Q. Does the city tax cover the cemetery? Many local citizens, who are on a set income, are not aware that the 25c extra paid on the water bill is optional?

A. The current budget for the cemetery is $25,600. $10,000 of this is from general fund taxes. $600 from interest, $1,500 from donations, and $13,500 from lot sales. The .25 monthly voluntary contribution was recommended by the Cemetery Board in February. Council members split on the motion to approve the contribution and took a month to get input from the public. The Council approved the voluntary contribution in March, which was reported under a banner headline in *The Record*. Voluntary contributions are running head of estimates at nearly $200 per month.

LULAC challanges City on secretary

Through a Dallas law firm representing the Colorado City LULAC, the local organization has challenged the recent hiring of a new City Secretary by the City of Colorado City.

In a letter dated September 12, William L. Garrett of Garrett, Thompson & Chang of Dallas said, "It is the opinion of LULAC that the hiring of a city secretary on August 10, is in violation of the equal opportunity provisions of the Memorandum of Agreement & Understanding Between City Officials and Concerned Citizens, in that the vacancy was not advertised, and therefore no minority person had an opportunity to apply."

On behalf of LULAC, the attorney requested "that the present occupant of this position be noted as 'temporary' or 'acting' city secretary, and that the vacancy be advertised for a reasonable period of time."

CITY'S REPLY

City Attorney Tom L. Rees stated that he "disagreed with the statement that the hiring of a City Secretary by the City of Colorado City is a violation of equal opportunity provisions of the Memorandum of Agreement."

In his letter of September 15, the City Attorney outlined the following reasons:

"First: That certain Memorandum of Agreement and Understanding Between the City Officials and Concerned Citizens of Colorado City, Texas, dealt with a communication gap which existed between the parties. It did not give rise to any type of obligation on either party other than that the parties would attempt to communicate their differences. Regardless thereof, however, the City of Colorado City, Texas, has always practiced the hiring of City employees without regard to any ethnic background.

"Second: The hiring of the City Secretary of Colorado City, Texas, was an emergency matter. The previous secretary did not give any kind of notice of her resignation and resigned at a time when said position needed to be filled immediately in order to meet payrolls and other end-of-the-month duties and responsibilities. Thus, there was no opportunity for advertising the position. Secondly, to advertise at this point and stage when a position has been accepted by the person employed and the City Manager is pleased with the work being performed by such person would establish a precedent in emergency hiring situations

The former Colorado City Lumber Co. on Hwy 80 west has been purchased from Bobby Kimmel by Higginbotham-Bartlett Lumber. Higginbotham will add-on and greatly enlarge the newly acquired facilities and plans to move in about February.

Plans expansion

Higginbotham buys Colorado City Lumber

Higginbotham-Bartlett Lumber has purchased the former Colorado City Lumber facilities and plans a sizeable enlargement project, local Manager David Hoover announced Tuesday.

Colorado City Lumber, located just across Pine Street form Higginbotham-Bartlett on West Highway 80, was closed about March of this year by owner Bobby Kimmel.

Plans are to build a large new addition behind the present existing Colorado City Lumber facility with a drive-through entrance and make it one of the largest showrooms in the 38-store chain, which is headquartered in Lubbock.

The present facilities of Higginbotham will be an enlarged warehouse to handle an expanded line of products and merchandise.

Construction on the new addition is expected to begin soon after the first of the year and the move into the new quarters will be about February.

Hoover said, "We will have one of the most modern and well stocked lumber and hardware stores in this area to supply all local needs."

The local store, established in Colorado City in 1942, will probably be expanding its current staff of six.

Local man hit, killed at Big Spring

Eusebio Gonzalez, 28, of Colorado City was killed early Sunday morning in a hit-and-run accident that occurred on U. S. Highway 87, 2.3 miles north of Big Spring.

According to a report in the *Big Spring Herald*, Gonzalez was walking northbound on the paved shoulder of Highway 87 sometime after midnight when he was truck from behind by a vehicle that left the scene.

The Department of Public Safety report indicated that there were no witnesses to the accident, and an investigation is underway in the case.

Gonzalez' body was discovered at approximately 8 a.m. Sunday by a passing motorist.

3½-6½ inches received over weekend

Remnants of Hurricane Gilbert dumped one of the heaviest rainfalls in recent years on Colorado City and Mitchell County last weekend with reports ranging from about 3½ to over 6½ inches Saturday and Sunday. Official precipitation measured at the Morgan Creek Powerplant was 5.66 inches for the two days. The weekend rain brings the total for the year to 20.57" just slightly

Farm Tour conducted Thursday a.m.

The annual Mitchell County Farm & Ranch Tour will be conducted this morning (Thursday).

Coffee and donuts were to be served at the Civic Center beginning at 8 a.m. Buses were to depart at 8:30 a.m. for an 8-stop tour of Mitchell County Farms and Ranches to observe demonstrations of various cotton varieties and planting rates; fertilizer, plant regulators, and harvest-aid; CRP grass ranges and mesquite control. Also there will be a mid-tour watermelon break.

At the conclusion of the tour, participants will return to the Civic Center at noon for a barbecue luncheon and a talk on Cotton Marketing in the Future, by Dr. Robert Metzer, of Texas A&M, extension agronomist for cotton.

Tickets for the luncheon are $6.

Jason Lawson wins Jackpot

Jason Lawson, a 14-year-old sophomore student and JV football player for CHS, was the winner of last week's Jackpot Football Contest.

Lawson, missed only two of the 24 games listed—the Colorado City and Houston "upsets"—to win the first place prize of $25 in Football Bucks. Alvie Faulkenberry won second place prize of $15 Football Bucks and Mae Wiggins took $10 worth of Bucks for third place. Finishing close behind the winners were Max Connell of Midland and David Ginkinger.

A bonus of $100 in Football Bucks is available to any one who correctly guesses the winners of all the games listed.

The fourth weekly Jackpot Football Contest appears in this issue on Page 7. Entries must be turned in at *The Record* office by 5 p.m. Friday.

Jason Lawson (left), 14-year-old CHS sophomore JV football player, is shown being presented with $25 in Football Bucks by Sheila Plagens, for his first place entry in the weekly Jackpot Football contest last week. A new contest appears in this issue of *The Record*.

The best weather talk often proceeds like a play. There are parts: the one who wonders, the one who knows. Overheard over the long rainy weekend was the question, "Will it every stop raining?" The one who knows answered, "It always has."

* * *

Hurricane Gilbert's rains did not come at a very beneficial time for the local farmers. One elderly farmer, whose cotton crop was severely damaged by flooding, decided he would just put his farm up for sale. When he came into *The Record* office to place the 'for sale' ad, he described the farm for the classified ad person. After she got all the information down, the classified person then read it back to the farmer for his approval.

Gene Dow

The farmer was quiet and thoughtful. After a moment, the farmer said, "I don't believe I want to sell. That's the kind of place I've been looking for all my life. I didn't know I had it until you described it to me!"

"Oh," the man replied, "Why did you make women so soft?". Again. God replied, "So you would like them."

The man was pensive for a moment and then asked, "God, why did you make women so darn stupid?" God replied, "So they would like you!"

SHOWS WATER DAMAGE - A surgical nurse points to damage caused to a portion of the ceiling in the operating room at Mitchell County Hospital from water that seeped into the basement area following the rains this past weekend. In addition to the ceiling damage, carpet in several offices were soaked.

Hospital leaks

The effects of Hurricane Gilbert which struck Mexico and the Texas coast last week were far-reaching - just ask the staff at Mitchell County Hospital.

The deadly storm system, which caused millions of dollars in damage, dumped over five inches of rain in Colorado City, some of which made its way into the hospital.

Dr. Dee Roach was finishing a minor surgery when he noticed a portion of the ceiling in the surgery room starting to sag. After the surgery was completed and the patient in the recovery room, he punched a pen through the water-soaked ceiling.

The surgery room is located in the basement of the hospital and apparently water leaked down the outside wall into the basement area.

An eight-foot section in the ceiling in the surgery room is going to have to be repaired because of the water damage. However, the damage is not severe enough to keep the room from being used for surgery, said Dr. Roach.

The administrative offices, which also are located in the basement, were starting to smell of rotting carpet Tuesday from the wet carpet in various offices.

Hospital administrator Ray Mason's office is one suffering from wet carpet. He had a fan blowing on the carpet Tuesday, trying to dry it.

The central supply area of the hospital was also flooded, said Mason.

Mason said water leaks are not uncommon when it rains. It just depends upon which direction the rain comes from as to which rooms receive water damage.

A hallway in the basement was standing in water from a downpour which struck Colorado City earlier last week.

He said there were a few minor leaks in the ground level area of the hospital caused from the latest rains, although no leaks were in patient rooms.

Mason said that part of the leakage problem can be traced to where various sections of the hospital meet.

The oldest part of the hospital dates back to 1927. It was remodeled and expanded in the 1940s and a new wing was added in 1974.

Vandalism, shop-lifting acts reported

A shop-lifting incident, several alcoholic beverage violations and vandalism of a house were the main offense reports to Colorado City Police the past week.

On Tuesday, September 13, police received a report of vandalism to a vacant rent house at 937 Vine St. When police arrived, they found that most of the sheetrock on the walls had been knocked in, windows broken and other damage that is estimated at about $2,600. Investigations lead to the arrest of seven juveniles, six boys and 1 girls, the next day. The case has been turned over to juvenile authorities and the owner is reequesting restitution for the damage.

On Thursday, Sept. 15, Judy Bell of Accent on Fashion store on 2nd Street reported the shoplifting of 1 men's and 1 ladies' gold nugget watches. After investigation, Janet Miles, 23 of Colorado City and a 16-year-old juvenile female were arrested as suspects and charged with theft. Value of the watches was placed at $100.

Over the weekend there were four minors arrested for possession of alcoholic beverages and five other persons were charged with consumption of alcoholic beverage after hours.

Monday, Sept. 19, employees at the Dairy Queen, North Hwy 208 reported that a stack of bricks had been stolen from the premises.

PACK parents

Parents of Hutchinson Elementary PACK (gifted and talented) program students will meet in Room 7 at 4 p.m. Thursday, Sept. 22.

They will organize their parent support group and get an update for the district's plans for implementing the program for 1989-90.

Hospital board OKs budget

The Mitchell County Hospital District board of directors Tuesday night approved a budget for 1988-89 which shows little change from the current budget other than for salary increases for employees of the hospital and the nursing home.

Richard Murphy, comptroller, said that an additional $120,000 in tax revenues is expected because of the expansion of Morgan Creek Power Plant. He said $90,000 of that amount is being budgeted for salary increases. He said the increases amount to about 4.3 percent overall.

He said another $20,000 of the increased tax revenues will go for professional recruitment in the event a physician can be secured through a recruitment agency.

The budget summary shows total operating expenses of $3.7 million with net patient revenues of $2.8 million and tax collections of $1.28 million for a total operating gain of $328,000.

The budget was presented to board members during a workshop session Sept. 12.

In other business, the board approved the appointment of Dr. Thomas Aycock, M.D., of Sweetwater to associate staff privileges. Aycock is a surgeon.

The board also gave its approval for National Life Insurance Company to present a plan to hospital employees. The company wants to offer a cancer, heart attack and intensive care policy. The hospital will not participate in the insurance program other than to payroll deduct for employees who choose to take out the insurance,

In the financial report of the hospital and nursing home, it was noted that the hospital showed a gain of $2,500 for August.

County Jail has only two areas of non-compliance

After its annual inspection Monday, Mitchell County Jail had only two areas of non-compliance to the Texas Jail standards, Sheriff Wendell Bryant reported.

Inspector Joe Slater of the Texas Commission of Jail Standards marked the jail for its kitchen facilities not meeting State Health standards and a requirement to have an upstairs jailer on hand at all times when inmate population is 10 or more.

The County has been aware of the sub-standard kitchen and plans are currently underway to add-on and remodel the kitchen.

On the jailer requirement, there was no non-compliance at the time of the inspection with a total of eight inmates, five of which were upstairs, but the policy of 10 or more must be observed in the future. Although not written up for it, there were also some recommended changes in paper work procedures.

A year ago there were only three or four violations noted, the Sheriff said, "but we've come a long way since about 1979 or 1980 when the jail was given more than 100 marks for non-compliance."

RAIN

From Page 1

less than last year's total of 20.64".

Elevation levels of Colorado City and Champion lakes were raised by almost a foot. Current level of Colorado City Lake is 2064.2. Elevation when full is 2070.30'.

The heavier than normal rainfall, fortunately, did not cause extensive flooding or damage. Some buildings, including Mitchell County Hospital, developed roof leaks and are being repaired.

County Agent Mike Mauldin said the heavy rain was not all that helpful nor damaging to the cotton crop, but it will be tough to assess until a few more days. There were no severe terrace washouts or crop flooding noted as the water was soaked up pretty fast. Some of the "droughed-out" cotton will no doubt be helped some but there will be little more yield overall, he said. However, the rain will cause delay in applying harvest-aid chemicals, and thethe strong plants will experience added growth which will make it more difficult to strip.

It will probably still be muddy on Thursday for the Farm Tour, so participants are urged to wear their boots, Mauldin said.

which the City could not live with in the future. It would constitute a deterent to obtaining the most qualified employee in an emergency situation if they are informed they are only hired temporarily until the job can be advertised.

"Third: The present secretary hired in the emergency situation was picked among many applicants who had filed applications for this job previously. She was the second choice for the City Secretary position when the same was advertised previously. The City of Colorado City, Texas, keeps a continuing personnel resume file wherein all persons desiring secretarial or other type of work with the City of Colorado City, Texas, are encouraged and solicited to file an application for employment. This permanent personnel application file is resorted to in emergency type situations. Certainly, this file is open for all applications regardless of ethnic background.

"Fourth: The City of Colorado City, Texas' employment practices cannot be questioned. Of the last five positions of employment hired by the City of Colorado City, Texas, in the upper echelon of clerical help, two of the same have been of Hispanic background."

In conclusion, City Attorney Rees said "With respect to advertising for any type of employment, the City of Colorado City, Texas, does not have a policy thereon, however, it does when the opportunity is available, advertise for positions in order to obtain the highest qualified individuals therefor."

In addition, Joe H. Morren, CPA who audits the city records, stated, "Due to the emergency, I believe the City acted responsibility."

Morren pointed out that "the City Secretary's duties include the over-all responsibility for the accounting system for the City. This includes the computer operation and other fiscal matters.

"The recent resignation of the City Secretary, without the usual two week notice, created an emergency situation and the City hired a replacement immediately, rather than taking a period of time for applications and interviews, as would have been its normal practice."

Bus Safety observed

National School Bus Safety Week is being observed this week, Sept. 18 through 24 in the Colorado Independent School District, according Bill Denson, director of maintenance.

Students are being made aware of school buses safety procedures throughout the system and a special coloring contest is being conducted in the Kelley Elementary Grades.

Also a special Drug Awareness Program for the bus drivers was presented by the Colorado City Police Department Tuesday and again today. There will also be practice evacuation procedures.

Colorado City School buses run twelve routes, twice a day during the school week. Longest run is about 90 miles, Denson said.

Denson added that the biggest problem of school bus safety is motorist not stopping from either direction when the buses are stopped to unload students.

BUS SAFETY WEEK - Dewitt Bender, a bus driver for Colorado City schools, and the students riding his bus conducted a emergency evacuation drill as part of National School Bus Safety Week this week. Theme of the week is "School Bus Safety Always".

Wheat insurance program offers coverage options

The crop insurance program announced for 1989-crop winter wheat will enable producers in Mitchell County to tailor a policy to their own needs and budgets, according to Dottie Sampley, area claims specialist for the Federal Crop Insurance Corporation.

The coverage options permit selecting both the yield guarantee and the amount of the indemnity to be paid per bushel in the event of a crop loss.

The streamlined policies also make it easier for wheat growers to obtain production guarantees based on their own previous yield experiences. A record of high yields increased the maximum amount of protection, Sampley says.

Until now, producers have had to provide detailed, year-by-year records to qualify for yield-based production guarantees. Under new rules, only a signed yield certification statement is needed, along with records that can be supplied on request.

The deadline to apply for insurance on wheat is Sept. 30. But Sampley suggest that interested producers should apply as early as possible to provide agents with time to determine the most favorable and affordable level of available coverage.

Letters to the Editor

A toast to ...

TO THE EDITOR:The most recent production of the Colorado City Playhouse, *A Toast to Broadway*, is over, and it's time to say thanks to the many people who helped behind the scenes in the Red Dog Saloon.

First of all, I'd like to recognize the Senior 4-H members, Bridgett Bridgford, Brittany Bridgford, Tammy Loving, Bonnie Herrington, Christy Blair, Francesca Helm, Brooke Moore, and their coordinator, Dee Dee Morris, for preparing the hors doeuvres for opening night. The girls and their moms did a wonderful job, and I certainly appreciate them. (As a teacher, I'd also like to say thanks for the delicious breads this same group prepared for the Chamber of Commerce's In-Service breakfast at the beginning of school, too!).

Thanks, too, to the volunteers who served cokes and coffee on the remaining nights of the play: Laurie Lowrance, Bobbie Swank, Ray and Janet Mayo, Jeffrey Stockton, Martha and Brenda Espinoza, Brenda Crosley, Leanne Beights, Ray and Jeannie Ellis, and Greg and Keresse Stuckey.

Our local theatre is such a positive contribution to our community, and its success is due not only to the creativity of the Playhouse members and actors, but also to the volunteers who contribute their time. Thanks again to all.

Colorado City AT WORK

by BRENDA HAMMOND
City Manager

The City is making a strong effort to clean up old dilapidated buildings in town. Any property owner wanting assistance in removing a structure should call City Hall. COLORADO CITY CODE, Section 4-83 - Conditions or defects constituting an uninhabitable and dangerous dwelling or building states: Any or all of the following conditions or defects shall constitute an "uninhabitable and dangerous dwelling", and such dwelling or building shall be declared as unfit for human occupation and a violation of this Ordinance:

(1) (A) All buildings, including dwellings or dwelling units, where, on a vertical, structural section designed as a gravity member there occurs a lateral displacement which causes the resultant pressure to fall beyond the middle third of the base of such gravity member; and such displacement shall cause said section to be considered unsafe and subject to correction or demolition.

(B) All buildings, including dwellings or dwelling units, whose walls, vertical structural members, or horizontal structural members, other than gravity-type walls, list, lean or buckle from their designed position, or show other visual signs of deterioration to such a degree that, in the opinion of the Housing Standards Inspector, an imminent hazard to the building, dwelling, or dwelling unity, or its/their occupants is present; and such listing, leaning or buckling shall cause said section to be considered unsafe and subject to correction or demolition.

(2) All buildings, dwellings or dwelling units which exclusive of the foundation, show thirty-three per centum (33%), or more, of damage or deterioration of the supporting members or members or fifty per centum (50%) of damage or deterioration of the non-supporting enclosing or outside walls or covering.

(3) All buildings, dwellings, or dwelling units which have improperly distributed loads upon the floors or roofs or in which the same are overloaded, or which have insufficient strength to be reasonably safe for the purpose, substantially as defined by the Building Code of the City off Colorado City.

(4) All building, dwellings, or dwelling units which have been damaged by fire, explosion, wind, vandalism, or elements of nature so as to have become dangerous to life, safety, morals or the general health and welfare of the occupants thereof or the people of the City of Colorado City.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED

CONSTITUTIONAL AMENDMENTS

GENERAL ELECTION
NOVEMBER 8, 1988

PROPOSITION NO. 1 ON THE BALLOT

Senate Joint Resolution 8 proposes a constitutional amendment providing that when the federal government reimburses the state for expenditures of state funds dedicated to acquiring rights-of-way and for constructing, maintaining, and policing public roadways, such federal funds must also be used for those purposes.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment and/or clarification providing that federal reimbursement of state highway dedicated funds are themselves dedicated for the purpose of acquiring rights-of-way and constructing, maintaining, and policing public roadways."

PROPOSITION NO. 2 ON THE BALLOT

House Joint Resolution 2 proposes a constitutional amendment to establish an economic stabilization fund in the state treasury. The fund would consist of one half of the unencumbered balance of general revenues at the end of a biennium and three fourths of the difference between the net oil and gas production taxes received in a fiscal year and the net oil and gas production taxes received in the 1987 fiscal year. During any fiscal biennium, the amount in the economic stabilization fund could not exceed 10% of the total deposited in general revenue in the preceding biennium.

The state comptroller and the state treasurer could decide to transfer monies from the fund into the general revenue fund to alleviate a temporary cash shortage in general revenue. The legislature could make appropriations from the fund on approval by a three fifths vote of each house to make up the difference between anticipated general revenue and appropriations. On approval of two thirds of the members of each house of the legislature, the legislature could appropriate monies from the fund for any purpose.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment establishing an economic stabilization fund in the state treasury to be used to offset unforeseen shortfalls in revenue."

PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 5 proposes a constitutional amendment that establishes the Texas growth fund. All investments of the Texas growth fund must be directly related to furthering economic growth and employment opportunities in Texas. At least 50 percent of the fund must be invested in equity and/or debt security for the initial construction, expansion, or modernization of business or industrial facilities in Texas. Not more than ten percent of the fund may be invested in venture capital investments. Of the funds available for venture capital investments, not more than 25 percent may be invested unilaterally, and the remaining investments must be matched at least equally by funds from other sources. The Texas growth fund will be managed by a board of trustees consisting of four members appointed by the Governor and one member from and elected by the membership of each of the following: The Board of Regents of the University of Texas System; The Board of Regents of the Texas A&M System; The Board of Trustees of the Teacher's Retirement System of Texas; The Board of Trustees of the Employee's Retirement System of Texas; and the State Board of Education. The trustees may set the investment policy of the fund, enter into investment contracts, and take any action necessary for the creation, administration, and protection of the fund. The amendment authorizes the Board of Regents of the University of Texas System and the State Board of Education, in managing the permanent university fund and the permanent school fund, to acquire, exchange, sell, supervise, manage, or retain any kind of investment, including investments in the Texas growth fund. The fund will be phased out after the tenth anniversary of its creation, but the Legislature may create a second growth fund by a two thirds vote of each house.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the investment of the permanent university fund, the permanent school fund, and public employee retirement systems in the Texas growth fund created by the amendment, which will directly create, retain, and expand job opportunity and economic growth in Texas."

Sonora Broncos invade Friday

The Colorado City Wolves, sidetracked a bit by the Slaton Tigers last Friday, play host to the Sonora Broncos tomorrow in the first of three consecutive games to be played at Wolf Stadium.

Non-district games against Sonora Friday and against Crane next week give the Wolves two more opportunities to get back on track for their district 7-AAA opener against Merkel, October 7.

An intentional safety given up by the Slaton Tigers were the only points for Colorado City in 21-2 Wolves loss at Slaton Friday. The loss was the first for the 2-1 Wolves after 27-0 and 28-14 wins over Alpine and Seminole, respectively. The Tigers used a ball control running game a stiff defense to beat the Wolves at their own game.

While the Wolves were tasting defeat for the first time the Sonora Broncos were claiming their second consecutive win.

The Broncos of district 3-AAA opened with a 24-19 loss to Ozona then beat Junction 14-13 and Eldorado 24-6.

Although in different districts, the Wolves and Broncos are no strangers to each other-having faced each other as former district rivals before the last UIL realignments.

The Broncos will be looking to regain a piece of the series that has gone heavily in the Wolves favor.

"We're just an awful young team," said Sonora coach Jerry Hopkins who is one of the winningest coaches in Texas schoolboy history.

Hopkins, in his 22nd year at the helm of Sonora football, said "We have a few linemen returning but the rest of the offense is new." Three offensive and two defensive starters return from last season's 5-4-1 team.

"We have thrown the ball a little bit but we're basically a running team," said Hopkins. "We have a little quickness in the backfield, not a whole lot of speed."

The Broncos, in 3-AAA along with Fredericksburg, Hondo, Llano, Brady and Bandera, line up in a Wing T on offense and a 5-2 on defense.

Loraine Bulldogs beat Grady, 54-36

The Loraine Bulldogs didn't win by their usual 50 point margin Friday night but still moved to 3-0 with a 54-36 Sixman football victory at Grady.

"We gave up some points," said Bulldogs coach Tommy Meredith, "a few too many. They (Grady) should have just two scores but we had a few breakdowns."

Loraine is averaging over 53 points a game while allowing 14. Rudy Sanchez led the latest slaughter by scoring six touchdowns and throwing for another.

His first score was a 56 yard run on a sweep at 6:13 of the first quarter-the only points of the period. Shawn Finley kicked to make it 8-0.

Grady scored on an 11 yard pass at 7:03 of the second period to make it 8-6. A 56 yard pass play from Sanchez to Casey Cooper made it 14-6 for the Bulldogs with 6:11 left in the half.

A 7 yard run by Sanchez at 1:35 of the second period make it 22-6.

Sanchez got the second half started with a 27 yard run at 8:18 of the third quarter to make it 28-6 for Loraine. Grady made it 28-14 with a 33 yard run at 7:07 of the period.

Sanchez ran for a 1 yard score at 5:40 of the third period to make it 36-14. Grady again retaliated to make it 36-20 at 5:16 of the period.

Fourth quarter scoring started with a 63 yard run by Sanchez to make it 42-20. Again Grady came back to make it 42-28 on a 4 yard run.

A 51 yard run by Sanchez with 3:57 left in the game made it 48-

CMS begins volleyball

Colorado Middle School volleyball teams began the season at a Big Spring tournament Saturday and won matches at Snyder Monday.

Seventh and eighth grade squads participated at the Big Spring tournament Saturday. The seventh grade team lost to Big Spring Runnels 8-15,15-9,15-1 and to Snyder 15-4,15-2.

"They did a fantastic job," said coach Kam Jordan. "It was their first time to play and I was really impressed. They're going to be really good athletes."

The eighth grade team beat Snyder 15-0,15-9 to begin the tournament. After that came losses of 15-3,15-2 to Runnels and 15-12,15-8 to Big Spring Goliad.

"We were playing in the trophy rounds," said Jordan. "They played well and hung together. They did a real good job."

In seventh grade matches at Snyder Monday the Red team lost to Snyder 15-13,16-14 and the Black team won 15-2,16-14.

The eighth grade Red team lost to Snyder 15-4,15-10 and the Black team won 15-9,15-8. "We didn't get our serves over," said Jordan. "We missed 10 in two games. You can't win if you don't get serves over."

Lady Wolves take title

The Colorado High School Lady Wolves will be hosting their own Lone Wolf volleyball tournament Saturday and are looking for their second consecutive tournament title after winning a Clyde tournament last Saturday.

The Lady Wolves stormed to three wins at Clyde and lost only one of seven games.

"They were some very, very impressive games," said Lady Wolves coach Kathy Marshall.

Colorado City began with a 15-3,15-4 drubbing of Clyde's junior varsity then reached the finals by beating Miles 15-6,2-15,15-6.

It marked the Lady Wolves' third match against Miles this year. "I don't know if they were still celebrating the first game or what," said coach Marshall about the team's second-game loss to the Bulldogs, "but it was rock bottom. What happened I still don't know."

CHS got new competition in the finals where they beat Albany 15-5,16-14. "They had us down 14-10 in the second game," said Marshall. "Laura Alvarez came on and she was really serving."

Marshall said the Lady Wolves could be one of the favorites in their own tournament Saturday "if they play like they played Saturday."

"We need another full team effort from the bench to the floor," said Marshall. "The bench can't go to sleep."

The Lady Wolves begin the tournament with an 11:00 a.m. match against the same Albany team they beat in the Clyde tournament finals. Other teams entered are Bronte, Plains, Clyde and Water Valley in the top of the bracket and Miles and Knox City with the Lady Wolves and Albany in the bottom half.

"The top half is a tough one," said Marshall. "We've seen everybody but Plains and Knox City. Plains is rated."

The Lady Wolves lost at Miles early in the season but have since taken two straight from the Bulldogs. Water Valley beat the Lady Wolves 15-7,15-5 in their second match of the season. Colorado City lost to Bronte 15-8,15-8 last week and were to have played the Longhorns again this past Tuesday.

LONE WOLF TOURNAMENT - SEPTEMBER 24, 1988

Bulldogs

From page 8

28. Anthony Williams made an interception for Loraine on Grady's next play and returned it 15 yards for a 54-28 lead.

Grady recovered a Loraine fumble in the endzone to end the scoring at 1:39 of the final period.

Sanchez ended with 247 yards on 18 carries. Finley ran 10 times for 62 yards. Sanchez completed 3 of 4 passes for 87 yards and Cooper caught three for 87 yards.

Leading tacklers were Sanchez with 16 and Josell Williams and Cooper with 15. Loraine passed for 100 yards and ran for 326. Grady got 213 on the ground and 141 through the air on 11 of 27 passing. Grady led in penetrations 10-8 and in first downs 15-13.

"They had a good ballclub," said Meredith. "They were a good passing team. We couldn't get to the quarterback because he scrambled on us. We were letting the receivers behind us and playing the interception and not the receivers."

The Bulldogs will be at home this week against Smyer after three consecutive road trips. "It's going to be a nice change," said Meredith. Smyer is 2-1 after losing 48-28 to Loop Friday. "They play the spread and average over 25 throws a game," said Meredith.

The Loraine Bulldogs are the top rated team in the area and are at number eleven in the state poll. "If we can get a good ballgame this week maybe we can change that," said Meredith. "Hopefully we'll have a good crowd. Spirits are really high this year."

ORDINANCE NO. 5-1-47-37
An Ordinance of the City of Loraine, Texas establishing requirements and penalties for noncompliance relating to building permits within the corporate city limits thereof
WHEREAS, there presently exists a need for amending ordinance number 5-1-47-37 of the City of Loraine, Mitchell County, Texas relating to the regulation of building codes, repairs to buildings, and obtaining permits from the City Secretary's office relating thereto; and
WHEREAS, the present article does not have a penalty provision therein so far as presently ascertainable, and the City Council being desirous of amending the same on September 7, 1988; and, whereas upon proper motion, discussion, and vote thereafter it was established that hereafter, from and after September 7, 1988 any and all persons, parties, real and artificial, prior to commencing to work upon any building, or repair on any building, that the party so constructing, or agreeing to construct the repairs, or new buildings, and at all events the owner, now that is to say, that the owner, or any person causing such repairs or building to be erected will now apply to the City Secretary for a building permit setting forth and establishing the proposed buildings, or repairs first so as to be in compliance with the overall development of the city business and residence plans and development so as to not injure existing property rights and value located within the city limits of Loraine, Mitchell County, Texas:
NOW THEREFORE;
Be it ordained by the City Council of the City of Loraine, Texas, that the City of Loraine, acting by and through its City Secretary, or Mayor, is directed to issue upon application reflecting compliance with the zoning ordinances, and overall building codes and developments for a permit to be issued to construct such repairs or buildings and that such be necessary before commencement of any work thereon; further it is provided that any violation hereof, that is to say, of the commencement of building, or noncompliance of the permit as issued, or building without a permit, is a violation and shall be punishable by a fine of not less than $50.00 not more than $200.00 for each daily violation; each day shall be a separate violation, and is punishable by a fine of not less than $50.00 not more than $200.00 through the proper court.
Passed and approved this 7th day of September, A. D., 1988.

Loraine public hearings scheduled

The City of Loraine is currently making plans to apply to Texas Department of Commerce for Texas Community Development Program funds. Two public hearings to solicit the input of the community in the preparation of the 1988 Community Development Program will be conducted.

The public hearing will be held at city hall, 201 Main Street, at 5:30 p.m. on Sept. 27 to discuss housing and community development needs, use of past TCDP awards, amount of funds available and eligible activities. The city encourages individual citizens and citizen's groups to make their views known at these public hearings and welcomes the full participation of its citizens in the development of this TCDP application. General information on the TCDP program will be available. Citizen comments may be delivered in advance to city hall at any time. Groups representative of persons of low and moderate income may request technical assistance in developing TCDP proposals by contacting Christine Britton, city secretary, 737-2222.

The second public hearing will be held at city hall at 6:30 p.m. Oct. 13 to allow to allow citizens an opportunity to comment on proposed project, amount of funds requested and estimated amount proposed for activities that will benefit low/moderate income persons.

More detailed information on proposed activities, amount of funds and proposed location of activities will be available for inspection at city hall after the second hearing. Handicapped individuals who may have difficulty in attending these meeting should contact city hall to arrange for assistance.

Loraine Personals

...by Lois Phillips

Mr. and Mrs. T. J. Green went to Dallas on Sunday of this week to be there Monday for Junior to have a check-up on his eye surgery that was done last week. They returned home Monday afternoon. Sure hope he got a good report.

* * *

Phillip and Yvonne Sanders and their little son, Justin spent the weekend in Loraine visiting their parents and grandparents, Glenn and Shirlene Sanders.

While I am here with you, I'll invite you to a bridal shower for Phillip and Yvonne on October 8 from 2-4 p.m. in the home of Royce and Neysa Beights.

* * *

I understand that Mrs. Fannie Crownover is in the hospital this week. Sure hope she feels like going home soon.

* * *

Also, I hear that Punk Hale had another stroke. Clovis Hale, Punk's son, was here over the weekend to see about her. Good luck Punk, hope you soon feel better.

* * *

Lloyd and Tracy Biles visited in the home of her parents, Royce and Neysa Beights while on vacation.

* * *

Bill and Lela Bowles of Rule are visiting her parents this week, Mr. and Mrs. Ted Lefevre.

* * *

We lost two of my favorite gentlemen this week. They are Mr. R. N. Gray and Clifton Henderson. They both were residents of the Loraine Nursing Center. Mr. Gray was a very sweet little fellow, always real friendly.

Clifton has been a friend of my family for years and was always so nice to everyone. It's a shame all of us, meaning me, couldn't be as nice as these two fellows.

* * *

We went up on the hill last Thursday evening to watch the Loraine Junior High School Bulldogs give Grady Junior High School a good whipping. Grady was a head of us at halftime, but evidently our coach said a few things to our kids that got them busy. We won 25-7. Keep going kids, we like it that way.

* * *

Donnie, Sandy and Chris and Ken and Irene and their boys were in Midland over the weekend where Chris and Zane showed a fancy breed of calves in a special kind of show. They told what bred cattle and the kind of show, but I am sure they knew I wouldn't remember it and sure enough I don't remember. Anyway they did real well in placing.

* * *

The Atwood Sheffields had very special company over the weekend. Their little grandson came to visit them. He brought his parents with him. He says their names are Bob and Mildred and that his mother is Atwood and Billie's daughter, said he had a good time on the farm since he is a city kid.

* * *

Doug McGee of Midland came to visit his grandmother, Ruby Lee Small last Sunday afternoon.

It seems Ruby was taking her beauty nap and Doug could not get her awake, so he went to a telephone and called his mother in Snyder to find out how he could get in that house. Must have been some nap.

I was in Colorado City last Friday. My first stop was at the Golden Comb to try to see if they could make me look a little better. Well they tried hard and maybe it worked a little bit.

They told me years ago that they did the best they could with what they had to work with. I always enjoy going even though they don't have much to start with I feel better when I leave.

Went on to the D.Q. and while waiting on my order I looked about to see if I could visit someone while I ate. Saw Opal Jo and Dual so I sat with them. They had been to see a doctor, seems Dual has an ear infection of some sort. I enjoyed your visit.

As I was leaving out the door I saw commissioner Bill Preston and wife Ann sitting near the door. Wish I had been a little later then old Bill could have paid for my lunch. You know politicians do think like that. Maybe I'll be lucky the next time.

My sister and I were in Abilene last week for a doctor's visit when we finished up there we went by my daughter's house. Old Rascal was really glad to see us. He was in bad trouble. You see he really likes to play in the water and is allowed to when they water the yard.

Well that day they were not watering so Rascal chewed holes in the water hose looking for water to play in. His mistress came home and turned on the water and it went everywhere except the right way. Well she told Rascal that when his master came to lunch he would be in bad trouble.

He really wanted to get out of that yard. He seemed to know he was in trouble, but I'm sure they didn't kill him or grandmother would have heard about it.

Relatives visiting in Loraine for the funeral of Mrs. E. B. Stewart were: Junior Stewart of Post, Laura Stewart, Colorado City, Raymond and Lucile Stewart, Cumby, Jess and Kathleen Stewart, Ladonia, Mr. and Mrs. Bill Partin, Azle, Laverne Drake, Lubbock, Clyde Brown, Plano, Elzie Brown, Ralls, James Moore, Fort Worth, Mrs. W. R. Hall, Colorado City, Mary Wade Shelbourne, Coahoma, Mr. and Mrs. Don Narrell, Monahans, Maylon Beaty, Abilene, Katherine Higgins, Snyder, Faye Higgins, Snyder and Carolyn Withers, Ira.
