Volume 15 Member of (AP) Lamesa, Dawson County, Texas, Monday, March 19, 1945 AP News and Pictures Number 21

One Killed And Two Injured In A Collision Friday Night

Sgt. Aubrey J. Johnson, son of Mr. and Mrs. J. R. Johnson, who reside on South First Street in this city, was recently awarded the Bronze Star for his services. Sgt. Johnson, a combat engineer squad leader of the Infantry, was instructed to open a supply road for the Infantry advancing into Germany. Taking precautions against tripwires, he herded a cow across the road, and found it to be strewn with schmines. Another route was selected, thus avoiding unnecessary casualties. Overseas for 16 months, Sgt. Johnson entered the service in December of 1939. His wife resides in Seguin, Texas.

Club Schedule For This Week Is Given

The home demonstration club schedule for the week includes two meetings to be held in Midway Community and Key Community. On Wednesday, March 21 the Midway club will meet in the home of Mrs. F. Love at 2:30 p. m. Key club will meet at Mrs. Stuart Thomas' home on Friday, March 23, at 2:30 p. m. Mrs. Jack Phinizy, emergency war food assistant, will give demonstrations at the meetings on care and adjustment of a sealer, and Mrs. Myrtle Negy, county home demonstration agent, will discuss tufted bedspreads. Clean lamp bulbs give 25 per cent more light.

Cpl. Harold Caldwell, son of Mrs. Viola Caldwell of this city, is now stationed in the South Pacific area, where he serves with the heavy artillery. In service for 1 1/2 years, he has been overseas since January 1. A 1942 graduate of Lamesa High School, Cpl. Caldwell is a former student of A. & M. College and Texas Technological. He is 19 years of age.

One Lamesan was killed and two were injured in a head on collision occurring Friday night near Hindman switch on the Lubbock highway. Kenneth Williams, the son of Mr. and Mrs. Jimmy Williams, was killed. Suffering injuries were Billie Ruth and Patricia Ann Pope, daughters of Mr. and Mrs. J. C. Pope, who reside on South First Street in this city.

The mishap occurred at approximately 10:45 Friday night. Occupants of one car were Patricia Ann, Billie Ruth and Kenneth, and in the other automobile were two O'Donnell boys, Wayne Wilson and Kenneth Caswell. The young Lamesans were returning from O'Donnell, where they had attended the junior play at the school there.

Occupants of both cars were brought to a Lamesa hospital. Kenneth Williams died approximately 3 minutes after reaching the hospital.

The Pope sisters are remaining in the hospital where they are receiving medical treatment. Billie Ruth is suffering from a broken nose and knee cap, a mangled right wrist, and various facial and body cuts and lacerations. Her sister, Patricia Ann, has a crushed leg, and minor lacerations on her face and body.

All three are students of the Lamesa schools.

Occupants of the other car, were also brought to a Lamesa hospital. Wayne Wilson was dismissed from the hospital Saturday, and Kenneth Caswell, is reported to have chest lacerations, a dislocated collarbone, and his right foot is broken.

Grandview And Munger Hold Red Cross Auctions

Two communities in this county held entertainments last week to help raise funds for the Red Cross drive.

Grandview had a pie supper Friday night, March 16, at which \$267.50 was collected. Jess Merrick served as auctioneer at the affair. Mrs. E. J. Mitchell served as chairman of the drive in that community.

A contest to determine the most beautiful girl was also conducted that night. Miss Juanita Archer, daughter of Mr. and Mrs. Bill Archer was declared the winner. It is reported that \$100.00 was raised from this contest.

Munger community also held an entertainment to get donations for the drive, and raised \$300.00, which put them over the top with their quota.

County Judge Kilmer B. Corbin made a talk for the occasion, and boxing matches, and other entertainments were featured. An auction sale was held, at which time pies, cakes and candy were sold. One box of hersheys brought more than \$50.00. Col. Houston Glasson served as auctioneer.

Don't throw away leftover muffins. Split and toast, and pour creamed fish over them for a ration-pointless and nourishing treat.

Final Rites Were Held For Kenneth Williams Sunday

Final rites for Kenneth Williams, 14 year old son of Mr. and Mrs. Jim Williams of this city, who was killed in a collision Friday night, were held Sunday afternoon at the First Baptist Church in Lamesa at 2:30 p. m. The Rev. H. G. Gantz, pastor of the First Christian Church of Lubbock officiated at the services and was assisted by the Rev. J. E. McCoy, Big Spring minister. Burial was made in Memorial Park Cemetery in Lubbock, where graveside services were conducted at 5 p. m.

Kenneth was killed in a head on collision Friday, when he and friends, Billie Ruth and Patricia Ann Pope, daughters of Mr. and Mrs. J. C. Pope of this city, were returning from O'Donnell where they had attended the junior play. The sisters, who both suffered injuries, are in a local hospital receiving medical treatment.

Born June 23, 1930 in Lubbock, Kenneth attended school in Lubbock, Hereford and Lamesa. He was in the 10th grade in Lamesa High School at the time of his death, where he was a popular and well known student. He was winner of first place position in the regional meet in declamation in Canyon last year, where he served as a Lamesa school representative.

Lamesa had been his home for the past four years, and young Kenneth had been an outstanding musical student, and active in his church work. A member of the First Christian Church, he had been active in the Summer Church Conferences, and was elected president last Fall at a conference in Lubbock of the Young Peoples Association of First Christian Churches of this district. Kenneth was also a member of Scout Troop 22.

He is survived by his parents, Mr. and Mrs. Jim Williams of this city; one brother, Corky who is seven; and a sister, Nir Kay, who is six years of age. Other survivors include his grandparents, Mr. and Mrs. E. L. Williams of Albuquerque, New Mexico; Mr. and Mrs. D. T. Lindley of Lubbock and his great grandmother, Mrs. W. C. Carter of San Antonio.

Serving as pallbearers at the funeral services were George Hart, John Leuenberger, Loraine Morris, Tommie Allen, Tom Branon, all of Lamesa; and John Samuel Combs of Hereford. Honorary pallbearers were Scoutmaster Joe Spikes and members of his troop.

A number of out of town relatives were here for the services including Dr. and Mrs. W. S. Carter and daughter, Mildred of Rising Star; Mr. and Mrs. Ernest Keeling of San Antonio; Mrs. W. G. Carter of San Antonio; Mr. and Mrs. D. T. Lindley of Lubbock; Mr. and Mrs. E. L. Williams of Albuquerque; Mr. and Mrs. Curtis Williams of Santa Fe; Bud Williams of Clovis; Mrs. Glen Smith of Dimmitt; Mr. and Mrs. Bob Miller and family of Amarillo; and Mr. and Mrs. Brit Boyd of Hereford.

Out of town friends attending the services were Mr. and Mrs. Hal Yoder of Mesalero, New Mexico; Frank Given of Hereford; Mr. and Mrs. Ellis Combs and son, John Samuel of Hereford; Mr. and Mrs. (Continued On Back Page)

Paper Needed For Drive Which Will End Saturday

The punches the fighting men are giving to the Axis enemies on their marches to Berlin and Tokyo are all packed in paper — for the greatest part in paperboard manufactured from your own old newspapers and brown wrapping paper.

Every time you burn or destroy your waste paper you are depriving the armed forces of just that much vital material needed in packaging all of their necessities, from K rations to artillery shells.

In an effort to help supply the army's need for waste paper, a paper drive is now being conducted in this county, and the local salvage committee is asking every citizen to save all the paper they can and to take it to a freight car on the railroad track Friday and Saturday, March 23 and 24.

Estimates of the War Production Board and the United States Department of Commerce conservatively put the amount of waste paper now being salvaged at only 50 per cent. Waste paper inventories are now at their lowest points in years and the need is greater than it has ever been.

If the war in Europe should end, then the need for waste paper will be greater than ever because mountains of supplies in the European theatre must be repackaged for shipment to fighters in the Pacific.

You can help this situation by saving all of your old newspapers, folding them flat and tying them in bundles about 12 inches high. Save all of your magazines and tie them in bundles about 18 inches high, and save all of your corrugated boxes and cartons, and flatten them out and tie them in bundles about 12 inches high. Wastebasket paper should be packed in a box or bundle so that it will make a substantial weight and can be carried.

See that your supply of waste paper is taken to the freight car Friday and Saturday so that it may find its way to the mills to be made into war vital paperboard for packing the punch needed for the fighting men.

T-Sgt. J. Winborn Is Awarded His Second Cluster

AN EIGHTH AIR FORCE BOMBER STATION, England — Technical Sergeant J. R. Winborn, 21 year old son of Mr. and Mrs. E. Everheart, Lamesa, has been awarded the second Oak Leaf Cluster to his Air Medal, it was recently announced.

Sergeant Winborn received his latest decoration for "meritorious achievement" while serving as a waist gunner of a B-17 Flying Fortress during sustained combat operations over enemy territory.

A veteran of more than a score of daylight bombing attacks against targets in Nazi Germany, Sgt. Winborn has participated in some of the Eighth Air Force's greatest assaults of recent months. Besides flying in the huge formations of heavy bombers that pounded vital synthetic oil refineries in the Hamburg-Harburg area, he has taken part in many

Pfc. James V. Stone, whose wife resides in this city, is now serving overseas with the ground crew of the Air Corps. He has been overseas since December of 1943. Entering the service on November of 1942, he received his training at Sheppard Field and San Diego, California. Pfc. Stone is the son of Amos Stone, a former resident of this city, who now makes his home in Arizona. One brother, A. S. Stone Jr., resides in Lamesa.

Hancock 4-H Boys Go On Camping Trip

Hancock 4-H Club boys went on a camping trip Friday, March 9. The group camped on the Dean Ranch, having made arrangements to do so with Roscoe Holton and Bert Sherman.

Club sponsor, W. M. Reed and county agent, T. A. Barfield, accompanied the boys on the trip. Games were played, and the boys reported a good time.

attacks on tactical targets — bridges, supply centers, railway marshalling yards and communications — in coordination with the Allied ground forces.

A graduate of Union High School in Lamesa, Winborn was employed as an aircraft worker by the Consolidated Aircraft Company in San Diego, California, prior to his entry into the Army Air Forces.

A member of the Infantry is Pvt. Valton N. Haney, the son of Mr. and Mrs. J. M. Haney Sr. who reside on South First Street in this city. He entered the service on December 26, 1944, and received his training at Camp Roberts, California. A 1935 graduate of Lamesa High School, Pvt. Haney farmed prior to entering the service. His wife and 4 year old son, Ronnie, and 10 months old daughter, Norma, reside in the McCarty Community.

Eskimos Outsmart GPs At Same Old Army Game

By Paul Marsh
(A Coast Guard Correspondent)
MADE IN U. S. A.

Veteran Coast Guardsmen stationed in Alaska chuckled when two recently arrived buddies made purchases in the native curio market. One G. I. Joe proudly displayed a miniature totem pole, about a foot

in height and very gayly colored, for which he had paid 10 dollars. "Nothing like it in my home town of San Francisco," he said.

His companion from Chicago was equally jubilant over a bargain. It was a multihued shawl replete with Eskimo designs, which he explained was painstakingly woven by a princess of the Thlinket Tribe.

But the souvenir-wary Coast Guardsmen, accustomed to the vagaries of the native curio market, were unimpressed. One quick glimpse of the recent acquisitions brought forth loud guffaws of sympathetic laughter.

When they turned over the totem pole, they pointed out to its new owner a tiny inscription burned into the wood. Although it was covered with paint, it was easy enough to decipher the words, "Made in San Francisco."

Slowly the Chicago G. I. scrutinized his hand-woven Thlinket princess scarf. His face dropped when he found a small label, almost obscured by a splotch of scarlet. The label read, "Made in Chicago."

Crop Insurance Is Explained By Local AAA Group

Farmers have until April 10 to secure crop insurance. Applications are being taken currently by community committeemen of Dawson County and at the local AAA office.

AAA officials state that with cotton crop insurance you have insured production varying according to the stage of the crop's development. The basis of adjustment is 40 per cent of the maximum coverage if loss occurs too late to replant to cotton but prior to first cultivation, and 75 per cent of maximum coverage between the first cultivation and end of harvest and maximum coverage between harvest and reaching the gin. Adjustment of losses are made by FCIC representatives.

An announcement from the AAA office states that premium payment on the insurance may be made in cash or in a premium note maturing about harvest time, and the premium is deductible from AAA payments, loans or losses. Premiums and indemnities are each increased by 20 per cent if cotton seed protection is included. The policy is assignable for credit purposes.

Provisions are that an owner, operator, tenant or share cropper, are eligible to insure their interest in the crop at planting time, and persons having interest in the cotton at the time of loss are entitled to the indemnity payment. The insurance automatically transfers if a farmer sells his crop before picking time. The staple length of cotton for the payment of premium and indemnity are determined by the insured.

The contract covers a one-year period. The grower gains by in-

sureing his crop each year, if he does and suffers no heavy losses, his premium may be reduced as much as 25 per cent, according to the AAA report.

The grower is to notify the county AAA committee immediately after transferring the crop or farm to another owner, and the grower must notify the county committee immediately if loss is expected before the crop is harvested or other use is made of the land. The administrative cost of the program is said to be carried by the Federal government.

Cotton crop insurance provides assured returns from the day of planting, protecting against all unavoidable losses, and insures returns from planting to delivery at gin, it is stated by AAA officials.

Sgt. E. C. Dement Is At Big Spring Base

Sgt. Edward C. Dement, whose wife's home is at 607 North Fifth Street, in this city, recently arrived at the Big Spring Bombarrier School and has been assigned to duty.

The son of Mr. and Mrs. G. W. Dement, of Star Route 2, Lamesa, the Sergeant attended North Texas State Teachers College and was a motion picture projectionist before entering service.

Pidgin English is often used in official documents, especially in New Guinea.

4-H Boys Report Enjoyable Time At Stock Show

Four-H Club boys attending the Fat Stock Show in Fort Worth last week report an interesting, and enjoyable time. Dawson County boys making the trip were Leon Archer, Donoman Phipps, Ben Mac Dopson, Vernon Hogg, Tommie Allen, Willie Gene Davis, Wilburn Lobstein, Charlie Fields, Wilbur Ray, Ed Lauderdale, Vernon Hogg, Wayne Hoskins, Harold Hancock, Earl Hatfield, Sonnie Motley, and County Agent, T. A. Barfield.

J. E. Kilpatrick of O'Donnell carried the group on his truck which was partially loaded with auto parts and hay. The boys left Sunday March 11.

Their sleeping quarters were in the Will Rogers Stadium.

The first night they were there, the group attended a carnival. On Monday, which was designated as 4-H Club Day, they watched livestock judging, and then attended a 4-H Club show at which approximately 3,000 were present. In the afternoon they went to a rodeo. They left Ft. Worth Tuesday morning, returning home that afternoon.

Local 4-H'ers were impressed with the good livestock exhibits, and the boys came home with determination to have beef calves in next years show.

Major Cleve Austin of San Antonio and Mr. and Mrs. Howard Austin of Lubbock spent the week end here visiting with relatives and friends.

Much land between Ecuador and the Gulf of Panama is still unexplored.

O. K. Will Stage Pie Supper Friday For The Red Cross Drive

A pie supper to gain funds for the current Red Cross War Fund campaign will be held in O. K. community Friday night, February 23. The supper is to be held at the school, and will begin at 8 p. m.

Col. Houston Glasson and Jess Merrick will serve as auctioneers for the affair. In addition to the pie supper, a pretty girl contest will be featured, and music will be furnished by Col. Glasson and his cowboys.

Everyone is cordially invited to be present for the affair.

AND A DROP, TOO!

Invasion Lensman

Official U. S. Coast Guard photo.

C. E. Collins, of Columbus, Ohio, pauses on his Coast Guard-manned LST following the invasion of the Philippines. To get battle "shots," he went in with assault forces and became the first Coast Guardsman to set foot on Jap-held Leyte. The whiskers aren't regulation equipment, but an invader's privilege.

Fun With Science

AP Newsfeatures

It doesn't agree with the arithmetic taught in the second grade, but a quart of alcohol mixed with a quart of water will not make two full quarts of mixture. The reason is "molecular interpenetration" — like adding small beans to a barrel "full" of large potatoes but which actually has lots of unoccupied space.

Colored Yarn Tinted Cotton No

AP Newsfeatures

STONEVILLE, Miss. — United States Scientists here are growing white cotton, green cotton and eight shades of brown cotton — but they are quick to point out that the brown and green fibers are of "absolutely no commercial value."

The Russians have claimed two additional hues, rose and lemon.

And Moscow radio says cloth—12,000 yards of it — was woven from colored lint last year. This year, Moscow adds, 700 tons will be grown from which a million yards of colored cloth will be produced.

But the U. S. scientists apparently have not hit on the Soviet technique and up to now, they say, they have not obtained Soviet seed.

Of colored lint fibers produced at the U. S. Cotton Field Station here Geneticist J. Winston Neely writes: "Any statement indicating that we anticipate their use in manufacturing undyed colored fabrics would be a misrepresentation of facts."

But another report from the field station discloses that: "These colored fibers have been made into yarn and woven into fabrics by elderly ladies in sponsored organizations at Fayetteville, Ark., and Abbeville, La."

Station scientists say that brown lint occurs in every known species

of cotton.

Only American upland cotton, they say, produces Green fibers which are bright colored when the bolls first open, but on exposure to light gradually fade to a brownish green.

But other than for use as "markers" in inheritance studies the geneticists see little value in the colored cotton they grown.

"The colored fibers are characterized by very low yields and very low lint percentages. The brown lints are very short and weak, and fabrics made from them are very mottled because of the variation in intensity of the pigments," the station report says.

"The green-lint fibers have, however, been made into yarn that is as strong as the yarn ordinarily obtained from longer cottons. The instability of the green pigmentation would prevent the commercial use of green fibers as a means of obtaining natural-colored fabrics."

ICE CREAM BARGES PLY SOUTH PACIFIC

WASHINGTON (AP) — With a new type refrigerator barge, the Army hopes to bring fruits and ice cream, fresh meats, fruits and vegetables to soldiers stationed on islands in the Southwest and Western Pacific.

The barge, known as the BRL (Barge, Refrigerated, Large), has a unit which turns out ten gallons of ice cream every seven minutes and an ice plant which manufactures five tons a day.

The equivalent of 64 carloads of

frozen meats can be stored in the eight main holds at 12 degrees above zero. Two main deck compartments each have a capacity of about 500

measurement tons of fresh vegetables, cheese, eggs and other perishable produce.

PIT LOCATED BY THE OLD OSBURN'S DRIVE-IN CAFE.

Your questions on allotments, insurance, legal problems or other matters as they relate to Army personnel and their dependents will be answered in this column or by letter. Write Headquarters, Eighth Service Command, Dallas 2, Texas.

Q. Have the soldiers of the Medical Department ever been given an insignia like the badge the Infantry wear?

A. Yes. The War Department has authorized a Medical Badge for members of the Medical Department who are assigned or temporarily attached to the Infantry during combat. It is of silver metal, elliptical in shape, and shows the Medical Department caduceus and the Geneva cross superimposed on a litter surrounded by a wreath of oak leaves. It is worn on the left breast above decorations and service ribbons.

Q. My husband has been a prisoner-of-war in Germany. When he is liberated will he be immediately re-assigned to duty, or can he come home for a furlough first?

A. The present War Department policy is to give any soldier who has been a prisoner-of-war for more than thirty days a furlough before re-assigning him to duty.

Q. Our son was discharged from the Army a year ago and now has to go back to the hospital for further treatment. Is a veterans' hospital the same as an Army general hospital?

A. No. Veterans' hospitals are operated by the Veterans Administration, which is not a part of the Army, and their patients are discharged service personnel. Army general hospitals are operated by the Army for soldiers who require medical treatment while in the service.

Sgt. Cecil Dement of Big Spring spent the week end here visiting with his wife and other relatives.

Mrs. John Hazelwood of Spur spent several days here this past week visiting in the home of Mr. and Mrs. Scott Robertson.

Mr. and Mrs. John B. Krohn of Aberdeen, Washington, are visiting

Q. My husband is in an Army hospital, but it will be some months before he is discharged. We would like to borrow some money under the G. I. Bill of Rights to buy a farm. Since it is known that, because of his injury, he will not be retained in the Army, could we take out our loan now?

A. No. Benefits of the G. I. Bill of Rights are available only to personnel of the armed forces after their discharge.

here this week in the home of Mr. and Mrs. Oscar Krohn.

Tech Sgt. Rufus W. Standerfer of Twax, Field, Madison, Wisconsin, is visiting here this week in the home of Mr. and Mrs. Oscar Krohn.

Mrs. John Hazelwood Jr., and Mrs. J. H. Carlisle of Lubbock spent the week end here visiting with friends and relatives.

Pfc. Harlin Thomas of San Antonio spent the week end here visiting with his wife.

Mrs. Robert Wade is visiting with her parents, Mr. and Mrs. Grimes in Mineral Wells this week.

Clare Boothe Luce, now a congresswoman was Mary Pickford's understudy in 1913 in David Belasco's Broadway production, "A Good Little Devil."

Praxadis Ramos Lopez, Nuevo Laredo; 2nd Lt. Miguel Arreola Moreno, Durango; 1st Lt. Javier Valle Martinez, Mexico City, and 2nd Lt. Mario Portillo Lopez, Mexico City. Man at right kneeling is not identified. (AP Photo).

Courier Wants The Servicemens Letters

To the Servicemen of Dawson County—to either Soldier, Sailor, or Marine, from England to Alaska, Italy to New Guinea, Burma and India to the Hawaiian Island, the Dawson County Courier is extending an invitation to you to write letters, short articles, poems, or anything you think might be interesting to your friends and parents back home; and each week as many as possible will be printed in this paper.

Through this method, the Courier hopes to acquaint the people at home with some of your activities. This is only a suggestion to you to help bring us closer to you and the experiences you are having.

Address your letter to Dawson County Courier Office, Lamesa, Texas, and send your letters as soon as you can.

Attention is also called to parents of men in service to bring in any letter you have received from your sons that might prove interesting to the reading public, as these will also be printed.

How the earth has "shrunk" is illustrated by the fact that in 1620 the Mayflower took 65 days to cross the Atlantic; in 1838, the first steamship took 15 days; in 1938 the Queen Mary needed four

days for the crossing while today it can be done in 15 hours by air.

T-5 Wray And Lt. Singleton Were Honored Recently

Two service men of this territory were presented medals at a military review held at the Big Spring Bombardier School Saturday morning.

One of the nation's highest awards for gallantry in action—the coveted Silver Star — posthumously awarded Technician Fifth Grade James M. Wray of Knott, was presented to his wife, Mrs. Minnie Wray of Pecos.

A field artilleryman, Wray was killed last August in Normandy in the action for which he was cited. His wife had previously received his Purple Heart.

Son of Mr. and Mrs. W. B. Wray of Knott, Wray had been in the army four years and overseas about a year.

Mrs. Mary E. Singleton of Ackerly received the Air Medal for her son,

Lt. Allen D. Singleton Jr., P-38 pilot shot down over Germany and taken prisoner last April 8. A former student of the Westbrook High School, Lt. Singleton had been overseas since January 1944.

Styrene is widely used in the manufacture of plastics.

Odessa Calf Show Scheduled This Week

A beef calf show will be held in Odessa March 22, 23, and 24 and several Dawson County 4-H Club boys will take their stock to the show, according to T. A. Barfield, county agent.

Boys planning to participate in the event must be in Odessa by noon on March 22. The judging will be held on the 23rd, and the calf sale will follow on the 24th.

Last year, one local 4-H Club boy received 28 and 29 cents per pound for stock he sold at the show.

The earliest equivalent of the modern newspaper was a series of public announcements issued during the Roman empire.

Feed and Milk Production Asked Increased

Texas dairymen have been asked to produce two per cent more milk this year than in 1944. Since proper feeding and care make up the only road to realizing this goal, G. C. Gibson, dairy husbandman for the A. and M. College Extension Service, urges dairymen to plan early and thoroughly not only their 1945 operations but their feeding program as well.

In planning, Gibson suggests that they consider these points: (1) Keep good producing cows and sell low producers while beef prices are favorable; (2) Have only as many cows as can be fed and milked properly; (3) Balance the herd with the feed supply; where feed must be bought try and obtain a supply at harvest time; (4) Own the best bred bull of your breed which can be found.

In the feed picture Gibson sees prospects for a shortage of roughage. This means producing more good roughage at home. Pastures, which must be used to the fullest this year, will furnish more feed if the grass is allowed a good start before being grazed. Mowing weeds will give the grass a chance to grow and also keep it from going to seed, thereby lengthening the grazing period.

Pastures should be cross fenced to establish rotate grazing and milk cows given first chance at each pasture. Sudan planted in rows should be included in the crops plans at the rate of one acre per cow. Cattle grazing along the rows trample less grass than when it is in drills. Should sudan make more growth than can be grazed it should be cut for hay before heading out.

Gibson says that good hay, allowing a minimum of one top per cow, will ease lots of feed pains, but silage still is necessary. Three tons per cows is the least amount to plant, but six tons would give a reserve in case of pasture failure. An average of one ton of concentrates, 500 pounds of which should be a protein concentrate, will be needed for the year's feed supply. Cows should be fed concentrates according to production, meaning good milkers will get more than poor ones.

BATHMOBILE TO TOUR HOLLAND'S AREA
 NEW YORK (AP)—Sixteen bathing vehicles, ten mobile laundries, and two repair trucks will be used for six months of relief work in the liberated areas of Holland where disease and ill-health have greatly increased owing to lack of soap, hot water, and other laundry facilities, according to Netherlands Premier Peter S. Gerbrandy.
 Since 1940 these machines have provided baths for more than 1,000,000 people in bombed British towns and have washed 3,250,000 garments.

DRAGON FLY TACTICS — Diego says, telling of one which drove other insects from a food supply by buzzing them like a fighter plane going after a bomber. S-Sgt. Robert C. Peveryly of San Diego says, telling of one which drove other insects from a food supply by buzzing them like a fighter plane going after a bomber. —: **BUY MORE WAR BONDS** :-

New Dope On Marihuana

By JACK STINNETT

WASHINGTON — Tucked away in the reports of the Treasury Department is something that is causing new creases in the brow of Treasury Enforcement Chief Elmer L. Irey: the traffic in marihuana is increasing.

Irey admitted that in 1944 it became one of the serious problems of his department. Seizures were greater than in previous years and there were positive indications that the marihuana business now is big time, with well-financed national and even international gangs operating.

New York City, says Irey, is the focal point of the illicit traffic now and four major gangs peddling marihuana have been broken up there in the last year. Where previously Treasury agents took over ounces of the smoke weed, they seized pounds last year.

Traffic in opium and its deriva-

tives apparently has declined some, says Irey, but heroin—one of the most vicious of all drugs — has made its appearance again in the United States for the first time in several years.

Treasury Enforcement officials are particularly perturbed about the spread of marihuana because it so often leads to violence.

Drugs, however, haven't been the only headache that Treasury Department enforcement agents have had in the last year. Secret Service has embarked on an entirely new sea in the last year or so—black market dealers. More than 1,000 persons actually were arrested and charged.

Treasury claims the black market in liquor has virtually been smashed, but other major activities in this field included arrests for the counterfeiting of ration stamps, illegal diversion of sugar and attempts to export or import controlled commodities.

One-fifth of the thousand arrests for black market operations were for the counterfeiting of ration stamps, principally gasoline and sugar stamps. In some cases

printing plants and thousands of counterfeit stamps were taken by the operatives.

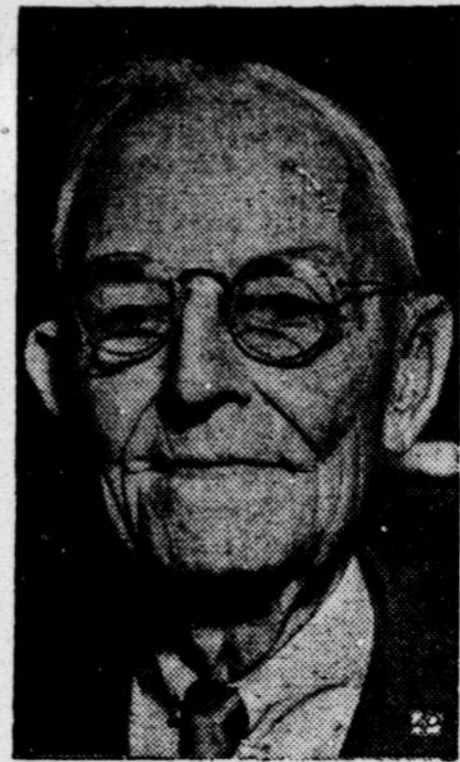

The number three headache of the department last year was the forgery of government checks. In this comparatively new field, the department made 1,800 arrests.

Often these cases are so local in nature that they never make headlines. Measured in toto, they are almost new fields of crime that have spread throughout the country.

There are dozens of minor rackets resulting from the war that treasury has had a hand in breaking up. These include the prevention of a drain of used cars into Mexico (where there's no ceiling); the break-up of a counterfeiting outfit that was turning out \$5 automobile use stamps; and the smuggling across the border of jewels and such things as Mexican silver cigarette lighters.

And If She Stubs Toe?

BANGOR, Me. (AP)—Mrs. Henry N. Hudson, a tall woman, struck her head against a store awning and sprained her ankle.

LEGISLATOR — Rep. Boni Leyendecker represents the Laredo district in the Texas House of Representatives.

I'M YOUR NEW DODGE-PLYMOUTH DEALER

AND I'M HERE TO GIVE YOU SERVICE!

It's a real pleasure to tell my friends and neighbors in this community of my appointment as the local Dodge dealer.

I regard this appointment as making me definitely *responsible* to every local owner of a Dodge or Plymouth car, or Dodge *Job-Rated* truck.

If you own a Dodge or Plymouth—you'll find me ready to do everything I can to help you keep it in good running order at the lowest cost to you.

When new Dodge and Plymouth cars are again available, it will be an added pleasure to assist you in owning one of these beautiful and *dependable* vehicles.

Right now, Dodge is building new *Job-Rated* trucks for essential civilian use. If you need a truck to *fit your job*, I suggest you see me at once.

Whatever your present or future needs may be—I will appreciate an opportunity to serve you. I want you as a customer and a friend—now, and in the days to come!

Come In... See My Shop... Get Acquainted!

You'll get good work in my shop. It will be the work of experienced men who take pride in doing a job right. And the price you pay will always be fair and reasonable.

You may have heard about wartime shortages of car and truck parts. But you needn't worry much about that. I have in

stock now, and will keep in stock at all times, the most frequently needed parts—reliable, factory-engineered Dodge and Plymouth parts.

Come in any time. I'll be glad to see you and to serve you... and always to the best of my ability.

PLENTY OF FACTORY-ENGINEERED PARTS TO KEEP YOUR CAR OR TRUCK "ON THE JOB"...FAIR PRICES AND FAIR TREATMENT!

MEDLOCK-BECKHAM MOTOR CO.

DODGE AND PLYMOUTH CARS... DODGE *Job-Rated* TRUCKS

Davie Alred Hurt Friday Afternoon

Davie Alred, 15 months old son of Cpl. and Mrs. Joe Alred of this city, was injured Friday afternoon, when he fell from a car when the door came open. The car ran over his head, and the infant is reported to be in a critical condition. The accident was reported to have occurred at approximately 6 p. m.,

Friday afternoon, March 23. Cpl. Alred is a member of the military service and is now serving overseas, being stationed in the European theatre.

Miss Dorothy Painter of Lubbock is visiting here this week with her parents, Mr. and Mrs. Amos Painter.

**Plans Made For
A Labor Saving
Show In County**

County Agent T. A. Barfield, accompanied by several local implement dealers and farmers, attended a labor saving device exhibition held in Lubbock, Saturday, March 17. The exhibit was held at Texas Technological College.

The object of the show was to give farmers ideas about various types of labor saving machinery, and to uncover devices that would help in these times of labor shortages.

According to an announcement from County Agent Barfield, plans are underway for such an exhibition in this county. Barfield re-

ported that the exhibition would be conducted here in May. He stated that it was probable that labor would be scarce in this area, and that a labor saving device exhibition would be helpful to many local farmers.

**Brinda J. Swafford
Buried Here Friday**

Brinda Joyce Swafford, infant child of Mr. and Mrs. Dink Swafford of this county, passed away Friday, March 16, at 1 a. m. Funeral services were held Friday at 3 p. m., at the Lamesa cemetery with the Rev. J. W. Benson officiating.

Survivors include the parents, Mr. and Mrs. Dink Swafford; grandparents, Mr. and Mrs. F. M. Swafford and Mr. and Mrs. L. McClen-don; and one brother, Jerry Mack.

**Two Cars Collided
In City On Friday**

Two cars collided near the square on the street between the First National Bank and Collins Dry Goods store here Friday at approximately 7:15 p. m.

In one car was Tracy Campbell SC 1-C, who had arrived here for a five day visit with his family. He is en route from Virginia to San Diego, California, and was given a short leave. An O'Donnell resident was driving the other car.

None of the occupants were injured. The cars were damaged some.

When the United States was first established, there was no money in the federal treasury and no machinery for collecting taxes, no judiciary, no court system and no means of enforcing federal law.

Sgt. Aslin Tells Of Travels In European Area

Editor's Note: Below is printed a letter from Sgt. J. P. Aslin, Jr., which was written to his parents, Rev. and Mrs. J. P. Aslin, who reside on Route 1, in this county. Sgt. Aslin has been overseas since February 21, and is stationed in France. He has been in service 14 months, prior to which time he worked at Piggly-Wiggly in this city. He is a graduate of Lamesa High School, where he played football.

March 7, 1945
Somewhere in France

Dear Folks:

Hello Mom and Dad. How are you all getting along these days—fine I hope. As for me I am making it all O. K. I guess.

Well, I have seen a lot more country than I ever expected to when I was a kid. I have been through Scotland, England, and am now somewhere in France. Boy, we have seen a lot of wreckage since we hit this place. A lot of these buildings are torn all to bits over here. We have seen some of the places that the Germans had so well fortified, but they are not that way any more.

Scotland is a beautiful place. We came through in the day time and saw a lot of it. It is pretty hilly but they farm right upon the sides of the hills. I never saw so many hills in my life as I saw along the way. They were small—but I mean there were plenty of them.

Have you heard any more from Paul? I am just wondering where he is over here and how he is making it now. I hope that he is all right.

I think that by now I have caught up on my sleep. That is nearly all I have done. On the boat I laid in my bunk the biggest part of the time. I read a lot to, just to pass the time away. When I did get out of that bunk, it was to eat or to go up on deck and take a smoke.

Well, I think I will close for this time.

Your son,
J. P.

Albert Payne Enters Maritime Service

Albert L. Payne, son of Mr. and Mrs. A. L. Payne, of this city, is now enrolled at the United States Maritime Service Training Station in St. Petersburg, Florida. Payne attended the Dawson High School at Welch and Texas Tech, at Lubbock, prior to enrolling in the Maritime Service.

He is now in his preliminary period of training, and upon completion of that he hopes to enter the Pharmacist Mate's School, where he will receive specialized training in anatomy and physiology, pharmacy, hygiene and sanitation, clinic, emergency treatment, etc. Payne will then be qualified to be a Pharmacist Mate attached to a medical unit in the U. S. Maritime Service.

Alligators' ears, found directly behind the animals' eyes are concealed and protected by flaps of skin.

Citizens Continue Work On The Red Cross Fund Drive

Dawson County citizens are still busy raising the Red Cross War Fund quota of \$12,600. Several communities have staged pie suppers and cake walks to help complete the quota and have reported successful results.

Donators to the drive since last Thursday, March 15, include the following persons:

D. L. Adcock contributed \$50.00 and Mrs. C. L. Gautney, the Lamesa Rotary Club, Bert E. Sherman, and Cicero Smith Lumber Company gave \$25.00. Mr. and Mrs. John N. Self contributed \$20.00.

Those donating \$10.00 to the drive were Wood & McSpadden Grocery, Mr. and Mrs. R. T. Bedwell, Mrs. M. H. Hamilton, E. E. Barron, I. L. Honeycutt, R. A. Vinzant, and W. H. Zeeck. G. E. Kline donated \$6.00.

Five dollars gifts were given by C. Flowers, Mrs. Bessie Hubbard, Mrs. Kate Phillips, W. W. Hubbard, Mrs. M. E. Allen, Robert C. Martin, G. W. Kline, C. H. Williams, R. B. Hoffman, A. T. Klas, Mr. and Mrs. Lou V. Gibson, Mr.

and Mrs. Jim Gibson, U. R. Middleton, Mr. and Mrs. E. Hancock, Mr. and Mrs. Phillips, and Mrs. F. W. Lasky.

The Red Cross is doing the work you want done. They are carrying clothing and medicines to war victims all over the world, sharing the dangers of combat to help your fighting sons in fox holes, or on life rafts.

In every invasion during the past year, the Red Cross has either gone with the troops, or has followed within a very short time. Red Cross workers also are on duty at scores of out-posts over the world, giving aid to wounded men in hospitals in the major battle areas.

Every dollar you give to the Red Cross drive feeds a starving child, comforts a wounded boy, helps a stricken family.

This year—when the need is double—give double. Turn your contribution in today, if you have not yet donated to the 1945 fund.

Sgt. Turner, A Pacific Veteran Died March 14

Sgt. Elbert T. Turner, a veteran of fighting in the Philippines and former Lamesa resident, died in the Fitz Simons General Hospital in Denver, his father, M. R. Turner of this city, was notified Wednesday, March 14.

Funeral services were conducted Saturday, March 17 at 3:30 p. m. in Wellington. He was given a military service.

Sgt. Turner entered the service October 27, 1942, and left for overseas duty in December of 1944. He was wounded December 10 in the Philippines, and also suffered from Malaria. According to information received here, however, his wounds had healed and he expected to receive a furlough to visit home within the near future. He became seriously ill only a few days before his death. He was 32 years of age.

Sgt. Turner made Lamesa his home before entering the service in 1942, during which time he farmed.

Surviving Sgt. Turner are his father and stepmother, Mr. and Mrs. M. R. Turner of this city, and four half brothers, J. C. and Grady Turner and J. L. and Loyd Branch; also four half sisters, Mrs. S. V. Latham, Mrs. J. W. Qualls, Mrs. B. Jones and Joan Turner. All were able to attend the funeral services except J. C. and Grady, who are both in the Pacific Theatre, and Mrs. J. W. Qualls.

Final Rites—

(Continued From Front Page)

J. E. Fuller, Mr. and Mrs. Jack Silcott, Mr. and Mrs. Shorty Silcott and family, Mr. and Mrs. Dub Granbery, Roy Granbery, Mr. and Mrs. Walter Schier, and Mr. and Mrs. Lloyd Cowart all of Olton; Mr. and Mrs. O. A. Lambert, Mrs. J. O. Jones, George Kuykendall, and G. E. Dawson, all of Lubbock.

Mrs. Babe Cox and Miss Jo Stricklin spent the week end at Snyder visiting in the home of Mr. and Mrs. M. M. Shearer.

Mrs. Herbie Abrams of Amarillo is visiting here this week with her mother, Mrs. H. M. Meek.

AN INVITATION TO OUR FRIENDS AND CUSTOMERS

You are more than welcome to stop in and visit us whenever you are in town. Whether it's just to pass the time of day; or get information about tires and tire care, we like to have you come in.

We take pride in being the local headquarters for tire information. You can get from us complete information on government rules and regulations affecting tires and other rubber products.

Because we aim to provide always the finest products available, we handle the complete line of B. F. Goodrich tires for passenger cars, trucks, tractors, and implements. And, we're ready at all times to help you get greater service from your tires, whether you bought them from us or elsewhere. You can get the benefit, through us, of all the expert knowledge of B. F. Goodrich engineers on the subject of tires and tire care.

RECAP and RIDE

New tire allotments are reduced. Your chances for a new tire are slim. The best solution is to RECAP NOW. You get thick, new, safer treads on your worn tires. We use the B. F. GOODRICH METHOD. It's factory-approved and mileage proved. NO RATION CERTIFICATE NEEDED. Let us counsel you on repairing cuts and bruises, proper pressures, all tire problems. Quality materials used.

War needs come first. If you wait for new tires, you may regret it. Tires that are too worn cannot be recapped. And our recapping plant may become so busy that you will have to wait. Better ACT TODAY.
