PROSECUTION OF BIG BORGER LIQUOR RING IS PLANNED

FEDERAL MEN GATHER DATA UNDER COVER

Former Officials in
Hutchinson Are
Charged

RELEASE OF JONES SOUGHT

Habeas Corpus May Be Invoked at Canadian

BORGER, Oct. 7. (P)—Charges of possession of liquor have been filed against eight persons, including one official and three former officials, District Attorney Clem Calhoun announced here today.

Those charged were, Cal Baird, deputy sheriff, J. D. Lee, D. T. Blassingame and Clint Mitholton, former policeman, and Charles Hale, Lonnie Anderson, and Mr. and Mrs. Fred English.

As Borger today entered its second week of martial law, it was learned federal officers were prepared to prosecute one of the largest liquor rings the Panhandle has seen. Two federal investigators have been gathering evidence, one as an undercover man, for the last six months. The second was sent to Borger after martial law was declared. Their evidence, which they say will implicate some city and county officers, probably will be presented to the federal grand jury at Fort Worth.

Meanwhile, 46 prisoners languished in the city and county jails awaiting action by the district grand jury. It also was said charges would be filed against city and county officers.

At present Mayor Glenn A. Pace is under \$3,000 bond on a charge of causing S. E. Broome, witness in the Charles Hale murder case, to leave town. Sam Jones, deputy constable, faces extortion and accepting a bribe charges. It was alleged he took \$20 a week from a reputed bootlegger, Walter Moomhall, justice of the peace, resigned after spending several hours in jail, where he was placed for investigation.

The military court of inquiry, established by Brigadier General Jacob Wolters, continued questioning witnesses on the "entrenched criminal ring," but no unexpected testimony was presented, it was said. The court also is attempting to find clues to the assassin of District Attorney John A. Holmes, slain Sept. 13.

Rumors today were that an attempt would be made to obtain the release of Jones on bond. Jones, held under general order six, which specifies that all members of the "criminal ring" may be detained until "obedience to law has been restored," had been denied bond. It was believed habeas corpus action might be instituted in Canadian, where district court was in session. The regular court term here does not open until next Monday.

Killifer Promoted

ST. LOUIS, Oct. 7. (P)—William Killifer, Jr., today was appointed manager of the St. Louis Browns for the next three years, succeeding Dan Howley. Killifer has been assistant manager.

WEST TEXAS: Fair, cooler tonight; Tuesday fair.

—AND A SMILE

BORGER (P)—There must be something wrong with one of Captain Frank Hamer's six-shooters when it misses a target the size of a half dollar less than an inch at 31 paces. The Texas Ranger officer muttered apologetically about worn sights. A sergeant had missed the target by three inches with a rifle.

CENTRAL'S ORCHESTRA BIGGER AND BETTER THIS YEAR—CONCERT TO RAISE FUNDS IS ANNOUNCED

"Sweet Sorrow"— And That Goes For Bankroll Too

CHICAGO, Oct. 7. (P)—Parting was such sweet sorrow for Andrew Cerva last night.

Cerva, sitting in his parked automobile taking a long time saying good night to Miss Alma Niemeyer, was held up by two men with pistols. Cerva had figured out what he would do in such an emergency. He had \$15 in a vest pocket and \$100 in his purse.

"What do you two young fellows want to take my money for?" he temporized. "I'm just sitting here with my girl." He slipped the purse from his pocket, and it dropped to the floor of the car.

"You are insulting," said one of the roughnecks, "even to imply we would steal your money. We don't want your money. We want your car."

A moment later Cerva and Miss Niemeyer stood on the curb watching the receding taillight of the Cerva car, on the floor of which was the Cerva bankroll.

The Central high school orchestra, which last year won honors at the Panhandle festival with 24 members and only a year's training, this year has an even better prospect, according to Thomas Fannell, director. "We are beginning now where we left off last year," he said. "We have a bigger and better organization, with more members, more instruments, and a very greatly increased enthusiasm."

The orchestra now has 31 members. Its greatest problem, Mr. Fannell said, is to complete the instrumentation by adding some of the larger pieces. It is estimated that \$200 will be needed for the purchase of the instruments, which will become the property of the band, when acquired.

Preparation already has begun for a concert which the orchestra will give, in conjunction with other musical organizations, to raise funds for the purchase of instruments, and music. The program will be given Dec. 6, and will consist entirely of ensemble numbers, the director said. In addition to the orchestra selections, there will be choruses by the boys' and girls' glee clubs, piano concertos, and salon numbers by instrumental combinations. Rehearsal for the concert has been started in the semi-weekly practices of the several groups.

The orchestra has the following staff of officers: President, LeFors Doucette; secretary, Vernon Lawrence; treasurer, Violet Schaffer; librarians, LaVerne Twiford, Gene Fatheree; efficiency manager, Curtis Stark.

The instrumentation is as follows: Violins, Gay Fager, LaVerne Twiford, Violet Schaffer, Bob Wallace, Eleanor Frey, LaVerne Vickers, Burdette Kelm, Bonnie Nell Gordon, Dorothy Mae Meers, Ruth Wakeman, Mrs. Dorothy Chambers; first trumpet, Curtis Stark; second trumpet, Carl Jamison; alto saxophone, Gene Fatheree, Mansell Stokes, Albert Doucette, Joe Kahl, Howard Houk; C melody saxophone, Howard Rierdon, Bud Sullins, Charles Frost; B tenor saxophone, Audrey Noel; clarinets, LeFors Doucette, Richard Montgomery, Jimmie McKee; piano, Wanda Barnard; horns, Vernon Lawrence, John Schoofield; drums, Thomas Braly; basses, Bob Mullins; melophone, Howard Richardson.

Texas Day Is Largely Attended at Oil Session

TULSA, Okla., Oct. 7. (P)—The international petroleum exposition and congress moved into its third day with an allied industry—aviation—hold the spotlight. A fleet of nearly 150 airplanes, many of them oil company ships, opened a week's aeronautical program with maneuvers during the noon hour, followed by racing events and mimic warfare.

Typical of the democracy of the "oil game" field rousters brushed elbows with magnates in viewing the exhibits which make the exposition the world's fair of the petroleum industry. Today was designated as Texas day, with large delegations present from San Antonio, Midland, Houston, Fort Worth and Dallas, and as natural gasoline day, pithead day, and Seminole, Okla., day.

The division of development and production engineering of the American Petroleum Institute, Mid-Continent district, opened technical sessions. Papers on engineering practices occupied attention.

Z. A. Stewart, with offices in the Wynne-Merten building, has been appointed sub-agent of the National Surety company in Pampa.

Termination of This
Trial to Guide
Others

WASHINGTON, Oct. 7. (P)—A jury of seven men and five women was selected today to try Albert B. Fall, former interior secretary on bribery charges growing out of the Elk Hills, California, naval oil reserve lease.

WASHINGTON, Oct. 7. (P)—Albert B. Fall, former interior secretary, today appeared in court to answer charges on bribery growing out of the Elk Hills, California, naval oil reserve lease.

Frank Hogan, Fall's chief counsel, said the former cabinet officer would not ask for a postponement despite his ill health.

Fall was helped to his seat by members of his family and Dr. H. T. Safford, his physician.

Members of the family said Dr. Safford had advised the secretary not to appear in court, but he had refused to follow his recommendation.

Shortly after Fall's appearance Justice Hitz of the District of Columbia supreme court overruled the former secretary's motion to dismiss the bribery indictment on the ground it constituted double jeopardy.

Justice Hitz then said to Fall: "I understand you plead not guilty."

"Yes," replied Hogan.

Mrs. Fall and her two daughters were among the spectators and Edward L. Doheny, oil magnate, who is charged with giving Fall a \$100,000 bribe, sat inside the rail.

The termination of the present case will decide whether the oil man will be tried on the same charge as an indictment charging bribery was also returned against him.

Legion Officers to Be Installed Tuesday Evening

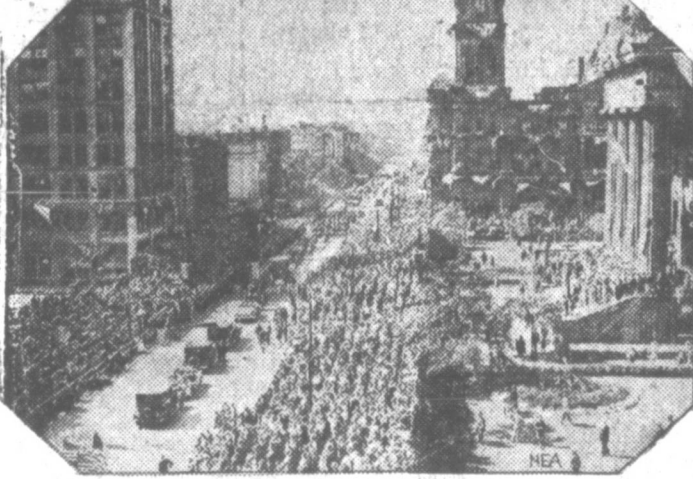

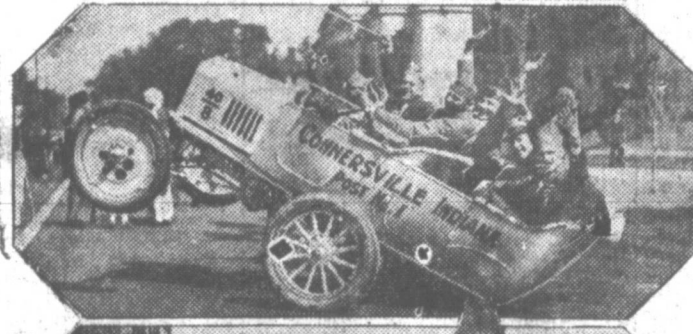

Paul Hill, post commander of Kery-Crossman post of the American Legion, and other newly-elected officers will be installed Tuesday evening at a banquet to be given at the Schneider hotel. Only Legion members will attend. The banquet will be at 8 o'clock. Hill will succeed F. M. Culbertson. Others to be installed will be: Vice-commander, Ed Stinson; finance manager, C. M. Carlock; adjutant, I. E. Bradley; sergeant at arms, W. E. Taylor; executive committee, W. H. Lang, A. Grdon, Jr., Dr. R. A. Webb, C. E. Cary and F. M. Culbertson.

Inspector Finishes His Investigation of Airplane Crash

R. W. DeLaney, federal aeronautical inspector from Love field, Dallas, returned to his headquarters after making an investigation of the crash here in which George B. Rafferty was killed and Bill Morris, pilot, was injured.

Mr. DeLaney indicated that he found the plane to have been in good condition at the time of the accident and that no failure of the mechanism caused the crash. He would not announce his findings at this time, however.

AS LEGION VETS PARADED

These pictures show views of the gigantic parade staged by 35,000 members of the American Legion at their annual convention at Louisville, Ky. More than 300,000 swarmed the streets to watch the war veterans pass in review. And, as it looks from the way those Connorsville, Ind., vets are acting, a good time was had by all.

Someone Stole His Breakfast And Stove Too

HOUSTON, Oct. 7. (P)—Robert Wilkerson, 55, news vendor, went without his breakfast today when someone stole his cook stove and the breakfast cooking on top of it.

"I went out and sold some morning papers and then came back and put a can of pork and beans on the stove to warm," Wilkerson told detectives. "While the beans were warming I lay down and fell asleep. When I awoke the stove and the beans were gone."

The stove was of iron and burned wood.

Prisoners Brought From Amarillo

Crowded condition in the Amarillo jail at present compelled the removal of four Gray county prisoners back to the Pampa jail. They had been in the Potter county jail since arrested. The men are: John Bowman, charged with murder; K. W. Bonham, Rudolph Pettiet, and Eddie White, all of whom have been indicted for forgery.

GREETING FOR M'DONALD ONE OF BEST SEEN

Statesman Welcomed
in House and by
Senate

STATEMENT IS FORMALLY GIVEN

Applause for British
Leader Token of
Esteem

WASHINGTON, Oct. 7. (P)—President Hoover and Prime Minister MacDonald in a joint statement today said gratifying progress had been made in the review of all questions that might give rise to friction between Great Britain and the United States.

"We have frankly reviewed all questions that might give rise to friction between our peoples," the announcement said. "Gratifying progress has been made, and the conversations are continuing."

The statement was made immediately after arrival of the chief executive and the British statesman at the White House from Mr. Hoover's Rapidan camp where they conversed intimately in the rustic setting.

The prime minister reached the capitol about noon. He proceeded first to the house where he was greeted at the wide stone entrance steps by Chairman Porter of the foreign affairs committee and Representative Linthicum of Maryland, ranking Democratic member.

The premier, Sir Esme Howard, the British ambassador, and the American and British officials who accompanied them were escorted to the speaker's office. Speaker Longworth was absent, and Representative Hadley of Washington was designated as speaker pro tem for the day.

Prayer for Peace
The house chaplain, the Rev. James Shera Montgomery, in opening the session prayed for world peace and a better understanding not only between Great Britain and the United States, but all nations.

The house session was brief, adjourning immediately so the premier might be introduced. He was escorted into the chamber by Porter and Linthicum. Applause greeted his arrival. This swelled in volume as he was presented from the speaker's rostrum by Representative Tilson of Connecticut, Republican leader.

Addressing his audience as "fellow members of congress," Mr. MacDonald said he had been paid a very high honor by being permitted to greet them.

"It awakens many memories of other days in Washington," he said.

After a talk of several minutes, the prime minister stepped down into the big well of the house where the members were presented to him one by one.

Watching from the gallery the cordial reception were Miss Isabel MacDonald and Lady Isabella Howard, wife of the British ambassador.

He was escorted to the vice-president's room where he was greeted by Senators Watson of Indiana, Republican leader, Robinson of Arkansas, Democratic leader, Borah of Idaho, and Swanson of Virginia, ranking Democrat on the foreign relations committee.

He entered the senate chamber at 12:25 p. m. The senate stood in recess. The galleries were crowded to overflowing, with many in the diplomatic row. Mrs. Dolly Curtis Gann, sister of the vice-president, sat in the vice-president's row with Mrs. William Howard Taft.

The premier was applauded warmly by the senators.

Vice-President Curtis welcomed the British statesman as a representative "of a great people" and expressed hope his visit would result in bringing about an agreement on the naval question.

AN ACTRESS DIES OF ALCOHOLISM. SHE COULD CONTROL THE EMOTIONS OF GREAT AUDIENCES BUT SHE COULD NOT CONQUER A HABIT THAT SHE KNEW WELL. ENOUGH WOULD WRECK HER LIFE.

There is still alcoholism to be combated, and plenty of alcohol for those afflicted. There will always be illicit wares if the desire and the price exist. The demand must be reduced before the evil can be overcome.

The idea is growing that it is time to put the buyer and the purchaser of liquor on the same level under the law. It is illogical to condemn the seller and ignore the buyer—or even drink with him. There are hundreds of thousands of persons who associate with purchasers of the bootlegger's production but condemn the bootlegger as such. There is not such a difference. The motives of the seller are commercial—illicitly so, of course—while those of the persons who buy are no more commendable. Many a bootlegger does not drink his own stuff.

Nothing is more pathetic than to see normal persons becoming shackled to some habit which robs them of their ability and their dignity as individuals. To be whipped by an adversary smaller than oneself is not half so humiliating as to be subjected by some drug which man has invented and should be master of, but which masters many men. The "dopehead", palsied and crying for a "shot", is indescribably inhuman. He buys his dope or his beverage because to him it means the only semblance of comfort he knows. Many purchasers of liquor think they are smart, ultra modern, and high-powered. They help to perpetuate one of the worst evils that America has today.

IT TOOK MORE THAN EIGHT YEARS OF HARD WORK TO SECURE PASSAGE OF FARM RELIEF LEGISLATION, AND IT MAY TAKE AS LONG TO GET EVEN FAIRLY ACCEPTABLE RESULTS.

Farm relief was not provided by the legislation. Congress merely helped to set up some of the machinery and made possible efforts to help the farmer. Congress did not set forth exactly how the relief plans should be drawn. You cannot solve a problem by appointing a commission. The experts appointed to bring about relief have one of the biggest problems of the nation's history before them. No wonder they are crying for time to think out means for doing what Congress authorized them to do if possible.

If it were possible to remove a difficulty by appointing a committee, America would not have a single problem. It is

a popular procedure to "appoint a committee", but a difficult one to get the committee to function. The farmer has learned to hope for the best and to take what comes. The politicians behind the administration are perhaps more interested than the farmers in immediate magic.

Strong Parental Arm
An Indian judge, before whom appeared two small boys charged with the theft of \$18 from a filling station, waxed eloquent on the decay of parental discipline. Said he:

"What you boys need is more rigid discipline at home. If you were my boys I'd get a 15 foot elm pole and I'd wear it off clear to the handle on both of you.

This judicial dictum, doubtless, will strike a popular chord. Yet it occurs to us that the judge is a bit confused. Proper home discipline does not, by any manner of means, go hand in hand with corporal punishment.

All that any man has to go on in this connection is his own memory. And we can recall many boyhood playmates who were extremely well behaved but who were not paddled from one year's end to the other; and we also remember that the worst boy in our town was a lad who was soundly whipped for the slightest infractions of the parental code.

It takes more than a strong right arm to make a good father. It is about time to stop insisting that all our ills would be solved if more children were only flogged.—Wichita Falls Record News.

TWINKLES

The golf tourney stimulated Twink's interest in his new pastime. He didn't take part in the meet because a trip to the Canyon game prevented his qualifying. He played around with some of the boys, however, and by his example disproved the theory that one way to get rid of the wind disadvantage is to stay down in the rough where it does not blow.

A swarm of bees made their temporary home in the rear of a small coupe at Falls City, Neb., a few days ago, while the motorist temporarily turned pedestrian. Wonder why can't bees pick on the autocrats of autocracy, instead of those belonging to the poor folk, who are usually about half pedestrian anyhow?

War is what Sherman said, a Canyon National Guardsman told us. Captain Price was away on a vacation when news of declaration of martial law reached him, and he hurriedly quit the vacation believing Moody might call out his company. Moody didn't.

A whale, mounted in a special flat car tank, will be shown in many cities. Proof for Jonah?

Borger is not a bad town in lots of respects. At latest reports all her football men were free from martial law entanglements and bent on licking our Harvesters here next Friday.

BIG PROBLEMS BEFORE MEETING OF LABOR BODY

TORONTO, Ont., Oct. 7. (P)—Delegates from the organized labor bodies of the United States, with fraternal representatives of the labor movement of Canada and Great Britain, assembled here today for the annual convention of the American Federation of Labor.

A program extending through eleven days and touching upon every matter of industry and politics affected by labor interest was laid before the union representatives.

William Green, president of the federation, and his executive council laid down at the opening session their report of a year's activity. It suggested increased restriction of immigration, particularly of Latin-American immigration, attention to problems raised by continuing machine displacement of human labor, a program of support for old age pension systems in all industry maintenance of nonpartisan political effort to secure friendly representatives in congress and a campaign to double membership of labor unions in the coming year. The long labor battle against use of court injunctions in labor disputes was included.

More Trouble Is Feared at Prison

CANON CITY, Colo., Oct. 7. (P)—Fear hovered over the Colorado state penitentiary again today, bringing a tense anxiety to the routine of rehabilitating the battle scarred institution.

Coinciding with the commitment of a second convict to solitary confinement, officials discovered two revolvers hidden in a coal pile. One official, unnamed, said he was certain five convicts in the prison had arms hidden. The noose today dangled close to three heads as a result of investigation of last week's mutiny, in which twelve lives were lost in battle, by massacre and by suicide.

Charles Davis was ordered placed in solitary confinement. Soon after this action the two revolvers were found, and Leo W. McGentry, 25, was ordered confined. Both these men, Warden F. E. Crawford said, were in possession of weapons when the mutiny broke out. Identity of the third convict suspect was not made known.

The weapons believed to be still in the possession of convicts included a shot gun, a 30-30 rifle and three revolvers.

Four Persons Die in Plane Crash

LEONA, Oct. 7. (P)—A crumpled wing at an altitude of 1,500 feet yesterday plunged Lieut. Jack Brooks, 28, Dallas contractor, and three passengers in Brook's plane, to death.

Leon Lynch and Allen Powell of Centerville and Marvin Botter of Teague were killed with Brooks.

Lieut. Brooks was considered one of the best pilots at Love field, having spent more than 5,000 hours aloft and having held a transport pilot's license since 1923. He had set out yesterday

on a business trip. Apparently the bracing of the left wing of the plane gave away, the wing folding back over the cockpit. Death was instantaneous for all occupants of the plane.

Negro Run Runner Killed
DANVILLE, Ky., Oct. 7. (P)—Three federal prohibition officers today engaged in a gun battle with alleged rum runners on a highway near here, resulting in the death of an alleged rum runner and serious wounding of one of his companions.

The officers, headed by E. B. Henson, reported three negroes in a powerful automobile deliberately wrecked the smaller car in which Henson and his companions were riding and then opened fire.

Fortune to Cause
PHILADELPHIA, Oct. 7. (P)—The estate of Thomas E. Mitten, traction magnate who drowned last week, variously estimated from \$3,000,000 to \$10,000,000 has been left in trust for "the promotion and advancement of the cause of cooperation between capital and labor and the furtherance and continuance of the 'miten plan'."

Houston Back in Lead in Building for Last Week

DALLAS, Oct. 7. (P)—Building about held its own in Texas in the week just past, although the big cities in the state for the most part showed decreases. Houston was out in front again and Waco scored a banner week with Austin close behind. San Antonio barely crossed the one hundred thousand dollar mark, but Fort Worth and Dallas dropped back into the five figure class. Tabulations for the week follow:

City	For Week	For Year
Houston	\$491,871	\$24,974,815

Azar Sunday School Class Entertained at Halloween Party

One of the delightful affairs of the week-end was a party given by Mrs. Walter Butler for the Azar class of the Baptist Sunday school, with Mrs. W. D. Prewitt and Mrs. R. M. Mitchell co-hostesses.

Gay Halloween house decorations created a colorful setting for games and contests. Dainty refreshments were served.

The guest list was as follows: Mrs. E. L. Anderson, Mrs. O. L. Beatty, Mrs. J. C. Fairbank, Mrs. H. L. Grove, Mrs. O. C. Williams, Mrs. W. R. Bell, Mrs. V. T. McIntosh, Mrs. Bonnie Rose, Mrs. Clyde Garner, Mrs. D. H. Coffey, Mrs. Tracy Willis, Mrs. R. Earl O'Keefe, Mrs. Ed Stims of Panhandle, Mrs. Floyd McConnell, Mrs. C. M. Castle, and Mrs. J. Powell Wehrung.

Caraway Heads Group to Probe Lobbying Activity

WASHINGTON, Oct. 7. (AP)—A subcommittee of five headed by Senator Caraway, Democrat, Arkansas, was named today by Chairman Norris of the senate judiciary committee to conduct the lobby investigation.

The four other members are Senators Walsh, Democrat, Montana; Borah, Idaho; Robinson, Indiana, and Blaine, Wisconsin, Republicans.

Four of the five committee members belong to the Democrats and Republican independent groups opposed to the pending tariff bill.

Reported lobbying activities in connection with this measure are expected to receive first attention.

Inquiry into these reports undoubtedly would include the work of the senate finance committee which drafted the tariff bill. A number of independent Republicans recently have expressed dissatisfaction over the Republican membership of the committee, contending it has been made up of regular Republicans.

Monteth Refuses Post

HOUSTON, Oct. 7. (AP)—The Chronicle will say today Mayor Walter E. Monteth today telephoned Governor Moody he could not accept the governor's offer of a position on the commission of appeals of the supreme court.

Will Stop Errors

WASHINGTON, Oct. 7. (AP)—The census bureau reported to the senate today that additional safeguards would be employed hereafter to prevent a recurrence of an error in the last ginning report which fixed Georgia's ginned cotton at 900,000 more bales than actually existed.

Land is Released

A. C. St. Clair and J. F. Amis Oil and Gas company's lease on 1,600 acres in block 25 has just expired and the company has released the land back to the owner, W. P. Dial.

Daily News Cooking School Subject of Conversation Among Housewives

Tremendous interest is being evidenced on the part of Pampa housewives in the appearance Oct. 14 of Mrs. Leona Rusk Ihrig, famed traveler, home economist, and domestic science expert, who will conduct all of a series of five lectures comprising the Pampa Daily News cooking school for the current year. Neighborhood gatherings have found this remarkable woman's reputation and prestige an item of vivacious conversation among the housewives.

Many women are planning to attend in groups, either as organizations or small groups of intimate circles of friends. Judging by the increasing deluge of inquiries received at The News office, every indication points to a larger attendance even than that of last year in Pampa.

Co-operating with The News in presenting this series of lectures and demonstrations of the very highest forms and greatest discoveries of the culinary art, are food manufacturers of national importance, who are viewing with intense interest the remarkable results obtained by Mrs. Ihrig in every city in which she appears.

With all intimacy and informality of a close friend revealing her favorite secrets in her own kitchen, Mrs. Ihrig strips the perplexities and worries of cooking from this most ancient of arts, and in a clear, graphic manner discusses entertainingly with her lis-

teners, the development of balanced menus based on intimate knowledge of the scientific calculation of food values in various items; recipes of the world's most famous chefs; the essential virtues of tried and tested nationally advertised food products; and above all, extends a personal, intimate interest in every housewife's problems by inviting their questions, either from the floor or at the end of the class, when she will endeavor to work out for each individual woman desiring to counsel with her, the little items that transform what otherwise could be drudgery, into one of the most fascinating and exact of the arts.

The News, through its women's department, wishes to extend to every housewife in Pampa and vicinity, an invitation devoid of strings or qualifications, to attend not one, but all of

Mrs. Ihrig's illuminating discourses. Subjects fascinating to the feminine heart, make up each of her interesting daily presentations, and while there is unity running through all five, each day's subject is entirely different from that of the preceding day. Admission is free and without charge. The lectures will begin promptly at 2:30.

RECORD 'GATES' FOR WORLD SERIES EXPECTED—OPENING TO BE TUESDAY AT CHICAGO FIELD

By ALAN GOULD
Associated Press Sports Editor
CHICAGO, Oct. 7. (AP)—Baseball's "biggest show on earth" comes to town tomorrow, featuring the highly trained white elephants of Cornelius McGillicuddy and the battling Bruins of Joseph McCarthy in the main event of the game's colorful carnival.

It's the Philadelphia Athletics against the Chicago Cubs for the world's championship, the honors that go with it and perhaps the richest money reward for the participants in series history.

It will be another million-dollar party the first since 1926, as the battle between the American and National league champions goes as far as five games, as it seems quite likely to do. Six games, at the rate of a shade over \$200,000 per game and a sell-out already assured, might top the previous record "gate" of \$1,207,864, set by the Yankees and Cardinals in 1926. A struggle to the limit of seven games certainly would establish a new money record.

Expect Fifty Thousand
Fully 50,000 fans, a record for any series game ever played outside of New York, are expected to jam Wrigley field to the limits of its bleacher extensions tomorrow for the battle that renews a baseball rivalry between Philadelphia and Chicago of 19 years ago. It marks the re-entry of Connie Mack's Athletics into the series for the first time in

spitballer.

Many Heavy Hitters
Outside of the pitching, the series promised to be a spectacular contest between the heavy hitting Cubs array, featuring Hornsby, Wilson, Stenhouse and Cuyler, and the strong Mack cast, boasting a superior battery defense, and an attack starring Al Simmons and Jimmy Fox.

With all reserved seats sold, hundreds of fans prepared today to take up the vigil outside the park and stick it out all night, to make sure of a place when 12,500 bleacher seats at \$1 go on sale at 8 a. m., or earlier tomorrow. An hour later, 2,500 standing room tickets for the grandstand go on sale.

Play-by-play accounts of the world series baseball games, written by Associated Press experts, will be received by the Pampa Daily News. These will be posted as received, or will be megaphoned if the demand warrants. Games will begin at 1:30 p. m. Pampa time in Chicago and 12:30 p. m. Pampa time at Philadelphia. Stories of the games will be carried in this newspaper, and will be on the streets within a few minutes after the games end.

Borger Bulldogs Coming Friday to Meet Harvesters

Borger's well-coached Bulldogs will oppose the Harvesters in football here Friday afternoon.

The dope favors the locals, but not enough to assure a Pampa victory. Borger fought the powerful Canyon eleven to a 0-0 tie at Borger recently. The Hutchinson county squad is reported to be developing rapidly. Much heavy material is available.

While Claude and Miami will follow in order after the Borger game, next Friday's encounter will likely be the toughest of the trio.

The Harvesters uncovered a clever offensive at Canyon last Friday and won with it by holding the ball in the last quarter to halt the almost unstoppable Canyon backs. Coach Odus Mitchell is expected to have some additional plays to spring on the Borger eleven.

Right-Handers to Clash

The batteries for the opening game were expected to be Earnshaw and Cochran for the A's, Root and Taylor for the Cubs, thereby pitting two powerful right-handers against each other in the first pitchers' skirmish.

The anticipated selection of Charley Root, famous for his wrinkle ball, instead of iron-man Pat Malone, was backed by a record of fine performances under fire. Malone, who has won more games than any of the Cub flingers this year, was slated to take the mound for the first game originally. Root, however, has returned to form in the past fortnight. He has been good in so many tight spots that he may find himself right at home in the opening tumult and roar.

Earnshaw has been the big worker of the A's staff, performing more consistently than any of his mates, including the famous southpaw Moe Grove, over the last few months. The Swathmore alumnus has tremendous speed. Grove is slated to twirl the second game, opposed by Malone, but Connie Mack may cross the experts and nominate Old Jack Quinn, right-handed

Sailor Clingman to Meet Borger Wrestler Here Thursday Night

Friday night at the Pla-Mor auditorium a youth who a short time ago made a great hit with the Pampa sporting world will be seen in action again. That debonaire, smiling gentleman is "Sailor" Oils Clingman, wrestling champion of the United States navy during 1925, 1926, and 1927.

The youthful "gob" will have as his opponent the great "Dutch" Betke, Borger ape-man. Clingman will weigh in at about 165 pounds while Betke will scale approximately 180 pounds.

Science versus strength, the one idea of "get your man regardless of how as long as it is within the rules," and a fierce determination to win, will be seen when the two men step into the ring. Clingman knows the game from its foundation despite his youthfulness. He is a master of scientific wrestling, while Betke knows few holds but is so determined to beat his man that he is high in his profession.

A half-hour preliminary will bring together Kid Williams of Dallas, weight 175 pounds, and Sam Stringer, local oilfield boy, weight 160 pounds. These two maulers will in all probability put up a whirlwind exhibition as both are fast and desirous of getting a main event.

Good preliminaries will feature the opening of the big card. It is likely that

NICK ATTROCK GETS PERFECT HITTING FIGURE

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer
The major league season closed yesterday.

The Washington comedian, Nick Atrock, horned into the lead of American league batsmen at the last minute. He went into a game toward the end and got one hit out of his one time at bat. Two young Boston pitchers, Durham and Simmons, held the Senators in check to win 2 to 1.

Connie Mack kept his regulars in the final game for a tuning up before the series, and he needed them to beat the Yankees. Dusty Rhodes, late of Jersey City, held the champions under control until the seventh inning when Mule Haas tied the score at 2-2 with a freak homer. The ball glanced off Paschal's glove into the stands. Simmons completed the 5-2 triumph in the ninth with his 35th homer of the year and tied Lou Gehrig for second place in the league standing.

St. Louis and Cleveland gave their younger pitchers a workout in their closing double header, and the Brownie youngsters came out ahead each time. Etieley, newcomer from the Texas league, outpitched Brown to take the first, 4-2, and Kinsey conquered Shoffner in the second, 5 to 1.

Chicago's lowly White Sox slammed the ball like their National league neighbors to win the final from Detroit, 8 to 7. The Tigers won ahead in the ninth on Dale Alexander's 25th homer, but the Sox scored twice in their half to win.

Johnny Evers and Hank Gowdy, coaches of the Boston Braves, played

against the Giants in the last half of the ninth. The total result of their efforts was one error for the former Keystone member of the infield combination of another generation of champions. New York won, 9-4.

Ivy Wingo of Cincinnati joined the ancients who were closing the season properly and caught part of the game against St. Louis. The Cards eked out a 2-1 victory.

The champion Cubs led Hank Grampp, who has spent the season pitching for a batting practice, start a game. But he went out in the second inning when Pittsburgh hammered him for six runs. The Pirates closed with an 8 to 3 triumph.

DR. R. A. WEBB IS AMATEUR CHAMPION—O'BRIEN TO MEET BONEBRAKE FOR PRO HONORS

Dr. R. A. Webb, shooting consistent golf that has characterized his play recently, won the amateur championship at the Pampa Country club yesterday in that division of the Panhandle open tournament.

Dr. Webb got a 79 for the 18 holes, while Dr. H. H. Hicks, local dentist, was second with 85 and McGill of Borger was third with 87. Dr. Hicks was going well except for going out of bounds, which offset his fine shots. In winning the title Dr. Webb won a beautiful Bulova watch given by the Diamond shop.

"Boney" Bonebrake, Borger pro, turned in a sparkling 71 for 18 holes, defeating Art Ashton, California trick golfer, 4 and 2. Despite the wind, Bonebrake came in one under par. In his first round the Borger man had 6 pars, 2 birdies, and an eagle for a total of 32, a new low record for the 9-hole course.

The Panhandle open title was to be determined in the Bonebrake-O'Brien final beginning at 1:30 o'clock this afternoon. Dr. Hicks, one of the high eight in qualifying rounds, defaulted to O'Brien yesterday to enter the amateur finals, and the Amarillo pro played around without an opponent. Both players are going well, and the match was expected to be a close one.

In a driving contest Sunday at 5 o'clock, Frank Perry won the high honor, sending the ball about 225 yards into a stiff wind.

In the championship flight Art Ashton defeated Dr. Webb and O'Brien beat McGill of Borger. Paul Denso forfeited to Bonebrake and Del Love to Dr. Hicks.

Results yesterday by flights:

First flight—Barrett defeated Kaufman, Curry defeated Westbrook, L. Sone defeated Fraser, Pollard defeated Frank Perry, Wiley defeated Carpenter, Boone defeated Caraway, Carlson defeated Fox, Studer defeated Price, Barrett defeated Curry, Studer defeated Carlson, and L. Sone defeated Pollard.

Second flight—Sugg defeated Dodson, L. L. Sone defeated F. Hill, Lister de-

feated DeLea Vicars, Byrd defeated McAllister, Lister defeated Kaufman, Booth defeated Hughes, Todd defeated Buckler, Ward defeated Howell, Byrd defeated R. Lister, Ward defeated Todd.

Third flight—Gober defeated Feenberg, Hurst defeated McConnell, Akers defeated Brown, and Hassell defeated Beacom.

No record was taken of individual scores. Play for flight prizes continued today, 18 holes being necessary this morning and the same number this afternoon to exhaust the brackets.

The local course was covered with players yesterday, and a large gallery followed the Bonebrake-Ashton-O'Brien threesome, being rewarded by sight of some remarkable golf.

New Fashions Oust Old Flapper Slouch

By DIANA MERWIN
(Associated Press Fashion Editor)

PARIS (AP)—The flapper slouch, sometimes called the caterpillar crawl, is a thing of the past believe clothes creators, here.

New styles call for flat backs, chests up and hips firm. The old lolling postures, don't-give-a-darn slump and who-cares curve of the back and torso "date" every woman who indulges in them, chic couturiers are counseling their clients.

The new stance is a free and supple carriage with shoulders squared but not rigid, hips well under control, head back and chin slightly in the air. The fashionable new walk exposes the curves of the body without exaggerating them. Too much nonchalance is bad for chic now that "ladylike" clothes are the Parisian ideal.

Such a small thing as a coat collar is having a decided influence on improved carriage among women who buy at the most exclusive houses. It trims wrap-around coats but instead of terminating just above the hip to be held in the well-known left handed clutch of the past few seasons, the new collar ends high under the left arm and is gripped by the upper arm.

The coat closes well around toward the back, on the left side, thus carrying out the princess, body-hugging lines the best designers are promoting. To wear these revealing lines correct carriage is essential.

Another effect of the coats with the new collars is a change in the form of handbags. With the left arm occupied in holding the coat closed it is harder to carry a flat envelope bag under the left arm its usual place.

Handbags with straps and handles are coming back into vogue as a result, and some designers are making an effort to revive the old reticle type of handbag for afternoon use.

Brute paused for breath and Brent said quickly, sympathetically: "That's right; you can't."

"But she never left her husband and came back home to repent in luxury like so many girls do when they leave a wealthy family to marry a poor man. Evangeline stuck to her choice, but I guess she'd have been better off if she'd had a little less of the old man's stubbornness herself, for I've heard that she had a hard time with Nellin."

Again Brute paused, and he seemed to have lost some of his fire. Brent prompted him with a crafty question. "Perhaps," he said, "she didn't have any children to worry about."

Brute rose to the bait. "She had one child," he responded and hurried on to explain how he knew that much was certain. "I saw the letter she wrote her father, telling him about the little girl and asking help for her. The letter threw old Cunningham into a rage and I was sent for to bring something to quiet his nerves. He never mentioned Evangeline's name or the letter either, but the butler, who'd been with the family for years, had saved the torn up pieces. He told me about it—said he recognized the handwriting and wanted to know how the young lady was getting along."

"NATURALLY," Brent agreed. "And I suppose Cunningham never answered the letter."

"I don't know about that," Brute

INTERNAL WAR IN SOUTHWEST COMING SOON

BY GAYLE TALBOT, JR.
Associated Press Sports Writer

DALLAS, Oct. 7 (AP)—Once more having demonstrated the potency of its football in inter-sectional conflict the Southwest conference will settle down this week to what it considers the more important matter of internal strife. The non-conference warfare of last week was glamorous, but it was incidental to the impending battle for a conference title.

The Texas university Longhorns and Arkansas university Razorbacks will usher in the championship race Saturday at Fayetteville. It will be the week's major spectacle, rivaled only by the meeting of the Texas Aggies and Kansas Aggies here, a state fair attraction. Four other conference

eleven, including the mighty Baylor Bears, delay another fortnight before mixing in the battle proper.

Saturday's conflict at Fayetteville promises to have an important bearing on the conference race. Both the Longhorns and the Bears are strong. Neither is conceding the favored Baylor Bears an inch. It promises to be a hard fought struggle, with sentiment almost evenly divided on the outcome.

In their final test before playing for "keeps," the Razorbacks knocked over the touted Henderson-Brown Reddies, 30 to 7. They uncovered an aerial assault, principally Miller, Schoonover, that the Reddies could not fathom.

Texas finished its salad course with a 20 to 0 triumph over the Centenary Gentlemen from Shreveport. The Longhorns came into their own in this game, displaying all the power conceded them in pre-season predictions; outplaying the Gentlemen all the way.

Coach Matty Bell's Texas Aggies will be favored to topple Bo McMillin's Kansas Aggies in the inter-sectional tilt here. The Bell eleven lost a tight verdict to the Tulane Green Wave, 13 to 10, at New Orleans, but proved itself a powerful unit. Twice Tulane was pushed back across its own goal line for safeties.

Returned from their scoreless tie with the Nebraska Cornhuskers at Lincoln, the Southern Methodist Mustangs will take it easy this week. Coach Morrison's surprising young men will keep their hand in by playing the Austin college Kangaroos here Friday.

After that, they play successive games with the Freshmen and Mississippi university before getting in the conference race.

Francis Schmidt's speedy Texas

Christian eleven lived up to expectations by stopping the Simmons university Cowboys, 20 to 0. The Frogs rapidly are shaping up as formidable contenders for conference honors. Their melee with the Aggies Oct. 19 at Fort Worth promises to be next week's banner attraction.

The first opportunity to compare Baylor's strength with a leading conference rival will be afforded Saturday, when the Bears engage St. Edwards' university at Waco. Texas could get no better than a 13 to 0 decision over the Saints a week ago. A 33 to 0 triumph over Trinity university was Baylor's contribution to last week's program.

Supporters of the Rice Owls had little encouragement from the Pow'rs 7 to 2 win over the Sam Houston Teachers. Coach Jack Meagher apparently has a hopeless proposition this year. This week the Owls are paried with the Southwestern university Pilgrims at Houston.

Rev. Gerkin Here in Rafferty Funeral

Catholic funeral services were held yesterday for George B. Rafferty at 2 p. m. at Holy Souls Catholic church with the Rt. Rev. R. A. Gerkin of the Amarillo diocese in charge. Interment was later made in the local cemetery. Rev. Joseph Wanderly and another priest from Amarillo assisted Bishop Gerkin in the services.

The church was crowded with friends of Mr. Rafferty, who was instantly killed last Wednesday night when the airplane in which he was a passenger crashed to earth near here. The pilot, Bill Morris, continues to improve in McKean & Connor hospital.

The Rev. Todd announced that he and Mrs. Todd and their little daughter, Emma Boone, would continue to make their home in Pampa. He plans to return from the business trip on Thursday, after which day they will be at home at 422 North Starkweather.

Tilghman's Son Held for Murder

OKLAHOMA CITY, Oct. 7. (AP)—Two sons of the late Bill Tilghman, pioneer peace officer of Kansas and Oklahoma, today faced possible murder charges as the outgrowth of the holdup of a dice game near Minoc, Grady county, in which James Chittwood, 60, a farmer, was killed, and Richard Tilghman, 23, was critically wounded.

Richard Tilghman was in an Oklahoma City hospital, shot through the kidney, and his brother, Woodrow Wilson Tilghman, 16, and uncle, Alfred Stratton, 57, were held.

B. F. Holding, county attorney of Grady county, said murder charges would be filed against five men, including the Tilghman brothers and their uncle, who were alleged to have raided the game and escaped with approximately \$800, early yesterday.

The younger Tilghman, who served last year as a page in the United States senate, admitted the part in the holdup by himself, his brother and his uncle, but refused to name the other two men implicated.

Courts Back in Session Today

AUSTIN, Oct. 7. (AP)—The supreme court and the court of criminal appeals formally met today after the three months summer vacation. Decisions will be handed down Wednesday.

Olin W. Finger, clerk of the court of criminal appeals, compiled statistics showing 260 cases had been filed in his court during the vacation period. There were 150 cases on the docket filed too late for submission during last term, 26 motions for rehearing filed too late for disposition, 25 cases had been submitted and were pending and 34 motions for rehearing had been submitted and are pending.

Building For The Future

Always caring for the present—yet building for the future—always a step ahead—giving the people of Pampa and community assurance that as they advance and build they can depend upon the Central States Power & Light Corporation to serve!

Every day crews of workmen are busy working for you! Every person in this organization is striving daily towards a greater service, if it be possible. Men are on duty every minute of the night and day—and they're always ready to give their best efforts so that you may enjoy the best service that can be rendered.

Experienced engineers now are figuring on your problems of five, ten, fifty or more years from now. They are laying a foundation to this vast service that will continue to serve indefinitely. The present system of gas mains—the miles and miles of pipe that are under the ground—the safety devices—in fact every mechanical part of a vast gas system has been in stalled so that the volume of gas carried is extremely flexible. With but a few minor changes this system has already been made to care for hundreds more homes and business establishments.

Our own scientists are busy every day in our modern laboratories working for you—working for even even better service—if it be possible. They are working out your problems of tomorrow.

All this service is yours at no additional cost!
