Improvements Okayed

School board members met in called session Monday evening and gave approval to a proposal

to improve and repair the football stadium bleachers. Members voted to put

aluminum seats in the center section of the home bleachers with these seats sold on a reserved seat basis. Reserved seat sales will help underwrite the cost of installing the seats with back supports.

New boards will replace those in bad condition on the visitors' side. Wherein they may be salvaged, boards removed from the reserved section will be used in repairs.

School board members also voted to take bids on remodeling the cafeteria, agriculture classrooms and minor remodeling in the elementary school. Elementary building work will include a restroom for women teachers and remodeling of the old lounge for use by the speech therapist and elementary counselor.

Windbreakers for the west doorways of the elementary building will also be included in

Flippo, Donna Williams Buy 'Olton Cleaners'

Lester Flippo, former resident of Hart, and his daughter, Mrs. Robert (Donna) Williams have purchased an Olton cleaning establishment.

The new owners of Olton Cleaners assumed operation Monday, Apr. 2. They pledge to offer the same excellent service heretofore given.

Osborn Brown, former owner, has been with the plant for some 22 years and has won citations for expertise in cleaning. Brown remains with the firm in an advisory capacity.

Mrs. Marguerite Hyatt will continue to offer first class

service in alterations.

Robert and Donna formerly made their home in Hart and Amarillo. They moved to Olton some two years ago. They are parents of two children, Robbie who is 11 years of age, and Toyika, nine. Robert is son of Mr. and Mrs. R.E. Williams of Olton.

The new owners invite all former customers to continue their patronage at Olton Cleaners. They welcome new customers, from Olton and Hart areas with a promise to try to offer complete satisfaction in cleaning and alteration services.

Trio Wins District, Set For Regional

Hart High School students participated Saturday in University Interscholastic League literary contests on the campus of West Texas State University.

Lori Barnes and Laurey Franks took top honors in debate and will represent HHS

in regional competition. Marsha Cobb placed third in spelling and will also compete in regional.

Teresa Coronado finished fifth in spelling and Marci Wescott tied for fifth place in science.

City, School Elections To Be Held Saturday

Community room of Farmers State Bank will be the hub of activity Saturday, April 7 as voters go to the polls to name a mayor, two councilmen and three school trustees. The dual election for city and school will be held from 7 a.m. until 7 p.m.

In the city race, Mayor Frank Barnes is unopposed on the ballot. Incumbent Bob Bowden is joined by Gilbert Guzman Sr.

and Bill Sanders in the contest to name two commissioners.

Terms of J.D. Myrick, Wamon Foster and Bill Rich are expiring and only the latter seeks re-election in the school trustee race. Rich's name appears on the ballot along with Mike Reed, Cleve McLain, Elias Martinez, Larry Lee, Doug Higgins and Weldon Davis.

Hart Misses Capture Wins In District Tennis Meet

Stacy Averitt and Norma Catano swept top honors Tuesday in the District 3-A tennis meet held here. Their victory sends them to regional competition.

The doubles duo defeated Kress 6-0, 6-1; Farwell, 6-0, 6-0 and Farwell, 6-4, 6-4.

April Coffman and Jana Berry of Farwell placed second

in the meet while Tonda Rogers and Zenita Rogers of Kress finished third.

In varsity singles play, Jana Berry of Farwell won first; Sue Jones, Springlake-Earth, second and Lisa Templeton, Springlake-Earth, third. Misses Berry and Jones will go to regional.

Junior varsity competition also found HHS in the top spot. Suzahn Rowland and Teresa Mapp were first place winners; Donna Ewing and Sherry Perkins of Vega were second. Tracy Williams of Farwell won first in singles; Dora Bonsal was second and Jennifer Kellor of Springlake-Earth was third.

Regional competition will be April 16-21 in Odessa.

Little Dribblers To Organize

Girls' Little Dribblers will organize for the year Monday evening, April 9 at 7:30 p.m. in the community room of Farmers State Bank.

Parents of girls interested in playing should attend. Girls eligible to participate in Little Dribblers are those from the third grade through grade six.

Play Cast Wins UIL Accolades

Mark Werner, cast as Adam in "The Diary of Adam and Eve," was named Best Actor in District UIL one-act play competition last week in Vega. The play won third place, back of Bovina and Vega.

Other cast members were Lori Barnes, also named to the All Star Cast for her role of Eve, and Daniel Higgins who was cast as the snake.

Santry Rush, director, said all three were "superb."

"The cast and crew did a tremendous job in preparing for this play," he said. "Such a great number of lines had to be learned."

Girl Golfers Lead District

Competing Tuesday in Olton Golf Match, the HHS feds posted a 452. Olton girls' turned in a 482 team total.

Lana Tucker was low with 101; Laura Miller, 107; Janet Black, 111 and Betsy Berry, 133.

Coach David Turner commended his team saying, "Since the last practice match at Farwell, we've improved 120 strokes."

Hart Longhorn girl golfers finished eighth Saturday in golf competition at the Amarillo Relays. They posted a 473 team score.

The HHS team at press time Wednesday were leading the district as they prepared for competition in the district meet at Farwell.

'Special Child'

Mrs. Delford Davis shares this poem which is very dear to her heart. She explains:

"My little girl, Melissa Dawn, was a Special Child sent from God. My sister-in-law wrote this poem just for her. I think it might help other parents of 'special children' as it has helped me."

HEAVEN'S VERY SPECIAL CHILD

A meeting was held quite far from Earth;
It's time again for another birth.

Said the Angels to the Lord above,
"This Special Child will need so much love."

"Her progress may seem very slow -
Accomplishments she may not show.
She will require a lot of care
From folks she meet a way down there."

"She may not run, laugh and play,
Her thoughts may seem quite far away
Dear Lord please find some parents who
Will do this special job for you."

"In many ways she won't adapt,
She may be known as

handicapped
So let's be careful where she's sent.
We want her life to be content."

"They will not realize right away
The leading roll they're asked to play
But the child sent from above
Comes stronger faith and richer love."

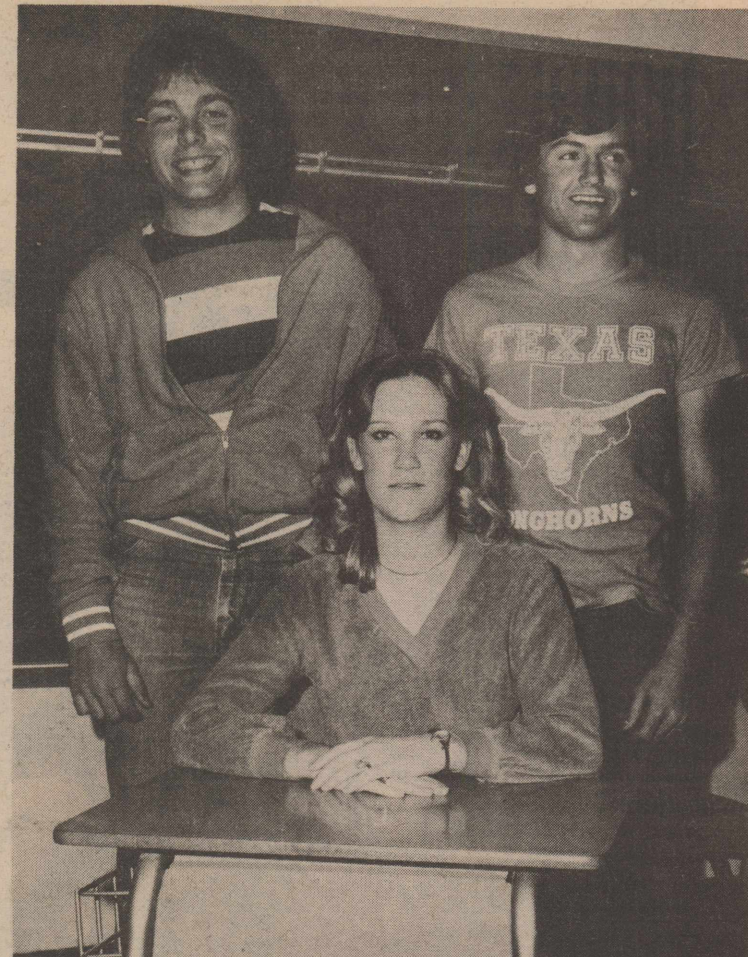

"And soon they'll know the privilege given
In caring for this gift from Heaven
Their precious charge, so meek and mild,
Is Heaven's Very Special Child!"

Chicken Dinner Slated Sunday

Fried chicken and the "trimmings" will be served Sunday noon by United Methodist Women. Serving will begin immediately following morning worship services and will be held in fellowship hall. No charge has been set for lunch but contributions will be accepted to help finance the purchase of a buffer for the church.

Youth will be leading the morning worship service at the First United Methodist Church. Tracy Rich will bring the morning message. Others in the youth department will be participating in other phases of the service.

An invitation is extended, "Bring the family and come to dinner."

ONE-ACT PLAY LAURELS - Mark Werner, left, was named Best Actor at District One-Act Play contests last week. Fellow cast mates, Lori Barnes and Daniel Higgins, were selected to the All Star Cast.

Foreigners Buy Texas, Other American Farmlands

A study conducted by the Senate Committee on agriculture, Nutrition and forestry revealed that foreigners purchased 93,200 acres of Texas farmland between January 1977 and June 1978.

Melvin Barton, Chairperson of the Agricultural Stabilization and Conservation (ASC) Committee, says that all farmland owned by foreign interests must be registered at the ASCS county office.

Foreigners who owned or had a five percent interest in farmland on Feb. 1, 1979, must report ownership to ASCS by Aug. 1, 1979. Those who acquire land after February 1, must report it within 90 days.

Texas, Louisiana, Arkansas, Florida, Mississippi, Georgia and South Carolina accounted for 42 percent of the acreage purchased, and 20 states

accounted for almost 90 percent of the total.

The USDA study indicated that American farmland is passing under foreign ownership at a rate of more than 500,000 acres per year.

Johnny Clark Out Of Hospital

Johnny Clark was a patient in Central Plains General Hospital in Plainview Monday through Sunday. Visiting in the Clark home Sunday were their daughter and family, Mr. and Mrs. Jay Lee McAfee, Jackie and Patty of Amarillo, and his sister-in-law and niece, Mrs. Tommy Maupin and Sue, also of Amarillo.

Another daughter and her family, Mr. and Mrs. Roy Henderson and Ricky of Dimmitt were involved in a two-car accident as the Hendersons were enroute to visit in the Clark home. The car-truck accident occurred near the cemetery road and "totaled" the Henderson car. They were taken to Plainview for x-rays and observation and were released.

Card Of Thanks

I want to say thanks to everyone who helped at the time of my accident and for the concern shown while I was recuperating. We all say thanks and God bless you all.

MRS. WILLIAM D. BELL

Cook of the Week

After 16 years in the fourth grade, Ann (Mrs. William D.) Bell now finds herself with young charges from grade one to six. This school year is her first to teach in the Plan A program, working with students of different ages.

Ann loved her work with fourth grade children but finds the new assignment a pleasure also.

A student at Eastern New Mexico University, Ann met William when he was stationed at the Air Base at Roswell during World War II. They are parents of two sons. Billy Bob and his wife, Virginia, live in Amarillo and are parents of the Bells' two grandchildren. Little Brian was a year old when his little sister, Crystal LeAnne arrived in February.

Ralph, the younger son, and his wife, Marge, live in Plainview. Marge commutes to Hart where she is speech therapist for Hart schools.

Ann enjoys cooking and shares a recipe for a different fish dish, one she got recently and tried out on the family. They found it very good. She also shares recipes for chocolate cake and old fashioned fudge.

Reading and sewing are among Ann's favorite pastimes. She is a member of the Zealot Club and First United Methodist Church.

FISH DISH

2 lbs skinless fish fillets, fresh or frozen
3 T melted butter or marg
1 t salt
3/4 t fines herbes or basil
1 c prepared biscuit mix
2 T chopped green onion
1/2 t grated lemon rind
1/4 t seasoned salt
1/2 c milk

Thaw frozen fish. Cut fillets into 6 portions. Place fish in a single layer in a well-greased shallow 2-qt baking dish.

Combine butter or margarine, salt and fines herbes or basil; mix. Brush fish with herb

mixture. Bake in a moderate oven, 350°, 10 minutes.

While fish is baking, combine biscuit mix, onion, lemon rind, salt and milk; stir with fork to make a soft dough. Remove fish from oven; raise oven temperature to 425°.

Spoon an equal amount of dough onto each fish portion. Return to oven; bake until biscuits are brown and fish flakes easily when tested with a fork, 12 to 15 min. Serve with cheddar cheese.

OLD FASHIONED FUDGE

Mrs. Huntsinger Shows Cake Decorating Tuesday

Mrs. Gene Huntsinger presented an entertaining and informative demonstration and talk Tuesday at the regular meeting of the Zealot Club. Showing her expertise at cake decorating, Mrs. Huntsinger explained she took decorating lessons at "Something Special" in Dimmitt.

The past year Mrs. Huntsinger has been personally baking and decorating cakes for special occasions for a number of persons in Hart.

During the business session, plans were discussed for various activities of the club in the annual Hart Day celebration. The club will be sponsors of the merchants drawing, ice cream sale, a quilt give-away and will sponsor a queen candidate.

Hostesses for Tuesday's meeting in fellowship hall of

YOU make the difference in your electric bill

With the cost of everything going up, it sometimes seems like we're losing control of where our dollars go. There is one expense you and your family can help keep down this summer — your electric bill. You can make your home more energy efficient with simple improvements like insulation, weatherstripping, caulking and adding storm doors and windows. Teaching your family to use energy wisely — like keeping the thermostat turned to an efficient 78° in the summer, changing filters on your air conditioner regularly, keeping lights and appliances turned off when not in use — will help keep your bill down. You and your family make the difference — it's that simple. Call your SPS manager for more information and keep your cool this summer.

Lockett 77

*Cotton like
you've never seen!*

This great new variety was introduced for wide-area planting only one year ago. And already it's becoming one of the most popular cotton varieties in the Southwest! Farmers who've seen it are excited about its performance. Here's what they liked about Lockett 77:

- * "Disease was not a problem." Multiple disease tolerance includes protection against the fusarium wilt-nematode complex.
- * "It came out of the ground real fast." Excellent seedling disease escape and cold tolerance provide good early-season vigor.
- * "It fit my conditions exactly." Early maturity makes Lockett 77 a good choice for short season production.
- * "The lint tested out real well." Fiber qualities are outstanding with good strength and uniformity ratings.
- * "Lockett 77 was a beauty in the field." Foliage is sparse on short- to intermediate-size plants. Short, close-fruiting branches make Lockett 77 ideal for stripper harvest.
- * "The field looked white with my narrow-row planting." An excellent stripper cotton.

If you weren't among the farmers who planted Lockett 77 last year, talk to your ginner. If he doesn't have a supply on hand, he can get it for you. You're going to be really excited about the first field of Lockett 77 you see. It might as well be yours.

Summer Basketball Camps Slated At Wayland In June

Registration for four Flying Queens summer basketball camps for girls is now open at Wayland Baptist College.

The sessions are set for June 10-16, June 17-23 and June 24-30 for all girls, and a special day camp July 2-7 for Plainview girls only.

Under the director of Flying Queens head coach Dean Weese, the camps are aimed at developing individual skills and providing the opportunity to use them in a team atmosphere. Sportsmanship, leadership and citizenship are also stressed.

All girls from 5th through 12th grades are eligible to participate, but because of University Interscholastic league (UIL) rules only those high school girls who do not participate on varsity athletic teams may take part in the camps. Ninth grade or junior varsity eligibility is not affected.

Special camp features include lectures by camp personnel on pride, teamwork, desire, attitude and enthusiasm; individualized attention; junior and senior division all-star games following camp demonstrations at the conclusion of each week-long session; trophies and awards for outstanding performance, desire and attitude; a camp talent show; and special entertainment each event.

In addition to Weese, camp staffers include Doug Chaveaux, head coach at Waco Midway High School; Marsha

Sharp, Lockney; Cathy Wilson, head coach at Class AA state champion Slaton; Linden Hardon, Canyon; Jimmy Hoyle, Dimmitt; Jimmy Kirkland, Canadian; Shena Cooper, assistant coach of the Flying Queens; and Linden Weese, Stratford. Plainview head coach, Melynn Hunt, will assist with the Plainview day camp.

Members of the Queens who will serve as camp counselors are senior Valerie Goodwin; juniors Jill Rankin, Kathy Harston, and Elaine Schulte; sophomores Carla Harper, Kathy Booth and Kathy Grissom and freshmen Jamie Horacek, Kelly Braisher and Vanessa Welch.

Cost for each regular session is \$100 per camper, which includes room, meals, insurance, tuition, entertainment and a personalized camp T-shirt. The Plainview day camp is \$40 and includes insurance, T-shirt and awards.

Enrollment for each session is limited to 135, and applicants are urged to enroll as soon as possible to insure placement in the session of their choice.

For registration forms and more information, contact Weese at (806)296-5521, extension 19.

'Dollar Watch' Exhibit Added Annual Farm Show

A new free computer program to be featured at the South Plains Farm Show in Lubbock will help families discover possible problems in their budget-and set up new budgets.

"Dollar Watch" will be held from 10 a.m. to 6 p.m. Thursday - Saturday, April 5-7, in the Lubbock Memorial Civic Center. It is one of the new exhibits in this year's Farm Show, the largest display of new farm implements and equipment yet assembled on the South Plains.

Sponsored by the Texas Agricultural Extension Service, the free program is open to the public, according to Mrs. Catherine Crawford, district Extension agent for home economics. It is open to people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin. The Farm Show, which is also free, is sponsored by the Southwest Hardware and Implement association with the Extension service, Lubbock Chamber of Commerce and Texas Tech University.

Helping families know the strong and weak points in their budgets is the focus of the new computer budgeting program, Mrs. Crawford said.

"Dollar Watch" will provide a free personalized budget for each family-based on their spending she adds.

"The program responds to a need expressed by many families who are seeking help with financial management," she says.

A recent survey found that over half the families in the United States feel insecure about their economic future.

More than half the families argue about money. And about half do not have any sort of budget, either formal or informal, Mrs. Crawford reports.

In "Dollar Watch", to help families to get a handle on their spending, county Extension Agents will be using a computer terminal that is connected via telephone to a large computer system in Minneapolis.

The computer only needs to know several facts--the number

of cars and people in the family, amount of family income, and monthly expenses for food, rent or mortgage, car payments, utilities, and installment debt.

These figures are fed into the computer and it prints out facts about a family's spending patterns, the Extension district agent explained.

Trained county Extension home economists will analyze the printout and help families decide if they are overspending, underspending or doing just about right.

In addition, they can make suggestions for ways to reduce certain expenses in the budget.

VISIT SON

Mr. and Mrs. Lester Lancaster visited over the weekend with their son and family Mr. and Mrs. Tomy Lancaster, Shane and Shad in Roswell N.M.

ASK FIRST

Before committing any money in a tax-shelter investment program, ask if the program is registered with the Security and Exchange Commission, advises Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service, the Texas A&M University System. If not, it may cost you tax benefits, the specialist cautions.

GARNISH ROAST

Garnish roast beef with prunes stuffed with sharp cheese soaked in sherry or other white wine, or stuffed with cream cheese and chutney, suggests Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

DAUGHTER VISITS

Visiting over the weekend with Mr. and Mrs. Perry Van Vliet were a daughter and family Mr. and Mrs. Durwood Mayfield, Jennifer Charles and Gary of Lubbock

LIBERTY LINES

**\$5 Billion
Down the
Drain**

Robert M. Bartell

WASHINGTON (Liberty Lobby News Service)—The Washington "Post" recently reported that Israeli Defense Minister Ezer Weisman was beaming when he emerged from negotiations with Pentagon officials earlier. Assigned to set the terms for American military aid under the Israeli-Egyptian peace proposals, Weisman walked away with \$3 billion of ours. I suppose I'd be smiling, too.

We have often mentioned the estimated \$4 billion cost of the Panama Canal payaway to the American taxpayer. Now another treaty, that between Israel and Egypt, threatens to take the U.S. for \$5 billion more.

Though the terms of the Israeli-Egyptian accords are enforceable only against those two nations, you as a taxpayer are nonetheless intimately involved. Your president, Jimmy Carter, is a signatory. And the official text of the document is in English.

And finally, you, the American taxpayer, will underwrite the entire package to the tune of \$5 billion in the short run, and potentially much, much more in the long run.

Of the \$5 billion cost, \$2 billion is slated for military and economic aid to Egypt. The remaining \$3 billion will foot the bill for the Israeli withdrawal from the Sinai, the construction of a new highway and two air bases in Israel's Negev Desert and general military and economic aid to the government of Menachem Begin.

The SPOTLIGHT has pointed out that \$5 billion would be enough money to run the city of Atlanta for more than 20 years; Cleveland for almost 14 years; Denver, 12.5 years; Baltimore, Philadelphia and Chicago for about 4 years and Los Angeles for

nearly 3 years. And \$5 billion would even last New York City about four months! If Utah were given \$5 billion, its citizens wouldn't have to pay state taxes for 50 years.

As might be expected, Republican liberals Howard Baker (Tenn.) and Jacob Javits (N.Y.) were among the first to proclaim the pact a \$5 billion bargain. But a growing number of conservatives and liberals in Congress are looking skeptically toward any purchased peace.

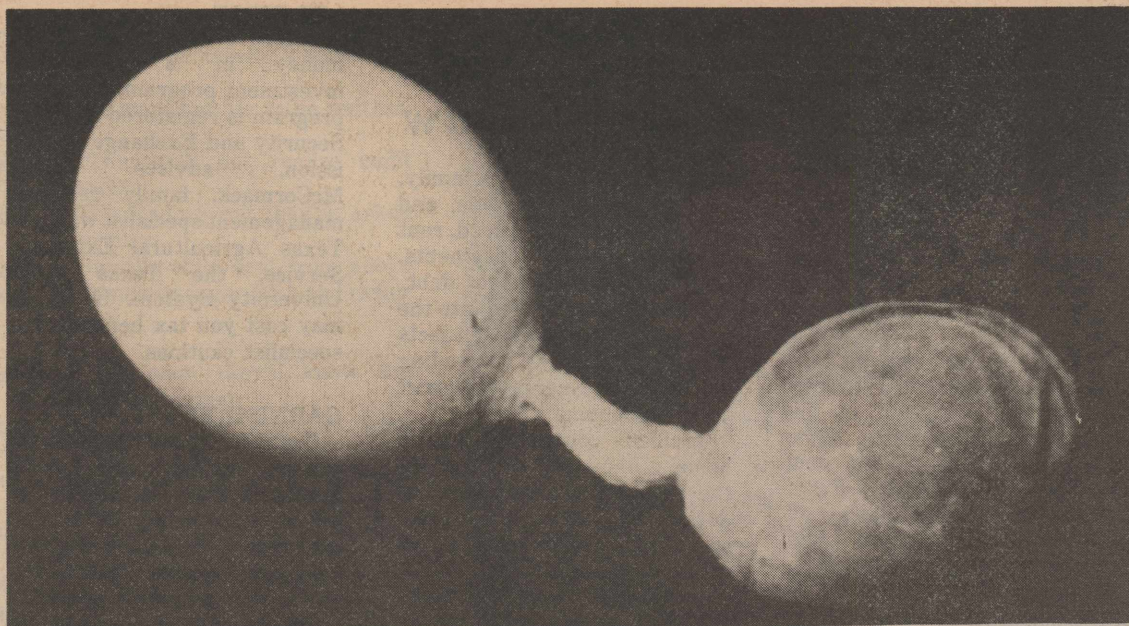

Rep. Ron Paul (R-Tex.), a staunch conservative, has publicly denounced the price of the Israeli-Egyptian accords, saying, "Any treaty contracted on American currency is sure to depreciate just like our paper dollars." Paul's point is that a lasting peace cannot be bought, but can only occur in an atmosphere of true mutual trust and genuine understanding between the parties involved.

Even liberal stalwart Sen. William Proxmire (D-Wis.) has publicly disavowed the pact as too costly. However, we American consumers may be the ultimate losers.

To guarantee the Mideast peace pact, the U.S. has agreed to fulfill Israel's oil needs for the next 15 years. This could be a considerable amount, since the country's two principal oil suppliers—Iran and the Sinai—will now be cut off. The drain on our oil reserve will, of course, further increase the cost of gasoline here at home.

Well, we still have a Congress to vote on this latest ripoff of the taxpayers. If you don't like it, let your congressman know.

Reader's comments are welcome. Please pass along any points of view to Liberty Lobby, Dept. 3/30, 300 Independence Ave., S.E., Washington, D.C. 20003

"EGGS-STREMEY" UNUSUAL - Mrs. E.E. Davis discovered this oddity of nature Sunday while gathering eggs. The yolk, enclosed in heavy film sac, was connected to the white-filled shell by a tough cord. The farm wife says that she has never seen such a peculiar abnormality in eggs as this April Fool's Day Happening.

Farmers Reminded Of Regulations Concerning Use Of Pesticides

All farmers who will be using restricted pesticides, both insecticides and herbicides, in their own rigs this year are reminded that they will need to acquire their private applicators license in order to purchase these chemicals. Many farmers in Swisher County have already been certified, however, the need to make sure they still have their certification and license number. If the license has been lost they need to write: Texas Department of Agriculture, Agricultural and Environmental Sciences Division, P. O. Box 12847, Austin, Texas 78711.

Persons who will be using restricted use chemicals and have never been certified, may do so by coming by the County Agents Office in the Courthouse in Tulia. These people will be given the necessary publications, instructions, and questionnaire for acquiring a Furadan, Supona, Bayluscide, Delnav, Di-Syston, Thiodan, Mocap, Nemacur, Dasanit, Dyfonate, Azodrin, Thimet, Gophacide, and Dimecron.

For more information re-

stricted chemicals and license requirements contact the County Agents Office at 995-3276 or come in and pickup the required forms.

private applicators license. It sometimes takes up to 60 days for processing once the application is sent in, so interested persons are encouraged to act at once.

When making home repairs and remodeling, get two or three written estimates from contractors, Claudia Kerbel recommends. Advance checking can save some costly surprises later, points out the consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

chemicals proposed to be classified for restricted use by E.P.A. Following is the common name for each:

ACCIDENT PRONE

Stress, anxiety, disappointment and frustration can make people accident prone when there is no other form of release for these feelings, reports a family life education specialist, Patricia Lamson, with the Texas Agricultural Extension Service.

METER MEASURE

One liter is equivalent to 33.8 fluid ounces - one quart equals 32 fluid ounces, reports Linda McCormack, family resource management specialist with the Texas Agricultural Extension Service.

WHAT'S THE DIFFERENCE?

What's the difference between dough and batter? Dough is any mixture thick enough to roll or knead, explains Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System. A mixture that is thin enough to pour or drop from a spoon is known as batter, Mrs. Clyatt adds.

WEEKEND GUESTS

Visitors Friday and Saturday in the Max Marble home were Mrs. Eathyl Marble of Plainview and Mr. and Mrs. W.J. Cox and Mr. and Mrs. Mel Holcomb, all of Lockney.

PLANT TIPS

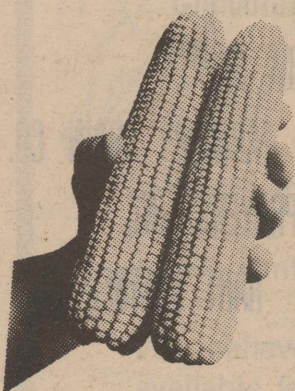

Consider planting deciduous trees on the south and west sides of the home, suggests Pat Seaman, housing and home furnishings specialist with the Texas Agricultural Extension Service, the Texas A&M University System. As they grow, they'll shield the home from the hot summer sun and reduce the demand on air conditioning equipment, the specialist says.
