, he would do things different, at least in our county. He allowed that the $61,000,000 spent by the Eisenhower administration for drought relief in Texas could have been doubled and still not made all the farmers happy and prosperous.

"But," said Old Man Jones, "I keep remembering that the main reason for our troubles, besides the drouth, is the fact that we are not at war. Now, if Adlai and Estes really want to jump on President Eisenhower, there is a real issue. They've sure got the goods on Ike in that respect. If he hadn't stopped that Korean War, farm prices would be higher, no doubt. I wonder why they never mention that."

Old Man Jones was kidding a little, of course, in his usual way, but I think he had something there. We have got to adjust to peace-time, which is taking awhile but President Eisenhower is working at it. And meanwhile our boys aren't fighting and dying on foreign soil. It's worth thinking about...

Yours truly,
Tex

PRISON SYSTEM IN 'SERIOUS TROUBLE'

O'Daniel Write-In Gains Steam as Forces For Adlai, Ike Intensify Texas Campaigns

State Capitol NEWS

By VERN SANFORD,
Texas Press Association.

W. Lee O'Daniel is back in the saddle again, riding the range for votes. This time it's a big bus and the Hillbilly Boys.

Twice refused a place on the general election ballot, "Pappy" is campaigning as a write-in candidate for Governor. He reports receipt of thousands of letters asking instructions as to how to vote "the write-in way."

First bomb to be tossed by the former governor was his endorsement of Republican Dwight D. Eisenhower for re-election as President of the United States.

Proof that O'Daniel means business is evidenced by the fact that he is advertising consistently by press and radio, statewide.

Other Campaigners

Texas strategists for Ike and Adlai will send fresh recruits into the field this week as campaigns enter the final month.

For Adlai, a "Democratic Victory Van," loaded with buttons, literature and speakers, was launched from Austin over the weekend. It will make a 30-day, 10,000 mile trek "to the forks of the creek."

Democrats for Eisenhower added a one-time Stevenson supporter to their crew. He is Johnston Murray, former Democratic governor of Oklahoma, now a Ft. Worth businessman. Murray, a long-time friend of Gov. Allan Shivers, speaks Spanish fluently, and will make speeches mostly in South Texas.

New Party Head

James H. Blundell of Dallas, chairman of the Democratic Executive Committee for less than a month, has resigned. His reasons were both personal and business.

Succeeding Blundell is Jim Lindsey, former speaker of the House of Representatives and State Representative from Texarkana, now head of the Texas Good Roads Association.

L. C. Page of Tyler, also a member of the committee, has resigned. He gave as his reason Stevenson's statement that he favored an end to the draft.

Investigations Due

A loaded agenda awaits the House Investigating Committee meeting, beginning here Oct. 19.

Scheduled are: (1) Extensive inquiry into tidelands leasing procedures, as instructed by the last Legislature; (2) Preliminary consideration of a report to be made to the next session on insurance companies; (3) A report on the committee's inquiry into absentee voting in Webb County; (4) Discussion of possible recommendations that powers of any future investigating committee be limited lest it be "used as a political tool."

Prison Work Urged

Texas Prison System is in for "serious trouble" unless it gets more money for buildings and salaries.

Gen. Mgr. O. B. Ellis warned that the prisons cannot continue to "stack men up the way they are now." Also, said Ellis, the system is understaffed by 58 guards, and lacks even one psychiatrist to deal with the increasing numbers of "mentally irresponsible troublemakers."

In an Austin speech Ellis gave an advance outline of the expansion program he will seek from the next Ligislature. He proposed "bare minimum" budget": $4,825,000 for new buildings and an $870,000 increase for operating costs, including salaries.

Three Million Jobs

Three million jobholders in the state by 1957 is foreseen by the Texas Employment Commission.

TEC also predicted steadily rising employment through the fall with a peak in December well above last year's figure of 2,862,000.

Even before school openings brought a bustlin upsure, nonfarm employment had swelled to 2,901,500. Agricultural laborers totaled 273,600, which, despite drought, was 12,000 more than in 1955.

Business In Doubt

Economic experts are backing off from earlier predictions that Texas business in 1956 will top the 1955 record.

Retail merchants entered the fall months with the sales index off eight per cent from a year ago. Automobile sales lagged 20 per cent.

Overall business activity for 1956 still is slightly higher than '55, says the UT Bureau of Business Research. But if the downward trends continue, hopes for a new record may be too optimistic.

Credit tightening has slowed, but not "seriously affected" Texas' rapid industrial expansion, says Dr. John Stockton, head of the research bureau.

Many Texas merchants look to a big holiday boom to bring up the year's average.

Verdict Reversed

The murder trial of Harry L. Washburn will have to be tried again. Texas' court of criminal appeals has reversed and remanded the Waco conviction.

Washburn had been given a life sentence in the auto-bomb killing of Mrs. Helen Harris Weaver of San Angelo.

Defense attorneys contended the state prejudiced the jury with "fact-laden questions" to a witness who claimed 5th Amendment immunity.

Washburn said he hoped for a new trial in his home town, Houston.

Jobs for Handicapped

Texas employers put more handicapped persons on jobs last year than ever before—24,445. Applications increased, however, from 6,727 to 14,004.

Laurence R. Melton, chairman of the Texas Committee for Employment of the Physically Handicapped announced the figures.

Gov. Allan Shivers presented merit awards to three employers for their consistent hiring of handicapped persons. These were Sears Roebuck, Hammond Laundry and Machinery Co. of Waco, and Howard Areo Inc. of San Antonio.

Earl Brown Jr., Abilene, was designated the handicapped person of the year. A special award went to Adolph L. Stein Jr., Kelly Air Force Base.

Reserves Polled

Questionnaires are being mailed to all standby reservists but there is no cause for alarm. Morris S. Schwartz, state selective service director, says it's just for inventory.

Standby reservists cannot be called to service unless an emergency is declared by the Congress, he said.

Based on information in his questionnaire, each standby reservist will be placed in one of three categories: I-R, available for service; II-R, deferred because of civilian occupation essential to maintenance of national health, safety or interest; or III-R, deferred by reason of extreme hardship of dependents.

Crime on Increase

There has been an estimated 13 per cent increase in crime in Texas cities, reports the Department of Public Safety. Rural areas show a 2 per cent decrease.

Major increase in both areas was in theft, up an estimated 14.8 per cent, Auto theft showed 4.2 per cent gain; burglary increased 6.5 per cent.

Decreases were in rape, 18.3 per cent; murder and homicide 1.2 per cent; robbery 1.5 per cent; and aggravated assault 7.6 per cent.

Short Snorts

Number of patients confined in Texas mental hospitals dropped during the past year, despite an increase in the number admitted. Mental hospital rolls dipped from 16,445 in 1955 to 15,955 in 1956. But total number treated rose 1,621 in the same period—Don't burn any trash until there is rain, Texas Forestry Service warns. Tinder-dry woods and fields already have resulted in widespread forest fires—"Wets" won out in three recent local option elections held in Tarrant, Moore and Gregg Counties, reported the Texas Luquor Control Board. This made a total of seven defeats for dry forces in elections held since June. Others were in Potter, Gray, Dallam, Hutchinson and Moore Counties —Men between 21 and 35 who want to be highway patrolmen may apply until Oct. 15, says the Department of Public Safety. Exams will be given later this month. Applications go to Chief W. J. Elliott, Texas Highway Patrol, Austin. State cigarette taxes dropped in September, but increased liquor revenue more than made up the difference. State Treasurer Jesse James reported cigarette money down $85,735 from a year ago, but liquor taxes up $141,858 — A new law authorizin the Insurance Commission to judge competency of company management will be tested in appeals court Feb. 20.

CENSUS REPORT REVEALS

County's Service Firms Have $1,158,000 Annual Business

Receipts of 76 service establishments enumerated in Mitchell County in the 1954 Census of Business amounted to about $1,158,000, according to a preliminary report covering service trades, published by the Bureau of the Census, U. S. Department of Commerce.

The combined yearly payroll of the county's service establishments was $230,000. They reported 135 employees of whom 127 worked fulltime in the pay period ending nearest November 15.

Proprietors actively employed in the operation of unincorporated businesses numbered 79.

Establishments providing personal services numbered 33 and reported receipts of $378,000. Establishments primarily engaged in automotive repair, parking and other automotive services numbered 6 and had receipts of $57,000.

Establishments listed as "all other services" in the preliminary report numbered 37 and had receipts of $723,000.

"Personal services" group includes such businesses as barber and beauty shops, cleaning and dyeing plants, laundries and laundry services, garment alteration and repair services, funeral services, photographic studios, shoe repair shops and shine parlors, as well as other personal services.

"Automotive services" group includes general automobile repair shops, battery service shops, tire repair shops, body repair and paint shops, automobile rentals, storage garages, parking lots, auto laundries, and other miscellaneous automotive services.

"All other selected services" group includes business services, miscellaneous repair services, amusement and recreation services, motion pictures, hotels, tourist courts, motels and camps.

Colorado City was listed with 49 service establishments while other communities of the county had a total of 27.

Total receipts for the 49 Colorado City service firms amounted to $838,000 while the other 27 throughout the county counted $320,000.

Payrolls for the Colorado City service firms amounted to $176,000 while payrolls for those outside Colorado City totaled $54,000. Ninety-six persons were listed on the city payrolls while 39 were listed for the remainder of the county.

In Colorado City the census listed 24 firms that provided personal services, compared with nine elsewhere in the county. Receipts for the 24 firms in the city were reported at $345,000 while the other nine reported $33,000.

Automobile repair services and garages were listed as four for Colorado City and two for county areas.

The census revealed 21 other service firms in the city and 16 outside Colorado City.

Motorists Are 'Putting Off' Car Inspection

Colorado City motorists, like those all over Texas(are exercising the old American custom of putting off until tomorrow what ought to be done today and Col. Homer Garrison Jr., director of the Texas Department of Public Safety has expressed some concern that the practice is responsible for considerable lagging in the State's motor vehicle inspection program.

The first month of the new inspection period ended on Oct. 15 and Garrison noted that only 4 per cent of the registered vehicles have been inspected. The period runs through April 15, 1957.

"The inspection period embraces a full seven-months," Garrison said, "and that means that minimum of 14 per cent of the cars must be checked each month in order to avoid unnecessary rushes on the inspection stations in the final weeks of the period."

Meanwhile, George W. Busby, DPS Motor Vehicle Inspection Division Chief, reported that a total of 3,663,000 cars were inspected during the year which ended last Sept. 14. Of these, slightly more than 1½ million, or 43 per cent needed some adjustment or repair before meeting the approved standards. Average cost for such services was eighty-eight cents.

The most common defect found by the state's more than 4,200 licensed inspection stations during the year was in 29 per cent of the cars which needed headlights adjusted or repaired Busby announced.

He said that the second most frequent mechanical deficiency was the 10 per cent of cars which required adjustment or repairs of foot brakes.

Loraine Events Fete Guests, Two Clubs

LORAINE—Guests were feted recently at a buffet supper in the home of Mr. and Mrs. R. K. Thornhill.

Co-hosts with Mr. and Mrs. Thornhill were Mr. and Mrs. Wade Preston.

Guests were Mr. and Mrs. K.R. Bartels, brother-in-law and sister of Mrs. Thornhill from Taft; Mrs. Nolan Barmore of Matador, Mr. and Mrs. J. C. Hall Sr., Mr. and Mrs. L. E. Crutcher, Mr. and Mrs. H. L. Leach, Mr. and Mrs. Dan Butler, Mr. and Mrs. Charlie Hamilton, Mr. and Mrs. W. C. Rogers, T. J. Riden and Mrs. Vanda Martin.

* * *

Hosting the Bridge Club last week in their home were Mr. and Mrs. Woodrow Pratt.

Coffee and cake were served by the hosts to Dr. and Mrs. Bruce Johnson, Mr. and Mrs. Glen Coon, Mr. and Mrs. Jack Coffee, Mr. and Mrs. Wilmon Tartt, Mr. and Mrs. H. E. Thomas.

Entertaining the 1950 Club was Mrs. Lily Bennett.

A sandwich plate with hot chocolate was served, after games of canasta, to Mrs. Nellie Boone, Minnie Fairbairn, Mrs. Troy Jones, Mrs. Allen Adams, guests of the club; and Mrs. Frank Johnson, J. D. McDonald, Mrs. Doris Martin, Mrs. Pauline Smiley, Mrs. Cora Hall, Mrs. Elnora Baumann, Mrs. Thelma Hacker, club members.

Register at Fair for Free Laundry Service

J. Ralph Lee, owner of Colorado Steam Laundry, Thursday urged everyone who attends the State Fair in Dallas to visit the Texas Laundry Association booth.

Lee said the booth is No. 256-A in the General Exhibit Building. Everyone is eligible to register at the booth and a winner each day receives free laundry service for 365 shirts at his home town laundry.

"In other words, you get free laundry service for shirts for one year if you win," Lee said.

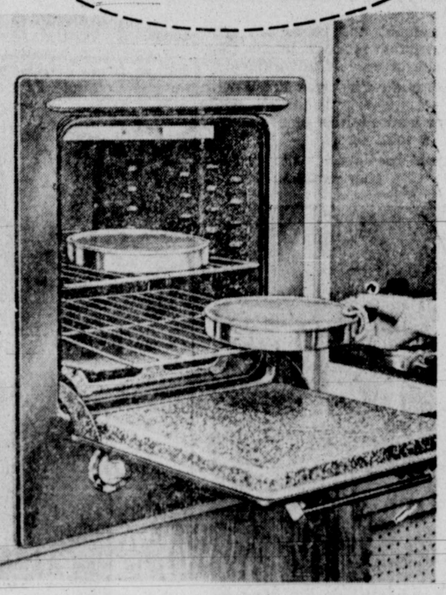

Houston Trip

Going to Houston Sunday for a medical check-up was Mrs. Bud Compton. She was accompanied by Mr. Compton and a brother, Olan Lee.

WOMEN WHO COOK ELECTRICALLY KNOW

Electric Cooking is COOL

An electric oven is insulated on all SIX sides to keep heat out of your kitchen

Once you've tried electric cooking, you'll agree that an electric range helps keep kitchens cool and comfortable. Electric ovens are fully insulated—top, bottom and sides—to keep heat inside where it belongs. Electric surface units transfer heat by direct contact with utensil bottoms—little escapes up the sides to heat your kitchen. Find out for yourself how COOL electric cooking can be . . . and enjoy its many other advantages. You'll like its cleanliness, accuracy and economy, too!

For a full measure of cooking pleasure . . . COOK ELECTRICALLY

See your favorite electric range dealer soon for the model that's exactly right for your family's needs and budget. You'll find electric cooking one of the nicest things about living better . . . electrically!

IT'S RANGE CHANGE SALE TIME!

Suddenly you know how modern a range should be—

flame-fast gas ranges alone are instantly on—instantly off!

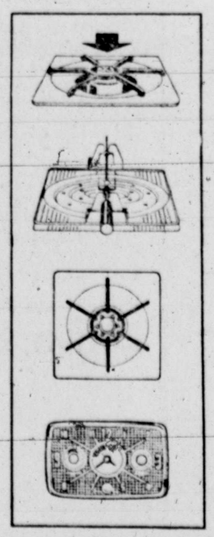

ONLY WITH EXCITING NEW FEATURES LIKE THESE CAN YOU REALLY COOK MODERN!

Cook-Saver Automatic Top Burner Control. New flame-fast gas Cook-Saver holds pre-set temperature. Foods won't burn! Makes all your pans automatic!

Built-In Rotisserie. Broil indoors with flame-kissed "barbecue" flavor. Automatically turns out your favorite foods easily and deliciously.

Simmer Flame. On each burner, tiny points of flame make waterless, "vitamin-save" cookery a snap. Unlimited keep-warm and simmer settings.

Automatic Clock-Controlled Oven. Cooks whole meals while homemaker is away...turns oven on and off automatically. Even circulation of heat...use any rack position.

Think of the times you need split-second response of heat in your cooking. Think of the precious minutes instant fingertip control of heat can save you. And you have this instant heat only with ultra-modern flame-fast gas ranges! When your baby cries for his 2 A.M. bottle...when you are rushed to get your family off to school or work... when time slips by and you are late starting dinner...only truly modern gas meets the immediate need for speed! Flame-fast gas delivers maximum heat in a split-second...adjusts to any desired heat in a split-second...and turns off in a split-second. You avoid spillovers...scorching...overcooking. No wonder smart women say *truly* modern cooking is cooking with flame-fast gas.

DON'T BE FOOLED...cooking with gas is cheaper. For what it costs you to cook electrically for one year, you can cook for more than *four* years with flame-fast gas.
SAFEST COOKING EVER! A.G.A. seal on each gas range assures reliability. Fire insurance statistics prove gas is safer!

DR. GEREN OF BAYLOR U.

Middle East Expert to Address Lions, Speak at First Baptist

Dr. Paul Geren, authority on Middle Eastern affairs, will address the local Lions Club here Friday and will speak at the Laymen's Day service at the First Baptist Church Sunday.

Geren, who is executive vice-president of Baylor University in Waco, has spent most of the last 15 years in Asia and the Middle East.

Until recently he was associated with the State Department in Washington.

In 1941, following his graduation from Harvard University, he was appointed as a missionary teacher to Burma by the American Baptist Foreign Missionary Society. He arrived at his new assignment shortly befofe the bombing of Rangoon by the Japanese in December.

From then on he was thrown into the center of the dramatic events which have developed in Southern Asia and the Middle East.

Geren served with General "Vinegar Joe" Stillwell and the famed Dr. Gordon Seagraves in the evacuation of Burma. He worked most of World War II in an Army hospital in the C. B. I. theater.

After the war Geren returned

SPEAKER—Dr. Paul Geren, who speaks here this week end, was on the U. S. State Department's staff before becoming an official at Baylor University.

to the United States for a short period, married his college sweetheart, ran for Congress from his home district of El Dorado, Ark., and finally entered United States diplomatic service in 1947.

Geren was pleased to find that his first assignment was to familiar territory, India. After serving in the U. S. embassy in Bombay for several years, he was transferred to the tense diplomatic post at Damascus, Syria, said by many authorities to be the oldest city in the world.

While in Syria Geren helped represent the free world in the political powder keg that rests uneasily between Democratic West and Communistic East.

Moving still closer to the "eye" of the international hurricane, Geren was next assigned to the United States Embassy in Amman, capital of Jordan. He continued to serve there until called back to Washington where he was placed in the Department of Middle Eastern Affairs of the State Department.

Geren graduated from Baylor University in 1936 with the A. B. degree. He next went to L. S. U. to earn his master degree in government, and finally to Harvard where he was awarded the Ph. D.

He assumed his new position at his alma mater in Waco on Sept. 1. In addition to his administrative duties he teaches graduate courses in Middle Eastern affairs at Baylor.

Accompanying Dr. Geren to Colorado City will be his wife, the former Elizabeth Powers of Baton Rouge, La. They will be the house guests of Rev. and Mrs. J. F. Selcraig while in the city.

Geren is expected to speak on the present Middle Eastern crisis in his address to the Lions Club. At the First Baptist Church he will discuss missionary work and problems Sunday morning.

Blaze Victims Honored at Gift Shower

By MRS. C. C. HAMILTON, Record Correspondent.

LORAINE — A couple whose residence was destroyed recently by fire were honorees at a gift shower here last week.

Mr. and Mrs. Frank Stewart were the honorees, receiving 272 gifts.

The fete was at the home of Mr. and Mrs. Wiley Walker and sponsored by the Mary Martha Sunday School Class.

Co-hosts with the class, of which Mrs. Stewart is a member, were Mrs. Marshall Bruce, Mrs. John Johnson, Mrs. Ray Preston, Mrs. Homer Hart, Mrs. Wade Preston, Mrs. Russell Cope and Mrs. Walker.

The Men's Class at Loraine First Baptist Church presented Mr. Stewart with a gun at the fete.

Eighty-five persons attended the event for the couple whose residence burned while they were in Rockdale to visit a new grand baby.

Dining table was laid with hand crocheted cloth over yellow, centered with marigolds and garlanded with white and satin ribbon, inscribed with "Irene-Frank". Table appointments were crystal and silver.

Mrs. Ray Preston registered guests and Mrs. Lane McCollum registered gifts.

After the presentation of gifts Mr. and Mrs. Stewart expressed appreciation to their friends.

Games were played on the lawn.

"MAGNIFICENT PROMISES ARE ALWAYS TO BE SUSPECTED"

—*(Author's name below)

There appears to be a growing tendency toward advertising seemingly low bargain prices by certain radio, television, and door-to-door salesmen. The products they sell are usually made by a manufacturer unknown to you, or newcomers to drug manufacturing.

Before buying such medicines or vitamins, make certain these magnificent promises are true. Only a pharmacy is licensed, and regularly state inspected, to protect you. Usually the prices we charge for comparable quality are less.
