Annual Homecoming Set At OHS

Hamburger Supper Set

Hamburgers with all the trimmings plus a dessert and drink will be the festive menu of the PTA sponsored Homecoming Supper Friday afternoon in the school cafeteria.

Serving hours are 5 to 7 p. m. with tickets selling for \$1.

All local fans and exes will have an opportunity to get a few minutes visiting in while enjoying a good supper. Everyone is invited.

Jim McCurry Is Named Outstanding

Jim McCurry was introduced as "Mustang of the Week" when the Olton Booster Club met Monday night.

A sophomore, McCurry has always shown great ability to "hustle" and gives football all he has.

Steve Stockdale was named offensive player of the week and Keith Workman, who has changed to both offense and defense, was named best defensive player of the week.

Coach Ray Kinnison, in reporting on the game between Morton and Olton, said he was pleased with the game, but he felt that parts of the game weren't as good as it could have been. But other parts of it were better, so that on the whole, the game was just a good game all the way.

He praised Collin Johnson and Robert Ahrens for their performances in the game. "They ran perfect pass patterns Friday night. They both had excellent men guarding them but they just managed to get in the open and make the catch anyway."

Pep Planning

Annual Dinner

Plans are under way for Pep's 26th Annual Thanksgiving Festival to be held Nov. 25, at the St. Philip's Parish Hall.

The famous Pep sausage, turkey, dressing and all the trimmings will be served. The meals will be served from 11 a. m. to 2 p. m. and from 5 to 7 p. m.

Adult plates will be \$2, and for children under 10 the price will be \$1 a plate.

Carnival attractions all day. Auction at 7:30 p. m., and a dance at 9 p. m. till ...? with music by a Western Band will complete the day's festivities. Everyone is welcome and invited.

At WTSU

Four Olton High Graduates Enrolled In ROTC Cadet Corp

Four Olton High School graduates who are students at West Texas State University are enrolled in the ROTC Cadet Corps at the University. The four are Steve Exter, Randy Reynolds, Art Tollett and Gilbert Richardson.

Exter, son of Mr. and Mrs. Glen Exter, is a 1968 graduate of OHS. At WTSU, he is a member of Alpha Chi and also a member of the Residence Hall Advisory Council. He is a senior finance major.

A 1969 graduate of Olton High, Reynolds is a junior public administration major at WTSU. He is a member of the

FOOTBALL QUEEN HOPEFULS - One will be crowned Queen at the pep rally at OHS at 2:30 Friday. They are left to right, Bonnie Offield, daughter of Mr. and Mrs. Denver Of-

field, Dona Sorley, daughter of Mr. and Mrs. Archie Sorley and Brenda Leathers, daughter of Mr. and Mrs. C. H. Leathers.

In Grid Guessing

Jerry Mathis Wins This Week, In Second Place For Tickets

Jerry Mathis is winner of this week's Enterprise grid guessing game and is setting in second place in the season's contest. If he maintains this position, he will be recipient of two Sun Bowl tickets, plus \$20.

He will receive a check for \$5 this week for guessing all games correctly with the exception of the one between Texas Tech and Rice.

Winner of second place this week is Dale Riggs of Earth. He missed two games, Tech and Rice and Hereford and Plainview. He will receive a check for \$3. He now stands first in the season's contest and if he maintains his spot for a few more weeks, he will be the owner of the two Cotton Bowl tickets, plus \$40 expense money.

Raul Munoz of Earth is third

place winner this week. He also missed two games, the same two that Riggs missed, but he was seven points off on the tie-breaker, where Riggs was only five points off. Munoz will receive a check for \$2.

A complete list of those in the top bracket of the contest is printed on page 12 of this issue of the Enterprise.

It's not too late to enter the

contest this week. Simply pick up a copy of last week's Enterprise, fill out the official entry blank and drop into one of the envelopes provided at the places of business which sponsor the contest.

When you are in their businesses, tell them how much you appreciate them for sponsoring the contest. They make it all possible.

Charles Massegee To Lead First Baptist Church Revival

Revival services will begin Sunday, Nov. 7 and continue through Sunday, Nov. 14 at the First Baptist Church. Services will be at 10 a. m. and 7:30 p. m. weekdays with regular worship hours on Sundays.

Charles Massegee, evangelist, and Bob Gabriel, music di-

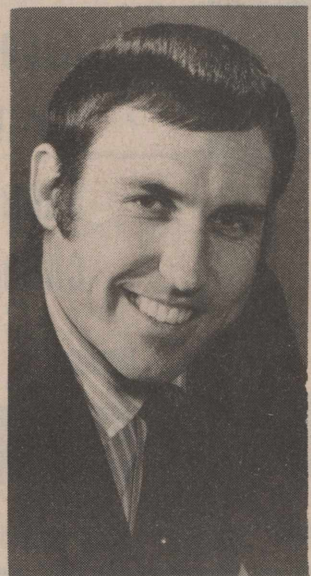

rector, will be making a return visit here, having led a revival in March 1968.

Massegee, who ministers to thousands of teenagers and college students each year, has the following message for youth of today: "There is more means for meanness today than ever before. However, I believe that the youth of our day have more potential for good than any generation in the history of the world. The youth of today are 'tops' in my book".

Speaking of the technological advance of this age, Massegee says, "In this space age of technological know-how, man has failed to develop the two most important things on earth; the moral know-how to get along with one another, and the spiritual know-how to get along with God".

"The church," he says, "should be a hospital for sinners, not a social club for saints".

The Rev. John E. Lewis, pastor, extends a cordial invitation to everyone to attend any or all of the services.

CHARLES MASSEGEE

Queen To Be Crowned, Parade, Supper Planned

With bold displays of "Blue and White" ex-students and others will be welcomed Friday for the annual Homecoming weekend.

Many activities are being planned including a pep rally, the crowning of a football queen, a spirited parade, the annual P-TA Hamburger Supper, and the all important clash between Olton Mustangs and Lockney Longhorns.

Proceedings will begin Friday with the Pep Rally set for 2:35 p. m. in the gymnasium. The public is welcome to come and is invited to participate in the event, in which the 1971 Football Queen will be crowned.

Three young lovelies - Dona Sorley, daughter of Mr. and Mrs. Archie Sorley; Brenda Leathers, daughter of Mr. and Mrs. C. W. Leathers; and Bonnie Offield, daughter of Mr. and Mrs. Denver Offield, will be presented by a trio of football captains, Luis Jimenez, Steve Stockdale and Marlos May. The candidate chosen for this honor will be crowned with the coveted helmet to reign through the festivities.

Directing activities for the rally will be J. Carol Criswell, assisted by cheerleaders

Robin Criswell, Jenny Lynn Gunter and Cindy Jones.

Following the rally, busses will run at 3 p. m.

Down town parade, scheduled for 4 p. m. will originate at Turners Shamrock Station on Hiway 70 and Ave. G.

Theme of the parade, "TV Commercials", will be portrayed by floats from each of the four high school classes and junior high school.

Olton Mustang Band, under the baton of Miss Donna Muller drum major, will lead the parade. Units of Scout organizations and others will also take part.

The annual Hamburger Supper, sponsored by the Parent-Teacher Association will be choice opportunity for old friends to assemble and reminisce.

Open face hamburgers, with all the trimmings, will be served, along with fruit cobbler and drinks, in the school cafeteria from 5 to 7:30 p. m.

Tickets will be available at the door for \$1. Additional hamburgers may be had for 50¢ each.

Kick-off time for the grid classic is set for 7:30 p. m. The Queen and her court will be introduced in special

pre-game ceremonies, as will the award winning floats.

Class of '55 is planning an after-game coffee at Olton Recreation Center Club lounge, for all teachers and class members who were ever a part of this class.

Returning students, visitors and homefolk are urged to get-in-the-act, support the Mustangs, and make this a memorable Homecoming weekend.

Class Of '55 Slates Coffee

Homecoming for the class of '55 is given added significance this year.

After-game coffee is slated at Olton Recreation Center, three miles south of the city on FM 168.

All former teachers and all persons who attended classes with this group during the years 1943-1955 are urged to join the festivities immediately following Homecoming game.

Additional information regarding plans may be obtained by contacting Mrs. James Couch or Mrs. Leon Griffin.

Horns To Invade Olton Territory

It's homecoming for the Mustangs this Friday night and the Lockney Longhorns are coming to town at 7:30 that night.

Lockney got primed for the Mustangs last week by dropping Dimmitt 33 to 12. The best way to describe Lockney is DANGEROUS.

They have 17 boys faster than Olton's fastest man. With fourteen of them being much faster than that.

They are very dangerous on kickoffs and punt returns. They are talented, have experience and have the speed and put it to good use.

Tony Ford is quarterback-

ing the Longhorns this year and he can do it all. He is a good ball handler, passer, very quick and can run when necessary.

Clark is 6'5" tall and 186 pounds heavy. Also he is a sophomore. He caught four passes last week for 105 yards.

Al Mosqueda says that it is going to be a hard game. But we are going to get right after them from the word go and not going to let up until the game is over. We're going to win it.

Dale C. Parsons says that there is going to be a lot of people watching this game and depending on us to win it for them. We're going to win this homecoming game and make all of the old exes proud of us. Also we're going to win it for O. H. S. and Olton.

C - D. Lambert, #73 RG - R. Brock, #74 RT - M. Dietrich, and end John Clark #84.

Clark is 6'5" tall and 186 pounds heavy. Also he is a sophomore. He caught four passes last week for 105 yards.

Al Mosqueda says that it is going to be a hard game. But we are going to get right after them from the word go and not going to let up until the game is over. We're going to win it. Dale C. Parsons says that there is going to be a lot of people watching this game and depending on us to win it for them. We're going to win this homecoming game and make all of the old exes proud of us. Also we're going to win it for O. H. S. and Olton.

JUNIOR HIGH TWIRLERS---The five young lovely ladies will lead the Colt Band during the Homecoming parade Friday afternoon. They are, left to right, Janet DePrang, daughter of Mr. and Mrs. Garland DePrang, Kathy Lewis, daughter

of Mr. and Mrs. Walter Lewis, Carla Clark, daughter of Mr. and Mrs. George Clark, Laurie Brown, daughter of Mr. and Mrs. Jim Brown and Tammy Green, daughter of Mr. and Mrs. Willie Gene Green.

Dear Editor

It's Been A Privilege

Mrs. Sue Cannon
Olton Enterprise
Olton, Texas

Dear Mrs. Cannon:

The work of the Legislative Redistricting Board recently completed has resulted in a plan whereby I will no longer be able to serve the people of Lamb County as Senator after January 1, 1973.

I regret this very much. In the past six years I have made many friends in Lamb County. The people have been very nice to

me, and it has been a pleasure to try to serve them in the Texas Senate.

During the Special Session of the Legislature to be held sometime in 1972, the districts will remain as they are presently constituted. I will be representing the people of Lamb County during this time and hope they will let me know when I can be of service.

If I am privileged to serve after the next elections, my office will always be open to my friends of Lamb County.

Yours very truly,
Jack Hightower

Oh, Leaf Mold

Why is modern literature so full of dirty words? We have printed millions of words, yet never felt it necessary to print those particular ones.

A number of thoughtful magazines and even some newspapers have at length accepted these unacceptables. They began to feel rather silly about the arch Euphemisms used to fill in for the dirty words.

Syllables are only syllables, after all. You can persuade yourself a hummingbird is a kangaroo, if you work at it a little.

Quite a lot of readers, however, still feel that certain words are "nice" and others are not. You may think it foolish of them, but it is not up to you to determine their standards. If you have a decent regard for their sensibilities, you do not use vulgarisms in their presence. It is the same with a family newspaper.

People who use a lot of dirty words may think they are "liberated." Can it be true, as psychologists suggest, they may instead have been scolded a lot about toilet training as infants, and are just now getting even? Such people are captives to a compulsion to shout - or print - dirty words. Can they call themselves "liberated"?

Recently, in a discussion of women's

rights, a strong Women's Lib advocate attempted to demonstrate something or other by injecting "Bull Manure" (or similar words) into the discussion. We confess this struck us as humorous. A lot of people who never cleaned out a barn use the expression.

But what does any kind of manure signify in human terms? It is a rich organic resource that ignites the bacterial fires in the living symbiosis that is soil.

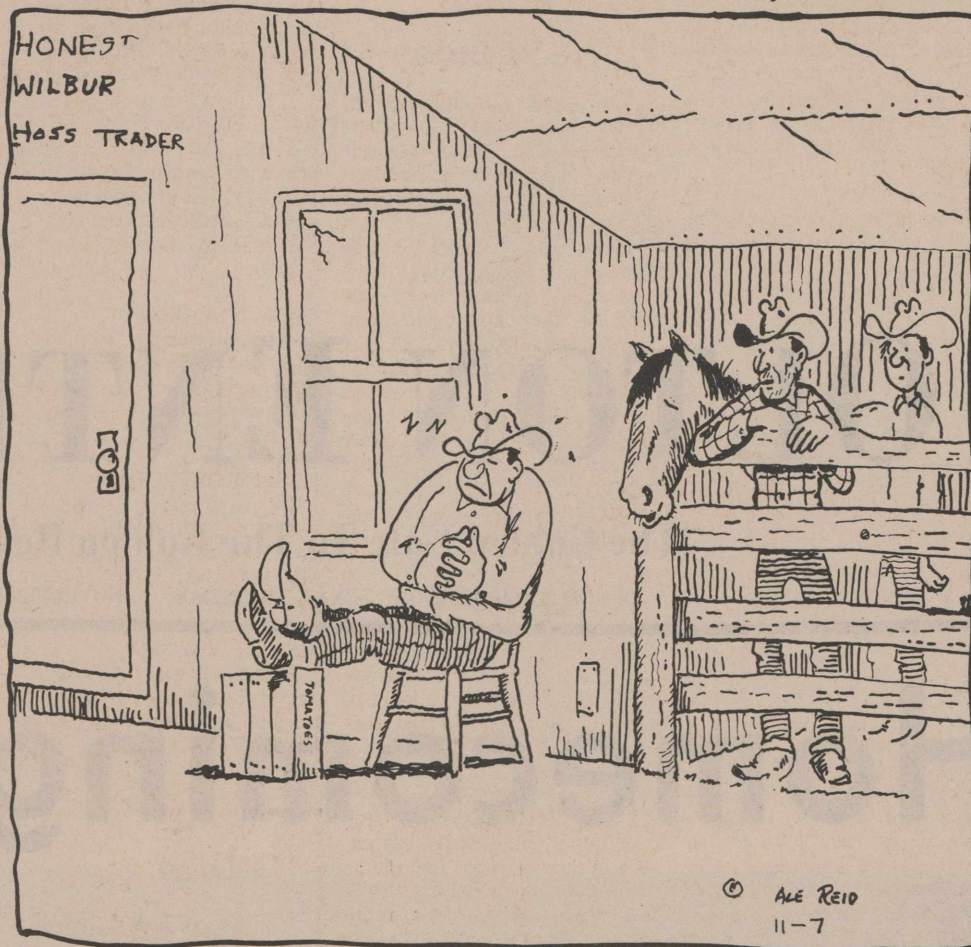

So when you are expected to swear a great oath, why not swear back and thunder "Leaf Mold"? It's another decomposition product, also good for the soil, and just as meaningless in terms of human significance.

Classroom manners are changing, and one professor writing in Saturday Review wonders what he will answer when some student hollers "Bull Manure!" at him from the back of the room. "It is NOT Bull Manure!" he supposes he would answer. "Where does that leave us? If what you mean is that you disagree with me, perhaps we can talk about it!"

A poverty of language is the chief reason for substituting dirty words for communication. There are so much more explicit ways to make your meaning clear. - from the Prairie Post, Maroa, Ill.

COW POKES

By Ace Reid

"Wul, we should worry about this sleepin' sickness—it hit Wilbur and his hosses twenty years ago and they ain't got over it yet!"

Dear Editor

Dear Editor,

We take this means of thanking the ones who helped to clean up around our farm home after the tornado, and helped us to salvage a good part of our personal belongings stored in buildings destroyed. We are indeed so thankful that Dan, Sue and children, also Amos, Sandy and baby son escaped being hurt.

Mr. and Mrs. W. T. Hankins

VISIT RELATIVES

Mr. and Mrs. Elmo Hall of Petersburg visited Saturday with her parents, Mr. and Mrs. L. L. LaDuke, and with Mrs. Hall's sisters and daughters, Mrs. Billie Jean Wilkinson, Patti and Judy.

IN DELEON

Mr. and Mrs. Cloys Fancher and Mr. and Mrs. Vernon Gosdin were in De Leon Saturday and Sunday with Mr. and Mrs. Tom Whitaker and Joe, arriving Friday at Whitakers' where their daughter and family, Mr. and Mrs. Jack Williams, Christie and H. T. of Corpus Christi. Sunday they all had an early Thanksgiving dinner.

FROM HART

Mr. and Mrs. Jack Dyer of Hart were callers Sunday of his cousin and wife, Mr. and Mrs. J. A. St. Clair.

IN OKLAHOMA

Mrs. Vera Bruton and her daughters, Mrs. Gene Ball of Spearman and Mrs. Don Huguley recently visited in Shawnee, Okla. with Mrs. Bruton's mother, Mrs. Martha Presley.

VISITS MOTHER

Mrs. Vera Bruton was in Plainview during the weekend with her mother, Mrs. W. W. McGuire.

TUESDAY GUESTS

Rev. Coker and Mr. and Mrs. Trevation, all of Plainview called Tuesday evening to see Mr. and Mrs. Lester F. Howard.

VISIT ELLISES

J. C. Patterson of Wichita Falls was Thursday overnight guest of his wife's parents, Mr. and Mrs. R. V. Ellis.

CALIFORNIA GUESTS

Mr. and Mrs. Luther Gunnels of California were Tuesday overnight visitors of their nephew and family, Mr. and Mrs. Elmo Hasha, Shanne, Sherrie and Steve, Mr. and Mrs. Gunnels were returning from Hillsboro where they were guests of her brother and his wife, Mr. and Mrs. E. M. Hasha.

DAUGHTER VISITS

Mrs. Marie Howard and her mother, Mrs. Nora Williams had as callers Tuesday evening Mrs. Howard's daughter and family, Mr. and Mrs. Anthony Henegar and Christie of Clovis, N. M.

LEWIS LLEWELLYN

Danger in Our Schools

Teaching school is twice as dangerous as working in a steel mill, according to a report of the American School Board Journal. School crime doubled, in most categories, in a recent four-year period - from 1964 to 1968. During this time, assaults on teachers increased by 1,700 per cent. The situation is continuing to deteriorate.

Last year, every public school in Providence, R.I., was closed for several days because of disturbances among students. The same thing happened in Trenton, N. J.

The Syracuse University Research Corporation conducted a survey of nearly 700 urban high schools and reported that 85 per cent of the schools had suffered some type of disruption.

A new report entitled, "Vandalism and Violence - Innovative Strategies Reduce Costs to Schools," prepared by the editors of Education USA, a weekly newsletter published by the National School Public Relations Association, expresses the conclusion that the situation in our schools is "a national dilemma."

What Is Cause?

What has caused the present deplorable situation in our schools? And what is the cure?

Dr. Norman Vincent Peale says that the lack of discipline among students should not be blamed basically on the young people, but on their parents.

"For a couple of generations," he said, "the Dr. Spock baby plan has been used on our youngsters: 'Feed 'em whatever they want, don't let them cry, instant gratification of needs.' And now Spock is out in the mobs leading the permissive babies raised on his undisciplined teaching."

Governor Jack Williams of Arizona, speaking at a meeting

of the Arizona Breakfast Club, said that many of our nation's problems are a consequence of a lack of religious, moral, and ethical teachings in our homes and schools.

"Once upon a time," he reminded his listeners, "McGuffey's Readers formed the seed-bed for young minds to grow in - and they emphasized religion, morality, and ethics."

Children need and must have guidance on moral issues. They must be trained to exercise self-discipline, as well as being taught to respond co-operatively to reasonable discipline by teachers and others in authority.

"Most Damaging"

Ann Landers has said, "In my opinion, the theory of permissive upbringing is the most damaging concept ever latched onto by a generation of spoiled brats. . . . What the vast majority of American children need is an end of being pampered, of being indulged. . . . The key word is discipline - and discipline should begin when the child is in the cradle."

"Parents who genuinely love their children," she added, "will teach and direct them, not just satisfy their every whim."

This advice is right on target. It says what the Bible has been saying all along, while misled parents and educators have been following Spock instead of the Book.

"Withhold not correction from the child," says the Bible. "A child left to himself bringeth his mother to shame. . . . Correct thy son, and he shall give thee rest. Yea, he shall give delight unto thy soul."

Both the home and the school must teach proper discipline and respect for authority if our civilization is to be saved from internal destruction.

VISIT IN AMARILLO

Spending Sunday in Amarillo with Mrs. Effie Edwards were her son and family, Mr. and Mrs. Robert Edwards, Gaynette and Jim Bob.

TO LUBBOCK

Mrs. J. T. Gibson and her daughter and granddaughters, Mrs. Hollis Cain, Cathy and Connie, were in Lubbock Monday, August 2, 1971, on their way to visit.

VISIT PARENTS

Mr. and Mrs. R. V. Ellis had as visitors Sunday their son and family, Mr. and Mrs. Paul Ellis, Twana and Richard of Hart.

HOUSE GUESTS

Mr. and Mrs. Floyd Gray had as house guests during the weekend their daughter, Mrs. Bob Lemon of Chicago, Ill., and her daughter Susan of Lubbock.

MRS. KENNETH MOSS

Cook Of The Week

Our Cook of the Week, Norma Moss, has lived in Canada, Germany, England and Oklahoma during the past eight years but through those years still called Olton "home". Norma and Kenneth moved "back home" this summer.

Norma and Kenneth grew up and attended school together in Elk City, Okla. As classmates, she recalls "I helped him with English and he helped me with math". Elk City was still home when their eldest son, Gene, graduated from High school.

The Mosses, with their second son and daughter, Jim and Jonelta, moved to Canada in 1956 where Kenneth was associated with an oil company. Home, up North, not only was Edmonton, Alberta but also Anchorage, Alaska for a time.

In 1958, the family decided to build a home in Olton for Jim and Jonelta to complete

high school. Norma lived here until after Jonelta's graduation in 1963.

Returning to Canada, Norma and Kenneth lived there for a while before Kenneth transferred to Germany. The Mosses have a treasure house of memories of their life in Germany and later in London as well as material treasures including paintings, china, a beautiful clock and handsome tea cart.

Through the years, Kenneth has always wanted to work with cattle. Now retired from the oil company, he plans to enjoy his new vocation.

Gene went on to earn his degree from Oklahoma City University and played with the Army Band during his hitch in the service. He and his wife, Jeri, live in Perryton with their eight-year-old son, Greg, and six-year-old daughter Kristi.

Melanie and M'Linda are the little eight and six year

old daughters of Jim who lost his life to cancer in 1968.

Jonelta and her husband, Terry Shumate, live in Houston and are the parents of a little son, Torre, almost two.

A talented seamstress, Norma's hobbies are sewing and reading.

The Mosses are members of Main Street Church of Christ.

PINK LEMONADE PIE

1 small can frozen pink lemonade
1 can Eagle Brand milk
Frozen Cool Whip (small)
Mix all together until well blended. Pour into your favorite Graham Cracker pie crust. Chill over nite. Pretty and delicious.

PARTY PECAN PIE

Crush 21 Ritz crackers, add 1 tsp. baking powder, 1 cup nuts, and 1 tsp. vanilla. Beat 3 egg whites until peaks are formed. Add 1 c. granulated sugar. Fold cracker mix into egg mix and pour into lightly greased pie pan. Bake at 350 degrees for 25 minutes. Serve when cool with canned cherry pineapple or blueberry pie mix topped with whipped cream or ice cream.

CHICKEN ENCHILADAS

2 large chicken breasts
1 c. chopped onions
1 clove garlic, minced
2 T. oleo
1 16 oz. can tomatoes, cut up
1 8 oz. can tomato sauce
1/4 c. chopped green chilies
1 tsp. sugar
1 tsp. cumin
1/2 tsp. salt
1/2 tsp. oregano
1/2 tsp. basil
12 tortillas
2 1/2 c. grated cheese
3/4 c. sour cream

Simmer chicken in water to cover til tender. Remove skin and bones. Cut into 12 strips, sprinkle with salt. Cook onions and garlic in oleo until tender.

Add tomato sauce, tomatoes and all other seasonings, cover, simmer for 20 minutes. Remove from heat. Dip each tortilla in tomato mixture to soften.

Place 1 piece chicken, 2 T. cheese on each tortilla, roll, place in baking dish. Blend sour cream with remaining sauce. Pour over tortillas. Sprinkle cheese. Bake 30 minutes at 350 degrees.

HD Council Meets Monday

The Lamb County Council of Home Demonstration Clubs sponsored a demonstration making Christmas gifts Monday afternoon in the Springlake Community Center.

Mrs. Carroll Smith of Akin gave the demonstration. Members were present from each club of the county and Mrs. Lady Claire Phillips, County Home Demonstration Agent.

Attending from Olton were Mmes. V.O. Harrod, Lester Kennedy, Dora Carty, Denver Offield, Homer Curry, Walter Struve, Callie Miller, Lee Simmons, L.O. Langley and Miss Ann Warren.

WEDNESDAY GUESTS

Locke Reinhardt of Quanah and his sister, Mrs. Freddie Mae Hysinger visited Wednesday afternoon in the home of their brother-in-law and sister, Mr. and Mrs. Frank Adams.

WEEKEND VISITORS

Mrs. J. O. Aday and her daughter and granddaughter, Mrs. Percy Parsons and Rhonda spent the weekend in Friona with Mrs. Aday's son-in-law and daughter, Mr. and Mrs. Bob Knight. Visiting also was their son and family, Mr. and Mrs. Quentin Knight and family of Oklahoma City.

ATTEND SERVICES

Mrs. Vera Bruton and her daughters, Mrs. Gene Ball of Spearman and Mrs. Don Huguley attended funeral services for Mrs. Ora Tiffin, 70, at Maud, Okla. recently. The deceased was a sister-in-law of Mrs. Bruton.

FROM SPADE

Mrs. Ada Bundick of Spade is staying a few days with her son and family, Mr. and Mrs. Travis Bundick, Sharon, Tommy, Kimberly and Denise.

FROM AMARILLO

Visiting recently with Mr. and Mrs. Jack Snider were their daughter, Miss Phyllis Snider and Don Handley, both of Amarillo.

IN LUBBOCK

Mr. and Mrs. J. A. Welch were in Lubbock Monday.

DAUGHTER VISITS

Mrs. Ola Curry of Las Cruces, N. M. came last week to be with her mother, Mrs. B. B. Huguley who has been a patient in the Littlefield Hospital since Oct. 21.

IN HOSPITAL

Mrs. Henry Ahrens was in Hale Center Wednesday with her mother, Mrs. Dora Schoonvel, who is in the hospital there.

IN MULESHOE

Rev. and Mrs. Gene Davis and Paul were in Muleshoe Tuesday. After Paul had received medical attention, they visited Mrs. Davis' father, G. L. Dale.

FROM RUIDOSO

Ernest Munkres of Ruidoso, N. M., recently visited his mother-in-law, Mrs. M. T. Bagley and her daughter, Mrs. Virginia Bryant.

RECENT VISITORS

Visiting recently with Mr. and Mrs. V. I. Bibby were their grandson and his wife, Mr. and Mrs. Bill Leavelle of Mesquite.

SUNDAY VISITORS

Mr. and Mrs. Troy Stewart of Tulia visited Sunday afternoon with her aunt and her husband, Mr. and Mrs. D. B. Adair.

DIMMITT GUESTS

Mrs. J. C. Hall of Dimmitt visited Friday evening with her daughter and family, Mr. and Mrs. Pat Braddock, Hubert Carl, Joy, Lewis and Ershel David.

VISITS BRADDOCKS

Diane Hall of Dimmitt stayed from Friday evening until Sunday night with her sister and family, Mr. and Mrs. Pat Braddock and children.

RECENT GUESTS

Mr. and Mrs. Arch Cooper of Globe, Ariz. were guests one day last week of Mr. and Mrs. G. A. Bodkin.

IN EL PASO

Mr. and Mrs. A. R. Bostick and his sisters, Mrs. H. E. Newman of Hart, Mrs. Merle Sharp and Mrs. F. M. Holland visited recently in El Paso in the home of their brother and his wife, Mr. and Mrs. G. V. Bostick. They were met by several relatives who live in that area.

VISIT RELATIVES

Friday Mr. and Mrs. H. B. Davis Jr. of Sundown came to take his grandmother, Mrs. J. O. Bledsoe to that city where she stayed until Tuesday evening. Mrs. Bledsoe visited her son-in-law and daughter, Mr. and Mrs. H. B. Davis, her granddaughter and family, Mr. and Mrs. Zearl Clark and three sons, and Mr. and Mrs. H. B. Davis Jr. and their three sons. Mrs. Bledsoe was present for the celebration of Bradley Davis' sixth birthday. She saw her great-grandson Theron Clark be crowned king of his first grade room at the Halloween Carnival Saturday night.

LEAVES HOSPITAL

Mrs. Odis Meadows was dismissed Monday morning from the Littlefield Hospital where she was a patient some ten days.

CONSULTS DOCTOR

Mrs. Pat Braddock was in Lubbock to consult a doctor Friday, Saturday and Monday.

IN PADUCAH

Mrs. Goliad Blount went to Paducah Veterans Day weekend with Mr. and Mrs. Fred Wilson of Amherst. In Paducah they were with Mrs. Wilson's sister, Mrs. Neale Wilson and with their nieces.

IN HEREFORD

Mrs. Goliad Blount recently was an overnight guest of Mrs. Ethel Logan of Hereford. Mrs. Blount visited her sister, Mrs. W. A. Campbell who lives in a rest home in Hereford.

DINNER GUESTS

Mr. and Mrs. G. A. Bodkin had as dinner guests Wednesday evening his nephew and wife, Mr. and Mrs. George Henson of San Antonio.

PLAINVIEW VISITORS

Mrs. Austin Meriwether, Melinda and a friend, Kelli Butler, all of Plainview, called Monday afternoon on Mrs. Meriwether's parents, Mr. and Mrs. T. G. Butler.

Accent on Health

One of the most common ailments in America, at least one everyone hears a great deal about from relatives and friends, is arthritis. Actually, arthritis is only one of several diseases in the family of rheumatic ailments -- arthritis, gout, rheumatic fever, and a host of allied ailments that affect joints and muscles.

Today arthritis and other rheumatic diseases are among the greatest causes of chronic disability in the United States. "The total number of victims is as great as the total population of the State of Texas," said Dr. James E. Peavy, Texas Commissioner of Health. "Of the 12 million estimated to be ill, over a quarter-million are completely disabled."

Arthritis and rheumatism alone cause the loss of more than 115 million work-days annually, a figure equivalent to 470,000 persons out of work for the entire year. This amounts to more than a billion and a half dollars annually in lost wages.

Arthritis also drains away \$200 million in substance allowances to arthritics unable to support themselves, and \$200 million in lost income taxes.

Two types of arthritis, rheumatoid and osteoarthritis, account for about 70 percent of all the misery from the rheumatic diseases.

Of every 100 patients who come to doctors or to clinics because of rheumatic diseases, it is estimated that 30 to 40 have rheumatoid arthritis, and 25 to 30 osteoarthritis, a type of joint disease due to wear and tear and old age. Ten to 20 have rheumatism of muscles or other tissues, 7 to 10 arthritis brought on by injury, and 3 to 5 suffer from gout. One has rheumatic fever, 2 have arthritis following infection with gonorrhea, and 3 to 5 have other miscellaneous forms of rheumatic disease.

There are many theories

as to the cause of these diseases. One is infection, but the guilty viruses have not yet been identified.

Another is that it is a change in metabolism--the way your body uses foodstuffs and carries on its work. A breakdown in the complex balance of body hormones also is suspected.

According to other theories it is a disease of blood vessels in the affected areas, a disease of the nervous system, an emotion-spawned or psychogenic disease, or some kind of hypersensitivity or "allergy."

"Many things are known about these diseases, but we do not yet have all the facts. Much more work and research is still to be done. The important thing is to diagnose and treat the disease early," Dr. Peavy says.

TO CROWELL

Mrs. I. D. Grimsley stayed several days recently in Crowell with her sister, Mrs. Dave Adams.

MONDAY VISITORS

Mrs. I. D. Grimsley had as visitors Monday her son's wife, Mrs. David Grimsley of Friona and her mother, Mrs. Esther Bomar of Springlake.

MISSOURI VACATION

Miss Leta Bell has recently been in Missouri three weeks. At Bolling Green she was with a brother, Olin Bell and at Deepwater she visited her sister, Mrs. Lela Barnes. In Kansas City she saw a nephew, Ralph Smith Jr. and Miss Bell was a guest of many friends in Springfield, Mo.

RECENT VISIT

Mrs. J. R. Brown recently visited Mrs. N. W. Livesay. Mr. and Mrs. Brown have moved from Plainview to near Tahoka. They are former residents of the Circle community.

VISITS IN LUBBOCK

Mrs. Homer Curry visited Mrs. R. W. Green in Lubbock, Wednesday.

PTA

People Taking Action -- Where It Counts!

This youngster has just committed a crime and probably soon will be sent to prison. What happens to him when he is released is a vital concern of the National PTA and the National Juvenile Court Foundation. Together these organizations are working to establish a nationwide volunteer program for the juvenile courts.

It's as American as apple pie with a name that's become a household word. It's big enough to tweak the nose of the federal government, yet never forgets that its strength comes from grass roots America. It relates to the present and is flexing its muscles to meet the challenges of the future. It's PTA, people taking action where it counts.

With almost 10 million members, the National PTA is the world's largest volunteer action organization. During its 75-year history of working to provide quality living and quality learning for all Americans, some of the greatest accomplishments on behalf of children and youth have resulted from the work of the PTA.

In recent years, the National PTA has

- Developed an action program for use by its 52 branches and 40,000 local units emphasizing drug abuse, education, environmental problems, human relations, poverty, disadvantage and hunger, and student unrest.

- Maintained a "volunteer lobby" in Washington, which not only works in behalf of education and matters pertaining to the welfare of all children, but also has been lauded for the instrumental role it played in the passage of the Drug Abuse Education Act.

- Created "Project PTSA," which converts high school PTAs into parent-teacher-student associations, to involve students in PTA work.

Backing up the work of the National PTA, state and local PTAs across the nation are channeling their concerns into action where it counts. Some of the exciting things happening in PTAs include:

- A student recently was elected president of a high school PTSA in Hawaii.

- A midwestern PTA and local drug council co-sponsored a drug information conference which involved the total community, enlisted a well known television personality, and gained nationwide attention.

- A southern PTA set up an information center to facilitate accurate communication during a heated controversy centered around the busing issue.

- A western PTA has a volunteer corps that runs an all-day, five-day-a-week study hall to which teachers may send students who need individual help.

"In the PTA we are people taking action," says Mrs. John M. Mallory, Endicott, N.Y., president of the National PTA. "PTA members turn anxiety into action and aspiration into achievement."

Membership in the PTA is through the local unit (local PTA) which is usually organized in a school, and is open to all persons interested in the welfare of children and youth. Nominal dues include membership in the local, state, and national organizations.

Card Of Thanks

We want to express heartfelt thanks to the Olton Fire Department for highly efficient rescue operations at the time of our mother's accident, and to many others since that time for calls, visits, cards and flowers. We are especially grateful for prayers.

Mr. and Mrs. Drexel Lawson
Mr. and Mrs. Floyd Miller

I wish to thank both friends and relatives for the prayers, visits, flowers, cards and each act of kindness expressed to me during my recent illness. May God bless and keep you in his care.

Mrs. Ray Montgomery

I want to try in my most humble way to express my gratitude to each one who remembered me in so many ways while I was in the hospital.

Thank God for your prayers, your pleasant visits, flowers, cards, letters, gifts and telephone calls.

I will be forever grateful. May God bless every one and supply all your needs.

Dovie Lou Moore

May God richly bless each one who was so thoughtful of us during our recent sorrow. Your kindness and sympathy are more deeply appreciated than any words of thanks can ever express.

Mrs. W. T. Raines
Mr. and Mrs. Melvin Raines
Mr. and Mrs. Clifford Tuttle

ATTENDS LUNCHEON
Mrs. Bernice Smith attended the Ladies Day Luncheon Tuesday at Villa Inn in Lubbock. Guests were City Secretaries of this area and ladies whose husbands are members of the City Water Works Association of the region.

DINNER GUESTS

Mrs. Tom Stansell had as dinner guests Thursday evening her son-in-law and daughter, Mr. and Mrs. Dwight Joiner accompanied by Bob Ebling, all of Dimmitt.

OLTON, TEXAS

Letha Estes To Be Feted

A bridal courtesy will honor Miss Letha Estes, bride-elect of Albert Key, Saturday, Nov. 20 in the home of Mrs. H. B. Maxey Jr.

Friends and relatives are invited to call between the hours of 3 and 5 p. m.

Trio Celebrate Birth Dates

Mrs. Albert Gabehart gave a dinner in the family home Saturday evening Oct. 23, observing the birth dates of her husband and Mr. and Mrs. W. B. Lawson.

Present were the Gabeharts' son Dale of West Texas State University, his grandmother, Mrs. Mellie V. Gabehart, and her son and his wife, Mr. and Mrs. Ray Gabehart, Also Mr. and Mrs. J. A. Stiles, Mrs. Rita Day and Tammy all of Amarillo; Dewayne Stiles of Earth; Mr. and Mrs. A. W. Kersh, Mr. and Mrs. J. A. Welch, Mr. and Mrs. Lawson and the hostess and her husband.

After the dinner those attending played "Wahoo".

LETHA ANN ESTES

Wedding Plans Revealed

December 18 is the wedding date chosen by Miss Letha Ann Estes, daughter of Mr. and Mrs. J. G. Estes and Albert Eugene Key, son of Mr. and Mrs. J. M. Key.

The couple plans to be married in First Baptist Church in a 7 p. m. ceremony, to which friends and relatives are invited.

Miss Estes, now a senior at West Texas State University, is working toward a degree in business psychology. Key, who has served in the U. S. Navy four years is presently enrolled as a student in WTSU. Both are graduates of Olton High School.

Travel Topics Describe Beauty Seen In America

Mrs. Roye Aikman was hostess Monday night when Olton Study Club met for a study of travel.

"Land of Ten Thousand Lakes" was discussed by Mrs. Bill Yates. "Fabulous Florida" was described by Mrs. Ray Slatten.

In a short business meeting, directed by Mrs. Yates, plans were made for a Thanksgiving Dinner, which will include both husbands and friends. The dinner will be served in Woman's Club House Nov. 15 at 7 p. m.

Gifts for State Hospital Christmas Box will be brought to the club house at that time. In attendance were Mmes. J. C. Brown, Paul Burrus, H. B. Carson, J. L. Carson Jr., Frank Cornelius, Ralford Daniel, Bailey Hair, Barton Pres-tridge, E. R. Spain, Jack Straw, Yates, Slatten and the hostess.

ATTEND GAME

Mr. and Mrs. Jim Brown and Mr. and Mrs. Dan Quigley attended Homecoming at Texas Tech Saturday.

Mrs. Dennis Complimented With Lingerie Shower

Mrs. Ineta Dennis, bride-elect of Vernon Nixon, was complimented Thursday morning with a lingerie shower in the home of Mrs. Ott Patterson.

The party table was laid with a white lace cloth over blue and centered with a white wrought iron bird cage filled with a floral arrangement in blue and white.

Spiced punch, coffee and cookies were served. Appointments were white ironstone.

Toys For Tots Discussed By Lady Clare Phillips

Mrs. V. O. Harrod hostess of the meeting also presented devotional thoughts for Olton Home Demonstration Club as they met Tuesday.

The business session was under direction of Mrs. Walter Struve, president. Christmas gifts were planned for a girl sponsored at Girlstown by the club.

Mrs. Lady Clare Phillips, guest speaker, presented a program concerning "Toys".

She stated that between infancy and twelve years toys play a very important part in any child's life. Push and pull toys develop muscles; dolls, trucks and planes are imaginative toys.

She added that safety of toys should be given first consideration; simple toys are best and

need not be expensive. Toys should be chosen for the child, not the parent, and should be durable enough to provide value for a given price.

In recommending toys that may be made at home she mentioned cut-out letters, stuffed toys and furniture. Also cut-out blocks and spoons, which may be used to teach size, shape and color.

Mrs. Phillips provided a pattern for bean bags in clown form, which may be made for older children.

Modeling clay, an excellent toy for children, may be made by combining 1 c. flour, 1/2 c. salt and 3 teaspoons of powdered alum. Add enough water to make a soft dough, coloring may be added. Store in tightly covered containers, she suggested.

Attending the meeting, other than Mrs. Phillips, were Mmes. Melvin Souter, Homer Curry, Lester Kennedy, Ross Carty, Denver Offield, O. T. Crosby, Lloyd Blackwell, L. O. Langley, Lee Simmons, Callie Miller, Miss Ann Warren and the hostess.

Next meeting will take the form of a Thanksgiving Dinner to be served for families and guests at ORC Club House Lounge Nov. 18 at 7:30 p. m.

Dinner Honors L. B. Kennedy

L. B. Kennedy was honored with a birthday dinner Sunday in the family home.

Kennedy was born in Col-lin County, and moved to Gray-son County where he married. He and his family moved to the Olton area in 1937.

Present at the celebration were the honoree, his wife, and their sons and families, Mr. and Mrs. James Kennedy, Kathy and Jimmie of Hart, Mr. and Mrs. T. C. Kennedy, Karin, Chuck and Connie and Mr. and Mrs. Leslie Kennedy, Steve, Vickie and Sherri Kay.

Mr. and Mrs. Kennedy have three daughters, Mrs. Pearl Moss of Decatur, Mrs. Oleta Thommarson of Neosho, Mo. and Mrs. Elizabeth Ayers of Anderson, Mo.

Monkres-Hester Vows Exchanged

Douglas Monkres and Miss Gail Hester exchanged nuptial vows Saturday evening, Oct. 23, at 6 o'clock in the original chapel of the First Baptist Church in Amarillo. The groom is the grandson of Mrs. Callie Miller. His parents are Mr. and Mrs. Virgil Stuva of Santa Fe.

In August Monkres completed three years of service with the armed forces. He served 18 months in Germany.

The newlyweds are making their home in Denton where the bride is attending North Texas State University.

Mrs. Miller and her daughter, Miss Ann Warren, attended the wedding.

CONDITION IMPROVED

Mrs. Floyd Miller has been in the University Hospital of Lubbock for several weeks because of injuries sustained in a fall. This week she is reported improving.

FROM BEL TON

Mr. and Mrs. Doyle Meadows of Belton visited Saturday with his mother, Mrs. Odie Meadows, who was a patient in the Littlefield Hospital.

IN AMARILLO

Mrs. Callie Miller and her daughter Miss Ann Warren returned Wednesday of last week after staying several days in Amarillo with Mrs. Miller's sons and daughters-in-law, Mr. and Mrs. Elbert Warren and Mr. and Mrs. Denver Warren.

TO MISSOURI

Mr. and Mrs. R. J. Turner were in Rolla, Mo. Thursday until Sunday with their daughter and family, Mr. and Mrs. P. C. Lively, David, Joe, Jay, Laura Jean, Don and John.

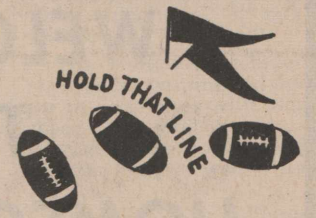

IN DIMMITT

Mr. and Mrs. J. D. Lively visited in Dimmitt Sunday with his brother and family, Mr. and Mrs. P. C. Lively, David, Joe, Jay, Laura Jean, Don and John.

IN HALE CENTER

Mr. and Mrs. Bert Stewart were dinner guests Sunday of his brother-in-law and sister, Mr. and Mrs. Bob Barnett of Hale Center. Other guests were the hostess' mother, Mrs. Millie Stewart of Hale Center, and Mrs. Barnett's sister, Mrs. Irene Massey of Lubbock and a brother-in-law and sister, Mr. and Mrs. V. Townson of Plain-view.

GAYLA JO ELLIS

Engagement Is Announced

Mr. and Mrs. Richard Ellis of Amarillo announce the engagement and wedding of their daughter, Gayla Jo, to Don Hulen.

The prospective bridegroom is the son of Mr. and Mrs. Donald Hulen of Amarillo. Wedding vows will be read in the North Seminole Church of Christ, Amarillo, Dec. 17.

Gayla is a graduate of Palo Duro High School in Amarillo and is now a sophomore home economics major at Texas Tech in Lubbock.

The bridegroom is also a graduate of Palo Duro High School and is now employed with the Coca-Cola Bottling Company in Amarillo.

Gayla is the granddaughter of Mr. and Mrs. R. V. Ellis and the late Mr. and Mrs. E. R. Morris of Olton.

Nixon-Dennis Vows Read In Saturday Ceremony

Wedding vows were solemnized Saturday night for Mrs. Ineta Dennis and Vernon Nixon. The ceremony was read in the home of the bride's daughter and son-in-law, Mr. and Mrs. Houston Hamby.

Officiating was Doug Lawyer, minister of Main Street Church of Christ.

Vows were pledged before a setting of pink tapers in a greenery entwined candelabra. A large pink bow added accent. Flanking the candelabra were white baskets with gladioli, pink rosebuds and greenery with large pink satin bows.

Traditional wedding marches and "Whither Thou Goest" were played by Danny Dennis of Blossom, grandson of the bride.

Given in marriage by her brother, Curtis Wilkinson of Littlefield, the bride wore a street length dress of pale pink crepe fashioned with long fitted sleeves and V-neckline. A wide self-fabric ruffle edged the neckline, dress front and hemline. A narrow self-fabric sash accented the waistline. A pearlized headpiece enhanced with crystals held a circlet of pink tulle.

She carried a bouquet of darker pink rosebuds with white pearlized leaves and pink ribbon atop a white Bible. For "something old", she carried a handkerchief which had belonged to her mother, the late Ann Pavelka. She "borrowed" her headpiece from Mrs. Cecil Smith. Her dress was "new" and she wore the traditional blue garter.

Mrs. Carol Wade of Plainview was matron of honor. She wore a street length dress of white double knit and carried a bouquet of white carnations.

Roy Thurman was best man. Candles were lighted by Sharla Nicholas and Sharissa

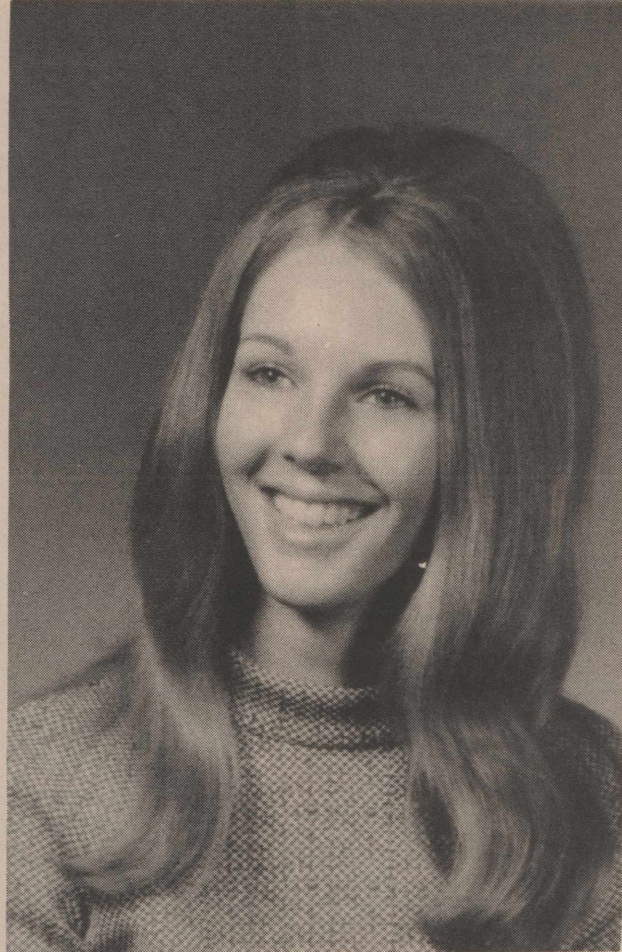

Hamby, granddaughters of the bride.

A reception followed the ceremony in the Hamby home. The bride's table was laid with a white lace cloth over pink and centered with an arrangement of flowers in shades of pink in a white wrought iron candelabra with white tapers. Streamers of dark pink velvet ribbon were lettered in silver with the names "Ineta" and "Vernon".

The traditional three-tiered wedding cake was frosted in pink with white accents and topped with two small doves. Cake and pink punch were served by Misses Susan Nicholas, granddaughter of the bride, and Lori and Druanne Wilkinson of Littlefield, nieces of the bride. Appointments were crystal and silver.

Following a trip to points in New Mexico, the couple will be at home in Olton.

Out of town guests included Mr. and Mrs. Curtis Wilkinson and daughters of Littlefield, Mr. and Mrs. Ronnie Dennis and daughters of Kress, Mr. and Mrs. Jerry Dennis and family of Blossom and Curtis Hall of Kress.

KATHLINE CARSON

December Wedding Planned

Mr. and Mrs. Wayne Carson announce the engagement and approaching marriage of their daughter, Kathline, to Charles A. McClain, son of Mrs. Norma McClain.

Wedding vows will be exchanged at 4 p. m. Dec. 19 in First Baptist Church. Friends and relatives are invited to attend.

Miss Carson attended South Plains College two years and is now enrolled in West Texas State University as a junior speech major.

McClain has studied at Blinn Junior College and is presently enrolled as a junior in WTSU. He is working toward a degree in physical education. Both are graduates of Olton High School.

Bob Price Introduces Bill To Renew Bracero Program

Saying it is possibly the only means to save the family farm and ranch in the southwest, Congressman Bob Price has introduced legislation to reinstate the bracero program.

The House Agriculture Committee member said his bill will renew the law which was in effect from 1951 to 1963 to allow Mexican Nationals to work in the United States.

"Wages are typically low because farmers and ranchers do not make enough money themselves to pay industrial wages to laborers," Price noted. "However, the amount they can pay means a great deal to the Mexicans who make much less for the same kind of work in their country."

The Congressman said the present welfare and unemployment compensation system has also contributed to the farm labor shortage. In some cases individuals receive more money from these two items than by working in agriculture.

"Looking back, the bracero program had substantial appeal for those involved. It provided

U. S. farmers and ranchers with a steady, dependable supply of labor at costs they could afford. Mexicans who participated liked it because it enabled them to make more money than they could earn in Mexico. The government of Mexico liked it because it brought additional dollars into their country and helped alleviate their own employment problems," Price said.

"Farmers and ranchers in the southwest, and particularly in northwest Texas where agriculture is dominant, still stands in dire need of steady and dependable labor. I would point out that high unemployment has not materially changed this labor shortage situation because there are just not that many people who are interested in working in agriculture," he added.

"As those of us who live in border states know, there are many Mexicans in this country illegally right now. It would be in their best interests as well as our farmers and ranchers to have a workable bracero program."

GOBLINS, GHOSTIES AND ASSORTED CREATURES - Mrs. Anita Jones' play school class is all decked out in Halloween garb. Pictured left to right, front row, Todd Koonz, Kelli Hukill, Rhonda Goen, Melissa Chaney, Chris Jones and Kevin Hukill. Back row, Trey Speck, Reagan Ruthart and Teresa Burnett. (Staff Photo)

FIRST POSTMASTER

Benjamin Franklin was the first Postmaster of the United States.

LONGEST INTERVAL

Longest recorded interval in post-mortem birth is 29 minutes.

MOST INFECTIOUS

Most infectious of all diseases is the pneumonic form of plague.

SAME SIDE

Generals Lee and Grant fought on the same side in the Mexican war.

SQUARES DID IT

Sikeston, Mo., Standard: "This has been the greatest nation in history because of three things: The American system of free enterprise (profit motive); the land and climate and the kind of religious, creative, hard working people who settled and made this country. Seven percent of land and six percent of people--71 percent cars -- 56 percent telephones -- 82 percent TV sets

--90 percent bathtubs. American business did this, not the government. Business did it in spite of its government, which has been antibusiness for 30 years. Foreigners did not do it and youth didn't do it. The 'Squares' over 30 and their parents did it. And then gave much of it to the world and to our youth, neither of which appreciated it (which, to any student of human nature and history, is not surprising)."

DAVE LLEWELLYN

Life from God

The Creation

In the beginning
For God so loved
God created the heavens and the earth
The world
And the earth was so void
That He gave
His only Son
In the beginning was the Word
That whosoever believeth
In Him
Should not perish
In the deep
But have everlasting life.
For the Word was with God
And the Word was God
And the Spirit of God moved
For in Him was Life
And God said, "Let there be light"
And that life is the light of men.

Life

God gave the world its first life, and breathed into mankind His "breath of life." Jesus, as the Word of God, performed this creation. But after man, through sin, destroyed his pure life and began to die, Jesus gave Himself in death to recreate life for us -- eternal life.

All life began with God. And all life, physical and spiritual, still depends on God.

"Because he lives, I too shall live."

Copyright Dave Llewellyn 1971

FANTASTIC SALARY

Bedford, Ind. Times-Mail-- "Perhaps we are wandering outside our field a bit, but the irrationality of the fantastic sums being paid to star players for signing up with professional basketball teams disturbs us. When a college sophomore is signed to a pro basketball contract for more than \$2 million, something is wrong with our national sense of values. . . There's much more to these highly publicized million-dollar contracts than meets the eye, tricky qualifying clauses and other limitations. Nonetheless, the effect is unwholesome. An absurd premium is put on the physical skills of young men, for the profit of the promoters. These excesses in professional sports are a symptom of a perversion of values in our country. Widespread acceptance of the anything-for-a-buck attitude is a distressing trend, carrying seeds of danger."

WORK -

Adel, Iowa, Dallas County News: "I often wonder ...what would happen to some able-bodied persons, who find it more profitable to relax on the relief rolls rather than work, if we who do work, fold up someday. What would happen to the army of idlers who are living high on the hog at our expense. I sorta figure it's time to get some of them off their 'rear' and get some callouses on their hands."

LOW MAIL CHARGE

Everett, Wash., Herald: "The U. S. Postal Rate Commission is being asked to establish a special low mailing charge for political publications, ostensibly to provide a greater equity in the elective process. At best, this is a backdoor approach to the U. S. Treasury, an effort to circumvent direct subsidies. At the least, it is asking the victim of unwanted political mail to subsidize his own unwanted political mail."

DIGAMIST

A person married legally the second time is a digamist.

Good Health & Hunting Safety Go Together Say Officials

They're here -- those crisp, cool days which mean only one thing to almost a million people in Texas: it's hunting season. Dove season brought a gleam to the eyes of hunters, but it is November which puts that extra bounce in their step, sends them into the hills and valleys and into marshes and timbered country

for deer, javelina, duck, geese, quail and turkey.

Previews of the season have already been obtained by bow hunters, who took advantage of the special archery season which began in October.

In addition to the hunting season, most real fishermen are keeping their gear in shape

for the excellent fishing which continues through the fall and winter in Texas.

What you have in Texas now -- in addition to the exhilarating thrill of being out in the open hunting, camping and fishing--is the chance for accidents. Good health and hunting safety go together, says Texas State Department of Health officials.

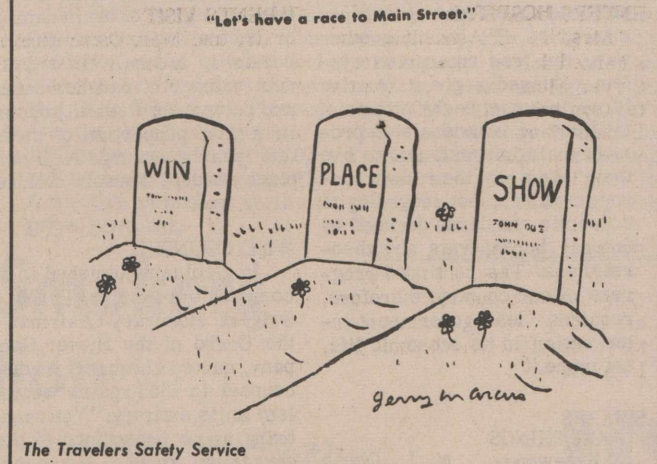

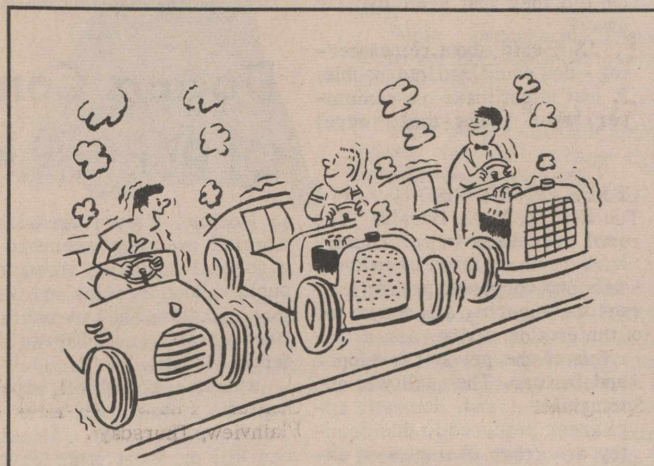

While most hunters look on themselves as Daniel Boones, far too many should never leave their television sets and comfortable arm chairs. They are the people who are out of shape, out of practice in handling their rifles and shotguns, and out of touch with good safety habits.

Safety in the field is a vital part of any hunting trip, and it takes some thought and planning to make sure that your trip doesn't end in tragedy. How many people do you know who carry loaded guns in their cars...climb into their deer blinds with guns loaded...walk around with the safety of their rifles or shotguns off and a shell in the chamber...point their weapons at others...bring their loaded guns into the camp house

Caution is something which all persons should exercise throughout every day of the year, but extra precautions against injury -- and perhaps death -- should be taken when you're outside of your natural element.

Safety authorities strongly recommend the use of blaze orange clothing as a safeguard against becoming a statistic. Too many hunters are mistaken for game by over-anxious, careless hunters.

You Bet Your Life

The Travelers Safety Service

More than 30% of the drivers involved in fatal accidents in 1965 were under 25 years of age.

Odds Are Your '72 Harvest Won't Be As Good As This Year's

But you can cut those odds.

By taking some of the gamble out of next spring's planting and plowing down with Oxy's high-phosphate Zipp fertilizer. It cuts the odds by plenty.

Spring planting is no time to run out of time.

Or equipment or labor or dealer service. Or fertilizer. A few days at planting can make a lot of difference. One sure way to buy a few extra days next spring is plowing down this fall.

Fall plowdown's like insurance at no extra cost.

It gets your fertilizer down when the weather is right. When the soil is firm. And fertilizer is available on a no-wait basis.

Suppose next spring is not as dry as this one was. Wet, sloppy conditions could put a two or three week damper on your planting schedule. Fall plowdown won't improve next spring's weather delays. But it will insure that a good and proper fertilizer bed will be ready and waiting when you do start up.

Oxy can help.

See your Oxy dealer now about your fall fertilizer - high-phosphate Zipp. And get the jump on spring.

VISITS MOTHER

W. T. Wozencraft of Lubbock was a luncheon guest Tuesday of his mother, Mrs. Cora Wozencraft.

FROM LAWTON

Mr. and Mrs. C. L. Ogle-tree of Lawton, Okla. visited recently with her mother, Mrs. A. G. Cooper.

FROM AMARILLO

Mr. and Mrs. Milton Horst of Amarillo came Saturday evening to see her parents, Mr. and Mrs. N. W. Livesay.

RETURNS HOME

Mrs. Bonnie Brown came home Thursday after visiting relatives at Pottsboro, Gainesville and Dallas.

THURSDAY GUESTS

Mr. and Mrs. J. A. St. Clair had as guests Thursday evening Mr. and Mrs. Meredith Crawford, Mr. and Mrs. Glen Exter, Mr. and Mrs. Melvin Hines, Mrs. Bill Langford and Mrs. Lowell McGill, a singing group of the Main Street Church of Christ.

IN LEVELLAND

Mrs. J. A. St. Clair visited in Levelland Monday with her son-in-law and daughter, Mr. and Mrs. Wilton Cox.

TO FORT WORTH

Mr. and Mrs. R. S. Hall spent the weekend in Fort Worth with their son and family, Mr. and Mrs. Jimmie Hall, Tamara and Jimmie G.

LISTEN TO THE PEOPLE

What Salmon, Wash., Enterprise: "Whether our authorities like it or not--when will our legislators and governors listen to the pleas of the people. New taxes are not the answer. Less bureaucracy in state and national government. Less commissions and appointive offices. Right now the taxpayer wonders where the next payment will come from. Such treatment is the cause of all our troubles. When you force people to the limit, nothing is left but bankruptcy or rebellion. The people have a right to call a halt to waste -- and departmental padding, waste and senseless departments is not the answer. The people do not desire more services -- not in many a category of government."

CAN'T FARM

Nederland, Texas, Midcountry Review: "For nearly 30 years, Uncle Sugar up Washington, D. C. way has tried to reduce farm output to certain levels -- and has failed.... For more than 40 years, the Russians have tried to raise farm output to certain levels, and have failed. . . It just goes to show you that governments can't farm."

DAUGHTER VISITS

Mrs. Dennis Ford of Kingsville is visiting this week in the home of her parents, Mr. and Mrs. A. C. Briggance.

CURES MOVE

Mr. and Mrs. Dan Cure, Susan and Kelly are now living about three miles east of Olton on Highway 70.

BAND STUDENT OF THE WEEK -- Kim Foster, daughter of Mr. and Mrs. Victor L. Foster, has been selected by Colt Band Council as outstanding band member of the week. A seventh grade student, she plays bass clarinet. (Staff Photo)

Everything But The Kitchen Sink

BY MOZELLE TROTTER

We may not win another but how about the Aggies? There's little more gratifying than to upset the top guys. And leaders have been learning, through the years, that the cellar gang is always capable of unleashing the cruel blow!

I'm a great one for "preaching" -- proclaiming "never give up" and "the game's not over till the clock runs out" and that oft-quoted rally cry "it's not over till the last man's out". (And I'm one of the first to falter.)

But you thought since I didn't write a column after the world series you wouldn't hear any more baseball from me for a time but this just naturally gives me a chance to ask, "How 'bout those Pirates?" All of which just leads into a prediction of the big battle Friday night on the Mustang gridiron. Just watch our Ponties! With all the added help from our Exes, of course we'll win! Gee, the calendar is still flying isn't it? Football season for high schools is getting almost at an end and basketball action's begun.

Talking about the calendar speeding by, it's quite unnerving to be reminded that we didn't have bleachers when I was a student at OHS. (I truly forgot that -- I can hear you saying, "yea, conveniently".) Seems they've always been there but nope, not so.

Really don't know why I've forgotten the absence of bleachers when I do remember what was located in the general vicinity of the east side seats! Or did they just seem that far away?

Nuf said about remembering -- that could lead into trouble. It just might make me remember what years those were!

FREE ENTERPRISE

Dillon, S. C., Herald: "The real successes in our country have been achieved by individuals and corporations. The American suburbs, a synonym for comfortable living, are a triumph of the private developer and builder. The quality of automobiles and domestic appliances produced in this country are other examples of excellence that derive from free enterprise. To put it another way, the free enterprise system released a great creative force in society--the efforts of millions of individuals to promote their interests and to live their lives by their own economic values, not according to economic standards decreed by federal bureaucrats and theoreticians. The continued progress of our country, therefore, requires less government intervention in its economic life, not more."

GOOD THINGS

Lakewood, N. J., Ocean County Citizen: "So many of us accept the good things: this country has to offer as a matter of course. We agree that too often the 'powers that be' have overlooked and put off for tomorrow enforcing certain rules broken by several minority groups that could, without question, if permitted to continue, end up placing this beautiful country behind the 8 ball, and sacrifice all the enviable progress we have made in the nearly 200 years since its founding."

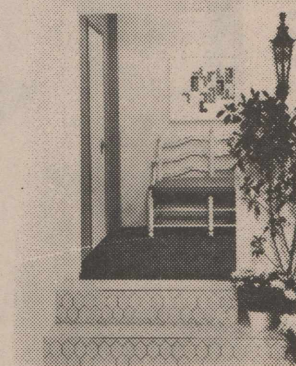

DECORATING IDEAS BY THE DOZEN

Every woman secretly sees herself as a successful decorator -- all she needs, she is sure, are some inspiring ideas and a little down-to-earth advice on how to accomplish the decorating miracles she has in mind. For such aspiring do-it-yourselfers, the new issue of McCall's You-Do-It Decorating magazine opens the door to

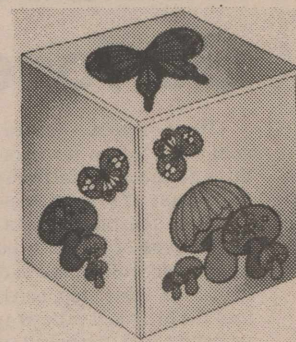

to use these versatile stick-ons to cover walls, floors, ceilings, furniture, cabinets, cubes, doors, screens, mirrors and many colorful accessories; there's even a contemporary "painting" done with stick-on mending tape!

Other easy-to-duplicate ideas show inexpensive ways to brighten a beach house or summer cottage. Fabric and/or wallpaper turn living rooms, bedrooms and dining areas from drab and dingy to bright and sparkling. For instance, it takes only 2 1/2 yards of fabric printed with big, brilliantly-colored fish to make a grouping of four fabric pictures that look like exotic paintings.

For would-be decorators who don't know where to be-

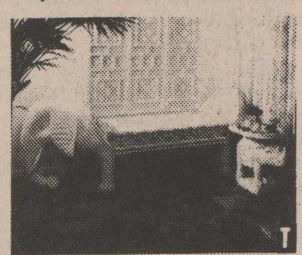

dozens of original decorating ideas and "You-Do-It" projects complete with directions and easy-to-follow diagrams. You can learn how to make a beanbag chair, for instance, or a fold-away bed-in-a-cabinet. Making a beanbag chair is a simple matter of cutting, stitching and stuffing, while the movable version of a Murphy bed involves some not-too-complicated carpentry. Lacking even that amount of manual dexterity, you can do your decorating the stick-on

way, with self-adhesive floor tiles, carpet tiles, burlap, wallpaper, vinyl-by-the-yard, vinyl decals and colored stick-on tape. The magazine shows how

a sewing machine, including a spectacular five-foot wall hanging with a brilliantly-colored butterfly applied on white cotton duck.

Don't miss the colorful pages showing how to give your home a cool and summery look. You'll learn how to

turn a dining room into a fool-the-eye "pavilion" by using striped and flowered wallpaper to make it look like a tent. Another dining area is given the effect of a latticed gazebo by the simple device of paneling the walls with filigreed hard-board over pale blue paint.

Bright ideas for any bedroom include a fabric-covered headboard, a space divider made from fabric banners and a bed niche with attached work

shelf. Directions and diagrams for making all these things and dozens more are included, so it's easy to make your decorating ideas become reality with the help of McCall's You-Do-It Decorating magazine. Buy the summer issue at your newsstand or send \$1.00 to The McCall Pattern Company, 615 McCall Road, Manhattan, Kansas 66502.

Doctors Concerned Over Confusion Of Public's Knowledge Of Measles

Doctors are increasingly worried over what seems to be a general confusion among the public about measles and German measles. They are two distinct diseases caused by two different viruses.

Measles, or rubella, is perhaps the most underrated of all childhood diseases. Measles can kill or, more often leave a lifelong legacy of brain damage or deafness. Since encephalitis occurs in a small but significant number of measles cases, and permanent disability occurs in a fair proportion of these, this year's upsurge will sentence several thousand children

to some sort of brain damage. Rubella most frequently strikes preschoolers.

Until 1963, measles was virtually unstoppable. Today, one dose of measles vaccine given to children 12 months or older offers almost 100 percent protection. It's the best odds a parent can find anywhere in child health care these days.

German measles, or rubella, is less contagious and occurs more frequently among young adults. Women stricken with rubella during the first three months of pregnancy run a great risk of bearing retarded or handicapped children.

Sometimes called German Measles (though it has no relation whatever to the other variety), rubella is one of the mildest infectious diseases of childhood. Many youngsters actually go through rubella without knowing they have it. But when

the virus is transmitted to the pregnant mother the results can be devastating. Following the 1964-65 rubella epidemic, an estimated 20,000 babies were born with severe birth defects.

With another epidemic predicted for 1972 or 1973, the only way to prevent an equally large harvest of deaf, blind and mentally retarded infants is immunization of children between 12 months of age and puberty. The epidemic is expected because rubella outbreaks historically run in cycles of seven to ten years.

Separate immunization shots are available for both rubella and rubella. Unfortunately most mothers are unaware of this and assume that a single shot protects children against all types of measles. This misconception leaves the children open to infection by one or the other of the viruses.

Arthritis Foundation Slates Learned Speaker

Dr. John L. Decker, Chief of Arthritis and Rheumatism Branch of National Institute of Arthritis and Metabolic Diseases, National Institutes of Health, Bethesda, Md., will be the featured speaker at an open meeting sponsored by the West Texas Chapter of The Arthritis Foundation. The meeting is slated for 2 p. m. Nov. 6 in Koko Palace Convention Center, 5201 Avenue Q, Lubbock.

One of the most knowledgeable men in the nation in this field, Dr. Decker will speak on all aspects of arthritis and the rheumatic diseases, will inform the group of the latest results in research and have information about what might be expected in respect to the possible results for the future. A question and answer period will follow his talk.

The meeting will be free of charge.

Not pictured, David Parker and Ronnie Hernandez.

Hey, I Remember That!

Fashion, Toys, Autos For Nostalgia Lovers

The nostalgia fad which is sweeping the nation, sending people into bookstores for "new-old" reading matter, has hit again, this time with three books aimed directly at the fashions, playthings, and automobiles of the late 1800's and early 1900's. The publisher is Digest Books, Northfield, Ill.

Each edition has been prepared from careful research and editing among rare old catalogues, periodicals, and books — some almost 75 years of age. Only the most fascinating, unique, and unusual illustrations, advertisements, and stories were selected for inclusion in the new books. According to the publisher, this was done to maximize their browsing and conversation value, among nostalgia fans.

Digest Books is well-known for publishing the 1908 Sears, Roebuck and Co., Mail Order Catalogue which has now sold more than 500,000 copies and is in its fifth printing. The editor of the Sears catalogue and of the three new books is Joseph J.

Three priceless engravings reproduced from the new three volume Wonderful World of Toys, Games, and Dolls, 1860-1930; and The Wonderful World of Automobiles, 1895-1930.

Schroeder, Jr., a nostalgia buff himself.

The fashion book has hundreds of illustrations of what milady wore, from "toilettes" to bustles, hoop skirts, crinolines, union suits, and underpinnings. It also contains many pages of fashion advice, "snake oil remedy" advertisements, and recipes.

The book on playthings contains mechanical banks, steam powered boats, electric trains, dolls and doll houses, and parlor games and puzzles, many of which readers will recognize.

In the auto book, Digest features a complete catalogue

of the 1909 Sears Motor Buggy, the auto that sold for \$395 and had a "reasonable" maximum speed of 25 m.p.h. Also included are photos of electric carriages and "runabouts," as well as fascinating goggles, capes, funny wrenches, and car advertisements that typified the era.

All three books are now in bookstores nationwide. The books on ladies' fashion and toys are \$4.95 each and contain 256 8 1/2" x 11" pages. The auto book has 288 8 1/2" x 11" pages and sells for \$5.95. All are also available directly from the publisher at these prices postpaid.

Somebody Said:

Gossipers have a keensense of rumor.

Give some husbands enough rope and they will skip.

Religion is not a way of looking at certain things. It is a certain way of looking at everything.

The thing to be admired about Columbus is not his having discovered a new world, but his having gone in search of it on his faith in his conviction.

Ours is not a completely materialistic world. We still expect the \$10,000-a-year batter to get an occasional hit off the \$100,000-a-year pitcher.

The degree of one's emotions varies inversely with one's knowledge of the facts—the less you know the hotter you get.

Don't be afraid to ask dumb questions. They're more easily handled than dumb mistakes!

There isn't a parallel of latitude but thinks it would have been the equator if it had had its rights.

You can find the world's shortest sermon in a thousand traffic signs: "Keep right."

When a man is old enough to do wrong, he is old enough to be responsible for doing right.

There isn't much to talk about at some parties until a couple or two leaves.

Defeat is not bitter if you don't swallow it.

She never married because she always gave a man her own way.

Some preachers deliver their sermons in most appropriate words.

Some people consider themselves friends because they have the same enemies.

Concern Over Teen Smokers Cited By TB Association

Expressing concern over the rise in teen-age smoking and the need to carry on programs of education against it, the Top of Texas TB and Respiratory Disease Association today urged area residents to sup-

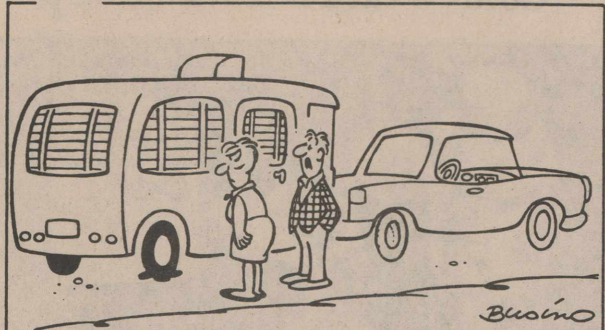

port the 1971 Christmas Seal Campaign which opened this week.

"Adult smoking is beginning to taper off," said Association President Lillian Jordan of Pampa. "But we are

going to have to intensify our efforts where students are concerned. Both boys and girls are beginning to smoke as early as age 13 now, and in some cases earlier. We certainly need the support of the public in combating the problem."

Seals have been mailed to some 80,000 area residents for the purpose of mounting an expanded program against migratory tuberculosis, emphysema, and other respiratory diseases related to cigarette smoking and air pollution.

Mrs. Jordan stated that, though contributions will be mailed to Austin in an economy move to centralize book-keeping, money raised from the area will be budgeted back to the Top of Texas TB Association to carry on program in the Panhandle's 26 counties.

INSTANT CONTROL

Efficient, economical and controlled — that's the story on the largest electric generating unit on the High Plains.

That would be the first unit at Clifford B. Jones Station — Southwestern's new power plant southeast of Lubbock. It will be open Saturday and Sunday and we hope that you'll come. You'll see instant control — and a real powerhouse planned for your electrical future.

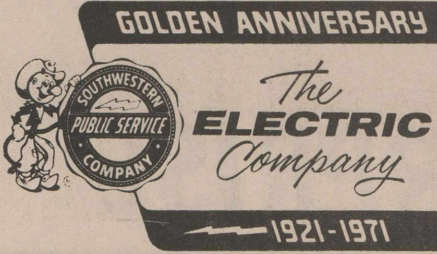

Don't miss the

OPEN HOUSE

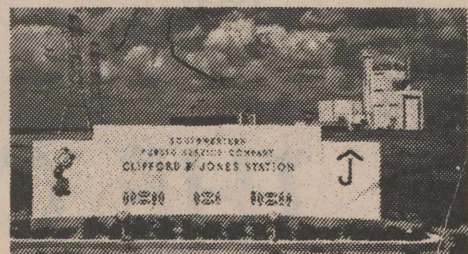

Saturday, November 6 — 11 a. m.-7 p. m.

Sunday, November 7 — 1 p. m.-7 p. m.

Dedication Ceremony — Saturday, 11 a. m.

Jones Station is southeast of Lubbock on Farm Road 3020, just west of the Buffalo Springs Lake Road (FM 835). Be sure to dress casually and comfortably for the plant tour and ladies should wear low-heeled shoes.

TO SEATTLE

Mrs. Al Jennings left Tuesday of last week for Seattle, Wash. where she will be with her mother, Mrs. George Powers, Mrs. Jennings plans to return home next week.

TO PERRYTON

Mr. and Mrs. K. L. Moss visited in Perryton recently with their son and family, Mr. and Mrs. Gene Moss, Greg and Kristi.

HART VISIT

Mr. and Mrs. Norman Livey spent Wednesday afternoon with his brother-in-law and sister, Mr. and Mrs. Percy Hart who live near Hart.

TO LUBBOCK

Mr. and Mrs. E. P. Norcutt of Memphis called Monday of last week in the home of her brother and his wife, Mr. and Mrs. H. R. Curtis. The two couples went to Lubbock where Norcutt consulted a doctor.

IN EARTH

Mr. and Mrs. J. D. Lively were in Earth Tuesday night with his mother, Mrs. Elizabeth Lively, and her daughter and family, Mr. and Mrs. Charles Dugger and children.

IN HOUSTON

Mr. and Mrs. K. L. Moss recently were in Houston with their daughter and family, Mr. and Mrs. Terry Shumate and Torre.

IN PLAINVIEW

Mrs. H. C. Webb visited in Plainview Sunday with her mother, Mrs. F. A. Harkins who had as another guest Mrs. Webb's twin sister, Mrs. Delbert Wasson of Childress.

SUNDAY GUESTS

Mr. and Mrs. Percy Parsons and family will have as guests Sunday Parsons' mother and sister, Mrs. Alice Parsons and Miss Jewel Parsons, both of Lubbock.

Russell Tubbs Suffers Injury

Russell Tubbs lost an arm Sunday night while working at a gin near Lancaster.

He is in a hospital at Denison. Tubbs had lost his other arm in a similar accident. He is the son of Mr. and Mrs. W. B. Tubbs and the brother of Mrs. Odis Meadows.

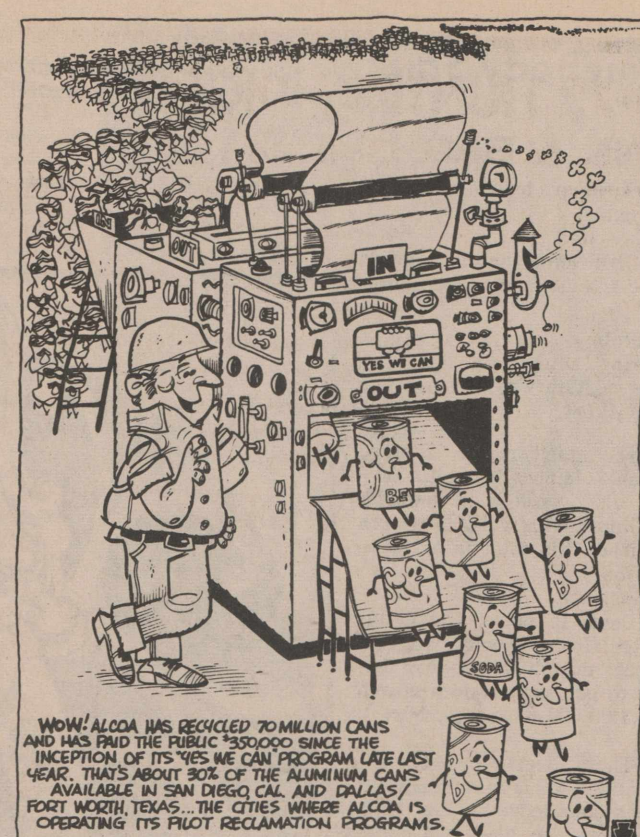

Mr. and Mrs. Tubbs were taken to Denison Tuesday by their son-in-law, Floyd Malone of Pottsboro.

IN DIMMITT

Patti Wilkinson was in Dimmitt during the weekend with her father and brother, Everett Wilkinson and Lynn.

STUDENT VISITS

Charles A. McClain who is attending West Texas State University was home last weekend with his mother and sister, Mrs. Norma McClain and Debbie.

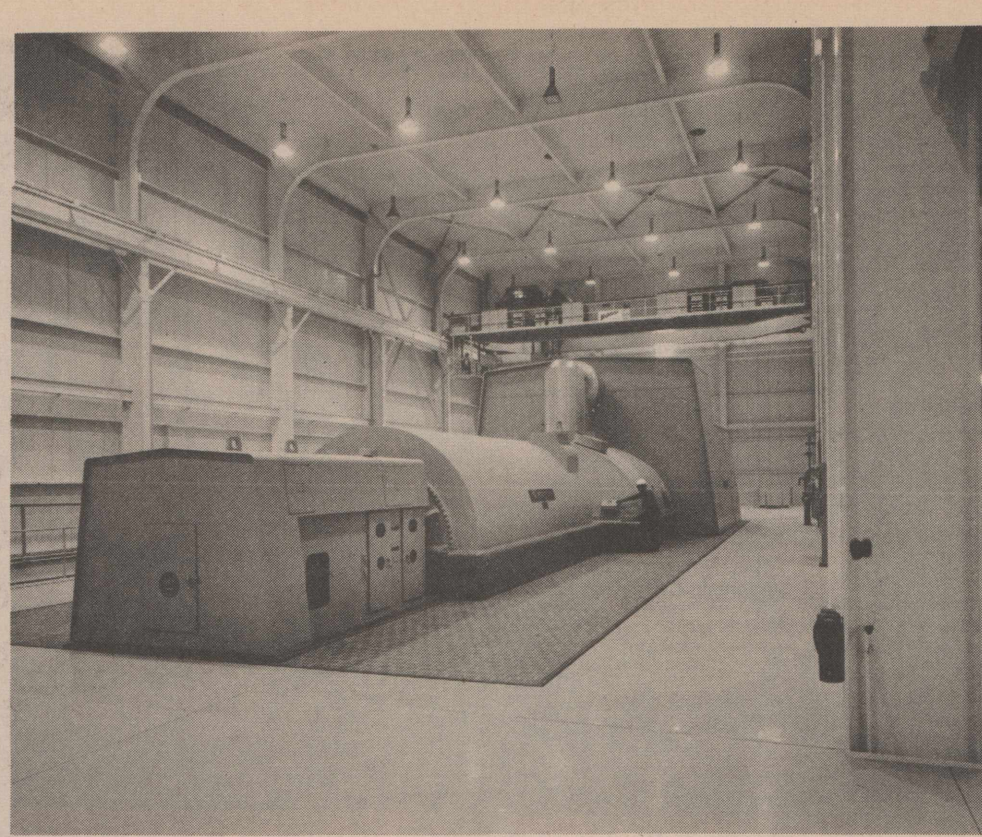

MOVE TO HOBBS

Mr. and Mrs. Ralph Pollard and family have moved to Hobbs, N. M.

HOUSE GUEST

Presently Mrs. George Bohner has as a house guest Mrs. Lillian Teague of Odessa.

THIS 256,000 KILOWATT GENERATOR, the largest single unit on Southwestern Public Service Company's system, is at Jones Station, southeast of Lubbock. The new generating facility, named for Dr. Clifford P. Jones, president-emeritus of Texas Tech, will be dedicated at 11 a. m., Saturday, Nov. 6. It will be open to visitors from 11 to 7 Saturday and from 1 to 7 Sunday, Nov. 7.

THE OLTON ENTERPRISE

Southwestern Public Service Dedication Set This Weekend

Clifford B. Jones Station, the newest electric generating facility on the Southwestern Public Service Company's system, will be dedicated at ceremonies to be held at 11 a. m. Saturday, Nov. 6. The plant is located southeast of Lubbock on Farm Road 3020, just west of the Buffalo Springs Lake Road. Following the dedication ceremonies, the plant will be open to the public for two days, with the visiting hours on Saturday being 11 to 7 p. m. and on Sunday from 1 p. m. to 7 p. m.

Dr. Clifford B. Jones, President-Emeritus of Texas Tech University and a director of Southwestern Public Service Company for more than a quarter-century, will dedicate the new facility. The response to Dr. Jones' dedicatory remarks will be made by Roy Tolk, president of Southwestern Public Service Company. The Rev. J. M. Washington, rector of St. Paul's-on-the-Plains Episcopal Church, will offer the invocation.

The new generating facility has a first unit capability of 256,000 kilowatts. This machine is the largest single unit on the Southwestern system. Construction has already started for a second unit of the same size, scheduled to be in service in 1974. When the second unit does go on the line three years from now, Jones Station will be the largest of the 11 major generating stations on the Southwestern system.

The turbine control system at the new station is the first of its type in the world. The result of cooperation in research and development between Westinghouse Electric Corporation, the manufacturer of the turbine, and Southwestern the system utilizes a digital computer and data recording devices to bring the turbine on the line and control it while in operation. Peter G. Botsonis, a supervisory engineer for Southwestern and a 1958 Texas Tech graduate, played a major role in the development of the control system.

The new facility uses treated sewage effluent, purchased from the City of Lubbock, as its cooling water. In addition, it has equipment which makes it possible to use sewage effluent for the boiler water for test periods of operation.

The sewage effluent is also used for irrigation purposes after it has left the plant system.

The use of the reclaimed water at Jones Station and at Nichols Station on the North Plains results in a daily saving of fresh water which is sufficient to meet the needs of a city of 25,000 people.

The generating capability of Jones Station will be controlled by an automatic dispatching system, which regulates the production of all of Southwestern's major generating facilities. The automatic dispatching system knows which generators do their work the most efficiently when everything, particularly the cost of fuel, is taken into consideration. So, the ADS loads up those generators which are most efficient first, and conversely, takes the load off those machines which are least efficient first. The result is that, under any given conditions of electric load - maximum - average - minimum - the electric company is working to provide its customers with the most efficient - and economical - electricity that it can produce.

The plant has a central information system which takes nearly 500 different readings every minute, records them and calculates their meaning insofar as the plant's efficiency is concerned.

The excitement or romance of the central information system lies, of course, in what it does on those infrequent occasions when there are problems. It is both the alarm that reports trouble and the detective that finds out why there was trouble.

But, it is its day to day operation - routine operation, so to speak - that is of greatest importance to the electric company's customers insofar as the cost of their electric service is concerned. The information that it provides to the control room helps make it possible to generate electric power at the lowest possible cost, at the same time that it assures the customer of the most dependable service.

The combination of new, efficient, larger generating units, which produce more kilowatts for less fuel, plus the central information system working to keep those machines producing at the high levels of efficiency for which they were designed are vital weapons in the fight against inflation.

Jones Station is located on a 320 acre tract which was formerly part of the V-8 Ranch. It has been under construction for about 36 months and has provided more than \$5,000,000 in payroll and local purchases for the area economy.

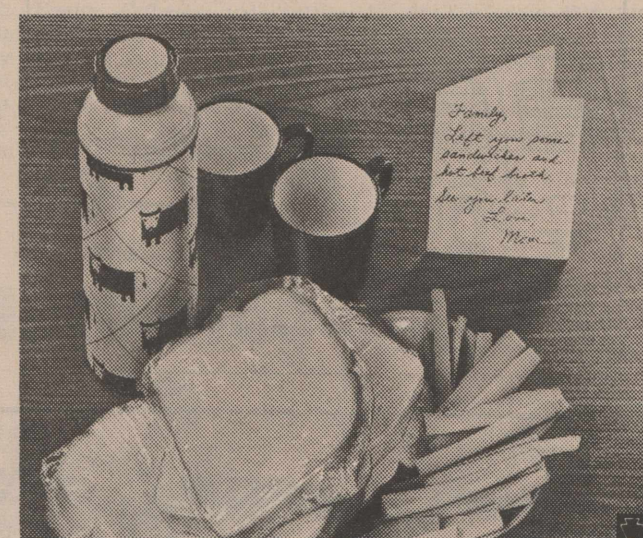

While it isn't something you could put together with a "do-it-yourself" kit, the plant is, in fact, a home-made product. The design, engineering and construction supervision was done by Southwestern Public Service Company's own engineering department, under the direction of H. O. Hodson and E. W. Robinson, vice presidents. Missouri Valley Constructors, Inc., of Amarillo, was the mechanical and structural contractor and Budwine Service Electric Company, Carlsbad, N. M., was the electrical contractor.

J. B. Bottoms was resident engineer for Southwestern Public Service Company during construction of the new unit, and Floyd Starks is the plant manager. Bottoms will also serve as resident engineer for construction of the second unit.

VISIT MOTHER

Mrs. F. M. Holland had as visitors Wednesday of last week her son and family, Mr. and Mrs. Price Holland and Linda Gayle of Plainview. The Price Holland's returned Tuesday from a three week's trip to Hawaii.

Cold Weather Pick-Me-Up

When the weather starts turning cold again, it's time to prepare chill-chasing hot drinks for the entire family. If you are one of the many busy homemakers whose active community life often keeps you away from your home when the children return from school, here's a suggestion that will make sure they get something warming and nourishing. Prepare a thermos with a hearty hot drink and some tasty sandwiches kept fresh in plastic bags, and leave them on the kitchen table with a note. For both taste and convenience, make the hot drink old-fashioned beef broth prepared from real beef concentrate. It is rich and hearty, and just hits the spot for everyone, young and old.

Old-fashioned beef broth is quick and easy to make. Just take 3/4 teaspoon of Bovril real beef concentrate right from the jar and stir into a cup of hot water. Presto, a natural flavor pick-me-up. And, a great change of pace from the usual hot cocoa, tea or coffee. If you're filling a quart thermos, you will need three teaspoons of Bovril and four cups of hot water.

When you prepare the sandwiches, don't put away

the Bovril. Here's another great tasty and nourishing suggestion. Butter the bread, then spread it with Bovril beef concentrate, add a slice or two of American or Swiss cheese. Makes a plain sandwich a gourmet treat.

The secret of Bovril is that it is a "natural" food base made from a hearty beef extract, so that it actually provides the quickly digested proteins and energy-giving vitamins everyone needs - especially during the cold, damp weather. It is an easy and inexpensive way to "beef up" the family's resistance to the bone-chilling months ahead.

And, if yours is an outdoor sports family - players or spectators - be sure to pack a thermos of hot Bovril beef broth to take with them. Their team may not always win, but you can be sure that they will come home in good spirits and in good health.

NOTE:
Shaded counties are not under the regulatory responsibility of the Texas Parks and Wildlife Commission.

OTHER REGULATIONS

For regulations concerning other seasons and bag limits, fur bearing animals, licenses, shooting hours, means and methods of hunting, and other information pertaining to hunting in Texas, see the 1971-72 "Texas Hunting Guide."

Hunting regulations for migratory game birds are covered in a special migratory game bird supplement.

For more detailed information concerning hunting regulations in the area in which you plan to hunt, consult your local game management officer or county attorney.

★ SPECIAL PROVISIONS

All Counties West of the Pecos River—No open season on Mearns' quail commonly called fool's quail.

Burleson, Lee and Washington Counties—Somerville Reservoir Area—Season closed.

Camp, Delta, Hopkins, Rains, Upshur, Van Zandt and Wood Counties—Quail may not be hunted on Sunday.

Rains County—Quail may be hunted on Monday, Wednesday and Saturday only, unless one of these days is a legal holiday—then quail may be hunted the following day—unless this day falls on Sunday.

FANTASY/REALITY . . .

Two Sides To Growing Up

Small children see much of what happens in their world as bewildering, magical, and sometimes frightening. They have their own way of reasoning. The workings of an everyday world are anything but dull.

Children begin by seeing the world as an extension of themselves. It's impossible to imagine that anything could have existed without oneself. And, the future, beyond the next few hours, has very little meaning.

Small children are eager for facts . . . about street rollers, bulldozers, dump trucks and dragons. They want to know why something happens . . . what makes an engine run! They are subjective, imaginative . . . living in their own magic circle of existence. Yet, at the same time, children are clear-eyed realists who appreciate honest answers to their questions.

But a small child does not necessarily use facts as an adult would. Reality merges with fantasy. Where we see the ordinary, with a logical explanation, he sees excitement and wonder. He sees the

tiny details that adults overlook, and focuses upon them. His imagination does the rest. He's eager to experiment . . . to do things for himself. Hence the long-time popularity enjoyed by toys such as the live-action scale model steel toys by Nylint Corporation. They help him to fantasize . . . to "put himself in the picture".

Fantasy is an important part of growing up. Through make-believe, wishful thinking becomes wish fulfillment. The lonely child has a "friend" . . . the would-be engineer a fleet of road-building equipment . . . the horseless cowboy a whole herd of horses. There is generally no need for a parent to worry unless the fantasy life becomes the only life.

Interest in fantasy and reality often develop simultaneously. A childhood where fantasy and reality exist side-by-side is normal and healthy for boys and girls. Children who grow up playing with new and original ideas are likely to retain an ability to use their imaginations creatively in both their work and leisure life.

USE OF WINTER PASTURES

Grazing management is a key item in the proper utilization of winter pastures, emphasizes Dr. Neal Pratt, Extension agronomist. Winter pastures produce a top quality forage and should be grazed with livestock that have high market value. Grazing should be withheld until winter is approaching so that pastures have time to become thoroughly established and to make sufficient growth.

SAVES COST HIKE

Horton Kans., Headlight: "The nation's newspapers should be somewhat pleased with President Nixon's price-wage freeze. Price on the newspapers' most vital ingredient -- newsprint -- was scheduled to go up another \$8 a ton this fall. The industry already absorbed an \$8 per ton raise earlier in the year. This spring's raise was the one that caused most daily newspapers to raise single copy prices to 15 cents each. The postal raise in May added more problems to us all and if the price-wage freeze doesn't head off inflation, readers can guess what will have to come in the very near future."

Amarillo's State Senator To Serve On Conference

State Sen. Max Sherman of Amarillo has accepted an invitation to serve on the Inter-governmental Relations Committee of the National Legislative Conference.

The Committee contains a cross section of the 7,600 state legislators throughout the country and has become the focal point for developing a representative state legislator viewpoint on major intergovernmental issues.

During the coming year, the Committee will be developing policy statements for Conference consideration in the areas of commerce and transportation, government operations, human resources, natural resources, public safety and urban affairs.

Committee members will also pursue implementation of the adopted policy through means of state legislative action, contacts with Administration officials, testimony before Congressional Committees and personal meetings with members of Congress.

The newly selected Inter-governmental Relations Committee will hold its first meeting Dec. 6 and 7 in Washington, D. C. The agenda will include discussion sessions with high-level federal government officials.

The National Legislative Conference, organized in 1948, provides a national forum for the country's state legislators and legislative staffs.

Veterans & Dependents To Receive Questionnaires

Veterans, their widows and dependent parents, will receive a questionnaire with their monthly check this month. These are important and should not be discarded.

The questionnaires must be filled out and returned in order for persons to receive their January checks.

Veterans 72 years and older will not receive questionnaires if they have been receiving benefits for two consecutive

years or longer.

The veterans service office of the Lamb County Chapter of American Red Cross will be open each afternoon in November until 5 p. m. to assist in filling out the income questionnaires.

DYNAMITE

The discovery of dynamite enabled Nobel to endow the famous Nobel prize.

LARGEST PARK

Yellowstone is the largest National Park in the United States.

FIRST TO CROSS

The S.S. Savannah was the first steamship to cross the Atlantic.

CAN'T JUMP

Grasshoppers cannot jump unless the temperature is at least 62 degrees Fahrenheit.

FROM MIDLAND

Mr. and Mrs. Homer Worley had with them last weekend their daughter and family, Mr. and Mrs. Preston Mason, Deanne and Curtis Jay of Midland.

IN MULESHOE

Mr. and Mrs. Shorty Smith visited Sunday in the home of Mr. and Mrs. Robert Murry of Muleshoe. Also visiting there were the Smith's son and family, Mr. and Mrs. Joe Bob Smith, Julie and Jodie of Bovina. The Murrys are the younger Mrs. Smith's parents.

HAS SURGERY

Sammy Coleman, 14, came home Sunday from the Central Plains Hospital of Plainview where he had surgery on his arm Friday. Three weeks prior to his surgery the arm was broken while Sammy was playing football.

IN DUMAS

Mr. and Mrs. Ray Gabehart were in Dumas during the weekend with their son and family, Mr. and Mrs. Troy Gabehart, Troy Don, Tina and Terry Lynn.

OLTON

New Ice Crusher Is Also A Mixer

The latest aid to entertaining is a combination ice crusher/drink mixer that will do both jobs at one time or do either separately.

It would be an ideal gift for that "hard to buy for" man or woman on your list.

More than just a bar accessory, the new appliance will do simple kitchen blending and mixing tasks such as reconstituting orange juice, scrambling eggs, making salad dressings, sauces and desserts.

It's named "Joe the Barman," and has been introduced by Sunbeam's Vista Division. "Joe" sells for under \$30.

The appliance not only crushes ice, it delivers it into the mixing container.

Crushed ice can be held there for use as a bed for shrimp or other appetizers, or mixed immediately in drinks.

The container includes a strainer for pouring and holds up to 48 ounces with ample space for food mixing. A 24-page recipe book includes favorite drink as well as food recipes.

To add to its usefulness, the container in which "Joe" is packed is a 7-quart insulated plastic ice bucket.

VISIT PARENTS

Mr. and Mrs. L. J. Livesay of Hereford visited Monday with his parents, Mr. and Mrs. N. W. Livesay.

IN CHILDRESS

Mr. and Mrs. Ernest Baker visited relatives in Childress Sunday.

IN DALHART

Mr. and Mrs. H. B. Carson were in Dalhart Sunday with their son and family, Mr. and Mrs. Eddie Carson, Kirk and Jill.

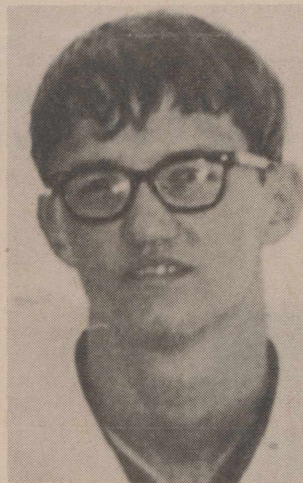

HOSPITAL VISIT

Mr. and Mrs. L. G. Elkins and Mrs. T. D. Lewis visited Sunday afternoon in the Littlefield Hospital with the family of Mrs. B. B. Huguley.

BIZZELL'S

GALE LONG

Indians War Path Is Victory Ground, Ponies' Offense Outstanding In 20-7 Win

Olton scored first and last in downing Morton 20 to 7 last Friday night. Kenny Spain recovered two Morton fumbles to ignite two of the Olton drives.

Morton received the opening kickoff and nearly broke it for an opening touchdown as Allan Joyce returned it 27 yards to the Morton 37.

Three running plays by Embry, Thompson and Patton netted five yards. Faced with fourth and five needed for the first down Morton punted into the stiff wind to the Olton 38.

Three consecutive incomplete passes by Stockdale and company forced the Mustangs to punt the ball back to Morton on the Morton 25.

Two running plays left the Indians with third down and eight yards needed. A big tackle on this crucial third down by Olton's Robert Ahrens stopped Morton's halfback Larry Thompson for a one yard loss back to the 26. Morton punted to the Olton 46 on fourth down.

On second down Keith Workman rambled to the Morton 32 for the first Mustang first down of the night. Another pass fell incomplete before Carlos May picked up 12 yards for another first down at the Indian 20 yard marker.

Two incomplete passes and a penalty made it third down and 25 needed for the first down. May got three yards to the 32 on a draw play up the middle.

Fourth down found Stockdale passing to Collin Johnson at the Morton 10 and a half just a half yard short of the first down to give the ball back to Morton.

Kuehler got two yards and Thompson lost one of them back to the Mustangs fired up defense on second down. A pitch out to Patton got two yards to the 13 and Morton still lacked 7 yards to get a first down. On this play Olton's Jimenez, May and DeBerry had all combined to make the stop on Patton forcing the Indians to punt once more to the Mustangs.

Favian Minjarez received the Morton punt and returned it to the Morton 27. But once more the Mustangs offense sputtered and lost fire with Morton taking back the ball after fourth down at the Morton 18.

Once the tough Mustangs held and forced Morton to punt on fourth down with the Mustangs nearly blocking the punt forcing it to be short to the Morton 31.

Johnson grabbed a pass good for a first down and at the 17. He nearly got loose for the TD on the play but the last defender got him.

May broke it off on the Indians as he went through the left side of the line to the 5. Minjarez dove to the Morton 2 with one second left on the clock in the first quarter.

He moved it to the one foot line and then on the next play he dove into the end zone doing a flip in the process. Olton missed the extra point to take a 6-0 lead with 11:27 remaining in the second quarter.

Olton kicked off with Patton returning the kick 20 yards to the Morton 46. They got their first first down of the night with Embry carrying to the Olton 42.

Kuehler broke loose and rambled to the Olton 24 on the very next play. Johnson made the tackle to stop the play.

Once more the Mustangs tightened up their belts and stopped the Indians cold. Three hard plays moved the ball to the Olton 20 and that was it. Morton tried a field goal on fourth down only to have it be no good.

Olton did no better on this possession and punted on fourth down to the Morton 48. Patton circled left end on second down and bulled his way to the Olton 23 where once more Johnson made the tackle. A pitch out to Thompson moved the ball to the 12 for another first down.

Thompson carried once more to the Olton 6 inch line.

On second down from there Kuehler scored for Morton to tie the game 6-6.

Olton's missed extra point looked like a big factor the rest of the quarter and half time as Morton kicked theirs to take the lead 7-6.

On the first play of the third quarter Spain recovered a Morton fumble on the Morton 21. Olton wasted little time in cashing in on this opportunity.

Minjarez grabbed 4 yards to the 17. On third down May

broke it to the 6 for a first down. Workman got a little and May moved it to the 4. Stockdale got back to the line of scrimmage on third down and passed to Workman in the end zone for the go ahead TD with 8:38 remaining in the quarter. Stockdale ran the extra points to give the Mustangs a 14-7 lead.

Morton stood around on the kickoff trying to pick up the ball and deciding who was going to run with it until Olton like to have recovered the ball but instead they downed the runner on his own 15.

On first down the Mustangs let Kuehler get loose this time to the Morton 39. First down netted 6 yards for the Indians. Second down Patton got barely one yard as Luis Jimenez met him head on from his line backers position and nailed him hard.

Faced with third and three needed Morton went with Thompson. But Kurt Gregory, Jim McCurry and Robert Ahrens stopped him short of the first down to force Morton to punt again.

This time Olton went to work at the Mustangs 47. May moved it to the Morton 42 for the first down. A pass fell incomplete and a pitch out netted no gain also.

Some real good moves by Robert Ahrens put him into the open to take the Olton pass and move to the Morton 5. Once more the small man in the Olton backfield moved the ball four yards to the one.

On second down Minjarez carried it once more to the 1 foot marker. Third down found him with the ball again and he dove into the end zone only to have a Morton defender hit the ball with his helmet and knock it loose with May recovering for the Mustangs on the Morton 1.

Fourth down found Minjarez diving into the end zone again with neither of the plays being counted a TD. Morton took over on the one foot line. Thompson moved it the half yard line for the Indians. Then he got two to the three. On third down he broke loose with two of Olton's big three defenders

knocking him out of bounds at the Morton 22. The two tacklers were Ahrens and Johnson. The third man of the big three was Minjarez.

On second down Spain recovered his second fumble of the night for the Mustangs at the Morton 29.

May got two yards to the 27. Second down play went to the Morton 12 for a gain of 15 yards.

On first down again May carried for the third time in a row to the Morton 7, and then on to the two for another Mustang first down.

On first down Workman carried it in for the TD behind May and McCurry who helped clear the way with 11:17 left in the fourth and final quarter of play. Extra point try failed again and Olton had their final points of the night and the final score of 20 to 7.

Morton returned the kickoff out to their 42. But the fighting Mustangs held them there. On third down Gregory put the rush on the passer and batted the pass up with DeBerry nearly getting to the ball for an interception for the Mustangs.

Morton punted into the end zone on fourth down with the wind helping the kick get there. Olton started on their own 20 and moved to their 39 before losing the ball with a fumble.

Freddy Stockdale scored also on a one yard plunge.

Ernest Saucedo ran for the extra points.

Alex Cabrera, Paul Almanza, Freddy Jimenez and Oscar Marroquin recovered fumbles for the Olton team.

Ernest Saucedo and Freddy Stockdale intercepted Canyon passes to help the Olton defense stop the young Eagles.

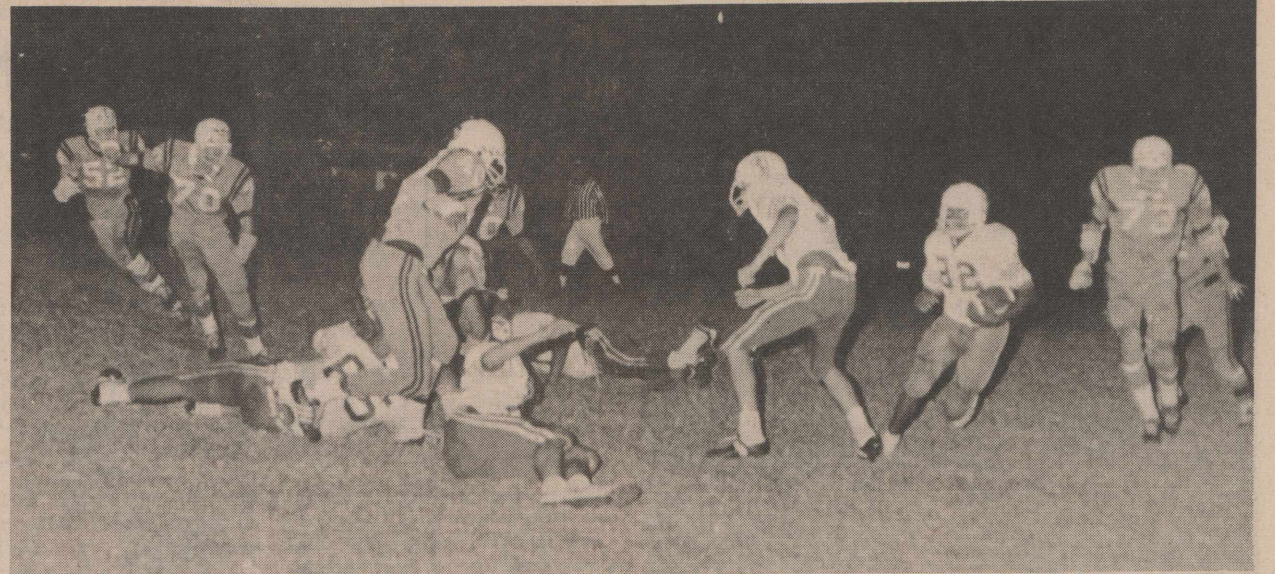

TO MULESHOE
Mr. and Mrs. J. I. Brothers have moved to Muleshoe where he is employed by the Ford Tractor Company.

DINNER GUESTS
Mr. and Mrs. Dennis Jones of Littlefield were dinner guests Monday evening of Mr. and Mrs. L. L. LaDuke.

MOTHER VISITS
Mrs. Allie Haile of Amarillo is here this week with her son-in-law and daughter, Mr. and Mrs. Merrill Brigrance.

Morton ran three plays and punted only to have Olton to have to run two plays and fumble to end the game with Morton having possession of the ball.

Outstanding on offense was the entire Mustang team. The line did a real good job, the ends and corner backs were very good also and the safety got what the rest didn't and did a fine job of doing it.

COLLIN JOHNSON is the hero of this play. He had just intercepted a Morton pass deep in Olton territory and returned it to the Morton 45 before being run out of bounds by

a couple of Indians. This interception killed the only serious Morton threat of the second half of Friday's game.

Fillies & B's Win Openers

Fillies and the girls "B" teams brought home victories in their first basketball games of the season Tuesday night.

The OHS "B's" whipped Cooper High's "B" team, 45 to 10. Denise Myers was leading scorer with 17 points. Just one point back, with 16, was Cynthia Norfleet.

Outstanding guard for the B team was Carla Moses.

The Fillies won their contest 48 to 36. Rebecca Hodges was leading scorer with 24 tallies. Bonnie Offield collected 12 points. Kay Johnson led in rebounds with 10.

Next basketball games will be next Tuesday when the two girls' teams travel to Springlake-Earth. The "B" team will play at 6:30 p. m. with the Fillies game following.

First home game is Tuesday, Nov. 16 when the boys will begin action.

VISIT AUNT

Mr. and Mrs. H. P. (Jack) Webb Jr. of Houston spent some ten days recently with his aunt, Mrs. George Bohner.

FROM NEW MEXICO

Mr. and Mrs. Lloyd Rose of Logan, N. M. were here last week with Mrs. George Bohner.

FLYING GOLFER BY TOM EASTERN

If many of the world's top golfers are thinking along somewhat "classic lines" these days, it's probably because they're tuning up for the \$250,000 Westchester Classic and its \$50,000 first prize.

Bruce Crampton, 1970 defending champ, will head the list of top pros competing at the Westchester Country Club, July 22-25.

The biggest winners of the Westchester Classic, however, are six hospitals in Westchester County. In the past four years, more than \$1.2 million in Classic proceeds have been donated to these hospitals.

The final two rounds of the Classic will be televised nationally on the Hughes Sports Network on Saturday and Sunday, July 24-25. Judging from past tournaments, this year's final round should also be a cliff-hanger.

Jack Nicklaus, Eastern's golf pro, has been involved in three of the four thrilling finishes. In 1967, he edged Dan Sikes; in 1968, Julius Boros birdied the last hole to score a one stroke victory over Jack; and last year, Crampton's birdies on the last two holes left Jack and Larry Hinson one stroke off the pace.

Flying Queens Basketball Clinic Begins, Games Set

Wayland Baptist College Hutcherson Flying Queens, internationally known and national championship women's basketball team, will move into action on Nov. 6 as they stage the Fourteenth Annual High School Basketball Clinic.

Registration begins Nov. 6 at 9 a. m. in Hutcherson Physical Education Center on the Wayland Campus. Eight Plainview area high school teams will be matched in afternoon games.

Following the 9 o'clock registration session, Harley J. Redin, coach of the Flying Queens for some 16 years, will

present basic basketball fundamentals throughout the morning. The Flying Queens will be on hand for demonstrations and performances during the day.

High school games slated for the afternoon and evening of the clinic include Claude against Robinson, Canyon against Hale Center, Spearman against New Home and Friona against Sanford-Fritch.

The Flying Queens, who have won the National AAU Championship during the last two seasons, also won the championship in 1961, 1959 and 1954-57. They were runners-up to the title in 1951, 1953, 1960 and 1962-66.

The Queens placed third in the tournament three times and fifth one time, holding a place in the competition every year since 1951.

For the past three years since its inception, they have won the Amarillo National Invitation Tournament for collegiate women's basketball. Since 1950, the team has placed 30 women on the All-American list. The 1971-72 season gets underway Nov. 20 in Hutcherson Physical Education Center when the Queens meet Temple Junior College.

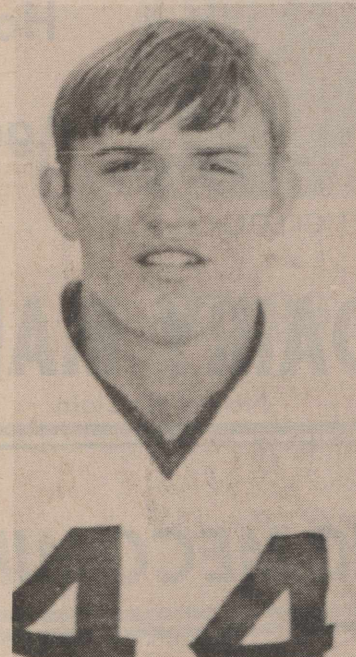

During his 16 years as coach of the Queens, Redin has moved the team to a record of 384 wins and 52 losses, an invincible record in any book. During the past summer, Redin served as coach for the United States women's team to the Pan American Games in Cali, Colombia. Nucleus of the team was a group of six Flying Queens and they placed second in the games.

Guards for the Flying Queens this year include All-American Susan Britton, senior team co-captain from Springlake-Earth.

VISITS PARENTS

Guy Daughtrey Jr. spent the weekend with his parents, Mr. and Mrs. Guy Daughtrey. Mr. and Mrs. Charlie Bussell, his grandparents, took the young man back to Alpine where he is a student at Sul Ross University.

FOOTBALL CONTEST

Each week's entry must be turned in to one of the merchants sponsoring the contest. Contestants are given a week to prepare and turn in their entries.

Sponsoring merchants may accept mailed entries. All late entries will be discarded.

In case of ties, prizes will be divided equally.

The weekly prizes will be given to the persons picking the most number of games for that week. The tie-breaker will count as one of the games picked, and the predicted scores will be used to determine the top three places in that week's contest, if necessary.

Only one entry per person is allowed.

ACROSS THE COUNTY LINE

MRS. C.D. TANNER
Ph. 889-3820 HALFWAY

Mrs. Roy Roberts was hostess to the Westside Community Club Thursday afternoon. Members present were Mmes. Charles Shipley, Bill Griffith, Ray Copeland and Derwood Copeland.

Mrs. Herman Bell and her mother, Mrs. Cassie Copeland

of Plainview spent Tuesday with Mrs. Roberts and were guests at the club meeting.

An evening of fellowship was enjoyed by members of the Halfway United Methodist Church, their friends and visitors at the Community Center Halloween

The decorations and entertainment were planned by Mrs. Lynn Barton and Mrs. Freddie Bell. A covered dish supper was served followed by games such as dunking for apples and doughnuts were enjoyed by the children. The adults played "42" and bridge. Approximately 50 attended.

Mr. and Mrs. L. M. Alexander spent the weekend with her brother and sister-in-law, Mr. and Mrs. Robert Edens of Farwell.

Sunday Mr. and Mrs. Ralph Beasley visited with his brother and sister-in-law, Mr. and Mrs. Roy Beasley, and brother-in-law and sister, Mr. and Mrs. Otto Langston, all of Vigo Park.

Mr. and Mrs. Rollo Harrell flew to Shafter, Calif. and spent a week with their son and family, Mr. and Mrs. Gary Harrell and children. They visited Magic Mountain, a tourist attraction.

Russell Tanner of WTSU spent the weekend with his parents, Mr. and Mrs. C. D. Tanner.

Sunday Mr. and Mrs. C. D. Tanner visited Mr. and Mrs. Eddie Smith in Canyon and Mr. and Mrs. Austin Tanner in Tulsa.

The Halfway Home Demonstration Club met with Mrs. Dale McEachern Tuesday afternoon. A "Show and Tell" hobby

and crafts for Christmas was presented. Mrs. Johnny Downey led the group in recreation. Other members present were Mmes. E. C. Patterson, J. S. Bell, John Downey, Edsel Hall, W. T. McEachern, Eldon McEachern, Freddy Bell, Rodney Bell, Lynn Barton and Robert Graham.

Wednesday evening the Women's Society of Christian Service met in the Rodney Bell home. The study of the parables in "Matthew" was continued, taught by Mrs. Newton Hilliard.

Those attending the study were Mmes. W. A. Pinkerton, R. C. Williamson, Lynn Barton, Willard Pannabecker, Arthur Morris, J. S. Bell, Freddy

Bell, Hillard and Rodney Bell.

Mr. and Mrs. Don Willis came by to see her parents, Mr. and Mrs. John B. White, Thursday as they were being transferred from Amarillo to Odessa.

Mr. and Mrs. Ernest Jones had their great-grandson, David Cole Sorley of Plainview, with them Saturday while his parents, Mr. and Mrs. Phillip Sorley, attended the Texas Tech vs Rice homecoming football game at Lubbock.

The intermediate group of the Halfway Baptist Church enjoyed an evening of bowling Monday in Plainview followed by hamburgers and trimmings.

Members of the class attending were Dean and Don Palmer, Trent Gaither, Rex Harrell, Scott Smith, Ricky McClure, La Tresa Mallow and a guest, Aubrey Hooper and adult sponsor, Mrs. Emmett Palmer.

Mr. and Mrs. Tom Perry and Mike of Lubbock visited Mr. and Mrs. Ernest Jones Sunday.

Mrs. F. M. Holland of Olton spent Saturday night and Sunday with Mrs. Tom Bostic.

Mr. and Mrs. Wayne Sistrunk, Lezlie, Jimi and Vicki spent the weekend with her sister and family, Mr. and Mrs. J. B. Monroe and children of Nolan.

Recent guests of Mr. and Mrs. George Clark, Rodger and Carla were Mr. and Mrs. Arch Cooper of Globe, Ariz.

The Girls in Action met Monday morning at the Baptist Church in Halfway and went as a group to the Central Plains Mental Health and Retardation Center in Plainview. There they presented an exercising bicycle to the health center.

The girls were given a tour of the work therapy, dining areas and game room by Mrs. McGahee.

Those making the trip were Pam McCoy, Nelda and Wanda Mow, Tonya Pruitt, Katricia Ramey, Evalina Torres, a visitor, Gloria Voyles and leader, Mrs. Clarence Gaither.

Sunday Mr. and Mrs. Clarence Gaither, Mark and Marilyn attended a family get together in the home of her parents, Mr. and Mrs. S. M. Baxter of Afton, honoring the Baxters on their birthdays.

Other of the Baxter's children and their families attending were Mr. and Mrs. Leo Baxter and Rex, Mr. and Mrs. J. C. Barnett and Mr. and Mrs. W. C. England of Plainview; and Mr. and Mrs. Dumond Bridge and Mr. and Mrs. Danny Rodriguez of Afton.

Mrs. Doug Sopher was in Lubbock Friday. She had lunch and shopped with Miss Sally Taylor of Texas Tech.

Mr. and Mrs. W. E. Mitchell of Spade spent Saturday with her parents, Mr. and Mrs. J. H. Palmer.

The Acteens of the Halfway Baptist Church met in the home of their leader, Mrs. Jerrell Young, Oct. 20. J. Carol Criswell presented a program on missions.

The group discussed the Bible study training course to be held in Abilene next spring. Refreshments were served to Marilyn Gaither, Diane Palmer, J. Carol and Robin Criswell, Vicki Hysinger and Mrs. Young.

Guest of Mr. and Mrs. Hugh Alexander Sunday were Mr. and Mrs. Hugh Alexander Jr. of Slaton and Mr. and Mrs. Joe Guffee of Plainview and on Monday, Mr. and Mrs. Emil Sorley of Olton and Dr. and Mrs. R. E. Cogswell of Plainview.

Bible study of the WMU of the Halfway Baptist Church on "Mission of the Church" was taught by the Rev. Robert Field Tuesday morning. Those attending the study were Mmes. Nell McEachern, Edsel Hall, John Downey, J. T. Mallow, Ralph Shannon, Robert Field, Clyde Harrell, Claude Fargason, Robert Graham, Joe Prater and Grady Pillow.

Mr. and Mrs. Lewellen Hooper, Aubrey and Rhonda hosted a supper at the Congress Inn Sunday evening. Guests were Kenneth Smith; Mr. and Mrs. Neilan Smith, Mark and Scott; Mr. and Mrs. Lester Cox and Kelly; the Rev. and Mrs. Robert Field and Mr. and Mrs. Emmett Palmer.

Mr. and Mrs. Lewellen Hooper, Aubrey and Rhonda attended the Texas Tech and Rice football game and visited Mr. and Mrs. Dwayne Hooper in Lubbock Saturday.

The youth committee of the Halfway Baptist Church met Monday evening to interview applicants for youth and music director of the church.

Members of this committee are Emmett Palmer, Mrs. Clyde Harrell, Mrs. Neilan Smith, Mrs. Lewellen Hooper, Mrs. J. T. Mallow, Mrs. Claude Fargason, Dana Palmer, Marilyn Gaither and the Rev. Robert Field.

IN CANTON
Dubbs Granbery returned home Tuesday after a 10-day business trip to Canton. While there he visited in Greenville with a nephew and family, Mr. and Mrs. Edd Lynn Burrus and family.

DAUGHTER VISITS
Mr. and Mrs. Charles Noll and A'Lissa of Odessa visited last weekend with her parents, Mr. and Mrs. Murry Machen. They also attended the Homecoming festivities at Texas Tech.

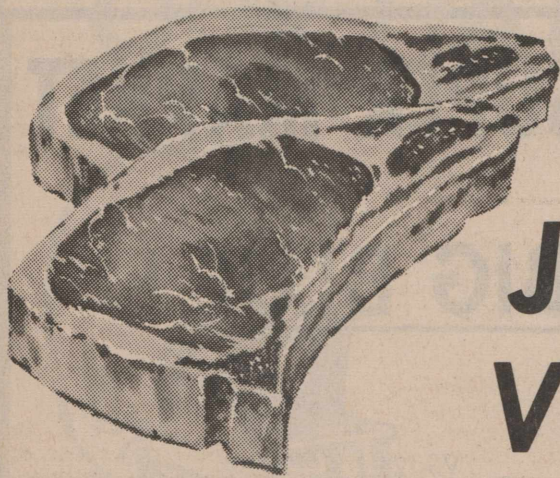

RETURNS HOME
Mrs. Paul Burrus returned home Friday after a week's visit in Greenville with her son and family, Mr. and Mrs. Edd Lynn Burrus, Bentley and Holly.

MOTHER VISITS
Mrs. J. R. Coen of Littlefield visited Sunday in the home of her son and family, Mr. and Mrs. Bob Coen, Kevin and Kim.

VISITS MOTHER
Mrs. Mary Clifford visited from Sunday until Thursday of last week with her mother, Mrs. Claud Holt of Artesia, N. M. who was confined to the hospital. Mrs. Holt is out of the hospital now, recuperating at home. While in New Mexico, Mrs. Clifford also visited her daughter and family, Mrs. F. M. Parrish of Loco Hills and with friends in Loco Hills and Artesia.

BY
DIANNE SNIDER & MARIAN RAPE

Welcome home Exes!
Mums went on sale Tuesday, prices ranging from \$3.50 to \$5.50, everyone is helping work on the floats, the pep rally is at 2:30, the parade at 4, and Mustangs will be facing Lockney Longhorns. Homecoming is here once again. Candidates for Homecoming Queen are Brenda Leathers, Bonnie Offield, and Dona Sorley.

Coach Kinnison wrote a paper on the football game Friday night: The Olton Mustangs traveled to Morton and took home a victory with a 20 to 7 final score. For Olton it was victory number three against four losses and a tie. The victory kept Olton in second place of the district race with a 3-1-1 record.

Favian Miniarez put Olton on the scoreboard first with a one yard run in the first quarter. This run was set up by a 38 yard drive.

Morton scored with 4:00 left in the second quarter and kicked the extra point and took a 7-6 halftime lead into the dressing room.

The third quarter saw Olton kicking off and Kenny Spain recovering a Morton fumble on the first play at the 21 yard line. Olton marched in to score on a two yard touchdown pass from Stockdale to Keith Workman. Stockdale ran for the two point conversion. Twice Olton held the ball inside the ten in the third quarter and did not score.

In the fourth quarter Olton again scored following a short punt by Morton. Workman scored on a one yard run. Final score Olton 20 Morton 7.

Next game—Lockney here, Homecoming!

Twirlers were elected last Monday night. Congratulations goes to Susan Rape. Among the twirlers trying out were Debbie Cannon, Debbie Vaughn, JoAnn Carlisle, Mitzi Meinecke and Kim Lee. All of these girls did a great job and it was a hard decision. Susan replaced Sabrina Pollard.

IDEAL BOY

By Brenda Leathers
Most Handsome - Steve Stockdale
Good Looking - Alan Carson

COMMENTS:

Alan - An hour on the phone talking to who?

Johnny - Is your car finally underground?

Kay J. - S. H. is in town.

Gale - We love your new pickup!

Sheree - How was James Taylor?

Robert - Eating animal crackers at your age?

Max - Are you camera crazy?

Sharon - Who's your new Senior lover?

Tommy - Nearly got expelled for what?

Teresa N. - We know Daryl McGill is better.

Jackey - Parents gone again?

Teresa P. - Set what on fire?

Johnny J. - Who's feelings were hurt Saturday?

Joe - Finally underground?

Gordon - Riding the bus is fun isn't it?

Kim - Why so upset?

Vicki - Little hot tempered aren't you?

Helen - Date with who? What about Alan?

Pop Group - Great job!

Seniors - We made \$140.00!

Judy W. - What excitement did you have Friday night?

Grady - You could at least go pick her a few flowers!

Robin - What did you get mad at Friday night?

James - You wouldn't really call Mitzi that would you?

Rex - How'd you rate getting to pull the float?

Polly - Don't give up hope! That's it folks! Everyone enjoy Homecoming!

FROM NEW MEXICO

Mrs. Melvin Wozencraft of Las Vegas, N. M. spent the weekend with her husband's mother, Mrs. Cora Wozencraft.

RECENT VISIT

Mr. and Mrs. Shorty Smith spent a few days recently at Stovall Wells.

HOUSE GUESTS

Mr. and Mrs. Robert Ferem of Lubbock were house guests Friday night and Saturday of her uncle and aunt, Mr. and Mrs. J. J. Moses.

SECOND GRADE STUDENTS of Mrs. Leatha Smith are Victor Saucedo, Doroteo Falcon, Thelma Wade, Tommy Bolin, Alex Burnett, Danny Refino, Allen Jones, Ted Daugherty, Carmen Ramirez, Alfred Saenz, Martin Galloway, Jose Reyes, Lisa Rodriguez, Mat McClure, Jimmy Sanchez, Dwane Fuquay,

Ermelinda Cortez, Carrie Goheen, Josie Vasquez, Josie Dominguez, Joey Duran, Albert Anzaldua, Corina Guerrero, Debra Lockett, Tamra Thompson, Sylvia Esquivel, Charles Velasquez and Meri Lynn Mills.

SCHOOL MENU

Nov. 8 through Nov. 12

MONDAY - Tuna sandwich, potato chips, pork and beans, peach half, chocolate doughnut and milk.

TUESDAY - Frito pie, green beans, buttered peas, macaroni salad, pepper ring, banana pudding, rolls and milk.

Cotton Talks

By Plains Cotton Growers, Inc.

Constant change and the threat of change in farm laws and in the way farm laws are administered is one of the most frustrating and economically damaging phenomena facing today's farmers.

This was a comment elicited from Donald Johnson, Executive Vice President of Plains Cotton Growers, Inc. on hearing of proposed changes in the regulations governing the payment limitation for 1972.

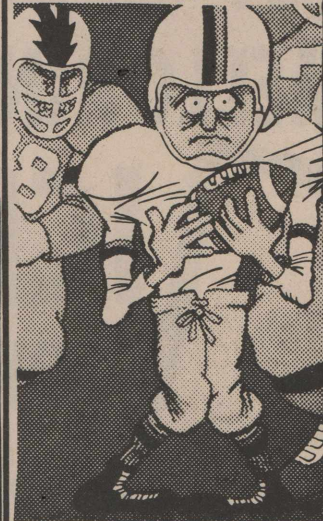

"Investments in agriculture of necessity are long term investments and can be recouped only by long range planning," Johnson continued, "and this is made extremely difficult when farmers have no assurance of continuity in government programs."

As a part of the Agricultural Act of 1970 Congress imposed a \$55,000 per person per crop limitation on government payments. Farmers naturally and justifiably assumed that the limitation would hold for 1971, 1972, and 1973, the life of the law. But even before the Act was signed into law there were attempts in Congress to lower the limit to \$20,000. There were other attempts to change the law this year. Fortunately they were unsuccessful, by a narrow margin of votes, and the higher level still stands.

First Whooping Cranes Arrives At Winter Home

The first wild whooping crane have arrived on their winter home in the Aransas National Wildlife Refuge on the Texas Gulf Coast, it was announced late Friday by Regional Director W. O. Nelson Jr. of the Bureau of Sport Fisheries and Wildlife.

Refuge personnel spotted four birds ... all adults ... on the nineteenth of October which happens to be the average arrival date over the last ten years for the whoopers, America's rarest bird.

Ten more birds, all adults, arrived on the refuge during the week and the aerial survey conducted by the Bureau of Sport Fisheries and Wildlife on Friday morning totalled 14. Refuge personnel stated that they were not too disappointed by the absence of the juvenile whoopers, pointing out that the family groups usually make slower time traveling from the summer nesting grounds in Canada's Wood Buffalo Provincial Park. As of the Friday aerial survey, six whoopers were on nearby Matagorda Island and eight on the refuge itself. The Aransas National Wildlife Refuge

is the traditional wintering ground for the six foot tall white birds.

Later arrivals will be watched with great interest, according to Regional Director Nelson. Fifty seven birds went north on the 2,500 mile flight to the nesting areas, he said, and it will be more than a month before the Bureau can say that the entire population has made the southbound trip. Coming from a low of 14 birds in 1915, the whooping crane wild flock has slowly built up to last spring's level of 57, Nelson added.

News Of Our Service Men

ENTERPRISE PRESENTS - - Three sons of Mr. and Mrs. Tom Billy Hankins, Tommy 15, Alex 12 and Terry, seven, of San Antonio. Mr. and Mrs. W. T. Hankins are paternal grandparents. Mrs. Patrick Trevino of San Antonio is maternal grandmother.

HART CAMP

HAPPENINGS

MRS. EDWIN OLIVER

Ph. 262-4242 FIELDTON

Mr. and Mrs. M. W. Wheeler honored their granddaughter, Mitzi Wheeler of Lubbock, with a birthday dinner Sunday on her thirteenth birthday. Present were Mr. and Mrs. Sammie Wheeler, Mitzi, Sheila and Donnie of Lubbock, Gary Camel of Lubbock, S. H. Latham of Center and Mr. and Mrs. M. W. Wheeler. Mr. and Mrs. Edwin Oliver visited in the home Sunday afternoon.

Mark Muller received a medical deferment last week when he had tests to enter the Reserve Unit of the U. S. Army. He will continue his work at the John Deere House in Littlefield.

Mr. and Mrs. Jerry Perry are here for a few weeks stay with her parents, Mr. and Mrs. Blanton Martin. They were guests Sunday morning at the Baptist Church services.

Visiting in the V. L. Foster home Sunday were her sister and family, Mr. and Mrs. Kelly Kendall and son of Brownfield.

Mr. and Mrs. L. B. Snyder of Floydada, frequent visitors in this community, are the parents of their first child, a baby daughter, who arrived Saturday night in the Hale Center hospital. The baby weighed five pounds six ounces and has been named Patricia Lynette, Sunday afternoon Rev. and Mrs. John Walker, Roby and Lori, Kimmie Foster and Joyce Yandell went to Hale Center to see Mrs. Snyder and the new baby.

Four ladies attended the WMS meeting Monday morning at the Baptist Church. Mrs. Dewey Parkey was in charge of the study which was "Unconditional Witness" from the Royal Service magazine. Plans were made to start a book review next Monday which will be "Drums Over Africa" with Mrs. Edwin Oliver in charge. WMS members will bake cookies Thursday to be served at High Plains Training State

Mr. and Mrs. Edwin Oliver were in Hale Center Sunday afternoon to visit his brother and sister-in-law, Mr. and Mrs. A. E. Oliver.

The youth of the Hart Camp Baptist Church had a fellowship and game session in the parsonage following the Sunday night church services.

Several men of the community have gone deer hunting this week in parts of Colorado.

Lupe Lopez, son of Mr. and Mrs. Louis Lopez Sr. and Miss Esperanza Gonzales, daughter of Mr. and Mrs. Vicente Gonzales of Northheim were married Saturday in Northheim. They returned here Sunday and will live on the Dan Puckett farm.

Mr. and Mrs. Jack Feagley, Sandy and Christi visited Sunday in Portales, N. M. with his brother and family, Mr. and Mrs. Doyle Feagley.

Christ's Ambassadors' rally was held Monday night in the First Assembly of God Church in Lubbock. Attending from the local congregation were Rev. and Mrs. Gene Davis and Paul, Mrs. DeVern Mandrell and Jimmy and Mr. and Mrs. Harold Fields, Janet, Bonita, Troy and Delena. Approximately 450 people were present.

Rev. Paul Lorenburg, District Superintendent of the churches of that denomination in the state of Kansas, was speaker. Funds were raised to send Rev. and Mrs. Harry Wampler with 35 members of Christ's Ambassadors in West Texas District to Monterey, Mexico. This group will meet some 150 other C. A. members of surrounding areas at Laredo Dec. 26. They will go from there into Mexico in the interest of the "Ambassador in Mission" movement.

Rev. Wampler is the C. A. sectional representative and the pastor of Glad Tidings Assembly of God Church in Plainview. At the rally Monday night the First Assembly of God Church in Lubbock was declared the winner among the larger churches of the district that had earned the most points in the contest during "Pastor appreciation" month, with a total of 189,000 points. Parkview Assembly of God Church in Levelland won that honor among smaller churches making 299,000 points.
