The Floyd County Hesperian

Show Of Home Christmas Decorations" Begins Friday Night

"IN APPRECIATION of 20 years of service to the people of Floyd County," reads the inscription on the silver plate presented to retiring County Judge J.K. Holmes Thursday night at the annual courthouse Christmas party. Also in the picture are Mrs. Holmes and District Judge George Miller, who has offices in the courthouse and who presented the plate to Judge Holmes on behalf of all the courthouse people. Holmes has been county judge September 28, 1964 and served as the commissioners' court for six years. 50 persons, including elected county officials, county employees, guests, and their spouses, attended the county Christmas party, held at Strickland's Restaurant in Lockney.

..... SNOWING AT PRESSTIME

Saturday Program Cancelled

Extremely cold temperatures, falling of the community Christmas and the music program which were planned for December 7 on the Courthouse square were cancelled and tentatively rescheduled for Saturday December 16.

AL GALLOWAY anticipates Santa's arrival as she sits on the hearth of the fireplace. The festively decorated stockings are part of the Christmas Show of Home Decorations" which will be December 17 The Galloway home decorations will feature an old fashioned type of Christmas decor.

American Cancer Society Project

The special events project for the American Cancer Society during December will be a "Show of Home Christmas decorations." Tickets for the two day events (December 15 and December 17) are now on sale and available from Doris McLain, chairman;

Mrs. Dallas Ramsey, co-chairman; Mmes. J.A. Turner, Pete Hickerson, Tommy Cathey, Edell Moore, Robert Turner, Woodrow Wilson, C.C. Whittle, Gerald Lackey, Ray McDonald, Louis Lloyd, Rusty Sherman, Bill Tye, Kathy Burk or at Lighthouse Electric. Tickets are \$5.

Over \$800 Contributed To Salvation Army

A total of \$837.51 has been raised to date in the Floydada Salvation Army Service Unit fund drive, as announced by campaign chairman Kathy Green at the first report meeting. "We are making excellent progress. We are still \$1663.00 short of our \$2,500.00 goal, but I am confident we

will go over the top," Mrs. Green said. Mrs. Green said many prospects have yet to be contacted by the 14 campaign workers who will stay on the job until the goal is reached.

Donated funds will be used during the current fiscal year for emergency welfare aid to needy families and individuals.

Floydada Masons Honored

Floydada Masons Doyle Walls and T.C. Hollums were appointed Grand Senior and Grand Junior Stewards of the Grand Lodge of Texas A.F.&A.M. last week at the 143rd annual communication in Waco.

The Grand Lodge of Texas is a fraternal organization of 225,000 men in Texas. As its major project it supports and maintains a home and school for children in Fort Worth, Texas.

Walls is a past Master of Floydada Lodge #712 A.F.&A.M. and past district Deputy Grand Master of the 76th Masonic District of Texas. He is very active in community affairs, he is president of the Caprock Hospital District board, served on the Floydada Development Company board, a past president of the Rotary Club and active

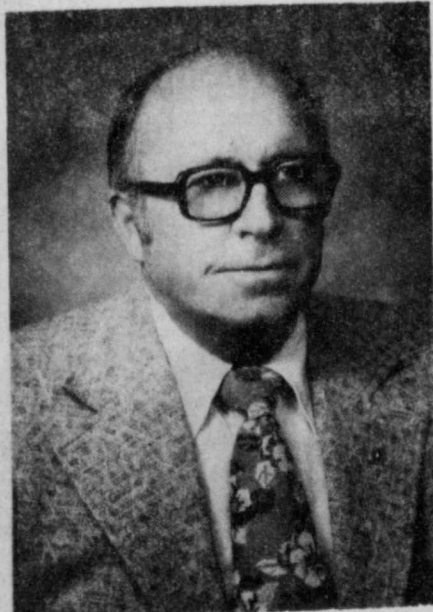

in the First Baptist Church.

Hollums is a past Master of Floydada Lodge #712, served on the Sandhill school board and active in the First Baptist Church. He has served on the Floydada Cooperative Gin board for many years.

Jimmy Willson

Willson was selected as Grand Junior Warden of Texas. Last term he was Grand Orator of Texas, also Grand High Priest of the Grand Royal Arch Chapters of Texas which oversees the home for aged Masons in Arlington.

Willson is a past Master of the local Lodge, past district Warden, president of the Floydada Rotary Club, active in many civic organization and has held most offices in the Methodist Church.

DOYLE WALLS

JIMMY WILLSON

T. C. HOLLUMS

Homes to be featured on Friday December 15 from 6 to 9 p.m. are Eugene Beedy, Kyle Glover, Louis Pyle, Wayne Russell, J.R. Turner, Cleo Whittle and Vernie Moore. On Sunday December 17 displays may be viewed at the residents of Don Bean, Randy Bertrand, Al Galloway, E.M. Son Jackson, Ralph Johnston, James McNeill, J.W. McClure and Fred Thayer. Checks should be made to the American Cancer Society and the donations are tax deductible. Tickets to this special parade of decorated homes

would make a nice gift for someone else or for yourself and would be at the same time serve a worthy cause. The project is not a usual type parade of homes. Only special Christmas decorations in one or two rooms of each home will be on display.

Community Calendar

MONDAY, DEC. 11

City Council meets at 7:30 p.m.

MONDAY, DEC. 11

School board meets at 7:30 p.m. downtown office.

MONDAY, DEC. 11

7:30 p.m., meeting of Girl Scout Cookie Chairmen, Residence of Paula Pauley.

TUESDAY, DEC. 12

50th Anniversary Banquet for Rotary Club.

FRIDAY, DECEMBER 15

6th grade R.C. Andrews students music program, "I Wonder About Christmas", directed by Carolyn Cheek, accompanied by Ann Helms, at Jr. High. 7 p.m. No charge, everyone invited.

FRIDAY, DEC. 15

6:00-8:00 p.m. Cancer Society Christmas Show of Homes.

SATURDAY, DEC. 16

Floydada Whirlers Square Dance Club Christmas Special. 8 p.m. Massie Activity Center. Jack Thompson of Tulsa, caller.

SUNDAY, DEC. 17

2:00-5:00 p.m. CANCER SOCIETY Christmas Show of Homes. 6:00 p.m. Candle Light Service, First United Methodist Church.

SUNDAY, DEC. 17

Band Parent Salad Luncheon & Concert 12 o'clock.

THURSDAY, DEC. 21

Open House and refreshments at the First National Bank 9 a.m.-3 p.m.

SUNDAY, DEC. 24

On December 24 from 5:30 to 7:30, the elders of the First Christian Church in Floydada will be in the sanctuary to serve communion. The dimly lit church should provide a time for personal meditation and prayer. Anyone who wishes to participate is welcome.

BRAD McNEILL, son of Mr. and Mrs. James McNeill, makes sure that his and his sister Chris's stockings are in plain view for upcoming stocking fillers. The McNeill home decorations will also be on display December 17 Unique to the McNeill home is the fact that each and every room in the house will be decorated. The event is sponsored by the American Cancer Society. (Staff Photo)

Show of Home Decorations

Alpha Sigma Upsilon Has Regular Meeting

Alpha Sigma Upsilon Chapter of Beta Sigma Phi met in the home of June McGaugh December 5, 1978. Vice President Lynn Daniel presided over the business meeting.

Vickie Latta reported the State Convention will be held in Dallas June 8, 9 and 10, 1979. A post Convention tour from Dallas to Hawaii following State Convention will be June 10 thru 16 and is available to those who wish to attend.

June McGaugh reported \$50.45 was made on the bazaar booth.

Several members visited the Day Care Center Monday December 4, and helped the children make decorations.

Members had donated some decorations and the tree was decorated. Twenty five dollars will go to buy toys for the children at the Day Care Center and a Christmas Party will be held for them Monday December 11.

A tree has been purchased and delivered to the Senior Citizens and decorations have been donated. Ten dollars will be given to them to go toward the purchase of a coat rack for their meeting place.

The Chapter Christmas Party will be Saturday night December 9 at 8:30 p.m. in the home of Larry and Rhonda Guthrie.

The next meeting will be December 19 at Lanthia

Smith's home with Ilene Kendrick giving the program.

New members were given their books and star charms given to those who rushed them.

Vickie Latta gave the program on "Establishing Ourselves". Each member discussed her background. Where she was raised, schools she attended, occupations, how she met her spouse and her children were some of the topics discussed.

Hostess June McGaugh served refreshments of sausage-cheese balls, apple-walnut cake, coffee, cocoa, and cakes to Gaya Hale, Donna Lipham, Lynn Daniel, Rhonda Guthrie and Vickie Latta.

Socially Yours

Mrs. Glen Graves

The December meeting of Martha Ann Circle was December 6 in the beautifully decorated home of Mrs. A.L. Wylie with 20 members and guests present for the December program.

Mrs. John P. Moss presided at the business meeting. It was voted that the book by Creighton Lacy, "Coming Home to China" be bought for the church library with funds collected as a result of the study of "Contemporary China"; and that the funds remaining be combined with a free will offering and sent to the conference daughters.

Volunteers were assigned to cater for the four weddings to be held in our church during the holiday season.

It was noted that after January 1 the cost of this service would be raised to \$35 for full service.

It was voted that the Sunshine Committee select the members to be honored by a \$25 life memberships. Mrs. A.L. Wylie volunteered to chair that committee as Mrs. Edna Hunter had asked to be relieved.

Pledge cards were passed out to those who missed attending the October meeting.

Mrs. Ben Whitaker completed the study of the book of Acts as she told of the Ministry of the early missionaries as they spread the gospel to the then known

"ends of the earth". Paul and Paul did most of the preaching. All of them suffered much persecution. Letters were noted along with ministries being offered, particularly to young people.

Mrs. Louis Lloyd presented "The Journey to Bethlehem" by the skillful coordination of slides taken in the Holy Land by Mrs. Wendie Tooley and a reverent worded narrative.

A bountiful salad luncheon was enjoyed by those present followed by the celebration of the birthday of Norma Martin, one of the Circle members. The cutting of a festive cake and the opening of presents were enjoyed by

Christmas Crafts Subject Of Il Penseroso Program

Lighthouse Cooperative home economist Kathy Burk of Floydada was guest speaker at the recent meeting of Il Penseroso Junior Study Club.

Miss Burk brought Christmas craft decorations and explained how to make wreaths of nylon set, straw, popcorn and peppermint candy, a popcorn-filled fish-bowl snowman, money holders, potato chip can Santa,

place mats and tote bags, soap ball gifts, chicken pot-holders, and puff paint creations.

The door prize of a Santa plaque was awarded to Mrs. Ray Gant by hostess Mrs. Bill Bigham. Co-hostess was Mrs. Rick Mosley.

Roll call was a favorite food.

Mrs. Bigham, president, opened the business session with an inspirational poem. Gifts were brought for the

club's "adopted" Girlstown resident on the Berger campus, and for residents of the Vernon State hospital unit.

Guest at the meeting was Mrs. Mitch Probasco. Also attending were those mentioned and Mmes. Dan Smith, Keith Jackson, David Workman, Mike Mathis, Martin Stoerner, Ronni Ashton, Ricky Flippin, Rick Kellison, David Turbeville, Van Bradley, Donnie Jackson, and Jerry Johnson.

Miss Chesshir Entertains

Attendants

Donna Rhea Chesshir, bride elect of Charles Keaton, entertained her attendants at her home Saturday evening December 2. A buffet of finger sandwiches, chips, dips, holiday bread, relishes and crunch corn was enjoyed by Tammy Chesshir, Lana Reed, Kristy Dawdy, Connie Welch, Stacy Dawdy and Sheryl Waltrip.

Later in the evening attendants helped make rice bags and made other preparations for the forth-coming wedding December 29.

Miss Tina Dipprey, Glen Graves Wed Friday Night In Lockney

A candlearch flanked by candelabras holding yellow tapes and tied with tropical foliage and satin bows decorated the nuptial area of West College and Third Street Church of Christ Friday night as wedding vows were exchanged by Miss Tina Dipprey and Mr. Weldon Glen Graves. The unity candle completed the setting.

Jerry Klein, minister of Main Street Church of Christ, directed the 7:30 o'clock ceremony which

united in marriage the children of Mr. and Mrs. Dub Dipprey and Mr. and Mrs. Weldon Graves, all of Lockney.

The candles were lighted by the bride's brother, Tyke Dipprey, and by their cousin, Lisa Dipprey of Kress.

Guests were registered by another cousin, Vonda Mahagan. Directing seating of guests were ushers Frank Graves and Tyke Dipprey, brothers of the groom and bride.

Wedding music was sung by Mrs. Ricky Mosley.

Honor attendants were Miss Tammie Carthel, the bride's cousin, and Zach Zachary. Bridesmaids were Misses Karen McCarter, Jackie Carthel, cousin of the bride, and Karla Broussard of Sherman.

Groomsmen included Mark Griffith of Littlefield,

Lonny Hooten, and the bride's brother, Todd Dipprey of Weatherford, Oklahoma.

The bride's cousin, Missy Certain of Blue Ridge, Texas, was flower girl, and Tracy Smith, the groom's cousin of Crosbyton, was ring bearer.

The maid of honor and the bridesmaids wore yellow windsong floor-length dresses designed with a lace overlay on a front panel, long sleeves and A-line skirt trimmed with a wide ruffle. They carried nosegays of white daisies accented with white satin bows and streamers.

When given in marriage by her father, Dub Dipprey, the bride was gownned in a dress of white Chantilly lace. The bodice featured a Victorian neckline on a yoke sprinkled with sequins and outlined with a lace ruffle. The long,

fitted sleeves ended at the wrists with a lace ruffle. The five-tiered ruffled skirt fell full to the back, forming a chapel train. Her veil of bridal illusion was held by a lace caplet. The veil was outlined in lace flower motifs.

The bridal bouquet was an Edwardian arrangement of yellow sweetheart roses and straw flowers frosted with gypsophila.

A reception honoring the newlyweds was held in the church. Attendants were Genice Griffith, Dee Lauri Hillis and Janis Marr.

The serving table was laid with white satin and a lace overlay. The bride's and her attendant's bouquets formed the centerpiece. The three tiered wedding cake was iced in yellow and was trimmed with white daisies.

Following a wedding trip

to Ruidoso, New Mexico, the couple will be at home at 1 SE 6th in Lockney.

Mrs. Graves is a 19 graduate of Lockney High School. She attended Southern Plains College and is now employed at Lockney Feed yard. Her husband was graduated from Lockney High School in 1974. He is employed at Providence Farm Supply.

The wedding rehearsal supper was served in the fellowship hall of the church.

Births

Mr. and Mrs. Dan Drydale of Lubbock are the parents of a daughter, Jessica Dawn, who was born December 5.

Grandparents include Mr. and Mrs. Howard Drydale of Floydada.

Holiday Flair For Every Room

COLLEGE STATION - a "holiday flair" touch even room in the house - involve everyone in the project, says Glenda Moore, housing and home furnishings specialist.

Miss Moore is with the Texas Agricultural Extension Service, The Texas A&M University System.

CHILDREN'S ROOMS Choose suitable decorations for the children's room from items already on hand. Then let each child select some from these.

Encourage their creativity by allowing them to decorate their own rooms. 'DON'T FORGET' ROOM Don't forget the entryway, bedrooms and bathroom throughout the rest of the house.

For a more satisfactory job, start by removing existing accessories from table shelves and mantels. The plan the decorating theme. After the holidays, store each room before returning the original accessories. This is a convenient time to make changes in arrangement, color or mood - and offers a chance to get rid of clutter.

Pocketed Pork

Next time you want to stuff pork chops, follow simple directions. Select chops 1 to 1 1/2 inches thick. Using a small sharp knife, insert the tip of the knife into the center of the chop from the rib side, parallel to the rib bone and surface the chop. Be sure not to cut through the edge on the side. Pockets cut on the side close during cooking seal in the stuffing, says National Live Stock and Board. No skewers or pins are needed.

MR. AND MRS. HILBURN CASEY

Mr. and Mrs. Hilburn Casey Celebrate 50th Anniversary

Mrs. Hilburn will celebrate their 50th anniversary at 309 West Street in Lockney, December 17.

Children, Bobbye Bean, Jontha and Donice and Donice will host a recep-

tion in their honor. Friends are invited to call from 2:30 to 5 p.m. If you have a favorite anecdote concerning your relationship with them, please write it down and give it to one of their children. A "Scrapbook of Memories" will be compiled. Your presence will be your gift.

Floydada Business

Women Circle Meets

Business Women's Circle met at the First Baptist Church in Lockney, December 8. The meeting was held at 6:00 p.m. and was a delicious meal the members enjoyed. The meeting was presided over by Mrs. Hilburn Casey. The program was presented by Ruth Williams. Jo Payne closed the meeting with a beautiful song "Love Was When".

Tammy Tyer Honored By Shower

Tammy Tyer, bride-elect of Tommy Hawkins of Odessa, was honored with a gift shower Saturday, December 2, from 2:30 to 4:00 in the Donald Bean home.

Tammy, who attends college in Odessa, is the daughter of Mr. and Mrs. Charles E. Tyer of Snyder, grandmother of Tammy, was also a special guest. The bride-elect, both mothers, and the grandmother were wine colored mum corsages carrying out the bride-elect's colors. Tammy's sister Tana registered guests.

Judi Bean, Shonda Fulton, and Tracy Tyer served refreshments of coffee, hot

spiced tea, and assorted nut breads from pewter serving pieces. The table, laid with an eyelet cloth over pink, was centered with a silk flower arrangement in rose tones.

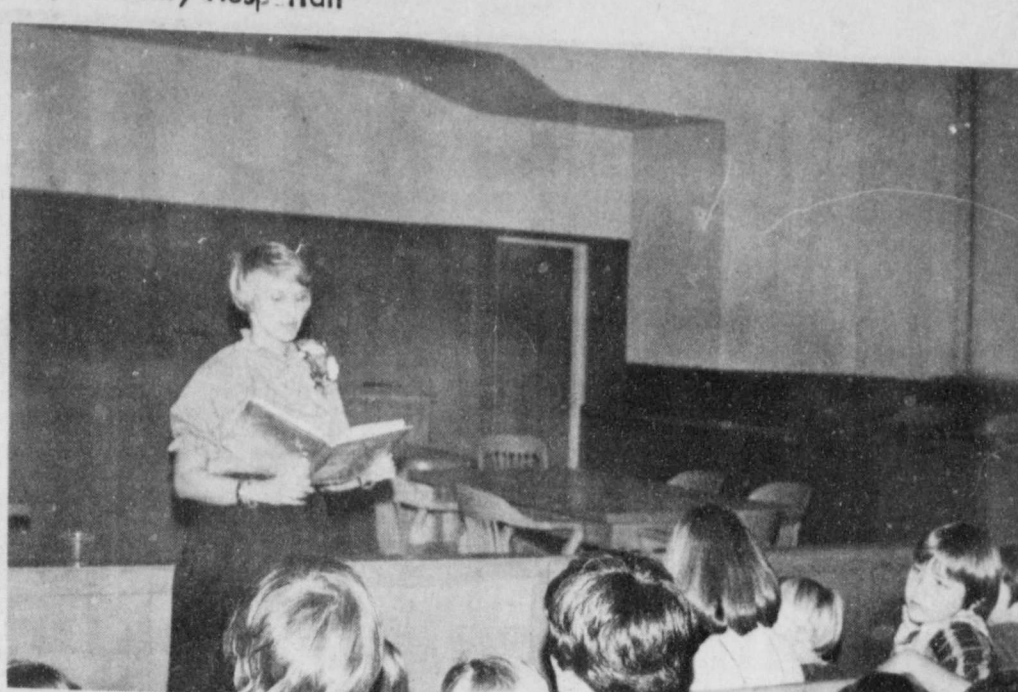

Assisting Mrs. Bean with hospitalities were Mmes. A.E. Baker, Eugene Beedy, Tommy Cathey, Bob Copeland, Laron Fulton, Howard Gregory, Duncan Hollums, Ralph Johnston, James Lovell, Lawrence Stovall, J.E. Waller, Preston Watson, Johnny West, and Miss Janet Milan. Hostess gift was a stainless steel mixer.

APPLIANCES WERE THE IGNITION source for 3.4 million fires, with stoves, ovens and ranges making up 45 percent of the total, reports Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Library News

On December 7, Wallene Dockery, author of the children's book, "Gabby's Christmas Wish," reviewed her work for Floyd County children and their parents in the Floydada Library. The "Friends of the Library" were well pleased with the size of the crowd and appreciate all who took the time to come out in the cold for this "special treat."

Mrs. Dockery commented on the fact that she was favorably impressed and interested in the number of the people who attended and in the behavior of the children, who were all mannered and attentive. She autographed

FARM & RANCH NEWS

Soybean Research Making Progress

BAYTOWN, TEXAS -- The U.S. farmer is unique in that when he sees a problem or obstacle facing his productivity, he usually does something about it. That's exactly what soybean growers in Texas and 17 other states have done. A total of \$1.8 million of checkoff program funds has been invested this year in basic soybean research projects in the check-off program states. Almost all of the research will be carried out by the state land grant universities with the results coming back to the growers through the cooperative extension service, field days, popular press articles and university publications.

motion board.

"Inflation is biting into the share of research dollars available for all agriculture," he said, "and the competition from other agricultural research projects is getting stiffer. But in the past year or so, several states have been able to start soybean research projects with this grower funding. Some states have even added research personnel work directly with soybean production opportunities."

In most of the states, a board of soybean growers is elected or appointed to allocate the soybean funds that are collected through each state department of agriculture, research through the American Soybean Association Research Foundation and state university and state operating expenses.

"The Texas soybean promotion board has selected two studies at Texas Agricultural Experiment Stations," Burnside said. "One is field testing of new soybean gene-

tic materials. The other, a study of basic seed physiology, has the goal of developing biologically improved soybean varieties for Texas growers." The level of research funding varies with the state's needs, he added.

In Arkansas, soybean growers are funding 80 percent of the state soybean research program through their checkoff dollars. The Florida board has set 50 percent of their total state checkoff funds to go directly to the state land grant school for soybean research.

The main direction of this state research is to develop better suited soybean varieties and help farmers minimize their production costs, he added.

"A soybean farmer in Minnesota or Iowa obviously faces one kind of climate, soil and pest problem," he said,

"while one in Florida or Georgia is working with a whole different set of conditions. A strong state research program is important to the farmer's pocket-book."

Some of the projects approved by other state boards include: Studies in Illinois on the effects of fungicide treatments on soybean yields and seed quality, genetic and cultural control of the soybean cyst nematode and how environmental and production practices affect nematode damage. Researchers at the University of Kentucky are studying controls for Johnsongrass and broadleaf weeds and testing new and existing herbicides. How soil factors affect pesticide carryover injury and methods of improving nitrogen fixation are two University of Minnesota studies funded by that state's check-

off program. Mississippi soybean growers are supporting studies on ways to increase soybean yields and profits through summer fallow, the effects of planting soybeans behind cotton herbicides and a project to compile historical

data and investigate marketing alternatives for the individual producer. South Carolina soybean growers and the state's Cooperative Extension Service have set up an on-farm test-demonstration plot for soybeans at Clemson State University. In Nebraska, field studies are being carried out on irrigation equipment, foliar fertilization, and low temperature

stress on seed germination. Coastal Plains soybean growers in North Carolina hope to benefit from their state research on tillage of Coastal Plains soils.

"This isn't like the research contributions that are never seen again," Burnside said. "The individual grower can see how his funds are being reinvested in soybean production through the

demonstration plots, soybean field days and research findings and through other information sent out through the extension services." The grants are mostly for one year, he added, so the promotion board isn't tied to supporting an unproductive project for several years.

For more information, contact Royal Burnside, Jr. at 713/427-5335.

Does Mesquite Tree Removal Increase Soil Moisture?

Does removal or killing of mesquite trees or a combination increase soil moisture in the High Plains?

Donald J. Bedunah of Fort Worth, a doctoral student in range science at Texas Tech University, is investigating these questions in an attempt to find means of increasing soil moisture levels. Prof. Ronald E. Sosebee of the range and wildlife management faculty is supervising the study.

Bedunah said two obstacles face High Plains ranchers in maintaining or increasing soil moisture — runoff erosion and soil water depletion by mesquite.

Mesquite tree removal will help increase soil moisture by decreasing competition for available water, and the particular method used for removal may increase soil moisture levels even more, Bedunah said. Because the land is so hard and flat, it resists absorbing rainwater, he said. Mechanically breaking up the soil just enough to roughen the surface may provide enough catches for rain to be absorbed.

Bedunah set up six treatments on mesquite rangeland plots for examination of mesquite removal methods and resulting increases in soil moisture.

The control plot was left untouched to compare with experimental plots. One

plot was completely cleared to leave bare ground and to determine water infiltration rates during rain. A third was chemically sprayed to kill mesquite trees, which were left standing. The trees in another area were shredded and left on the ground to form blocks against water runoff.

Mesquite trees were grubbed out with a tractor and small blade in a fourth plot, with pits left to serve as rainwater collection points. The last plot was grubbed between trees, which were untouched, and ditches about three feet wide by six inches deep were created.

Bedunah said these last two methods may prove most effective in increasing soil moisture. Both methods disturb the soil surface just enough so water cannot completely run off. Whether disturbing the soil mechanically increases soil moisture levels significantly enough for widespread use among ranchers remains a question, Bedunah warned.

The pits left when trees were removed have growths of various native weeds on the edges, he said, which indicates increased soil moisture. Where the land was grubbed without removing or killing the trees, the resulting pits have no new growth

surrounding them.

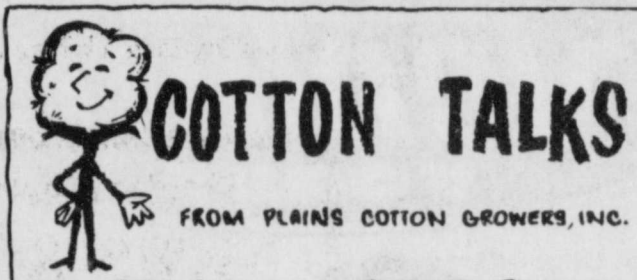

Bedunah said this circumstance evidence indicates that mesquite is a very water-competitive and should probably be removed before water levels could be increased.

Bedunah and Sosebee are still collecting data for analysis of the different methods.

They hope to try root plowing the mesquite trees as another alternative. Sosebee said there might not be a runoff at all with this method, since the entire ground surface would be broken up enough to hold rainwater until it could be absorbed.

A football coach accompanied prospective tackle to the dean's office where he attempted to get the boy admitted to school without a written examination. The boy, however, could not answer the simplest questions. In desperation, the dean asked, "How much is seven and seven?"

"Thirteen," the boy answered. "Aw, let him in anyway, dean," pleaded the coach, "he only missed by two."

The Producer Steering Committee (PSC) of the National Cotton Council (NCC) has adopted a cotton set-aside and diversion recommendation similar, but not identical, to that adopted earlier by the Board of Lubbock-based Plains Cotton Growers, Inc.

The Committee, meeting in Dallas November 28 and 29, voted unanimously to ask the Department of Agriculture for a 10 percent cotton set-aside and a minimum 10 percent paid voluntary diversion program. The PCG request, sent last month to USDA, Congressmen and Senators, is for a 10 percent set-aside and 15 percent voluntary paid diversion, with payments "at a rate sufficient to attract producer participation."

Representing the High Plains organization at the Dallas meeting were W. B. Criswell, PCG Board Chairman, and PCG Executive Vice President Donald Johnson.

The Secretary of Agriculture is required to announce certain program provisions, including whether there will be a cotton set-aside, by December 15.

Criswell and Johnson came out of the PSC meeting encouraged that the producer arm of NCC endorsed essentially the same program sought by PCG. "This is definitely a positive step," Johnson said, "but unfortunately we are also seeing some negative signs."

For example Howard Hjort, USDA's Director of Economics and Policy, spoke to the group in Dallas and his remarks gave little cause for encouragement. He left the impression that first, USDA is not inclined to propose a set-aside or diversion program, and second that such a program if recommended, would not be acceptable to the White House and the Office of Management and Budget.

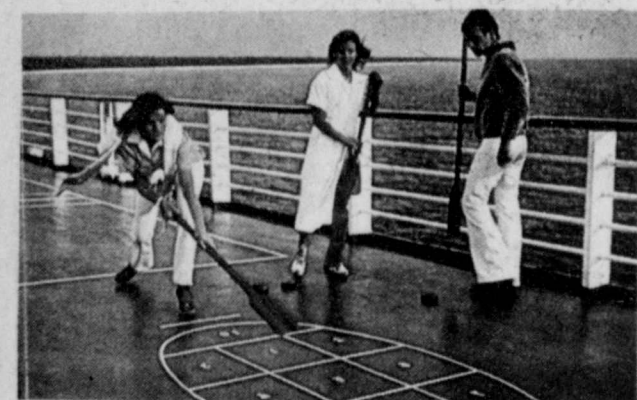

In response to a direct question from Johnson, Hjort said when one compares this Fall's conditions with conditions last Fall, one has to come to the conclusion that the White House and the "interagency group" would turn thumbs down on a set-aside proposal this year just as they did in 1977.

Hjort was referring to the fact that when the set-aside decision was made in 1977 there was a prospective cotton carryover of 5.5 million bales, compared to a projected carryover in the range of 4.2 million bales at the end of the current marketing year.

Hjort also indicated that the Department is still working on its analysis of the situation, that USDA's recommendation to the White House would not be ready before late in the week of December 6, and that an announcement should therefore not be expected until near the December 15 deadline.

Caprock Hospital Auxiliary Meets

Mrs. Joe Jones (Pat) showed an electric Dehydrator (MW Model FD-200) to 9 members of the Caprock Hospital Auxiliary meeting at their regular meeting on December 4.

Methods of washing and preparing the fruits and vegetables were explained and several varieties were displayed. By adding boiling water they were rehydrated after being allowed to set from 5 to 20 minutes. They could then be used in the same manner as fresh products.

Glass jars with well fitting lids were recommended for long term storage but sealed plastic bags may be used for short term storage. Winesap apples are preferred for drying.

At the business meeting which followed treasurer Whitaker reported \$637.65 on deposit.

Several members reported to President Tye some favorable comments made recently by local citizens regarding the high quality of service given by local ambulance attendants.

An invitation extended to CHA members and their spouses to attend the annual Christmas dinner given by the hospital staff.

It was voted that during the severe cold weather months the regular meeting

FFA CITRUS FRUIT

Floydada FFA has grapefruit and oranges on hand now for sale which may be purchased and picked up. Smoked turkey orders close December 15. To order, contact one of the ag teachers at the high school.

Carl Jarrett Makes Ford Professional Sales Society

Ford Division of the Ford Motor Company recently announced that Carl Jarrett has attained membership in the Ford Society of Professional Sales Counselors for 1978.

Society membership can only be attained by those Ford salesmen who display outstanding sales achievement during the calendar year. Carl Jarrett is employed with Reed Ford Sales and has been a member of their sales staff since 1971.

ship between teacher and student is the most important factor in a school system's educational progress."

Bettye Poole

lives of students. In years to come I would hope to keep my enthusiasm for learning and impart it to my students; along with pride in themselves and a concern for others.

Our children developing into happy well adjusted adults should be the primary concern of our educational system. I feel that each student should be treated with respect and dignity throughout their school years, starting at the kindergarten level. The relation-

Bettye is married, and her husband Kenneth farms in the Dougherty Community. They have one son, Lance. Lance and his wife Melissa have a 3½ year old daughter, Amber.

Kenneth and Bettye became Christians in August 1946 and joined the Dougherty Baptist Church. "We enjoy our church fellowship very much," Bettye says.

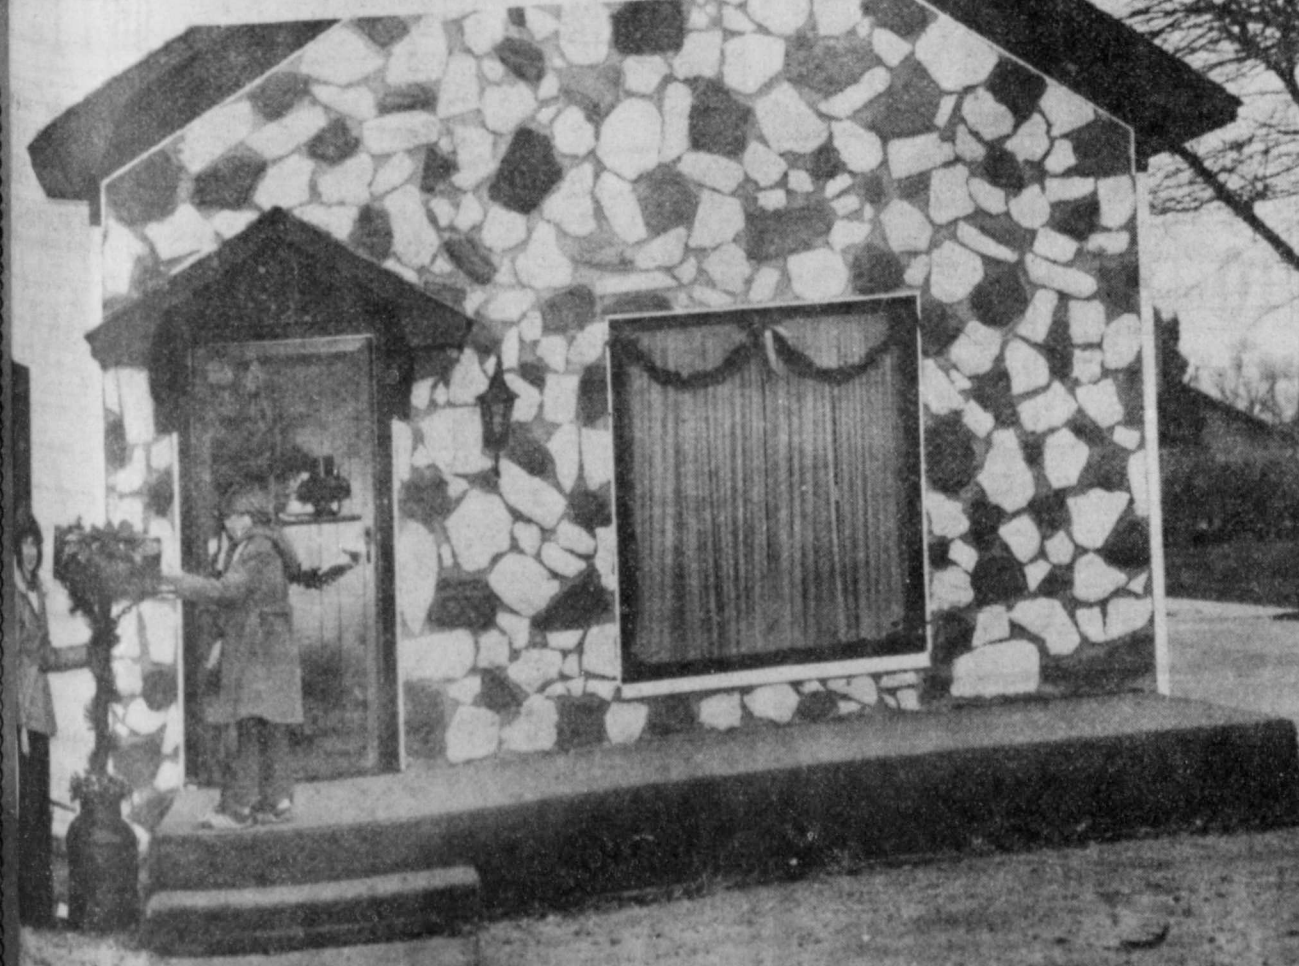

She continues, "I enjoy reading, above all my other interests. Also music and travel. When I do get the opportunity to see different parts of our country, I always keep in mind the thought, 'I might not pass this way again'.....This makes each trip more meaningful.

Teaching has enriched my life in many ways. It is my hope and desire to enrich the

Teacher Of The Week

Bole was born in Texas, which is her home. She moved to Texas when she was five and in 1944, entering High School as a student. She graduated FHS in 1947 and earned a BA in Education. Her major was sociology with a minor in history; specialization in social science and

back to school. "Starting back was a good experience. I would have become a professional until Spanish class!" Presently Mrs. Andrews' sixth grade class has started her career in 1972.

MRS. JAMES McNEILL and daughter Chrisi decorate mail box for Christmas. Their home will be featured in "Show of Home Christmas Decorations" (Staff Photo)

SANTA VISITS with Floydada children when he arrived on the fire truck Saturday morning. (Staff Photo)

hours be changed to 2:30 p.m.

Several new service projects were discussed briefly.

Floydada Nursing Home Happenings

Monday morning the residents enjoyed a film by "Pysanka, The Ukrainian Easter Egg," shown by the 1956 Study Club. The film preceded the first presentation of large print books for the nursing home library.

No book could have been more suitable for the first presentation than "Man in Black" a very moving story of Johnny Cash and his struggle for a life in Christ.

Members of the club who were present were Beth Pratt, Rosemary Paty, Janet Lloyd, and Elaine McNeill.

If you have a loved one or a friend in our home you will need to mark Thursday December 21 on your calendar. We will have our Christmas Tree party at 6 p.m.

We would like to thank Ruth Williams and Mrs. Charlie Lewis of the First Baptist Sunshine Sunday School class for the sacks of fruits and cookies. The residents really enjoy little extras.

Mrs. Mary Harris is in Caprock Hospital undergoing treatment. We send her our love.

Thursday was bingo day and Emmett Lawrence, Clara Williamson and Mamie Gray tied with three game each. Ray Reed and Victoria Asher tied with two games each. Anis Franks and Juanita Bailey won one each.

Residents enjoyed music and a devotion by Wendell Tooley Thursday morning.

Those taking the bus trip this week were: Green Bostick, Henry Love, Anis Franks, Docia Manning, Victoria Asher and Juanita Bailey.

Billie Dean of Matador furnished the refreshments for the residents. We visited with Mrs. Bernice Knight while there.

Mrs. Nancy Thomas died Tuesday morning. Nancy had made this her home for several years. She was loved by everyone. We will miss her very much and extend our deepest sympathy to her family.

Visitors this week were: Doris Snodgrass; Mr. and Mrs. Winter Knight, Lubbock; Mrs. Billy Don Colston and Ross and Zane; Anne Swepston; Mr. and Mrs. M.H. Hartness; Vada Wide-man, Cone; Mr. and Mrs. Murry Stewart, Levelland; Melba Smith, Durango, Colo.; Tex Smith and family, Plainview; and Hubert and Ruby Davis.

Floydada Baptist Church Library NEWS & REVIEWS

When life gets so daily all you can see ahead is more of the same old thing, it's time to pick up Irma Bombeck's IF LIFE IS A BOWL OF CHERRIES, WHAT AM I DOING IN THE PITS? Irma meditates on such philosophical dilemmas as who killed apple pie, and contemplates the futility of surviving a white sale only to find that all that's left are double top sheets and single contour bottoms. She provides sane alternatives for the working wife trying to quickthaw a pork chop under each armpit, and worries about leaving the world suddenly, knowing that no one else in the family can replace a toilet-tissue spindle. The most touching

chapter is "When Did I Become the Mother and the Mother Become the Child?" Also there is one section entitled "My Turn" in which she says "Or you can be like the woman I knew who sat at her kitchen window year after year and watched everyone else do it. Then one day she said, 'I do not feel fulfilled cleaning chrome faucets with a toothbrush. It's my turn.' I was thirty-seven years old at the time."

Except for the bowl games college football has finished another season. Now there may be a bit more time to read and first on your list might be THE RED RAIDERS: TEXAS TECH FOOTBALL by Ralph Sellmeyer

and James Davidson. It begins with the first game against McMurry in 1925 to the Tangerine Bowl contest of 1977 against the Florida State Seminoles, this history of the Red Raiders' 53 football seasons. You will remember Ralph Sellmeyer as the interim editor of the Hesperian last spring. The book contains over 100 photographs and a description of all the Tech football coaches, concluding with Rex Dockery "a young man with a quick smile, a potent offense, and perhaps a little glint of cotton in his eye."

Dear Santa Claus,
My name is Paulette and I am 7. I want a swing-matic cradle and swing, a sew perfect, a movie viewer theatre, & musical cats in a basket. My little brother is 3 1/2 and his name is Bradlee. He wants a transport truck, a football and helmet and a robot. Please turn the lights on the tree (I will turn them off so the tree won't catch on fire) after you eat your cookies and drink your milk. Don't forget the other boys and girls.
Paulette and Bradlee Jackson

Dear Santa Claus,
I love you and I'm spoil and my name is Javier Garza I am in K-3 and I'm 6 yr. old and I want a little milk cow and a spider man for Christmas. I'll leave you some cookies under the Christmas tree.
I love you
Javier Garza

Dear Santa Claus,
I love you Santa, my name is Lionel and I'm 8 yrs. old and I want a mammy bike and a milk cow. I hope I see you soon.
I love you
Lionel Garza

Dear Santa,
I love you and I want a pelta gun and a bike. age 9
Albert Garza

Dear Santa,
I want a ten speed and a pelt gun. I've been a spoil and good boy. age 11
Oscar Garza

Dear Santa Claus,
My name is Shelly Bethel. I'm four years old and have a sister Jamie who is nearly two.

I would like to have a soft doll for Christmas. Jamie would like a teddy bear.
Also, would you please leave my dogs, Bobbie & Dodie a bone.
I love you Santa Claus.
Love
Shelly & Jamie Bethel Shelly

Dear Santa Claus & Rudolf,
How are you and your reindeers and Mrs. Santa? I'm being great and nice.
I want skateboard, and a lego set, and snuggles (doll), and a stuffed Bugs Bunny, Raggedy Ann and Andy and Baby wet and care, and a teddy bear, and a tiger, that all.
Thank you
Kathy

BIG STRIPER BASS COULD BE A RECORD

DENISON -- A 32 lb. 12 oz. striper was caught Nov. 20 off Preston Point by David Cole of Cole Construction Company in Denison and the fish could be a record.

If the fish is certified by the State Records Committee of the Texas Parks and Wildlife Department, it will be the third time in the last 13 months the record has been topped.

The new potential record striper measures 38 1/2 inches in length and 25 1/2 inches in girth. It is the first record fish to be caught above the dam in the lake.

Two Texas lakes, Texoma and Toledo Bend, have been producing these record fish since 1974. The former record striper was caught in Toledo Bend and weighed 30 lb. 6 oz.

As more Texas anglers fish for the stripers in state lakes, it will not be long before the record will again be broken with an excellent chance the fish will come from either Texoma or Toledo Bend.

According to industry economists, a new cotton dust standard would require the cotton industry to purchase up to \$2.6 billion in new equipment and would drive up consumer apparel and home furnishings prices. Industry spokesmen say the unneeded regulations are an example of regulatory overkill.

TWO NIGHTS ON THE HOUSE

Nothing could cost less than the preview of Home Box Office on cable TV. This Tuesday and Wednesday, December 12 & 13, see the kind of movies, sports, entertainment and specials that Home Box Office is all about.

TUESDAY, DECEMBER 12
5 PM "The Medusa Touch." Horror fills the screen when Richard Burton and Lee Remick star in this movie about the highly unnatural demise of a man with awesome supernatural powers.

7 PM "The Spy Who Loved Me." Nobody does it better than Roger Moore as Ian Fleming's James Bond 007. Watch this one—it's the biggest, the best, it's Bond and beyond.

9:30 PM SRO: "At the Fair." HBO's Standing Room Only brings you the unmatched and spectacular Minnesota State Fair. Taken from 50 hours of taping, "At the Fair" stars Pat and Debby Boone and Seals & Crofts.

11 PM "Thunder and Lightning." Powerful action as David Carradine and Kate Jackson bust up one of the biggest moonshine rackets in the country. Hilarious, sure shootin' all the way!

This December 12 & 13, look twice at what you're missing.

WEDNESDAY, DECEMBER 13
5 PM "Old Yeller!" Puppy love takes over in the unequalled Walt Disney adventure for the whole family. Dorothy McGuire and Fess Parker star in the story of a frontier family who owe their lives to their dog "Old Yeller."

7 PM USC vs Duke. The Trojans of Southern California and the Blue Devils of North Carolina battle it out once again. The action's a sure thing, so get your seats now!

9 PM "Rollercoaster." Hang onto your seats for this suspense melodrama. A killer is on the loose, and no one knows when he will strike next. Full of fun and suspense, and starring Richard Widmark and George Segal.

OBITUARY

Baird Bishop Margarito Perez

Services for Baird Bishop, 79, of Floydada were at 2 p.m. Saturday in the First Baptist Church with Dr. Floyd C. Bradley, pastor, officiating.

Burial followed in Floydada Cemetery under direction of Moore-Rose Funeral Home.

Bishop died at 9:30 a.m. Thursday in Lubbock's Methodist Hospital after a lengthy illness.

The Osage native moved to Floyd County in 1910. He was a retired pharmacist and a member of the Floydada Masonic Lodge No. 712, the Khiva Temple of Amarillo and the Texas Pharmaceutical Association.

Survivors include a son, Kenneth B. of Floydada; two brothers, Ed of Dalhart and Tom of Sequim; a sister, Bernice Bishop of Plainview; three grandsons; and a great-grandson.

The family suggests memorials to the Scottish Rite Crippled Children's Hospital in Dallas.

Honorary pallbearers were: Warrick Hilton, Carick Snodgrass, Mark Martin, Walter Collins, Fred Zimmerman and Hershel Hammonds.

Pallbearers were: Gene Arwine, Jerry Thompson, Dallas Ramsey, William Smith, Ed Wester and Bill Brown.

Services for Margarito Perez, 72, of Lockney were conducted Friday morning in Primera Iglesia Bautista Church in Lockney with the Rev. Glenn Smith, pastor, officiating.

Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home, Lockney.

Perez died at 7:45 a.m. Wednesday in Caprock Hospital in Floydada.

A native of San Diego, Perez moved to Floyd County in 1952 from Robstown. He was a retired farmer. He married Julia Morales Nov. 18, 1952, in Plainview.

Survivors include his wife; a son, Juan of Dallas; five daughters, Mrs. Ofelia Mata of Lockney, Mrs. Antonia Martinez of Hollister, Calif., Mrs. Margarita Cuellar of Weslaco and Mrs. Emilia Gomez and Mrs. Francis Rogers, both of Watsonville, Calif., a brother, Alberto of Alice; five sisters, Mrs. Dominga Morales of Lockney, Mrs. Conrada Ahumada of Homestead, Fla., Mrs. Trinidad Chaveda of Porterville, Calif., Mrs. Maria Chaveda of Pearland and Mrs. Fidelia Ruiz of Lajoy, Calif.; 36 grandchildren; and 10 great-grandchildren.

Remember your loved ones and friends with a memorial to Lockney General Hospital Memorial Fund. These memorials go toward equipment to help serve our community in the best way possible.

Floyd County

4-H'ers In Tech

Food Show

Six Floyd County 4-H'ers competed with over 100 other 4-H'ers from twenty surrounding counties in the District 2 4-H Food Show conducted at Texas Tech University in Lubbock on Saturday, December 2.

Julie Whitfill, of Lockney, claimed first alternate to State in the Senior Division Main Dish Category with her "Chicken Broccoli Casserole." Julie Morton of Floydada, placed in the blue ribbon group in the Senior Division Breads/Desserts category with her "Hummingbird Cake."

In the Junior Division, Lisa Terrell captured a blue ribbon in the Main Dish Category, while Heather Holt captured a blue ribbon in the Side Dish Category. Christy Coffman placed in the red ribbon with her "Coffee Cream Pie" entry and Earl Broseph make a hit with "Hot Cheese Snacks," receiving a blue ribbon for his entry. Lisa prepared a "Chicken Divan" dish and Heather Holt "Cauliflower Salad." All four youth are from Lockney.

The Annual Food Show event is a critical test of the 4-H'ers knowledge of nutrition and culinary skills. All winners received 4-H award ribbons and senior division champions were presented miniature silver bowls by Morrison Milling Company of Denton.

Judging was based on knowledge of nutrition, meal planning, food buying, and meal service, as well as the ability to prepare food and leadership development.

The District 4-H Food Show is conducted by the Texas Agricultural Extension Service, Texas A&M University System. Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion, or origin.

Improper Watering Kills House Plants

Improper watering is a major cause of houseplant failures. This is especially true during the winter months when plant growth is slow because of low light intensities, points out Birch Lobban, county agent with the Texas Agricultural Extension Service. Plant lovers frequently get impatient and apply additional water and fertilizer, hoping to make the plant grow. However, during the periods of low light intensity, plant leaves are producing little food and cannot grow rapidly.

The worse thing that you can do is to overwater during periods of slow growth. Excess water keeps oxygen from reaching the roots, resulting in loss of the small feeder roots and eventual death of the plant.

Other conditions beside low light strength also affect plant growth and watering needs. For instance, plants in a cold room need less water than those in a warm dry atmosphere. Also, flowering plants and those with much foliage require more water than those without blooms or with little foliage.

Never water plants by a strict schedule, such as every other day, or twice a week, cautions Lobban. Instead, water them only when they need it. And water houseplants so that it runs through the potting soil into the pan below. Always discard this excess water to prevent the accumulation of soluble salts in the potting soil.

THURSDAY AT CROSBYTON

Energy Officials Coming For Solar Groundbreaking

Eric Willis and/or Ben Miller of the United States Department of Energy will be speaker at the Crosbyton Solar Energy Project groundbreaking ceremony a week from today. Both men are stationed in Washington, D.C.

U.S. Senator Lloyd Bentsen, U.S. Representative Jim Wright, Texas Commissioner of Agriculture Reagan Brown, and other elected officials have been invited. Crosbyton and Texas Tech University officials, who are arranging the program, were hopeful Tuesday that one or more would accept the invitations.

Another Department of Energy representative expected to be in Crosbyton for the Thursday, Dec. 14, ceremony is Dr. Howard Coleman. Dr. J.K. Noland, who is in charge of special programs for the

DofE's Albuquerque office is another probably guest.

T. J. Taylor, solar consultant for City of Crosbyton, said that neither retiring U.S. Representatives Omar Burleson nor George Mahon would be able to attend.

City Secretary Norton Barrett urges Crosbyton community residents to make plans to witness the 11 a.m. Dec. 14 ceremony at the solar site, 2 1/2 miles south of Crosbyton. Barrett is chairman of the groundbreaking event.

Several business firms have announced that they will be closed during the ceremony in order that employees may attend. All senior and junior high school students are expected.

Actual construction is anticipated in March.

available—antihistamines, pain relievers, cough suppressants, and fever reducers—that can make the symptoms of a cold much less severe. These have their limitations and their problems. Antihistamines can cause drowsiness, which can be highly dangerous when driving an auto. If you get a cold, ask your doctor about the medications that reduce runny nose and sneezing and coughing.

As youngsters heard the old folks say: Treat a cold and cure it in two weeks; let it alone and it will go away in a fortnight. The time element isn't that exact, but the theory is the same.

"In time and place a harmless lie is a great deal better than a hurtful truth."
Roger Ascham

In some places woodmen have been known to ask a tree's forgiveness before cutting it down.

SAVE GAS, SHOP for Christmas in Floyd County.

'Take It Easy' Is Snow Shoveling Rule Snow Leads To Hazards

The winter snows are here again, and millions of householders are faced once more with clearing walks and driveways.

Snow shoveling requires a lot of energy and muscle. Pushing a stalled auto out of a drift is even more demanding.

Once again the American Medical Association reminds men of middle age and beyond, especially those who are overweight and lead sedentary lives, to take it easy in clearing away the snow from walks and drives.

If you're in good health, snow shoveling actually is good exercise—if you take it easy. This could mean getting up half an hour earlier on the morning

of a fresh snow fall, to allow time for leisurely shoveling, with frequent brief rest periods. The frantic, hurried approach to clearing the drive in an effort to get to work on time most definitely is not good for health.

Most common serious health result of overexertion from snow shoveling is a heart attack. If your heart is sound, it likely won't be damaged. But if you already are prone to a heart attack, the extra exertion can trigger it.

Unless you have had a recent checkup, however, you cannot be certain you aren't a likely candidate for heart trouble. Take it easy. Don't be ashamed to invest in a machine that blows or scrapes aside the snow, with a small engine substituting for muscle power. Or hire the neighborhood lad down the street to shovel your walks.

Snow shoveling can be good for you, if you use common sense. Exercise and fresh air in the winter are important to maintaining health. Just don't overdo it.

Summer Job Examination

Washington, D.C. -- Congressman Omar Burleson (D-Tex.) said today that the Civil Service Commission is now receiving applications for the 1979 competitive examination for summer employment with the United States Government. The examination, which includes a written test, applies to most federal summer jobs in clerical and administrative positions, as well as in engineering and the physical and biological sciences, GS-1 through GS-4.

The Congressman urges applicants to file early to receive maximum consideration for employment are extremely limited.

Tests are scheduled locally by CSC area offices. Applicants who file with an area office by December 15 will be tested in January. Applicants received after December 15 and postmarked no later than January 12, will be tested in February. Any applications postmarked after January 12 will not be accepted.

Notification of when and where to report for the written test will be given about two weeks in advance. Those candidates who took

CHRISTMAS MESSAGE

Dear Friends:

May I share with you some things that are on my heart? These are things which are important to our church and to our community. We are all working for a better place in which to live and work.

The first thing I mention is our Week of Prayer for Foreign Missions, and the Lottie Moon Christmas Offering for Foreign Missions. By the time you receive this letter the Week of Prayer programs will be over; but we hope you will continue to pray for our missionaries around the world. Our church goal for the Lottie Moon Offering is \$350.00, which will be received through the month of December. We ask you to help us in reaching this worthy goal.

The other thing I mention is our opportunity to have Bro. H.S. (Junior) Calahan in our church December 13-17, 1978. Bro. Calahan will be preaching each night at 7:30 p.m. This will be your opportunity to hear this man of God, one who grew up in this community, and was so much a part of this church. You will not want to miss this chance to have fellowship with Junior and June.

As most of you know, Junior and June Calahan have been appointed by the Foreign Mission Board of the Southern Baptist Convention to go to Liberia, West Africa, as missionaries. Since this is their home church, we wanted to have a dedication service for them. This special time will be Sunday morning, December 17, at the regular worship time. This will be a very sacred time as we pledge to them our prayers and support as they go to serve our precious Savior in a far-away place.

Many of you will want to renew friendship with Bro. Toby Druin, now Associate Editor of the Baptist Standard. Bro. Toby will be with us on Saturday night and Sunday morning, December 16-17. At one time Bro. Toby Druin was music director at this church.

We hope you will make these things the subject of your prayers, and will be with us in these special days of Revival, December 13-17, 1978, with Bro. H.S. Calahan bringing the messages.

May God bless and keep each one of you in my prayer at this special Christmas season.

Sincerely,
s/s Fred D. Blake
Fred D. Blake
South Plains Baptist Church

the test and qualified for summer employment in 1978 are not required to retake the test in 1979. The Civil Service Commission will communicate in writing with 1978 eligibles to determine their interest in applying for Group I jobs in 1979. Those eligibles who respond and indicate availability, will be issued a new notice of written test results to be used in applying for Group I jobs in 1979.

Complete instructions for filing for the written test and for renewing eligibility, along with all necessary forms, are included in the CSC announcement NO. 414, Summer Jobs in Federal Agencies, which may be obtained upon request through Congressman Burleson's Washington office.

2369 Rayburn House Office Building, Washington, D.C. 20515, or from Federal Job Information Centers, most college placement offices, or from the Civil Service Commission, Washington, D.C. 20415. The nearest Job Information Center is listed in most local telephone directories under "U.S. Government," or the toll-free distance telephone number 1-800-555-1212.

The U.S. Postal Service is not participating in the 1978 summer employment program. Inquiries regarding summer employment in the Postal Service should be directed to the post office where employment is desired.

Grandma's Remedy Still Good for Colds

Colds and other upper respiratory tract illnesses probably cause more discomfort and time lost from work or school than any other American health problem.

A cold is caused by one or more of many viruses, the American Medical Association reminds. Actually, grandma's remedy is still good. If you get a cold, stay home in bed. Keep warm. Gargle with warm salt water to ease a sore throat. Take a mild pain reliever for the discomfort.

None of this will cure the cold, but it will make you feel somewhat more comfortable while your body's natural de-

fense mechanisms are building up enough steam to overcome the virus.

In some circles in recent years, massive doses of Vitamin C have been advanced as therapy or preventive for the cold. Physicians everywhere hoped it would work, but scientific studies thus far have failed to prove the usefulness of Vitamin C for colds.

Most of us have a cold or two during the course of the winter. Usually we try to keep going to the office, but sometimes we feel too bad to work, and spend a day or two at home.

There are medications now

Christmas Toy Safety Tips Are Listed

Santa Claus is coming soon. And that means Dad and Mother are out doing the last-minute shopping for the toys that old St. Nick will leave under the tree. Toys — all the way from a ten-cent rubber ball to a shiny new bicycle — are a part of growing up, and the child with

out a toy or two — or two dozen — at Christmas is a forlorn lot indeed. The chances are that your youngsters will open their gifts Christmas morning and have a large time getting acquainted with their new toys. But in all too many households across the

nation the toys themselves will dim the happy Christmas season, by causing accidents and injuries.

The American Medical Association offers some simple tips for selecting toys that will help insure a completely happy Christmas.

* Beware of small toys that can be swallowed, flammable toys, and toys with rough or sharp edges.
* All electric toys should be safe. Look for the UL (Underwriters Labora-

* Avoid toys made of lead or colored with lead-based paints. You're unlikely to encounter these today, as the dangers of lead poisoning are now well known. But it's wise to be sure.
* Baby's toys should be too large to put in the mouth, washable, lightweight and non-brittle.
Eye injuries are a particular hazard from some Christmas toys. Sling shots, air rifles, archery sets and even the spring-action toy pistols that propel sticks capped with rub-

ber cups have caused injuries.

Eastern Zone Opens For Crane Hunting

LUBBOCK -- Both Zone A and Zone B are now open for the taking of sandhill cranes with ample populations of birds reported on area lakes.

Zone B opened Dec. 5 and the season for cranes will continue in both zones through Jan. 31, 1979. The daily bag limit of three cranes along with other rules are the same in both zones.

Reports from Texas Parks and Wildlife Department personnel and U.S. Fish and Wildlife Service managers

indicate a good population of cranes on the South Plains.

Muleshoe refuge near Muleshoe reported 17,300 cranes and Grulla refuge across the New Mexico line reported 36,000 birds. The Lamesa area lakes are holding approximately 25,000 birds, down somewhat over last year at this time. Brownfield and Tahoka lakes are holding approximately 20,000 cranes scattered over area.

Crane hunters are required a crane permit to hunt

the birds in both zones and those hunters who have not tried their luck and want to obtain a free crane permit, can do so by calling toll-free 1-800-252-9327 and give name, address and county of residence for each permit requested.

Regulations pertaining to duck and goose hunters also apply for crane hunters including restrictions on shotguns, shooting hours and methods of hunting. A crane hunter is not required a duck stamp to hunt crane,

but many hunters in the field will find ducks and geese in the same general area and a duck stamp is required for these species.

More information is available in the 1978-79 Migratory Game Bird pamphlet displayed at license vendors

The custom of throwing rice at a bride comes from India where it is considered good luck.

and P&WD offices statewide.

Bacon's Good Luck

Bacon is more than a good food, some people think it brings good luck, says the National Live Stock and Meat Board. A very old custom in parts of the British Isles calls for the bride and groom to eat a slice of bacon on their wedding day to prevent any unhappiness for one year.

4-H'er Builds Solar Car

If the theory of one inventive 4-H member proves to be correct, the car of the future may be powered by the sun.

Jeffrey Smith, 16, of Homerville, Georgia, started developing a solar car five years ago when he first became aware of the energy crisis. The 4-H'er built a model that looks like any modern sports car except for the small solar cells in the roof. When sunlight hits these cells, the car's wheels

spin, illustrating his theory. After sundown, the car runs on storage batteries that have been charged during the day by extra solar cells.

Now Jeffrey is building the "real thing" - 6 1/2 foot car based on his model. The car's chassis and mechanics are complete and the electronic system is wired. Still to come are body, seats, batteries, bracing and three solar cells for power.

The Georgia youth has been assisted by his parents,

teachers and power company experts. But he gives the credit to the Cooperative Extension Service specialists who conduct the 4-H automotive program.

"4-H has helped me given me an opportunity to do things and to show what I've done," he says. Not all young people participate in the 4-H automotive program, sponsored by the Firestone Tire and Rubber Company, are interested. But all of them learn about the importance of the motor vehicle in American way of life.

4-H automotive programs and activities teach boys and girls how basic car work and how to do car maintenance. 4-H'ers learn about highway safety, regulations and the economics of car ownership. They explore vocational opportunities in the automotive field.

Firestone recognizes accomplishments in the automotive program with awards to 4-H members, club members.

Eight members will represent their counties in national contests, and 50 state winners will attend National 4-H Congress in Chicago each on expense-paid trips. Medals of honor will be given to members in each county.

Ten 4-H clubs or cooperative state are eligible certificates for outstanding automotive programs. Counties in each state receive plaques for the best events.

Firestone also sponsors automotive contests at Western U.S. 4-H Engineering Event in Omaha and Eastern Event in Richmond, Virginia. Both are held September of each year.

The program is arranged by the National 4-H Council and winners are chosen by the Cooperative Extension Service. Youth ages 14 to 19 are eligible to participate.

More about the 4-H automotive program should contact the county Extension office, at 983-2806.

Educational programs conducted by the Texas Agricultural Extension Service people of all ages regard socioeconomic level, color, sex, religion, or

Chicken, Grapefruit Good Buys

COLLEGE STATION -- Best values in Texas markets this week include fryer chickens, grapefruit and deep-yellow vegetables, according to Gwendolyn Clyatt.

Also, stock up on orange juice concentrate, it's a favorite-price bargain. \$1.49 up soon, she advises.

Mrs. Clyatt is a communications information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Price-quality trends week are the following: POULTRY--Poultry remains the "economy" with fryer chickens "special" in some markets. Whole birds are the buy. Egg prices are up and that trend will continue until after the holiday demand is over.

FRESH FRUITS--Grapefruit is plentiful, economical and in the peak of season. Now is the season to buy most all year. Thin-skinned fruits have more juice, thick-skinned fruits avoid fruit with soft colored areas.

Other fruits to consider include cranberries, pears, oranges, grapes, tangerines and tangelos along with the supply of apples.

FRESH VEGETABLES--Economy items are potatoes, rutabagas, shell squash and onions. Other budget buys are green beans and endive, cucumbers, peppers. The last two see price hikes soon.

Also, compare prices cooking greens and beef. Beef--Best value is chuck roasts and steaks and ground beef with protein. Some markets values on round and steaks.

PORK--Supplies are increasing, but prices will not drop. The "better" choices are cured hams, end cuts, ton butts, ribs and roasts.

HOLIDAY WORDS: For holiday economy, plan menu stick to them.

"Each of these advertised items is required to be readily available for sale at or below the advertised price in each store, except as specifically noted in this ad."

Prices good Dec. 10-Dec. 16, 1978

GIFT IDEAS

Local Merchants Offer Automatic Coffeemaker A Christmas gift to savor for those who savor good coffee is an automatic drip coffeemaker. Perfectly and automatically, these handsome appliances quickly brew coffee at just the right temperature.

A NEW AUTOMATIC COFFEEMAKER makes as little as one cup and as much as four cups of rich coffee.

For a small family or single person a coffeemaker brewing one to four cups, like the Norelco Express, is ideal. It's also great for making up to four demitasse cups of delicious espresso coffee.

For a fine brew for a few without ado, a small automatic coffeemaker beats trying pot luck.

HISTORY FROM PAGE 6

for more than 15 years.

The club is justifiably proud of the four Rotary programs which it regularly sponsors: Student Loan Fund, which originated in the Club's first year and which is now administered by Milton Morris of West Texas State University through the "Opportunity Plan" which he originated. The Floydada Club has more than \$2,000.00 in this program of student assistance.

The second program is the annual scholarship given to the Floydada High School Senior boy who best exemplifies "Service Above Self" in his daily life at home, school and in the community. This program has been in existence for 24 years.

The Rotary Foundation is our third program which is strongly supported and at this time the club is a 1000% sustaining member having deposited more than \$4,300.00 in the program.

Our youth programs are most important to the club. For the last 26 years we have had a student guest from our high school to attend our meetings for a month. Our Boy Scout Troop of Spanish Speaking youth is one of the best and has a waiting list to become members. For the past 26 years we have selected a young lady to be the club sweetheart and play the piano for our noon meetings.

We do not want to appear boastful in listing accomplishments of our club. There are many other, many of which are intangible, but we like to think that the Rotary Club of Floydada has contributed its full share to the up-building of our community, state, nation and world.

Thus with a solid fifty year history our club looks to the future with ideals of service and activity for the next half century, to the community and to members, always keeping in mind The Four Way Test of the things we think, say and do.

750,000 members

Some statistics on International

More than three quarters of a million men in 152 lands belong to the more than 17,200 Rotary clubs associated as Rotary International.

Rotary's purpose is service to others through efforts to improve the community, to promote high ethical standards in business and professional life, and to advance the cause of world peace by building bridges of knowledge and understanding

among peoples of different nations.

Rotary clubs meet weekly, usually for luncheon or dinner and a program. Membership in a Rotary club is by invitation only, and is on the basis of one representative of each business, profession, or institution, a classification system that ensures a wide cross section of community representation.

"Service above Self" is a Rotary motto.

Floydada Rotarians Celebrate 50th Anniversary With Banquet

This year is the Golden Anniversary of the Floydada Rotary Club, and the club is celebrating this special anniversary with a Golden Anniversary Banquet Tuesday, December 12, in the Massie Activity Center.

The banquet begins at 7 p.m. and over 100 persons are expected to attend. Representatives from many area Rotary Clubs will also attend the banquet.

Featured speaker will be Lubbock Civic Leader Rex Webster. Webster, known in this area as a past Rotary Governor, is also a former

vice president of Rotary International.

The Anniversary program is as follows: President of the Floydada Rotary Club, Jimmy Willson will issue the call to order, then Rotarian song leader Newell Burk will lead the banquet in singing "R-O-T-A-R-Y" and "Smile."

Invocation will be given by Rotarian Floyd Bradley. After the banquet dinner, charter member Travis Collins will cut the anniversary cake. Then President Willson will welcome and introduce the guests.

December students of the month Terry Willson and Tracy Tyer will also be introduced.

Special music will be presented by Rotary sweetheart Tammy Payne.

After the featured address by Webster the club will sing "Auld Lang Sybe."

A special display of year-books and other historical material about the Floydada Rotary club will be on display.

REX WEBSTER

Young people who have attended Camp RYLA give it high marks. Typical comments have been "RYLA was a highlight of my life," or "Everybody left RYLA wanting to do something, to come alive -- it was a fulfillment." One of our 1978 awardees, Phillip Miller, Jr. from Northeast Rotary Club of Amarillo, penned the following:

WHAT CAMP RYLA MEANS TO ME

They had a wish
A wish to make all of us
Better Men, Better Leaders
They had a desire

They had a reason
To help.
This wish, this desire, and this reason
was all a dream
And RYLA was a dream come true.
A desire to help us prepare
For our lives, for our future

forming non-Rotarians about Rotary's program.

The second avenue -- the promotion of high ethical standards in business and professions -- is Vocational Service. It has been called "the cornerstone of Rotary," and Rotarians often sum it up by saying, "It simply means putting Rotary to work where we work."

Vocational service derives from the principle which is the very core of Rotary: The selection of members on the basis of business or professional classification.

One of the tools of vocational service for Rotarians is "The Four-Way Test:

1. Is it the truth?
2. Is it fair to all concerned?

3. Will it build goodwill and better friendships?

4. Will it be beneficial to all concerned?"

The third avenue -- service to and within one's community -- is Community Service.

It requires of a Rotarian a personal interest in his community and its people, an obligation he meets by studying his community's problems and how to solve them. Rotarians support and are active in civic, educational, patriotic, philanthropic and other organizations having as their object the betterment of their community.

The fourth avenue -- the advancement of international understanding, goodwill and

TRAVIS COLLINS

peace -- is International Service.

The accomplishments of Rotary clubs in international service demonstrates that opportunities exist regardless of size or geographical location. The Rotary club far from

an international border has opportunities to exchange programs with other clubs overseas; arrange programs that will provide international information to club members, students and others in the community.

Rotarians All Over World Engage In Four Avenues Of Service

The program of Rotary covers four distinct avenues of service: Club Service, Vocational Service, Community Service and International Service.

The object of Rotary expresses the program in these words:

"The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise, and, in particular, to encourage and foster:

"The development of ac-

quaintance as an opportunity for service;

"High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying by each Rotarian of his occupation as an opportunity to serve society;

"The application of the ideal of service by every Rotarian to his personal, business, and community life;

"The advancement of international understanding, good-

will, and peace through a world fellowship of business and professional men united in the ideal of service."

The first avenue -- the development of acquaintance -- is Club Service. It embraces everything a Rotarian does to help make the administration of his club a success. This includes attending meetings, participating in club programs and activities, serving as an officer or on committees, welcoming new members, visiting other Rotary clubs, and in-

Congratulates the

Floydada Rotary Club

on its

50th Anniversary

D. W. Fyffe E. E. Winn C. E. Fyffe

Rotary came to Floydada half a century ago due to the untiring efforts of D. W. Fyffe, first president of the Floydada Club. Charter Number 3007 granted to the Floydada Club by Rotary International is dated December 10, 1928. The charter was officially presented on January 15, 1929 at a dinner meeting of the Rotarians and Rotary Anns in the basement of the First Methodist Church with the Rev. Dick O'Brien as master of ceremonies.

Several attempts had been made to organize a Rotary Club in Floydada, but without success. Credit must be given to D. W. Fyffe for it was largely through his efforts in October and November of 1928 that a sufficient number of members for a club was secured.

Plainview's Rotary Club sponsored the Floydada group with the aid and assistance of E. E. Winn, father-in-law of Dee Fyffe, carrying the ball. District Governor Rue Parcells of Amarillo (District 41) presented the charter and the following officers were installed: D. W. Fyffe, president; Homer Steen, vice president; Charles M. Wilson, secretary-treasurer; G. C. Tubbs, B. L. Blacklock and Herman Crow, directors.

Over the years three father and son combinations have served as president of the Floydada Rotary Club. The first pair were charter president D. W. Fyffe, 1928-29 and son Clinton, 1953-54. Second pair to serve were J. M. Willson, Sr., 1931-32, and his son J. M. Willson, Jr., 1955-56. Lon Davis was president of the club in 1944-45 and Lon, Jr., in 1959-60.

Three members of the Floydada have served as District Governor since its founding. They are J. M. Willson, Sr., 1935-36 of District 41, Alton Chapman, 1952-53 of District 183 and J. M. Willson, Jr., 1963-64 and 1965-66 of District 573. J. M. Willson, Jr., is now serving his second term as president.

Two members are Paul Harris Fellows (named for the Founder of Rotary). These are J. M. Willson, Jr. and J. M. Willson, III both of whom have contributed \$1000.00 to the Rotary Foundation.

We gratefully acknowledge our debt to those men who realized the need for Rotary in Floydada, and to those men who have given unstinted service to carry the ideals of Rotary forward in our community these 50 years.

When the Depression years of the 1930's made it hard for civic clubs to remain active, the Floydada Rotary Club and the Floydada Lions Club became one, and this occurred again in 1942 when so many of the Lions were called to serve in the Armed Forces that an active membership could not be maintained.

During the depression years the meals were as low as 50 cents, an item which many members recall when looking at today's prices.

ROTARY INTERNATIONAL

Service Above Self - He Profits Most Who Serves Best
1600 RIDGE AVENUE - EVANSTON, ILLINOIS 60201 - U.S.A.

To All Members of
The Rotary Club of Floydada, Texas

Dear fellow Rotarians:

It is an honor for me to participate in your club's golden anniversary by extending personal greetings on this special occasion.

Five decades of service to others is, indeed, significant. Certainly a review of past accomplishments in attaining goals will attest to the strength of Rotary in your community. Also at this time your club will begin to make new plans, being alert to new opportunities and seeking ways to further serve.

Some 2,900 Rotary clubs were in existence in 48 countries when your club was admitted to membership in Rotary International in 1928. This can be compared to 17,599 Rotary clubs in 152 countries and geographical areas today, denoting splendid growth and a corresponding increase in leadership, fellowship, and achievement.

Congratulations and my sincere good wishes are extended to all of you as your club celebrates 50 years of service in Rotary.

Sincerely,

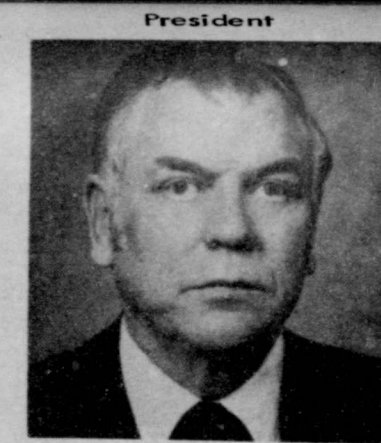

Clem Renouf
Clem Renouf, President
Rotary International

CLEM RENOUF

Two men, S. W. Ross and Bill Hardin have served long and faithful as secretary. S. W. Ross served 20 years and then was elected president in 1951, and Bill Hardin served 22 years as secretary.

The Floydada Club has 42 members, 22 of whom are past presidents, one a past district governor, and 21 have been Rotarians

Paul Harris Founder of Rotary

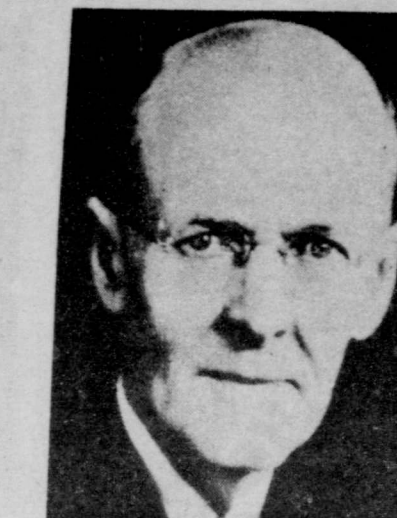

Paul P. Harris was the founder of Rotary. He was born in Racine, Wisconsin, U.S.A. on April 19, 1868, and spent his early years in Wallingford, Vermont, prior to attending the University of Vermont, Princeton University and the University of Iowa. Following his graduation from the law school of the University of Iowa in 1891, he spent the next five years in seeing the world and in coming to know his fellow men before settling down to practice law.

He worked as a newspaper reporter, a business college teacher, stock company actor and as a cowboy. He traveled extensively as a salesman for a marble and granite concern in the U.S.A. and Europe. These varied experiences broadened his vision and were of material assistance in the early extension of Rotary.

In 1896, Paul Harris went to Chicago to practice law. One day in 1900 he dined with a lawyer friend in Rogers Park, a residential section of Chicago. After dinner they took a walk and he was impressed by the fact that his friend stopped at several stores and shops in the neighborhood and introduced him to the proprietors, who were his friends. Paul Harris' law clients were business friends, not social friends, but this experience caused him to wonder why he couldn't make social friends out of at least some of his business friends, and he resolved to organize a club which would band together a group of representative business and professional men in friendship and fellowship.

For the next several years he devoted a great deal of time to reflection on conditions of life and business and, by 1905, he had formulated a definite philosophy of business relations. Talking it over with three of his law clients — Silvester Schiele, a coal merchant, Gustavus Loeher, a mining engineer, and Hiram Shorey, a merchant tailor — he decided, with them, to organize the club which he had been planning since 1900. On February 23, 1905, the club's first meeting took place and the nucleus was formed for the thousands of Rotary Clubs which were later organized throughout the world. The new club, which Paul Harris named "Rotary" because the members met, in rotation, in their various places of business, met with general approval and club membership grew rapidly. Almost every member had come to Chicago from a small town and in the Rotary Club they found an opportunity for the intimate acquaintanceship of their boyhood days. When Paul Harris became president of the club in its third year he was convinced that the Rotary club could be developed into an important service movement.

The second rotary club was founded in San Francisco in 1908 and then other clubs were organized until in 1910, when there were 16 clubs, it was decided that they should be united into an organization which would extend the movement to other cities and serve as a clearing house for the exchange of ideas among the clubs. Representatives from the clubs met in Chicago in

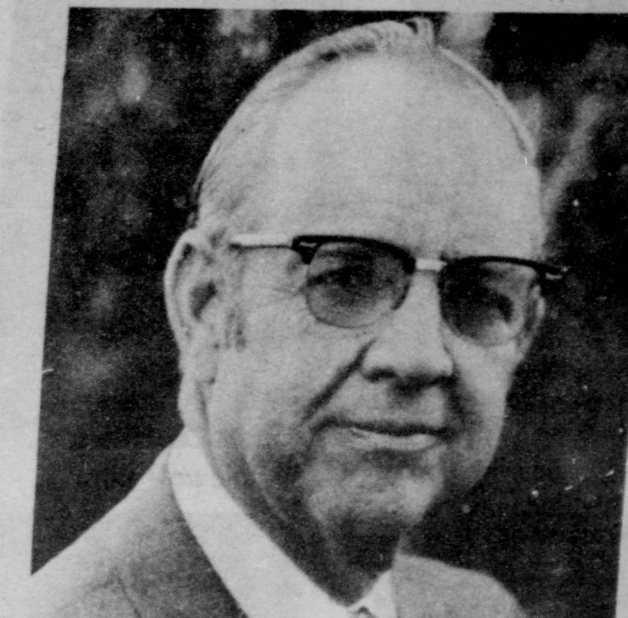

PAUL HARRIS

August, 1910, and organized the National Association of Rotary Clubs. When clubs were formed in Canada and Great Britain, making the movement international in scope, the name was changed, in 1912, to the International Association of Rotary Clubs, and in 1922 the name was shortened to Rotary International. Paul Harris was the first president of the National Association and the first president of the International Association.

When he passed away in January, 1947, he was president emeritus of Rotary International.

While Paul Harris devoted much of his time to Rotary, he was also prominent in civic and professional work. He was the first chairman of the board of the National Society for Crippled Children and Adults in the U.S.A. and of the International Society for Crippled Children. He was a member of the board of managers of the Chicago Bar Association and its representative at the International Congress of Law at The Hague, and he
